Proposal 2: Acquisition of Thirteenth Series Class XIII Preferred Stock

In order to improve capital efficiency, the Company proposes to acquire, on July 11, 2013, all of the shares of the Thirteenth Series Class XIII Preferred Stock issued by the Company (36,690,000 shares), in accordance with the provisions of Article 19 of the Company's Articles of Incorporation and Article 14 of the Terms and Conditions of the Thirteenth Series Class XIII Preferred Stock.

The acquisition price shall be JPY 1,008.384 per share, in accordance with the provisions of Article 19 of the Company's Articles of Incorporation and Article 14 of the Terms and Conditions of such preferred stock, and the total acquisition price will be JPY 36,997,608,960.

The description in Article 14 of the Terms and Conditions of the Thirteenth Series Class XIII Preferred Stock is as follows:

(14) Provisions for Acquisition

On or after April 1, 2013, the Company may acquire, at the acquisition price as set forth below, all or a part of the Thirteenth Series Class XIII Preferred Stock on the date separately determined by a resolution of a general meeting of shareholders. Partial acquisition shall be made by way of lot or pro rata allocation. The acquisition price shall be JPY 1,000 per share plus an amount equivalent to any accrued dividends per share (which means the dividend amount of the Thirteenth Series Class XIII Preferred Stock calculated on a per diem basis by being divided by the total number of days from and including the initial date of the business year to which the acquisition date belongs up to and including the acquisition date, and such calculation shall be made to units of JPY 0.0001, by rounding up to the nearest JPY 0.001 JPY 0.0005 or more and disregarding amounts less than 0.0005 yen); provided, however, that in the case where the Thirteenth Series Class XIII Preferred Stock Interim Dividends have been paid in the relevant business year, the amount so paid shall be reduced accordingly.

Proposal 3: Partial amendment to the Articles of Incorporation

The revisions to the Standards for Bank Holding Company to Consider the Adequacy of Its Capital Based on Assets and Others Held by It and Its Subsidiaries Pursuant to Article 52-25 of the Banking Law, as new capital adequacy requirements (Basel III), came into effect as from March 31, 2013. Under Basel III, in order for preferred stock issued by a bank holding company to be included as its regulatory capital under the capital adequacy requirements, the terms and conditions of the preferred stock are required to include a provision that in the case where the bank holding company is recognized as non-viable, (i) a write-off of the relevant preferred stock or (ii) a conversion of the relevant preferred stock into common stock shall be effected (a loss-absorption clause). In respect of Class XI preferred stock, Class XII preferred stock and Class XIII preferred stock currently provided for in the Articles of Incorporation of the Company, it is not possible to include the foregoing loss-absorption clause in the terms and conditions of those preferred stock under the current provisions of the Articles of Incorporation. Therefore, Class XIV preferred stock, Class XV preferred stock and Class XVI preferred stock will be newly provided so that the foregoing loss-absorption clause can be included in the terms and conditions of Class XIV preferred stock, Class XV preferred stock and Class XVI preferred stock by a resolution of the board of directors relating to the issuance of the relevant preferred stock. Besides the foregoing loss-absorption clause, provisions regarding the preferred stock dividends, distribution of residual assets, acquisition clause and rights to request acquisition in respect of Class XIV preferred stock, Class XV preferred stock and Class XVI preferred stock will be newly established. In addition, each of Class XIV preferred stock, Class XV preferred stock and Class XVI preferred stock will be established in multiple series as a separate class of shares in order to enable the Company to issue those preferred stock in multiple series.

Furthermore, in respect of the preferred stock currently provided for in the Articles of Incorporation, the total number of each of the classes of shares which the Company is authorized to issue in respect of Class XI preferred stock and Class XIII preferred stock will be reduced by the unissued portion and the provisions regarding unissued Class XII preferred stock will be deleted as well. At the same time, the total number of each of the classes of shares which the Company will be authorized to issue in respect of the preferred stock to be newly established, Class XIV preferred stock, Class XV preferred stock and Class XVI preferred stock, will be established to the extent of reduction of Class XI preferred stock, Class XII preferred stock and Class XIII preferred stock by setting a maximum number on the total number of the classes of shares which the Company will be authorized to issue each series of the preferred stock. Additionally, in accordance with a reduction to be caused in the total number of each of the classes of shares which the Company will be authorized to issue, the total number of shares which the Company is authorized to issue will decrease.

Moreover, the provision of in the case where a cancellation of shares is made, the number of shares which the Company is authorized to issue shall be reduced by the number of shares so canceled provided for in the proviso to Article 6 of the current Articles of Incorporation will be deleted and necessary amendments will be made as well.

These amendments to the Articles of Incorporation shall require a resolution by each of the general meetings of class shareholders pursuant to the provision of Article 322 of the Company Law.

Table of Contents**Current Articles of Incorporation****Article 20.** *(Request for Acquisition of Preferred Stock)*

Any holder of Classes XI and XII preferred stock may request to the Company to acquire the relevant preferred stock held by such Shareholder of Preferred Stock during the period in which such Shareholder of Preferred Stock is entitled to request such acquisition as determined by a resolution of the Board of Directors relating to the issuance of the relevant preferred stock (hereinafter referred to as the

Period for Acquisition Request). The Company shall deliver its own common stock to such Shareholder of Preferred Stock, in exchange for the Company's acquisition of the relevant preferred stock. The terms of acquisition, including the number of the common stock to be delivered per one (1) share of the relevant preferred stock upon such request for acquisition, shall be determined by a resolution of the relevant Board of Directors.

Article 21. *(Mandatory Acquisition of Preferred Stock)*

1. The Company may acquire any of Classes XI and XII preferred stock, in respect of which a request for acquisition has not been made during the Period for Acquisition Request, on the day immediately following the last day of such period (hereinafter referred to as the Mandatory Acquisition Date) and instead, the Company shall deliver its own common stock to holders of the relevant preferred stock. In this case, the number of shares of the common stock to be delivered in exchange for the acquisition of one (1) share of the relevant preferred stock shall be obtained by dividing the amount equivalent to the subscription money per one (1) share of the relevant preferred stock by the current market price of a share of the common stock of the Company (with respect to the Eleventh Series of Class XI Preferred Stock, 1,000 yen; the same shall apply hereinafter); provided, however, that such current market price of a share of the common stock shall be the daily average price of closing prices (including the closing bid or offered price) of the common stock of the Company (in regular trading) as reported by the Tokyo Stock Exchange for the 30 consecutive trading days (excluding any trading day or days on which no closing prices or closing bids or offered prices are reported) commencing on the 45th trading day prior to the Mandatory Acquisition Date, and such calculation shall be made to units of 0.01 yen, and by rounding up to the nearest 0.1 yen when equal to or more than 0.05 yen and disregarding amounts less than 0.05 yen.

