NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

To Be Held October 30, 2014

September 15, 2014

Dear Shareholder:

We invite you to attend the annual meeting of shareholders of Brinker International, Inc. to be held at 9:00 a.m. (CST), on Thursday, October 30, 2014, at the Brinker International, Inc. principal executive office campus, in the building located at 6700 LBJ Freeway, Dallas, Texas 75240. At the meeting, we will: (1) elect nine (9) directors for one-year terms; (2) vote on the ratification of the appointment of KPMG LLP as our independent auditors for the fiscal 2015 year; (3) cast an advisory vote on executive compensation; and (4) conduct any other business properly brought before the meeting.

Your Board of Directors has chosen September 2, 2014 as the date used to determine the shareholders who will be able to attend and vote at the annual meeting. If you owned shares in Brinker, at the end of business on that day, you are invited to attend the annual meeting. Seating at the meeting will be limited to Brinker's shareholders, proxy holders and invited guests of Brinker. If you own your shares in your own name, please bring photo identification to the meeting. If you hold your shares through a bank, broker or other third party, please bring photo identification and a current statement from that party showing your ownership. Please note that cameras, recording equipment and other electronic devices will not be permitted at the meeting.

Your vote is important. Whether or not you plan to be present at the meeting, please take time to vote. If you decide not to attend the annual meeting, you may vote on these proposals by proxy. To do so, please cast your vote, as instructed in the Notice of Internet Availability of Proxy Materials you received, over the Internet or by telephone after your review of proxy materials at www.proxyvote.com (by using your 12-digit control number on the Notice of Internet Availability of Proxy Materials to access the website) or, upon your request, after receipt of hard copies of proxy materials. We ask that you cast your vote as promptly as possible. You may also request a paper copy of the proxy card to submit your vote, if you prefer. **We do encourage you to vote by Internet.** It is convenient and saves postage and processing costs. If you have voted by the Internet, by mail or by telephone and later decide to attend the annual meeting, you may come to the meeting and vote in person.

We look forward to seeing you at the meeting.

Very truly yours,

Wyman T. Roberts

Chief Executive Officer and President

and President of Chili's Grill & Bar

BRINKER INTERNATIONAL, INC.

PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

Why did you send this Proxy Statement to me?

The Board of Directors of Brinker International, Inc. (sometimes referred to here as Brinker, we, us, our, or the Company) is soliciting the enclosed proxy to be used at the annual meeting of shareholders on October 30, 2014 at 9:00 a.m. (CST), and at any adjournment or postponement of that meeting. The meeting will be held at our principal executive office campus, in the building located at 6700 LBJ Freeway, Dallas, Texas 75240. The purpose of the meeting is to:

elect nine (9) directors;

vote on the ratification of the selection of KPMG LLP as our independent auditors for the 2015 Fiscal Year;

cast an advisory vote on executive compensation; and

conduct any other business properly brought before the meeting or any adjournment or postponement thereof.

We posted this Proxy Statement and the accompanying proxy on or about September 15, 2014, to our website at www.proxyvote.com, and mailed notice on or about September 15, 2014 to all shareholders entitled to vote at the annual meeting.

Why am I being asked to review materials on-line?

Under rules adopted by the U.S. Securities and Exchange Commission (SEC), we are furnishing proxy materials to our shareholders on the Internet, rather than mailing printed copies of those materials to each shareholder. If you receive a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review the proxy materials on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials. We anticipate that the Notice of Internet Availability of Proxy Materials will be mailed to shareholders on or about September 15, 2014.

How many votes do I have?

If we had your name on record as owning stock in Brinker International, Inc. at the close of business on September 2, 2014, then you are entitled to vote at the annual meeting. You are entitled to one vote for each share of Brinker's common stock you own as of that date. At the close of business on August 11, 2014, 64,617,734 shares of the Company's common stock were outstanding and eligible to vote.

How do I vote by proxy?

Whether you plan to attend the annual meeting or not, we encourage you to follow the instructions on the Notice of Internet Availability of Proxy Materials. You may vote

via Internet at www.proxyvote.com by using your 12-digit control number to access the site (you may find this number on your Notice of Internet Availability of Proxy Materials);

by phone; and

by requesting, completing and mailing a paper proxy card, as outlined in the Notice of Internet Availability of Proxy Materials.

Table of Contents

How do I attend the annual meeting in person?

Seating at the annual meeting will be limited to Brinker's shareholders or their proxyholders and Brinker's invited guests. If you are a holder of record in your own name, please bring photo identification to the annual meeting. If you hold shares through a bank, broker or other third party, please bring photo identification and a current brokerage statement. Cameras, recording equipment and other electronic devices will not be permitted at the meeting. The annual meeting will begin promptly at 9:00 a.m. (CST) at our offices, so please plan to arrive accordingly. For directions to the annual meeting, please visit the Investor Information section of our website at <http://www.brinker.com>.

May I revoke my proxy?

You may change your vote or revoke your proxy any time before the annual meeting by:

returning another proxy card with a later date;

sending written notification of revocation to the Corporate Secretary at our principal executive offices at 6820 LBJ Freeway, Dallas, Texas 75240;

entering a later vote by telephone or over the Internet; or

attending the annual meeting and voting in person.

You should be aware that simply attending the annual meeting will not automatically revoke your previously submitted proxy. If you desire to do so, you must notify an authorized Brinker representative at the annual meeting of your desire to revoke your proxy and then you must vote in person.

Who pays for the solicitation of proxies and how are they solicited?

We pay the entire cost of the solicitation of these proxies. This cost includes preparation, assembly, printing, and mailing of this Proxy Statement and any other information we send to you. We may supplement our efforts to solicit your proxy in the following ways:

we may contact you using the telephone or electronic communication;

our directors, officers, or other regular employees may contact you personally; or

we may hire agents for the sole purpose of contacting you regarding the proxy.

If we hire soliciting agents, we will pay them a reasonable fee for their services. We will not pay directors, officers, or other regular employees any additional compensation for their efforts to supplement our proxy solicitation.

Can I vote if my shares are held in street name ?

If the shares you own are held in street name by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you. If you do not give instructions to your bank or brokerage firm, it will still be able to vote your shares with respect to certain routine items, but will not be allowed to vote your shares with respect to certain non-routine items. In the case of non-routine items, the shares will be treated as broker non-votes, which are not counted as cast and have no effect on the outcome of the vote. Election of directors

Edgar Filing: BRINKER INTERNATIONAL INC - Form DEF 14A

is not considered a routine matter. We urge you to give your bank or brokerage firm instructions on all proposals in this proxy statement. To be able to vote your shares held in street name at the meeting, you will need to obtain a proxy from your bank or brokerage firm.

How do I vote if my shares are held in the Company's 401(k) Plan?

If all or some of the shares you own are held through the Company's 401(k) Plan, you may vote via Internet or by phone by 11:59 p.m., EST, on October 27, 2014 or the Company's agent must receive your paper proxy card on or before October 27, 2014.

Table of Contents

What is householding ?

If you and others in your household own your shares in street name, you may receive only one copy of this proxy statement and the annual report. This practice is known as householding. If you hold your shares in street name and would like additional copies of these materials, please contact your bank or broker. If you receive multiple copies and would prefer to receive only one set of these materials, please also contact your bank or broker. Brinker does not currently use householding for owners of record and will send notice to all owners of record before using householding. By using this method, we give all owners of record the opportunity to continue to receive multiple copies of these materials in the same household.

What constitutes a quorum?

In order for business to be conducted at the meeting, a quorum must be present. A quorum consists of the holders of a majority of the shares of common stock issued, outstanding and entitled to vote at the meeting. Shares of common stock represented in person or by proxy (including broker non-votes and shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for the purpose of determining whether a quorum exists. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

What vote is required to approve each proposal?

Proposal 1: Elect Nine Directors

The affirmative vote of a majority of shares of common stock present or represented by proxy and voting at the meeting is required to elect each of the nine nominees for director. Abstentions and broker non-votes have no effect on the outcome of the voting for each of the nominees.

Proposal 2: Ratify Selection of Independent Auditors for the 2015 Fiscal Year

The affirmative vote of a majority of the shares of common stock present or represented by proxy and voting at the meeting is required to approve this proposal. Abstentions are counted as votes cast and have the same effect as votes against the proposal. Broker non-votes have no effect on the outcome of the voting on this proposal.

Proposal 3: Advisory Vote on Executive Compensation

The approval, in an advisory, non-binding vote, of the compensation of the named executive officers of the Company by a majority of the shares of common stock present or represented by proxy and voting at the meeting is sought. Abstentions are counted as votes cast and have the same effect as votes against the proposal. Broker non-votes have no effect on the outcome of the voting on this advisory, non-binding approval.

