OVERVIEW OF PROPOSALS TO BE VOTED

Item 2.

Advisory Approval of the Compensation of Our Named Executive Officers

The Board of Directors recommends a vote FOR this item

We are asking for your advisory approval of the compensation of our named executive officers (“NEOs”). While our Board of Directors intends to carefully consider the shareholder vote resulting from the proposal, the final vote will not be binding on us and is advisory in nature. Before considering this proposal, please read our Compensation Discussion and Analysis, which explains our executive compensation programs and the Compensation Committee’s compensation decisions.

See page 14 and 39 for further information

EXECUTIVE COMPENSATION

CONSIDERATION OF 2017 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Compensation Committee regularly reviews the philosophy, objectives and elements of our executive compensation programs in relation to our short and long-term business objectives. In undertaking this review, the Compensation Committee considers the views of shareholders as reflected in their annual advisory vote on our executive compensation proposal. Shareholders voted 94.4% in favor of the company’s Advisory Approval of the Compensation of Our Named Executive Officers at our 2017 annual general meeting. Based on the Compensation Committee’s review and the support our executive compensation programs received from shareholders, the Compensation Committee determined it would be appropriate to maintain the core elements of our executive compensation programs.

EXECUTIVE COMPENSATION PRINCIPLES

Our executive compensation programs are based on the following principles:

- (i) business strategy alignment
- (ii) pay for performance
- (iii) mix of short and long-term incentives
- (iv) internal parity
- (v) shareholder alignment
- (vi) market competitiveness

Consistent with these principles, the Compensation Committee has adopted executive compensation programs with a strong link between pay and achievement of short and long-term Company goals.

EXECUTIVE COMPENSATION ELEMENTS

The primary elements of the executive compensation programs are:

Total Direct Compensation

Element ¹	Objective of Element
Base Salary	Fixed cash compensation.
Annual Incentive Matrix (“AIM”)	Variable cash incentive compensation. Any award earned is based on performance measured against pre-defined annual revenue, Operating Income, cash flow and Operating Income Margin percent objectives, as well as individual performance measured against pre-defined objectives.
Long-Term Incentives (“LTI”)	Variable long-term incentive compensation. Performance is aligned with the Company’s stock price and is awarded in the form of stock options, restricted stock units (“RSUs”) and performance share units (“PSUs”). PSUs for performance periods beginning prior to 2018 are only payable if the Company’s EPS growth and TSR relative to companies in the S&P 500 Industrials Index exceed threshold performance. PSUs granted after January 1, 2018 are only payable if the Company’s CROIC growth and TSR relative to companies in the S&P 500 Industrials Index exceed threshold performance.

1

See Section V of the Compensation Discussion and Analysis entitled "Compensation Program Descriptions and Compensation Decisions," for additional discussion of these elements of compensation.

OVERVIEW OF PROPOSALS TO BE VOTED

EXECUTIVE COMPENSATION MIX

As illustrated in the charts below, the Compensation Committee places significant emphasis on variable compensation (AIM and LTI) so that a substantial percentage of each NEO's target total direct compensation is contingent on the successful achievement of the Company's short-term and long-term performance goals.

Advisory Approval of the Compensation of Our Named Executive Officers

The Board of Directors recommends a vote FOR advisory approval of the compensation of our Named Executive Officers as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related disclosure contained in this proxy statement.

The Company is presenting the following proposal, commonly known as a “Say-on-Pay” proposal, which gives you as a shareholder the opportunity to endorse or not endorse our compensation program for Named Executive Officers by voting for or against the following resolution:

“RESOLVED, that the shareholders approve the compensation of the Company’s Named Executive Officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related disclosure contained in the Company’s proxy statement.”

While our Board of Directors intends to carefully consider the shareholder vote resulting from the proposal, the final vote will not be binding on us and is advisory in nature.

In considering your vote, please be advised that our compensation program for Named Executive Officers is guided by our design principles, as described in the Compensation Discussion and Analysis section of this Proxy Statement:

- | | | |
|---------------------------------|---|-----------------------------|
| (i) business strategy alignment | (iii) mix of short and long-term incentives | (v) shareholder alignment |
| (ii) pay for performance | (iv) internal parity | (vi) market competitiveness |

By following these design principles, we believe that our compensation program for Named Executive Officers is strongly aligned with the long-term interests of our shareholders.

Item 3.

Approval of Appointment of Independent Auditors

The Board of Directors recommends a vote FOR the proposal to approve the appointment of PwC as independent auditors of the Company and to authorize the Audit Committee of the Board of Directors to set the auditors’ remuneration.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent external audit firm retained to audit the Company’s financial statements and internal controls over financial reporting. In executing its responsibilities, the Audit Committee engages in an annual evaluation of PricewaterhouseCoopers LLP (“PwC”) qualifications, performance and independence. In assessing independence, the Committee reviews the fees paid, including those related to non-audit services. The Audit Committee has sole authority to approve all engagement fees to be paid to PwC. The Audit Committee regularly meets with the lead audit partner without members of management present, and in executive session with only the Audit Committee members present, which provides the opportunity for continuous assessment of the firm’s effectiveness and independence and for consideration of rotating audit firms.

In addition, as part of its normal cadence, the Audit Committee considers whether there should be a regular rotation of the independent registered public accounting firm. The Audit Committee ensures that the mandated rotation of PwC’s lead engagement partner occurs routinely and the Audit Committee and its Chairman are directly involved in the selection of PwC’s lead engagement partner.

The Audit Committee has recommended that shareholders approve the appointment of PwC as our independent auditors for the fiscal year ending December 31, 2018, and authorize the Audit Committee of our Board of Directors to set the independent auditors’

remuneration.

PROPOSALS REQUIRING YOUR VOTE

PwC has been acting continuously as our independent auditors for over one hundred years and, both by virtue of its long familiarity with the Company's affairs and its professional competencies and resources, is considered best qualified to perform this important function. The Audit Committee and the Board believe that the continued retention of PwC to serve as our independent external auditor is in the best interests of the Company and its investors.

Representatives of PwC will be present at the Annual General Meeting and will be available to respond to appropriate questions. They will have an opportunity to make a statement if they so desire.

AUDIT COMMITTEE REPORT

While management has the primary responsibility for the financial statements and the financial reporting process, including the system of internal controls, the Audit Committee reviews the Company's audited financial statements and financial reporting process on behalf of the Board of Directors. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) (the "PCAOB") and to issue a report thereon. The Audit Committee monitors those processes. In this context, the Audit Committee has met and held discussions with management and the independent auditors regarding the fair and complete presentation of the Company's results. The Audit Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with United States generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Auditing Standard No. 16, "Communications with Audit Committees" issued by the PCAOB (United States).

In addition, the Audit Committee has received and reviewed the written disclosures and the letter from PwC required by the PCAOB regarding PwC's communications with the Audit Committee concerning independence and discussed with PwC the auditors' independence from the Company and its management in connection with the matters stated therein. The Audit Committee also considered whether the independent auditors' provision of non-audit services to the Company is compatible with the auditors' independence. The Audit Committee has concluded that the independent auditors are independent from the Company and its management.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets separately with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 ("2017 Form 10-K"), for filing with the Securities and Exchange Commission (the "SEC"). The Audit Committee has selected PwC, subject to shareholder approval, as the Company's independent auditors for the fiscal year ending December 31, 2018.

Total	16,141,000	15,595,000

Audit Fees for the fiscal years ended December 31, 2017 and 2016, respectively, were for professional services rendered for the audits of the Company's annual consolidated financial statements and its internal controls over financial reporting, including quarterly reviews, statutory audits, issuance of consents, U.S. tax legislations in 2017 and assistance with, and review of, documents filed with the SEC.

Audit-Related Fees consist of assurance services that are related to performing the audit and review of our financial statements. Audit Related Fees for the fiscal year ended December 31, 2017 include employee benefit plan audits and comfort letter preparation. Audit Related Fees for the fiscal year ended December 31, 2016 include employee benefit plan audits and abandoned and unclaimed property tax assessments.

Tax Fees for the fiscal year ended December 31, 2017 and 2016 include consulting and compliance services in the U.S. and non-U.S. locations.

All Other Fees for the fiscal year ended December 31, 2017 and 2016 include license fees for technical accounting software.

The Audit Committee has adopted policies and procedures which require that the Audit Committee pre-approve all non-audit services that may be provided to the Company by its independent auditors. The policy: (i) provides for pre-approval of an annual budget for each type of service; (ii) requires Audit Committee approval of specific projects if not included in the approved budget; and (iii) requires Audit Committee approval if the forecast of expenditures exceeds the approved budget on any type of service. The Audit Committee pre-approved all of the services described under "Audit-Related Fees," "Tax Fees" and "All Other Fees." The Audit Committee has determined that the provision of all such non-audit services is compatible with maintaining the independence of PwC.

Item 4.

To approve the Company's 2018 Incentive Stock Plan.

The Board of Directors recommends that you vote FOR approval of the Company's 2018 Incentive Stock Plan.

We are asking our shareholders to approve the Ingersoll-Rand plc Incentive Stock Plan of 2018 (the "2018 Plan"). The 2018 Plan is intended to serve as the successor plan to the Ingersoll-Rand plc Incentive Stock Plan of 2013 (the "2013 Plan") under which incentive arrangements based on the ordinary shares of the Company may be granted to our employees and non-employee directors. Upon shareholder approval of the 2018 Plan, no further grants will be made under the 2013 Plan except for any off-cycle grants made at the June 7, 2018 meeting of our Compensation Committee which will not exceed 165,000 ordinary shares, calculated under the current 2.54 fungible share counting ratio. As a result, approximately 4,403,000 ordinary shares that were previously authorized and were available for grant under the 2013 Plan will no longer be available for new awards.

OUTSTANDING AWARDS AND DETERMINATION OF SHARE RESERVE

The 2013 Plan is our only active employee equity plan, and as of February 28, 2018 (the "Calculation Date"), we had 4,659,789 shares remaining for the grant of new awards under the 2013 Plan. As of the Calculation Date, there were 7,089,832 options outstanding in aggregate under all plans (the 2013 Plan and Ingersoll-Rand plc Incentive Stock Plan of 2007) with a weighted average exercise price of \$64.46 and a weighted average remaining term of 7.3 years, and 2,012,024 full value awards that were unvested and outstanding under all plans (the 2013 Plan).

Table of Contents**PROPOSALS REQUIRING YOUR VOTE**

In reviewing our historical grant practices and excluding the effect of our share counting rules (whereby every share subject to a full value award was counted as 2.54 share), we determined that we have issued 10,103,181 shares, net of cancellations, under the 2013 Plan between its inception and the Calculation Date. Excluding the effect of our share counting rules, we have issued 6,959,548 shares over the last three fiscal years. The table below summarizes our equity grant practices during the most recent three fiscal years.

Fiscal Year	Basic Weighted Average Shares Outstanding	RSU and PSU Awards Granted	Stock Options Granted	Annualized Burn Rate ⁽¹⁾
2017	254,900,000	582,145	1,518,335	0.8%
2016	259,200,000	784,945	1,958,476	1.1%
2015	265,100,000	658,124	1,457,523	0.8%

⁽¹⁾ Burn rate is calculated as of December 31 of each fiscal year using a 1:1 ratio for RSUs and PSUs. See below for additional information regarding the calculation.

As of the Calculation Date, our overhang was 5.3%, and our burn rate in 2017 was 0.8%. Assuming shareholders approve the 2018 Plan, our overhang will be 11.6%. For this purpose, "overhang" is defined as (A) the amount of outstanding shares awarded to key employees and directors, plus (B) shares available for future grant, divided by ordinary shares outstanding plus the amounts described in clauses (A) and (B), and "burn rate" is the number of shares underlying equity awards granted to key employees and directors in a fiscal year, divided by basic weighted average ordinary shares outstanding.

Based on a review of our historical and projected grant practices, we believe that the shares reserved for use under the 2018 Plan will meet the Company's equity grant needs for approximately four years. The shares reserved may, however, last for more or less than four years depending on currently unknown factors, such as the number of grant recipients, future grant practices and the Company's share price.

KEY TERMS OF THE 2018 PLAN AT A GLANCE AND BEST PRACTICES

The following is a summary of the key provisions of the 2018 Plan, as set forth and stated herein.

Plan Term:	The 2018 Plan was adopted by the Board of Directors on April 4, 2018, subject to obtaining shareholder approval, and will continue in effect until terminated by the Board of Directors.
Eligible Participants:	Employees and directors of the Company and its affiliates generally are eligible to receive restricted shares, restricted share units, non-qualified stock options, share appreciation rights, and other share-based awards under the 2018 Plan. "Incentive stock options," within the meaning of Code Section 422, may be granted only to employees of the Company or a subsidiary. 23,000,000 ordinary shares in the capital of the Company have been reserved for issuance pursuant to awards under the 2018 Plan, subject to adjustment in the event of certain changes in the capitalization of the Company.
Shares Available for Awards: Award Types:	(1) Non-qualified stock options and incentive stock options (2) Restricted shares (3) Share appreciation rights (4) Restricted share units (5) Dividend equivalent rights (6) Other share-based awards (7) Performance-based Awards
Award Terms (Exercisability Period):	Options, share appreciation rights, and other share-based awards have a term of no longer than 10 years.
ISO Limits:	No more than 20% of the shares reserved for issuance may be issued upon the exercise of incentive stock options granted under the 2018 Plan.

PROPOSALS REQUIRING YOUR VOTE

Prohibition on RepricingThe 2018 Plan explicitly prohibits repricing of stock options (including the cash purchase of underwater options) without shareholder approval.

Limitations on Payments of Dividends on Unvested AwardsThe 2018 Plan explicitly prohibits the payment of dividends on unvested restricted stock and dividend equivalents on unvested restricted stock units or performance share units unless and until the underlying awards vest.

ClawbackAll awards granted under the 2018 Plan are subject to the Company's incentive compensation clawback or recoupment policy, as may be amended from time to time.

Reasonable Limit on Full-Value AwardsFor purposes of calculating the shares that remain available for issuance under the 2018 Plan, grants of options and stock appreciation rights will be counted as the grant of one share for each one share actually granted. However, to protect stockholders from potentially greater dilutive effect of full value awards, all grants of full value awards will be deducted from the 2018 Plan's share reserve as 4.64 shares for every one share actually granted.

Reasonable Vesting and Performance PeriodsAlthough the Committee determines the vesting conditions and schedule applicable to the awards granted under the 2018 Plan, time-based awards generally vest over three years and performance awards generally vest based on the attainment of performance goals that are measured over a three-year performance period.

Limitations on GrantsIndividual limits on awards granted to any employee pursuant to the 2018 Plan during any calendar year apply as follows: (i) a maximum of 750,000 shares of common stock may be subject to all options and stock appreciation rights and (ii) a maximum of \$15 million in performance-based awards.

Prohibition on Liberal Share Recycling Practices for OptionsThe 2018 Plan does not allow for the re-granting of shares that are withheld by the Company to pay the exercise price of options or that are delivered or withheld to satisfy the tax withholding obligations under an option or share appreciation right.

No Automatic Single-Trigger Vesting of Time-Based AwardsThe automatic vesting acceleration provision for time-based awards which took effect solely on a change in control that was included in the 2013 Plan has been eliminated in the 2018 Plan. Instead, the 2018 Plan provides that time-based awards will only vest on a change in control if they are not assumed, substituted or otherwise replaced in connection with the change in control. If the awards are assumed or continued after the change in control, the Compensation Committee may provide that such awards will be subject to automatic vesting acceleration upon a participant's involuntary termination within a designated period following the change in control.

Non-Employee Director Compensation LimitAn annual limit of \$1,000,000 per calendar year applies to the sum of all cash and other compensation and the value of all equity, cash-based and other awards granted to a non-employee director for services as a member of the Board of Directors.

SUMMARY OF THE 2018 PLAN

The following summary of certain material features of the 2018 Plan is qualified in its entirety by reference to the 2018 Plan, which is attached to this proxy statement as Appendix B.

PURPOSE OF 2018 PLAN

The purpose of the 2018 Plan is to aid the Company and its affiliates in recruiting and retaining key employees and directors and to motivate such employees and directors to exert their best efforts on behalf of the Company and its affiliates by providing incentives through the granting of awards. The Company expects that it will benefit from the added interest which such key employees and directors will have in the welfare of the Company as a result of their proprietary interest in the Company's success.

SHARES RESERVED FOR ISSUANCE UNDER 2018 PLAN

Shares Reserved

The total number of our ordinary shares that are authorized and available for issuance pursuant to awards granted under the 2018 Plan is 23,000,000 shares, subject to adjustment in the event of specified capitalization events of the Company.

Shares Reissuable Under 2018 Plan

The following shares are reissuable pursuant to new awards granted under the 2018 Plan: shares that are not issued as a result of the termination, cancellation, expiration or lapsing of any award; shares subject to a full value award that are not issued because the award is settled in cash; shares covered by a full value award that are retained or are otherwise not issued by the Company in order to satisfy tax withholding obligations in connection with full value awards.

Shares Not Reissuable Under 2018 Plan

The following shares will be deducted from the aggregate number of shares available for future awards: shares subject to a stock option or share appreciation right that are retained or otherwise not issued by the Company in order to satisfy tax withholding obligations or the exercise price (whether through withholding of shares or net exercise) and shares that are repurchased or redeemed on the open market with the proceeds of the exercise of an option.

Shares Not Counted Against Share Reserve Pool Under the 2018 Plan

Except in the case of outstanding stock options intended to be incentive stock options, shares issued in assumption of, or in substitution for, any outstanding awards will not reduce the overall limit on shares available for grant under the 2018 Plan. To the extent permitted by any applicable stock exchange rule, shares available under a shareholder approved plan of an entity acquired by the Company or with which the Company combines (as appropriately adjusted to reflect the acquisition or combination transaction) may be used for awards under the 2018 Plan and will not reduce the number of shares available for delivery under the 2018 Plan.

PROPOSALS REQUIRING YOUR VOTE

AWARDS

Under the 2018 Plan, the following awards may be granted: nonqualified stock options, incentive stock options, restricted shares, share appreciation rights, restricted share units, dividend equivalent rights, other share-based awards and performance-based awards (all such grants are collectively referred to as "awards").

ELIGIBILITY

Incentive stock options may be granted only to our employees and to employees of any of our subsidiaries meeting the requirements of the Code. Awards other than incentive stock options may be granted to our non-employee directors and to employees of the Company and any of its affiliates. The primary recipients of awards under our 2018 Plan will be our non-employee directors, officers and other key employees. As of the Calculation Date, there were approximately 44,000 full and part-time employees of the Company, of which approximately 3,000 were officers and key employees and 10 were non-employee directors.

ADMINISTRATION

The 2018 Plan provides that it will generally be administered by the Compensation Committee, unless the Compensation Committee delegates its administration duties to a sub-committee thereof or an employee or group of employees, consistent with applicable law (the "Committee") and guidelines established by the Committee from time to time. Any subcommittee to which administration duties are delegated must consist solely of two or more individuals, each of whom is a "non-employee director" satisfying the requirements of Section 16 of the Securities Exchange Act of 1934, as amended, and an "independent director" under the New York Stock Exchange rules. The Committee may appoint such agents as it deems necessary or advisable for the proper administration of the 2018 Plan; provided, however, that such appointment is consistent with applicable laws and guidelines established by the Committee from time to time. Other than awards granted to non-employee directors that require the full Board of Directors acting by a majority of its members, the Committee has the sole authority to grant awards and sole and exclusive discretion to interpret and administer the 2018 Plan. In particular, the 2018 Plan specifies that the Committee has the exclusive power, authority and discretion to:

designate participants to receive awards, determine the types of awards to be granted to each participant, determine the number of awards to be granted and the number of shares to which an award will relate, and determine the terms and conditions of any award granted under the 2018 Plan;

determine if and when an award may be cancelled, forfeited, surrendered, settled or exercised and if any amount for settlement or exercise will be paid in cash, shares, other awards or other property;

prescribe the forms of award agreement and decide all other matters that must be determined in connection with an award;

establish, adopt, or revise any rules and regulations, including adopting sub-plans to the 2018 Plan for the purposes of complying with foreign laws and/or taking advantage of tax-favorable treatment for awards granted to participants outside the United States;

interpret the terms of the 2018 Plan or any award agreement, decide any matter arising under the 2018 Plan and correct any defect or supply any omission or reconcile any inconsistency in the 2018 Plan; and

make all other decisions and determinations that may be required under the 2018 Plan or as the Committee deems necessary or advisable to administer the 2018 Plan.

With respect to above listed interpretation and administration powers, any decisions by the Committee or its delegate are conclusive and binding on all parties concerned.