Proposed Amendments**Article 20.** *(Request for Acquisition of Preferred Stock)*

Any holder of Classes XI, the First to Fourth Series of Class XIV and the First to Fourth Series of Class XV preferred stock may request to the Company to acquire the relevant preferred stock held by such Shareholder of Preferred Stock during the period in which such Shareholder of Preferred Stock is entitled to request such acquisition as determined by a resolution of the Board of Directors relating to the issuance of the relevant preferred stock (hereinafter referred to as the

Period for Acquisition Request). The Company shall deliver its own common stock to such Shareholder of Preferred Stock, in exchange for the Company's acquisition of the relevant preferred stock. The terms of acquisition, including the number of the common stock to be delivered per one (1) share of the relevant preferred stock upon such request for acquisition, shall be determined by a resolution of the relevant Board of Directors.

Article 21. *(Mandatory Acquisition of Preferred Stock)*

1. The Company may acquire any of Classes XI, the First to Fourth Series of Class XIV and the First to Fourth Series of Class XV preferred stock, in respect of which a request for acquisition has not been made during the Period for Acquisition Request, on the day immediately following the last day of such period (hereinafter referred to as the Mandatory Acquisition Date) and instead, the Company shall deliver its own common stock to holders of the relevant preferred stock. In this case, the number of shares of the common stock to be delivered in exchange for the acquisition of one (1) share of the relevant preferred stock shall be obtained by dividing the amount equivalent to the subscription money per one (1) share of the relevant preferred stock by the current market price of a share of the common stock of the Company (with respect to the Eleventh Series of Class XI Preferred Stock, 1,000 yen; the same shall apply hereinafter); provided, however, that such current market price of a share of the common stock shall be the daily average price of closing prices (including the closing bid or offered price) of the common stock of the Company (in regular trading) as reported by the Tokyo Stock Exchange for the 30 consecutive trading days (excluding any trading day or days on which no closing prices or closing bids or offered prices are reported) commencing on the 45th trading day prior to the Mandatory Acquisition Date, and such calculation shall be made to units of 0.01 yen, and by rounding up to the nearest 0.1 yen when equal to or more than 0.05 yen and disregarding amounts less than 0.05 yen.

A relative within the third degree of him is working as an employee of Mizuho Bank, Ltd. Eight (8) years will have passed since his assumption of office as an Outside Director of the Company at the closing of this ordinary general meeting of shareholders.

In July 2008, during which time he took office as a Statutory Auditor of Fukoku Mutual Life Insurance Company, said company received a business improvement order from the Financial Services Agency pursuant to the Insurance Business Act due to its failure to pay out certain insurance money and insurance benefits. Although he had not been aware of the fact at the time when the issue was detected, by communicating through the Board of Directors and the Board of Statutory Auditors, he had been giving appropriate instructions from the perspective of customer convenience and had reminded the boards of their duty in this respect on a regular basis. Since the issue was detected, he has assessed whether measures for prevention of any recurrence of such issues, etc., are sufficiently in place and has endeavored to provide advice on the operations and management systems and to enhance the function of internal auditing systems, thereby carrying out his duties as a Statutory Auditor.

Proposal 6: Partial amendment to the Articles of Incorporation

1. Details of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The maximum aggregate amount paid by the Company under all categories of compensation to each of its officers and employees shall be approximately JPY 30 million. All the past resolutions of general meetings of shareholders impeding the enforcement of this provision shall be frozen and suspended until the condition set forth below is satisfied. The condition is that the equity capital per share of the Company reaches the equity capital per share of either of Mitsubishi UFJ or Sumitomo Mitsui; provided; however, that even if the condition above is not satisfied, should there be an officer or an employee whose performance has significantly increased the corporate value of the Company, in order to reward his/her performance, an extra compensation for him/her may be added to the compensation amount limited to JPY 30 million as set forth above, by a resolution of the general meeting of shareholders to be held with respect to the following fiscal year.

2. Reasons for Proposal

According to disclosures regarding the large amount of compensation paid by three (3) mega banks, which were disclosed on July 30, 2012 pursuant to new laws, the total number of officers and employees subject to compensation disclosures and the total amount of their aggregate compensation disclosed by Mitsubishi UFJ are 149 persons and JPY 12.5 billion, respectively, those disclosed by Sumitomo Mitsui are 49 persons and JPY 3.9 billion, respectively, and those disclosed by the Company are 153 persons and JPY 12.2 billion, respectively (the average amount per person is approximately JPY 80 million). However, two (2) famous corporate information magazines provide information that both the equity capital per share and the net asset per share of the Company are no more than 30% of those of Mitsubishi UFJ and are approximately 50% of those of Sumitomo Mitsui. The stock prices were inevitably influenced by this information and have changed accordingly. Nevertheless, compared to the other two (2) Mega FGs, the personnel cost amount paid by the Company for its officers and employees who received a large amount of compensation is comparable to or a little over three (3) times the amounts paid by the other two (2) Mega FGs. These facts, when taken into consideration with the fact that the dividend amount is less than the dividend amounts paid by the other two (2) Mega FGs, will inevitably be considered to have a detrimental effect on the corporate value and the interests of shareholders. Upon adopting this proposal, an increase in dividends and stock price, a universal aspiration sought by shareholders, is expected to be brought about by pursuit of a genuine strengthening of a stable capital base, among other things.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

In determining the compensation for our directors and corporate auditors, our basic policy is to set an appropriate level based on company performance over the medium to long term, compensation levels of directors and corporate auditors in other companies, including those in the same industry, economic and social conditions, as well as the roles and responsibilities of directors and corporate auditors in contributing to the realization of the objectives of MHFG.

Table of Contents

In accordance with the policy mentioned above, the Company determines the amount of compensation for Directors at the meetings of the Board of Directors based on factors such as the duties executed by, and the degree of contribution of each Director, the resolutions of general meetings of shareholders, while maintaining transparency and objectivity in matters of compensation for Directors by, among other things, taking into consideration opinions on the basic compensation system, etc., from the Compensation Committee whose members include Outside Directors. In addition, the amount of compensation for Corporate Auditors has been determined through consultations among the Corporate Auditors based on the activities, etc., of a Corporate Auditor.

Employees are also paid, taking into consideration the levels of the amount of compensation in each region, etc., based on a policy of maintaining an appropriate level of salary, etc., according to the job, expertise, ability and result of each employee.

As described above, the determination procedures of compensation of Directors and Corporate Auditors and employees have been carried out appropriately, and there is no possibility that the interests of shareholders will be damaged.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 7: Partial amendment to the Articles of Incorporation (Proposal to provide financing to railway business operators to set up security video cameras inside trains)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The Company shall instruct the group companies to make proposals to railway business operators to set up security video cameras inside trains with funds obtained from the group.

2. Reasons for Proposal

The group has an influential presence with regard to railway companies, since the group is the designated financial institution for the Tokyo Metropolitan Government (Bureau of Transportation) that operates the Toei Subway, and since the representative of Seibu HD is formerly from the group. If the group makes a financing proposal to set up security video cameras inside trains, not only will the group increase the amount of loans made, but it will also support investment in the social infrastructure through the railway business operators by meeting the public's need for a sense of security, ultimately contributing to the public interest.

