SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus includes and incorporates by reference forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements provide our current expectations or forecasts of future events. Forward-looking statements include statements about our expectations, beliefs, intentions, plans, objectives, goals, strategies, future events, performance and underlying assumptions and other statements that are not historical facts. Examples of forward-looking statements include all statements regarding our expected future financial position, results of operations, cash flows, liquidity, financing plans, business strategy, projected growth opportunities and potential acquisitions, plans and objectives of management for future operations, and compliance with and changes in governmental regulations. You can identify forward-looking statements by their use of forward-looking words, such as may, will, anticipate, expect, believe, estimate, intend, plan, should, seek or comp negative use of those words, but the absence of these words does not necessarily mean that a statement is not forward-looking.

These forward-looking statements are made based on our current expectations and beliefs concerning future events affecting us and are subject to uncertainties and factors relating to our operations and business environment, all of which are difficult to predict and many of which are beyond our control, that could cause our actual results to differ materially from those matters expressed in or implied by these forward-looking statements.

Important factors that could cause actual results to differ materially from our expectations include those disclosed under Risk Factors and elsewhere in this prospectus and in filings made by us with the Securities and Exchange Commission (the SEC). These factors include, among others:

uncertainties relating to the operations of our operators, including those relating to reimbursement by government and other third-party payors, compliance with regulatory requirements and occupancy levels;

our ability to successfully engage in strategic acquisitions and investments;

competition in the acquisition and ownership of healthcare properties;

our ability to monitor our portfolio;

environmental liabilities associated with our properties;

our ability to re-lease or sell any of our properties;

the availability and cost of capital;

changes in interest rates;

the amount and yield of any additional investments;

changes in tax laws and regulations affecting real estate investment trusts (REITs); and

our ability to maintain our status as a REIT.

There may be additional risks of which we are presently unaware or that we currently deem immaterial.

Forward-looking statements are not guarantees of future performance. Except as required by law, we do not undertake any responsibility to release publicly any revisions to these forward-looking statements to take into account events or circumstances that occur after the date of this prospectus or to update you on the occurrence of any unanticipated events which may cause actual results to differ from those expressed or implied by the forward-looking statements contained in this prospectus.

PRESENTATION OF NON-GAAP FINANCIAL INFORMATION

In this prospectus, we use financial measures that are derived on the basis of methodologies other than in accordance with United States generally accepted accounting principles (GAAP). The non-GAAP financial measures used in this prospectus include FFO, Normalized FFO, AFFO, EBITDA and Adjusted EBITDA. We derive these measures as follows:

The National Association of Real Estate Investment Trusts, or NAREIT, defines FFO as net income (computed in accordance with GAAP), excluding gains and losses from sales of property (net) and impairments of depreciated real estate, plus real estate depreciation and amortization (excluding amortization of deferred financing costs) and after adjustments for unconsolidated partnerships and joint ventures. Applying the NAREIT definition to our financial statements results in FFO representing net income before depreciation and amortization, impairment of assets and gain (loss) on sale of assets.

Normalized FFO represents FFO before loss on extinguishment of debt, reserves for uncollectible loan receivables, transaction costs and change in fair value of derivatives.

AFFO represents Normalized FFO before amortization of deferred financing costs, non-cash stock-based compensation, straight-line rent and rental income from intangible amortization.

EBITDA represents net income before interest expense (net) and depreciation and amortization.

Adjusted EBITDA represents EBITDA before impairment of assets, gain (loss) on sale of assets, transaction costs, write off of straight-line rents, non-cash stock-based compensation, loss on extinguishment of debt, reserves for uncollectible loan receivables and change in fair value of derivatives.

The indenture that governs the Notes uses the terms Adjusted Funds From Operations and Adjusted Consolidated EBITDA. For further discussion of the terms used in the indenture that governs the Notes, see Description of Exchange Notes Certain Definitions. For a further description of how FFO, Normalized FFO, AFFO, EBITDA and Adjusted EBITDA are calculated from, and a reconciliation of those measures to, our net income, see Summary Summary Financial Data.

Our management uses FFO, Normalized FFO, AFFO, EBITDA and Adjusted EBITDA as important supplemental measures of our operating performance and liquidity. FFO is intended to exclude GAAP historical cost depreciation and amortization of real estate and related assets, which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. The term FFO was designed by the real estate industry to address this issue and as an indicator of our ability to incur and service debt. Because FFO, Normalized FFO and AFFO exclude depreciation and amortization unique to real estate, impairment, gains and losses from property dispositions and extraordinary items and because EBITDA and Adjusted EBITDA exclude certain non-cash charges and adjustments and amounts spent on interest and taxes, they provide our management with performance measures that, when compared year over year or with other real estate investment trusts, or REITs, reflect the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities and, with respect to FFO, Normalized FFO and AFFO, interest costs, in each case providing

perspective not immediately apparent from net income. In addition, we believe that FFO, Normalized FFO, AFFO, EBITDA and Adjusted EBITDA are frequently used by securities analysts, investors and other interested parties in the evaluation of REITs.

We offer these measures to assist the users of our financial statements in assessing our financial performance and liquidity under GAAP, but these measures are non-GAAP measures and should not be considered measures of liquidity, alternatives to net income or indicators of any other performance measure determined in accordance with GAAP, nor are they indicative of funds available to fund our cash needs, including our ability to make payments on our indebtedness. In addition, our calculations of these measures are not necessarily comparable to similar measures as calculated by other companies that do not use the same definition or implementation guidelines or interpret the standards differently from us. Investors should not rely on these measures as a substitute for any GAAP measure, including net income, cash flows provided by operating activities or revenues.

Table of Contents

PRESENTATION OF PORTFOLIO METRICS

In addition to information regarding our financial performance, we present certain metrics in this prospectus regarding the performance of our operators. These metrics include EBITDARM coverage, EBITDAR coverage, portfolio occupancy and quality mix, which are derived as follows:

EBITDARM coverage represents EBITDARM, which we define as earnings before interest, taxes, depreciation, amortization, rent expense and management fees allocated by the operator to one of its affiliates, of our operators for the applicable period, divided by the rent paid to us by our operators during such period.

EBITDAR coverage represents EBITDAR, which we define as earnings before interest, taxes, depreciation, amortization and rent expense, of our operators for the applicable period, divided by the rent paid to us by our operators during such period.

Portfolio occupancy represents the average daily number of beds at our properties that are occupied during the applicable period divided by the total number of beds at our properties that are available for use during the applicable period.

Quality mix represents total revenue of our operators from all payor sources, excluding Medicaid revenues, divided by the total revenue of our operators for the applicable period.

When we refer to the contractual rent of our portfolio, we are referring to the total monthly rent due under all of our triple-net leases as of the date specified, calculated based on the first full month following the specified date.

These metrics are not derived from our financial statements but are operating statistics that we derive from reports that we receive from our operators pursuant to our triple-net leases. As a result, our portfolio metrics typically lag our own financial statements by approximately one quarter. In order to determine our portfolio metrics for the period presented, the metrics are stated only with respect to properties owned by us and operated by the same tenant for the portion of the period we owned the properties and excludes assets held for sale, properties under construction and, with certain exceptions for shorter periods, properties within 24 months of completion of construction. Accordingly, EBITDARM coverage, EBITDAR coverage, portfolio occupancy and quality mix for the twelve months ended June 30, 2013 included 241 of the 262 properties in our portfolio as of June 30, 2013.

SUMMARY

This summary highlights selected information appearing or incorporated in this prospectus and may not contain all of the information that is important to you. This prospectus includes information about the Exchange Notes and the exchange offer as well as information regarding our business and detailed financial data. You should read this prospectus in its entirety, including Risk Factors and the financial statements and related notes incorporated by reference herein, before deciding to participate in the exchange offer.

Unless the context requires otherwise or except as otherwise noted, as used in this prospectus the words Aviv REIT, we, company, us and our refer to Aviv REIT, Inc. and its subsidiaries, including the Issuers. Throughout this prospectus, we refer to operators and tenants by their commonly-known trade names; however, each operator or tenant may operate through a variety of legal entities, some or all of which may not be under common ownership. In addition, in cases in which a lessee of ours has subleased a property to a third party, we refer to the sublessee as the operator. We generally use the words operator and tenant interchangeably when referring to these unaffiliated third parties.

Our Company

We are a self-administered real estate investment trust, or REIT, specializing in the ownership and triple-net leasing of post-acute and long-term care skilled nursing facilities, or SNFs. We have been in the business of investing in SNFs for over 30 years, including through our predecessors. Our management team has extensive knowledge of and a track record investing in SNFs and other healthcare real estate. We believe that we own one of the largest and highest-quality portfolios of post-acute and long-term care SNFs in the United States. We generate our cash rental stream by triple-net leasing our properties to third-party operators who have responsibility for the operation of the facilities, including for all operating costs and expenses related to the property, maintenance and repair obligations and other required capital expenditures. Our leases typically include rent escalation provisions designed to provide us with organic growth in our rental stream. As of September 30, 2013, our portfolio consisted of 263 properties in 29 states leased to 36 tenants who represent many of the largest and most experienced operators in the industry. For the twelve months ended September 30, 2013, our revenues and Adjusted EBITDA were \$131.4 million and \$122.5 million, respectively. See Presentation of Non-GAAP Financial Information and Summary Financial Data.

During the five year period ended September 30, 2013, we acquired 130 properties with 23 tenants in 63 separate transactions ranging in size from less than \$1 million to \$73 million, for a total of \$594.0 million, representing a 14% compound annual growth rate (CAGR) over that period. We have established a track record of working with market-leading operators to support their growth plans through acquisitions. Our experience, reputation and relationships in the SNF industry allow us to acquire properties to which many other investors do not have access. As a result, we have been successful acquiring high-quality properties at valuations that achieve attractive lease yields and strong rent coverage for our diversified portfolio. Because we generate a significant and ongoing pipeline of investment opportunities, our growth has accelerated as we have raised more capital.

We have built a high-quality and strategically diversified portfolio of tenants and properties. Our leases provide us with long-term cash rental streams, with a weighted-average remaining lease term of approximately 7.8 years, and only 9.0% of our rent expiring prior to January 1, 2018, in each case as of September 30, 2013. We are able to proactively manage lease expirations by extending our leases in connection with acquisitions, reinvestment projects and other opportunities. We believe our rental stream is secure because our EBITDARM and EBITDAR coverage ratios were 2.0x and 1.6x, respectively, for the twelve months ended June 30, 2013. We believe these measures are strong indications of our tenants' ability to comfortably pay the rent under our leases. In addition, our properties have strong occupancy and quality mix, with portfolio occupancy and quality mix of 79.7% and 47.3%, respectively, for

the twelve months ended June 30, 2013. See [Presentation of Portfolio Metrics](#) for additional information regarding our coverage ratios and other portfolio metrics.

The Exchange Offer

On October 16, 2013, the Issuers sold, through a private placement exempt from the registration requirements of the Securities Act of 1933, as amended (the Securities Act), \$250,000,000 in aggregate principal amount of 6% Senior Notes due 2021 (the Old Notes), all of which are eligible to be exchanged for notes which have been registered under the Securities Act (the Exchange Notes).

Simultaneously with the private placement, we entered into a registration rights agreement with the initial purchasers of the Old Notes (the registration rights agreement). Under the registration rights agreement, we are required to cause a registration statement for substantially identical notes, which will be issued in exchange for the Old Notes, to be filed with the Securities and Exchange Commission (the SEC) and to use our reasonable best efforts to complete the exchange offer by February 28, 2014. You may exchange your Old Notes for Exchange Notes in the exchange offer. You should read the discussion under the headings The Exchange Offer and Description of Exchange Notes for further information regarding the Exchange Notes.

Securities to be Exchanged	Up to \$250,000,000 principal amount of 6% Senior Notes due 2021.
The Exchange Offer; Securities Act Registration	We are offering to exchange the Old Notes for an equal principal amount of the Exchange Notes. Old Notes may be exchanged only in denominations of \$2,000 of principal amount and any integral multiple of \$1,000 in excess thereof.
	The exchange offer is being made pursuant to the registration rights agreement, which grants the initial purchasers and any subsequent holders of the Old Notes certain exchange and registration rights. The exchange offer is intended to satisfy those exchange and registration rights with respect to the Old Notes. After the exchange offer is complete and except for our obligations to file a shelf registration statement under the circumstances described below, you will no longer be entitled to any exchange or registration rights with respect to Old Notes.

You may tender your outstanding Old Notes for Exchange Notes by following the procedures described under the heading The Exchange Offer.

Table of Contents

Expiration Date	The exchange offer will expire at 5:00 p.m., New York City time, on January 16, 2014, or a later date and time to which the Issuers may extend it.
Withdrawal Rights	You may withdraw your tender of the Old Notes at any time prior to the expiration date of the exchange offer. Any Old Notes not accepted by us for exchange for any reason will be returned to you at our expense promptly after the expiration or termination of the exchange offer.
Conditions to the Exchange Offer	The exchange offer is subject to customary conditions, some of which we may waive. We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement and the applicable requirements of the Securities Act, the Securities Exchange Act of 1934, as amended (the Exchange Act), and the rules and regulations of the SEC. For more information, see The Exchange Offer Conditions to the Exchange Offer.
Procedures for Tendering Old Notes Through Brokers and Banks	<p>Because the Old Notes are represented by global book-entry notes, the Depository Trust Company (DTC), as depository, or its nominee is treated as the registered holder of the Old Notes and will be the only entity that can tender your Old Notes for Exchange Notes.</p> <p>To tender your outstanding Old Notes, you must instruct the institution where you keep your Old Notes to tender your Old Notes on your behalf so that they are received on or prior to the expiration of the exchange offer. By tendering your Old Notes you will be deemed to have acknowledged and agreed to be bound by the terms set forth under The Exchange Offer. Your outstanding Old Notes must be tendered in denominations of \$2,000 of principal amount and any integral multiple of \$1,000 in excess thereof. In order for your tender to be considered valid, the exchange agent must receive a confirmation of book-entry transfer of your outstanding Old Notes into the exchange agent s account at DTC, under the procedure described in this prospectus under the heading The Exchange Offer, on or before 5:00 p.m., New York City time, on the expiration date of the exchange offer. See The Exchange Offer for more information regarding the procedures for tendering Old Notes.</p>
Effect of Not Tendering Old Notes	If you do not tender your Old Notes or if you do tender them but they are not accepted by us, your Old Notes will continue to be subject to the existing restrictions on transfer. Except for our obligation to file a shelf registration statement under the circumstances described below, we will have no further obligation to provide for the registration of the Old Notes under the Securities Act. If your outstanding Old Notes are not tendered

and accepted in the exchange offer, it may become more difficult for you to sell or transfer your outstanding Old Notes.

Resale of the Exchange Notes

Under existing interpretations by the staff of the SEC as set forth in no-action letters issued to unrelated third parties and referenced below, we believe that the Exchange Notes issued in the exchange offer in exchange for Old Notes may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act, if you:

are not an affiliate of ours within the meaning of Rule 405 of the Securities Act;

In addition, each participating broker-dealer that receives Exchange Notes for its own account pursuant to the exchange offer in exchange for Old Notes that were acquired as a result of market-making or other trading activity must also acknowledge that it will deliver a prospectus in connection with any resale of the Exchange Notes. For more information, see Plan of Distribution.

Any holder of Old Notes, including any broker-dealer, who:

is our affiliate,

does not acquire the Exchange Notes in the ordinary course of its business, or

tenders in the exchange offer with the intention to participate, or for the purpose of participating, in a distribution of Exchange Notes,

cannot rely on the position of the staff of the SEC expressed in *Exxon Capital Holdings Corporation, Morgan Stanley & Co., Incorporated* or similar no-action letters and, in the absence of an applicable exemption, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with the resale of the Exchange Notes or it may incur liability under the Securities Act. We will not be

responsible for, or indemnify against, any such liability.

Holders of the Old Notes do not have any appraisal or dissenters' rights in connection with the exchange offer.

The unaudited historical financial statements include all adjustments, consisting of normal recurring adjustments, that we consider necessary for a fair presentation of our financial condition and results of operations as of such dates and for such periods under accounting principles generally accepted in the United States. The historical results are not necessarily indicative of the results to be expected in the future. Although Aviv REIT has no operations or assets other than those it has through Aviv Healthcare Properties Limited Partnership and its subsidiaries, the financial statements of Aviv REIT will differ slightly from the financial statements of Aviv Healthcare Properties Limited Partnership due to the noncontrolling interest held by other limited partners in Aviv Healthcare Properties Limited Partnership. The following summary historical financial data are of Aviv REIT.

RISK FACTORS

An investment in the Exchange Notes involves significant risks. You should consider the following risks in addition to information set forth elsewhere or incorporated by reference in this prospectus before deciding to participate in the exchange offer. If any of the matters highlighted by the risks discussed in this prospectus or in the documents incorporated by reference herein occur, our business, financial condition, liquidity and results of operations could be materially and adversely affected, and you could lose all or a part of your investment. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also harm our business.

Risks Relating to Our Business and Operations

Our business is dependent upon our operators successfully operating their businesses and their failure to do so could have a material adverse effect on our ability to successfully and profitably operate our business.

We depend on our operators to operate the properties we own in a manner that generates revenues sufficient to allow them to meet their obligations to us, including their obligations to pay rent, maintain certain insurance coverage, pay real estate taxes and maintain the properties in a manner so as not to jeopardize their operating licenses or regulatory status. The ability of our operators to fulfill their obligations under our leases may depend, in part, upon the overall profitability of their operations, including any other SNFs or other properties or businesses they may acquire or operate. Cash flow generated by certain individual properties may not be sufficient for an operator to meet its obligations to us. Our financial position could be weakened and our ability to fulfill our obligations under our indebtedness could be limited if any of our major operators were unable to meet their obligations to us or failed to renew or extend their relationship with us as their lease terms expire, or if we were unable to lease or re-lease our properties on economically favorable terms. While we have generally been successful in the past in transitioning properties from one operator to another where properties are underperforming, we cannot assure you that we will be able to continue to identify and successfully transition underperforming properties going forward. In addition, from time to time we may recognize straight-line rent write-offs in connection with transitioning properties.

Our portfolio is predominately comprised of SNFs. As a result of our focus on SNFs, any changes affecting SNFs or SNF operators, including changes in governmental rules and regulations, particularly with respect to Medicare and Medicaid reimbursement, could have an adverse impact on our operators' revenues, costs and results of operations, which may affect their ability to meet their obligations to us. Additionally, if conditions in the SNF industry decline, we may be required to evaluate our properties for impairments or write-downs, which could result in charges that might be significant.

Certain operators account for a significant percentage of our rental income, and the failure of any of these operators to meet their obligations to us could materially reduce our rental income and net income.

As of September 30, 2013, approximately 15.7% of our contractual rent was from Daybreak, which operated 52 of our properties in Texas and Missouri, approximately 15.0% of our contractual rent was from Saber, which operated 30 of our properties in Ohio, Pennsylvania and Florida and approximately 9.4% of our contractual rent was from EmpRes, which operated 17 of our properties in California, Oregon, Nevada, Montana, and Washington. No other operator generated more than 7.9% of our contractual rent as of September 30, 2013.

The failure or inability of any of these operators, or of other operators that account for a significant percentage of our rental income, to meet their obligations to us could materially reduce our rental income and net income, which could in turn impair our ability to make payments on our indebtedness, including the Notes.

Table of Contents

The geographic concentration of our properties could leave us vulnerable to an economic downturn, regulatory or reimbursement changes or acts of nature in those areas, resulting in a decrease in our revenues or otherwise negatively impacting our results of operations.

As of September 30, 2013, the three states from which we derived the largest amount of contractual rent were Texas (18.3%), California (15.6%) and Ohio (10.0%). As a result of these concentrations, the conditions of local economies and real estate markets, changes in governmental rules and regulations, particularly with respect to Medicaid, acts of nature and other factors that may result in a decrease in demand for long-term care services in these states could have an adverse impact on our operators' revenues, costs and results of operations, which may affect their ability to meet their obligations to us.

We may not be successful in identifying and consummating suitable acquisitions or investment opportunities, which may impede our growth and negatively affect our results of operations and may result in the use of a significant amount of management resources.

Our ability to expand through acquisitions is integral to our business strategy and requires us to identify suitable acquisition or investment opportunities that meet our criteria and are compatible with our growth strategy. We may not be successful in identifying suitable properties or other assets that meet our acquisition criteria or in consummating acquisitions or investments on satisfactory terms or at all. Failure to identify or consummate acquisitions or investment opportunities, or to integrate successfully any acquired properties without substantial expense, delay or other operational or financial problems, would slow our growth, which could in turn impair our ability to make payments on our indebtedness, including the Notes.

Our ability to acquire properties successfully may be constrained by the following significant risks:

competition from other real estate investors with significant capital, including other publicly-traded REITs and institutional investment funds;

unsatisfactory results of our due diligence investigations or failure to meet other customary closing conditions; and

failure to finance an acquisition on favorable terms or at all.

If any of these risks are realized, our business, financial condition and results of operations, our ability to make payments on our indebtedness, including the Notes, may be materially and adversely affected.

We rely on external sources of capital to fund future capital needs, and if we encounter difficulty in obtaining such capital, we may not be able to make future investments necessary to grow our business or meet maturing commitments.

In order to qualify as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"), we are required, among other things, to distribute each year to our stockholders at least 90% of our REIT taxable income (computed without regard to our deduction for dividends paid and excluding any net capital gains). Because of this distribution requirement, we may not be able to fund, from cash retained from operations, all of our future capital needs, including capital needs to make investments and acquisitions and to satisfy or refinance maturing commitments.

As a result, we expect to rely on external sources of capital, including debt and equity financing. If we are unable to obtain needed capital at all or only on unfavorable terms from these sources, we might not be able to make the investments needed to expand our business, or to meet our obligations and commitments as they mature. Our access to capital will depend upon a number of factors over which we have little or no control, including general market conditions, the market's perception of our current and potential future earnings and cash distributions and the market price of the shares of our capital stock. We may not be in position to take advantage of attractive investment opportunities for growth in the event that we are unable to access the capital markets on a timely basis or we are only able to obtain financing on unfavorable terms.

Table of Contents

Because real estate investments are relatively illiquid, our ability to promptly sell properties in our portfolio is limited.

Because real estate investments are relatively illiquid, our ability to promptly sell one or more properties in our portfolio is limited. The real estate market is affected by many factors, such as general economic conditions, availability of financing, interest rates and other factors, including supply and demand, that are beyond our control. In addition, our properties are special purpose properties that could not be readily converted to general residential, retail or office use. Transfers of operations of SNFs and other healthcare properties are subject to regulatory approvals not required for transfers of other types of commercial operations and other types of real estate. We cannot predict whether we will be able to sell any property for the price or on the terms set by us or whether any price or other terms offered by a prospective purchaser would be acceptable to us. We also cannot predict the length of time needed to find a willing purchaser and to close the sale of a property. To the extent we are unable to sell any properties for our book value, we may be required to take a non-cash impairment charge or loss on the sale, either of which would reduce our net income.

We may be required to expend funds to correct defects or to make improvements before a property can be sold. We may not have funds available to correct those defects or to make those improvements. We may agree to transfer restrictions that materially restrict us from selling that property for a period of time or impose other restrictions, such as a limitation on the amount of debt that can be placed or repaid on that property. These transfer restrictions would impede our ability to sell a property even if we deem it necessary or appropriate. These facts and any others that would impede our ability to respond to adverse changes in the performance of our properties may have a material adverse effect on our business, financial condition, results of operations, our ability to make payments on our indebtedness, including the Notes.

Uninsured losses or losses in excess of our operators' insurance coverage could adversely affect our financial position and our cash flow.

Under the terms of our leases, our operators are required to maintain comprehensive general liability, fire, flood, earthquake, boiler and machinery, nursing home or long-term care professional liability and extended coverage insurance with respect to our properties with policy specifications, limits and deductibles set forth in the leases or other written agreements between us and the operator. However, our properties may be adversely affected by casualty losses which exceed insurance coverages and reserves. Should an uninsured loss occur, we could lose both our investment in, and anticipated profits and cash flows from, the property. Even if it were practicable to restore the property to its condition prior to the damage caused by a major casualty, the operations of the affected property would likely be suspended for a considerable period of time. In the event of any substantial loss affecting a property, disputes over insurance claims could arise.

Our assets may be subject to impairment charges.

We periodically evaluate our real estate investments and other assets for impairment indicators. The judgment regarding the existence of impairment indicators is based on factors such as market conditions, operator performance and legal structure. If we determine that a significant impairment has occurred, we would be required to make an adjustment to the net carrying value of the asset, which could have a material adverse effect on our results of operations and funds from operations in the period in which the write-off occurs.

As an owner of real property, we may be exposed to environmental liabilities.

Edgar Filing: Norwalk ALF Property, L.L.C. - Form 424B3

Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner of real property, such as us, may be liable in certain circumstances for the costs of investigation, removal, remediation or release of hazardous or toxic substances (including materials containing asbestos) at, under or disposed of in connection with such property, as well as certain other potential costs relating to hazardous or toxic substances, including government fines and damages for injuries to persons or adjacent property. Such laws often impose liability without regard to whether the owner knew of, or was responsible for, the presence or

Table of Contents

disposal of such substances and liability may be imposed on the owner in connection with the activities of an operator at the property. The cost of any required investigation, remediation, removal, fines or personal or property damages and the owner's liability therefore could exceed the value of the property and/or the assets of the owner. In addition, the presence of such substances, or the failure to properly dispose of or remediate such substances, may adversely affect our operators' ability to attract additional residents, our ability to sell or rent such property or to borrow using such property as collateral which, in turn, could reduce our revenues.

Although our leases require the operator to indemnify us for certain environmental liabilities, the scope of such obligations may be limited. For instance, some of our leases do not require the operator to indemnify us for environmental liabilities arising before the operator took possession of the premises. Further, we cannot assure you that any such operator would be able to fulfill its indemnification obligations. If we were to be liable for any such environmental liabilities and were unable to seek recovery against our operators, our business, financial condition and results of operations could be materially and adversely affected.

We depend upon our key employees and our failure to retain or attract sufficient numbers of qualified personnel could have a material adverse effect on our business.

Our future performance depends to a significant degree upon the continued contributions of our management team and other employees. As of September 30, 2013, we had 29 full-time employees and 3 part-time employees and, as a result, the loss of even a small number of our employees may have an adverse effect on our business. Accordingly, our future success depends on our ability to retain, attract, hire and train skilled management and other qualified personnel. Competition for qualified employees is intense, and we compete for qualified employees with companies that may have greater financial resources than we have. Consequently, we may not be successful in retaining, attracting, hiring, and training the people we need, which would seriously impede our ability to implement our business strategy.

Risks Relating to Our Operators and the Skilled Nursing Facility Industry

Our operators' failure to comply with the requirements of governmental reimbursement programs such as Medicare or Medicaid, licensing and certification requirements, fraud and abuse regulations or new legislative developments may affect their ability to meet their obligations to us.

Our operators are subject to numerous federal, state and local laws and regulations that are subject to frequent and substantial changes (sometimes applied retroactively) resulting from legislation, adoption of rules and regulations, and administrative and judicial interpretations of existing laws. The ultimate timing or effect of any changes in these laws and regulations cannot be predicted. We have no direct control over our operators' ability to meet the numerous federal, state and local regulatory requirements. The failure of any of our operators to comply with these laws, requirements and regulations may affect their ability to meet their obligations to us. In particular:

Licensing and Certification. Our operators and facilities are subject to regulatory and licensing requirements of federal, state and local authorities and are periodically surveyed by them to confirm compliance. Failure to obtain licensure or loss or suspension of licensure or certification may prevent a facility from operating or result in a suspension of reimbursement payments until all licensure or certification issues have been resolved and the necessary licenses or certification are obtained or reinstated. If an operator does not continue to meet all regulatory requirements, that operator may lose its ability to provide or bill and receive payment for healthcare services. In such event, revenues from those facilities could be reduced or eliminated

for an extended period of time or permanently. Transfers of operations of SNFs and other healthcare facilities are subject to regulatory approvals not required for transfers of other types of commercial operations and real estate.