RESTRICTED SHARE UNITS

The 2018 Plan provides certain terms applicable to awards of restricted share units. Restricted share units are denominated in unit equivalent of shares and are typically awarded to participants without payment of consideration. Restricted share units may be subject to vesting conditions based upon the passage of time or the attainment of performance goals as determined in the discretion of the Committee. Except as otherwise determined by the Committee at the time of the grant of the award or thereafter,

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

any restricted share units that are not vested as of the date of the participant's termination of service will be forfeited. Unlike restricted shares, the shares underlying restricted share units will not be issued until the restricted share units have vested. In addition, recipients of restricted share units generally have no voting or dividend rights until the vesting conditions are satisfied and the underlying shares are issued. Restricted share units may be settled in shares, cash or a combination of both, at the discretion of the Committee. Until the shares are issued, if any, upon settlement of a restricted share unit, no right to vote or receive dividends or any other rights as a shareholder will exist with respect to the shares subject to the restricted stock unit.

RESTRICTED SHARE AWARDS

The 2018 Plan provides certain terms applicable to awards of restricted shares. A restricted share is a direct grant of a share, subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote the underlying shares or the right to receive dividends with respect to the underlying shares). These restrictions may lapse at such times, under such circumstances, in such installments, or otherwise, as the Committee determines at the time of the grant of the award or thereafter. Restrictions may be based on the passage of time, the attainment of performance goals or such other conditions as determined in the discretion of the Committee. Unless otherwise determined by the Committee at the time of grant, any shares subject to restrictions are forfeited upon termination of employment.

STOCK OPTIONS

The 2018 Plan authorizes the grant of incentive stock options, which are intended to satisfy the requirements of Code Section 422, and non-qualified stock options, which do not satisfy the requirements of Code Section 422. Stock options with respect to up to 23,000,000 shares (subject to the limitation of 4,600,000 shares with respect to incentive stock options noted above) may be granted under the 2018 Plan. The exercise price for all stock options granted under the 2018 Plan may not be less than 100% of the fair market value of one of our shares on the date of grant. While the shares are traded on an established stock exchange, "fair market value" means, as of any given date, the closing price of a share as quoted on the principal exchange on which the shares are listed for such date, or if no sale occurred on such date, the first trading date immediately prior to such date during which a sale occurred. As of the Record Date, the closing price of our ordinary shares traded on the New York Stock Exchange ("NYSE") was \$82.76 per share. Stock options granted under the 2018 Plan will vest at the rate and on the conditions specified by the Committee, which conditions may include a participant's continued service, the attainment of specified performance goals and/or such other conditions as may be determined by the Committee. Once vested, stock options will be exercisable for such term, and thereafter will expire, as determined by the Committee, provided that the maximum term any stock option may remain outstanding is ten years after the date it is granted, after which date it shall expire.

The Committee determines the methods by which the exercise price of stock options is paid, including the following: in cash or check, through a broker-dealer sale and remittance procedure under which the participant effects a same-day exercise of the stock option and sale of the purchased shares in order to cover the exercise price for the purchased shares and the applicable withholding taxes, or any other method of payment authorized by the Committee.

A stock option may not be exercised for a fraction of a share. No right to vote or receive dividends or any other rights as a shareholder will exist with respect to the shares subject to a stock option until such stock option is exercised and the shares are paid for.

If a participant ceases to provide services to the Company or any affiliate, the participant may exercise his or her stock option within such period of time as is specified in the award agreement to the extent that the stock option is vested on the date of termination (but in no event later than the expiration of the term of such option as set forth in the award agreement). Unless otherwise provided by the Committee, if on the date of termination the participant is not vested as to his or her entire stock option, the unvested portion of the stock option will be forfeited and the shares covered by the unvested portion of the stock option will revert to the 2018 Plan. If after termination of service the participant does not exercise his or her stock option within the time specified by the Committee, the stock option will terminate, and the shares covered by such unexercised stock option will revert to the 2018 Plan and be available for reissuance.

SHARE APPRECIATION RIGHTS

Share appreciation rights may be granted with an exercise price equal to or greater than the fair market value of our ordinary shares on the date of grant and typically provide for payments to the holder based upon the amount by which the fair market value of our shares as of the date that the right is exercised exceeds the exercise price. The Committee will generally determine when and on what conditions the share appreciation right will vest and become exercisable. The Committee determines the term of a share appreciation right, but no share appreciation right will remain outstanding or be exercisable more than ten years after the date it is granted.

Table of Contents

PROPOSALS REQUIRING YOUR VOTE

A share appreciation right may be granted separate from or in connection with the grant of a stock option. Share appreciation rights granted in connection with a stock option must be granted at the same time the stock option is granted, with the same terms and conditions, and with respect to the same number of underlying shares. Upon exercise of a share appreciation right granted in connection with a stock option, in whole or in part, the corresponding portion of the stock option must be surrendered and the holder will be entitled to receive cash or shares, as determined by the Committee, having a value equal to the excess of the fair market value of the shares at the time of exercise over the exercise price for the tandem award. If the related stock option is exercised, in whole or in part, then the corresponding portion of the share appreciation right will terminate as of the date of such exercise.

Until the shares are issued, if any, upon exercise of a share appreciation right, no right to vote or receive dividends or any other rights as a shareholder will exist with respect to the shares subject to a share appreciation right. Upon termination of a participant's employment, a share appreciation right will generally be subject to the same conditions as apply to stock options.

OTHER SHARE-BASED AWARDS

The Committee is authorized under the 2018 Plan to make any other award that is not inconsistent with the provisions of the 2018 Plan and that by its terms involves or might involve the issuance of shares, or of a right vesting based on the passage of time, the occurrence of one or more events, or the satisfaction of performance goals or other conditions, or the issuance of any other security with the value derived from the value of the shares. The Committee may elect to settle these awards in cash, in shares or in a combination of cash and shares. The Committee may also grant shares as a bonus or may grant other awards in lieu of obligations to pay cash or other property under the 2018 Plan or other compensatory arrangements. The Committee is authorized to determine the term of all other share-based awards, but no such award will remain outstanding more than ten years after the date it is granted.

PERFORMANCE-BASED AWARDS

The Committee is authorized under the 2018 Plan to grant performance awards, which are full value awards that vest, in whole or in part, upon the attainment of performance goals that are measured over a specified performance period and are based on performance criteria that may include, but are not limited to, any of the following: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) operating income margin; (v) gross margin; (vi) earnings per Share; (vii) book value per Share; (viii) return on shareholders' equity; (ix) expense management; (x) return on invested capital; (xi) improvements in capital structure; (xii) profitability of an identifiable business unit or product; (xiii) maintenance or improvement of profit margins or revenue; (xiv) Share price; (xv) market share; (xvi) revenues or sales; (xvii) costs; (xviii) available cash flow; (xix) working capital; (xx) return on assets; (xxi) total shareholder return, (xxii) productivity ratios, and (xxiii) economic value added. The Committee may provide that one or more adjustments may be made to one or more of the performance goals. The performance goals may be calculated in accordance with applicable accounting standards or on an adjusted basis and measured on absolute or relative terms. In addition, the performance goals may be expressed in terms of overall Company performance, the performance of an affiliate, the performance of a division or business unit of the Company or an affiliate or the performance of an individual or team.

AWARD LIMITS FOR EMPLOYEES

The maximum number of shares of common stock that may be subject to options or share appreciation awards that are granted to any employee during any calendar year may not exceed 750,000 shares, subject to adjustments in the event of certain capitalization events. The maximum amount with respect to one or more full value performance awards that may be granted to any employee during any calendar year may not exceed \$15 million.

TRANSFERABILITY OF AWARDS

Except as otherwise provided by the Committee, no award granted under the 2018 Plan may be assigned, transferred or otherwise disposed of by a participant other than by will or the laws of descent and distribution. The Committee, however, may permit the transfer of an award (other than an incentive stock option) for no consideration in connection with estate planning or charitable transfers subject to compliance with applicable laws and such rules as the Committee may adopt to preserve the purposes of the Plan.

DIVIDENDS/DIVIDEND EQUIVALENTS

The Committee may grant dividend equivalent rights in connection with restricted share units or other share-based awards (including performance-based awards) that are full value awards and may provide for dividends to be accumulated with respect to restricted share awards, provided that, to the extent that any dividends or dividend equivalents are payable with respect to such full value award, the dividends or dividend equivalents, as applicable, will not be paid unless and until the underlying award vests.

CHANGE IN CONTROL

In the event of a change in control of our Company (as defined in the 2018 Plan), all time-based awards that are not converted, assumed, substituted or replaced by the successor company in connection with the change in control will automatically vest. If time-based awards are assumed or continued after a change in control, the Committee may provide that one or more of these awards will automatically accelerate upon an involuntary termination of the holder's employment or service within a designated period in connection with the change in control. Performance-based awards will automatically vest upon a change in control of our Company, based on (A) the target level, pro-rated to reflect the period the participant was in service during the performance period or (B) the actual performance level attained, in each case, as determined by the Committee.

In connection with any change in control, the Committee may provide for cancellation of any outstanding awards and payment to the holders of such awards that are vested as of such cancellation the value of such awards, if any, as determined by the Committee, provided that any stock option or share appreciation right having a per share exercise price equal to, or in excess of, the fair market value of a share subject thereto may be canceled and terminated without any payment or consideration. Any such payments may be made in cash or in the form of such other consideration payable to shareholders in the change in control.

ADJUSTMENTS UPON CHANGES IN CAPITALIZATION

In the event of any change in the outstanding shares of the Company (including the price thereof) by reason of any reorganization, recapitalization, merger, consolidation, spin-off, combination, or transaction or exchange of shares or other corporate exchange, or any distribution to shareholders (other than regular cash dividends), bonus issue, share split or any similar transaction, the Committee will make appropriate substitutions or adjustments, as it deems necessary, in the number and type of shares or other securities reserved for issuance under the 2018 Plan or pursuant to outstanding awards, the terms and conditions of any award outstanding under the 2018 Plan, and the grant or exercise price of any such award.

AMENDMENT AND TERMINATION OF THE 2018 PLAN

The 2018 Plan may be amended, altered or discontinued by the Board of Directors at any time. However, no amendment shall be effective without shareholder approval if (1) such amendment materially increases the total number of shares that may be issued under the 2018 Plan other than through application of the adjustments and change in control provisions of the 2018 Plan as described above, (2) such amendment materially expands the classes of persons eligible to receive awards or the types of award available under the 2018 Plan, (3) such amendment requires shareholder approval under any law or the rules of any exchange on which the Company's ordinary shares are listed for trading or (4) the Committee determines that such approval is otherwise required or advisable to facilitate compliance with applicable laws. Unless the Committee determines that an amendment facilitates compliance with applicable law or exchange requirements, no amendment may materially adversely affect the rights of a participant under any outstanding award without such participant's consent.

NO REPRICING OF AWARDS

Except in connection with a capitalization event or a change in control, in no event may the Company take any action without approval of the shareholders of the Company that would (1) reduce the exercise price of any stock option or share appreciation right, (2) result in the cancellation of any outstanding option or share appreciation right and replacement with a new option or share appreciation right with a lower exercise price or with a cash payment or other award at a time when the option or share appreciation right has a per share exercise price that is higher than the fair market value of a share on the date of the replacement or (3) result in any other action that would be considered a "repricing" for purposes of the shareholder approval rules of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or quoted.

CLAWBACK/RECOVERY

All awards granted under the 2018 Plan shall be and remain subject to the Company's incentive compensation clawback or recoupment policy, as may be amended from time to time.

PLAN TERM

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

The 2018 Plan will continue in effect until terminated by our Board of Directors, but no incentive stock options may be granted under the 2018 Plan after the tenth anniversary of the date the 2018 Plan is approved by our shareholders. Any awards that are outstanding at the time the 2018 Plan terminates will remain in force according to the terms of the 2018 Plan and the applicable award agreement.

PROPOSALS REQUIRING YOUR VOTE

FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of the U.S. federal income tax consequences applicable to equity awards under the 2018 Plan based on current U.S. federal income tax laws. The 2018 Plan is not qualified under Section 401(a) of the Internal Revenue Code. The summary is general in nature and is not intended to cover all tax consequences that may apply to a particular employee, director or to our company. The provisions of the Internal Revenue Code and regulations thereunder relating to these matters are complicated and may change, and their impact in any one case may depend upon the particular circumstances. Further, this summary does not discuss the tax consequences of a participant's death or the provisions of any income tax laws of any municipality, state or foreign country in which a participant may reside.

Nonqualified Stock Options

With respect to nonqualified stock options: (i) no income is recognized by the participant at the time the nonqualified stock option is granted; (ii) generally, at exercise, ordinary income is recognized by the participant in an amount equal to the difference between the option exercise price paid for the shares and the fair market value of the shares on the date of exercise and the Company is entitled to a tax deduction in the same amount (subject to the restrictions on deductibility described under "Section 162(m) Limitation" below); and (iii) upon disposition of the shares, any gain or loss is treated as capital gain or loss. If the options are exercised and the shares acquired are sold on the same date, generally, the difference between the option exercise price paid for the shares and the sale price is recognized as ordinary income, and no capital gain or loss is reported. If required, income tax must be withheld from the participant on the income recognized by the participant upon exercise of a nonqualified stock option.

Incentive Stock Options

The grant of an incentive stock option under the 2018 Plan will not result in any federal income tax consequences to the participant or to the Company. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and the Company receives no deduction at the time of exercise. In the event of a disposition of shares acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares. If the participant does not dispose of the shares within two years after the incentive stock option was granted, or within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The Company is not entitled to any tax deduction under these circumstances.

If the participant fails to satisfy either of these holding periods, he or she must recognize ordinary income in the year of the disposition (referred to as a "disqualifying disposition"). The amount of such ordinary income generally is the lesser of (A) the difference between the amount realized on the disposition and the exercise price or (B) the difference between the fair market value of a share on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the share was held for more than one year. In the year of the disqualifying disposition, the Company is entitled to a tax deduction equal to the amount of ordinary income recognized by the participant, subject to the restrictions on deductibility described under "Section 162(m) Limitation" below.

The "spread" under an incentive stock option — i.e., the difference between the fair market value of the shares at exercise and the exercise price — is classified as an item of adjustment in the year of exercise for purposes of the participant's alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. The alternative minimum tax will not apply with respect to incentive stock options if the participant sells the shares within the same calendar year in which the incentive stock options are exercised. However, such a sale of shares within the same year of exercise will constitute a disqualifying disposition, as described above.

Share Appreciation Rights

Upon exercise of a share appreciation right, the participant will recognize ordinary income (treated as compensation) in an amount equal to the difference between the aggregate fair market value of the shares with respect to the number of shares that the share appreciation right is exercised over the aggregate exercise price for such shares subject to the share appreciation right. The Company generally will be entitled to a tax deduction in the same amount and at the same time as the participant recognizes ordinary compensation income (subject to the restrictions on deductibility described under "Section 162(m) Limitation" below). If required, income tax must be withheld from the participant on the income recognized by the participant upon exercise of a share

appreciation right.

Restricted Shares

In the absence of a Section 83(b) election (as described below), a participant who receives restricted shares will recognize no income at the time of grant. When the restrictions lapse, a participant will recognize ordinary income (treated as compensation) equal to the fair market value of a share when the restrictions lapse over the amount paid (if any) for the share. As the restrictions applicable to a grant of restricted share lapse (for example, if the restrictions on 33% of a grant lapse on each anniversary of the grant date), the participant will include the applicable portion of the shares that vests as ordinary income (treated as compensation). The participant's

24

Table of Contents

PROPOSALS REQUIRING YOUR VOTE

basis in the shares is equal to the amount included in income on the expiration of the restrictions and the amount paid (if any), and the holding period will begin when the restrictions end. Any disposition of the restricted shares will result in a long- or short-term capital gain or loss (depending on the time the shares are held after the restrictions end). The Company generally will be entitled to a tax deduction equal to the fair market value of the share when it is included in the participant's income (subject to the restrictions on deductibility described under "Section 162(m) Limitation" below).

If a Section 83(b) election is made within 30 days of the grant of the award, the participant must recognize the fair market value of the restricted shares on the date of grant as ordinary income (treated as compensation) as of the date of grant, and the holding period, for capital gains purposes, would begin at the time the restricted shares are granted. The Company generally would be entitled to a corresponding tax deduction for the grant, but dividends on a share would not be deductible. Any subsequent disposition of a share by the participant, other than by forfeiture, would result in capital gain or loss, which would be long- or short-term, depending on the holding period. Upon a subsequent forfeiture of restricted shares with respect to which a Section 83(b) election has been made, no deduction will be allowed to the participant in respect of the amount included in income at the time the Section 83(b) election was made.

If required, income tax must be withheld from the participant on the income recognized by the participant at the time the restrictions on the restricted shares lapse (or grant of the restricted shares, in the event the participant makes a Section 83(b) election).

Restricted Share Units

A participant will not recognize any income at the time a restricted share unit is granted, nor will the Company be entitled to a tax deduction at that time. When payment on a restricted share unit is made, the participant will recognize ordinary income in an amount equal to the fair market value of the shares received (or if the restricted share unit is settled in cash, the cash amount). If required, income tax must be withheld on the income recognized by the participant. The Company will receive a tax deduction for federal income tax purposes equal to the ordinary income recognized by the participant, subject to the restrictions on deductibility described under "Section 162(m) Limitation" below.

Dividends and Dividend Equivalent Rights

A recipient of dividends and dividend equivalent rights generally will recognize ordinary income at the time the dividend or dividend equivalent is paid. If required, income tax must be withheld on the income recognized by the participant. The Company will receive a tax deduction for federal income tax purposes equal to the ordinary income recognized by the participant, subject to the restrictions on deductibility described under "Section 162(m) Limitation" below.

Section 162(m)

Section 162(m) of the Code generally provides that publicly held companies (as defined in Section 162(m)(2) of the Code) may not deduct compensation paid to certain of their top executive officers to the extent such compensation exceeds \$1 million per covered officer in any year. For taxable years beginning prior to 2018, a limited exception to Section 162(m) has applied with respect to "qualified performance-based compensation" that complies with conditions imposed by Section 162(m) rules. However, this exception from Section 162(m)'s deduction limit for qualified performance-based compensation has been repealed by the Tax Cuts and Jobs Act, effective for taxable years beginning after December 31, 2017, except with respect to certain grandfathered arrangements in effect as of November 2, 2017. Historically, awards granted under the 2013 Plan to our covered executive officers could be designed to qualify for the performance-based exception from the \$1 million deduction limit described above. However, going forward, compensation paid to our covered executive officers (as determined by Section 162(m) rules), including pursuant to awards granted under the 2018 Plan, in excess of \$1 million will not be deductible.

Section 280G Deductibility Limitation

In addition, our ability to obtain a tax deduction for future payments under the 2018 Plan could also be limited by the golden parachute payment rules of Section 280G of the Code, which prevent the deductibility of certain excess parachute payments made in connection with a change in control of an employer-corporation.

Section 409A

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

Code Section 409A imposes certain requirements on non-qualified deferred compensation arrangements. These include requirements on an individual's election to defer compensation and the individual's selection of the timing and form of distribution of the deferred compensation. Section 409A also generally provides that distributions must be made on or following the occurrence of certain events (i.e., the individual's separation from service, a predetermined date, or the individual's death). Section 409A imposes restrictions on an individual's ability to change his or her distribution timing or form after the compensation has been deferred. For certain individuals who are officers, Section 409A requires that such individual's distribution commence no earlier than six months after such officer's separation from service.

Ingersoll Rand 2018 Proxy Statement 25

PROPOSALS REQUIRING YOUR VOTE

Certain awards under the 2018 Plan may be designed to be subject to the requirements of Section 409A in form and in operation. For example, restricted share units that provide for a settlement date following the vesting date may be subject to Section 409A. If an award under the 2018 Plan is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with the requirements of Section 409A, Section 409A imposes an additional 20% federal penalty tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

FUTURE PLAN BENEFITS

As of the date of this Proxy Statement, no awards (including stock options) have been granted under the 2018 Plan. Awards (including stock options) under the 2018 Plan may be made at the discretion of the Committee, and any awards (including stock options) that may be made and any benefits and amounts that may be received or allocated under the 2018 Plan in the future are not determinable at this time. As such, the Company has omitted the New Plan Benefits table and the number of stock options that may be received under the 2018 Plan in the future.

Item 5.

Renewal of the Directors' existing authority to issue shares

The Board of Directors recommends that you vote FOR renewing the Directors' authority to issue shares.

