Dear Fellow Stockholders,

Fiscal 2018 was an exceptional year for American Eagle Outfitters, Inc. (AEO). We delivered industry-leading results in all brands, markets and channels. Our financial performance allowed us to reward our stockholders and make key investments in our business, while also giving back to the customers and communities that contributed to our success. I am proud not only of what we achieved, but also how we accomplished it. We grew responsibly, executing on our strategic growth pillars and reinforcing a compelling corporate purpose that we believe will continue to drive future growth in Fiscal 2019 and beyond.

We reached a number of significant milestones this past year. Both the American Eagle (AE) and Aerie brands achieved record sales, while AEO posted record revenues of \$4 billion. A comparable sales⁽¹⁾ increase of 8% marked four straight years and 16 consecutive quarters of positive growth, demonstrating remarkable consistency. All quarters of the year saw broad-based strength across brands and channels, with both stores and e-commerce posting solid results. AE and Aerie gained meaningful market share and improved profitability, with operating income growing by 11% year-over-year even as we made significant investments in our business to support future growth and the customer experience.

Our performance allowed us to end the year in an excellent financial position, with \$425 million in cash and short-term investments and no debt. This was after investing \$189 million in capital expenditures to fuel our growth and returning \$242 million to stockholders in share repurchases and dividends, which included a 10% increase in March 2018.

I am proud of our team's unwavering focus on our strategic growth pillars this past year, including:

Grow AE to be the #1 jeans retailer in the nation: With over \$1 billion in jeans sales in Fiscal 2018, we have steadily grown our market share and achieved 22 consecutive quarters of positive comparable sales in bottoms. Going forward, we plan to expand the AE brand both domestically and internationally, building on our leading #1 jeans category and dominant position in the youth market.

Accelerate Aerie: Aerie has emerged as one of the most influential and rapidly growing new brands in retail, leading a movement of body positivity and female empowerment. With 17 straight quarters of double-digit comparable sales growth and plans to expand the Aerie brand into new markets, we have a remarkable opportunity to continue to drive momentum and gain market share as a lifestyle brand.

Lead with customer experience: Finally, in Fiscal 2018 we invested in our infrastructure to ensure we will continue to create a positive experience for our customers whenever and however they choose to shop. We delivered best-in-class digital and store experiences, creative marketing, and innovative ways to delight and inspire our customers, including personalization, expanded sizes and new merchandise categories across brands.

At AEO, our purpose is to show the world that there is REAL power in the optimism of youth. Our brands have always stood for inclusivity, authenticity, optimism and accountability values that permeate throughout our

organization. Our REAL purpose guides all that we do and is key to our strong company culture and continued success.

In Fiscal 2018, we reinforced our commitment to building a better world by reducing our environmental impact and increasing sustainability throughout our supply chain. Over the next five years, we have set goals to (1) reduce water output and manage the environmental impact of water use; (2) improve raw materials and focus on more sustainable sources; (3) lower our carbon footprint; and (4) reduce apparel waste and use higher recycled content in our shopping bags.

⁽¹⁾ The comparable sales increase for Fiscal 2018 ended February 2, 2019 is compared to the corresponding 52-week period in Fiscal 2017. See Appendix A of this Proxy Statement for additional detail on comparable sales, adjusted results and other important information regarding the use of non-GAAP or adjusted measures.

Our corporate giving supports causes that make a real difference in the lives of our customers and our associates. In Fiscal 2018, we empowered our AE customers to make their voices heard through our continued partnership with Rock the Vote and helped to promote love and inclusion with the It Gets Better Project. We strengthened our commitment to body positivity and wellness through Aerie's work with the National Eating Disorders Association and Bright Pink. Throughout the year, our associates donated thousands of hours volunteering their time in our local neighborhoods. And when tragedy struck in our own backyard in Pittsburgh at the Tree of Life Congregation, we turned our pain and sorrow into meaningful action by partnering with the Anti-Defamation League's No Place for Hate, which educates and empowers youth across the country to prevent acts of hatred and create an inclusive environment for all students.

The talent, passion and innovation of our associates continues to inspire me. I want to express my gratitude to all of our AEO teams in our stores, distribution centers, corporate campuses and international offices. Our people are what keep this great company at the forefront of retail. We are REAL, and our dedication to our purpose and our values will allow us to continue to deliver stockholder value in Fiscal 2019 and beyond.

PROXY STATEMENT SUMMARY

Business Highlights from Fiscal 2018

Fiscal 2018 represented a milestone year, as we reached \$4 billion in annual revenue with increased operating profit. American Eagle and Aerie continued to deliver consistent performance by combining great merchandise with an improved customer experience across channels. Net income was \$1.47 per diluted share this year, compared to \$1.13 per diluted share last year. On an adjusted basis, net income per diluted share this year increased 28% to \$1.48, compared to adjusted net income per diluted share of \$1.16 last year⁽¹⁾.

Other highlights include:

Strong Sales Performance. In Fiscal 2018, AEO posted record revenues of \$4 billion, rising 6% over the previous year despite the adverse impact of approximately \$40 million in lost revenue due to operating one less week in Fiscal 2018 than Fiscal 2017 as a result of the retail calendar. Both the AE and Aerie brands achieved record sales. Fiscal 2018 represented our fourth consecutive year of comparable sales growth, and sixteenth consecutive quarter of positive comparable sales growth, demonstrating remarkable consistency. Consolidated comparable sales rose 8% for the year, with broad-based strength across brands and channels. The AE brand delivered comparable sales growth of 5% and Aerie posted a comparable sales gain of 29%.

* Compounded annual growth rate

Significant Growth in Operating Income. Operating income increased to \$337 million from \$303 million in the prior year, representing an increase of 11%, primarily driven by an 8% increase in gross profit year over year.

Bottom Line Flow-Through. Net income increased to \$262 million, or by over 28%, for Fiscal 2018 compared to Fiscal 2017.

Excellent Financial Condition and Returns to Stockholders. We ended Fiscal 2018 with \$425 million in cash and short-term investments and no debt, even after investing \$189 million into capital projects and returning approximately \$242 million to stockholders through share repurchases and cash dividends, which included a 10% dividend increase in March 2018. Operating and Free Cash Flow⁽¹⁾ continued to expand in Fiscal 2018, reaching \$457 million and \$267 million, respectively.

Delivery of Stockholder Returns Versus Peers. Our Fiscal 2018 total shareholder return (TSR) was approximately 20% and our three-year relative TSR is at the top of our proxy peer group (described on page 38 herein), as demonstrated below.

Corporate Governance Highlights from Fiscal 2018

We are committed to the highest standards of corporate governance, which we believe promote the long-term interests of our Company and maximize stockholder value, while strengthening Board and management accountability. Key areas of our governance framework include:

Highly Talented, Skilled Board of Directors. In Fiscal 2018, the Board initiated a search for a new director with global consumer brand experience to join its already multi-talented group of directors. This search culminated in the appointment of our third female director, Deborah A. Henretta, in February 2019, increasing the Board's diversity and further aligning the skills of our directors with our strategic initiatives.

PROXY STATEMENT SUMMARY

All Directors Are Independent, Except our CEO. The Board is composed of eight directors with only one non-independent director, our CEO.

Independent Committees. All Board committees are composed of independent directors.

Diversity. Three of our eight directors, representing nearly 40% of our Board, are diverse in terms of gender and/or ethnicity.

Robust Lead Independent Director Role. Our current Lead Independent Director, Mr. Spiegel, has substantial duties specifically documented in our Corporate Governance Guidelines, including presiding over meetings of our independent directors, providing input on materials sent to the Board, and approving Board meeting schedules to ensure there is sufficient time for Board discussion and deliberation.

Protections Against Director Overboarding. The Board appreciates that serving on a public board of directors is a significant responsibility and time commitment. To this end, the Board has approved a policy in our Corporate Governance Guidelines to review and limit the number of public company boards on which our directors may serve. Directors who are full-time employees of other companies generally may not serve on more than two public company boards at one time, and directors who are retired from full-time employment generally may not serve on more than four public company boards at one time. Our CEO may not serve on more than one other public company board unless otherwise determined by the Nominating and Corporate Governance Committee.

Board Refreshment and Tenure Policy. Our Corporate Governance Guidelines include a mechanism for the Board to refresh its members over time. We maintain a director retirement policy under which no director may be appointed or nominated to a new term if he or she would be age 78 or older at the time of election, unless otherwise determined by the Board.

Director Average Age and Average Board Tenure Snapshot

Robust Director Evaluation Process. We conduct self-assessments of the Board and its Committees annually. The Board believes it is important to assess both its overall performance and the performance of its Committees, and to solicit and act upon feedback received, where appropriate. As part of the Board's self-assessment process, directors consider various topics related to Board composition, structure, effectiveness and responsibilities, as well as the

overall mix of director skills, experience and backgrounds.

Meaningful Stock Ownership Requirements. We maintain stock ownership guidelines that are applicable to our directors and executives. Our non-employee directors must, within five years of joining the Board, hold Company stock worth at least five times their annual cash retainer. In the case of our CEO, the stock ownership guideline is six times his base salary and, in the case of our other named executives, three times their respective base salaries.

Director Elections by Majority Vote with Resignation Policy. In an uncontested election, our directors are elected by a majority of votes cast and, if a director does not receive a majority of votes cast, he or she must promptly tender his or her resignation to the Board (with the Board determining whether to accept or reject such resignation).

Prohibition on Hedging or Pledging Company Stock. We maintain no hedging and no pledging policies that generally prohibit directors and employees from engaging in hedging or pledging transactions with our stock.

