(the Company) completed its offering (the Offering) of \$525 million aggregate principal amount of the Company s 3.95% Senior Notes due 2028 (the Notes). The Notes are guaranteed on a senior unsecured basis by certain of the Company s subsidiaries (each, a Guarantor and, collectively, the Guarantors): Patterson Petroleum LLC, Patterson-UTI Drilling Company LLC, Patterson-UTI Management Services, LLC, Universal Pressure Pumping, Inc., Drilling Technologies 1 LLC, Drilling Technologies 2 LLC, Warrior Rig Technologies US LLC, Seventy Seven Energy LLC, Seventy Seven Operating LLC, Great Plains Oilfield Rental, L.L.C., PTL Prop Solutions, L.L.C., Seventy Seven Land Company LLC and MS Directional, LLC. Indenture

On January 19, 2018, the Company and the Guarantors entered into a base indenture (the Base Indenture) and a supplemental indenture (the First Supplemental Indenture and, together with the Base Indenture, the Indenture) with Wells Fargo Bank, National Association, as trustee (the Trustee), pursuant to which the Notes were issued.

The Notes are senior unsecured obligations of the Company, which rank equally with all other existing and future senior unsecured debt of the Company and will rank senior in right of payment to all other future subordinated debt of the Company. The Notes will be effectively subordinated to any of the future secured debt of the Company to the extent of the value of the assets securing such debt. In addition, the Notes will be structurally subordinated to the liabilities (including trade payables) of the Company s subsidiaries that do not guarantee the Notes. The Guarantors guarantees of the Notes (the Guarantees) will rank equally in right of payment with all of the Guarantors future unsecured senior debt and senior in right of payment to all of the Guarantors future subordinated debt. The Guarantees will be effectively subordinated to any of the Guarantors future secured debt to the extent of the value of the assets securing such debt. In the future, the Guarantees may be released and terminated under certain circumstances.

The Company, at its option, may redeem the Notes in whole or part, at any time or from time to time at a redemption price equal to 100% of the principal amount of such Notes to be redeemed, plus accrued and unpaid interest, if any, on those Notes to the redemption date, plus a make-whole premium. Additionally, commencing on November 1, 2027, the Company, at its option, may redeem the Notes in whole or part, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest, if any, on those Notes to the redemption date.

The Indenture includes covenants that, among other things, limit the Company s and its subsidiaries ability to incur certain liens, engage in sale and lease-back transactions or consolidate, merge, or transfer all or substantially all of their assets. These covenants are subject to important qualifications and limitations set forth in the Indenture.

Upon the occurrence of a change of control, as defined in the Indenture, each holder of the Notes may require the Company to purchase all or a portion of such holder s Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to, but excluding, the repurchase date.

The Indenture also provides for events of default which, if any of them occurs, would permit or require the principal of, premium, if any, and accrued interest, if any, on the Notes to become or to be declared due and payable.

The Company intends to use the net proceeds from the Offering to repay amounts outstanding under its existing credit agreement and for general corporate purposes.
