PROXY STATEMENT

GENERAL INFORMATION ABOUT THE MEETING

Why are you receiving these proxy materials?

We are providing these proxy materials to you because Regeneron's board of directors is asking (technically called soliciting) holders of the Company's common stock and Class A stock to provide proxies to be voted at our 2007 Annual Meeting of Shareholders. The Annual Meeting is scheduled for June 8, 2007, commencing at 10:30 a.m., at the Westchester Marriott Hotel, 670 White Plains Road, Tarrytown, New York 10591, and your proxy will be used at the Annual Meeting or at any adjournment(s) or postponement(s) of the meeting. The Notice of Annual Meeting of Shareholders, this proxy statement, and the enclosed proxy card are being mailed to shareholders beginning on or about May 4, 2007.

Who is entitled to vote at the Annual Meeting?

Only shareholders of record at the close of business on the record date, April 12, 2007, are entitled to vote at the Annual Meeting shares of common stock and/or Class A stock held on that date. As of April 12, 2007, 63,443,781 shares of common stock and 2,270,353 shares of Class A stock were issued and outstanding. The common stock and the Class A stock vote together on all matters as a single class, with the common stock being entitled to one vote per share and the Class A stock being entitled to ten votes per share.

What are you being asked to vote on?

We are asking you to vote on:

- the election of three directors for a three-year term; and
- the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007.

How can you vote?

You may vote in person at the Annual Meeting or by proxy. We recommend you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting.

If you vote by proxy in time for it to be voted at the Annual Meeting, one of the individuals named as your proxy will vote your shares as you have directed in your proxy. If you sign and timely return your proxy card, but no indication is given as to how to vote your shares as to a proposal, your shares will be voted **FOR** the proposal. The board of directors knows of no matter, other than those indicated above under "What are you being asked to vote on?", to be presented at the Annual Meeting. If any other matter properly comes before the Annual Meeting, the persons named in the proxy card will use their discretion as to how to vote shares represented by duly executed and timely returned proxies.

If you attend the Annual Meeting and wish to vote in person, we will give you a ballot at the meeting. However, if your shares are held in the name of your broker, bank or other nominee, you must obtain from your nominee and bring to the Annual Meeting a "legal proxy" authorizing you to vote your "street name" shares held as of the record date.

1

How do you vote by proxy?

You may vote by proxy (1) by completing, signing, dating, and returning your proxy card in the enclosed envelope, (2) through the Internet at www.proxyvote.com by 11:59 p.m., Eastern Time, on June 7, 2007, or (3) by calling 1-800-690-6903 by 11:59, Eastern Time, on June 7, 2007. If your shares are held in "street name" through a broker, bank, or other nominee, you must provide written instructions to the nominee on how to vote your shares. You may also wish to check the voting form used by the firm that holds your shares to see if it offers telephone or Internet voting.

If you are a Regeneron employee or former employee, how do you vote shares in the Company Stock Fund in your 401(k) account?

If you participate in the Regeneron Pharmaceuticals, Inc. 401(k) Savings Plan, you may provide voting instructions to Capital Bank and Trust Company, the plan's trustee, (1) by completing, signing, dating, and returning your proxy card in the enclosed envelope, (2) through the Internet at www.proxyvote.com by 11:59 p.m., Eastern Time, on June 7, 2007, or (3) by calling 1-800-690-6903 by 11:59, Eastern Time, on June 7, 2007. The trustee will vote your shares in accordance with your duly executed instructions. If you fail to sign or timely return the proxy voting instructions, whether by mail, by telephone, or over the Internet, the trustee will vote your shares as "ABSTAIN."

Can you change your vote or revoke your proxy?

Yes. You may change your vote or revoke your proxy at any time before the proxy is exercised. If you submitted your proxy by mail, you must (i) file with the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy you previously submitted or (ii) duly execute a later dated proxy relating to the same shares and deliver it to the Secretary of the Company or other designee before the taking of the vote at the Annual Meeting. If you voted by proxy electronically through the Internet or by telephone as described above, you may simply vote again at a later date using the same procedures, in which case the later submitted proxy will be recorded and the earlier vote revoked. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Secretary of the Company before the proxy is exercised or you vote by written ballot at the Annual Meeting. If you hold your shares through a broker, bank, or other nominee in "street name," you will need to contact them or follow the instructions in the voting instruction form used by the firm that holds your shares to revoke your proxy.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of the majority of the votes of the shares of common stock and Class A stock issued and outstanding and entitled to vote on the record date, taken together as a single class, will constitute a quorum for the transaction of business at the Annual Meeting. Shares held as of the record date by holders who are present or represented by proxy at the Annual Meeting but who have abstained from voting or have not voted with respect to some or all of such shares on any proposal to be voted on at the Annual Meeting will be counted as present for the purposes of establishing a quorum. Brokers holding your shares in their name will have discretionary voting power to vote those shares with respect to the election of directors (Proposal No. 1) and the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2007 (Proposal No. 2) without instruction from you, and, accordingly, broker non-votes will not occur with respect to either of these two proposals.

What vote is required to approve each item?

The election of directors will be determined by a plurality of the votes cast in person or by proxy at the Annual Meeting. The ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2007 requires the affirmative vote of a majority of the votes cast

2

in person or by proxy at the Annual Meeting. If any other matter is properly brought before the Annual Meeting, such matter also will be determined by the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting. Shares represented by proxies which are marked "WITHHELD" with regard to the election of directors (Proposal No. 1) will be excluded entirely from the vote on this proposal and thus will have no effect on the outcome of the vote. Shares represented by proxies which are marked "ABSTAIN" with regard to the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2007 (Proposal No. 2) will have no effect on the outcome of the vote on this proposal because abstentions do not constitute votes cast.

What are the board's recommendations?

The board of directors recommends that you vote:

- **FOR** election of the three nominated directors; and
- **FOR** ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2007.

The Corporate Governance Committee will consider a nominee for election to the board of directors recommended by a shareholder of record, if the shareholder submits the nomination in compliance with the requirements of our by-laws and the Guidelines Regarding Director Nominations, which are available on our website under the "Corporate Governance" heading on the "Investor Relations" page www.regeneron.com.

In considering potential candidates for the board of directors, the Corporate Governance Committee considers factors such as whether or not a potential candidate: (1) possesses relevant expertise; (2) brings skills and experience complementary to those of the other members of the board; (3) has sufficient time to devote to the affairs of the Company; (4) has demonstrated excellence in his or her field; (5) has the ability to exercise sound business judgment; (6) has the commitment to rigorously represent the long-term interests of the Company's shareholders; and (7) such other factors as the Corporate Governance Committee may determine from time to time.

In the case of an incumbent director whose term of office is set to expire, the Corporate Governance Committee reviews such director's overall service to the Company during the director's term. In the case of a new director candidate, the Corporate Governance Committee reviews whether the nominee is "independent," based on applicable NASDAQ listing standards and applicable Securities and Exchange Commission and New York State rules and regulations, if necessary.