Ongoing Stockholder Engagement. We welcome feedback and value regular dialogue with our stockholders. In Fiscal 2018, the Company continued to have extensive stockholder engagement. On a regular basis, we invite stockholders to visit with senior management. We expect to continue such discussions prior to the Annual Meeting and, as a matter of policy and practice, foster and encourage engagement with our stockholders on an ongoing basis.

PROXY STATEMENT SUMMARY

Summary of Director Skills. Our directors bring to our Board a wide variety of skills, qualifications and viewpoints that strengthen the Board's ability to carry out its oversight role on behalf of our stockholders. See the table on page 21 for a summary of the range of skills and experiences that each director brings to the Board, and which we find to be relevant to our business.

Charitable Giving, Human Capital and Sustainability Highlights from Fiscal 2018

AEO is committed to good corporate citizenship, and we aim to forge a path that balances principles and profit. An integral component of our Company culture is driving positive change without compromising who we are; a REAL brand that our customers and associates can understand and are proud to support. For our corporate giving initiatives, we believe we have a responsibility to do better to be better to build a better world.

Charitable Giving

We are committed to showing the world that there is REAL power in the optimism of youth by supporting causes that empower youth and rolling up our sleeves to make a REAL difference in our communities.

In 1999, we established the American Eagle Outfitters Foundation (AEO Foundation) to maximize the impact of our efforts and to formalize our commitment to giving back. Through the AEO Foundation, we strive to create positive change in areas that are important to both our customers and our associates, including youth empowerment and young women's health. In Fiscal 2018, AEO and the AEO Foundation donated approximately \$2.4 million to causes that are important to us. We also facilitated customer donations to causes they care about by offering merchandise that saw 100% of proceeds go to charities. These efforts raised another \$845,000 in donations. We empowered our customers to make their voices heard through our continued partnership with Rock the Vote, strengthened our commitment to body positivity and wellness through Aerie's work with the National Eating Disorders Association and Bright Pink, and helped to promote love and inclusion with the It Gets Better Project. The communities where we work and play are important to us, and our associates donated thousands of hours volunteering their time in our local neighborhoods. When tragedy struck in our own backyard at the Tree of Life Congregation in Pittsburgh, just miles from our corporate offices, we turned our pain and sorrow into meaningful action by partnering with the Anti-Defamation League to expand No Place for Hate, a program that educates and empowers youth in more than 1,600 schools across the county to prevent acts of brutality and hatred. We know that we have a responsibility to lead by example, which is why we believe we must do our part to create positive change in the world.

Human Capital

The vitality of AEO resides in people. We value and respect different backgrounds, unique talents and eclectic tastes; they strengthen our ability to succeed. We care about our associates: we empower them, we reward them. We aim to give back generously to the communities where we work and play. From hiring the best talent, to inclusion and diversity initiatives, and through career development, compensation, and wellness, we are invested in creating programs and resources that enhance our workplace environment, our associate experience, and retain and engage our most valuable resource: our people. Our initiatives during Fiscal 2018 included:

Associate Development. Our global talent management strategy enables us to help associates reach their full potential. In Fiscal 2018, we expanded our AEO Academy program with training, videos and tutorials on a wide range of functional topics, such as how to deliver a presentation or prepare a spreadsheet, as well as on developmental skills such as effective communication or guidance for new managers. In Fiscal 2018, manager promotions outpaced external hiring by 46%, and the ratio of individual contributor promotions versus external hires increased 48% over Fiscal 2017.

Compensation. We invest significant time and resources to ensure that our compensation programs are competitive and reward the performance of our employees. During Fiscal 2018, we reviewed all of our positions for market competitiveness and made adjustments when necessary to ensure retention of top talent. Further, due to intentional investment in field leadership in Fiscal 2018, our average field leadership annual compensation shifted upward by almost 5% from Fiscal 2017.

Commitment to Equal Employment Opportunity and Inclusion. At AEO, we believe that a truly diverse workplace is the result of an inclusive culture. It's about more than simply bringing together people who are different, it's about celebrating what makes us REAL. We all have a vital role to play in creating an environment where everyone feels respected and empowered while we continue to grow as a community that promotes individuality and difference. We celebrate the diversity of one through the inclusion of many. Our employees are actively encouraged and empowered to share their perspectives. Female leadership comprises nearly a third of our executive leadership team and more than

PROXY STATEMENT SUMMARY

70 percent of our global workforce is female. In 2018, we created guiding principles to identify behaviors and actions that promote inclusion and diversity at AEO, and delivered training as well as team and individual coaching to assist associates in raising their own self-awareness, appreciating the differences in others, and improving collaboration overall.

Employee Wellness Programs. Our well-being programs focus on physical, mental and financial health. We partner with vendors to provide the following: health coaching for chronic conditions and disease management; programs for smoking cessation, nutrition and stress management; complimentary expert second opinions and medical decision support; and employee assistance programs for mental and behavioral health and work-life balance. We also provide financial and legal resources, as well as gym discounts.

Sustainability

We are committed to responsibly source and create the products that our customers love to wear. Our Vendor Code of Conduct is based on international labor standards and implemented in all of our manufacturing facilities. We believe that our compliance program focus should be about engagement and capacity building, and not just strictly following the law. We are members of the Accord in Bangladesh and have worked with our suppliers and factories there to improve safety conditions, and taken that experience to focus deeply on safety in other countries. We have conducted worker surveys in many of our strategic factories in order to hear from workers directly and understand their needs and concerns and ensure that their voices can also be heard by factory management. Finally, we have invested, with our factories, in the HERproject, a program that focuses on training women on health, financial planning, and gender equality.

We recently refined our sustainability strategy to focus on four key pillars: Reduce Water, Reduce & Recycle, Improve Raw Materials, and Save Energy. For water conservation, we are planning to reduce the amount of water we use per jean, increase the amount of water recycling in our supply chain, and implement our wastewater standards across factories and mills. For addressing waste, we plan to divert garment waste from landfills and decrease our plastic usage. Our raw materials focus is to switch to more sustainable options for cotton, polyester and viscose. Finally, to save energy, we set a new carbon reduction goal and are researching how to move to more renewable sources of energy.

Compensation Highlights from Fiscal 2018

We believe our executive compensation program appropriately aligns the interest of our leaders with our stockholders and contributes to our strong performance. Specific executive compensation highlights include:

Pay for Performance Focus. 84% of our CEO's compensation is performance-based and at-risk in the form of annual and long-term incentive compensation, as demonstrated in the chart below.

- (1) RSUs are defined as time-based restricted stock units
- (2) NSOs are defined as non-qualified stock options
- (3) PSUs are defined as performance-based restricted stock units

Alignment of CEO Pay Relative to Peers. When examining our CEO's total direct compensation as disclosed in the Summary Compensation Table (SCT) relative to our peer group over a three-year period, Mr. Schottenstein's compensation, shown on the vertical axis, ranks in the 65th percentile, while AEO's relative TSR performance over the same period was in the 88th percentile.

AEO vs. PEER Group Pay Alignment

3-Year CEO Total Direct Compensation & TSR*

* Compensation is measured using 2016-2018 AEO SCT compensation and publicly-available peer SCT compensation (2015-2017).

Independent Compensation Consultant. The Compensation Committee retained an independent compensation consulting firm, FW Cook, to advise on matters related to CEO and other executive compensation. FW Cook does not provide any other services to the Company (other than its services for the Compensation Committee).

Long-Term Retentive Equity Awards to Promote Leadership Continuity. In light of the tight competitive landscape for top talent, the Compensation Committee determined it was in the best interests of the Company and our stockholders to grant long-term equity-based retention awards to our named executive officers (NEOs) other than our CEO. These awards will enable us to retain our strong leadership team using a collaborative approach and further align our executives' interests with those of our stockholders.

No Payment of Dividends on Unearned/Unvested Awards. We do not pay dividends or dividend equivalents on unearned and/or unvested equity incentive awards.

Executive Compensation Clawback Policy. We maintain a clawback policy that generally provides the Compensation Committee with the discretion to seek recovery of performance-based cash and equity compensation paid to an executive officer in connection with an event of misconduct related to: (a) acts in competition with the Company; (b) disclosure of confidential or proprietary information; (c) failure to cooperate with the Company in regard to a legal suit; or (d) restatement of financial statements.

No Guaranteed Employment or Compensation. We do not maintain employment contracts of defined length with our CEO or other named executives, nor do we provide multi-year guarantees for base salary increases, bonuses, or long-term incentives.

Double-Trigger Change in Control Benefits and Vesting. In the event of a change in control, our executives, other than Mr. Schottenstein, will only receive benefits if there is a qualifying termination of employment (i.e., double-trigger). Our CEO does not have a change in control agreement with the Company. All of our executives' equity incentive awards are double-trigger.

No Change in Control Tax Gross-Ups. We do not provide tax gross-ups on change in control benefits.

PROXY STATEMENT SUMMARY

Historical Say on Pay Votes

We are proud of the improvements that we have made to our Say on Pay vote outcomes since Fiscal 2014. Our Compensation Committee believes the results of last year's Say on Pay vote affirmed our stockholders' support of our Company's executive compensation program. This informed our decision to maintain a consistent overall approach in setting ongoing executive compensation for Fiscal 2018.

PROPOSAL ONE: ELECTION OF DIRECTORS

General

The Board is divided into three classes. Each class of directors is elected for a three-year term. On the recommendation of the Nominating and Corporate Governance Committee (the Nominating Committee), the Board has fixed the size of the board at eight directors and nominated three candidates, each of whom are currently directors of the Company, to be elected as Class III directors at the Annual Meeting. If re-elected, the Class III directors will serve for three-year terms ending at the 2022 annual meeting, or when their successors are duly elected and qualified. The terms of the remaining Class I and Class II directors expire at the annual meetings to be held in 2020 and 2021, respectively.

