PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board of Directors" or "Board") of Domino's Pizza, Inc. for use at the 2014 Annual Meeting of Shareholders ("Annual Meeting") to be held on Tuesday, April 29, 2014 at 10:00 a.m. EDT at the Domino's Pizza World Resource Center, 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105, and at any adjournment thereof. The Company has made these materials available to you on the Internet or, upon your request, has delivered printed copies to you by mail or electronic versions by e-mail. The Company will pay the expenses of solicitation of Proxies. We will request banks, brokers and other custodians, nominees and fiduciaries to solicit Proxies from their customers and will reimburse those banks, brokers and other custodians, nominees and fiduciaries for reasonable out-of-pocket costs for this solicitation. Further solicitation of Proxies may be made by mail, personal interview and/or telephone by officers, directors and other employees of the Company, none of whom will receive additional compensation for assisting with the solicitation.

This Proxy Statement, along with the Notice of Annual Meeting of Shareholders and form of Proxy, was first made available to shareholders on or about March 20, 2014. As used in this Proxy Statement, references to the Company, "Domino's" or "Domino's Pizza" refer to Domino's Pizza, Inc. and its wholly-owned subsidiaries.

VOTING SECURITIES

Record Date, Issued and Outstanding Shares

The record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting was the close of business on March 5, 2014 (the "Record Date"). On the Record Date, there were 55,742,823 shares of common stock, \$0.01 par value per share, the Company's only voting securities, outstanding and entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote.

Quorum Requirement

Under the Company's By-Laws, the holders of a majority of the shares of common stock outstanding and entitled to vote at the Annual Meeting constitute a quorum for the transaction of business at the Annual Meeting. Shares of common stock represented in person or by proxy, including shares that abstain or do not vote with respect to one or more of the matters presented for shareholder approval, will be counted for purposes of determining whether a quorum is present.

VOTING AND PROXIES

Voting Procedures

The holders of common stock are entitled to one vote per share on any proposal presented at the Annual Meeting. Only shareholders of record at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. Shareholders may choose to vote: (i) by returning the enclosed Proxy card, (ii) electronically by accessing the internet site or by using the toll-free telephone number, both of which are stated on the form of Proxy, or (iii) by attending the Annual Meeting and voting in person.

Table of Contents

All properly executed Proxies received by mail, and properly authenticated electronic votes recorded through the internet or by telephone, will be voted as directed by the shareholder. All properly executed Proxies received by mail that do not specify how shares should be voted will be voted **FOR** the election as Directors of the nominees listed below under ELECTION OF DIRECTORS, **FOR** the advisory vote to approve the compensation of the Company's named executive officers, and **FOR** the ratification of the selection of PricewaterhouseCoopers LLP as independent registered public accountants of the Company for the current fiscal year.

Revocation of Proxies

Any Proxy given pursuant to this solicitation may be revoked at any time before it is voted either by: (i) signing and returning a new Proxy card with a later date, (ii) submitting a later-dated vote by telephone or via the internet (only your latest telephone or internet vote received by 11:59 p.m., Eastern Daylight Time, on April 28, 2014 will be counted), (iii) filing with our Corporate Secretary a written notice of revocation dated later than the date of the Proxy being revoked, or (iv) attending the Annual Meeting and revoking or voting in person. Any written notice of revocation should be sent to: Corporate Secretary, Domino's Pizza, Inc., 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105.

The internet and telephone procedures for voting and for revoking or changing a vote are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions and to confirm that shareholders' instructions have been properly recorded. Shareholders that vote through the internet should understand that there may be costs associated with electronic access, such as usage charges from internet access providers and telephone companies, which will be borne by the shareholder.

Broker Non-Votes

Brokers are subject to the rules of the New York Stock Exchange (the "NYSE"). The NYSE rules direct that certain matters submitted to a vote of shareholders are routine items and brokers generally may vote on behalf of beneficial owners who have not furnished voting instructions, subject to the rules of the NYSE concerning transmission of proxy materials to beneficial owners, and subject to any proxy voting policies and procedures of those brokerage firms. Brokers who hold shares in street name for customers who are beneficial owners of such shares are prohibited from giving a proxy to vote such customers' shares on non-routine matters in the absence of specific instructions from such customers.

Under current NYSE rules, we believe Proposals 1 (election of Directors) and 2 (advisory vote on executive compensation) are non-routine matters. Accordingly, if your broker holds shares that you own in street name, the broker may not vote your shares on either Proposal 1 or Proposal 2 without receiving instructions from you. The broker may vote your shares on Proposal 3 (ratification of independent auditors) even if the broker does not receive instructions from you. If your broker does not vote on a proposal, this is commonly referred to as a broker non-vote. Broker non-votes will not be counted as having voted in person or by proxy and will not affect the outcome of the proposals.

Votes Required

Under Proposal 1, Directors are elected by a plurality of the votes of the shares of common stock represented and voted at the Annual Meeting. If you withhold your vote for a particular nominee, then your vote will not count **FOR** such nominee. Broker non-votes will not be treated as votes cast with respect to the election of Directors and, therefore, will have no effect on the outcome of the election of Directors.

Approval of Proposal 2 requires the affirmative vote of a majority of the shares voted in person or by proxy at the Annual Meeting. Abstentions will be counted toward the tabulation of votes cast and, therefore, will have the same effect as a negative vote. Broker non-votes will have no effect on the outcome of the vote.

Table of Contents

Approval of Proposal 3 requires the affirmative vote of a majority of the shares voted in person or by proxy at the Annual Meeting. Abstentions will be counted toward the tabulation of votes cast and, therefore, will have the same effect as a negative vote. We do not expect any broker non-votes on this proposal.

No matter currently is expected to be considered at the Annual Meeting other than Proposals 1, 2 and 3. If any other matters are properly brought before the Annual Meeting for action, it is intended that the persons named in the proxy and acting thereunder will vote in accordance with their discretion on such matters.

PROPOSAL ONE: ELECTION OF DIRECTORS

Domino's currently has a classified Board of Directors consisting of two Class I Directors with terms expiring at the Annual Meeting, three Class II Directors with terms expiring in 2015, and three Class III Directors with terms expiring in 2016. At each annual meeting of shareholders, Directors in one class are elected for a full term of three years to succeed those Directors whose terms are expiring. In addition, the Company currently intends to include in its proxy statement for its 2015 annual meeting of shareholders a management proposal to amend the Company's certificate of incorporation in order to effect the declassification of the Company's Board of Directors. If approved by the shareholders, each Director that is elected after the Company's 2015 annual meeting (and after the filing of such amendment to the certificate of incorporation with the Delaware Secretary of State) will be elected for a one-year term.

This year, the two Class I Director nominees will stand for election to a three-year term expiring at the 2017 annual meeting. The persons named in the enclosed Proxy will vote to elect Andrew B. Balson and Vernon Bud O. Hamilton as Directors unless the Proxy is marked otherwise. Each of the nominees has indicated his willingness to serve, if elected. However, if a nominee should be unable to serve, the shares of common stock represented by Proxies may be voted for a substitute nominee designated by the Board. Management has no reason to believe that any of the above-mentioned persons will not serve his term as a Director.

Our Nominating and Corporate Governance Committee does not have any specific, delineated qualifications for the nomination of director candidates. However, the Nominating and Corporate Governance Committee does take into account a number of factors, qualifications and skills that it deems appropriate. The Company and the Board, at a minimum, seek to have Directors with sound business judgment, wisdom and knowledge in his or her field of expertise. Identified and described below are the additional key experiences, qualifications and skills that are important to the Company's business and that were considered in the selection of the Directors, which factors may change from time to time.

Business experience. The Company and the Board believe that the Company benefits from nominating Directors with a substantial degree of business experience. This may include accomplishments or recognized achievements in his or her particular field of practice.

Leadership experience. The Company and the Board believe that Directors with experience in significant leadership positions over an extended period, especially President or Chief Executive Officer positions, provide the Company with strategic insights. These Directors generally possess superior leadership qualities and the ability to identify and develop those qualities in others. They demonstrate a practical understanding of organizations, long-term strategy, risk management and the methods to drive change and growth.