The Corporate Governance Committee may employ a variety of methods for identifying and evaluating nominees for the board of directors. The Corporate Governance Committee may consider candidates recommended by other directors, management, search firms, shareholders, or other sources. Candidates recommended by shareholders will be evaluated on the same basis as candidates recommended by our directors or management or by third party search firms or other sources. Candidates may be evaluated at regular or

special meetings of the Corporate Governance Committee.

The Company has established a process for shareholders to send communications to the members of the board of directors. Shareholders may send such communications by mail addressed to the full board, a specific member or members of the board, or to a particular committee of the board, at 777 Old Saw Mill River Road, Tarrytown, New York 10591, Attention: Corporate Secretary. All such communications will be opened by our Corporate Secretary for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the board or any individual director or group or committee of directors, the Corporate Secretary will make sufficient copies of the contents to send to such director or each director who is a member of the group or committee to which the envelope is addressed.

Board Committees

The board has a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, a Compensation Committee, and a Corporate Governance Committee, each of which is comprised entirely of independent directors. The board also has a standing Technology Committee. The board has adopted charters for the Audit Committee, Compensation Committee, Corporate Governance Committee, and Technology Committee, current copies of which are available on our website at www.regeneron.com under the "Corporate Governance" heading on the "Investor Relations" page. The board of directors has adopted a code of business conduct and ethics that applies to all of our employees, officers, and directors. You can find links to this code on our website under the "Corporate Governance" heading on the "Investor Relations" page www.regeneron.com. We may satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or a waiver from, a provision of our code of business conduct and ethics that applies to our principal executive officer or our principal financial and accounting officer by posting such information on our website (www.regeneron.com) where it is accessible through the same link noted above.

The board of directors has determined that each of the following directors is independent as defined in the listing standards of the NASDAQ Stock Market LLC: Charles A. Baker, Michael S. Brown, M.D., Alfred G. Gilman, M.D., Ph.D., Joseph L. Goldstein, M.D., Arthur F. Ryan, Eric M. Shooter, Ph.D., and George L. Sing.

The board of directors has determined that each of the current members of the Audit Committee, Messrs. Baker, Ryan, and Sing, is an "audit committee financial expert" as that term is defined in Item 407(d)(5)(ii) of Regulation S-K, is independent under Rule 10A-3(b)(i) of the Securities Exchange Act of 1934, as amended, and is independent as defined for audit committee members in the listing standards of the NASDAQ Stock Market LLC.

Board Meetings and Attendance of Directors

The board held five regular meetings and one special meeting in 2006. All directors attended more than 75% of the total number of meetings of the board and committees of the board held while they were members. Commencing in 2004, at the recommendation of the Corporate Governance Committee, the board adopted the practice of conducting executive sessions of independent directors following each regularly scheduled board meeting. Board members are expected to attend the Company's Annual Meeting of Shareholders absent a pressing reason, although the Company has no formal policy on the matter. All of the directors attended our 2006 Annual Meeting of Shareholders.

Compensation of Directors

The board of directors determines the compensation of non-employee directors in conjunction with recommendations made by the Corporate Governance Committee. The Corporate Governance Committee evaluates the appropriate level and form of compensation for non-employee directors at least annually and recommends changes to the board of directors when appropriate. The Corporate Governance Committee did not recommend any changes in compensation for non-employee directors for the fiscal year ended December 31, 2006. However, commencing in 2007, each non-employee director will receive an annual committee fee of \$5,000 for each standing committee on the board on which he serves in addition to the compensation described in the following paragraph.

Directors who are employees receive no additional compensation for serving on our board of directors or its committees. Non-employee directors receive an annual retainer of \$15,000 and a fee of \$5,000 for each regular board meeting attended in person or, once a year, by telephone or videoconference. The Chairman of the Audit Committee receives an additional retainer of \$5,000 per year. In 2006, no other retainers or fees were paid to directors for committee service. Non-employee directors are reimbursed for their actual expenses incurred in connection with their activities as directors, which may include travel, hotel, and food and entertainment expenses.

Pursuant to the terms of the 2000 Long-Term Incentive Plan, each non-employee director receives an automatic grant of a stock option to purchase 15,000 shares of common stock on the first business day of each year, with an exercise price equal to the fair market value of a share of common stock on the date of grant. These stock

options are exercisable as to one-third of the shares on the anniversary of the date of grant in each of the three subsequent calendar years and expire ten years following the date of grant. Since 2001, stock options granted to directors have included a "reload" provision. Non-employee directors who use shares of common stock held for at least six months to pay the exercise price of stock options that include a "reload" provision receive a new stock option to purchase shares of common stock in an amount equal to the number of shares surrendered to pay the exercise price of the "reload" stock options. The new stock option is granted at an exercise price equal to the fair market value of a share of common stock on the date of grant of the new stock option, has an expiration date that is the same as that of the initial stock option award, and does not include a "reload" provision.

Since 2002, stock options granted to non-employee directors have included a double-trigger "change of control" provision, which would cause the immediate vesting of the stock options in the event that a director's service as a member of the board is terminated without cause within two years of a change of control of the Company. Each non-employee director would have the right to nullify this acceleration of vesting, in whole or in part, if it would cause the director to pay excise taxes under the requirements of the Internal Revenue Code.

On December 31, 1998, we entered into an employment agreement with the Chairman of the board of directors, Dr. Vagelos. Dr. Vagelos did not become an officer of the Company or change his title. Pursuant to the terms of his employment agreement, Dr. Vagelos receives an annual salary of \$100,000. In the employment agreement, we agreed to recommend to the Compensation Committee that Dr. Vagelos be granted stock option grants for calendar years 2000 through 2003 in the amount of the greater of (a) 125,000 shares or (b) 125% of the highest annual option award granted to an officer of the Company.

On December 19, 2006, the Compensation Committee granted Dr. Vagelos stock options to purchase 312,500 shares of common stock, at an exercise price of \$20.32 per share, the fair market value per share of our common stock on the date of grant. This represented 125% of the highest annual stock option award granted to an officer in 2006, consistent with a practice followed by the Compensation Committee in prior years and Dr. Vagelos's employment agreement. In making this award, the Compensation Committee took into consideration Dr. Vagelos's active involvement in and significant contributions to the Company in 2006. The stock option award granted to Dr. Vagelos vests over four years and contains "reload" and "change of control" provisions identical to the ones described above for the non-employee directors. Pursuant to the terms of Dr. Vagelos's employment agreement, if he dies or is disabled during the term of his employment, all stock options granted to him by the Company will immediately become vested and exercisable.

