Dear Fellow Shareholder:

It is my pleasure to invite you to join us at the 2014 Annual Meeting of Shareholders of Altria Group, Inc. to be held on Wednesday, May 14, 2014 at 9:00 a.m., Eastern Time, at the Greater Richmond Convention Center, 403 North 3rd Street, Richmond, Virginia 23219.

At this year's meeting, we will vote on the election of 11 directors, the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm and, if properly presented, two shareholder proposals. We will also conduct a non-binding advisory vote to approve the compensation of the Company's named executive officers. In addition, there will be a report on the Company's business and shareholders will have an opportunity to ask questions.

To attend the meeting, an admission ticket and government-issued photo identification is required. **To request an admission ticket, please follow the instructions on page 7 in response to Question 16.** One immediate family member who is 21 years of age or older may accompany a shareholder as a guest.

We use the U.S. Securities and Exchange Commission rule that allows companies to furnish proxy materials to their shareholders over the Internet. We believe this expedites shareholders' receipt of proxy materials, lowers the annual meeting costs and conserves natural resources. We thus are mailing to many shareholders a Notice of Internet Availability of Proxy Materials ("Notice"), rather than a paper copy of the Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2013. The Notice contains instructions on how to access the proxy materials online, vote online and obtain a paper copy of our proxy materials.

Your vote is very important. I encourage you to sign and return your proxy card, or use telephone or Internet voting prior to the meeting, so that your shares of common stock will be represented and voted at the meeting even if you cannot attend.

April 3, 2014

Sincerely,

Martin J. Barrington

Chairman and Chief Executive Officer

Shareholders may also access investor information about the Company through our website at <http://investor.altria.com/>. 2013 BUSINESS HIGHLIGHTS

Altria delivered strong results and returns for its shareholders in 2013 on the strength of its diverse business model and solid performance by its core tobacco businesses. Altria also took important steps in 2013 to develop and commercialize innovative products for adult tobacco consumers. Highlights from 2013 include the following:

- Full-year adjusted diluted earnings per share ("EPS⁽¹⁾"), which excludes the impact of special items, grew 7.7% to \$2.38.

- Altria's three-year total shareholder return ("TSR") was 83.4%, which outperformed the three-year TSR of the S&P 500 and the three-year TSR of the S&P Food, Beverage & Tobacco Index. Altria's 2013 TSR was 28.6%, which outperformed the S&P Food, Beverage & Tobacco Index. The 2013 TSR for the S&P 500 was 32.4%.

- In August 2013, Altria's Board of Directors increased the regular quarterly dividend by 9.1%, which was Altria's 47th dividend increase in the last 44 years.

- Altria announced a \$300 million share repurchase program in April 2013 and, in August, the Board of Directors increased the program to \$1 billion. During 2013, Altria repurchased 16.7 million shares of its common stock for a total cost of approximately \$600 million.

- Altria successfully completed a cost reduction program for its tobacco and service company subsidiaries by delivering \$400 million in annualized savings versus previously planned spending.

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

- i The smokeable products segment grew adjusted operating companies income (OCI⁽¹⁾)by 2.4% and Philip Morris USA Inc. (PM USA) grew the retail share of *Marlboro* by 0.1 share point to 43.7%.
- i The smokeless products segment grew adjusted OCI by 7% and U.S. Smokeless Tobacco Company LLC (USSTC) grew the combined retail share of *Copenhagen* and *Skoal* by 0.3 share points to 50.7%.
- i Ste. Michelle Wine Estates Ltd. (Ste. Michelle) grew adjusted OCI by 13.5% and is one of the fastest growing premium wine companies in the United States.

(1) Adjusted diluted EPS and adjusted OCI are financial measures that are not consistent with generally accepted accounting principles in the United States (GAAP). See Annex A to this Proxy Statement for information regarding non-GAAP financial measures used in this Proxy Statement and reconciliations of such non-GAAP financial measures to the most directly comparable GAAP financial measures.

PROXY STATEMENT SUMMARY

- Nu Mark LLC (Nu Mark) entered the e-vapor category through the launch of *MarkTen* e-cigarettes in lead markets in Indiana and Arizona. Altria also announced a series of agreements with Philip Morris International Inc. (PMI) to license and distribute e-vapor and other innovative products.

For more information regarding Altria’s 2013 performance, please review our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 (2013 Annual Report on Form 10-K).

COMPENSATION PROGRAM HIGHLIGHTS

- Annual incentive and equity awards for the executive officers named in the Summary Compensation Table on page 42 (named executive officers or NEOs) remain at levels similar to last year (excluding 2012 special equity grants).
- The 2011 – 2013 performance cycle for the Long-Term Incentive Plan (LTIP) concluded on December 31, 2013. The LTIP cash payments shown in the Summary Compensation Table for 2013 are based on performance over the entire three-year LTIP cycle. Because the last LTIP payments occurred in 2011 at the end of the 2008 – 2010 cycle, the Summary Compensation Table shows a significant increase in total compensation for 2013. The footnotes to the Summary Compensation Table show the allocation of the LTIP payments over the three-year performance cycle.
- At the 2013 Annual Meeting, more than 95% of the votes cast approved, on an advisory basis, the compensation of the NEOs, demonstrating strong alignment of shareholder interests with our executive compensation program and philosophy.

Key Governance Features of Our Executive Compensation Program

The following summary of specific features of our executive compensation program highlights our commitment to executive compensation practices that align the interests of our executives and shareholders:

What We Do

- **Pay for Performance** - A significant portion of the compensation for our NEOs is in the form of at-risk variable compensation.
- **Multiple Performance Metrics** - Variable compensation is based on more than one measure to encourage balanced incentives.
- **Stock Ownership Guidelines** - All NEOs exceed Altria’s robust stock ownership requirements.
- **Clawback Provisions** - Our policy provides for the adjustment or recovery of compensation in certain circumstances.
- **Award Caps** - All of our variable compensation plans have caps on plan formulas.

What We Don’t Do

- **No Excessive Perquisites** - Perquisites represent less than 2% of our NEOs’ compensation.
- **No Individual Supplemental Executive Retirement Plans**
- **No Hedging** - Our policy prohibits our NEOs from engaging in hedging activities with Altria stock.
- **No Pledging** - Our NEOs do not pledge their Altria shares.
- **No Employment Agreements** - All of our NEOs are employed on an at-will basis.
- **No Tax Gross-ups**

ü **Confidentiality & Non-Compete Agreements** - All NEOs are subject to confidentiality and non-competition agreements.

ü **Tally Sheets** - The Compensation Committee reviews tally sheets at least annually as part of making individual compensation decisions.

ü **Below Average Share Utilization** - The Company has below average run rates as compared to other Fortune 500 companies.

QUESTIONS AND ANSWERS ABOUT THE 2014 ANNUAL MEETING AND VOTING

**QUESTIONS AND ANSWERS
ABOUT THE 2014 ANNUAL MEETING AND VOTING**

1. WHY DID I RECEIVE THESE PROXY MATERIALS?

Our Board of Directors (Board of Directors or Board) is furnishing to you this Proxy Statement to solicit proxies on its behalf to be voted at the 2014 Annual Meeting on May 14, 2014 at 9:00 a.m., Eastern Time, at the Greater Richmond Convention Center, 403 North 3rd Street, Richmond, Virginia 23219. The proxies also may be voted at any adjournments or postponements of the meeting.

All properly executed written proxies, and all properly completed proxies submitted by telephone or by the Internet, that are delivered pursuant to this solicitation will be voted at the meeting in accordance with the directions given in the proxy, unless the proxy is revoked before the completion of voting at the meeting.

2. WHAT IS A PROXY?

It is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card.

Martin J. Barrington and Denise F. Keane have been designated as proxies by the Board of Directors for the 2014 Annual Meeting.

3. WHAT IS THE RECORD DATE AND WHAT DOES IT MEAN?

The record date for the 2014 Annual Meeting is March 24, 2014 (the record date). The record date is established by the Board of Directors as required by Virginia law. Only shareholders of record at the close of business on the record date are entitled to:

- (a) receive notice of the meeting; and
- (b) vote at the meeting and any adjournments or postponements of the meeting.

Each shareholder of record on the record date is entitled to one vote for each share of common stock held. On the record date, there were 1,987,981,529 shares of common stock outstanding.

4. WHAT IS THE DIFFERENCE BETWEEN A SHAREHOLDER OF RECORD AND A SHAREHOLDER WHO HOLDS STOCK IN STREET NAME?

If your shares of stock are registered in your name on the books and records of our transfer agent, you are a shareholder of record.

If your shares of stock are held for you in the name of your broker, bank or other nominee, your shares are held in street name. The answer to Question 12 describes brokers' discretionary voting authority and when your broker, bank or

other nominee is permitted to vote your shares of stock without instructions from you.

It is important that you vote your shares if you are a shareholder of record and, if you hold shares in street name, that you provide appropriate voting instructions to your broker, bank or other nominee as discussed in the answer to Question 12.

5. WHAT ARE THE DIFFERENT METHODS THAT I CAN USE TO VOTE MY SHARES OF COMMON STOCK?

By Telephone or Internet Proxy: All shareholders of record may vote their shares of common stock by touch-tone telephone using the telephone number on the proxy card (within the United States, U.S. territories and Canada, there is no charge for the call), or by the Internet, using the procedures and instructions described on the proxy card and other enclosures. Street name holders may vote by telephone or the Internet if their brokers, banks or other nominees make those methods available. If that is the case, each broker, bank or other nominee will enclose instructions with the Proxy Statement. The telephone and Internet voting procedures, including the use of control numbers, are designed to authenticate shareholders' identities, to allow

shareholders to vote their shares and to confirm that their instructions have been properly recorded.

In Writing: All shareholders also may vote by mailing their completed and signed proxy card (in the case of shareholders of record) or their completed and signed voting instruction form (in the case of street name holders).

In Person: All shareholders of record may vote in person at the meeting.

Street name holders must obtain a legal proxy from their broker, bank or other nominee and bring the legal proxy to the meeting in order to vote in person at the meeting.

7. ARE VOTES CONFIDENTIAL?

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

We will continue our long-standing practice of holding the votes of each shareholder in confidence from directors, officers and employees, except: (a) as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company; (b) in the case of a contested

proxy solicitation; (c) if a shareholder makes a written comment on the proxy card or otherwise communicates his or her vote to the Company; or (d) to allow the independent inspectors of election to certify the results of the vote.

8. WHO COUNTS THE VOTES?

We will continue, as we have for many years, to retain an independent tabulator to receive and tabulate the proxies and independent inspectors of election to certify the results.

9. WHAT IF A SHAREHOLDER DOES NOT SPECIFY A CHOICE FOR A MATTER WHEN RETURNING A PROXY?

Shareholders should specify their voting choice for each matter on the accompanying proxy. If no specific choice is made for one or more matters, proxies that are signed and returned will be voted **FOR** the election of each of the nominees for director, **FOR** the proposal to ratify the selection of PricewaterhouseCoopers LLP (PricewaterhouseCoopers), **FOR** the advisory vote to approve the compensation of the Company's named executive officers and **AGAINST** each of the shareholder proposals, as appropriate.

10. HOW DO I VOTE IF I PARTICIPATE IN THE DIVIDEND REINVESTMENT PLAN?

The proxy card that you have received includes your dividend reinvestment plan shares. As previously noted, you may vote your shares through the Internet, by telephone or by mail, all as described on the enclosed proxy card.

11. WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

It means that you have multiple accounts with brokers and/or our transfer agent. *Please vote all of these shares.*

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is

Computershare Trust Company, N.A. Computershare's address is P.O. Box 43078, Providence, Rhode Island 02940-3078; you can reach Computershare at 1-800-442-0077 (from within the United States or Canada) or 1-781-575-3572 (from outside the United States or Canada).

QUESTIONS AND ANSWERS ABOUT THE 2014 ANNUAL MEETING AND VOTING

12. WILL MY SHARES BE VOTED IF I DO NOT PROVIDE MY PROXY?

Shareholders of Record: If you are a shareholder of record (see Question 4), your shares will not be voted if you do not provide your proxy unless you vote in person at the meeting. *It is, therefore, important that you vote your shares.*

Street Name Holders: If your shares are held in street name (see Question 4) and you do not provide your signed and dated voting instruction form to your bank, broker or other nominee, your shares may be voted by your broker, bank or other nominee but *only* under certain circumstances. Specifically, under the New York Stock Exchange (NYSE) rules, shares held in the name of your broker, bank or other nominee may be voted by your broker, bank or other nominee on certain routine matters if you do not provide voting instructions.