Finance experience. The Company and the Board identified an understanding of finance and financial reporting processes as an important characteristic for our Directors. The Company uses financial measures to evaluate its performance as well as its accomplishment of financial performance targets. In addition, the Board and the Audit Committee oversee the required public disclosure of the Company that includes financial statements and related information.

Educational and industry experience. The Company and the Board seek to have directors with relevant education, business expertise and experience as executives, directors, investors or in other leadership positions in the retail sector, including the restaurant industry.

Table of Contents

Set forth below are the name, age, principal occupation and qualifications of each nominee for election as a Class I Director and of each continuing member of the Board. The Nominating and Corporate Governance Committee believes that each of the nominees and each of the continuing Directors possess the necessary professional experience and qualifications to contribute to the success of the Company. Information with respect to the business experience, other publicly-held companies on which they serve, or served in the past five years, as a director and the number of shares of Domino's Pizza, Inc. common stock beneficially owned by each Director, appears later in this Proxy Statement.

The Company's corporate governance principles and practices are reviewed annually by the Nominating and Corporate Governance Committee and any changes are recommended to the Board for approval. The Company's Corporate Governance Principles are posted on the Domino's corporate and investor website www.dominosbiz.com under the Investors Corporate Governance section and are available free of charge upon request from the Company's Corporate Secretary. Pursuant to the Corporate Governance Principles, the Board meets at least quarterly in an executive session and in a non-management executive session. The current discussion leader for executive session is generally Mr. Brandon and the current discussion leader for the independent Director session is generally Mr. Balson. In addition, the Company has adopted a Code of Business Conduct and Ethics for Directors, Officers and Employees that applies to all Directors, officers and employees. The Code of Professional Conduct and the Code of Business Conduct and Ethics are posted on the Company's corporate and investor website (Investors Corporate Governance section on www.dominosbiz.com). The Company intends to satisfy the disclosure requirement regarding any amendment to, or waiver of, a provision of the Code of Professional Conduct for the Chief Executive Officer, Chief Financial Officer, Corporate Controller or persons performing similar functions, by posting such information on its website.

A total of five meetings of the Board of the Company were held during 2013, and the Board acted via unanimous written consent on two other occasions. Each Director attended at least 75% of the aggregate of; (i) the total number of meetings of the Board, and (ii) the total number of meetings held by all committees of the Board on which that Director served during the period each served as a Director.

In accordance with NYSE requirements, the Board has a Nominating and Corporate Governance Committee, a Compensation Committee and an Audit Committee, all of which are comprised solely of independent Directors, as defined by Section 303A of the NYSE listed company rules. Each committee of the Board has designated responsibilities and regularly reports on their activities to the entire Board.

The Company's current leadership structure separates the Chairman and Chief Executive Officer roles into two positions. David A. Brandon is the Chairman of the Board and J. Patrick Doyle is the Chief Executive Officer. From March 1999 until March 2010, the Company's leadership structure had both positions combined and since March 2010, the Company's leadership structure has had the roles divided into two positions. The Company has determined what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company, or other relevant criteria. After considering these factors, the Company determined that separating the positions of Chairman of the Board and Chief Executive Officer is the appropriate leadership structure. The Chief Executive Officer is responsible for the strategic direction of the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the Chief Executive Officer, sets the agenda for the Board meetings and presides over meetings of the Board. The Company and the Board believe that this is appropriate under current circumstances, because it allows management to make the operating decisions necessary to manage the business, while helping to keep a measure of independence between the oversight function of our Board of Directors and operating decisions. The Company and the Board feel that this division provides an appropriate balance of operational focus, flexibility and oversight, and they support this structure.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are Messrs. Hamilton (Chair) and Balson and Ms. Cantor. The Committee held two meetings in 2013. Each member of the Nominating and Corporate Governance Committee is independent as required under the NYSE listed company rules as discussed above. A Nominating and Corporate Governance Committee Charter, as approved by the Board, can be found on the Company's corporate and investor website (Investors Corporate Governance section on www.dominosbiz.com).

The Committee's functions include assisting the Board in determining the desired qualifications of Directors, identifying potential individuals meeting those qualifications, proposing to the Board a slate of

Table of Contents

nominees for election by the shareholders and reviewing candidates nominated by shareholders. In addition, further functions include reviewing the succession planning process for senior management of the Company, reviewing the Corporate Governance Principles, making recommendations to the Board with respect to other corporate governance principles applicable to the Company, recommending Directors to serve on committees, overseeing the determinations of director independence, overseeing the annual evaluation of the Board and management and reviewing Board succession plans.

The Nominating and Corporate Governance Committee meets regularly to discuss, among other things, identification and evaluation of potential candidates for nomination as a Director. The Nominating and Corporate Governance Committee may use a paid outside search firm to identify possible Directors. In addition to the experiences, qualifications and skills for Directors listed under Proposal One, Director candidates will be evaluated according to the qualifications as set forth in the Board's Corporate Governance Principles, including:

High personal and professional ethics, integrity and values;

Possession of a range of talents, skills and expertise to provide sound and prudent guidance with respect to the operations and interests of the Company;

Expertise that is useful to the Company and complementary to the background and experience of other Board members;

Ability to devote the time necessary for the diligent performance of the duties and responsibilities of Board membership;

Commitment to serve on the Board over a period of several years to develop knowledge about the Company and its operations;

Willingness to represent the long-term interests of all shareholders and objectively appraise management's performance; and

Board diversity and other relevant factors as the Board may determine.

While the Nominating and Corporate Governance Committee does not have a written policy regarding diversity in identifying director candidates, the Nominating and Corporate Governance Committee considers diversity in its search for the best candidates to serve on the Board of Directors. The Committee looks to incorporate diversity into the Board through a number of demographics, skills, experiences, including operational experience, and viewpoints, all with a view to identify candidates that can assist the Board with its decision making. The Committee believes that the current Board of Directors reflects diversity on a number of these factors.

The nominees for election at the Annual Meeting, Andrew B. Balson and Vernon Bud O. Hamilton, already serve as Directors of the Company.

The Nominating and Corporate Governance Committee will consider nominees recommended by shareholders for the 2015 annual meeting of shareholders, provided that the names of such nominees are submitted in writing, not later than November 20, 2014, to the Corporate Secretary of Domino's Pizza, Inc. at 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105. Each such submission must include a statement of the qualifications of the nominee, a consent signed by the nominee evidencing a willingness to serve as a Director, if elected, and a commitment by the nominee to meet personally with the Nominating and Corporate Governance Committee members.

Other than the submission requirements set forth above, there are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates a nominee for Director recommended by a shareholder.

Compensation Committee

The members of the Compensation Committee are Messrs. Balson (Chair), Federico and Goldman. Each member of the Compensation Committee is an independent director. The independence of each member of the Compensation Committee is determined annually by the full Board of Directors in accordance with Section 303A.05 of the NYSE listed company rules. In 2013, the Board of Directors determined that each member of the Compensation Committee was independent. The Compensation Committee met three times during 2013, and acted via unanimous written consent on two other occasions, to conduct its required business in accordance with the Compensation Committee Charter. The Compensation Committee Charter, as approved by the Board, reflects the Compensation Committee's responsibilities, and the Compensation Committee reviews the charter at least once annually. The charter was last reviewed and amended in July 2013 and can be found on the Company's corporate and investor website (Investors Corporate Governance section on www.dominosbiz.com).

The Compensation Committee's functions include examining the levels and methods of compensation employed by the Company with respect to the Chief Executive Officer and other executive officers, making recommendations with respect to other executive officer compensation, reviewing and approving the compensation package of the Chief Executive Officer, making recommendations to the Board with respect to Director compensation, making recommendations to the Board with respect to incentive compensation plans and equity-based plans, making plan administration and compensation decisions under equity compensation plans approved by the Board, administering one or more incentive bonus plans, subject to shareholder approval, that will qualify as compensation paid thereunder as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)), and implementing and administering such plans.