How will my proxy get voted?

If you vote over the Internet or by telephone, or properly fill in and return a paper proxy card (if requested), the designated Proxies (Wyman T. Roberts and Jeffrey Hoban) will vote your shares as you have directed. If you submit a paper proxy card, but do not make specific choices, the designated Proxies will vote your shares as recommended by the Board of Directors as follows:

FOR election of all nine nominees for director;

FOR ratification of KPMG LLP as our independent auditors for the 2015 Fiscal Year; and

FOR approval in an advisory, non-binding vote of the compensation of our named executive officers.

How will voting on any other business be conducted?

Edgar Filing: BRINKER INTERNATIONAL INC - Form DEF 14A

Although we do not know of any business to be considered at the annual meeting other than the proposals described in this Proxy Statement, if any additional business is properly brought before the annual meeting, your signed or electronically transmitted proxy card gives authority to the designated Proxies to vote on such matters in their discretion.

Table of Contents

Who will count the votes?

We have hired a third party, Broadridge Financial Solutions, to judge voting, be responsible for determining whether or not a quorum is present and tabulate votes cast by proxy or in person at the Annual Meeting.

Where can I find voting results of the meeting?

We will announce general voting results at the meeting and publish final detailed voting results in a Form 8-K filed within four (4) business days following the meeting.

May shareholders ask questions at the annual meeting?

Yes, our representatives will answer your questions after the conclusion of the formal business of the meeting. In order to give a greater number of shareholders an opportunity to ask questions, we may impose certain procedural requirements, such as limiting repetitive or follow-up questions, limiting the amount of time for a question, or requiring questions to be submitted in writing.

How do I submit a proposal for next year's annual meeting?

If you have a proposal, other than a nomination for the Board of Directors, that you would like us to consider at the 2015 annual meeting of shareholders, you must submit your proposal to the Secretary of the Company no later than May 18, 2015 and must comply with the notice, information and other provisions contained in the Company's bylaws. If you would like your proposal to be included in our Proxy Statement and proxy relating to that meeting, it must also comply with the SEC rules, and you must submit it to us no later than May 18, 2015. Proposals should be sent to our executive offices at 6820 LBJ Freeway, Dallas, Texas 75240 in care of the Corporate Secretary.

How do I submit a nomination for the Board of Directors?

Any shareholder of the Company may recommend one or more individuals to be considered by the Governance and Nominating Committee of the Company's Board of Directors as a potential nominee or nominees for election as a director of the Company. If you wish to recommend one or more individuals for a position or positions on the Board of Directors, our bylaws require that you submit your recommendation, along with certain information about the candidate(s) to the Secretary of the Company. If you need a copy of the bylaws, you may obtain them free of charge from the Corporate Secretary or you may find them in the Company's public filings with the SEC. If you want to submit a recommendation for the Company's 2015 annual meeting of the shareholders, your submittal must be delivered to our principal executive offices at 6820 LBJ Freeway, Dallas, Texas 75240 to the attention of the Corporate Secretary on or before May 18, 2015.

How can I communicate with the Board of Directors?

If you or any interested party wishes to communicate with the Board of Directors, as a group, or with an individual director, such communication may be directed to the appropriate group or individual in care of the General Counsel, Brinker International, Inc., 6820 LBJ Freeway, Dallas, Texas 75240. Your Board of Directors has instructed the General Counsel to review and forward such communications to the appropriate person or persons for response.

How can I access Brinker's proxy materials and annual report electronically?

You can access the Company's proxy statement, 2014 Annual Report on Form 10-K and FY 2014 Annual Report at www.brinker.com. You may simply click on the "For Investors" tab on the home page, and then the "Financial Information" link in the left column; the SEC filings section of our website will be available for your usage. We will also provide you free copies of these documents by sending a written request to the Company's Corporate Secretary at 6820 LBJ Freeway, Dallas, Texas 75240. If you received a Notice of Internet Availability of Proxy Materials, you may also access this information at the website described in the Notice. We also file and furnish our annual, quarterly and current reports and other information, including proxy statements, with the

SEC. Our SEC filings are available to the public in the SEC's website at www.sec.gov. The FY 2014 Annual Report and the Form 10-K accompany this proxy statement, but are not considered part of the proxy soliciting materials.

How long may I rely upon the information in this proxy statement? May I rely upon other materials as well regarding the annual meeting?

You should rely upon the information contained in this Proxy Statement to vote on the proposals at the annual meeting. We have not authorized anyone to provide you with information that is different from what is contained in this proxy statement. This proxy statement is dated September 15, 2014. You should not assume that the information contained in this proxy statement is accurate as of any date other than such date, unless indicated otherwise in this proxy statement, and the mailing of the proxy statement to you shall not create any implication to the contrary. We would encourage you to check our website or the SEC's website for any required updates that we may make between the date of this proxy statement and date of the annual meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

Your proxy will be used to vote **FOR** the election of all of the nominees named below unless you abstain from or vote against the nominees when you send in your proxy. If any nominee becomes unavailable for election as a result of an unexpected occurrence, we would use your shares to vote for a substitute nominee that the Board of Directors would propose unless you have abstained from or voted against the nominees. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unavailable to serve. All nominees are currently serving as directors of the Company and all were elected by the shareholders at the 2013 annual meeting of shareholders.

Information About Nominees

We are furnishing you below certain biographical information about each of the nine persons nominated as directors. Also included is a description of the experience, qualification, attributes and skills of each nominee:

YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* EACH OF THE NOMINEES FOR DIRECTOR.

Table of Contents**PROPOSAL 2****RATIFICATION OF INDEPENDENT AUDITORS**

The Audit Committee of the Board of Directors selected KPMG LLP as our independent auditors for fiscal 2015. Although we are not required to submit this matter to you, the Board of Directors believes that it is good corporate governance to do so. This proposal asks you to ratify this selection. If the appointment of KPMG LLP is not ratified by you, the Audit Committee will reconsider the appointment. Representatives of KPMG LLP are expected to be present at the annual meeting. They will have the opportunity to make a statement if they so desire and they will be available to respond to appropriate questions that you may have.

Audit Fees

The following table sets forth the aggregate fees billed, or estimated to be billed, to us for the fiscal years ended June 25, 2014 and June 26, 2013, by our independent auditors, KPMG LLP:

Fiscal Year	Annual Audit Fees(1)	Audit-Related Fees(2)	Tax Fees(3)	All Other Fees(4)
2014	\$584,500	\$20,000	\$210,000	\$65,000
2013	\$578,000	\$	\$238,000	\$100,000

(1) For fiscal 2014, annual audit fees related to professional services rendered for the audit of our annual consolidated financial statements, reviews of our quarterly consolidated financial statements, the audits of management's assessment of the effectiveness of internal control over financial reporting, and the effectiveness of internal control over financial reporting (\$579,000) and the issuance of consents for franchise circulars (\$5,500).

For fiscal 2013, annual audit fees related to professional services rendered for the audit of our annual consolidated financial statements, reviews of our quarterly consolidated financial statements, the audits of management's assessment of the effectiveness of internal control over financial reporting, and the effectiveness of internal control over financial reporting (\$572,500) and the issuance of consents for franchise circulars (\$5,500).

(2) For fiscal 2014, audit-related fees related to the evaluation of technical accounting treatment of certain transactions. For fiscal 2013, no audit-related fees were incurred.

(3) For fiscal 2014, all tax fees were for review of income tax returns, sales tax returns and consultations regarding federal, state, local and international tax matters.

For fiscal 2013, all tax fees were for review of income tax returns, sales tax returns and consultations regarding federal, state, local and international tax matters, including acquisition planning.

(4) For fiscal 2014, all other fees related to consulting services on a contract negotiation.

For fiscal 2013, all other fees related to the issuance of a comfort letter for our debt offering and the translation of a franchise circular.

The Audit Committee has established policies and procedures for the approval and pre-approval of audit services and permitted non-audit services. The Audit Committee has the responsibility to do the following:

to engage and terminate our independent auditors;

to pre-approve their audit services and permitted non-audit services;

to approve all audit and non-audit fees; and

to set guidelines for permitted non-audit services and fees.

All of the fees for fiscal 2014 and 2013 were pre-approved by the Audit Committee or were within pre-approved guidelines for permitted non-audit services and fees established by the Audit Committee. For fiscal year 2014, the Audit Committee set a pre-approved maximum total fee expenditure for unscheduled, on-going audit and tax services with KPMG LLP of \$200,000. In addition, if the fee for a particular item would exceed \$40,000, Audit Committee approval would be required.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by SEC rules, we are asking you to provide an advisory, non-binding vote to approve the compensation awarded to our named executive officers, as we have described it in the Executive Compensation section of this Proxy Statement, beginning on Page 21.

