PROXY STATEMENT

FOR

2016 ANNUAL MEETING OF STOCKHOLDERS

PROCEDURAL MATTERS

This proxy statement and the enclosed form of proxy are furnished in connection with solicitation of proxies by our board of directors for use at the annual meeting of stockholders (the Annual Meeting) to be held on May 6, 2016, and any postponements, adjournments or continuations thereof. The Annual Meeting will be held at the Sofitel San Francisco Bay Hotel, located at 223 Twin Dolphin Drive, Redwood City, CA 94065, on Friday, May 6, 2016 at 10:00 a.m. Pacific Daylight Time. This proxy statement, the accompanying form of proxy card and our 2015 annual report are first being mailed on or about April 11, 2016 to all stockholders entitled to vote at the Annual Meeting. We use the terms RingCentral, the Company, we, our and us in this proxy statement to refer to RingCentral, Inc., a Delaware corporation. RingCentral's principal executive offices are located at 20 Davis Drive, Belmont, California 94002.

The information provided in the question and answer format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully.

What matters am I voting on?

You will be voting on:

a proposal to elect five (5) directors nominated by our board of directors and named in the proxy statement (Proposal One);

a proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2016 (Proposal Two);

a proposal to approve, on an advisory and non-binding basis, executive compensation as described in this proxy statement (Proposal Three);

Edgar Filing: RingCentral Inc - Form DEF 14A

a proposal to approve, on an advisory and non-binding basis, the frequency of future advisory votes on executive compensation (Proposal Four); and

any other business that may properly come before the meeting.

Table of Contents

How does the board of directors recommend I vote on these proposals?

The board of directors recommends a vote:

FOR the election of the five (5) directors nominated by our board of directors and named in the proxy statement (Proposal One);

FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2016 (Proposal Two);

FOR the executive compensation as described in this proxy statement (Proposal Three); and

FOR the frequency of every one year for future advisory votes on executive compensation (Proposal Four).

Will there be any other items of business on the agenda?

If any other items of business or other matters are properly brought before the Annual Meeting, your proxy gives discretionary authority to the persons named on the proxy card with respect to those items of business or other matters. The persons named in the proxy card intend to vote the proxy in accordance with their best judgment. Our board of directors does not intend to bring any other matters to be voted on at the Annual Meeting, and we are not currently aware of any matters that may be properly presented by others for action at the Annual Meeting.

Who is entitled to vote?

Holders of our Class A common stock and Class B common stock, as of the close of business on March 29, 2016, the record date, may vote at the Annual Meeting. We refer to the Class A common stock and the Class B common stock collectively as the common stock in this proxy statement. As of the record date, we had 58,799,358 shares of Class A common stock outstanding and 13,428,421 shares of Class B common stock outstanding. In deciding all matters at the Annual Meeting, each holder of our Class A common stock will be entitled to one (1) vote for each share of Class A common stock held on the record date, and each holder of Class B common stock will be entitled to ten (10) votes for each share of Class B common stock held as of the record date. The Class A common stock and Class B common stock will vote as a single class on all matters described in this proxy statement for which your vote is being solicited. No shares of our preferred stock were outstanding as of the record date. We do not have cumulative voting rights for the election of directors.

Registered Stockholders. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares, and this proxy statement was provided to you directly by us. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting.

Street Name Stockholders. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the proxy statement was forwarded to you by your broker, bank or other nominee, who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or other nominee how to vote your shares. Beneficial

owners are also invited to attend the Annual Meeting.

Table of Contents

However, since a beneficial owner is not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you follow your broker's procedures for obtaining a legal proxy. If you request a printed copy of the proxy materials by mail, your broker, bank or other nominee will provide a voting instruction card for you to use.

How do I vote?

There are four ways to vote:

by Internet at www.investorvote.com/RING, 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on May 5, 2016 (have your proxy card in hand when you visit the website);

by toll-free telephone at 1-800-652-VOTE (8683), until 11:59 p.m. Eastern Time on May 5, 2016 (have your proxy card in hand when you call);

by completing and mailing your proxy card, which shall be received by us no later than May 5, 2016 (if you received printed proxy materials); or

by written ballot at the Annual Meeting.

Can I change my vote?

Yes. You can change your vote or revoke your proxy any time before the Annual Meeting by:

entering a new vote by Internet or by telephone;

completing and returning a later-dated proxy card;

notifying the Corporate Secretary of RingCentral, Inc., in writing, at the address listed on the front page; or

completing a written ballot in person at the Annual Meeting.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. The persons named in the proxy have been designated as proxies by our board of directors. When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instruction of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our board of directors as described above. If any matters not described in the proxy statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual

Meeting is postponed or adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have properly revoked your proxy instructions, as described above.

Table of Contents

What is a quorum?

A quorum is the minimum number of the aggregate voting power of the stock issued and outstanding and entitled to vote at the Annual Meeting for the meeting to be properly held under our bylaws and Delaware law. The presence, in person or by proxy, of a majority of the aggregate voting power of the stock issued and outstanding and entitled to vote at the Annual Meeting will constitute a quorum at the meeting. A proxy submitted by a stockholder may indicate that all or a portion of the shares represented by the proxy are not being voted (stockholder withholding) with respect to a particular matter. Similarly, a broker may not be permitted to vote stock (broker non-vote) held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock. See How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions? The shares subject to a proxy that are not being voted on a particular matter because of either stockholder withholding or broker non-vote will count for purposes of determining the presence of a quorum. Abstentions are also counted in the determination of a quorum. If there is no quorum, a majority of the shares present at the Annual Meeting may adjourn the meeting to a later date.

How many votes are needed for approval of each matter?

Proposal One: The election of directors requires a plurality vote of the voting power of the stock issued and outstanding and present in person or by proxy at the meeting and entitled to vote thereon. Plurality means that the individuals who receive the largest number of votes cast for are elected as directors. As a result, any shares not voted for a particular nominee (whether as a result of a stockholder abstention or a broker non-vote) will not be counted in such nominee's favor and will have no effect on the outcome of the election. You may vote for or withhold on each of the nominations for election as a director.

Proposal Two: The ratification of the appointment of KPMG LLP must receive the affirmative vote of a majority of the voting power of the stock issued and outstanding and present in person or by proxy at the meeting and entitled to vote thereon to be approved. Abstentions are considered votes cast and, thus, will have the same effect as a vote against the proposal. Broker no-votes will have no effect on the outcome of this proposal.

Proposals Three: The approval, on an advisory and non-binding basis, of the executive compensation as described in this proxy statement must receive the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote thereon to be approved. Abstentions are considered votes cast and thus, will have the same effect as a vote against the proposal. Broker non-votes will have no effect on the outcome of this proposal.

Proposal Four: The recommendation, on an advisory and non-binding basis, of the frequency of future advisory votes on executive compensation every year, every two years or every three years receiving the highest number of votes cast will be considered the frequency preferred by our stockholders.

How are proxies solicited for the Annual Meeting?

The board of directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by us. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending these proxy materials to you if a broker, bank or other nominee holds your shares.

Table of Contents

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker will have discretion to vote your shares on our sole routine matter the proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm. Your broker will not have discretion to vote on (i) the election of directors, (ii) the stockholder advisory vote on the compensation of our named executive officers or (iii) the frequency of future stockholder advisory votes on the compensation of our named executive officers, which are non-routine matters, absent direction from you.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within RingCentral or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Will members of the board of directors attend the Annual Meeting?

We encourage, but do not require, our board members to attend the Annual Meeting. Those that do attend will be available to answer appropriate questions from stockholders.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K that we will file with the Securities and Exchange Commission (SEC) within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K, we will file a Current Report on Form 8-K to publish preliminary results and will provide the final results in an amendment to that Form 8-K as soon as they become available.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called householding, which the SEC has approved. Under this procedure, we deliver a single copy of the proxy materials and 2015 annual report to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs, and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, we will deliver promptly a separate copy of the proxy materials and 2015 annual report to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy, or, if you are receiving multiple copies, to request that RingCentral only send a single copy of the proxy materials and 2015 annual report, stockholders may contact us as follows:

What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

Stockholder Proposals

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to our Corporate Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2017 annual meeting of stockholders, our Corporate Secretary must receive the written proposal at our principal executive offices not later than December 12, 2016. In addition, stockholder proposals must comply with the requirements of Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

RingCentral, Inc.