In February 2013, the Compensation Committee established the annual performance measure, list of participants and target incentive amounts for executives under the Amended 162(m) Plan, approved by the Company's shareholders in 2010, for senior executives of the Company. For 2013, all of the named executive officers were participants under the Amended 162(m) Plan. Additionally, the Compensation Committee determined to lengthen the vesting period for all stock options and performance-based restricted stock granted on or after February 12, 2013 from three years to four years.

Audit Committee

The members of the Audit Committee are Ms. Cantor (Chair) and Messrs. Hamilton and Trojan. Each member of the Audit Committee is independent as required under the NYSE listed company rules. The Committee met six times during 2013. The Audit Committee Charter, as approved by the Board, can be found on the Company's corporate and investor website (Investors Corporate Governance section on www.dominosbiz.com).

The Board has determined that two of its independent members, Ms. Cantor and Mr. Trojan, are Audit Committee financial experts under Item 407(d)(5) of Regulation S-K. The Audit Committee's functions include; (i) providing assistance to the Board in fulfilling its oversight responsibility relating to the Company's financial statements and the financial reporting process, compliance with legal and regulatory requirements, the qualifications and independence of the Company's independent registered public accountants, the Company's system of internal controls, the internal audit function, the Company's code of ethical conduct, (ii) retaining and, if appropriate, terminating the independent registered public accountants, and (iii) approving audit and non-audit services to be performed by the independent registered public accountants.

Under the corporate governance listing standards of the NYSE, if an audit committee member simultaneously serves on the audit committees of more than three public companies, and the listed company does not limit the number of audit committees on which its audit committee members serve to three or less, then in each case the board must determine that such simultaneous service would not impair the ability of such member to effectively serve on the listed company's audit committee. In July 2013, the Board determined that

Table of Contents

Ms. Cantor's simultaneous service on the audit committees of more than three public companies would not impair her ability to serve effectively as a member of the Audit Committee. As of September 2013, Ms. Cantor no longer served on the audit committees of more than three public companies.

The Audit Committee has adopted a policy under which audit and non-audit services to be rendered by the Company's independent public registered accountants are pre-approved. This policy can be found on the Company's corporate and investor website (Investors' Corporate Governance section on www.dominosbiz.com).

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Act of 1934, except to the extent the Company specifically incorporates this Report.

The Audit Committee is governed by a written charter which was adopted by the Company's Board of Directors and is reviewed annually by the Audit Committee. The Audit Committee is responsible for overseeing the quality and integrity of the Company's accounting, auditing, financial reporting and internal control practices. The Audit Committee is responsible for, in addition to other activities, the appointment, retention and compensation of the Company's independent registered public accountants. The Audit Committee has a policy with respect to the pre-approval of non-audit services.

Each member of the Audit Committee is independent as required under the NYSE listed company rules, including those rules applicable to audit committee members. The Board has determined that two of its independent members, Ms. Cantor and Mr. Trojan, are audit committee financial experts under Item 407(d)(5) of Regulation S-K. The Audit Committee met six times during 2013.

In performing its responsibilities, the Audit Committee, in addition to other activities; (i) reviewed and discussed the Company's audited financial statements with management, (ii) discussed with PricewaterhouseCoopers LLP, the Company's independent registered public accountants, the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Auditing Standards Section 380 (Communication With Audit Committees), and (iii) received the letter from PricewaterhouseCoopers LLP required by the PCAOB regarding the independent accountants' communications with the Audit Committee concerning independence and discussed with PricewaterhouseCoopers LLP the firm's independence. Based on these reviews, discussions and activities, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2013 for filing with the Securities and Exchange Commission.

The Audit Committee considered whether the provision of non-audit services by PricewaterhouseCoopers LLP was compatible with maintaining such firm's independence. After reviewing the services provided by PricewaterhouseCoopers LLP, including all non-audit services, the Audit Committee, in accordance with its charter, authorized the reappointment of PricewaterhouseCoopers LLP as the independent registered public accountants of the Company, with such reappointment to be ratified by the shareholders at the Annual Meeting.

Audit Committee

Domino's Pizza's mission statement is "Exceptional franchisees and team members on a mission to be the best pizza delivery company in the world." The Company completed another profitable year in 2013. The following table illustrates the Company's growth in fiscal 2013 in terms of revenues, segment income (as defined and disclosed in Note 11 to the Company's consolidated financial statements for the fiscal year ended December 29, 2013), income from operations and stock price relative to performance in fiscal 2012 and fiscal 2011.

The Company's performance during fiscal 2013, and for the three-year period ending with fiscal 2013, demonstrated significantly improved financial results and a corresponding strong growth in the Company's stock price.

2013 Compensation Program Key Events

Base salaries of named executive officers increased, on average, by 4.3%;

Annual incentive award payout for 2013 performance was 132.6% of target, reflecting strong financial performance; and

Vesting provision on future performance shares and stock option awards increased from three years to four years.

Compensation Program Overview

The Compensation Committee is responsible for determining the compensation of the executive officers and administering the plans in which the executive officers, the Directors and the Company's other employees participate. The goal of the Company's compensation program is to attract, motivate and retain talented individuals to help Domino's Pizza attain the Company's business goals and objectives. Domino's Pizza is committed to achieving long-term, sustainable growth and increasing shareholder value. The Domino's Pizza compensation programs for executive officers are designed to maintain these commitments and encourage strong financial performance on an annual and longer-term basis.

The Compensation Committee uses total direct compensation as the primary measure of compensation for the Chief Executive Officer, Chief Financial Officer and the three other executive officers of the Company who were the most highly compensated in 2013 (collectively referred to herein as the "named executive officers"). The principal elements of total direct compensation are: (i) annual base salary, (ii) annual performance incentives, and (iii) long-term compensation consisting of stock options and performance shares, as well as certain perquisites and other benefits.

The Compensation Committee places a significant focus on performance-based compensation, resulting in a target percentage for performance-based compensation for each named executive officer, not including the Chief Executive Officer, being approximately 67% of their respective total direct compensation. For the Chief

Table of Contents

Executive Officer, the Compensation Committee places more emphasis on the performance-based components of total direct compensation, so that the total direct compensation is targeted generally to be 82% performance-based compensation. The primary focus on performance-based compensation rewards strong financial performance and aligns the interests of the named executive officers with the Company's shareholders.

Other aspects of our compensation program are intended to further align our executives' interests with shareholders. These include:

Stock ownership guidelines for executives;

No required tax gross-ups on income associated with payments made in connection with a change of control; and

No special or supplemental pension or death benefits for current named executive officers.

Compensation Process and Philosophy

The Compensation Committee generally targets the 50th percentile of the applicable benchmark (i.e., peer group or broader quick service restaurant industry) when setting target total direct compensation levels for the named executive officers. Incumbent-specific factors, actual performance related to the incentive plan measures used and stock price performance can result in actual total direct compensation that can be above or below the 50th percentile.

In order to evaluate and maintain the effectiveness of the Company's current executive compensation structure, the Compensation Committee annually reviews the reasonableness of executive compensation levels using professional compensation consultants, currently Towers Watson & Co. (Towers), as well as public information about comparable companies within the Company's industry, and evaluates it in light of individual performance as well as the Company's growth and profitability. In making such determinations, the Compensation Committee reviews the nature and scope of each executive officer's responsibilities, as well as his or her effectiveness in supporting the Company's long-term goals. The Compensation Committee attempts to set levels of salary, annual performance incentives, long-term incentives and other compensation at levels that will attract, motivate, and retain superior executive talent in a highly competitive environment.

In addition, the Compensation Committee considered the results of the advisory vote by shareholders on the say-on-pay proposal presented to shareholders at the Company's 2013 annual meeting of shareholders. There was overwhelming support at the 2013 annual meeting for the compensation program offered to the Company's named executive officers, with more than 93% of votes cast in favor. In light of the shareholders' strong support, combined with the Company's superior financial performance and the continuing success of our executive compensation program, the Compensation Committee made no significant changes to the program during the year, concluding that it continues to provide a competitive pay-for-performance package that effectively incentivizes executives and retains them for the long term. At the 2011 annual meeting, the shareholders of the Company voted in favor of an annual say-on-pay vote and the Company has elected to follow such advisory vote.