Certificate of Need. Some states require that SNFs obtain governmental approval, in the form of a Certificate of Need, or CON, or similar certification, that generally varies by state and is subject to change, prior to the addition or construction of new beds, the addition of services or certain capital

Table of Contents

expenditures. The CON laws and regulations may restrict our ability to add new facilities or expand an existing facility's size or services. In addition, CON laws may constrain our ability to lease a particular property to a new operator.

Medicare and Medicaid Certification. A significant portion of the revenues of our operators that operate SNFs is derived from participation in government-funded reimbursement programs, primarily Medicare and Medicaid, and failure to maintain certification to participate in these programs could result in a loss of funding from such programs. Loss of certification could cause the revenues of our operators to decline, potentially jeopardizing their ability to meet their obligations to us. Medicare and Medicaid laws also require operators of SNFs to comply with extensive standards governing operations.

Fraud and Abuse Laws and Regulations. There are various highly complex federal and state laws governing a wide array of referrals, financial relationships and arrangements and prohibiting fraud by healthcare providers, including criminal provisions that prohibit financial inducements for referrals, filing false claims or making false statements to receive payment or certification under Medicare and Medicaid, or failing to refund overpayments or improper payments. All healthcare providers, including SNFs, are subject to the Federal Anti-Kickback Statute, which generally prohibits persons from offering, providing, soliciting, or receiving remuneration to induce either the referral of an individual or the furnishing of a good or service for which payment may be made under a federal healthcare program, such as Medicare or Medicaid. SNFs are also subject to the Federal Ethics in Patient Referral Act of 1989, commonly referred to as the Stark Law. The Stark Law generally prohibits the submission of claims to Medicare for payment if the claim results from a physician referral for certain designated services and the physician has a financial relationship with the health service provider that does not qualify under one of the exceptions for a financial relationship under the Stark Law. Similar prohibitions on kickbacks, physician self-referrals and submission of claims apply to state Medicaid programs, and may also apply to private payors under state laws. Violations of these laws subject persons and entities to termination from participation in Medicare, Medicaid and other federally funded healthcare programs or result in the imposition of treble damages and fines or other penalties.

Other Laws. Other laws that impact how our operators conduct their operations include: federal and state laws designed to protect the confidentiality and security of patient health information; state and local licensure laws; laws protecting consumers against deceptive practices; laws generally affecting our operators management of property and equipment and how our operators generally conduct their operations, such as fire, health and safety, and environmental laws; federal and state laws affecting assisted living facilities mandating quality of services and care, and quality of food service; resident rights (including abuse and neglect laws); and health standards set by the federal Occupational Safety and Health Administration. For example, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) provides for communication of health information through standard electronic transaction formats and for the privacy and security of health information. In order to comply with the regulations, healthcare providers often must undertake significant operational and technical implementation efforts. Operators also may face significant financial exposure if they fail to maintain the privacy and security of medical records and other personal health information about individuals. The Health Information Technology for Economic and Clinical Health (HITECH) Act, passed in February 2009, strengthened the HHS Secretary's authority to impose civil money penalties for HIPAA violations occurring after February 18, 2009. HITECH directs the HHS Secretary to provide for periodic audits to ensure covered entities and their business associates (as that term is defined

under HIPAA) comply with the applicable HITECH requirements, increasing the likelihood that a HIPAA violation will result in an enforcement action. Centers for Medicare & Medicaid Services (CMS) issued an interim Final Rule which conformed HIPAA enforcement regulations to the HITECH Act, increasing the maximum penalty for multiple violations of a single requirement or prohibition to \$1.5 million. Higher penalties may accrue for violations of multiple requirements or prohibitions. HIPAA violations are also potentially subject to criminal penalties. We cannot predict the effect additional costs to comply with these laws may have on the expenses of our operators and their ability to meet their obligations to us.

Legislative and Regulatory Developments. The Patient Protection and Affordable Care Act (PPACA) and the Health Care and Education Reconciliation Act of 2010, which amends PPACA (collectively, the Health Reform Laws) and the June 28, 2012 United States Supreme Court ruling upholding the individual mandate of the Health Reform Laws and partially invalidating the expansion of Medicaid (further discussed below), may have a significant impact on Medicare, Medicaid, other federal healthcare programs, and private insurers, which impact the reimbursement amounts received by SNFs and other healthcare providers. The Health Reform Laws could have a substantial and material adverse effect on all parties directly or indirectly involved in the healthcare system. Together, the Health Reform Laws make the most sweeping and fundamental changes to the U.S. healthcare system undertaken since the creation of Medicare and Medicaid and contain various provisions that may directly impact us or our operators. These new laws include a large number of health-related provisions that are scheduled to take effect over the next four years, including expanding Medicaid eligibility, requiring most individuals to have health insurance, establishing new regulations on health plans, establishing health insurance exchanges and modifying certain payment systems to encourage more cost-effective care and a reduction of inefficiencies and waste, including through new tools to address fraud and abuse. Because all of our properties are used as healthcare properties, we will be impacted by the risks associated with the healthcare industry, including healthcare reform. While the expansion of healthcare coverage may result in some additional demand for services provided by operators, reimbursement levels may be lower than the costs required to provide such services, which could materially adversely affect the ability of operators to generate profits and pay rent under their lease agreements with us and thereby could materially adversely affect our business, financial position or results of operations. The Health Reform Laws also enhance certain fraud and abuse penalty provisions that could apply to our operators in the event of one or more violations of the federal healthcare regulatory laws. Furthermore, regulatory proposals and rules are released on an ongoing basis that may have an impact on the healthcare system in general and the skilled nursing and long-term care industries in particular. We cannot predict whether the existing Health Reform Laws, or future healthcare reform legislation or regulatory changes, will have a material impact on our operators' property or business. If the operations, cash flows or financial condition of our operators are materially adversely impacted by the Health Reform Laws or future legislation, our revenue and operations may be adversely affected as well. In addition, despite the Supreme Court's decision to uphold the Health Reform Laws, the House of Representatives has repeatedly voted to repeal the Health Reform Laws in full. We cannot predict whether any of these or future attempts to repeal or amend the Health Reform Laws will be successful, nor can we predict the impact that such a repeal or amendment would have on our operators and their ability to meet their obligations to us.

Our operators depend on reimbursement from government and other third-party payors; reimbursement rates from such payors may be reduced, which could cause our operators' revenues to decline and affect their ability to meet their obligations to us.

The ability of our operators to generate revenue and profit influences the underlying value of our properties. Revenues of our operators are generally derived from payments for patient care. Sources of such payments for SNFs include Medicare, state Medicaid programs, private insurance carriers, healthcare service plans, health maintenance organizations, preferred provider arrangements, self-insured employers and the patients themselves. Medicare and Medicaid programs, as well as numerous private insurance and managed care plans, generally require participating providers to accept government-determined reimbursement levels as payment in full for services rendered, without regard to a facility's charges. Changes in the reimbursement rate or methods of payment from third-party payors, including Medicare and Medicaid, or the implementation of other measures to reduce reimbursements for services provided by our operators, have in the past and could in the future result in a substantial reduction in our operators' revenues. For example, beginning in 2012, SNFs were subject to a productivity adjustment, which means that the payment rates for SNFs may decrease from one year to the next. Additionally, although the Health Reform Laws delayed implementation of the Resource Utilization Group, Version Four (RUG-IV), which revises the payment

classification system for SNFs, the Medicare and

Table of Contents

Medicaid Extenders Act of 2010 repealed this delay retroactively to October 1, 2010. The implementation of the RUG-IV classification may impact our operators by revising the classifications of certain patients. The federal reimbursement for certain facilities, such as SNFs, incorporates adjustments to account for facility case-mix. On July 31, 2013, CMS issued its final rate for fiscal year 2014 Medicare payment rates for SNFs. Based on the changes contained in the final rule, CMS estimates that total Medicare payments to SNFs will increase by \$470 million, or 1.3%, for fiscal year 2014, which begins on October 1, 2013. Additionally, revenue realizable under third-party payor agreements can change after examination and retroactive adjustment by payors during the claims settlement processes or as a result of post-payment audits. Payors may disallow requests for reimbursement based on determinations that certain costs are not reimbursable or reasonable or because additional documentation is necessary or because certain services were not covered or were not medically necessary. There also continue to be new legislative and regulatory proposals that could impose further limitations on government and private payments to healthcare providers. In some cases, states have enacted or are considering enacting measures designed to reduce their Medicaid expenditures and to make changes to private healthcare insurance. Moreover, healthcare facilities continue to experience pressures from private payors attempting to control healthcare costs, and reimbursement from private payors has in many cases effectively been reduced to levels approaching those of government payors. We cannot assure you that adequate reimbursement levels will continue to be available for the services provided by our operators. Further limits on the scope of services reimbursed and on reimbursement rates could have a material adverse effect on our operators liquidity, financial condition and results of operations, which could cause the revenues of our operators to decline and which may affect their ability to meet their obligations to us.

A number of states are currently managing budget deficits, which may put pressure on states to decrease reimbursement rates for our operators with the goal of decreasing state expenditures under their state Medicaid programs. The need to control Medicaid expenditures may be exacerbated by the potential for increased enrollment in Medicaid due to unemployment and declines in family incomes. These potential reductions could be compounded by the potential for federal cost-cutting efforts that could lead to reductions in reimbursement to our operators under both the Medicaid and Medicare programs. Potential reductions in Medicaid and Medicare reimbursement to our operators could reduce the cash flow of our operators and their ability to meet their obligations to us.

Possible changes in the healthcare needs of our operators' residents as well as payor mix and payment methodologies may significantly affect the profitability of our operators.

The sources and amounts of our operators' revenues are determined by a number of factors, including licensed bed capacity, occupancy, the healthcare needs of residents and the rate of reimbursement. Changes in the healthcare needs of the residents as well as payor mix among private pay, Medicare and Medicaid may significantly affect our operators' profitability and which may affect their ability to meet their obligations to us.

Our operators may be subject to significant legal actions that could subject them to increased operating costs and substantial uninsured liabilities, which may affect their ability to meet their obligations to us.

Our operators may be subject to claims that their services have resulted in resident injury or other adverse effects. The insurance coverage maintained by our operators, whether through commercial insurance or self-insurance, may not cover all claims made against them or continue to be available at a reasonable cost, if at all. In some states, insurance coverage for the risk of punitive damages arising from professional liability and general liability claims and/or litigation may not, in certain cases, be available to our operators due to state law prohibitions or limitations of availability. As a result, our operators operating in these states may be liable for punitive damage awards that are either not covered or are in excess of their insurance policy limits. From time to time, there may also be increases in government investigations of long-term care providers, particularly in the area of Medicare/Medicaid false claims, as well as increases in enforcement actions resulting from these investigations. Insurance is not available to cover such

losses. Any adverse determination in a legal proceeding or government investigation, whether currently asserted or arising in the future, could lead to potential termination

Table of Contents

from government programs, large penalties and fines and otherwise have a material adverse effect on an operator's financial condition. If an operator is unable to obtain or maintain insurance coverage, if judgments are obtained in excess of the insurance coverage, if an operator is required to pay uninsured punitive damages, or if an operator is subject to an uninsurable government enforcement action, the operator could be exposed to substantial additional liabilities, which could result in its bankruptcy or insolvency or have a material adverse effect on the operator's business and its ability to meet its obligations to us.

The bankruptcy, insolvency or financial deterioration of our operators could delay or prevent our ability to collect unpaid rents or require us to find new operators.

We receive substantially all of our income as rent payments under leases of our properties. We have very limited control over the success or failure of our operators' businesses and, at any time, any of our operators may experience a downturn in its business that may weaken its financial condition. As a result, our operators may fail to make rent payments when due or declare bankruptcy. Any operator failures to make rent payments when due or operator bankruptcies could result in the termination of the operator's lease and could have a material adverse effect on our business, financial condition and results of operations, our ability to make distributions to our stockholders and the trading price of our common stock. This risk is magnified in situations where we lease multiple properties to a single operator under a master lease, as an operator failure or default under a master lease could reduce or eliminate rental revenue from multiple properties.

If operators are unable to comply with the terms of the leases, we may be forced to modify the leases in ways that are unfavorable to us. Alternatively, the failure of an operator to perform under a lease could require us to declare a default, repossess the property, find a suitable replacement operator, operate the property or sell the property. There is no assurance that we would be able to lease a property on substantially equivalent or better terms than the prior lease, or at all, find another qualified operator, successfully reposition the property for other uses or sell the property on terms that are favorable to us. It may be more difficult to find a replacement operator for a SNF property than it would be to find a replacement tenant for a general commercial property due to the specialized nature of the business. Even if we are able to find a suitable replacement operator for a property, transfers of operations of SNFs and other healthcare facilities are subject to regulatory approvals not required for transfers of other types of commercial operations, which may affect our ability to successfully transition a property.

If any lease expires or is terminated, we could be responsible for all of the operating expenses for that property until it is re-leased or sold. If we experience a significant number of un-leased properties, our operating expenses could increase significantly. Any significant increase in our operating costs may have a material adverse effect on our business, financial condition and results of operations, our ability to make distributions to our stockholders and the trading price of our common stock.

Any bankruptcy filing by or relating to one of our operators could bar all efforts by us to collect pre-bankruptcy debts from that operator or seize its property. An operator bankruptcy could also delay our efforts to collect past due balances under the leases and could ultimately preclude collection of all or a portion of these sums. It is possible that we may recover substantially less than the full value of any unsecured claims we hold, if any, which may have a material adverse effect on our business, financial condition and results of operations, our ability to make distributions to our stockholders and the trading price of our common stock. Furthermore, dealing with an operator's bankruptcy or other default may divert management's attention and cause us to incur substantial legal and other costs.

If one or more of our operators files for bankruptcy relief, the U.S. federal Bankruptcy Code provides that a debtor has the option to assume or reject the unexpired lease within a certain period of time. However, our leases with operators that lease more than one of our properties are generally made pursuant to a single master lease covering all of that

operator's properties leased from us, or are cross-defaulted with other leases, and

Table of Contents

consequently there is uncertainty about how such arrangements may be treated in a bankruptcy. It is possible that in bankruptcy the debtor-operator may be required to assume or reject the master lease or cross-defaulted leases as a whole, rather than making the decision on a property-by-property basis, thereby preventing the debtor-operator from assuming the better performing properties and terminating the master lease or cross-defaulted leases with respect to the poorer performing properties.

Increased competition may affect the ability of our operators to meet their obligations to us.

The healthcare industry is highly competitive. Our operators are competing with numerous other companies providing similar healthcare services or alternatives such as long-term acute care hospitals, in-patient rehabilitation facilities, home health agencies, hospices, life care at home, community-based service programs, retirement communities and convalescent centers. Our operators may not be able to achieve performance levels that will enable them to meet their obligations to us.

Risks Relating to the Notes and Our Other Indebtedness

We have substantial indebtedness and we have the ability to incur significant additional indebtedness.

We have substantial indebtedness and we may increase our indebtedness in the future. As of September 30, 2013, we had total indebtedness of \$511.6 million outstanding. Giving pro forma effect to the sale of the Old Notes and the additional indebtedness incurred under the Revolving Credit Facility after September 30, 2013, we anticipate that we would have had total indebtedness of approximately \$661.3 million as of September 30, 2013, including \$400.0 million of indebtedness with respect to our 2019 Notes (excluding \$2.9 million of net debt premium balance related to the 2019 Notes) and \$250.0 million of indebtedness with respect to the Old Notes. Our level of indebtedness could have important consequences to investors. For example, it could:

limit our ability to satisfy our obligations with respect to the Notes and our other debt;

increase our vulnerability to general adverse economic and industry conditions;

limit our ability to obtain additional financing to fund future working capital, capital expenditures and other general corporate requirements, or to carry out other aspects of our business;

increase our cost of borrowing;

require us to dedicate a substantial portion of our cash flow from operations to payments on indebtedness, thereby reducing the availability of such cash flow to fund working capital, capital expenditures and other general corporate requirements, or to carry out other aspects of our business;

require us to pledge as collateral substantially all of our assets;

require us to maintain certain debt coverage and financial ratios at specified levels, thereby reducing our financial flexibility;

limit our ability to make material acquisitions or take advantage of business opportunities that may arise;

expose us to fluctuations in interest rates, to the extent our borrowings bear variable rates of interests;

limit our flexibility in planning for, or reacting to, changes in our business and industry; and

place us at a potential competitive disadvantage compared to our competitors that have less debt.

In addition, the indenture governing the Notes permits us to incur substantial additional debt, including secured debt (to which the Notes will be effectively subordinated). If we incur additional debt, the related risks described above could intensify.

Table of Contents

We may be unable to service our indebtedness, including the Notes.

Our ability to make scheduled payments on and to refinance our indebtedness, including the Notes, depends on and is subject to our future financial and operating performance, which in turn is affected by general and regional economic, financial, competitive, business and other factors beyond our control, including the availability of financing in the banking and capital markets. Our business may fail to generate sufficient cash flow from operations or future borrowings may be unavailable to us under our Revolving Credit Facility or from other sources in an amount sufficient to enable us to make payments on our debt, including the Notes, to refinance our debt or to fund our other liquidity needs, including making distributions and dividends to maintain our REIT status. If we are unable to meet our debt obligations or to fund our other liquidity needs, we will need to restructure or refinance all or a portion of our debt, including the Notes. We may be unable to refinance any of our debt, including our Revolving Credit Facility and the 2019 Notes, on commercially reasonable terms or at all. In particular, our Revolving Credit Facility and the 2019 Notes will mature prior to the maturity of the Notes. If we were unable to make payments or refinance our debt or obtain new financing under these circumstances, we would have to consider other options, such as asset sales, equity issuances and/or negotiations with our lenders to restructure the applicable debt. Our Revolving Credit Facility and the indentures governing the 2019 Notes and the Notes restrict, and market or business conditions may limit, our ability to take some or all of these actions. Any restructuring or refinancing of our indebtedness could be at higher interest rates and may require us to comply with more onerous covenants that could further restrict our business operations. In addition, although the indenture governing the Notes limits our ability to incur additional indebtedness, this limitation is subject to a number of significant exceptions and the amount of additional indebtedness incurred could nevertheless be substantial. Furthermore, the indenture governing the Notes does not impose any limitation on our ability to incur liabilities that are not considered indebtedness thereunder.

The Notes and the guarantees are unsecured and are effectively subordinated to our secured indebtedness to the extent of the value of the collateral securing such indebtedness.

The Notes and the guarantees are the Issuers' and the guarantors' unsecured obligations. The indenture that governs the Notes generally permits us to incur secured indebtedness so long as we maintain a specified ratio of unencumbered assets to unsecured debt. The Notes and the guarantees are effectively subordinated to all of our existing and future secured debt and that of the guarantors to the extent of the value of the assets securing such obligations, including our Revolving Credit Facility. Our contractual rent attributable to the properties securing the Revolving Credit Facility was \$28.6 million for the twelve month period ended September 30, 2013, and, as of September 30, 2013, these properties accounted for 19.1% of our total real estate investments, net of accumulated depreciation.

Our obligations under our Revolving Credit Facility are secured by first lien mortgages on certain of our properties, a pledge of the capital stock of subsidiaries owning such properties and other customary collateral, including an assignment of leases and rents with respect to such mortgaged properties. We have \$400.0 million available for borrowing under our Revolving Credit Facility after reflecting the application of the net proceeds from the sale of the Old Notes, subject to borrowing base limitations. In addition, as of September 30, 2013, we had an aggregate of approximately \$11.3 million of other secured indebtedness (excluding \$2.4 million of net debt premium balance). Because the Notes are unsecured obligations, your right of repayment may be compromised in the following situations:

We enter into bankruptcy, liquidation, reorganization or other winding-up;

There is a default in payment under any of our secured debt; or

There is an acceleration of any of our secured debt.

If any of these events occurs, the secured lenders could foreclose on our assets in which they have been granted a security interest, in each case to your exclusion, even if an event of default exists under the indenture governing the Notes at such time. As a result, upon the occurrence of any of these events, it is possible that there

Table of Contents

would be no assets remaining from which your claims could be satisfied or, if any assets remained, they might be insufficient to fully satisfy your claims. You may therefore not be fully repaid if we or the subsidiary guarantors become insolvent or otherwise fail to make payment on the Notes.

The Notes are structurally subordinated to all liabilities of our non-guarantor subsidiaries.

The Notes are structurally subordinated to the indebtedness and other liabilities of our subsidiaries that are not guaranteeing the Notes or in the future do not guarantee the Notes. These non-guarantor subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due pursuant to the Notes, or to make any funds available therefor, whether by dividends, loans, distributions or other payments. Any right that we or the subsidiary guarantors have to receive any assets of any of the non-guarantor subsidiaries upon the bankruptcy, liquidation or reorganization of those subsidiaries, and the consequent rights of holders of Notes to realize proceeds from the sale of any of those subsidiaries' assets, will be effectively subordinated to the claims of those subsidiaries' creditors, including creditors (including mortgage holders) and holders of preferred equity interests of those subsidiaries. Accordingly, in the event of a bankruptcy, liquidation or reorganization of any of our non-guarantor subsidiaries, these non-guarantor subsidiaries will pay the holders of their debts, holders of preferred equity interests and their trade creditors before distributing any of their assets to us. Our contractual rent attributable to the properties held by the non-guarantor subsidiaries was \$7.0 million for the twelve month period ended September 30, 2013, and, as of September 30, 2013 these properties accounted for 9.7% of Aviv REIT's total real estate investments, net of accumulated depreciation.

We will rely on our subsidiaries for our operating funds, and our non-guarantor subsidiaries will have no obligation to supply us with any funds.

We conduct our operations through subsidiaries and depend on our subsidiaries for the funds necessary to operate and repay our debt obligations. We depend on the transfer of funds from our subsidiaries to make the payments due under the Notes. Under certain circumstances, one or more of our subsidiaries may be released from its, or may not be required to provide a, guarantee of the Notes, and in such circumstances, will not be required to fund any of our obligations with respect to the Notes. Each of our subsidiaries is a distinct legal entity and has no obligation, contingent or otherwise, to transfer funds to us. In addition, our ability to make payments under the Notes, and the ability of our subsidiaries to transfer funds to us, could be restricted by the terms of subsequent financings.

Covenants in our debt agreements will restrict our activities and could adversely affect our business.

Our debt agreements, including the indentures governing the 2019 Notes and the Notes and our Revolving Credit Facility, contain various covenants that limit our ability and the ability of our restricted subsidiaries to engage in various transactions including:

Incurring additional secured and unsecured debt;

Paying dividends or making other distributions on, redeeming or repurchasing the capital stock of Aviv REIT;

Making investments or other restricted payments;

Entering into transactions with affiliates;

Issuing stock of or interests in restricted subsidiaries;

Engaging in non-healthcare related business activities;

Creating restrictions on the ability of our restricted subsidiaries to pay dividends or other amounts to us;

Selling assets; or

Effecting a consolidation or merger or selling all or substantially all of our assets.

Table of Contents

These covenants limit our operational flexibility and could prevent us from taking advantage of business opportunities as they arise, growing our business or competing effectively. In addition, our Revolving Credit Facility requires us to maintain specified financial covenants, which include a maximum leverage ratio and a minimum fixed charge coverage ratio, as well as satisfy other financial condition tests. The indentures governing the 2019 Notes and the Notes require us to maintain Total Unencumbered Assets (as defined in Description of Exchange Notes) of at least 150% of our unsecured indebtedness. Our ability to meet these requirements may be affected by events beyond our control, and we may not meet these requirements.

A breach of any of the covenants or other provisions in our debt agreements could result in an event of default, which if not cured or waived, could result in such debt becoming immediately due and payable. This, in turn, could cause our other debt to become due and payable as a result of cross-acceleration provisions contained in the agreements governing such other debt. We may be unable to maintain compliance with these covenants and, if we fail to do so, we may be unable to obtain waivers from the lenders and/or amend the covenants. In the event that some or all of our debt is accelerated and becomes immediately due and payable, we may not have the funds to repay, or the ability to refinance, such debt.

A rise in interest rates may impact our future debt costs.

Immediately after giving effect to the sale of the Old Notes and the application of the net proceeds therefrom, we had \$400 million of borrowings available under our Revolving Credit Facility, subject to borrowing base limitations. Any amounts borrowed under this facility would accrue interest at variable rates. Because we may incur a significant amount of indebtedness that bears interest at a variable rate, we may be exposed to market risks relating to changes in interest rates. A significant increase in interest rates could impact the ability of our subsidiaries to make distributions to us, which would reduce or available cash and impact our ability to finance future investments and meet maturing commitments. Rising interest rates could limit our ability to refinance existing debt when it matures or cause us to pay higher interest rates upon refinancing.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to return payments received from subsidiary guarantors.

Under the federal bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee of the Notes could be voided, or claims in respect of a guarantee could be subordinated to all other debts of that subsidiary guarantor if, among other things, the subsidiary guarantor, at the time it incurred the debt evidenced by its guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee and (i) was insolvent or rendered insolvent by reason of such incurrence, (ii) was engaged in a business or transaction for which the subsidiary guarantor's remaining assets constituted unreasonably small capital, or (iii) intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

In addition, any payment by that subsidiary guarantor pursuant to its guarantee could be voided and required to be returned to the subsidiary guarantor, or to a fund for the benefit of our creditors or the creditors of the subsidiary guarantor.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a subsidiary guarantor would be considered insolvent if:

The sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;

The present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

It could not pay its debts as they become due.

Table of Contents

On the basis of historical financial information, recent operating history and other factors, we believe that each subsidiary guarantor, after giving effect to its guarantee of the Notes, will not be insolvent, will have a fair market value of its assets greater than the total amount of its liabilities (including contingent liabilities), will have a present fair salable value of its assets greater than the amount that will be required to pay its probable liabilities on its debts as they become absolute and matured, will be able to realize upon its assets and pay its debts and other liabilities, including contingent liabilities, as they mature, and will not have unreasonably small capital. We cannot assure you, however, as to what standard a court would apply in making these determinations or that a court would agree with our conclusions in this regard. In addition, each guarantee will contain a provision intended to limit the subsidiary guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer. This provision may not be effective to protect the guarantees from being voided under fraudulent transfer laws, or may eliminate the subsidiary guarantor's obligations or reduce the subsidiary guarantor's obligations to an amount that effectively makes the guarantee worthless.

We may not have the funds necessary to finance the repurchase of the Notes in connection with a change of control offer required by the indenture governing the Notes.

Upon the occurrence of specific kinds of change of control events, the indenture governing the Notes requires us to make an offer to repurchase all outstanding Notes at 101% of the principal amount thereof, plus accrued and unpaid interest (and additional interest, if any) to the date of repurchase. However, it is possible that we will not have sufficient funds, or the ability to raise sufficient funds, at the time of the change of control to make the required repurchase of the Notes. In addition, restrictions under our Revolving Credit Facility, the indenture governing the 2019 Notes or other future debt may not allow us to repurchase the Notes upon a change of control. If we could not refinance such senior debt or otherwise obtain a waiver from the holders of such debt, we would be prohibited from repurchasing the Notes, which would constitute an event of default under the indenture governing the Notes, which in turn would constitute a default under our Revolving Credit Facility and the indenture governing our 2019 Notes. In addition, certain important corporate events, such as leveraged recapitalizations that would increase the level of our indebtedness, would not constitute a Change of Control under the indenture governing the Notes although these types of transactions could affect our capital structure or credit ratings and the holders of the Notes. See Description of Exchange Notes Repurchase of Notes upon a Change of Control.

Courts interpreting change of control provisions under New York law (which is the governing law of the indenture governing the Notes) have not provided clear and consistent meanings of such change of control provisions which leads to subjective judicial interpretation. In addition, a court may not enforce the change of control provisions in the indenture governing the Notes as written for the benefit of the holders, and the change of control provisions could be impacted if we become a debtor in a bankruptcy case.

An active trading market may not develop for the Notes, which may hinder your ability to liquidate your investment.

We do not intend to list the Old Notes or any Exchange Notes that may be issued under the exchange offer on any national securities exchange or seek the admission of the Old Notes or any Exchange Notes for quotation through any automated inter-dealer quotation system. As a result, an active trading market for the Notes may not develop or be sustained. If an active trading market for the Notes fails to develop or be sustained, the trading price of the Notes could be adversely affected.

The liquidity of the trading market for the Old Notes or any Exchange Notes and the trading price quoted for the Old Notes or any Exchange Notes may be adversely affected by many factors, some of which are beyond our control, including:

Prevailing interest rates;

Demand for high yield debt securities generally;

25

Table of Contents

General economic conditions;

Our financial condition, performance and future prospects;

Our credit rating; and

Prospects for companies in our industry generally.