As described in detail in the Compensation Discussion and Analysis section, the Compensation Committee oversees the program and compensation awarded, adopting changes to the program and awarding compensation as appropriate to reflect the Company's circumstances and to promote the main objectives of the Program. These objectives include: to attract and retain top level talented leaders in a highly competitive environment; to reward increased shareholder returns and profitable growth; and to align pay to performance.

We are asking you to indicate your support for our named executive officer compensation. We believe that the information we have provided in this Proxy Statement demonstrates that our compensation program is designed appropriately and works to ensure that the interests of our executive officers, including our named executive officers, are aligned with your interest in long-term value creation.

Accordingly, we ask you approve the following resolution at the Annual Meeting:

RESOLVED, that the shareholders of Brinker International, Inc. approve the compensation awarded to the Company's named executive officers, as disclosed pursuant to SEC Rules, the Compensation Discussion and Analysis, the compensation tables, notices and narrative in the Proxy Statement for the Company's 2014 Annual Meeting of Shareholders.

This Advisory Resolution is non-binding on the Board of Directors. Although non-binding, the Board and Compensation Committee will review the voting results and consider your concerns in their continued evaluation of the Company's compensation program. Because this vote is advisory in nature, it will not affect any compensation already paid or awarded to any named executive officer and will not be binding on or overrule any decisions by the Board of Directors, and it will not restrict or limit the ability of the shareholders to make proposals for inclusion in proxy materials related to executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE APPROVAL OF THE ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION.

**INFORMATION ABOUT THE BOARD OF DIRECTORS AND
GOVERNANCE OF THE COMPANY**

Director Independence

The Board reviews the independence of each non-employee director annually to confirm that the director continues to meet our standards as well as the requirements of the New York Stock Exchange (NYSE) and the rules of the SEC. No member of the Board will be considered independent unless the Board determines that he or she has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Board will not determine any director to be independent if he or she has or has had any of the relationships set forth in the NYSE rules during the time periods specified in such rules. The Board will describe in the proxy statement the basis for determining whether any relationship is immaterial.

The Board of Directors has affirmatively determined each of the following directors is an independent director as such term is defined and as required by our Corporate Governance Guidelines, and the requirements of the SEC and NYSE.

Joseph M. DePinto	Gerardo I. Lopez
Harriet Edelman	Jon L. Luther
Michael A. George	George R. Mrkonic
William T. Giles	Rosendo G. Parra

The only member of the Board who is not independent is Wyman T. Roberts. Mr. Roberts, as CEO and President of the Company, is the only employee member of the Board. The Board has further determined that no material relationship exists between us and each non-employee director outside of their service as a member of the Board of Directors. In this proxy statement we may refer to these directors individually as an Independent Director and collectively as the Independent Directors.

Board Structure

The Board of Directors does not have classes where a director serves multi-year terms. Each director serves for a one year term and is subject to re-election by you each year. Prior to recommending a director for nomination for re-election, the Governance and Nominating Committee considers many things including:

the quality of past director service, and attendance at Board of Directors and Committee meetings;

whether the director continues to possess the qualities and capabilities considered necessary or desirable for director service;

input from other members of the Board of Directors concerning the performance of that director through a peer review process;

the independence of the director; and

whether the director has met any age guidelines for continued service.

A non-employee director is expected to serve at least four one-year terms (subject to annual renomination and re-election). Presently, Ms. Edelman and Messrs. Mrkonic and Parra have served for more than four one-year terms.

* Chairman of the Board

** Mr. John W. Mims served on the Compensation and Governance and Nominating Committees until his resignation on June 16, 2014.

The charters for each of these committees, as well as our Corporate Governance Guidelines, are available at no charge to you in the Corporate Governance section of our internet website (http://www.brinker.com/investors/Corporate_Governance.asp) or by written request directed to us, at 6820 LBJ Freeway, Dallas, Texas 75240, Attention: Corporate Secretary.

The Board of Directors has affirmatively determined that each member of the Audit, Compensation, and Governance and Nominating Committees meets the independence requirements applicable to those committees required by the NYSE and the SEC.

The role of the Audit Committee is provided to you in the Report of the Audit Committee later in this Proxy Statement. The Board of Directors has determined that Messrs. Giles and Mrkonic are audit committee financial experts as such term is defined in the SEC's Regulation S-K. Further, the Board of Directors has determined the members of the Audit Committee are financially literate as such term is defined by the NYSE and the Audit Committee satisfies the financial management expertise standard required by the NYSE.

A discussion of the specific nature of the Compensation Committee's responsibilities and compensation philosophy as they relate to our executive officers is provided to you in the Compensation Discussion and Analysis and Report of the Compensation Committee later in this Proxy Statement.

The Governance and Nominating Committee performs the following functions:

Edgar Filing: BRINKER INTERNATIONAL INC - Form DEF 14A

recommends to the Board of Directors potential members to be added as new or replacement members to the Board of Directors;

recommends to the Board of Directors the nominees for election to the Board of Directors at the annual shareholders meeting;

reviews, and makes recommendation to the Board of Directors regarding, the compensation paid to non-management Board members;

reviews, and makes recommendation to the Board of Directors regarding, CEO succession plans;

recommends corporate governance guidelines to the full Board of Directors;

Table of Contents

reviews the applicable legal standards for independence and the criteria applied to determine audit committee financial expert status; and

reviews the answers to annual questionnaires completed by each of the Independent Directors.

On the basis of this year's review, the Governance and Nominating Committee delivered a report to the full Board of Directors and the Board of Directors made its independence and audit committee financial expert determinations.

Board Member Meeting Attendance

During the fiscal year ended June 25, 2014, the Board of Directors held five meetings. Each incumbent director attended at least 75% of the aggregate total of meetings of the Board of Directors and Committees on which he or she served. Also, all members of the Board of Directors attended the Company's 2013 annual meeting of shareholders. Such attendance allows for direct interaction between you and members of the Board of Directors.

Chairman of the Board

The business and affairs of the Company are managed under the direction of the Board of Directors. Generally, it is management's responsibility to formalize, propose and implement strategic choices and the Board's role to approve strategic direction and evaluate strategic results, including both the performance of the Company and the performance of the Chief Executive Officer.

Following the Annual Meeting of Shareholders on November 7, 2013, the Company separated the roles of Chairman of the Board of Directors and CEO. At such time, the Board elected Mr. DePinto as Chairman of the Board. The Board believes that at the present time the new board leadership structure serves the ability of the Board of Directors to exercise its oversight role over management by having a director who is not an officer or member of management to serve in the role of Chairman of the Board, ensuring a continued significant role for independent directors in the leadership of the Company, while allowing Mr. Roberts, as CEO, to focus his time and energy on leading and managing the Company's business and operations. An independent Chairman of the Board also simplifies the Company's corporate governance structure by allowing the Chairman of the Board to convene executive sessions with independent directors. Any decision to change the structure in the future will be based on what the Board believes is the most effective and efficient structure for the Company.

The Chairman of the Board's duties include:

creating and maintaining an effective working relationship with the CEO and management;

managing the relationship between the Board as a whole and the CEO and management;

providing significant advice, counsel and guidance to the CEO and management on strategic priorities and execution strategies;

facilitating discussions among the directors inside and outside the Board meetings;

driving practices and improvements on Board effectiveness and productivity;

briefing the CEO on issues raised in executive sessions;

presiding at all meetings of the Board of Directors;

in collaboration with committee chairs and the CEO, scheduling Board meetings, setting meeting agendas and strategic discussions and providing review of pre-meeting materials delivered to Directors;

overseeing annual Board and Board Committee evaluations;

delivering the annual CEO evaluation;

overseeing all governance matters for the Board and shareholders;

being available for consultation and direct communication with major shareholders; and

carrying out other duties requested by the CEO and the Board as a whole.

The Board's Role in Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks, including, the Company's enterprise risk management process that monitors and manages key business risks facing the Company. Throughout the fiscal year, the Board regularly reviews information regarding the Company's strategic, financial and operational risks. The Company's Compensation Committee oversees the management of risks relating to the Company's compensation policies and practices. The Audit Committee oversees the management of risks associated with accounting, auditing, financial reporting, internal controls over financial reporting, and cyber security and data protection, as well as the effectiveness of the Company's enterprise risk management process. The Audit Committee also assists the Board in its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the qualifications and independence of the Company's auditors and the performance of the Company's independent auditors and the Company's internal audit function. The Audit Committee is responsible for reviewing and discussing the guidelines and policies governing the process by which senior management and the internal auditing department assess and manage the Company's exposure to risk, as well as the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. The Governance and Nominating Committee oversees risks associated with the independence of the Board of Directors and the Company's governance structure. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through updates provided at full Board meetings, attendance at committee meetings and committee reports about such risks.