Biographical information regarding each nominee and each incumbent director is set forth below as of April 1, 2019, together with a brief description of each individual's business experience, skills and qualifications.

CORPORATE GOVERNANCE

The following section discusses the Company's corporate governance, including the role of the Board and its Committees. Additional information regarding corporate governance, including our Corporate Governance Guidelines, the charters of our Audit, Compensation and Nominating Committees and our Code of Ethics, which applies to all of our directors, officers (including the Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer) and employees, may be found on our Investors website at investors.ae.com. Any amendments or waivers to our Code of Ethics will also be available on our website. A copy of the corporate governance materials is available in print to any stockholder upon request.

The Role of the Board

The Board is responsible for overseeing management, which is, in turn, responsible for the operations of the Company. The Board's primary areas of focus are strategy, risk management, corporate governance and compliance, as well as evaluating management and guiding changes as circumstances warrant. In many of these areas, significant responsibilities are delegated to the Board's Committees, which are responsible for reporting to the Board on their activities and actions. Please refer to *Board Committees* for additional information on our Committees.

Board Oversight of Risk Management

The Board as a whole has the responsibility for risk oversight and management, with a focus on the most significant risks facing the Company, including strategic, competitive, economic, operational, financial, legal, regulatory, compliance, and reputational risks. In addition, Board Committees oversee and review risk areas that are particularly relevant to their respective areas of responsibility and oversight. The risk oversight responsibility of the Board and its Committees is supported by our management reporting processes, which are designed to provide visibility to the Board to those Company personnel responsible for risk assessment, including our management-led Enterprise Risk Management Committee, and information about management's identification, assessment and mitigation strategies for critical risks. The Company's Enterprise Risk Management Committee is chaired by the Chief Financial Officer and composed of all members of our executive leadership team, as well as other key financial control representatives.

Nominating Committee

Manages risks associated with corporate governance policies and practices.

Reviews any risks and exposures relating to director and executive succession planning or the Company's governance or social responsibility programs.

The Nominating Committee periodically reviews the appropriate size of the Board, whether any vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board. In evaluating and determining whether to recommend a candidate to the Board, the Nominating Committee reviews the appropriate skills and characteristics required of Board members in the context of the background of existing members and in light of the perceived needs for the future growth of our business. This includes a review of issues of diversity in background and experience in different substantive areas such as retail operations, marketing, technology, distribution,

mergers and acquisitions and finance. The Board seeks the best director candidates based on the skills and characteristics required without regard to race, color, national origin, religion, disability, marital status, age, sexual orientation, gender, gender identity and expression, or any other basis protected by federal, state or local law. In March 2019, the Nominating Committee formalized its diversity focus by approving new Corporate Governance Guidelines mandating that any search that the Committee engages for a new director must include women and minority candidates in the pool from which the Committee selects director candidates; the Nominating and Corporate Governance Committee will review the efficacy of this focus on a going-forward basis. Board diversity is valued and provides many benefits, including creativity, variety in approaches to problem solving, and the ability to work effectively in our various markets. We also value a Board that reflects the diverse makeup of our associate and customer base.

Director Tenure

The Nominating Committee and the Board believe it is important for the Board to be refreshed by adding new directors from time to time, balanced against the importance of having directors who have a deep, historical experience and institutional knowledge of the Company, its strategies and market opportunities and challenges. In February 2019, the Board appointed Ms. Henretta as a Class III director. Ms. Henretta brings a fresh perspective, significant knowledge of digital transformation and cyber security expertise, and a wealth of leadership experience in global and international operations to the Board. The Nominating Committee and the Board also believe that our long-serving directors bring critical skills and a historical perspective to the Board, which are highly relevant in a cyclical business such as retail. In addition, the Nominating Committee and the Board believe that longer-serving directors have a deep knowledge and understanding of our business, balanced against the fresh information and perspectives brought by our newer directors.

Director Nominations

Candidates may come to the attention of the Nominating Committee from a variety of sources, including current Board members, stockholders and management. All candidates are reviewed in the same manner, regardless of the source of the recommendation. The Nominating Committee has retained the services of a search firm to assist in identifying and evaluating qualified director candidates. Ms. Henretta, who was added to the Board in February 2019, was identified as a candidate through a search firm. The Nominating Committee will consider the recommendations of stockholders regarding potential director candidates. See *Submission of Nominations and Proposals for the 2020 Annual Meeting* for information regarding the submission of director nominee recommendations.

CORPORATE GOVERNANCE

Director Independence

Our Board is 88% independent and such independent oversight bolsters our success. Our Board has determined that each of the following non-employee directors qualifies as independent in accordance with the listing requirements of the New York Stock Exchange (NYSE) and applicable SEC rules:

Sujatha Chandrasekaran

Deborah A. Henretta

Thomas R. Ketteler

Cary D. McMillan

Janice E. Page

David M. Sable

Noel J. Spiegel

In particular, the Board affirmatively determined that none of these directors had relationships that would cause them not to be independent under the specific criteria of Section 303A.02 of the NYSE Listed Company Manual. The Board also determined that each member of the Audit Committee meets the heightened independence standards required for audit committee members under the NYSE listing standards and applicable SEC rules, and considered the additional factors under the NYSE listing standards relating to members of the Compensation Committee before determining that each member of the Compensation Committee is independent.

In making these determinations, the Board took into account all factors and circumstances that it considered relevant, including the following:

Whether the director is currently, or at any time during the last three years was, an employee of the Company or any of its subsidiaries;

Whether any immediate family member of the director is currently, or at any time during the last three years was, an executive officer of the Company or any of its subsidiaries;

Whether the director is an employee or any immediate family member of the director is an executive officer of a company that has made payments to, or received payments from, the Company or any of its subsidiaries for property or services in an amount that is in excess of the greater of \$1 million, or 2% of such other company's consolidated fiscal gross revenues in the current year or any of the past three fiscal years;

Whether the director is an executive officer of a charitable organization that received contributions from the Company or any of its subsidiaries in the past three years in an amount that exceeds the greater of \$1 million, or 2% of the charitable organization's consolidated gross revenues;

Whether the director or any of the director's immediate family members is, or has been in the past three years, employed by a company that has or had, during the same period, an executive officer of the Company on its compensation committee;

Whether the director or any of the director's immediate family members is, or has been in the past three years, a partner or employee of the Company's independent registered public accounting firm; and

Whether the director or any of the director's immediate family members accepted any payment from the Company or any of its subsidiaries in excess of \$120,000 during the current fiscal year or any of the past three fiscal years, other than compensation for Board or Board committee service and pension or other forms of deferred compensation for prior service.

Mr. Schottenstein is not independent because he is an executive officer of the Company. See *Related Party Transactions* for information regarding our policy on related party transactions and transactions with affiliates of Mr. Schottenstein, who is our sole employee director.

Board Leadership Structure

The current leadership structure of our Board consists of a combined Executive Chairman and Chief Executive Officer position that is held by Mr. Schottenstein and a Lead Independent Director appointed annually by the independent directors. The Board

Table of Contents

CORPORATE GOVERNANCE

has determined that combining the positions of Executive Chairman and Chief Executive Officer is most appropriate for the Company at this time. Having Mr. Schottenstein in this combined position provides unified leadership and direction to the Company and strengthens his ability to develop and implement strategic initiatives. His duties include presiding over meetings of the Board, setting meeting agendas and schedules of the Board in collaboration with the Lead Independent Director, and providing strategic insight and guidance to the Board. Our Board believes that the current Board composition, along with an emphasis on Board independence, provides effective independent oversight of management. Mr. Spiegel served as our Lead Independent Director for Fiscal 2018.

Our Corporate Governance Guidelines establish robust and well-defined duties for our Lead Independent Director. Our Board's support of the current leadership structure is premised on these duties being transparently disclosed, comprehensive in nature and actively exercised. The Lead Independent Director is responsible for:

Presiding over the meetings of independent directors;

Serving as a liaison between the Chair and independent directors;

Having input on information sent to the Board;

Collaborating with the Chair on meeting agendas for the Board; and

Approving meeting schedules to ensure that there is sufficient time for discussion of all agenda items. The Lead Independent Director also has the authority to call meetings of the independent directors, and, if requested by major stockholders, is available, when appropriate, for consultation and direct communication with our stockholders. We believe that this leadership structure provides our Board with the greatest depth of leadership and experience, while also providing independent oversight of the Company.

Board Practices

Meetings of Independent Directors

The Board's policy is to have the independent directors meet separately in executive session in connection with each regularly scheduled Board meeting (at least four times annually). During each meeting of the independent directors, the Lead Independent Director will preside and lead the discussion.

Self-Assessments

We annually evaluate the performance of the Board and its Committees. The Board believes it is important to assess both its overall performance and the performance of its Committees, and to solicit and act upon feedback received, where appropriate. As part of the Board's self-assessment process, directors consider various topics related to Board composition, structure, effectiveness and responsibilities, as well as the overall mix of director skills, experience and backgrounds.

