The material differences between the Fifth Amended and Restated Credit Agreement (the previous credit agreement) and the New Credit Agreement include:

An increase in the commitments from \$1.15 billion to \$1.2 billion with a \$300 million uncommitted incremental facility.

No limitation on the maximum amount that the loan parties may invest in joint ventures existing on the date of the credit agreement so long as the Borrower is in pro forma compliance with the financial covenants.

The addition of a Restricted Subsidiary structure such that certain designated subsidiaries are not subject to the credit facility covenants and do not guarantee the obligations thereunder or pledge their assets in support thereof.

The addition of provisions such that upon the achievement of an investment grade rating by the Borrower, the collateral package will be released; the facility will become unsecured; and the covenant package will be significantly reduced.
