PROXY STATEMENT FOR THE 2014 ANNUAL MEETING OF STOCKHOLDERS

April 11, 2014

Information About Solicitation and Voting

The accompanying proxy is solicited on behalf of Marin Software Incorporated's board of directors for use at Marin Software Incorporated's 2014 Annual Meeting of Stockholders (the "meeting") to be held on May 14, 2014, at 2:00 p.m. (Pacific Time), and any adjournment or postponement thereof. This Proxy Statement and the accompanying form of proxy were first mailed to stockholders on or about April 11, 2014. An annual report on Form 10-K for the year ended December 31, 2013 is enclosed with this Proxy Statement. An electronic copy of this proxy statement and annual report on Form 10-K are available at www.proxyvote.com.

General Information About the Meeting

Purpose of the Meeting

At the meeting, stockholders will act upon the proposals described in this proxy statement. In addition, following the meeting, management will report on the performance of Marin Software Incorporated and respond to questions from stockholders.

Record Date; Quorum

Only holders of record of common stock at the close of business on March 25, 2014, the record date, will be entitled to vote at the meeting. At the close of business on March 25, 2014, we had 33,422,693 shares of common stock outstanding and entitled to vote.

The holders of a majority of the voting power of the shares of stock entitled to vote at the meeting as of the record date must be present at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly submitted a proxy.

Voting Rights; Required Vote

In deciding all matters at the Annual Meeting, each holder of shares of common stock is entitled to one vote for each share of common stock held as of the close of business on March 25, 2014, the record date. We do not have cumulative voting rights for the election of directors. You may vote all shares owned by you as of March 25, 2014, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee.

Stockholder of Record: Shares Registered in Your Name. If, on March 25, 2014, your shares were registered directly in your name with our transfer agent, Computershare, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the meeting or vote by telephone or by Internet, or if you request or receive paper proxy materials by mail, by filling out and returning the proxy card.

Table of Contents

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee. If, on March 25, 2014, your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and it has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the meeting. Because you are not the stockholder of record, you may not vote your shares at the meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the meeting.

Each director will be elected by a plurality of the votes cast, which means that the two individuals nominated for election to the board of directors at the meeting receiving the highest number of **FOR** votes will be elected. You may either vote **FOR** one or any of the nominees or **WITHHOLD** your vote with respect to one or any of the nominees. Re-approval of limits of Section 162(m) of Internal Revenue Code of 1986, as amended (the **Code**), will be obtained if the number of votes cast **FOR** the proposal at the meeting exceeds the number of votes **AGAINST** the proposal. Abstentions (shares present at the meeting and marked **abstain**) are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Broker non-votes occur when shares held by a broker for a beneficial owner are not voted either because (i) the broker did not receive voting instructions from the beneficial owner, or (ii) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Note that if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors and the re-approval of the Section 162(m) limits. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the meeting.

Recommendations of the Board of Directors on Each of the Proposals Scheduled to be Voted on at the Meeting

The board of directors recommends that you vote **FOR** each of the Class I directors named in this proxy statement (Proposal 1), **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 (Proposal 2) and **FOR** the re-approval of the Section 162(m) limits (Proposal 3). None of the directors or executive officers has any substantial interest in any matter to be acted upon, other than elections to office with respect to the directors so nominated.

Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

vote in person we will provide a ballot to stockholders who attend the meeting and wish to vote in person;

vote via telephone or Internet in order to do so, please follow the instructions shown on your proxy card; or

vote by mail if you request or receive a paper proxy card and voting instructions by mail, simply complete, sign and date the enclosed proxy card and return it before the meeting in the envelope provided.

Votes submitted by telephone or Internet must be received by 11:59 pm Eastern Time on May 13, 2014. Submitting your proxy, whether via the Internet, by telephone, or by mail if you request or received a paper proxy card, will not

affect your right to vote in person should you decide to attend the meeting. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote

your shares. You may either vote **FOR** all of the nominees to the board of directors, or you may withhold your vote from any nominee you specify. For any other matter to be voted on you may vote **FOR** or **AGAINST** or **ABSTAIN** from voting. Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the meeting, your shares will be voted in accordance with the recommendations of our board of directors stated above.

If you do not vote and you hold your shares in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute broker non-votes (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the meeting.

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on each proxy card and vote each proxy card by telephone. If you requested or received paper proxy materials by mail, please complete, sign and return each proxy card to ensure that all of your shares are voted.

Expenses of Soliciting Proxies

Marin will pay the expenses of soliciting proxies. Following the original mailing of the soliciting materials, Marin and its agents may solicit proxies by mail, electronic mail, telephone, facsimile, by other similar means, or in person. Our directors, officers, and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, email, or otherwise. Following the original mailing of the soliciting materials, Marin will request brokers, custodians, nominees and other record holders to forward copies of the soliciting materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, Marin, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials through the Internet, you are responsible for any Internet access charges you may incur.

Revocability of Proxies

A stockholder who has given a proxy may revoke it at any time before it is exercised at the meeting by:

delivering to the Corporate Secretary of Marin (by any means, including facsimile) a written notice stating that the proxy is revoked;

signing and delivering a proxy bearing a later date;

voting again by telephone or Internet; or

attending and voting at the meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

Voting Results

Voting results will be tabulated and certified by the inspector of elections appointed for the meeting. The preliminary voting results will be announced at the meeting and posted on our website at <http://investor.marinsoftware.com/>. The final results will be tallied by the inspector of elections and filed with the Securities and Exchange Commission (SEC) in a current report on Form 8-K within four business days of the meeting.

