Further Issuances:

We have the ability to reopen, or increase after the Issue Date, the aggregate principal amount of the fixed/floating rate notes initially being issued without notice to the holders of existing fixed/floating rate notes by selling additional fixed/floating rate notes having the same terms, provided that such additional fixed/floating rate notes shall be fungible for U.S. federal income tax purposes. However, any new fixed/floating rate notes of this kind may have a different offering price and may begin to bear interest on a different date.

In respect of the notes, we will at all times maintain an agent having an office in Toronto, Ontario. BNY Trust Company of Canada initially will act as Canadian paying agent, security registrar and transfer agent for the notes at its office located at 320 Bay Street, 11th Floor, Toronto, Ontario, Canada M5H 4A6. All notices concerning the notes will be validly given if given through the Canadian paying agent.

We will make payments on the notes in Canadian dollars, and you will not have the right to receive all or any portion of the payment of principal or interest in U.S. dollars, except in certain limited circumstances where payments on the notes cannot be made in Canadian dollars, or such currency is unavailable or has been replaced. If payments on the notes cannot be made in Canadian dollars under the foregoing circumstances, payments on the notes will be made in U.S. dollars, or, in the case of a replacement currency, at our option, in U.S. dollars or such replacement currency.

For purposes of the notes described in this pricing supplement, the term **business day** means any weekday that is not a legal holiday in New York, New York, Charlotte, North Carolina or Toronto, Ontario and is not a day on which banking institutions in those cities are authorized or required by law or regulation to be closed.

Redemption for Tax Reasons

We may redeem the notes in whole, but not in part, at our option at any time before maturity, after giving not less than 30 calendar days nor more than 60 calendar days notice to the trustee under the indenture and to the holders of the notes, only if we have or will become obligated to pay additional amounts, as described under **Description of Debt Securities Payment of Additional Amounts** in the attached prospectus and in the section **Description of the Notes Payment of Principal, Interest, and Other Amounts Due Payment of Additional Amounts** in the attached prospectus supplement. See **Description of Debt Securities Redemption for Tax Reasons** in the attached prospectus for more information.

Optional Redemption of the Floating Rate Notes

We may redeem the floating rate notes, at our option, in whole, but not in part, on April 24, 2021, upon at least 30 calendar days but not more than 60 calendar days prior written notice to holders of the floating rate notes being redeemed as described in the attached prospectus, at a redemption price equal to 100% of the principal amount of such floating rate notes, plus accrued and unpaid interest, if any, thereon, to, but excluding, the applicable redemption date.

Notwithstanding the foregoing, any interest on the floating rate notes being redeemed that is due and payable on an Interest Payment Date falling on or prior to a redemption date for such floating rate notes will be payable on such Interest Payment Date to holders of such floating rate notes being redeemed as of the close of business on the relevant

record date according to the terms of such floating rate notes and the Senior Indenture.

Unless we default on payment of the applicable redemption price, interest will cease to accrue on the floating rate notes or portion thereof called for redemption on the applicable redemption date. If fewer than all of the floating rate notes are to be redeemed, for so long as such floating rate notes are in book-entry only form, such floating rate notes to be redeemed will be selected in accordance with the procedures of CDS.

Optional Redemption of the Fixed/Floating Rate Notes

We may redeem the fixed/floating rate notes, at our option, in whole, but not in part, on April 24, 2023, upon at least 30 calendar days but not more than 60 calendar days prior written notice to holders of the fixed/floating rate notes being redeemed as described in the attached prospectus, at a redemption price equal to 100% of the principal amount of such fixed/floating rate notes, plus accrued and unpaid interest, if any, thereon, to, but excluding, the applicable redemption date.

In addition, we may redeem the fixed/floating rate notes, at our option, in whole at any time or in part from time to time, on or after October 24, 2018 (or, if additional fixed/floating rate notes are issued after April 24, 2018, beginning six months after the issue date of such additional fixed/floating rate notes) and prior to April 24, 2023, upon at least 30 calendar days but not more than 60 calendar days prior written notice to the holders of the fixed/floating rate notes being redeemed as described in the attached prospectus, at a make-whole redemption price equal to the greater of:

(i) 100% of the principal amount of the fixed/floating rate notes to be redeemed; or

(ii) as determined by the quotation agent described below, the sum of the present values of the scheduled payments of principal and interest on the fixed/floating rate notes being redeemed, that would have been payable from the applicable redemption date to April 24, 2023 (not including interest accrued to, but excluding, the applicable redemption date), discounted to the applicable redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the GOC Bond Yield plus 29 basis points,

plus, in either case of (i) or (ii) above, accrued and unpaid interest on the principal amount of the fixed/floating rate notes being redeemed to, but excluding, the applicable redemption date.