Historically, the market of non-investment grade debt like the Notes has been subject to disruptions that have caused substantial market price fluctuations in the price of securities that are similar to the Notes. Therefore, even if a trading market for the Notes develops, it may be subject to disruptions and price volatility.

A downgrade, suspension or withdrawal of the rating assigned by a rating agency to the Notes, if any, could cause the liquidity or market value of the Notes to decline.

The Notes have been rated by rating agencies. A rating is not a recommendation to purchase, sell or hold the Notes. We cannot assure you that any rating assigned will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by a rating agency if, in that rating agency's judgment, circumstances relating to the basis of the rating, such as adverse changes in our business, so warrant. Any lowering or withdrawal of a rating by a rating agency could reduce the liquidity or market value of the Notes.

Risks Relating to the Exchange Offer

You may not be able to sell your Old Notes if you do not exchange them for Exchange Notes in the exchange offer.

If you do not exchange your Old Notes for Exchange Notes in the exchange offer, your Old Notes will continue to be subject to restrictions on transfer. In general, you may not offer, sell or otherwise transfer the Old Notes in the United States unless they are:

registered under the Securities Act;

offered or sold pursuant to an exemption from the Securities Act and applicable state securities laws; or

offered or sold in a transaction not subject to the Securities Act and applicable state securities laws.

The Issuers and the guarantors do not currently anticipate that they will register the Old Notes under the Securities Act and, except for the limited instances involving the initial purchasers or holders of the Old Notes who are not eligible to participate in the exchange offer or who do not receive freely transferable Exchange Notes in the exchange offer, they will not be under any obligation to do so under the registration rights agreement or otherwise.

Your ability to sell your Old Notes may be significantly more limited and the price at which you may be able to sell your Old Notes may be significantly lower if you do not exchange them for Exchange Notes in the exchange offer.

To the extent that the Old Notes are tendered and accepted for exchange in the exchange offer, the trading market for the Old Notes that remain outstanding may be significantly more limited. As a result, the liquidity of the Old Notes not tendered and accepted for exchange could be adversely affected. The extent of the market for Old Notes and the availability of price quotations would depend on a number of factors, including the number of holders of Old Notes remaining outstanding and the interest of securities firms in maintaining a market in the Old Notes. An issue of securities with a similar outstanding market value available for trading, which is called the float, may command a lower price than would be comparable to an issue of securities with a greater float. As a result, the market price for the Old Notes that are not exchanged in the exchange offer may be affected adversely to the extent that the Old Notes exchanged in the exchange offer reduce the float. The reduced float also may make the trading price of the Old Notes that are not exchanged more volatile.

Table of Contents

You must comply with the exchange offer procedures in order to receive new, freely tradable Exchange Notes.

Delivery of Exchange Notes in exchange for Old Notes tendered and accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of book-entry transfer of Old Notes into the exchange agent's account at DTC, as depositary, including an Agent's Message (as defined in *The Exchange Offer Procedures for Tendering Old Notes Through Brokers and Banks*). We are not required to notify you of defects or irregularities in tenders of Old Notes for exchange. Old Notes that are not tendered or that are tendered but we do not accept for exchange will, following consummation of the exchange offer, continue to be subject to the existing transfer restrictions under the Securities Act and, upon consummation of the exchange offer, certain registration and other rights under the registration rights agreement will terminate. See *The Exchange Offer Procedures for Tendering Old Notes Through Brokers and Banks* and *The Exchange Offer Consequences of Failure to Exchange*.

Some holders who exchange their Old Notes may be deemed to be underwriters, and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.

If you exchange your Old Notes in the exchange offer for the purpose of participating in a distribution of the Exchange Notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

In connection with the sale of the Old Notes, we entered into a registration rights agreement pursuant to which we agreed, for the benefit of the holders of the Old Notes, at our cost, to use our reasonable best efforts:

- (1) to file with the SEC an exchange offer registration statement pursuant to which we and the guarantors will offer, in exchange for the Old Notes, new notes identical in all material respects to, and evidencing the same indebtedness as, the Old Notes (but will not contain terms with respect to transfer restrictions or provide for the additional interest described below);
- (2) to cause the exchange offer registration statement to be declared effective under the Securities Act prior to January 29, 2014; and

(3) to cause the exchange offer to be consummated by February 28, 2014 (the *Consummation Deadline*). Under existing interpretations by the staff of the SEC as set forth in no-action letters issued to unrelated third parties and referenced below, we believe that the Exchange Notes issued in the exchange offer in exchange for the Old Notes may be offered for resale, resold and otherwise transferred by any exchange noteholder without compliance with the registration and prospectus delivery provisions of the Securities Act, if:

- (1) such holder is not an *affiliate* of ours within the meaning of Rule 405 of the Securities Act;
- (2) such Exchange Notes are acquired in the ordinary course of the holder's business; and
- (3) such holder has no arrangement or understanding with any person to participate in a distribution (within the meaning of the Securities Act) of the Exchange Notes.

Any holder who tenders in the exchange offer with the intention of participating in any manner in a distribution of the Exchange Notes:

- (1) cannot rely on the position of the staff of the SEC set forth in *Exxon Capital Holdings Corporation, Morgan Stanley & Co., Incorporated* or similar no-action letters; and
- (2) in the absence of an applicable exemption, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the Exchange Notes or it may incur liability under the Securities Act. We will not be responsible for, or indemnify against, any such liability.

If, as stated above, a holder cannot rely on the position of the staff of the SEC set forth in *Exxon Capital Holdings Corporation, Morgan Stanley & Co., Incorporated* or similar no-action letters, any effective registration statement used in connection with a secondary resale transaction must contain the selling security holder information required by Item 507 of Regulation S-K under the Securities Act.

We do not intend to seek our own interpretation regarding the exchange offer, and we cannot assure you that the staff of the SEC would make a similar determination with respect to the Exchange Notes as it has in other interpretations to third parties.

This prospectus may be used for an offer to resell, for the resale or for other retransfer of Exchange Notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the Old Notes for its own account as a result of market-making activities or other trading activities may participate in the exchange offer. Each broker-dealer that receives Exchange Notes for its own account in exchange for Old Notes, where such Old Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the Exchange Notes. Please read the section entitled *Plan of Distribution* for more details regarding

these procedures for the transfer of Exchange Notes. We have agreed, for a period of 180 days after the exchange offer is consummated, to make this prospectus available to any broker-dealer for use in connection with any resale of the Exchange Notes.

In order to participate in the exchange offer, each holder of Old Notes that wishes to exchange Old Notes for Exchange Notes in the exchange offer will be required to make the representations described below under Representations.

Shelf Registration Statement

In the event that:

- (1) we are not required to file the exchange offer registration statement or to consummate the exchange offer because the exchange offer is not permitted by law or SEC policy; or
- (2) for any reason, we do not consummate the exchange offer by February 28, 2014; or
- (3) any holder notifies us that:

it is not permitted under law or SEC policy to participate in the exchange offer;

it cannot publicly resell new notes that it acquires in the exchange offer without delivering a prospectus, and the prospectus contained in the exchange offer registration statement is not appropriate or available for resales by that holder;

it is a broker-dealer and holds Old Notes that it has not exchanged and that it acquired directly from us or one of our affiliates; or

an initial purchaser so requests (with respect to Old Notes that have not been resold and that it acquired directly from us or one of our affiliates);

then in addition to or in lieu of conducting the exchange offer, we will be required to file a shelf registration statement with the SEC to cover resales of the Old Notes or the Exchange Notes, as the case may be. In that case, we will use our reasonable best efforts to (a) cause the registration statement to become effective (i) in the case of clause (1) above, by the 90th day after we determine we are not permitted to file the exchange offer registration statement or to consummate the exchange offer due to a change in law or policy but in any event not earlier than January 29, 2014, (ii) in the case of clause (2) above, by the 90th day after the Consummation Deadline, and (iii) in the case of clause (3) above, by the 90th day after receipt of such notice but in any event not later than January 29, 2014, and (b) maintain the effectiveness of the registration statement for two years or such lesser period after which all the notes registered therein have been sold under the Securities Act.

Additional Interest

If (1) we have not filed the exchange offer registration statement or the shelf registration statement by the dates described above as required by the registration rights agreement, (2) the exchange offer registration statement or the shelf registration statement is not declared effective by the dates described above as required by the registration rights agreement, (3) we do not consummate the exchange offer described in this prospectus by the Consummation Deadline, or (4) the shelf registration statement is declared effective, but thereafter, subject to certain exceptions, ceases to be effective or usable in connection with resales of any Notes registered under the shelf registration statement during the periods specified in the registration rights agreement, then we will be in default under the registration rights agreement. If one or more of the registration defaults occurs, the annual interest rate on the Old Notes will increase by 0.25% per annum during the 90-day period immediately following such default. The amount of additional interest will increase by an additional 0.25% per annum at the end of each subsequent 90-day period until all registration defaults are cured, up to a maximum additional interest rate of 1.00% per annum. When we have cured all of the registration defaults, the interest rate on the Old Notes will revert immediately to the original level.

Table of Contents

The exchange offer is intended to satisfy our exchange offer obligations under the registration rights agreement. The Notes will not have rights to additional interest as set forth above upon the consummation of the exchange offer.

Terms of the Exchange Offer

We are offering to exchange up to \$250.0 million aggregate principal amount of the Exchange Notes, the issuance of which has been registered under the Securities Act, for an equal principal amount of the Old Notes. Upon the terms and subject to the conditions set forth in this prospectus, we will accept any and all Old Notes validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer. We will issue \$1,000 principal amount of Exchange Notes in exchange for each \$1,000 principal amount of Old Notes accepted in the exchange offer. Holders may tender some or all of their Old Notes pursuant to the exchange offer. However, Old Notes may be tendered only in denominations of \$2,000 of principal amount and any integral multiple of \$1,000 in excess thereof.

The form and terms of the Exchange Notes are the same as the form and terms of the Old Notes except that the Old Notes have been registered under the Securities Act and will not have transfer restrictions or contain the additional interest provisions of the Old Notes. The Exchange Notes will evidence the same debt as the Old Notes and will be issued under and entitled to the benefits of the indenture governing the Notes. Consequently, the Old Notes and the Exchange Notes will be treated as a single class of debt securities under the indenture governing the Notes.

As of the date of this prospectus, Old Notes representing \$250.0 million in aggregate principal amount were outstanding, and there was one registered holder, Cede & Co., as nominee of DTC. This prospectus is being sent to all registered holders of the Old Notes.

The exchange offer is not conditioned on any minimum aggregate principal amount of Old Notes being tendered for exchange.

We intend to conduct the exchange offer in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC. We will be deemed to have accepted for exchange properly tendered Old Notes when we have given written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the Exchange Notes from us and delivering the Exchange Notes to such holders.

Old Notes that are not tendered for exchange in the exchange offer or that are tendered but we do not accept for exchange will remain outstanding and continue to accrue interest and will continue to be entitled to the rights and benefits such holders have under the indenture relating to the Old Notes. The Old Notes that are not exchanged will continue to be subject to the existing transfer restrictions under the Securities Act and, upon consummation of the exchange offer, certain registration and other rights under the registration rights agreement will terminate. Holders of the Old Notes do not have any appraisal or dissenters' rights in connection with the exchange offer.

Holders who tender Old Notes in the exchange offer will not be required to pay brokerage commissions or fees or transfer taxes with respect to the exchange of Old Notes pursuant to the exchange offer. We will pay all charges and expenses, other than transfer taxes in certain circumstances, in connection with the exchange offer. See Fees and Expenses and Transfer Taxes below.

Expiration Date; Extensions; Amendments

The exchange offer will remain open for at least 30 days, and in all events will remain open for at least 20 full business days. The term "expiration date" will mean 5:00 p.m., New York City time, on January 16, 2014, unless we, in our sole discretion, extend the exchange offer, in which case the term "expiration date" will mean the latest date and time to which the exchange offer is extended.

Table of Contents

In order to extend the exchange offer, we will notify the exchange agent in writing of any extension. We will notify in writing by press release or other public announcement the registered holders of Old Notes of the extension no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion:

- (1) to delay accepting any Old Notes, to extend the exchange offer or, if any of the conditions to the exchange offer set forth below under Conditions to the Exchange Offer have not been satisfied, to terminate the exchange offer, by giving oral (promptly confirmed in writing) or written notice of such delay, extension or termination to the exchange agent; or

- (2) to amend the terms of the exchange offer in any manner.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by written notice to the registered holders by a press release or other public announcement. If we amend the exchange offer in a manner that we determine to constitute a material change in the exchange offer, or if we waive a condition to the exchange offer, we will promptly disclose such amendment or waiver in a manner reasonably calculated to inform the holders of Old Notes of such amendment or waiver, and we will extend the exchange offer period, if necessary, so that at least five business days remain in the exchange offer following notice of the material change. If we terminate the exchange offer as provided in this prospectus before accepting any Old Notes for exchange or if we amend the terms of the exchange offer in a manner that constitutes a fundamental change in the information set forth in the registration statement of which this prospectus forms a part, we will promptly file a post-effective amendment to the registration statement of which this prospectus forms a part. In addition, we will in all events comply with our obligation to promptly after expiration or termination of the exchange offer, as applicable, exchange all Old Notes properly tendered and accepted for exchange in the exchange offer and return all Old Notes not accepted for exchange.

Procedures for Tendering Old Notes Through Brokers and Banks

Since the Old Notes are represented by global book-entry notes, DTC, as depositary, or its nominee is treated as the registered holder of the Old Notes and will be the only entity that can tender your Old Notes for Exchange Notes. Therefore, to tender Old Notes subject to the exchange offer and to obtain Exchange Notes, you must instruct the institution where you keep your Old Notes to tender your Old Notes on your behalf so that they are received on or prior to the expiration of the exchange offer.

To tender your Old Notes in the exchange offer, you must:

- (1) comply with DTC's Automated Tender Offer Program (ATOP) procedures described below; and
- (2) the exchange agent must receive a timely confirmation of a book-entry transfer of the Old Notes into its account at DTC through ATOP pursuant to the procedure for book-entry transfer described below, along with a properly transmitted Agent's Message (defined below), before the expiration date.

IF YOU WISH TO ACCEPT THE EXCHANGE OFFER, PLEASE INSTRUCT YOUR BROKER OR ACCOUNT REPRESENTATIVE IN TIME FOR YOUR OLD NOTES TO BE TENDERED BEFORE THE

5:00 PM (NEW YORK CITY TIME) DEADLINE ON JANUARY 16, 2014.

In order to accept the exchange offer on behalf of a holder of Old Notes you must submit or cause your DTC participant to submit an Agent's Message as described below.

The exchange agent, on our behalf, will seek to establish an ATOP account with respect to the outstanding Old Notes at DTC promptly after the delivery of this prospectus. Any financial institution that is a DTC participant, including your broker or bank, may make book-entry tender of outstanding Old Notes by causing the

Table of Contents

book-entry transfer of such Old Notes into our ATOP account in accordance with DTC's procedures for such transfers. Concurrently with the delivery of Old Notes, an Agent's Message in connection with such book-entry transfer must be transmitted by DTC to, and received by, the exchange agent on or prior to 5:00 pm, New York City time on the expiration date. The confirmation of a book entry transfer into the ATOP account as described above is referred to herein as a Book-Entry Confirmation.

The term Agent's Message means a message transmitted by the DTC participants to DTC, and thereafter transmitted by DTC to the exchange agent, forming a part of the Book-Entry Confirmation which states that DTC has received an express acknowledgment from the participant in DTC described in such Agent's Message stating that such participant and beneficial holder agree to be bound by the terms of the exchange offer, including the letter of transmittal, and that the agreement may be enforced against such participant.

Each Agent's Message must include the following information:

- (1) Name of the beneficial owner tendering such Old Notes;
- (2) Account number of the beneficial owner tendering such Old Notes;
- (3) Principal amount of Old Notes tendered by such beneficial owner; and
- (4) A confirmation that the beneficial holder of the Old Notes tendered has made the representations for our benefit set forth under Representations below.

BY SENDING AN AGENT'S MESSAGE THE DTC PARTICIPANT IS DEEMED TO HAVE CERTIFIED THAT THE BENEFICIAL HOLDER FOR WHOM NOTES ARE BEING TENDERED HAS BEEN PROVIDED WITH A COPY OF THIS PROSPECTUS AND AGREES TO BE BOUND BY THE TERMS OF THE EXCHANGE OFFER, INCLUDING THE LETTER OF TRANSMITTAL.

The delivery of Old Notes through DTC, and any transmission of an Agent's Message through ATOP, is at the election and risk of the person tendering Old Notes. We will ask the exchange agent to instruct DTC to promptly return those Old Notes, if any, that were tendered through ATOP but were not accepted by us, to the DTC participant that tendered such Old Notes on behalf of holders of the Old Notes.

When you tender your outstanding Old Notes and we accept them, the tender will be a binding agreement between you and us as described in this prospectus. By using the ATOP procedures to exchange Old Notes, you will not be required to deliver a letter of transmittal to the exchange agent. However, you will be bound by its terms, and you will be deemed to have made the acknowledgements and the representations and warranties it contains, just as if you had signed it.

We will decide all questions about the validity, form, eligibility, time of receipt, acceptance and withdrawal of tendered Old Notes, and our reasonable determination will be final and binding on you. We reserve the absolute right to: (1) reject any and all tenders of any particular Old Note not properly tendered; (2) refuse to accept any Old Note if, in our reasonable judgment or the judgment of our counsel, the acceptance would be unlawful; and (3) waive any defects or irregularities or conditions of the exchange offer as to any particular Old Notes before the expiration of the

offer. Our interpretation of the terms and conditions of the exchange offer will be final and binding on all parties. You must cure any defects or irregularities in connection with tenders of Old Notes as we will reasonably determine. Neither us, the exchange agent nor any other person will incur any liability for failure to notify you of any defect or irregularity with respect to your tender of Old Notes. If we waive any terms or conditions pursuant to (3) above with respect to a noteholder, we will extend the same waiver to all noteholders with respect to that term or condition being waived.

Representations

To participate in the exchange offer, each holder of Old Notes that wishes to exchange Old Notes for Exchange Notes in the exchange offer will be required to make the following representations:

- (1) it has full corporate (or similar) power and authority to tender, exchange, assign and transfer the Old Notes and to acquire the Exchange Notes;
- (2) when the Old Notes are accepted for exchange, the Issuers will acquire good and unencumbered title to the tendered Old Notes, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim; and
- (3) if such holder is a broker dealer that will receive Exchange Notes for its own account in exchange for Old Notes that were acquired as a result of market-making or other trading activities, then such holder will comply with the applicable provisions of the Securities Act with respect to any resale of the Exchange Notes. See Plan of Distribution.

Broker-dealers who cannot make the representations in item (3) of the paragraph above cannot use this prospectus in connection with resales of the Exchange Notes issued in the exchange offer.

Each holder of Old Notes that wishes to exchange Old Notes for Exchange Notes in the exchange offer and any beneficial owner of those Old Notes also will be required to make the following representations:

- (1) neither the holder nor any beneficial owner of the Old Notes is an affiliate (as defined in Rule 405 under the Securities Act) of the Issuers;
 - (2) neither the holder nor any beneficial owner of the Old Notes is engaged in or intends to engage in, and has no arrangement or understanding with any person to participate in, a distribution (within the meaning of the Securities Act) of the Exchange Notes;
 - (3) any Exchange Notes to be acquired by the holder and any beneficial owner of the Old Notes pursuant to the exchange offer will be acquired in the ordinary course of business of the person receiving such Exchange Notes; and
 - (4) the holder is not acting on behalf of any person who could not truthfully make the foregoing representations.
- BY TENDERING YOUR OLD NOTES YOU ARE DEEMED TO HAVE MADE THESE REPRESENTATIONS.**

If you are our affiliate, as defined under Rule 405 of the Securities Act, if you are a broker-dealer who acquired your Old Notes in the initial offering and not as a result of market-making or trading activities, or if you are engaged in or intend to engage in or have an arrangement or understanding with any person to participate in a distribution of

Exchange Notes acquired in the exchange offer, you or that person:

- (1) cannot rely on the position of the staff of the SEC set forth in *Exxon Capital Holdings Corporation, Morgan Stanley & Co., Incorporated* or similar no-action letters; and
- (2) in the absence of an applicable exemption, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the Exchange Notes.

Acceptance of Outstanding Old Notes for Exchange; Delivery of Exchange Notes

We will accept validly tendered Old Notes when the conditions to the exchange offer have been satisfied or we have waived them. We will have accepted your validly tendered Old Notes when we have given written notice to the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving the Exchange Notes from us. If we do not accept any tendered Old Notes for exchange by book-entry transfer because of an invalid tender or other valid reason, we will credit the Old Notes to an account maintained with DTC promptly after the exchange offer terminates or expires.

Table of Contents

THE AGENT'S MESSAGE MUST BE TRANSMITTED TO THE EXCHANGE AGENT ON OR BEFORE 5:00 PM, NEW YORK CITY TIME, ON THE EXPIRATION DATE.

No Guaranteed Delivery

There are no guaranteed delivery procedures provided for by us in conjunction with the exchange offer. Holders of Old Notes must timely tender their Old Notes in accordance with the procedures set forth herein.

Withdrawal Rights

You may withdraw your tender of outstanding notes at any time before 5:00 p.m., New York City time, on the expiration date.

For a withdrawal to be effective, you should contact your bank or broker where your Old Notes are held and have them send an ATOP notice of withdrawal so that it is received by the exchange agent before 5:00 p.m., New York City time, on the expiration date. Such notice of withdrawal must:

- (1) specify the name of the person that tendered the Old Notes to be withdrawn;
- (2) identify the Old Notes to be withdrawn, including the CUSIP number and principal amount at maturity of the Old Notes; and

(3) specify the name and number of an account at the DTC to which your withdrawn Old Notes can be credited. We will decide all questions as to the validity, form and eligibility of the notices and our determination will be final and binding on all parties. Any tendered Old Notes that you withdraw will not be considered to have been validly tendered. We will promptly return any outstanding Old Notes that have been tendered but not exchanged, or credit them to the DTC account. You may re-tender properly withdrawn Old Notes by following one of the procedures described above before the expiration date.

Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer, we are not required to accept for exchange, or to issue Exchange Notes in exchange for, any Old Notes and may terminate or amend the exchange offer if, at any time before the expiration of the exchange offer, (1) we determine that the exchange offer violates applicable law, any applicable interpretation of the staff of the SEC or any order of any governmental agency or court of competent jurisdiction or (2) any action or proceeding has been instituted or threatened in any court or before any governmental agency with respect to the exchange offer which, in our reasonable judgment, could reasonably be expected to impair our ability to proceed with the exchange offer or have a material adverse effect on us.

The foregoing conditions are for our sole benefit and may be asserted by us regardless of the circumstances giving rise to any such condition or may be waived by us in whole or in part at any time before the expiration of the exchange offer in our sole discretion. Our failure to exercise any of the foregoing rights at any time will not be deemed a waiver of any such right and each such right will be deemed an ongoing right which may be asserted at any time before the expiration of the exchange offer. If we waive any conditions of the exchange offer, we will promptly disclose such

waiver in a manner reasonably calculated to inform the holders of the Old Notes of such waiver.

In addition, we will not accept for exchange any Old Notes tendered, and no Exchange Notes will be issued in exchange for any Old Notes, if at such time any stop order will be threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939, as amended. In any such event we are required to use our reasonable best efforts to promptly obtain the withdrawal of any stop order.

Fees and Expenses

The principal solicitation is being made through DTC by The Bank of New York Mellon Trust Company, N.A., as exchange agent. We will pay the exchange agent customary fees for its services, reimburse the exchange agent for its reasonable out-of-pocket expenses incurred in connection with the provision of these services and pay other registration expenses, including registration and filing fees and expenses, fees and expenses of compliance with federal securities and state securities or blue sky securities laws, printing expenses, messenger and delivery services and telephone, fees and disbursements to our counsel, application and filing fees and any fees and disbursements to our independent certified public accountants. We will not make any payment to brokers, dealers, or others soliciting acceptances of the exchange offer except for reimbursement of mailing expenses.

Accounting Treatment

The Exchange Notes will be recorded at the same carrying value as the existing Old Notes, as reflected in our accounting records on the date of exchange. Accordingly, we will recognize no gain or loss for accounting purposes. The expenses of the exchange offer will be capitalized and expensed over the term of the Exchange Notes.

Transfer Taxes

If you tender outstanding Old Notes for exchange you will not be obligated to pay any transfer taxes. However, if you instruct us to register Exchange Notes in the name of, or request that your Old Notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder, you will be responsible for paying any transfer tax owed.

Table of Contents

Consequences of Failure to Exchange

If you do not tender your outstanding Old Notes, you will not have any further registration rights, except for the rights described in the registration rights agreement and described above, and your Old Notes will continue to be subject to the provisions of the indenture governing the Notes regarding transfer and exchange of the Old Notes and the restrictions on transfer of the Old Notes imposed by the Securities Act and states securities law when we complete the exchange offer. These transfer restrictions are required because the Old Notes were issued under an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, if you do not tender your Old Notes in the exchange offer, your ability to sell your Old Notes could be adversely affected. Once we have completed the exchange offer, holders who have not tendered Old Notes will not continue to be entitled to any additional interest that the indenture governing the Notes provides for if we do not complete the exchange offer.

Other

Participation in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial, tax, legal and other advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered Old Notes in the open market or in privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any Old Notes that are not tendered in the exchange offer or to file a shelf registration statement to permit resales of any untendered Old Notes.

Table of Contents

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any proceeds from the issuance of the Exchange Notes. In consideration for issuing the Exchange Notes, we will receive, in exchange, Old Notes in like principal amount. The form and terms of the Exchange Notes are identical to the form and terms of the Old Notes, except as otherwise described under the heading **The Exchange Offer Terms of the Exchange Offer**. The Old Notes properly tendered and exchanged for Exchange Notes will be retired and cancelled. Accordingly, issuance of the Exchange Notes will not result in any change in our capitalization. We have agreed to bear the expense of the exchange offer.

Composition of the Board

Our board of directors currently consists of eleven individuals and each of our outside directors satisfies the NYSE's listing standards for independence. In making its determination that each of our directors other than Mr. Bernfield is independent, our board considered (i) with respect to the directors affiliated with Lindsay Goldberg, the ownership of common stock by Lindsay Goldberg and (ii) with respect to Mr. Bobins, (1) the fact that he serves as the non-executive chairman of The PrivateBank and Trust Company, one of the lenders under our Revolving Credit Facility, (2) that, while he was serving as a member of the advisory board to our company, he facilitated the introduction of our company to Lindsay Goldberg for which he received a cash payment from Lindsay Goldberg and a 1% profits interest in LG Aviv L.P., the legal entity through which Lindsay Goldberg holds its interest in Aviv REIT, and (3) the fact that he continues to serve as a consultant to Lindsay Goldberg.

Nomination of Directors

Pursuant to the terms of an Investment Agreement between us and Lindsay Goldberg, so long as Lindsay Goldberg holds at least 27.5% of our common stock (assuming all partnership units of our operating partnership are exchanged for shares of our common stock), Lindsay Goldberg will have the right to designate three of our nominees for election as directors, subject to stockholder vote. The right to designate nominees decreases as follows (in each case assuming all partnership units of our operating partnership are exchanged for shares of our common stock):

if Lindsay Goldberg owns less than 27.5%, but at least 18.0%, then it will be entitled to designate two nominees;

if Lindsay Goldberg owns less than 18.0%, but at least 10%, then it will be entitled to designate one nominee;

if Lindsay Goldberg owns less than 10%, then it will no longer be able to designate any nominees.

Board Leadership Structure

Due to our Chairman's service as Chief Executive Officer of our company, he does not meet the NYSE's standards for independence. Recognizing the importance of highly independent and empowered directors, the independent directors have appointed Ben Perks, the chair of the audit committee, as the Lead Independent Director. The Lead Independent

Director's responsibilities include, among others, presiding at the meetings of independent directors, advising the Chairman as to the quality, quantity and timeliness of information sent to the board and serving as the principal liaison and facilitator between the independent directors and the Chairman.

