Transaction Valuation⁽¹⁾
\$12,270,787.60

Amount of Filing Fee⁽²⁾
\$1,235.67

- (1) Estimated for purposes of calculating the amount of the filing fee only. Provectus Biopharmaceuticals, Inc. (the Company) is offering, until June 28, 2016 (unless the offer is extended), to holders of the Company's 51,149,594 unregistered warrants to purchase 51,149,594 shares of common stock, which were issued between November 2011 and December 2015 (the Existing Warrants), to temporarily modify the terms of such Existing Warrants so that each Existing Warrant holder who tenders Existing Warrants during the offering period for early exercise in accordance with the terms of the offer (i) may exercise such Existing Warrants at a discounted exercise price of \$0.75 per share and (ii) will receive, in addition to the shares of common stock purchased upon such exercise of the Existing Warrants, new warrants to purchase the same number of shares of the Company's common stock at an exercise price of \$0.85 per share that will expire June 19, 2020. The transaction valuation is calculated pursuant to Rule 0-11(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act), as the product of 51,149,594 and \$0.2399. The transaction valuation assumes the tender of 51,149,594 Existing Warrants by the Existing Warrant holders as a result of this tender offer and was determined by using the average of the high and low prices of the Company's warrants reported on the NYSE MKT as of May 11, 2016, which was \$0.2399.
- (2) The amount of filing fee is calculated pursuant to Rule 0-11(d) of the Exchange Act. The filing fee equals \$100.70 for each \$1,000,000 of the value of the transaction, and was calculated as the product of the transaction valuation of \$12,270,787.60 multiplied by 0.0001007.
- x Check the box if any part of the fee is offset as provided by Rule 0-11(a)(2) and identify the filing with which the offsetting fee was previously paid. Identify the previous filing by registration statement number, or the Form or

* Pursuant to Rule 457(p) under the Securities Act, the Company offset the entire amount of the registration fee due under the Company's Registration Statement on Form S-4 with the remaining amount of the filing fee associated with the unsold securities from the Company's registration statement on Form S-4, filed with the Securities and Exchange Commission on December 31, 2015, as amended (File No. 333-208816), registering securities for a maximum aggregate offering price of \$111,342,577.86 (the Prior Registration Statement). Of that amount, the Company sold securities with an aggregate offering price of approximately \$14,505,222.90 (calculated by adding (1) the product of 7,798,507, which is the number of warrants tendered for exchange pursuant to the Company's prior offer to exchange outstanding warrants (Prior Existing Warrants) for new warrants (the Prior Replacement Warrants), as described in the Prior Registration Statement (the First Warrant Exchange Offer), multiplied by \$0.75, which was the original exercise price of the Prior Existing Warrants and was the price the Company used to calculate the registration fee in the Prior Registration Statement, and (2) the product of 7,798,507, which is the number of Prior Replacement Warrants issued by the Company in the First Warrant Exchange Offer, multiplied by \$1.11, which represents the per share exercise price of the Prior Replacement Warrants of \$0.85, plus the price per Prior Replacement Warrant based on the average of the high and low prices of the Company's warrants trading under the symbol PVCTWS on the NYSE MKT on December 28, 2015), leaving a balance of unsold securities under the Prior Registration Statement with an aggregate offering price of \$96,837,354.96. The associated filing fee for the portion of such unsold securities under the Prior Registration Statement (\$9,751.52), calculated under Rule 457(o), was used by the Company to offset the entire amount of the registration fee due of \$9,477.41.