SECURITY OWNERSHIP OF MANAGEMENT

The following table sets forth, as of April 12, 2007, the number of shares of the Company's Class A stock and common stock beneficially owned by each of the Company's directors, each of the Named Officers referred to under "Executive Compensation," and all directors and executive officers as a group, based upon information obtained from such persons, and the percentage that such shares represent of the number of shares of outstanding common stock and Class A stock, respectively.

The Class A stock is convertible on a share-for-share basis into common stock. The Class A stock is entitled to ten votes per share and the common stock is entitled to one vote per share. We have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission. Except as otherwise indicated in the footnotes below, we believe, based on the information furnished or otherwise available to us, that the persons named in the table below have sole voting and investment power with respect to all shares of Class A stock and common stock shown as beneficially owned by them, subject to applicable community property laws. We have based our calculation of percentage of shares of a class beneficially owned on 2,270,353 shares of Class A stock and 63,443,781 shares of common stock outstanding as of April 12, 2007, except that for each person listed who beneficially owns Class A stock (and for directors and executive officers as a group), the number of shares of common stock beneficially owned by that person (and by directors and executive officers as a group) and the percentage of common stock shown assumes the conversion on April 12, 2007 of all shares of Class A stock listed as beneficially owned by such person (or persons in the case of directors and executive officers as a group) into common stock and also that no other shares of Class A stock beneficially owned by others are so converted.

In computing the number of shares of common stock beneficially owned by a person (and by directors and executive officers as a group) and the percentage ownership of common stock of such person (and by directors and executive officers as a group), shares of common stock subject to options held by that person (and by directors and executive officers as a group) that are currently exercisable or exercisable within sixty days after April 12, 2007 were deemed to be outstanding. Such shares were not deemed to be outstanding, however, for the purpose of computing the percentage ownership of common stock of any other person.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon a review of reports filed pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended, the Company is not aware of any director, executive officer or beneficial owner of more than 10% of our common stock who has not filed on a timely basis any report required by such Section 16(a) to be filed during or in respect of our fiscal year ended December 31, 2006.

REVIEW OF TRANSACTIONS WITH RELATED PERSONS

The board of directors has adopted a policy for the review, approval, or ratification of related person transactions. These are transactions (or a series of related transactions) in which the Company is a participant, the amount involved exceeds \$10,000, and a director, officer or more than 5% holder of our voting securities has a direct or indirect interest.

The board of directors determined that the members of the Audit Committee are best suited to review and approve related person transactions. Accordingly, each related person transaction must be reviewed and approved or ratified by the members of the Audit Committee, other than any member of the Audit Committee that has an interest in the transaction. Under the policy, the Chairman of the Audit Committee is delegated the authority to approve certain related person transactions that require urgent review and approval.

When reviewing, approving, or ratifying a related person transaction, the Audit Committee will examine several things, including the benefits to the Company, the impact of a director's independence in the event that a director or his/her immediate family is involved in the transaction, the terms of the transaction, and the terms available to unrelated third parties or to employees in general, if applicable. Related person transactions are approved only if the Audit Committee (or the Chairman of the Audit Committee pursuant to delegated authority in the circumstances noted above) determines that they are in, or are not inconsistent with, the best interests of the Company and our shareholders.

The Class A stock is convertible on a share-for-share basis into common stock. The Class A stock is entitled to ten votes per share and the common stock is entitled to one vote per share. We have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission. We have based our calculation of percentage of shares of a class beneficially owned on 2,270,353 shares of Class A stock and 63,443,781 shares of common stock outstanding as of April 12, 2007, except that for the person listed who beneficially owns Class A stock, the number of shares of common stock beneficially owned by that person and percentage of common stock shown assumes the conversion on April 12, 2007 of all shares of Class A stock listed as beneficially owned by such person into common stock and also that no other shares of Class A stock beneficially owned by others are so converted.

In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of common stock of such person, shares of common stock subject to options held by that person that are currently exercisable or exercisable within sixty days after April 12, 2007 were deemed to be outstanding. The Audit Committee has appointed PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007. PricewaterhouseCoopers LLP has audited the Company's consolidated financial statements for the past eighteen years.

The board of directors has directed that the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2007 be submitted for ratification by the shareholders at the Annual Meeting. Shareholder ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2007 is not required by the Company's By-Laws or otherwise, but is being pursued as a matter of good corporate practice. If shareholders do not ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year 2007, the board of directors will consider the matter at its next meeting.

PricewaterhouseCoopers LLP has advised the Company that it will have in attendance at the Annual Meeting a representative who will be afforded an opportunity to make a statement, if such representative desires to do so, and will respond to appropriate questions presented at the Annual Meeting.

Information about Fees Paid to Independent Registered Public Accounting Firm

Audit Related Fees	7,950	2,800
All Other Fees	1,500	5,425
Total Fees	\$ 911,300	\$ 784,375

16

10-Q filings. In addition, audit fees in 2006 included services in connection with the Company's public offering of common stock and audit fees in 2005 included services related to the preparation and filing of an amendment to the Company's [shelf] registration statement on Form S-3.

The Audit Committee has adopted a policy regarding the pre-approval of audit and permitted non-audit services to be performed by the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP. The Audit Committee will, on an annual basis, consider and, if appropriate,

approve the provision of audit and non-audit services by PricewaterhouseCoopers. In 2006 and 2005, the Audit Committee pre-approved a general provision of \$50,000 for certain types of accounting advisory services; however, no one engagement under the general provision could have an expected cost greater than \$25,000. Management is responsible for notifying the Audit Committee of the status of accounting advisory service engagements at regularly scheduled Audit Committee meetings and, if the Audit Committee so determines, the general provision is replenished to \$50,000. For any accounting advisory engagement expected to cost greater than \$25,000, and for any other permissible consulting engagement, management is required to request specific pre-approval from the Audit Committee, or from the Chairman of the Audit Committee to whom the Audit Committee has delegated authority to approve such services, provided the Chairman reports any such approvals to the Audit Committee at its next scheduled meeting. The Audit Committee did not utilize the de minimis exception to the pre-approval requirements to approve any services provided by PricewaterhouseCoopers LLP during fiscal 2006.

The Board of Directors Unanimously Recommends a Vote FOR Ratification of PricewaterhouseCoopers LLP as the Company's Independent Registered Public Accounting Firm for the Fiscal Year Ended December 31, 2007.

AUDIT COMMITTEE REPORT

We have reviewed the audited financial statements of the Company for the year ended December 31, 2006, which are included in the Company's Annual Report on Form 10-K and met with both management and PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm, to discuss those financial statements. The Audit Committee has discussed with the Company's independent registered public accounting firm the matters required to be discussed under Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90 (Communication with Audit Committees), which include, among other items, matters related to the conduct of the audit of the Company's financial statements. The Audit Committee also discussed with the independent registered public accounting firm their independence relative to the Company and received and reviewed the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (which relates to the auditor's independence from the Company), as modified or supplemented.

