ANGLOGOLD ASHANTI RESPONDS TO ANGLO AMERICAN ANNOUNCEMENT

AngloGold Ashanti Limited ("AngloGold Ashanti" or "the Company") notes the announcement made today by Anglo American plc ("Anglo American") that it intends to offer for sale 61 million ordinary shares of AngloGold Ashanti in the form of ordinary shares and American Depositary Shares pursuant to the registration of such securities under AngloGold Ashanti's automatic shelf registration statement. The representatives of Anglo American remaining on the AngloGold Ashanti board of directors intend to resign from AngloGold Ashanti's board of directors once Anglo American's shareholding falls below 20% of AngloGold Ashanti's outstanding ordinary shares. Anglo American expects that its residual position in AngloGold Ashanti will be investment accounted upon the completion of this offering. Anglo American expects the offering to represent a major step in the completion of its stated objectives for its stake in AngloGold Ashanti. Anglo American has advised AngloGold Ashanti that it currently supports AngloGold Ashanti's general strategy to enhance long term shareholder value. Anglo American's residual position in AngloGold Ashanti will be subject to a lock-up agreement with the joint bookrunners until 31 May 2008.

Goldman Sachs International is acting as the global co-ordinator for the offering and Goldman Sachs International and UBS Investment Bank are joint bookrunners for the offering. The terms of the offering are set forth in a preliminary prospectus supplement that will be filed today with the United States Securities and Exchange Commission (the "SEC"). The prospectus supplement relating to the offering may be obtained free of charge from the SEC's web site at www.sec.gov. Copies of the preliminary prospectus supplement, when available, may be obtained from the offices of Goldman Sachs International, Peterborough Court, 133 Fleet Street, London EC4A 2BB, United Kingdom, telephone: +44 20 7774 1000 or UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom, telephone: +44 20 7567 8000.

The AngloGold Ashanti prospectus supplement contains a revised outlook statement which states: "During the second quarter of 2007, AngloGold Ashanti produced 1.35 million ounces of gold. Gold production for the third quarter of 2007 is expected to be higher by some 80,000 ounces at around 1.43 million ounces. This is 3 percent lower as compared to previous guidance primarily due to leach pad timing delays at Cripple Creek & Victor and an 11 day plant shut down at Obuasi for both maintenance and the testing and development of processes to reduce environmental impacts of ore treatment, which is being done following a directive from the Ghanaian Environmental Protection Agency. Unit cash costs under IFRS, which may differ significantly from those under US GAAP, for the third quarter of 2007 are expected to be higher by around 7 percent than in the second quarter of 2007, due to wage settlements, higher fuel costs, winter power tariffs and maintenance. Our results in the third quarter of 2007 are expected to be impacted by approximately \$8 million of one-off compensation and recruitment expenses relating to the retirement of Messrs Godsell and Carvalho Silva and the appointment of Mr. Cutifani as our new Chief Executive Officer.

For the full year 2007, AngloGold Ashanti is targeting gold production of around 5.64 million ounces. Capital expenditure is expected to be around \$1,124 million in 2007 (2006: \$817 million). The planned year on year increase is largely due to monies currently being expended at the Boddington mine in Australia."