Total Direct Compensation

The Compensation Committee used total direct compensation as its measurement when it determined the level and components of compensation for each of the named executive officers. The Compensation Committee conducted a review of the total direct compensation of the named executive officers of Domino's Pizza using data provided by Towers. The Compensation Committee targets its total direct compensation of the named executive officers, excluding the Chief Executive Officer, to be allocated equally between 33% annual base salary, 33% annual performance incentive and 34% long-term incentives.

For the Chief Executive Officer, the Compensation Committee places more emphasis on the performance-based components of total direct compensation, comprised of the annual performance incentive and long-term incentives in the form of stock option grants and performance share grants, so that the Chief Executive Officer's

Table of Contents

total direct compensation is targeted generally to be allocated as 18% annual base salary, 36% annual performance incentive and 46% long-term incentives. The Compensation Committee believes that the proportion of the Chief Executive Officer's performance-based compensation as a component of total direct compensation should be greater than that of the Chief Executive Officer's annual salary because performance-based compensation serves to align the Chief Executive Officer's interest with the interests of the Company's shareholders. For 2013, the amount of annual performance incentive indicated in the Summary Compensation Table as earned by the named executive officers is greater than the respective stated target percentage due to overachievement by the Company in relation to the Amended Domino's Pizza Senior Executive Annual Incentive Plan (the Amended 162(m) Plan) as further described below.

Components of Total Direct Compensation**Annual Base Salary**

The Compensation Committee annually reviews and approves the base salaries, and any adjustments thereto, of the named executive officers, including the Chief Executive Officer. In making these determinations, the Compensation Committee considers various factors such as industry compensation survey data and peer group compensation information found in the Towers Studies, as defined and more fully described herein, the executive's employment agreement with the Company, the executive's individual performance, responsibilities, leadership and years of experience, the performance of the Company with respect to the annual performance incentive measurement, and the total direct compensation package. For 2013, the base salaries for the named executive officers, excluding the Chief Executive Officer, ranged from 94% to 125% of the median base salary from the industry compensation survey data.

The 2013 base salaries for the named executive officers, including any year-over-year change, were:

Executive	2013	2012	% Change
	Base Salary	Base Salary	
J. Patrick Doyle	\$ 875,500	\$ 850,000	3.0%
Michael T. Lawton	\$ 435,750	\$ 415,000	5.0%

Annual Performance Incentives

The following section describes the annual performance incentive for fiscal 2013 for each of the named executive officers of the Company. For the Chief Executive Officer, Mr. Doyle, the annual performance incentive target was 200% of his annual base salary. For the Executive Vice President and Chief Financial Officer, Mr. Lawton, the Executive Vice President of International, Mr. Allison, the Executive Vice President and Chief Marketing Officer, Mr. Weiner and the Executive Vice President of Franchise Operations and Development, Mr. Hinshaw, the annual performance incentive target was 100% of their respective annual base salaries. The Compensation Committee approved annual performance incentives for the named executive officers based on whether the pre-approved incentive targets were met. The Compensation Committee may revise the established performance criteria and establish new performance criteria at its discretion.

In 2010, the Compensation Committee, Board of Directors and shareholders approved the Amended 162(m) Plan. The Amended 162(m) Plan allows the Compensation Committee flexibility in establishing the annual participants, performance measures, performance periods and performance targets, including minimum and maximum annual payment thresholds. This maximum annual threshold will not exceed \$5,000,000 per participant. The Compensation Committee made awards under the Amended 162(m) Plan for 2013 (the 2013 Awards) to the named executive officers. Section 162(m) of the Internal Revenue Code of 1986, as amended, is described below in the section titled Tax and Accounting Considerations.

Table of Contents

The Compensation Committee established the following features of the 2013 Awards for the named executive officers, including the Company's Chief Executive Officer; (i) an annual performance period measured at the end of fiscal 2013, (ii) a potential mid-year payment of 50% of an individual's annual performance incentive target only if the Company exceeds its performance target for the first two fiscal quarters of 2013, which would reduce a named executive officer's annual performance incentive payment by a corresponding amount, (iii) no year-end payment to a named executive officer unless 85% of the annual performance target is attained, (iv) each named executive officer receives two-thirds of one percent (2/3%) of a specified percentage of his base salary for every one-tenth of one percent (0.1%) that actual performance exceeds 85% of the annual performance target, and (v) named executive officers will be eligible to receive payments in excess of 100% of their annual performance incentives, in accordance with the same payment scale and the maximum award amount of \$5,000,000 per participant, if the Company achieves greater than 100% of the annual performance target.

For illustrative purposes, assume a named executive officer had an annual base salary of \$100,000 per year and was eligible for an annual performance incentive of 100% of his annual salary. Further assume that the Company had an annual performance target of \$10,000,000. The Compensation Committee determined that the annual performance result was \$10,100,000 or 101.0% achievement of the annual performance target and that the Company exceeded its performance target for the first two fiscal quarters. In such a situation, the Company would pay the named executive officer 106.67% of his annual performance incentive, or \$106,670. Additionally, 50%, or \$50,000, of the named executive officer's annual performance incentive (Mid-Year Payment) would be paid subsequent to the second fiscal quarter if the Company exceeds its performance target for the first two fiscal quarters. Such Mid-Year Payment is not subject to forfeiture if the Company does not achieve the annual performance target.

The measurement of such performance used segment income as defined by the Company under Accounting Standards Codification 280 (ASC 280) with certain adjustments (Performance Measure) and it was uniform for all the Company's named executive officers. In 2013, in accordance with Section 162(m), the Compensation Committee approved a financial measurement based on segment income as used in the Company's financial reporting that includes all of the Company's segments in part to comply with the requirements of Section 162(m). Specifically, this means that to determine the amounts of awards, if any, to be paid to the named executive officers for 2013, the Compensation Committee used the Performance Measure, which was established by the Compensation Committee in February of 2013, upon which achievement of the performance targets was calculated. The Compensation Committee determined that using the Performance Measure as the basis for financial targets upon which incentive targets for the Amended 162(m) Plan were set was appropriate in 2013 because the Compensation Committee believes this measure is a reliable barometer for overall success of the Company as well as being similar to the measure used for other employees of the Company who are not named executive officers.

Table of Contents

The specific incentive targets were intended to reward outstanding financial performance by the Company. The performance targets were set to be aggressive, yet realistic to sufficiently motivate executive performance. At its December 2012 meeting, the Compensation Committee established the annual performance target for 2013 as \$345.0 million. In the past ten years, the named executive officers in each respective year achieved the following percentages of annual performance incentives:

Fiscal Year	Performance Incentive Payout
2004	100.7%
2005	132.0%
2006	69.0%
2007	0.0%
2008	0.0%
2009	100.0%
2010	183.4%
2011	135.8%
2012	123.2%
2013	132.6%

Given that the Company paid less than 70.0% of the annual performance incentive to its executives for fiscal 2006 and no annual performance incentive to its executives for fiscal 2007 and fiscal 2008, the Company believes that the annual performance incentive structure for executives that is closely tied to the Company's performance objectives is relatively difficult to achieve. In addition, recent achievement of the performance incentives is supported by the fact that the Compensation Committee has raised the annual performance target more than 10% from the previous year's target in each of the last four years. The annual performance incentive payouts for 2013 were above 100% due to the fact that the Company achieved greater than 100% of the 2013 annual performance target, even though the Compensation Committee raised the 2013 target 10.2% from the 2012 target. In addition, because the annual performance targets set by the Compensation Committee were based on the Company's performance as a whole, the likelihood of each named executive officer achieving his annual performance incentive was equal.