Notwithstanding the foregoing, any interest on the fixed/floating rate notes being redeemed that is due and payable on an Interest Payment Date falling on or prior to a redemption date for such fixed/floating rate notes will be payable on such Interest Payment Date to holders of such fixed/floating rate notes being redeemed as of the close of business on the relevant record date according to the terms of such fixed/floating rate notes and the Senior Indenture.

GOC Bond Yield on any date of determination means the arithmetic average of the interest rates quoted to the quotation agent by two major Canadian registered investment dealers (that are not the quotation agent) selected by us as being the annual yield to maturity on such date, assuming semi-annual compounding, which a non-callable Government of Canada bond would carry, if issued in Canadian dollars in Canada, at 100% of its principal amount on the applicable date of redemption with a maturity date of April 24, 2023.

quotation agent means Merrill Lynch Canada Inc., or its successor, or, if that firm is unwilling or unable to select the comparable treasury issue, a Canadian investment bank appointed by us.

The GOC Bond Yield will be determined by the quotation agent as set forth above on the third business day immediately preceding the applicable redemption date.

Unless we default on payment of the applicable redemption price, interest will cease to accrue on the fixed/floating rate notes or portion thereof called for redemption on the applicable redemption date. If fewer than all of the fixed/floating rate notes are to be redeemed, for so long as such fixed/floating rate notes are in book-entry only form, such fixed/floating rate notes to be redeemed will be selected in accordance with the procedures of CDS.

Because Merrill Lynch Canada Inc. is our affiliate, the economic interests of Merrill Lynch Canada Inc. may be adverse to your interests as a holder of the fixed/floating rate notes subject to our redemption, including with respect to certain determinations and judgments it must make as quotation agent in the

**SUPPLEMENTAL INFORMATION CONCERNING FORM,
REGISTRATION AND SETTLEMENT OF NOTES**

Global Securities; Book-Entry, Delivery and Form

The notes will be issued as one or more registered notes in global form (i.e., global notes), initially registered in the name of CDS & CO., as nominee for CDS, and deposited with CDS. Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in CDS. Investors may elect to hold interests in the global notes through any of CDS, Euroclear Bank SA/NV (Euroclear) or Clearstream Banking, *société anonyme*, Luxembourg (Clearstream, Luxembourg) if they are participants of those systems, or indirectly through organizations which are participants in those systems. Euroclear and Clearstream, Luxembourg will hold interests on behalf of their participants through customers' securities accounts in their respective names on the books of their respective Canadian subcustodians (Canadian Subcustodians), which in turn will hold those interests in customers' securities accounts in the names of the Canadian Subcustodians on the books of CDS.

All notes will be registered in the name of CDS & CO., as nominee of CDS, for the benefit of owners of beneficial interests in the global notes, including participants of Euroclear and Clearstream, Luxembourg. Principal and interest payments on the global notes registered in the name of CDS & CO., or any other nominee appointed by CDS, will be made on our behalf to CDS & CO., or any other nominee appointed by CDS, and CDS will distribute the payments received to the applicable clearing system.

For as long as the notes are maintained in book-entry form at CDS, we and any paying agent will treat CDS & CO., or any other nominee appointed by CDS, as the sole holder of such notes for all purposes. Notes which are represented by the global notes will be transferable only in accordance with the rules and procedures of CDS.

The registered holder of the global notes will be the only person entitled to receive payments in respect of notes represented by those global notes and we will be discharged by payment to, or to the order of, the registered holder of those global notes for each amount so paid. Each of the persons shown in the records of CDS as the beneficial holder of a particular nominal amount of notes represented by the global notes must look solely to CDS for its share of each payment that we make to, or to the order of, the registered holder of the global notes. No person other than the registered holder of the global notes will have any claim against us in respect of any payments due on the global notes.

Clearance and Settlement Procedures

Secondary market trading between CDS participants will be in accordance with market conventions applicable to transactions in book-based Canadian domestic bonds. Secondary market trading between Euroclear participants and Clearstream, Luxembourg participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Euroclear and Clearstream, Luxembourg, and will be settled using the procedures applicable to conventional Eurobonds.