Under Irish law, directors of an Irish public limited company must have authority from its shareholders to issue any shares, including shares which are part of the company's authorized but unissued share capital. Our shareholders provided the Directors with this authorization at our 2017 annual general meeting on June 8, 2017 for a period of 18 months. Because this share authorization period will expire in December 2018, we are presenting this proposal to renew the Directors' authority to issue our authorized shares on the terms set forth below.

We are seeking approval to authorize our Board of Directors to issue up to 33% of our issued ordinary share capital as of April 9, 2018 (the latest practicable date before this proxy statement), for a period expiring 18 months from the passing of this resolution, unless renewed, varied or revoked.

Granting the Board of Directors this authority is a routine matter for public companies incorporated in Ireland and is consistent with Irish market practice. This authority is fundamental to our business and enables us to issue shares, including in connection with our equity compensation plans (where required) and, if applicable, funding acquisitions and raising capital. We are not asking you to approve an increase in our authorized share capital or to approve a specific issuance of shares. Instead, approval of this proposal will only grant the Board of Directors the authority to issue shares that are already authorized under our articles of association upon the terms below. In addition, we note that, because we are a NYSE-listed company, our shareholders continue to benefit from the protections afforded to them under the rules and regulations of the NYSE and SEC, including those rules that limit our ability to issue shares in specified circumstances. Furthermore, we note that this authorization is required as a matter of Irish law and is not otherwise required for other U.S. companies listed on the NYSE with whom we compete. Renewal of the Directors' existing authority to issue shares is fully consistent with NYSE rules and listing standards and with U.S. capital markets practice and governance standards.

As required under Irish law, the resolution in respect of this resolution is an ordinary resolution that requires the affirmative vote of a simple majority of the votes cast.

The text of this resolution is as follows:

"That the Directors be and are hereby generally and unconditionally authorized with effect from the passing of this resolution to exercise all powers of the Company to allot relevant securities (within the meaning of Section 1021 of the Companies Act) up to an aggregate nominal amount of \$89,911,605 (89,911,605 shares) (being equivalent to approximately 33% of the aggregate nominal

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

value of the issued ordinary share capital of the Company as of April 9, 2018 (the latest practicable date before this proxy statement)), and the authority conferred by this resolution shall expire 18 months from the passing of this resolution, unless previously renewed, varied or revoked; provided that the Company may make an offer or agreement before the expiry of this authority, which would or might require any such securities to be allotted after this authority has expired, and in that case, the Directors may allot relevant securities in pursuance of any such offer or agreement as if the authority conferred hereby had not expired.”

Item 6.

Renewal of the Directors' existing authority to issue shares for cash without first offering shares to existing shareholders.

The Board of Directors recommends that you vote FOR renewing the Directors' authority to issue shares for cash without first offering shares to existing shareholders.

Under Irish law, unless otherwise authorized, when an Irish public limited company issues shares for cash, it is required first to offer those shares on the same or more favorable terms to existing shareholders of the company on a pro-rata basis (commonly referred to as the statutory pre-emption right). Our shareholders provided the Directors with this authorization at our 2017 annual general meeting on June 8, 2017 for a period of 18 months. Because this share authorization period will expire in December 2018, we are presenting this proposal to renew the Directors' authority to opt-out of the pre-emption right on the terms set forth below.

We are seeking approval to authorize our Board of Directors to opt out of the statutory pre-emption rights provision in the event of (1) the issuance of shares for cash in connection with any rights issue and (2) any other issuance of shares for cash, if the issuance is limited to up to 5% of our issued ordinary share capital as of April 9, 2018 (the latest practicable date before this proxy statement), for a period expiring 18 months from the passing of this resolution, unless renewed, varied or revoked.

Granting the Board of Directors this authority is a routine matter for public companies incorporated in Ireland and is consistent with Irish market practice. Similar to the authorization sought for Item 5, this authority is fundamental to our business and enables us to issue shares under our equity compensation plans (where required) and if applicable, will facilitate our ability to fund acquisitions and otherwise raise capital. We are not asking you to approve an increase in our authorized share capital. Instead, approval of this proposal will only grant the Board of Directors the authority to issue shares in the manner already permitted under our articles of association upon the terms below. Without this authorization, in each case where we issue shares for cash, we would first have to offer those shares on the same or more favorable terms to all of our existing shareholders. This requirement could undermine the operation of our compensation plans and cause delays in the completion of acquisitions and capital raising for our business. Furthermore, we note that this authorization is required as a matter of Irish law and is not otherwise required for other U.S. companies listed on the NYSE with whom we compete. Renewal of the Directors' existing authorization to opt out of the statutory pre-emption rights as described above is fully consistent with NYSE rules and listing standards and with U.S. capital markets practice and governance standards.

As required under Irish law, the resolution in respect of this proposal is a special resolution that requires the affirmative vote of at least 75% of the votes cast.

The text of the resolution in respect of this proposal is as follows:

"As a special resolution, that, subject to the passing of the resolution in respect of Item 5 as set out above and with effect from the passing of this resolution, the Directors be and are hereby empowered pursuant to Section 1023 of the Companies Act 2014 to allot equity securities (as defined in Section 1023 of that Act) for cash, pursuant to the authority conferred by Item 5 as if sub-section (1) of Section 1022 did not apply to any such allotment, provided that this power shall be limited to:

- (a) the allotment of equity securities in connection with a rights issue in favor of the holders of ordinary shares (including rights to subscribe for, or convert into, ordinary shares) where the equity securities respectively attributable to the interests of such holders are proportional (as nearly as may be) to the respective numbers of ordinary shares held by them (but subject to such exclusions or other arrangements as the directors may deem necessary or expedient to deal with fractional entitlements that would otherwise arise, or with legal or practical problems under the laws of, or the requirements of any recognized regulatory body or any stock exchange in, any territory, or otherwise); and
- (b) the allotment (otherwise than pursuant to sub-paragraph (a) above) of equity securities up to an aggregate nominal value of \$13,622,970 (13,622,970 shares) (being equivalent to approximately 5% of the aggregate nominal value of the issued ordinary share capital of the Company as of April 9, 2018 (the latest practicable date before this proxy statement)) and the authority conferred by this resolution shall expire 18 months from the passing of this resolution, unless previously renewed, varied or revoked; provided that the Company may make an offer or agreement before the expiry of this authority, which would or might

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

require any such securities to be allotted after this authority has expired, and in that case, the Directors may allot equity securities in pursuance of any such offer or agreement as if the authority conferred hereby had not expired.”

Item 7.

Determine the price at which the Company can re-allot shares held as treasury shares.

The Board of Directors recommends that shareholders vote FOR the proposal to determine the price at which the Company can re-allot shares held as treasury shares.

Our open-market share repurchases (redemptions) and other share buyback activities may result in ordinary shares being acquired and held by the Company as treasury shares. We may reissue treasury shares that we acquire through our various share buyback activities including in connection with our executive compensation program and our director programs.

Under Irish law, our shareholders must authorize the price range at which we may re-allot any shares held in treasury. In this proposal, that price range is expressed as a minimum and maximum percentage of the closing market price of our ordinary shares on the NYSE the day preceding the day on which the relevant share is re-allotted. Under Irish law, this authorization expires 18 months after its passing unless renewed.

The authority being sought from shareholders provides that the minimum and maximum prices at which an ordinary share held in treasury may be re-allotted are 95% and 120%, respectively, of the closing market price of the ordinary shares on the NYSE the day preceding the day on which the relevant share is re-issued, except as described below with respect to obligations under employee share schemes, which may be at a minimum price of nominal value. Any re-allotment of treasury shares will be at price levels that the Board considers in the best interests of our shareholders.

As required under Irish law, the resolution in respect of this proposal is a special resolution that requires the affirmative vote of at least 75% of the votes cast.

The text of the resolution in respect of this proposal is as follows:

“As a special resolution, that the re-allotment price range at which any treasury shares held by the Company may be re-allotted shall be as follows:

- (a) the maximum price at which such treasury share may be re-allotted shall be an amount equal to 120% of the “market price”; and the minimum price at which a treasury share may be re-allotted shall be the nominal value of the share where such a share is
- (b) required to satisfy an obligation under an employee share scheme or any option schemes operated by the Company or, in all other cases, an amount equal to 95% of the “market price”; and
- (c) for the purposes of this resolution, the “market price” shall mean the closing market price of the ordinary shares on the NYSE the day preceding the day on which the relevant share is re-allotted.

FURTHER, that this authority to reissue treasury shares shall expire at 18 months from the date of the passing of this resolution unless previously varied or renewed in accordance with the provisions of Sections 109 and 1078 of the Companies Act 2014.”

CORPORATE GOVERNANCE

CORPORATE GOVERNANCE GUIDELINES

Our Corporate Governance Guidelines, together with the charters of the various Board committees, provide a framework for the corporate governance of the Company. The following is a summary of our Corporate Governance Guidelines and practices. A copy of our Corporate Governance Guidelines, as well as the charters of each of our Board committees, are available on our website at www.ingersollrand.com under the heading "Company – Corporate Governance."

ROLE OF THE BOARD OF DIRECTORS

The Company's business is managed under the direction of the Board of Directors. The role of the Board of Directors is to oversee the management and governance of the Company and monitor senior management's performance.

BOARD RESPONSIBILITIES

The Board of Directors' core responsibilities include:

- selecting, monitoring, evaluating and compensating senior management;
- assuring that management succession planning is adequate;
- reviewing the Company's financial controls and reporting systems;
- overseeing the Company's management of enterprise risk;
- reviewing the Company's ethical standards and legal compliance programs and procedures; and
- evaluating the performance of the Board of Directors, Board committees and individual directors.

BOARD LEADERSHIP STRUCTURE

The positions of Chairman of the Board and CEO at the Company are held by the same person, except in unusual circumstances, such as during a CEO transition. This policy has worked well for the Company. It is the Board of Directors' view that the Company's corporate governance principles, the quality, stature and substantive business knowledge of the members of the Board, as well as the Board's culture of open communication with the CEO and senior management are conducive to Board effectiveness with a combined Chairman and CEO position.

In addition, the Board of Directors has a strong, independent Lead Director and it believes this role adequately addresses the need for independent leadership and an organizational structure for the independent directors. The Board of Directors appoints a Lead Director for a three-year minimum term from among the Board's independent directors. The Lead Director coordinates the activities of all of the Board's independent directors. The Lead Director is the principal confidant to the CEO and ensures that the Board of Directors has an open, trustful relationship with the Company's senior management team. In addition to the duties of all directors, as set forth in the Company's Governance Guidelines, the specific responsibilities of the Lead Director are as follows:

- Chair the meetings of the independent directors when the Chairman is not present;
- Ensure the full participation and engagement of all Board members in deliberations;
- Lead the Board of Directors in all deliberations involving the CEO's employment, including hiring, contract negotiations, performance evaluations, and dismissal;
- Counsel the Chairman on issues of interest/concern to directors and encourage all directors to engage the Chairman with their interests and concerns;
- Work with the Chairman to develop an appropriate schedule of Board meetings and approve such schedule, to ensure that the directors have sufficient time for discussion of all agenda items, while not interfering with the flow of Company operations;

BOARD RISK OVERSIGHT

The Board of Directors has oversight responsibility of the processes established to report and monitor systems for material risks applicable to the Company. The Board of Directors focuses on the Company's general risk management strategy and the most significant risks facing the Company and ensures that appropriate risk mitigation strategies are implemented by management. The full Board is responsible for considering strategic risks and succession planning and, at each Board meeting, receives reports from each Committee as to risk oversight within their areas of responsibility. The Board of Directors has delegated to its various committees the oversight of risk management practices for categories of risk relevant to their functions as follows:

The Audit Committee oversees risks associated with the Company's systems of disclosure controls and internal controls over financial reporting, as well as the Company's compliance with legal and regulatory requirements and the Company's information technology security environment as it relates to the network, data, product controls and monitoring solutions.

The Compensation Committee considers risks related to the attraction and retention of talent and risks related to the design of compensation programs and arrangements.

The Corporate Governance and Nominating Committee oversees risks associated with board succession, conflicts of interest, corporate governance and sustainability.

The Finance Committee oversees risks associated with foreign exchange, insurance, credit and debt.

The Company has appointed the Chief Financial Officer as its Chief Risk Officer and, in that role, the Chief Risk Officer periodically reports on risk management policies and practices to the relevant Board Committee or to the full Board so that any decisions can be made as to any required changes in the Company's risk management and mitigation strategies or in the Board's oversight of these. As part of its oversight of the Company's executive compensation program, the Compensation Committee considers the impact of the Company's executive compensation program and the incentives created by the compensation awards that it administers on the Company's risk profile. In addition, the Company reviews all of its compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to the Company. Based on this review, the Company has concluded that its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

DIRECTOR COMPENSATION AND SHARE OWNERSHIP

It is the policy of the Board of Directors that directors' fees be the sole compensation received from the Company by any non-employee director. The Company has a share ownership requirement of five times the annual cash retainer paid to the directors. A director cannot sell any shares of Company stock until he or she attains such level of ownership and any sale thereafter cannot reduce the total number of holdings below the required ownership level. A director is required to retain this minimum level of Company share ownership until his or her resignation or retirement from the Board.

BOARD COMMITTEES

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

The Board of Directors has the following committees: Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee, Finance Committee, Technology and Innovation Committee and Executive Committee. The Board of Directors consists of a substantial majority of independent, non-employee directors. Only non-employee directors serve on the Audit, Compensation, Corporate Governance and Nominating, Finance and Technology and Innovation Committees. The Board of Directors has determined that each member of each of these committees is "independent" as defined in the NYSE listing standards and the Company's Guidelines for Determining Independence of Directors. Chairpersons and members of these five committees are rotated periodically, as appropriate. The Chairman, who is also the CEO, serves on the Company's Executive Committee and is Chairperson of such Committee. The remainder of the Executive Committee is comprised of the Lead Director and the non-employee director Chairpersons of the Audit, Compensation, Corporate Governance and Nominating and Finance Committees. Committee memberships and chairs are rotated periodically.

CORPORATE GOVERNANCE

BOARD DIVERSITY

The Company's policy on Board diversity relates to the selection of nominees for the Board of Directors. In selecting a nominee for the Board, the Corporate Governance and Nominating Committee considers the skills, expertise and background that would complement the existing Board and ensure that its members are of sufficiently diverse and independent backgrounds, recognizing that the Company's businesses and operations are diverse and global in nature. The Board of Directors currently has four female directors, one Hispanic director and two Irish directors out of a total of 12 directors.

BOARD ADVISORS

The Board of Directors and its committees may, under their respective charters, retain their own advisors to carry out their responsibilities.

EXECUTIVE SESSIONS

The Company's independent directors meet privately in regularly scheduled executive sessions, without management present, to consider such matters as the independent directors deem appropriate. These executive sessions are required to be held no less than twice each year.

BOARD AND BOARD COMMITTEE PERFORMANCE EVALUATION

The Corporate Governance and Nominating Committee assists the Board in evaluating its performance and the performance of the Board committees. Each committee also conducts an annual self-evaluation. The effectiveness of individual directors is considered each year when the directors stand for re-nomination.

DIRECTOR ORIENTATION AND EDUCATION

The Company has developed an orientation program for new directors and provides continuing education for all directors. In addition, the directors are given full access to management and corporate staff as a means of providing additional information.

DIRECTOR NOMINATION PROCESS

The Corporate Governance and Nominating Committee reviews the composition of the full Board to identify the qualifications and areas of expertise needed to further enhance the composition of the Board, makes recommendations to the Board concerning the appropriate size and needs of the Board and, on its own or with the assistance of management, a search firm or others, identifies candidates with those qualifications. In considering candidates, the Corporate Governance and Nominating Committee will take into account all factors it considers appropriate, including breadth of experience, understanding of business and financial issues, ability to exercise sound judgment, diversity, leadership, and achievements and experience in matters affecting business and industry. The Corporate Governance and Nominating Committee considers the entirety of each candidate's credentials and believes that at a minimum each nominee should satisfy the following criteria: highest character and integrity, experience and understanding of strategy and policy-setting, sufficient time to devote to Board matters, and no conflict of interest that would interfere with performance as a director. Shareholders may recommend candidates for consideration for Board membership by sending the recommendation to the Corporate Governance and Nominating Committee, in care of the Secretary of the Company. Candidates recommended by shareholders are evaluated in the same manner as director candidates identified by any other means.

DIRECTOR RETIREMENT

It is the policy of the Board of Directors that each non-employee director must retire at the annual general meeting immediately following his or her 75th birthday. Directors who change the occupation they held when initially elected must offer to resign from the Board of Directors. At that time, the Corporate Governance and Nominating Committee reviews the continued appropriateness of Board membership under the new circumstances and makes a recommendation to the Board of Directors. Employee directors, including the CEO, must retire from the Board of Directors at the time of a change in their status as an officer of the Company, unless the policy is waived by the Board.

DIRECTOR INDEPENDENCE

The Board of Directors has determined that all of our current directors and director nominees, except Mr. Lamach, who is an employee of the Company, are independent under the standards set forth in Exhibit I to our Corporate Governance Guidelines, which are consistent with the NYSE listing standards. In determining the independence of directors, the Board evaluated transactions between the Company and entities with which directors were affiliated that occurred in the ordinary course of business and that were provided on the same terms and conditions available to other customers. A copy of Exhibit I to our Corporate Governance Guidelines is available on our website, www.ingersollrand.com, under the heading “Company—Corporate Governance.”

MANAGEMENT SUCCESSION PLANNING

The Board also ensures there are successors available for key positions in the normal course of business and for emergency situations.

The full Board formally reviews, at least annually, the plans for development, retention and replacement of key executives, and most importantly the CEO. In addition, management succession for key leadership positions is discussed regularly by the directors in Board meetings and in executive sessions of the Board of Directors. BOARD, COMMITTEE AND ANNUAL MEETING ATTENDANCE

The Board of Directors and its committees held the following number of meetings during the fiscal year ended December 31, 2017:

Board	6
Audit Committee	9
Compensation Committee	6
Corporate Governance and Nominating Committee	6
Finance Committee	6
Executive Committee	0
Technology and Innovation Committee	2

All directors attended at least 75% or more of the total number of meetings of the Board of Directors and the committees on which he or she served during the year. The Company’s non-employee directors held six independent director meetings without management present during the fiscal year 2017. It is the Board’s general practice to hold independent director meetings in connection with regularly scheduled Board meetings.

The Company expects all Board members to attend the annual general meeting, but from time to time other commitments prevent all directors from attending the meeting. Nine of the ten members of our Board standing for re-election at the 2017 Annual General Meeting attended that meeting, which was held on June 8, 2017.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our Compensation Committee is composed solely of independent directors. During fiscal 2017, no member of our Compensation Committee was an employee or officer or former officer of the Company or had any relationships requiring disclosure under Item 404 of Regulation S-K. None of our executive officers has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers who served as a member of our Board or our Compensation Committee during fiscal 2017.

Table of Contents**COMPENSATION OF DIRECTORS****DIRECTOR COMPENSATION**

Our director compensation program is designed to compensate non-employee directors fairly for work required for a company of our size and scope and to align their interests with the long-term interests of our shareholders. The program reflects our desire to attract, retain and use the expertise of highly qualified people serving on the Company's Board of Directors. Employee directors do not receive any additional compensation for serving as a director. Our 2017 director compensation program for non-employee directors consisted of the following elements:

Compensation Element	Compensation Value (\$)
Annual Retainer (1/2 paid in cash and 1/2 paid in restricted stock units) *	285,000
Audit Committee Chair Cash Retainer	30,000
Compensation Committee Chair Cash Retainer	20,000
Corporate Governance and Nominating Committee Chair and Finance Committee Chair Cash Retainer	15,000
Executive Committee Chair Retainer	No retainer paid to the Chair
Technology and Innovation Committee Chair Retainer	7,500
Audit Committee Member Cash Retainer (other than Chair)	7,500
Lead Director Cash Retainer	50,000
	2,500
Additional Meetings or Unscheduled Planning Session Fees **	(per meeting or session)

* The number of restricted stock units granted is determined by dividing the grant date value of the award, \$142,500 by the average of the high and low prices of the Company's common stock on the date of grant. A director who retires, resigns or otherwise separates from the Company receives a pro-rata cash retainer payment for the quarter in which such event occurs based on the number of days elapsed since the end of the immediately preceding quarter.

** The Board and the Compensation Committee, Corporate Governance and Nominating Committee and Finance Committee, each had 6 regularly scheduled meetings during 2017. The Audit Committee had 9 regularly scheduled meetings during 2017. The Technology and Innovation Committee had two regularly scheduled meetings during 2017. The Executive Committee meets on an as needed basis when directed by the Chairman or Lead Director.