Directors' Compensation

The Governance and Nominating Committee annually reviews and periodically benchmarks the Board's compensation to assure that non-employee directors are being fairly and reasonably compensated in relation to the restaurant industry and to comparable U.S. companies. The same proxy peer group is used for the Board as is used for our named executive officers (which is identified in more detail in the Benchmarking section of the Compensation Discussion and Analysis in this Proxy Statement). Non-employee directors of the Company receive the following compensation:

Annual Retainer

Non-employee Chairman of the Board:

An annual retainer of \$250,000, which at his or her choosing, will be paid or granted in any combination of cash or restricted stock units as they may elect, so long as at least 50% is in restricted stock units. A 25% match in restricted stock units will be granted for the portion of his or her annual compensation which they elect to take in restricted stock units.

All other non-employee directors:

An annual retainer of \$50,000, which, at the director's choosing, will be paid or granted in any combination of cash or restricted stock units. A 25% match in restricted stock units will be granted for the portion of his or her annual compensation which they elect to take in restricted stock units.

Annual Grant (all non-employee directors, including Chairman)

An annual grant of restricted stock units, with a target value of approximately \$100,000, will be made.

Restricted Stock Unit Distribution Timing

Directors may choose, prior to the grant, one of four distribution timing options for their restricted stock with a distribution date of (i) four years after date of grant, (ii) the director's departure from the Board, (iii) one year following the director's departure from the Board, or (iv) two years following the director's departure from the Board. Beginning in fiscal 2015, Directors also have the ability to defer receipt of restricted stock units that would otherwise vest for additional 5-year period(s), provided they elect to defer those units at least 12 months before the previously scheduled vesting date.

Table of Contents

Providing a combination of equity and cash provides incentive for our directors to focus on long-term performance and shareholder value while still recognizing their energy and effort throughout the year. Each director has a choice among cash and restricted stock units for his/her annual retainer thus allowing each director to receive his/her compensation in a manner that best fits his/her individual needs. However, the Board and we believe it is important that each director maintain an equity stake in our company; therefore, an incentive is provided for any portion of the annual retainer taken in equity.

Also, for fiscal 2015, commencing with the Board of Director meeting in October 2014, Committee members shall receive a supplementary retainer for accepting their responsibilities:

Each member of the Audit Committee will receive \$20,000 (payable quarterly);

Each member of the Compensation Committee will receive \$12,500 (payable quarterly); and

Each member of the Governance and Nominating Committee will receive \$10,000 (payable quarterly). Additionally, the Committee Chairs receive a further supplementary retainer for accepting the additional Chair responsibilities:

Chair of the Audit Committee receives an annual retainer of \$15,000;

Chair of the Compensation Committee receives an annual retainer of \$12,000;

Chair of the Governance and Nominating Committee receives an annual retainer of \$10,000; and

Lead Director (if Chairman of the Board is an employee director) receives an annual retainer of \$25,000.

All of our retainers are paid on the assumption a certain number of Board and Committee meetings (in-person and telephonically) will occur during the year. Directors are expected to attend the Board and their respective Committee meetings, and no additional compensation is paid for attendance at these meetings. If the number of any such meetings exceeds the following totals, each director in attendance at such extra meetings will receive a per meeting fee of \$2,000 for in-person meetings and \$1,000 for telephonic meetings.

Board of Directors eight meetings;

Audit Committee nine meetings;

Compensation Committee six meetings; and

Governance and Nominating Committee five meetings.

We also reimburse directors for costs incurred by them in attending meetings of the Board. Equity grants are made on the latest of the sixtieth day following the Board of Directors meeting held on the same day as the annual shareholders meeting or the first business day of the calendar year following the annual shareholders meeting. For fiscal 2015, directors will receive restricted stock units for all of their equity compensation with variable distribution dates ranging from four years after grant to two years following departure from the Board (as described above in this Directors Compensation section).

Director s Term of Service

Edgar Filing: BRINKER INTERNATIONAL INC - Form DEF 14A

In light of deferred compensation regulations promulgated by the Internal Revenue Service, the Board has determined a director's one-year term of service will run concurrent with the calendar year following their election at the annual meeting of shareholders (for example, the one-year term for directors elected at the annual meeting of shareholders in October 2014 will commence on January 1, 2015, and end on December 31, 2015). To accommodate this non-material shift in timing of the term of service, directors who are elected at the annual meeting of shareholders in October 2014 will also serve a one-time interim term of service commencing on the date of their election at such meeting and ending on December 31, 2014 and receive a one-time interim compensation amount for such interim service period equal to a prorated (2-month) portion of the annual retainer amount and a prorated (2-month) portion annual restricted stock unit grant. The distribution timing for the restricted stock units in these one-time awards will be granted with a distribution date of four years from the date of grant.

- (1) Mr. Roberts was omitted from the Director Compensation Table since he does not receive compensation for serving on our Board. His respective compensation is reflected in the Summary Compensation Table of this Proxy Statement.
- (2) Reflects the aggregate dollar amount of all fees each director earned in fiscal 2014 (whether paid in cash or granted in the form of equity) for service as a director, including annual retainer, committee chair fees, and meeting fees. Directors had the option to receive any portion of their \$50,000 annual retainer in restricted stock units. We provide a 25% match in kind on any portion of the annual retainer converted to units. For restricted stock units, dividends are accumulated and paid upon distribution.
- (3) Ms. Edelman and Messrs. DePinto, George, Giles, Lopez, Luther, Mims, Mrkonic and Parra were each granted 2,193 restricted stock units for fiscal 2014.

Messrs. DePinto, George, Giles, Lopez, Mims and Mrkonic elected to receive their entire annual retainer in stock. Ms. Edelman and Mr. Parra elected to receive 100% of their annual retainer in cash. Mr. Luther elected to receive 50% of his annual retainer in cash. The amounts shown represent the grant date fair value of the stock awards granted to the directors in fiscal 2014, as determined pursuant to Financial Accounting Standards Board Accounting Standards Codification Topic 718 (ASC Topic 718). These amounts do not include any reduction in value for the possibility of forfeiture.

- (4) Our directors receive a complimentary dining card for use in our restaurants. The dining card value used by each director was less than \$10,000. The directors no longer receive a tax gross-up payment on the taxable value of their dining card usage. Therefore, the values in this column are zero.
- (5) We have not included a table detailing the Board of Directors outstanding equity. All of our restricted shares are non-forfeitable when granted and we do not report those in the table. Mr. Roberts is omitted from this table as his respective outstanding equity is reflected in the Outstanding Equity Awards Table of this Proxy Statement. Messrs. DePinto, George, Giles, Lopez, Luther, Mims, Mrkonic, and Parra

Edgar Filing: BRINKER INTERNATIONAL INC - Form DEF 14A

and Ms. Edelman would not be listed on this table because all of their equity ownership is now held in restricted stock or restricted stock units and they do not hold any stock options.

(6) As previously noted, Mr. Mims resigned from the Board of Directors on June 16, 2014.

Communications with the Board of Directors

If you or any other interested party wishes to communicate with the Board of Directors as a group or with an individual director, you or the interested party may direct such communications to the intended recipient in care

of the General Counsel, 6820 LBJ Freeway, Dallas, Texas 75240. The communication must be clearly addressed to the specific group or director. Your Board of Directors has instructed the General Counsel to review and forward any such correspondence to the appropriate person or persons for response.

Qualifications to Serve as Director

Each candidate for director must possess at least the following specific minimum qualifications:

1. Each candidate shall be prepared to represent the best interests of all the Company's shareholders and not just one particular constituency.
2. Each candidate shall have demonstrated integrity and ethics in his/her personal and professional life and have established a record of professional accomplishment in his/her chosen field.
3. No candidate shall have any material personal, financial or professional interest in any present or potential competitor of the Company.
4. Each candidate shall be prepared to participate fully in activities of the Board of Directors, including active membership on at least one Committee of the Board of Directors and attendance at, and active participation in, meetings of the Board of Directors and the Committee(s) of the Board of Directors of which he or she is a member, and not have other personal or professional commitments that would, in the Governance and Nominating Committee's sole judgment, interfere with or limit his or her ability to do so.
5. In addition, the Governance and Nominating Committee also desires that candidates possess the following qualities or skills:

(a) Each candidate shall contribute to the overall diversity of the Board of Directors' diversity being broadly construed to mean a variety of opinions, perspectives, personal and professional experiences and backgrounds, such as gender, race and ethnicity differences, as well as other differentiating characteristics.