Attention: Corporate Secretary

20 Davis Drive

Belmont, California 94002

Email: ir@ringcentral.com

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (i) specified in our proxy materials with respect to such meeting, (ii) otherwise properly brought before the meeting by or at the direction of our board of directors, or (iii) properly brought before the meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws. To be timely for our 2017 annual meeting of stockholders, our Corporate Secretary must receive the written notice at our principal executive offices:

not earlier than January 26, 2017; and

not later than 5:00 p.m. Pacific Daylight Time on February 25, 2017.

In the event that we hold our 2017 annual meeting of stockholders more than 30 days before or more than 60 days after the one-year anniversary date of the 2017 annual meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the close of business on the 120th day before such annual meeting and no later than the close of business on the later of the following two dates:

the 90th day prior to such annual meeting; or

Table of Contents

the 10th day following the day on which public announcement of the date of such annual meeting is first made.

If a stockholder who has notified us of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, we are not required to present the proposal for a vote at such meeting.

Nomination of Director Candidates

You may propose director candidates for consideration by our nominating and corporate governance committee. Any such recommendations should include the nominee's name and qualifications for membership on our board of directors and should be directed to the Corporate Secretary of RingCentral at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see Board of Directors and Corporate Governance Stockholder Recommendations for Nominations to the Board of Directors.

In addition, our bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Corporate Secretary within the time period described above under Stockholder Proposals for stockholder proposals that are not intended to be included in our proxy statement.

Availability of Bylaws

A copy of our bylaws may be obtained by accessing RingCentral's filings on the SEC's website at www.sec.gov. You may also contact our Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Director Independence

Under the rules of the NYSE, independent directors must comprise a majority of a listed company's board of directors within a specified period of the completion of its initial public offering. In addition, the rules of the NYSE require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent. Under the rules of the NYSE, a director is independent only if our board of directors makes an affirmative determination that the director has no material relationship with us.

Our board of directors undertook a review of its composition, the composition of its committees and the independence of each director. The determination of our board of directors was based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships. In making this determination, our board of directors considered the relationships that each non-employee director has with us and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

With respect to Mr. Williams, our board of directors specifically considered that Mr. Williams is the Executive Vice President and Chief Financial Officer of Intuit Inc. and the terms and value of the fax services sales contract we have with Intuit Inc. Our board of directors has concluded that our relationship with Intuit Inc. is not a material relationship that would impede the exercise of independent judgment by Mr. Williams. With respect to Mr. Kourey, our board of directors specifically considered that Mr. Kourey is the Chief Financial Officer of Medallia, Inc. and the terms and value of the cloud communications services sales contract we have with Medallia, Inc. and the data analytics services we purchased from Medallia, Inc. Our board of directors has concluded that our relationship with Medallia, Inc. is not a material relationship that would impede the exercise of independent judgment by Mr. Kourey. With respect to Mr. Thygesen, our board of directors specifically considered that Mr. Thygesen is Vice President, Global SMB Sales and Operations at Google Inc. (though he is not an executive officer at Google Inc.) and the terms and value of the search engine optimization/search engine marketing agreement we have with Google Inc. Our board of directors has concluded that our relationship with Google Inc. is not a material relationship that would impede the exercise of independent judgment by Mr. Thygesen. Our board of directors has determined that all of the members of our board of directors, except our CEO, Mr. Shmunis, are independent as defined in the applicable NYSE rules and applicable rules and regulations of the SEC.

Leadership Structure

Mr. Shmunis currently serves as both Chairman of our board of directors and CEO. Our board of directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the board and management to benefit from Mr. Shmunis leadership, company specific experience and years of experience as an executive in the technology industry. Serving on our board of directors and as CEO since our founding in 1999, Mr. Shmunis is best positioned to identify strategic priorities, lead critical discussion and execute our strategy and business plans. Mr. Shmunis possesses detailed in-depth knowledge of the issues, opportunities and challenges facing us. Independent directors and management sometimes have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside of our company, while the CEO brings company specific experience and expertise. The board of directors believes that Mr. Shmunis' combined role enables strong leadership, creates clear accountability and enhances our ability to communicate our message and strategy clearly and consistently to stockholders.

Lead Independent Director

Our corporate governance guidelines provide that one of our independent directors should serve as a lead independent director at any time when the Chairman is not independent. Because our CEO, Mr. Shmunis, is our Chairman, our board of directors appointed Mr. Leone to serve as our lead independent director. Mr. Leone served as lead independent director during fiscal 2015 through the date of our 2015 annual meeting when he did not stand for re-election. Our board of directors has since appointed Mr. Theis to serve as our lead independent director. Our lead independent director presided over periodic meetings of our independent directors, served as a liaison between our Chairman and the independent directors and performed such additional duties as our board of directors otherwise determined and delegated.

Board Meetings and Committees

During the year ended December 31, 2015, the board of directors held six meetings (including regularly scheduled and special meetings), and acted by unanimous written consent one time. No director attended fewer than 75% of the total number of meetings of the board of directors and the committees of which he was a member. Although we do not have a formal policy regarding attendance by members of our board of directors at annual meetings of stockholders, we encourage but do not require our directors to attend. Four of our directors attended our 2015 annual meeting.

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Our board of directors may establish other committees from time to time. The charters for each of our committees are available on our website at *ir.ringcentral.com*.

Audit Committee

Our audit committee oversees our accounting and financial reporting process and the audit of our financial statements and assists our board of directors in monitoring our financial systems and our legal and regulatory compliance. Our audit committee is responsible for, among other things:

appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;

pre-approving auditing and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;

reviewing annually a report by the independent registered public accounting firm regarding the independent registered public accounting firm's internal quality control procedures and various issues relating thereto;

reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;

coordinating the oversight and reviewing the adequacy of our internal control over financial reporting with both management and the independent registered public accounting firm;

establishing policies and procedures for the receipt and retention of accounting related complaints and concerns, including a confidential, anonymous mechanism for the submission of concerns by employees;

Table of Contents

periodically reviewing legal compliance matters, including securities trading policies, periodically reviewing significant accounting and other financial risks or exposures to our company and reviewing and, if appropriate, approving all transactions between our company or its subsidiaries and any related party (as described in Item 404 of Regulation S-K);

periodically reviewing our code of business conduct and ethics;

establishing policies for the hiring of employees and former employees of the independent registered public accounting firm; and

reviewing the audit committee report required by SEC rules to be included in our annual proxy statement. The audit committee has the power to investigate any matter brought to its attention within the scope of its duties and the authority to retain counsel and advisors to fulfill its responsibilities and duties.

Our audit committee is currently comprised of Michelle McKenna-Doyle, Michael Kourey and Neil Williams, who is the chairperson of the committee. During part of fiscal year 2015, Bobby Yerramilli-Rao and Robert Theis also served on our audit committee. Mr. Yerramilli-Rao resigned from our board of directors, and from our audit committee, as of March 2015, and Mr. Theis resigned from the audit committee as of April 2015. In addition, Mr. Kourey is not standing for re-election at the Annual Meeting, but will continue to serve as a member of our board of directors and our audit committee until the expiration of his current term ending on the date of the Annual Meeting. Accordingly, our board of directors has appointed Robert Theis as member of our audit committee, effective immediately following the Annual Meeting. Our board of directors has designated Neil Williams, Michael Kourey, Robert Theis and Michelle McKenna-Doyle as audit committee financial experts, as defined under the rules of the SEC implementing Section 407 of the Sarbanes Oxley Act of 2002.

Our board of directors has considered the independence and other characteristics of each member of our audit committee and has concluded that the composition of our audit committee meets the requirements for independence under the current requirements of the NYSE and SEC rules and regulations. Audit committee members must satisfy additional independence criteria set forth under Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act). In order to be considered independent for purposes of the Rule 10A-3, an audit committee member may not, other than in his capacity as a member of the audit committee, accept consulting, advisory or other fees from us or be an affiliated person of us. Each of the members of our audit committee qualifies as an independent director pursuant to Rule 10A-3.