The specific incentive targets established by the Compensation Committee are based on the strategic planning of the Company and take into account a variety of factors including certain plans, programs, raw material pricing and discounts, including long-term supply contracts, product pricing and discounts, volume and sales predictions, marketing plans and expenses, domestic and international store count projections, product initiatives, macroeconomic conditions and other meaningful information.

All of the named executive officers have employment agreements that outline certain provisions of his annual performance incentive and the other provisions are contained in the Amended 162(m) Plan, which is governed by Section 162(m) of the Internal Revenue Code of 1986, as amended, and is described below in the section titled Tax and Accounting Considerations.

Table of Contents

The Compensation Committee determined that the annual performance target for 2013 had been achieved to 104.9% of the annual performance target and, in accordance with the payout provisions of the Amended 162(m) Plan, each of the named executive officers received 132.6% of his annual performance incentive. The Compensation Committee believes that the annual performance target it set for 2013 was appropriately aggressive in the macroeconomic environment and required outstanding performance both domestically and internationally for the overachievement.

Executive	2013 Target Annual Incentive		Company Performance	2013 Actual Award Payout	
	% of Salary	Dollar Value	(% of Target)	% of Target	Dollar Value
J. Patrick Doyle	200%	\$ 1,751,000	104.9%	132.6%	\$ 2,321,826
Michael T. Lawton	100%	\$ 435,750	104.9%	132.6%	\$ 577,805
Richard E. Allison, Jr.	100%	\$ 435,750	104.9%	132.6%	\$ 577,805
Scott R. Hinshaw	100%	\$ 317,750	104.9%	132.6%	\$ 421,337
Russell J. Weiner	100%	\$ 455,800	104.9%	132.6%	\$ 604,391

Long-Term Incentives

The Compensation Committee believes that an equity component of named executive officer compensation serves to align the named executive officers' interests with creating shareholder value. To that end, the Compensation Committee provides and maintains a long-term incentive program administered through its Amended Domino's Pizza, Inc. 2004 Equity Incentive Plan (the "EIP"). Under the EIP, the Compensation Committee may award incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, unrestricted stock, stock deliverable on a deferred basis, performance share awards, and cash payments intended to defray the cost of awards. The EIP also limits the maximum number of shares for which awards may be granted to any participant in any year to 1,000,000 shares per participant. The limit on shares available under the EIP, the individual limits, and other award terms are subject to adjustment to reflect stock splits or stock dividends, combinations, and certain other events. The EIP also includes provisions concerning the treatment of awards upon the termination of service of an individual employee, and in the case of a change of control of the Company, merger or similar corporate transaction by the Company. Awards to the Chief Executive Officer and other named executive officers are also presented to the Board of Directors by the Compensation Committee and are ratified by the Board of Directors. In 2013, the Compensation Committee made awards under the EIP to each of the named executive officers.

Performance Shares. In 2013, the Compensation Committee continued its use of performance shares as a vehicle for long-term compensation. Historically performance share awards were full value awards that consist of Domino's Pizza, Inc. common stock with both time-based and performance-based vesting conditions that generally vested over three years in three separate vesting tranches. Beginning in February 2013, performance share grants vest over four years in four separate vesting tranches. Each vesting tranche has its own performance-based vesting condition that is established annually by the Compensation Committee. The performance-based vesting condition for the performance shares granted through fiscal 2013 was the achievement of 85% or more of the performance target for each respective vesting tranche. If the achievement is at or above 85% of the performance target, each respective vesting tranche vests 100% and if the achievement is less than 85% of the performance target, each respective vesting tranche is canceled and forfeited. The performance shares do not contain a provision for partial vesting or vesting in excess of 100% of target shares. All unvested performance shares are canceled upon termination of the named executive officer's employment, except in certain circumstances such as death and qualified retirement. The specified service and age requirements for qualified retirement are 10 years of service and 55 years of age. Upon the achievement of the qualified retirement requirements, in the event a named executive officer's employment is terminated, the performance shares will continue to be eligible to vest upon the achievement of the applicable performance criteria. Outstanding, unvested performance shares are also eligible for dividends. Dividends accrue on such unvested performance shares and are delivered to the named executive officers if his performance shares vest.

Table of Contents

The Compensation Committee believes that performance shares align with peer group practices to provide a diversified equity compensation strategy. Recipients of performance shares do not receive a benefit from performance shares unless the Company achieves the applicable performance goal and receive incremental benefits as the market price of the Company's common stock increases. Participation in the Company's equity incentive programs accomplishes the objective of linking each named executive officer's opportunity for financial gain to increases in shareholder wealth, as reflected by the market price of the Company's common stock.

Stock Options. In 2013, the Compensation Committee continued its use of stock options as an additional vehicle for long-term compensation. Recipients of stock option grants do not receive a benefit from stock options unless and until the market price of the Company's common stock increases above the exercise price and the recipient exercises such stock options, or from potential anti-dilution payments made in connection with applicable stock option awards, including those that may be made in connection with the declaration of a non-ordinary, special dividend as more fully described below.

Beginning in February 2013, stock options awarded under the EIP have a maximum term of ten years and vest ratably over four years, and vested options are exercisable for a limited period of time after termination of the executive officer's employment, except under certain circumstances including death and qualified retirement. Stock options granted in 2009 through 2012 under the EIP had the same terms as stock options granted in or after 2013, except those stock options generally vested ratably over three years. Stock options awarded prior to 2009 under the EIP had the same terms as stock options granted in 2009 and forward, except those stock options generally vested ratably over five years. The Compensation Committee determined that a four-year vesting period was aligned with industry standards and appropriate for the Company to continue to retain its senior management and continue to compete for the highest quality talent. All options awarded under the EIP are granted with an exercise price equal to the closing price of Domino's Pizza, Inc. common stock on the grant date of the award.

The following table shows the long-term incentives granted to each named executive officer in 2013:

Executive	Stock Options	Performance Shares
J. Patrick Doyle	231,620	63,630
Michael T. Lawton	44,180	13,750
Richard E. Allison, Jr.	34,150	10,590
Scott R. Hinshaw	32,970	10,260
Russell J. Weiner	54,130	16,850

In February 2009, the Compensation Committee approved the amendment of existing stock option agreements issued under the 2004 Equity Incentive Plan and all future stock option agreements issued under the 2004 Equity Incentive Plan. These amendments provide for accelerated vesting and extended exercise periods upon the retirement of option holders who have achieved specified service and age requirements. For employees, the specified service and age requirements are 10 years of service and 55 years of age. For Directors, the specified service and age requirements are five consecutive years of service and 55 years of age. Upon achievement of the service and age requirements, all outstanding unvested options will vest upon such qualified retirement, subject to the achievement of any performance measures attached to such stock option agreements, and will remain exercisable through the original term of the option grant. As of December 29, 2013, Executive Vice President and Chief Financial Officer, Mr. Lawton, was the only named executive officer who had achieved the qualified retirement requirements.

In March 2012, the Board determined that the Company's current stock option plans mandate that the Company make appropriate adjustments to outstanding option awards in connection with the Company's Asset-Backed Securitization recapitalization (the "ABS Recapitalization") that closed on March 15, 2012. The Board

Table of Contents

approved a dividend equivalent rights payment to holders of options as of March 26, 2012 (the ABS Record Date), on options then-vested or scheduled to vest prior to January 1, 2013, in the amount of the \$3.00 per share dividend. Additionally, holders of unvested options on the ABS Record Date received a reduction in exercise price, to the extent permitted by applicable law, equivalent to the dividend amount. The above events occurred on April 2, 2012, and are more fully described in the Company's Current Report on Form 8-K filed on May 1, 2012.

Additional Equity Grants. Due to the Company's historically strong financial performance and consistent free cash flow generation, the Board of Directors initiated a quarterly dividend in March 2013. The dividend payments were made to shareholders of record as of record dates established by the Board of Directors on payment dates following such declaration by the Board of Directors.

