KNOT OFFSHORE PARTNERS LP

Notes to Unaudited Condensed Consolidated Financial Statements

1) Description of Business

KNOT Offshore Partners LP (the Partnership) is a publicly traded Marshall Islands limited partnership initially formed for the purpose of acquiring 100% ownership interests in four shuttle tankers owned by Knutsen NYK Offshore Tankers AS (KNOT) in connection with the Partnership s initial public offering of common units (the IPO), which was completed in April 2013.

As of June 30, 2017, the Partnership had a fleet of thirteen shuttle tankers, the *Windsor Knutsen*, the *Bodil Knutsen*, the *Recife Knutsen*, the *Fortaleza Knutsen*, the *Carmen Knutsen,* the *Hilda Knutsen,* the *Torill Knutsen*, the *Dan Cisne*, the *Dan Sabia*, the *Ingrid Knutsen*, the *Raquel Knutsen,* the *Tordis Knutsen* and the *Vigdis Knutsen,* each referred to as a Vessel and, collectively, as the Vessels. The Vessels operate under fixed charter contracts to charterers.

The initial term for a time charter or bareboat charter commences upon the vessel s delivery to the customer. The Partnership s charters include options, exercisable by the customer, to extend the charter s initial term. Pursuant to the Omnibus Agreement, KNOT has agreed to guarantee the payments of the hire rate under the initial charters for the *Windsor Knutsen* and the *Bodil Knutsen* for five years from the closing of the Partnership s IPO. The time charter for the *Windsor Knutsen* expires in 2018 and the charterer has five one-year extension options. The time charter for the *Bodil Knutsen* expires in 2019 and contains customer options for extension through 2024. The *Recife Knutsen* and the *Fortaleza Knutsen* are under bareboat charter contracts that expire in 2023. The time charter for the *Carmen Knutsen* expires in 2023 and contains customer options for extension through 2026. The time charters for the *Hilda Knutsen* and the *Torill Knutsen* each expire in 2018 and contain a customer option for extension through 2023. The *Dan Cisne* and the *Dan Sabia* are under bareboat charter contracts that expire in 2023 and 2024, respectively. The time charter for the *Ingrid Knutsen* expires in 2024 and contains customer options for extension through 2029. The time charter for the *Raquel Knutsen* expires in 2025 and contains customer options for extension through 2030. The time charter for the *Tordis Knutsen* expires in 2022 and contains customer options for extension through 2032. The time charter for the *Vigdis Knutsen* expires in 2022 and contains customer options for extension through 2032.

Under the Partnership s Amended and Restated Agreement of Limited Partnership (the Partnership Agreement), KNOT Offshore Partners GP LLC, a wholly owned subsidiary of KNOT, and the general partner of the Partnership (the General Partner), has irrevocably delegated to the Partnership s board of directors the power to oversee and direct the operations of, manage and determine the strategies and policies of the Partnership. During the period from the Partnership s IPO in April 2013 until the time of the Partnership s first annual general meeting (AGM) on June 25, 2013, the General Partner retained the sole power to appoint, remove and replace all members of the Partnership s board of directors. From the first AGM, four of the seven board members became electable by the common unitholders and accordingly, from this date, KNOT, as the owner of the General Partner, no longer retains the power to control the Partnership s board of directors and, hence, the Partnership. As a result, the Partnership is no longer considered to be under common control with KNOT and as a consequence, the Partnership will not account for any vessel acquisitions from KNOT after June 25, 2013 as a transfer of equity interests between entities under common control.

On January 10, 2017, the Partnership issued and sold 2,500,000 common units in an underwritten public offering (see Note 16(a) Equity Offering), raising approximately $54.9 million in net proceeds.

On February 2, 2017, the Partnership issued and sold in a private placement 2,083,333 Series A Convertible Preferred Units (Series A Preferred Units) at a price of $24.00 per unit. After deducting estimated fees and expenses, the net proceeds from the sale were approximately $48.6 million.

On March 1, 2017, the Partnership s wholly owned subsidiary, KNOT Shuttle Tankers AS, acquired KNOT Shuttle Tankers 24 AS, the company that owns the *Tordis Knutsen*, from KNOT. The acquisition of the *Tordis Knutsen* was accounted for as an acquisition of a business. As a result, the Partnership has recorded the results of operations of the *Tordis Knutsen* in its consolidated statement of operations from March 1, 2017. See Note 15 Business Acquisitions.

On June 1, 2017, KNOT Shuttle Tankers AS acquired KNOT Shuttle Tankers 25 AS, the company that owns the *Vigdis Knutsen*, from KNOT. The acquisition of the *Vigdis Knutsen* was accounted for as an acquisition of a business. As a result, the Partnership has recorded the results of operations of the *Vigdis Knutsen* in its consolidated statement of operations from June 1, 2017. See Note 15 Business Acquisitions.

On June 30, 2017, the Partnership issued and sold in a second private placement 1,666,667 additional Series A Preferred Units at a price of $24.00 per unit. After deducting estimated fees and expenses, the net proceeds from the sale were approximately $38.8 million.

2) Summary of Significant Accounting Policies

(a) Basis of Preparation

The accompanying unaudited condensed consolidated interim financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and applicable rules and regulations of the U.S. Securities and Exchange Commission (the SEC) for interim financial information. In the opinion of management of the Partnership, all adjustments considered necessary for a fair presentation, which are of normal recurring nature, have been included. All intercompany balances and transactions are eliminated. The unaudited condensed consolidated financial statements do not include all the disclosures and information required for a complete set of annual financial statements; and, therefore, these unaudited condensed consolidated financial statements should be read in conjunction with the Partnership s audited consolidated financial statements for the year ended December 31, 2016, which are included in the Partnership s Annual Report on Form 20-F (the 2016 20-F).

(b) Significant Accounting Policies

The accounting policies adopted in the preparation of the unaudited condensed consolidated interim financial statements are consistent with those followed in the preparation of the Partnership s audited consolidated financial statements for the year ended December 31, 2016, as contained in the Partnership s 2016 20-F.

(c) Recent Accounting Pronouncements

Adoption of new accounting standards

There are no accounting pronouncements effective for the period, whose adoption had a material impact on the consolidated financial statements in the current period.

Accounting pronouncements to be adopted

In February 2016, the Financial Accounting Standards Board (FASB) issued revised guidance for leasing. The objective is to establish the principles that lessors and lessees shall apply to report useful information to users of financial statements about the amount, timing and uncertainty of cash flows arising from a lease. The standard is effective for annual periods beginning after December 15, 2018. The Partnership is currently assessing the impact the adoption of this standard will have on the consolidated financial statements.

In May 2014, the FASB issued Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, which provides new authoritative guidance on the methods of revenue recognition and related disclosure requirements. This new standard supersedes all existing revenue recognition requirements, including most industry-specific guidance. The new standard requires a company to recognize revenue when it transfers goods or services to customers in an amount that reflects the consideration that the company expects to receive for those goods or services. The new standard also requires additional qualitative and quantitative disclosures. In April 2015 the FASB proposed to defer the effective date of the guidance by one year. Based on this proposal, public entities would need to apply the new guidance for annual and interim periods beginning after December 15, 2017, and may apply it, at the company s option, retrospectively to each period presented or as a cumulative-effect adjustment as at the date of adoption. Early adoption is not permitted until periods beginning after December 15, 2016. The Partnership has begun an initial assessment of the impact of this standard update on its consolidated financial statements and related disclosures and expects to adopt the standard from January 1, 2018. Based on the analysis to date, the Partnership does not expect the pattern of revenue recognition under the new guidance to materially differ from its current revenue

recognition pattern and expects to transition using a modified retrospective approach whereby it will record the cumulative effect of applying the new standard to all outstanding contracts as at January 1, 2018 as an adjustment to opening retained earnings.

Any other accounting pronouncements yet to be adopted by the Partnership are consistent with those disclosed in the Partnership s audited consolidated financial statements for the year ended December 31, 2016.

3) Segment Information

The Partnership has not presented segment information as it considers its operations to occur in one reportable segment, the shuttle tanker market. As of June 30, 2017, the Partnership s fleet consisted of thirteen vessels and operated under nine time charters and four bareboat charters. As of June 30, 2016, the Partnership s fleet consisted of ten vessels and operated under six time charters and four bareboat charters. Under the time charters and bareboat charters, the charterer, not the Partnership, controls the choice of which trading areas the applicable Vessel will serve. Accordingly, the Partnership s management, including the chief operating decision makers, does not evaluate performance according to geographical region.

Table of Contents

The following table presents revenues and percentages of consolidated revenues for customers that accounted for more than 10% of the Partnership s consolidated revenues during the three and six months ended June 30, 2017 and 2016. All of these customers are subsidiaries of major international oil companies.

4) Insurance Proceeds

In February 2017, the *Raquel Knutsen* damaged its propeller hub. As a result, the Vessel was off-hire from February 22, 2017 to May 15, 2017 for repairs. Under the Partnership s loss of hire policies, its insurer will pay the Partnership the hire rate agreed in respect of each vessel for each day, in excess of 14 deductible days, for the time that the Vessel is out of service as a result of damage, for a maximum of 180 days. The Partnership received payments for loss of hire insurance of $2.15 million and $2.9 million during the three and six months ended June 30, 2017, respectively.

In addition, for the three and six months ended June 30, 2017, the Partnership recorded $2.17 million and $3.89 million, respectively, for recoveries up to the amount of loss under hull and machinery insurance for the repairs as a result of the propeller hub damage to the *Raquel Knutsen*. For the three and six months ended June 30, 2017, $0.1 million and $0.1 million, respectively, is classified under vessel operating expense along with the cost of the repairs.

6) Derivative Instruments

The unaudited condensed consolidated interim financial statements include the results of interest rate swap contracts to manage the Partnership s exposure related to changes in interest rates on its variable rate debt instruments and the results of foreign exchange forward contracts to manage its exposure related to changes in currency exchange rates on its operating expenses, mainly crew expenses, in currency other than U.S. Dollars and on its contract obligations. The Partnership does not apply hedge accounting for derivative instruments. The Partnership does not speculate using derivative instruments.

By using derivative financial instruments to economically hedge exposures to changes in interest rates, the Partnership exposes itself to credit risk and market risk. Derivative instruments that economically hedge exposures are used for risk management purposes, but these instruments are not designated as hedges for accounting purposes. Credit risk is the failure of the counterparty to perform under the terms of the derivative instrument. When the fair value of a derivative instrument is positive, the counterparty owes the Partnership, which creates credit risk for the Partnership. When the fair value of a derivative instrument is negative, the Partnership owes the counterparty, and, therefore, the Partnership is not exposed to the counterparty s credit risk in those circumstances. The Partnership minimizes counterparty credit risk in derivative instruments by entering into transactions with major banking and financial institutions. The derivative instruments entered into by the Partnership do not contain credit risk-related contingent features. The Partnership has not entered into master netting agreements with the counterparties to its derivative financial instrument contracts.

Market risk is the adverse effect on the value of a derivative instrument that results from a change in interest rates, currency exchange rates or commodity prices. The market risk associated with interest rate contracts is managed by establishing and monitoring parameters that limit the types and degree of market risk that may be undertaken.

The Partnership assesses interest rate risk by monitoring changes in interest rate exposures that may adversely impact expected future cash flows and by evaluating economical hedging opportunities.

The Partnership s variable interest rate mortgage debt obligations expose the Partnership to variability in interest payments due to changes in interest rates. The Partnership believes that it is prudent to limit the variability of a portion of its interest payments. To meet this objective, the Partnership has entered into London Interbank Offered Rate (LIBOR)-based interest rate swap contracts to manage fluctuations in cash flows resulting from changes in the benchmark interest rate of LIBOR. These swaps change the variable rate cash flow exposure on the mortgage debt obligations to fixed cash flows. Under the terms of the interest rate swap contracts, the Partnership receives LIBOR-based variable interest rate payments and makes fixed interest rate payments, thereby creating the equivalent of fixed rate debt for the notional amount of its debt hedged.

As of June 30, 2017, the Partnership had entered into various interest swap agreements for a total notional amount of $536.7 million to hedge against the interest rate risks of its variable rate borrowings. Under the terms of the interest rate swap agreements, the Partnership receives interest based on three or six month LIBOR and pays a weighted average interest rate of 1.65%.