Only the ratification of the selection of PricewaterhouseCoopers as the Company's independent registered public accounting firm is considered a routine matter for which brokers, banks or other nominees may vote uninstructed shares. The other proposals to be voted on at our meeting (specifically, the election of director nominees, the advisory vote to approve the compensation of the Company's named executive officers and the shareholder proposals) are not considered routine under NYSE rules, so the broker, bank or other nominee cannot vote your shares on any of these proposals unless you provide to the broker, bank or other nominee voting instructions for each of these matters. If you do not provide voting instructions on a matter, your shares will not be voted on the matter, which is referred to as a broker non-vote. *It is, therefore, important that you vote your shares.*

13. ARE ABSTENTIONS AND BROKER NON-VOTES COUNTED?

BOARD AND GOVERNANCE MATTERS

BOARD AND GOVERNANCE MATTERS**Board Responsibility, Composition and Meetings**

The primary responsibility of the Board of Directors is to foster the long-term success of the Company. In fulfilling this role, each director must exercise his or her good faith business judgment of the best interests of the Company. The Board has responsibility for establishing broad corporate policies, setting strategic direction and overseeing management, which is responsible for the day-to-day operations of the Company.

As of the date of this Proxy Statement, our Board consists of 11 directors. Directors are elected annually at each annual meeting to serve until the next annual meeting and until their successors are duly elected and qualified, subject to their earlier death, resignation or removal. During 2013, the Board adopted retirement guidelines that require a director who will have attained the age of 75 as of the date of the next annual meeting to tender his or her written resignation to the Board at least six months prior to such annual meeting. If the Board determines that continued service by the director is in the best interests of the Company, the Board has the discretion not to accept the resignation.

Each of the nominees currently serves as a director and was elected by the shareholders at the 2013 Annual Meeting. Biographical information and qualifications of the nominees for director are included under Proposal 1 Election of Directors on page 55.

The Board holds regular meetings typically during the months of January, February, May, August, October and December, and special meetings are held when necessary. The Board's organizational meeting follows the annual meeting of shareholders. One of the meetings is devoted primarily to reviewing the Company's strategic plan. The Board held eight meetings in 2013. The Board meets in executive session at every Board meeting. Directors are expected to attend Board meetings, the annual meeting of shareholders and meetings of the committees of the Board (Committees) on which they serve, with the understanding that on occasion a director may be unable to attend a meeting. During 2013, all nominees for director attended at least 95% of the aggregate number of meetings of the Board during their respective terms of service and of all Committees on which they served. In addition, all directors attended the 2013 Annual Meeting.

Board Leadership Structure

The Board believes that it is important to retain the flexibility to allocate the responsibilities of the Chairman of the Board (the Chairman) and the Chief Executive Officer (CEO) in the way that it believes is in the best interests of the Company. After due consideration by the Nominating, Corporate Governance and Social Responsibility Committee and the Board, the Board has concluded that presently combining the roles of Chairman and CEO is in the best interests of the Company. The Company's Mission is to own and develop financially disciplined businesses that are leaders in responsibly providing adult tobacco and wine consumers with superior branded products. The Board believes that the combination of the roles of Chairman and CEO promotes the pursuit of the Company's Mission by allowing the senior-most executive with accountability for the Company's day-to-day operations and execution of the Company's strategic plan, who also possesses significant business, regulatory and industry knowledge, to set Board meeting agendas (in consultation with the Presiding Director), to lead the related discussions and to communicate with one voice to employees, shareholders and other stakeholders. The Board considers this effective and efficient structure to be particularly appropriate for the Company given the unique challenges that the Company has faced and continues to face in light of the lines of business of its subsidiaries, particularly domestic tobacco, and the enhanced regulatory environment.

**RESPONSIBILITIES OF OUR
PRESIDING DIRECTOR**

- Preside over executive sessions of the non-management directors and at all meetings at which the Chairman is not present

Non-management directors convene at each Board meeting in executive session. Moreover, the Company has a strong and experienced independent Presiding Director who, in discharging his responsibilities, promotes dialogue among non-management members of the Board and directly and clearly communicates the views of the Board to management.

The Board has adopted Corporate Governance Guidelines. In addition, the Board has adopted a Code of Business Conduct and Ethics for Directors (Director Code) that applies to the members of the Board and a policy with regard to reviewing certain transactions in which the Company is a participant and an officer, director or nominee for director has had or may have a direct or indirect material interest. These documents are available on the Company's website at www.altria.com/governance. The Company has also adopted the Altria Code of Conduct (Code of Conduct), which applies to all of its employees, including its principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions. Committees of the Board of Directors

The Board has established various separately-designated standing Committees to assist it with the performance of its responsibilities. The Board designates the members of these Committees and the Committee Chairs annually at its organizational meeting following the annual meeting of shareholders, based on the recommendations of the Nominating, Corporate Governance and Social Responsibility Committee. The Chair of each Committee develops the agenda for that Committee and determines the frequency and length of Committee meetings. After each meeting, each Committee provides a full report to the Board.

The Board has adopted written charters for each of these Committees. These charters are available on the Company's website at www.altria.com/governance. The following table summarizes the primary responsibilities of the Committees:

Committee	Primary Responsibilities
Audit	The Audit Committee assists the Board in its oversight of (i) the integrity of the Company's financial statements and financial reporting processes and systems of internal control, (ii) the qualifications, independence and performance of the Company's independent registered public accounting firm, (iii) the internal auditors and the internal audit function and (iv) the Company's compliance with legal and regulatory requirements. The Audit Committee also prepares the Audit Committee Report that the rules of the SEC require the Company to include in its proxy statement. See pages 19 to 20 for further matters related to the Audit Committee, including its Report for the year ended December 31, 2013.

In addition, the Compensation Committee evaluates the design and effectiveness of the Company's incentive programs. See pages 21 to 22 for further matters related to the Compensation Committee, including a discussion of its procedures and its Report on the Compensation Discussion and Analysis appearing on pages 24 through 41.

Innovation	The Innovation Committee assists the Board in its oversight of the strategic goals and objectives of the research, development and engineering programs of the Company's subsidiaries and technological and other innovation initiatives.

BOARD AND GOVERNANCE MATTERS

The Board's Risk Oversight Role

The Board believes it has in place effective processes to identify and oversee the material risks facing the Company and its businesses and that these processes are consistent with, and provide additional support for, the current leadership structure of the Board. The Board, both acting as a full Board and through its Committees, plays an important oversight role in the Company's risk management processes. Regular Board and Committee meetings cover multiple days. Management from the Company and different Company subsidiaries and business functions attend each meeting. Board members also occasionally conduct site visits to Company subsidiary locations both in and outside the Company's Richmond, Virginia headquarters. These meetings and site visits and, as appropriate, communications between Board meetings, allow the Board to discuss with management the operational risks facing the businesses of the Company's subsidiaries.

The Board, directly or through its Committees, also oversees the management of risk in the following areas:

- Legal and Regulatory Risk:* The Board, both directly and through the Audit Committee, receives regular updates on legal and regulatory matters, including developments in litigation and developments related to U.S. Food and Drug Administration (FDA) regulation of certain of the Company's subsidiaries, thereby reviewing the Company's management of legal and regulatory risk. In addition, reports to the Audit Committee at each of its meetings by the Company's Chief Compliance Officer and corporate audit personnel provide insight into the Company's risk assessment and risk management policies and processes, including enterprise risk management.
- Financial and Accounting Risk:* The Finance and Audit Committees oversee the Company's management of its financial, accounting, internal controls and liquidity risks through interaction at each meeting with the Chief Financial Officer, management from the Company's financial, accounting, auditing and treasury functions (as appropriate) and, for the Audit Committee, personnel from the Company's independent registered public accounting firm.
- Reputational and Governance Risk:* Through its interaction with business functions responsible for the Company's public policy and societal alignment activities and strategies, the Nominating, Corporate Governance and Social Responsibility Committee oversees the ways in which the Company manages reputational and public policy risk. The Nominating, Corporate Governance and Social Responsibility Committee also oversees risks related to Board organization, membership and structure and corporate governance.
- Executive Compensation Program Risk:* The Compensation Committee considers the extent to which the executive compensation program may create risk for the Company (see page 32 for more detailed description).
- Technology, Intellectual Property and Research and Product Development Risk:* The Innovation Committee oversees the Company's management of the risks associated with technology, research and product development, including intellectual property.

BOARD AND GOVERNANCE MATTERS

Directors**Process for Nominating Directors**

The Nominating, Corporate Governance and Social Responsibility Committee is responsible for identifying and evaluating nominees for director and for recommending to the Board a slate of nominees for election at the annual meeting of shareholders.

In identifying potential candidates for Board membership, the Committee relies on suggestions and recommendations from directors, shareholders, management and others, including from time to time executive search and board advisory firms. The Committee does not distinguish between nominees recommended by shareholders and other nominees. Shareholders wishing to suggest candidates to the Nominating, Corporate Governance and Social Responsibility Committee for consideration as directors must submit a written notice to the Corporate Secretary of the Company following the procedures set forth in this Proxy Statement under Questions and Answers about Communications, Company Documents and Shareholder Proposals How Do I Communicate with the Company's Board of Directors? on page 71. The Company's By-Laws set forth the procedures that a shareholder must follow to nominate directors. The procedures are summarized under the same section in response to the question How Can a Shareholder Nominate a Director or Submit a Proposal for Next Year's Annual Meeting? on page 71.

The current composition of our Board of Directors is discussed above under Board Responsibility, Composition and Meetings on page 9. Biographical information and qualifications of the nominees for director are included under Proposal 1 Election of Directors on page 55.

Director Qualifications and Board Diversity

In reviewing nominee candidates, the Nominating, Corporate Governance and Social Responsibility Committee adheres to the process described above and, in so doing, considers both the Company's Mission to own and develop financially disciplined businesses that are leaders in responsibly providing adult tobacco and wine consumers with superior branded products and its four related Mission goals investing in leadership; aligning with society; satisfying adult consumers; and creating substantial value for shareholders. The Committee has not established any specific minimum qualification standards for nominees to the Board; rather, in evaluating the suitability of individuals for Board membership, the Committee considers the ways in which it believes each nominee can assist the Company in pursuing its Mission and advancing one or more Mission goals. The Committee also takes into account many factors, including whether the individual meets requirements for independence and whether the individual will enhance the diversity of views and experiences available to the Board in its deliberations.

The Committee evaluates each individual in the context of the Board as a whole, with the objective of recommending a group of directors that can best perpetuate the Company's success and represent shareholder interests through the exercise of sound judgment and the application of its diversity of experience. In determining whether to recommend a director for re-election, the Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board. In addition, the Committee considers whether the Board has specific needs for certain skills or attributes at a given time

BOARD DIVERSITY

The Company is committed to diversity, as reflected in its Mission goals, its Code of Conduct and various other Company policies.

The Nominating, Corporate Governance and Social Responsibility Committee has a long-standing commitment to diversity, rather than a formal diversity policy, and is guided by the Company's diversity philosophy in its review and consideration of potential director nominees. In this regard, the Board and the Committee view diversity holistically. As set forth in the Company's Corporate Governance Guidelines, the Board and the Committee consider:

(for example, financial or chief executive officer experience). Other criteria for Board membership are set forth in the Company's Corporate Governance Guidelines.

Under Proposal 1 Election of Directors, we provide an overview of each nominee's principal occupation, business experience and other directorships, together with the key attributes, experience and skills considered by the Committee and the Board as being particularly meaningful in advancing the Company's Mission and one or more Mission goals.

• whether the individual meets the requirements for independence;

• the individual's general understanding of the various disciplines relevant to the success of a large publicly-traded company in today's global business environment;

• the individual's understanding of the Company's businesses and markets;

• the individual's professional expertise and experiences;

• the individual's educational and professional background; and

• other characteristics of the individual that promote diversity of views and experiences.

Director Independence Determinations

Under the listing standards of the NYSE, the Board must consist of a majority of independent directors. In making independence determinations, the Board observes NYSE and SEC criteria and considers all relevant facts and circumstances. The Board has also adopted categorical standards of director independence to further assist it in making these determinations. These standards are set forth in Annex A of the Company's Corporate Governance Guidelines, which are available on the Company's website at www.altria.com/governance.