The JR Saikyo Line and the Keio Line, among others, have installed security video cameras inside trains, and are experiencing successful results, such as a decrease in the number of incidents of sexual offenses (*chikan*) committed on trains. In an incident that occurred in Saitama prefecture, video footage from a security camera installed inside a train was introduced, for the first time, as evidence, which revealed that the alleged act had not taken place, and saved an innocent man from being falsely accused of being a sexual offender (*chikan*). (October 13, 2010 Kyodo News)

The Conference of Public and Private Sector Agencies on Prevention of Sexual Offense Committed by *Chikan*, as well as the Society for the Prevention of Sexual Offense Committed by *Chikan* in Trains, recommended the installation of security video cameras to counter the sexual offenses (*chikan*) in trains. In Germany, there was a thirty (30) percent decrease in the rate of crimes committed on trains.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal.**

Our group is striving to offer our customers assorted proposals responding to a wide range of customer management issues, including business and financial strategies, as well as customer needs by unifying banking, trust banking and securities functions. In respect of each proposal, we make decisions as to the specific contents, timing and other details in accordance with the policy and circumstances and other conditions of each customer and we do not use a stereotypical process.

Table of Contents

Furthermore, when banks, etc., within the group provide financing, they are consistently aware of their high level of responsibility to the public and their mission to society as a comprehensive financial services group and they make decisions on funding from a comprehensive perspective by conducting thorough examinations for each transaction in respect of the use of funds, method of repayment, amount of financing, securing of repayment (obtaining collateral/security interests) and other conditions, rather than making decisions based on across-the-board uniform standards.

We will continuously make every effort to ensure that the banks, etc., within the group appropriately engage in the lending business while being consistently aware of their responsibility to the public and their mission to society.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 8 Partial amendment to the Articles of Incorporation (Exercise of voting rights of shares held for strategic reasons)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The Company shall instruct its subsidiaries that the Company administers, such as bank subsidiaries and securities companies subsidiaries, in exercising voting rights of shares held for strategic reasons, to exercise their voting rights appropriately by means such as seeking opinions from independent proxy advisers.

2. Reasons for Proposal

The group holds equity portfolio with JPY 2.4 trillion or more on a consolidated basis and recognized Net Losses related to Stocks in the amount of JPY 400 billion or more in fiscal year 2008, thereby contributing to demands for large amounts of capital increases, which were conducted twice. Although the most basic point is to reduce the amount of its holding shares, with respect to continuous shareholding, risk management and value enhancement measures to avoid impairment of stock value are necessary. Nevertheless, actions lacking economic rationality, such as consistently opposing the shareholders' proposals for dividend increases in Sanyo Engineering & Construction (a listed company on the second section of the Tokyo Stock Exchange, where a former employee of Mizuho Bank assumes a director office; management is handed down by hereditary succession), have been continuously taken in the course of exercising voting rights of shares held for strategic reasons. In the case where the group has dispatched an officer or employee to a company to serve as an officer of such company, as a result of personal considerations, voting rights are quite likely to be prevented from being exercised objectively and rationally. In such case, an implied conflict of interest arises between the officer or employee of our group and shareholders of such company. Therefore, enhancement of the equity portfolio value should be pursued through the rational exercise of voting rights of shares held for strategic reasons by means such as consulting proxy advisers for advice. At the general meeting of shareholders of the Company last year, this proposal received recommended approval of ISS, and was agreed to by the shareholders holding 27% of the voting shares.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

The decisions on the exercise of voting rights of shares held by the Company and its subsidiaries, etc., are made through a comprehensive determination based on a thorough and diverse examination from the viewpoint of whether the corporation that issues such shares has established an appropriate governance structure while complying with corporate ethics, and whether such corporation has made appropriate decisions leading to an increase in the long-term shareholder value, in addition to an examination of the short-term dividend pay-out ratio.

The Company and its subsidiaries will make continued efforts to ensure that voting rights are exercised appropriately.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 9: Partial amendment to the Articles of Incorporation (Concerning disclosure of policy and results of officer training)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The policy regarding officer training provided by the Company and its consolidated subsidiaries shall be disclosed on the Company's website.

2. Reasons for Proposal

The brief personal records of candidates for Directors and Corporate Auditors described in the convocation notice of a general meeting of shareholders, and the information contained in the report required by the Tokyo Stock Exchange, Inc. to be disclosed are not sufficient to determine whether or not each candidate is an appropriate person to become Director or Corporate Auditor in selecting the Directors and Corporate Auditors. Monitoring and supervising the Company as a whole is different from executing business in each department, and for the performance of officers' duties, including the prevention of scandals, it is necessary to be well-acquainted with the officers' obligations and the general business including areas of inexperience. The level of such knowledge and the attitude held by, not only candidates for outside officer, but also candidates inside the Company that constitute the majority of the candidates, is not clear. Therefore, the disclosure of the officer training policy on the Company's website (at least as to whether officer training by a disinterested party is to be conducted or not) can reassure shareholders in their selection and will reassure customers as well. The Company's responsibility is limited only to the duty of disclosure, thereby putting fewer burdens on the Company.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

The Board of Directors also recognizes that Directors and Corporate Auditors of the Company are required to have broad knowledge and attitudes as officers in order to perform their duties, and believes that such broad knowledge and attitudes as officers should be gained through experiencing various kinds of duties, etc.

When selecting candidates for Directors and Corporate Auditors, the Board of Directors determines as the candidates, persons whom it concludes to be appropriate as Directors and Corporate Auditors of the Company, based upon due consideration of the knowledge and experience, etc., required for officers, including knowledge of general business, as well as wide-ranging insight and a high degree of expertise gained through duties experienced inside and outside the Company.

After this, the information necessary for shareholders in their selection is appropriately provided in reference materials for ordinary general meetings of shareholders in accordance with laws and regulations.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Table of Contents

Proposal 10: Partial amendment to the Articles of Incorporation (Resolution of general meeting of shareholders for retained earnings)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The Company shall distribute the entire amount of its net income in dividends. However, the Company may retain its earnings by a resolution of the general meeting of shareholders.

2. Reasons for Proposal

First, shares of stock represent a proportional ownership in a company. Therefore, theoretically, the distribution of the entire amount of net income to shareholders as dividends conforms with capitalist principles. However, if the profit of reinvestment is as high as, or is higher than, the anticipated profit rate of the shareholders, it may be rational for the Company to retain its earnings and increase its value, and realize a future increase in dividends.

Nevertheless, the Company has not implemented an increase in distributed dividends even though the Company retained more than half of its income for the past three (3) years. Although the current Japanese government bond yield (around 1-2 %) is clearly lower than the cost of shareholders' equity (approximately 5-8 %), the Company is compelled to purchase a large quantity of Japanese government bonds, as the loan-deposit ratio continues to be at a low level. By returning to capitalist principles, the Company should distribute, in dividends to the shareholders, the entire amount of its net income, and correct methods of capital management that disregard the shareholders' interests. If the Company determines it necessary to retain its earnings, it should submit a proposal to the general meeting of shareholders, explain the reasons for the retention and obtain shareholders' approval, all of which is part of the duties and responsibilities expected of the directors entrusted by the shareholders to manage the Company.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

Our group is, in accordance with the purpose of the capital adequacy requirements to secure soundness in the management of banks, implementing capital management based on our basic policy to pursue an appropriate balance between strengthening of stable capital base and steady returns to shareholders.