Based on the foregoing discussions and review, the Audit Committee recommended to the board of directors that the audited financial statements of the Company for the year ended December 31, 2006 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

We have appointed PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007. This appointment was based on a variety of factors, including PricewaterhouseCoopers LLP's competence in the fields of accounting and auditing.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Executive Compensation Process

The Compensation Committee of the board of directors is responsible for overseeing the Company's general compensation philosophy and programs. The Compensation Committee evaluates the performance of our Chief Executive Officer, Chief Financial Officer and the other executive officers included on the Summary

Compensation Table on page 23 (all of whom are referred to as the Named Officers) and approves compensation for the Named Officers (in the case of the Chief Executive Officer, subject to first obtaining the approval of the non-employee members of the board of directors). The Compensation Committee operates under a written charter adopted by the board of directors and regularly reviews and reassesses the adequacy of its charter. A copy of the current charter is available on our website at www.regeneron.com under the "Corporate Governance" heading on the "Investor Relations" page.

Our senior management plays a significant role in the overall executive compensation process. They provide their assessment of the performance of all officers, including the Named Officers (other than our Chief Executive Officer). They also recommend, for Compensation Committee approval, salary, bonus, and stock option grant budgets for non-officers and make specific recommendations for salary increases, bonuses, and stock option grants for all officers (other than our Chief Executive Officer). Our Chief Executive Officer's performance is evaluated directly by the Compensation Committee based on both his individual performance and our overall corporate performance against annual goals that are reviewed by the board of directors at the beginning of each year.

The Compensation Committee has the sole authority to retain, at our expense, one or more third party compensation consultants to assist the Compensation Committee in performing its responsibilities and to terminate the services of the consultant if the Compensation Committee deems it appropriate. In 2006, the Compensation Committee utilized the services of Frederic W. Cook & Co., Inc. to assist it in fulfilling its responsibilities. Frederic W. Cook & Co. was retained exclusively by the Compensation Committee and has not been retained by management to perform any work for the Company. The Compensation Committee's consultant reviews management recommendations on compensation plans, budgets, and strategies and advises the Compensation Committee on regulations and trends in executive compensation. The Compensation Committee's consultant benchmarks compensation for our Chief Executive Officer and reviews senior management's compensation recommendations for other officers, including the Named Officers, and provides general advice to the Compensation Committee on compensation matters.

Annual salaries for the following year and year-end bonuses and stock option awards or other year-end equity awards for all employees are determined in December of each year based on Company and individual performance, as well as compensation trends in the biotechnology industry and among our benchmark peers. 2006 salaries and 2005 year-end bonuses and stock option awards for our Named Officers were established by the Compensation Committee in December 2005. In December 2006, the Compensation Committee reviewed the performance of each of the Named Officers and presented its recommendations for 2007 salaries and 2006 year-end bonuses and stock option awards for the Named Officers to the non-employee members of the board of directors for ratification. With respect to our Chief Executive Officer, this process was formalized in January 2007, when the charter of the Compensation Committee was amended to specify that the Compensation Committee would annually present the proposed annual compensation of the Chief Executive Officer to the non-employee members of the board of directors for approval.

Peer Group

The Compensation Committee has directed that we benchmark total cash compensation (base salary and annual cash bonus) for our Named Officers against a relevant peer group of companies (the "Peer Group"). Biopharmaceutical companies were selected by the Compensation Committee to be in the Peer Group based on factors including, but not limited to, market capitalization, geographic location, number of employees, therapeutic focus, stage of development, and whether the company has revenue from approved pharmaceutical products. The Compensation Committee, with the assistance of its compensation consultant, periodically reassesses

the composition of the companies within the Peer Group and makes changes as appropriate. Management also reviews with the Compensation Committee data from nationally recognized compensation surveys in the biopharmaceutical industry.

Tax Implications

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation over \$1 million in any year paid to the Chief Executive Officer and the other Named Officers. The Compensation Committee takes into account, and generally seeks to preserve, the deductibility of compensation in determining Named Officer compensation. However, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that do not qualify for the exemptions in Section 162(m) when the Compensation Committee believes that such payments are appropriate.

Compensation Philosophy and Objectives

Our executive compensation program is designed to attract, motivate, and retain our leaders and to align their interests to those of our shareholders. A substantial portion of executive cash compensation is linked to both individual and corporate performance. While this is true throughout the organization, the Compensation Committee believes that this is particularly important in determining compensation for our Chief Executive Officer and Chief Scientific Officer.

The Compensation Committee believes that accountability and total compensation should generally increase with position and responsibility. The Compensation Committee also believes that the variable component of cash compensation should increase with position and responsibility. Consistent with this philosophy, individuals with greater responsibility and ability to influence our achievement of corporate goals and strategic initiatives receive higher cash compensation and have a higher proportion of their total cash compensation represented by cash bonus, and therefore at risk. Similarly, equity-based compensation in the form of stock option grants is higher for persons with higher levels of responsibility, making a significant portion of their total compensation dependent on long-term stock appreciation.

Elements of Executive Compensation

There currently are three basic components to our executive compensation program: base salary, annual cash bonus, and stock options. In prior years, the Compensation Committee granted restricted stock awards to certain of the Named Officers and other employees. No shares of restricted stock were awarded to Named Officers in 2006. Our Named Officers also are entitled to certain perquisites and may participate in Company-wide health, disability, life insurance, and other benefit plans, as well as our 401(k) Savings Plan.

Base Salary

We provide Named Officers and other employees with base salary to compensate them for services rendered during the fiscal year and provide them with a base level of monthly income. In determining base salaries for our Named Officers, the Compensation Committee considers the executive's scope of responsibilities, experience, annual performance, and future potential. The Compensation Committee also looks at the market for comparable positions in our geographic region, competitive salary practices of companies in the Peer Group and the broader biopharmaceutical industry, and annual inflation levels.

Cash Bonus

It has been our practice for the past several years to offer annual cash bonus opportunities to our Named Officers based on each Named Officer's individual performance and our overall corporate performance using corporate goals that are reviewed by the board of directors at the beginning of each year. The Compensation Committee places a greater emphasis on our overall performance against these corporate goals when determining the annual cash bonus for our Chief Executive Officer and Chief Scientific Officer. The cash bonuses granted to the other Named Officers are based both on the overall corporate performance and their individual contributions

and performances during the year. Although each Named Officer is eligible to receive an annual bonus, we have no formal bonus plan and the granting of any bonus to a Named Officer is entirely at the discretion of the Compensation Committee.

We believe that giving the Compensation Committee discretion whether and in what amount to award annual cash bonuses, rather than working from a rigid bonus formula or plan, has been beneficial, given the stage of our business. However, the Compensation Committee will continue to re-evaluate this practice going forward to determine whether changes to our cash bonus practices are warranted.