Director Education/Orientation

Our Board believes that director education is vital to the ability of directors to fulfill their roles, and supports Board members in their continuous learning. The Board encourages directors to participate annually in external continuing director education programs, and we reimburse directors for their expenses associated with this participation. Our directors also attend professional development forums and industry-leading conferences convened by the NACD, external accounting firms and retail/brand organizations focused on topics that are relevant to their duties as a director. Continuing director education is also provided during Board meetings and other Board discussions as part of the formal meetings, and as stand-alone information sessions outside of meetings. Each year, we hold a two-day educational program covering topics such as business developments and strategy, developments in corporate governance, evolving retail trends and fiduciary duties. During Fiscal 2018, our Board participated in roundtable discussions with our advisors on topics including governance matters, executive compensation, regulatory developments and workplace culture and anti-harassment; and with management on numerous subjects, including learnings from our stockholder engagement activities, regulatory developments, technology, crisis management and cybersecurity.

All new directors also participate in our director orientation program during their first six months on our Board. The Board believes that it is important for each newly elected director to have an understanding of our Company, the specialty retail industry, and his or her duties as a director. We provide this initial information through a combination of reference materials, formal meetings with

Table of Contents

CORPORATE GOVERNANCE

business leaders and tours of our facilities/store locations. The orientation program is designed to familiarize new directors with the Company’s businesses, strategies and challenges. We believe this on-boarding approach over the first six months of Board service, coupled with participation in regular Board and committee meetings, provides new directors with a strong foundation in our company’s businesses, connects directors with members of management with whom they will interact and oversee, and accelerates their effectiveness to engage fully in Board deliberations.

Board Committees

The Board has a standing Audit Committee, a standing Compensation Committee and a standing Nominating Committee. These Committees are governed by written charters, which were approved by the Board and are available on our Investors website at investors.ae.com.

Stockholder Outreach

We welcome feedback and value regular dialogue with our stockholders. In Fiscal 2018, the Company continued to have extensive engagement with our stockholders. On a regular basis, we invite stockholders to visit with senior management. These meetings generally include our Executive Chairman and Chief Executive Officer, our Chief Financial Officer, Brand Presidents and Investor Relations Officer. We also participate in numerous investor conferences and events, during which we meet with current and prospective shareholders. These meetings are generally focused on company performance and our long-term strategic initiatives, aimed at driving growth and

stockholder returns. These discussions were consistently reported to the Board, and management and the Board discussed comments and business insights provided by such stockholders. We expect to continue such discussions prior to the Annual Meeting and, as a matter of policy and practice, foster and encourage engagement with our stockholders on an ongoing basis.

Communications with the Board

The Board provides a process for stockholders and all interested parties to send communications to the independent members of the Board, as described on our Investors website at investors.ae.com.

Stockholders wishing to communicate with the Board may send an email to boardofdirectors@ae.com or write to: American Eagle Outfitters, Inc. at our principal executive offices located at 77 Hot Metal Street, Pittsburgh, PA 15203, c/o the Corporate Secretary. Communications intended for a specific director or directors (such as the Lead Independent Director or independent directors) should be addressed to his, her or their attention c/o the Corporate Secretary at this address. Under the Policy, a related party transaction is any transaction to which we or any of our subsidiaries is a participant and in which a related party has a direct or indirect material interest. Examples of transactions include, without limitation, those for the purchase or sale of goods, the provision of services, the rental of property, or the licensing of intellectual property rights. Additionally, if a related party or a member of such related party's immediate family is a supplier of goods or services or owns or is employed by a business that supplies us; or if a member of such related party's immediate family is employed by us; or if an applicable related party serves on the board of directors of a business that supplies goods or services to us, that transaction is a related party transaction. Certain related party transactions must be approved in advance by the Audit Committee if they involve a significant stockholder, director or executive officer. All other related party transactions must be disclosed in writing to, and approved in advance by, our General Counsel and our Chief Financial Officer. Each quarter, each individual covered by the Policy is required to provide a certification regarding the existence of any related party transactions which have not been fully and accurately disclosed in our filings with the SEC.

In the ordinary course of business, we have entered into agreements with affiliates of Jay L. Schottenstein, our Executive Chairman of the Board and Chief Executive Officer. We believe that each of these agreements is on terms at least as favorable to us as could be obtained in an arm's length transaction with an unaffiliated third party. The material terms of these transactions are described below. In each case, the transaction was approved in advance by the Audit Committee in accordance with our Policy.

Leases

During Fiscal 2016, we entered into a store lease for an AE flagship store in Las Vegas with SG Island Plaza LLC (SG Island Plaza), an entity in which an affiliate of Mr. Schottenstein has a 25% interest. In addition to these charges, we also may incur an annual payment equal to a percentage of the applicable store's gross sales in excess of specified thresholds. The Company did not incur any such percentage rent payments related to this lease in Fiscal 2018. The lease expires in September 2027.

In April 2018, we entered into a store lease for an Aerie store in Las Vegas with SG Island Plaza. Pursuant to that lease, we expect to pay rent, together with other expenses, of approximately \$1.6 million annually (subject to annual adjustments), in addition to an annual payment equal to a percentage of the applicable store's gross sales in excess of specified thresholds. We incurred rent and other expenses under the lease of approximately \$0.5 million during Fiscal 2018. The Company did not incur any percentage rent payments related to this lease in Fiscal 2018. The lease expires in January 2029.

PROPOSAL TWO: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Ernst & Young LLP (EY) as our independent registered public accounting firm for the fiscal year ending February 1, 2020. In the event the stockholders do not ratify the appointment of EY, the Audit Committee will reconsider its appointment. In addition, even if the stockholders ratify the appointment of EY, the Audit Committee may, in its discretion, appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines that a change is in the best interest of the Company.

Representatives of EY are expected to be present at the Annual Meeting to respond to appropriate questions and to make a statement if such representatives so desire.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report for the year ended February 2, 2019 with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed and discussed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, its judgments as to the quality, not just acceptability, of our accounting principles and such other matters as are required to be discussed relating to the conduct of the audit under the auditing standards of the Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 1301 (Communications with Audit Committees). In addition, the Audit Committee has received the written disclosures and the letter from the independent accountant required by the PCAOB and has discussed with the independent registered public accounting firm its independence from management and the Company, including the matters in the written disclosures required by Rule 3526 of the PCAOB, Communication with Audit Committees Concerning Independence, and considered the compatibility of nonaudit services with the firm's independence.

The Audit Committee discussed with our internal auditors and our independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The Audit Committee also carried out the additional responsibilities and duties as outlined in its charter.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the year ended February 2, 2019 for filing with the Securities and Exchange Commission.

This report is not soliciting material, is not deemed to be filed with the SEC, and is not to be incorporated by reference in any filing of the Company under the Securities Act, or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Tax Fees primarily include fees billed related to federal, state and local tax compliance and consulting. All Other Fees include fees billed for accounting research software.

The Audit Committee has adopted a policy that requires pre-approval of all auditing services and permitted non-audit services to be performed by the independent registered public accounting firm, subject to the *de minimis* exceptions for non-audit services as described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may form and delegate the authority to grant pre-approvals of audit and permitted non-audit services to subcommittees consisting of one or more members when it deems appropriate, provided that decisions of such subcommittee shall be presented to the full Audit Committee at its next scheduled meeting. PROPOSAL THREE: ADVISORY APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

As required by Section 14A of the Exchange Act, we are providing stockholders with an advisory vote on the overall compensation of our named executive officers. In accordance with the results of the stockholder vote at the 2017 Annual Meeting, advisory votes on the overall compensation of our named executive officers are held every year, and there will be another such vote at the 2020 Annual Meeting.

As discussed in the *Compensation Discussion and Analysis* section below, our executive compensation program is based on four core principles: performance, competitiveness, affordability and simplicity. We believe that our program design implements these principles and provides the framework for alignment between executive compensation opportunities and long-term strategic growth. Based on the advisory vote at the 2018 Annual Meeting on our executive compensation program, which was approved by approximately 97% of the votes cast, we are confident that our stockholders agree.

We have an ongoing commitment to ensuring that our executive compensation plans are aligned with our principles and evolve as the industry and business changes. We continue to engage with our stockholders to gain an understanding of their key perspectives on all aspects of the business and the broader industry, including compensation programs. We continue to evaluate and enhance plan design to align with leading practices in executive compensation.

We urge our stockholders to read the following *Compensation Discussion and Analysis* for information on our executive compensation program.

In summary, we believe that our executive compensation program has provided and continues to provide appropriate incentives and remains responsive to our stockholders' views. Accordingly, the following resolution will be submitted for a stockholder vote at the 2019 Annual Meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, as set forth in the Proxy Statement for the Annual Meeting.

As an advisory vote, your vote will not be binding on the Company or the Board. However, our Board and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the compensation paid to our NEOs, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

COMPENSATION DISCUSSION AND ANALYSIS

We continue to outperform in the retail sector. Our Fiscal 2018 TSR was 20%, and our three-year relative TSR is at the top of our proxy peer group.

We believe our compensation practices align the interests of our executives with those of our stockholders. Further, the executive compensation-related decisions made by the Compensation Committee during the past year contributed to our significant performance milestones and will position us to continue to drive consistent results in an increasingly dynamic retail environment. Specifically:

Increases in compensation to reflect the changing scope of responsibilities taken on by the senior management team, as well as to better position our executives vis-à-vis their retail peers, led to better compensation alignment;

A significant amount of at risk executive compensation incentivizes sustained high performance;

An annual incentive bonus payout that was earned at 120% of target for Fiscal 2018 appropriately recognizes consistent industry leading results;

An annual distribution of a mix of long-term incentive vehicles rewards the achievement of industry-leading TSR and longer term financial goals; and

A long-term retention grant of equity to our Brand Presidents, CFO and COO promotes leadership collaboration to achieve our strategic business initiatives and supports leadership continuity.