Table of Contents

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD; CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

Marin is strongly committed to good corporate governance practices. These practices provide an important framework within which our board of directors and management can pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines that set forth expectations for directors, director independence standards, board committee structure and functions, and other policies for the governance of the company. Our Corporate Governance Guidelines are available on the Investor section of our website, which is located at <http://investor.marinsoftware.com/>, by clicking on Corporate Governance Guidelines, under Corporate Governance. Our nominating and corporate governance committee reviews the Corporate Governance Guidelines periodically, and changes are recommended to our board of directors with respect to changes as warranted.

Board Leadership Structure

Our Corporate Governance Guidelines provide that our board of directors shall be free to choose its chairman in any way that it considers in the best interests of our company, and that the nominating and corporate governance committee shall periodically consider the leadership structure of our board of directors and make such recommendations related thereto to the board of directors with respect thereto as the nominating and corporate governance committee deems appropriate. Our Corporate Governance Guidelines also provide that, when the positions of chairman and chief executive officer are held by the same person, the independent directors shall designate a lead independent director. In cases in which the chairman and chief executive officer are the same person, the chairman schedules and sets the agenda for meetings of the board of directors, and the chairman, or if the chairman is not present, the lead independent director chairs such meetings. The responsibilities of the chairman or, if the chairman and the chief executive officer are the same person, the lead independent director include: presiding at executive sessions; serving as a liaison between the chairman and the independent directors, and being available, under appropriate circumstances, for consultation and direct communication with stockholders.

Our board of directors believes that our stockholders and we currently are best served by having Christopher Lien, our Chief Executive Officer, serve as chairman, and Bruce W. Dunlevie as lead independent director. Our board of directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the board and management to benefit from Mr. Lien's extensive executive leadership and operational experience, including familiarity with our business as a co-founder and Chief Executive Officer. Independent directors and management sometimes have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside of our company, while the Chief Executive Officer brings company-specific experience and expertise. Our board of directors believes that Mr. Lien's combined role enables strong leadership, creates clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to stockholders. Our board of directors believes that its independence and oversight of management is maintained effectively through this leadership structure, the composition of the board of directors and sound corporate governance policies and practices.

Our Board of Directors Role in Risk Oversight

Our board of directors, as a whole, has responsibility for risk oversight, although the committees of our board of directors oversee and review risk areas, which are particularly relevant to them. The risk oversight responsibility of

our board of directors and its committees is supported by our management reporting processes,

Table of Contents

which are designed to provide visibility to the board of directors and to our personnel that are responsible for risk assessment and information about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include, but are not limited to, competitive, economic, operational, financial (accounting, credit, liquidity, and tax), legal, regulatory, compliance and reputational risks.

Each committee of the board of directors meets in executive session with key management personnel and representatives of outside advisors to oversee risks associated with their respective principal areas of focus. The audit committee reviews our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies and guidelines. The compensation committee reviews risks and exposures associated with compensation programs and arrangements, including incentive plans. The nominating and corporate governance committee, together with the audit committee, reviews our major legal compliance risk exposures and monitors the steps management has to mitigate these exposures, including our legal risk assessment and legal risk management policies and guidelines.

Independence of Directors

Our board of directors determines the independence of our directors by applying the applicable rules, regulations and listing standards of the New York Stock Exchange (NYSE). These provide that a director is independent only if the board affirmatively determines that the director has no direct or indirect material relationship with our company. They also specify various relationships that preclude a determination of director independence. Material relationships may include commercial, industrial, consulting, legal, accounting, charitable, family and other business, professional and personal relationships.

Applying these standards, the board annually reviews the independence of the company's directors, taking into account all relevant facts and circumstances. In its most recent review, the board considered, among other things, the relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Based upon this review, our board of directors has determined that all of the members of our board and nominees, other than Mr. Lien, are currently independent as determined under applicable rules, regulations and listing standards of the NYSE. All members of our audit committee, compensation committee, nominating and corporate governance committee must be independent directors under the applicable rules, regulations and listing standards of the NYSE. Members of the audit committee must also satisfy a separate SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from Marin or any of its subsidiaries other than their directors' compensation. Members of the compensation committee also must satisfy a separate SEC independence requirement and a related NYSE listing standard relating to their affiliation with Marin and what advisory, consulting or other fees they may have received from Marin. No member of the audit committee may be a partner, member or principal of a law firm, accounting firm or investment banking firm that accepts consulting or advisory fees from Marin or any of its subsidiaries. Our board of directors has determined that all members of our audit committee, compensation committee and nominating and corporate governance committee are independent and all members of our audit committee satisfy the relevant SEC additional independence requirements for the members of such committee.

Committees of Our Board of Directors

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Each of these

committees has a written charter approved by the board of directors. Copies of the charters for each committee are available, without charge, upon request in writing to Marin Software Incorporated, 123 Mission Street, 25th Floor, San Francisco, California 94105, Attn: General Counsel or by clicking on [Corporate](#)

Governance in the Investor section of our website, <http://investor.marinsoftware.com/>. Members serve on these committees until their resignations or until otherwise determined by our board of directors.