On the recommendation of the Nominating, Corporate Governance and Social Responsibility Committee, the Board has affirmatively determined that each of the following nominees is independent in that such nominee has no material relationship with the Company: Gerald L. Baliles, John T. Casteen III, Dinyar S. Devitre, Thomas F. Farrell II, Thomas W. Jones, Debra J. Kelly-Ennis, W. Leo Kiely III, Kathryn B. McQuade, George Muñoz and Nabil Y. Sakkab. In making its recommendation to the Board, the Committee considered the following business relationships and transactions:

Business Relationships and Transactions Considered

Dr. Sakkab is a non-executive director of Givaudan SA, an entity from which Company subsidiaries from time to time in the ordinary course of business acquire goods and services on terms comparable to those provided to unrelated third parties. Dr. Sakkab does not materially benefit directly or indirectly from this relationship.

Mr. Muñoz is a non-executive director of Marriott International, Inc., an entity from which Company subsidiaries from time to time in the ordinary course of business acquire goods and services on terms comparable to those provided to unrelated third parties.

Mr. Muñoz does not materially benefit directly or indirectly from this relationship.

Ms. Kelly-Ennis is a non-executive director of Carnival Corporation & plc (Carnival). From time to time, Carnival subsidiaries in the ordinary course of business acquire goods from Company subsidiaries on terms comparable to those provided to unrelated third parties. Ms. Kelly-Ennis does not materially benefit directly or indirectly from this relationship.

Mr. Farrell is the Chief Executive Officer of Dominion Resources, Inc. (Dominion). A subsidiary of Dominion is a regulated public utility with which the Company or its subsidiaries has a commercial relationship for energy procurement. Amounts paid by the Company or its subsidiaries are set at rates fixed in accordance with applicable regulatory authority. In the first quarter of 2014, a Company subsidiary entered into an agreement with the same utility under which the Company subsidiary receives nominal payments in connection with a solar energy program overseen and approved by the same regulatory authority. The terms of the agreement are comparable to those the utility offers to unrelated third parties. Mr. Farrell is neither responsible for, nor involved in, the utility's dealings with the Company or its subsidiaries, nor does Mr. Farrell materially benefit directly or indirectly from this relationship.

Mr. Devitre is a non-executive director of SABMiller plc (SABMiller), an entity in which the Company held approximately 26.8% of the economic and voting interest at December 31, 2013. Mr. Devitre and Mr. Howard A. Willard III, the Company's Executive Vice President and Chief Financial Officer, serve at the Company's request as non-executive members of SABMiller's 15-member Board of Directors in accordance with the Amended and Restated Relationship Agreement between the Company and SABMiller.

Mr. Devitre's compensation for his SABMiller board service is limited to director fees paid by SABMiller. Mr. Devitre does not materially benefit directly or indirectly from this relationship.

Mr. Kiely is the former Chief Executive Officer of MillerCoors LLC, a joint venture combining the U.S. and Puerto Rico operations of SABMiller and Molson Coors Brewing Company. As noted above, the Company held approximately 26.8% of the economic and voting interest in SABMiller at December 31, 2013. Mr. Kiely does not materially benefit directly or indirectly from this relationship.

BOARD AND GOVERNANCE MATTERS

Business Relationships and Transactions Considered

In July 2012, the Company and the Economic Development Authority of the City of Richmond (EDA) entered into an agreement concerning the renovation of the historic Landmark Theater in Richmond, Virginia. Under the agreement, the Company acquired from the EDA the naming rights to the theater for a 20-year period for \$10 million payable over five years. The agreement reflects the Company's long-standing commitment to supporting cultural venues located in and around its communities. Messrs. Farrell and Barrington are non-employee directors of Richmond Performing Arts Center L.L.P., the entity responsible for overseeing various performing arts venues in the City of Richmond, including the Landmark Theater, for the benefit of the Richmond community. Neither Mr. Farrell nor Mr. Barrington materially benefits directly or indirectly from this relationship.

Additionally, immediate family members (as defined in the Company's Policy on Related Person Transactions, which is discussed in Related Person Transactions and Code of Conduct on page 70) of Mr. Devitre, Mr. Farrell, Mr. Jones, Mr. Kiely and Dr. Sakkab are employed in non-executive officer capacities by entities with which the Company or its subsidiaries from time to time do business in the ordinary course on terms comparable to those provided to unrelated third parties. The immediate family member in each case is neither responsible for, nor involved in, the entity's day-to-day dealings with the Company or its subsidiaries, and the respective payments made by the Company or its subsidiaries to the entities in the last three fiscal years are significantly less than the greater of \$1 million or 2% of the entities' consolidated gross revenues. None of Mr. Devitre, Mr. Farrell, Mr. Jones, Mr. Kiely or Dr. Sakkab, or their respective immediate family members, materially benefits directly or indirectly from these relationships.

The Committee has determined that the foregoing business relationships and transactions did not affect the independence of any nominee for director.

In making its recommendation to the Board, the Committee also considered the following philanthropic relationships and transactions between the Company and its subsidiaries and various educational and other charitable entities located in or near the locations of Company or Company subsidiary facilities. The Company believes that these relationships further its Mission goal of investing in leadership, which includes investing meaningfully in the communities in which our employees live and work with the objective of making those communities leading environments where our businesses can succeed. In some cases, these relationships date back for many decades.

Philanthropic Relationships and Transactions Considered

As the Company disclosed in prior years, a subsidiary of the Company pledged \$25 million to the University of Virginia (the University) in 2006, reflecting a long-standing relationship between the Company and the University that has included employment recruiting and charitable donations. In 2013, the Company contributed \$1.0 million towards this pledge. Also in 2013, the Company or its subsidiaries (i) made certain other charitable donations to the University, including contributions under the Company's matching gift program, in an aggregate amount of \$953,818 and (ii) made ordinary course trade payments to the University in the aggregate amount of \$10,296. The sum of these 2013 contributions and payments represent less than 2% of the University's consolidated gross revenues. Mr. Casteen, who joined the Board in 2010, is a former President of the University. He now serves as President Emeritus of the University. Mr. Casteen's daughter-in-law, Laura Casteen, is employed by the University as an Associate Dean. Mr. Casteen does not materially benefit directly or indirectly from this relationship. In addition, Governor Baliles's employer, the Miller Center of Public Affairs, is affiliated with the University.

In the Richmond, Virginia region, where the Company and several of its subsidiaries are headquartered and employ approximately 4,000 people, the Company made the following contributions to educational and other charitable organizations in 2013 that exceeded \$150,000:

- \$620,500 to Virginia Commonwealth University in support of various academic programs and scholarships;
- \$300,000 to the Virginia Museum of Fine Arts in support of exhibitions; and

\$500,000 to Richmond 2015, Inc., which is the non-profit entity responsible for the organization, management and promotion of the 2015 UCI World Cycling Championships to be held in Richmond, Virginia. The Company also agreed to a matching contribution of up to \$250,000 that is contingent upon support provided by other Central Virginia businesses.

Mr. Farrell is a non-employee director or trustee of each of these entities. Mr. Barrington is a non-employee trustee of the Virginia Museum of Fine Arts. The contributions identified above did not in any case exceed the greater of \$1 million or 2% of any such entity's consolidated gross revenues. Neither Mr. Farrell nor Mr. Barrington materially benefits directly or indirectly from these contributions.

In addition, the Company makes various grants and charitable contributions, including matching gifts under the Company's matching gift program, to entities where Governor Baliles, Mr. Casteen, Mr. Devitre, Mr. Farrell, Mr. Jones, Ms. Kelly-Ennis, Mr. Kiely and Ms. McQuade and immediate family members of Governor Baliles and Mr. Muñoz serve as non-executive directors or trustees or non-executive employees. A substantial majority of these grants and contributions was made to non-profit entities that serve the communities in which the Company and its subsidiaries operate and to non-profit educational programs and institutions located in and around these communities. In each case, payments by the Company in the last three fiscal years were significantly less than the greater of \$1 million or 2% of any such entity's consolidated gross revenues. None of Governor Baliles, Mr. Casteen, Mr. Devitre, Mr. Farrell, Mr. Jones, Ms. Kelly-Ennis, Mr. Kiely, Ms. McQuade or Mr. Muñoz, or their respective immediate family members, materially benefits directly or indirectly from these contributions.

The Committee has determined that the foregoing philanthropic relationships and transactions did not affect the independence of any nominee for director.

Compensation of Directors

With respect to non-employee directors, the Company's philosophy is to provide competitive compensation and benefits necessary to attract and retain high-quality non-employee directors. The Board believes that a substantial portion of director compensation should consist of equity-based compensation to assist in aligning directors' interests with the interests of shareholders. Directors who are full-time employees of the Company (currently, only Mr. Barrington) receive no additional compensation for service as a director.

The Nominating, Corporate Governance and Social Responsibility Committee periodically reviews the competitiveness of director compensation (taking into account the Company's Compensation Survey Group described on page 33), considers the appropriateness of the form and amount of director compensation and makes recommendations to the Board concerning such compensation with a view toward attracting and retaining qualified directors.

The following table presents the cash and equity compensation elements in place during 2013 for our non-employee directors:

	Amount

A non-employee director may elect to defer the award of shares of common stock and all or part of his or her retainers. Pursuant to the Deferred Fee Plan for Non-Employee Directors, deferred retainers are credited to an unfunded bookkeeping account and may be invested in various investment choices, including an Altria common stock equivalent account. These investment choices parallel the investment options offered under the Deferred Profit-Sharing Plan for Salaried Employees and determine the earnings that are credited for bookkeeping purposes to a non-employee director's account. The non-employee director will receive deferred awards of common stock and cash distributions of deferred retainers either prior to or following termination of service from the Board, as elected by the non-employee director.

In addition to cash payments and stock awards, non-employee directors are covered under the Company's Business Travel Accident Insurance Plan that is available generally to all salaried employees. Non-employee directors also participated in the Company's Group Life Insurance Program in 2013, but their participation ended in January 2014.

Non-employee directors may also participate in the Company's Matching Gift Program. This program is available to all employees and non-employee directors. The Company will match eligible donations of a minimum of \$25 up to \$30,000 per year per employee or non-employee director on a dollar-for-dollar basis to eligible non-profit organizations. In 2013, the following non-employee directors participated in this program: Governor Baliles, Mr. Casteen, Mr. Devitre, Mr. Jones, Ms. Kelly-Ennis, Mr. Kiely, Ms. McQuade and Mr. Muñoz. The aggregate amount of matching payments for these eight directors in 2013 was \$197,834.

The following table presents the compensation received by the non-employee directors for service as directors in fiscal year 2013.

BOARD AND GOVERNANCE MATTERS

Stock Ownership Guidelines for Non-Employee Directors and Prohibition on Hedging

The Board believes that stock ownership guidelines further align the interests of the Board with those of the Company's shareholders. The Company's non-employee directors are expected to hold the Company's common stock in an amount equal to the lesser of five times the then-current annual cash retainer or 26,000 shares. Directors are expected to reach this ownership level within five years of being elected to Board membership and to hold the requisite number of shares until retirement. The ownership requirement for non-employee directors may be satisfied with all beneficially owned shares, including deferred shares, and share equivalents. As of December 31, 2013, all of our directors who had served on the Board for five or more years since their election held a sufficient number of shares to satisfy these guidelines.

The Company's non-employee directors are not permitted to engage in hedging activities with respect to our stock. Furthermore, our non-employee directors do not pledge their Altria shares.

No member of the Compensation Committee at any time during 2013 or at any other time had any relationship with us that would be required to be disclosed as a related person transaction.

Compensation Committee Procedures

Scope of Authority

The responsibilities of the Compensation Committee are set forth in its charter and include, among other duties, the responsibility to:

review and approve corporate goals and objectives relevant to the compensation of our CEO, evaluate the performance of our CEO in light of these goals and objectives and determine and approve the compensation of our CEO based on this evaluation;

review and approve the compensation of all executive officers;

make recommendations to the Board with respect to incentive compensation plans and equity-based plans, administer and make awards under such plans and review the cumulative effect of its actions;

monitor compliance by executives with our stock ownership guidelines;

monitor risks related to the design of the Company's compensation program;

review and assist with the development of executive succession plans, evaluate and make recommendations to the Board regarding potential candidates to become CEO and evaluate and approve candidates to fill other senior executive positions;

COMPENSATION COMMITTEE MATTERS

Role of Consultants. As part of our annual compensation process, management engages Hewitt Associates, LLC d/b/a Aon Hewitt (Aon Hewitt).