Stock Options

We have used stock option grants as the primary vehicle for offering long-term incentives and rewarding our Named Officers and employees. We also regard our stock option grants as a key retention tool because they vest in increments over time. Stock options help us maintain a competitive level of total compensation for our Named Officers and other eligible employees at a time when we do not have revenue and profits from product sales. Granting stock options as long-term incentives to executives is standard practice in our industry and is an important part of our effort to attract, retain, and motivate high-quality talent in key positions.

The Compensation Committee grants stock option awards to our Named Officers and other eligible employees based on their annual performance and their position and responsibilities with the Company. Each of our Named Officers generally receives an annual stock option grant and most of our approximately 600 full-time employees are also eligible for an annual stock option grant. The number of stock options granted to each Named Officer is made on a discretionary basis, rather than by a formula. We have granted an average of approximately 2.3 million stock options to all employees each year for the past three years as part of the year-end stock option grants. While the Compensation Committee has determined that this level of stock option awards has been beneficial to the Company and its shareholders, it periodically re-evaluates this practice in light of competitive practices at the companies in the Peer Group and in the biopharmaceutical industry in general.

It has been the practice of our Compensation Committee to grant annual stock option awards to eligible employees, including the Named Officers, on the day of a Compensation Committee meeting held during the third week of December. In 2006, stock option awards were granted to our Named Officers and other eligible employees on December 18, 2006. Pursuant to the terms of our 2000 Long-Term Incentive Plan, stock option awards are granted with an exercise price equal to the average of the high and low sales price per share of our common stock as quoted on the NASDAQ Global Market on the date of the grant.

Since 2001, stock options granted to our Named Officers have included a "reload" provision. A Named Officer who uses shares of common stock held for at least six months to pay the exercise price of stock options that include a "reload" provision receives a new stock option to purchase shares of common stock in an amount equal to the number of shares surrendered to pay the exercise price of the "reload" stock options. The new stock option is granted at an exercise price equal to the fair market value of a share of common stock on the date of grant of the new stock option, has an expiration date that is the same as that of the initial stock option award, and does not include a "reload" provision. We believe this "reload" feature enhances the long-term value of stock options by encouraging executives to exercise their stock options and become direct owners of our shares of common stock, which, in turn, supports our effort to attract, retain, and motivate the Named Officers.

Option grants generally are in the form of incentive stock options, subject to Internal Revenue Code restrictions on the number of incentive stock options which can vest or be granted to any optionee in any given year. Incentive stock options afford the option holders certain tax advantages over non-qualified stock options and our Compensation Committee believes that this enhances their attractiveness as a compensation component. Options that cannot take the form of incentive stock options are granted as non-qualified stock options. The aggregate number of stock options (incentive plus non-qualified stock options) granted by the Compensation Committee to an employee on the date of grant, including the stock options granted to our Named Officers, generally vest at a rate of 25% per year over the first four years of the ten-year option term. Except as set forth below under the heading Post-Employment Compensation on page 29, stock option vesting ceases, and unvested stock options are forfeited, upon termination of employment.

Because our Chief Executive Officer holds more than ten percent of the total combined voting power of our classes of stock, any incentive stock options granted to him must have an exercise price of at least 110% of the average of the high and low sales price per share of our common stock as quoted on the NASDAQ Global Market on the date of the grant. In addition, any incentive stock options granted to him must expire after no more than five years from the date of grant. Because of these restrictions, our Chief Executive Officer was granted

non-qualified stock options, and not incentive stock options, in 2006. As is generally the case with stock options granted to all other employees, these stock options vest at a rate of 25% over the first four years of a ten-year option term.

Perquisites and Other Benefits

The Named Officers are provided with a limited number of perquisites and other personal benefits that the Compensation Committee believes are reasonable and consistent with our overall compensation program. The Compensation Committee periodically reviews the perquisites and other personal benefits provided to the Named Officers, including the Chief Executive Officer.

All of the Named Officers are eligible to receive financial and tax planning assistance (which are treated as taxable benefits) and, like other employees, may participate in company-wide health, disability, life insurance, and other benefit plans, as well as our 401(k) Savings Plan. All employees who participate in our 401(k) Savings Plan are eligible to receive certain matching contributions. In each plan year, we contribute to each participant[]s account a matching contribution (in the form of shares of our common stock) equal to 50% of the first 6% of the participant[]s compensation that the participant has contributed to the plan up to a maximum level established under the Internal Revenue Code, which in 2006 was \$6,600. All of our Named Officers participated in our 401(k) Savings Plan during 2006 and received the maximum matching contribution in the form of shares of our common stock.

Our Chief Executive Officer and Chief Scientific Officer are entitled to receive certain automobile allowances, as described in the footnote to the Summary Compensation Table on page 23. In addition, our Chief Executive Officer is entitled to receive certain additional perquisites and personal benefits pursuant to the terms of his employment agreement or as are otherwise approved by the Compensation Committee. These perquisites and personal benefits are described in the footnote to the Summary Compensation Table on page 23.

Potential Severance Benefits

Except as described below, we are not obligated to pay severance or other enhanced benefits to Named Officers upon the voluntary or involuntary termination of their employment. We have no pension, deferred compensation, or, retirement plans. However, each of our Named Officers participates in our 401(k) Savings Plan, as described above.

Since December 2002, stock option award agreements for all employees have included a provision for the acceleration of vesting of unvested stock options upon an involuntary termination without cause within two years of a change of control. Our Chief Executive Officer has an employment agreement that provides for certain severance benefits following a voluntary or involuntary termination, including following death or disability, or termination in connection with a change of control. The other Named Officers are party to a change of control severance plan, which provides certain benefits to them and other designated officers if they are terminated in connection with a change of control. Information regarding applicable payments under this employment agreement and change of control severance plan is provided under the heading Post-Employment Compensation on page 29.

Except as provided in our employment agreement with our Chief Executive Officer and in our change of control severance plan, our Named Officers (other than our Chief Executive Officer) will forfeit any unvested stock option awards upon the termination of their employment for any reason, including death, disability, or retirement. Currently, when employees retire, they forfeit all unvested stock options and have up to two years to exercise their stock options that are vested as of the date of their retirement. Our Compensation Committee is evaluating this practice with respect to both vested and unvested stock options to determine whether additional rights should be given to employees who retire from the Company.

The severance benefits provided to our Named Officers are designed to promote stability and continuity of our senior management and are intended to preserve employee morale and productivity and encourage retention in the face of the disruptive impact of an actual, threatened, or rumored change of control of the Company. The severance benefits were established by the Compensation Committee following a review of comparable practices

at the Company's peer companies and with the advice of the Compensation Committee's consultant.

Compensation Committee Report

We have reviewed and discussed with management the Compensation Discussion and Analysis, beginning on page 18. Based on that review and discussion, we have recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Post-Employment Compensation

The tables on pages 30 and 32 reflect the severance benefits available to our Named Officers. For our Chief Executive Officer, we show the amounts payable upon his voluntary termination, involuntary or not-for-cause termination, termination in connection with a corporate change of control, and in the event of his disability or death. For the other Named Officers, the only post-termination compensation arrangement is through our change of control severance plan. Consequently, the only amounts payable to them are upon an involuntary or not-for-cause termination in connection with a corporate change of control.