The vast majority of the Company's currently outstanding vested and unvested stock options are held by the Company's senior management as a key compensation component and tool for aligning the interests of management with shareholders. However, holders of stock options are not eligible to receive ordinary dividends in respect of the shares underlying a stock option. In February 2013, in recognition of this lost economic value to management option holders associated with the Company's initiation of a quarterly dividend, and due to the Board's desire to appropriately reward and retain its management team, the Compensation Committee approved additional equity grants (Additional Equity Grants) to management option holders. These Additional Equity Grants consisted, in the aggregate, of options to purchase 348,010 shares at an exercise price of \$46.83 per share and 163,480 performance-based restricted shares, as well as 8,040 restricted shares to certain current Directors. Each of the stock option and performance-based restricted share awards are eligible to vest in four equal annual installments in accordance with the same terms and performance conditions established for ordinary equity grants, and also subject to the continuation of the Company's quarterly dividend. Additionally, the restricted share awards fully vest on the first anniversary date of the issuance date of the award. In February 2013, immediately prior to the initiation of the quarterly dividend and additional equity grants described above, the Company terminated its prior dividend equivalent rights policy.

Other Elements of Compensation

Employee Stock Payroll Deduction Plan. The Company maintains the Employee Stock Payroll Deduction Plan, or the ESPDP, adopted in July 2004, to provide employees, including named executive officers, with an opportunity to purchase shares of the Company's common stock through payroll deductions at a 15% discount from the market price. The ESPDP is a qualified plan under Internal Revenue Code §423. Such shares of the Company's common stock purchased under the ESPDP have a one-year holding period requirement before team members can sell the shares. The Compensation Committee believes the ESPDP is an attractive benefit that assists the Company in retaining key employees, securing new qualified employees and providing incentives for employees to work towards achieving the Company's key objectives because it gives employees access to the Company's equity at a favorable price.

Retirement and Pension Benefits. The Company does not maintain a defined benefit pension plan or retiree medical coverage for the named executive officers.

Deferred Compensation. The Company maintains a nonqualified elective deferred compensation plan, or the DCP, which is available to its named executive officers and select senior management. Deferred amounts under the DCP are invested in mutual funds or other investments available under the DCP. The Company does not provide an employer match for amounts deferred in the DCP. The DCP is described more fully below. In addition, in 2013 the Company made the DCP available to its Board of Directors.

Perquisites. The Company makes a limited amount of perquisites available to its executive officers. Each participating executive officer is reimbursed for expenses related to the completion of an annual comprehensive

Table of Contents

physical for themselves and their spouse. Detailed information regarding perquisites provided to named executive officers is set forth in the Summary Compensation Table on page 30.

Certain Other Benefits. The Company also maintains a benefits program comprised of retirement income and group insurance plans. The objective of the program is to provide the named executive officers and certain other full-time team members with reasonable and competitive levels of benefits for the four contingencies (retirement, death, disability and illness), which will interrupt the eligible employee's employment and/or income received as an active employee. The retirement program consists of two savings plans; (i) a tax-qualified 401(k) savings plan, and (ii) a non-qualified deferred compensation plan (the DCP referenced above). The 401(k) savings plan is open to all employees age 21 or older who have also worked at least 1,000 hours for the Company. The Company provides a match on employee 401(k) contributions equal to 100% on the first three percent (3%) contributed by employees into their 401(k) funds and 50% on each of the fourth and fifth percent (4% and 5%) of employee 401(k) contributions.

The Company's group insurance program consists of life, disability and health insurance benefit plans that cover all full-time employees. All executive officers are provided reimbursement for payroll contributions when participating in the umbrella insurance policy.

Compensation for Chief Executive Officer

J. Patrick Doyle was named President and Chief Executive Officer of the Company on March 8, 2010 and was also appointed to the Board of Directors of the Company on February 25, 2010. Mr. Doyle previously served as President, Domino's U.S.A., Executive Vice President of Team U.S.A. and Executive Vice President of International, as well as other senior management roles since joining the Company in August of 1997.

Mr. Doyle's annual salary was increased by the Compensation Committee from \$850,000 to \$875,500 on March 1, 2013 and from \$875,500 to \$925,000 on March 1, 2014. Mr. Doyle entered into an employment agreement in March 2013 that terminates on March 8, 2016. The employment agreement also grants Mr. Doyle an annual allotment of 35 hours of personal use of the Company's corporate aircraft during the term of the agreement at no charge to Mr. Doyle to address bona fide business-oriented security concerns. For any personal use over the allotted 35 hours per year, the Company has a time-sharing agreement with Mr. Doyle that requires him to reimburse the Company for such personal use of the Company's corporate aircraft pursuant to a statutory formula. The employment agreement also provides that Mr. Doyle be eligible for an annual performance incentive that is targeted at 200% of his annual base salary upon the achievement of the annual performance target, the actual amount of which being based on the Company's achievement of performance target measures under the Amended 162(m) Plan.

As stated above, Mr. Doyle's annual performance incentive is governed by the Amended 162(m) Plan. Mr. Doyle has the opportunity to earn an annual performance incentive consisting of a cash payment based upon the Company's performance. The Compensation Committee approves annual performance incentives for Mr. Doyle, based on whether the pre-approved incentive targets were met. The Compensation Committee may revise the established performance criteria and establish new performance criteria at its discretion.

The Compensation Committee determined that using the Performance Measure as the basis for financial targets upon which incentive targets for the Amended 162(m) Plan were set was appropriate in 2013 because this is an accurate measure of the operational results of the Company, is a primary measure used by management to internally evaluate operating performance and determine future performance targets and long-range planning, as well as being the same measure used for the annual performance incentive for the other executive officers, including the other named executive officers, and similar to the measure used for other employees of the Company who are not executive officers.

Table of Contents

In 2013, Mr. Doyle was awarded, as approved by the Board of Directors, long-term compensation in the form of an equity grant under the EIP consisting of: (i) a stock option grant of 91,140 shares on February 13, 2013, with a four-year graded vesting period, a ten-year life and an exercise price equal to the closing price on the day of the grant, (ii) a performance share grant of 19,260 shares on February 13, 2013 that vest equally over four years in separate tranches, and (iii) an Additional Equity Grant on February 27, 2013, pursuant to the corporate action described on page 24, consisting of 140,480 stock options with a four-year vesting period, a ten-year life and an exercise price equal to the closing price on the day of grant, and a performance share grant of 44,370 shares that vest ratably over four years in separate tranches. These performance shares have the same terms and conditions as those described above in the long-term compensation section. Awards under the Company's EIP in the form of stock options and performance shares are designed to reward demonstrated leadership, motivate future superior performance, align the interests of the Chief Executive Officer with the shareholders and to retain the Chief Executive Officer. The Compensation Committee believes that Mr. Doyle's compensation is appropriate in relation to his experience, skills, past performance and market data. In December 2012, Towers provided an Executive Officer Compensation Study (the 2012 Study) to the Compensation Committee that reflected relevant general and quick service restaurant industry compensation levels. Among other factors, the Compensation Committee considered the results of the 2012 Study when it set Mr. Doyle's annual base salary at \$875,500 per year as of March 1, 2013 (approximately 10% below the 2012 Study median). In December 2013, Towers provided an Executive Officer Compensation Study (the 2013 Study) to the Compensation Committee using a consistent methodology as the 2012 Study. Again, among other factors, the Compensation Committee considered the results of the 2013 Study when it set Mr. Doyle's annual base salary to \$925,000 per year as of March 1, 2014. The 2012 Study and 2013 Study (collectively, the Towers Studies) are described in more detail below in the section titled Benchmarking and Peer Group.

The Compensation Committee believes that Mr. Doyle's current annual base salary is an appropriate annual base salary for the Chief Executive Officer as it is within 90% to 100% of the market median according to the 2013 Study. While Mr. Doyle's current annual base salary is slightly below the median, his annual performance incentive target is above median and his long term incentive compensation is also above median resulting in his total direct compensation being above the market median. The Compensation Committee believes it is appropriate to compensate Mr. Doyle at this rate as a Chief Executive Officer with a significant level of operational experience in the industry in which the Company competes and has served in an executive capacity at the Company for more than 15 years. The Compensation Committee will continue to evaluate Mr. Doyle's performance as Chief Executive Officer and make any further necessary adjustments. Mr. Doyle's opportunities to increase his future compensation depend on the Company's future performance and the competitive pay practices of comparable positions within the food-service industry.