Aon Hewitt conducts a survey of Compensation Survey Group companies. See page 33 for a description of the companies included in the Compensation Survey Group and the criteria and process for their selection. The survey collects compensation data and competitive practices. The Committee reviews the data to help it assess competitive levels of pay and the competitive mix of pay elements.

Based on parameters developed by management, Aon Hewitt provides competitive compensation information focused on chief executive officer pay primarily from public filings, including annual proxy filings, by companies within our Compensation Survey Group. The Committee also reviews this data.

Aon Hewitt provides background information on companies as reference for evaluating our Compensation Survey Group. Aon Hewitt also participates in the Company's risk assessment process with respect to its executive compensation program as described on page 32. Aon Hewitt neither provides advice nor recommendations on the form or amount of Altria's executive or director compensation nor attends Committee meetings.

In 2013, the aggregate Aon Hewitt fees associated with services relating to executive and director compensation totaled \$116,276. In 2013, the aggregate Aon Hewitt fees associated with additional services totaled \$88,994. These additional services reflected a portion of the survey referenced above allocable (on an estimated basis) to non-executive compensation. These additional services were conducted based on parameters developed by management. Based on an assessment under SEC rules and given the limited nature of these additional services, the Company does not believe these additional services raise a conflict of interest or prevent Aon Hewitt from providing services relating to executive and director compensation.

Role of Management.

The Company's management provides input on overall executive compensation program design for the Compensation Committee's consideration.

Each year, our Chairman and CEO presents to the Compensation Committee compensation recommendations for the Company's named executive officers, as well as certain other officers. The Committee reviews and discusses these recommendations with our CEO and, exercising its discretion, makes the final decision with respect to the compensation of these individuals. The CEO has no role in setting his own compensation.

At the beginning of each year, our Chairman and CEO presents his proposed annual performance goals to the Compensation Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

In this section, we provide a detailed description of Altria’s executive compensation program, with focus on the Compensation Committee’s compensation decisions with respect to our NEOs:

Name	Position during 2013
Martin J. Barrington	Chairman of the Board and Chief Executive Officer, Altria Group, Inc.
Howard A. Willard	Executive Vice President and Chief Financial Officer, Altria Group, Inc.
David R. Beran	President and Chief Operating Officer, Altria Group, Inc.
Denise F. Keane	Executive Vice President and General Counsel, Altria Group, Inc.
Craig A. Johnson	President and Chief Executive Officer, Altria Group Distribution Company

Executive Summary

Compensation Philosophy

Altria’s executive compensation program aligns with Altria’s Mission, Mission Goals and Values, including Invest in Leadership. We believe that such an investment requires:

clear alignment of the interests of our executives and shareholders;

clear articulation of corporate and individual performance goals;

transparent measurement of performance against those goals; and

a competitive, financially disciplined executive compensation program that rewards past success and creates the appropriate incentives for future conduct.

Say on Pay

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 provides shareholders with a non-binding advisory vote (Say on Pay) on the compensation of a company’s named executive officers, as such compensation is disclosed in the company’s annual proxy statement. Altria holds the vote annually and, at the 2013 Annual Meeting, more than 95% of the votes cast approved our NEO compensation on an advisory basis. Upon consideration of the strong support shown in 2013 by the vote results and other factors described in this Proxy Statement, the Compensation Committee decided that no changes to the executive compensation program were necessary for 2013.

2013 Strategic Performance

Altria enhanced its capital structure, which resulted in a reduction in Altria's weighted average coupon interest rate to 5.9% at year-end 2013 from 7.2% at year-end 2012.

Altria repurchased 16.7 million shares of its common stock for a total cost of approximately \$600 million.

Altria successfully completed a cost reduction program for its tobacco and service company subsidiaries by delivering \$400 million in annualized savings versus previously planned spending.

Altria pursued its innovation strategy by entering the e-vapor category through its subsidiary Nu Mark's launch of *MarkTen* e-cigarettes in lead markets in Indiana (August) and Arizona (December).

Altria announced strategic agreements with PMI subsidiaries to license and distribute e-vapor and other innovative products.

2013 Operating and Service Company Highlights

The smokeable products segment grew adjusted OCI by 2.4% and PM USA grew retail share of *Marlboro* by 0.1 share point to 43.7%.

The smokeless products segment grew adjusted OCI by 7.0% to \$1,026 million. USSTC grew the combined retail share of *Copenhagen* and *Skool* by 0.3 share points to 50.7%.

Ste. Michelle grew adjusted OCI by 13.5% to \$118 million, and shipment volume increased 5.0%.

Altria's two service organizations—Altria Group Distribution Company (AGDC) and Altria Client Services Inc.—provided efficient support to the operating companies, enabling the operating companies to focus on brand management and manufacturing.

2013 Performance of NEOs

The Compensation Committee considers several factors in approving each element of compensation. For example, the Compensation Committee evaluated the Company's financial and strategic performance, as described above, in the context of the 2013 Annual Incentive Award program (discussed under "2013 Executive Compensation Program Decisions—Annual Incentives" on page 35). The Compensation Committee also evaluated the individual performance of each NEO for purposes of determining salary increases, annual cash incentive awards and long-term incentive awards. Each executive, including our NEOs, is evaluated on a five-point scale of Extraordinary, Outstanding, Valued, More Expected or Unsatisfactory Performance. We pay variable elements of compensation only after the relevant performance period—whether short- or long-term—has ended and the Compensation Committee has assessed actual executive performance relative to stated goals.

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

The Compensation Committee concluded that the successes of our NEOs in achieving their individual performance goals contributed significantly to the Company's strong overall performance. We discuss the 2013 individual performance of each of our NEOs below. Based on this assessment and the plan designs described in 2013 Executive Compensation Program Decisions on page 35, the Compensation Committee approved the compensation paid or awarded to our NEOs as detailed in the compensation tables.

Martin J. Barrington. Mr. Barrington served as Chairman and CEO of the Company. He provided outstanding leadership to the Board, the executive team and employees while maintaining strong relationships with investors. Among other accomplishments, Mr. Barrington developed and set the Company's strategy to maximize the core business while innovating for future value creation; developed and aligned the executive and other talent needed to execute that strategy; and maintained strong relationships with key external stakeholders. Specifically, Mr. Barrington guided the efforts by Altria and its companies to:

grow adjusted OCI in reportable segments, as discussed above, and deliver \$4.8 billion of adjusted net earnings⁽¹⁾ in a challenging economic, regulatory and competitive environment, which helped Altria meet its 2013 adjusted diluted EPS and adjusted discretionary cash flow⁽¹⁾ goals;

implement an innovation system linked to the business strategy; build the Nu Mark e-vapor business with two lead market launches of *MarkTen* e-cigarettes; and enter into an agreement with PMI to license Nu Mark's e-vapor products for international sales and for the right to commercialize two of PMI's innovative product technologies in the U.S.; and

build organizational capability by improving Altria's diversity and inclusion culture, leadership development programs and employee engagement strategies.

Howard A. Willard. Mr. Willard served as Executive Vice President and Chief Financial Officer of the Company. His responsibilities included oversight of the Finance function, Investor Relations, Strategy & Business Development and Philip Morris Capital Corporation. His significant contributions in 2013 included effectively managing the Company's balance sheet, accomplishing debt restructuring that improved our debt maturity profile and lowered our future interest expense and executing the Company's expanded \$1 billion share repurchase program. Mr. Willard played a leadership role in the Company's successful completion of a cost reduction program that delivered \$400 million in annualized savings versus previously planned spending. He also successfully guided Altria's strategy and business development activities, including negotiations with PMI regarding the technology licensing and commercialization agreement discussed above, and oversaw the Company's strong relationships and communications with investors.

David R. Beran. Mr. Beran served as President and Chief Operating Officer (COO) of the Company. His responsibilities included oversight of PM USA, John Middleton Co. (Middleton), USSTC, Nu Mark, Ste. Michelle, AGDC, Marketing, Innovation, Information Systems and Procurement. Under his leadership, the operating companies contributed to Altria's results through improved brand architectures, product expansions, disciplined cost management and improved innovation capability. As described in the operating company highlights on page 27, the tobacco operating companies delivered strong adjusted OCI growth. Ste. Michelle successfully grew its adjusted OCI by expanding the distribution of its premium wine products. And Nu Mark entered the growing e-vapor category through the launch of *MarkTen* e-cigarettes in lead markets in Indiana and Arizona.

Denise F. Keane. Ms. Keane served as Executive Vice President and General Counsel of the Company. Her responsibilities included managing the diverse litigation challenges faced by Altria and its operating companies and efficiently deploying resources of the Law department and outside counsel to help the Company meet critical regulatory and business requirements. Her accomplishments included a defense verdict in a significant 16 year-old class action in California and successful management of the *West Virginia consolidated* lawsuits and *Engle*-progeny cases. Ms. Keane was also instrumental in negotiating and securing approval of the Stipulated Partial Settlement and Award with 22 jurisdictions, which resolved long-standing disputes related to the non-participating manufacturer adjustment (NPM Adjustment) provisions of the 1998 Master Settlement Agreement and revised and streamlined the NPM Adjustment provision for future years. In addition, she helped achieve a favorable arbitration decision against the non-settling states related to the NPM Adjustment dispute for 2003. In addition to supporting the Company's legal and business issues, Ms. Keane played a key role in advancing the Company's diversity and inclusion initiative.

Craig A. Johnson. Mr. Johnson served as President and CEO of AGDC, which provides comprehensive sales, distribution and consumer engagement services to Altria's tobacco operating companies. Under his leadership, AGDC executed numerous sales and consumer engagement initiatives in 2013, including product expansions that grew major cigarette and smokeless brands' retail share and significant digital infrastructure enhancements to support PM USA's and USSTC's adult consumer engagement strategy. Mr. Johnson also led AGDC's efforts to establish and maintain strong relationships with trade channel partners and facilitated the successful launch and distribution of key products, including *MarkTen* e-cigarettes in lead markets in Indiana and Arizona.

In addition to assessing Company and individual performance against stated goals to determine incentive compensation, the Compensation Committee looks at comprehensive contextual information, including, but not limited to, industry market data and tally sheets for each of the NEOs that include their total cash and long-term compensation, total defined benefit and defined contribution retirement plan accruals and perquisites for the last three years.

- (1) Adjusted net earnings and adjusted discretionary cash flow are non-GAAP financial measures. Executive Compensation Design

Principles

We design our executive compensation program, like other organizational strategies at Altria, to promote our Mission, which is to own and develop financially disciplined businesses that are leaders in responsibly providing adult tobacco and wine consumers with superior branded products. In pursuing our Mission, we have established four goals: Invest in Leadership, Align with Society, Satisfy Adult Consumers and Create Substantial Value for Shareholders.

Our Values guide our behavior as we pursue our Mission and our goals. Our Values are Integrity, Trust and Respect; Passion to Succeed; Executing with Quality; Driving Creativity into Everything We Do; and Sharing with Others.

Our executive compensation program includes multiple performance metrics to assess the efforts of all executives in pursuing our Mission and goals, while assuring that such efforts are guided by our Values. Specifically, our program is designed to satisfy the following objectives:

promote pursuit of business strategies that are aligned with society, are executed with integrity and create substantial value for shareholders;

reward quality execution by making a significant portion of the compensation of our executives dependent on the achievement by the Company and the individual of financial and other key strategic goals;

align the interests of shareholders and executives through equity-based long-term incentive awards and stock ownership guidelines;

support our ability to attract, develop and retain world-class leaders; and

promote internal fairness and a disciplined qualitative and quantitative assessment of performance.

We believe that the elements of our executive compensation program serve these objectives with the following design principles (as shown in the chart below):

a mix of fixed and at-risk variable compensation, with executives at higher levels having a higher proportion of variable compensation;

a mix of short-term and long-term compensation to appropriately reward and incent the achievement of both annual and long-term goals and objectives; and

a mix of cash and equity compensation that seeks to discourage actions that are solely driven by our stock price to the detriment of strategic goals and to minimize the potential dilutive nature of equity compensation on shareholder value.