Our Focus for Fiscal 2019

We have significant momentum going into Fiscal 2019, and we believe that our brands are well positioned for future growth.

Planned areas of focus for 2019 include:

Continuing to fuel AE growth, capitalizing on its leading position in jeans and bottoms with innovative new products that deliver both quality and value.

Taking Aerie to \$1 billion in sales, celebrating female empowerment and body positivity while offering merchandise women feel good wearing.

Providing shopping experiences that our customers love, both in-stores and online, as we continue to invest in omni-channel capabilities, data analytics and interactive communication that deepens our customers relationships with our brands.

Keeping it REAL and staying true to our corporate purpose: to show the world that there is REAL power in the optimism of youth.

Continuing to create value for all of our stakeholders, including by generating continued strong stockholder returns.

Compensation Program Objectives and Philosophy

The overall philosophy of our executive compensation program is to attract and retain highly skilled, performance-oriented executives who live our brand and embody its spirit of authenticity and innovation, and to incentivize them to achieve outstanding results for all stakeholders within the framework of a principles-based compensation program.

We focus on the following core principles in structuring an effective compensation program that meets our stated philosophy:

Performance We align executive compensation with the achievement of measureable operational and financial results and increases in stockholder value.

Our program includes significant performance-based remuneration that creates a meaningful incentive to achieve challenging performance objectives.

Our program features a substantial long-term incentive component, which aligns executive interests with those of our stockholders and serves to retain executive talent through a multi-year vesting schedule.

Long-term incentive design that varies actual compensation above or below the targeted compensation opportunity based on the degree to which performance goals and changes in stockholder value are attained over time.

Competitiveness Executive compensation is structured to be competitive relative to a group of retail peers taking into consideration company size relative to peers and recognizing our emphasis on performance-based compensation.

Target total compensation for individual NEOs varies based on a variety of factors, including the executive's skill set and experience, historic performance, expected future contributions and the importance of each position to us.

Affordability

Our compensation program is designed to limit fixed compensation expense and tie realized compensation costs to the degree to which budgeted financial objectives are attained.

We structure our incentive plans to maximize financial efficiency by establishing programs that are intended to be tax deductible (whenever it is reasonably possible to do so while meeting our compensation objectives) and accounting efficient by striving to make performance-based payments aligned with expense.

Simplicity

We focus on simple, straightforward compensation programs that our associates and stockholders can easily understand.

OUR EXECUTIVE COMPENSATION PROGRAM

Fiscal 2018 Goal Setting Process and Compensation Considerations

Goal Setting:

We are committed to setting incentive goals that are aligned with delivering strong financial performance and returns to our stockholders, while also enabling the successful execution of our strategy. This includes building a solid foundation for long-term growth while consistently delivering near-term results. During Fiscal 2018, management was focused on growing the AE brand by becoming the #1 jeans retailer in the nation, accelerating the growth of Aerie, and improving the customer experience with innovative digital and in-store initiatives to increase key sales metrics. Specific 2018 achievements include the continued growth of the AE brand to be the #1 denim destination for women in the United States, the emergence of Aerie as one of the most influential brands in the market, coupled with industry-leading financial results, and the introduction of new product categories, talent initiatives and innovative marketing campaigns that fueled both our in-store and digital sales.

Compensation Considerations:

The Compensation Committee considered a variety of factors when making compensation decisions in Fiscal 2018, including our performance relative to pre-established goals, our consistently strong delivery of results, our corporate governance practices, and our financial and operational performance relative to peers in the context of a highly competitive retail environment.

In early Fiscal 2018, the Compensation Committee set annual cash incentive plan target goals, measured on Earnings Before Interest and Taxes (EBIT), at levels that represented a significant challenge for the Company. Our strong performance not only met target level performance, but exceeded it, resulting in a 120% of target cash incentive bonus payout even in light of these aggressive performance goals.

The Committee also set goals for our annual grant of performance-based equity awards. The goals for this grant cycle, spanning a performance period of Fiscal 2018 – Fiscal 2020 will be measured on Earnings Before Taxes (EBT).

In addition to financial and operational performance, the Compensation Committee and management also considered alignment with our compensation program principles, as well as corporate governance best practices, when making compensation decisions.

Role of Our Compensation Committee:

The Board has delegated authority to the Compensation Committee to develop and approve the overall compensation program for our NEOs, including the authority to establish and award annual base salaries, annual incentive bonuses and long-term incentive awards pursuant to our stockholder-approved incentive plans. Furthermore, the Compensation Committee reviews and approves changes to our compensation peer group, as appropriate. In making its decisions, the Compensation Committee takes into consideration a variety of factors, including suggestions made by the CEO, compensation consultants and the Company's external advisory firms. The Compensation Committee acts in

accordance with its charter, which can be found on our Investors website at investors.ae.com.

Role of Executive Officers in Compensation Decisions:

Our CEO annually reviews the performance of each NEO and makes recommendations to the Compensation Committee with respect to each element of executive compensation for the NEOs, excluding himself. The CEO considers Company, brand and individual performance and market positioning in his recommendations to the Compensation Committee with regard to total compensation for all NEOs. The Compensation Committee makes the final determination of individual compensation levels and awards, taking into consideration the CEO's recommendations. CEO compensation is determined with input from the compensation consultant, FW Cook, informed by market benchmarking, and ultimately approved by the Compensation Committee.

Role of Compensation Consultants:

The Compensation Committee has the authority under its charter to retain outside consultants or advisors for assistance. In accordance with this authority, during Fiscal 2018, the Compensation Committee continued to retain the services of FW Cook as its outside independent compensation consultant to advise on matters related to CEO and other executive compensation. The services provided by FW Cook are subject to a written agreement with the Compensation Committee. The Compensation Committee has sole authority to terminate the relationship. The Compensation Committee reviewed its relationship with FW Cook and determined that there are no conflicts of interest pursuant to applicable SEC and NYSE requirements. FW Cook does not provide any other services to the Company. The Compensation Committee may engage other consultants as needed in order to provide analysis, recommendations or other market data.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

Under the direction of the Compensation Committee, FW Cook interacts with members of the senior management team to provide insights into market practices and ensure that management is aware of emerging best practices and market trends. In Fiscal 2018, representatives from FW Cook contributed to this CD&A and assisted with a review of incentive plan design, various matters related to executive compensation and an evaluation of the compensation peer group. During Fiscal 2018, management also engaged Korn Ferry to advise on the structure and amount of the 2018 Equity Retention Awards granted to Messrs. Kessler, Madore and Rempell and Ms. Foyle.

Response to 2018 Advisory Vote on Executive Compensation:

At our 2018 Annual Meeting of Stockholders, approximately 97% of shares present and voting supported, on an advisory basis, the compensation of our NEOs. While this vote demonstrated a very high level of support for our compensation program, our executive team remained engaged with stockholders throughout Fiscal 2018 to obtain an understanding of their views on a variety of issues. As a result of this engagement and the high level of support evidenced by our stockholders' vote at the 2018 Annual Meeting of Stockholders, the Compensation Committee determined that our compensation incentive programs are achieving their respective goals and did not take any specific action in response to the 2018 say-on-pay vote or such engagement.

Compensation Benchmarking

In determining NEO compensation, the Compensation Committee reviews and takes into account the compensation practices of comparable companies. The Compensation Committee considers three key factors in choosing the companies that comprise our peer group:

Talent Companies with which we compete for executive-level talent;

Size Companies with comparable revenue; and

Comparability Companies within the retail industry with which we compete for customers and investors. Other selection criteria include e-commerce omni-channel retailing and a review of those companies listed as our peers by proxy advisory firms. We evaluate our peer group on an annual basis and propose changes when appropriate. For Fiscal 2018, our peer group consisted of 19 companies. We approximate the median of the peer group based on revenue, with our market capitalization within the second quartile of the peer group's range. Peer group data also is supplemented as needed with additional data from various retail and general industry market surveys, as adjusted to reflect our revenue scope. There were no changes made to the peer group in Fiscal 2018.

The Compensation Committee approved one change to our peer group effective for Fiscal 2019, based upon an analysis performed by FW Cook. One company, Levi Strauss, was added to the peer group and no companies were removed, increasing the peer group size to 20 for Fiscal 2019 while maintaining our relative size position near the median in terms of revenues and in the second quartile in terms of market capitalization.

* Levi Strauss & Co. will be added in 2019

How We Pay Our Executives and Why: Elements of Annual Compensation

Our executive annual compensation program includes fixed components (base salary, benefits and limited executive perquisites) and variable components (annual bonus and long-term incentive awards), with the heaviest weight generally placed on the variable, or at-risk components. For Fiscal 2018, a significant majority of our NEOs' target annual direct compensation, which includes base salary, target annual bonus and long-term incentives, was weighted toward at-risk compensation, as shown by the charts below.

Standard Elements of Compensation:

The compensation for our NEOs is (i) balanced to provide a mix of cash and long-term incentive awards and (ii) focused on both annual and long-term performance to ensure that executives are held accountable and rewarded for achievement of both annual and long-term financial and strategic objectives.

COMPENSATION DISCUSSION AND ANALYSIS

Fiscal 2018 Compensation

The following provides additional details around our compensation components and related decisions for Fiscal 2018. Our executive compensation program places a considerable amount of compensation at risk to cultivate a pay-for-performance environment.

Base Salary

Base salaries typically represent approximately 16% to 29% of each NEO's target total direct compensation and are reviewed annually after considering the following factors:

The scope and responsibility of the NEO's position;

The achievement of strategic and operational business goals;

The climate in the retail industry, general economic conditions, and other factors;

Each NEO's experience, knowledge, skills and personal contributions;

The level of overall compensation paid by competitors for similar positions in the retail industry; and

The appropriate balancing of base salary against at risk compensation.