In addition, we consider it important that, taking into comprehensive consideration not only our income for each fiscal year but also our business environment and other factors, we make steady returns to our shareholders while pursuing sustainable growth by, among other things, applying our capital to our growth areas.

Based on the foregoing, the Company determines its policy to (make a proposal to) dispose of its surplus and submits it as a proposal to a general meeting of shareholders, providing information necessary for shareholders to make a judgment in the reference materials for ordinary general meetings of shareholders, in accordance with laws and regulations.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 11 Partial amendment to the Articles of Incorporation (Request to disclose an action seeking revocation of a resolution by a general meeting of shareholders, or any other actions similar thereto, which may be brought against companies in which the group invested or provided financing for)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

If an action seeking revocation of a resolution by a general meeting of shareholders, an action confirming the absence of a resolution of a general meeting of shareholders or an action seeking the invalidation of a resolution of a general meeting of shareholders is brought against a listed company whose shareholder is a bank subsidiary or securities company subsidiary, etc., that the Company administers, or is brought against a listed company to which the bank subsidiary or securities company subsidiary, etc., that the Company administers provides financing, the Company shall induce that company to disclose the fact that an action has been filed against the company.

2. Reasons for Proposal

If the method in which the general meeting of shareholders reaches a resolution is grossly improper, the shareholders may bring an action seeking the revocation of the resolution of the shareholders' meeting (Article 831 of the Company Law) or an action confirming the absence or invalidation of the resolution of the shareholders' meeting (Article 830 of the Company Law). Currently, there are pending actions, such as the action brought against HOYA (for the neglect by HOYA of acts committed against public policy and the standards of decency applicable to family businesses, and not listing the proposals from shareholders that opposed, modified, etc., in its convocation notice of the shareholders meeting (Tokyo District Court, 2012 (*wa*) No. 26403); also, the appellant's right to a provisional remedy has been acknowledged in the appeal for a preservative disposition (Tokyo District Court, 2012 (*yo*) No. 20045)), the action brought against Olympus (the company's failure to provide adequate information concerning the price paid to Gyrus for its goodwill; Tokyo District Court, 2012 (*wa*) No. 20534) and the action brought against Saison Information (Tokyo District Court, 2012 (*wa*) No. 33014). No disclosure has been made as to the HOYA incident and the Olympus incident that have been suspected to be the more malicious cases. This may be due to the tendency of the judges of the Civil Division Number 8 of the Tokyo District Court, known for taking lucrative jobs at major law firms after retiring from public office, to give pro-corporation judgments (for example, the decision concerning the acquisition price of shares of Rex). However, the nondisclosure of the fact that actions have been filed goes against demands by the international capital markets for disclosure of important matters. Therefore, this proposal is being made.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal.**

Our group endeavors to accurately comprehend the actual state of affairs of the companies in which we invested or provided financing for.

Table of Contents

However, we consider, based on the premise that those companies comply with applicable domestic and international laws and regulations as well as stock exchange rules, that the decision as to whether to disclose the fact that an action has been filed against those companies should be made responsibly by each of the companies after their sufficient consideration of the details of such fact.

Therefore, we believe that it is not appropriate for our group to uniformly induce the companies in which we invested or provided financing for to disclose the fact that an action has been filed against the company as noted in the proposal above.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 12: Partial amendment to the Articles of Incorporation (Disclosure of compensation paid to each officer)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The amount of compensation and/or bonus to be paid to Directors and Corporate Auditors during each fiscal year shall be described and disclosed on an individual basis for such Directors and Corporate Auditors, irrespective of whether or not the respective amounts exceed JPY one hundred (100) million in reference materials attached to the convocation notice of the general meeting of shareholders held with respect to such fiscal year.

2. Reasons for Proposal

It is the responsibility of officers, who are entrusted with the management of a company by its shareholders, to disclose the amount of compensation for such officers to such shareholders. Taking the initiative in the disclosure of the compensation paid to the officers to the shareholders will enable the Company to be regarded as a corporation that ensures transparent management and is eager to disclose information, will contribute to the improvement of the Company's international credibility, and will consequently result in greater fulfillment of the interests of shareholders in the form of increased corporate value. Disclosure of compensation for individual officers is a matter of course and has never presented any inconvenience in the U.S. and U.K. capital markets, which have brought high return to shareholders for the past twenty years, and this can be a basis for the introduction of the SAY ON PAY (scheme under which shareholders have the right to vote on compensation in general meetings). The shareholders making this proposal do not oppose paying high compensation in order to retain higher quality executives who will thereby increase the shareholder value. A similar proposal to this one made to Sony Corporation in 2007 was agreed by its shareholders holding 44.3% of the voting shares and another similar proposal made to the general meeting of HOYA CORPORATION the year before last year was agreed by its shareholders holding 48.5% of the voting shares, and furthermore, the same proposal made to the general meeting of shareholders of the Company the year before last year was agreed by its shareholders holding at least 32% of the voting shares. In addition, as there is a custom in Japan that compensation is paid in the name of an advisory fee, etc., to a person who was an officer, this proposal recommends to disclose such compensation as well.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

In determining the compensation for our directors and corporate auditors, our basic policy is to set an appropriate level based on company performance over the medium to long term, compensation levels of directors and corporate auditors in other companies, including those in the same industry, economic and social conditions, as well as the roles and responsibilities of directors and corporate auditors in contributing to the realization of the objectives of MHFG.

Table of Contents

In accordance with the policy mentioned above, the Company determines the amount of compensation for Directors at the meetings of the Board of Directors based on factors such as the business executed by, and the degree of contribution of each Director, to the extent of the resolutions of general meetings of shareholders, while maintaining transparency and objectivity in matters of compensation for Directors by, among other things, taking into consideration opinions on the basic compensation system, etc., from the Compensation Committee, whose members include Outside Directors. In addition, the amount of compensation for Corporate Auditors has been determined through consultations among the Corporate Auditors based on the activities, etc., of a Corporate Auditor.

Moreover, regarding disclosure, the Company has disclosed in its Business Reports, properly, in accordance with laws and regulations, the respective aggregate amounts of compensation, etc., paid to Directors and Corporate Auditors and the respective number of such Directors and Corporate Auditors.

As described above, the determination procedures and disclosure of compensation of Directors and Corporate Auditors have been carried out appropriately, and there is no possibility that the interests of shareholders will be damaged.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 13 Partial amendment to the Articles of Incorporation (Disclosure of an evaluation report at the time of an IPO)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

In the case where a securities company within the group is the lead underwriter in an IPO, and the corporate value of the company undertaking the IPO is evaluated, the Company shall disclose the evaluation report and the basis of the evaluation.