(b) Each candidate should contribute positively to the existing chemistry and collaborative culture among the members of the Board of Directors.

(c) Each candidate should possess professional and personal experiences and expertise relevant to the Company's business. Relevant experiences might include, among other things, large company CEO experience, senior level multi-unit restaurant or retail experience, and relevant senior level experience in one or more of the following areas: finance, accounting, sales and marketing, organizational development, information technology and public relations.

Although not an automatic disqualifying factor, the inability of a candidate to meet the independence and other governing standards of the NYSE or the SEC will be a significant negative factor in any assessment of a candidate's suitability.

Internal Process of Identifying Candidates

The Governance and Nominating Committee uses a variety of means for identifying potential nominees for director, including the use of outside search firms and recommendations from current members of the Board of Directors and from shareholders. In determining whether to nominate a candidate, the Governance and Nominating Committee considers the current composition and capabilities of serving board members, as well as additional capabilities considered necessary or desirable in light of existing and future Company needs. One or more of the members of the Governance and Nominating Committee may interview, or have an outside search firm interview, a prospective candidate who is identified as having high potential to satisfy the expectations, requirements, qualities and responsibilities for membership on the Board of Directors. Prospective candidates may also be interviewed by other directors who are not members of the Governance and Nominating Committee. Reports from those interviews or from Governance and Nominating Committee members with personal knowledge and experience with the candidate, resumes, information provided by other contacts and other

Table of Contents

information deemed relevant by the Governance and Nominating Committee are then considered in determining whether a candidate shall be nominated. The Governance and Nominating Committee also exercises its independent business judgment and discretion in evaluating the suitability of a candidate for nomination.

Nomination Rights of Shareholders

As a shareholder, you may recommend one or more candidates to be considered by the Governance and Nominating Committee as a potential nominee or nominees for election as director of the Company at an annual meeting of shareholders. To do so, you must comply with the notice, information and consent provisions contained in the Company's Bylaws (current copies of the Company's Bylaws are available at no charge from the Secretary of the Company and may also be found in our public filings with the SEC). In order for the candidate recommendation to be timely for the Company's 2015 annual meeting of shareholders, your notice to the Secretary of the Company must be delivered to our principal executive offices no later than May 18, 2015. Any such recommendations received by the Secretary will be presented to the Governance and Nominating Committee for consideration. Suitable candidates (whether identified internally or by a shareholder) who, after evaluation based upon the criteria and process described in "Internal Process of Identifying Candidates" above, are then recommended by the Governance and Nominating Committee and, if approved by the Board of Directors, will be included in our recommended slate of director nominees in our proxy statement.

Current Nominations

The Governance and Nominating Committee conducted an evaluation and assessment of all of the directors, since each director's term is only one year, for purposes of determining whether to recommend them for nomination for re-election to the Board of Directors. After reviewing the assessment results, the Governance and Nominating Committee determined to recommend to the Board that Messrs. DePinto, George, Giles, Lopez, Luther, Mrkonic, Parra and Roberts and Ms. Edelman be nominated for re-election to the Board of Directors. The Board accepted the recommendations and nominated such persons. The Governance and Nominating Committee did not receive any recommendations from shareholders proposing candidates for election to the Board at the annual meeting.

Code of Ethics

We have adopted a code of ethics that applies to all members of the Board of Directors and our team members. You may obtain a copy of the code free of charge in the Corporate Governance section of our internet website (http://www.brinker.com/investors/Corporate_Governance.asp) or by written request directed to us, at 6820 LBJ Freeway, Dallas, Texas 75240, Attention: General Counsel.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Throughout this discussion we make reference to terms that are used internally to define our team member population. These team member groupings are described below:

named executive officers (NEOs) our five most highly compensated executives detailed in this discussion;

Brinker Leadership Team this is our key leadership group of our CEO and our CEO's direct executive reports and other key officers (which include the list of Executive Officers on pages 19-20);

RSC team member any of our team members who work in a support role at our restaurant support center (RSC), not specifically for one of our restaurant brands; and

brand team member any of our team members who work for a particular restaurant brand.

Structure and Role of the Compensation Committee

The Compensation Committee (Committee) is comprised entirely of Independent Directors who are responsible for aligning our compensation programs with our compensation philosophy of rewarding performance. Specifically, the Committee reviews and approves any compensation decisions regarding the Brinker Leadership Team (with input from the CEO), including the CEO. The CEO does not provide input on his own compensation to the Committee. Further information about the duties of the Committee can be found in the Compensation Committee Charter, which can be found on our website at http://brinker.com/corp_gov/comp_committee.asp. To make certain the Committee is able to effectively carry out its responsibilities, it takes the following actions:

Retains an independent consultant (currently Pearl Meyer & Partners) to advise on executive compensation.

Benchmarks, with the assistance of an outside, independent third party, data to determine competitive compensation levels based on a peer group that represents both restaurant companies and those companies with whom we compete for talent. The peer group for each officer may vary depending on the nature and scope of his/her individual responsibilities.

Approves the design and performance metrics used in our incentive plan.

Reviews annually detailed compensation tally sheets for the named executive officers.

Submits recommendations to the full Board of Directors for approval and ratification of the CEO's compensation.

Holds executive sessions (without our management present) at every Committee meeting.

Edgar Filing: BRINKER INTERNATIONAL INC - Form DEF 14A

Provides recommendations to the full Board of Directors on compensation-related proposals to be considered at the Company's annual meeting.

Executive Summary

Brinker's compensation programs are structured to reinforce our strategic principles to be a premier and progressive company with a balanced approach towards sales, profits, guests and team members.

Fiscal 2014 saw improved results for the Company despite the slow recovery for the overall economy and soft sales and traffic for the casual dining industry. Our strategies and initiatives drove much of our gains in fiscal 2014 resulting in increased earnings per share on a year-over-year basis. The initiatives included installing new kitchen equipment in company-owned and domestic franchise Chili's restaurants, installing integrated point of sale and back office software systems in company-owned Chili's and Maggiano's, continued remodeling of a significant number of company-owned Chili's, introducing new menu items and improving existing favorites,

Table of Contents

introducing Ziosk tabletop devices in all company-owned Chili's restaurants, and the repurchasing of shares of our common stock. The results showed in labor efficiencies, better guest experience and enhanced feedback, kitchen efficiencies, increased inventory control and value return to our shareholders. Our financial performance resulted in above target payout of our long-term incentive programs while our short-term incentive programs were negatively impacted by underperformance in our comp sales versus plan comp sales.

Our compensation programs for executive officers, including our NEOs, reflect the competitive environment in which we operate and align a pay-for-performance philosophy. More specifically we:

Use variable compensation plans to make-up the majority of potential total compensation placing significant amounts of compensation at risk ;

Establish incentive plan payout levels that provide an opportunity for participants to earn compensation above median levels when performance goals are exceeded and our stock price increases, and significantly reduced compensation when our financial performance is below expectations or our stock price decreases;

Utilize both cash and equity elements with varying time horizons and financial metrics to motivate and reward sustained performance that is aligned with shareholder interests but is not tied to a single financial measure or measurement period that could result in unintended consequences;

Provide competitive levels of compensation to attract and retain the best qualified executive talent. Both the Committee and our Brinker Leadership Team strongly believe that the caliber of our overall officer team makes a significant difference in our sustained success over the long-term;

Link our officers' interests with the sustained performance of the company by having executives satisfy stock ownership guidelines; and

Allow actual compensation to vary based on individual performance.

Say-on-Pay Feedback from Shareholders

In 2013, we submitted our executive compensation program for an advisory vote to you, our shareholders, and it received the support of over 99.6% of the total votes cast on the proposal. Annually, the Compensation Committee reviews the results of the advisory vote and considers feedback as it completes its annual review of each pay element and total compensation packages for our NEOs with respect to the next fiscal year. There were no changes to the executive compensation program for 2014 and the Committee expects similar Say-on Pay feedback for 2014.

Pay for Performance

The Company's executive compensation programs are aligned with our business initiatives and have been designed to pay commensurate with level of performance generated. This philosophy is most evident in the mix of pay used to compensate our executives.

Our fiscal 2014 compensation packages for our CEO and NEOs are heavily weighted towards variable compensation. The variable compensation awarded in fiscal 2014 included an annual incentive under our short-term incentive plan and the economic value of stock options, performance RSUs (at target) and career equity.