Links have been established among CDS, Euroclear, and Clearstream, Luxembourg to facilitate the initial issuance of the notes and cross-market transfers of the notes associated with secondary market trading. CDS will be linked to Euroclear and Clearstream, Luxembourg through the CDS accounts of the respective Canadian Subcustodians of Euroclear and Clearstream, Luxembourg.

Cross-market transfers between persons holding directly or indirectly through CDS participants, on the one hand, and directly or indirectly through Euroclear or Clearstream, Luxembourg participants, on the other, will be effected in CDS in accordance with CDS rules; however, these cross-market transactions will require delivery of instructions to the relevant clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines. The relevant clearing system will, if the transaction meets its settlement requirements, deliver instructions to CDS directly or through its Canadian Subcustodian to take action to effect final settlement on its behalf by delivering or receiving notes in CDS, and making or receiving payment in accordance with the normal procedures for settlement in CDS. Euroclear and Clearstream, Luxembourg participants may not deliver instructions directly to CDS or to the Canadian Subcustodians.

Because of time-zone differences, credits of notes received in Euroclear or Clearstream, Luxembourg as a result of a transaction with a CDS participant will be made during subsequent securities settlement processing and dated the business day following the CDS settlement date. Those credits or any transactions in the notes settled during that processing will be reported to the relevant Euroclear participants or Clearstream, Luxembourg participants on the applicable business day. Cash received in Euroclear or Clearstream, Luxembourg as a result of sales of notes by or through a Euroclear participant or a Clearstream, Luxembourg participant to a CDS participant will be received with value on the CDS settlement date, but will be available in the relevant Euroclear or Clearstream, Luxembourg cash account only as of the business day following settlement in CDS.

Notices

Notices given to CDS, as registered holder of the notes, will be passed on to the beneficial owners of the notes in accordance with the standard rules and procedures of CDS and its direct and indirect participants, including Euroclear and Clearstream, Luxembourg.

National Bank Financial Inc.	CAD 10,000,000	CAD 20,000,000
Total	CAD 500,000,000	CAD 1,000,000,000

The selling agents may sell the notes to certain dealers at the applicable public offering price, less a concession which will not exceed 0.150% of the principal amount of the floating rate notes and 0.200% of the principal amount of the fixed/floating rate notes, and the selling agents and those dealers may resell the notes to other dealers at a reallowance discount which will not exceed 0.100% of the principal amount of the floating rate notes and 0.150% of the principal amount of the fixed/floating rate notes.

After the initial offering of the notes, the concessions and reallowance discounts for the notes may change.

We estimate that the total offering expenses for the notes, excluding the selling agents' commissions, will be approximately CAD580,500.

Merrill Lynch Canada Inc. is our wholly-owned subsidiary, and we will receive the net proceeds of the offering.

We expect that delivery of the notes will be made to investors on or about April 24, 2018, which is the fifth business day following the date of this pricing supplement (such settlement being referred to as "T+5"). Under Rule 15c6-1 of the Securities and Exchange Act of 1934, trades in the secondary market generally are required to settle in two business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of this pricing supplement or the next two succeeding business days will be required, by virtue of the fact that the notes initially settle in T+5, to specify an alternate settlement cycle at the time of the trade to prevent a failed settlement and should consult their own advisors in connection with that election.

Some of the selling agents and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may

in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the selling agents and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the selling agents or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk

management policies. Typically, such selling agents and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such short positions could adversely affect future trading prices of the notes offered hereby. The selling agents and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

This opinion is given as of the date of this pricing supplement and is limited to the laws of the State of New York and the Delaware General Corporation Law (including the statutory provisions, all applicable provisions of the Delaware Constitution and reported judicial decisions interpreting the foregoing) as in effect on the date hereof. In addition, this opinion is subject to customary assumptions about the trustee's authorization, execution and delivery of the indenture governing the notes, the validity, binding nature and enforceability of the indenture governing the notes with respect to the trustee, the legal capacity of individuals, the genuineness of signatures, the authenticity of all documents submitted to McGuireWoods LLP as originals, the conformity to original documents of all documents submitted to McGuireWoods LLP as copies thereof, the authenticity of the originals of such copies and certain factual matters, all as stated in the letter of McGuireWoods LLP dated January 13, 2017, which has been filed as an exhibit to BAC's Current Report on Form 8-K dated January 13, 2017. This opinion is also subject to the limitations, as stated in such letter, of the enforcement of Medium-Term Notes denominated or payable in a currency other than U.S. dollars.