Board Committees

In connection with our initial public offering in March 2013, our board of directors appointed an audit committee, a compensation committee and a nominating and corporate governance committee. Membership of

Table of Contents

each committee is composed of three directors who are each independent by reference to the rules, regulations and listing standards of the NYSE. Our board of directors may from time to time establish other committees to facilitate the management of our company. Copies of the charters of each committee are posted on our website at www.avivreit.com.

Audit Committee

The audit committee helps ensure the integrity of our financial statements, the qualifications and independence of our independent auditors and the performance of our internal audit function and independent auditors. The audit committee selects, assists and meets with the independent auditors, oversees each annual audit and quarterly review, establishes and maintains our internal audit controls and prepares the report that U.S. federal securities laws require to be included in our annual proxy statement. Mr. Perks chairs our audit committee and serves as our audit committee financial expert, as that term is defined by the SEC, and Mr. Bobins and Mr. Parrell serve as members of this committee.

Compensation Committee

The compensation committee reviews and approves the compensation and benefits of our executive officers, administers and makes recommendations to our board of directors regarding our compensation and stock incentive plans and produces an annual report on executive compensation for inclusion in our proxy statement. Mr. Roth chairs our compensation committee and Ms. O Keefe and Mr. Triedman serve as members of this committee.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee develops and recommends to our board of directors a set of corporate governance principles, a code of ethics and policies with respect to conflicts of interest, monitors our compliance with corporate governance requirements of state and U.S. federal law and the rules and regulations of the NYSE, establishes criteria for prospective nominees for election as directors, conducts candidate searches and interviews, oversees and evaluates our board of directors and management, evaluates from time to time the appropriate size and composition of our board of directors, recommends, as appropriate, increases, decreases and changes in the composition of our board of directors and formally proposes the slate of directors to be elected at each annual meeting of our stockholders. Ms. Lichtenstein chairs our nominating and corporate governance committee and Mr. Dees and Dr. McClellan serve as members of this committee.

Code of Ethics

Our board of directors has adopted a code of ethics that applies to all of our directors, officers and employees, including our Chief Executive Officer and Chief Financial Officer. The code addresses, among other things, honesty and ethical conduct, conflicts of interest, compliance with laws, regulations and policies, including disclosure requirements under the federal securities laws, confidentiality, trading on insider information and reporting of violations to the code. A copy of our code of ethics is posted on our website at www.avivreit.com.

Compensation Committee Interlocks and Insider Participation

There are no compensation committee interlocks and none of our employees participate on the compensation committee.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers that obligate us to indemnify them to the maximum extent permitted by Maryland law. The indemnification

Table of Contents

agreements provide that, if a director or executive officer is a party to, or witness in, or is threatened to be made a party to, or witness in, any proceeding by reason of his or her service as a director, trustee, officer, employee or agent of our company or of any other corporation, partnership, limited liability company, joint venture, trust, employee benefit plan or other enterprise that he or she is or was serving in such capacity at our request, we must indemnify the director or executive officer for all expenses and liabilities actually and reasonably incurred by him or her, or on his or her behalf, to the maximum extent permitted under Maryland law, including in any proceeding brought by the director or executive officer to enforce his or her rights under the indemnification agreement, to the extent provided by the agreement. The indemnification agreements also require us to advance reasonable expenses incurred by the indemnitee within ten days of the receipt by us of a statement from the indemnitee requesting the advance, provided the statement reasonably evidences the expenses and includes, is accompanied or is preceded by:

a written affirmation of the indemnitee's good faith belief that he or she has met the standard of conduct necessary for indemnification; and

a written undertaking by the indemnitee or on his or her behalf to repay the amount paid if it shall ultimately be established that the standard of conduct has not been met.

The indemnification agreements also provide for procedures for the determination of entitlement to indemnification, including requiring such determination be made by independent counsel after a change of control of our company.

Maryland law permits a Maryland corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made, or threatened to be made, a party by reason of their service in those or other capacities unless it is established that (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding and either was committed in bad faith or was the result of active and deliberate dishonesty, (b) the director or officer actually received an improper personal benefit in money, property or services, or (c) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

In addition, our charter and bylaws provide for indemnification of our directors and officers, and our directors and officers may be entitled to indemnification pursuant to the terms of the partnership agreement of our operating partnership.

Insofar as the foregoing provisions permit indemnification of directors, officers or persons controlling us for liability arising under the Securities Act, we have been informed that in the opinion of the SEC, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Stock Ownership Guidelines

We have implemented stock ownership guidelines for our Chief Executive Officer and other senior executives. Our executives are required to maintain equity ownership of a number of shares whose value equals a multiple of his or her base salary. Our CEO is required to hold five times his base salary, while each of our named executive officers are required to hold three times his or her base salary. The executives have five years from our initial public offering to achieve these guidelines.

We have also implemented stock ownership guidelines for our directors. Our directors are required to maintain equity ownership of a number of shares whose value equals five times his or her base annual cash retainer. The directors have five years from our initial public offering to achieve these guidelines. Lindsay Goldberg's stock ownership is attributed to Messrs. Dees, Goldberg and Triedman for purposes of these guidelines.

Executive Compensation

The following summary of the compensation arrangements of our named executive officers (defined in 2012 as our Chairman and Chief Executive Officer, our President and Chief Operating Officer and our Executive Vice President, General Counsel and Secretary) and our directors should be read together with the executive compensation tables and related footnote disclosures detailed below.

Compensation Program Objectives

The primary goal of our executive compensation program is to attract, motivate and retain top-caliber talent needed to lead us in achieving business success. Our compensation approach has traditionally been reflective of the operation of our business as a closely held private company and the compensation tools available to us in that structure. Historically, the principal owners have been solely responsible for setting and adjusting the overall design of our pay programs for the named executive officers. Our Chairman and Chief Executive Officer has negotiated executive compensation packages as part of the hiring process and reviewed each executive's compensation as part of the annual performance review and budgeting process.

Evolution of Our Compensation Program

Our compensation philosophy is to provide market median compensation opportunity levels which can only be achieved upon satisfaction of our operating and financial goals and objectives. We have implemented a performance-based compensation program to ensure that our executives only receive competitive levels of compensation if our financial and operating goals are met and/or exceeded.

We retained Pay Governance LLC, the Consultant, to assist us in assessing competitive market pay levels and program designs. In establishing compensation opportunity levels for our executive officers for 2012, the Consultant gathered compensation data from a number of sources:

proxy data obtained from publicly-traded healthcare industry REITs or real estate companies;

proxy data obtained from publicly-traded REITs or real estate companies of similar size to us, as measured by market capitalization; and

survey data obtained from the NAREIT Compensation Survey, which includes more than 100 participating companies, which was adjusted to include participants of similar size and/or industry/asset focus to us.

We believe that the comparator groups (which we define as publicly-traded REITs and real estate companies of relevant industry and/or size scope) constitute a critical component of the market where we compete for executive talent. At the time of our 2011 executive compensation review, our two comparator groups were comprised of the following organizations:

*Publicly-Traded Health Care Industry REITs and Real Estate Companies**

Edgar Filing: Norwalk ALF Property, L.L.C. - Form 424B3

Health Care REIT Inc.

Omega Healthcare Investors Inc.

Healthcare Realty Trust Inc.

Sabra Health Care

LTC Properties Inc.

Senior Housing Properties Trust

Medical Properties Trust Inc.

Universal Health Realty Income Trust

National Health Investors Inc.

* In addition to these nine companies, we also reviewed pay design practices for two other industry peers, HCP, Inc. and Ventas, who are too large to use in direct pay level comparisons.

Recent Changes to our Compensation Program

In July 2013, after the consummation of our initial public offering, our compensation committee reviewed our executive compensation program. Based on such review, the committee maintained our compensation philosophy of targeting executive pay to approximate the median of a competitive market, defined by reference to other publicly-traded real estate companies of a similar size, and delivering the majority of executive compensation opportunity through performance-based programs designed to provide that our executives earn competitive pay only if our performance warrants.

Our post-offering annual incentive program reflects prevalent practices among our competitive market and provides our named executive officers the opportunity to earn cash incentive awards based on the level of achievement of pre-defined measures of our financial performance that we believe are most closely linked to stockholder value. Our named executive officers have the vast majority of their annual incentive opportunity tied to these pre-defined measures. Our compensation committee also implemented a long-term incentive program under the Company's 2013 Long-Term Incentive Plan that provides named executive officers the opportunity to earn shares of our stock primarily upon our achievement of competitive total shareholder return in comparison to defined groups and/or indices of publicly-traded real estate companies over a three-year performance period. The ultimate value of any of these awards, if any, will be directly tied to future relative total shareholder return, future share price and dividend performance. See the description of our 2013 Long-Term Incentive Plan below under 2013 Long-Term Incentive Plan.

The following is the compensation structure for our named executive officers and our Chief Financial Officer and Treasurer for 2013:

applicable metric shall equate to 50% of the target award, achieving 100% of the metric shall equate to 100% of the target award, achieving 115% of the metric shall equate to 200% of the target award, and award levels shall be extrapolated for achieving between 85% and 115% of the applicable metric.

The RSUs are 75% performance-based and 25% time-based. The performance-based RSUs are tied to levels of total shareholder return (TSR) over a two year and three year period (cliff vesting), except that for purposes of phasing in this policy the 2013 performance-based awards will vest ratably as follows: One half will be eligible to vest at the end of 2014 (with vesting based on continued employment and TSR performance from the initial public offering through the end of 2014) and one half will be eligible to vest at the end of 2015 (with vesting based on continued employment and TSR performance from the initial public offering through the end of 2015). Relative performance will be measured approximately 50% against companies comprising the NAREIT Equity Index and approximately 50% against the companies comprising the Bloomberg Healthcare REIT Index. Payouts will be based on percentile ranking as compared to the comparison group, with 200% of the target award vesting for achieving the 75th percentile or above, 150% of the target award vesting for achieving the 63rd percentile or above, 100% of the target award vesting for achieving the 50th percentile or above and 50% of the target award vesting for achieving the 30th percentile or above. The time-based RSUs generally will vest if the NEO is still employed at the end of a three-year period (cliff vesting), except that for purposes of phasing in this policy the 2013 time-based awards will vest ratably as follows: One half will be eligible to vest at the end of 2014 (with vesting based on continued employment) and one half will be eligible to vest at the end of 2015 (with vesting based on continued employment). The number of RSUs granted were determined based on the Company s initial public offering price, and granted in the following amounts:

Base salaries have historically been reviewed annually and adjustments made where deemed appropriate, or at other times to reflect significant changes in job responsibilities or market conditions.

Annual Incentive Awards

For fiscal year 2012, cash awards were earned under our annual incentive program. Target annual incentive opportunities were set based on our employee pay structure and internal equity considerations. Incentive awards were paid in lump sum by March 15th of 2013.

Table of Contents

The table below illustrates the annual incentive award opportunity levels for our named executive officers, as a percent of base salary.

Equity Awards*Class D Unit Awards*

Messrs. Insoft and Kovitz, along with a number of our employees, were granted Class D units in our operating partnership.

Mr. Insoft received a grant of 2,000 Class D units in January of 2006 following his commencement of employment with us. His award of 2,000 Class D units reflected his relative status in the organization as the Senior Vice President, Finance, in consideration of the size of the awards provided to other employees and expectations for him to become the Chief Financial Officer and contribute to our long-term success. We also intended for his award to provide a meaningful retention value.

The Class D units vest as follows:

20% vested on December 31, 2010;

40% vested on December 31, 2011; and

the remaining 40% vest upon the earlier of:

expiration of a lock-up period with respect an initial public offering by us; and

at the time of certain fundamental transactions involving Aviv Healthcare Properties Limited Partnership; subject to the named executive officer's employment with us through the applicable vesting date.

Table of Contents

Mr. Kovitz received a grant of 2,500 Class D units in August 2005. Mr. Kovitz was, and is, a key contributor to our company's future growth objectives. His award of 2,500 Class D units reflected this relative status within our company and our desire to align his interests with those of investors and retain him.

The Class D units described above were converted into OP Units of our operating partnership in connection with the reorganization of our operating partnership upon the consummation of our initial public offering.

Phantom Class C Units

In 2007, Mr. Insoft was also granted phantom Class C units in our operating partnership with a value equal to 5% of the Class C units as of any date. Mr. Insoft was granted the phantom Class C units as part of discussions related to his hiring, given our desire for him to participate in an equity-based arrangement that would align him with investors. The final value and terms and conditions of the grant itself were finalized after his hiring date. The grant was made in November of 2007 in recognition of our goals to align him with investors and his anticipated role as CFO. In addition, we wanted to recognize the value of unvested awards that Mr. Insoft was forfeiting at his prior employer in his decision to join our organization.

All of the phantom Class C units granted vested on or prior to December 31, 2012 and 60% were settled in Class C units. The Class C units were converted into OP Units of our operating partnership in connection with the reorganization of our operating partnership upon the consummation of our initial public offering.

Management Incentive Plan

Each of our named executive officers was granted awards under our Management Incentive Program (MIP), which was adopted in 2010 in conjunction with our Lindsay Goldberg recapitalization. Outstanding awards granted under the MIP have two components, which are described in the table below.

MIP Award Type	Description	Vesting Treatment
Time-Based Nonqualified Stock Options	Option to purchase shares of common stock of Aviv REIT, Inc. at a price established at the time of grant, subject to time-based vesting	Annually in 25% tranches over 4 years beginning on 1st anniversary of grant date, with accelerated vesting upon a liquidity event, subject to employment with us through the applicable vesting date
Performance-Based Nonqualified Stock Options	Option to purchase shares of common stock of Aviv REIT, Inc. at a price established at the time of grant, subject to performance-based vesting	Fully upon a liquidity event, provided that Lindsay Goldberg has achieved a 15% internal rate of return on its investment in us, subject to employment with us through such date

In connection with our initial public offering, all options outstanding under the MIP, representing options to purchase 5,870,318 shares with a weighted average exercise price of \$17.47 per share, became fully-vested. In addition, named executive officers received dividend equivalents on their options awarded under the MIP. During 2012, dividend equivalents were paid on time-based options on (i) the date of vesting, with respect to any portion of a time-based

option that was unvested on the date the dividend equivalent was accrued, and (ii) the last day of the calendar quarter in which such dividends were paid to our stockholders, with respect to any portion of a time-based option vested as of the date the dividend equivalent was accrued. Dividend equivalents accrued and

unpaid prior to the consummation of our initial public offering in the approximate amount of \$14.8 million were paid in shares of our common stock, net of applicable withholding of approximately \$6.5 million, in an amount based on the initial public offering price of our common stock, as follows:

MIP Award Type	Dividend Equivalent Payment Date
Unvested portion of time-based option that vested in connection with consummation of our initial public offering	Date that is 15 calendar days after the consummation of our initial public offering
Portion of time-based option that was vested prior to the consummation of our initial public offering	April 1, 2013
Performance-based option	Date that is 15 calendar days after the consummation of our initial public offering
No dividend equivalents were paid for any MIP options with respect to periods after the date of our initial public offering.	

Management Equity Interests in LG Aviv L.P.

In connection with our initial public offering, the holders of option awards under the MIP received a new class of units of LG Aviv L.P., the legal entity through which Lindsay Goldberg holds its interest in Aviv REIT, equal to the number of options held by such persons immediately prior to the consummation of our initial public offering. Under the limited partnership agreement of LG Aviv L.P., the units are entitled to receive an aggregate distribution amount equal to 14.9% of the dividend distributions declared and received by LG Aviv L.P. after the consummation of our initial public offering in respect of its shares of our common stock. The distribution amount will be paid ratably to each holder of such units on the distribution date in the proportion that the total number of units held by such holder bears to the total outstanding units of the same class. Any units payments will be paid if at all, on the earlier of (i) the last day of the calendar quarter in which dividends were paid to our stockholders and (ii) three business days following the named executive officer's termination of employment with us.

Establishment of 2013 Long-Term Incentive Plan

Upon consummation of our initial public offering, in order to help facilitate implementation of our future compensation programs as a public company, we adopted the Aviv REIT, Inc. 2013 Long-Term Incentive Plan, or 2013 Long-Term Incentive Plan. The 2013 Long-Term Incentive Plan is structured with a view to providing our compensation committee with flexibility to structure a compensation program that provides a range of potential incentive awards to our executive officers, directors, employees and consultants generally, on a going-forward basis. For example, the plan provides our compensation committee with the discretion to determine the portion of each executive officer's total compensation that will consist of awards under the plan, the forms and mix of the awards, and the service-based requirements and/or performance goals the officer will have to satisfy to receive the awards. The compensation philosophy and objectives adopted by our compensation committee determine the structure of the awards granted by our compensation committee pursuant to the new incentive plan.

For a more detailed discussion of the 2013 Long-Term Incentive Plan, see [Executive Compensation 2013 Long-Term Incentive Plan](#) below.

Benefits and Perquisites

Each of our named executive officers participates in the retirement and health/welfare benefit plans generally available to all employees. In 2012, we did not offer any perquisites to our named executive officers.

Table of Contents**Tax Implications**

Section 162(m) of the Code precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its four other highest paid executive officers, unless such compensation is performance based and certain specific and detailed criteria are satisfied. Our executives, and all other employees, are employed by AAM, which is a subsidiary of Aviv REIT, Inc., and not by Aviv REIT, Inc. As a result, we believe that we are not currently subject to the \$1 million compensation deduction limit under Section 162(m) of the Code.

The following table sets forth the 2012 and 2011 compensation earned by or granted to (i) our Chairman and Chief Executive Officer, (ii) our President and Chief Operating Officer and (iii) our Executive Vice President, General Counsel and Secretary, each of whom was serving as an executive officer on December 31, 2012.

- (1) Reflects the value of the time-based MIP awards that were granted in each year. While the time-based options have a grant date fair market value for financial reporting purposes, the performance-based options have a grant date fair value but it is impossible to know at the time of grant the likelihood of vesting due to the return threshold and employment requirements. Accordingly, the value of the performance-based options are not reflected above, but the number of shares and exercise price applicable to such options are reflected in the 2012 Outstanding Equity Awards at Fiscal Year End table below.

Potential Payments Upon Change of Control

As described above, the following will result from certain change in control transactions:

40% of the Class D units held by each named executive officer will become vested upon the earlier of:

expiration of a lock-up period with respect to an initial public offering by us; and

at the time of certain fundamental transactions involving Aviv Healthcare Properties Limited Partnership.

Unvested time-based options under the MIP become vested upon a liquidity event, subject to employment with us through such date.

Performance-based options under the MIP become fully vested upon a liquidity event, provided that Lindsay Goldberg has achieved a 15% internal rate of return on its investment in us, subject to employment with us through such date.

2013 Long-Term Incentive Plan

In connection with the consummation of our initial public offering, we adopted the Aviv REIT, Inc. 2013 Long-Term Incentive Plan. The purposes of the plan are to attract and retain qualified persons upon whom, in large measure, our sustained progress, growth and profitability depend, to motivate the participants to achieve

Table of Contents

long-term company goals and to more closely align the participants' interests with those of our other stockholders by providing them with a proprietary interest in our growth and performance. Our executive officers, employees, consultants and non-employee directors are eligible to participate in the plan. Under the plan, 2,000,000 shares of our common stock are available for issuance.

The plan is administered by our compensation committee, which interprets the plan and has broad discretion to select the eligible persons to whom awards will be granted, as well as the type, size and terms and conditions of each award, including the exercise price of stock options, the number of shares subject to awards and the expiration date of, and the vesting schedule or other restrictions (including, without limitation, restrictive covenants) applicable to, awards.

Type and Amount of Awards

The plan allows us to grant the following types of awards:

options (non-qualified and incentive stock options);

stock appreciation rights, or SARs;

restricted stock;

unrestricted stock;

restricted stock units; and

performance units.

In any calendar year, no participant may be granted awards for options, SARs, restricted stock, unrestricted stock, restricted stock units, or performance units (or any other award that is determined by reference to the value of shares of our common stock or appreciation in the value of such shares) that exceed, in the aggregate, 500,000 underlying shares of our common stock. With respect to awards which are not based on the fair market value of our common stock, no participant may receive cash or shares of our common stock with a fair market value at the time of settlement that exceeds \$4 million.

The following are descriptions of the types of awards allowed under the plan:

Stock Options. Options may be granted by our compensation committee and may be either nonqualified options or incentive stock options. Options are subject to the terms and conditions, including vesting conditions, set by our compensation committee (and incentive stock options are subject to further statutory restrictions that are set forth in the plan). The exercise price for all stock options granted under the plan will be determined by our compensation committee, except that no stock options can be granted with an exercise price that is less than 100% of the fair market value of our common stock on the date of grant. Further, stockholders who own greater than 10% of our voting stock will not be granted incentive stock options that have an exercise price less than 110% of the fair market value of our

common stock on the date of grant. The term of all stock options granted under the plan will be determined by our compensation committee, but may not exceed 10 years (five years for incentive stock options granted to stockholders who own greater than 10% of our voting stock). No incentive stock option may be granted to an optionee, which, when combined with all other incentive stock options becoming exercisable in any calendar year that are held by that optionee, would have an aggregate fair market value in excess of \$100,000. In the event an optionee is awarded \$100,000 in incentive stock options in any calendar year, any incentive stock options in excess of \$100,000 granted during the same year will be treated as non-qualified stock options. Each stock option will be exercisable at such time and pursuant to such terms and conditions as determined by our compensation committee in the applicable stock option agreement. Each option gives the participant the right to receive a number of shares of our common stock upon exercise of the option and payment of the exercise price. The exercise price may be paid in cash (including cash obtained through a broker

Table of Contents

selling the share acquired on exercise), shares of our common stock (if approved by our compensation committee), or any combination of cash and shares of such common stock.

Stock Appreciation Rights, or SARs. All SARs must be granted on a stand-alone basis (i.e., not in conjunction with stock options granted under the plan). A SAR granted under the plan entitles its holder to receive, at the time of exercise, an amount per share equal to the excess of the fair market value (at the date of exercise) of a share of our common stock over a specified price, known as the strike price, fixed by our compensation committee, which will not be less than 100% of the fair market value of our common stock on the grant date of the SAR. Payment may be made in any manner as determined by our compensation committee.

Restricted Stock, Unrestricted Stock and Restricted Stock Units. Restricted stock is our common stock that is forfeitable until the restrictions lapse. Unrestricted stock is our common stock that is not subject to time-based, performance or other restrictions. Restricted stock units are rights granted as an award to receive shares of our common stock, cash or any combination thereof, conditioned upon the satisfaction of restrictions imposed by our compensation committee. Our compensation committee will determine the restrictions for each award and the purchase price in the case of restricted stock, if any. Restrictions on the restricted stock and restricted stock units may include time-based restrictions, the achievement of specific performance goals or, in the case of restricted stock units, the occurrence of a specific event. Vesting of restricted stock and restricted stock units is conditioned upon the participant's continued employment. Participants do not have voting rights in restricted stock units. If the performance goals are not achieved or the restrictions do not lapse within the time period provided in the award agreement, the participant will forfeit his or her restricted stock and/or restricted stock units.

Performance Units. Performance units are any grant of (1) a bonus consisting of cash the amount and value of which, and/or the receipt of which, is conditioned upon the achievement of certain performance goals specified by our compensation committee, or (2) a unit valued by reference to a designated amount of property. Performance units may be paid in cash, shares of our common stock or any combination thereof. Our compensation committee will determine the number and terms of all performance units, including the performance goals and performance period during which such goals must be met. If the performance goals are not attained during the performance period specified in the award agreement, the participant will forfeit all of his or her performance units.

Change of Control

Our compensation committee may, in order to maintain a participant's rights in the event of any change of control of our company, (1) make any adjustments to an outstanding award to reflect such change of control or (2) cause the acquiring or surviving entity to assume or substitute rights with respect to an outstanding award. Furthermore, the compensation committee may cancel any outstanding awards (whether or not vested and whether or not any performance goals or any performance period is met) as of the date of the change of control in exchange for a payment in cash, stock of the corporation resulting from the change of control or no payment at all, depending upon the value of such award. Our compensation committee may include further provisions in any award agreement as it may deem desirable regarding a change of control, including, but not limited to, providing for accelerated vesting or payment of an award upon a change of control.

Termination of Employment

With respect to stock options and SARs granted pursuant to an award agreement, unless the applicable award agreement provides otherwise, in the event of a participant's termination of employment or service for any reason other than cause, disability or death, such participant's stock options or SARs (to the extent exercisable at the time of such termination) will remain exercisable until 90 days after such termination and thereafter will be cancelled and forfeited

to us. Unless the applicable award agreement provides otherwise, in the event of a participant's termination of employment or service due to disability or death, such participant's stock options or SARs (to the extent exercisable at the time of such termination) will remain exercisable until one year after such

Table of Contents

termination and thereafter will be cancelled and forfeited to us. In the event of a participant's termination of employment or service for cause, such participant's outstanding stock options or SARs will immediately be cancelled and forfeited to us.

Unless the applicable award agreement provides otherwise, (1) with respect to restricted stock, in the event of a participant's termination of employment or service for any reason other than death or disability, all unvested shares will be forfeited to us, (2) upon termination because of death or disability, all unvested shares of restricted stock will immediately vest, and (3) all performance units and unvested restricted stock units will be forfeited upon termination for any reason. Unrestricted stock is fully vested and nonforfeitable on the date it is granted.

Amendment and Termination

Unless the plan is earlier terminated by our board of directors, the plan will automatically terminate on the date which is ten years following the effective date of the plan. Awards granted before the termination of the plan may extend beyond that date in accordance with their terms. Our compensation committee is permitted to amend the plan or the terms and conditions of outstanding awards, including to extend the exercise period and accelerate the vesting schedule of such awards, but no such action may adversely affect the rights of any participant with respect to outstanding awards without the applicable participant's written consent and no such action or amendment may violate rules under Section 409A of the Code regarding the form and timing of payment of deferred compensation. Our board of directors must approve any increase in the number of shares issuable under the plan. Stockholder approval of any such amendment will be obtained if required to comply with applicable law or the rules of the NYSE.

Transferability

Unless otherwise determined by our compensation committee, awards granted under the plan are not transferable except by will or the laws of descent and distribution. Our compensation committee will have sole discretion to permit the transfer of an award to certain family members and other entities specified in the plan.

Adjustments

In the event a stock dividend, stock split, reorganization, recapitalization, spin-off, or other similar event affects shares such that our compensation committee determines an adjustment to be appropriate to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the plan, the compensation committee will (among other actions and subject to certain exceptions) adjust the number and type of shares available under the plan, the number and type of shares subject to outstanding awards and the exercise price of outstanding stock options and other awards. Our board of directors must approve any increase in the number of shares issuable under the plan. Stockholder approval of any such adjustment will be obtained if required to comply with applicable law or the rules of the NYSE.

401(k) Plan

We maintain a 401(k) plan for our eligible employees, including our named executive officers. We have not historically made matching contributions or profit sharing contributions to the 401(k) plan. An employee's deferrals under our 401(k) plan are 100% vested and nonforfeitable when made to the plan.

Director Compensation

Each of our non-employee directors (excluding Messrs. Dees, Goldberg and Triedman) receive the following as compensation for services as a director: an annual cash retainer of \$50,000 and an annual equity grant of unrestricted common stock with a grant-date fair value of \$65,000. Our Lead Independent Director receives an additional annual equity grant of unrestricted common stock with a grant-date fair value of \$10,000.

Table of Contents

The equity awards granted to our directors are made pursuant to our 2013 Long-Term Incentive Plan. The director who serves as chair of the audit committee receives an additional annual cash retainer of \$15,000, and the directors who serve as chairs of the compensation committee and the nominating and corporate governance committee each receive an additional annual cash retainer of \$7,500. Neither Messrs. Dees, Goldberg and Triedman nor Mr. Bernfield, our Chief Executive Officer, receive compensation for their services as directors. We do not provide any per-meeting compensation to any of our directors. All members of our board of directors are reimbursed for their reasonable costs and expenses incurred in attending our board meetings.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related party transactions are transactions in which we are a participant where the amount involved exceeds \$120,000, and a member of our board of directors or nominee, an executive officer or a holder of more than 5% of our voting securities (or an immediate family member of any of the foregoing) has a direct or indirect material interest.