Base salary increases, where applicable, typically are effective in the first quarter of the new fiscal year. For Fiscal 2018, the CEO did not receive a base salary increase. The salary increase for the NEOs were as follows:

CFO: a 3% increase to reflect improved reporting, expense management and financial planning and analytics instituted by Mr. Madore;

COO: a 9% increase to reflect new responsibilities for corporate strategy and strong results in digital and sourcing initiatives led by Mr. Rempell;

Global Brand President, AE: a 6% increase to reflect new responsibilities for brand marketing and strong brand performance for AE led by Mr. Kessler; and

Global Brand President, Aerie: a 10% increase to reflect new responsibilities for brand marketing and strong brand performance for Aerie led by Ms. Foyle.

Fiscal 2018 Annual Incentive Bonus

Our NEOs are eligible for annual cash incentive awards, the achievement of which is based upon the Company meeting pre-established performance goals that focus the executive team on key annual objectives and business drivers that support a disciplined growth in revenue and profits. The Compensation Committee selected EBIT as the performance measure because it reflects both sales growth and expense management initiatives, is controllable by the NEOs and is also directly linked to the Company's long-term growth and stockholder value. The Compensation Committee establishes each NEO's annual incentive bonus opportunity as a percentage of his or her base salary.

The resulting target bonus award opportunities constitute about 25% to 28% of each NEO's target total direct compensation. During Fiscal 2018, the target bonus award opportunities for the NEOs were as follows:

CEO: 175% of base salary;

CFO: 90% of base salary;

COO: 90% of base salary;

Global Brand President, AE: 130% of base salary; and

Global Brand President, Aerie: 130% of base salary.

Based upon pre-established goals and achievement of the same, actual annual incentive bonus payments each year are calculated as follows (with straight-line interpolation between points):

0% payout for below threshold performance;

25% of the targeted percentage amount at the threshold level of performance;

100% of the targeted percentage amount at the target level of performance; and

200% of the targeted percentage amount if we achieve goals that are substantially above our business plan for the fiscal year.

For Fiscal 2018, the Compensation Committee established a performance goal for the annual incentive bonus payouts based upon the financial metric of the Company's achievement of a minimum EBIT of \$307M for a threshold payout,

\$336M (6% growth from prior year) for a target payout, and \$366M (representing 15% growth from prior year) for a stretch payout, with performance between percentiles interpolated. EBIT was used because it is a performance measure over which executives can have significant impact, reflects both sales growth and expense management initiatives, and is also directly linked to the Company's long-term growth and stockholder value.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

As is our practice, Fiscal 2018 annual incentive bonus goals were set early in the year at relatively aggressive levels. Our EBIT performance for the year of \$342M exceeded the target incentive bonus goals and, accordingly, a payout of 120% was earned.

Executive Officer	2018 Target Annual Incentive Awards	2018 Actual Annual Incentive Award Payouts ⁽¹⁾

⁽¹⁾ 2018 Annual Incentive Award Payouts are calculated based up on fiscal year earnings versus current salaries Fiscal 2018 Long-Term Incentive Awards

We utilize a combination of at-risk, time- and performance-based long-term incentive awards, which are granted on an annual basis, to focus management on long-term corporate performance and sustainable earnings growth. Long-term incentive awards generally comprise approximately 44% to 56% of a NEO's target total direct compensation. In Fiscal 2018, we awarded a combination of PSUs (50%), RSUs (25%), and stock options (25%) to our NEOs. We believe this mix maintains a heavy emphasis on equity tied to performance, as the NEOs' PSU and stock option awards comprise, in the aggregate, 75% of the overall equity grant value.

The Compensation Committee determined the following Fiscal 2018 target regular cycle long-term incentive opportunities for each NEO based on his or her overall responsibilities, contributions to the business, and market position. With respect to Mr. Schottenstein, the Compensation Committee determined his long term incentive award grant value within the context of his expertise, sizeable contributions to the success of the business, overall

compensation position relative to peers, and lack of a target annual cash compensation increase in both 2017 and 2018.

Executive Officer	2018 Target	2018	2018	2018 Target
	Long-Term Incentive: PSU Awards	Long-Term Incentive: RSU Awards	Long-Term Incentive: Stock Option Awards	Total Long-Term Incentive Award
CEO	\$ 2,687,500	\$ 1,343,750	\$ 1,343,750	\$ 5,375,000

Global Brand President, AE	\$ 1,250,000	\$ 625,000	\$ 625,000	\$ 2,500,000
Global Brand President, Aerie	\$ 1,250,000	\$ 625,000	\$ 625,000	\$ 2,500,000
COO	\$ 750,000	\$ 375,000	\$ 375,000	\$ 1,500,000

PSUs: PSUs represented approximately 50% of the value of each NEO's overall annual long-term incentive award for Fiscal 2018. We determine the number of target PSUs based on the overall dollar grant value of the award divided by the closing price per share of our common stock on the grant date. Dividend equivalents on the PSUs are reinvested in additional units and paid out only to the extent the associated PSUs vest.

Annual PSU grants cliff vest, if at all, at the end of a three-year performance period. Fiscal 2018 PSUs vest upon achievement of pre-established three-year EBT growth goals. Performance goals are expressed as a percentage of EBT growth per year for threshold, target and stretch vesting levels, with the annual growth rate for each performance level established at the outset of the three-year period. We believe that the selection of EBT growth provides for diversification of metrics between the annual incentive bonus and the PSU plan.

If threshold performance is not met, the PSUs do not vest and all underlying shares are forfeited. Vesting based on the three-year goal ranges from 0% of the target amount for below threshold performance, to 25% of the target amount at threshold performance, to 100% of the target amount at target performance, to 150% of the target amount if we achieve goals that are substantially above our long-range business plan for the performance period, with performance between levels interpolated.

We will disclose the performance metrics for the Fiscal 2018 PSU awards at the end of the performance period, as the goals represent confidential information, disclosure of which would cause substantial competitive harm. The

Compensation Committee deemed the Fiscal 2018 PSU award goals to be challenging but achievable.

COMPENSATION DISCUSSION AND ANALYSIS

RSUs: RSU awards represent approximately 25% of the value of each NEO's annual long-term incentive award. Annual RSU grants vest ratably over three years from the grant date, assuming continued employment.

We determine the number of RSUs in each grant based on the overall dollar grant value of the award divided by the closing price per share of our common stock on the grant date. Dividend equivalents on RSUs are reinvested in additional RSUs and paid only to the extent the associated RSUs vest.

Stock Options: Stock options represent approximately 25% of the value of a NEO's annual long-term incentive award. We determine the number of stock options for each grant based on the overall dollar grant value of the award divided by the estimated fair value of our common stock, utilizing the Black Scholes option pricing model on the grant date.

Annual stock option grants vest ratably over three years from the grant date, assuming continued employment, and provide compensation to NEOs only to the extent that our share price appreciates from grant date to exercise date.

In Fiscal 2016, the Compensation Committee granted Messrs. Schottenstein, Kessler, and Rempell and Ms. Foyle PSUs that cliff-vested at the end of a three-year performance period ending February 2, 2019. Payout of the Fiscal 2016 PSUs was subject to the achievement of adjusted cumulative EBIT⁽¹⁾. The chart and detail set forth below represent the goal detail, realized performance and resulting payout for the Fiscal 2016 PSUs.

Fiscal 2016 PSUs**(Three-year performance period ended****February 2, 2019)**

⁽¹⁾ Adjusted cumulative EBIT is defined as earnings from continuing operations before interest and taxes and excludes (1) any accruals for restructuring programs, including lease buyout charges related to store closures and/or (2) asset impairment charges, as determined by the Compensation Committee.

Based upon the performance achieved as shown in the above chart, Messrs. Schottenstein, Kessler, and Rempell and Ms. Foyle received the following vesting of their Fiscal 2016 PSU awards, which represented a 32% of target vesting:

NEO	Target 2016 PSU Award (No. of Shares)	2016 PSU Payout (No. of Shares)⁽¹⁾
CEO	152,268	53,350

2018 Equity Retention Awards

Our continued growth in a challenging retail climate results, in large part, from a talented leadership team that continues to deliver on our strategic plan and achieve stockholder returns, as evidenced by the record revenues posted for Fiscal 2018 and our top-of-class TSR performance. We continue to believe that the retention of this team is critical to promote leadership continuity and the sustained delivery of industry leading results, viewed against the backdrop of the tight competition that we face for executive talent. Within that context, in August 2018 the Compensation Committee approved the granting of retention stock awards under the 2017 Plan to Messrs. Kessler, Madore and

Rempell and Ms. Foyle. The award values were determined in consultation with FW Cook based on a review of industry data. The levels selected were deemed sufficient to increase the equity holding power for each executive and retain each of the NEOs in their current positions. Award sizes were identical for each of Messrs. Kessler, Madore and Rempell and Ms. Foyle to reinforce the team-based, collaborative approach to the long-term financial success of our Company.