Leonard S. Schleifer, M.D., Ph.D., Employment Agreement

We entered into an employment agreement with our Chief Executive Officer, Dr. Schleifer, effective as of December 20, 2002, providing for his employment with the Company through December 31, 2003 and continuing thereafter on a year-by-year basis. Pursuant to this agreement, we agreed that in the event that Dr. Schleifer's employment is terminated by us other than for cause (as defined in the agreement) or is terminated by Dr. Schleifer for good reason (as defined in the agreement to include specified acts of constructive termination, together called an "involuntary termination"), we will pay Dr. Schleifer an amount equal to 125% of the sum of his base salary plus his average bonus paid over the prior three years. This amount will be paid in a lump sum severance payment. In addition, we will continue to provide Dr. Schleifer and his dependents medical, dental, and life insurance benefits for eighteen months. Subject to the discussion in the following paragraph, in the event that Dr. Schleifer's employment is terminated for any reason other than for cause, all of his unvested stock options will continue to vest in accordance with the terms of the applicable award grant and he will be entitled to exercise the stock options throughout their original term, which is generally ten years from the date of grant.

Upon an involuntary termination within three years after a change of control of the Company or within three months prior to such a change of control, we will pay Dr. Schleifer an amount equal to three times the sum of his annual base salary plus his average bonus over the prior three years. This amount will be paid in a lump sum severance payment. In addition, we will continue to provide Dr. Schleifer and his dependents medical, dental, and life insurance benefits for thirty-six months. Upon such an involuntary termination in connection with a change of control, Dr. Schleifer's outstanding stock options will vest immediately and remain exercisable throughout their original term, which is generally ten years from the date of grant. If aggregate severance payments to Dr. Schleifer in connection with a change of control exceed certain thresholds set forth in the Internal Revenue Code, then we will pay him an additional amount to cover any resulting excise tax obligations, unless the excise taxes could be eliminated by reducing Dr. Schleifer's cash severance payments and benefits under the agreement by less than ten percent, in which case such benefits and payments will be reduced accordingly.

29

The following table reflects the potential payments to our Chief Executive Officer upon his termination or resignation effective December 29, 2006, under different scenarios, including following a change of control, as well as upon death or disability.

Potential Severance Payments Under Dr. Schleifer's Employment Agreement

	Cash Severance	Medical & Insurance Continuation	Death Benefits ⁶	Disability Benefits	Value of Accelerated Stock Options	Total Amount
Involuntary Termination Following a Change of Control	\$ 2,885,270 ¹	\$82,045 ²	□	□	\$3,324,980 ³	\$ 6,292,295 ¹
Involuntary Termination	\$ 1,280,542 ⁴	\$41,023 ⁵	□	□	□	\$ 1,321,565

Death		\$41,023 ⁵				\$ 41,023
Disability		\$41,023 ⁵		\$359,625 ⁷		\$ 400,648

- (1) Equal to three times the sum of (i) Dr. Schleifer's 2006 base salary and (ii) the average bonus paid to Dr. Schleifer over the prior three years, reduced by \$188,030 to cut back his severance payments below an amount that would trigger excise tax payments under the Internal Revenue Code. For purposes of this calculation (i) we used Dr. Schleifer's 2006 base salary and the bonuses paid to Dr. Schleifer in 2004, 2005, and 2006, for performance in 2003, 2004, and 2005, (ii) we assumed that Dr. Schleifer received his 2006 bonus described in the Summary Compensation Table on page 23, (iii) for purposes of determining whether Dr. Schleifer was entitled to receive a gross-up payment under the terms of his employment agreement, we took into consideration the fact that Dr. Schleifer's stock options continue to vest according to their original vesting schedule following an involuntary termination (other than in connection with a change of control), (iv) we assumed a 5.5% annual increase in medical, dental, and life insurance premiums for 2007, 2008, and 2009, (v) we assumed that the medical insurance benefits received in 2007, 2008, and 2009 would be taxable and Dr. Schleifer is eligible for a tax gross-up for these benefits under the terms of his employment agreement, and (vi) although Dr. Schleifer's employment agreement provides for restrictive covenants, including a six-month non-compete obligation, no specific value has been ascribed to these covenants solely for purposes of this calculation.
- (2) Equal to the estimated cost of providing Dr. Schleifer and his dependents medical, dental and life insurance benefits for thirty-six months.
- (3) Equal to the aggregate amount of the differences between the exercise prices of Dr. Schleifer's accelerated stock options and the closing sales price per share of the Company's common stock on the NASDAQ Global Market on December 29, 2006.
- (4) Equal to 1.25 times the sum of (i) Dr. Schleifer's 2006 base salary and (ii) the average bonus paid to Dr. Schleifer over the past three years. For purposes of this calculation, we used Dr. Schleifer's bonuses paid in 2004, 2005, and 2006 and assumed that Dr. Schleifer received his 2006 bonus described in the Summary Compensation Table on page 23.
- (5) Equal to the estimated cost of providing Dr. Schleifer and/or his dependents medical, dental, and life insurance benefits for eighteen months.
- (6) We maintain \$1 million of term life insurance covering Dr. Schleifer payable to his designated beneficiary.
- (7) Represents 35% of Dr. Schleifer's 2006 salary over a period of eighteen months. We have assumed long-term disability coverage exists pursuant to Dr. Schleifer's employment agreement for the remaining 65% of Dr. Schleifer's salary.

Each of the Named Officers, other than our Chief Executive Officer, participates in our change in control severance plan that was adopted by the board of directors on January 20, 2006. The purposes of the plan are (i) to help us retain key employees, (ii) to help maintain the focus of such employees on our business and to mitigate the distractions caused by the possibility that we may be the target of an acquisition, and (iii) to provide certain benefits to such employees in the event their employment is terminated (or constructively terminated) after, or in contemplation of, a change in control.

Under the plan, each participant is entitled to receive a cash severance payment in an amount equal to one, or in designated cases, including the Named Officers other than Dr. Schleifer, two, times the sum of the participant's annual base salary and his or her average bonus over the prior three years if, within twenty-four months after or six months before a change in control, either the participant resigns his or her employment for Good Reason (as defined in the plan) or the participant's employment is terminated by the Company for any reason other than Cause (as defined in the plan). This amount will be paid in a lump sum severance payment. A participant so terminated is also entitled to receive a pro rata bonus for the year in which he or she is terminated based on the portion of the year the participant was employed by us. In addition, for either one or two years, as the case may be, plan participants will receive continuation of health care coverage and welfare benefits provided by us, to the extent permitted by our benefit plans, at a cost no greater than what the participant's cost would have been if he or she had continued employment.