We have adopted a related person transactions policy to address the reporting, review, approval and ratification of transactions with related persons (as defined in Item 404(a) of Regulation S-K under the Securities Act). All related person transactions are reviewed and/or ratified by the audit committee. Directors interested in a related person transaction are required to recuse themselves from any vote of a related person transaction in which they have an interest. Our audit committee considers all relevant facts and circumstances when deliberating such transactions, including whether the terms of the transaction are fair to us and whether the transaction is consistent with, and contributes to, our growth strategy.

The following is a summary of related person transactions since January 1, 2010, other than compensation arrangements which are described under the sections of this prospectus entitled Management Executive Compensation and Management Director Compensation. The related person transactions listed below were all approved by our board of directors.

Strategic Equity Transaction with Lindsay Goldberg

In 2010, we consummated a strategic equity transaction with an affiliate of Lindsay Goldberg LLC (Lindsay Goldberg) through which Aviv REIT was formed. Lindsay Goldberg is a private equity investment firm with approximately \$9 billion of capital under management that focuses on partnering with entrepreneurial management teams and closely held and family-owned businesses. The firm typically invests in companies in North America and Western Europe in the manufacturing, energy, financial and business services industries. Lindsay Goldberg has an investment structure that permits ownership for up to 20 years.

In connection with the transaction and subsequent investments, Lindsay Goldberg has invested \$376.8 million to support our growth and purchase of interests from certain of our limited partners. As a result of the transaction, Lindsay Goldberg owns a majority of the equity of Aviv REIT. Pursuant to the terms of an investment agreement entered into in connection with our initial public offering between Aviv and Lindsay Goldberg (the Investment Agreement), Lindsay Goldberg has agreed, among other things, that, while the Investment Agreement is in effect, in connection with any merger to which we are a party, a sale of all or substantially all of our assets, plans of liquidation involving Aviv REIT, or issuances of our capital stock, in each case, to the extent such matter is submitted to a vote of stockholders or included in a consent solicitation of our stockholders, it will cast the number of the total votes it is entitled to cast which represent its implied ownership percentage of the operating partnership in its sole and absolute discretion and will cast any votes in excess of such amount for and against such proposal in the same proportions as our other stockholders that are unaffiliated with Lindsay Goldberg.

In connection with the elimination of dividend rights for options issued under our 2010 Management Incentive Plan in connection with our initial public offering, holders of those options received a profits interest entitling them to a portion of the dividends received by Lindsay Goldberg following our initial public offering. See Management Executive Compensation Equity Awards Management Equity Interests in LG Aviv L.P.

Loans to Mr. Insoft

On November 1, 2007, Steven Insoft, our President and Chief Operating Officer, was granted phantom partnership units in Aviv Healthcare Properties Limited Partnership equal to a percentage of the value of units held by certain of the limited partners. The award vests ratably over time and may be settled in cash or in class C

Table of Contents

units of Aviv Healthcare Properties Limited Partnership. On September 17, 2010 and December 31, 2010, Mr. Insoft's award was settled in part and Mr. Insoft was awarded class C units representing the vested portion of his award. In addition, we paid Mr. Insoft an amount of cash representing the taxes due on the vested portion of his award. In exchange, Mr. Insoft executed promissory notes payable to us in the aggregate principal amount of \$311,748 that accrued interest at the then-applicable long-term Federal rate. On April 29, 2011, Mr. Insoft repaid the promissory notes in full. The aggregate amount repaid was \$315,421. From the date of issuance to the date of repayment, Mr. Insoft paid an aggregate of \$5,788 of interest on the notes.

Security Deposit Indemnification Agreements

Prior to 2002, certain of the entities that were combined in connection with the formation of our predecessor partnership distributed security deposits paid by certain of their tenants to the owners of those entities in exchange for an agreement by those owners to repay the amounts distributed if and when the applicable tenant became entitled to a return of the security deposit or the deposit was otherwise applied under the applicable lease. These arrangements were kept in place in connection with the formation of our predecessor partnership. As of September 30, 2013, entities controlled by Mr. Bernfield were obligated to potentially reimburse approximately \$303,000 and certain members of the Karkomi Estate were obligated to potentially reimburse approximately \$1.9 million and other limited partners were obligated to potentially reimburse approximately \$674,000.

Sales of Partnership Units

From time to time, our predecessor partnership issued and sold Class E Units and accompanying warrants which were exercisable for Class A Units to JER Aviv Acquisition, LLC, or JER, in connection with investments made by our predecessor partnership. JER constituted a related party at the time such transactions occurred. In particular, on January 2, 2009, our predecessor partnership sold 689,832 Class E Units and accompanying warrants which are exercisable for 689,832 Class A Units to JER for an aggregate purchase price of \$6,898,320. On April 17, 2009, our predecessor partnership sold 2,046,306 Class E Units and accompanying warrants which are exercisable for 2,046,306 Class A Units to JER for an aggregate purchase price of \$20,463,060. All of the Class E Units held by JER, and certain of the Class F Units held by the Karkomi Estate, were purchased by Aviv REIT and redeemed in connection with our strategic equity transaction with Lindsay Goldberg.

In November 2007, Mr. Insoft was granted phantom Class C Units in our predecessor partnership with a value equal to 5% of the Class C Units as of any date. Of the original phantom Class C Units granted, 80% were vested as of December 31, 2011 and 60% were settled in Class C Units. The remaining 20% of such phantom Class C Units vested on December 31, 2012.

Management Equity Interests in LG Aviv L.P.

In connection with our initial public offering, holders of option awards under the MIP received new equity interests in LG Aviv L.P., the legal entity through which Lindsay Goldberg holds its interest in Aviv REIT, as described above under the section of this prospectus entitled "Management Executive Compensation Equity Awards Management Equity Interests in LG Aviv L.P."

POLICIES WITH RESPECT TO CERTAIN ACTIVITIES

The following is a discussion of our policies with respect to investments, financing and certain other activities. These policies may be amended and revised from time to time at the discretion of our board of directors. The indentures that govern the 2019 Notes and the 2019 Notes and our Revolving Credit Facility limit our ability to make certain investments, incur or guarantee indebtedness or sell our assets. See Description of Exchange Notes Covenants and Description of Other Indebtedness.

Investment Policies

Investments in Real Estate or Interests in Real Estate

We conduct all of our investment activities through our operating partnership and its affiliates. Our overall investment objectives are to maximize returns for our stockholders and to seek to increase cash flow, provide quarterly cash distributions, maximize the value of our properties and acquire properties with cash flow growth potential. Additionally, we will seek to reinvest in our properties and selectively construct new properties. Our business is focused primarily on healthcare properties, principally SNFs, and activities directly related thereto. We have not established a specific policy regarding the relative priority of our investment objectives, although we expect to continue to focus our investments primarily on healthcare properties and, in particular, SNFs. We currently lease our properties to our operators pursuant to long-term triple-net leases which require the operator to bear all of the costs associated with the property.

We expect to pursue our investment objectives through the ownership of properties by our subsidiaries, but may also make investments in other entities, including joint ventures. We currently intend to focus on acquiring SNFs in those areas in which we own and also strategically select new markets when opportunities are available that meet our investment criteria. We anticipate that future investment activity will be focused primarily in the United States, but will not be limited to any geographic area. We intend to engage in such future investment activities in a manner that is consistent with requirements applicable to REITs for U.S. federal income tax purposes. Provided we comply with these requirements, however, there are no limitations on the percentage of our assets that may be invested in any one real estate asset.

We may enter into joint ventures from time to time, if we determine that doing so would be the most effective means of raising capital. Equity investments may be subject to existing mortgage financing and other indebtedness or such financing or indebtedness may be incurred in connection with acquiring properties, or a combination of these methods. Any such financing or indebtedness will have priority over our equity interest in such property. Investments are also subject to our policy not to be treated as an investment company under the Investment Company Act of 1940, as amended (the 1940 Act).

We do not have a specific policy as to the amount or percentage of our assets which will be invested in any specific property or leased to any particular operator, but anticipate that our real estate investments will continue to be diversified among a relatively large number of facilities and operators. As of September 30, 2013, our portfolio of investments consists of 263 properties located in 29 states leased to 36 operators.

From time to time, we may make investments or agree to terms that support the objectives of our operators without necessarily maximizing our short-term financial return, which may allow us to build long-term relationships and acquire properties otherwise unavailable to our competition. We believe these dynamics create long-term, sustainable relationships and, in turn, profitability for us.

Purchase, Sale and Construction of Properties

Our policy is to acquire properties primarily for the generation of current income and long-term value. We will sell certain properties where our management determines such properties do not fit our strategic objectives

Table of Contents

or where such action would be in the best interest of our company. From time to time, we may also engage in strategic new construction. This may involve replacing or renovating properties in our portfolio or identifying new sites or land on which to build new buildings that present an attractive opportunity and complement our existing portfolio.

Investments in Real Estate Mortgages

While we emphasize equity real estate investments in healthcare real estate properties, we may invest in mortgages and other real estate interests consistent with the rules applicable to REITs. The mortgages in which we may invest may be either first mortgages or junior mortgages, and may or may not be insured by a governmental agency. Investments in real estate mortgages are subject to the risk that one or more borrowers may default and that the collateral securing mortgages may not be sufficient to enable us to recover our full investment.

Investments in Securities or Interests in Entities Primarily Engaged in Real Estate Activities and Other Issuers

Subject to the gross income and asset requirements required for REIT qualification, we may, but do not presently intend to, invest in securities of entities engaged in real estate activities or securities of other issuers (normally partnership interests, limited liability company interests or other joint venture interests in special purpose entities owning properties), including for the purpose of exercising control over such entities. We may acquire some, all or substantially all of the securities or assets of other REITs or entities engaged in real estate activities where such investment would be consistent with our investment policies and the REIT requirements. There are no limitations on the amount or percentage of our total assets that may be invested in any one issuer, other than those imposed by the gross income and asset tests we must meet in order to qualify as a REIT under the Code. In any event, we do not intend that our investments in securities will require us to register as an investment company under the 1940 Act, and we would generally divest appropriate securities before any such registration would be required.

Financing Policies

We employ leverage in our capital structure in amounts that we determine from time to time. Although we are not required to maintain any particular leverage ratio, we intend, when appropriate, to employ prudent amounts of leverage and to use debt as a means of providing additional funds for the acquisition of assets, to refinance existing debt or for general corporate purposes. Our charter and bylaws do not limit the amount of debt that we may incur. Our board of directors has not adopted a policy limiting the total amount of debt that we may incur nor do they restrict the form in which our indebtedness will be taken (including secured or unsecured debt, recourse or non-recourse debt, cross collateralized debt, etc.). We may from time to time modify our leverage profile in light of then-current economic conditions, relative costs of debt and equity capital, market values of our properties, general market conditions for debt and equity securities, fluctuations in the market price of our common stock, growth and acquisition opportunities and other factors.

To the extent that our board of directors or management determines that it is necessary to raise additional capital, we may borrow under our credit facilities, issue debt or equity securities, including additional partnership units, retain earnings (subject to the REIT distribution requirements for U.S. federal income tax purposes), assume secured indebtedness, obtain mortgage financing on a portion of our owned properties, engage in joint ventures, issue other types of securities, or employ a combination of these methods.

Other Policies

We may, but do not presently intend to, make investments other than as previously described. We may offer shares of our common stock or other equity or debt securities in exchange for cash or property and to repurchase or otherwise

re-acquire shares of our common stock or other equity or debt securities in exchange for cash or

property. We may issue preferred stock from time to time, in one or more classes or series, as authorized by our board of directors. We have not engaged in trading, underwriting or the agency distribution or sale of securities of other issuers and do not intend to do so. At all times, we intend to make investments in a manner consistent with the REIT requirements of the Code unless, because of business circumstances or changes in the Code (or the Treasury regulations promulgated thereunder), our board of directors determines that it is no longer in our best interests for us to qualify as a REIT. We intend to make investments in such a way that we will not be treated as an investment company under the 1940 Act. Our policies with respect to such activities may be reviewed and modified from time to time by our board of directors.

Lending Policies

We do not have a policy limiting our ability to make loans to other persons. Subject to REIT qualification rules, we may make loans to third parties. We currently have outstanding capital improvement loans and secured loans to operators. We also may consider offering purchase money financing in connection with the sale of properties where the provision of that financing will increase the value to be received by us for the property sold or we may consider making loans to joint ventures in which we or they participate or may participate in the future. We have not engaged in any significant lending activities in the past nor do we currently intend to in the future. We may choose to guarantee the debt of certain joint ventures with third parties. Consideration for those guarantees may include, but are not limited to, fees, long-term management contracts, options to acquire additional ownership and promoted equity positions. Our board of directors may, in the future, adopt a lending policy.

Reporting Policies

As a public company, Aviv REIT is subject to the information reporting requirements of the Exchange Act, pursuant to which we will file periodic reports, proxy statements and other information, including audited financial statements, with the SEC. See [Where You Can Find More Information](#).

DESCRIPTION OF OTHER INDEBTEDNESS

7³/₄% Senior Notes due 2019

In February 2011, April 2011 and March 2012, the Issuers issued an aggregate of \$400 million of 7³/₄% Senior Notes due 2019 (the 2019 Notes) in a series of private placements. The Issuers subsequently conducted exchange offers in which all of the 2019 Notes issued in the aforementioned private placements were exchanged for freely tradable notes that have been registered under the Securities Act. The obligations under the 2019 Notes are fully and unconditionally guaranteed, jointly and severally, on an unsecured basis, by Aviv REIT and certain of our existing and, subject to certain exceptions, future subsidiaries.

The 2019 Notes are unsecured senior obligations of the Issuers and will mature on February 15, 2019. The 2019 Notes bear interest at a rate of 7.75% per annum, payable semiannually to holders of record at the close of business on the February 1 or the August 1 immediately preceding the interest payment dates of February 15 and August 15 of each year. A premium of \$2.75 million and \$1.00 million was associated with the offering of the \$100 million of 2019 Notes on April 5, 2011 and the \$100 million of 2019 Notes on March 28, 2012, respectively. The premium will be amortized as an adjustment to the yield on the Senior Notes over their term. The net proceeds from the offerings of the 2019 Notes were used to repay certain indebtedness and, together with proceeds from additional equity investments made by our stockholders, to fund pending investments.

The 2019 Notes are redeemable at the option of the Issuers, in whole or in part, at any time, and from time to time, on or after February 15, 2015, at the redemption prices set forth in the indenture governing the 2019 Notes, plus accrued and unpaid interest to the applicable redemption date. In addition, prior to February 15, 2015, the Issuers may redeem all or a portion of the 2019 Notes at a redemption price equal to 100% of the principal amount of the 2019 Notes redeemed, plus a make-whole premium, plus accrued and unpaid interest to the applicable redemption date. At any time, or from time to time, on or prior to February 15, 2014, the Issuers may redeem up to 35% of the principal amount of the 2019 Notes, using the proceeds of specific kinds of equity offerings, at a redemption price of 107.75% of the principal amount to be redeemed, plus accrued and unpaid interest, if any, to the applicable redemption date.

The indenture governing the 2019 Notes contains restrictive covenants that, among other things, restrict the ability of Aviv REIT, the Issuers and their restricted subsidiaries to: (i) incur or guarantee additional indebtedness; (ii) incur or guarantee secured indebtedness; (iii) pay dividends or other distributions on, or redeem or repurchase, their capital stock; (iv) make certain investments or other restricted payments; (v) sell assets; (vi) create liens on their assets; (vii) enter into transactions with affiliates; (viii) merge or consolidate or sell all or substantially all of their assets; and (ix) pay dividends or other amounts to Aviv REIT. The indenture governing the 2019 Notes also provides for customary events of default, including, but not limited to, the failure to make payments of interest or premium, if any, on, or principal of, the 2019 Notes, the failure to comply with certain covenants and agreements specified in the Indenture for a period of time after notice has been provided, the acceleration of other indebtedness resulting from the failure to pay principal on such other indebtedness prior to its maturity, and certain events of insolvency. If any event of default occurs, the principal of, premium, if any, and accrued interest on all the then outstanding 2019 Notes may become due and payable immediately.

Revolving Credit Facility

On March 26, 2013, we, through an indirectly-owned subsidiary, entered into a \$300 million secured revolving credit facility and a \$100 million secured delayed-draw term loan with Bank of America, N.A. (collectively, as amended from time to time, the Revolving Credit Facility). On April 16, 2013, we converted the entire \$100 million term loan into a secured revolving credit facility, thereby terminating the term loan and any availability thereunder and

increasing the amount available under the secured revolving credit facility from \$300 million to \$400 million. The Revolving Credit Facility also has an accordion feature that may allow us to increase the availability thereunder by an additional \$100 million to \$500 million. The Revolving Credit Facility

Table of Contents

had an outstanding balance of \$95.0 million as of September 30, 2013. Subsequent to September 30, 2013, we have drawn an additional \$40.0 million under the Revolving Credit Facility. We used approximately \$135.0 million of the net proceeds from the sale of the Old Notes to repay the entire outstanding balance under our Revolving Credit Facility.

On each payment date, we pay interest only in arrears on any outstanding principal balance of the Revolving Credit Facility. The Revolving Credit Facility bears interest at the rate of LIBOR plus a margin of 235 basis points to 300 basis points, depending on our leverage ratio, and the interest rate was 2.53% at September 30, 2013. The initial term of the Revolving Credit Facility expires on March 26, 2016 with a one-year extension option provided that certain conditions precedent are satisfied. The proceeds from the Revolving Credit Facility are available for general corporate purposes.

The amount available for us to borrow under the Revolving Credit Facility is subject to the lesser of the aggregate mortgage ability amount for each of the properties that form the borrowing base of the facility and the aggregate collateral value amount of the borrowing base assets. The Revolving Credit Facility may be repaid from time to time at our option, and amounts repaid under the Revolving Credit Facility may be redrawn. An unused fee equal to 50 basis points of the unused balance on the Revolving Credit Facility is due quarterly.

Our ability to borrow under the Revolving Credit Facility is subject to our ongoing compliance with a number of customary restrictive covenants, including:

a leverage ratio (defined as consolidated total indebtedness to total asset value) of less than 60%,

a minimum fixed charge coverage ratio (defined as consolidated earnings before interest, taxes, depreciation and amortization to consolidated fixed charges) of 1.50:1.00,

a minimum tangible net worth equal to at least \$350.0 million plus 80% of the net proceeds of any additional equity issuances, and

a minimum rent coverage ratio of greater than or equal to 1.30:1.00.

Under the Revolving Credit Facility, our distributions may not exceed the greater of (i) 95% of our Adjusted Funds From Operations or (ii) the amount required for us to qualify and maintain our status as a REIT. If a default or event of default occurs and is continuing, we may be precluded from making certain distributions.

We and certain of our subsidiaries guarantee the obligations under the Revolving Credit Facility and certain of our subsidiaries have pledged specified assets (including real property), stock and other interests as collateral for the obligations.

Other Indebtedness

In June 2012, we, through an indirectly owned subsidiary, assumed a HUD loan with a balance of approximately \$11.5 million. Interest is at a fixed rate of 5.00%. The loan originated in November 2009 with a maturity date of October 1, 2044, and is based on a 35-year amortization schedule. A premium of \$2.4 million was associated with the

assumption of debt and will be amortized as an adjustment to interest expense on the HUD loan over its term. As of September 30, 2013, the balance of such loan was \$11.3 million (excluding \$2.4 million of net debt premium balance).

DESCRIPTION OF EXCHANGE NOTES

Any Old Note that remains outstanding after the completion of the exchange offer, together with the Exchange Notes issued in connection with the exchange offer, will be treated as a single class of securities under the indenture. As used in this Description of Exchange Notes, except as otherwise specified or the context otherwise requires, the Old Notes and the Exchange Notes are referred to together as the Notes.

The following is a summary of the material provisions of the indenture governing the Notes dated October 16, 2013 among Aviv REIT, Inc., Aviv Healthcare Properties Limited Partnership, Aviv Healthcare Capital Corporation, the subsidiary guarantors and The Bank of New York Mellon Trust Company, N.A., as trustee. It does not restate that agreement, and we urge you to read the indenture in its entirety, which is available upon request to Aviv REIT at the address indicated under Where You Can Find More Information elsewhere in this prospectus, because it, and not this description, defines your rights as a noteholder.

You can find the definitions of certain capitalized terms used in this description under the subheading Certain Definitions. The term Partnership as used in this section refers only to Aviv Healthcare Properties Limited Partnership and not any of its subsidiaries, the term Issuers as used in this section refers only to Aviv Healthcare Properties Limited Partnership and Aviv Healthcare Capital Corporation and not to any of their subsidiaries and the term Aviv REIT or Parent as used in this section refers only to Aviv REIT, Inc. and not to any of its subsidiaries.

General

On October 16, 2013, the Issuers issued \$250.0 million aggregate principal amount of 6% Senior Notes due 2021. The Notes are unsecured senior obligations of the Issuers and will mature on October 15, 2021. The Notes bear interest at a rate of 6% per annum, payable semiannually to holders of record at the close of business on the April 1 or the October 1 immediately preceding the interest payment date on April 15 and October 15 of each year, commencing April 15, 2014.

Principal of, premium, if any, and interest on the Notes will be payable, and the Notes may be exchanged or transferred, in accordance with the terms of the indenture.

Interest on the Notes will accrue from October 16, 2013. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. We will not pay interest on Old Notes tendered and accepted for exchange.

The Exchange Notes will be issued only in fully registered form, without coupons, in denominations of \$2,000 of principal amount and any integral multiple of \$1,000 in excess thereof. No service charge will be made for any registration of transfer or exchange of Notes, but the Issuers are entitled to require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection with a registration of transfer.

Subject to the covenants described below under Covenants and applicable law, the Issuers are entitled to issue additional notes under the indenture. The Notes and any additional notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including waivers, amendments, redemptions and offers to purchase. Additional notes will not necessarily be fungible with the Notes for U.S. federal income tax purposes.

Guaranties and Subsidiary Guarantors

The Notes are fully and unconditionally guaranteed, jointly and severally, on an unsecured basis, by Aviv REIT and the existing and (subject to certain exceptions) future subsidiaries of the Partnership that guarantee our 2019 Notes, our Revolving Credit Facility or any permitted refinancing thereof (such subsidiaries are referred to herein as Subsidiary Guarantors). Certain of the Subsidiary Guarantors are borrowers under our Revolving

Table of Contents

Credit Facility, and the Subsidiary Guaranties of such Subsidiary Guarantors are effectively subordinated to the obligations of such Subsidiary Guarantors under the Revolving Credit Facility or any permitted refinancing thereof to the extent of the value of the collateral securing such obligations. The other subsidiaries of the Partnership that hold real property but that do not guarantee our 2019 Notes or our Revolving Credit Facility (including permitted refinancings thereof) are referred to herein as Real Property Non-Guarantor Subsidiaries. The Notes will not be guaranteed by the Real Property Non-Guarantor Subsidiaries, any Unrestricted Subsidiaries we may create in the future or any future Restricted Subsidiaries that do not otherwise guarantee (or become a co-borrower in respect of) Indebtedness of the Issuers or of a Subsidiary Guarantor that ranks equally with or subordinate in right of payment to the Notes (or the applicable Subsidiary Guaranty). As of the date of this prospectus, there are no Unrestricted Subsidiaries.

After giving pro forma effect to the sale of the Old Notes and the use of proceeds therefrom, our revenues attributable to the properties held by the Subsidiary Guarantors would have been \$120.0 million for the twelve months ended September 30, 2013 and, as of September 30, 2013, these properties would have accounted for 90.3% of our total real estate investments, net of accumulated depreciation. After giving pro forma effect to the sale of the Old Notes and the use of proceeds therefrom, as of September 30, 2013, the Subsidiary Guarantors would have had \$179.5 million in secured borrowings available under our Revolving Credit Facility given the borrowing base requirements of the facility. Our revenues attributable to the properties held by the Real Property Non-Guarantor Subsidiaries were \$7.0 million for the twelve months ended September 30, 2013 and, as of September 30, 2013, these properties accounted for 9.7% of our total real estate investments, net of accumulated depreciation. As of September 30, 2013, the Real Property Non-Guarantor Subsidiaries had aggregate mortgage indebtedness to third parties of approximately \$11.3 million (excluding \$2.4 million of net debt premium balance).

The guarantees of Aviv REIT and the Subsidiary Guarantors will be unconditional regardless of the enforceability of the Notes and the indenture. Subject to certain exceptions, each future Restricted Subsidiary that subsequently guarantees Indebtedness of the Issuers or of a Subsidiary Guarantor (or the applicable Subsidiary Guaranty) will be required to execute a Subsidiary Guaranty. See Covenants Future Guaranties by Restricted Subsidiaries.

Pursuant to the indenture, (A) a Subsidiary Guarantor may consolidate with, merge with or into, or transfer all or substantially all its assets to any other Person to the extent described below under Covenants Consolidation, Merger and Sale of Assets and (B) the Capital Stock of a Subsidiary Guarantor may be sold or otherwise disposed of to another Person to the extent described below under Covenants Limitation on Asset Sales; *provided, however*, that, in the case of a consolidation, merger or transfer of all or substantially all the assets of such Subsidiary Guarantor, if such other Person is not the Parent, the Issuers or a Subsidiary Guarantor, such Subsidiary Guarantor's obligations under its Subsidiary Guaranty must be expressly assumed by such other Person, except that such assumption will not be required in the case of:

- (1) the sale (including any sale pursuant to any exercise or remedies by a holder of Indebtedness of the Company or of a Subsidiary Guarantor) or other disposition (including by way of consolidation or merger) of a Subsidiary Guarantor, including the sale or disposition of Capital Stock of a Subsidiary Guarantor, following which such Subsidiary Guarantor is no longer a Subsidiary of the Parent; or

(2) the sale or disposition of all or substantially all the assets of a Subsidiary Guarantor; in each case other than to the Parent or a Subsidiary of the Parent and as permitted by the indenture and if in connection therewith the Parent provides a certificate to the trustee to the effect that the Parent will comply with its

obligations described below under Covenants Limitation on Asset Sales in respect of such disposition. Upon any sale or disposition described in clause (1) or (2) above, the obligor on the related Subsidiary Guaranty will be released from its obligations thereunder.

The Subsidiary Guaranty of a Subsidiary Guarantor also will be released under specified circumstances, including in connection with a disposition of a Subsidiary Guarantor's Capital Stock if various conditions are satisfied. See Covenants Future Guaranties by Restricted Subsidiaries.

Table of Contents**Optional Redemption**

Optional Redemption. Except as described below, the Issuers are not entitled to redeem any Notes prior to October 15, 2017. The Notes will be redeemable at the option of the Issuers, in whole or in part, at any time, and from time to time, on and after October 15, 2017, upon not less than 30 days nor more than 60 days notice, at the following redemption prices (expressed as percentages of the principal amount thereof) if redeemed during the 12-month period commencing on October 15 of the years indicated below, in each case together with accrued and unpaid interest thereon to the redemption date:

Year	Redemption Price
2017	103.000%
2018	101.500%
2019 and thereafter	100.000%

Prior to October 15, 2017, the Issuers will be entitled, at their option, to redeem all or a portion of the Notes at a redemption price equal to 100% of the principal amount of the Notes plus the Applicable Premium as of, and accrued and unpaid interest to, the redemption date (subject to the right of holders on the relevant record date to receive interest due on the relevant interest payment date). Notice of such redemption must be delivered to each holder's registered address or as otherwise provided in accordance with the procedures of DTC, not less than 30 nor more than 60 days prior to the redemption date.

Applicable Premium means with respect to a Note at any redemption date, the greater of (1) 1.00% of the principal amount of such Note and (2) the excess of (A) the present value at such redemption date of (i) the redemption price of such Note on October 15, 2017 (such redemption price being described in the first paragraph in this Optional Redemption section exclusive of any accrued interest) plus (ii) all required remaining scheduled interest payments due on such Note through October 15, 2017 (but excluding accrued and unpaid interest to the redemption date), computed using a discount rate equal to the Adjusted Treasury Rate, over (B) the principal amount of such Note on such redemption date.

Adjusted Treasury Rate means, with respect to any redemption date, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after October 15, 2017, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date, in each case calculated by the Issuers on the third Business Day immediately preceding the redemption date, in each case, plus 0.50%.

Comparable Treasury Issue means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the Notes from the redemption date to October 15, 2017, that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity most nearly equal to October 15, 2017.

