## **BFC Financial Corporation Reports Financial Results**

### **For the Third Quarter, 2016**

FORT LAUDERDALE, Florida November 9, 2016 BFC Financial Corporation ( BFC or the Company ) (OTCQB: BFCF; BFCFB) reported financial results for the three month period ended September 30, 2016.

### **BFC Selected Financial Data (Consolidated)**

#### **Third Quarter 2016 Compared to Third Quarter 2015:**

Total consolidated revenues of \$208.2 million vs. \$199.3 million

Net income attributable to BFC of \$17.8 million vs. \$16.4 million

Diluted earnings per share of \$0.21 vs. \$0.19

Free cash flow (cash flow from operating activities less capital expenditures) was \$13.7 million compared to a negative \$21.6 million outflow

As of September 30, 2016, BFC had total consolidated assets of \$1.4 billion, shareholders' equity attributable to BFC of \$400.6 million, and total consolidated equity of \$508.7 million. At September 30, 2016, BFC's book value per share was \$4.70 compared to \$4.18 at September 30, 2015.

Jarett S. Levan, Acting Chairman and Chief Executive Officer of BFC Financial, commented, "This release discusses our overall results, corporate structure, operating platforms and strategy. However, we believe it is important to also highlight our culture and philosophy:

First, our culture is entrepreneurial. Our objective is to make portfolio investments based on the fundamentals: quality real estate, the right operating companies and partnering with good people.

Second, our goal is to increase value over time as opposed to focusing on quarterly or annual earnings. Since we expect our investments to be longer term, we anticipate and are willing to accept that our earnings are likely to be uneven. While capital markets generally encourage short term results, BFC's objective continues to be long term growth as measured by increases in book value per share over time.

In all, we believe this reflects the overall philosophy at BFC Financial, BBX Capital and Bluegreen, and how we are approaching our business.

As previously announced in July 2016, BFC and BBX Capital Corporation ( BBX Capital or BBX ) (NYSE: BBX) entered into a definitive merger agreement between the companies. As discussed in more detail below, BFC has held a meaningful stake in BBX since 1987, and if the proposed merger is consummated, BBX will become a wholly-owned subsidiary of BFC. The proposed merger of BFC and BBX is anticipated to simplify our corporate structure and intended to consolidate and streamline the combined companies, Levan concluded.

Under the terms of the merger agreement, which was unanimously approved by a special committee comprised of BBX s independent directors as well as the boards of directors of both companies, BBX s shareholders other than BFC will be entitled to receive, at their election, 5.4 shares of BFC s Class A Common Stock or \$20.00 in cash for each share of BBX s Class A Common Stock held by them. BBX Capital s shareholders will have the right to elect to make different elections with respect to different shares held by them so they may elect to receive all cash, all stock, or a combination of cash and stock in exchange for their shares.

The results of operations and financial condition of the companies in which BFC holds a controlling financial interest, including BBX Capital Corporation and Woodbridge Holdings, LLC ( Woodbridge ), the parent company of Bluegreen, are consolidated in BFC's financial statements. BFC currently holds an approximate 82% ownership interest in BBX Capital. Woodbridge is owned 54% by BFC and 46% by BBX Capital. Woodbridge's principal asset is its 100% ownership interest in Bluegreen.

*The following selected information relates to the operating activities of Bluegreen and BBX Capital. See the supplemental tables below for the consolidating statements of operations for the three and nine month periods ended September 30, 2016 and 2015.*

### **Bluegreen Corporation**

Bluegreen is a sales, marketing, and management company focused on the vacation ownership industry. Bluegreen markets, sells and manages vacation ownership interests ( VOIs ) in resorts, which are generally located in popular, high-volume, drive-to vacation destinations. The resorts in which Bluegreen markets, sells or manages VOIs were either developed or acquired by Bluegreen, or were developed and are owned by third parties. Bluegreen earns fees for providing sales and marketing services to these third party developers. Bluegreen also earns fees by providing management services to the Bluegreen Vacation Club and property owners associations ( POAs ), mortgage servicing, VOI title services, reservation services, and construction design and development services. In addition, Bluegreen provides financing to individual purchasers of VOIs.