In the event that a plan participant resigns his or her employment for Good Reason, or the participant's employment is terminated by the Company for any reason other than Cause, in either case within twenty-four months after or six months before a change in control, then the participant's stock options and other equity awards granted under our long-term incentive plans that would have vested prior to or upon the change in control will become vested on the change in control date, and the exercise period of such equity awards, and other equity awards held by the participant that otherwise would have expired, will be extended to the later of (i) thirty days following the first date after a change in control in which the shares underlying the equity award may be traded, and (ii) the permitted exercise date in the plan or grant assuming the change in control happened immediately prior to the participant's termination. However, in no event will any stock option or other equity award be extended (i) beyond the expiration date of the grant, or (ii) such that the grant will be subject to the additional tax under Section 409A of the Internal Revenue Code.

In the event that a participant would become subject to a "golden parachute" excise tax under Section 4999 of the Internal Revenue Code as a result of severance benefits and payments, the severance benefits and payments owed to the participant shall be reduced to an amount one dollar less than the amount that would subject the participant to the excise tax, unless the total severance benefits/payments net of the excise taxes are greater than the amount that the participant would receive following any such reduction.

31

The following table shows the potential payments to our Named Officers (other than our Chief Executive Officer) upon their termination (other than for Cause) or resignation for Good Reason, in the two years following, or the six months prior to, a change of control. The table assumes an effective termination or resignation date of December 29, 2006.

Potential Payments Under Change of Control Severance Plan

	Cash Severance ¹	Medical & Insurance Continuation ²	Value of Accelerated Stock Options ³	Total Amount
	George D. Yancopoulos, M.D., Ph.D.	\$ 1,567,933	\$65,954	\$8,341,412
Murray A. Goldberg	\$ 904,432	\$50,549	\$1,486,709	\$2,441,691
Randall G. Rupp, Ph.D.	\$ 698,632	\$56,189	\$1,634,214	\$2,389,035
Neil Stahl, Ph.D.	\$ 545,194	\$31,088	\$2,880,651	\$3,456,933

(1) Equal to two times the sum of (i) the Named Officer's 2006 base salary and (ii) the average bonus paid to the Named Officer over the prior three years. In the case of Mr. Goldberg, Dr. Rupp, and Dr. Stahl,

such cash severance amounts have been reduced by \$105,968, \$154,901, and \$345,006, respectively, to reduce severance payments below an amount that would trigger excise tax payments under the Internal Revenue Code. For purposes of this calculation, (i) we used base salaries paid to the Named Officers in 2006, and bonuses paid to the Named Officers in 2004, 2005, and 2006, for performance in 2003, 2004, and 2005, (ii) we assumed that each Named Officer received his 2006 bonus described in the Summary Compensation Table on page 23, (iii) for purposes of determining whether each Named Officer was entitled to receive a gross-up payment under the terms of the change in control severance plan, we took into consideration the fact that each Named Officer's stock options vest and remain exercisable for the lesser of (a) the remaining option term or (b) one year (two years in the case of retirement-eligible executives, including Mr. Goldberg and Dr. Rupp) following an involuntary termination without Cause or termination for Good Reason following a change in control; and parachute payments for time vesting stock options were valued using Internal Revenue Code Revenue Procedure 2003-68 Safe Harbor and Treas. Reg. Section 1.28G-1 Q&A 24(c), (iv) we assumed a 5.5% annual increase in medical, dental, and life insurance premiums for 2007 and 2008, (v) we assumed that the medical insurance benefits received in 2007 and 2008 would be taxable and the Named Officers would be eligible for a tax gross-up for these benefits under the terms of the change in control severance plan, and (vi) although the change in control severance plan provides for restrictive covenants, including a one-year covenant prohibiting the solicitation of company employees, no specific value has been ascribed to these covenants.

- (2) Equal to the estimated cost of providing each Named Officer and his dependents medical, dental, and life insurance benefits for twenty-four months, plus the estimated cost of providing each Named Officer financial/tax advisory and preparatory services for twenty-four months.
- (3) Equal to the aggregate amount of the differences between the exercise prices of each Named Officer's accelerated [in-the-money] stock options and the closing sales price per share of the Company's common stock on the NASDAQ Global Market on December 29, 2006 of \$20.07. The amounts include the acceleration of stock options granted to these Named Officers in January 2005 as part of a stock option exchange program. Dr. Schleifer was not eligible to participate in the stock option exchange program.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee is currently, or has been at any time since our formation, one of our officers or employees. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our board of directors or Compensation Committee.

OTHER MATTERS

When are shareholder proposals due for the 2008 Annual Meeting of Shareholders?

A shareholder wishing to present a proposal at the 2008 Annual Meeting of Shareholders must submit the proposal in writing and be received by the Company at its principal executive offices at 777 Old Saw Mill River Road, Tarrytown, New York 10591 by January 5, 2008, and must satisfy the other conditions established by the Securities and Exchange Commission for such inclusion, in order for such proposal to be considered for inclusion

in the Company's proxy statement and form of proxy relating to that meeting.

Under our By-Laws, proposals of shareholders intended to be submitted for a formal vote (other than proposals to be included in our proxy statement) at the 2008 Annual Meeting may be made only by a shareholder of record who has given notice of the proposal to the Secretary of the Company at our principal executive offices no earlier than 90 days and no later than 60 days prior to the meeting; provided that if less than 70 days notice or public disclosure of the date of the 2008 Annual Meeting is given or made to shareholders, notice by the shareholder in order to be timely must be received not later than the close of business on the tenth day following the day on which such notice of the annual meeting was first mailed or such public disclosure of the annual meeting was made, whichever first occurs. The notice must contain certain information as specified in our By-Laws. Assuming our 2008 Annual Meeting is held on June 13, 2008 in accordance with the Company's past practice, and at least 70 days' notice or prior public disclosure of the date of the 2008 Annual Meeting is given or made to shareholders, notice of such proposals would need to be given no earlier than March 15, 2008 and no later than April 14, 2008. Any proposal received outside of such dates will not be considered "timely" under the federal proxy rules for purposes of determining whether we may use discretionary authority to vote on such proposal.

What happens if multiple shareholders share an address?

Applicable rules permit brokerage firms and the Company to send one Annual Report and proxy statement to multiple shareholders who share the same address under certain circumstances. This practice is known as "householding." We believe that householding will provide greater convenience for our shareholders, as well as cost savings for us by reducing the number of duplicate documents that are sent to your home. Consequently, we have implemented the practice of householding for shares held in "street name" and intend to deliver only one Annual Report and one proxy statement to multiple shareholders sharing the same address. If you wish to receive a separate proxy statement for the 2007 Annual Meeting or a 2006 Annual Report, you may find these materials at our internet website (www.regeneron.com) or you may stop householding for your account and receive separate printed copies of these materials by contacting our Investor Relations Department, at Regeneron Pharmaceuticals, Inc., 777 Old Saw Mill River Road, Tarrytown, New York 10591, or by calling us at 914-345-7400 and these materials will be promptly delivered to you. If you hold shares registered in your name (sometimes called a shareholder of record), you can elect householding for your account by contacting us in the same manner described above. Any shareholder may stop householding for your account by contacting our Investor Relations Department at the address and/or phone number included above. If you revoke your consent, you will be removed from the householding program within 30 days of receipt of your revocation and each shareholder at your address will receive individual copies of our disclosure documents.