The Compensation Committee believes Mr. Doyle's compensation package effectively links shareholder and financial performance to Mr. Doyle's total direct compensation through the use of long-term awards and cash compensation that is based, in part, on Company performance. With respect to financial performance, the Company's global retail sales, defined as total worldwide retail sales at Company-owned and franchise stores, increased approximately 27% during Mr. Doyle's four-year tenure as CEO, and the Company's segment income increased over 36% during this time. As it relates to an increase in shareholder value, the price of the Company's common stock has increased a total of 522% during Mr. Doyle's four-year tenure as CEO. The Compensation Committee has continued the Company's practice of using performance-based awards for equity compensation to named executive officers, consisting of stock options and performance shares. The philosophy behind this practice is that stock options and performance shares require increased Company financial performance in order to earn the Chief Executive Officer long-term compensation.

Benchmarking and Peer Group

The Compensation Committee has commissioned several peer group and market surveys, including the Towers Studies described herein, for a review of Chief Executive Officer and other named executive officer compensation at companies in Domino's Pizza's peer group. The Compensation Committee evaluates executive compensation by measuring the total direct compensation of the Chief Executive Officer and other executive

Table of Contents

officers against benchmarks of comparable companies. The Compensation Committee targeted the annual Chief Executive Officer's salary for Mr. Doyle to be between 90% and 100% of the market median and total direct compensation for Mr. Doyle to be above the market median based on the industry, financial performance and characteristics of the peer group companies. The Compensation Committee targeted the annual salary for the other named executive officers to be between 90% and 110% of the market median and total direct compensation for the other named executive officers to be above the market median.

For the 2013 Study, the Company selected the following companies to include in its peer group:

Bob Evans Farms, Inc.	Jack in the Box Inc.
Brinker International, Inc.	Panera Bread Co.
Buffalo Wild Wings, Inc.	Papa John's International Inc.
Cracker Barrel Old Country Store, Inc.	Ruby Tuesday, Inc.
CEC Entertainment Inc.	Sonic Corp.
Chipotle Mexican Grill, Inc.	The Cheesecake Factory Incorporated
Darden Restaurants, Inc.	The Wendy's Company
DineEquity, Inc.	

The peer group remained the same from the 2012 Study for the 2013 Study. The following criteria were considered in determining the members of the peer group; publicly-traded, restaurant industry, revenues generally between 0.5 times and 2.0 times that of Domino's Pizza, complexity of business, and recruiting pool for executives.

Employment Agreements

Each of the named executive officers is party to an agreement that provides employment and severance terms and for a two year non-competition and non-solicitation agreement. The provisions of the employment agreements relating to termination of employment and severance are described in more detail under Potential Post Employment Payments to Executive Officers. We believe entering into non-competition and non-solicitation arrangements with these named executive officers is important to protect the Company following the cessation of their employment and we also believe that severance provisions help attract and retain top-performing executive officers.

Stock Ownership Guidelines

The Compensation Committee reviews the Company's stock ownership guidelines annually. In July 2013, the Compensation Committee amended the existing guidelines approved in April 2008. The amended guidelines provide for stock ownership after five years of employment or service in a covered position with the Company of five times base salary for the Chief Executive Officer and three times base salary for the other named executive officers. These stock ownership guidelines are designed to align management's and shareholders' interests and to encourage loyalty and long-term focus of executives. All of the named executive officers and directors who have completed their respective accumulation period under the guidelines are in compliance with such guidelines.

Tax and Accounting Considerations

Section 162(m) generally limits the tax deductibility of annual compensation paid by a publicly-held company to \$1,000,000 per employee per year for certain executive officers. However, this limitation generally does not apply to performance-based compensation under a plan that is approved by the shareholders of a company that also meets certain other technical requirements. The Compensation Committee intends to utilize performance-based compensation programs that meet the deductibility requirements under Section 162(m). At the Company's 2010 annual meeting of shareholders, the shareholders approved the Amended 162(m) Plan that qualifies under Section 162(m), the terms of which are described above. However, the Compensation Committee

Table of Contents

also realizes that in order to attract and retain individuals with superior talent, the possibility exists that exceptions may occur. The Company's compensation and benefit arrangements are also designed to qualify for an exemption under, or satisfy the requirements of, the rules and regulations relating to nonqualified deferred compensation under Internal Revenue Code §409A. The Compensation Committee views the tax deductibility of executive compensation as one factor to be considered in the context of overall compensation philosophy. The Committee reviews each material element of compensation on a continuing basis and takes steps to assure deductibility if that can be accomplished without sacrificing flexibility and other important elements of the overall executive compensation program.

Equity Award Processes

Equity awards are generally granted at the regularly scheduled meetings of the Compensation Committee in February and July of each year. The specific date of these meetings is set by the Board of Directors, along with other Board and committee meetings, generally one to two years in advance. On occasion, in connection with new hires, promotions or certain corporate events, equity awards have been granted at other times during the year. The Compensation Committee does not have any plans, practices or policies of timing these equity award grants in coordination with the release of material non-public information and the Company does not have any plans, practices or policies of timing the release of material non-public information with the timing of equity awards. The exercise price of stock options is set at the closing price of Domino's Pizza, Inc. common stock on the NYSE on the date of the grant.

Compensation Consultant

The Compensation Committee has the authority under its charter to engage the services of outside advisors, experts and others to assist the Compensation Committee and to discontinue such services. In accordance with this authority, the Compensation Committee has engaged Towers as an independent compensation consultant to advise the Compensation Committee on matters related to executive compensation. The Company has assessed the independence of Towers pursuant to Item 407(e)(3)(iv) of Regulation S-K and concluded that no conflict of interest exists that would prevent Towers from independently representing the Compensation Committee. In 2013, Towers did not attend any Compensation Committee meetings. However, in December 2013, Towers prepared two studies; the first was an analysis on executive competitive pay practices and the second was an analysis on Board competitive pay practices. Both studies were provided to the Compensation Committee at the December 2013 meeting. The Compensation Committee has used Towers in 2014 and intends to continue to use Towers during the current fiscal year.

Role of Executive Officers in Establishing Compensation

The Company's executive officers have a limited role in the executive compensation process. The Chief Executive Officer, the Executive Vice President of PeopleFirst and the Compensation Committee annually review the performance of each named executive officer and the other executive officers. In addition, the Chairman of the Board and the Chairperson of the Compensation Committee review the performance of the Chief Executive Officer. The purpose of these reviews is to evaluate performance for a given year and for compensation planning for the subsequent year. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Compensation Committee. The Compensation Committee can exercise its discretion in modifying any recommended salary adjustments or awards to executives. The Compensation Committee ultimately makes all compensation decisions for the executive officers and approves recommendations regarding equity awards to the executive officers.

Use of Tally Sheets

The Compensation Committee, with the assistance of management of the Company, created a tally sheet to facilitate the Compensation Committee's review of the total compensation of the named executive officers of the Company. In preparation of this Proxy Statement, the Compensation Committee reviewed the tally sheets for the

Chief Executive Officer, the Chief Financial Officer, and the three other most highly compensated executive officers in accordance with SEC rules. The tally sheets contained annual cash compensation (salary and annual performance incentive), other compensation, stock option exercises, stock award vesting events, annual equity grants under the EIP, with Accounting Standards Codification 718 (ASC 718) fair market values for the grants, potential severance payments, and equity grant holdings with total in-the-money value at the end of the fiscal year.

RISK ASSESSMENT DISCLOSURE

In February 2014, the Compensation Committee, in consultation with Towers and senior human resource executives of the Company, reviewed the risk assessment for risks associated with the Company s compensation practices and policies for employees. Based upon the assessment performed, the Committee believes that, through the counterbalance of risk-taking incentives and risk-mitigating features guided by relevant market practices and Company goals, the Company s compensation practices and policies do not encourage unnecessary or excessive risk taking and are not reasonably likely to have a material adverse effect on financial results of the Company.