Risk Assessment

A cross-functional team of executives in the Human Resources & Compliance, Law and Audit departments annually reviews Altria’s compensation program (executive and non-executive) to identify features that could encourage excessive risk-taking by program participants and to assess the potential of such risks to have a material adverse effect on Altria. Management requested that the external compensation consultant, Aon Hewitt, review this risk assessment process specifically the features identified as potentially encouraging excessive risk-taking, features that mitigate risk and management’s assessment of those features to confirm consistency with prevailing best practices.

After reviewing management’s assessment, the Compensation Committee believes that neither the compensation program’s design nor the discrete elements of

Compensation Strategy

We design our executive compensation program to deliver total compensation (salary, annual and long-term cash awards, equity awards and benefits) upon attainment of performance targets at levels between the 50th and the 75th percentiles of compensation paid to executives in the Compensation Survey Group (CSG), defined below. This approach is critical to pursuing our Mission goals through the attraction and retention of world-class leaders and contributes to low voluntary executive turnover across all of our businesses. Actual total compensation can exceed the 75th percentile or be below the 50th percentile depending on business and individual performance in relation to performance targets.

Compensation Survey Group and Altria Peer Group

We annually compare our executive compensation program with the programs of the companies in the CSG. The purpose of this annual review is to assure that our executive compensation program supports our ability to attract and retain executive talent. When determining the companies to include in the CSG, the Compensation Committee identifies companies that compete with us for talent and:

are direct competitors; or

have similar market capitalization; or

are primarily focused on consumer products (excluding high technology and financial services); and

have business generally focused within the United States.

EXECUTIVE COMPENSATION

The Altria Peer Group is a subset of the CSG that we use, along with major external indices, to assess financial performance for purposes of determining variable compensation payments. The Altria Peer Group consists of U.S.-headquartered consumer product companies that compete with our tobacco operating subsidiaries or otherwise provide useful financial performance comparisons on the basis of market capitalization or reported revenue.

Based on these criteria, the Compensation Committee included the following companies in the 2013 CSG and Altria Peer Group and used this list for compensation-related decisions during 2013. The list is sorted by market capitalization as of December 31, 2013.

(1) Market capitalization is calculated using shares outstanding as of the most recent public disclosure as of January 6, 2014 per Bloomberg multiplied by the closing stock price as of December 31, 2013. Market capitalization for H.J. Heinz Company is based on the closing stock price on June 7, 2013, the last day it was publicly traded.

(2) Although PMI does not meet all of the criteria set forth above, we compete for executive talent. On June 7, 2013, H.J. Heinz Company was acquired and ceased trading as a public company. As a result, the Compensation Committee removed H.J. Heinz Company from the CSG for 2014 compensation decisions. This change reduces the CSG to 19 companies and the Altria Peer Group to 13 companies.

EXECUTIVE COMPENSATION

2013 Executive Compensation Program Decisions**Salary**

Salary is the principal fixed element of executive compensation and is intended to provide a certain level of financial stability to our executives. The Compensation Committee considers a number of factors when reviewing and setting salaries for NEOs, including each executive's individual performance rating, level of responsibility, experience, the relationship between salaries paid to other Company executives and the position of the executive's salary within the applicable salary range. Additionally, as appropriate, the Compensation Committee compares the salaries of our executive officers to others holding comparable positions at CSG companies. The Compensation Committee analyzes all these factors in the aggregate in reaching NEO salary determinations.

Salaries are relevant in establishing annual and long-term incentive award payouts and factor into retirement, group life insurance and certain other benefits available to all salaried employees. The Compensation Committee typically reviews salaries on an annual basis and increases generally are effective March 1.

The 2013 salary range for each of the NEOs was as follows:

Salary Band	2013 Salary Range	
	Minimum	Maximum
A	(\$) 910,000	(\$) 2,090,000
B	480,000	1,100,000

In 2013, Mr. Barrington was in salary band A as Chairman and CEO, and the other NEOs were in salary band B.

The Compensation Committee increased the salaries of the NEOs based on the criteria noted above as follows effective March 1, 2013:

2013 Salary Increases

Named Executive Officer	2012	2013
	Salary (\$)	Salary (\$)
Martin J. Barrington	1,150,000	1,200,000
Howard A. Willard	625,200	651,000
David R. Beran	870,100	908,000
Denise F. Keane	835,000	863,000
Craig A. Johnson	808,600	825,000

Annual Incentives

The Annual Incentive Award program is a cash-based, pay-for-performance plan for management employees, including our NEOs. Each participant has an annual award target based on salary band and expressed as a percentage of salary. Our benchmarking process establishes the award targets, and awards are paid only after both business and individual results are assessed against targeted levels of performance. The Compensation Committee reviews and approves the targets annually. However, no individual is guaranteed an award.

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

Each December, the Compensation Committee reviews the financial and strategic performance of Altria as well as the performance of each of our tobacco and wine businesses for that year. In determining Altria's financial performance for 2013, the Compensation Committee considered the following:

Key Financial Measures

	Target Range (millions, except per share data)	Actual Results	Weighting
Adjusted Diluted EPS Growth	\$2.35 - \$2.41	\$2.38	75%
Adjusted Discretionary Cash Flow	\$4,203 - \$4,645	\$4,365	25%

In addition to its assessment of these financial metrics, the Compensation Committee evaluates the performance of Altria and each tobacco and wine business against key strategic initiatives and any significant events during the year. The key strategic initiatives in 2013 included brand-building initiatives in Altria's core businesses, advancing our innovation strategy and building organizational talent.

The Compensation Committee also considers TSR in its evaluation of overall performance. Altria's 2013 TSR of 28.6% exceeded the 25.1% TSR of the 2013 Altria Peer Group and the 23.9% TSR of the S&P Food, Beverage & Tobacco Index, but lagged the 32.4% TSR of the S&P 500 Index.

Based on its overall review of financial measures and strategic initiatives, the Compensation Committee assigns Annual Incentive Award ratings for each business segment and for Altria as a whole. Performance at planned levels receives a rating of 100%. Depending on performance, Annual Incentive Award ratings can range from 0% to 130%. After review of the Company's 2013 financial and strategic performance, the Compensation Committee assigned an Annual Incentive Award rating of 107%. The Committee used this rating together with individual performance (see 2013 Performance of NEOs on page 27) in determining the following 2013 awards:

EXECUTIVE COMPENSATION

Long-Term Incentives

Altria awards long-term incentives to senior executives through a combination of cash long-term performance incentive awards and restricted stock awards. The mix of these awards focuses executives on TSR, adjusted diluted EPS growth, long-term operational performance and progress against strategic and societal alignment objectives, while remaining sensitive to shareholder dilution concerns. We base the cash long-term incentives on the performance of the Company in total, as opposed to the performance of each operating company.

Long-Term Incentives: 2011 – 2013 Long-Term Incentive Plan Awards

The LTIP uses a three-year, end-to-end performance cycle, an approach consistent with the Company's strategic planning process. At the beginning of each three-year cycle, the Compensation Committee approves long-term financial and strategic performance goals for the Company that can only be measured effectively after completion of the cycle. Awards are payable in cash after the end of each three-year cycle, based on an assessment of actual overall corporate and individual performance during the entire award cycle. Each executive has an award target based on his or her salary band, expressed as a percentage of each year-end salary over the three-year cycle. Notwithstanding the foregoing, the Compensation Committee retains the discretion to adjust awards downward and no individual is guaranteed an award.

LTIP HIGHLIGHTS

- Three-year, end-to-end performance cycle
- Awards based on Company performance against long-term financial and strategic goals
- Lump sum cash payment of three-year award results in a significant increase to the NEOs 2013 total compensation when compared to 2012 and 2011 total compensation

Although the Compensation Committee takes the executive's earnings opportunity under the LTIP into account when setting his or her compensation each year, that opportunity remains at risk until the end of the three-year performance cycle.

The Compensation Committee considered alternative approaches, such as overlapping three-year cycles (with a new three-year cycle beginning each year), resulting in annual payouts versus payouts every three years. Although such an approach would result in less fluctuation of annual compensation to executives, the Compensation Committee concluded that this reporting benefit is outweighed by the diminished retention value of overlapping cycles and the clarity of long-term performance incentives associated with the current plan design.

The 2011 – 2013 LTIP performance cycle concluded on December 31, 2013. This performance cycle rewarded achievement of key financial and strategic performance measures intended to create substantial value for shareholders. The financial and strategic measures for 2011 – 2013 are shown in the table below:

Altria delivered strong performance results against the strategic objectives, as well. The Company achieved its FDA goals by building a comprehensive program to support FDA compliance obligations and engaging significantly with the FDA on science and evidence-based positions on numerous issues. Altria met its goal of innovation growth through Nu Mark's successful launch of *MarkTen* e-cigarettes in two lead markets and by entering into agreements with PMI to license and distribute e-vapor products internationally. The Company grew its return for both USSTC and Middleton. Altria delivered \$400 million in annualized savings versus previously planned spending under the cost reduction program announced in October 2011, which was favorable to the LTIP target. Finally, Altria's operating companies significantly enhanced brand architecture, packaging, communications and consumer engagement vehicles.

Following the conclusion of the 2011 - 2013 LTIP cycle, the Compensation Committee assessed the Company's performance on each of the above financial and strategic measures to determine the final LTIP rating, which could range from 0% to 130%. The Compensation Committee assigned an LTIP rating of 112% to the Company, then used the 112% rating to determine the following 2011 - 2013 award ranges and actual awards:

2011 - 2013 Long-Term Incentive Plan Award Target Percentages and Actual Awards

EXECUTIVE COMPENSATION

The LTIP awards reflect a one-time payment based on performance over the entire three-year performance cycle. Because no LTIP awards have been paid since the end of the last cycle (2008 – 2010), the Summary Compensation Table shows a significant increase in total compensation in 2013 as compared to 2012 and 2011.

Long-Term Incentives: Equity Awards

Equity awards in the form of restricted stock enhance executive retention, focus executives on increasing long-term shareholder value and promote executive stock ownership. They generally vest three or more years after the date of the award, subject to earlier vesting on change in control, death, disability or retirement on or after age 65. This vesting period is intended to retain and motivate executives, while promoting long-term performance. Recipients receive cash dividends during the vesting period. The Compensation Committee annually reviews equity award targets against competitive data and decided in 2013 to maintain the current targets for each salary band. The Committee generally makes equity award decisions annually at its January meeting. The awards are granted on the date of approval, and no individual is guaranteed an award.

The Compensation Committee exercises discretion in making equity awards to the Chairman and CEO (salary band A) based on its assessment of competitive data and its review of the Chairman and CEO's individual performance. The Compensation Committee reviews an analysis of various equity award scenarios, including past practices of those companies within the 2013 CSG, in order to establish an appropriate range of awards.

The equity awards granted to our NEOs in 2013 were:

Perquisites

The Compensation Committee believes that a competitive executive compensation package includes reasonable perquisites that supplement the Company's retention efforts. The perquisites provided by the Company to its NEOs in 2013 are set forth in the All Other Compensation table on page 44. In addition to these perquisites, our NEOs received the same benefits that were available to our salaried employees generally. For Messrs. Barrington and Beran, the Committee considers the potential value of personal aircraft usage in determining the other components of their total compensation. Mr. Barrington ceased accepting the company-paid auto, financial counseling services and executive physicals in 2013.

Table of Contents

EXECUTIVE COMPENSATION

Post-Termination Benefits and Change in Control Payments

The Company provides post-termination benefits to the NEOs, including retirement benefits and termination payments, as well as payments upon a change in control.

Retirement Benefits. The NEOs participate in certain qualified and non-qualified retirement plans, which the Company believes promote executive retention and provide the opportunity for financial security in retirement. These retirement benefits are discussed in more detail in the narrative following the Pension Benefits table (pages 49 to 50) and the Non-Qualified Deferred Compensation table (page 51).

Change in Control Payments. Our 2005 and 2010 Performance Incentive Plans provide for the vesting and acceleration of certain elements of compensation immediately upon a change in control. The Compensation Committee has determined that the Performance Incentive Plan to be voted on by shareholders in 2015 will include a double-trigger provision for annual incentive awards, equity grants and long-term incentive cash awards, provided that the successor entity continues or assumes the plans and awards or replaces them with substantially similar awards. The details of these provisions are discussed in the Payments upon Change in Control or Termination of Employment section (pages 52 to 54).

Termination Payments. The Severance Pay Plan for Salaried Employees provides an opportunity for financial protection against the unexpected event of an involuntary termination of employment. The details of this plan also are discussed in the Payments upon Change in Control or Termination of Employment section.