Our audit committee had four meetings in 2015 and did not act by unanimous written consent in 2015.

Compensation Committee

Our compensation committee oversees our compensation policies, plans and programs. The compensation committee is responsible for, among other things:

reviewing and recommending policies, plans and programs relating to compensation and benefits of our directors, officers and employees;

annually reviewing and approving corporate goals and objectives relevant to compensation of our chief executive officer;

Table of Contents

annually evaluating the performance of our chief executive officer in light of such corporate goals and objectives and recommending the compensation of our chief executive officer to the board of directors for its approval;

administering our equity compensations plans for our employees and directors; and

reviewing for inclusion in our proxy statement the report of the compensation committee required by the SEC.

The compensation committee also has the power to investigate any matter brought to its attention within the scope of its duties and the authority to retain counsel and advisors to fulfill its responsibilities and duties.

Our compensation committee is currently comprised of Michelle McKenna-Doyle, Michael Kourey and Robert Theis, who is the chairperson of the committee. During part of fiscal year 2015, Douglas Leone also served on our compensation committee, but resigned from our compensation committee as of April 2015. In addition, Mr. Kourey is not standing for re-election at the Annual Meeting but will continue to serve as a member of our board of directors and our compensation committee until the expiration of his current term ending on the date of the Annual Meeting. Our board of directors has determined that each member of the compensation committee is an independent director for compensation committee purposes as that term is defined in the applicable rules of the NYSE, is a non-employee director within the meaning of Rule 16b-3(d)(3) promulgated under the Exchange Act, and is an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code.

Our compensation committee had seven meetings in 2015 and acted by unanimous written consent one time in 2015.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee, or nominating committee, oversees and assists our board of directors in reviewing and recommending corporate governance policies and nominees for election to our board of directors and its committees. The nominating committee is responsible for, among other things:

evaluating and making recommendations regarding the organization and governance of our board of directors and its committees and changes to our certificate of incorporation and bylaws and stockholder communications;

reviewing succession planning for our chief executive officer and other executive officers and evaluating potential successors;

assessing the performance of board members and making recommendations regarding committee and chair assignments and composition and size of our board of directors and its committees;

recommending desired qualifications for board and committee membership and conducting searches for potential members of our board of directors;

evaluating and making recommendations regarding the creation of additional committees or the change in mandate or dissolution of committees;

Table of Contents

reviewing and making recommendations with regard to our corporate governance guidelines and compliance with laws and regulations; and

reviewing and approving conflicts of interest of our directors and corporate officers, other than related party transactions reviewed by the audit committee.

The nominating committee also has the power to investigate any matter brought to its attention within the scope of its duties. It also has the authority to retain counsel and advisors to fulfill its responsibilities and duties.

Our nominating committee is currently comprised of Allan Thygesen, Robert Theis and Michael Kourey, who is the chairperson of the committee. During part of fiscal year 2015, David Weiden and Douglas Leone also served on our nominating committee. Mr. Leone resigned from our nominating committee as of April 2015, and Mr. Weiden resigned from our board of directors, and from our nominating committee, as of April 2015. In addition, Mr. Kourey is not standing for re-election at the Annual Meeting, but will continue to serve as a member of our board of directors and our nominating committee until the expiration of his current term ending on the date of the Annual Meeting. Accordingly, our board of directors will appoint a new chairperson of our nominating committee following the Annual Meeting. Each of the nominating committee members is an independent director for nominating committee purposes as that term is defined in the applicable rules of the NYSE.

Our nominating committee had three meetings in 2015 and did not act by unanimous written consent in 2015.

Considerations in Evaluating Director Nominees

The nominating committee uses a variety of methods for identifying and evaluating director nominees. In its evaluation of director candidates, the nominating committee will consider the current size and composition of the board of directors and the needs of the board of directors and the respective committees of the board of directors. Some of the qualifications that the nominating committee considers include, without limitation, issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest and other commitments. The nominating committee requires the following minimum qualifications to be satisfied by any nominee for a position on our board of directors, (1) the highest personal and professional ethics and integrity, (2) proven achievement and competence in the nominee's field and the ability to exercise sound business judgment, (3) skills that are complementary to those of the existing members of our board of directors, (4) the ability to assist and support management and make significant contributions to the company's success, and (5) an understanding of the fiduciary responsibilities that are required of a member of our board of directors, and the commitment of time and energy necessary to diligently carry out those responsibilities. Other than the foregoing, there are no stated minimum criteria for director nominees, although the nominating committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders' best interests. The nominating committee may also take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the nominating committee, the board of directors or management.

Although the board of directors does not maintain a specific policy with respect to board diversity, the board of directors believes that the board should be a diverse body, and the nominating committee considers a broad range of backgrounds and experiences. In making determinations regarding nominations of directors, the nominating committee may take into account the benefits of diverse viewpoints. The nominating

Table of Contents

committee also considers these and other factors as it oversees the annual board of director and committee evaluations. After completing its review and evaluation of director candidates, the nominating committee recommends to the full board of directors the director nominees for selection.

Stockholder Recommendations for Nominations to the Board of Directors

The nominating committee will consider candidates for director recommended by stockholders holding at least one percent (1%) of the fully diluted capitalization of the company continuously for at least twelve (12) months prior to the date of the submission of the recommendation, so long as such recommendations comply with the certificate of incorporation and bylaws of our company and applicable laws, rules and regulations, including those promulgated by the SEC. The committee will evaluate such recommendations in accordance with its charter, our bylaws, our policies and procedures for director candidates, as well as the regular nominee criteria described above. This process is designed to ensure that the board of directors includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to our business. Eligible stockholders wishing to recommend a candidate for nomination should contact our General Counsel or our Legal Department in writing. Such recommendations must include the information about the candidate, relevant qualifications, a signed letter from the candidate confirming willingness to serve, a statement of support by the recommending stockholder, information regarding any relationships between the candidate and the company and evidence of the recommending stockholder's ownership of company stock. The committee has discretion to decide which individuals to recommend for nomination as directors.

A stockholder of record can nominate a candidate directly for election to the board of directors by complying with the procedures in Section 2.4 of our bylaws. Any eligible stockholder who wishes to submit a nomination should review the requirements in the bylaws on nominations by stockholders. Any nomination should be sent in writing to the company, attention of the Secretary, General Counsel or the Legal Department, at RingCentral, Inc., 20 Davis Drive, Belmont, California 94002. Notice must be received by us no earlier than January 26, 2017 and no later than 5:00 p.m. Pacific Daylight Time on February 25, 2017 for our 2017 annual meeting. The notice must state the information required by Section 2.4(ii)(b) of our bylaws and otherwise must comply with applicable federal and state law. The Secretary of the Company will provide a copy of the Amended and Restated Bylaws upon request in writing from a stockholder.

Communications with the Board of Directors

Stockholders and other interested parties wishing to communicate with our board of directors or with an individual member or members of our board of directors may do so by writing to our board of directors or to the particular member or members of our board of directors, and mailing the correspondence to our General Counsel at RingCentral, Inc., 20 Davis Drive, Belmont, California 94002, Attn: General Counsel. Each communication should set forth (i) the name and address of the stockholder, as it appears on our books, and if the shares of our common stock are held by a nominee, the name and address of the beneficial owner of such shares, and (ii) the number of shares of our common stock that are owned of record by the record holder and beneficially by the beneficial owner.

Our General Counsel, in consultation with appropriate members of our board of directors as necessary, will review all incoming communications and, if appropriate, all such communications will be forwarded to the appropriate member or members of our board of directors, or if none is specified, to the Chairman of our board of directors. This procedure does not apply to stockholder proposals submitted pursuant to Rule 14a-8 under the Exchange Act, as amended.

Corporate Governance Guidelines and Code of Business Conduct and Ethics

We have adopted Corporate Governance Guidelines that address items such as the qualifications and responsibilities of our directors and director candidates and corporate governance policies and standards applicable to us in general. In addition, we have adopted a Code of Business Conduct and Ethics that is applicable to all of our employees, officers and directors, including our chief executive and senior financial officers. The Corporate Governance Guidelines and Code of Business Conduct and Ethics are available on our website at *ir.ringcentral.com*. Risk Management

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, legal and compliance, and reputational. We have designed and implemented processes to manage risk in our operations. Management is responsible for the day-to-day management of risks the company faces, while our board of directors, as a whole and assisted by its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are appropriate and functioning as designed.

