Item 1.01 Entry into a Material Definitive Agreement

On May 10, 2015, Rosetta Resources Inc., a Delaware corporation (Rosetta), entered into an Agreement and Plan of Merger (the Merger Agreement) with Noble Energy, a Delaware corporation (Noble Energy), and Bluebonnet Merger Sub Inc., a Delaware corporation and an indirect, wholly owned subsidiary of Noble Energy (Merger Sub), pursuant to which Noble Energy will acquire Rosetta in exchange for shares of common stock, par value \$0.01 per share, of Noble Energy (Noble Energy Common Shares). Upon the terms and subject to the conditions set forth in the Merger Agreement, Merger Sub will be merged with and into Rosetta (the Merger), with Rosetta continuing as the surviving corporation in the Merger and an indirect wholly owned subsidiary of Noble Energy (the Merger).

Under the terms of the Merger Agreement, at the effective time of the Merger (the Effective Time), each issued and outstanding share of common stock, par value \$0.001 per share, of Rosetta (the Rosetta Common Shares) (other than Rosetta Common Shares held by Rosetta, Noble Energy and their respective subsidiaries as of immediately prior to the Effective Time), will be converted into the right to receive 0.542 (the Exchange Ratio) Noble Energy Common Shares (the Merger Consideration). No fractional Noble Energy Common Shares will be issued in the Merger, and holders of Rosetta Common Shares will, instead, receive cash in lieu of fractional Noble Energy Common Shares, if any.

Also at the Effective Time, each option to purchase Rosetta Common Shares (each, a Rosetta Option) that is outstanding as of immediately prior to the Effective Time will be converted into an option to purchase, on the same terms and conditions as were applicable to such Rosetta Option immediately prior to the Effective Time, the number of Noble Energy Common Shares, rounded down to the nearest whole share, determined by multiplying the number of Rosetta Common Shares subject to the Rosetta Option by the Exchange Ratio, at an exercise price per Noble Energy Common Share, rounded up to the nearest whole cent, equal to the per share exercise price for the Rosetta Common Shares otherwise purchasable pursuant to the Rosetta Option immediately prior to the Effective Time divided by the Exchange Ratio.

The restricted shares of Rosetta common stock outstanding as of immediately prior to the Effective Time will be converted into restricted shares of Noble Energy common stock, subject to the same restrictions, in an amount equal to the number of restricted shares of Rosetta common stock multiplied by the Exchange Ratio, rounded up to the nearest whole share.

The performance share units (Rosetta PSUs) with respect to Rosetta Common Shares outstanding as of immediately prior to the Effective Time will be deemed earned at the target level of 100% and will be converted into restricted shares of Noble Energy common stock (Converted PSU Shares) that will vest on the last day of the original performance period as provided under the terms of the applicable Rosetta PSU award agreement. The number of Converted PSU Shares that each holder of outstanding Rosetta PSUs will receive will be equal to the target number of Rosetta Common Shares subject to the applicable award of Rosetta PSUs multiplied by the Exchange Ratio.

Each of Rosetta, Noble Energy, and Merger Sub has made customary representations and warranties and covenants in the Merger Agreement. The Merger is subject to various closing conditions, including but not limited to (i) approval of the Merger Agreement by at least a majority of the outstanding Rosetta Common Shares, (ii) the expiration or earlier termination of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, (iii) the absence of any law, order or injunction prohibiting the Merger, (iv) the accuracy of each party's representations and warranties and (v) each party's compliance with its covenants and agreements contained in the Merger Agreement.

The Merger Agreement contains certain termination rights for both Rosetta and Noble Energy, including if the Merger is not consummated by November 12, 2015, and further provides that, upon termination of the Merger Agreement under certain circumstances, Rosetta may be required to pay Noble Energy a termination fee equal to \$65,000,000.

The Merger Agreement is attached hereto as Exhibit 2.1 and is incorporated into this Item 1.01 by reference.

The foregoing summary has been included to provide investors and security holders with information regarding the terms of the Merger Agreement and is qualified in its entirety by the terms and conditions of the Merger Agreement. It is not intended to provide any other factual information about Rosetta, Noble Energy or their respective subsidiaries and affiliates. The Merger Agreement contains representations and warranties by each of the parties to the Merger Agreement, which were made only for purposes of the Merger Agreement and as of specified dates. The representations, warranties and covenants in the Merger Agreement were made solely for the benefit of the parties to the Merger Agreement; may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures made for the purposes of allocating contractual risk between the parties to the Merger Agreement instead of establishing these matters as facts; and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Investors should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of Rosetta, Noble Energy or any of their respective subsidiaries or affiliates. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the date of the Merger Agreement, which subsequent information may or may not be fully reflected in Rosetta's or Noble Energy's public disclosures.