As of June 30, 2017 and December 31, 2016, the total notional amount of the Partnership s outstanding interest rate swap contracts that were entered into in order to hedge outstanding or forecasted debt obligations were $536.7 million and $446.7 million, respectively. As of June 30, 2017 and December 31, 2016, the carrying amount of the interest rate swaps contracts were net assets of $2.1 million and $0.8 million, respectively. See Note 7 Fair Value Measurements.

Changes in the fair value of interest rate swap contracts are reported in realized and unrealized gain (loss) on derivative instruments in the same period in which the related interest affects earnings.

The Partnership and its subsidiaries utilize the U.S. Dollar as their functional and reporting currency, because all of their revenues and the majority of their expenditures, including the majority of their investments in vessels and their financing transactions, are denominated in U.S. Dollars. Payment obligations in currencies other than the U.S. Dollar, and in particular operating expenses in Norwegian Kroner (NOK), expose the Partnership to variability in currency exchange rates. The Partnership believes that it is prudent to limit the variability of a portion of its currency exchange exposure. To meet this objective, the Partnership entered into foreign exchange forward contracts to manage fluctuations in cash flows resulting from changes in the exchange rates towards the U.S. Dollar. The agreements change the variable exchange rate to fixed exchange rates at agreed dates.

As of June 30, 2017 and December 31, 2016, the total contract amount in foreign currency of the Partnership s outstanding foreign exchange forward contracts that were entered into to economically hedge outstanding future payments in currencies other than the U.S. Dollar were NOK 332.5 million and NOK 290.1 million, respectively. As of June 30, 2017 and December 31, 2016, the carrying amount of the Partnership s foreign exchange forward contracts was a net liability of $0.2 million and $1.3 million, respectively. See Note 7 Fair Value Measurements.

The following table presents the realized and unrealized gains and losses that are recognized in earnings as net gain (loss) for derivative instruments for the three and six months ended June 30, 2017 and 2016:

7) Fair Value Measurements

(a) Fair Value of Financial Instruments

The following table presents the carrying amounts and estimated fair values of the Partnership s financial instruments as of June 30, 2017 and December 31, 2016. Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

	June 30, 2017		December 31, 2016	
(U.S. Dollars in thousands)	**Carrying Amount**	**Fair Value**	**Carrying Amount**	**Fair Value**

Foreign exchange forward contracts				
Long-term debt, current and non-current	912,010	911,083	745,649	743,898

The carrying amounts shown in the table above are included in the condensed consolidated balance sheets under the indicated captions. The carrying value of trade accounts receivable, trade accounts payable and receivables/payables to owners and affiliates approximate their fair value.

The fair values of the financial instruments shown in the above table as of June 30, 2017 and December 31, 2016 represent the amounts that would be received to sell those assets or that would be paid to transfer those liabilities in an orderly transaction between market participants at that date. Those fair value measurements maximize the use of observable inputs. However, in situations where there is little, if any, market activity for the asset or liability at the measurement date, the fair value measurement reflects the Partnership s own judgment about the assumptions that market participants would use in pricing the asset or liability. Those judgments are developed by the Partnership based on the best information available in the circumstances, including expected cash flows, appropriately risk-adjusted discount rates and available observable and unobservable inputs.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

Cash and cash equivalents and restricted cash: The fair value of the Partnership s cash balances approximates the carrying amounts due to the current nature of the amounts.

Interest rate swap contracts: The fair value of interest rate swap contracts is determined using an income approach using the following significant inputs: the term of the swap, the notional amount of the swap, discount rates interpolated based on relevant LIBOR swap curves and the rate on the fixed leg of the swap.

Foreign exchange forward contracts: The fair value is calculated using mid-rates (excluding margins) as determined by counterparties based on available market rates as of the balance sheet date. The fair value is discounted from the value at expiration to the current value of the contracts.

Long-term debt: With respect to long-term debt measurements, the Partnership uses market interest rates and adjusts that rate for all necessary risks, including its own credit risk. In determining an appropriate spread to reflect its credit standing, the Partnership considered interest rates currently offered to KNOT for similar debt instruments of comparable maturities by KNOT s and the Partnership s bankers as well as other banks that regularly compete to provide financing to the Partnership.

(b) Fair Value Hierarchy

The following table presents the placement in the fair value hierarchy of assets and liabilities that are measured at fair value on a recurring basis (including items that are required to be measured at fair value or for which fair value is required to be disclosed) as of June 30, 2017 and December 31, 2016:

The Partnership s accounting policy is to recognize transfers between levels of the fair value hierarchy on the date of the event or change in circumstances that caused the transfer. There were no transfers into or out of Level 1, Level 2 or Level 3 as of June 30, 2017 and December 31, 2016.

8) Income Taxes

The Norwegian government is in negotiations with the EFTA Surveillance Authority to extend the effective date of the Norwegian Tonnage Tax regime (the NTT). Pursuant to those negotiations, Norway has proposed restrictions that would eliminate the ability of companies that own vessels under certain bareboat charters to qualify for the NTT. Companies that no longer qualify for the NTT would instead be subject to Norwegian corporate income tax.

Subsidiaries of the Partnership collectively own four vessels under bareboat charters. Under the currently proposed changes to the NTT, the subsidiaries that own those vessels would no longer qualify for the NTT and would instead be subject to Norwegian corporate income tax, potentially as of January 1, 2018. The Partnership is evaluating potential alternatives that would avoid any of its subsidiaries being disqualified from the NTT. However, until any changes to the NTT are finalized, the Partnership can make no assurances that it can avoid the disqualification of certain of its subsidiaries from the NTT.

Components of Current and Deferred Tax Expense

After the reorganization of the Partnership s predecessor s activities into the new group structure in February 2013, all profit from continuing operations in Norway is taxable within the Norwegian Tonnage Tax regime (the tonnage tax regime). The consequence of the reorganization was a one-time entrance tax into the tonnage tax regime due to the Partnership s acquisition of the shares in the subsidiary that owns the *Fortaleza Knutsen* and the *Recife Knutsen*. Under

the tonnage tax regime, the tax is based on the tonnage of the vessel and operating income is tax free. The net financial income and expense remains taxable as ordinary income tax for entities subject to the tonnage tax regime. For the portion of activities subject to the tonnage tax regime, tonnage taxes are classified as vessel operating expenses while the current and deferred taxes arising on net financial income and expense are reflected as income tax expense in the consolidated financial statements.

Table of Contents

The total amount of the entrance tax was estimated to be approximately $3.0 million, which was recognized in the three months ended March 31, 2013. The entrance tax is payable over several years and is calculated by multiplying the tax rate by the declining balance of the gain, which will decline by 20% each year. The amount payable will be affected by the change in tax rate which was reduced to 24% in 2017 from 25% in 2016, from 27% in 2014 and from 28% in 2013 and the fluctuation in currency rates. Approximately $0.2 and $0.1 million of the entrance tax was paid during the first and second quarter of 2017, respectively, and $0.2 million was paid during the first quarter of 2016. UK income tax is presented as income taxes payable, while $0.7 million is presented as non-current deferred taxes payable.

Significant components of current and deferred income tax expense attributable to income from continuing operations for the three and six months ended June 30, 2017 and 2016 as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
(U.S. Dollars in thousands)	**2017**	**2016**	**2017**	**2016**
Income before income taxes	$ 16,918	$ 11,581	$ 28,350	$ 22,247
Income tax (expense)	(3)	(3)	(6)	(6)
Effective tax rate	$ 0%	$ 0%	$ 0%	$ 0%

The Partnership records a valuation allowance for deferred tax assets when it is more likely than not that some of or all of the benefit from the deferred tax assets will not be realized. In assessing the realizability of deferred tax assets, which relates to financial loss carry forwards and other deferred tax assets within the tonnage tax regime, the Partnership considers whether it is more-likely-than-not that some portion or all of the deferred tax assets will not be realized taking into account all the positive and negative evidence available. As of June 30, 2017 and December 31, 2016 there are no deferred tax assets recognized.

The Partnership s outstanding debt of $912.0 million as of June 30, 2017 is repayable as follows:

(U.S. Dollars in thousands)		**Period repayment**		**Balloon repayment**
Remainder of 2017	$	33,331	$	
2018		66,303		86,677

2022 and thereafter		85,507		172,712
Total	$	314,132	$	597,878

As of June 30, 2017, the interest rates on the Partnership s loan agreements (other than tranche two of the $77.5 million loan facility) were the London Interbank Offered Rate (LIBOR) plus a fixed margin ranging from 1.9% to 2.5%. On the export credit loan of $44.6 million which is tranche two of the $77.5 million loan facility secured by the *Ingrid Knutsen*, the annual rate is 3.85% composed of a 2.5% bank facility rate plus a commission of 1.35% to the export credit guarantor. The guarantee commission of 1.35% is classified as other finance expense.

In April 2015, KNOT Shuttle Tankers 24 AS, the subsidiary owning the *Tordis Knutsen*, as the borrower, entered into a secured loan facility (the Tordis Facility). As of the time of the acquisition of the *Tordis Knutsen* on March 1, 2017, the aggregate amount outstanding under the facility was $114.4 million. The Tordis Facility is repayable in quarterly installments with a final balloon payment of $70.8 million due at maturity in November 2021. The Tordis Facility bears interest at an annual rate equal to LIBOR plus a margin of 1.9%. The facility is secured by a vessel mortgage on the *Tordis Knutsen*. The *Tordis Knutsen*, assignments of earnings, charterparty contracts and insurance proceeds are pledged as collateral for the Tordis Facility. The Partnership and KNOT Shuttle Tankers AS are the sole guarantors.

In April 2015, KNOT Shuttle Tankers 25 AS, the subsidiary owning the *Vigdis Knutsen*, as the borrower, entered into a secured loan facility (the Vigdis Facility). As of the time of the acquisition of the *Vigdis Knutsen* on June 1, 2017, the aggregate amount outstanding under the facility was $114.4 million. The Vigdis Facility is repayable in quarterly installments with a final balloon payment of $70.8 million due at maturity in February 2022. The Vigdis Facility bears interest at an annual rate equal to LIBOR plus a margin of 1.9%. The facility is secured by a vessel mortgage on the *Vigdis Knutsen*. The *Vigdis Knutsen*, assignments of earnings, charterparty contracts and insurance proceeds are pledged as collateral for the Vigdis Facility. The Partnership and KNOT Shuttle Tankers AS are the sole guarantors.

On May 26, 2017, the Partnership s subsidiary, KNOT Shuttle Tankers 14 AS, which owns the vessel *Hilda Knutsen*, entered into a new $100 million senior secured term loan facility with Mitsubishi UFJ Lease & Finance (Hong Kong) Limited (the New Hilda Facility). The New Hilda Facility is repayable in twenty-eight (28) consecutive quarterly installments with a balloon payment of $58.5 million due at maturity. The New Hilda Facility bears interest at a rate per annum equal to LIBOR plus a margin of 2.2%. The facility matures in 2024 and is guaranteed by the Partnership and refinanced the $117 million loan facility associated with the *Hilda Knutsen* that bore interest at a rate of LIBOR plus 2.5% and was due to be paid in full in August 2018. As part of the refinancing, the $117 million loan facility including amortized loan expenses has been fully derecognized.

(1) *Guarantee income from KNOT*: Pursuant to the Omnibus Agreement, KNOT agreed to guarantee the payments of the hire rate under the initial charter of the *Windsor Knutsen* and *Bodil Knutsen* for a period of five years from the closing date of the IPO. In October 2015, the *Windsor Knutsen* commenced on a new Shell time charter with a hire rate below the hire rate in the initial charter. The difference between the new hire rate and the initial rate is paid by KNOT. See Note 12(b) Related Party Transactions Guarantees and Indemnifications. The *Vigdis Knutsen* suffered damages to its hull in connection with a ship-to-ship loading on May 24, 2017 and the vessel went offhire 6 days in June 2017 due to repairs of the damage. In connection with the *Vigdis Knutsen* acquisition KNOT agreed to pay for the repair cost and charter hire lost in connection with the incident. The reimbursement from KNOT for lost charter hire is accounted for as guarantee income.

(2) *Technical and operational management fee from KNOT Management to Vessels*: KNOT Management AS (KNOT Management) provides technical and operational management of the vessels on time charter including crewing, purchasing, maintenance and other operational services. In addition, there is also a charge for 24-hour emergency response services provided by KNOT for all vessels managed by KNOT.