The Corporate Governance and Nominating Committee periodically reviews the compensation level of our non-employee directors in consultation with the Committee's independent compensation consultant, Korn Ferry Hay Group, Inc., and makes recommendations to the Board of Directors. Based on its most recent review, our Corporate Governance and Nominating Committee recommended certain changes to director compensation effective January 1, 2018, which were approved by our Board. These changes included an increase in the annual retainer to \$305,000 with \$142,500 of the retainer paid in cash and \$162,500 paid in RSUs and an update to the director share ownership requirement to require five times the annual cash retainer paid to the directors rather than four times, both of which were effective as of January 1, 2018.

If our 2018 Incentive Stock Plan is approved by shareholders, the aggregate amount of stock-based and cash-based awards which may be granted to any non-employee director in respect of any calendar year, solely with respect to his or her service as a member of the Board of Directors, is limited to \$1,000,000.

SHARE OWNERSHIP REQUIREMENT

To align the interests of directors with shareholders, the Board of Directors has adopted a share ownership requirement of five times the annual cash retainer paid to the directors. A director cannot sell any shares of Company stock until he or she attains such level of ownership and any sale thereafter cannot reduce the total number of holdings below the required ownership level. A director is required to retain this minimum level of Company share ownership until his or her resignation or retirement from the Board.

COMPENSATION DISCUSSION AND ANALYSIS

We report our financial results in our annual report on Form 10-K and our quarterly reports on Form 10-Q in accordance with generally accepted accounting principles (“GAAP”). Our financial results described above for Revenue, Operating Income, Operating Income Margin, Cash Flow and 3-Year EPS Growth have been adjusted to exclude the impact of certain non-routine and other items as permitted by our incentive plans and (1) approved by the Committee and are non-GAAP financial measures. These metrics and the related performance targets and results are relevant only to our executive compensation program and should not be used or applied in other contexts. For a description of how the metrics above are calculated from our GAAP financial statements, please see “Annual Incentive Matrix (‘AIM’) - Determination of Payout” with respect to AIM payments and “Long Term Incentive Program (‘LTI’) – 2015 - 2017 Performance Share Units Payout” with respect to PSP awards.

Based on our 2017 results for Revenue, Operating Income, Operating Income Margin and Cash Flow, achievement under the Annual Incentive Matrix (“AIM”) financial score was 117.74% of target for the Enterprise. At the Segment level, 2017 AIM financial score payout levels were 94.60% of target for the Climate Segment and 186.78% of target for the Industrial Segment.

Based on our average EPS growth rate of 16.35% and a total shareholder return (“TSR”) of 44.71% during the 2015 to 2017 performance period, Performance Share Units (“PSUs”) under our Performance Share Program (“PSP”) achievement was 153.5% of target.

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE COMPENSATION PROGRAM OVERVIEW

The Compensation Committee (the “Committee”) has adopted executive compensation programs with a strong link between pay and the achievement of short-term and long-term Company goals. The primary elements of the executive compensation programs are:

Total Direct Compensation

Element ⁽¹⁾

Objective of Element

Base Salary

Fixed cash compensation.

Annual Incentive Matrix (“AIM”)

Variable cash incentive compensation. Any award earned is based on performance measured against pre-defined annual revenue, Operating Income, cash flow and Operating Income Margin percent objectives, as well as individual performance measured against pre-defined objectives.

Long-Term Incentives (“LTI”)

Variable long-term incentive compensation. Performance is aligned with the Company’s stock price and is awarded in the form of stock options, restricted stock units (“RSUs”) and PSUs. PSUs for performance periods beginning prior to 2018 are only payable if the Company’s EPS growth and TSR relative to companies in the S&P 500 Industrials Index exceed threshold performance. PSUs granted after January 1, 2018 are only payable if the Company’s CROIC growth and TSR relative to companies in the S&P 500 Industrials Index exceed threshold performance.

⁽¹⁾ See Section V, “Compensation Program Descriptions and Compensation Decisions”, for additional discussion of these elements of compensation. As illustrated in the charts below, the Committee places significant emphasis on variable compensation AIM and LTI so that a substantial percentage of each NEO’s target total direct compensation is contingent on the successful achievement of the Company’s short-term and long-term performance goals.

The Committee took the following actions during 2017:

- Made a recommendation to the full Board, which they subsequently approved, to adopt an annual advisory vote on Executive Compensation;
- Reviewed and approved a revised peer group to be used to benchmark executive compensation levels and plan design in 2018.

GOOD GOVERNANCE PRACTICES

In addition to the actions taken in 2017, various good governance practices are in place at the company, including:

- Diversified metrics for our AIM and PSP programs to align with business strategies and shareholder interests;
- Incentive awards are tied to the achievement of rigorous pre-determined and measurable performance objectives;
- Significant emphasis is placed on variable compensation (AIM and LTI) in designing our compensation mix;
- Regular compensation reviews are conducted, and we are committed to fair and competitive pay for our employees and the avoidance of discrimination against any protected class or individual;
- A claw-back/recoupment policy and robust stock ownership requirements are maintained for our executives;
- No tax gross-ups for any change-in-control agreement entered into after May of 2009 are provided. Only 4 of our 17 officers had a tax gross-up provision in an agreement entered into with such officer prior to May 2009;
- Tally sheets are used to fully understand all elements of current and potential future compensation, which are reviewed by the Committee prior to making compensation decisions for the NEOs;
- Re-pricing of equity awards is prohibited;
- “Double-trigger” vesting for any cash payments under our change in control agreements is required;
- Regular reviews of our executive compensation design to ensure it addresses business needs, shareholder interests and regulatory requirements are conducted; and,
- A 2018 Incentive Stock Plan which includes additional good governance practices is being proposed for adoption. See Proposal 4 for more details.

CONSIDERATION OF 2017 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Committee regularly reviews the philosophy, objectives and elements of our executive compensation programs in relation to our short and long-term business objectives. In undertaking this review, the Committee considers the views of shareholders as reflected in their annual advisory vote on our executive compensation proposal. Shareholders voted 94.4% in favor of the company’s Advisory Approval of the Compensation of Our Named Executive Officers proposal at our 2017 annual general meeting. Based on the Committee’s review and the support our executive compensation programs received from shareholders, the Committee determined it would be appropriate to maintain the core elements of our executive compensation programs.

II. COMPENSATION PHILOSOPHY AND DESIGN PRINCIPLES

Our executive compensation programs are designed to enable us to attract, retain and focus the talent and energy of executive officers (including our NEOs) who are capable of meeting the Company’s current and future goals, most notably the creation of sustainable shareholder value. As we operate in an ever-changing environment, our Committee makes decisions with consideration of economic, technological, regulatory, investor and competitive factors as well as our executive compensation principles.

The design principles that govern our executive compensation programs are:

- Business strategy alignment Our executive compensation programs provide flexibility to align with changing Company or business strategies. The programs allow for individuals within the Company’s businesses to focus on specific financial measures to meet the short and long-term plans of the particular business for which they are accountable. It is not only possible but also desirable for certain leaders to earn substantial awards in years when their business outperforms against their annual operating plan. Conversely, if a business fails to meet its performance goals, that business’ leader may earn a lesser award than his or her peers in that year. To provide a balanced incentive, all executives have a significant portion of their compensation tied to Company performance.
- Pay for performance A strong pay for performance culture is paramount to our Company’s success. As a result, each executive’s target total direct compensation (“TDC”) is tied to performance of the Company, the applicable business, and individual goals. Company and business performance is measured against pre-established financial, operational and strategic objectives. Individual performance is measured against pre-established individual goals as well as demonstrated leadership competencies and behaviors consistent with our Company values. In addition, a portion of the long-term incentive is earned based upon earnings and shareholder value performance relative to peer companies.

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

Mix of short and long-term incentives

A proper mix between short and long-term incentives is important to encourage decision making that mitigates risk and balances the need to meet our Annual Operating Plan ("AOP") objectives while also taking into account the long-term interests of the Company and its shareholders. The mix of pay, including short and long-term incentives, is determined by considering the Company's pay for performance compensation philosophy and strategic objectives as well as competitive market practice.

COMPENSATION DISCUSSION AND ANALYSIS

Internal parity	Each executive's target TDC opportunity is proportionate with the responsibility, scope and complexity of his or her role within the Company. Thus, similar jobs are assigned similar target compensation opportunities.
Shareholder alignment	Our executive compensation programs align the interests of our executives with those of shareholders by rewarding key financial targets such as revenue growth, EPS, Cash Flow Return on Invested Capital (CROIC) growth and cash flow. These financial targets should correlate with both share price appreciation over time and the generation of cash flow for the company. In addition, our long-term incentives are tied to total shareholder returns, increases in value as share price increases, and the effective use of assets to generate cash flow. Other program requirements, including share ownership guidelines for executives and vesting schedules on equity awards further align executives' and shareholder's interests.
Market competitiveness	Compensation opportunities must serve to attract and retain high performing executives in a competitive environment for talent. Therefore, target TDC levels are set referencing applicable market compensation benchmarks with consideration of retention and recruiting demands in the industries and markets where we compete for business and executive talent. As a result, each executive's target TDC may be above or below the market benchmark reference based on his or her experience, proficiency, performance and potential in performing the duties of his or her position in addition to the competitive market for that individual and his or her experience.

III. FACTORS CONSIDERED IN THE DETERMINATION OF TARGET TOTAL DIRECT COMPENSATION

Our Committee reviews and evaluates our executive compensation levels and practices against those companies of comparable revenue, industry and/or business fit with which we compete for executive talent. These reviews are conducted throughout the year using a variety of methods such as:

- The direct analysis of the proxy statements of other diversified industrial companies (refer to peer group below),
- A review of compensation survey data of other global, diversified industrial companies of similar size published by independent consulting firms,
- A review of customized compensation survey data provided by independent consulting firms, and
- Feedback received from external constituencies.

The Committee does not rely on a single source of information when making executive compensation decisions. Many of the companies included in these compensation surveys are also included in the S&P 500 Industrials Index referred to in our 2017 Form 10-K under the caption "Performance Graph."

The Committee, with the assistance of its independent advisor, develops a peer group that it uses to evaluate executive compensation programs and levels. The 2017 peer group is comprised of the following eighteen global diversified industrial companies.

3M Cummins, Inc. Danaher Corp Dover Eaton plc Emerson Electric	Honeywell International Illinois Tool Works Johnson Controls Inc. Paccar Inc. Parker Hannifin Corp PPG Industries	Pentair ⁽¹⁾ Rockwell Automation Stanley Black & Decker TE Connectivity Textron Tyco International ⁽¹⁾
---	--	--

The peer group is reviewed annually and is updated periodically to ensure that it appropriately reflects the Company's size, businesses and ⁽¹⁾ complexity. In August of 2017, Tyco International and Pentair plc were removed and Fortive Corporation was added. This revised peer group will be used in 2018 for benchmarking.

In assessing the relationship of CEO compensation to compensation of other executive officers (including our NEOs), the Committee considers overall organization structure and scope of responsibility and also reviews the NEOs' compensation levels relative to the CEO and to one another. This ensures that the target TDC levels are set in consideration of internal pay equity as well as market references and each executive's experience, proficiency, performance and potential in performing the duties of his or her role.

The Company conducted a thorough review of the market competitiveness of our executive pay and determined that target long-term incentive opportunities and overall compensation targets for certain executives were below market levels and not fully reflective of the competency that they bring to their roles. Consequently, the Committee approved some increases in 2018 target long-term incentives to set total compensation targets at appropriate market levels. These adjusted long-term incentive targets better reflect the particular executives' value to the Company and in the marketplace. These increases are summarized in the "2018 Compensation Decisions" section.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****IV. ROLE OF THE COMMITTEE, INDEPENDENT ADVISOR AND COMMITTEE ACTIONS**

Our Committee, which is composed solely of independent directors, oversees our compensation plans and policies, administers our equity-based programs and reviews and approves all forms of compensation relating to our executive officers, including the NEOs.

The Committee exclusively decides the compensation elements and the amounts to be awarded to our CEO. Our CEO does not make any recommendations regarding his own compensation and is not informed of these awards until the decisions have been finalized. Our CEO makes compensation recommendations related to our other NEOs and executive officers. The Committee considers these recommendations when approving the compensation elements and amounts to be awarded to our other NEOs.

Our Committee is responsible for reviewing and approving amendments to our executive compensation and benefit plans. In addition, our Committee is responsible for reviewing our major broad-based employee benefit plans and making recommendations to our Board of Directors for significant amendments to, or termination of, such plans. The Committee's duties are described in the Committee's Charter, which is available on our website at www.ingersollrand.com.

Our Committee has the authority to retain an independent advisor for the purpose of reviewing and providing guidance related to our executive compensation and benefit programs. The Committee is directly responsible for the compensation and oversight of the independent advisor. For 2017, the Committee continued to engage Korn Ferry Hay Group, Inc. ("Hay Group") to serve as its independent compensation advisor. Hay Group also provided the Corporate Governance and Nominating Committee with advice on director compensation matters. The Committee determined that Hay Group is independent and does not have a conflict of interest. In making this determination, the Committee considered the factors adopted by the New York Stock Exchange with respect to independence and conflicts of interest.

V. COMPENSATION PROGRAM DESCRIPTIONS AND COMPENSATION DECISIONS

The following table provides a summary of the elements, objectives, risk mitigation factors and other key features of our TDC program. Each of these elements is described in detail below:

Element	Objective of Element including Risk Mitigation Factors	Key Features Relative to NEOs
	To provide a sufficient and stable source of cash compensation.	Adjustments are determined by the Committee based on an evaluation of the NEO's proficiency in fulfilling his or her responsibilities, as well as performance against key objectives and behaviors.
Base Salary	To avoid encouraging excessive risk-taking by ensuring that an appropriate level of cash compensation is not variable.	Base salary represents only 10% of the CEO's target total direct compensation and only 21%, on average, for the other NEOs. Each NEO has an AIM target expressed as a percentage of base salary. Targets are set based on the compensation levels of similar jobs in comparable companies, as well as on the NEO's experience and proficiency level in performing the duties of the role.
	To serve as an annual cash award tied to the achievement of pre-established performance objectives.	
	Structured to take into consideration the unique needs of the various businesses.	Actual AIM payouts are dependent on business and enterprise financial and individual performance. The financial metrics used to determine the awards for 2017 were Revenue, Operating Income, and Cash Flow, modified (up or down) based on Operating Income Margin performance.
Annual Incentive Matrix ("AIM") Program	Amount of compensation earned cannot exceed a maximum payout of 200% of individual target levels and is also subject to a claw-back in the event of a financial restatement.	AIM represents 16% of the CEO's target total direct compensation and 19%, on average, for the other NEOs.

The table below reflects the base salary adjustments for the NEOs for the 2017 performance period. When determining base salary adjustments, each NEO is evaluated based on their position to the market for their job and on the results achieved and the behaviors demonstrated.

ANNUAL INCENTIVE MATRIX ("AIM")

The AIM program is an annual cash incentive program designed to reward NEOs for Revenue growth, increases in Operating Income, the delivery of strong Cash Flow and individual contributions to the Company. We believe that our AIM design provides participants with clarity as to how they can earn a cash incentive based on strong performance relative to each metric. The Committee establishes a target award for each NEO that is expressed as a percentage of base salary. Individual AIM payouts are calculated as the product of a financial performance score and an individual performance score, both of which are based on achievement relative to pre-established performance objectives adopted by the Committee. Individual AIM awards are calculated by multiplying individual AIM targets by an AIM Payout Percentage calculated as illustrated below:

Financial Score:			Adjusted		Individual		AIM Payout	
Core Financial Metrics	x	Multiplier	=	Financial Score	x	Performance Score	=	Percentage
1/3 Revenue				(0% to 200%)		(0% to 150%)		(0% to 200%)
1/3 Operating Income		Operating Margin		Financial Score x		Performance against		Adjusted Financial
1/3 Cash Flow		Percent		Multiplier		Individual Objectives		Score x Individual
								Performance Score

Regardless of performance, AIM payouts for a NEO cannot exceed an established percentage of Operating Income from continuing operations. See discussion of the Senior Executive Performance Plan ("SEPP").

Financial Performance

AIM incentive opportunity is tied to pre-established goals for three equally-weighted performance metrics ("Core Financial Metrics"): Revenue, Operating Income, and Cash Flow. These metrics align with the Company's objectives to profitably grow the businesses, and improve margins through operational efficiency. Threshold performance for each metric must be achieved in order for any incentive to be payable for that metric. The financial AIM payout is the sum of the calculated payout percentage for each metric, adjusted by an Operating Income Margin percentage multiplier ("Multiplier"), which can range from 85% to 115%.

The Committee retains the authority to adjust the Company's reported financial results for the impact of changes in accounting principles, extraordinary items and unusual or non-recurring gains or losses, including significant differences from the assumptions contained in the financial plan upon which the incentive targets were established. Adjustments to reported financial results are intended to better reflect an executive's actual performance results, align award payments with decisions which support the plan and strategies, avoid unintended inflation or deflation of awards due to unusual or non-recurring items in the applicable period, and emphasize the Company's preference for long-term and sustainable growth.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Individual Performance**

Individual objectives are established annually and include strategic initiatives as well as financial and non-financial metrics. Each NEO is evaluated based upon actual results against established measures and our leadership competencies. At the end of the fiscal year, the CEO evaluates each NEO's overall performance against individual objectives and submits a recommendation to the Committee. The Committee evaluates the CEO's performance against individual objectives. Based on its evaluation of the CEO, and the CEO's recommendation for other NEOs, the Committee determines the individual performance score for each NEO, which can range from 0% to 150%.

In determining the individual factor for each NEO's AIM award, the Committee considered pre-established individual performance objectives, including the following:

Execution of identified key growth initiatives and the development of strategic organizational growth capabilities.
Successful achievement of milestones to further implement operational excellence, the business operating system, and sustainability initiatives.

Successful integration of strategic acquisitions.

Accomplishments to further implement the information technology strategy and system launches.

Improvements in employee engagement, talent development, retention, and diversity.

Determination of Payout

The actual AIM payout is determined by multiplying the NEO's target award by the financial performance score and multiplying that result by the individual performance score. AIM payouts cannot exceed 200% of the target award. If the overall AIM payout score is less than 30%, no award is payable. In that event, the CEO, with approval from the Committee, may establish a discretionary pool (equal to 30% of the target payout levels) for top performers and/or other deserving employees in an amount determined to be appropriate based on their performance against objectives. Performance targets are established and results are measured against financial metrics that have been adjusted from our GAAP results as described below.

2017 AIM Revenue, Operating Income and Cash Flow performance goals were set based on 2017 financial plans that had anticipated a challenging year. As the year progressed, the Company experienced business conditions that were generally more favorable than anticipated, and as a result, the Committee used its discretion to adjust performance results for these three metrics downward. In addition, the 2017 financial plans were set using foreign exchange rates ("FX") in effect at the time that the plans were established as well as projected FX rates over the course of 2017. During the year, there was an unanticipated and unintended favorable impact on business results and AIM payout levels to plan. The Committee used its discretion to adjust performance results to reflect exchange rates used in setting 2017 performance goals. This resulted in downward adjustments to Operating Income and Cash Flow (Revenue is adjusted through the plan design). In addition, certain businesses significantly underspent their 2017 Capital Expenditures budget resulting in overly favorable Cash Flow and to a lesser degree Operating Income performance. The Committee again used their discretion to adjust performance results for both these metrics accordingly. The result of these downward adjustments was a lower AIM payout.

The Committee also approved adjustments to 2017 performance results for AIM purposes at the enterprise and segment levels to a) offset the impact of costs associated with acquisition and divestiture activity and b) exclude unplanned costs associated with natural disasters in order to bring facilities back to normal operations and provide support to employees. These events and related financial impact had not been contemplated when the 2017 performance goals and plans were determined. In addition, the financial impact of certain contracts were excluded from 2017 performance results as those contracts had been excluded from 2017 goals when they were established.

All of the above financial adjustments were also reviewed with the Audit Committee prior to approval by the Compensation Committee.

The Committee approved the following AIM awards for NEOs based on achieving both the 2017 financial and individual objectives:

Name	AIM Target	AIM Financial Score for 2017	Individual Performance Score	AIM Award for 2017

COMPENSATION DISCUSSION AND ANALYSIS

LONG-TERM INCENTIVE PROGRAM (“LTI”)

Our long-term incentive program is comprised of stock options, RSUs and PSUs. This mix of equity-based awards aligns the executives’ interests with the interests of our shareholders from the perspectives of stock price appreciation and relative performance. This approach enables us to develop and implement long-term strategies that we believe are in the best interest of shareholders.