Our board of directors believes that open communication between management and the board of directors is essential for effective risk management and oversight. Our board of directors meets with members of the senior management team at regular board meetings, where, among other topics, they discuss strategy and risks facing the company.

While our board of directors is ultimately responsible for risk oversight, our board committees assist the board of directors in fulfilling its oversight responsibilities in certain areas of risk. The audit committee assists our board of directors in fulfilling its oversight responsibilities with respect to risk management in the areas of significant accounting and other financial risk exposure, and discusses with management and the independent auditor guidelines and policies with respect to risk assessment and risk management. The audit committee also reviews management's assessment of the key risks facing us, including the key controls it relies on to mitigate those risks. The audit committee also monitors certain key risks at each of its regularly scheduled meetings, such as risk associated with internal control over financial reporting and liquidity risk. The nominating committee assists our board of directors in fulfilling its oversight responsibilities with respect to the management of risk associated with board organization, membership and structure, and corporate governance. The compensation committee assesses risks created by the incentives inherent in our compensation philosophy and practices. Finally, the full board of directors reviews strategic and operational risk in the context of reports from the management team, receives reports on all significant committee activities at each regular meeting, and evaluates the risks inherent in significant transactions.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee is an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Non-Employee Director Compensation

In September 2013, our board of directors, after reviewing data provided by our independent compensation consulting firm, Compensia, Inc., or Compensia, regarding practices at comparable companies,

adopted a compensation program for non-employee directors to attract, retain and reward its qualified directors and align the financial interests of the non-employee directors with those of our stockholders. Pursuant to this compensation program, each non-employee director will receive cash and equity compensation for board services as described below. In addition, we will reimburse our non-employee directors for expenses incurred in connection with attending board and committee meetings as well as continuing director education.

Equity Compensation

On the date of each annual meeting of stockholders beginning with the first annual meeting following our initial public offering in September 2013 through April 2015, each non-employee director was granted an award of options or restricted stock units (RSUs) having an award value of \$175,000 (as determined based on the fair value of the award on the date of grant), which awards vested in twelve equal monthly installments beginning on the first monthly anniversary after the grant date, and vested fully on the date of the next annual meeting held after the date of grant if not fully vested on such date, in each case, subject to the non-employee director having continued to be a service provider through each vesting date. In the event of a change in control, 100% of the non-employee director s outstanding and unvested equity awards would immediately vest and, if applicable, become exercisable. In no event would the award granted under the policy be greater than the non-employee director limits set forth in our 2013 Equity Incentive Plan (the 2013 Plan).

In April 2015, our board of directors amended the non-employee director equity compensation program as follows:

On the first trading day on or after June 1 of each year, each non-employee director will be granted an award of RSUs having an award value (as determined based on the fair value of the award on the date of grant) of \$200,000, which award will vest in full on the date that is one year from the date of grant, subject to the non-employee director

continuing to be a service provider through such vesting date.

In addition, each person who becomes a non-employee director will receive an award of RSUs having an award value (as determined based on the fair value of the award on the date of grant) equal to (i) \$200,000 multiplied by (ii) a fraction, the numerator of which is the number of months between the date the non-employee director becomes a member of the board and the first trading day on or after June 1 following such date and the denominator of which is 12. The date of grant for this award will be the date the non-employee director joins the board, or, if such date occurs during a Company blackout period, the fifth trading day following the expiration of such Company blackout period and any special blackout period in effect, subject to the director remaining on the board through the grant date. This grant will vest in full on the date that is one year from the date of grant, subject to the non-employee director continuing to be a service provider through such vesting date.

In the event of a change in control, 100% of the non-employee director's outstanding and unvested equity awards will immediately vest and, if applicable, become exercisable. In no event will an award granted under the policy be greater than the non-employee director limits set forth in our 2013 Equity Incentive Plan.

In March 2016, our board of directors, after reviewing data provided by Compensia regarding practices at comparable companies, increased the award value for the RSUs (as determined based on the fair value of the award on the date of grant) from \$200,000 to \$210,000.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the board of directors has appointed KPMG LLP (KPMG), independent registered public accountants, to audit our financial statements for the year ending December 31, 2016. During the year ended December 31, 2015, KPMG served as our independent registered public accounting firm.

Notwithstanding its selection and even if our stockholders ratify the selection, our audit committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interests of RingCentral and its stockholders. At the Annual Meeting, the stockholders are being asked to ratify the appointment of KPMG as our independent registered public accounting firm for the year ending December 31, 2016. Our audit committee is submitting the selection of KPMG to our stockholders because we value our stockholders views on our independent registered public accounting firm and as a matter of good corporate governance. Representatives of KPMG will be present at the Annual Meeting, and they will have an opportunity to make statements and will be available to respond to appropriate questions from stockholders.

If the stockholders do not ratify the appointment of KPMG, the board of directors may reconsider the appointment.

Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with requirements of the SEC and the Public Company Accounting Oversight Board, or PCAOB, regarding auditor independence, our audit committee is responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. In recognition of this responsibility, our audit committee has established a policy for the pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services and other services.

Table of Contents

All non-audit services were pre-approved by our audit committee, which concluded that the provision of such services by KPMG, was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The audit committee's pre-approval policy provides for the pre-approval of audit, audit-related and tax services specifically described by the audit committee on an annual basis, and unless a type of service is pre-approved under the policy, it will require separate pre-approval by the Audit Committee if it is to be provided by the independent registered public accounting firm. The policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services.

PROPOSAL THREE

ADVISORY APPROVAL OF EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables stockholders to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed pursuant to Section 14A of the Exchange Act. This proposal, commonly known as a Say-on-Pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The Say-on-Pay vote is advisory, and therefore is not binding on us, the compensation committee or our board of directors. The Say-on-Pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the compensation committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our board of directors and our compensation committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will endeavor to communicate with stockholders to better understand the concerns that influenced the vote, consider our stockholders' concerns and the compensation committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information provided in the Executive Compensation section of this proxy statement, and in particular the information discussed in Executive Compensation Compensation Discussion and Analysis Compensation Philosophy and Objectives beginning on page 29 below, demonstrates that our executive compensation program was designed appropriately and is working to ensure management's interests are aligned with our stockholders' interests to support long-term value creation. Accordingly, we ask our stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to the named executive officers, as disclosed in the proxy statement for the 2015 Annual Meeting pursuant to the compensation disclosure rules of the SEC, including the compensation discussion and analysis, compensation tables and narrative discussion, and other related disclosure.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE EXECUTIVE COMPENSATION AS DESCRIBED IN THIS PROXY STATEMENT.

PROPOSAL FOUR
ADVISORY APPROVAL ON FREQUENCY OF
FUTURE ADVISORY VOTES ON NAMED EXECUTIVE COMPENSATION

The Dodd-Frank Act and Section 14A of the Exchange Act enable our stockholders to indicate their preference at least once every six years regarding how frequently we should solicit a non-binding advisory vote on the compensation of our named executive officers as disclosed in our proxy statement. Accordingly, we are asking our stockholders to indicate whether they would prefer an advisory vote every one, two or three years. Alternatively, stockholders may abstain from casting a vote.

After considering the benefits and consequences of each alternative, our board of directors recommends that the advisory vote on the compensation of our named executive officers be submitted to the stockholders every year. In formulating its recommendation, our board of directors considered that compensation decisions are made annually and that an annual advisory vote on executive compensation will allow stockholders to provide more frequent and direct input on our compensation philosophy, policies and practices.

Vote Required

The alternative among one year, two years or three years that receives the highest number of votes from the holders of shares of our common stock present in person or by proxy and entitled to vote at the Annual Meeting will be deemed to be the frequency preferred by our stockholders. Abstentions and broker non-votes will have no effect on this proposal.

While our board of directors believes that its recommendation is appropriate at this time, the stockholders are not voting to approve or disapprove that recommendation, but are instead asked to indicate their preference, on an advisory basis, as to whether the non-binding advisory vote on the approval of our named executive officer compensation should be held every year, two years or three years.