(3) *Administration fee from KNOT Management and Knutsen OAS Shipping AS (KOAS) and Knutsen OAS (UK) Ltd. (KOAS UK)*: Administration costs include the compensation and benefits of KNOT Management s management and administrative staff as well as other general and administration expenses. Some benefits are also provided by KOAS and KOAS UK. Net administration costs are total administration cost plus a 5% margin, reduced for the total fees for services delivered by the administration staffs and the estimated shareholder costs for KNOT that have not been allocated. As such, the level of net administration costs as a basis for the allocation can vary from year to year based on the administration and financing services offered by KNOT to all the vessels in its fleet each year. KNOT Management also charges each subsidiary a fixed annual fee for the preparation of the statutory financial statement.

(4) *Administration and management fee from KNOT:* For bareboat charters, the shipowner is not responsible for providing crewing or other operational services and the customer is responsible for all vessel operating expenses and voyage expenses. However, each of the vessels under bareboat charters are subject to management and administration agreements with either KNOT Management or KNOT Management Denmark, pursuant to which these companies provide general monitoring services for the vessels in exchange for an annual fee.

(5) *Interest expense charged from KNOT:* KNOT invoiced interest (expense) income for any outstanding payables to (receivable from) owners and affiliates to the vessel-owning subsidiaries.

(6) *Drydocking supervision fee from KNOT and KOAS*: KNOT and KOAS provide supervision and hire out service personnel during drydocking of the vessels. The fee is calculated as a daily fixed fee.

(b) Guarantees and Indemnifications

Pursuant to the Omnibus Agreement, KNOT agreed to guarantee the payments of the hire rate under the initial charters of each of the *Windsor Knutsen* and the *Bodil Knutsen* for a period of five years from the closing date of the IPO.

In April 2014, the Partnership was notified that Shell would not exercise its option to extend the *Windsor Knutsen* time charter after the expiration of its initial term. The vessel was re-delivered on July 28, 2014. In order to comply with its obligations under the Omnibus Agreement, on July 29, 2014, KNOT and the Partnership entered into a time charter for the vessel at a rate of hire that would have been in effect during the option period under the previous Shell time charter. This charter was effective until the new Shell time charter commenced in October, 2015. The new Shell charter has a hire rate that is lower than the hire rate in the initial charter. The difference between the new hire and the initial rate is paid by KNOT.

Under the Omnibus Agreement, KNOT has agreed to indemnify the Partnership until April 15, 2018, against certain environmental and toxic tort liabilities with respect to certain assets that KNOT contributed or sold to the Partnership to the extent arising prior to the time they were contributed or sold. However, claims are subject to a deductible of $0.5 million and an aggregate cap of $5 million.

(c) Transactions with Management and Directors

See the footnotes to Note 12(a) Related Party Transactions for a discussion of the allocation principles for KNOT s administrative costs, including management and administrative staff, included in the consolidated statements of operations.

(g) Acquisitions from KNOT

On December 1, 2016, the Partnership acquired KNOT s 100% interest in Knutsen NYK Shuttle Tankers 19 AS, the company that owns and operates the *Raquel Knutsen.* This acquisition was accounted for as an acquisition of a business.

On March 1, 2017, the Partnership acquired KNOT s 100% interest in KNOT Shuttle Tankers 24 AS, the company that owns and operates the *Tordis Knutsen.* This acquisition was accounted for as an acquisition of a business.

On June 1, 2017, the Partnership acquired KNOT s 100% interest in KNOT Shuttle Tankers 25 AS, the company that owns and operates the *Vigdis Knutsen.* This acquisition was accounted for as an acquisition of a business.

The board of directors of the Partnership (the Board) and the conflicts committee of the Board (the Conflicts Committee) approved the purchase price for each transaction described above. The Conflicts Committee retained a financial advisor to assist with its evaluation of each of the transactions. See Note 15 Business Acquisitions.

13) Commitments and Contingencies

Assets Pledged

As of June 30, 2017 and December 31, 2016, Vessels with a book value of $ 1,519 million and $1,257 million, respectively, were pledged as security held as guarantee for the Partnership s long-term debt and interest rate swap obligations. See Note 6 Derivative Instruments and Note 11 Long-Term Debt.

Claims and Legal Proceedings

From time to time, the Partnership is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the consolidated financial position, results of operations or cash flows.

Insurance

The Partnership maintains insurance on all the Vessels to insure against marine and war risks, which include damage to or total loss of the Vessels, subject to deductible amounts that average $0.15 million per Vessel, and loss of hire.

Under the loss of hire policies, the insurer will pay a compensation for the lost hire rate agreed in respect of each Vessel for each day, in excess of 14 deductible days, for the time that the Vessel is out of service as a result of damage, for a maximum of 180 days. In addition, the Partnership maintains protection and indemnity insurance, which covers third-party legal liabilities arising in connection with the Vessels activities, including, among other things, the injury or death of third-party persons, loss or damage to cargo, claims arising from collisions with other vessels and other damage to other third-party property, including pollution arising from oil or other substances. This insurance is unlimited, except for pollution, which is limited to $1 billion per vessel per incident. The protection and indemnity insurance is maintained through a protection and indemnity association, and as a member of the association, the Partnership may be required to pay amounts above budgeted premiums if the member claims exceed association reserves, subject to certain reinsured amounts. If the Partnership experiences multiple claims each with individual deductibles, losses due to risks that are not insured or claims for insured risks that are not paid, it could have a material adverse effect on the Partnership s results of operations and financial condition.

relating to the period (6)

(1) Earnings per unit have been calculated in accordance with the cash distribution provisions set forth in the Partnership s Partnership Agreement.
(2) This refers to distributions made or to be made in relation to the period irrespective of the declaration and payment dates and based on the number of units outstanding at the record date. This includes cash distributions to the IDR holder (KNOT) for the three months ended June 30, 2017 and 2016 of $0.6 million and of $0.6 million, respectively, and for the six months ended June 30, 2017 and 2016 of $1.2 million and of $1.2 million, respectively.
(3) On May 18, 2016 all subordinated units converted into common units on a one-for-one basis.
(4) This includes the net income attributable to the IDR holder. The IDRs generally may not be transferred by KNOT until March 31, 2018. The net income attributable to IDRs for the three months ended June 30, 2017 and 2016 was $0.6 million and $0.6 million, respectively, and for the six months ended June 30, 2017 and 2016 was $1.2 million and $1.2 million, respectively.
(5) Refers to cash distributions declared and paid during the period.
(6) Refers to cash distributions declared and paid subsequent to the period end.

Table of Contents

As of June 30, 2017, the Partnership had 29,694,094 common units outstanding, of which 21,036,226 are held by the public and 8,567,500 are held by KNOT. In addition, KNOT, through its ownership of the General Partner, held 558,674 general partner units and 90,368 common units. The Partnership also has 3,750,000 Series A Preferred Units outstanding.

Earnings per unit is determined by dividing net income, after deducting the distributions paid or to be made in relation to the period, by the weighted-average number of units (other than the Series A Preferred Units) outstanding during the applicable period. The General Partner s, common unitholders and subordinated unitholders interest in net income are calculated as if all net income was distributed according to the terms of the Partnership Agreement, regardless of whether those earnings would or could be distributed. The Partnership Agreement does not provide for the distribution of net income. Rather, it provides for the distribution of available cash, which is a contractually defined term that generally means all cash on hand at the end of each quarter less the amount of cash reserves established by the Board to provide for the proper conduct of the Partnership s business, including reserves for maintenance and replacement capital expenditures and anticipated credit needs and capital requirements and for funds to pay quarterly distributions on, and make any redemption payments on, the Series A Preferred Units. In addition, KNOT, as the initial holder of all IDRs, has the right, at the time when there are no subordinated units outstanding and it has received incentive distributions at the highest level to which it is entitled (48.0% for each of the prior four consecutive fiscal quarters), to reset the initial cash target distribution levels at higher levels based on the distribution at the time of the exercise of the reset election. Unlike available cash, net income is affected by non-cash items, such as depreciation and amortization, unrealized gains and losses on derivative instruments and unrealized foreign currency gains and losses.

For a description of the provisions of the Partnership Agreement relating to cash distributions, please see the Partnership s Form 8-A/A filed with the SEC on June 30, 2017.

15) Business Acquisitions

In December 2016, March 2017 and June 2017, the Partnership acquired from KNOT equity interests in certain subsidiaries which own and operate the *Raquel Knutsen,* the *Tordis Knutsen* and the *Vigdis Knutsen,* respectively.

The Board and the Conflicts Committee approved the purchase price for each transaction. The Conflicts Committee retained a financial advisor to assist with its evaluation of each of the transactions. The details of each transaction are as follows:

Raquel Knutsen

On December 1, 2016, the Partnership s wholly owned subsidiary, KNOT Shuttle Tankers AS, acquired KNOT s 100% interest in Knutsen Shuttle Tankers 19 AS, the company that owns and operates the *Raquel Knutsen*. The purchase price was $116.5 million less $103.5 million of outstanding indebtedness related to the vessel plus other purchase price adjustments of $7.3 million. The Partnership accounted for this acquisition as an acquisition of a business. The purchase price of the acquisition has been allocated to the identifiable assets acquired. The allocation of the purchase price to acquired identifiable assets was based on their fair values at the date of acquisition.

Revenue and profit contributions

The Raquel Knutsen business contributed revenues of $1.5 million and net income of $0.2 million to the Partnership for the period from December 1, 2016 to December 31, 2016.

The table below shows comparative summarized consolidated pro forma financial information for the Partnership for the year ended December 31, 2016, giving effect to the Partnership s acquisition and financing of the *Raquel Knutsen* as if this acquisition had taken place on January 1, 2016. The information is unaudited and is for illustration purposes only.

(U.S. Dollars in thousands)	Year Ended December 31, 2016
Revenue	$ 190,229
Net income	65,101

Included in the pro forma adjustments is depreciation related to the purchase price allocations performed on the acquired identifiable assets as if the acquisition had taken place on January 1, 2016. In addition, the pro forma adjustments reflect changes in guarantors as if the acquisition had taken place from the date of delivery of the vessel.

Tordis Knutsen

On March 1, 2017, the Partnership s wholly owned subsidiary, KNOT Shuttle Tankers AS, acquired KNOT s 100% interest in KNOT Shuttle Tankers 24 AS (KNOT 24), the company, that owns and operates the *Tordis Knutsen*. The purchase price was $147.0 million less $137.7 million of outstanding indebtedness plus $21.1 million for a receivable owed by KNOT to KNOT 24 and approximately $0.8 million for certain capitalized fees related to the financing of the *Tordis Knutsen* plus $1.7 million of post-closing adjustments for working capital and interest rate swaps. The Partnership accounted for this acquisition as an acquisition of a business. The purchase price of the acquisition has been allocated to the identifiable assets acquired. The provisional allocation of the purchase price to acquired identifiable assets was based on their fair values at the date of acquisition.

Revenue and profit contributions

The *Tordis Knutsen* business contributed revenues of $6.9 million and net income of $0.5 million to the Partnership for the period from March 1, 2017 to June 30, 2017.

The table below shows comparative summarized consolidated pro forma financial information for the Partnership for the six months ended June 30, 2017, giving effect to the Partnership s acquisition and financing of the *Tordis Knutsen* as if this acquisition had taken place on January 1, 2017. Since *Tordis Knutsen* was delivered from the yard in late 2016 and commenced on its time charter contract in January 2017, there are no pro forma figures for the year ended December 31, 2016. The information is unaudited and is for illustration purposes only.

(U.S. Dollars in thousands)	**Six Months Ended June 30, 2017**
Revenue	$ 101,392

Included in the pro forma adjustments is depreciation related to the purchase price allocations performed on the acquired identifiable assets as if the acquisition had taken place on January 1, 2017. In addition, the pro forma adjustments reflect changes in guarantors and amortization of the above market time charter as if the acquisition had taken place from the date of delivery of the vessel.

Vigdis Knutsen

On June 1, 2017, KNOT Shuttle Tankers AS, acquired KNOT s 100% interest in KNOT Shuttle Tankers 25 AS (KNOT 25), the company that owns and operates the *Vigdis Knutsen*. The purchase price was $147.0 million less $137.7 million of outstanding indebtedness plus $17.9 million for a receivable owed by KNOT to KNOT 25 and approximately $0.9 million for certain capitalized fees related to the financing of the *Vigdis Knutsen* plus $3.7 million of post-closing adjustments for working capital and interest rate swaps. The Partnership accounted for this acquisition as an acquisition of a business. The purchase price of the acquisition has been allocated to the identifiable assets acquired. The provisional allocation of the purchase price to acquired identifiable assets was based on their fair values at the date of acquisition.