During the three month period ended September 30, 2016, Bluegreen paid cash dividends of \$20.0 million to Woodbridge, Bluegreen's parent company, and Woodbridge in turn paid \$10.3 million of cash dividends to BFC and \$8.8 million of cash dividends to BBX Capital. During the nine month period ended September 30, 2016, Bluegreen paid cash dividends of \$45.0 million to Woodbridge, and Woodbridge in turn paid \$22.9 million of cash dividends to BFC and \$19.5 million of cash dividends to BBX Capital.

**Bluegreen Selected Financial Data**

**Third Quarter 2016 Compared to Third Quarter 2015:**

System-wide sales of VOIs, net of equity trade allowances <sup>(2)</sup>, were \$172.7 million vs. \$162.0 million. Included in system-wide sales are sales of VOIs made under Bluegreen's capital-light business strategy which were \$144.6 million vs. \$115.6 million, gross of equity trade allowances<sup>(2)</sup>:

Sale of third party VOIs on commission basis were \$88.1 million vs. \$70.4 million and generated sales and marketing commissions of \$59.4 million vs. \$51.0 million

Secondary market sales of VOIs were \$45.4 million vs. \$42.0 million

Just-in-time sales of VOIs were \$11.1 million vs. \$3.1 million

Average sales price per transaction was \$13,679 vs. \$13,267

Sales volume per guest was \$2,196 vs. \$2,386

Tours increased 15%

Other fee-based services revenue was \$26.8 million vs. \$24.8 million

Net income attributable to Bluegreen was \$22.6 million vs. \$23.3 million.

EBITDA was \$43.2 million vs. \$45.6 million <sup>(3)</sup>

Free cash flow (cash flow from operating activities less capital expenditures) was \$18.6 million compared to \$32.7 million during the same period in 2015

<sup>(1)</sup> Bluegreen's sales of VOIs under its capital-light business strategy include sales of VOIs under fee-based sales and marketing arrangements, just-in-time inventory acquisition arrangements, and secondary market arrangements. Under just-in-time arrangements, Bluegreen enters into agreements with third party developers that allow Bluegreen to buy VOI inventory from time to time in close proximity to the timing of when Bluegreen intends to sell such VOIs. Bluegreen also acquires VOI inventory from resorts' POA and other third parties close to the time Bluegreen intends to sell such VOIs. Such VOIs are typically obtained by the POAs through foreclosure in connection with maintenance fee defaults, and are generally acquired by

Bluegreen at a significant discount. Bluegreen refers to sales of inventory acquired through these arrangements as Secondary Market Sales.

- (2) Equity trade allowances are amounts granted to customers upon trading in their existing VOIs in connection with the purchase of additional VOIs.
- (3) See the supplemental tables included in this release for a reconciliation of EBITDA to net income.

**Bluegreen Summary for the Three Months Ended September 30, 2016**

System-wide sales of VOIs were \$172.7 million during the three months ended September 30, 2016, compared to \$162.0 million during the three months ended September 30, 2015. The growth in system-wide sales during the three months ended September 30, 2016 is primarily attributable to an increase of 15% in the number of total prospect tours, which included an increase of 20% in the number of new prospect tours, and an increase of 3% in the average sales price per transaction. These increases were partially offset by a decrease of 11% in the sale to tour conversion ratio for total prospects and a decrease of 10% in the sale to tour conversion ratio for new prospects.

Fee-Based Sales commission revenue was \$59.4 million during the three months ended September 30, 2016, compared to \$51.0 million during the three months ended September 30, 2015. The increase in the sales of third-party developer inventory during the 2016 period was due primarily to the factors described above related to the increase in system-wide sales of VOIs. However, Bluegreen earned an average sales and marketing commission of 67% during the three months ended September 30, 2016, compared to 72% during the three months ended September 30, 2015. The decrease in the average sales and marketing commissions in the 2016 period primarily related to an incentive commission of \$1.1 million recorded in 2015 related to the achievement of certain sales thresholds pursuant to the terms and conditions of the applicable contractual arrangement.

