

SPRINT NEXTEL CORP
Form 425
May 08, 2013

Filed by SoftBank Corp. Pursuant to Rule 425

Under the Securities Act of 1933

And Deemed Filed Pursuant to Rule 14a-12

Under the Securities Exchange Act of 1934

Subject Company: Sprint Nextel Corporation

Commission File No.: 001-04721

Synergy Overview
SoftBank Corp.
May 2013

Cautionary Statement Regarding Forward Looking Statements

This document includes forward-looking statements within the meaning of the securities laws. The words may, could, should, estimate, project, forecast, intend, expect, anticipate, believe, target, plan, providing guidance and similar expressions are intended to identify information that is not historical in nature. This document contains forward-looking statements relating to

the
proposed
transactions
between
Sprint
Nextel
Corporation

(Sprint) and SoftBank Corp. (SoftBank) and its group companies, including Starburst II, Inc. (Starburst II), and the proposed acquisition by Sprint of Clearwire Corporation (Clearwire). All statements, other than historical facts, including, but not limited to: statements regarding the expected timing of the closing of the transactions; the ability of the parties to complete the

transactions
considering
the

various
closing
conditions;
the

expected
benefits

of
the
transactions
such

as
improved

operations, enhanced revenues and cash flow, growth potential, market profile and financial strength; the competitive ability and position of SoftBank or Sprint; and any assumptions underlying any of the foregoing, are forward-looking statements. Such statements are based upon current plans, estimates and expectations that are subject to risks, uncertainties and assumptions.

The inclusion of such statements should not be regarded as a representation that such plans, estimates or expectations will be achieved. You should not place undue reliance on such statements. Important factors that could cause actual results to differ materially from such plans, estimates or expectations include, among others, that (1) there may be a material adverse change of SoftBank; (2) the proposed financing may involve unexpected costs, liabilities or delays or may not be completed on terms acceptable to SoftBank, if at all; and (3) other factors as detailed from time to time in Sprint's, Starburst II's and Clearwire's filings with the Securities and Exchange Commission (SEC), including Sprint's and Clearwire's Annual Reports on Form

for
the
year
ended
December

31,
2012,
and
other
factors

that
are
set
forth
in

the
proxy
statement/prospectus
contained
in

Starburst II's Registration Statement on Form S-4, which was declared effective by the SEC on May 1, 2013, and in other materials that will be filed by Sprint, Starburst II and Clearwire in connection with the transactions, which will be available on SEC's web site (www.sec.gov). There can be no assurance that the transactions will be completed, or if completed, that such transactions will close within the anticipated time period or that the expected benefits of such transactions will be realized.

All forward-looking statements contained in this document and the documents referenced herein are made only as of the date of

the
document
in

which
they
are
contained,

and
none
of
Sprint,
SoftBank
or
Starburst

II
undertakes
any
obligation
to
update

any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events except as required by law. Readers are cautioned not to place undue reliance on any of these forward-looking statements.

1

SoftBank / Sprint Synergy Framework

SoftBank projects more than \$2bn of average annual Sprint operating expense synergies from 2014

2017

with an annual run-rate of over \$3bn by 2017

SoftBank also projects Sprint capital expenditure synergies of 32% to 36% of Sprint's planned network investment through 2017

SoftBank's synergy views are informed by 9 months of pre-announcement diligence and continuing post-closing planning discussions with Sprint management

Synergy projections are driven by pro forma network and subscriber scale benefits as well as implementation of SoftBank operational / technology expertise

SoftBank's synergies plus its \$8bn primary investment will accelerate Sprint's ongoing turnaround and position it to become the U.S. wireless industry's technology and operational leader