Other Considerations

Stock Ownership Guidelines and Prohibition on Hedging

The Compensation Committee has established stock ownership guidelines under which executives are expected to hold common stock until his or her termination of employment in an amount equal to a multiple of salary, as determined by his or her position. If the stock price declines, executives may hold the fixed number of shares based on the stock price at program commencement.

Stock ownership includes shares over which the executive has direct or indirect ownership or control, including restricted and deferred stock. We expect executives to meet their ownership guidelines within five years of becoming subject to the guidelines (or three years from a subsequent promotion date and resulting increase in ownership requirements). As of December 31, 2013, all of our NEOs substantially exceeded their stock ownership requirements.

We do not permit our NEOs to engage in hedging activities with respect to our shares. Further, our NEOs do not pledge their Altria shares.

Tax and Accounting Considerations

In addition to our executive compensation objectives and design principles, we consider tax and accounting treatment when designing and administering our program. An important tax consideration is Internal Revenue Code Section 162(m), which limits our ability to deduct compensation paid to each covered officer for tax purposes to \$1.0 million annually. Covered officers include the principal executive officer and the Company's next three highest paid executive officers, other than the Company's principal financial officer.

However, this limitation does not apply to performance-based compensation, provided we satisfy certain conditions. We have taken appropriate actions, to the extent feasible, to preserve the deductibility of annual and long-term cash incentive awards and equity awards. The restricted stock grants that the Compensation Committee awarded to our covered officers in 2013 and the 2013 Annual Incentive Awards and 2011-2013

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

LTIP awards were subject to, and made in accordance with, previously implemented performance-based compensation arrangements that were intended to qualify as tax-deductible.

The Compensation Committee does not believe compensation decisions should be necessarily constrained by how much compensation is deductible for federal income tax purposes. As a result, the Compensation Committee has authorized, and retains the discretion to authorize, other payments that may not be deductible if it believes that they are in the best interests of

Table of Contents

EXECUTIVE COMPENSATION

our shareholders. Such determinations include, for example, payment of a salary to an officer that exceeds \$1.0 million, with the result that a portion of such officer's salary exceeds the deductibility limit. Similarly, a covered officer's compensation may exceed the \$1.0 million deductibility limit due to other elements of annual compensation, such as vesting of certain restricted or deferred stock grants, other non-performance-based stock grants, dividends or dividend equivalents paid on certain restricted or deferred stock and perquisites.

Clawback Policy Regarding the Adjustment or Recovery of Compensation

We have a clawback policy providing for the adjustment or recovery of compensation in certain circumstances. If the Board or an appropriate committee of the Board determines that, as a result of a restatement of our financial statements, an executive received more compensation than would have been paid absent the incorrect financial statements, the Board or its committee, in its discretion, will take such action as it deems necessary or appropriate to address the events that gave rise to the restatement and to prevent its recurrence. Such action may include, to the extent permitted by applicable law, in appropriate cases, requiring partial or full reimbursement of any bonus or other incentive compensation paid to the executive, causing the partial or full cancellation of restricted stock or deferred stock awards and outstanding stock options, adjusting the future compensation of such executive and dismissing or taking legal action against the executive, in each case as the Board or its committee determines to be in the best interests of the Company and our shareholders. Our restricted and deferred stock award agreements also include clawback provisions.

- (3) The 2011 – 2013 LTIP performance cycle ended on December 31, 2013. The LTIP uses three-year, end-to-end performance cycles. The Company pays executives in cash only after the end of the three-year cycle, based on an assessment of overall corporate and individual performance during the entire award cycle. Consequently, awards reflect a cumulative lump sum payment for performance over the entire three-year performance period, which is why LTIP awards are not shown in the above table for 2012 or 2011. The table below shows the impact on the Summary Compensation Table if the lump sum value was allocated over the 2011 – 2013 performance period.

- (a) Amounts represent Company allocations to tax-qualified and non-qualified supplemental defined contribution plans.
- (b) Mr. Barrington is required to use Company aircraft for all air travel for reasons of security and safety. Pursuant to time-sharing agreements with the Company, Messrs. Barrington and Beran have agreed to reimburse the Company for annual personal aircraft usage in excess of \$200,000 and \$100,000, respectively. The Compensation Committee considers the potential value of Messrs. Barrington and Beran's personal aircraft usage in determining the other components of their total compensation. Personal use of Company aircraft reflects incremental costs, including trip-related crew hotels and meals, in-flight food and beverages, landing and ground handling fees, hourly maintenance contracts, hangar or aircraft parking, fuel (based on the average monthly cost of fuel per hour flown) and other smaller variable costs. Fixed costs incurred in any event to operate Company aircraft (e.g., aircraft purchase costs, depreciation, maintenance not related to personal trips and flight crew salaries) are not included. Messrs. Barrington and Beran pay their own taxes on the imputed taxable income resulting from personal use of Company aircraft.
- (c) Car expenses include the annual cost of providing a leased vehicle and operating expenses, including insurance, maintenance and repairs. Executives pay their own taxes on the imputed taxable income resulting from personal use of Company cars. As of 2013, Mr. Barrington ceased accepting this benefit.

(1) As of December 31, 2013, each NEO's total years of service with the Company was: Mr. Barrington, 20.67 years; Mr. Willard, 21.17 years; Mr. Beran, 37.58 years; Ms. Keane, 37.00 years; and Mr. Johnson, 22.75 years. Years shown in this column are only those taken into account for benefit accrual purposes under the named plan. Mr. Beran's and Ms. Keane's years of service taken into account under the applicable formula for the Benefit Equalization Plan (BEP) Post-2004 are limited to 35.00 under the terms of that plan.

- (2) The amounts shown in this column are based on a single life annuity and otherwise use the same assumptions applied for year-end 2013 financial disclosure under FASB authoritative guidance relating to retirement benefits, except that (a) the BEP Post-2004 amounts for Messrs. Beran and Johnson are based on the lump sum required to purchase an annuity providing the after-tax equivalent of the post-2004 pension component of that plan assuming an annuity interest rate of 3.75%, (b) the BEP Pre-2005 and BEP Post-2004 amounts for Messrs. Barrington and Willard and Ms. Keane are based on a lump sum form of payment assuming an interest rate of 3.75% and (c) in accordance with SEC requirements, all benefits are assumed to commence at the earliest date on which, assuming continued employment, the individual would be eligible for benefits that are not reduced for early commencement. See Note 16 to the Company's consolidated financial statements in the 2013 Annual Report on Form 10-K for a description of the financial accounting assumptions referred to above. As a result of payments previously made to or for certain employees, including our NEOs, who were eligible for contributions to individual trusts, our liabilities or those of our operating subsidiaries under the BEP Pre-2005 will be less than shown in the table. Our liability for BEP Post-2004 pension benefits will also be less than that reflected in this column because it is also reduced by the portion of the accumulated value, at the employee's retirement or other termination of employment, of prior Target Payments attributed to supplemental pension benefits. The amounts by which these prior payments reduce our liabilities will fluctuate over time with investment performance and as credits for the amounts previously paid are reduced to reflect payments to cover taxes on earnings on these amounts. For further discussion, see *Defined Benefit Plans* below.
- (3) Prior to January 1, 2014, in the case of the pre-retirement death of a married employee prior to age 61, a monthly Survivor Income Benefit (SIB) equal to 25% of the deceased employee's base compensation would have commenced beginning four years after the employee's death, if the surviving spouse had not remarried. This benefit would have been reduced by the amount of any pre-retirement survivor allowance payable to the surviving spouse under the Retirement Plan and the BEP, and generally would have been payable in the form of a monthly annuity until the earlier of remarriage or the first day of the month in which the employee would have attained age 65. If the spouse had not remarried and the deceased employee had completed at least five years of service, the SIB allowance beginning after age 65 and payable for the life of the surviving spouse, when combined with the pre-retirement

EXECUTIVE COMPENSATION

survivor allowance, would have been equal to the amount the surviving spouse would have received if the employee had continued to work to age 65 at the same base compensation in effect on the date of death, retired and began receiving payments under the Retirement Plan (and the BEP if applicable) in the form of a joint and 50% survivor annuity. This benefit was eliminated effective January 1, 2014.

Defined Benefit Plans

NEOs, along with the other salaried employees (except those hired after certain dates and those who cease to accrue further benefit service), participate in the Retirement Plan, a tax-qualified defined benefit pension plan. In addition, NEOs and other executives participate in the BEP, which is an unfunded supplemental plan providing benefits in excess of those provided under the Retirement Plan. Additional information regarding the plans follows.

Retirement Plan

The majority of our salaried employees are covered by the Retirement Plan, a funded, tax-qualified, non-contributory pension plan. Generally, salaried employees hired prior to January 1, 2008 with at least five years of service are eligible for an annual, lifetime pension benefit. The benefit for the majority of those plan participants, including all of our NEOs, is based on the following formula:

Pension Benefit	=	1.45% of five-year average compensation (including certain incentive compensation plan payments) up to the applicable Social Security covered compensation amount	+	1.75% of five-year average compensation (including certain incentive compensation plan payments) in excess of the applicable Social Security covered compensation amount	X	Years of credited service (up to a maximum of 35, except in limited circumstances)
----------------------------	---	---	---	--	---	--

Under the terms of the Retirement Plan, credited service is limited to 35 years if incentive compensation is included in the determination of the five-year average compensation. Five-year average compensation is the highest average annual compensation (annual base salary plus incentive compensation) during a period of 60 consecutive months within the last 120 months of employment. If incentive compensation is not included in the determination of the five-year average compensation, then credited service is not limited to 35 years, and the benefit for credited service over 35 years is 1.45% of the employee's five-year average compensation. Social Security-covered compensation is generally an amount equal to the average of the Social Security taxable wage bases for the 35-year period that ends in the year the participant reaches Social Security Full Retirement Age.

Pension benefit amounts are expressed as a single life annuity payable commencing at age 65, the Retirement Plan's normal retirement date. The amount may be reduced as a result of permitted elections of continued payments to beneficiaries in the event of the retiree's death and/or for commencement of payments before attaining normal retirement age. Employees who terminate employment before age 55 with vested benefits may elect to commence payment of their accrued pensions after attaining age 55. For such employees, the election to commence payments before age 65 results in a reduction in the annual amount payable at a rate of 6% per year multiplied by the number of full and partial years by which benefit commencement precedes attainment of age 65. For employees who continue in employment until age 55 or older and have completed five years or more of credited service, the reduction for early commencement is 6% for each year and partial year by which the benefit commencement precedes age 60.

If upon termination, an employee is at least age 55 with 30 years of service or age 60 or older with five years of service, the annuity immediately payable upon early retirement is 100% of that payable at normal retirement age. The result of becoming eligible for such an early retirement benefit is a substantial increase in the present value of the pension. Messrs. Barrington, Beran and Johnson and Ms. Keane currently are eligible for such unreduced early retirement benefits. Mr. Willard is not currently eligible for either reduced or unreduced early retirement benefits.

BEP Pension

Tax laws applicable to the Retirement Plan limit the annual compensation that can be taken into account under that plan. As a result of these or certain other tax requirements, only a portion of the benefits calculated under the Retirement Plan described above can be paid to the NEOs and a number of other employees from the Retirement Plan. To compensate for benefits that would be lost by the application of these tax limits, all of the NEOs accrue supplemental pension benefits under the BEP (*BEP Pension*). BEP Pension accruals relating to periods after 2004 are paid in a lump sum following retirement. Distribution of the pre-2005 supplemental plan benefits are subject to the BEP Pension terms applicable on December 31, 2004.

During 2006, the Compensation Committee decided to limit pension benefits for executives in salary bands A and B as follows: the annual cash incentive compensation considered for purposes of pension determinations as described above was limited to the lesser of either (a) actual annual cash incentive or (b) annual cash incentive at an Annual Incentive Award rating of 100% and individual performance rating of

Outstanding (rating descriptor changed in 2011 from *Exceeds*). The NEOs are subject to this limit. The 2013 Annual Incentive Awards paid in early 2014 and the amount recognized for future pension calculations are as follows:

Named Executive Officer	2013 Annual Incentive Award (\$)	Amount of 2013 Award Recognized for Future Pension Calculations (\$)
Martin J. Barrington	2,500,000	2,070,000
Howard A. Willard	825,000	711,218
David R. Beran	1,200,000	991,990
Denise F. Keane	1,050,000	942,828
Craig A. Johnson	900,000	900,000

The amounts payable by Altria under the BEP Pension are determined taking into account certain payments made to the executives before 2008 in order to prevent duplicative benefit payments.