Revenue and profit contributions

The *Vigdis Knutsen* business contributed revenues of $1.7 million and net income of $0.2 million to the Partnership for the period from June 1, 2017 to June 30, 2017.

The table below shows comparative summarized consolidated pro forma financial information for the Partnership for the six months ended June 30, 2017, giving effect to the Partnership s acquisition and financing of the *Vigdis Knutsen* as if this acquisition had taken place on January 1, 2017. Since *Vigdis Knutsen* was delivered from the yard in February 2017 and commenced on its time charter contract in April 2017, there are no pro forma figures for the year ended December 31, 2016. The information is unaudited and is for illustration purposes only.

(U.S. Dollars in thousands)	**Six Months Ended June 30, 2017**

Less: Underwriters discount		925
Less: Offering expenses		321
Net proceeds received	$	54,879

Table of Contents

On January 10, 2017, the Partnership sold 2,500,000 common units, representing limited partner interests, in an underwritten public offering (the January 2017 Offering). The Partnership s total net proceeds from the January 2017 Offering were $54.9 million.

The Partnership used the net proceeds from the January 2017 Offering to fund the cash portion of the purchase price of the *Tordis Knutsen* and to repay debt and for general partnership purposes.

Sale of Series A Preferred units

(U.S. Dollars in thousands)	**February 2017 Series A Preferred Units**	**June 2017 Series A Preferred Units**	**Total Series A Preferred Units**
Gross proceeds received	$ 50,000	$ 40,000	$ 90,000
Less: Fee	1,000	1,000	2,000
Less: Expenses	386	171	557
Net proceeds received	$ 48,614	$ 38,829	$ 87,443

On February 2, 2017, the Partnership issued and sold in a private placement 2,083,333 Series A Preferred Units at a price of $24.00 per unit. After deducting fees and expenses, the net proceeds from the sale were $48.6 million. The Partnership used the net proceeds from the sale to fund the cash portion of the purchase price of the *Tordis Knutsen* and to repay debt and for general partnership purposes.

On June 30, 2017, the Partnership (i) issued and sold in a second private placement 1,666,667 additional Series A Preferred Units at a price of $24.00 per unit and (ii) amended and restated its Partnership Agreement to make certain amendments to the terms of the Series A Preferred Units, including the 2,083,333 Series A Preferred Units issued on February 2, 2017. After deducting estimated fees and expenses, the net proceeds of the sale were $38.8 million. The Partnership used $30.0 million of the net proceeds to repay the revolving credit facility, which was drawn in connection with acquisition of the *Vigdis Knutsen.*

The Series A Preferred Units rank senior to the common units as to the payment of distributions and amounts payable upon liquidation, dissolution or winding up. The Series A Preferred Units have a liquidation preference of $24.00 per unit, plus any Series A unpaid cash distributions, plus all accrued but unpaid distributions on such Series A Preferred Unit with respect to the quarter in which the liquidation occurs to the date fixed for the payment of any amount upon liquidation. The Series A Preferred Units are entitled to cumulative distributions from their initial issuance date, with distributions being calculated at an annual rate of 8.0% on the stated liquidation preference and payable quarterly in arrears within 45 days after the end of each quarter, when, as and if declared by the Board.

The Series A Preferred Units will be generally convertible, at the option of the holders of the Series A Preferred Units, into common units commencing on February 2, 2019 at the then applicable conversion rate. The conversion rate will be subject to adjustment under certain circumstances. In addition, the conversion rate will be redetermined on a quarterly basis, such that the conversion rate will be equal to $24.00 (the Issue Price) divided by the product of (x) the book value per common unit at the end of the immediately preceding quarter (pro-forma for per unit cash distributions payable with respect to such quarter) multiplied by (y) the quotient of (i) the Issue Price divided by (ii) the book value per common unit on February 2, 2017. In addition, the Partnership may redeem the Series A Preferred Units at any time between February 2, 2019 and February 2, 2027 at the redemption price specified in the Partnership Agreement,

provided, however, that upon notice from the Partnership to the holders of Series A Preferred Units of its intent to redeem, such holders may elect, instead, to convert their Series A Preferred Units into common units at the then applicable conversion rate.

Upon a change of control of the Partnership, the holders of Series A Preferred Units will have the right to require cash redemption at 100% of the Issue Price. In addition, the holders of Series A Preferred Units will have the right to cause the Partnership to redeem the Series A Preferred Units on February 2, 2027 in, at the option of the Partnership, (i) cash at a price equal to 70% of the Issue Price or (ii) common units such that each Series A Preferred Unit receives common units worth 80% of the Issue Price (based on the volume-weighted average trading price, as adjusted for splits, combinations and other similar transactions, of the common units as reported on the NYSE for the 30 trading day period ending on the fifth trading day immediately prior to the redemption date) plus any accrued and unpaid distributions. In addition, at any time following February 2, 2019 and subject to certain conditions, the Partnership will have the right to convert the Series A Preferred Units into common units at the then applicable conversion rate if the aggregate market value (calculated as set forth in the partnership agreement) of the common units into which the then outstanding Series A Preferred Units are convertible, based on the then applicable conversion rate, is greater than 130% of the aggregate Issue Price of the then outstanding Series A Preferred Units.

Table of Contents

For additional information about the Series A Preferred Units, please read the Partnership s Reports on Form 6-K filed with the Securities and Exchange Commission on February 2, 2017, May 17, 2017 and June 30, 2017 and Form 8-A/A filed on June 30, 2017.

On August 12, 2015, the Board authorized a program for the Partnership to repurchase up to 666,667 of its common units. The board of directors of the General Partner concurrently authorized the General Partner to purchase up to 333,333 common units of the Partnership. On August 10, 2016, the Board and the board of directors of the General Partner authorized an extension of the common unit purchase program to August 31, 2017, and on August 9, 2017, the Board and the board of directors of the General Partner authorized a further extension of the program to August 31, 2018. No additional common units were purchased by the Partnership or the General Partner in 2016 or to date in 2017. The Partnership and the General Partner may therefore purchase up to an additional 485,761 and 242,965 common units, respectively, under the extended program.

All purchases are made pursuant to a single program and are allocated approximately two-thirds to the Partnership and one-third to the General Partner. There is no obligation to purchase any specific number of common units and the program may be modified, suspended, extended or terminated at any time. Common units repurchased by the Partnership under the program have been cancelled.

The subordination period for the 8,567,500 subordinated units ended on May 18, 2016. All of the subordinated units, which were owned by KNOT, converted to common units on a one-for-one basis.

18) Subsequent Events

The Partnership has evaluated subsequent events from the balance sheet date through August 9, 2017, the date at which the unaudited condensed consolidated interim financial statements were available to be issued, and determined that there are no other items to disclose, except as follows:

On July 18, 2017, the Partnership declared a cash distribution of $0.52 per common unit with respect to the quarter ended June 30, 2017 to be paid on August 15, 2017 to unitholders of record as of the close of business on August 2, 2017. On July 18, 2017, the Partnership also declared a cash distribution payable to Series A Preferred Unitholders with respect to the quarter ended June 30, 2017 in an aggregate amount equal to $1.0 million.

On August 9, 2017, the Partnership entered into an agreement with NTT Finance Corporation for an unsecured revolving credit facility of $25 million. The facility will mature in August 2019, bear interest at LIBOR plus a margin

of 1.8% and have a commitment fee of 0.5% on the undrawn portion of the facility. Closing of the facility is expected to occur by the end of August 2017.

On August 9, 2017, the Partnership s wholly owned subsidiary, KNOT Shuttle Tankers AS, entered into a share purchase agreement with KNOT to acquire KNOT Shuttle Tankers 26 AS (KNOT 26), the company that owns the shuttle tanker, *Lena Knutsen*, from KNOT (the Lena Acquisition). The Partnership expects the Lena Acquisition to close by September 30, 2017, subject to customary closing conditions. The purchase price of the Lena Acquisition is $142.0 million, less approximately $133.8 million of outstanding indebtedness related to the *Lena Knutsen* plus approximately $24.1 million for a receivable owed by KNOT to KNOT 26 (the KNOT 26 Receivable) and approximately $1.0 million for certain capitalized fees related to the financing of the *Lena Knutsen*. On the closing of the Lena Acquisition, KNOT 26 will repay approximately $41.9 million of the indebtedness, leaving an aggregate of approximately $91.9 million of debt outstanding under the secured credit facility related to the vessel (the Lena Facility). The Lena Facility is repayable in quarterly installments with a final balloon payment of $69.8 million due at maturity in June 2022. The Lena Facility bears interest at an annual rate equal to LIBOR plus a margin of 1.9%. The purchase price will be settled in cash and will be subject to certain post-closing adjustments for currency fluctuations and accrued interest on the KNOT 26 Receivable, working capital, Norwegian tonnage entrance tax and interest rate swaps. On the closing of the Lena Acquisition, KNOT will repay the KNOT 26 Receivable in full.

MANAGEMENT S DISCUSSION AND ANALYSIS OF

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Unless the context otherwise requires, references in this report to the Partnership, we, our, us or like terms, refer to KNOT Offshore Partners LP and its subsidiaries. Those statements in this section that are not historical in nature should be deemed forward-looking statements that are inherently uncertain. See Forward-Looking Statements on page 45 for a discussion of the factors that could cause actual results to differ materially from those projected in these statements.

This section should be read in conjunction with our unaudited condensed consolidated financial statements for the interim periods presented elsewhere in this report, as well as our historical consolidated financial statements and notes thereto included in our Annual Report on Form 20-F for the year ended December 31, 2016 (the 2016 20-F). Under our Partnership Agreement, KNOT Offshore Partners GP LLC, the general partner of the Partnership (the General Partner), has irrevocably delegated to the Partnership s board of directors the power to oversee and direct the operations of, and to manage and determine the strategies and policies of, the Partnership. During the period from the Partnership s initial public offering (IPO) in April 2013 until the time of the Partnership s first annual general meeting (AGM) on June 25, 2013, the General Partner retained the sole power to appoint, remove and replace all members of the Partnership s board of directors. From the first AGM, four of the seven board members became electable by the common unitholders and accordingly, from this date, the General Partner no longer retained the power to control the Partnership s board of directors and, hence, the Partnership. As a result, the Partnership is no longer considered to be under common control with Knutsen NYK Offshore Tankers AS (KNOT) and as a consequence, the Partnership no longer accounts for any vessel acquisitions from KNOT as transfer of a business between entities under common control.

General

We are a limited partnership formed to own, operate and acquire offshore shuttle tankers under long-term charters, which we define as charters of five years or more. Our fleet of shuttle tankers has been contributed to us by KNOT or purchased by us from KNOT. KNOT is jointly owned by TS Shipping Invest AS (TSSI) and Nippon Yusen Kaisha (NYK). TSSI is controlled by our Chairman and is a private Norwegian company with ownership interests in shuttle tankers, LNG tankers and product/chemical tankers. NYK is a Japanese public company with a fleet of approximately 800 vessels, including bulk carriers, containerships, tankers and specialized vessels.

As of June 30, 2017, we had a modern fleet of thirteen shuttle tankers that operate under long-term charters with major oil and gas companies engaged in offshore production. We intend to operate our vessels under long-term charters with stable cash flows and to grow our position in the shuttle tanker market through acquisitions from KNOT and third parties. Pursuant to the Omnibus Agreement we have entered into with KNOT in connection with the IPO (the Omnibus Agreement), we have the right to purchase from KNOT any shuttle tankers operating under charters of five or more years. This right will continue throughout the entire term of the Omnibus Agreement.

Recent Developments

Common Unit Offering

On January 10, 2017, the Partnership sold 2,500,000 common units, representing limited partner interests, in an underwritten public offering, raising approximately $54.9 million in net proceeds.

Tordis Knutsen Acquisition

On March 1, 2017, the Partnership s wholly owned subsidiary, KNOT Shuttle Tankers AS, acquired KNOT Shuttle Tankers 24 AS (KNOT 24), the company that owns the shuttle tanker *Tordis Knutsen*, from KNOT for a purchase price of $147.0 million less $137.7 million of outstanding indebtedness plus approximately $21.1 million for a receivable owed by KNOT to KNOT 24 and approximately $0.8 million for certain capitalized fees related to the financing of the *Tordis Knutsen* plus $1.7 million of post-closing adjustments for working capital and interest rate swaps. On the closing of the acquisition, KNOT 24 repaid approximately $42.8 million of the indebtedness, leaving an aggregate of approximately $94.9 million of debt outstanding under the secured credit facility related to the vessel. The purchase price was settled in cash in cash. On the closing of the acquisition, KNOT repaid the receivable in full.