Audit Committee

Our audit committee is comprised of Mr. Auvil, who is the chair of the audit committee, Mr. Barrese and Mr. Crovitz. The composition of our audit committee meets the requirements for independence under current NYSE and SEC rules, regulations and listing standards. Each member of our audit committee is financially literate as required by NYSE listing standards. In addition, our board of directors has determined that each of Mr. Auvil and Mr. Crovitz is an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K under the Securities Act of 1933, as amended. This designation does not impose on him any duties, obligations or liabilities that are greater than are generally imposed on members of our audit committee and our board of directors. Our audit committee is directly responsible for, among other things:

selecting a firm to serve as the independent registered public accounting firm to audit our financial statements;

monitoring the independence of the independent registered public accounting firm;

discussing the scope and results of the audit with the independent registered public accounting firm, and reviewing, with management and that firm, our interim and year-end operating results;

establishing procedures for employees to submit anonymously concerns about questionable accounting or audit matters;

considering the adequacy of our internal controls;

reviewing material related party transactions or those that require disclosure; and

approving or, as permitted, pre-approving all audit and non-audit services to be performed by the independent registered public accounting firm.

Compensation Committee

Our compensation committee is comprised of Mr. Hutchison, who is the chair of the compensation committee, Mr. Dunlevie and Mr. Leinwand. The composition of our compensation committee meets the requirements for independence under current NYSE and SEC rules, regulations and listing standards. Each member of this committee is also a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), an outside director, as defined pursuant to Section 162(m) of the Code and is independent as defined in Section 303A.02(a)(ii) of the NYSE rules and Rule 10C-1 promulgated under the Exchange Act. The purpose of our compensation committee is to discharge the responsibilities of our board of directors relating

to compensation of our executive officers. Our compensation committee is responsible for, among other things:

reviewing and approving, or recommending that our board of directors approve, the compensation of our executive officers;

reviewing and recommending to our board of directors the compensation of our directors;

reviewing and recommending to our board of directors the terms of any compensatory agreements with our executive officers;

administering our stock and equity incentive plans;

reviewing and approving, or making recommendations to our board of directors with respect to, incentive compensation and equity plans; and

reviewing our overall compensation philosophy.

Table of Contents

The compensation committee has the exclusive authority and responsibility to determine all aspects of executive compensation packages for executive officers and makes recommendations to our board of directors regarding the compensation of non-employee directors and the chief executive officer. The compensation committee may take into account the recommendations of the chief executive officer with respect to compensation of the other executive officers.

The compensation committee engaged an external compensation consultant, Compensia, Inc., a national compensation consulting firm, to evaluate our executive compensation program and practices and to provide advice and ongoing assistance on executive compensation matters for fiscal 2013. Specifically, Compensia was engaged to:

provide compensation-related data for a peer group of companies to serve as a basis for assessing competitive compensation practices;

review and assess our current director, CEO and other executive officer compensation policies and practices and equity profile relative to market practices;

review and assess our current executive compensation program relative to market to identify any potential changes or enhancements to be brought to the attention of the compensation committee; and

review market practices on employee stock purchase plans and other equity programs.

Representatives of Compensia meet informally with the chair of the compensation committee and attended the regular meetings of the compensation committee, including executive sessions from time to time without any members of management present. During fiscal 2013, Compensia worked directly with the compensation committee (and not on behalf of management) to assist the committee in satisfying its responsibilities and undertook no projects for management without the committee's prior approval. The compensation committee has determined that none of the work performed by Compensia during fiscal 2013 raised any conflict of interest.

Nominating and Corporate Governance Committee

Our nominating and governance committee is comprised of Mr. Crovitz, who is the chair of the nominating and governance committee, and Mr. Dunlevie. The composition of our nominating and governance committee meets the requirements for independence under current NYSE and SEC rules, regulations and listing standards. Our nominating and governance committee is responsible for, among other things:

identifying and recommending candidates for membership on our board of directors;

reviewing and recommending changes to our corporate governance and code of conduct guidelines and policies;

reviewing proposed waivers of the code of conduct for directors and executive officers;

overseeing the process of evaluating the performance of our board of directors; and

assisting our board of directors on corporate governance matters.

Compensation Committee Interlocks and Insider Participation

The members of our compensation committee during 2013 were Mr. Dunlevie, Mr. Hutchison and Mr. Leinwand. None of the members of our compensation committee in 2013 was at any time during 2013 or at any other time an officer or employee of Marin or any of its subsidiaries, and none had or have any relationships with Marin that are required to be disclosed under Item 404 of Regulation S-K. None of our executive officers has served as a member of our board of directors, or as a member of the compensation or similar committee, of any entity that has one or more executive officers who served on our board of directors or compensation committee during 2013.

Table of Contents

Board and Committee Meetings and Attendance

The board of directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time. During 2013, the board of directors met 7 times, including telephonic meetings, the audit committee held 8 meetings, the compensation committee held 3 meetings and the nominating and corporate governance committee did not meet until the first quarter of 2014. Board Attendance at Annual Stockholders Meeting

Our policy is to invite and encourage each member of our board of directors to be present at our annual meetings of stockholders. We completed our initial public offering in March 2013 and did not have an annual meeting of our stockholders in 2013.

The non-employee directors meet in regularly scheduled executive sessions without management to promote open and honest discussion. Our lead independent director, currently Mr. Dunlevie, is the presiding director at these meetings.