Are there any other matters to be addressed at the Annual Meeting?

We know of no other matters to be brought before the Annual Meeting, except as set forth in this proxy statement. If any other matter is properly presented at the Annual Meeting upon which a vote may properly be taken, shares represented by duly executed and timely submitted proxies will be voted on any such matter in accordance with the judgment of the persons named as proxies in the enclosed proxy card. Discretionary authority for them to do so is contained in the enclosed proxy card.

Who will pay the costs related to this proxy statement and the Annual Meeting?

The solicitation of proxies is being made on behalf of the Company and we will bear the costs of the solicitation. We will be responsible for paying for all expenses to prepare, print and mail the proxy materials to shareholders. In accordance with the regulations of the Securities and Exchange Commission, we will make

arrangements with brokerage houses and other custodians, nominees, and fiduciaries to send proxies and proxy materials to their principals and will reimburse them for their reasonable expenses in so doing. In addition to the solicitation by use of the mails, our officers, directors, and employees may solicit the return of proxies by telephone, telegram, or personal interviews.

When can you expect to receive a 2006 Annual Report?

Our Annual Report for the year ended December 31, 2006 is being mailed or made available electronically to shareholders together with these proxy materials. Both the Annual Report and this proxy statement will be posted at our corporate website (www.regeneron.com) soon after they are distributed to shareholders. **In addition, interested shareholders may obtain without charge a copy of our Annual Report on Form 10-K (without exhibits), which includes our audited financial statements for the fiscal year ended December 31, 2006, required to be filed with the Securities and Exchange Commission, by making a written request to Regeneron Pharmaceuticals, Inc., 777 Old Saw Mill River Road, Tarrytown, New York 10591, Attention: Investor Relations, or by calling our Investor Relations Department at (914) 345-7400.**

In the future, how can you receive the Company's proxy materials and annual report electronically instead of receiving these materials through the mail?

Instead of receiving copies of future Company proxy statements and annual reports in the mail, shareholders may elect to receive an e-mail with a link to these documents on the Internet. Receiving these documents online saves the Company the cost of producing and mailing documents to your home or business and gives you an automatic link to the proxy voting site.

If your shares are registered in your name or you hold shares in the Company Stock Fund in the Company's 401(k) Savings Plan, to enroll in the electronic delivery service, vote your shares through the Internet at www.proxyvote.com and, when prompted, indicate that you agree to receive or access shareholder communications electronically in future years. If your shares are not registered in your name, to enroll in the electronic delivery service, check the information provided to you by your bank or broker, or contact your bank or broker for instructions on how to elect to view future proxy statements and annual reports over the Internet.

**CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS OF
REGENERON PHARMACEUTICALS, INC.**

I. AUTHORITY

The Audit Committee (the "Committee") of the Board of Directors (the "Board") of Regeneron Pharmaceuticals, Inc. (the "Corporation") is established pursuant to Article II, Section 4 of the Corporation's Bylaws and Section 712 of the New York Business Corporation Law. The Committee shall be comprised of three or more directors as determined from time to time by resolution of the Board. Consistent with the appointment of other Board committees, the members of the Committee shall be elected by the Board at the annual organizational meeting of the Board or at such other time as may be determined by the Board. The Chairman of the Committee shall be designated by the Board, provided that if the Board does not so designate a Chairman, the members of the Committee, by majority vote, may designate a Chairman. The presence in person or by telephone of a majority of the Committee's members shall constitute a quorum for any meeting of the Committee. All actions of the Committee will require the vote of a majority of its members present at a meeting of the Committee at which a quorum is present.

II. PURPOSE OF THE COMMITTEE

The Committee's purpose is to provide assistance to the Board in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting and internal control and legal compliance functions of the Corporation, including, without limitation, (a) assisting the Board in its oversight function by monitoring (i) the integrity of the Corporation's financial statements, (ii) the Corporation's compliance with legal and regulatory requirements, (iii) the Corporation's independent auditors' qualifications and independence, and (iv) the performance of the Corporation's independent auditors and the Corporation's internal audit function, if applicable, and (b) preparing the report required to be prepared by the Committee pursuant to the rules of the Securities and Exchange Commission (the "SEC") for inclusion in the Corporation's annual proxy statement. It is the objective of the Committee to maintain free and open means of communications among the Board, the independent auditors and the financial and senior management of the Corporation.

III. COMPOSITION OF THE COMMITTEE

Each member of the Committee shall be an "independent" director within the meaning of the Nasdaq Stock Market (the "Nasdaq") rules and, as such, shall be free from any relationship that may interfere with the exercise of his or her independent judgment as a member of the Committee. Notwithstanding the foregoing, as permitted by the Nasdaq rules, under exceptional and limited circumstances, one director who does not meet certain of the criteria for "independence" may be appointed to the Committee if the Board determines in its business judgment that membership on the Committee by such person is required by the best interests of the Corporation and its shareholders and the Corporation discloses in the annual proxy statement the nature of such person's relationship and the reasons for the Board's determination. All members of the Committee shall be financially literate at the time of their election to the Committee or shall become financially literate within a reasonable period of time after their appointment to the Committee. "Financial literacy" shall be determined by the Board in the exercise of its business judgment, and shall include a working familiarity with basic finance and accounting practices and an ability to read and understand fundamental financial statements. At least one member of the Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or senior officer with financial oversight responsibilities. Committee members, if they or the Board deem it appropriate, may enhance their understanding of finance and accounting by participating in educational programs conducted by the Corporation or an outside consultant or firm.

IV. MEETINGS OF THE COMMITTEE

The Committee shall meet once every fiscal quarter or more frequently as it shall determine is necessary to carry out its duties and responsibilities. As part of its purpose to foster open communications, the Committee shall meet separately on a periodic basis with (i) management, (ii) the Chief Audit Executive, if applicable, and (iii) the Corporation's independent auditors to discuss any matters that the Committee or each of these groups or persons believe should be discussed privately. The Chairman should work with the Chief Financial Officer and management to establish the agendas for Committee meetings. The Committee, in its discretion, may ask members of management or others to attend its meetings (or portions thereof) and to provide pertinent information as necessary. The Committee shall maintain minutes of its meetings and records relating to those meetings and the Committee's activities and provide copies of such minutes to the Board.