Table of Contents

As the graphs below show, performance-based incentives constitute the largest portion of target total direct compensation for our CEO and other NEOs:

The Company believes the compensation programs are an important factor in driving our NEOs' performance to achieve long term EPS growth. The success of our strategy is represented below. In years when our performance is below target, our NEO pay programs effectively reduced pay levels. Conversely, when performance is improved compensation increases, aligning our pay programs with shareholder returns.

* EPS calculation excludes special items and discontinued operations

** F2014 CEO Total Direct Compensation saw increased growth over F2013 because the F2013 decline was due to the change of CEO role from Mr. Brooks to Mr. Roberts. F2014 CEO Total Direct Compensation was down 2% from F2014 which is expected given the underperformance of EPS growth in F2014.

*** F2014 Other NEO Total Direct Compensation includes one time retention grants for two of the NEOs. The value was amortized over the 5 year life of the grant.

Table of Contents***Roles of the Compensation Committee, Consultants and Management***

The Compensation Committee is responsible for determining the compensation of the Brinker Leadership Team, including the named executive officers. All compensation recommendations are reviewed and approved by the independent directors of the full Board. The Committee utilizes three sources during their evaluation process: (1) Pearl Meyer & Partners (Pearl Meyer), the Board's independent consulting firm; (2) Meridian Compensation Partners, LLC (Meridian); and (3) management. The Committee annually reviews the performance of all consultants. The Compensation Committee has also affirmatively determined that Pearl Meyer and Meridian are independent as required the SEC and NYSE.

Pearl Meyer has been retained by and reports directly to the Compensation Committee. Pearl Meyer does not have any other consulting engagements with management. The Committee regularly asks Pearl Meyer to provide independent advice on current trends in compensation design, including compensation levels, the merits of particular forms of compensation, relative weighting of compensation elements and compensation best practices.

Meridian is also retained by the Committee and provides detailed benchmarking data based on our benchmarking peer group. Meridian does not have any other consulting engagements with management. Meridian generates an independent report that is utilized in determining compensation levels for our Brinker Leadership Team. A more detailed discussion of the benchmarking process is provided in the Benchmarking section below. Based on the benchmark data and individual performance, the CEO provides input and recommendations to the Committee in setting total compensation for the Brinker Leadership Team, excluding his own compensation. The Committee considers these data sources and applies its own independent judgment in establishing a total compensation program, comprised of base salary increases, if any, short-term incentive targets as a percentage of base pay and long-term incentive targets, that aligns the interests of the executives with those of our shareholders.

Benchmarking

The Committee engages an independent third party to provide market data regarding base salary, short-term incentive targets, long-term incentive values and total compensation. For fiscal 2014, we retained Meridian to provide us with data drawn from their proprietary database. The benchmarking peer group is carefully selected based on criteria including restaurant and brand product industries, operating structure, location and size. We were near the median in terms of revenue size as compared to our benchmarking peer group. Proxy data from our Performance Share Plan peer group (which is identified in more detail in the Long-Term Incentives section of this Compensation Discussion and Analysis) was blended with data from Meridian's database as well as data from other restaurant companies that participate in the Chain Restaurant Total Rewards Association (CRTRA) Compensation Survey for the NEOs to provide us with benchmark information that we believe accurately reflects the market in which we compete for executive talent, particularly for the named executive officers. The following table lists the companies used in fiscal 2014 as our benchmarking proxy peer group for setting the fiscal 2014 compensation for the named executive officers:

appropriately balancing all elements of compensation (short-term versus long-term and fixed versus variable) while recognizing our performance, as well as the individual's performance, criticality, experience, and internal equity. There is no fixed percentage which determines the mix between cash and non-cash compensation, but compensation is significantly weighted towards variable compensation (short and long-term). The table below shows the percentage of fixed versus variable compensation elements for targeted total compensation.

Targeted Fixed Versus Variable Compensation Mix for the Named Executive Officers for Fiscal 2014

Name	Position	Fixed Compensation as a % of Target Total Compensation	Variable Compensation as a % of Target Total Compensation
Wyman T. Roberts	CEO and President	23%	77%
Guy J. Constant(1)	and President of Chili's Grill & Bar EVP, CFO and President of Global Business Development	26%	74%
Marie L. Perry(2)	SVP, Interim CFO	44%	56%
Kelli Valade	EVP, COO of Chili's Grill & Bar	40%	60%
Roger F. Thomson	EVP, Chief Development Officer and Secretary	31%	69%
Steve Provost	President of Maggiano's Little Italy	33%	67%

(1) Mr. Constant resigned as Executive Vice President, Chief Financial Officer and President of Global Business Development on March 6, 2014.

(2) Ms. Perry was appointed Chief Financial Officer on an interim basis on March 6, 2014.

Fiscal 2014 Executive Compensation and Benefit Components:

For the fiscal year ended June 25, 2014, the principal components of compensation and benefits for our named executive officers are listed:

Base Salary;

Short-Term Incentives;

Long-Term Incentives;

Retirement Benefits;

Health and Welfare Benefits; and

Perquisites.

Edgar Filing: BRINKER INTERNATIONAL INC - Form DEF 14A

In the sections that follow we detail how each component of compensation is evaluated. It is important to note that while each individual component is reviewed; all decisions are made in a total compensation context.

Base Salary

Base salaries provide our team members with a level of certainty about their compensation. Annually, we review base salaries during our benchmarking process. An individual's base salary is dependent on the size and scope of the position, their experience and most importantly their performance.

For fiscal 2014, officers, including the NEOs, received a 3.0% merit increase on average with the rest of the organization.

Table of Contents*Short-Term Incentives*

Our Profit Sharing Plan is a non-qualified annual incentive arrangement in which all RSC team members, including the named executive officers, and certain restaurant brand team members participate. The Plan measures both financial performance and individual performance.

At target, two-thirds of the award is based on financial performance and one-third of the award is based on individual performance.

The financial portion of the plan measures actual earnings per diluted share (EPS) versus a target EPS. These targets are established within the first quarter of our fiscal year by the Board and are designed to reinforce our focus on profitability and enhancement of long-term shareholder value.

Individual performance is measured based on the achievement of key performance indicators (KPIs). KPIs are established at the beginning of the year and align with our strategic goals. An individual performance component allows us to recognize critical factors to our performance; and to reward an individual's contribution to the organization. KPIs can include such items as project implementations, guest satisfaction, or employee engagement.

For all of our named executive officers, the financial performance portion of the short-term incentive is based on EPS. The maximum award that any individual can receive is 150% of his/her individual short-term incentive target, and minimum thresholds must be achieved to earn a payout. The table below details the actual short-term incentive payout versus target for the NEOs:

Fiscal 2014 Actual Short-Term Incentive Payout versus Target

Name	Position	Short-Term Incentive Actual Payout for Fiscal 2014	Short-Term Incentive Target Payout for Fiscal 2014
Wyman T. Roberts	CEO and President	\$ 572,110	\$ 889,613
Guy J. Constant(1)	and President of Chili's Grill & Bar EVP, CFO and President of Global Business Development	\$	\$
Marie L. Perry(2)	SVP, Interim CFO	\$ 72,804	\$ 91,720
Kelli Valade	EVP, COO of Chili's Grill & Bar	\$ 121,383	\$ 188,746
Roger F. Thomson	EVP, Chief Development Officer and Secretary	\$ 218,917	\$ 340,409
Steve Provost	President of Maggiano's Little Italy	\$ 175,363	\$ 272,683

(1) Mr. Constant resigned as Executive Vice President, Chief Financial Officer and President of Global Business Development on March 6, 2014 and is not eligible for a short term incentive payout. His target has been reflected at zero dollars.

(2) Ms. Perry was appointed Chief Financial Officer on an interim basis on March 6, 2014. Her payout is a blend based upon her service as a non NEO and her time during the year as an NEO.

*Fiscal 2014 Profit Sharing Plan**Financial Measure (2/3 Weighting):*

Edgar Filing: BRINKER INTERNATIONAL INC - Form DEF 14A

This year the Company established a target which was consistent with our long-term goal of annual EPS growth. Actual adjusted non-GAAP EPS for the Profit Sharing Plan was \$2.86 compared to a target non-GAAP EPS for the Profit Sharing Plan of \$2.92, resulting in a 79.8% achievement under the financial performance metric.