Nomination to the Board of Directors

Candidates for nomination to our board of directors are selected by our board of directors based on the recommendation of the nominating and corporate governance committee in accordance with the committee's charter, our certificate of incorporation and bylaws, our corporate governance guidelines, and the criteria adopted by the board of directors regarding director candidate qualifications. In recommending candidates for nomination, the nominating and corporate governance committee considers candidates recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our board of directors is set forth below under **Stockholder Proposals to Be Presented at Next Annual Meeting**.

Director Qualifications

With the goal of developing a diverse, experienced and highly-qualified board of directors, the nominating and corporate governance committee is responsible for developing and recommending to the board of directors the desired qualifications, expertise and characteristics of members of our board of directors, including the specific minimum qualifications that the committee believes must be met by a committee-recommended nominee for membership on the board of directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of the board of directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of the board of directors from time to time, our board of directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NYSE listing requirements and the provisions of our certificate of incorporation, bylaws, corporate governance guidelines, and charters of the board committees. In addition, neither the board of directors nor the nominating and corporate governance committee has a formal policy with regard to the consideration of diversity in identifying nominees. When considering nominees, the nominating and corporate governance committee may take into consideration many factors including, among other things, a candidate's independence, integrity, skills, financial and other expertise, breadth of experience, and knowledge about our business or industry and ability to devote adequate time and effort to responsibilities of the board of directors in the context of its existing composition. Through the nomination process, the nominating and corporate governance committee seeks to promote board membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and other characteristics that are expected to contribute to the board of directors' overall effectiveness. The brief biographical description of each director set forth in Proposal 1 below includes the primary individual experience, qualifications, attributes and skills of each of our directors that led to the conclusion that each director should serve as a member of our board of directors at this time.

Table of Contents**PROPOSAL NO. 1****ELECTION OF DIRECTORS**

Our board of directors currently consists of seven directors and is divided into three classes. Each class serves for three years, with the terms of office of the respective classes expiring in successive years. Directors in Class I will stand for election at our annual meeting to be held on May 14, 2014. The terms of office of directors in Class II and Class III do not expire until the annual meetings of stockholders held in 2015 and 2016, respectively. At the recommendation of our nominating and corporate governance committee, our board of directors proposes that each of the two Class I nominees named below, each of whom is currently serving as a director in Class I, be elected as a Class I director for a three-year term expiring at the 2017 Annual Meeting of Stockholders and until such director's successor is duly elected and qualified or until such director's earlier resignation or removal.

Shares represented by proxies will be voted FOR the election of each of the two nominees named below, unless the proxy is marked to withhold authority to so vote. If any nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder might determine. Each nominee has consented to being named in this proxy statement and to serve if elected.

Table of Contents**PROPOSAL NO. 2****RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our audit committee has selected PricewaterhouseCoopers LLP as Marin's principal independent registered public accounting firm to perform the audit of Marin's consolidated financial statements for fiscal year ending December 31, 2014. As a matter of good corporate governance, our audit committee has decided to submit its selection of principal independent registered public accounting firm to stockholders for ratification. In the event that PricewaterhouseCoopers LLP is not ratified by our stockholders, the audit committee will review its future selection of PricewaterhouseCoopers LLP as Marin's principal independent registered public accounting firm.

PricewaterhouseCoopers LLP audited Marin's financial statements for Marin's 2013 fiscal year. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting, in which case they will be given an opportunity to make a statement at the meeting if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

We regularly review the services and fees from our independent registered public accounting firm. These services and fees are also reviewed with our audit committee annually. In accordance with standard policy, PricewaterhouseCoopers LLP periodically rotates the individuals who are responsible for Marin's audit.

In addition to performing the audit of Marin's consolidated financial statements, PricewaterhouseCoopers LLP provided various other services during fiscal 2012 and 2013. Our audit committee has determined that PricewaterhouseCoopers LLP's provision of these services, which are described below, does not impair PricewaterhouseCoopers LLP independence from Marin. During fiscal 2012 and 2013, fees for services provided by PricewaterhouseCoopers LLP were as follows:

Fees Billed to Marin	Fiscal Year 2012	Fiscal Year 2013
Audit fees(1)	\$ 1,693,500	841,000
Audit related fees(2)	\$ 17,000	
Tax fees(3)	\$ 60,000	60,600
All other fees(4)	\$	
Total fees	\$ 1,770,500	901,600

- (1) *Audit fees* include fees for audit services primarily related to the audit of our annual consolidated financial statements; the review of our quarterly consolidated financial statements; comfort letters, consents, and assistance with and review of documents filed with the SEC; and other accounting and financial reporting consultation and research work billed as audit fees or necessary to comply with the standards of the Public Company Accounting Oversight Board (United States).
- (2) *Audit-related fees* include fees billed for assurance and related services reasonably related to the performance of the audit or review of our fiscal 2012 and 2013 consolidated financial statements. Audit-related fees also include fees for benefit plan audits and consultation concerning financial accounting and reporting standards not

classified as audit fees.

- (3) *Tax fees* include fees for tax compliance and advice. Tax advice fees encompass a variety of permissible tax services, including technical tax advice related to federal and state income tax matters; assistance with sales tax; and assistance with tax audits.
- (4) *All other fees* include the aggregate fees billed in each of 2012 and 2013 for products and services provided by PricewaterhouseCoopers LLP, other than included in Audit Fees, Audit-Related Fees and Tax Fees.

Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

PROPOSAL NO. 3

REAPPROVAL OF THE SECTION 162(M) LIMITS OF THE 2013 EQUITY INCENTIVE PLAN

General

Our 2013 Equity Incentive Plan, or the Plan was initially adopted by our board of directors and thereafter approved by our stockholders in February 2013. The Plan, became effective March 2013 in connection with our initial public offering . The Plan provides for the grant of awards to eligible employees, directors, consultants, independent contractors and advisors in the form of stock options, restricted stock awards (RSAs), stock appreciation rights (SARs), restricted stock units (RSUs), performance awards and stock bonuses.

We believe that future business successes and our ability to remain competitive depend on our continuing efforts to attract, retain and motivate highly qualified personnel. Competition for these people in our industry is intense. A cornerstone of our method for attracting and retaining top caliber employees has been our equity-based compensation programs, including the grant of stock options and other equity awards under the Plan. Allowing employees to participate in owning shares of our common stock helps to align the objectives of our stockholders and employees and is important in attracting, motivating and retaining the highly skilled personnel that are necessary in our industry.

Proposal

In January 2014, our board of directors directed us to submit the Plan to our stockholders for re-approval of its material terms for purposes of Section 162(m) of the Code. The material terms of the Plan are described below under Summary of the Plan. No changes are being proposed with regard to the terms of the Plan at this time.

Pursuant to Section 162(m), we generally may not deduct for federal income tax purposes compensation paid to certain executive officers to the extent that any of these persons receives more than \$1.0 million in compensation in any single year. The executive officers subject to this limitation are those that constitute covered employees within the meaning of Section 162(m), which generally includes our chief executive officer and certain of our most highly compensated officers (other than the chief executive officer), but excluding our chief financial officer. Compensation generally includes cash compensation, ordinary income arising from the exercise of nonqualified stock options, restricted stock awards, restricted stock units and stock appreciation rights, and ordinary income arising from disqualifying dispositions of incentive stock options. However, if the compensation qualifies as performance-based for Section 162(m) purposes, we may deduct the compensation for federal income tax purposes even if it exceeds \$1.0 million in a single year. Certain awards granted under the Plan may be designed as performance-based compensation. To that end, in order for certain awards under our Plan to continue to qualify as performance-based compensation under Section 162(m), our stockholders need to approve the material terms of the Plan at the Annual Meeting. The material terms for which we are seeking approval include the employees eligible to receive compensation, the performance factors that may be used in designing performance-based compensation, and the maximum amount of performance-based compensation that may be paid.

Because of the fact-based nature of the performance-based compensation exception under Section 162(m) and the limited availability of formal guidance thereunder, we cannot guarantee that the awards under the Plan will qualify for exemption under Section 162(m). However, the Plan is structured with the intention that the Compensation Committee will have the discretion to make awards under the Plan that may qualify as performance-based compensation and be deductible as such.. Subject to the requirements of Section 162(m), if the material terms are not re-approved by stockholders, awards shall continue to be granted under the Plan until the Plan expires, but we will not make performance related grants that would not be deductible under Section 162(m) to our covered employees

Table of Contents

Summary of the Plan

We adopted the Plan, which became effective in March 2013, as the successor to our 2006 Equity Incentive Plan. We reserved 4,500,000 shares of our common stock to be issued under our Plan plus 174,072 shares that were not issued or subject to outstanding grants under our 2006 Equity Incentive Plan at the time the Plan became effective. The number of shares reserved for issuance under our Plan increases automatically on the first day of January of each of 2014 through 2023 by the number of shares equal to 5% of the total outstanding shares of our common stock as of the immediately preceding December 31, but no more than 21,000,000 shares may be issued pursuant to the exercise of incentive stock options over the life of the plan. However, our board of directors or compensation committee may reduce the amount of the increase in any particular year. In addition, the following shares are available for grant and issuance under our Plan:

shares subject to options or stock appreciation rights granted under our Plan that cease to be subject to the option or stock appreciation right for any reason other than exercise of the option;

shares subject to awards granted under our Plan that are subsequently forfeited or repurchased by us at the original issue price;

shares subject to awards granted under our Plan that otherwise terminate without shares being issued;

shares issuable upon the exercise of options under our 2006 Equity Incentive Plan that expire or become unexercisable for any reason without having been exercised in full; and

any shares issued under our 2006 Equity Incentive Plan that are forfeited or repurchased by us or that are used to pay the exercise price of an option or withheld to satisfy the tax withholding obligation related to any award;

Our Plan authorizes the award of stock options, restricted stock awards (RSAs), stock appreciation rights, restricted stock units (RSUs), performance shares and stock bonuses. No person will be eligible to receive more than 1,000,000 shares in any calendar year under our Plan other than a new employee of ours, who will be eligible to receive no more than 2,000,000 shares under the plan in the calendar year in which the employee commences employment.

Our Plan is administered by our compensation committee, all of the members of which are outside directors as defined under applicable federal tax laws, or by our board of directors acting in place of our compensation committee. The compensation committee has the authority to construe and interpret our Plan, grant awards and make all other determinations necessary or advisable for the administration of the Plan.