2. Reasons for Proposal

Mizuho Securities is the lead underwriter for Seibu Holdings (the representative director of Seibu Holdings is formerly from the group). According to a report in the Shukan Bunshun, there is an ongoing dispute between Seibu Holdings and its top shareholder concerning the value of Seibu Holdings' shares at the time of the listing, because Nomura Securities had prepared an evaluation report setting a low price of the Seibu Holdings' shares at zero, a low price estimate for those shares. Fraud can easily occur in the preparation of this kind of evaluation report on corporate value depending on the client's intent. For example, in Kanebo's evaluation report prepared by Mizuho Securities, Mizuho Securities had manipulated the debt to equity ratio to be minus 15% and the capital adequacy ratio to be 115%, which is logically impossible, and valued Kanebo's shares at JPY 162 per share (the court subsequently acknowledged Kanebo's shares to have a value of JPY 360 per share), which is lower than JPY 277 per share, Kanebo's lowest share price since the end of the war. Therefore, the Company should prevent such fraud by disclosing the evaluation report.

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

In the case where a securities company within the group is the lead underwriter in an IPO, it conducts proper screening, in accordance with laws, regulations and rules, and provides, in an appropriate manner, necessary information to the customers for making investment decisions by issuing a prospectus of the company conducting the IPO. When the securities company conducts due diligence for underwriting and corporate valuation, it does so through a comprehensive determination based on an objective review of the business environment, social situation and industry trends surrounding the corporation; the specificity of the corporation in regard to management, technologies, etc.; and other similar essential matters under a system that fully takes into consideration the independence within the organization by, among other things, creating a specialized section for due diligence for underwriting and corporate valuation.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Proposal 14 Partial amendment to the Articles of Incorporation (Holding of seminars for investors)

1. Outline of Proposal

It is proposed that the following provision be added to the Articles of Incorporation:

The Company shall instruct its group companies to have the securities companies within the group to conduct seminars for investors on measures to counter an MBO and other matters.

2. Reasons for Proposal

When a TOB is launched for the purpose of acquiring all the shares of the company, and the bid is completed, the shares of the company will be delisted one (1) month after a resolution is adopted by a general meeting of shareholders of the company. However, immediately afterward, all the shares will be purchased, and the shareholders will be paid in cash. Therefore, even if a shareholder does not accept a TOB, there is no difficulty in cashing in the shares. However, there are quite a few investors who are not aware of this fact.

In addition, by petitioning the court for a decision on the acquisition price of shares, there is a good chance that the share price will be raised (for example, in the Rex case and the Sunstar case). However, there are many shareholders who are not aware of that petition. Thus, due to the investors' lack of information, an MBO is, all too often, executed at a low price with ease. There will not be any investors who will buy shares that will be compulsorily purchased when the price goes down.

Therefore, the Company should conduct seminars to ensure that the investors are aware of this, in order to ensure the fairness of the market by not allowing an MBO to be executed with ease at a low price, and to increase the number of market participants. Mitsutaka Yamaguchi, the proposer, is ready to cooperate without compensation. (Blog of a Gyu-kaku shareholder, who is a victim of Advantage (*Advantage higaiisha Gyu-kaku kabunushi no blog*); March 31)

Opinion of the Board of Directors of the Company

The Board of Directors of the Company **opposes this proposal**.

When securities companies, etc., within the group are soliciting sales of/selling investment products, they appropriately provide information regarding the contents of the products, the market environment, regulation trends, etc., according to the investment intentions and the level of experience of the customer, etc. In addition, for those customers who have already purchased investment products, they timely and appropriately provide follow-up services by providing information regarding, among other things, latent profits and losses, market environment and regulatory trends.

Table of Contents

Moreover, securities companies within the group offer various seminars on, among other things, guides for (i) various products including equities, bonds and investment trusts; (ii) market prospects; (iii) technical analysis; (iv) inheritance; and (v) transactions over the internet. The subject matters and contents of the seminars are flexibly reviewed as necessary based on, among other things, the needs of our customers.

Accordingly, the Board of Directors is of the opinion that it is unnecessary to add the proposed provision to the Articles of Incorporation.

Business Report for the 11th Fiscal Year

(from April 1, 2012 to March 31, 2013)

1. Matters Regarding the Current State of the Mizuho Financial Group, Inc.

(1) Developments and Results of Operations, etc.

Financial and Economic Environment

Reviewing the economic environment over the fiscal year ended March 31, 2013, despite the continuing weakness in the recovery of the global economy and the further slowdown of the economy being felt particularly in Europe and China last summer, there are visible signs of recovery as concerns over the Euro region's debt problems have been eased to some degree.

In the United States, gradual recovery in the economy continues on the basis of increased consumer spending due to an improvement in employment conditions among other things. On the other hand, while the expiration of the major tax-relief was avoided, the risk of a slackening in the economy remains with the budget sequestration set in motion in March 2013 as part of a large-scale austerity measure known as the "fiscal cliff". In Europe, the economies of the region are gradually slowing down, with the fiscal problems experienced by certain countries impacting the real economy. Although the concerns in the financial markets have eased to some degree due to measures such as the establishment of the European Stability Mechanism (ESM), the circumstances in which a reduced budget may result in an economic slowdown or political instability are expected to continue, particularly among southern European countries, and it is difficult to predict the effects of the slow down of the European economy on the global economy. In Asia, although the economies of the region as a whole are slowing from the impact of, among other things, the decline in exports to Europe, China is following a course of gradual economic recovery mainly due to increased public investments, and the trend is affecting other Asian countries.

In Japan, although the economy was not showing much improvement with decreased exports and production, among other things, mainly due to the slowdown in overseas economies, there are visible signs of recovery. As for the future direction of the economy, while there are causes for concern, such as the downturn in overseas economies, posing a risk to act as a drag on economic growth, there are prospects for the economy to be back on course for recovery due to the improved export situation following the depreciation of the yen against other currencies and the effects of economic measures and monetary policies, among other things.

Main Businesses of the Group

The group companies of Mizuho Financial Group, Inc. (the "Group") are composed of Mizuho Financial Group, Inc. ("MHFG"), 145 consolidated subsidiaries and 22 affiliates under the equity method. The Group engages in banking, trust and securities, and other business related to financial services.

Table of Contents

Developments and Results of Operations

Entering the final fiscal year of the Transformation Program, which was launched as the Medium-term Management Policy of the Group in May 2010, in the fiscal year ended March 31, 2013, in order to realize the strengthening of the Group's competitive advantage, the strengthening of the Group's capital base and improvement of asset efficiency and the strengthening of the Group's front-line business capabilities through improving efficiency and optimization, the Group has been making steady progress in the three initiatives it has set forth: Improving Profitability, Enhancing the Financial Base and Strengthening Front-line Business Capabilities.

In order to take advantage of the characteristics and competitiveness of being the only Japanese banking group that holds its own bank, trust bank and securities company, the Group has also progressed toward the establishment of the most effective and advanced group management structure. Specifically, the Group launched its substantive one bank structure in April 2012 and has taken actions to realize early synergy benefits ahead of the merger of Mizuho Bank, Ltd. (MHBK) and Mizuho Corporate Bank, Ltd. (MHCB), which is scheduled for July 2013. In addition, the new Mizuho Securities Co., Ltd. (MHSC) was launched through a merger of securities subsidiaries in January 2013 and it has prepared a structure to provide securities functions in a unified manner as the Group's full-line securities company.