Comparable Treasury Price means, with respect to any redemption date, if clause (2) of the Adjusted Treasury Rate definition is applicable, the average of three, or such lesser number as is obtained by the Issuers, Reference Treasury Dealer Quotations for such redemption date.

Table of Contents

Quotation Agent means the Reference Treasury Dealer selected by the Issuers.

Reference Treasury Dealer means each of Merrill Lynch, Pierce, Fenner & Smith Incorporated and its successors and assigns, Morgan Stanley & Co. LLC and its successors and assigns, Goldman, Sachs & Co. and its successors and assigns and Citigroup Global Markets Inc. and its successors and assigns.

Reference Treasury Dealer Quotations means with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Issuers, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Issuers by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third Business Day immediately preceding such redemption date.

Optional Redemption upon Equity Offerings. At any time, or from time to time, on or prior to October 15, 2016, the Issuers are entitled, at their option, to use an amount equal to all or a portion of the Net Cash Proceeds of one or more Equity Offerings to redeem up to 35% of the principal amount of the Notes (together with any additional notes) issued under the indenture at a redemption price of 106% of the principal amount thereof plus accrued and unpaid interest thereon, if any, to the date of redemption; *provided, however,* that:

- (1) at least 65% of the principal amount of Notes originally issued under the indenture remains outstanding immediately after such redemption; and
- (2) the Issuers make such redemption not more than 120 days after the consummation of any such Equity Offering.

The Issuers or their Affiliates are entitled to acquire Notes by means other than a redemption from time to time, including through open market purchases, privately negotiated transactions, tender offers, exchange offers or otherwise, so long as such acquisition does not otherwise violate the terms of the indenture, upon such terms and at such prices as the Issuers or their Affiliates may determine, which may be more or less than the consideration for which the Notes are being sold and may be less than any redemption price then in effect and could be for cash or other consideration.

Selection and Notice of Redemption for Optional Redemptions

In the event that the Issuers elect to redeem less than all of the Notes, selection of the Notes for redemption will be made by the trustee on a *pro rata* basis, by lot or by such method as the trustee will deem fair and appropriate (or, in the case of Notes in global form, beneficial interests in such Notes may be selected by the applicable clearing system in accordance with its customary procedures).

No Notes of a principal amount of \$2,000 or less will be redeemed in part. If a partial redemption is made with the proceeds of an Equity Offering, the trustee will select the Notes on a *pro rata* basis to the extent practicable, by lot or such other method as the trustee in its sole discretion shall deem to be fair and appropriate (or, in the case of Notes in global form, beneficial interests in such Notes may be selected by the applicable clearing system in accordance with its customary procedures). Notice of redemption will be delivered at least 30 but not more than 60 days before the redemption date to each holder of Notes to be redeemed at its registered address (and, in the case of Notes in global form, in accordance with the applicable clearing system's procedures) except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a

satisfaction and discharge of the indenture. Notices of redemption may be given prior to the completion of an Equity Offering, and any redemption or notice may, at the Issuers' discretion, be subject to the completion of an Equity Offering. Unless the Issuers default in the payment of the redemption price, on and after the redemption date, interest will cease to accrue on Notes or portions thereof called for redemption.

Sinking Fund

There will be no sinking fund payments for the Notes.

Ranking

The Notes are senior unsecured obligations of the Issuers, and rank equally in right of payment with other existing and future unsecured senior Indebtedness of the Issuers. The Notes are effectively subordinated to all of the Issuers' and the Subsidiary Guarantors' secured Indebtedness, including the Revolving Credit Facility (and any secured Currency Agreements and Interest Rate Agreements provided to the lenders under the Revolving Credit Facility) and any permitted refinancing thereof, to the extent of the value of the collateral securing such obligations. The Notes are structurally subordinated to all Indebtedness of the Real Property Non-Guarantor Subsidiaries. See Guaranties and Subsidiary Guarantors for a description of which entities will guarantee the Notes.

As of September 30, 2013, after giving pro forma effect to the sale of the Old Notes and the use of proceeds therefrom (but not giving effect to any other transactions occurring after September 30, 2013):

- (1) the Issuers and Subsidiary Guarantors, on a consolidated basis, would have had approximately \$661.3 million of Indebtedness outstanding, including the Notes;
- (2) the Issuers and Subsidiary Guarantors would have had \$176.5 million in secured borrowings available under our Revolving Credit Facility given the borrowing base requirements of the facility (all of which would be effectively senior to the Notes to the extent of the value of the underlying assets); and
- (3) the Real Property Non-Guarantor Subsidiaries would have had \$11.3 million of Indebtedness outstanding, excluding \$2.4 million of net debt premium balance (all of which would have been structurally senior to the Notes).

Suspension of Covenants

During a Suspension Period, the Parent and its Restricted Subsidiaries will not be subject to the following corresponding provisions of the indenture:

Covenants Limitation on Indebtedness ;

Covenants Maintenance of Total Unencumbered Assets ;

Covenants Limitation on Restricted Payments ;

Covenants Limitation on Dividend and other Payment Restrictions Affecting Restricted Subsidiaries ;

Covenants Future Guaranties by Restricted Subsidiaries ;

Covenants Limitation on Transactions with Affiliates ;

Covenants Limitation on Asset Sales ; and

clause (3) of the Consolidation, Merger and Sale of Assets covenant.

All other provisions of the indenture will apply at all times during any Suspension Period so long as any Notes remain outstanding thereunder.

Suspension Period means any period:

(1) beginning on the date that:

(A) the Notes have Investment Grade Status;

(B) no Default or Event of Default has occurred and is continuing; and

(C) the Issuers have delivered an officers certificate to the trustee certifying that the conditions set forth in clauses (A) and (B) above are satisfied; and

(2) ending on the date (the *Reversion Date*) that the Notes cease to have Investment Grade Status.

Table of Contents

On each Reversion Date, all Indebtedness, liens thereon and dividend blockages incurred during the Suspension Period prior to such Reversion Date will be deemed to have been outstanding on the Issue Date.

For purposes of calculating the amount available to be made as Restricted Payments under clause (C) of the first paragraph of the Limitation on Restricted Payments covenant, calculations under that clause will be made with reference to the Transaction Date, as set forth in that clause. Accordingly, (x) Restricted Payments made during the Suspension Period not otherwise permitted pursuant to any of clauses (1) through (11) under the third paragraph under the Limitation on Restricted Payments covenant will reduce the amount available to be made as Restricted Payments under clause (C) of the first paragraph of such covenant; *provided, however*, that the amount available to be made as a Restricted Payment on the Transaction Date shall not be reduced to below zero solely as a result of such Restricted Payments, but may be reduced to below zero as a result of negative cumulative Adjusted Funds From Operations during the Suspension Period for the purpose of the first bullet under clause (C) of the first paragraph of such covenant, and (y) the items specified in the five bullets under clause (C) of the first paragraph of such covenant that occur during the Suspension Period will increase the amount available to be made as a Restricted Payment under clause (C) of the first paragraph of such covenant. Any Restricted Payment made during the Suspension Period that is of the type described in the third paragraph of the Limitation on Restricted Payments covenant (other than the Restricted Payment referred to in clause (2) of the such third paragraph or an exchange of Capital Stock for Capital Stock or Indebtedness referred to in clause (3) or (4) of such third paragraph), and the Net Cash Proceeds from any issuance of Capital Stock referred to in clauses (3) and (4) of the third paragraph of the Limitation on Restricted Payments covenant, shall be included in calculating the amounts permitted to be incurred under such clause (C) on each Reversion Date. For purposes of the Limitation on Asset Sales covenant, on each Reversion Date, the unutilized Excess Proceeds will be reset to zero. No Default or Event of Default will be deemed to have occurred on the Reversion Date (or thereafter) under any covenant that is suspended solely as a result of any actions taken by the Parent, the Issuers or any Restricted Subsidiaries thereof, or events occurring, during the Suspension Period. For purposes of the Maintenance of Total Unencumbered Assets covenant, if the Issuers and their Restricted Subsidiaries are not in compliance with such covenant as of a Reversion Date, no Default or Event of Default will be deemed to have occurred for up to 120 days following the Reversion Date, provided that neither the Issuers nor any of their Restricted Subsidiaries shall incur any Secured Indebtedness until such time that the requirements of such covenant have been satisfied.

Covenants

The indenture contains, among others, the following covenants:

Limitation on Indebtedness

- (1) The Parent will not Incur any Indebtedness (including Acquired Indebtedness) other than the guarantees issued on the Issue Date, other Indebtedness existing on the Issue Date, and guarantees of Indebtedness of the Issuers or any other Restricted Subsidiary of the Parent provided such Indebtedness is permitted by and Incurred in accordance with this covenant. The Parent will not permit any of its Restricted Subsidiaries (including the Issuers) to Incur any Indebtedness (including Acquired Indebtedness) if, immediately after giving effect to the Incurrence of such additional Indebtedness and the receipt and application of the proceeds therefrom, the aggregate principal amount of all outstanding Indebtedness of the Parent and its Restricted Subsidiaries on a consolidated basis is greater than 60% of Adjusted Total Assets.

- (2) The Issuers will not, and will not permit any of their Restricted Subsidiaries to, Incur any Secured Indebtedness (including Acquired Indebtedness) if, immediately after giving effect to the Incurrence of such additional Secured Indebtedness and the receipt and application of the proceeds therefrom, the aggregate principal amount of all outstanding Secured Indebtedness of the Issuers and their Restricted Subsidiaries on a consolidated basis is greater than 40% of Adjusted Total Assets.

Table of Contents

(3) The Parent will not permit any of its Restricted Subsidiaries (including the Issuers) to Incur any Indebtedness (including Acquired Indebtedness); *provided, however*, that the Issuers or any of the Subsidiary Guarantors may Incur Indebtedness (including Acquired Indebtedness) if, after giving effect to the Incurrence of such Indebtedness and the receipt and application of the proceeds therefrom, the Interest Coverage Ratio of the Issuers and their Restricted Subsidiaries on a consolidated basis would be at least 2.0 to 1.0.

(4) Notwithstanding paragraphs (1), (2) or (3) above, the Parent or any of its Restricted Subsidiaries (except as specified below) may Incur each and all of the following:

(A) Indebtedness of the Parent, the Issuers or any of the Subsidiary Guarantors outstanding under any Credit Facility at any time in an aggregate principal amount not to exceed \$500 million;

(B) Indebtedness of the Issuers or any of their Restricted Subsidiaries owed to:

the Issuers evidenced by an unsubordinated promissory note, or

any Restricted Subsidiary;

provided, however, that any event that results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary of the Issuers or any subsequent transfer of such Indebtedness (other than to the Issuers or any other Restricted Subsidiary of the Issuers) shall be deemed, in each case, to constitute an Incurrence of such Indebtedness not permitted by this clause (B);

(C) Indebtedness of the Issuers or any of their Restricted Subsidiaries under Currency Agreements and Interest Rate Agreements; *provided* that such agreements (i) are designed primarily to protect the Issuers or any of their Restricted Subsidiaries against fluctuations in foreign currency exchange rates or interest rates (whether fluctuations of fixed to floating rate interest or floating to fixed rate interest) and (ii) do not increase the Indebtedness of the obligor outstanding at any time other than as a result of fluctuations in foreign currency exchange rates or interest rates or by reason of fees, indemnities and compensation payable thereunder;

(D) Indebtedness of the Issuers or any of the Subsidiary Guarantors, to the extent the net proceeds thereof are promptly:

used to purchase Notes tendered in an Offer to Purchase made as a result of a Change of Control,

used to redeem all the Notes as described above under Optional Redemption,

deposited to defease the Notes as described below under Defeasance, or

deposited to discharge the obligations under the Notes and indenture as described below under Satisfaction and Discharge ;

- (E) (i) Guarantees by the Parent of Indebtedness of the Issuers or any of the Subsidiary Guarantors, (ii) Guarantees by any Restricted Subsidiaries of the Issuers of Indebtedness of the Issuers provided the guarantee of such Indebtedness is permitted by and made in accordance with the Future Guaranties by Restricted Subsidiaries covenant described below, and (iii) any Guarantees by a Subsidiary Guarantor of any Indebtedness of any other Subsidiary Guarantor;
- (F) Existing Indebtedness;
- (G) Indebtedness represented by the Notes and the Guaranties issued on the Issue Date and the exchange notes and related exchange guarantees to be issued in exchange for such Notes and Guaranties pursuant to the registration rights agreement;
- (H) Indebtedness consisting of obligations to pay insurance premiums incurred in the ordinary course of business;
- (I) Indebtedness in respect of any bankers acceptance, bank guarantees, letter of credit, warehouse receipt or similar facilities, and reinvestment obligations related thereto, entered into in the ordinary course of business;

Table of Contents

- (J) Indebtedness in respect of workers' compensation claims, self-insurance obligations, indemnities, bankers' acceptances, performance, completion and surety bonds or guarantees and similar types of obligations in the ordinary course of business;
 - (K) Indebtedness represented by cash management obligations and other obligations in respect of netting services, automatic clearinghouse arrangements, overdraft protections and similar arrangements in each case in connection with deposit accounts;
 - (L) Indebtedness supported by a letter of credit procured by the Issuers or their Restricted Subsidiaries in a principal amount not in excess of the stated amount of such letter of credit and where the underlying Indebtedness would otherwise be permitted;
 - (M) Guarantees (a) incurred in the ordinary course of business or (b) constituting Investments that are (i) included in the calculation of the amount available to be made as Restricted Payments under clause (C) of the first paragraph of the Limitation on Restricted Payments covenant, (ii) made pursuant to clause (10) under the third paragraph under the Limitation on Restricted Payments covenant or (iii) made in reliance on clause (9) or (18) of the definition of Permitted Investments ;
 - (N) Permitted Refinancing Indebtedness incurred in exchange for, or the net proceeds of which are used to refund, refinance or replace, Indebtedness (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the provisions of paragraphs (1), (2) or (3) of this covenant or clauses (F), (G), (N), (O) or (P) of this paragraph (4);
 - (O) Indebtedness of Restricted Subsidiaries that are not Subsidiary Guarantors in an aggregate principal amount at any time outstanding not to exceed, when taken together with all then outstanding net Investments in Unrestricted Subsidiaries and joint ventures made in reliance on clause (9) of the definition of Permitted Investments, the greater of \$37.5 million and 2.5% of the Adjusted Total Assets of such Restricted Subsidiaries; *provided, however*, that any Permitted Refinancing Indebtedness incurred under clause (N) above in respect of Indebtedness incurred under this clause (O) shall be deemed to have been incurred under this clause (O) for purposes of determining the amount of Indebtedness that may at any time be incurred under this clause (O); or
 - (P) additional Indebtedness of the Issuers and Restricted Subsidiaries in an aggregate principal amount at any time outstanding not to exceed the greater of \$40 million and 3.0% of the Parent's Adjusted Total Assets; *provided, however*, that any Permitted Refinancing Indebtedness incurred under clause (N) above in respect of Indebtedness incurred under this clause (P) shall be deemed to have been incurred under this clause (P) for purposes of determining the amount of Indebtedness that may at any time be incurred under this clause (P).
- (5) Notwithstanding any other provision of this Limitation on Indebtedness covenant, the maximum amount of Indebtedness that the Parent or any of its Restricted Subsidiaries may Incur pursuant to this Limitation on

Indebtedness covenant shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, due solely to the result of fluctuations in the exchange rates of currencies.

- (6) For purposes of determining any particular amount of Indebtedness under this Limitation on Indebtedness covenant,

Indebtedness Incurred and outstanding under the Revolving Credit Facility on the Issue Date (after giving effect to any repayments occurring on the Issue Date) shall be treated as Incurred pursuant to clause (A) of paragraph (4) of this Limitation on Indebtedness covenant, and

Guarantees, Liens or obligations with respect to letters of credit supporting Indebtedness otherwise included in the determination of such particular amount shall not be included.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of permitted Indebtedness described in clauses (A) through (P) of paragraph (4) above or is entitled to be incurred pursuant to paragraphs (1), (2) and (3) above, the Issuers shall, in their sole discretion, be entitled to classify all or a portion of such item of Indebtedness on the date of its

Table of Contents

incurrence or issuance and determine the order of such incurrence or issuance (and may later reclassify such item of Indebtedness) and may divide and classify such Indebtedness in more than one of the types of Indebtedness described. At any time that the Issuers would be entitled to have incurred any then outstanding Indebtedness under paragraphs (1), (2) and (3) of this covenant, such Indebtedness shall be automatically reclassified into Indebtedness incurred pursuant to those paragraphs. Indebtedness permitted by this covenant need not be permitted solely by reference to one provision permitting such Indebtedness, but may be permitted in part by one such provision and in part by one or more other provisions of this covenant permitting such Indebtedness. For the avoidance of doubt, the outstanding principal amount of any particular Indebtedness shall be counted only once and any obligations arising under any guarantee, Lien, letter of credit or similar instrument supporting such Indebtedness shall not be double counted.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided, however*, that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced, plus the amount of any reasonable premium (including reasonable tender premiums), defeasance costs and any reasonable fees and expenses incurred in connection with the issuance of such new Indebtedness. The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

Maintenance of Total Unencumbered Assets

The Issuers and their Restricted Subsidiaries will maintain Total Unencumbered Assets of not less than 150% of the aggregate outstanding principal amount of the Unsecured Indebtedness of the Issuers and their Restricted Subsidiaries on a consolidated basis.

Limitation on Restricted Payments

The Parent will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (1) declare or pay any dividend or make any other distribution on or with respect to Capital Stock of the Parent or of any Restricted Subsidiary of the Parent held by Persons other than the Parent or any of its Restricted Subsidiaries, other than (i) dividends or distributions payable solely in shares of its Capital Stock (other than Disqualified Stock) and (ii) pro rata dividends or other distributions made by a Subsidiary that is not wholly owned to minority stockholders (or owners of equivalent interests in the event the Subsidiary is not a corporation);
- (2) purchase, redeem, retire or otherwise acquire for value any shares of Capital Stock of the Parent held by any Person (other than a Restricted Subsidiary of the Parent);

- (3) make any voluntary or optional principal payment, or voluntary or optional redemption, repurchase, defeasance, or other acquisition or retirement for value, of Indebtedness of the Issuers that is subordinated in right of payment to the Notes or Indebtedness of a Subsidiary Guarantor that is subordinated in right of payment to the Subsidiary Guaranty of such Subsidiary Guarantor, in each case excluding (i) any intercompany Indebtedness between or among the Parent, the Issuers or any of the Subsidiary Guarantors and (ii) the payment, purchase, redemption, defeasance, acquisition or retirement (collectively, a purchase) of such subordinated Indebtedness purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of such purchase; or

Table of Contents

(4) make an Investment, other than a Permitted Investment, in any Person (such payments or any other actions described in clauses (1) through (4) above being collectively *Restricted Payments*) if, at the time of, and after giving effect to, the proposed Restricted Payment:

- (A) a Default or Event of Default shall have occurred and be continuing,
- (B) the Issuers could not Incur at least \$1.00 of Indebtedness in compliance with both paragraphs (1) and (3) of the *Limitation on Indebtedness* covenant, or
- (C) the aggregate amount of all Restricted Payments (the amount, if other than in cash, to be determined in good faith by the Board of Directors of the Parent, whose determination shall be conclusive and evidenced by a Board Resolution) made after February 4, 2011 shall exceed the sum of, without duplication:

95% of the aggregate amount of the Adjusted Funds From Operations (or, if the Adjusted Funds From Operations is a loss, minus 100% of the amount of such loss) accrued on a cumulative basis during the period (taken as one accounting period) beginning on January 1, 2011 and ending on the last day of the last fiscal quarter preceding the Transaction Date for which reports have been filed with the SEC or provided to the trustee pursuant to the *SEC Reports and Reports to Holders* covenant (or if no such reports have yet been required to be filed with the SEC pursuant to the indenture, for which internal financial statements are available), *plus*

100% of the aggregate Net Cash Proceeds received by the Parent after February 4, 2011 from the issuance and sale of its Capital Stock (other than Disqualified Stock) to a Person who is not a Subsidiary of the Parent, including from an issuance or sale permitted by the indenture of Indebtedness of the Parent or any of its Restricted Subsidiaries for cash subsequent to February 4, 2011 upon the conversion of such Indebtedness into Capital Stock (other than Disqualified Stock) of the Parent but excluding any options, warrants or other rights that are redeemable at the option of the holder for cash or Indebtedness, or are required to be redeemed, prior to the Stated Maturity of the Notes, *plus*

an amount equal to the net reduction in Investments (other than reductions in Permitted Investments) in any Person after February 4, 2011 resulting from payments of interest on Indebtedness, dividends, repayments of loans or advances, or other transfers of assets, in each case to the Parent or any of its Restricted Subsidiaries or from the Net Cash Proceeds from the sale of any such Investment (except, in each case, to the extent any such payment or proceeds are included in the calculation of Adjusted Funds From Operations) or from redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries (valued in each case as provided in the definition of *Investments*) not to exceed, in each case, the amount of Investments previously made by the Parent and its Restricted Subsidiaries in such Person or Unrestricted Subsidiary and treated as a Restricted Payment, *plus*

the fair market value of noncash tangible assets or Capital Stock acquired in exchange for an issuance of Capital Stock (other than Disqualified Stock or Capital Stock issued in exchange for Capital Stock of the Parent utilized pursuant to clauses (3) or (4) of the second succeeding paragraph) of the Parent subsequent to February 4, 2011 (including upon conversion or exchange of the Common Units for Capital Stock of the Parent, in which case the fair market value shall equal the fair market value received upon issuance of such Common Units), *plus*

without duplication, in the event the Parent or any Restricted Subsidiary of the Parent makes any Investment in a Person that, as a result of or in connection with such Investment, becomes a Restricted Subsidiary of the Parent, an amount not to exceed the amount of Investments previously made by the Parent and its Restricted Subsidiaries in such Person and treated as a Restricted Payment.

Table of Contents

Notwithstanding the foregoing, the Parent and any of its Restricted Subsidiaries may declare or pay any dividend or make any distribution or take other action (that would have otherwise been a Restricted Payment) that is necessary to maintain the Parent's status as a REIT under the Code if (i) the aggregate principal amount of all outstanding Indebtedness of the Parent and its Restricted Subsidiaries on a consolidated basis at such time is less than 60% of Adjusted Total Assets and (ii) no Default or Event of Default shall have occurred and be continuing.

As of September 30, 2013, there was approximately \$416.9 million available for Restricted Payments pursuant to the foregoing clause (C).

The foregoing provisions shall not be violated by reason of:

- (1) the payment of any dividend or other distribution or the consummation of any redemption within 60 days after the date of declaration thereof or the giving of a redemption notice related thereto, as the case may be, if, at said date of declaration or notice, such payment would comply with the foregoing paragraph;
- (2) the payment, redemption, repurchase, defeasance or other acquisition or retirement for value of Indebtedness that is subordinated in right of payment to the Notes or to a Subsidiary Guaranty including premium, if any, and accrued and unpaid interest, with the proceeds of, or in exchange for, Indebtedness Incurred in compliance with paragraph (1), (2) or (3) or pursuant to clause (N) of paragraph (4) of the Limitation on Indebtedness covenant;
- (3) (a) the making of any Restricted Payment in exchange for, or out of the proceeds of the substantially concurrent sale of, Capital Stock of the Parent (other than any Disqualified Stock or any Capital Stock sold to a Restricted Subsidiary of the Parent or to an employee stock ownership plan or any trust established by the Parent) or from substantially concurrent contributions to the equity capital of the Parent (collectively, including any such contributions, *Refunding Capital Stock*) (with any offering within 90 days deemed as substantially concurrent); and (b) the declaration and payment of accrued dividends on any Capital Stock redeemed, repurchased, retired, defeased or acquired out of the proceeds of the sale of Refunding Capital Stock within 90 days of such sale; provided, that the amount of any such proceeds or contributions that are utilized for any Restricted Payment pursuant to this clause (3) shall be excluded from the amount described in the second bullet of clause (4)(C) of this covenant;
- (4) the making of any principal payment on, or the repurchase, redemption, retirement, defeasance or other acquisition for value of, Indebtedness of the Issuers that is subordinated in right of payment to the Notes or Indebtedness of a Subsidiary Guarantor that is subordinated in right of payment to the Subsidiary Guaranty of such Subsidiary Guarantor in exchange for, or out of the proceeds of, an issuance of, shares of the Capital Stock (other than Disqualified Stock) of the Parent within 90 days of such principal payment, repurchase, redemption, retirement, defeasance or other acquisition;
- (5) payments or distributions to dissenting stockholders pursuant to applicable law pursuant to or in connection with a consolidation, merger or transfer of assets that complies with the provisions of the indenture applicable to mergers, consolidations and transfers of all or substantially all of the property and assets of the

Parent;

- (6) the repurchase, redemption or other acquisition or retirement for value of any shares of Capital Stock of the Parent held by any current or former officer, director, consultant or employee of the Parent or any of its Restricted Subsidiaries (or any permitted transferees, assigns, estates or heirs of any of the foregoing); *provided, however*, the aggregate amount paid by the Parent and its Restricted Subsidiaries pursuant to this clause (6) shall not exceed \$7.5 million in any calendar year (excluding for purposes of calculating such amount the amount paid for Capital Stock repurchased, redeemed, acquired or retired with the cash proceeds from the repayment of outstanding loans previously made by the Parent or a Restricted Subsidiary thereof for the purpose of financing the acquisition of such Capital Stock), with

Table of Contents

unused amounts in any calendar year being carried over for one additional calendar year; *provided further*, that such amount in any calendar year may be increased by an amount not to exceed: (A) the net cash proceeds from the sale of Capital Stock (other than Disqualified Stock) of the Parent, in each case, to officers, directors, consultants or employees of the Parent or any of its Subsidiaries that occurs after the Issue Date, to the extent such cash proceeds (i) have not otherwise been and are not thereafter applied to permit the payment of any other Restricted Payment or (ii) are not attributable to loans made by the Parent or a Restricted Subsidiary thereof for the purpose of financing the acquisition of such Capital Stock, plus (B) the cash proceeds of key man life insurance policies received by the Parent and its Restricted Subsidiaries after the Issue Date, less (C) the amount of any Restricted Payments previously made pursuant to clauses (A) and (B) of this clause (6); *provided further, however*, that cancellation of Indebtedness owing to the Parent from members of management of the Parent or any Restricted Subsidiary thereof in connection with a repurchase of Capital Stock of the Parent shall not be deemed to constitute a Restricted Payment for purposes of the indenture;

- (7) the repurchase of Capital Stock deemed to occur (i) upon the exercise of options or warrants if such Capital Stock represents all or a portion of the exercise price thereof, and (ii) in connection with the withholding of a portion of the Capital Stock granted or awarded to a director or an employee to pay for the taxes payable by such director or employee upon such grant or award;
- (8) upon the occurrence of a Change of Control (or similarly defined term in other Indebtedness) and within 90 days after completion of the Offer to Purchase (including the purchase of all Notes tendered), any repayment, repurchase, redemption, defeasance or other acquisition or retirement for value of any Indebtedness of the Issuers or any Subsidiary Guarantor that is contractually subordinated to the Notes or to any Subsidiary Guaranty that is required to be repurchased or redeemed pursuant to the terms thereof as a result of such Change of Control (or similarly defined term in other Indebtedness), at a purchase price not greater than 101% of the outstanding principal amount or liquidation preference thereof (plus accrued and unpaid interest and liquidated damages, if any);
- (9) within 90 days after completion of any offer to repurchase Notes pursuant to the covenant described above under the caption **Limitation on Asset Sales** (including the purchase of all Notes tendered), any repayment, repurchase, redemption, defeasance or other acquisition or retirement for value of any Indebtedness of the Issuers or any Subsidiary Guarantor that is contractually subordinated to the Notes or to any Subsidiary Guaranty that is required to be repurchased or redeemed pursuant to the terms thereof as a result of such Asset Sale (or similarly defined term in such other Indebtedness), at a purchase price not greater than 100% of the outstanding principal amount or liquidation preference thereof (plus accrued and unpaid interest and liquidated damages, if any);
- (10) the payment of cash in lieu of the issuance of fractional shares of Capital Stock upon exercise or conversion of securities exercisable or convertible into Capital Stock of the Parent; or
- (11) additional Restricted Payments in an aggregate amount not to exceed \$30 million; *provided, however*, that, except in the case of clauses (1) and (3), no Default or Event of Default shall have occurred and be continuing or occur as a direct consequence of the actions or payments set forth therein.