Vigdis Knutsen Acquisition

On June 1, 2017, KNOT Shuttle Tankers AS acquired KNOT Shuttle Tankers 25 AS (KNOT 25), the company that owns the shuttle tanker *Vigdis Knutsen*, from KNOT for a purchase price of $147.0 million less $137.7 million of outstanding indebtedness plus approximately $17.9 million for a receivable owed by KNOT to KNOT 25 and approximately $0.9 million for certain capitalized fees related to the financing of the *Vigdis Knutsen* plus $3.7 million of post-closing adjustments for working capital and interest rate swaps. On the closing of the acquisition,

KNOT 25 repaid approximately $42.9 million of the indebtedness, leaving an aggregate of approximately $94.8 million of debt outstanding under the secured credit facility related to the vessel. The purchase price was settled in cash. On the closing of the acquisition, KNOT repaid the receivable in full.

Series A Convertible Preferred Units

On February 2, 2017, the Partnership issued and sold in a private placement 2,083,333 Series A Convertible Preferred Units (the Series A Preferred Units) at a price of $24 per unit. After deducting fees and expenses, the net proceeds from the sale were $48.6 million. The Partnership used the proceeds from the sale to fund the cash portion of the purchase price of the *Tordis Knutsen* and to repay debt and for general partnership purposes. On June 30, 2017, the Partnership (i) issued and sold in a second private placement 1,666,667 additional Series A Preferred Units at a price of $24 per unit and (ii) amended and restated its partnership agreement to make certain amendments to the terms of the Series A Preferred Units, including the 2,083,333 Series A Preferred Units issued on February 2, 2017. Among other things, the partnership agreement (i) provides that the consent of at least 67% of the Series A Preferred Units will be required to amend the terms of the Series A Preferred Units or issue any parity securities (subject to certain exceptions), (ii) modifies certain provisions related to conversions at the request of the Partnership and conversions at the request of the holders of Series A Preferred Units and (iii) provides that holders of Series A Preferred Units may transfer any such units at any time when the Partnership s common units are no longer listed on a U.S. national securities exchange or at any time when an event of default has occurred and is continuing under any indebtedness of the Partnership or its subsidiaries in an outstanding principal amount, individually or in the aggregate, of at least $10 million.

After deducting fees and expenses, the net proceeds from the second private placement were $38.8 million. The Partnership used $30.0 million of the net proceeds to repay the revolving credit facility which was drawn in connection with the *Vigdis Knutsen* acquisition.

The Series A Preferred Units rank senior to the common units as to the payment of distributions and amounts payable upon liquidation, dissolution or winding up. The Series A Preferred Units have a liquidation preference of $24.00 per unit, plus any Series A unpaid cash distributions, plus all accrued but unpaid distributions on such Series A Preferred Unit with respect to the quarter in which the liquidation occurs to the date fixed for the payment of any amount upon liquidation. The Series A Preferred Units are entitled to cumulative distributions from their initial issuance date, with distributions being calculated at an annual rate of 8.0% on the stated liquidation preference and payable quarterly in arrears within 45 days after the end of each quarter, when, as and if declared by the Board.

The Series A Preferred Units will be generally convertible, at the option of the holders of the Series A Preferred Units, into common units commencing on February 2, 2019 at the then applicable conversion rate. The conversion rate will be subject to adjustment under certain circumstances. In addition, the conversion rate will be redetermined on a quarterly basis, such that the conversion rate will be equal to $24.00 (the Issue Price) divided by the product of (x) the book value per common unit at the end of the immediately preceding quarter (pro-forma for per unit cash distributions payable with respect to such quarter) multiplied by (y) the quotient of (i) the Issue Price divided by (ii) the book value per common unit on February 2, 2017. In addition, the Partnership may redeem the Series A Preferred Units at any time between February 2, 2019 and February 2, 2027 at the redemption price specified in the Partnership Agreement, provided, however, that upon notice from the Partnership to the holders of Series A Preferred Units of its intent to redeem, such holders may elect, instead, to convert their Series A Preferred Units into common units at the then applicable conversion rate.

Upon a change of control of the Partnership, the holders of Series A Preferred Units will have the right to require cash redemption at 100% of the Issue Price. In addition, the holders of Series A Preferred Units will have the right to cause

the Partnership to redeem the Series A Preferred Units on February 2, 2027 in, at the option of the Partnership, (i) cash at a price equal to 70% of the Issue Price or (ii) common units such that each Series A Preferred Unit receives common units worth 80% of the Issue Price (based on the volume-weighted average trading price, as adjusted for splits, combinations and other similar transactions, of the common units as reported on the NYSE for the 30 trading day period ending on the fifth trading day immediately prior to the redemption date) plus any accrued and unpaid distributions. In addition, at any time following February 2, 2019 and subject to certain conditions, the Partnership will have the right to convert the Series A Preferred Units into common units at the then applicable conversion rate if the aggregate market value (calculated as set forth in the partnership agreement) of the common units into which the then outstanding Series A Preferred Units are convertible, based on the then applicable conversion rate, is greater than 130% of the aggregate Issue Price of the then outstanding Series A Preferred Units.

Cash Distributions

On May 15, 2017, we paid a quarterly cash distribution of $0.52 per common unit and $0.3093 per Series A Preferred Unit with respect to the quarter ended March 31, 2017. The cash distributions amounted to $16.4 million for common unitholders and $0.7 million for Series A Preferred unitholders.

On July 18, 2017, the Partnership declared a cash distribution of $0.52 per common unit with respect to the quarter ended June 30, 2017 to be paid on August 15, 2017 to unitholders of record as of the close of business on August 2, 2017. On July 18, 2017, the Partnership also declared a cash distribution payable to holders of the Series A Preferred Units on August 15, 2017 with respect to the quarter ended June 30, 2017 in an aggregate amount equal to $1.0 million.

Extension of Windsor Knutsen Charter

On July 14, 2017, Shell utilised its option to extend the time charter of the vessel *Windsor Knutsen* by one additional year until October 2018. Following the extension, Shell has five remaining one-year options to extend the time charter until October 2023.

Partnership Matters

Effective April 1, 2017, the Partnership s general partner appointed Mr. Richard Beyer to replace Mr. Hiroaki Nishiyama as an appointed Director on the Partnership s board of directors (the Board). Mr. Beyer has been a member of the board of directors of the Partnership s general partner and KNOT Offshore Partners UK LLC since 2013 and is a director of NYK Group Europe Limited and NYK Energy Transport (Atlantic) Limited. Before joining NYK Group Europe Limited, Mr. Beyer was a Senior Legal Adviser to BP Shipping Limited. Mr. Beyer was admitted as an English solicitor in 1995.

On August 9, 2017, we held our 2017 annual meeting of limited partners at which Hans Petter Aas was elected as a Class IV director of the Partnership whose term will expire at the 2021 annual meeting of limited partners.

Common Unit Purchase Program

On August 10, 2016, the boards of directors of the Partnership and the General Partner each authorized an extension of the common unit purchase program to August 31, 2017. Originally approved on August 12, 2015, the program authorized the Partnership to repurchase up to 666,667 of its common units and the General Partner to purchase up to 333,333 common units of the Partnership. On August 9, 2017, the Board and the board of directors of the General Partner authorized a further extension of the program to August 31, 2018. As of December 31, 2015, the Partnership and the General Partner had purchased 180,906 and 90,368 common units, respectively, pursuant to the program at an average purchase price of $12.71 per unit. No additional common units had been purchased by the Partnership or the General Partner as of June 30, 2017. The Partnership and the General Partner may therefore purchase up to an additional 485,761 and 242,965 common units, respectively, under the extended program.

Revolving Credit Facility

On August 9, 2017, the Partnership entered into an agreement with NTT Finance Corporation for an unsecured revolving credit facility of $25 million. The facility will mature in August 2019, bear interest at LIBOR plus a margin of 1.8% and have a commitment fee of 0.5% on the undrawn portion of the facility. Closing of the facility is expected to occur by the end of August 2017.

Lena Knutsen Acquisition

On August 9, 2017, the Partnership s wholly owned subsidiary, KNOT Shuttle Tankers AS, entered into a share purchase agreement with KNOT to acquire KNOT Shuttle Tankers 26 AS (KNOT 26), the company that owns the shuttle tanker, *Lena Knutsen*, from KNOT (the Lena Acquisition). The Partnership expects the Lena Acquisition to close by September 30, 2017, subject to customary closing conditions. The purchase price of the Lena Acquisition is $142.0 million, less approximately $133.8 million of outstanding indebtedness related to the *Lena Knutsen* plus approximately $24.1 million for a receivable owed by KNOT to KNOT 26 (the KNOT 26 Receivable) and approximately $1.0 million for certain capitalized fees related to the financing of the *Lena Knutsen*. On the closing of the Lena Acquisition, KNOT 26 will repay approximately $41.9 million of the indebtedness, leaving an aggregate of approximately $91.9 million of debt outstanding under the secured credit facility related to the vessel (the Lena

Facility). The Lena Facility is repayable in quarterly installments with a final balloon payment of $69.8 million due at maturity in June 2022. The Lena Facility bears interest at an annual rate equal to LIBOR plus a margin of 1.9%. The purchase price will be settled in cash and will be subject to certain post-closing adjustments for currency fluctuations and accrued interest on the KNOT 26 Receivable, working capital, Norwegian tonnage entrance tax and interest rate swaps. On the closing of the Lena Acquisition, KNOT will repay the KNOT 26 Receivable in full.

Time Charter and Bareboat Revenues: Time charter and bareboat revenues increased by $8.7 million to $51.5 million for the three months ended June 30, 2017 compared to $42.9 million for the three months ended June 30, 2016. The increase was mainly due to increased time charter revenues from the *Raquel Knutsen*, the *Tordis Knutsen* and the *Vigdis Knutsen* being included in the results of operations from December 1, 2016, March 1, 2017 and June 1, 2017, respectively.

Loss of hire insurance recoveries: Loss of hire insurance recoveries for the three months ended June 30, 2017 were $2.3 million compared to $nil for the three months ended June 30, 2016. The loss of hire insurance recoveries were related to a technical default with *Raquel Knutsen* s controllable pitch propeller. *Raquel Knutsen* was offhire from February 22, 2017 to May 15, 2017. Under our loss of hire polices, our insurer will pay us the hire rate under the time-charter in respect of each vessel for each day, in excess of 14 deductible days, for the time that the vessel is out of service as a result of damage, for a maximum of 180 days. No further loss of hire recoveries are expected for this claim.

Other income: Other income for the three months ended June 30, 2017 was $0.6 million compared to $0.2 million for the three months ended June 30, 2016. Pursuant to the Omnibus Agreement, KNOT agreed to guarantee the payment of the hire rate that is equal to or greater than the hire rate payable under the initial charters of the *Bodil Knutsen* and *Windsor Knutsen* for a period of five years from the closing date of the IPO. In October 2015, the *Windsor Knutsen* commenced operating under a new Shell time charter. The hire rate for the new charter is below the initial charter hire rate and the difference between the new hire rate and the initial rate is paid by KNOT. During the three months ended June 30, 2017, $0.3 million was recognized as income pursuant to this guarantee compared to $0.2 million for same period last year. For the three months ended June 30, 2017 $0.3 million was recognized as guarantee income from KNOT in connection with the offhire and repairs for the *Vigdis Knutsen*. In connection with the *Vigdis Knutsen* acquisition, KNOT agreed to reimburse the Partnership for repair costs and offhire incurred by the *Vigdis Knutsen* as a result of damages to its hull in connection with a ship-to ship loading on May 24, 2017.

Vessel operating expenses: Vessel operating expenses for the three months ended June 30, 2017 were $9.4 million, an increase of $1.5 million from $8.0 million in the three months ended June 30, 2016. The increase is mainly attributable to the increase of $2.5 million due to the *Raquel Knutsen*, *Tordis Knutsen* and the *Vigdis Knutsen* being included in the results of operations from December 1, 2016, March 1, 2017 and June 1, 2017, respectively. The increase was partially offset by a $0.5 insurance claim related to the *Raquel Knutsen* and lower operating expenses of $0.5 million mainly due to the strengthening of the U.S. dollar against the NOK during the three months ended June 30, 2017 compared to same period last year.