Other fee-based services revenue increased 8% to \$26.8 million for the three months ended September 30, 2016. Fee-based management services revenues increased during the 2016 period compared to the 2015 period primarily as a result of increases in the number of managed resorts and the cumulative increase in the number of owners in the Bluegreen Vacation Club.

Selling and marketing expenses were \$90.6 million during the three months ended September 30, 2016 compared to \$81.6 million during the three months ended September 30, 2015. As a percentage of system-wide sales of VOIs, selling and marketing expenses increased to 52% during the three months ended September 30, 2016, compared to 50% during the three months ended September 30, 2015. Selling and marketing expenses vary as a percentage of sales from period to period based in part by the relative proportion of marketing methods utilized during such periods, most notably the percentage of sales to Bluegreen's existing owners, which has a relatively lower cost compared to other methods. Further, the increase in the 2016 period was driven by less favorable sale to tour conversion ratios and higher percentage of front line sales compared to the 2015 period, partially offset by higher average sales price per transaction.

Net interest spread was \$14.3 million during the three months ended September 30, 2016, compared to \$13.8 million during the three months ended September 30, 2015. The net increase in net interest spread during the 2016 period reflects the lower costs of borrowings and increase in the size of Bluegreen's VOI notes receivable portfolio.

*This press release contains forward-looking statements based largely on current expectations of BFC or its subsidiaries that involve a number of risks and uncertainties. All opinions, forecasts, projections, future plans or other statements, other than statements of historical fact, are forward-looking statements. Forward-looking statements can be identified by the use of words or phrases such as plans, believes, will, expects, anticipates, intends, estimates, our view, we see, would and words and phrases of similar import. The forward looking statements in this press release are also forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended, and involve substantial risks and uncertainties. We can give no assurance that such expectations will prove to have been correct. Actual results, performance, or achievements could differ materially from those contemplated, expressed, or implied by the forward-looking statements contained herein. These forward-looking statements are based largely on current expectations and are subject to a number of risks and uncertainties which include the impact of economic, competitive and other factors affecting the Company and its investments and assets, and are subject to change based on factors which are, in many instances, beyond our control.*