Our board of directors and our compensation committee value the opinions of our stockholders in this matter and, to the extent there is any significant vote in favor of one time period over another, will take into account the outcome of this vote when making future decisions regarding the frequency of holding future advisory votes on the compensation of our named executive officers. However, because this is an advisory vote and therefore not binding on our board of directors or our company, our board of directors may decide that it is in the best interests of our stockholders that we hold an advisory vote on the compensation of our named executive officers more or less frequently than the option preferred by our stockholders. The results of the vote will not be construed to create or imply any change or addition to the fiduciary duties of our board of directors.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO HOLD FUTURE ADVISORY VOTES ON
NAMED EXECUTIVE COMPENSATION EVERY ONE YEAR .**

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the material principles governing executive compensation policies and decisions, and the material elements of compensation awarded to, earned by or paid to our named executive officers. In addition, we explain how and why the independent compensation committee determines the specific compensation elements that comprised the 2015 executive compensation program.

Our named executive officers for fiscal 2015 were:

Vladimir Shmunis, Chief Executive Officer;

Clyde Hosein, Executive Vice President and Chief Financial Officer;

Kira Makagon, Executive Vice President, Innovation;

John Marlow, Managing Director EMEA, Senior Vice President, Corporate Development, General Counsel and Secretary; and

David Sipes, Executive Vice President and Chief Revenue Officer.

The information in this discussion provides perspective and narrative analysis relating to, and should be read along with, the executive compensation tables.

2015 Executive Compensation Highlights

Consistent with our compensation philosophy and objectives, the compensation committee took the following actions with respect to the compensation of the named executive officers for 2015:

Base Salary - Adjusted base salary amounts for most of the named executive officers to reflect competitive market conditions;

Non-Equity Incentive Plan Compensation - Approved changes to the annual bonus target for Messrs. Shmunis and Hosein to reward them for their leadership and provide increased cash opportunities for them based on the success of our business; and

Equity Compensation Granted a mix of stock options and RSUs as part of our annual compensation in an effort to retain our valuable executives, provide incentives for them to continue to grow our business, and enhance the link between their interests and the interests of our stockholders.

Compensation Philosophy and Objectives

The overall objective of our executive compensation program is to tie executive compensation to the performance of our company. Our executive compensation is designed with a mix of short-term and long-term components, cash and equity elements and fixed and contingent payments in proportions that we believe provide appropriate incentives to retain and motivate our executive officers, including our named executive officers, and other senior executives and management team and help to achieve success in our business.

Table of Contents

Our future success depends, in part, on our ability to continue to attract and retain highly skilled personnel. The executive compensation program achieves this objective by ensuring that the Company can:

Reward talented executives, who possess the proven experience, knowledge, skills, and leadership criteria;

Motivate employees by giving them a stake in our growth and prosperity and encouraging the continuance of their services with the Company; and

Align the interests of stockholders and executive officers, including our named executive officers, without creating an incentive for inappropriate risk-taking.

Based on this philosophy, we designed the executive compensation program to encourage the achievement of strong overall financial results, particularly revenue growth and operating margin.

Executive Compensation Policies and Practices

We endeavor to maintain compensation policies and practices that are consistent with sound governance standards. We believe it is important to provide competitive compensation packages and a high-quality work environment in order to hire, retain and motivate key personnel. Our compensation committee evaluates our executive compensation program on an ongoing basis to ensure that it is consistent with our short-term and long-term goals given the nature of the market in which we compete for key personnel. The following policies and practices were in effect during 2015:

Independent Compensation Committee. Our compensation committee is comprised solely of independent directors who have established effective means for communicating with each other and with stockholders, and implementing their executive compensation ideas, as well as addressing concerns;

Annual Executive Compensation Review. Our compensation committee conducts an annual review and approval of our compensation strategy, including a review of our compensation peer group used for comparative purposes;

Performance-Based Compensation. Our executive compensation program is designed so that a portion of compensation is performance-based, and therefore at risk, dependent upon corporate performance, as well as equity-based to align the interests of our executive officers with our stockholders. The overall performance and contribution of the executive is also considered in determining each individual's compensation;

Minimal Perquisites and Special Benefits. The members of our executive team are eligible to participate in broad-based Company-sponsored retirement, health and welfare benefits programs on the same basis as our other full-time, salaried employees. At this time, we do not provide any perquisites or other personal benefits to the members of our executive team;

No Golden Parachute Tax Reimbursements. We do not provide any tax reimbursement payments (including gross-ups) on any tax liability that the executive officers might owe as a result of the application of Sections 280G or 4999 of the Internal Revenue Code;

Hedging and Pledging Prohibited. The Company's Insider Trading Policy prohibits employees from hedging any Company securities and from pledging any Company securities as collateral for a loan; and

Table of Contents

Double-Trigger Change-in-Control Arrangements. There are no payments and benefits that are payable solely as a result of a change-in-control in the Company. All change-in-control payments and benefits are based on a double-trigger arrangement (that is, they require both a change-in-control of our Company plus an involuntary termination of employment before payments and benefits are paid).

Compensation-Setting Process

Compensation Committee

Each year, our compensation committee conducts a review of our executive compensation program and related policies and practices. At the beginning of each year, the compensation committee assesses the prior year performance and establishes bonus targets and metrics for current year and annual equity grants for executive officers, including the named executive officers. In determining the compensation of the members of our executive team, including the named executive officers, for 2015, our compensation committee reviewed the compensation arrangements, including salary, bonus and equity compensation, of our executive officers and considered various market data presented by our management and its independent advisor, Compensia, a national compensation consulting firm that provides executive compensation advisory services, as well as our overall strategic business plan. Market data was used primarily as a reference point for measuring the competitive marketplace, and was one factor among others, used by our compensation committee in determining executive compensation. Other factors our compensation committee considers in making its executive compensation decisions include: input from our CEO and CFO (except regarding their own compensation), past individual performance and expected future performance, vesting status and value of existing equity awards, and internal pay equity based on the impact of business and performance.

Role of Management

In carrying out its responsibilities, our compensation committee works with members of our management, including our CEO and CFO. Typically, the CEO and the CFO assist our compensation committee in developing the annual bonus plans based on metrics that are reachable goals and achievable through the commitment and leadership of our executive officers. The CEO provides recommendations on compensation matters for our employees in general and all of his direct reports, including the executive officers. Our CEO does not participate in discussions or decisions regarding his own compensation.

Role of Compensation Consultant

Compensia has been engaged by and serves as the compensation committee's independent compensation consultant. Compensia reviews the compensation arrangements of the members of our executive team and generally assists the compensation committee in determining executive officer and non-employee director compensation, including equity compensation. Compensia provides support for the compensation committee by attending meetings of the compensation committee, providing recommendations regarding the composition of our compensation peer group, analyzing compensation data and formulating recommendations for executive and non-employee director compensation actions and decisions. Our compensation committee also works directly with Compensia from time to time to obtain additional information or clarity regarding data provided by Compensia, and also requests specific analyses to assist the compensation committee in the design and structure of our executive and non-employee director compensation programs.

The compensation committee has determined that the engagement with Compensia does not present any conflict of interest in accordance with Item 407(e)(3)(iv) of Regulation S-K and listing standards of the New York Stock Exchange.

Table of Contents***Competitive Positioning***

In setting executive compensation, our compensation committee uses publicly-available data on the compensation policies and practices of comparable publicly-traded companies as a reference to understand the competitive market for executive talent. With respect to the 2015 compensation of the members of our executive team, including the named executive officers, our compensation committee reviewed an analysis of competitive market data derived from survey data of public software companies with annual revenue of approximately \$200 million and the companies in the following compensation peer group (which was approved by our compensation committee in October 2014):

8x8	Demandware	LogMein
BroadSoft	HubSpot	Marketo
Constant Contact	Interactive Intelligence Group	Veeva Systems
Conerstone OnDemand	J2 Global	Zendesk
Cvent	Jive Software	

In selecting the companies that comprise the peer groups, the compensation committee focused primarily on the ownership structure, country or countries of operation, industry group, revenue and market capitalization for each peer company. The companies that comprise the peer group are our competitors in the labor and capital markets, have similar revenues and stock market capitalizations, and similar growth and performance potential.