Depreciation: Depreciation expense for the three months ended June 30, 2017 was $17.4 million, an increase of $3.5 million from $13.9 million in the three months ended June 30, 2016. This increase was mainly due to the *Raquel Knutsen*, the *Tordis Knutsen* and the *Vigdis Knutsen* being included in the results of operations from December 1, 2016, March 1, 2017 and June 1, 2017, respectively.

General and administrative expenses: General and administrative expenses for the three months ended June 30, 2017 were $1.5 million, compared to $0.9 million for the same period in 2016. The increase is mainly due to additional operational activity during the three months ended June 30, 2017 and the increased size of the fleet.

Interest income: Interest income for the three months ended June 30, 2017 was $44,000, compared to $nil for the three months ended June 30, 2016.

Interest expense: Interest expense for the three months ended June 30, 2017 was $7.3 million, an increase of $2.2 million from $5.1 million for the three months ended June 30, 2016. The increase was mainly due to additional

debt incurred in connection with the acquisition of the *Raquel Knutsen*, the *Tordis Knutsen* and the *Vigdis Knutsen* and higher LIBOR during the three months ended June 30, 2017 compared to the three months ended June 30, 2016.

Other finance expense: Other finance expense was $0.3 million for the three months ended June 30, 2017 and $0.3 million for the three months ended June 30, 2016. Other finance expense is primarily related to bank fees and guarantee commissions.

Realized and unrealized gain (loss) on derivative instruments: Realized and unrealized loss on derivative instruments for the three months ended June 30, 2017 was $1.5 million, compared to $3.2 million for the three months ended June 30, 2016, as set forth in the table below:

(U.S. Dollars in thousands)	Three Months Ended June 30 2017	2016	$ Change
Realized gain (loss):			
Interest rate swap contracts	$ (938)	$ (1,252)	$ 314
Foreign exchange forward contracts	(97)	(316)	219
Total realized gain (loss):	(1,035)	(1,568)	533
Unrealized gain (loss):			
Interest rate swap contracts	(1,334)	(1,518)	184
Foreign exchange forward contracts	833	(90)	923
Total unrealized gain (loss):	(501)	(1,608)	1,107
Total realized and unrealized gain (loss) on deriviative instruments:	$ (1,536)	$ (3,176)	$ 1,640

As of June 30, 2017, the total notional amount of the Partnership s outstanding interest rate swap contracts that were entered into in order to hedge outstanding or forecasted debt obligations was $536.7 million and the Partnership had entered into foreign exchange forward contracts, selling a total notional amount of $40.0 million against the Norwegian Kroner (NOK) at an average exchange rate of NOK 8.31 per 1.0 U.S. Dollar, which are economic hedges for certain vessel operating expenses and general expenses in NOK. Of the unrealized loss for the three months ended June 30, 2017, $1.3 million related to mark-to-market losses on interest rate swaps due to a decrease in swap rates during the quarter, and an unrealized gain of $0.8 million related to foreign exchange contracts due to the strengthening of the NOK against the U.S Dollar.

Net loss on foreign currency transactions: Net loss on foreign currency transactions for the three months ended June 30, 2017 and 2016 was $0.1 million.

Income tax (expense): Income tax expense for the three months ended June 30, 2017 and 2016 was $3,000.

Net income: As a result of the foregoing, we earned net income of $16.9 million for the three months ended June 30, 2017 compared to net income of $11.6 million for the three months ended June 30, 2016.

Time Charter and Bareboat Revenues: Time charter and bareboat revenues increased by $10.6 million to $95.3 million for the six months ended June 30, 2017 compared to $84.7 million for the six months ended June 30, 2016. This was principally due to increased revenues from the *Raquel Knutsen*, the *Tordis Knutsen* and the *Vigdis Knutsen* being included in the results of operations from December 1, 2016, March 1, 2017 and June 1, 2017, respectively, and full earnings from the *Bodil Knutsen* during the six months ended June 30, 2017 compared to 20.9 days offhire due to planned drydocking in the same period last year. The increase was partially offset by a reduction in time charter earnings due to the *Windsor Knutsen* drydocking during the six months ended June 30, 2017, and lower utilization of the fleet during the six months ended June 30, 2017 due to 14 days deductible offhire for the vessel the *Raquel Knutsen* and one less operational day in that period compared to the same period last year.

Loss of hire insurance recoveries: Loss of hire insurance recoveries for the six months ended June 30, 2017 were $3.4 million compared to $nil for the six months ended June 30, 2016. The loss of hire insurance recoveries were related to a technical default with the *Raquel Knutsen* s controllable pitch propeller. The *Raquel Knutsen* was offhire from February 22, 2017 to May 15, 2017.

Other income: Other income for the six months ended June 30, 2017 was $0.7 million compared to $0.4 million for the six months ended June 30, 2016. During the six months ended June 30, 2017 and 2016, $0.3 million and $0.4 million, respectively, was recognized as income pursuant to KNOT s guarantee of the initial hire rate under the *Windsor Knutsen* time charter.

Vessel operating expenses: Vessel operating expenses for the six months ended June 30, 2017 were $19.7 million, an increase of $4.1 million from $15.6 million in the six months ended June 30, 2016. The increase was primarily due to an increase of $3.9 million from the *Raquel Knutsen*, the *Tordis Knutsen* and the *Vigdis Knutsen* being included in the results of operations from December 1, 2016, March 1, 2017 and June 1, 2017, respectively, and $0.6 million was related to bunkers consumption in connection with the drydocking of the *Windsor Knutsen*. This was partially offset by lower operating expenses for the rest of the fleet.

Depreciation: Depreciation expense for the six months ended June 30, 2017 was $33.1 million, an increase of $5.3 million from $27.8 million in the six months ended June 30, 2016. This increase was mainly due to the *Raquel Knutsen*, the *Tordis Knutsen* and the *Vigdis Knutsen* being included in the results of operations from December 1, 2016, March 1, 2017 and June 1, 2017, respectively.

General and administrative expenses: General and administrative expenses for the six months ended June 30, 2017 were $3.0 million, compared to $2.3 million for the same period in 2016. The increase is mainly due incremental expenses during the six months ended June 30, 2017 in connection with the January 2017 common unit offering, private placement of Series A Preferred Units and the acquisitions of the *Tordis Knutsen* and the *Vigdis Knutsen*.

Interest income: Interest income for the six months ended June 30, 2017 was $80,000, compared to $3,000 for the six months ended June 30, 2016.

Interest expense: Interest expense for the six months ended June 30, 2017 was $13.5 million, an increase of $3.4 million from $10.1 million in the six months ended June 30, 2016. The increase was mainly due to additional debt incurred in connection with the acquisition of the *Raquel Knutsen*, the *Tordis Knutsen* and the *Vigdis Knutsen* and higher LIBOR during the six months ended June 30, 2017 compared to the six months ended June 30, 2016.

Other finance expense: Other finance expense for the six months ended June 30, 2017 and 2016 was $0.6 million. Other finance expense is primarily related to bank fees and guarantee commissions.

Realized and unrealized gain (loss) on derivative instruments: Realized and unrealized loss on derivative instruments for the six months ended June 30, 2017 was $1.0 million, compared to $6.4 million for the six months ended June 30, 2016, as set forth in the table below:

Table of Contents

(U.S. Dollars in thousands)	Six Months Ended June 30 2017	2016	$ Change
Realized gain (loss):			
Interest rate swap contracts	$ (1,607)	$ (2,176)	$ 569
Foreign exchange forward contracts	(166)	(316)	150
Total realized gain (loss):	(1,773)	(2,492)	719
Unrealized gain (loss):			
Interest rate swap contracts	(275)	(5,866)	5,591
Foreign exchange forward contracts	1,031	1,998	(967)
Total unrealized gain (loss):	756	(3,868)	4,624
Total realized and unrealized gain (loss) on deriviative instruments:	$ (1,017)	$ (6,360)	$ 5,343

The decreased net realized and unrealized loss on derivative instruments was mainly due to an increase in long-term interest rates.

Net loss on foreign currency transactions: Net loss on foreign currency transactions for the six months ended June 30, 2017 was $0.2 million, compared to $0.1 million for the six months ended June 30, 2016.

Income tax expense: Income tax expense for the six months ended June 30, 2017 and 2016 was $6,000.

Net income: As a result of the foregoing, we earned net income of $28.3 million for the six months ended June 30, 2017 compared to net income of $22.2 million for the six months ended June 30, 2016.

Liquidity and Capital Resources

Liquidity and Cash Needs

We operate in a capital-intensive industry, and we expect to finance the purchase of additional vessels and other capital expenditures through a combination of borrowings from commercial banks, cash generated from operations and debt and equity financings. In addition to paying distributions, our other liquidity requirements relate to servicing our debt, funding investments (including the equity portion of investments in vessels), funding working capital and maintaining cash reserves against fluctuations in operating cash flows. We believe our current resources are sufficient to meet our working capital requirements for our current business. Generally, our long-term sources of funds are cash from operations, long-term bank borrowings and other debt and equity financings. Because we distribute our available cash, we expect that we will rely upon external financing sources, including bank borrowings and the issuance of debt and equity securities, to fund acquisitions and other expansion capital expenditures.

Our funding and treasury activities are intended to maximize investment returns while maintaining appropriate liquidity. Cash and cash equivalents are held primarily in U.S. Dollars with some balances held in NOK, British

Pounds and Euros. We have not made use of derivative instruments other than for interest rate and currency risk management purposes. We expect to continue to economically hedge our exposure to interest rate fluctuations in the future by entering into interest rate swap contracts.

We estimate that we will spend in total approximately $20.2 million for the next dry-docking and classification surveys for our nine time charter vessels in our current fleet. As our fleet matures and expands, our dry-docking expenses will likely increase. Ongoing costs for compliance with environmental regulations are primarily included as part of our dry-docking and society classification survey costs or are a component of our vessel operating expenses. We are not aware of any regulatory changes or environmental liabilities that we anticipate will have a material impact on our current or future operations. There will be further costs related to voyages to and from the dry-docking yard that will depend on actual deviation from the vessel s ordinary trading area to dry-docking yard.

On January 10, 2017, the Partnership sold 2,500,000 common units in a public offering, raising approximately $54.9 million in net proceeds.

On February 2, 2017, the Partnership issued and sold in a private placement 2,083,333 Series A Preferred Units at a price of $24.00 per unit, raising approximately $48.6 million in net proceeds. On June 30, 2017, the Partnership issued and sold in a second private placement 1,666,667 additional Series A Preferred Units, raising approximately $38.8 million in net proceeds.

As of June 30, 2017, the Partnership had available liquidity of $69.5 million, which consisted of cash and cash equivalents of $64.5 million and an undrawn revolving credit facility of $5.0 million.

On August 12, 2015, the Board authorized a program for the Partnership to repurchase up to 666,667 of its common units. The board of directors of the General Partner concurrently authorized the General Partner to purchase up to 333,333 common units of the Partnership. On

Table of Contents

August 9, 2017, the Board and the board of directors of the General Partner authorized a further extension of the program to August 31, 2018. As of December 31, 2016, the Partnership and the General Partner had purchased 180,906 and 90,368 common units, respectively, pursuant to the program at an average purchase price of $12.71 per unit. As of June 30, 2017, no additional common units had been purchased by the Partnership or the General Partner.

The consolidated financial statements have been prepared assuming that the Partnership will continue as a going concern. As of June 30, 2017, the Partnership s net current liabilities were $18.9 million. Included in current liabilities are short term loan obligations that mature before June 30, 2018 and are therefore, presented as current debt.

The Partnership expects that its primary future sources of funds will be available cash, cash from operations, borrowings under any new loan agreements and the proceeds of any equity financings. The Partnership believes that these sources of funds (assuming the current rates earned from existing charters) will be sufficient to cover operational cash outflows and ongoing obligations under the Partnership s financing commitments to pay loan interest and make scheduled loan repayments and to make distributions on its outstanding units. Accordingly, the Partnership believes that its current resources, including its current undrawn revolving credit facilities of $35.0 million, are sufficient to meet working capital requirements for its current business for at least the next twelve months.