The net amount of any Restricted Payment permitted pursuant to the second paragraph of this covenant and clause (1) of the immediately preceding paragraph shall be included in calculating whether the conditions of clause (C) of the first paragraph of this covenant have been met with respect to any subsequent Restricted Payments. The net amount of any Restricted Payment permitted pursuant to clauses (2) through (11) of the immediately preceding paragraph shall be excluded in calculating whether the conditions of clause (C) of the first paragraph of this covenant have been met with respect to any subsequent Restricted Payments. The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued to or by the Parent or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. In determining whether any Restricted Payment is permitted by this covenant, the Parent and its Restricted Subsidiaries may allocate all or any portion of such Restricted

Payment among the categories described in clauses (1) through (11) of the immediately preceding paragraph or among such categories and the types of Restricted Payments described in the first paragraph of this covenant (including categorization in whole or in part as a Permitted Investment); *provided* that, at the time of such allocation, all such Restricted Payments, or allocated portions thereof, would be permitted under the various provisions of this covenant.

Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

The Parent will not, and will not permit any of its Restricted Subsidiaries to, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction of any kind on the ability of any Restricted Subsidiary to:

pay dividends or make any other distributions permitted by applicable law on any Capital Stock of such Restricted Subsidiary owned by the Parent or any of its Restricted Subsidiaries,

pay any Indebtedness owed to the Parent or any other Restricted Subsidiary,

make loans or advances to the Parent or any other Restricted Subsidiary, or

transfer its property or assets to the Parent or any other Restricted Subsidiary.

The foregoing provisions shall not restrict any encumbrances or restrictions:

- (1) existing under, by reason of or with respect to, the indenture, the Notes, the Guaranties, the 2019 Notes, the Revolving Credit Facility and any other agreement in effect on the Issue Date as in effect on the Issue Date, and any amendments, modifications, restatements, extensions, increases, supplements, refundings, refinancing, renewals or replacements of such agreements; *provided, however*, that the encumbrances and restrictions in any such amendments, modifications, restatements, extensions, increases, supplements, refundings, refinancing, renewals or replacements are not materially less favorable, taken as a whole, to the holders of the Notes than those in effect on the Issue Date;
- (2) existing under, by reason of or with respect to any other Credit Facility of the Issuers permitted under the indenture; *provided, however*, that the encumbrances and restrictions contained in the agreement or agreements governing the other Credit Facility are not materially less favorable, taken as a whole, to the holders of the Notes than those contained in any of the Revolving Credit Facility (with respect to other credit agreements) or the indenture (with respect to other indentures), in each case as in effect on the Issue Date;
- (3) existing under, by reason of or with respect to applicable law, rule, regulation or administrative or court order;

- (4) existing with respect to any Person or the property or assets of such Person acquired by the Parent or any Restricted Subsidiary, existing at the time of such acquisition and not incurred in contemplation thereof, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Person or the property or assets of such Person so acquired and any amendments, modifications, restatements, extensions, increases, supplements, refundings, refinancing, renewals or replacements thereof; *provided, however*, that the encumbrances and restrictions in any such amendments, modifications, restatements, extensions, increases, supplements, refundings, refinancing, renewals or replacements are entered into in the ordinary course of business or not materially less favorable, taken as a whole, to the holders of the Notes than those contained in the instruments or agreements with respect to such Person or its property or assets as in effect on the date of such acquisition;

- (5) existing under, by reason of or with respect to provisions in joint venture, operating or similar agreements to the extent they are limited in application to the Restricted Subsidiary party to such agreement;

- (6) in the case of the last bullet in the first paragraph of this Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries covenant:

that restrict in a customary manner the subletting, assignment or transfer of any property or asset that is a lease, license, conveyance or contract or similar property or asset,

existing by virtue of any transfer of, agreement to transfer, option or right with respect to, or Lien on, any property or assets of the Parent or any Restricted Subsidiary not otherwise prohibited by the indenture,

existing under, by reason of or with respect to (i) purchase money obligations for property acquired in the ordinary course of business or (ii) capital leases or operating leases that impose encumbrances or restrictions on the property so acquired or covered thereby, or

arising or agreed to in the ordinary course of business, not relating to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of the Parent or any Restricted Subsidiary in any manner material to the Parent and its Restricted Subsidiaries taken as a whole;

- (7) with respect to a Restricted Subsidiary and imposed pursuant to an agreement that has been entered into for the sale or disposition of the Capital Stock of, or property and assets of, such Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending the closing of such sale or other disposition;
- (8) existing under, by reason of or with respect to Indebtedness permitted to be incurred pursuant to paragraph (4)(N) of the covenant described under Limitation on Indebtedness; *provided*, that the encumbrances and restrictions contained in the agreements governing such Indebtedness are not materially less favorable, taken as a whole, to the holders of the Notes than those contained in the agreements governing the Indebtedness being refinanced; and
- (9) contained in the terms of any Indebtedness or any agreement pursuant to which such Indebtedness was issued if:

the encumbrance or restriction applies only in the event of a payment default or a default with respect to a financial covenant contained in such Indebtedness or agreement,

the encumbrance or restriction is not materially less favorable, taken as a whole, to the holders of the Notes than is customary in comparable financings (as determined by the good faith judgment of the Parent), and

the Parent, in its good faith, determines that such an encumbrance or restriction will not materially affect the Issuers' ability to make principal or interest payments on the Notes.

Nothing contained in this Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries covenant shall prevent the Parent or any Restricted Subsidiary from restricting the sale or other disposition of property or assets of the Parent or any of its Restricted Subsidiaries that secure Indebtedness of the Issuers or any of their Restricted Subsidiaries. For purposes of determining compliance with this covenant, (1) the priority of any Preferred Stock in receiving dividends or liquidating distributions prior to distributions being paid on common stock shall not be deemed a restriction on the ability to make distributions on Capital Stock, and (2) the subordination of loans or advances made to a Restricted Subsidiary to other Indebtedness incurred by such Restricted Subsidiary shall not be deemed a restriction on the ability to make loans or advances.

Future Guaranties by Restricted Subsidiaries

The Parent will not permit any Restricted Subsidiary of the Issuers, directly or indirectly, to Guarantee any Indebtedness of the Issuers or of a Subsidiary Guarantor (*Guaranteed Indebtedness*), unless in either case such Restricted Subsidiary within 30 calendar days executes and delivers a supplemental indenture to the indenture

Table of Contents

providing for a Subsidiary Guaranty by such Restricted Subsidiary; *provided, however*, that this paragraph shall not be applicable to any Guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not Incurred in connection with, or in contemplation of, such person becoming a Restricted Subsidiary. The Parent may elect, in its sole discretion, to cause any Subsidiary that is not otherwise required to be a Guarantor to become a Guarantor, in which case such Subsidiary shall not be required to comply with the 30 calendar day period described above.

If the Guaranteed Indebtedness:

ranks equally with the Notes (or the applicable Subsidiary Guaranty) in right of payment, then the Guarantee of such Guaranteed Indebtedness shall rank equally with, or subordinate to, the Subsidiary Guaranty issued pursuant to this covenant in right of payment; or

is subordinate in right of payment to the Notes (or the applicable Subsidiary Guaranty), then the Guarantee of such Guaranteed Indebtedness shall be subordinated in right of payment to the Subsidiary Guaranty issued pursuant to this covenant at least to the extent that the Guaranteed Indebtedness is subordinated to the Notes (or the applicable Subsidiary Guaranty).

Any such Subsidiary Guaranty by a Restricted Subsidiary issued pursuant to this covenant shall provide by its terms that it shall be automatically and unconditionally released and discharged:

- (1) upon any sale, exchange or transfer (including by way of merger or consolidation), to any Person not a Subsidiary of the Parent, of Capital Stock held by the Parent and its Restricted Subsidiaries in, or all or substantially all the assets of, such Restricted Subsidiary (which sale, exchange or transfer is not prohibited by the indenture) such that, immediately after giving effect to such transaction, such Restricted Subsidiary would no longer constitute a Subsidiary of the Parent,
- (2) in connection with the merger or consolidation of such Restricted Subsidiary with (a) an Issuer or (b) any other Guarantor (provided that the surviving entity remains a Guarantor),
- (3) if the Parent properly designates such Restricted Subsidiary as an Unrestricted Subsidiary under the indenture,
- (4) upon the Legal Defeasance (as defined below) or Covenant Defeasance (as defined below) or satisfaction and discharge of the indenture,
- (5) upon a liquidation or dissolution of such Restricted Subsidiary permitted under the indenture, or
- (6)

upon the release or discharge of the Guarantee that resulted in the creation of such Subsidiary Guaranty, except a discharge or release by or as a result of payment under such Guarantee.

Limitation on Transactions with Affiliates

The Parent will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into, renew or extend any transaction (including the purchase, sale, lease or exchange of property or assets, or the rendering of any service) with any holder (or any Affiliate of such holder) of 10% or more of any class of Capital Stock of the Parent or with any Affiliate of the Parent or any of its Restricted Subsidiaries, in each case involving consideration in excess of \$3.75 million, except upon terms that are not materially less favorable, taken as a whole, to the Parent or such Restricted Subsidiary than could be obtained, at the time of such transaction or, if such transaction is pursuant to a written agreement, at the time of the execution of the agreement providing therefor, in a comparable arm's length transaction with a Person that is not such a holder or an Affiliate.

The foregoing limitation does not limit, and shall not apply to:

- (1) transactions (A) approved by a majority of the disinterested directors of the Board of Directors of the Parent or (B) for which the Parent or any Restricted Subsidiary delivers to the trustee a written opinion of a nationally recognized investment banking, appraisal or accounting firm stating that the transaction is fair to the Parent or such Restricted Subsidiary from a financial point of view;

Table of Contents

- (2) any transaction solely between the Parent and any of its Restricted Subsidiaries or solely between Restricted Subsidiaries;
 - (3) the payment of reasonable fees and compensation to, and indemnification and similar arrangements on behalf of, current, former or future directors of the Parent or any Restricted Subsidiary;
 - (4) the issuance or sale of Capital Stock (other than Disqualified Stock) of the Parent;
 - (5) any Restricted Payments not prohibited by the Limitation on Restricted Payments covenant;
 - (6) any contracts, instruments or other agreements or arrangements in each case as in effect on the date of the indenture, and any transactions pursuant thereto or contemplated thereby, or any amendment, modification or supplemental thereto or any replacement thereof entered into from time to time, as long as such agreement or arrangements as so amended, modified, supplemented or replaced, taken as a whole, is not materially more disadvantageous to the Parent and the Restricted Subsidiaries, taken as a whole, at the time executed than the original agreement or arrangements as in effect on the date of the indenture;
 - (7) any employment, consulting, service or termination agreement, or customary indemnification arrangements, entered into by the Parent or any Restricted Subsidiary with current, former or future officers and employees of the Parent or such Restricted Subsidiary and the payment of compensation to officers and employees of the Parent or any Restricted Subsidiary (including amounts paid pursuant to employee benefit plans, employee stock option or similar plans), in each case in the ordinary course of business;
 - (8) loans and advances to officers and employees of the Parent or any Restricted Subsidiary or guarantees in respect thereof (or cancellation of such loans, advances or guarantees), for bona fide business purposes, including for reasonable moving and relocation, entertainment and travel expenses and similar expenses, made in the ordinary course of business and consistent with past practice;
 - (9) transactions with a Person that is an Affiliate of the Parent solely because the Parent, directly or indirectly, owns Capital Stock of, or controls such Person; or
 - (10) any transaction with a Person who is not an Affiliate immediately before the consummation of such transaction that becomes an Affiliate as a result of such transaction.
- Notwithstanding the foregoing, any transaction or series of related transactions covered by the first paragraph of this Limitation on Transactions with Affiliates covenant and not covered by (2) through (10) of the immediately foregoing paragraph:

the aggregate amount of which exceeds \$15 million in value must be approved or determined to be fair in the manner provided for in clause (1)(A) or (B) above; and

the aggregate amount of which exceeds \$37.5 million in value, must be determined to be fair in the manner provided for in clause (1)(B) above.

Limitation on Asset Sales

The Parent will not, and will not permit any of its Restricted Subsidiaries to, consummate any Asset Sale, unless:

- (1) the consideration received by the Parent or such Restricted Subsidiary is at least equal to the fair market value of the assets sold or disposed of; and
- (2) at least 75% of the consideration received consists of cash, Temporary Cash Investments or Replacement Assets, or a combination of cash, Temporary Cash Investments or Replacement Assets; *provided, however*, that, with respect to the sale of one or more properties up to 75% of the consideration may consist of Indebtedness of the purchaser of such properties so long as such Indebtedness is secured by a first priority Lien on the property or properties sold.

Table of Contents

For purposes of this provision, each of the following shall be deemed to be cash:

- (a) any liabilities of the Parent or any Restricted Subsidiary (as shown on the most recent consolidated balance sheet of the Parent and its Restricted Subsidiaries other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or any Guaranty) that are assumed by the transferee of any such assets pursuant to an agreement that releases the Parent or any such Restricted Subsidiary from further liability with respect to such liabilities or that are assumed by contract or operation of law;
- (b) any securities, notes or other obligations received by the Issuers or any such Restricted Subsidiary from such transferee that are converted by the Issuers or such Restricted Subsidiary into cash or Temporary Cash Investments within 180 days (to the extent of the cash or Temporary Cash Investments received in that conversion); and
- (c) any Designated Non-Cash Consideration received by the Issuers or any such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-Cash Consideration received pursuant to this clause (c) that is at the time outstanding, not to exceed the greater of (x) \$30 million and (y) 2.0% of the Parent's Adjusted Total Assets at the time of the receipt of such Designated Non-Cash Consideration, with the fair market value of each item of Designated Non-Cash Consideration being measured at the time received and without giving effect to subsequent changes in value.

Within 365 days after the receipt of any Net Cash Proceeds from an Asset Sale, the Parent or any such Restricted Subsidiary may apply such Net Cash Proceeds to:

- (1) prepay, repay, redeem or purchase Pari Passu Indebtedness of the Issuers or a Subsidiary Guarantor that is Secured Indebtedness (in each case other than Indebtedness owed to the Parent or an Affiliate of the Parent);
- (2) make an Investment in (provided such Investment is in the form of Capital Stock), or to acquire all or substantially all of the assets of, a Person engaged in a Permitted Business if, in the case of an Investment, such Person is, or will become as a result thereof, a Restricted Subsidiary;
- (3) prepay, repay, redeem or purchase Pari Passu Indebtedness of the Issuers or of any Subsidiary Guarantor or any Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor; *provided, however*, that if the Parent, the Issuers or a Subsidiary Guarantor shall so prepay, repay, redeem or purchase any such Pari Passu Indebtedness, the Issuers will equally and ratably reduce obligations under the Notes if the Notes are then prepayable or, if the Notes may not then be prepaid, the Issuers shall make an offer (in accordance with the procedures set forth below) with the ratable proceeds to all holders to purchase their Notes at 100% of the principal amount thereof, plus accrued but unpaid interest, if any, thereon, up to the principal amount of Notes that would otherwise be prepaid;
- (4) fund all or a portion of an optional redemption of the Notes as described under **Optional Redemption** ;

(5) make one or more capital expenditures;

(6) acquire Replacement Assets to be used or that are useful in a Permitted Business; or

(7) undertake any combination of the foregoing;

provided, that the Parent will be deemed to have complied with the provisions described in clauses (2), (5) and (6) of this paragraph if and to the extent that, within 365 days after the Asset Sale that generated the Net Cash Proceeds, the Parent or any of its Restricted Subsidiaries has entered into and not abandoned or rejected a binding agreement to acquire the assets or Capital Stock of a Permitted Business, make a capital expenditure or acquire Replacement Assets in compliance with the provisions described in clauses (2), (5) and (6) of this paragraph, and that acquisition, purchase or capital expenditure is thereafter completed within 180 days after the end of such 365-day period. Pending the final application of any such excess Net Cash Proceeds, the Parent may temporarily

Table of Contents

reduce the revolving Indebtedness under any Credit Facility or otherwise invest such excess Net Cash Proceeds in any manner that is not prohibited by the indenture. The amount of such excess Net Cash Proceeds required to be applied (or to be committed to be applied) during such 365 day period as set forth in this paragraph and not so applied by the end of such period shall constitute *Excess Proceeds*.

If, as of the first day of any calendar month, the aggregate amount of Excess Proceeds not previously subject to an Offer to Purchase pursuant to this Limitation on Asset Sales covenant totals at least \$15 million, the Issuers shall commence, not later than the fifteenth Business Day of such month, and consummate an Offer to Purchase from the holders of the Notes and, to the extent required by the terms of any Pari Passu Indebtedness, to all holders of such Pari Passu Indebtedness on a *pro rata* basis an aggregate principal amount of Notes (and Pari Passu Indebtedness) equal to the Excess Proceeds on such date, at a purchase price equal to 100% of the principal amount of the Notes (and Pari Passu Indebtedness), plus, in each case, accrued and unpaid interest (if any) to the Payment Date. If any Excess Proceeds remain after consummation of an Offer to Purchase, the Parent may use such Excess Proceeds for any purpose not prohibited by the indenture. If the aggregate purchase price of the Notes and the other Pari Passu Indebtedness tendered into such Offer to Purchase exceeds the amount of Excess Proceeds, the Parent shall select the Notes to be purchased on a *pro rata* basis but in round denominations, which in the case of the Notes will be denominations of \$2,000 initial principal amount and multiples of \$1,000 thereafter. Upon completion of each Offer to Purchase, the amount of Excess Proceeds shall be reset at zero. The Parent may satisfy the foregoing obligation with respect to any Net Cash Proceeds prior to the expiration of the relevant 365 day period (as such period may be extended in accordance with the indenture). Nothing in this paragraph shall preclude the Issuers from making an Offer to Purchase even if the amount of Excess Proceeds not previously subject to an Offer to Purchase pursuant to this Limitation on Asset Sales covenant totals less than \$15 million.

Consolidation, Merger and Sale of Assets

The Parent will not consolidate with or merge with or into, or sell, convey, transfer or otherwise dispose of all or substantially all of its and its Restricted Subsidiaries (taken as a whole) property and assets (as an entirety or substantially an entirety in one transaction or a series of related transactions) to, any Person or permit any Person to merge with or into the Parent unless:

- (1) the Parent shall be the continuing Person, or the Person (if other than the Parent) formed by such consolidation or into which the Parent is merged or that acquired such property and assets of the Parent shall be a corporation, limited liability company, partnership (including a limited partnership) or trust organized and validly existing under the laws of the United States of America or any state or jurisdiction thereof and shall expressly assume, by a supplemental indenture, executed and delivered to the trustee, all of the obligations of the Parent on its Guaranty and under the indenture (provided that in the case of a limited liability company, partnership (including a limited partnership) or trust, there shall also be a corporation organized and validly existing under the laws of the United States of America or any state or jurisdiction thereof which shall expressly jointly with such limited liability company, partnership (including a limited partnership) or trust, assume, by a supplemental indenture, executed and delivered to the trustee, all of the obligations of the Parent on its Guaranty and under the indenture);
- (2) immediately after giving effect to such transaction, no Default or Event of Default shall have occurred and be continuing;

- (3) immediately after giving effect to such transaction and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, on a *pro forma* basis the Issuers, or any Person becoming the successor obligor of the Notes, as the case may be, could Incur at least \$1.00 of Indebtedness in compliance with both paragraphs (1) and (3) of the Limitation on Indebtedness covenant; *provided, however*, that this clause (3) shall not apply to a consolidation or merger with or into a Wholly Owned Restricted Subsidiary; and

Table of Contents

(4) the Parent delivers to the trustee an officers certificate (attaching the arithmetic computations to demonstrate compliance with clause (3) above) and an opinion of counsel, in each case stating that such consolidation, merger or transfer and such supplemental indenture complies with this covenant and that all conditions precedent provided for herein relating to such transaction have been complied with and, with respect to the opinion of counsel, that the supplemental indenture constitutes a valid and binding obligation enforceable against the Parent, or the Person (if other than the Parent) formed by such consolidation or into which the Parent is merged or that acquired all or substantially all of the Parent's and its Restricted Subsidiaries property and assets; *provided, however*, that clause (3) above does not apply if, in the good faith determination of the Board of Directors of the Parent, whose determination shall be evidenced by a Board Resolution, the principal purpose of such transaction is to change the state of domicile of the Parent; *provided further, however*, that any such transaction shall not have as one of its purposes the evasion of the foregoing limitations.

The Parent will not permit the Issuers or any Subsidiary Guarantor to consolidate with or merge with or into, or convey or transfer, in one transaction or a series of transactions, all or substantially all of its assets to any Person unless:

- (1) the resulting, surviving or transferee Person (if not such Issuer or such Subsidiary) shall be a Person organized and existing under the laws of the jurisdiction under which such Issuer or Subsidiary was organized or under the laws of the United States of America or any state or jurisdiction thereof, and such Person shall expressly assume, by a supplemental indenture, all the obligations of such Issuer or Subsidiary Guarantor, as applicable, under the Notes or its Subsidiary Guaranty, as applicable; *provided, however*, that the foregoing requirement will not apply in the case of a Subsidiary Guarantor or all or substantially all of its assets (x) that has been disposed of in its entirety to another Person (other than to the Parent or an Affiliate of the Parent), whether through a merger, consolidation or sale of Capital Stock or assets or (y) that, as a result of the disposition of all or a portion of its Capital Stock, ceases to be a Subsidiary, so long as, in both cases, in connection therewith the Parent provides an Officers Certificate to the trustee to the effect that the Parent will comply with its obligations under the covenant described under Limitation on Asset Sales;
 - (2) immediately after giving effect to such transaction or transactions on a *pro forma* basis (and treating any Indebtedness which becomes an obligation of the resulting, surviving or transferee Person as a result of such transaction as having been issued by such Person at the time of such transaction), no Default shall have occurred and be continuing; and
 - (3) the Parent delivers to the trustee an officers certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indenture, if any, complies with the indenture and that all conditions precedent provided for herein relating to such transaction have been complied with and, with respect to the opinion of counsel, that the supplemental indenture constitutes a valid and binding obligation enforceable against the Issuers, the Subsidiary Guarantors, the Parent and the surviving Persons.
- Notwithstanding the foregoing, any Subsidiary Guarantor may (i) merge with an Affiliate of the Parent or an Affiliate of the Parent or a Restricted Subsidiary of the Parent or another Subsidiary Guarantor solely for the purpose of changing the state of domicile of the Subsidiary Guarantor, (ii) merge with or into or transfer all or part of its properties and assets to another Subsidiary Guarantor, the Issuers or the Parent, or (iii) convert into a corporation, partnership, limited partnership, limited liability company or trust organized under the laws of the jurisdiction of

organization of such Subsidiary Guarantor.

Repurchase of Notes upon a Change of Control

The Issuers shall commence, within 30 days of the occurrence of a Change of Control, and consummate an Offer to Purchase for all Notes then outstanding, at a purchase price equal to 101% of the principal amount of the Notes, plus accrued and unpaid interest (if any) to the Payment Date.

Table of Contents

There can be no assurance that the Issuers will have sufficient funds available at the time of any Change of Control to make any debt payment (including repurchases of Notes) required by the foregoing covenant (as well as any covenant that may be contained in other securities of the Issuers that might be outstanding at the time). The above covenant requiring the Issuers to repurchase the Notes will, unless consents are obtained, require the Issuers to repay all indebtedness then outstanding which by its terms would prohibit such Note repurchase, either prior to or concurrently with such Note repurchase.

The Issuers will not be required to make an Offer to Purchase upon a Change of Control if a third party makes the Offer to Purchase in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Offer to Purchase made by the Issuers and purchases all Notes validly tendered and not withdrawn under such Offer to Purchase or if notice of redemption has been given pursuant to Optional Redemption above. Notwithstanding anything to the contrary contained herein, an Offer to Purchase may be made in advance of a Change of Control, subject to one or more conditions precedent, including but not limited to the consummation of such Change of Control, if a definitive agreement is in place for the Change of Control at the time the Offer to Purchase is made.

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of the Parent and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and the Parent. As of the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenant described under Covenants Limitations on Indebtedness. Such restrictions in the indenture can be waived only with the consent of the holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the indenture does not contain any covenants or provisions that may afford holders of the Notes protection in the event of a highly leveraged transaction.

The Revolving Credit Facility provides that the occurrence of certain change of control events with respect to the Parent would constitute a default thereunder. Future credit agreements that the Parent enters into may contain similar provisions. Such defaults could result in amounts outstanding under the Revolving Credit Facility and such other agreements being declared immediately due and payable or lending commitments being terminated.

The definition of Change of Control includes a phrase relating to the sale, exchange or other transfer of all or substantially all of the properties or assets of the Parent and its Subsidiaries, taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require the Issuers to repurchase such Notes as a result of a sale, exchange or other transfer of less than all of the assets of the Parent and its Subsidiaries taken as a whole to another Person or group may be uncertain. Because the Parent and its Subsidiaries are in the business of leasing their assets, the lease of all or substantially all of the assets of the Parent and its Subsidiaries would not constitute a Change of Control.

The provisions under the indenture relative to the Issuers obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of the Notes.

The Issuers will comply, to the extent applicable, with the requirements of Section 14(e) of, and Rule 14e-1 under, the Exchange Act and any other securities laws and regulations in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations

Table of Contents

conflict with the Change of Control provisions of the indenture, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached their obligations under the Change of Control provisions of the indenture by virtue of such compliance.

SEC Reports and Reports to Holders

Whether or not the Parent is then required to file reports with the SEC, the Parent shall file with the SEC all such reports and other information as it would be required to file with the SEC by Sections 13(a) or 15(d) under the Exchange Act if it was subject thereto; *provided, however*, that, if filing such documents by the Parent with the SEC is not permitted under the Exchange Act, the Parent shall, within 15 days after the time the Parent would be required to file such information with the SEC if it were subject to Section 13 or 15(d) under the Exchange Act, provide such documents and reports to the trustee and upon written request supply copies of such documents and reports to any holder and shall post such documents and reports on the Parent's public website. The Parent shall supply the trustee and each holder, without cost to such holder, copies of such reports and other information.

So long as permitted by the SEC, at any time that either (x) one or more Subsidiaries of the Parent is an Unrestricted Subsidiary or (y) the Parent holds directly any material assets (including Capital Stock) other than the Capital Stock of the Issuers and, in either case, such Unrestricted Subsidiary or other assets taken together would represent 5% or more of the Total Assets of the Parent and its Subsidiaries as of the latest quarterly financial statements, then the quarterly and annual financial information required by this covenant will include a reasonably detailed presentation, either in Management's Discussion and Analysis of Financial Condition and Results of Operations or any other comparable section, of the financial condition and results of operations of the Issuers and their Restricted Subsidiaries separate from the financial condition and results of operations of such Unrestricted Subsidiaries and other material assets of the Parent.

Notwithstanding anything herein to the contrary, the Parent will not be deemed to have failed to comply with any of its obligations under this covenant for purposes of clause (4) under Events of Default until 30 days after the date any report hereunder is due.