The awards are composed of two equity grants, as follows:

The first award consists of time-based RSUs with a \$1.0 million grant value, which will cliff-vest three years from the grant date, contingent upon continued employment.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The second award is denominated in PSUs with a \$1.0 million grant value at target. The performance metric for the award is Relative Total Shareholder Return (RTSR) measured against the S&P 1500 Specialty Retail Index. The selection of a relative performance metric ensures that the recipients will be measured against industry performance and provides for additional diversity of metrics among the annual incentive bonus, long-term incentive awards and the performance-based retention awards. Vesting based on the three-year goal ranges from 0% of the target amount for below threshold performance, 75% of the target amount at threshold performance, 100% of the target amount at target performance, and 125% of the target amount if we achieve stretch goals. Threshold performance is attained at the 25th percentile of the peer group, target is attained at the 50th percentile and stretch is attained at the 75th percentile or higher. If threshold performance is met or exceeded, performance and award pay-outs will be determined through interpolation. If the Company's absolute TSR is negative over the three year period, vesting is capped at target (100%), regardless of performance relative to the peer index.

Our NEOs (other than Mr. Schottenstein) were also eligible for, and received, recognition cash bonuses representing approximately 3% of each NEO's total SEC reported compensation for Fiscal 2018. The bonus awards were representative of a portion of the recognition bonus earned in Fiscal 2017 and were awarded in the form of recognition payments only to the extent that the NEOs remained employed through Fiscal 2018. These amounts are reflected in the Bonus column of our Summary Compensation Table.

Other Practices and Policies**Clawback Policy: Recovery and Adjustments to Award**

The Compensation Committee believes that it is appropriate that our cash and long-term incentive awards be subject to financial penalties or clawbacks in the event of misconduct. Pursuant to our incentive plans, equity and cash awards are subject to additional forfeiture conditions. Forfeiture and recovery will be determined by the Compensation Committee and triggered in the event of misconduct related to: (a) acts in competition with the Company; (b) disclosure of confidential or proprietary information; (c) failure to cooperate with the Company in regard to a legal suit; or (d) restatement of financial statements. The forfeiture will be triggered upon the occurrence of any of the aforementioned events at any time during active employment and resulting in termination of employment, or during the one-year period following termination. If any of the above events occur, the unexercised portion (vested or unvested) of an option, and any other award not settled, will immediately cancel and forfeit. Additionally, the NEO will be required to repay to the Company the total amount of the award gain realized upon each exercise of an option or award settlement that occurred on or after the date that is one-year prior to either (a) the forfeiture event or (b) the termination date.

Prohibition Against Hedging Transactions and Pledging

Employees (including our executive officers) and members of the Board are prohibited from engaging in transactions in financial instruments designed to hedge or offset any decrease in the market value of our stock. Our policy prohibits transactions in such instruments as prepaid variable forward contracts, equity swaps, collars or exchange funds, as well as any other hedging instrument. Employees and members of the Board are also prohibited from holding our stock in a margin account as collateral for a margin loan or otherwise pledging our stock as collateral.

Benefits and Perquisites

Executives generally are eligible for the same health and welfare plans as other full-time Company employees, including medical, dental, life and disability insurance, and retirement plans. We provide a security benefit to our CEO, as set forth in the Summary Compensation Table.

Change in Control and Other Agreements

Our NEOs are entitled to receive consideration upon the termination of the executive's employment with us under specified circumstances; including a change in control ("CIC") related termination. These arrangements provide essential protections to the NEO to assist us in attracting and retaining qualified executives in a competitive environment. At the same time, we obtain certain agreements that preserve our valuable assets by imposing non-competition and non-solicitation restrictions, confidentiality obligations, and cooperation covenants on our NEOs.

Change in Control Provisions

The Company has entered into change in control agreements (each, a "CIC Agreement") with all of our NEOs, with the exception of Mr. Schottenstein, which are designed to motivate executives to continue to work for the best interests of the Company and our stockholders in a potential CIC situation. The CIC Agreements contain "double-trigger" provisions for severance and other benefits. In the event of a CIC, and within 18 months of such event, if an NEO's employment is terminated by the Company other

COMPENSATION DISCUSSION AND ANALYSIS

than for Cause, Disability, or as a result of the NEO's death, or if the executive terminates his or her employment for Good Reason (each capitalized term as defined in the applicable CIC Agreement), the NEO is entitled to receive:

a lump-sum cash payment of all earned and determinable, but unpaid, current salary and unused paid time off;

a lump-sum severance payment equal to one and one-half times the NEO's base salary, annualized for any partial year amount, and annual incentive cash bonus amount, at target;

a prorated amount of the NEO's then-current annual incentive cash bonus, at target; and

upon the NEO's timely election of continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA), the payment by the Company of the portion of premiums of the executive's group health insurance, including coverage for eligible dependents, for the period that the executive is entitled to coverage under COBRA, not to exceed 12 months.

The CIC Agreements also provide that any unvested or restricted awards, including stock options, RSUs, and PSUs, will vest and become exercisable to the extent set forth in the applicable award agreement.

Severance Payments

Mr. Madore and Ms. Foyle are eligible to receive post-employment payments. For a description and quantification of these severance benefits, please refer to the *Post-Employment Compensation* section. Generally, if the executive's employment is involuntarily terminated without cause by the Company and not due to death or disability, in exchange for the executive's execution and non-revocation of a general release of claims in a form provided by the Company, the executive will be entitled to a severance payment.

Additionally, in the event of termination of employment, Messrs. Schottenstein, Kessler, and Rempell and Ms. Foyle who have executed non-competition agreements with the Company (each, a Non-Compete Agreement) may be eligible to receive a pro-rata portion of their PSUs following termination of employment, based on actual days worked and performance goals being met for the full performance period, but not at an amount above the target award level.

The NEOs also agreed to certain provisions under the Non-Compete Agreement, including the following:

(i) agreement not to use trade secrets, intellectual property, and other confidential or proprietary information of the Company for his or her own benefit, or for the benefit of any third party, including a competitor; (ii) agreement to provide the Company with at least 30 days written notice of any resignation; (iii) an 18-month non-solicit provision following any termination of employment; (iv) a waiver relating to the development of intellectual property during the executive's tenure with the Company; and (v) a non-compete provision following any termination of employment (12 months for Messrs. Schottenstein and Madore and 24 months for Messrs. Kessler and Rempell and Ms. Foyle). The breach of any of the foregoing provisions may result in the executive forfeiting unvested equity awards.

Tax Matters

Prior to the passage of the Tax Cuts and Jobs Act (the Tax Act) in December 2017, Section 162(m) of the Internal Revenue Code (Section 162(m)) had generally disallowed a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for a company s chief executive officer and its three other most highly compensated executive officers, other than its chief financial officer (each, a covered officer), excluding qualifying performance-based compensation. Under the Tax Act, the performance-based compensation exception to Section 162(m) was repealed for tax years beginning in 2018. As a result, compensation paid to our covered officers in excess of \$1 million will not be deductible unless such compensation is eligible for a grandfathering rule that preserves the performance-based compensation exemption for certain arrangements and awards in place as of November 2, 2017.

The Compensation Committee believes in the importance of retaining flexibility to approve compensation arrangements that promote the objectives of our compensation program, even if such arrangements may not qualify for full or partial tax deductibility. Accordingly, the Compensation Committee reserves the right to continue to award or approve compensation that is not tax deductible or otherwise limited as to tax deductibility in order to provide competitive levels of total compensation to our executive officers in a manner designed to incentivize achievement of our strategic goals and objectives and in furtherance of our compensation principles described above.

We believe that our executive compensation program supports our financial and strategic goals, aligns executive pay with stockholder value creation, and appropriately discourages unnecessary or excessive risk taking.

The Committee has reviewed and discussed the Compensation Discussion and Analysis with management, which describes the Committee's decisions regarding our named executives' compensation for Fiscal 2018 and how those decisions support and implement our principles. Based on such review and discussions, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Michael R. Rempell	277,349	\$ 2,298,876	85,177	\$ 1,853,251

⁽¹⁾ Amounts represent the number of shares acquired upon exercise of stock options. The amounts shown in the Value Realized on Exercise column are calculated based on the difference between the market price of the stock underlying the options at the time of exercise and the option exercise price. For Mr. Kessler and Ms. Foyle, the amount represents stock option exercises from 2016 and 2017 awards. For Mr. Rempell, the amount represents a stock option exercise from a 2016 award.

⁽²⁾ Amounts represent the number of shares and related value for Stock Awards that vested on applicable vesting dates, prior to the withholding of shares to satisfy taxes. The amounts shown in the Value Realized on Vesting column are calculated based on the closing market price of the stock on the date the RSUs vested. Values include the vesting of RSU awards granted in 2015, 2016 and 2017, as well as PSU awards granted in 2015.

Nonqualified Deferred Compensation

We have a nonqualified deferred compensation program that allows eligible participants to defer a portion of their salary and/or bonus on an annual basis into the plan. Participants can defer up to 90% of their annual salary (with a minimum annual deferral of \$2,000) and up to 100% of their annual performance-based bonus into the plan. Distributions from the plan automatically occur upon retirement, termination of employment, disability or death during employment. Participants may also choose to receive a scheduled distribution payment while they are still employed. In 2018, there were no NEOs participating in the nonqualified deferred compensation plan.

Post-Employment Compensation

Except as described below, the following tables set forth the expected benefit to be received by each of the respective NEOs in the event of his or her termination resulting from various scenarios, assuming a termination date of February 1, 2019, the last business day of Fiscal 2018, and a closing stock price per share of \$20.93 on that date.

For each NEO, the payments and benefits detailed in the tables below are in addition to any payments and benefits under our plans and arrangements that are offered or provided generally to all salaried employees on a non-discriminatory basis and any accumulated vested benefits for each NEO, including any stock options vested as of February 1, 2019 (which are set forth in the *Outstanding Equity Awards at Fiscal 2018 Year-End* table). The tables assume that each executive will take all action necessary or appropriate for such person to receive the maximum available benefit, such as execution of a release of claims.