Our Plan provides for the grant of awards to our employees, directors, consultants, independent contractors and advisors, provided the consultants, independent contractors, directors and advisors render services not in connection with the offer and sale of securities in a capital-raising transaction. The exercise price of stock options must be at least equal to the fair market value of our common stock on the date of grant.

In general, options granted under our Plan will vest over a four-year period. Options may vest based on time or achievement of performance conditions. Our compensation committee may provide for options to be exercised only as they vest or to be immediately exercisable with any shares issued on exercise being subject to our right of repurchase that lapses as the shares vest. The maximum term of options granted under our Plan is ten years.

An RSA is an offer by us to sell shares of our common stock subject to restrictions, which may vest based on time or achievement of performance conditions. The price (if any) of an RSA will be determined by the compensation committee. Unless otherwise determined by the compensation committee at the time of award, vesting will cease on the date the participant no longer provides services to us and unvested shares will be forfeited to or repurchased by us.

Table of Contents

Stock appreciation rights provide for a payment, or payments, in cash or shares of our common stock, to the holder based upon the difference between the fair market value of our common stock on the date of exercise and the stated exercise price up to a maximum amount of cash or number of shares. SARs may vest based on time or achievement of performance conditions.

RSUs represent the right to receive shares of our common stock at a specified date in the future, subject to forfeiture of that right because of termination of employment or failure to achieve certain performance conditions. If an RSU has not been forfeited, then on the date specified in the RSU agreement, we will deliver to the holder of the restricted stock unit whole shares of our common stock (which may be subject to additional restrictions), cash or a combination of our common stock and cash.

Performance shares are performance awards that cover a number of shares of our common stock that may be settled upon achievement of the pre-established performance conditions in cash or by issuance of the underlying shares. These awards are subject to forfeiture prior to settlement because of termination of employment or failure to achieve the performance conditions.

Stock bonuses may be granted as additional compensation for service and/or performance, and therefore, may not be issued in exchange for cash.

The compensation committee may designate performance conditions to apply to an award, including the following under the plan: (a) Profit Before Tax; (b) Billings; (c) Revenue; (d) Net revenue; (e) Earnings (which may include earnings before interest and taxes, earnings before taxes, and net earnings); (f) Operating income; (g) Operating margin; (h) Operating profit; (i) Controllable operating profit, or net operating profit; (j) Net Profit; (k) Gross margin; (l) Operating expenses or operating expenses as a percentage of revenue; (m) Net income; (n) Earnings per share; (o) Total stockholder return; (p) Market share; (q) Return on assets or net assets; (r) The Company's stock price; (s) Growth in stockholder value relative to a pre-determined index; (t) Return on equity; (u) Return on invested capital; (v) Cash Flow (including free cash flow or operating cash flows); (w) Cash conversion cycle; (x) Economic value added; (y) Individual confidential business objectives; (z) Contract awards or backlog; (aa) Overhead or other expense reduction; (bb) Credit rating; (cc) Strategic plan development and implementation; (dd) Succession plan development and implementation; (ee) Improvement in workforce diversity; (ff) Customer indicators; (gg) New product invention or innovation; (hh) Attainment of research and development milestones; (ii) Improvements in productivity; (jj) Bookings; (kk) Attainment of objective operating goals and employee metrics; and (ll) Any other metric that is capable of measurement as determined by the Committee.

In the event there is a specified type of change in our capital structure without our receipt of consideration, such as a stock split, appropriate adjustments will be made to the number of shares reserved under our Plan, the maximum number of shares that can be granted in a calendar year, and the number of shares and exercise price, if applicable, of all outstanding awards under our Plan.

Awards granted under our Plan may not be transferred in any manner other than by will or by the laws of descent and distribution or as determined by our compensation committee. Unless otherwise permitted by our compensation committee, stock options may be exercised during the lifetime of the optionee only by the optionee or the optionee's guardian or legal representative. Options granted under our Plan generally may be exercised for a period of three months after the termination of the optionee's service to us, or for a period of 12 months in cases of death or disability, or such longer period as our compensation committee may provide. Options generally terminate immediately upon termination of employment for cause.

If we are dissolved or liquidated or have a change in control transaction, outstanding awards, including any vesting provisions, may be assumed or substituted by the successor company. In the event of a change in control where the successor company does not assume, convert, replace or substitute awards, as provided above, all awards shall have their vesting accelerate in full immediately prior to the transaction and the committee

administering the Plan will notify the participants that such awards will be exercisable for a set period of time, after which the awards will terminate in full. If the applicable award agreement provides for acceleration of vesting in connection with a change in control followed by the participant's involuntary termination, and outstanding awards are not assumed or substituted, then vesting of the award shall accelerate as to the applicable unvested portion of the award as if the participant had been involuntarily terminated at the time of the change in control.

Our Plan will terminate ten years from the later of the date our board of directors approves the plan or the date our board of directors adopted the most recent increase in the number of shares of our common stock available under the plan that was approved by our stockholders, unless it is terminated earlier by our board of directors. Our board of directors may amend or terminate our Plan at any time. If our board of directors amends our Plan, it does not need to ask for stockholder approval of the amendment unless required by applicable law.

Award Limitations

Subject to adjustment for a recapitalization, no participant is eligible to receive more than one million shares in any calendar year pursuant to the grant of awards, except that a new employee is eligible to receive up to a maximum of two million shares in year I which they commence their employment with us. Additionally, no participant in the plan will be eligible to receive more than \$1,000,000 in performance awards in any calendar year under the Plan.