[Business Strategy]

(Global Corporate Group and Global Retail Group)

Under the substantive one bank structure implemented from April 2012, MHBK and MHCB have established a structure across both banks for each segment redefined in a more detailed manner based on customer needs and have ensured the provision of appropriate business solutions responding to the needs of each customer. In addition, the Group has strengthened business promotion activities through cross-organizational development of the financial know-how and industry knowledge of both banks and has simultaneously developed various financial services in a prompt manner through group wide collaboration in response to various customer needs.

For personal customers, MHBK has been making efforts to enhance the offering of products and services that are appropriate for the life stages and life events of each personal customer, and has been especially enhancing businesses related to officers and employees of large corporate customers. At the end of March 2013, over 9.5 million people had signed up for the Mizuho Mileage Club service. As of the end of March 2013, approximately 9.5 million people had signed up for the Mizuho Direct, which makes it possible to take advantage of MHBK's services and execute transactions through Internet banking and other channels by improving its various services, including services for smartphones. In addition, MHBK has also been making every effort to expand the lineup such as investment trust and insurance products and to strengthen functions for loan consultations to meet the needs of customers. Additionally, MHBK has been making effort to improve customer convenience, by expanding its branches and ATM installations, and actively operating Planet Booths, which are joint branches of MHBK and MHSC, as well as gradually introducing the provision of public wireless LAN services in the branches of MHBK, MHCB and Mizuho Trust & Banking Co., Ltd. (MHTB).

Table of Contents

For corporate customers, MHBK and MHCB have contributed to resolving customers' management issues and enhancing customers' corporate value by further improving our performance of business finance functions fundamental to commercial banks as well as by providing optimum products/solutions by utilizing the Group's industry knowledge and collaboration among the banking, trust and securities functions. Strengthening the recognition that the smooth supply of funds is their role in society as financial institutions, MHBK and MHCB have made efforts to strengthen their capabilities to respond quickly to the capital needs of their customers, and have strengthened collaboration with group companies so that they can offer certain solutions for a wide range of management issues, including the business/financial strategies of MHBK's and MHCB's customers, such as business matching services (customer referral services), advisory services related to overseas business expansions and support for their customers' initial public offerings. As for the syndicated loan business in Japan, MHBK and MHCB have made efforts to utilize a wide range of measures, from routine funding to M&A finance, project finance and real estate finance, and have maintained their commanding presence in Japan.

In addition, the Group has increased efforts to further establish closer relationships with business owners and land owners, etc., and has promoted integrated business activities through coordination across the personal banking unit and the corporate units.

With respect to overseas, MHCB has established a sub-branch in Yangon in Myanmar. Mizuho Corporate Bank (China) has established sub-branches in the Heping District of Tianjin and Kunshan in China and has obtained approval to open a branch in Hefei in China. MHCB has obtained approval to establish branches in Bangalore and Chennai in India. MHCB has promoted the further expansion of its network in high-growth regions, mainly in Asia, by acquiring Banco WestLB do Brasil, a Brazilian bank, among other things. MHCB has strengthened its ability to provide various financial services by forming business alliances with, among institutions such as major overseas financial institutions and government-affiliated organizations and through collaboration between the banking and securities businesses.

Taking into account the beginning of the substantive one bank structure within the group, etc., MHSC implemented the Business Foundation Strengthening Program in April 2012 in order to establish a framework to improve profitability, further promote collaboration between the banking and trust banking businesses, realize a sophisticated global operation, reduce expenses and enhance risk controls.

A new MHSC was launched, through a merger of MHSC and Mizuho Investors Securities Co., Ltd. (MHIS) in January 2013. MHSC has started to implement the One Securities Company Start Dash Program and has proceeded to strengthen the growth of top-line earnings, reduce expenses, optimize the allocation of personnel, promptly stabilize operations and review the organizational structure of the new company in order to promptly realize the synergy effects of the merger.

The new MHSC will provide securities functions in a unified manner as the full-line securities company of Mizuho, a comprehensive financial services group, by further strengthening the collaboration among banking, trust banking and securities businesses, enhancing MHSC's retail business through expansion of its customer base, and rationalizing and streamlining management infrastructure.

(Global Asset & Wealth Management Group)

MHTB has met the diverse needs of customers of the Group by promoting seamless business operations with MHBK and MHCB and utilizing its expertise in the trust business. In addition, MHTB has also strived to open new frontiers in the trust business through the development of new products and other initiatives.

Table of Contents

Specially, in the case for example of personal customers, MHTB has provided services such as asset management services, real estate services, will trust services and asset and business inheritance services. In addition, for corporate customers, MHTB has provided optimal solutions by fulfilling our consulting functions as well as our trust functions, such as pension, real estate, asset securitization and stock transfer agency services. *Chochiku no Tatsujin* (Expert Saver), a type of money trust of MHTB introduced in MHBK, became available at all branches and some sub-branches in August 2012. In addition, MHTB has provided advanced solutions for customers through collaborating with group companies by establishing Trust Lounges, which specialize in consultations and offer unique trust services, including asset inheritance and other real estate services, and by deploying joint branches with MHBK and MHSC. Furthermore, MHTB's overseas subsidiary in Luxembourg in collaboration with MHSC's overseas subsidiary in the U.K. reorganized the custody business and securities lending business in Europe and unified the functions within the Group.

While developing the foregoing business strategy, the Group has been constantly aware of its social responsibilities and the importance of its public mission as a financial institution with respect to the facilitation of financing and made efforts to facilitate financing uniformly through the group companies in compliance with the purpose of the Policy Package for Management Support for Small and Medium-size Enterprises (SMEs) based on the final extension of the SME Financing Facilitation Act published by the Cabinet Office, the Financial Services Agency and the Small and Medium Enterprise Agency of Japan in April 2012.

Additionally, the Group has continuously endeavored to establish a solid internal control system as well as to promote CSR (corporate social responsibility).

With regard to its internal control system, the Group established its internal controls in accordance with the Financial Instruments and Exchange Law. Moreover, as a New York Stock Exchange listed company, it established its financial disclosure system under U.S. GAAP and internal controls in accordance with the U.S. Sarbanes-Oxley Act. The Group has promoted customer protection by continuing to take concrete measures for customers who enter foreign exchange-related derivatives transactions with the Group.

With respect to CSR activities, the Group has continued to provide active support for financial education by sponsoring courses and lectures at universities and by conducting joint studies on financial education with Tokyo Gakugei University. The Group has also made commitments to environmental activities and MHC B has engaged in various environmental initiatives, such as providing support for infrastructure improvements that are focused on the renewable energy industry; the establishment of the first project finance structured for a large scale solar power generation project (Mega-Solar Power Project) in Japan is one example. Based on a survey by CDP*, the Company was selected for listing in the Carbon Performance Leader Index (CPLI) for its environmental business and initiatives for reducing environmental burden, as one of the 33 top global companies and one of the 5 top Japanese companies that has demonstrated a strong approach to climate change. Moreover, the Group has continuously exerted its utmost efforts to support the recovery of the lives of disaster victims as well as industries and the economy in the disaster areas affected by the Great Eastern Japan Earthquake, and to support regional reconstruction, focusing on the disaster areas.