This competitive market data was used as a reference in the course of our compensation committee's review of our executive compensation program and decisions regarding executive compensation in 2015. While the compensation committee does not target any component of our executive compensation program to a particular level versus the competitive market data, it generally refers to a range of the 50th to the 75th market percentile when making its executive compensation decisions. The competitive market data was not used to benchmark the compensation for our executive officers, including our named executive officers.

Compensation Overview

Compensation decisions are made by the compensation committee. The 2015 executive compensation program consisted of the following primary compensation elements:

Base salary;

Annual incentive compensation in the form of a cash bonus; and

Long-term incentive compensation in the form of annual equity awards consisting of:

Time-based stock option grants; and

Time-based restricted stock units, or RSUs.

We are committed to providing appropriate cash and equity incentives to our management, and other key employees to compensate our executive officers in a manner that our compensation committee determines is appropriate for compensation-setting purposes and to retain key and top talent.

Table of Contents**Base Salary**

Base salary is a customary, fixed element of compensation intended to attract and retain executives and compensate the executives for day-to-day efforts. The compensation committee reviews base salary every year and considers each executive officer's performance, prior base salary level, the competitive market data, breadth of role, and the other factors described in the Compensation Setting Process compensation committee section above. The compensation committee does not target base pay at any particular level versus the competitive market data.

In the first half of 2015, the compensation committee increased the base salaries for most of the named executive officers in 2015 in an effort to remain competitive with the market and retain our valuable executive team to grow and expand our business. The base salary changes were effective on March 1, 2015, other than for our CEO and CFO, whose base salary changes were effective on April 24, 2015.

The chart below shows each named executive officer's base salary as compared with his or her 2014 base salary.

Name	2015 Base Salary	2014 Base Salary
Vladimir Shmunis	\$ 500,000	\$ 475,000
Clyde Hosein	\$ 350,000	\$ 320,000
Kira Makagon	\$ 310,000	\$ 286,000
John Marlow	\$ 280,000	\$ 260,000
David Sipes	\$ 290,000	\$ 275,000

The actual base salaries paid to the named executive officers during 2015 are set forth in the Summary Compensation Table.

Annual Short-Term Cash Incentives

The compensation committee establishes annual cash bonus opportunities under the Bonus Plan. Consistent with our historical practices, bonuses for 2015 under Bonus Plan were designed to motivate and reward the executive officers, including the named executive officers, to perform to the best of their abilities and to achieve the Company's objectives. The compensation committee adopted cash bonus performance measures for 2015, as described in detail below.

Target Cash Incentive Opportunities

In the first half of 2015, the compensation committee reviewed the target bonus opportunities of our executive officers, including our named executive officers, taking into consideration each executive officer's total cash compensatory opportunity, the competitive market data with an emphasis on the 50th through 75th percentile of total target cash compensation opportunities, breadth of responsibilities and the other factors described in the Compensation Setting Process Compensation Committee section above. We increased the target cash incentive opportunity for each of our CEO and CFO to a level that, when considered with his base salary, provided the appropriate motivational and retention incentives. In addition, with respect to the CFO, the increase reflects adjustments related to his additional duties as acting Vice President of Human Resources and with respect to administering our phone operations and global facilities.

Table of Contents

The target cash incentive opportunities of the named executive officers for 2015 were:

Name	2015 Target Bonus Opportunity (as a % of		
	2015 Base Salary)	2015 Target Bonus Opportunity	2014 Target Bonus Opportunity
Vladimir Shmunis	100%	\$ 500,000	\$ 356,250
Clyde Hosein	100%	\$ 350,000	\$ 240,000
Kira Makagon	75%	\$ 232,500	\$ 214,500
John Marlow	75%	\$ 210,000	\$ 195,000
David Sipes	75%	\$ 217,500	\$ 206,250

2015 Bonus Plan Design and Achievement

For each quarter of 2015, the bonus pool under the Bonus Plan would fund based on our achievement against quarterly target levels of the following performance objectives (weighted 50% each): (i) revenues and (ii) operating margin. These metrics have the following meanings under the Bonus Plan:

revenues means the Company's net revenues generated from third parties, including both services revenues and product revenues, each as defined in our Annual Report, filed on February 29, 2016. Net revenue is defined as gross sales less any pertinent discounts, refunds, or other contra-revenue revenue amounts, as presented on the Company's press release reporting the applicable quarterly financial results.

operating margin means the Company's Non-GAAP operating income divided by its revenues. Non-GAAP operating income means the Company's revenues less cost of revenues and operating expenses, excluding the impact of stock-based compensation expense, amortization of acquisition related intangibles, legal settlement related charges and as adjusted for certain acquisitions, as presented on the Company's press release reporting the applicable quarterly financial results.

For the bonus pool under the Bonus Plan to fund for the first, second and third quarters, we had to achieve (i) quarterly revenues at least equal to the lowest amount of revenues in the range forecast that we publicly disclosed for such quarter and (ii) quarterly operating margin at least equal to 50% of the lowest amount of operating margin in the range forecast we publicly disclosed for such quarter. For the fourth quarter, for the bonus pool under the Bonus Plan we had to achieve (i) quarterly revenues at least equal to the lowest amount of revenues in the range forecast that we publicly disclosed for such quarter and (ii) quarterly operating margin at least equal to 0.00%. For revenues, the bonus pool would fund at the same percentage as the percentage achievement of the quarterly targets for revenues. For operating margin, for the first, second and third quarters, the bonus pool would fund at 50% for achievement of 200% of the negative operating margin quarterly target increasing linearly (with no maximum for the first quarter and up to a maximum of 120% for the second and third quarters) for achievement of up to 83.3% of the negative operating margin quarterly target, and for the fourth quarter, the bonus pool would fund at 100% for achievement of the operating margin target of 0.00%, and would fund at 120% for achievement of an operating margin greater than 0.00%. The quarterly operating margin for the first, second and third quarters of 2015 was negative.

The chart below illustrates our 2015 quarterly targets against each metric under the Bonus Plan, actual achievement against those targets, and the corresponding percentage payouts to the named executive officer each quarter:

Equity Compensation

We grant stock options and RSUs to deliver long-term incentive compensation to the members of our executive officers, including the named executive officers. Consistent with our compensation objectives, we believe this approach helps to ensure that the interests of the members of executive team are aligned with those of our stockholders and that we are able to attract and reward our top talent.

The compensation committee does not target equity compensation at any particular level versus the competitive market data, although it uses the range of the 50th percentile to the 75th percentile as a reference point. These awards serve as an effective retention tool as they vest based on continued service over time. The compensation committee believes that options to purchase shares of our Common Stock, with an exercise price equal to the market price of the common stock on the date of grant, are inherently performance-based and are the best tool to motivate executives to build stockholder value. In addition, time-vested RSUs help stabilize retention during stock price volatility.

Generally, options have a maximum term of seven years and vest and become exercisable in equal monthly installments over 48 months and RSUs vest 1/16 every three months and become fully vested after four years, in each case, subject to the executive's continued service. In addition, each named executive officer is entitled to certain vesting acceleration benefits upon qualifying termination in connection with a change in control, as described in the Executive Employment Arrangements section.

In 2015, our compensation committee granted equity awards to the members of our executive team to reward them for our strong corporate performance and their individual performance. In exercising its discretion to set the size of these awards, our compensation committee also took into consideration his or her current vested and unvested equity holdings, competitive market data, and the other factors described in the Compensation Setting Process Compensation Committee section above. In allocating the equity awards between options and RSUs, the compensation committee generally desired to provide to each named executive officer a mix of both types of awards, which is consistent with the competitive market data.

Table of Contents

The compensation committee made the following grants of equity awards to each of the named executive officers:

Name	Shares subject to Stock Options	Shares subject to RSUs
Vladimir Shmunis	450,000	63,300
Clyde Hosein	300,000	42,200
Kira Makagon	175,000	25,000
John Marlow	120,000	16,000
David Sipes	120,000	16,000

The grant date fair values of the equity awards granted to the named executive officers during 2015 are set forth in Summary Compensation Table and the Grants of Plan-Based Awards Table.