Federal Income Tax Consequences

The following is a brief summary of the federal income tax consequences applicable to awards granted under the Plan based on federal income tax laws in effect on the date of this proxy statement.

This summary is not intended to be exhaustive and does not address all matters that may be relevant to a particular participant. The summary does not discuss the tax laws of any state, municipality, or foreign jurisdiction, or the gift, estate, excise, payroll, or other tax laws other than federal income tax law. This summary does not discuss the impact of Section 280G of the Code governing parachute payments or Section 409A of the Code governing nonqualified deferred compensation plans. The following is not intended or written to be used, and cannot be used, for the purposes of avoiding taxpayer penalties. Because circumstances may vary, we advise all participants to consult their own tax advisors under all circumstances.

Stock Options and Stock Appreciation Rights. A recipient of an option or SAR will not recognize taxable income upon the grant of those awards. For NSOs and SARs, the participant will recognize ordinary income upon exercise in an amount equal to the difference between the fair market value of the shares and the exercise price on the date of exercise. Any gain or loss recognized upon any later disposition of the shares generally will be a capital gain or loss. The acquisition of shares upon exercise of an ISO will not result in any taxable income to the participant, except, possibly, for purposes of the alternative minimum tax. The gain or loss recognized by the participant on a later sale or other disposition of such shares will either be long-term capital gain or loss or ordinary income, depending upon whether the participant holds the shares for the legally-required period (currently more than two years from the date of grant and more one year from the date of exercise). If the shares are not held for the legally-required period, the participant will recognize ordinary income equal to the lesser of (i) the difference between the fair market value of the shares on the date of exercise and the exercise price, or (ii) the difference between the sales price and the exercise price. Any additional gain recognized on the sale generally will be a capital gain.

Restricted Stock. For restricted stock, unless vested or the recipient elects under Section 83(b) of the Code to be taxed at the time of grant, the recipient will not have taxable income upon the grant, but will recognize ordinary income upon vesting equal to the fair market value of the shares at the time of vesting less the amount paid for such shares (if

any). Any gain or loss recognized upon any later disposition of the shares generally will be a capital gain or loss.

Table of Contents

Restricted Stock Units. A holder of RSUs does not recognize taxable income when the RSU is granted. When vested RSUs (and dividend equivalents, if any) are settled and distributed, the participant will recognize ordinary income equal to the amount of cash and/or the fair market value of shares received less the amount paid for such stock units (if any).

Other Share-Based Awards. The tax effects of other share-based awards will vary depending on the type, terms and conditions of those awards.

Performance Awards. No income generally will be recognized upon the grant of a performance award. Upon payment in respect of a performance award, the recipient generally will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received and the fair market value of any nonrestricted shares of common stock or other property received.

Tax Consequences to Us

As described above, Section 162(m) denies an income tax deduction to any publicly held corporation for compensation paid to its covered employees in a taxable year to the extent compensation to such covered employee exceeds \$1.0 million. It is possible that compensation attributable to stock awards or other awards, when combined with all other types of compensation received by a covered employee from us, may cause this limitation to be exceeded in any particular year.

Compensation that qualifies as performance-based compensation is disregarded for purposes of the Section 162(m) deduction limitations described above. Generally, compensation attributable to certain stock or other awards will qualify as performance-based compensation if the plan contains per-employee limitations, the award is granted by a committee of our board of directors consisting solely of outside directors and the compensation is payable only upon the achievement (as certified in writing by the committee) of an objective performance goal established in writing by the committee within 90 days after the beginning of the performance period while the outcome is substantially uncertain, and the material terms of the Plan under which the award is granted have been approved by stockholders. A stock option or stock appreciation right shall be considered performance-based compensation as described in the previous sentence solely by meeting the following requirements: the plan contains a per-employee limitation on the number of shares for which stock options and stock appreciation rights may be granted during a specified period, the material terms of the plan are approved by the stockholders, and the exercise price of the option or right is no less than the fair market value of the stock on the date of grant.

As of March 31, 2014, options to purchase 627,000 shares had been granted under our Plan, of which no shares had been exercised and 608,500 shares remained outstanding. The options outstanding as of March 31, 2014 had a weighted-average exercise price of \$11.33 per share.

Certain Interests of Directors

In considering the recommendation of our board of directors with respect to the approval of the material terms of the Plan, stockholders should be aware that the members of our board of directors have certain interests, which may present them with conflicts of interest in connection with such proposal. As discussed above, directors are eligible to receive awards under the Plan. Please see Proposal No. 1 Election of Directors Director Compensation for more detail about equity grants to our directors. Our board of directors recognizes that approval of this proposal may benefit our directors and their successors.

As of December 31, 2013, 157,758 shares of this option had vested. Mr. Kaelle's employment is at will and may be terminated at any time, with or without cause, subject to the severance obligations described below.

Peter Wooster. We entered into an offer letter agreement with Mr. Wooster, our Chief Revenue Officer, on October 31, 2006. Pursuant to the offer letter, Mr. Wooster's initial base salary was established at \$140,000 per year. In addition, Mr. Wooster was eligible to receive a bonus targeted at \$265,000. On March 30, 2007, in accordance with the terms of his offer letter, Mr. Wooster was granted a stock option to purchase 134,060 shares of our common stock at an exercise price of \$0.14 per share, which was equal to the fair market value of our common stock on the date the option was granted, as determined by our board of directors. This option vested as to 25% of the shares on the first anniversary of the vesting commencement date, with the remainder vesting monthly over the remaining three years. As of December 31, 2013, all of the shares of this option had vested and had been exercised. Mr. Wooster's employment is at will and may be terminated at any time, with or without cause, subject to the severance obligations described below.