Stock Options/Restricted Stock Units

We grant our NEOs an equal mix of stock options and RSUs. Our Committee believes that this mix provides an effective balance between performance and retention for our NEOs and conserves share usage under our incentive stock plan. Stock options are considered “at risk” since there is no value unless the stock price appreciates during the term of the option period. RSUs, on the other hand, provide stronger retentive value because they have value even if our stock price does not grow during the restricted period. Our Committee annually reviews our equity mix and grant policies to ensure they are aligned with our pay for performance philosophy, our executive compensation objectives and the interests of our shareholders.

Stock option and RSU targets are expressed in dollars. The dollar target is converted to a number of shares based on the fair market value of the Company’s shares on the date that the award is granted.

Both stock options and RSUs generally vest ratably, one third per year, over a three year period following the grant. Dividend equivalents are accrued on outstanding RSU awards at the same time and at the same rate as dividends are paid to shareholders. Dividend equivalents on RSUs are only payable if the underlying RSU award vests. At the time of vesting, one ordinary share is issued for each RSU and any accrued dividend equivalents are paid in cash.

Performance Share Program (“PSP”)

Our PSP is an equity-based incentive compensation program that provides our NEOs and other key executives with an opportunity to earn PSUs based on the Company’s performance relative to the companies in the S&P 500 Industrials Index. PSUs granted through 2017 are earned over a 3-year performance period based equally on our relative EPS growth (from continuing operations) and relative TSR as compared to the companies within the S&P 500 Industrials Index. The actual number of PSUs earned for grants made in 2017 (which can range from 0% to 200% of target) is based on the following thresholds:

Ingersoll Rand’s Performance Relative to the Companies within the S&P 500 Industrials Index	2017 – 2019 Measurement Period % of Target PSUs Earned *
< 25 th Percentile	0%
25 th Percentile	25%
50 th Percentile	100%
≥ 75 th Percentile	200%

* Results are interpolated between percentiles achieved.

The NEOs’ PSP target awards, expressed as a dollar amount, are set in consideration of competitive long-term incentive market values for executives in our peer group with similar roles and responsibilities and our mix of long-term incentives. The dollar target is converted to share equivalent PSUs based on the fair market value of the Company’s shares on the date that the award is granted. The number of PSUs earned is based on relative TSR and relative EPS growth compared to companies within the S&P 500 Industrials Index (with equal weight given to each metric).

EPS growth is measured as the average of the annual EPS growth in each of the three years of the performance cycle. EPS provides a clear line of sight linking an executive’s actions to specific business goals and the results necessary to reach those goals.

TSR is measured as the total stock price appreciation and dividends earned during the three years of the performance cycle. To prevent an anomalous short-term change in stock price from having an inappropriate and outsized impact on payout levels, a 30-day average stock price at the beginning and ending periods is used. TSR provides a tool for measuring performance among peers.

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

Beginning in 2018, the number of PSUs earned is based on relative TSR and relative CROIC growth compared to companies within the S&P 500 Industrials Index (with equal weight given to each metric).

CROIC is measured by dividing Free Cash Flow by a combination of gross fixed assets (Plant, Property & Equipment) plus Working Capital (Accounts and Notes Receivable plus Inventory less Accounts and Notes Payable).

Ingersoll Rand 2018 Proxy Statement 49

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

Our Committee retains the authority and discretion to make downward adjustments to the calculated PSP award payouts or not to grant any award payout regardless of actual performance. EPS is calculated in accordance with GAAP, subject to adjustments for unusual or infrequent items; the impact of any change in accounting principles; goodwill and other intangible asset impairments; and gains or charges associated with discontinued operations or through the acquisition or divestiture of a business. As a result, expense for outstanding PSP awards is recorded using the fixed accounting method.

Dividend equivalents are accrued on outstanding PSU awards at the same time and at the same rate as dividends paid to shareholders. Dividend equivalents are only paid upon vesting of the number of PSUs actually earned and vested. Dividend equivalents are payable in cash at the time the associated PSUs are distributed unless the NEO elected to defer the PSUs into our executive deferred compensation plan, in which case the dividend equivalents are also deferred.

2017 EQUITY AWARDS

In 2017, the Committee approved the PSU, stock option and RSU awards based on its evaluation of market competitiveness and each NEO's sustained individual performance and demonstrated potential to impact future business results. The values in the table below reflect equity-based awards approved by the Committee. These values differ from the corresponding values reported in the Summary Compensation Table and the Grants of Plan-Based Awards Table due to different methodologies used in assigning the economic value of equity-based awards required for accounting and proxy statement reporting purposes. The Committee makes equity award decisions based on grant date expected value while the accounting and proxy statement values are determined in accordance with GAAP requirements. The difference between the two methodologies is most significant for the PSU awards which are earned, in part, based on TSR performance relative to the S&P 500 Industrials Index over a three-year performance period which requires valuations to take into account the expected payout distribution from 0-200% of target for accounting and proxy statement purposes.

Name	Stock Option Award (\$)	RSU Award (\$)	Target Value 2017-19 PSU Award (\$)
M. W. Lamach	2,437,500	2,437,500	4,875,000
S. K. Carter	607,500	607,500	1,215,000

M. C. Green	360,000	360,000	720,000
D. P. M. Teirlinck	621,250	621,250	1,242,500
R. G. Zafari	340,000	340,000	680,000

⁽¹⁾ Mr. Regnery was granted additional equity on October 3, 2017 as part of his promotion to Executive Vice President. He was granted an RSU Award valued at \$1,000,000 and a PSU Award for the 2018-2020 performance period valued at \$1,000,000.

2015 – 2017 PERFORMANCE SHARE UNITS PAYOUT

As discussed above, PSUs for the three-year 2015 - 2017 performance period were earned based on the Company's EPS growth (from continuing operations) and TSR performance relative to all of the companies in the S&P 500 Industrials Index.

EPS growth is measured as the average of the annual EPS growth in each of the three years of the performance cycle. The rate of EPS growth was 16.35% for the 2015 to 2017 period, which ranked at the 95th percentile of the companies in the S&P 500 Industrials Index.

TSR is measured as the total stock price appreciation plus dividends earned during the three years of the performance cycle. To account for stock price volatility, a 30-day average stock price at the beginning and ending periods is used. TSR was 44.71% for the 2015 to 2017 period, which ranked at the 52nd percentile of the companies in the S&P 500 Industrials Index. PSUs for the 2015 to 2017 performance cycle achieved 153.5% of target levels as summarized in the table below.

Performance Metric	Ingersoll Rand Performance	Percentile Rank	Metric Payout	Weighting	Payout Level
Relative EPS Growth	16.35%	95 th	200%	50%	100%
Relative TSR	44.71%	52 nd	107%	50%	53.5%
Total Award Payout Percentage:					153.5%

The Committee annually reviews the total direct compensation for each NEO and, using its discretion based on its compensation philosophy and design principles, may revise such compensation. For 2018, the Committee has set the base salary and target AIM award for each NEO as follows:

Name ⁽¹⁾	Base Salary (\$)	Change From 2017	Target AIM Award
M. W. Lamach	1,350,000	N/A	160%
S. K. Carter	740,000	2.8%	100%
D. S. Regnery	740,000	5.7%	100%
M. J. Avedon	650,000	4.0%	85%
M. C. Green	570,000	3.6%	80%
D. P. M. Teirlinck	725,000	N/A	95%

(1) Mr. Zafari retired in January of 2018.

The Committee and the Company have been considering using a return based metric in the PSP for the last several years. In February of 2018, our Committee approved the replacement of EPS with CROIC in our PSP program. Therefore, for PSP awards granted in 2018, relative TSR and CROIC will be the two metrics used, with each metric weighted equally. CROIC is considered a reliable return-based performance metric because it excludes non-revenue generated assets (e.g. Goodwill and Intangible Assets) and focuses PSU performance on the balance sheet and returns generated from revenue-generating assets. In addition, CROIC is not significantly impacted by company-specific capital structures, making it a comparable metric across companies in a peer group.

The Committee established the following target long-term incentives including PSU awards for the 2018 - 2020 performance period and granted the following stock option and RSU awards for each NEO in 2018:

Name ⁽¹⁾	Target 2018 Long-Term Incentive Value (\$) ⁽²⁾	Shares Underlying Stock Option Awards (#) ⁽³⁾	RSU Shares (#) ⁽⁴⁾	Target 2018-20 PSU Shares (#) ^{(4) (5)}
M. W. Lamach	9,750,000	166,383	27,063	54,125
S. K. Carter	2,680,000	45,734	7,439	14,878
D. S. Regnery	2,000,000	34,130	5,552	11,103
M. J. Avedon	1,680,000	28,669	4,664	9,327
M. C. Green	1,480,000	25,256	4,108	8,216
D. P. M. Teirlinck	2,485,000	42,407	6,898	13,795

(1) Mr. Zafari retired in January 2018.

(2) The target long-term incentive value is delivered 25% in stock options, 25% in RSUs and 50% in PSUs. These target values reflect increases made in 2018 to better reflect the particular executive's value to the Company and in the marketplace.

(3) The number of stock options was determined based on the Black-Scholes ratio on December 31, 2017 and the fair market value of our ordinary shares on the date of grant.

(4) The number of RSUs and target PSUs were determined using the fair market value of our ordinary shares on the date of grant.

(5) Beginning with the 2018 awards, PSUs are earned based on relative TSR and relative CROIC (both metrics will have an equal weighting of 50% each).

VI. OTHER COMPENSATION AND TAX MATTERS**RETIREMENT PROGRAMS AND OTHER BENEFITS**

We maintain qualified and nonqualified defined benefit pension plans for our employees, including the NEOs, to provide for fixed benefits upon retirement based on the individual's age and number of years of service. These plans include the Pension Plan, the Supplemental Pension Plans and our supplemental executive retirement plans (the Elected Officer Supplemental Pension ("EOSP") or the Key Management Supplemental Pension ("KMP") programs). Refer to the Pension Benefits table and accompanying narrative for additional details on these programs.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

We offer a qualified defined contribution (401(k)) plan called the Ingersoll-Rand Company Employee Savings Plan (the "ESP") to our salaried and non-union hourly U.S. workforce, including the NEOs. The ESP is a plan that provides a dollar-for-dollar Company match on the first six percent of the employee's eligible compensation that the employee contributes to the ESP. The ESP has a number of investment options and is an important component of our retirement program.

We also have a nonqualified defined contribution plan. The Ingersoll-Rand Company Supplemental Employee Savings Plan (the "Supplemental ESP") is an unfunded plan that makes up matching contributions that cannot be made to the ESP due to Internal Revenue Code limitations. Supplemental ESP balances are deemed to be invested in the funds selected by the NEOs, which are the same funds available in the ESP, except for a self-directed brokerage account, which is not available in the Supplemental ESP.

In June 2012, our Board of Directors approved significant changes to our broad-based, qualified retirement programs with the intent to move employees from a combined defined benefit/defined contribution approach to a fully defined contribution plan approach over time. Employees active prior to July 1, 2012 were given a choice between continuing to participate in the defined benefit plan until December 31, 2022, or moving to an enhanced version of the ESP effective January 1, 2013. Employees hired or rehired on or after July 1, 2012 were automatically covered under the enhanced version of the ESP. Under the enhanced version of the ESP, employees will receive a basic employer contribution equal to two percent of eligible compensation in addition to the Company's matching contribution while ceasing to accrue benefits under the defined benefit plan (employees of our Club Car business are generally not eligible for the basic employer contribution). Effective as of December 31, 2022, accruals in the tax-qualified defined benefit plan will cease for all employees. The Committee approved corresponding changes to the applicable nonqualified defined benefit and contribution pension plans. Additional details on the changes can be found in the narrative accompanying the Pension Benefits table.

Our Ingersoll Rand Executive Deferred Compensation Plan (the "EDCP Plan I") and the Ingersoll Rand Executive Deferred Compensation Plan II (the "EDCP Plan II" and, together with the EDCP Plan I, the "EDCP Plans") allow eligible employees to defer receipt of a part of their annual salary, AIM award and/or PSP award in exchange for investments in ordinary shares or mutual fund investment equivalents. Refer to the Nonqualified Deferred Compensation table for additional details on the EDCP Plan.

We provide an enhanced, long-term disability plan to certain executives. The plan supplements the broad-based group plan and provides an additional monthly maximum benefit if the executive elects to purchase supplemental coverage under the group plan. It has an underlying individual policy that is portable when the executive terminates.

In light of the enactment of Section 409A of the Code as part of American Jobs Creation Act of 2004, "mirror plans" for several of our nonqualified plans, including the Ingersoll-Rand Supplemental Pension Plan ("Supplemental Pension Plan I") and the EDCP I, were created. The mirror plans are the Ingersoll-Rand Supplemental Pension Plan II ("Supplemental Pension Plan II" and, together with the Supplemental Pension Plan I, the "Supplemental Pension Plans") and the EDCP II. The purpose of these mirror plans is not to provide additional benefits to participants, but merely to preserve the tax treatment of the plans that were in place prior to December 31, 2004. In the case of the Supplemental Plans, the mirror plan benefits are calculated by subtracting the original benefit value to avoid double-counting the benefit. For the EDCP Plans, balances accrued through December 31, 2004 are maintained separately from balances accrued after that date.

We provide our NEOs with other benefits that we believe are consistent with prevailing market practice and those of our peer companies. These other benefits and their incremental cost to the Company are reported in "All Other Compensation" shown in the Summary Compensation Table.

SEVERANCE ARRANGEMENTS

In connection with external recruiting of certain officers, we generally enter into employment arrangements that provide for severance payments upon certain termination events, other than in the event of a change in control (which is covered by separate agreements with the officers). Mr. Lamach, Ms. Carter and Ms. Avedon have such arrangements. In 2012, we adopted a Severance Plan, amended outstanding award agreements and adopted new equity award agreements to provide certain employees, including our NEOs, with certain benefits in the event of a termination of employment without cause or for good reason under a Major Restructuring (as defined in the Post-Employment Section below). Although we do not have a formal severance policy for our executives (other than in the event of a Major Restructuring), we do have guidelines that in most cases would provide for severance in the event of termination without cause. The severance payable under employment agreements for Mr. Lamach, Ms. Carter and Ms. Avedon and the benefits available in connection with a Major Restructuring and under the severance guidelines are further described in the Post-Employment Benefits section of the proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

CHANGE-IN-CONTROL PROVISIONS

We have entered into change-in-control agreements with our NEOs. Payments are subject to a double trigger, meaning that payments would be received only if an officer is terminated without cause or resigns for good reason within two years following a change in control. We provide change-in-control agreements to our NEOs to focus them on the best interests of shareholders and assure continuity of management in circumstances that reduce or eliminate job security and might otherwise lead to accelerated departures. Our 2013 incentive stock plan provides for the accelerated vesting of outstanding stock awards in the event of a change in control of the Company only for awards issued through June 7, 2018. Outstanding PSUs would be prorated based on the target for the actual days worked during the applicable performance period. Under the proposed 2018 Stock Plan, subject to approval of the shareholders at the annual meeting to be held in June, time-based awards will only vest and become exercisable or payable, as applicable, on a change in control if they are not assumed, substituted or otherwise replaced in connection with the change in control. If the awards are assumed or continued after the change in control, the Committee may provide that such awards will be subject to automatic vesting acceleration upon a participant's involuntary termination within a designated period following the change in control. Further, under the proposed 2018 Stock Plan, PSUs will automatically vest upon a change in control of our Company, based on (a) the target level, pro-rated to reflect the period the participant was in service during the performance period or (b) the actual performance level attained, in each case, as determined by the Committee. Refer to the Post-Employment Benefits section of this proxy statement for a more detailed description of the change-in-control provisions.

TAX AND ACCOUNTING CONSIDERATIONS

Section 162(m) of the Code generally imposes a limit of \$1,000,000 on the amount that we may deduct for federal income tax purposes in any one year for compensation paid to certain of our senior executive officers, including some of our NEOs. Historically, this deduction limitation did not apply to compensation that was performance-based within the meaning of Section 162(m), and we have designed some of our compensation arrangements in a manner intended to allow us to utilize this performance-based exception. However, we have authorized compensation payments that may not be deductible when, in our judgment, such payments are appropriate and in the best interests of the Company, taking into consideration changing business conditions and the performance of our employees. For 2017, we considered the application of Section 162(m) in awarding compensation to our NEOs, and designed many of the variable compensation awards granted to our covered executives (e.g., AIM, PSP and stock options) in a manner intended to qualify as performance-based compensation. However, as a result of the elimination of the performance-based compensation enacted at the end of 2017, subject to certain grandfathering rules, beginning in 2018, the Company will no longer be permitted to take deductions for performance-based compensation payable to our executive officers covered by Section 162(m). Notwithstanding this, we plan to continue to monitor developments and assess alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable in light of the changes to Section 162(m). However, as in the past, we will continue to weigh the loss of any deduction under Section 162(m) against the need to maintain compensation programs that are intended to attract and retain our senior executive officers and provide them with compensation that encourages the creation of long-term shareholder value, consistent with our compensation philosophy and make determinations that we believe are in the best interests of the Company and its shareholders.

Further, in determining our variable compensation programs, we consider other tax and accounting implications of particular forms of compensation, such as the implications of Section 409A of the Code governing deferred compensation arrangements and favorable accounting treatment afforded certain equity based plans that are settled in shares. Although we consider the tax and accounting consequences of our compensation programs, the forms of compensation we utilize are determined primarily by their effectiveness in creating maximum alignment with our key strategic objectives and the interests of our shareholders.

SENIOR EXECUTIVE PERFORMANCE PLAN (SEPP)

The SEPP is a shareholder approved plan that funds the annual cash incentive awards that may be granted to each of the NEOs. Under the SEPP, the maximum amount of cash incentive that can be paid to the CEO is 0.6% of Consolidated Operating Income from Continuing Operations (as defined in the SEPP) and the maximum amount of cash incentive that can be paid to any other covered executive is 0.3% of Consolidated Operating Income from Continuing Operations. Our Committee generally exercises its discretion to pay less than the maximum amount to the NEOs, after considering the factors described in the AIM Program.

TIMING OF AWARDS

The Committee generally grants our regular annual equity awards after the annual earnings release. The grant date is never selected or changed to increase the value of equity awards for executives.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****CLAW-BACK/RECOUPMENT POLICY**

To further align the interests of our employees and our shareholders, we have a claw-back/recoupment policy to ensure that any fraud or intentional misconduct leading to a restatement of our financial statements would be properly addressed. The policy provides that if it is found that an employee committed fraud or engaged in intentional misconduct that resulted, directly or indirectly, in a need to restate our financial statements, then our Committee has the discretion to direct the Company to recover all or a portion of any cash or equity incentive compensation paid or value realized, and/or to cancel any stock-based awards or AIM award granted to an employee on or after the effective date of the policy. Our Committee may also request that the Company seek to recover any gains realized on or after the effective date of the policy for equity or cash awards made prior to that date (including AIM, stock options, PSUs and RSUs). Application of the claw-back/recoupment policy is subject to a determination by our Committee that: (i) the cash incentive or equity compensation to be recouped was calculated on, or its realized value affected by, the financial results that were subsequently restated; (ii) the cash incentive or equity award would have been less valuable than what was actually awarded or paid based on the application of the correct financial results; and (iii) the employee to whom the policy applied engaged in fraud or intentional misconduct. This policy will be revised if required under the Dodd-Frank Act if and when final regulations implementing the claw-back policy requirements of that law have been adopted.

SHARE-OWNERSHIP GUIDELINES

We impose share ownership requirements on each of our officers. These share ownership requirements are designed to emphasize share ownership by our officers and to further align their interests with our shareholders. Each officer must achieve and maintain ownership of ordinary shares or ordinary share equivalents at or above a prescribed level. The requirements are as follows:

Position	Number of Active Participants as of the Record Date	Individual Ownership Requirement (Shares and Equivalents ⁽¹⁾)
Chief Executive Officer	1	120,000
Executive Vice Presidents	1	50,000
Senior Vice Presidents	8	30,000
Corporate Vice Presidents	7	15,000

When designing the 2018 Incentive Stock Plan we elected to change our ownership requirements to be more in line with market competitiveness ⁽¹⁾ and also to take into consideration our stock price. The Compensation Committee reserves the right to make future adjustments if there is significant appreciation or depreciation in our stock price or if market practices change. The revised requirements are shown in the table above. Based on the closing price on the record date of \$82.76, this equates to an ownership requirement of approximately 7 times for the CEO, 6 times for the EVP, and close to 4 times for the Senior Vice Presidents. These ownership requirements have either been met or are on track to be met based on the time allowed to achieve the guidelines. Our CEO is almost at 20 times base salary, our EVP (who was just recently promoted to this position and who has five years to achieve the guideline) is at almost 5 times base salary and our SVPs who were NEOs during 2017 are at almost 10 times base salary.