Welfare and Other Employee Benefits

Our executive officers, including our named executive officers, are eligible to participate in the same group insurance and employee benefit plans generally available to our other salaried employees in the U.S. These benefits include medical, dental, vision, and disability benefits and other plans and programs made available to other eligible employees. We have a qualified defined contribution plan under Section 401(k) of the Internal Revenue Code covering eligible employees, including our executive officers. The Company did not make any matching contributions to this plan for 2015.

Perquisites

We do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we generally do not provide special plans or programs for our executive officers, including our named executive officers.

In 2015, we made a one-time payment to our CEO to cover the cost associated with a filing required to be made by him under the Hart-Scott Rodino Antitrust Improvements Act of 1976. This one-time payment was grossed up for taxes. The total amount of payment is set forth in the All Other Compensation column of the Summary Compensation Table below.

All practices with respect to perquisites or other personal benefits will be subject to review and approval by our compensation committee.

Post-Employment Compensation

The CEO's employment agreement and agreements with each of our named executive officers provide for certain payments and benefits in the event of a qualifying termination of employment, including a termination of employment in connection with a change in control of the Company. We believe that these agreements will enable the named executive officer to maintain their focus and dedication to their responsibilities to help maximize stockholder value by minimizing distractions due to the possibility of an involuntary termination of employment or a termination of employment in connection with a potential change in control of the Company. We also believe that these arrangements further our interest in encouraging retention among our executive officers, including our named executive officers.

In 2015, we extended the double trigger vesting acceleration benefits that each executive officer, including each named executive officer (other than our CEO), has with respect to his or her initial awards under his or her employment offer letter to the awards granted in 2015. We also amended our CFO's offer

Table of Contents

letter to increase his double trigger vesting acceleration benefit from 50% to 100%. We believe these actions will allow us to remain competitive in the market in which we compete for talent and retain our valuable executives.

Please see [Executive Employment Arrangements](#) below for an additional discussion.

Executive Employment Arrangements

The initial terms and conditions of employment for each of the named executive officers are set forth in a written employment agreement. Each of these agreements was approved on our behalf by our board of directors or the compensation committee, as applicable. We develop competitive compensation packages to attract qualified candidates in a highly-competitive labor market.

Vladimir Shmunis

We entered into an employment letter with Vladimir Shmunis, our CEO, dated September 13, 2013. Effective April 24, 2015, Mr. Shmunis' base salary was \$500,000, and he was eligible to earn an annual incentive bonus of up to 100% of his base salary. The employment letter with Mr. Shmunis provides for a three-year employment term, and may be extended by mutual agreement at the end of the term, but either we or Mr. Shmunis may terminate the employment relationship with us at any time.

In addition, Mr. Shmunis is entitled under his employment letter to the following severance and change of control benefits upon certain qualifying terminations.

If prior to the period beginning three months prior to and ending 12 months after a change of control (such period, the Change of Control Period), Mr. Shmunis' employment is terminated without cause (excluding by reason of death or disability) or he resigns for good reason (as such terms are defined in his change of control and severance agreement), he will be eligible to receive the following benefits if he timely signs and does not revoke a release agreement with us:

continued payment of base salary for a period of 12 months; and

payment by us for up to 12 months of COBRA premiums to continue health insurance coverage for him and his eligible dependents, or taxable monthly payments for the equivalent period in the event payment for COBRA premiums would violate applicable law.

If, within the Change of Control Period, his employment is terminated without cause (excluding by reason of death or disability) or he resigns for good reason, he will be entitled to the following benefits if he timely signs and does not revoke a release agreement with us:

a lump sum payment equal to (x) 18 months of his annual base salary, plus (y) 1.5x the greater of his target annual bonus for the year of the change of control or the year of his termination;

payment by us for up to 18 months of COBRA premiums to continue health insurance coverage for him and his eligible dependents, or taxable monthly payments for the equivalent period in the event payment for

COBRA premiums would violate applicable law; and

100% accelerated vesting of all outstanding equity awards.

Table of Contents

In the event any of the amounts provided for under this letter or otherwise payable to Mr. Shmunis would constitute parachute payments within the meaning of Section 280G of the Internal Revenue Code and could be subject to the related excise tax, Mr. Shmunis would be entitled to receive either full payment of benefits under this letter or such lesser amount which would result in no portion of the benefits being subject to the excise tax, whichever results in the greater amount of after-tax benefits to Mr. Shmunis. The letter does not require us to provide any tax gross-up payments.

Clyde Hosein

We entered into an executive employment offer letter with Clyde Hosein, our Executive Vice President and Chief Financial Officer, dated August 7, 2013, as amended on July 24, 2015. The amended executive employment offer letter has no specific term and provides for at-will employment. Effective April 24, 2015, Mr. Hosein's base salary was \$350,000, and he will be eligible to earn an annual incentive bonus of up to 100% of his base salary.

In addition, under the terms of his amended offer letter, in the event that we terminate Mr. Hosein within 60 days prior to a change in control (as such term is defined in his amended offer letter) or he is not hired by the surviving or successor entity or within 12 months after the change in control, Mr. Hosein is terminated by the successor or surviving entity without cause, death or disability, or he resigns for good reason (as such terms are defined in his amended offer letter), and subject to his signing and not revoking a release agreement with us, then 100% of the then unvested shares subject to his options and other equity awards will immediately vest in full on the termination date and be exercisable for 90 days after his termination date.

In the event we terminate Mr. Hosein's employment without cause or he voluntarily terminates for good reason (as such terms are defined in his amended offer letter), he is eligible to receive (i) severance equal to 12 months of his base salary, payable in 24 equal semi-monthly installments and (ii) payment by us for up to nine months of COBRA premiums to continue health insurance coverage for him and his eligible dependents, subject to his signing and not revoking a release agreement with us.

We believe that these arrangements will help the Named Executive Officers maintain continued focus and dedication to their responsibilities to help maximize stockholder value if there is a potential transaction that could involve a change in control of our Company.

Kira Makagon

We entered into an executive employment offer letter with Kira Makagon, our Executive Vice President, Innovation, dated August 1, 2012. The executive employment offer letter has no specific term and provides for at-will employment. For the equity awards granted to Ms. Makagon after her executive employment offer letter was signed, she is entitled to the same vesting acceleration benefits under her applicable award agreement and the definitions set forth therein.

Table of Contents

Effective March 1, 2015, Mr. Marlow's base salary was \$280,000, and he will be eligible to earn an annual incentive bonus of up to 75% of his base salary.

In addition, under the terms of his offer letter, in the event that we terminate Mr. Marlow within 60 days prior to a change in control (as such term is defined in his offer letter) or he is not hired by the surviving or successor entity or within 12 months after the change in control, Mr. Marlow is terminated by the successor or surviving entity without cause, death or disability, or he resigns for good reason (as such terms are defined in his offer letter), and subject to his signing and not revoking a release agreement with us, then 50% of the then unvested shares subject to his then-outstanding equity awards will immediately vest in full on the termination date and be exercisable.

Other Compensation Policies

Equity Award Grant Policy

Our equity award grant policy formalizes our process for granting equity-based awards. Under our equity award grant policy, we will generally grant equity awards at any time. It is the Company's policy to not time equity award grants in relation to the release of material non-public information. Under the policy, the compensation committee has delegated limited authority to a committee consisting of the CEO and a member of the compensation committee to grant equity awards to employees below the level of Vice President and certain other service providers other than members of our board of directors.

Compensation Recovery Policy

Currently, we have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. We intend to adopt a general compensation recovery, or clawback, policy covering our annual and long-term incentive award plans and arrangements once the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Derivatives Trading, Hedging and Pledging Policy

The hedging or pledging of our common equity securities by our employees, including the members of our executive team and the members of our board of directors, is prohibited.

Tax and Accounting Considerations

Tax

We have not provided any of our executive officers with a gross-up or other reimbursement for tax amounts the individual might pay pursuant to Code Section 280G or Code Section 409A. Code Section 280G and related Code sections provide that executive officers, directors who hold significant stockholder interests and certain other service providers could be subject to significant additional taxes if they receive payments or benefits in connection with a change in control of our company that exceeds certain limits, and that we or our successor could lose a deduction on the amounts subject to the additional tax. Code Section 409A also imposes significant taxes on the individual in the event that an executive officer, director or other service provider receives deferred compensation that does not meet the requirements of Code Section 409A.