The following table summarizes our net cash flows from operating, investing and financing activities and our cash and cash equivalents for the periods presented:

	Six Months Ended June 30,	
(U.S. Dollars in thousands)	**2017**	**2016**
Net cash provided by (used in) operating activities	$ 98,021	$ 52,485
Net cash provided by (used in) investing activities	(60,875)	(521)
Net cash provided by (used in) financing activities	(344)	(49,893)
Effect of exchange rate changes on cash	35	23
Net increase in cash and cash equivalents	36,837	2,094
Cash and cash equivalents at the beginning of the period	27,664	23,573
Cash and cash equivalents at the end of the period	64,501	25,667

Net cash provided by operating activities

Net cash provided by operating activities increased by $45.6 million to $98.0 million in the six months ended June 30, 2017 compared to $52.5 million in the six months ended June 30, 2016. This was mainly due to higher earnings from the *Raquel Knusten,* the *Tordis Knutsen* and the *Vigdis Knutsen* being included in our results of operations as of December 1, 2016, March 1, 2017 and June 1, 2017, respectively, and a decrease of working capital mainly due to increased prepaid revenue from the charters. The increase was partially offset by increased drydocking expenditures and loss of earnings for the scheduled drydocking of the *Windsor Knutsen* in first quarter of 2017.

Net cash used in investing activities

Net cash used in investing activities was $60.9 million in the six months ended June 30, 2017 compared to $0.5 million in the six months ended June 30, 2016. Net cash used in investing activities in the six months ended June 30, 2016 was higher due to the acquisition of the *Tordis Knutsen* and the *Vigdis Knusten* on March 1, 2017 and June 1, 2017, respectively.

Net cash used in financing activities

Net cash used in financing activities during the six months ended June 30, 2017 of $0.3 million and mainly related to the following:

- The net proceeds from a public offering of common units in January 2017 of $54.9 million;
- The net proceeds from issuance of Series A Preferred Units of $87.4 million;
- Proceeds of $100.0 million from the refinancing of the *Hilda Knutsen;* and
- Proceeds from drawdowns under our revolving credit facility of $30.0 million.

Table of Contents

This was offset by the following;

- Repayment of long-term debt of $167.5 million, of which $75.6 million was repaid in connection with refinancing of the *Hilda Knutsen*;

- Repayment of long-term debt from related parties of $70.7 million; and

- Payment of cash distributions of $33.4 million.

Net cash used in financing activities during the six months ended June 30, 2016 of $49.9 million mainly related to repayment of long-term debt of $24.6 million and payment of cash distributions of $30.1 million partially offset by a $5.0 million drawdown under our revolving credit facility.

2022 and thereafter	85,507	172,712
Total	$ 314,132	$ 597,878

As of June 30, 2017, the interest rates on the Partnership s loan agreements (other than tranche two of the $77.5 million loan facility) were the London Interbank Offered Rate (LIBOR) plus a fixed margin ranging from 1.9% to 2.5%. On the export credit loan of $44.6 million which is tranche two of the $77.5 million loan facility secured by the *Ingrid Knutsen*, the annual rate is 3.85% composed of a 2.5% bank facility rate plus a commission of 1.35% to the export credit guarantor. The guarantee commission of 1.35% is classified as other finance expense.

$220 Million Term Loan Facility and $35 Million Revolving Credit Facilities

In June 2014, the Partnership s subsidiaries KNOT Shuttle Tankers 18 AS, KNOT Shuttle Tankers 17 AS and Knutsen Shuttle Tankers 13 AS entered into a senior syndicate secured loan facility in an aggregate amount of $240 million (the Senior Secured Loan Facility) to repay existing debt under previous credit facilities and a $10.5 million seller s credit from KNOT. The Senior Secured Loan Facility consisted of (i) a $220 million term loan (the Term Loan Facility) and (ii) a $20 million revolving credit facility (the Revolving Credit Facility).

The Revolving Credit Facility terminates in June 2019, and bears interest at LIBOR plus a fixed margin of 2.125%, and has a commitment fee equal to 40% of the margin of the Revolving Credit Facility calculated on the daily undrawn portion of the Revolving Credit Facility. The Term Loan Facility is repayable in quarterly installments over five years with a final balloon payment due at maturity at June 2019. The Term Loan Facility bears interest at LIBOR plus a margin of 2.125%.

On June 30, 2016, the Partnership s subsidiaries KNOT Shuttle Tankers 18 AS, KNOT Shuttle Tankers 17 AS and Knutsen Shuttle Tankers 13 AS, as borrowers, entered into an amended and restated senior secured credit facility (the Amended Senior Secured Loan Facility), which amended the Senior Secured Loan Facility. The Amended Senior Secured Loan Facility includes a new revolving credit facility tranche of $15 million, bringing the total revolving credit commitments under the facility to $35 million. The new revolving credit facility matures in June 2019, bears interest at LIBOR plus a fixed margin of 2.5% and has a commitment fee equal to 40% of the margin of the revolving facility tranche calculated on the daily undrawn portion of such tranche. The other material terms of the Senior Secured Loan Facility remain unaltered.

The *Windsor Knutsen,* the *Bodil Knutsen* and the *Carmen Knutsen*, assignments of earnings, charterparty contracts and insurance proceeds are pledged as collateral for the Amended Senior Secured Loan Facility. The Amended Senior Secured Loan Facility is guaranteed by the Partnership and KNOT Shuttle Tankers AS, and secured by vessel mortgages on the *Windsor Knutsen,* the *Bodil Knutsen* and the *Carmen Knutsen*.

The Amended Senior Secured Loan Facility contains the following financial covenants:

The aggregate market value of the *Windsor Knutsen* , *Bodil Knutsen* and *Carmen Knutsen* shall not be less than 110% of the outstanding balance under the Amended Senior Secured Loan Facility for the first two years, 120% for the third and fourth years, and 125% thereafter;

Positive working capital for the borrowers and the Partnership;

Minimum liquidity of the Partnership of $20 million plus increments of $1 million for each additional vessel acquired by the Partnership and $1.5 million for each owned vessel with less than 12 months remaining tenor on its employment contract;

Minimum book equity ratio for the Partnership of 30%; and

Minimum EBITDA to interest ratio for the Partnership of 2.50.

The Amended Senior Secured Loan Facility also identifies various events that may trigger mandatory reduction, prepayment and cancellation of the facility, including total loss or sale of a vessel and customary events of default. As of June 30, 2017, the borrowers and the guarantors were in compliance with all covenants under this facility.

$100 Million Hilda Loan Facility

On May 26, 2017, the Partnership s subsidiary, KNOT Shuttle Tankers 14 AS, which owns the vessel *Hilda Knutsen*, entered into a new $100 million senior secured term loan facility with Mitsubishi UFJ Lease & Finance (Hong Kong) Limited (the New Hilda Facility). The New Hilda Facility replaced the $117 million loan facility, which was due to be paid in full in August 2018. The New Hilda Facility is repayable in twenty-eight (28) consecutive quarterly installments with a balloon payment of $58.5 million due at maturity. The New Hilda Facility bears interest at a rate per annum equal to LIBOR plus a margin of 2.2%. The facility matures in 2024.

The Partnership and KNOT Shuttle Tankers AS are the sole guarantors. The New Hilda Facility contains the following primary financial covenants:

Market value of the *Hilda Knutsen* shall not be less than 110% of the outstanding balance under the Hilda Facility for the first two years, 120% for the third and fourth year, and 125% thereafter;

- Minimum EBITDA to interest ratio for the Partnership of 2.50.

The New Fortaleza and Recife Facility also identifies various events that may trigger mandatory reduction, prepayment and cancellation of the facility, including total loss or sale of a vessel and customary events of default. As of June 30, 2017, the borrower and the guarantors were in compliance with all covenants under this facility.

$172.5 Million Secured Loan Facility

In April 2014, KNOT Shuttle Tankers 20 AS and KNOT Shuttle Tankers 21 AS, the subsidiaries owning the *Dan Cisne* and *Dan Sabia*, as the borrowers, entered into a $172.5 million senior secured loan facility. In connection with the Partnership s acquisition of the *Dan Cisne*, in December 2014, the $172.5 million senior secured loan facility was split into a tranche related to the *Dan Cisne* (the Dan Cisne Facility) and a tranche related to *Dan Sabia* (the Dan Sabia Facility).

The Dan Cisne Facility and the Dan Sabia Facility are guaranteed by the Partnership and secured by a vessel mortgage on the *Dan Cisne* and *Dan Sabia* . The Dan Cisne Facility and the Dan Sabia Facility bear interest at LIBOR plus a margin of 2.4% and are repayable in semiannual installments with a final balloon payment due at maturity at September 2023 and January 2024, respectively.

The facilities contain the following financial covenants:

- Market value of each of the *Dan Cisne* and *Dan Sabia* shall not be less than 100% of the outstanding balance under the Dan Cisne Facility and Dan Sabia Facility, respectively, for the first three years, and 125% thereafter;
- Minimum liquidity of the Partnership of $20 million plus increments of $1 million for each additional vessel acquired by the Partnership and $1.5 million for each owned vessel with less than 12 months remaining tenor on its employment contract;
- Minimum book equity ratio for the Partnership of 30%.

The facility also identifies various events that may trigger mandatory reduction, prepayment and cancellation of the facility, including total loss or sale of a vessel and customary events of default. As of June 30, 2017, the borrowers and the guarantor were in compliance with all covenants under this facility.

$77.5 Million Secured Loan Facility

In June 2012, Knutsen NYK Shuttle Tankers 16 AS, the subsidiary owning the *Ingrid Knutsen*, as the borrower, entered into a secured loan facility in an aggregate amount of $90.0 million (the Ingrid Facility). The Ingrid Facility includes two tranches. Tranche one is a commercial bank loan of $22.4 million, repayable in semi-annual installments with a final balloon payment due at maturity in December 2018. Tranche one bears interest at LIBOR, plus a margin of 2.25%. Tranche two is an export credit loan of $55.1 million, repayable in semi-annual installments and maturing in November 2025.

Tranche two bears interest at an annual fixed rate of 3.85%, composed of a 2.5% bank facility rate plus a commission of 1.35% to the export credit guarantor. The facility is secured by a vessel mortgage on the *Ingrid Knutsen*. The *Ingrid Knutsen*, assignments of earnings, charterparty contracts and insurance proceeds are pledged as collateral for the Ingrid Facility. The Partnership and KNOT Shuttle Tankers AS are the sole guarantors.

The Ingrid Facility contains the following financial covenants:

- Market value of the *Ingrid Knutsen* shall not be less than 125% of the outstanding balance under the Ingrid Facility;
- Positive working capital of the borrower and the Partnership;

Minimum liquidity of the Partnership of $20 million plus increments of $1 million for each additional vessel acquired by the Partnership and $1.5 million for each owned vessel with less than 12 months remaining tenor on its employment contract;

Minimum book equity ratio for the Partnership of 30%; and

Minimum EBITDA to interest ratio for the Partnership of 2.50.

The Ingrid Facility also identifies various events that may trigger mandatory reduction, prepayment and cancellation of the facility, including total loss or sale of a vessel and customary events of default. As of June 30, 2017, the borrower and the guarantors were in compliance with all covenants under this facility.

$74.5 Million Secured Loan Facility

The *Vigdis Knutsen*, assignments of earnings, charterparty contracts and insurance proceeds are pledged as collateral for the Vigdis Facility. The Partnership and KNOT Shuttle Tankers AS are the sole guarantors.

The Vigdis Facility contains the following financial covenants:

- Aggregate market value of the *Tordis Knutsen* and the *Vigdis Knutsen* shall not be less than 130% of the aggregate outstanding balance under the Tordis Facility and the Vigdis Facility at any time;
- Minimum liquidity of the Partnership of $20 million plus increments of $1 million for each additional vessel acquired by the Partnership and $1.5 million for each owned vessel with less than 12 months remaining tenor on its employment contract; and
- Minimum book equity ratio for the Partnership of 30%.

The Vigdis Facility also identifies various events that may trigger mandatory reduction, prepayment and cancellation of the facility, including total loss or sale of a vessel and customary events of default. As of June 30, 2017, the borrower and the guarantors were in compliance with all covenants under this facility.

$25.0 Million Revolving Credit Facility

On August 9, 2017, the Partnership entered into an agreement with NTT Finance Corporation for an unsecured revolving credit facility of $25 million. The facility will mature in August 2019, bear interest at LIBOR plus a margin of 1.8% and have a commitment fee of 0.5% on the undrawn portion of the facility. The revolving credit facility also contains certain customary events of default. Closing the facility is expected to occur by the end of August 2017.