Our share-ownership program requires the accumulation of ordinary shares (or ordinary share equivalents) over a five-year period following the date the person becomes subject to share-ownership requirements at the rate of 20% of the required level each year. Executives who are promoted, and who have their ownership requirement increased, have three years to achieve the new level from the date of promotion. Given the significant increase in the ownership requirement for an individual who is promoted to CEO, EVP or SVP, those individuals have five years from the date of the promotion to achieve the new level. Ownership credit is given for actual ordinary shares owned, deferred compensation that is invested in ordinary shares within our EDCP Plan, ordinary share equivalents accumulated in our qualified and nonqualified employee savings plans as well as unvested RSUs. Stock options, SARs and unvested PSUs do not count toward meeting the share-ownership target. If executives fall behind their scheduled accumulation level during their applicable accumulation period, or if they fail to maintain their required level of ownership after their applicable accumulation period, their right to exercise stock options will be limited to "buy and hold" transactions and any shares received upon the vesting of RSU and PSU awards must be held until the required ownership level is achieved. As of the Record Date, all of our executives subject to the share-ownership guidelines were in compliance with these requirements.

EXECUTIVE COMPENSATION

The amounts in this column reflect the aggregate grant date fair value of PSU awards and any RSU awards granted for the year under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718 and do not reflect amounts paid to or realized by the NEOs. For a discussion of the assumptions made in determining the ASC 718 values see Note 12, "Share-Based Compensation," to the Company's consolidated financial statements contained in its 2017 Form 10-K. The ASC grant date fair value of the PSU award is spread over (b) the number of months of service required for the grant to become non-forfeitable, disregarding any adjustments for potential forfeitures. In determining the aggregate grant date fair value of the PSU awards, the awards are valued assuming target level performance achievement. The table below includes the maximum grant date value of the 2017-2019 PSU awards for the persons listed and for Mr. Regnery the maximum grant date value of the 2017-2019 PSU award and his 2018-2020 PSU award that was granted in 2017. If the maximum level performance achievement is assumed, the aggregate grant date fair value of the PSU awards would be as follows:

Name	Maximum Grant Date Value of PSU Awards (\$)
M. W. Lamach	11,323,991
S. K. Carter	2,822,334
D. S. Regnery	2,951,298
M. J. Avedon	1,794,490
M. C. Green	1,672,460
D. P. M. Teirlinck	2,886,237
R. G. Zafari	1,579,680

The amounts in this column reflect the aggregate grant date fair value of stock option grants for financial reporting purposes for the year under ASC 718 and do not reflect amounts paid to or realized by the NEOs. For a discussion of the assumptions made in determining the ASC 718 values see Note 12, "Share-Based Compensation," to the Company's consolidated financial statements contained in its 2017 Form 10-K. Please see "2017 Grants of Plan-Based Awards" and "Outstanding Equity Awards at December 31, 2017" for additional detail.

This column reflects the amounts earned as annual awards under the AIM program. Unless deferred into the EDCP Plan, AIM program (d) payments are made in cash. In 2017, Mr. Regnery and Ms. Green elected to defer a percentage (60% and 10% respectively) of their AIM awards into the EDCP Plan. Amounts shown in this column are not reduced to reflect deferrals of AIM awards into the EDCP Plan. Amounts reported in this column reflect the aggregate increase in the actuarial present value of the benefits under the qualified Ingersoll Rand Pension Plan Number One (the "Pension Plan"), Supplemental Pension Plans, the KMP and EOSP, as applicable. The change in pension benefits (e) value is attributable to the additional year of service and age, the annual AIM award and any annual salary increase. Amounts are higher for those NEOs who are older and closer to retirement than for those who are younger and further from retirement since the period over which the benefit is discounted to determine its present value for an older NEO is shorter and the impact of discounting is therefore reduced. Ms. Green does not participate in any of these plans and therefore no value is shown for her. Other external factors, outside the influence of the plan design, also impact the values shown in this column. For all the NEOs, the amounts in this column for 2015 and 2016 were impacted by decreasing interest rates (rates for ten-year Constant Maturities for US Treasury Securities), which caused the value of the lump sum distributions under the EOSP and the KMP to increase. In addition, beginning in 2015, amounts for all NEOs were impacted by a change to the applicable mortality table as defined by the Internal Revenue Code that is used to estimate life expectancy.

There was no above market interest earned by the NEOs in any year.

(f) The following table summarizes the components of this column for fiscal year 2017:

Name	Company Contributions (\$) ⁽¹⁾	Company Cost			Retiree Medical			Payment Associated With

R. G. Zafari	56,595	2,683	2,029	—	1,023	54,397	590,000	—	706,727

(1) Represents Company contributions under the Company's ESP and Supplemental ESP plans.

(2) For Mr. Regnery, represents the estimated year-over-year increase in the value of the retiree medical plan, calculated based on the methods used for financial statement reporting purposes. Mr. Regnery is the only NEO eligible for the subsidized retiree medical plan upon retirement.

(3) The amount for Mr. Lamach represents tax equalization payments related to Irish taxes owed on \$315,000, which is the portion of his income that is allocated to his role as a director of the Company. Without these payments, Mr. Lamach would be subject to double taxation on this amount since he is already paying U.S. taxes on this income. The amounts for Messrs. Teirlinck and Zafari represent payments of taxes on their

behalf related to Company contributions made to the Belgium social scheme.

EXECUTIVE COMPENSATION

For Mr. Lamach, this amount includes the incremental cost to the Company of personal use of the Company aircraft (whether leased or owned) by the CEO. For security and safety reasons and to maximize his availability for Company business, the Board of Directors requires the CEO to travel on Company-provided aircraft for business and personal purposes, unless commercial travel is deemed a minimal security risk by the Company. The incremental cost to the Company of personal use of the aircraft is calculated: (i) by taking the hourly average variable operating costs to the Company (including fuel, maintenance, on board catering and landing fees) multiplied by the amount of time flown for personal use in the case of leased aircraft; and (ii) by multiplying the flight time by a variable fuel charge and the average fuel price per gallon and adding any (4) ground costs such as landing and parking fees as well as crew charges for travel expenses in the case of the Company owned aircraft. Both methodologies exclude fixed costs that do not change based on usage, such as pilots' and other employees' salaries, management fees and training, hangar and insurance expenses. We impose an annual limit of \$150,000 on the CEO's non-business use of Company-provided aircraft. For 2017, the amount for Mr. Lamach includes \$150,000 for personal use of Company-provided aircraft. Under the Company's aircraft use policy, the Compensation Committee has determined that business use includes travel that is related to the Company's business or benefits the Company, such as travel to meetings of other boards on which the CEO sits. For 2017, the amount for Mr. Lamach includes \$22,915 for such business-related travel.

These amounts also include: (i) the following incremental cost of the Company-leased cars, calculated based on the lease, insurance, fuel and maintenance costs to the Company: Mr. Lamach, \$22,196; Ms. Carter \$19,627; Mr. Regnery, \$22,288; Mr. Teirlinck, \$17,973; Mr. Zafari, \$20,397; Ms. Avedon, \$18,232; and Ms. Green, \$22,447; (ii) the following costs for financial counseling services, which may include tax preparation and estate planning services: Mr. Lamach, \$10,746; Ms. Carter \$8,950; Mr. Regnery, \$9,000; Mr. Teirlinck, \$16,666; Mr. Zafari, \$18,166; Ms. Avedon \$9,135; and Ms. Green \$7,500; (iii) the following costs for medical services provided through an on-site physician under the Executive Health Program: Mr. Lamach, \$0; Ms. Carter, \$3,985; Mr. Regnery, \$3,493; Mr. Teirlinck, \$3,503; Mr. Zafari, \$3,805; Ms. Avedon \$1,893 and Ms. Green, \$3,691; (iv) the payments of \$20,336 and \$5,083 to permit Messrs. Teirlinck and Zafari to remain covered under the Belgium social scheme and have access to the country's health plan should they return to Europe; (v) the following amount for product rebates that are available to all U.S. employees: Mr. Lamach, \$1,655 ; and (vi) amounts for spousal travel costs to Ireland in connection with the June 2017 board meeting as well as the value of certain benefits in kind received while in Ireland i.e., non-board related tours and activities, gifts, non-board meeting related local transportation and, when applicable, spousal meals: Mr. Lamach, \$26; Ms. Carter, \$26, Mr. Regnery, \$8,224; Ms. Avedon \$7,613, Ms. Green, \$10,186, Mr. Teirlinck, \$6,366 and Mr. Zafari, \$6,946.

(5) Represents a payment made or accrued to Mr. Zafari in connection with his retirement from the company.

(a) The target award levels established for the AIM program are established annually in February and are expressed as a percentage of the NEO's base salary. Refer to Compensation Discussion and Analysis under the heading "Annual Incentive Matrix Program" for a description of the Compensation Committee's process for establishing AIM program target award levels. The amounts reflected in the "Estimated Future Payouts Under Non-Equity Incentive Plan Awards" columns represent the threshold, target and maximum amounts for awards under the AIM program that were paid in February 2018, based on performance in 2017. Thus, the amounts shown in the "threshold," "target" and "maximum" columns reflect the range of potential payouts when the target award levels were established in February 2017 for all NEOs other than Mr. Regnery (Mr. Regnery's target award is prorated between the two positions he held in 2017). The AIM program pays \$0 for performance below threshold. The actual amounts paid pursuant to those awards are reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation

Table.

(b) The amounts reflected in the “Estimated Future Payouts Under Equity Incentive Plan Awards” columns represent the threshold, target and maximum amounts for PSU awards. The PSP pays \$0 for performance below threshold. For a description of the Compensation Committee’s process for establishing PSP target award levels and the terms of PSU awards, please refer to Compensation Discussion and Analysis under the heading “Long-Term Incentive Program” and the “Post-Employment Benefits” section below.

(c) The amounts in these columns reflect the stock option and RSU awards. For a description of the Compensation Committee’s process for determining stock option and RSU awards and the terms of such awards, see Compensation Discussion and Analysis under the heading “Long-Term Incentive Program” and the “Post-Employment Benefits” section below.

(d) Stock options were granted under the Company’s Incentive Stock Plan of 2013 (the “2013 Plan”), which requires options to be granted at an exercise price equal to or greater than the fair market value of the Company’s ordinary shares on the date of grant. The fair market value is defined in the 2013 Plan as the average of the high and low trading price of the Company’s ordinary shares listed on the NYSE on the grant date. The closing price on the NYSE of the Company’s ordinary shares was \$79.85 on the February 2017 grant date.

(e) Amounts in this column include the grant date fair value of the equity awards calculated in accordance with ASC 718. The Company cautions that the actual amount ultimately realized by each NEO from the stock option awards will likely vary based on a number of factors, including stock price fluctuations, differences from the valuation assumptions used and timing of exercise or applicable vesting. For a description of the assumptions made in valuing the equity awards see Note 12, “Share- Based Compensation” to the Company’s consolidated financial statements contained in its 2017 Form 10-K. For PSUs, the grant date fair value has been determined based on achievement of target level performance, which is the performance threshold the Company believes is the most likely to be achieved under the grants.

These columns represent stock option awards. Except as noted in the following sentence, these awards generally become exercisable in three (a) equal annual installments beginning on the first anniversary after the date of grant, subject to continued employment or retirement. Ms. Carter's option grant dated October 1, 2013 vested and became exercisable on the 3rd anniversary of the grant date.

(b) All of the options granted to the NEOs expire on the tenth anniversary (less one day) of the grant date.

This column represents unvested RSUs. Except as noted in the following sentence, RSUs generally become exercisable in three equal annual (c) installments beginning on the first anniversary after the date of grant, subject to continued employment or retirement. Mr. Regnery's RSU grant dated October 3, 2017 will vest and become exercisable on the 3rd anniversary of the grant date.

(d) The market value was computed based on \$89.19, the closing market price of the Company's ordinary shares on the NYSE at December 31, 2017.

This column represents the target number of unvested and unearned PSUs. PSUs vest upon the completion of a three-year performance period. (e) The actual number of shares an NEO will receive, if any, is subject to achievement of the performance goals as certified by the Compensation Committee, and continued employment.

Reflects the value of the RSUs that vested on February 3, 2017, February 10, 2017 and February 25, 2017 and PSUs that vested on February (d) 24, 2017 (other than with respect to shares that were deferred as described in footnote (e) below), based on the average of the high and low stock price of the Company's ordinary shares on the vesting date.

Mr. Zafari elected to defer a portion of the shares acquired upon the vesting of his PSU award on February 24, 2017 into the Company's EDCP (e) II. Mr. Zafari deferred 1,625 shares having a value of \$131,211. Mr. Zafari's cash dividends of \$5,720.00 that had accrued on the PSU award were also deferred under the EDCP II. Please see "2017 Nonqualified Deferred Compensation" for more information about the terms of the Company's EDCP Plans.

2017 PENSION BENEFITS

The NEOs, with the exception of Ms. Green, participate in one or more, but not in all, of the following defined benefit plans:

- the Pension Plan;
- the Supplemental Pension Plans; and
- the EOSP or the KMP.

The Pension Plan is a funded, tax qualified, non-contributory (for all but a small subset of participants) defined benefit plan that covers the majority of the Company's salaried and non-union hourly U.S. employees who were hired or re-hired prior to June 30, 2012. The Pension Plan provides for normal retirement at age 65. The formula to determine the lump sum benefit under the Pension Plan is: 5% of final average pay (the five consecutive years with the highest compensation out of the last ten years of eligible compensation) multiplied by years of credited service (as defined in the Pension Plan). A choice for distribution between an annuity and a lump sum option is available. The Pension Plan was closed to new participants after June 30, 2012 and no further benefits will accrue to any Pension Plan participant for service performed after December 31, 2022. In addition, any employee who was a Pension Plan participant on June 30, 2012 was provided the option to waive participation in the Pension Plan effective January 1, 2013, and, in lieu of participation in the Pension Plan, receive an annual non-elective employer contribution equal to 2% of eligible compensation in the ESP.

The Supplemental Pension Plans are unfunded, nonqualified, non-contributory defined benefit restoration plans. The Supplemental Pension Plans restore what is lost in the Pension Plan due to limitations under the Internal Revenue Code (the "Code") on the annual compensation and benefits recognized when calculating benefits under the qualified Pension Plan. The Supplemental Pension Plans cover all employees of the Company who participate in the Pension Plan and who are impacted by the Code compensation and benefits limits. A participant must meet the vesting requirements of the qualified Pension Plan to vest in benefits under the Supplemental Pension Plans. Benefits under the Supplemental Pension Plans are available only as a lump sum distribution after termination and paid in accordance with Section 409A of the Code. As a result of the 2012 changes to the Pension Plan, the Supplemental Pension Plans were closed to employees hired on or after June 30, 2012, and no further benefits will accrue to any Supplemental Plan participant for service performed after December 31, 2022.

The EOSP, which was closed to new participants effective April 2011, is an unfunded, nonqualified, non-contributory defined benefit plan designed to replace a percentage of an officer's final average pay based on his or her age and years of service at the time of retirement. Final average pay is defined as the sum of the officer's current annual base salary plus the average of his or her three highest AIM awards during the most recent six years. No other elements of compensation (other than base salary and AIM awards) are included in final average pay. The EOSP provides a benefit pursuant to a formula in which 1.9% of an officer's final average pay is multiplied by the officer's years of service (up to a maximum of 35 years) and then reduced by the value of other retirement benefits the officer will receive from the Company under certain qualified and nonqualified retirement plans as well as Social Security. If additional years of service were granted to an officer as part of his or her employment agreement, those additional years of service are reflected in the Pension Benefits table below. Vesting occurs, while the officer is employed by the Company, at the earlier of the attainment of age 55 and the completion of 5 years of service or age 62. Unreduced benefits under the EOSP are available at age 62 and benefits are only available as a lump sum after termination and paid in accordance with Section 409A of the Code. Messrs. Lamach, Teirlinck and Zafari and Ms. Avedon participate in the EOSP.

The KMP is an unfunded, nonqualified, non-contributory defined benefit plan available to certain key management employees on a highly selective basis. The KMP is designed to replace a percentage of a key employee's final average pay based on his or her age and years of service at the time of retirement. Final average pay is defined as the sum of the key employee's current annual base salary plus the average of the employee's three highest AIM awards during the most recent six years. No other elements of compensation (other than base salary and AIM awards) are included in final average pay. The KMP provides a benefit pursuant to a formula in which 1.7% of a key employee's final average pay is multiplied by years of service (up to a maximum of 30 years) and then reduced by the value of other retirement benefits the key employee will receive that are provided by the Company under certain qualified and nonqualified retirement plans as well as Social Security. Vesting occurs at the earlier of the attainment of age

55 and the completion of 5 years of service or age 65. For employees who begin participating on or after June 2015, there is a minimum 5 year service requirement from date of participation to date of retirement. Benefits are only available as a lump sum after termination and paid in accordance with Section 409A of the Code. Ms. Carter and Mr. Regnery participate in the KMP.

Under the EOSP or the KMP, for officers covered prior to May 19, 2009, a full year of service is credited for any year in which they work at least one day. In the Pension Plan, the Supplemental Pension Plans as well as the EOSP and the KMP for officers covered on or after May 19, 2009, the number of years of credited service is based on elapsed time (i.e., credit is given for each month in which a participant works at least one day). The years of credited service used for calculating benefits under all plans are the years of credited service through December 31, 2017. The years of crediting service used for calculating benefits under the Supplemental Pension Plan I are the years of crediting service through (a) December 31, 2004 and the benefits earned under this plan serve as offsets to the benefits earned under the Supplemental Pension Plan II.

The amounts in this column reflect the estimated present value of each NEO's accumulated benefit under the plans indicated. The calculations reflect the value of the benefits assuming that each NEO was fully vested under each plan. The benefits were computed as of December 31, 2017, consistent with the assumptions described in Note 10, "Pensions and Postretirement Benefits Other than Pensions," to the consolidated (b) financial statements in the 2017 Form 10-K.

Mr. Lamach's credited years of service exceed his actual years of service by 17 years pursuant to the provisions of his employment arrangement. Crediting additional years of service to a nonqualified pension program such as the EOSP was not uncommon in 2004 when Mr. Lamach joined the Company and was used to compensate him for benefits he was forfeiting at his prior employer. Mr. Lamach's benefit under the EOSP is reduced by the pension benefit he received from his former employer in July 2013, updated with interest. The increase in present value of (c) benefits due to those additional years of credited service is \$16,539,511.

(d) Under the provisions of the KMP, Mr. Regnery's service is capped at 30 years.

Ms. Avedon, pursuant to the provisions of her employment arrangement, receives double credit for the first five years of employment (3.8% (e) versus 1.9%) in determining her benefit. The increase in present value of benefits due to this provision is \$1,684,458.

Service in the Pension Plan and the Supplemental Pension Plan for Messrs. Teirlinck and Zafari began in September 2008 and August 2010, (f) respectively, when they transferred to the United States.

Benefits for Messrs. Teirlinck and Zafari under the EOSP use all their service with the Company, not just the service in the United States. The benefit will be reduced by any and all benefits accrued or accumulated while covered under any non-U.S. plan in respect to any period of service that is counted as a year of service in this plan. The value of these non-U.S. benefits is not readily accessible until retirement, and therefore the (g) amount shown for EOSP reflects the value of this benefit prior to these reductions.

Table of Contents**EXECUTIVE COMPENSATION****2017 NONQUALIFIED DEFERRED COMPENSATION**

The Company's EDCP Plan is an unfunded, nonqualified plan that permit certain employees, including the NEOs, to defer receipt of up to 50% of their annual salary and up to 100% of their AIM awards, PSP awards and RSUs received upon commencement of employment. Elections to defer must be made prior to the beginning of the performance period. The Company has established a nonqualified grantor trust with a bank as the trustee to hold certain assets as a funding vehicle for the Company's obligations under the EDCP Plan. These assets are considered general assets of the Company and are available to its creditors in the event of the Company's insolvency. Amounts held in the trust are invested by the trustee using various investment vehicles.

Participants are offered certain investment options (approximately 60 mutual fund investments and ordinary share equivalents), and can choose how they wish to allocate their cash deferrals among those investment options. Participants are 100% vested in all amounts deferred, and bear the risk of any earnings and losses on such deferred amounts.