Table of Contents

Individual Performance Measure (1/3 Weighting):

For the Brinker Leadership Team, including the NEOs, the individual performance portion was based on three equally weighted KPIs: Percentage of Guests with a Problem, Comp Sales, and Return on Gross Investment (ROGI). The performance goal for Percentage of Guests with a Problem was met (exceeding by 0.1%). However, the Brinker Leadership Team did not meet their Comp Sales performance goal (missing by 1.5%) and the ROGI performance goal (missing by 0.3%). This performance resulted in a 33.0% achievement under the Individual Performance Metric for the Brinker Leadership Team.

Payout:

The resulting payout for NEOs was 64.31% of target based upon the goal achievement listed above and calculated as such: $(2/3 \times 79.8\% \text{ EPS achievement} + 1/3 \times 33.0\% \text{ KPI achievement})$.

The formulas used to calculate both plan and actual performance are further outlined in our Profit Sharing Plan. However, from time to time unplanned events occur that are not explicitly detailed within the Profit Sharing Plan. In such instances, the Compensation Committee reviews the scenarios and determines how specific events should be accounted for under the Profit Sharing Plan. The intent when making such decisions is to ensure the impact to the Profit Sharing Plan is fair to both participants and shareholders. The Committee reviewed and determined the treatment of the following items, among others, which impacted the earnings calculation used in the Profit Sharing Plan: impairment charges, impact on earnings related to the closed restaurants, and the accrual for an impending legal settlement.

Long-Term Incentives

We grant a mix of stock options, performance shares and career equity to all of our officers with the belief that meeting our long-term strategic goals will increase our stock price. Target long-term incentive values are determined by the Committee by analyzing benchmark data, individual performance, program cost and total compensation targets. Once the target value is established, the number of shares granted as stock options, performance shares and career equity is based on delivering approximately 31% of the value in stock options and the remaining 69% in performance shares and career equity. Our equity programs give officers a stake in the potential rewards provided to shareholders as a result of their efforts.

All equity based awards, including stock options, are granted on the last Thursday of each August. The number of shares granted each year fluctuates based on our stock price, and other equity unit valuation methods (Black-Scholes for Stock Options and Monte Carlo for Performance Shares). However, the Committee will not grant equity compensation awards in anticipation of the release of material nonpublic information so the grant date could change if such a case should occur.

Stock Options

Stock options are intended to motivate participants to increase our stock price as they only have value if the market price of our stock increases over the closing price of our common stock on the date of grant. The actual compensation realized from stock options is dependent on both the increase in our stock price and each participant's decision on when to exercise. Our stock options vest 25% per year over four years and have a term of eight years. We target a certain value for each stock option grant. The number of stock options granted is determined by the stock price at the date of grant, and is calculated using the formula of (A) targeted value of stock option grant divided by (B) the product of the stock price at grant multiplied by the Black-Scholes modifier at grant.

Performance Shares

To balance out the volatility of stock options while still aligning participants with shareholder interests, we also grant performance shares. We target a certain value for each performance share grant. The number of performance shares granted is determined by the stock price at the date of grant, and is calculated using the formula of (A) targeted value of performance share grant divided by (B) the product of the stock price at grant multiplied by the Monte Carlo modifier at grant.

Table of Contents

Performance shares are earned based on our relative total shareholder return (TSR) compared to a select group of publicly-traded restaurant companies over a three year measurement period. The peer group is based on those companies with whom we compete for investor dollars and executive talent (these companies are also used in our executive compensation benchmarking). TSR is the measurement of the appreciation in the stock price for each company, plus dividends, if any. The following is a list of the fiscal 2014 TSR peer group:

Fiscal 2014-2016 Total Shareholder Return Peer Group

BJ's Restaurants, Inc.	The Cheesecake Factory, Inc.	Red Robin Gourmet Burgers, Inc.
Bloomin' Brands, Inc.	Darden Restaurants, Inc.	Ruby Tuesday, Inc.
Buffalo Wild Wings, Inc.	DineEquity, Inc.	Texas Roadhouse, Inc.
CBRL Group, Inc.	McDonalds Corporation	The Wendy's Company
Chipotle Mexican Grill, Inc.	Panera Bread Company	Yum! Brands, Inc.

The target award (which is granted at the beginning of the measurement period) is adjusted by the payout percentage which ranges from 0% to 175%. To earn 100% of a target award, we have to rank 7th in our peer group. Any payout is reduced by 20% if our TSR is negative. A cap is also imposed on the maximum payout of two and one half times the stock price at the time of grant. The table below reflects the ranking and related payout percentage for the fiscal 2014-2016 performance share plan.

Rank	Payout Percentage
1	175%
2	175%
3	165%
4	145%
5	135%
6	125%
7	100%
8	90%
9	70%
10	50%
11	20%
12-16	%

Earned shares are distributed shortly after the completion of the three year performance period. Earned shares are not subject to further vesting requirements; although they may need to be retained to meet stock ownership guidelines (see discussion below).

Fiscal 2012 Fiscal 2014 Performance Share Plan we ranked in 3rd place and earned a 165% payout.

Career Equity

Career Equity is a restricted stock unit program that works as a retention device since the shares only vest upon retirement (detailed information concerning our retirement provisions can be found below in the paragraph titled *Retirement Definitions and Payouts*). We target a certain value for each Career Equity grant. The number of Career Equity units granted is determined by the stock price at the date of grant, and is calculated using the formula of (A) targeted value of Career Equity grant divided by (B) the stock price at grant.

The value realized by executives is based on our stock price performance from the grant date until the executive's retirement, which reinforces our long-term strategic goal of enhancing long-term shareholder value. Career Equity makes up less than 10% of the total long-term incentive value for our NEOs.

Table of Contents*Retention and other One-Time Equity Grants*

These grants are restricted stock unit awards designed as a retention tool, with shares only vesting with continued employment for either 3 or 5 year cliff-vesting horizons. The number of units granted is determined by the stock price at the date of grant, and is calculated using the formula of (A) value of the restricted stock unit grant divided by (B) the the stock price at grant.

Equity Compensation Plan Information

The following table summarizes, as of June 25, 2014, the equity compensation plans under which we may issue shares of stock to our officers and team members under the Stock Option and Incentive Plan (1998 Plan) and to directors under the 1999 Stock Option and Incentive Plan for Non-Employee Directors and Consultants (1999 Plan):

Plan Category	(a)	(b)	(c)
	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (#)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (\$)(1)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a)(#)
Equity compensation plans approved by security holders	3,208,504(2)	24.80	5,284,702(3)
Equity compensation plans not approved by security holders			
Total	3,208,504	24.80	5,284,702

(1) The amounts shown in this column relate only to options exercisable for common shares.

(2) The amount shown includes 1,507,649 shares issuable in respect of restricted stock units and performance shares.

(3) The amount shown includes 4,977,362 shares available for issuance under the 1998 Plan and 307,340 shares available for issuance under the 1999 Plan.

Stock Ownership Guidelines

We have stock ownership guidelines for our Board of Directors and our senior vice presidents and above, including the named executive officers. Stock ownership aligns these officers and directors with shareholders and promotes good corporate citizenship. These guidelines were first adopted in fiscal 2007 and are periodically reviewed for appropriateness.

The guidelines for all senior vice presidents and above define stock ownership to include any shares currently owned; vested, in the money stock options (which are converted for this purpose to share equivalents based on the in the money value of the stock option); unvested restricted stock or restricted stock units; and one-third of any unvested performance shares. We include one-third of the unvested performance shares, because on average, it is expected that at least one-third of the shares will vest over multiple performance cycles. Thus, by counting these shares towards their ownership guideline, we limit the need for them to purchase shares in the open market to meet the guideline.

Table of Contents

The guidelines for our Board of Directors define stock ownership to include any shares currently owned; vested, in the money stock options (which are converted for this purpose to share equivalents based on the in the money value of the stock option); and unvested restricted stock or restricted stock units. The guideline was established by taking a multiple of base salary (annual retainer in the case of the Board) which was used to calculate a fixed share amount by position. The guidelines are as follows:

Level	Stock Ownership Guidelines
Board Member	9,000
CEO	202,500
EVP or Brand President	67,500
SVP	33,000

Ownership is reviewed annually by the Board of Directors. Officers subject to the guidelines have five years to accumulate the necessary shares. The five year period begins on the date the officer is promoted to senior vice president or above. If, however, such officer was not previously an employee of the company, then the officer will be provided six years to meet the guideline. Should any of these officers be below the guideline after being in the program for five years (or six, as applicable), they may receive half of any short-term incentives in shares until the guideline is met. Directors have four years to accumulate the necessary shares. Currently no officer or director is out of compliance with the guidelines. No officer or director is permitted to hedge the economic ownership of their guideline.