From 1996 through 2007, a number of our employees, including our NEOs, received Funding Payments with respect to pre-2005 vested benefits that were made either to individual trusts established by the employee or directly to the employees themselves.

From 2005 through 2007, accruals under the BEP Pension ceased for a number of employees, including our NEOs, and these employees received annual Target Payments that were calculated to approximate (after paying taxes on the payments) the after-tax value of the additional benefits they would have earned had they remained covered by the BEP Pension. Accruals under the BEP Pension commenced again effective January 1, 2008.

(1) The amounts in this column reflect Company contributions to the non-qualified BEP for deferred profit-sharing purposes earned in 2013, which were credited to the participant's account as of the last business day of February 2014.

(2) The values in this column consist of amounts credited as earnings for 2013 on BEP account balances. These amounts do not constitute above-market earnings and are not included in amounts reported in the Summary Compensation Table.

(3) The aggregate balances shown include allocations reported in the Summary Compensation Table for previous years for Mr. Barrington, \$383,115; for Mr. Willard, \$94,600; for Mr. Beran, \$396,330; for Ms. Keane, \$356,876; and for Mr. Johnson, \$287,908.

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

Allocations were also made in years when these individuals were not NEOs. As a result of payments made to trusts established by the NEOs, as described in the *Defined Contribution Plans* section below, our liabilities are less than the amounts shown in the table. Amounts credited for 2005 through 2007 under the 2008 amended BEP (including earnings adjustments on such amounts through December 31, 2007) are not reflected in the aggregate balances, because the BEP formula takes into account Target Payments previously made and reported. See the discussion below for further information concerning the 2008 supplemental retirement plan changes.

Defined Contribution Plans

The NEOs participate in the Company's broad-based, tax-qualified defined contribution plan, the Deferred Profit-Sharing Plan for Salaried Employees (*DPS Plan*) and the deferred profit-sharing portion of the BEP (*BEP DPS*), the unfunded, non-qualified supplemental plan.

DPS Plan

The majority of our salaried employees are eligible for the DPS Plan. Under the DPS Plan, the Company makes a contribution (the *Company Contribution*) on behalf of each eligible participant for each year. Participants may also defer up to 15% of their eligible compensation on a pre-tax or after-tax basis into the DPS Plan, subject to DPS Plan and tax-qualification limits. For 2013, the Company determined its contribution using a formula based on Altria's annual growth in adjusted diluted EPS, but capped at 12% of each DPS Plan participant's eligible compensation. The formula resulted in a *Company Contribution* for each eligible participant for 2013 equal to 10% of eligible compensation. Salaried employees who are not eligible for the Retirement Plan are generally entitled to a supplemental company contribution and matching contributions on employee contributions. For 2013, all of the NEOs were eligible for the Retirement Plan and, therefore, are ineligible for the supplemental company contribution or matching contributions. For purposes of the DPS Plan, eligible compensation for NEOs is the amount reported as salary in the Summary Compensation Table. Participants may receive the balance in their account under the DPS Plan upon termination of employment in a lump sum, as a deferred lump sum payment or in installments over a period of years not to exceed their life expectancy.

Table of Contents

EXECUTIVE COMPENSATION

BEP DPS

The BEP DPS provides benefits that cannot be provided under the DPS Plan because of one or more statutory limits. For example, the tax laws limit the amount of compensation that can be taken into account under the DPS Plan for any year and impose other limits on the amounts that can be allocated to individuals' accounts. A participant whose salary exceeds the compensation limit or was otherwise affected by a tax law limit is entitled to an amount generally equal to the additional benefit the participant would have received under the DPS Plan but for the application of the tax law limits. Accordingly, bookkeeping accounts reflecting this additional amount have been maintained under the BEP DPS for the NEOs and other affected participants. A further notional allocation is made annually to reflect the amount credited to the participant's account under the BEP DPS assuming the account was invested in the Interest Income Fund maintained under the DPS Plan. The Interest Income Fund is invested in a variety of high-quality fixed-income instruments with strong credit ratings and, for 2013, produced earnings at a rate of 2.56%. BEP DPS allocations relating to periods after 2004 are paid in a lump sum following separation from service. Distribution of the pre-2005 account is subject to the BEP DPS terms applicable on December 31, 2004.

As with the BEP Pension benefit, between 1996 and 2007, our NEOs and certain other executive officers received payments that were made directly to them or to individual trusts and that offset the pre-2005 BEP DPS allocations. When BEP (Pension and DPS) accruals ceased for 2005 through 2007, the NEOs and certain other officers received Target Payments for 2005 through 2007 in lieu of BEP DPS allocations. The reinstated BEP that was effective January 1, 2008 also included reinstatement of the BEP DPS. As is noted above, the amounts payable by Altria under the BEP DPS are determined taking into account Target Payments made to executives before 2008 in order to prevent duplicative benefits payments.

Payments upon Change in Control or Termination of Employment

We do not have individual employment, severance or change in control agreements with any of our NEOs. The following arrangements apply in the event of a change in control or certain terminations of employment.

Payments upon Change in Control

Under the terms of our shareholder-approved 2005 and 2010 Performance Incentive Plans that apply to all participants, including our NEOs, a change in control of the Company would have the following consequences:

any stock options and stock appreciation rights would become fully vested and exercisable;

the restrictions on outstanding restricted stock or deferred stock would lapse;

FUTURE**CHANGE IN CONTROL PROVISION**

In 2013, the Compensation Committee determined that the Performance Incentive Plan to be voted on by shareholders in 2015 will include a double-trigger provision for annual incentive awards, equity grants and long-term incentive cash awards, provided that the successor entity continues or assumes the plans and awards or replaces them with substantially similar awards.

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

awards of the types described in the above two bullets would be cashed out at the change in control price, unless the Compensation Committee determines to treat the awards in a different manner, such as the assumption of the awards by the acquirer or the substitution of awards granted by the acquirer for the awards;

fully earned but unpaid incentive awards would become payable; and

annual and long-term incentive awards for performance cycles not yet completed as of the change in control date would become payable based on a proration (the number of full or partial months divided by the total number of months in the performance cycle) of the maximum award opportunity for the cycle.

For these purposes, a change in control occurs: (a) upon an acquisition of 20% or more of either our outstanding common stock or the voting power of our outstanding voting securities by an individual or entity, excluding certain acquisitions involving us or our affiliates or where our beneficial owners

Under the double-trigger feature, upon a change in control of the Company the payment of cash awards and the vesting of unvested equity awards will occur immediately upon a change in control only if the entity that acquires the Company does not continue or assume the plans and awards or replace them with substantially similar awards. If the successor entity continues or assumes the plans and awards or issues substantially similar awards, the change in control payment or vesting, as applicable, will apply only in the event that the award holder's employment is terminated under certain qualifying circumstances.

The amounts that would have become payable to our NEOs on a change in control of the Company, as of December 31, 2013, were as follows:

Named Executive Officer	Unvested Restricted Stock ⁽¹⁾ (\$)	Completed 2013 Annual Incentive Cycle ⁽²⁾ (\$)	Completed 2011 2013 LTIP Cycle ⁽³⁾ (\$)	Total (\$)
Martin J. Barrington	20,892,222	4,102,800	14,089,563	39,084,585

- (1) Assumes a change in control price of \$38.39, the December 31, 2013 closing market price of Altria's common stock.
- (2) Based on the prorated maximum award payable under the 2013 Annual Incentive Award program and the executive having worked 12 of the 12 months of the performance period.
- (3) Based on the prorated maximum award payable under the 2011-2013 LTIP and the executive having worked 36 of the 36 months of the performance period.

The Company maintains a non-qualified grantor trust (the Trust), commonly known as a rabbi trust, to provide a limited amount of financial security for the participants' unfunded benefits under the BEP in the event of a change in control of the Company. The Trust is unfunded until funding is triggered by a change in control. In such an event, Trust assets would still be subject to the claims of general creditors of the Company in cases of insolvency and bankruptcy. The Trust does not provide additional benefits or enhancements to the participants in the BEP.

Other than the Trust funding, none of our retirement plans or any other related agreements provide our NEOs with an additional enhancement, early vesting or other benefit in the event of a change in control or termination of employment, except for certain plan provisions applicable to all plan participants that in the event of a change in control ensure vesting and continuation of profit-sharing contributions for the year of a change in control and the following two years. All NEOs were already fully vested in such retirement plans and other related agreements. Similarly, no special provisions apply to NEOs with respect to continued medical, life insurance or other insurance coverage following termination of employment whether or not in connection with a change in control.

Termination Payments

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

In the event of involuntary termination of employment due to reduction in work force or unsatisfactory work performance (other than for cause), our salaried employees, including all of our NEOs, are eligible for severance benefits under the Severance Pay Plan for Salaried Employees (Severance Plan). The Severance Plan provides for severance pay (based on salary) and continuation of certain benefits for up to 12 months depending on years of service. In order to be eligible for any of these benefits, the employee must execute a general release of claims. Periods for which employees are entitled to severance payments may be counted toward vesting and eligibility for purposes of the Retirement Plan as well as post-retirement medical coverage.

Howard A. Willard	651,000
David R. Beran	908,000
Denise F. Keane	863,000
Craig A. Johnson	825,000

In the event of death or total disability, all salaried employees with unvested restricted stock or deferred stock awards, including the NEOs, would become fully vested in those awards. In addition, the NEOs, like other salaried employees, may become entitled to a prorated LTIP award based on the target payment amount, and the Compensation Committee may pay a prorated Annual Incentive Award based on the target payment amount, at its discretion. The NEOs would also become entitled to the same life insurance and long-term disability plan benefits as other salaried employees upon a death or disability.

The following table shows the amounts that would be paid under the restricted stock and LTIP awards if the NEOs had died or become disabled as of December 31, 2013.

Denise F. Keane	9,760,658	4,976,000
Craig A. Johnson	5,244,458	4,837,200

(1) Based on the closing market price of Altria's common stock of \$38.39 on December 31, 2013.

(2) Based on the target award payable under the completed 2011-2013 LTIP.

Upon reaching the normal retirement age of 65, all salaried employees, including the NEOs, with unvested restricted stock or deferred stock awards become vested in the awards. None of the NEOs had reached normal retirement age as of December 31, 2013.

In the event of a voluntary termination of employment or an involuntary termination of employment for cause, the NEOs are not entitled to any severance, equity vesting or other amounts or benefits other than those provided to other salaried employees. The Compensation Committee has the discretion, however, to fully or partially vest any employee holding a restricted stock or deferred stock award upon early retirement or upon other terminations of employment, as well as to provide for prorated payments of the annual incentive and LTIP awards in similar situations, and has exercised this discretion from time to time in appropriate circumstances.

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

Following any termination of employment, the NEOs, like other salaried employees, are entitled to the retirement plan benefits described under Pension Benefits and Non-Qualified Deferred Compensation above.

In addition, following any termination of employment, each of our NEOs is subject to a confidentiality and non-competition agreement, which was executed in consideration of the 2011 restricted stock awards.

As part of this receivership, the Circuit Court in Richmond, Virginia, entered an order which, in accordance with required statutory provisions that apply to all such receiverships in Virginia, enjoined the directors from conducting any further business related to Shenandoah Life Insurance Company. The order contained no other findings or provisions related to the conduct of any directors of the entity. In May 2012, Shenandoah Life Insurance Company emerged from receivership and resumed possession of its property and the management of its affairs. PROPOSAL 2 RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC

ACCOUNTING FIRM

As reflected in the Audit Committee Charter, the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit the Company's financial statements. The Audit Committee has selected PricewaterhouseCoopers as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014 and has directed that management submit such selection to shareholders for ratification at the 2014 Annual Meeting. Representatives of PricewaterhouseCoopers are expected to be present at the meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The Audit Committee has the sole authority to approve all engagement fees and terms associated with the retention of PricewaterhouseCoopers. In addition to assuring the regular rotation of the audit partners as required by law, the Audit Committee is responsible for reviewing and evaluating the lead partner and senior members of the independent registered public accounting firm and considers whether, in order to assure continuing auditor independence, there should be a rotation of the independent registered public accounting firm. The Audit Committee and the Board believe that the continued retention of PricewaterhouseCoopers to serve as the Company's independent registered public accounting firm is in the best interests of the Company and its shareholders.