Generally, deferred amounts may be distributed following termination of employment or at the time of a scheduled in-service distribution date chosen by the participant. If a participant has completed five or more years of service at the time of termination, or is terminated due to long-term disability, death or retirement, the distribution is paid in accordance with the participant's election. If a participant terminates without meeting these requirements, the account balance for all plan years will be paid in a lump sum in the year following the year of termination. A participant can elect to receive distributions at termination over a period of 5, 10, or 15 annual installments, or in a single lump sum. A participant can elect to receive scheduled in-service distributions in future years that are at least two years after the end of the plan year for which they are deferring. In-service distributions can be received in two to five annual installments, or if no election is made, in a lump sum. For those participants who have investments in ordinary shares, the distribution of these assets will be in the form of ordinary shares, not cash.

The following table provides information regarding contributions, distributions, earnings and balances for each NEO under our nonqualified deferred compensation plans.

POST-EMPLOYMENT BENEFITS

The following discussion describes the compensation to which each NEO would be entitled in the event of termination of such executive's employment.

EMPLOYMENT ARRANGEMENTS AND SEVERANCE NOT IN CONNECTION WITH A CHANGE IN CONTROL

Mr. Lamach, Ms. Carter and Ms. Avedon are entitled to severance in the event of their involuntary termination without cause pursuant to the terms of their employment agreements. Under the terms of his employment agreement, Mr. Lamach is eligible for 24 months of base annual salary plus a prorated AIM award earned for the year of termination as determined and paid at the conclusion of the full performance year in accordance with the terms of the AIM program. In addition, Mr. Lamach would receive prorated PSP awards (up to target) for the outstanding performance periods. These pro-rated awards would be earned based on actual performance and delivered in accordance with the terms of the PSP program. Under the terms of her employment agreement, Ms. Carter is eligible for 12 months of base salary plus a prorated AIM award (not to exceed target) earned for the year of termination as determined and paid at the conclusion of the full performance year in accordance with the terms of the AIM program. Ms. Avedon is eligible for 12 months of base salary and an AIM award equal to her target.

Although the Company does not have a formal severance policy for officers, NEOs who do not have employment agreements providing for severance and who are terminated by the Company other than for cause will generally be considered for severance benefits up to 12 months' base salary. Depending on the circumstances and timing of the termination, they may also be eligible for a pro-rated portion of their AIM award earned for the year of termination as determined and paid at the conclusion of the full performance year in accordance with the terms of the AIM program.

In addition, the Company’s equity award agreements provide for the following treatment upon the occurrence of one of the specified events in the table below:

Immediately vest in the portion of the awards that would have vested within twelve months of termination and remain exercisable for a period of up to three years following termination of employment. Job Elimination			Vest pro-rata based on the time worked during the performance period and the achievement of performance goals from the beginning of the performance period through the end of the calendar quarter in which employment terminated.
Death or Disability	Immediately vest in unvested awards and the stock options remain exercisable for a period of up to three years following death or disability.	Immediately vest in unvested awards.	

In the event of a change in control or termination due to a Major Restructuring, severance would be determined pursuant to the terms of the change-in-control agreements or the Major Restructuring Severance Plan described below in lieu of severance under the terms of the employment agreements or the severance guidelines described above.

CHANGE IN CONTROL

The Company has entered into a change-in-control agreement with each NEO. The change-in-control agreement provides for certain payments if the employment is terminated by the Company without “cause” (as defined in the change-in-control agreements) or by the NEO for “good reason” (as defined in the change-in-control agreements), in each case, within two years following a change in control of the Company. For officers who first became eligible for a change-in-control agreement on or after May 19, 2009, including Ms. Carter, Mr. Regnery, Ms. Green and Mr. Zafari, the Company eliminated a severance payment based on outstanding PSP awards and eliminated a payment to cover the impact to the executive of certain incremental taxes incurred in connection with the payments made following a change in control.

Following a change in control, each NEO is entitled to continue receiving his or her current base salary and is entitled to an annual bonus in an amount not less than the highest annual bonus paid during the prior three full fiscal years.

If an NEO’s employment is terminated “without cause” or by the NEO for “good reason” within two years following a change in control, the NEO is entitled to the following:

any base salary and annual bonus for a completed fiscal year that had not been paid;

an amount equal to the NEO’s annual bonus for the last completed fiscal year pro-rated for the number of full months employed in the current fiscal year;

an amount equal to the NEO’s base salary pro-rated for any unused vacation days;

EXECUTIVE COMPENSATION

a lump sum severance payment from the Company equal to the three times (for the CEO) or two and one-half times (for other NEOs) the sum of:

- the NEO's annual salary in effect on the termination date, or, if higher, the annual salary in effect immediately prior to the reduction of the NEO's annual salary after the change in control; and
- the NEO's target AIM award for the year of termination or, if higher, the average of the AIM award amounts beginning three years immediately preceding the change in control and ending on the termination date; and
- for Messrs. Lamach and Teirlinck and Ms. Avedon, a lump sum payment equal to three times for Mr. Lamach and two and one-half times for Ms. Avedon and Mr. Teirlinck of: (a) the cash value of the target amount of the most recent PSU award; or (b) if higher, the average amounts of the last three PSU awards granted and paid to the NEO immediately preceding termination. This payment is in lieu of any rights the individual might have with respect to unvested PSU awards.

In addition to the foregoing, the NEOs would also be eligible to participate in the Company's welfare employee benefit programs for the severance period (three years for the CEO and two and one-half years for the other NEOs). For purposes of determining eligibility for applicable post-retirement welfare benefits, the NEO would be credited with any combination of additional years of service and age, not exceeding 10 years, to the extent necessary to qualify for such benefits. Mr. Regnery is the only active NEO eligible for retiree medical benefits due to his age and service as of January 1, 2003, when eligibility for the retiree medical benefit was frozen. The Company would also provide each NEO up to \$100,000 of outplacement services.

In the event of a change in control, participants in the EOSP and KMP would be immediately vested. A termination within two years following a change in control also triggers the payment of an enhanced benefit, whereby three years would be added to both age and service with the Company under the EOSP or KMP. In addition, the "final average pay" under the EOSP or KMP would be calculated as 33.33% of his or her severance benefit under the change-in-control agreement in the case of Mr. Lamach and 40% of the severance benefit under the applicable change-in-control agreement in the case of Ms. Carter, Mr. Regnery, Mr. Teirlinck, Mr. Zafari, and Ms. Avedon. These percentages reflect an annualized value of severance payments that would be provided in accordance with their respective agreements. Ms. Green does not participate in either the EOSP or KMP.

Under the Company's incentive plans, outstanding unvested stock options and RSUs immediately vest and become exercisable or payable, as applicable, following a change in control. PSUs will be deemed to have earned a pro-rata award based on the target award opportunity and total number of months worked in the applicable performance period. The proposed 2018 Incentive Stock Plan, to be voted on by shareholders in June 2018, will discontinue single-trigger vesting of equity for time-based awards granted under its terms.

A "change in control" is defined as the occurrence of any of the following events: (i) any person unrelated to the Company becomes the beneficial owner of 30% or more of the combined voting power of the Company's voting stock; (ii) the directors serving at the time the change-in-control agreements were executed (or the directors subsequently elected by the shareholders of the Company whose election or nomination was duly approved by at least two-thirds of the then serving directors) fail to constitute a majority of the Board of Directors; (iii) the consummation of a merger or consolidation of the Company with any other corporation in which the Company's voting securities outstanding immediately prior to such merger or consolidation represent 50% or less of the combined voting securities of the Company immediately after such merger or consolidation; (iv) any sale or transfer of all or substantially all of the Company's assets, other than a sale or transfer with a corporation where the Company owns at least 80% of the combined voting power of such corporation or its parent after such transfer; or (v) any other event that the continuing directors determine to be a change in control; provided however, with respect to (i), (iii) and (iv) above, there shall be no change in control if shareholders of the Company own more than 50% of the combined voting power of the voting securities of the Company or the surviving entity or any parent immediately following such transaction in substantially the same proportion to each other as prior to such transaction.

MAJOR RESTRUCTURING

The Company has adopted a Severance Plan that provides a cash severance payment in the event a participant's employment is terminated due to an involuntary loss of job without Cause (as defined in the Severance Plan) or a Good Reason (as defined in the Severance Plan), provided that the termination is substantially related to or a result of a Major Restructuring. The cash severance payment would be equal to two and one-half times (for the CEO) or two times (for other NEOs) (a) current base salary, and (b) current target AIM award. As of December 31, 2017, the value of cash severance for NEOs was: Mr. Lamach, \$8,775,000; Ms. Carter, \$2,880,000; Mr. Regnery, \$2,800,000; Mr. Teirlinck, \$2,827,500; Mr. Zafari, \$2,183,000; Ms. Avedon, \$2,312,500; and Ms. Green, \$1,980,000.

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

Participants would also receive a pro-rated portion of their target AIM award, based on actual Company and individual performance during the fiscal year in which termination of employment occurred. Participants in the EOSP or KMP who are not vested in such plans would also receive a cash payment equal to the amount of the benefit to which they would have been entitled if they were vested.

Table of Contents**EXECUTIVE COMPENSATION**

In addition, the Company's equity awards provide that employees who terminate employment due to an involuntary loss of job without Cause (as defined in the applicable award agreement) or for Good Reason (as defined in the applicable award agreement) within one year of completion of a Major Restructuring will, provided that the termination is substantially related to the Major Restructuring, (i) immediately vest in all unvested stock options and may exercise all vested stock options at any time within the following three-year period (five years if retirement eligible) or the remaining term of the stock option, if shorter, (ii) immediately vest in all RSUs, except that retirement eligible participants with at least five years of service would continue their existing vesting schedule, and (iii) receive a prorated payout of outstanding PSUs based on actual performance at the end of performance period. As of December 31, 2017, the value of unvested equity awards was: Mr. Lamach, \$29,295,318; Ms. Carter, \$6,407,895; Mr. Regnery, \$3,277,064; Ms. Avedon, \$3,926,599; Ms. Green, \$3,901,377; Mr. Teirlinck, \$6,028,178; Mr. Zafari, \$4,011,353.

A "Major Restructuring" is defined as a reorganization, recapitalization, extraordinary stock dividend, merger, sale, spin-off or other similar transaction or series of transactions, which individually or in the aggregate, has the effect of resulting in the elimination of all, or the majority of, any one or more of the Company's two business segments (i.e., Climate and Industrial), so long as such transaction or transactions do not constitute a Change in Control (as defined in the applicable plan).

2017 POST-EMPLOYMENT BENEFITS TABLE

The following table describes the compensation to which each of the NEOs would be entitled in the event of termination of such executive's employment on December 31, 2017, including termination following a change in control. The potential payments were determined under the terms of our plans and arrangements in effect on December 31, 2017. The table does not include the pension benefits or nonqualified deferred compensation amounts that would be paid to an NEO, which are set forth in the Pension Benefits table and the Nonqualified Deferred Compensation table above, except to the extent that the NEO is entitled to an additional benefit as a result of the termination. Mr. Zafari is excluded from the table as his termination date was January 1, 2018 and we have shown his benefit entitlements in earlier sections.

For the “Involuntary without Cause” column, for those NEOs who do not have a formal separation agreement, the current severance guidelines permit payment of up to one year’s base salary provided that such termination was not eligible for severance benefits under the Major Restructuring Severance Plan. Because of her service, Ms. Green’s severance is equal to 42 weeks rather than 52. For the amounts shown (a) under the “Change in Control” columns, refer to the description of how severance is calculated in the section above, entitled Post-Employment Benefits. For Mr. Lamach and Ms. Avedon, severance amounts in 2017 would be reduced per the cut-back provision in their change-in-control agreement. The reduction in severance would have been \$1,613,960 for Mr. Lamach and \$65,122 for Ms. Avedon. The amounts shown above reflect the severance prior to these reductions.

Table of Contents**EXECUTIVE COMPENSATION**

(b) For the “Involuntary without Cause” column, these amounts represent the (i) AIM award earned by Mr. Lamach, Ms. Carter and Ms. Avedon in 2017 and paid pursuant to the terms of their employment agreements and (ii) prorated AIM awards (up to target) that may be paid to the other NEOs depending on the circumstances and timing of the termination. For the amounts under “Change in Control,” these amounts represent the actual award earned for the 2017 performance period, which may be more or less than the target award.

(c) For the “Involuntary without Cause” column, these amounts represent the cash value of the prorated PSU award payout to Messrs. Lamach, Regnery, Avedon, Green and Teirlinck by existing employment agreement or because they were retirement eligible at December 31, 2017. For the “Change in Control” column for Messrs. Lamach and Teirlinck and Ms. Avedon, these amounts represent the cash value of the PSU award payout, based on the appropriate multiple. For the “Change in Control” column for Mr. Regnery, Ms. Carter and Ms. Green, these values represent what would be provided under the terms of the 2013 Plan, which provide a pro-rated payment for all outstanding awards at target. For the “Retirement,” “Disability” and “Death” columns, amounts represent the cash value of the prorated portion of their PSUs that vest upon such events assuming performance at target. Amounts for each column are based on the closing stock price of the ordinary shares on December 31, 2017 (\$89.19).

(d) The amounts shown for “Retirement,” “Involuntary without Cause,” “Change in Control,” “Death” and “Disability” represent (i) the value of the unvested RSUs, which is calculated based on the number of unvested RSUs multiplied by the closing stock price of the ordinary shares on December 31, 2017 (\$89.19), and (ii) the intrinsic value of the unvested stock options, which is calculated based on the difference between the closing stock price of the ordinary shares on December 31, 2017 (\$89.19) and the relevant exercise price. However, only in the event of termination following a “Change in Control” or, beginning with the 2013 awards, termination due to “Death” or “Disability” is there accelerated vesting of unvested awards. For “Retirement,” “Disability” (before 2013 grant) and “Death” (before 2013 grant), the awards do not accelerate but continue to vest on the same basis as active employees. Because Messrs. Regnery and Teirlinck and Ms. Avedon were retirement eligible, they would continue to vest in stock options and RSUs after termination of employment for any reason other than cause.

(e) In the event of a change in control of the Company and termination of the NEOs, the present value of the pension benefits under the EOSP, KMP and Supplemental Pension Plan would be paid out as lump sums. While there is no additional benefit to the NEOs as a result of either voluntary retirement/resignation and/or involuntary resignation without cause, there are differences (based on the methodology mandated by the SEC) between the numbers that are shown in the Pension Benefits Table and those that would actually be payable to the NEO under these termination scenarios.

(f) For the “Involuntary without Cause” column, each NEO is eligible for outplacement services for a twelve month period, not to exceed \$11,400. For the “Change in Control” column, the amount represents the maximum expenses the Company would reimburse the NEO for professional outplacement services.

(g) Represents the Company cost of health and welfare coverage. The cost for “Change in Control” represents continued active coverage for the severance period. For Mr. Regnery, the value shown includes the cost for retiree coverage.

(h) Pursuant to the change-in-control agreements for Messrs. Lamach and Teirlinck and Ms. Avedon, if any payment or distribution by the Company to these NEOs creates certain incremental taxes, they would be entitled to receive from the Company a payment in an amount sufficient to place them in the same after-tax financial position as if such taxes had not been imposed. For 2017, as a result of a cut-back provision in the change-in-control agreements, these three NEOs were not eligible for this payment, and therefore no value is shown in the table above.

CEO PAY RATIO

The ratio of our median employee’s total compensation to our CEO’s total compensation (the “CEO Pay Ratio”) is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. Due to the flexibility afforded by Item 402(u) in calculating the CEO Pay Ratio, the ratio may not be comparable to CEO pay ratios presented by other companies.

We identified our median employee using our global employee population as of October 31, 2017. We have employees in over 60 countries including 18,415 non-U.S. employees. As part of our methodology, and in compliance with the pay ratio rule under Item 402(u), we employed the de minimis exemption for non-U.S. employees and excluded all employees in 35 countries totaling 1,034 employees (approximately 2.4% of our total workforce of 43,277). Employees in the following countries were excluded:

Country	Number of Employees	Country	Number of Employees	Country	Number of Employees
Vietnam	101	South Africa	97	Indonesia	95
Sweden	60	Turkey	59	Russia	57

Table of Contents**EXECUTIVE COMPENSATION**

As a result, the population used to identify our median employee included 42,243 of our 43,277 employees. Our in-scope employees consisted of our full-time, part-time, seasonal and temporary employees and excluded independent contractors and leased workers. As permitted under SEC rules, to determine our median employee, we used annual total direct compensation (which includes annual base pay rate, overtime, incentive/bonus, commissions and long-term incentives), as our consistently applied compensation measure. In identifying our median employee, we further annualized pay for those full-time and part-time employees (but not seasonal and temporary employees) who commenced work during 2017. We believe that annual total direct compensation encompasses all of the principal methods of compensation we use for our employees and provides a reasonable estimate of annual compensation of our employees.

After identifying the median employee, we calculated the median employee's total annual compensation in accordance with the requirements of the Summary Compensation Table. Based on such calculation, our median employee's total compensation was \$56,115, while our CEO's compensation was \$18,797,876. Accordingly, our CEO Pay Ratio was 335:1.

using the Internet and voting at www.proxyvote.com;
calling 1-800-690-6903 and following the telephone prompts; or

INFORMATION CONCERNING VOTING AND SOLICITATION

If you are a shareholder of record and you choose to submit your proxy by telephone by calling the toll-free number on your proxy card, your use of that telephone system and in particular the entry of your pin number/other unique identifier, will be deemed to constitute your appointment, in writing and under hand, and for all purposes of the Companies Act 2014, of the persons named on the proxy card as your proxy to vote your shares on your behalf in accordance with your telephone instructions.

Shareholders of record may also vote their shares directly by attending the Annual General Meeting and casting their vote in person or appointing a proxy (who does not have to be a shareholder) to attend the Annual General Meeting and casting votes on their behalf in accordance with their instructions.

Street name holders must vote their shares in the manner prescribed by their bank, brokerage firm or nominee. Street name holders who wish to vote in person at the Annual General Meeting must obtain a legal proxy from their bank, brokerage firm or nominee. Street name holders will need to bring the legal proxy with them to the Annual General Meeting and hand it in with a signed ballot that is available upon request at the meeting. Street name holders will not be able to vote their shares at the Annual General Meeting without a legal proxy and a signed ballot.

Even if you plan to attend the Annual General Meeting, we recommend that you vote by proxy as described above so that your vote will be counted if you later decide not to attend the meeting.

In order to be timely processed, your vote must be received by 11:59 p.m. Eastern Time on June 6, 2018 (or, if you are a street name holder, such earlier time as your bank, brokerage firm or nominee may require).

HOW MAY EMPLOYEES VOTE UNDER OUR EMPLOYEE PLANS?

If you participate in the ESP, the Ingersoll-Rand Company Employee Savings Plan for Bargained Employees, the Ingersoll-Rand Retirement Savings Plan for Participating Affiliates in Puerto Rico, the Ingersoll-Rand Individual Account Retirement Plan for Bargaining Unit Employees at the Buffalo, New York Plant or the Trane 401(k) and Thrift Plan, then you may be receiving these materials because of shares held for you in those plans. In that case, you may use the enclosed proxy card to instruct the plan trustees of those plans how to vote your shares, or give those instructions by telephone or over the Internet. They will vote these shares in accordance with your instructions and the terms of the plan.

To allow plan administrators to properly process your vote, your voting instructions must be received by 11:59 p.m. Eastern Time on June 3, 2018.

If you do not provide voting instructions for shares held for you in any of these plans, the plan trustees will vote these shares in the same ratio as the shares for which voting instructions are provided.

MAY I REVOKE MY PROXY?

You may revoke your proxy at any time **before it is voted at the Annual General Meeting** in any of the following ways:

- by notifying the Company's Secretary in writing: c/o Ingersoll-Rand plc, 170/175 Lakeview Dr., Airside Business Park, Swords, Co. Dublin, Ireland;
- by submitting another properly signed proxy card with a later date or another Internet or telephone proxy at a later date but prior to the close of voting described above; or
- by voting in person at the Annual General Meeting.

Merely attending the Annual General Meeting does not revoke your proxy. To revoke a proxy, you must take one of the actions described above.

HOW WILL MY PROXY GET VOTED?

If your proxy is properly submitted, your proxy holder (one of the individuals named on the proxy card) will vote your shares as you have directed. If you are a street name holder, the rules of the NYSE permit your bank, brokerage firm or nominee to vote your shares on Items 3, 5, 6 and 7 (routine matters) if it does not receive instructions from you. However, your bank, brokerage firm or

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

nominee may not vote your shares on Items 1, 2 and 4 (non-routine matters) if it does not receive instructions from you ("broker non-votes"). Broker non-votes will not be counted as votes for or against the non-routine matters, but rather will be regarded as votes withheld and will not be counted in the calculation of votes for or against the resolution.