Table of Contents**NON-QUALIFIED DEFERRED COMPENSATION**

A select group of management or highly compensated employees as defined by the Employee Retirement Income and Security Act of 1974, as amended, are eligible to participate in the Domino's Pizza Deferred Compensation Plan. The purpose of this plan is to provide supplemental retirement income and to permit eligible employees the option to defer receipt of compensation pursuant to the terms of the Domino's Pizza Deferred Compensation Plan.

Participants are able to defer a portion of eligible compensation (including base salary and the annual performance incentive). Participants elect a specific date or event (termination) for payment of deferred compensation and the form of the payment, either lump sum or installments. Participants are able to invest their deferrals in a lineup of mutual funds that are the same as the Domino's Pizza 401(k) Savings Plan (the 401(k)) lineup, with the following exceptions: the 401(k) includes the choice of the Fidelity Managed Income Fund and the SSgA Midcap Index Fund, while the Domino's Pizza Deferred Compensation Plan includes the choice of the Fidelity Retirement Money Market Fund, the Dreyfus Midcap Index Fund and the Vanguard Inflation-Protected Securities Fund.

The terms of the employment agreements of Messrs. Doyle, Lawton, Weiner, Allison and Hinshaw were established through arms-length negotiations between the Company and each executive. The Company uses peer group compensation surveys and data to establish an acceptable salary range for each executive position and then negotiates with successful candidates to arrive at a fully negotiated base salary. The base salary amounts, other severance amounts and severance periods are established by the Compensation Committee and the Company's management in order to attract, motivate and retain talented individuals to help the Company achieve its business goals and objectives.

The following table sets forth aggregate estimated payment obligations to each of the named executive officers assuming a termination happened on December 29, 2013:

PROPOSAL TWO: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

At our 2013 annual meeting, the Company provided shareholders with the opportunity to cast an advisory vote regarding the compensation of our named executive officers as disclosed in our 2013 Proxy Statement. This non-binding advisory vote is commonly referred to as say-on-pay. At our 2013 annual meeting, our shareholders overwhelmingly approved the proposal, with more than 93% of the votes cast voting in favor of the say-on-pay proposal.

In keeping with the preference expressed by our shareholders at the 2011 annual meeting, our Board has elected to hold a say-on-pay vote on an annual basis. Accordingly, this year we are again asking our shareholders to vote **FOR** the approval of the compensation of our named executive officers as disclosed in this Proxy Statement. Shareholders will be asked to vote again on how frequently we should hold the say-on-pay vote no later than the Company's 2017 annual meeting.

The Compensation Discussion and Analysis beginning on page 17 of this Proxy Statement describes the Company's executive compensation program and the compensation decisions that the Compensation Committee and Board of Directors made in 2013 with respect to the compensation of our named executive officers.

The Board of Directors is asking shareholders to cast a non-binding, advisory vote **FOR** the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and any related material contained in this proxy statement, is hereby APPROVED.

As we describe in the Compensation Discussion and Analysis, our executive compensation program embodies a pay-for-performance philosophy that supports the Company's business strategy and aligns the interests of our executives with our shareholders. In approving the 2013 compensation decisions for the named executive officers, the Compensation Committee considered the financial performance of the Company in 2012. In fiscal 2012, the Company's financial results significantly exceeded its 2012 business plan and goals. The Company's named executive officers contributed greatly to these achievements and, therefore, the compensation of the named executive officers was increased.

For these reasons, the Board is asking shareholders to again support this say-on-pay proposal. Although the vote we are asking you to cast is non-binding, the Compensation Committee and the Board value the views of our shareholders and will continue to consider the outcome of the vote when determining future compensation arrangements for our named executive officers.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THIS PROPOSAL.

COMPENSATION OF DIRECTORS

For 2013, each independent Director was paid a \$50,000 annual retainer, plus \$2,000 for each Board meeting and \$1,500 for each qualified committee meeting attended, including telephonic meetings, for all services, plus reimbursement of expenses. If more than one qualified meeting is held on the same day, a separate fee is paid for each meeting attended. Meetings of the Audit, Compensation and the Nominating and Corporate Governance Committees are qualified meetings, as are meetings of any special committees established from time to time. In addition, the Chair of the Audit Committee is paid a retainer of \$20,000 per year, the Chair of the Compensation Committee is paid a retainer of \$15,000 per year and the Chair of the Nominating and Corporate Governance Committee is paid a retainer of \$10,000 per year.

For 2013, independent Directors also received an annual equity award of restricted stock under the EIP that was targeted at an approximate value of \$100,000 on the grant date, which resulted in an annual grant of 2,200 shares of restricted stock of Domino's Pizza, Inc. common stock. The restricted stock granted to Directors has a one-year vesting period (subject to special provisions in the case of resignation, retirement or death). On February 27, 2013, independent Directors who were option holders received an Additional Equity Grant pursuant to the corporate action described on page 24. The Additional Equity Grants consisted of an aggregate of 8,040 shares of restricted stock and have the same terms and conditions as the annual equity awards granted to Directors.

For 2014, the Board approved the following changes to the Company's independent Director compensation; (i) the annual retainer for each independent Director was increased to \$65,000, (ii) an annual Audit Committee member retainer of \$7,500 was added, (iii) an annual Compensation Committee member retainer of \$5,000 was added, (iv) an annual Nominating and Corporate Governance committee member retainer of \$5,000 was added, and (v) board and committee meeting attendance fees were eliminated. The annual Chair retainer for each committee remained the same in 2014 as 2013. The equity portion of the independent Director compensation arrangement also remained the same. This year, the annual equity award consisted of 1,420 shares of restricted stock. The restricted stock granted to Directors has a one-year vesting period (subject to special provisions in the case of resignation, retirement or death). As discussed above, Directors are also eligible for the qualified retirement provision in the Company's equity awards. As of December 29, 2013, Messrs. Brandon and Hamilton and Ms. Cantor are the only Directors who had achieved the qualified retirement requirements.

For 2013, Mr. Brandon, Chairman of the Board of Directors, received an annual cash retainer of \$200,000, paid in equal monthly installments, as compensation for his service as non-executive Chairman of the Board of Directors. Mr. Brandon will receive the same retainer amount for 2014. In addition, Mr. Brandon was to receive an equity award in both years with a target value of \$150,000 on the grant date. For 2013, such equity award was granted in the form of 3,300 shares of restricted stock with a one-year vesting period in accordance with the terms of the Company's Restricted Stock Agreement for Directors. For 2014, such equity award was granted in the form of 2,120 shares of restricted stock with a one-year vesting period in accordance with the terms of the Company's Restricted Stock Agreement for Directors.

The deadline for receipt of timely notice of shareholder proposals for submission to the Domino's Pizza annual meeting of shareholders without inclusion in the Company's 2015 Proxy Statement is February 28, 2015. Unless such notice is received by Domino's Pizza at its corporate headquarters, Attention: Corporate Secretary, on or before the foregoing date, proxies with respect to such meeting will confer discretionary voting authority with respect to any such matter.

Interested Persons and Shareholder Communications to the Board of Directors

Shareholders and interested persons may communicate with the Board or one or more Directors by sending a letter addressed to the Board or to any one or more Directors in care of Corporate Secretary, Domino's Pizza, Inc., 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105, in an envelope clearly marked "shareholder communication." The Corporate Secretary's office will forward such correspondence unopened to either Ms. Cantor or to another independent Director as the Board may specify from time to time, unless the envelope specifies that it should be delivered to another Director.

Householding of Proxy Materials

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or the Company that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or the Company if you hold registered shares. You can notify the Company by sending a written request to Domino's Pizza, Inc., Investor Relations, 30 Frank Lloyd Wright Drive, Ann Arbor, Michigan 48105, or calling Investor Relations at (734) 930-3008.