Based on the limitations imposed by Code Section 162(m), we generally may receive a federal income tax deduction for compensation paid to our CEO and to certain of our other highly compensated officers only if the compensation is less than \$1,000,000 per person during any year or is performance-based under Code Section 162(m). There is a transition period for newly-public companies that will provide us with relief from these limitations for a transition period following our IPO. While we cannot predict how the deductibility limit may impact our compensation program in future years, we intend to maintain an approach to executive compensation that strongly links pay to performance. In addition, although we have not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers, we intend to consider tax deductibility under Code Section 162(m) as a factor in our compensation decisions

Accounting

We take accounting considerations into account in designing compensation plans and arrangements for the members of our executive team, other employees and members of our board of directors. These accounting considerations include Financial Accounting Standards Board Accounting Standards Codification Topic 718 (ASC Topic 718), the standard which governs the accounting treatment of stock-based compensation awards.

Compensation-Related Risk

Our board of directors is responsible for the oversight of our risk profile, including compensation-related risks. Our compensation committee monitors our compensation policies and practices as applied to our employees to ensure that these policies and practices do not encourage excessive and unnecessary risk-taking. In cooperation with management, our compensation committee reviewed our 2015 compensation programs. Our compensation committee believes the mix and design of the elements of such programs do not encourage our employees to assume excessive risks and accordingly are not reasonably likely to have a material adverse effect on our company. We have designed our compensation programs to be balanced so that our employees are focused on both short and long-term financial and operational performance. In particular, the weighting towards long-term incentive compensation discourages short-term risk taking. Goals are appropriately set with targets that encourage growth in the business.

Report of the Compensation Committee

The following Report of the Compensation Committee shall not be deemed to be soliciting material and should not be deemed filed and shall not be deemed to be incorporated by reference in future filings with the SEC, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

The compensation committee has reviewed and discussed with management the Compensation Discussion and Analysis provided above. Based on its review and discussions, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and the Company's Annual Report on Form 10-K for the year ended December 31, 2015, filed with the SEC on February 29, 2016.

- (2) Mr. Kourey joined the compensation committee as of April 2015. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In addition to the compensation arrangements, including employment, termination of employment and change in control arrangements discussed above in the sections titled Board of Directors and Corporate Governance Non-Employee Director Compensation and Executive Compensation, the following is a description of each transaction since January 1, 2015 and each currently proposed transaction in which:

we have been or are to be a participant;

the amount involved exceeded or exceeds \$120,000; and

any of our directors, executive officers, or holders of more than 5% of our capital stock, or any immediate family member of, or person sharing the household with, any of these individuals, had or will have a direct or indirect material interest.

Investor Rights Agreement

We are party to an investor rights agreement which provides, among other things, that certain holders of our common stock, including stockholders affiliated with some of our directors, have the right to request that we file a registration statement or request that their shares be covered by a registration statement that we are otherwise filing.

Limitation of Officer and Director Liability and Indemnification Arrangements

Our certificate of incorporation and bylaws each provide that we will indemnify our directors and officers and may indemnify our employees and other agents, to the fullest extent permitted by the Delaware General Corporation Law, which prohibits our certificate of incorporation from limiting the liability of our directors for the following:

any breach of the director's duty of loyalty to us or to our stockholders;

acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

unlawful payment of dividends or unlawful stock repurchases or redemptions; or

any transaction from which the director derived an improper personal benefit.

If Delaware law is amended to authorize corporate action further eliminating or limiting the personal liability of a director, then the liability of our directors will be eliminated or limited to the fullest extent permitted by Delaware law, as so amended. Our certificate of incorporation will not eliminate a director's duty of care and, in appropriate circumstances, equitable remedies, such as injunctive or other forms of non-monetary relief, remain available under Delaware law. This provision also does not affect a director's responsibilities under any other laws, such as the federal securities laws or other state or federal laws. Under our bylaws, we will also be empowered to purchase insurance on behalf of any person whom we are required or permitted to indemnify.

In addition to the indemnification required in our certificate of incorporation and bylaws, we have entered into indemnification agreements with each of our current directors and executive officers. These agreements provide for the indemnification of our directors and executive officers for certain expenses and liabilities incurred in connection with any action, suit, proceeding or alternative dispute resolution

mechanism, or hearing, inquiry or investigation that may lead to the foregoing, to which they are a party, or are threatened to be made a party, by reason of the fact that they are or were a director, officer, employee, agent or fiduciary of our company, or any of our subsidiaries, by reason of any action or inaction by them while serving as an officer, director, agent or fiduciary, or by reason of the fact that they were serving at our request as a director, officer, employee, agent or fiduciary of another entity. Under the indemnification agreements, indemnification will only be provided in situations where the indemnified parties acted in good faith and in a manner they reasonably believed to be in or not opposed to our best interest, and with respect to any criminal action or proceeding, to situations where they had no reasonable cause to believe the conduct was unlawful. In the case of an action or proceeding by or in the right of our company or any of our subsidiaries, no indemnification will be provided for any claim where a court determines that the indemnified party is prohibited from receiving indemnification. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our certificate of incorporation and bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against directors and officers, even though an action, if successful, might benefit us and our stockholders. A stockholder's investment may be harmed to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. There is no pending litigation or proceeding naming any of our directors or officers as to which indemnification is being sought, nor are we aware of any pending or threatened litigation that may result in claims for indemnification by any director or officer.

Other than as described above under this section titled "Certain Relationships and Related Party Transactions," since January 1, 2015, we have not entered into any transactions, nor are there any currently proposed transactions, between us and a related party where the amount involved exceeds, or would exceed, \$120,000, and in which any related person had or will have a direct or indirect material interest. We believe the terms of the transactions described above were comparable to terms we could have obtained in arm's-length dealings with unrelated third parties.

Policies and Procedures for Related Party Transactions

We have adopted a policy that our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of any class of our common stock and any members of the immediate family of any of the foregoing persons are not permitted to enter into a related party transaction with us without the prior consent of our audit committee. Any request for us to enter into a transaction with an executive officer, director, nominee for election as a director, beneficial owner of more than 5% of any class of our common stock or any member of the immediate family of any of the foregoing persons, in which the amount involved exceeds \$120,000 and such person would have a direct or indirect interest must first be presented to our audit committee for review, consideration and approval. In approving or rejecting any such proposal, our audit committee considers the material facts of the transaction, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. In addition, our board of directors has delegated to each of our CEO, our CFO and our General Counsel, as appropriate, the authority to review and approve, as applicable, any such transaction in which the aggregate amount involved is expected to be less than \$120,000, provided that such person charged with such review or approval is not the related person. In connection with each regularly scheduled meeting of our audit committee, a summary of each related party transaction approved in accordance with this paragraph shall be provided to the audit committee for its review.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, as amended, requires that our executive officers and directors, and persons who own more than 10% of our common stock, file reports of ownership and changes of ownership with the SEC. Such directors, executive officers and 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

SEC regulations require us to identify in this proxy statement anyone who filed a required report late during the most recent year. Based on our review of forms we received, or written representations from reporting persons stating that they were not required to file these forms, we believe that during our fiscal ended December 31, 2015, all Section 16(a) filing requirements were satisfied on a timely basis, except for: (i) a Form 4 that was inadvertently filed late on behalf of Mr. Shmunis, our CEO and Chairman, on May 5, 2015 in connection with the conversion of certain shares of Class B common stock held indirectly by Mr. Shmunis into shares of Class A common stock; and (ii) a Form 4 that was inadvertently filed late on behalf of Mr. Sipes, our Executive Vice President and Chief Revenue Officer, on April 1, 2016 in connection with the exercise of certain options to purchase shares of Class B common stock and the concurrent conversion of such shares of Class B common into shares of Class A common stock. Such late filings did not result in any liability under Section 16(b) of the Exchange Act.

2015 Annual Report and SEC Filings

Our financial statements for the year ended December 31, 2015 are included in our annual report on Form 10-K filed with the SEC on February 29, 2016, and which we will also make available to stockholders at the same time as this proxy statement. You may also obtain a copy of our annual report without charge by sending a written request to Investor Relations, RingCentral, Inc., 20 Davis Drive, Belmont, California 94002.