Derivative Instruments and Hedging Activities

We use derivative instruments to reduce the risks associated with fluctuations in interest rates. We have a portfolio of interest rate swap contracts that exchange or swap floating rate interest to fixed rates, which, from a financial perspective, hedges our obligations to make payments based on floating interest rates. As of June 30, 2017, our net exposure to floating interest rate fluctuations on our outstanding debt was approximately $266.2 million based on total interest bearing debt outstanding of $912.0 million, less interest rate swaps of $536.7 million, less a 3.85% fixed rate export credit loan of $44.6 million and less cash and cash equivalents of $64.5 million. Our interest rate swap contracts mature between April 2018 and February 2026. Under the terms of the interest rate swap agreements, we will receive from the counterparty interest on the notional amount based on three-month and six-month LIBOR and will pay to the counterparty a fixed rate. For the interest rate swap agreements above, we will pay to the counterparty a weighted average interest rate of 1.65%.

We enter into foreign exchange forward contracts in order to manage our exposure to the risk of movements in foreign currency exchange rate fluctuations. As of June 30, 2017, the total contract amount in foreign currency of our outstanding foreign exchange forward contracts that were entered into to economically hedge our outstanding future payments in currencies other than the U.S. Dollar was NOK 332.5 million. We do not apply hedge accounting for derivative instruments.

Contractual Obligations

The following table summarizes our long-term contractual obligations as of June 30, 2017:

	Payments Due by Period				
(U.S. Dollars in thousands)	**Total**	**Less than 1 Year**	**1-3 Years**	**4-5 Years**	**More than 5 Years**
Long-term debt obligations (including interest)(1)	$ 1,033,576	$ 100,316	$ 504,235	$ 246,311	$ 182,715
Total	$ 1,033,576	$ 100,316	$ 504,235	$ 246,311	$ 182,715

(1) The long-term debt obligations have been calculated assuming interest rates based on the 6-month LIBOR as of June 30, 2017, plus the applicable margin for all periods presented.

Off-Balance Sheet Arrangements

Currently, we do not have any off-balance sheet arrangements.

Critical Accounting Estimates

The preparation of the unaudited condensed consolidated interim financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosures about contingent assets and liabilities. We base these estimates and assumptions on historical experience and on various other information and assumptions that we believe to be reasonable. Our critical accounting estimates are important to the portrayal of both our financial condition and results of operations and require us to make subjective or complex assumptions or estimates about matters that are uncertain. For a description of our material accounting policies that involve higher degree of judgment, please read Note 2 Summary of Significant Accounting Policies of

our consolidate financial statement included in our 2016 20-F filed with the Securities and Exchange Commission (SEC).

Quantitative and Qualitative Disclosures About Market Risk

We are exposed to various market risks, including interest rate, foreign currency exchange and concentration of credit risks. Historically, we have entered into certain derivative instruments and contracts to maintain the desired level of exposure arising from interest rate and certain foreign exchange risks. Our policy is to economically hedge our exposure to risks, where possible, within boundaries deemed appropriate by management.

Interest Rate Risks

A portion of our debt obligations and surplus funds placed with financial institutions are subject to movements in interest rates. It is our policy to obtain the most favorable interest rates available without increasing our foreign currency exposure. In keeping with this, our surplus funds may in the future be placed in fixed deposits with reputable financial institutions which yield better returns than bank deposits. The deposits generally have short-term maturities so as to provide us with the flexibility to meet working capital and capital investments.

We have historically used interest rate swap contracts to manage our exposure to interest rate risks. Interest rate swap contracts were used to convert floating rate debt obligations based on LIBOR to a fixed rate in order to achieve an overall desired position of fixed and floating rate debt. The extent to which interest rate swap contracts are used is determined by reference to our net debt exposure and our views regarding

Table of Contents

future interest rates. Our interest rate swap contracts do not qualify for hedge accounting, and movements in their fair values are reflected in the statements of operations under Realized and unrealized gain (loss) on derivative instruments. Interest rate swap contracts that have a positive fair value are recorded as Other current assets, while swaps with a negative fair value are recorded as Derivative liabilities.

As of June 30, 2017, we were party to interest rate swap contracts with a combined notional amount of approximately $536.7 million. Under the terms of the interest rate swap contracts, we receive LIBOR-based variable interest rate payments and make fixed interest rate payments at fixed rates between 1.25% per annum and 2.49% per annum for all periods. The interest rate swap contracts mature between March 2018 and March 2025. The notional amount and fair value of our interest rate swap contracts recognized as net derivative liabilities as of June 30, 2017 are as follows:

	June 30, 2017	
(U.S. Dollars in thousands)	**Notional Amount**	**Fair Value (asset)**
Interest rate swap contracts	$ 536,649	$ 2,158

As of June 30, 2017, our net exposure to floating interest rate fluctuations on its outstanding debt was approximately $266.2 million, based on total net interest bearing debt of approximately $912.0 million less the notional amount of our floating to fixed interest rate swaps of $536.7 million, less a 3.85% fixed rate export credit loan of $44.6 million and less cash and cash equivalents of $64.5 million. A 1% change in short-term interest rates would result in an increase or decrease to our interest expense of approximately $2.7 million on an annual basis as of June 30, 2017.

Foreign Currency Fluctuation Risks

We and our subsidiaries utilize the U.S. Dollar as our functional and reporting currency because all of our revenues and the majority of our expenditures, including the majority of our investments in vessels and our financing transactions, are denominated in U.S. Dollars. We could, however, earn revenue in other currencies and we currently incur a portion of our expenses in other currencies. Therefore, there is a risk that currency fluctuations could have an adverse effect on the value of our cash flows.

Our foreign currency risk arises from:

- the measurement of monetary assets and liabilities denominated in foreign currencies converted to U.S. Dollars, with the resulting gain or loss recorded as Foreign exchange gain/(loss); and

- the impact of fluctuations in exchange rates on the reported amounts of our revenues, if any, and expenses that are denominated in foreign currencies.

As of June 30, 2017 we had entered into foreign exchange forward contracts, selling a total notional amount of $40.0 million against NOK at an average exchange rate of NOK 8.31 per 1.0 U.S. Dollar, which are economic hedges for certain vessel operating expenses and general expenses in NOK. We did not apply hedge accounting to our foreign exchange forward contracts.

Concentration of Credit Risk

The market for our services is the offshore oil transportation industry, and the customers consist primarily of major oil and gas companies, independent oil and gas producers and government-owned oil companies. As of June 30, 2017 and December 31, 2017, six customers accounted for substantially all of our revenues. Ongoing credit evaluations of our customers are performed and generally do not require collateral in our business agreements. Typically, under our time charters and bareboat charters, the customer pays for the month s charter the first day of each month, which reduces our level of credit risk. Provisions for potential credit losses are maintained when necessary.

We have bank deposits that expose us to credit risk arising from possible default by the counterparty. We manage the risk by using credit-worthy financial institutions.

Retained Risk

For a description of our insurance coverage, including the risks retained by us related to our insurance policies, please read Item 4. Information on the Partnership Business Overview Risk of Loss, Insurance and Risk Management in our 2016 20-F.

Risk Factors

In addition to the other information set forth below and elsewhere in this Report on Form 6-K, you should carefully consider the risk factors discussed in Item 3. Key Information Risk Factors in our 2016 20-F, which could materially affect our business, financial condition or results of operations.

There are proposed modifications to the Norwegian Tonnage Tax regime that could result in a material increase in our income taxes and a reduction in the amount of cash available for distribution.

The Norwegian government is in negotiations with the EFTA Surveillance Authority to extend the effective date of the Norwegian Tonnage Tax regime (the NTT). Pursuant to those negotiations, Norway has proposed restrictions that would eliminate the ability of companies that own vessels under certain bareboat charters to qualify for the NTT. Companies that no longer qualify for the NTT would instead be subject to Norwegian corporate income tax.

Subsidiaries of the Partnership collectively own four vessels under bareboat charters. Under the currently proposed changes to the NTT, the subsidiaries that own those vessels would no longer qualify for the NTT and would instead be subject to Norwegian corporate income tax, potentially as of January 1, 2018. The Partnership is evaluating potential alternatives that would avoid any of its subsidiaries being disqualified from the NTT. However, until any changes to the NTT are finalized, the Partnership can make no assurances that it can avoid the disqualification of certain of its subsidiaries from the NTT.

In the event certain subsidiaries of the Partnership are disqualified from the NTT and become subject to Norwegian corporate income tax, such subsidiaries should be able to reduce the amount of their income subject to Norwegian corporate income tax through depreciation deductions on their vessels. However such deductions will decline over time. Accordingly, there could be a resulting increase in the Partnership s income tax expense in several years that would reduce the amount of cash available for distribution.

FORWARD-LOOKING STATEMENTS

This Report on Form 6-K contains certain forward-looking statements concerning future events and our operations, performance and financial condition and assumptions related thereto. Forward-looking statements include, without limitation, any statement that may predict, forecast, indicate or imply future results, performance or achievements, and may contain the words believe, anticipate, expect, estimate, project, will be, will continue, will likely res intend or words or phrases of similar meanings. These statements involve known and unknown risks and are based upon a number of assumptions and estimates that are inherently subject to significant uncertainties and contingencies, many of which are beyond our control. Actual results may differ materially from those expressed or implied by such forward-looking statements. Forward-looking statements include statements with respect to, among other things:

- market trends in the shuttle tanker or general tanker industries, including hire rates, factors affecting supply and demand, and opportunities for the profitable operations of shuttle tankers;
- KNOT s and our ability to build shuttle tankers and the timing of the delivery and acceptance of any such vessels by their respective charterers;
- forecasts of our ability to make or increase distributions on our common units and to make distributions on the Series A Preferred Units and the amount of any such distributions;
- our ability to integrate and realize the expected benefits from acquisitions, including the acquisition of KNOT 25 and the intended acquisition of KNOT 26;
- our anticipated growth strategies;
- the effects of a worldwide or regional economic slowdown;
- turmoil in the global financial markets;
- fluctuations in currencies and interest rates;
- fluctuations in the price of oil;
- general market conditions, including fluctuations in hire rates and vessel values;
- changes in our operating expenses, including drydocking and insurance costs and bunker prices;

our future financial condition or results of operations and future revenues and expenses;

the repayment of debt and settling of any interest rate swaps;

our ability to make additional borrowings and to access debt and equity markets;

planned capital expenditures and availability of capital resources to fund capital expenditures;

our ability to maintain long-term relationships with major users of shuttle tonnage;

our ability to leverage KNOT s relationships and reputation in the shipping industry;

our ability to purchase vessels from KNOT in the future;

our continued ability to enter into long-term charters, which we define as charters of five years or more;

our ability to maximize the use of our vessels, including the re-deployment or disposition of vessels no longer under long-term charter;

the financial condition of our existing or future customers and their ability to fulfill their charter obligations;

timely purchases and deliveries of newbuilds;

future purchase prices of newbuilds and secondhand vessels;

any impairment of the value of our vessels;

our ability to compete successfully for future chartering and newbuild opportunities;

acceptance of a vessel by its charterer;

termination dates and extensions of charters;

the expected cost of, and our ability to comply with, governmental regulations, maritime self-regulatory organization standards, as well as standard regulations imposed by our charterers applicable to our business;

availability of skilled labor, vessel crews and management;

our general and administrative expenses and fees and expenses payable under the technical management agreements, management and administration agreements and the administrative services agreement;

modifications to the Norwegian Tonnage Tax regime;

the anticipated taxation of KNOT Offshore Partners and distributions to our unitholders;

estimated future maintenance and replacement capital expenditures;

our ability to retain key employees;

customers increasing emphasis on environmental and safety concerns;

potential liability from any pending or future litigation;

potential disruption of shipping routes due to accidents, political events, piracy or acts by terrorists;

future sales of our securities in the public market;

our business strategy and other plans and objectives for future operations; and

other factors listed from time to time in the reports and other documents that we file with the SEC.

Forward-looking statements in this Report on Form 6-K are based upon management s current plans, expectations, estimates, assumptions and beliefs concerning future events impacting us and therefore involve a number of risks and uncertainties, including those risks discussed in this Form 6-K and our 2016 20-F. New factors emerge from time to time, and it is not possible for us to predict all of these factors. Further, we cannot assess the impact of each such factor on our business or the extent to which any factor, or combination of factors, may cause actual results to be materially different from those contained in any forward-looking statement. We do not intend to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in our expectations with respect thereto or any change in events, conditions or circumstances on which any such statement is based.