* The Carbon Disclosure Project (CDP) is an international, not-for-profit organization providing the only global system for companies and cities to measure, disclose, manage and share vital environmental information.

Table of Contents**[Results of Operations for fiscal 2012]**

Consolidated net business profits increased on a year-on-year basis, partially due to reduction in expenses and an increase in profits of MHSC, as well as an increase in income from Customer Groups generated from overseas business, particularly in Asia and an increase in income from the Trading segment derived from flexible and timely operations properly interpreting market trends.

MHSC recorded a consolidated net profit of JPY 28.6 billion and returned to the black, which was partially due to an increase of Net Operating Revenues caused by improvement in the market condition. Net losses related to stocks were recorded due to the impairment losses reflecting a decline in stock prices, and credit-related costs worsened on a year-on-year basis as a consequence of our conservative estimation of future prospects as a whole, among other things. As a result, the Group recorded the following consolidated figures (145 consolidated subsidiaries and 22 affiliates under the equity method) for fiscal 2012: Net Business Profits of JPY 912.1 billion; and Net Income of JPY 560.5 billion.

Results of operations (non-consolidated) for the major subsidiaries were as follows:

Company Name	(JPY billion)		
	Ordinary Income (Operating Income)	Ordinary Profits	Net Income
Consolidated Results of MHFG	2,913.0	750.3	560.5
MHBK	1,107.0	275.1	234.5
MHCB	1,160.3	259.6	250.8
MHTB	170.0	34.8	25.8

Regarding financial condition, the Group's consolidated total capital ratio (under Basel III standard) as of March 31, 2013 was maintained at the sufficient level of 14.18%. The non-performing loan ratio (MHBK, MHCB, and MHTB combined) was 1.71%.

The Group has been implementing disciplined capital management, by pursuing the optimal balance between strengthening of stable capital base and steady returns to shareholders.

Based on the policy mentioned above, in consideration of our consolidated financial results, MHFG proposes to make cash dividend payments of JPY 3 per share of common stock at the end of the fiscal year ended March 31, 2013 as previously announced (the annual cash dividends including interim dividends amount to JPY 6 per share for this fiscal year). MHFG proposes making dividend payments on Preferred Stock as prescribed.

[Issues to be Addressed by the Group]

The Group started a new medium-term business plan for the three years from fiscal year 2013. This proactive business plan has been named the One MIZUHO New Frontier Plan Stepping up to the Next Challenge -, and it aims to launch the new Mizuho toward the new frontier of the next generation of finance, in response to structural and regulatory changes in the economy and society both in Japan and overseas. As part of this plan, the Group has developed five basic policies reflecting Mizuho's vision for the Group's future, the necessary elements for the new frontier of finance, and the Group's future direction based on an analysis of Mizuho's current situation, and also, adding more detail to these five basic policies, we have developed ten basic strategies in terms of business strategy and management foundations as follows:

[Mizuho's Vision]

The most trusted financial services group with a global presence and a broad customer base, contributing to the prosperity of the world, Asia, and Japan.

1. The most trusted financial services group
2. The best financial services provider
3. The most cohesive financial services group

[Five Basic Policies]

1. Further develop integrated strategies across the group for each customer segment to respond to the diverse needs of our customers.
2. Contribute to sustainable development of the world and Japan by proactively responding to change.
3. Mizuho Means Asia: accelerate globalization.
4. Build strong financial and management foundations to support the essence of Mizuho.
5. Form strong corporate governance and culture in the spirit of One MIZUHO.

[Ten Basic Strategies]

[Business Strategy]

1. Strengthen integrated financial services by unifying banking, trust banking and securities functions to respond to finely delineated corporate and personal banking segments

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

2. Perform consulting functions taking advantage of our industry and business knowledge and forward-looking perspective.
3. Support formation of personal financial assets in Japan and invigorate their investment.
4. Strengthen proactive risk-taking functions for growth industries and corporations.
5. Strengthen and expand Asia-related business in Japan and on a global basis.
6. Cultivate multi-level transactions by capturing the accelerating global capital and trade flows.
[Business Management, Management Foundations, etc.]
7. Strengthen stable financial foundations based on abundant liquidity and appropriate capital levels.
8. Establish the optimal management foundations (human resources and business infrastructure) to support business strategy.
9. Further strengthen proactive governance and risk management.
10. Embed the new Mizuho corporate identity toward forming a common culture throughout the group and take actions toward being the best financial services provider.

In addition, in April 2013, the Group turned MHSC, which had been a consolidated subsidiary of MHFG, into a directly-held subsidiary of MHFG, and moved to a new group capital structure which places banking, trust banking, securities and other major group companies under the direct control of the holding company. The merger between MHBK and MHCB is scheduled for July 2013, on the condition that, among other things, permission is obtained from the relevant authorities in Japan. This will lead to a move to a single bank and single securities structure.

Further, from April 2013, for the purpose of promoting timely and unified group strategic planning under the strong governance of the holding company, in addition to the strengthening of group governance, the Group moved to a new group operational structure. Specifically, the executive officers in charge of corporate planning and management at the holding company have been serving in five-way concurrent positions at MHFG, MHBK, MHCB, MHTB and MHSC, and also, we have clarified their positioning as the group chief officers. In addition, the holding company established ten business units and head-office coordination divisions to determine strategies and initiatives across the group-wide banking, trust banking, securities and other business areas, based on the ten business units across MHBK and MHCB under the substantive one bank structure.

We also established at the holding company five group strategy conferences concerning the strategies for retail (personal), wholesale (corporate), international (overseas), asset management, and markets, as forums to comprehensively deliberate on important matters in terms of group business strategy among units. With the establishment of these strategy conferences, the existing three global groups were abolished.

Group Structure of Mizuho

Table of Contents

With the fixing of these structures, the Group will continue to build the most effective and advanced group management structure. The Group will also continue to consider the possibility of consolidation that includes MHTB, with the new Mizuho Bank, Ltd., after the merger between MHBK and MHC.B.

New Group Operational Structure of Mizhou

Table of Contents

[Business Strategy]

Based on the ten basic strategies under the new medium-term business plan, the Group will strengthen integrated financial services by unifying banking, trust banking and securities functions to respond to finely delineated corporate and personal segments.

With respect to business with personal customers, the Group will provide a wide range of financial products ranging from loans to investments responding to personal customers' life cycles and aspirations. The Group will also make an effort to build advanced yet simple, convenient and optimal next-generation retail services and to provide customers with easy to understand financial services. In addition, for business owners, etc., the Group will provide business as well as asset management services for both of their corporate and personal needs.

With respect to business with corporate customers, the Group will provide advice on customers' management issues such as business strategy and capital structure as well as group-wide appropriate financial solutions that cross over each of the product lines of the Group. In addition, while making proposals based on global industry knowledge and funding for growth, the Group will also focus on supporting customers' overseas expansion. Moreover, the Group will cooperate with customers among regional financial institutions as their area partner with an aim to invigorate the regions.