When considering forward-looking statements, the reader should keep in mind the risks, uncertainties and other cautionary statements made herein, including, but not limited to: those relating to the proposed merger described in this press release, the potential benefits of the merger, including, without limitation, that the simplification of BFC's corporate structure and/or the efficiencies expected to result from the merger may not be realized, the ability of the parties to satisfy all of the conditions to closing the merger, and the risk that the proposed transaction may not otherwise be consummated in accordance with the contemplated terms, or at all; and uncertainties related to BFC's expectancy of paying regular quarterly cash dividends on its Common Stock, including that any such dividends are subject to declaration by BFC's board of directors and may not be paid in the amount anticipated, when anticipated, or at all. In addition, some factors which may affect the accuracy of the forward-looking statements apply generally to the industries in which our subsidiaries operate, including the vacation ownership industry in which Bluegreen operates, and the investment, development, and asset management and real estate-related industries in which BBX Capital operates, while other factors apply more specifically to BFC. Risks and uncertainties include, without limitation, the risks and uncertainties affecting BFC and its subsidiaries, and their respective results, operations, markets, products, services and business strategies, including risks associated with the ability to successfully implement currently anticipated plans and generate earnings, or long term growth, or for operations or investments to result in increased value; the performance of entities in which BFC and BBX Capital have made investments may not be profitable or their results as anticipated; BFC is dependent upon dividends from its subsidiaries to fund its operations; BFC's subsidiaries may not be in a position to pay dividends or otherwise make a determination to pay dividends to its shareholders; dividend payments may be subject to certain restrictions, including restrictions contained in debt instruments; any payment of dividends by a subsidiary of BFC is subject to declaration by such subsidiary's board of directors or managers (which, in the case of BBX Capital, is comprised of a majority of independent directors under the listing standards of the NYSE) as well as the boards of directors of both BBX Capital and BFC in the case of dividend payments by Woodbridge; and dividend decisions may not be made in BFC's interests; the risks relating to BFC's goal of transitioning into a business platform with diverse activities, including that such goal may not be achieved when anticipated or at all; risks relating to the monetization of BBX Capital's legacy portfolio; risks related to litigation and other legal proceedings involving BFC and its subsidiaries, including the legal and other professional fees and other costs and expenses of such proceedings, as well as the adverse impact of and expenses associated with litigation including the risk that the SEC may prevail in a new trial in connection with the action brought by the SEC against BBX Capital and Alan B. Levan. The Company's investment in Woodbridge, which owns Bluegreen Corporation, exposes the Company to risks of Bluegreen's business and its ability to pay dividends to Woodbridge, and risks inherent in the vacation ownership industry, including the risk that Bluegreen's marketing expenses will increase; and the risk that Bluegreen may not be successful in increasing or expanding its capital-light business activities because of changes in economic conditions or otherwise, and such fee-based service activities may not be profitable, which would have an adverse impact on its results of operations and financial condition. In addition, with respect to BBX Capital, the risks and uncertainties include risks relating to the real estate market and real estate development, the risk that joint venture partners may not fulfill their obligations and the projects may not be developed as anticipated or be profitable, and contracts may not be completed on the terms provided in the contract or at all; risks relating to acquisitions of operating businesses, including integration risks, risks regarding achieving profitability, that new personnel will not be successful, foreign currency transaction risk, and the other risks and uncertainties described in BBX Capital's financial results press release for the quarter ended September 30, 2016, BBX Capital's Quarterly Report on Form 10-Q for the quarter ended September 30, 2016 and BBX Capital's Annual Report on Form 10-K for the year ended December 31, 2015, which are available to view on the SEC's website, [www.sec.gov](http://www.sec.gov), and on BBX Capital's website, [www.BBXCapital.com](http://www.BBXCapital.com). Reference is also made to the risks and uncertainties detailed in reports filed by BFC with the SEC, including BFC's Quarterly Report on Form 10-Q for the quarter ended September 30, 2016, and the Risk Factors section of BFC's Annual Report on Form 10-K for the year ended December 31, 2015, which may be viewed on the SEC's website at [www.sec.gov](http://www.sec.gov) and on BFC's website at [www.BFCFinancial.com](http://www.BFCFinancial.com). The reader should not place undue reliance on any forward-looking statement, which speaks only as of the date made. Further, this press release also contains information regarding the past performance of investments and operations, and the reader should note that prior or current performance is not a guarantee or indication of future performance. BFC cautions that the foregoing factors are not exclusive, and we do

*not undertake, and specifically disclaim any obligation, to update or supplement any forward-looking statements whether as a result of changes in circumstances, new information, subsequent events or otherwise.*

<b>EBITDA</b>	<b>\$ 43,190</b>	<b>45,647</b>	<b>98,664</b>	<b>108,667</b>

EBITDA is defined as earnings, or net income, before taking into account interest income (excluding interest earned on VOI notes receivable), interest expense (excluding interest expense incurred on financings related to Bluegreen's receivable-backed notes payable), provision for income taxes and franchise taxes, and depreciation and amortization. For purposes of the EBITDA calculation, no adjustments were made for interest income earned on Bluegreen's VOI notes receivable or the interest expense incurred on debt that is secured by such notes receivable because they are both considered to be part of the operations of Bluegreen's business.

The Company considers Bluegreen's EBITDA to be an indicator of Bluegreen's operating performance, and it is used to measure Bluegreen's ability to service debt, fund capital expenditures and expand its business. EBITDA is also used by companies, lenders, investors and others because it excludes certain items that can vary widely across different industries or among companies within the same industry. For example, interest expense can be dependent on a company's capital structure, debt levels and credit ratings. Accordingly, the impact of interest expense on earnings can vary significantly among companies. The tax positions of companies can also vary because of their differing abilities to take advantage of tax benefits and because of the tax policies of the jurisdictions in which they operate. As a result, effective tax rates and provision for income taxes can vary considerably among companies. EBITDA also excludes depreciation and amortization because companies utilize productive assets of different ages and use different methods of both acquiring and depreciating productive assets. These differences can result in considerable variability in the relative costs of productive assets and the depreciation and amortization expense among companies.