Fiscal 2015 Considerations

The Compensation Committee conducted a detailed review of our compensation programs and benefits in comparison to our operating climate and the market as a whole. The Committee determined that we had the appropriate mix of compensation and benefits in place (cash, short-term incentives, stock options, restricted stock units and 401(k)). The Board did approve a merit increase pool for all team members for the fiscal year.

*Retirement Benefits**Savings Plans*

Our 401(k) Savings Plan (401(k) Plan) and Deferred Income Plan (Deferred Plan) are designed to provide the Company's team members with a competitive tax-deferred long-term savings vehicle. The 401(k) Plan is a qualified 401(k) plan and the Deferred Plan is a non-qualified deferred compensation plan.

401(k) Plan

All of our team members, including those who may be classified as highly compensated by the IRS, who have attained the age of twenty-one and completed both one year and one thousand hours of service with the Company are eligible to participate in the 401(k) Plan. We will match 100% of each participant's contribution for the first 3% of the participant's base salary and bonus and 50% for the next 2% of the participant's salary and bonus. All Company contributions vest immediately.

Deferred Plan

The Deferred Plan is a non-qualified deferred compensation plan for all of our officers, including the named executive officers. Deferred Plan participants elect the percentage of their salary and bonus, not to exceed 50%, they wish to defer into their Deferred Plan account. Deferrals earn a flat rate of interest which is compounded monthly. The interest rate is based on the prime rate on the first business day each November. The interest rate has a collar preventing it from increasing or decreasing more than one percentage point over the previous year.

We do not match executives' deferrals under the Deferred Plan. Plan liabilities are notionally funded through Corporate Owned Life Insurance policies held within a Rabbi Trust. Trust assets are subject to the claims of the Company's creditors.

Table of Contents

Retiree Medical Benefits

Select officers, including the named executive officers, are eligible to receive retiree medical insurance from us if they meet our definition of retirement (described below in the paragraph of the section entitled *Retirement Definitions and Payouts*). This fully insured policy is paid for by both the retiree and the Company. The cost split between retiree and the Company mimics that of the cost split for our active employees and their medical benefits. Currently, that percentage is approximately 72% of the cost paid by the Company and 28% of the cost paid by the participant. Participants are eligible to receive this coverage until age 65.

Retirement Definitions and Payouts

For those executives who remain with us for their career we want to ensure they are able to benefit from their contributions to our long-term success. Therefore, we have defined retirement provisions that allow for post-employment benefits. Early retirement is defined as age plus years of service equal 70, with a minimum age of 55. Normal retirement is defined as age plus years of service equal 70, with a minimum age of 60, or age 65 (regardless of service). This definition is applied to all of our equity programs, our retiree medical program, and our Profit Sharing Plan. Listed below are our programs and their treatment under early and normal retirement:

	Early Retirement	Normal Retirement
Stock Options	Unvested shares accelerated and remain exercisable for the shorter of 12 months or the expiration date	Unvested shares accelerated and remain exercisable for the shorter of 36 months or the expiration date
Performance Shares	Pro-rated and paid at the end of the measurement period based on actual results	The full award is paid at the end of the measurement period based on actual results
Career Equity	Pro-rated and paid upon retirement	The full award is paid upon retirement

Health and Welfare Benefits

All of our salaried employees are eligible for health and welfare benefits, including the named executive officers. Our salaried employees also receive term life insurance, short-term disability and long-term disability. The level of company-provided coverage for the senior vice presidents and above, including the named executive officers, is at a higher rate than other employees for some company-provided benefits. We have provided detailed information in the chart below for the named executive officers.

Company Paid Benefits for the Named Executive Officers

	Life Insurance	AD&D Insurance	Long-Term Disability	Long-Term Care
Benefit	4× Salary up to \$3.5M	2× Salary up to \$1M	70% Wage Replacement up to \$30K per month	\$201 daily benefit amount

Perquisites

We provide our officers with perquisites that are generally intended to promote the officers well-being and efficiency. The Committee reviews the perquisites during our annual benchmarking process for reasonableness and consistency with competitive practice. We currently provide our officers (with the exception of the CEO) with the following perquisites:

a car allowance;

a financial planning allowance;

a dining card;

Table of Contents

an annual executive physical;

an airline club membership;

a cell phone allowance; and

a health club reimbursement.

The CEO receives only the following perquisites: a dining card and an annual executive physical.

We do not own or lease any aircraft for the benefit of management. Providing perquisites separately, and not rolling them into base salary, ensures those dollars are not included in our calculations for benefits such as life insurance and other programs that use base salary in their calculation such as the Profit Sharing Plan and our 401(k) Plan.

Change in Control

We do not have any change in control agreements in place with any of our officers. However, our stock programs and Profit Sharing Plan do contain change in control provisions. Under our stock option program, in the event of a change in control, the unvested options are accelerated and the optionee has the full remaining term to exercise. We have made a change to this provision in our annual grant agreements that took effect in fiscal 2009 and future years where we will only accelerate in the money stock options.

Vesting on all unvested restricted shares is also accelerated as of the date of change in control. Under our Performance Share Plan, the participant becomes 100% vested and the relative ranking is established as of the date of the change in control thus ending the measurement period. In no event will less than 100% of the target award be distributed to the participant. This floor amount was included to ensure the retention of plan participants through the change-in-control date. As for our Profit Sharing Plan, if a change in control should occur prior to the end of the fiscal year, the participant will be eligible to receive a payment equal to the greater of the payout as calculated under the Plan provisions or his/her annual target award. Again, the floor award is included to ensure retention and to provide the participant the benefit of the doubt when the measurement period is truncated.

Tax Implications

The Committee has considered the impact of Section 162(m) of the Internal Revenue Code. This section disallows a tax deduction for any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless compensation is performance-based. It is the intent of the Company and the Committee to maximize the deductibility of our executives compensation whenever possible. However, the Committee does not believe that compensation decisions should be based solely upon the amount of compensation that is deductible for federal income tax purposes. Accordingly, the Committee reserves the right to award compensation that is or could become non-deductible when it believes that such compensation is consistent with our strategic goals and in our best interests. For fiscal year 2014, we believe the annual incentive payments, stock options, and performance shares all qualify for deduction under section 162(m).

Administration of Compensation Program

The Committee's administration of the executive compensation program is in accordance with the principles outlined at the beginning of this Compensation Discussion and Analysis. The Committee believes that our compensation programs provide the necessary incentives and flexibility to promote our performance-based compensation philosophy while being consistent with our objectives. Our financial performance supports the compensation practices employed during the past year. No member of the Committee serves or previously served as an employee or officer of the Company.

Table of Contents

Recoupment Provisions

In fiscal 2009, the Committee determined that clawback language should be inserted in our individual plan documents and our grant agreements going forward. Specifically, language was adopted stating that if the Board of Directors determines any fraud, negligence or intentional misconduct by an Officer was a significant contributing factor to the Company having to restate all or a portion of its financial statements, the Board or Committee shall take, in its discretion, such action as it deems necessary to remedy the misconduct and prevent its recurrence. Further, under Section 304 of Sarbanes-Oxley, if the Company is required to restate its financials due to material noncompliance with any financial reporting requirements as a result of misconduct, the CEO and CFO must reimburse the company for (1) any bonus or other incentive-based or equity-based compensation received during the 36 months following the first public issuance of the non-complying document and (2) any profits realized from the sale of securities of the Company during those 36 months.

Consideration of Prior Amounts Realized

In furtherance of the Company's philosophy of rewarding executives for future superior performance, prior stock compensation gains (or the lack thereof) are not considered in setting future compensation levels.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Respectfully submitted,

Compensation Policies and Practices As They Relate to the Company's Risk Management

We believe that our compensation policies and practices for all team members, including officers, do not create risks that are reasonably likely to have a material adverse effect on the Company. We believe that the Company has appropriate safeguards in place with respect to the compensation programs that assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our officers and team members. These safeguards include: managing pay opportunities to market levels through peer benchmarking; balancing performance focus between near-term objectives and long-term shareholder value creation; issuing equity awards that vest over multi-year time horizons; capping cash incentive plan payments; maintaining stock ownership guidelines for our executive officers; and no employment agreements. Furthermore, the Compensation Committee retains its own independent compensation consultant to provide input on executive pay matters, meets regularly, and approves all performance goals, award vehicles and pay opportunity levels.

In fiscal 2014, the Compensation Committee reviewed the concept of risk, as it relates to our compensation programs and determined that our programs do not encourage excessive or inappropriate risk. In reaching this conclusion, the Compensation Committee noted that long term incentives are predominately equity based and tied to shareholder returns, market comparisons are used, ownership guidelines are applied, and the majority of variable pay is tied to company performance.