Shareholder ratification of the selection of PricewaterhouseCoopers as the Company's independent registered public accounting firm is not required by the Company's By-Laws or otherwise. However, we are submitting the selection of PricewaterhouseCoopers to the shareholders for ratification as a matter of good corporate governance. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it is determined that such a change would be in the best interests of the Company and its shareholders.

The Board recommends a vote FOR the ratification of the selection of PricewaterhouseCoopers.

PROPOSAL 3 ADVISORY VOTE TO APPROVE THE COMPENSATION OF THE COMPANY'S

NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and related regulations provide shareholders with a non-binding advisory vote to approve the compensation of the Company's named executive officers, as such compensation is disclosed in this Proxy Statement. In response to the preference expressed by the Company's shareholders at the Company's 2011 Annual Meeting of Shareholders, the Board adopted a policy of holding this non-binding advisory vote annually.

At our 2013 Annual Meeting, more than 95% of the shares voted were cast in support of the compensation of the Company's named executive officers. The Company recommends that shareholders again approve and support the decisions pertaining to the compensation of the Company's named executive officers and the Company's executive compensation program. The Company believes that its executive compensation program successfully aligns the interests of the Company's named executive officers with the interests of our shareholders by promoting the Company's Mission and business strategies, rewarding the successful execution of those strategies in a fair and financially disciplined manner and supporting the ability to attract, develop and retain world-class leaders.

This alignment of interests was demonstrated during the compensation performance period ending in 2013. Under the leadership of our named executive officers, the Company achieved significant success during the year on both an absolute basis and a relative basis as compared to the 2013 Altria Peer Group, and its shareholders benefited from that success through strong TSR, solid adjusted diluted EPS growth and increased dividends.

The Company encourages shareholders to review carefully the Compensation Discussion and Analysis and accompanying compensation tables and narrative discussion beginning on page 24 for a full description of the Company's executive compensation program and decisions, including the Company's pay-for-performance philosophy and alignment. The Company also encourages shareholders to consider the following important aspects of the Company's executive compensation program when voting on this proposal:

A significant portion of our named executive officers' compensation consists of at-risk variable compensation. Executives at higher organizational levels have a higher corresponding proportion of their compensation that is variable, based on the performance of the Company. For example, in 2013, approximately 90% of our Chairman and CEO's compensation, net of benefits, consisted of such at-risk variable compensation.

The Company's compensation of its named executive officers reflects a mix of annual and long-term compensation to appropriately reward the achievement of both annual goals and objectives and long-term performance aspirations. The long-term compensation programs specifically encourage long-term focus by establishing a three-year end-to-end performance cycle for our long-term cash incentive plan and a minimum three-year vesting period for restricted stock awards.

The Company's executive compensation program design also reflects a mix of cash and equity compensation that seeks to discourage actions that are driven solely by our stock price to the detriment of strategic goals and to minimize the potential dilutive nature of equity compensation on shareholder value.

The Company establishes and discusses multiple performance measures for both its annual and long-term cash incentive plans. The nature and timing of these performance measures are further discussed in the Compensation Discussion and Analysis.

Edgar Filing: ALTRIA GROUP, INC. - Form DEF 14A

The Compensation Committee regularly reviews the Company's executive compensation program. This includes review of program objectives and design and review of benchmarking data on executive compensation generally, as well as the compensation of our Chairman and CEO.

The Company has a clawback policy providing for the adjustment or recovery of compensation if we must restate our financial statements and find that an executive has received more compensation than would have been paid absent the incorrect financial statements.

The Company does not pay tax gross-ups to its executives, including its named executive officers.

The Company does not presently enter into, nor does it presently have, employment agreements with its senior executives, including its named executive officers.

PROPOSALS REQUIRING YOUR VOTE

The Company has established stock ownership guidelines under which executives, including the named executive officers, are expected to hold until their termination of employment common stock in an amount equal to a multiple of their base salary as determined by their position. For example, our Chairman and CEO is expected to hold a number of shares equal to 12 times his base salary.

The Company has established a policy prohibiting its executives, including its named executive officers, from engaging in hedging activities with respect to our stock.

Pursuant to Section 14A of the Exchange Act, shareholders are being asked to vote on the following non-binding resolution:

RESOLVED, that shareholders of Altria Group, Inc. approve on an advisory basis the compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis section of this Proxy Statement, the compensation tables, related footnotes and narrative discussion.

For these reasons, the Board recommends a vote **FOR this proposal.**

This vote is not binding upon the Company, the Board or the Compensation Committee. Nevertheless, the Compensation Committee values the opinions expressed by shareholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

The Company currently intends to hold the next non-binding advisory vote to approve the compensation of the Company's named executive officers at the Company's 2015 Annual Meeting of Shareholders (the 2015 Annual Meeting), unless the Board modifies its policy of holding a non-binding advisory vote to approve the compensation of the Company's named executive officers on an annual basis.

**PROPOSAL 4 SHAREHOLDER PROPOSAL REGARDING PREPARATION OF HEALTH EFFECT AND
CESSATION MATERIALS FOR POOR AND LESS FORMALLY EDUCATED TOBACCO
CONSUMERS**

Trinity Health, 766 Brady Avenue, Apt. 635, Bronx, New York 10462, claiming beneficial ownership of Altria common stock with a market value of at least \$2,000, together with four co-proponents, submitted the proposal set forth below. The names, addresses and shareholdings of the co-proponents will be furnished upon request made to the Corporate Secretary of the Company. The Company is not responsible for the content of the shareholder proposal, which is printed below exactly as it was submitted.

WHEREAS, tobacco-use, poverty and lower-educational levels are intrinsically linked. The World Health Organization states: Tobacco and poverty have become linked in a vicious circle, through which tobacco exacerbates poverty and poverty is also associated with higher prevalence of tobacco use. Several studies from different parts of the world have shown that smoking and other forms of tobacco use are much higher among the poor (www.who.int/tobacco/research/economics/rationale/poverty/en/index.html)

In the United States, partly due to various tobacco control programs, smoking rates have declined among all demographic groups, including adults and children, except two: people who are poor and less-educated.

The New York Department of Health has shown the decline in smoking has not occurred among the poor those least able to afford the cost of cigarettes and the consequences of addiction. Among those with household incomes less than \$15,000 a year, the smoking rate has not changed in the past 10 years.

Regarding those with less education, it stated:

Smoking rates have not changed for the less educated, poorer segments of society. Smoking among those with less than a high school education was unchanged between 2000 and 2010, a period during which tobacco use significantly declined among all other groups with higher educational attainment. Those with less than a high school education now smoke at a rate three times that of college graduates.

On the day of Altria's 2013 Annual Meeting of Shareholders, *The Richmond Times Dispatch* carried a Letter to the Editor stating: The Centers for Disease Control holds that almost 40 percent of adult smokers in Virginia make less than \$15,000 a year. A shareholder noted the letter and asked: Is there discussion in the company about how to reduce usage among the lower income who also are less educated around such things as the health consequences of their behavior? In response Mr. Barrington noted the Company's success in reducing underage tobacco use but did not address the question asked. When asked again by the same shareholder, Mr. Barrington again did not address the specific question about the use of our Company's tobacco products by poorer and less-educated people. Instead he pointed to other actions to communicate the health effects of our tobacco products and the company's cessation information.

Because it seems that Altria has not addressed the critical social and moral issue of the sale of its harm-causing products to precisely those who are most vulnerable, the poor and less-educated . . .

RESOLVED, the Board of Directors of Altria initiate efforts within six months of the annual meeting to prepare appropriate materials (similar to the success that has been noted with parallel materials for youth) informing poor and less formally educated tobacco users of the health consequences of smoking our products along with market-appropriate cessation materials. A report on this material's preparation and method of distribution shall be made available to requesting shareholders, at an appropriate cost, within one year of the 2014 annual meeting.

PROPOSALS REQUIRING YOUR VOTE

The Board recommends a vote AGAINST this proposal.

Altria believes that the objectives of this proposal are currently addressed by numerous communications that are currently available and relevant to a broad audience of adult tobacco consumers, including those tobacco consumers identified in this proposal, and that reflect the conclusions of public health authorities.

To begin, our tobacco companies comply with all federal laws and regulations requiring health warnings on the tobacco products they sell. Congressionally mandated health warnings have been on cigarette packs since 1966 and cigarette brand advertising since 1972. Similar warning requirements have been in place since 1986 for smokeless tobacco products and since 2000 for cigars.

In addition, our tobacco companies' websites provide information on tobacco use and health and links to reports by public health officials. For example, PM USA's website provides access to the U.S. Surgeon General's reports on smoking and tobacco use. PM USA also previously placed national television, radio and print advertisements and affixed miniature brochures to cigarette packs concerning the health risks of cigarette smoking. PM USA similarly uses cigarette pack tear tape as a way to communicate information about cigarette smoking to adult cigarette smokers.

Further, Altria's tobacco companies help connect adult tobacco consumers who have decided to quit with expert quitting information through an online resource called QuitAssist®. QuitAssist® began in 2004 as a program offered by PM USA that included a printed guide and website. Since its launch, the QuitAssist® website has received over 3.2 million visits and PM USA has distributed more than 6.5 million printed resource guides. PM USA's efforts over time to raise awareness of the QuitAssist® resource among adult cigarette smokers also have included national television, print, radio and online advertising. PM USA also placed over 1.6 billion miniature brochures on cigarette packs over a five-year period highlighting QuitAssist®. Today, our tobacco companies provide links to the QuitAssist® website on their corporate and product websites and the website address in direct mail materials. Visitors to the QuitAssist® website can find the national quit line number, 1-800-QUIT-NOW, a link to the National Cancer Institute's web resource, www.smokefree.gov, and several other tools and resources.

In addition to the materials provided by Altria's tobacco companies, public health authorities for years have worked to increase public awareness about the risks associated with tobacco product use and encourage cessation and have recently undertaken various new efforts to accomplish these goals. For example, the FDA in 2011 announced that it plans to spend approximately \$600 million over five years to educate the public about the health risks associated with tobacco product use, to reduce initiation and to encourage cessation. This education campaign is funded entirely through annual user fees paid by tobacco product manufacturers, including PM USA and USSTC. In February 2014, the FDA began the first phase of its campaign, which focuses on youth most susceptible to cigarette use. Audiences for later phases include rural youth, minority youth and established adult smokers. We understand that FDA is also conducting research on new graphic warnings that will appear on cigarette packaging. In addition, the Centers for Disease Control (CDC) in 2012 launched a \$54 million national tobacco prevention and education campaign that included television, radio, billboard, online, movie theater, magazine and newspaper advertisements. In 2013, the CDC launched a new round of ads encouraging smokers to talk with their doctor about quitting. For 2014, the CDC is planning a third round of ads that will focus on reaching low socioeconomic groups.

For all these reasons, Altria believes that the matters raised in this proposal currently are being addressed and that the actions requested by the proponents are neither warranted nor in the best interests of shareholders.

For these reasons, the Board recommends a vote AGAINST this proposal.

PROPOSAL 5 SHAREHOLDER PROPOSAL REGARDING DISCLOSURE OF LOBBYING

POLICIES AND PRACTICES

The Province of St. Joseph of the Capuchin Order, 1015 North Ninth Street, Milwaukee, Wisconsin 53233, claiming beneficial ownership of Altria common stock with a market value of at least \$2,000, submitted the proposal set forth below. The Company is not responsible for the content of the shareholder proposal, which is printed below exactly as it was submitted.

Whereas, corporate lobbying exposes our company to risks that could adversely affect the company's stated goals, objectives, and ultimately shareholder value, and

Because shareholders rely on the information provided by Altria to evaluate goals and objectives, the proponents of this shareholder resolution have a strong interest in full disclosure of its lobbying on key issues (i.e., menthol legislation, FDA regulations, e-cigarettes, issues around the Trans Pacific Partnership) to assess whether its lobbying is consistent with its expressed goals and in the best interests of shareholders and long-term value.

Resolved, the shareholders of Altria Group, Inc. (Altria) request the Board authorize the preparation of a report, updated annually, disclosing:

1. Company policy and procedures governing lobbying, both direct and indirect, and grassroots lobbying communications.
2. Payments by Altria used for (a) direct or indirect lobbying or (b) grassroots lobbying communications, in each case including the amount of the payment and the recipient.