Severance Arrangements

In 2013 Mr. Lien and Mr. Wooster each entered into a severance agreement that superseded all previous severance and change in control arrangements we had entered into with them. In addition, Mr. Kaelle's offer letter dated February 15, 2011 contains provisions relating to severance and change in control.

Mr. Lien's severance agreement has a term of three years that renews unless terminated by either party. Under the severance agreement, if Mr. Lien's employment is terminated by us without cause (as defined in the severance agreement), he would be entitled to receive severance benefits equal to nine months of his then-current annual base salary and the monthly benefits premium under COBRA for nine months. If his employment is terminated by us without cause or Mr. Lien voluntarily resigns for good reason within 3 months before or 12 months following a change in control (as defined in the severance agreement) of our company, he would be entitled to receive severance benefits equal to nine months of his then-current annual base salary and the monthly benefits premium under COBRA for nine months. In addition, the shares underlying all unvested equity awards held by Mr. Lien immediately prior to such termination will become vested and exercisable in full.

Mr. Wooster's severance agreement also has a term of three years that renews unless terminated by either party. Under the severance agreement, If Mr. Wooster's employment is terminated by us without cause (as defined in the severance agreement), he would be entitled to receive severance benefits equal to six months of his then current annual base salary and the monthly benefits premium under COBRA for six months. If his employment is terminated by us without cause or Mr. Wooster voluntarily resigns for good reason within 3 months before or 12 months following a change in control (as defined in the severance agreement) of our company, he would be entitled to receive severance benefits equal to six

months of his then-current annual base salary and the monthly benefits premium under COBRA for six months. In addition, the shares underlying all unvested equity awards held by Mr. Wooster immediately prior to such termination will become vested and exercisable in full.

Mr. Kaelle's offer letter provides that if Mr. Kaelle's employment is terminated by us without cause (as defined in the offer letter), he would be entitled to receive severance benefits equal to six months of his then-current annual base salary and the monthly benefits premium under COBRA for six months and he will be given 12 months post-employment to exercise vested equity awards. If his employment is terminated by us without cause or Mr. Kaelle voluntarily resigns for good reason in the 12 months following a change in control (as defined in the offer letter) of our company, he would be entitled to the following: (1) severance benefits equal to six months of his then-current annual base salary; (2) the monthly benefits premium under COBRA for six months; (3) 50% of the shares underlying all unvested equity awards held by Mr. Kaelle immediately prior to such termination will become vested and exercisable in full; and (4) Mr. Kaelle will be given 12 months post-employment to exercise such vested equity awards.

We believe that these protections assisted us in attracting these individuals to join our company. We also believe that these protections serve our executive retention objectives by helping the named executive officers maintain continued focus and dedication to their responsibilities to maximize stockholder value, including in the event that there is a potential transaction that could involve a change in control of our company. The terms of these agreements were determined after review by our board of directors or the compensation committee, as applicable, of our retention goals for each named executive officer.

See **Potential Payments Upon Termination or Change in Control** below for potential payments upon termination or change in control.

Other Benefits

In addition to the arrangements described above, upon a termination of employment each named executive officer is eligible to receive any benefits accrued under our broad-based benefit plans, such as accrued vacation pay, in accordance with those plans and policies.

The following table summarizes the amount of the cash severance payment that each of our named executive officers would have been entitled to receive assuming a qualifying termination of employment as of December 31, 2013. stock underlying their equity awards in the event of an involuntary termination of employment (as such term is defined in each of their severance agreements) 3 months before or 12 months following a change in control, while Mr. Kaelle's offer letter provides for vesting of 50% of the unvested shares of our common stock underlying his equity awards in the event of an involuntary termination of employment (as such term is defined in his offer letter) 12 months following a change in control. The following table summarizes the intrinsic value of this acceleration benefit to our named executive officers pursuant to these awards, assuming an involuntary termination of employment and change in control of our company as of December 31, 2013. Other Compensation Policies*Stock Ownership Guidelines*

Currently, we have not implemented a policy regarding minimum stock ownership requirements for our executive officers, including the named executive officers.

Compensation Recovery Policy

Currently, we have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. We intend to adopt a general compensation recovery (clawback) policy covering our annual and long-term incentive award plans and arrangements once we are a publicly-traded company and after the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Act.

Derivatives Trading and Hedging Policy

Our insider trading policy prohibits the use of puts, calls or shorts related to our shares by our directors, officers and employees.

Such persons are required by SEC regulation to furnish Marin with copies of all Section 16(a) forms that they file. Householding Stockholders Sharing the Same Last Name and Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called "householding." Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report on Form 10-K and proxy materials, including the Notice of Internet Availability, unless the affected stockholder has provided contrary instructions. This procedure reduces printing costs

and postage fees, and helps protect the environment as well.

This year, a number of brokers with account holders who are Marin stockholders will be householding our annual report on Form 10-K and proxy materials. A set of annual report on Form 10-K and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be householding