With respect to overseas business, the Group will seamlessly develop a wide range of sophisticated financial services based in Asia and Japan. The Group will also seek to build medium to long-term relationships with customers, not merely those developed through loan transactions, but also those backed by the Group's industry knowledge and ability to provide products. In addition, the Group will strengthen the overseas transaction business so as to be capable to respond to the accelerating global capital and trade flows and devote itself to providing distinctive settlement services especially in Asia.

With respect to asset management business, the Group will provide customers with optimum asset portfolios to meet their needs as well as innovative products supported by advanced financial knowledge and high-level financial technology.

With respect to markets business, the Group will make efforts to strengthen its capability to respond to customer needs by developing global sales and trading activities across group-wide banking, trust banking and securities functions.

[Business Management, Management Foundations, etc.]

The Group will also strengthen its business management, management foundations, etc. based on the ten basic strategies under the new medium-term business plan.

While making efforts to strengthen stable financial foundations based on abundant liquidity and appropriate capital levels, with respect to capital management, the Group will continue to pursue a disciplined capital policy by appropriately balancing stable capital enhancement and steady returns to shareholders. Under the new capital regulations, including the framework to identify global systemically important financial institutions (G-SIFIs), the Group believes it will be able to sufficiently meet the new capital regulations mainly by accumulating retained earnings and improving asset efficiency through its various initiatives to be implemented under the new medium-term business plan.

Table of Contents

In its establishment of the optimal management foundations to support its business strategy, the Group aims to allocate and develop human resources on a group-wide basis and optimize business operations, and the Group will also strive to secure stable and accurate system operations as well as to establish a solid system infrastructure.

In addition, the Group will endeavor to establish a strong group governance structure and, in response to global business development and collaboration among the banking, trust and securities functions, enhance risk management and compliance management systems.

Furthermore, as a part of its initiatives to create a common culture throughout the Group, the Group has established the new Mizuho corporate identity. The Group has also reviewed its brand strategy from the perspective of building the optimal brand for the new Mizuho and established a new brand slogan, One MIZUHO: Building the future with you.

The Group will make an effort to have the new Mizuho corporate identity embedded into the Group. Additionally, the Group will share with management and employees of the Group the determination represented by the brand slogan. In the spirit of One MIZUHO, the Group strongly recognizes its social responsibility and the importance of its identity as Mizuho. By making steady progress in pursuing the new group strategy, the Group will further promote its corporate values. Our shareholders' continuing support would be greatly appreciated.

Pursuant to Article 444, Section 4 of the Companies Act, we have audited the accompanying consolidated financial statements, which comprise the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to the consolidated financial statements of Mizuho Financial Group, Inc. (the Company) applicable to the fiscal year from April 1, 2012 through March 31, 2013.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. The purpose of an audit of the consolidated financial statements is not to express an opinion on the effectiveness of the entity's internal control, but in making these risk assessments the auditor considers internal controls relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the Mizuho Financial Group, Inc. and consolidated subsidiaries, applicable to the fiscal year ended March 31, 2013 in conformity with accounting principles generally accepted in Japan.

Conflicts of Interest

We have no interest in the Company which should be disclosed in compliance with the Certified Public Accountants Act.

Audit Report

The Board of Corporate Auditors, upon deliberation, prepared this audit report regarding the performance of duties of the Directors of the Company during the 11th fiscal year from April 1, 2012 to March 31, 2013, based on the audit reports prepared by each Corporate Auditor and hereby reports as follows:

1. Auditing Method Employed by Corporate Auditors and the Board of Corporate Auditors and Details Thereof

The Board of Corporate Auditors established an auditing policy and auditing plans, including assignment of the duties of each Corporate Auditor, received from each Corporate Auditor reports on the execution of audits and results thereof, and in addition, received from the Directors, etc., and the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding such reports.

In accordance with the auditing standards for Corporate Auditors established by the Board of Corporate Auditors, each Corporate Auditor, based on the auditing plans, has endeavored to gather information and create an improved environment for auditing. Each Corporate Auditor also attended meetings of the Board of Directors and other important meetings, received from the Directors, employees and other related persons reports on the performance of their duties and, when necessary, requested explanations regarding such reports. Also, each Corporate Auditor inspected important authorized documents and associated information and examined the business and financial position of the Company. In addition, each Corporate Auditor received from the Directors, employees and other related persons reports on the status of (i) the establishment of structures with respect to the content of resolutions made by the Board of Directors regarding the establishment of structures to ensure that the performance of duties by the Directors will be in compliance with the laws and regulations of Japan and with the Company's Articles of Incorporation and other structures in accordance with Article 100, Paragraphs 1 and 3 of the Enforcement Regulations of the Company Law of Japan, to ensure that the Company's operation will be conducted appropriately and such structures that have been established in compliance with such resolutions (internal control systems), which are described in the Business Report, and (ii) the management thereof, and, when necessary, requested explanations regarding such reports. As for the subsidiaries of the Company, each Corporate Auditor has shared information with the directors and corporate auditors and other related persons of the subsidiaries and, when necessary, received reports from the subsidiaries regarding their businesses. Based on the foregoing method, we examined the Business Report and the supplementary schedules for this fiscal year.

In addition, the Corporate Auditors monitored and examined whether the independent auditors maintain their independence and carry out audits in an appropriate manner. The Corporate Auditors received from the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding those reports. The Corporate Auditors also received notification from the independent auditors regarding the Structure for ensuring appropriate execution of the duties of the independent auditors (as enumerated in each Item of Article 131 of the Company Calculation Regulations). When necessary, the Corporate Auditors requested explanations on such notification. Based on the foregoing method, the Corporate Auditors reviewed the consolidated financial statements for this fiscal year (consolidated balance sheet, consolidated statement of income, consolidated statement of changes in net assets and notes to consolidated financial statements), and the non-consolidated financial statements (non-consolidated balance sheet, non-consolidated statement of income, non-consolidated statement of changes in net assets and notes to non-consolidated financial statements) and supplementary schedules thereto.

Table of Contents

2. Audit Results

(1) Audit Results on the Business Report, etc.

- A. In our opinion, the Business Report and the supplementary schedules fairly represent the Company's condition in conformity with the applicable laws and regulations of Japan as well as the Articles of Incorporation of the Company.

- B. With regard to the execution of duties by the Directors, we have found no evidence of misconduct or material facts in violation of the applicable laws and regulations of Japan or the Articles of Incorporation of the Company in the course of the execution of duties of the Directors.

- C. In our opinion, the content of the resolutions of the Board of Directors regarding the internal control systems is appropriate.

We have not found anything to be pointed out on the performance of duties of the Directors regarding the internal control systems.

(2) Results of Audit of the Consolidated Financial Statements

In our opinion, the method and results of the audit employed and rendered by Ernst & Young ShinNihon LLC, the independent auditors, are fair and reasonable.

(3) Results of Audit of the Non-Consolidated Financial Statements and Supplementary Schedules thereto

In our opinion, the method and results of the audit employed and rendered by Ernst & Young ShinNihon LLC, the independent auditors, are fair and reasonable.