Events of Default

Events of Default under the indenture include the following:

- (1) default in the payment of principal of, or premium, if any, on any Note when they are due and payable at maturity, upon acceleration, redemption or otherwise;
- (2) default in the payment of interest on any Note when they are due and payable, and such default continues for a period of 30 days;
- (3) default in the performance or breach of the provisions of the indenture applicable to mergers, consolidations and transfers of all or substantially all of the assets of the Parent or the failure by the Issuers to consummate an Offer to Purchase in accordance with the Covenants Limitations on Asset Sales or Repurchase of Notes upon a Change of Control covenants;

- (4) the Parent defaults in the performance of or breaches any other covenant or agreement of the Parent in the indenture or under the Notes (other than a default specified in clause (1), (2) or (3) above) and such default or breach continues for 60 consecutive days after written notice by the trustee or the holders of 25% or more in aggregate principal amount of the Notes;

- (5) there occurs with respect to any issue or issues of Indebtedness of the Parent or any Significant Subsidiary having an outstanding principal amount of \$30 million or more in the aggregate for all such issues of all such Persons, whether such Indebtedness now exists or shall hereafter be created,

an event of default that has caused the holder thereof to declare such Indebtedness to be due and payable prior to its Stated Maturity and such Indebtedness has not been discharged in full or such acceleration has not been rescinded or annulled within 30 days of such acceleration, and/or

Table of Contents

the failure to make a principal payment at the final (but not any interim) fixed maturity and such defaulted payment shall not have been made, waived or extended within 30 days of such payment default;

- (6) any final and non-appealable judgment or order (not covered by insurance) for the payment of money in excess of \$30 million in the aggregate for all such final judgments or orders against all such Persons (treating any deductibles, self-insurance or retention as not covered by insurance):

shall be rendered against the Parent or any Significant Subsidiary and shall not be paid or discharged, and

there shall be any period of 60 consecutive days following entry of the final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such Persons to exceed \$30 million during which a stay of enforcement of such final judgment or order, by reason of a pending appeal or otherwise, shall not be in effect;

- (7) a court of competent jurisdiction enters a decree or order for:

relief in respect of the Parent or any Significant Subsidiary in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect,

appointment of a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Parent or any Significant Subsidiary or for all or substantially all of the property and assets of the Parent or any Significant Subsidiary, or

the winding up or liquidation of the affairs of the Parent or any Significant Subsidiary and, in each case, such decree or order shall remain unstayed and in effect for a period of 60 consecutive days; or

- (8) the Parent or any Significant Subsidiary:

commences a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consents to the entry of an order for relief in an involuntary case under such law,

consents to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Parent or such Significant Subsidiary or for all or substantially all of the property and assets of the Parent or such Significant Subsidiary, or

effects any general assignment for the benefit of its creditors.

If an Event of Default (other than an Event of Default specified in clause (7) or (8) above that occurs with respect to the Parent or the Issuers) occurs and is continuing under the indenture, the trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding, by written notice to the Issuers (and to the trustee if such notice is given by the holders), may, and the trustee at the request of the holders of at least 25% in aggregate principal amount of the Notes then outstanding shall, declare the principal of, premium, if any, and accrued interest on the Notes to be immediately due and payable. Upon a declaration of acceleration, such principal of, premium, if any, and accrued interest shall be immediately due and payable. In the event of a declaration of acceleration because an Event of Default set forth in clause (5) above has occurred and is continuing, such declaration of acceleration shall be automatically rescinded and annulled if the event of default triggering such Event of Default pursuant to clause (5) shall be remedied or cured by the Parent or the relevant Significant Subsidiary or waived by the holders of the relevant Indebtedness within 60 days after the declaration of acceleration with respect thereto.

Table of Contents

If an Event of Default specified in clause (7) or (8) above occurs with respect to the Parent or the Issuers, the principal of, premium, if any, and accrued interest on the Notes then outstanding shall automatically become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder. The holders of at least a majority in principal amount of the outstanding Notes by written notice to the Issuers and to the trustee, may waive all past defaults and rescind and annul a declaration of acceleration and its consequences if:

all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived, and

the rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

As to the waiver of defaults, see Modification and Waiver.

The holders of at least a majority in aggregate principal amount of the outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. However, the trustee may refuse to follow any direction that conflicts with law or the indenture, that may involve the trustee in personal liability, or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of Notes not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from holders of Notes. A holder may not pursue any remedy with respect to the indenture or the Notes unless:

- (1) the holder gives the trustee written notice of a continuing Event of Default;
- (2) the holders of at least 25% in aggregate principal amount of outstanding Notes make a written request to the trustee to pursue the remedy;
- (3) such holder or holders offer the trustee indemnity satisfactory to the trustee against any costs, liability or expense;
- (4) the trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and
- (5) during such 60-day period, the holders of a majority in aggregate principal amount of the outstanding Notes do not give the trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any holder of a Note to receive payment of the principal of, premium, if any, or interest on, such Note or to bring suit for the enforcement of any such payment on or after the due date expressed in the Notes, which right shall not be impaired or affected without the consent of the holder.

The indenture requires certain officers of the Parent to certify, on or before a date not more than 120 days after the end of each fiscal year, that a review has been conducted of the activities of the Parent and its Restricted Subsidiaries and of its performance under the indenture and that the Parent has fulfilled all obligations thereunder, or, if there has been a default in fulfillment of any such obligation, specifying each such default and the nature and status thereof. The Parent will also be obligated to notify the trustee of any default or defaults in the performance of any covenants or agreements under the indenture within 30 days of becoming aware of any such default unless such default has been cured before the end of the 30 day period.

Defeasance

The Issuers may, at their option and at any time, elect to have their obligations and the obligations of the Guarantors discharged with respect to the outstanding Notes (*Legal Defeasance*) and cure all then existing Events of Default. Legal Defeasance means that the Issuers and the Guarantors shall be deemed to have paid and discharged the entire indebtedness represented by the Notes and the Guaranties, and the indenture shall cease to be of further effect as to all outstanding Notes and Guaranties, except as to

- (1) rights of holders to receive payments in respect of the principal of and interest on the Notes when such payments are due from the trust funds referred to below,
- (2) the Issuers' obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes, and the maintenance of an office or agency for payment and money for security payments held in trust,
- (3) the rights, powers, trust, duties, and immunities of the trustee, and the Issuers' obligations in connection therewith, and
- (4) the Legal Defeasance provisions of the indenture.

In addition, the Issuers may, at their option and at any time, elect to have their obligations and the obligations of the Guarantors released with respect to most of the covenants under the indenture, except as described otherwise in the indenture (*Covenant Defeasance*), and thereafter any omission to comply with such obligations shall not constitute a Default. In the event Covenant Defeasance occurs, certain Events of Default (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) will no longer apply. The Issuers may exercise their Legal Defeasance option regardless of whether they previously exercised Covenant Defeasance.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) the Issuers must irrevocably deposit with the trustee, in trust, for the benefit of the holders, U.S. legal tender, U.S. Government Obligations or a combination thereof, in such amounts as will be sufficient (without reinvestment) in the opinion of a nationally recognized firm of independent public accountants selected by the Issuers, to pay the principal of and interest on the Notes on the stated date for payment or on the redemption date of the Notes,
- (2) in the case of Legal Defeasance, the Issuers shall have delivered to the trustee an opinion of counsel in the United States confirming that:
 - (a) the Issuers have received from, or there has been published by the Internal Revenue Service, a ruling, or

(b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon this opinion of counsel shall confirm that, the holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred,

- (3) in the case of Covenant Defeasance, the Issuers shall have delivered to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee confirming that the holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the Covenant Defeasance had not occurred,
- (4) no Default shall have occurred and be continuing on the date of such deposit (other than a Default resulting from the borrowing of funds to be applied to such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens on the funds deposited in connection therewith),

Table of Contents

- (5) the Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under, any other material agreement or instrument (other than the indenture) to which the Parent or any of its Subsidiaries is a party or by which the Parent or any of its Subsidiaries is bound (other than any such Default or default relating to any Indebtedness being defeased from any borrowing of funds to be applied to such deposit and any similar and simultaneous deposit relating to such Indebtedness, and the granting of Liens on the funds deposited in connection therewith),
- (6) the Issuers shall have delivered to the trustee an officers certificate stating that the deposit was not made by them with the intent of preferring the holders over any other creditors of the Issuers or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuers or others, and
- (7) the Issuers shall have delivered to the trustee an officers certificate and an opinion of counsel, each stating that the conditions provided for in, in the case of the officers certificate, clauses (1) through (6) and, in the case of the opinion of counsel, clauses (2) and/or (3) and (5) of this paragraph have been complied with.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect (except as to surviving rights or registration of transfer or exchange of the Notes, as expressly provided for in the indenture) as to all outstanding Notes when

- (1) either:
 - (a) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuers and thereafter repaid to the Issuers or discharged from such trust) have been delivered to the trustee for cancellation; or
 - (b) all Notes not theretofore delivered to the trustee for cancellation (1) have become due and payable or (2) will become due and payable within one year, or are to be called for redemption within one year, under arrangements reasonably satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the expense, of the Issuers, and the Issuers have irrevocably deposited or caused to be deposited with the trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of maturity or redemption, as the case may be, together with irrevocable instructions from the Issuers directing the trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;
- (2) the Issuers have paid all other sums payable under the indenture by the Parent or the Issuers; and
- (3) the Issuers have delivered to the trustee an officers certificate and an opinion of counsel stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been

complied with.

Modification and Waiver

Subject to certain limited exceptions, modifications and amendments of the indenture may be made by the Issuers and the trustee with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding Notes; *provided, however*, that no such modification or amendment may, without the consent of each holder affected thereby:

- (1) change the Stated Maturity of the principal of, or any installment of interest on, any Note,
- (2) reduce the principal amount of, or premium, if any, or interest on, any Note,
- (3) change the place of payment of principal of, or premium, if any, or interest on, any Note,

Table of Contents

- (4) impair the right to institute suit for the enforcement of any payment on or after the Stated Maturity (or, in the case of a redemption, on or after the Redemption Date) of any Note,
 - (5) reduce the above-stated percentage of outstanding Notes the consent of whose holders is necessary to modify or amend the indenture,
 - (6) waive a default in the payment of principal of, premium, if any, or interest on the Notes (except a rescission of the declaration of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the Notes then outstanding and a waiver of the payment default that resulted from such acceleration, so long as all other existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived),
 - (7) voluntarily release a Guarantor of the Notes, except as permitted by the indenture,
 - (8) reduce the percentage or aggregate principal amount of outstanding Notes the consent of whose holders is necessary for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults, or
 - (9) modify or change any provisions of the indenture affecting the ranking of the Notes or the Guaranties as to right of payment or in any manner adverse to the holders of the Notes in any material respect.
- Notwithstanding the preceding, without the consent of any holder, the Parent, the Issuers, the Subsidiary Guarantors and the trustee may amend the indenture:
- (1) to cure any ambiguity, omission, defect or inconsistency;
 - (2) to provide for the assumption by a successor corporation or other entity of the obligations of the Parent, the Issuers or any Subsidiary Guarantor under the indenture;
 - (3) to provide for uncertificated Notes in addition to or in place of certificated Notes;
 - (4) to add guaranties with respect to the Notes, including any Subsidiary Guaranties, or to secure the Notes;
 - (5) to add to the covenants of the Parent, the Issuers or a Subsidiary Guarantor for the benefit of the holders or to surrender any right or power conferred upon the Parent, the Issuers or a Subsidiary Guarantor;

- (6) to make any change that does not adversely affect the rights of any Holder in any material respect;
- (7) to comply with any requirement of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;
- (8) to make any amendment to the provisions of the indenture relating to the transfer and legending of Notes; *provided, however,* that (a) compliance with the indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any other applicable securities law and (b) such amendment does not materially and adversely affect the rights of holders to transfer Notes;
- (9) to conform the text of the indenture or the Guaranties or the Notes to any provision of the Description of Notes section of the offering memorandum relating to the Old Notes to the extent that such provision in the Description of Notes section of the offering memorandum relating to the Old Notes was intended to be a substantially verbatim recitation of a provision of the indenture, the Guaranties or the Notes;
- (10) to evidence and provide for the acceptance of appointment by a successor trustee, provided that the successor trustee is otherwise qualified and eligible to act as such under the terms of the indenture;
- (11) to release a Subsidiary Guarantor from its Subsidiary Guaranty as permitted by and in accordance with the indenture;

Table of Contents

(12) to provide for a reduction in the minimum denominations of the Notes;

(13) to comply with the rules of any applicable securities depository; or

(14) to provide for the issuance of additional notes and related guarantees in accordance with the limitations set forth in the indenture.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the indenture becomes effective, the Parent is required to mail to holders a notice briefly describing such amendment. However, the failure to give such notice to all holders, or any defect therein, will not impair or affect the validity of the amendment.

Neither the Parent nor any Affiliate of the Parent may, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the Notes unless such consideration is offered to all holders and is paid to all holders that so consent, waive or agree to amend in the time frame set forth in solicitation documents relating to such consent, waiver or agreement.

No Personal Liability of Incorporators, Stockholders, Officers, Directors, or Employees

The indenture provides that no recourse for the payment of the principal of, premium, if any, or interest on any of the Notes or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of the Parent, the Issuers or the Guarantors in the indenture, or in any of the Notes or Guarantees or because of the creation of any Indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of the Parent, the Issuers or the Subsidiary Guarantors or of any successor Person thereof. Each holder, by accepting the Notes, waives and releases all such liability.

Concerning the Trustee

The indenture provides that, except during the continuance of an Event of Default, the trustee will not be liable, except for the performance of such duties as are specifically set forth in the indenture. If an Event of Default has occurred and is continuing, the trustee will use the same degree of care and skill in its exercise of the rights and powers vested in it under the indenture as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The trustee shall be under no obligation to exercise any of the rights or powers vested in it by the indenture at the request or direction of any of the holders pursuant to the indenture, unless such holders shall have offered to the trustee security or indemnity satisfactory to the trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction.

The indenture and provisions of the Trust Indenture Act of 1939 incorporated by reference into the indenture contain limitations on the rights of the trustee, should it become a creditor of the Parent or the Issuers, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

Notwithstanding the preceding, the income taxes of, and the depreciation and amortization and other non-cash items of, a Subsidiary shall be added (or subtracted) to Adjusted Consolidated Net Income to compute Adjusted Consolidated EBITDA only to the extent (and in the same proportion) that net income of such Subsidiary was included in calculating Adjusted Consolidated Net Income.

For purposes hereof such present value shall be calculated using a discount rate equal to the rate of interest implicit in such Sale and Leaseback Transaction, determined by the lessee in good faith on a basis consistent with comparable determinations of Capitalized Lease Obligations under GAAP; *provided, however*, that if such sale and leaseback transaction results in a Capitalized Lease Obligation, the amount of Indebtedness represented thereby will be determined in accordance with the definition of Capitalized Lease Obligations.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a general discussion of the material U.S. federal income tax consequences to beneficial owners of the Notes of (i) the exchange of the Old Notes for Exchange Notes pursuant to the exchange offer and (ii) the acquisition, ownership, and disposition of the Notes. This discussion is based upon the Internal Revenue Code of 1986, as amended (the Code), the U.S. Treasury regulations promulgated thereunder, administrative pronouncements and judicial decisions, all as of the date hereof and all of which are subject to change, possibly on a retroactive basis.

This discussion applies only to beneficial owners of Old Notes whose Old Notes are tendered and accepted in the exchange offer and that have held the Old Notes, and will hold the Exchange Notes, as capital assets within the meaning of section 1221 of the Code. This discussion does not address all aspects of U.S. federal income taxation that might be important to particular investors in light of their individual circumstances or the U.S. federal income tax consequences applicable to special classes of taxpayers, such as banks and other financial institutions, insurance companies, real estate investment trusts, regulated investment companies, tax-exempt organizations, partnerships (or entities properly classified as partnerships for U.S. federal income tax purposes) or other pass-through entities, dealers in securities or currencies, traders in securities that elect to use a mark-to-market method of accounting, persons liable for U.S. federal alternative minimum tax, U.S. Holders (as defined below) whose functional currency is not the U.S. dollar, former citizens or residents of the United States, and persons holding the Notes as part of a hedging or conversion transaction or a straddle. The discussion does not address any foreign, state, local or non-income tax consequences of the acquisition, ownership or disposition of the Notes to beneficial owners of the Notes.

As used in this prospectus, the term U.S. Holder means a beneficial owner of a Note who or which is for U.S. federal income tax purposes:

a citizen or individual resident of the United States;

a corporation (or other entity properly classified as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state within the United States, or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if (i) a U.S. court is able to exercise primary supervision over the trust's administration and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust, or (ii) in the case of a trust that was treated as a domestic trust under the laws in effect before 1997, a valid election is in place under applicable U.S. Treasury regulations to treat such trust as a domestic trust.

The term Non-U.S. Holder means any beneficial owner of a Note who or which is not a U.S. Holder and is not a partnership or other entity properly classified as a partnership for U.S. federal income tax purposes. For the purposes of this prospectus, U.S. Holders and Non-U.S. Holders are referred to collectively as Holders.

If a partnership or other entity properly classified as a partnership for U.S. federal income tax purposes is a beneficial owner of a Note, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the entity. Such entities and partners in such entities should consult their own tax advisors about the U.S. federal

income and other tax consequences of the acquisition, ownership and disposition of a Note.

This discussion is for general purposes only. Holders should consult their own tax advisors regarding the application of the U.S. federal income tax laws to their particular situations and the consequences under federal estate or gift tax laws, as well as foreign, state or local laws and tax treaties, and the possible effects of changes in tax laws.

Table of Contents

U.S. Federal Income Taxation of U.S. Holders

Exchange Offer

The exchange of the Old Notes for the Exchange Notes pursuant to the exchange offer will not be a taxable event for U.S. federal income tax purposes because the Exchange Notes will not be considered to differ materially in kind or extent from the Old Notes. As a result, a U.S. Holder will not be required to recognize any gain or loss as a result of an exchange of Old Notes for Exchange Notes. In addition, each U.S. Holder will have the same tax basis and holding period in the Exchange Notes as the Old Notes.

Payments of Interest

Stated interest on Notes beneficially owned by a U.S. Holder generally will be taxable as ordinary interest income at the time payments are accrued or are received in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

Amortizable Bond Premium

If a U.S. Holder purchases a Note for an amount that exceeds the sum of all amounts payable on the Note after the purchase date other than stated interest, a U.S. Holder will be considered to have purchased the Note with amortizable bond premium equal to that excess. A U.S. Holder generally may elect to amortize the premium using a constant yield method over the remaining term of the Note and may offset income otherwise required to be included in respect of the Note during any taxable year by the amortized amount of such excess for the taxable year. The election to amortize premium on a constant yield method will also apply to all debt obligations (other than debt obligations the interest on which is excludable from gross income) a U.S. Holder holds at the beginning of or acquires in or after the first taxable year to which the election applies and may not be revoked without the consent of the Internal Revenue Service (the IRS). If a U.S. Holder does not elect to amortize bond premium, that premium will decrease the gain or increase the loss that the U.S. Holder would otherwise recognize on the sale, exchange, redemption or other disposition of the Note.

Market Discount

If a U.S. Holder acquires a Note in a secondary market transaction for an amount that is less than, in general, its principal amount, the amount of such difference is treated as market discount for U.S. federal income tax purposes to such U.S. Holder, unless such difference is considered to be *de minimis*, as described in section 1278(a)(2)(C) of the Code. Under the market discount rules of the Code, a U.S. Holder is required to treat any principal payment on, or any gain on the sale, exchange or redemption or other taxable disposition of, a Note as ordinary income to the extent of the accrued market discount that has not previously been included in income. In general, the amount of market discount that has accrued is determined on a ratable basis, although in certain circumstances an election may be made to accrue market discount on a constant interest basis. A U.S. Holder may not be allowed to deduct immediately a portion of the interest expense on any indebtedness incurred or maintained to purchase or to carry Notes with market discount. A U.S. Holder may elect to include market discount in income currently as it accrues, in which case the interest deferral rule set forth in the preceding sentence will not apply. Such an election will apply to all debt instruments acquired on or after the first day of the taxable year to which such election applies and is irrevocable without the consent of the IRS. The tax basis in a Note will be increased by the amount of market discount included in income as a result of such election. U.S. Holders are urged to consult their tax advisors regarding the tax consequences of the acquisition, ownership, and disposition of Notes with market discount.

Payments under Certain Events

In certain circumstances, we may be obligated to pay amounts in excess of the stated interest on and stated redemption price at maturity of the Notes. See, e.g., Description of Exchange Notes Optional Redemption and Description of Exchange Notes Repurchase of Notes Upon a Change of Control. These contingencies

Table of Contents

could subject the Notes to the provisions of the U.S. Treasury regulations relating to contingent payment debt instruments. We believe and intend to take the position that the foregoing contingencies should not result in the Notes being treated as contingent payment debt instruments. Our position is binding on a holder, unless the holder discloses in the proper manner to the IRS that it is taking a different position. If the IRS were to successfully challenge this position, the amount, timing and character of payments under the Notes may differ, which could increase the present value of a U.S. Holder's U.S. federal income tax liability with respect to the Notes. The remainder of this discussion assumes that the Notes will not be treated as contingent payment debt instruments.

Sale, Exchange or Redemption of the Notes

Upon the sale, redemption, exchange (other than pursuant to the exchange offer) or other taxable disposition of the Notes, a U.S. Holder generally will recognize gain or loss equal to the difference, if any, between (i) the amount realized upon the sale, exchange, redemption or other taxable disposition of the Notes, other than amounts attributable to accrued and unpaid interest (which will be taxed as ordinary interest income to the extent such interest has not been previously included in income), and (ii) the U.S. Holder's adjusted tax basis in the Notes. The amount realized by a U.S. Holder is the sum of cash plus the fair market value of all other property received on such sale, exchange, redemption or other taxable disposition. A U.S. Holder's adjusted tax basis in the Notes generally will be its cost for the Notes increased by the amount of any market discount previously included in the U.S. Holder's gross income and decreased by any amortized premium on the Notes.

Except as described above under *Payments under Certain Events* and *Market Discount*, the gain or loss a U.S. Holder recognizes on the sale, exchange, redemption or other taxable disposition of the Notes generally will be capital gain or loss. Such gain or loss generally will be long-term capital gain or loss if a U.S. Holder has held the Notes for more than 12 consecutive months. For non-corporate U.S. Holders, long-term capital gains are currently taxed at a lower rate than ordinary income. The deductibility of capital losses is subject to limitations. A U.S. Holder should consult its own tax advisor regarding the deductibility of capital losses in its particular circumstances.

Tax on Net Investment Income

Certain U.S. Holders that are individuals, estates or trusts will be required to pay a 3.8% tax on all or part of their net investment income, which includes, among other items, interest on, and capital gains from the sale or other taxable disposition of, a Note. Prospective investors should consult their tax advisors regarding the consequences, if any, with respect to this tax on their investment in the Notes.

Backup Withholding and Information Reporting

In general, a U.S. Holder that is not an exempt recipient will be subject to U.S. federal backup withholding tax at the applicable rate (currently 28%) with respect to payments on the Notes and the proceeds of a sale, exchange, redemption or other taxable disposition of the Notes, unless the U.S. Holder provides its taxpayer identification number to the paying agent and certifies, under penalties of perjury, that it is not subject to backup withholding on an IRS Form W-9 (Request for Taxpayer Identification Number and Certification) and otherwise complies with the applicable requirements of the backup withholding rules. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder may be allowed as a credit against such U.S. Holder's U.S. federal income tax liability and may entitle such U.S. Holder to a refund, provided the required information is furnished to the IRS in a timely manner. In addition, payments on the Notes made to, and the proceeds of a sale or other taxable disposition by, a U.S. Holder that is not an exempt recipient generally will be subject to information reporting requirements.

Table of Contents

U.S. Federal Income Taxation of Non-U.S. Holders

Payments of Interest

Subject to the discussion below under Backup Withholding and Information Reporting, a Non-U.S. Holder generally will not be subject to U.S. federal withholding tax on interest paid on the Notes so long as:

the Non-U.S. Holder does not actually or constructively own 10% or more of the total combined voting power of all of the stock of Aviv Healthcare Capital Corporation entitled to vote;

the Non-U.S. Holder is not a controlled foreign corporation that is related to us, actually or by attribution, through stock ownership;

the Non-U.S. Holder does not actually or constructively own 10% or more of the capital or profits interest in Aviv Healthcare Properties Limited Partnership; and

either (i) the Non-U.S. Holder certifies under penalties of perjury on IRS Form W-8BEN (Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding) or a suitable substitute form that it is not a United States person (as defined in the Code), and provides its name and address, and U.S. taxpayer identification number, if any, or (ii) a securities clearing organization, bank or other financial institution that holds customers securities in the ordinary course of its trade or business and holds the Notes on behalf of the Non-U.S. Holder certifies under penalties of perjury that the certification referred to in clause (i) has been received from the Non-U.S. Holder, and furnishes to us a copy thereof.

A Non-U.S. Holder that does not qualify for exemption from withholding as described above generally will be subject to withholding of U.S. federal income tax at a rate of 30% on payments of interest on the Notes. A Non-U.S. Holder may be entitled to the benefits of an income tax treaty under which interest on the Notes is subject to a reduced rate of U.S. withholding tax or is exempt from U.S. withholding tax, provided the Non-U.S. Holder furnishes us a properly completed and executed IRS Form W-8BEN claiming the reduction or exemption and the Non-U.S. Holder complies with any other applicable procedures.

Special rules regarding exemption from, or reduced rates of, U.S. withholding tax may apply in the case of Notes held by partnerships or certain types of trusts. Partnerships and trusts that are prospective purchasers should consult their tax advisors regarding special rules that may be applicable in their particular circumstances.

Sale, Exchange or Redemption of the Notes

Generally, any gain recognized by a Non-U.S. Holder on the sale, exchange, redemption or other taxable disposition of a Note (other than amounts attributable to accrued and unpaid interest, which will be treated as described under Payments of Interest above) will be exempt from U.S. federal income and withholding tax, unless:

the gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if a treaty applies, is attributable to a permanent establishment maintained by the Non-U.S. Holder in the United States); or

the Non-U.S. Holder is an individual who is present in the United States for 183 days or more during the taxable year, and certain other conditions are met.

Effectively Connected Income

If interest, gain or other income recognized by a Non-U.S. Holder on a Note is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if a treaty applies, is attributable to a permanent establishment maintained by the Non-U.S. Holder in the United States), the Non-U.S. Holder will not be subject to the withholding tax discussed above if the Non-U.S. Holder provides us with a properly completed and

Table of Contents

executed IRS Form W-8ECI (Certificate of Foreign Person's Claim That Income Is Effectively Connected With the Conduct of a Trade or Business in the United States), but the Non-U.S. Holder generally will be subject to U.S. federal income tax on such interest, gain or other income as if it were a United States person (as defined in the Code). In addition to such U.S. federal income tax, if the Non-U.S. Holder is a corporation, it may be subject to an additional 30% branch profits tax.

Backup Withholding and Information Reporting

We must report annually to the IRS and to a Non-U.S. Holder the amount of interest paid to such Non-U.S. Holder and the tax withheld from those payments. These reporting requirements apply regardless of whether U.S. withholding tax on such payments was reduced or eliminated by any applicable tax treaty or otherwise. Copies of the information returns reporting those payments and the amounts withheld may also be made available to the tax authorities in the country where a Non-U.S. Holder is a resident under the provisions of an applicable income tax treaty or agreement.

Under some circumstances, U.S. Treasury regulations require backup withholding and additional information reporting on payments of interest and other reportable payments. Such backup withholding and additional information reporting will not apply to payments on the Notes made by us or our paying agent to a Non-U.S. Holder if the certification described above under *Payments of Interest* is received from the Non-U.S. Holder.

Backup withholding and information reporting generally will not apply to payments of proceeds from the sale or other disposition of a Note made to a Non-U.S. Holder by or through the foreign office of a broker. However, information reporting requirements, and possibly backup withholding, will apply if such broker is, for U.S. federal income tax purposes, a United States person (as defined in the Code) or has certain other enumerated connections with the United States, unless such broker has documentary evidence in its records that the Non-U.S. Holder is not a United States person (as defined in the Code) and certain other conditions are met, or the Non-U.S. Holder otherwise establishes an exemption. Payments of proceeds from the sale or other disposition of a Note made to a Non-U.S. Holder by or through the U.S. office of a broker are subject to information reporting and backup withholding at the applicable rate unless the Non-U.S. Holder certifies, under penalties of perjury, that it is not a United States person (as defined in the Code) and it satisfies certain other conditions or otherwise establishes an exemption. Backup withholding is not an additional tax. A Non-U.S. Holder may obtain a refund or credit against its U.S. federal income tax liability of any amounts withheld under the backup withholding rules, provided the required information is furnished to the IRS in a timely matter.

Non-U.S. Holders should consult their tax advisors regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom, and the procedures for obtaining such an exemption, if available.

The U.S. federal income tax discussion set forth above is included for general information only and may not be applicable depending upon a Holder's particular situation. Prospective purchasers of the Notes should consult their own tax advisors with respect to the tax consequences to them of the acquisition, ownership and disposition of the Notes, including the tax consequences under state, local, estate, foreign and other tax laws and tax treaties and the possible effects of changes in U.S. or other tax laws.