In the event of a CIC, if an acquiring entity does not assume or issue substitute awards for outstanding equity awards, the vesting of all outstanding equity awards will be accelerated on the CIC date and performance-based awards will be paid, either based on performance to the CIC date or based on the target level value, depending on the portion of the performance period completed prior to the CIC.

For a description of our change in control benefits and the restrictive covenants and other obligations of the NEOs, please refer to the section above titled *Compensation Discussion and Analysis - Change in Control and Other Agreements*.

- CEO Pay Ratio

American Eagle Outfitters, Inc. is a multi-national apparel company with associates in the Americas and Asia. We conduct business globally and focus on ensuring the delivery of market-based compensation and benefit offerings for our associates. We also create a work environment that allows flexibility to ensure that our teams can balance their work and life.

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the ratio of the annual total compensation of our CEO, Mr. Schottenstein, to that of our median employee. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

Table of ContentsCOMPENSATION TABLES AND RELATED INFORMATION

We believe that there have been no changes in our employee population or our compensation arrangements in Fiscal 2018 that would result in a material change in our pay ratio disclosure or our median employee. However, we did not use the same median employee for Fiscal 2018 as we did in Fiscal 2017, because the Fiscal 2017 median employee received a significant increase to their hourly rate to recognize expanded responsibilities. In Fiscal 2017, we used a statistical sampling approach to calculate our median employee. As such, we were able to select a similarly situated employee for Fiscal 2018 based on the same methodology used in Fiscal 2017 to calculate the ratio below:

As in Fiscal 2017, the median employee is a part-time retail associate located in a store in the United States. The median employee works an average of less than 15 hours per week and is able to take advantage of scheduling flexibility. We calculated all of the elements of the median employee's compensation for Fiscal 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

The estimated values are as follows for Fiscal 2018:

Mr. Schottenstein's annual total compensation: \$10,211,180

Our median employee's annual total compensation: \$7,332

Ratio of Mr. Schottenstein's annual total compensation to our median employee's annual total compensation: 1,393:1

This pay ratio may not be comparable to our peer companies' reported pay ratios due to differences in organizational structure and the assumptions and methodologies in calculating the ratio.

Executive officers and directors are subject to stock ownership requirements. Please see the Stock Ownership Requirements section for a discussion of executive officer and director stock ownership requirements.

Stock Ownership Requirements

Board of Directors

Our Board has determined that each director should own common stock of the Company and has established the following ownership guidelines. Within five years of joining the Board, each director must hold stock of the Company worth at least five times the current annual cash base retainer amount of \$65,000, or \$325,000. The following forms of equity interests in the Company count toward the stock ownership requirement: shares purchased on the open market; shares obtained through stock option exercise; shares held as deferred stock units; shares held in benefit plans; shares held in trust for the economic benefit of the director or spouse or dependent children of the director; and shares owned jointly or separately by the spouse or dependent children of the director. Stock options do not count toward the stock ownership requirement.

Management

We have adopted stock ownership requirements to establish commonality of interest between management and stockholders, as well as to encourage executives to think and act like owners. By encouraging executives to accumulate and hold a minimum level of ownership, our compensation program ensures that pay remains at risk not only with regard to outstanding awards but also with regard to appreciation of vested awards. Eligible executives are required to own the equivalent value of a multiple of their salary. For Mr. Schottenstein, this multiple is six times and for the other NEOs, three times. This requirement can be met through various forms of equity, including personal holdings and equity incentive awards such as restricted stock units.

Executives not meeting their requirement must retain 50% of their after-tax shares acquired through stock sales until the requirement is reached. The CEO considers compliance with the ownership requirements when recommending annual long term incentive awards for the executives, including the NEOs, to the Compensation Committee. If an executive does not hold half of after-tax gains in our stock, he or she jeopardizes eligibility for future stock grants or awards. The CEO and NEOs are in compliance with their requirement, with the exception of Mr. Madore, who is newly hired. Mr. Madore is on track to meet the requirement within a reasonable timeline and is subject to trading restrictions until the requirement has been met.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors or persons who are beneficial owners of more than ten percent of our common stock (reporting persons) to file reports of ownership and changes in ownership with the SEC. Reporting persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms filed by them. Based on our review of the copies of the Section 16(a) forms received by us, we believe that during Fiscal 2018, all reporting persons complied with the applicable filing requirements. In addition, all reports in Fiscal 2019 have been filed on a timely basis as of April 24, 2019.

INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

We are furnishing this Proxy Statement in connection with the solicitation of proxies by the Board for use at the Annual Meeting of Stockholders to be held on June 6, 2019, at 11:00 a.m., local time, at Langham Place, New York, located at 400 Fifth Avenue, New York, New York and at any adjournments or postponements thereof. It is being made available to the stockholders on April 24, 2019.

Who is entitled to vote?

Stockholders of record at the close of business on April 10, 2019, the record date for the Annual Meeting, are entitled to vote at the Annual Meeting. As of the record date, there were 171,869,746 shares of common stock, par value \$0.01 per share, outstanding and entitled to vote. Each share that you own entitles you to one vote.

How does the Board recommend I vote on these proposals?

The Board recommends a vote:

FOR the nominees for Class III director listed in this Proxy Statement;

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending February 1, 2020; and

FOR the approval, on an advisory basis, of the compensation of our named executive officers.
Why did I receive a Notice of Internet Availability of Proxy Materials?

In order to both save money and protect the environment, we have elected to provide access to our proxy materials and Fiscal 2018 Annual Report on Form 10-K (Annual Report) on the Internet, instead of mailing the full set of printed proxy materials, in accordance with the rules of the SEC for the electronic distribution of proxy materials. On April 24, 2019, we mailed to most of our stockholders a Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to gain access to our Proxy Statement and Annual Report and how to vote online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request it. Instead, the Notice instructs you on how to obtain and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

How do I vote my shares?

If your shares are registered directly in your name (i.e., you are a registered stockholder), you received a Notice. You should follow the instructions on the Notice in order to ensure that your vote is counted. Alternatively, you may attend and vote in person at the Annual Meeting.

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent (i.e., your shares are held in street name), you should receive either a Notice or a voting instruction form along with a Proxy Statement. You should follow the instructions on the Notice or the voting instruction form in order to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a legal proxy from the broker, bank or agent that holds your shares to present at the meeting.

Can I change or revoke my proxy?

Yes. If you are a registered stockholder, you may revoke your proxy at any time before it is voted by delivering written notice of revocation to the Company (Attention: Jennifer B. Stoecklein, Corporate Secretary). Such written notice should be received by the Company prior to the Annual Meeting. You may also change or revoke your proxy by submitting a properly executed proxy bearing a later date or by attending the meeting and voting in person.

If your shares are held in street name, you may revoke your proxy by submitting new voting instructions to your broker or, if you have obtained a legal proxy from your broker, by attending the Annual Meeting and voting in person.

INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

What constitutes a quorum?

A quorum of stockholders is necessary to transact business at the Annual Meeting. A quorum will be present if a majority of the outstanding shares of the Company's common stock, as of the close of business on the record date, are represented by stockholders present at the meeting or by proxy. At the close of business on the record date, there were 171,869,746 shares of common stock outstanding and entitled to vote.

Abstentions and broker non-votes will count as present in determining whether there is a quorum. Broker non-votes occur when brokers, who hold their customers' shares in street name, sign and submit proxies for such shares and vote such shares on some matters but not others. This would occur when brokers have not received any instructions from their customers, in which case the brokers, as the holders of record, are permitted to vote on routine matters, which include the ratification of the appointment of an independent registered public accounting firm, but not on non-routine matters, such as the election of directors or advisory approval of the compensation of our named executive officers. Therefore, if you do not instruct your broker how to vote on Proposals 1 and 3, your shares will not be counted for those proposals. Therefore, we urge you to give voting instructions to your broker on all voting items.

What vote is required to approve each proposal?

The Company is incorporated in the State of Delaware. As a result, the Delaware General Corporation Law and the NYSE listing standards govern the voting standards applicable to actions taken by our stockholders. The following discussion outlines the voting requirements applicable to each proposal being submitted for stockholder approval at the Annual Meeting, as well as the impact of abstentions and broker non-votes. Once a quorum is established:

Item 1. Each Director will be elected by a majority of the votes cast in respect to that director's election.

Item 2. Appointment of Ernst & Young LLP as our independent registered public accounting firm is ratified by the affirmative vote of a majority of the shares of common stock present at the meeting, in person or by proxy, and entitled to vote on the matter. Brokers have discretion to vote on this item.

Item 3. The advisory approval on the compensation of our named executive officers requires the affirmative vote of a majority of the shares of common stock present at the meeting, in person or by proxy, and entitled to vote on the matter.

For any other item that is properly submitted to stockholders for approval at the Annual Meeting, an affirmative vote of a majority of the shares of common stock present at the meeting, in person or proxy, and entitled to vote on the matter is required for approval.

For purposes of determining the number of shares of common stock voting on a matter (other than for Item 1, for which abstentions will have no impact), abstentions are counted and will have the effect of a negative vote. Broker non-votes will have no impact on the vote for any item to be presented at the Annual Meeting.

Who bears the costs of this solicitation?

The Company bears the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of stock. Our representatives may solicit proxies by mail, telephone or personal interview. To solicit proxies, we request the assistance of banks, brokerage houses and other custodians, and, upon request, reimburse such organizations for their reasonable expenses in forwarding soliciting materials to beneficial owners and in obtaining authorization for the execution of proxies.