If you are a shareholder of record and you do not specify on the proxy card you send to the Company (or when giving your proxy over the Internet or telephone) how you want to vote your shares, then the Company-designated proxy holders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion regarding any other matters properly presented for a vote at the meeting.

INFORMATION CONCERNING VOTING AND SOLICITATION

WHAT CONSTITUTES A QUORUM?

The presence (in person or by proxy) of shareholders entitled to exercise a majority of the voting power of the Company on the Record Date is necessary to constitute a quorum for the conduct of business. Abstentions and broker non-votes are treated as “shares present” for the purposes of determining whether a quorum exists.

WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL?

A majority of the votes cast at the Annual General Meeting is required to approve each of Items 1, 2, 3, 4 and 5. A majority of the votes cast means that the number of votes cast “for” an Item must exceed the number of votes cast “against” that Item. Items 6 and 7 are considered special resolutions under Irish law and require 75% of the votes cast for approval.

Although abstentions and broker non-votes are counted as “shares present” at the Annual General Meeting for the purpose of determining whether a quorum exists, they are not counted as votes cast either “for” or “against” the resolution and, accordingly, will not affect the outcome of the vote.

WHO PAYS THE EXPENSES OF THIS PROXY STATEMENT?

We have hired Alliance Advisors, LLC to assist in the distribution of proxy materials and the solicitation of proxies for a fee estimated at \$15,000 plus out-of-pocket expenses. Proxies will be solicited on behalf of our Board of Directors by mail, in person, by telephone and through the Internet. We will bear the cost of soliciting proxies. We will also reimburse brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to the persons for whom they hold shares.

HOW WILL VOTING ON ANY OTHER MATTER BE CONDUCTED?

Although we do not know of any matters to be presented or acted upon at the Annual General Meeting other than the items described in this Proxy Statement, if any other matter is proposed and properly presented at the Annual General Meeting, the proxy holders will vote on such matters in accordance with their best judgment.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The Company does not generally engage in transactions in which its executive officers, directors or nominees for directors, any of their immediate family members or any of its 5% shareholders have a material interest. Pursuant to the Company's written related person transaction policy, any such transaction must be reported to management, which will prepare a summary of the transaction and refer it to the Corporate Governance and Nominating Committee for consideration and approval by the disinterested directors. The Corporate Governance and Nominating Committee reviews the material terms of the related person transaction, including the dollar values involved, the relationships and interests of the parties to the transaction and the impact, if any, to a director's independence. The Corporate Governance and Nominating Committee only approves those transactions that are in the best interest of the Company. In addition, the Company's Code of Conduct, which sets forth standards applicable to all employees, officers and directors of the Company, generally proscribes transactions that could result in a conflict of interest for the Company. Any waiver of the Code of Conduct for any executive officer or director requires the approval of the Company's Board of Directors. Any such waiver will, to the extent required by law or the NYSE, be disclosed on the Company's website at www.ingersollrand.com or on a current report on Form 8-K. No such waivers were requested or granted in 2017.

We have not made payments to directors other than the fees to which they are entitled as directors (described under the heading "Compensation of Directors") and the reimbursement of expenses related to their services as directors. We have made no loans to any director or officer nor have we purchased any shares of the Company from any director or officer.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and officers, and persons who beneficially own more than ten percent of the Company's ordinary shares, to file reports of ownership and reports of changes in ownership with the SEC and the NYSE. To the Company's knowledge, based solely on its review of such forms received by the Company and written representations that no other reports were required, all Section 16(a) filing requirements were complied with for the year 2017.

SHAREHOLDER PROPOSALS AND NOMINATIONS

Any proposal by a shareholder intended to be presented at the 2019 Annual General Meeting of shareholders of the Company must be received by the Company at its registered office at 170/175 Lakeview Drive, Airside Business Park, Swords, Co. Dublin, Ireland, Attn: Secretary, no later than December 26, 2018, for inclusion in the proxy materials relating to that meeting. Any such proposal must meet the requirements set forth in the rules and regulations of the SEC, including Rule 14a-8, in order for such proposals to be eligible for inclusion in our 2018 proxy statement.

The Company's Articles of Association set forth procedures to be followed by shareholders who wish to nominate candidates for election to the Board of Directors in connection with Annual General Meetings of shareholders or pursuant to written shareholder consents or who wish to bring other business before a shareholders' general meeting. All such nominations must be accompanied by certain background and other information specified in the Articles of Association. In connection with the 2019 Annual General Meeting, written notice of a shareholder's intention to make such nominations or bring business before the Annual General Meeting must be given to the Secretary of the Company not later than March 9, 2019. If the date of the 2019 Annual General Meeting occurs more than 30 days before, or 60 days after, the anniversary of the 2018 Annual General Meeting, then the written notice must be provided to the Secretary of the Company not later than the seventh day after the date on which notice of such Annual General Meeting is given.

In addition, the Company's Articles of Association separately provide shareholders representing 3% or more of the voting power of the Company's shares with the right, subject to certain terms and conditions, to nominate candidates for election to the Board of Directors and have such candidate included in our proxy materials for the applicable Annual General Meeting ("proxy access"). All such nominations must be accompanied by certain background and other information specified in the Articles of Association. In connection with the 2019 Annual General Meeting, written notice of proxy access nominations must be given to the Secretary of the Company not earlier than November 26, 2018 and not later than later than December 26, 2018. If the date of the 2019 Annual General Meeting occurs more than 30 days before, or 60 days after, the anniversary of the 2018 Annual General Meeting, then the written notice must be provided to the Secretary of the Company not earlier than 120 days prior to the 2018 Annual General Meeting and not later than the close of business on the later of (x) the 90th day prior to the 2019 Annual General Meeting or (y) the 10th day following the day on which public announcement of the date of the 2019 Annual General Meeting is first made.

The Corporate Governance and Nominating Committee will consider all shareholder recommendations for candidates for Board membership, which should be sent to the Committee, care of the Secretary of the Company, at the address set forth above. In addition to considering candidates recommended by shareholders, the Committee considers potential candidates recommended by current directors, Company officers, employees and others. As stated in the Company's Corporate Governance Guidelines, all candidates for Board membership are selected based upon their judgment, character, achievements and experience in matters affecting business and industry. Candidates recommended by shareholders are evaluated in the same manner as director candidates identified by any other means.

In order for you to bring other business before a shareholder general meeting, timely notice must be received by the Secretary of the Company within the time limits described above. The notice must include a description of the proposed item, the reasons you believe support your position concerning the item, and other specified matters. These requirements are separate from and in addition to the requirements you must meet to have a proposal included in our Proxy Statement. The foregoing time limits also apply in determining whether notice is timely for purposes of rules adopted by the SEC relating to the exercise of discretionary voting authority.

If a shareholder wishes to communicate with the Board of Directors for any other reason, all such communications should be sent in writing, care of the Secretary of the Company, or by email at irboard@irco.com.

Table of Contents

HOUSEHOLDING

SEC rules permit a single set of annual reports and proxy statements to be sent to any household at which two or more shareholders reside if they appear to be members of the same family. Each shareholder continues to receive a separate proxy card. This procedure is referred to as householding. While the Company does not household in mailings to its shareholders of record, a number of brokerage firms with account holders who are Company shareholders have instituted householding. In these cases, a single proxy statement and annual report will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once a shareholder has received notice from his or her broker that the broker will be householding communications to the shareholder's address, householding will continue until the shareholder is notified otherwise or until the shareholder revokes his or her consent. If at any time a shareholder no longer wishes to participate in householding and would prefer to receive a separate proxy statement and annual report, he or she should notify his or her broker. Any shareholder can receive a copy of the Company's proxy statement and annual report by contacting the Company at its registered office at 170/175 Lakeview Drive, Airside Business Park, Swords, Co. Dublin, Ireland, Attention: Secretary or by accessing it on the Company's website at www.ingersollrand.com.

Shareholders who hold their shares through a broker or other nominee who currently receive multiple copies of the proxy statement and annual report at their address and would like to request householding of their communications should contact their broker.

(i) Board: The Board of Directors of the Company.

(j) Change in Control: The date:

- (i) any individual, company, corporation, partnership, group, association or other person or entity, together with its Affiliates and Associates (other than a trustee or other fiduciary holding securities under an employee benefit plan of the Company or Ingersoll-Rand Company, a New Jersey corporation), is or becomes the Beneficial Owner of securities of the Company representing 30% or more of the combined voting power of the Company’s Voting Securities;

provided, however, that in the case of a transaction described in (i) or (iii), above, there shall not be a Change in Control if the shareholders of the Company immediately prior to any such transaction own (or continue to own by remaining outstanding or by being converted into Voting Securities of the surviving entity or parent entity) more than 50% of the combined voting power of the Voting Securities of the Company, the surviving entity or any parent of either immediately following such transaction, in substantially the same proportion to each other as prior to such transaction.

A transaction shall not constitute a Change in Control if it is effected for the purpose of changing the place of incorporation, tax residency or form of organization of the ultimate parent entity (including where the ultimate parent entity is succeeded by an entity incorporated under the laws of another state, country or foreign government for such purpose and whether or not the former ultimate parent entity remains in existence following such transaction) and where the shareholders of the Company immediately prior to any such transaction own (or continue to own by remaining outstanding or by being converted into Voting Securities of the successor parent entity) more than 50% of the combined voting power of the former ultimate parent entity or the successor ultimate parent entity immediately following such transaction, in substantially the same proportion to each other as prior to such transaction.

Notwithstanding the foregoing, if a Change in Control constitutes a payment event with respect to any Award (or any portion of an Award) that provides for the deferral of compensation that is subject to Section 409A of the Code, to the extent required to avoid the imposition of additional taxes under Section 409A of the Code, the transaction or event described in this Section 2(g) with respect to such Award (or portion thereof) shall only constitute a Change in Control for purposes of the payment timing of such Award if such transaction also constitutes a “change in control event,” as defined in Treasury Regulation Section 1.409A-3(i)(5).

Except as provided below in Section 3(b) or 3(c), the number of Shares remaining available for issuance shall be reduced by the number of Shares subject to Awards that are granted hereunder. For Awards of Options and Share Appreciation Rights, each outstanding Option or Share Appreciation Right shall reduce the number of remaining of Shares under the Plan by 1 Share. For Full Value Awards, the number of remaining available Shares shall be reduced by the product of 4.64 Shares multiplied by the number of Shares subject to the Award. The Shares may consist, in whole or in part, of authorized and unissued Shares or treasury Shares or a combination thereof.

(b) Shares Reissuable Under Plan

The following Shares shall again be available for the grant of an Award pursuant to the Plan: (i) Shares that are not issued as a result of the termination, cancellation, expiration or lapsing of any Award for any reason; (ii) Shares subject to a Full Value Award that are not issued because the Award is settled in cash; (iii) Shares covered by a Full Value Award that are retained or are otherwise not issued by the Company in order to satisfy tax withholding obligations in connection with Full Value Awards.

(c) Shares Not Reissuable Under Plan

Notwithstanding the foregoing, the following Shares shall be counted against the maximum number of Shares available for issuance pursuant to Section 3(a) and shall not be returned to the Plan: (i) Shares subject to an Option or Share Appreciation Right that are retained or otherwise not issued by the Company in order to satisfy tax withholding obligations in connection with Options or Share Appreciation Rights or in payment of the exercise or purchase price of Options; (ii) Shares that are not issued or delivered as a result of the net-settlement of an outstanding Option or Share Appreciation Right; or (iii) Shares that are repurchased or redeemed on the open market with the proceeds of the exercise of an Option.

APPENDIX B

(d) Shares Not Counted Against Share Pool Reserve

Notwithstanding anything contained in Section 3 to the contrary, (i) Substitute Awards shall not reduce the overall limit on Shares available for grant under the Plan; provided, that Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding options intended to qualify as ISOs shall reduce the aggregate number of Shares available for Awards of ISOs under the Plan; and (ii) subject to applicable stock exchange requirements, available shares under a shareholder approved plan of an entity directly or indirectly acquired by the Company or with which the Company combines (as appropriately adjusted to reflect the acquisition or combination transaction) may be used for Awards under the Plan and shall not reduce the number of Shares available for delivery under the Plan.

(e) Non-Employee Director Award Limit

Notwithstanding any provision to the contrary in the Plan or in any policy of the Company regarding compensation payable to a non-Employee Director, the sum of the grant date fair value (determined as of the grant date in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, or any successor thereto) of all Awards payable in Shares and the maximum amount that may become payable pursuant to all cash-based Awards that may be granted under the Plan to an individual as compensation for services as a non-Employee Director, together with cash compensation paid to the non-Employee Director, shall not exceed \$1,000,000 in any calendar year.

(f) Award Limits for Employees.

The maximum number of shares of Common Stock that may be subject to Options or Share Appreciation Awards that are granted to any Employee during any calendar year shall not exceed 750,000 Shares, subject to adjustment as provided in Section 11 hereof. The maximum amount with respect to one or more Performance-Based Awards that may be granted to any Employee during any calendar year shall not exceed \$15 million, calculated based on the Fair Market Value of the number of Shares subject to the Performance-Based Award on the date of grant.

4. Administration

(a) Committee

The Plan shall be administered by the Committee, which may delegate its duties and powers in whole or in part to any subcommittee thereof consisting solely of at least two individuals who are intended to qualify as "Non-Employee Directors" within the meaning of Rule 16b-3 under the Exchange Act (or any successor rule thereto) and "independent directors" within the meaning of The New York Stock Exchange's listed company rules. Additionally, the Committee may delegate the authority to take any of the actions set forth in Section 4(b), including the authority to grant Awards under the Plan to any Employee or group of Employees of the Company or an Affiliate; provided, however, that such delegation, including to grant awards, is consistent with Applicable Laws and guidelines established by the Committee from time to time. Notwithstanding the foregoing, the full Board, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to all Awards granted to Non-Employee Directors and for purposes of such Awards the term "Committee" as used in this Plan shall be deemed to refer to the Board. In its sole discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under the Plan, except with respect to matters which under Rule 16b-3 under the Exchange Act or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee. The Committee may appoint such agents as it deems necessary or advisable for the proper administration of the Plan; provided, however, that such appointment is consistent with Applicable Laws and guidelines established by the Committee from time to time.

(b) Authority of Committee

The Committee has the exclusive power, authority and discretion to:

- (i) Designate Participants to receive Awards;
- (ii) Determine the type or types of Awards to be granted to each Participant;
- (iii) Determine the number of Awards to be granted and the number of Shares to which an Award will relate;

Determine the terms and conditions of any Award granted pursuant to the Plan, including, without limitation, the Option Price, grant price, or purchase price, any restrictions or limitations on the Award, any schedule for lapse of forfeiture restrictions or (iv) restrictions on the exercisability of an Award, and accelerations or waivers thereof, and any provisions related to non-competition and recapture of gain on an Award, based in each case on such considerations as the Committee in its sole discretion determines;

- (vi) Prescribe the form of each Award Agreement, which need not be identical for each Participant and may vary for Participants within and outside of the United States;
- (vii) Decide all other matters that must be determined in connection with an Award;
- (viii) Establish, adopt, or revise any rules and regulations including adopting sub-plans to the Plan for the purposes of complying with foreign laws and/or taking advantage of tax-favorable treatment for Awards granted to Participants outside the United States, as it may deem necessary or advisable to administer the Plan;
- (ix) Interpret the terms of, and any matter arising pursuant to, the Plan or any Award Agreement;
- (x) Correct any defect or supply any omission or reconcile any inconsistency in the Plan in the manner and to the extent the Committee deems necessary or desirable; and

(c) Decisions Binding

Any decision of the Committee or its delegate pursuant to Section 4(a) hereof shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned (including, but not limited to, Participants and their beneficiaries or successors).

5. Terms and Conditions of Restricted Share Units

(a) Restricted Share Units

The Committee is authorized to grant Restricted Share Units to Participants in such amounts and subject to such terms and conditions not inconsistent with the Plan as the Committee shall impose.

(b) Vesting Restrictions

The Committee shall specify the date or dates on which the Restricted Share Units shall become fully vested and non-forfeitable, and may specify such conditions to vesting, if any, as it deems appropriate. The vesting conditions, if any, may be based on, among other conditions, a Participant's continued Service or the attainment of Performance Goals.

(c) Form and Timing of Payment

The Committee shall specify the settlement date applicable to each grant of Restricted Share Units, which date shall not be earlier than the date or dates on which the Restricted Share Units shall become fully vested and non-forfeitable, or such settlement date may be deferred to any later date, subject to compliance with Section 409A of the Code, as applicable. On the settlement date, the Company shall, subject to satisfaction of applicable Tax-Related Items (as further set forth in Section 20 hereof), deliver to the Participant one Share for each Restricted Share Unit scheduled to be paid out on such date and not previously forfeited. Alternatively, settlement of a Restricted Share Unit may be made in cash (in an amount reflecting the Fair Market Value of the Shares that otherwise would have been issued) or any combination of cash and Shares, as determined by the Committee, in its sole discretion, in either case, less applicable Tax-Related Items (as further set forth in Section 20 hereof). Until a Restricted Share Unit is settled, the number of Restricted Share Units shall be subject to adjustment pursuant to Section 11 hereof.

(d) Forfeiture

Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, any Restricted Share Units that are not vested as of the date of the Participant's termination of service shall be forfeited.

APPENDIX B

(e) General Creditors

A Participant who has been granted Restricted Share Units shall have no rights other than those of a general creditor of the Company. Restricted Share Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Award Agreement evidencing the grant of the Restricted Share Units.

6. Terms and Conditions of Restricted Share Awards

(a) Grant of Restricted Shares

The Committee is authorized to grant Restricted Shares to Employees or Directors selected by the Committee in such amounts and subject to such terms and conditions not inconsistent with the Plan as the Committee shall impose.

(b) Purchase Price

At the time of the grant of Restricted Shares, the Committee shall determine the price, if any, to be paid by the Participant for each Share subject to the Award. The purchase price of Shares acquired pursuant to the Award shall be paid either: (i) in cash at the time of purchase; (ii) at the sole discretion of the Committee, by Service rendered or to be rendered to the Company or an Affiliate; or (iii) in any other form of legal consideration that may be acceptable to the Committee in its sole discretion and in compliance with Applicable Laws.

(c) Issuance and Restrictions

Restricted Shares shall be subject to such restrictions, if any, on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Shares or the right to receive dividends or repayment of capital on the Restricted Shares). The restrictions, if any, may be based on, among other conditions, a Participant's continued Service or the attainment of Performance Goals. These restrictions, if any, may lapse separately or in combination at such times, pursuant to such circumstances, in such installments, or otherwise, as the Committee determines at the time of the grant of the Award or thereafter.

(d) Dividends

Any dividends that are distributed with respect to Restricted Shares shall be paid in accordance with the applicable Award Agreement, subject to the provisions of Section 10(b)(ii) hereof.

(e) Forfeiture

Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of Service during the applicable restriction period, Restricted Shares that are at that time subject to restrictions shall be forfeited.

(f) Certificates for Restricted Shares

Restricted Shares granted pursuant to the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Shares are registered in the name of the Participant, certificates shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Shares, and the Company may, at its discretion, retain physical possession of the certificate until such time as all applicable restrictions lapse.

7. Terms and Conditions of Options

(a) Option Type

Options granted under the Plan shall be, as determined by the Committee, non-qualified or ISOs, as evidenced by the related Award Agreements, and shall be subject to the foregoing and the following terms and conditions and to such other terms and conditions, not inconsistent therewith, as the Committee shall determine:

(b) Option Price

The Option Price per Share shall be determined by the Committee, but shall not be less than 100% of the Fair Market Value of a Share on the date an Option is granted (other than in the case of Substitute Awards).

Table of Contents

APPENDIX B

(c) Exercisability

Options granted under the Plan shall be exercisable at such time and upon such terms and conditions as may be determined by the Committee, but in no event shall an Option be exercisable more than ten years after the date it is granted. The Committee shall specify the date or dates on which the Options shall become fully vested, and may specify such conditions to vesting, if any, as it deems appropriate. The vesting conditions, if any, may be based on, among other conditions, a Participant's continued Service or the attainment of Performance Goals.

(d) Exercise of Options

Except as otherwise provided in the Plan or in an Award Agreement, an Option may be exercised for all, or from time to time any part, of the Shares for which it is then exercisable. For purposes of Section 7 of the Plan, the exercise date of an Option shall be the later of the date a notice of exercise is received by the Company or its designee or administrative agent in the form and manner satisfactory to the Company and, if applicable, the date payment is received by the Company or its designee or administrative agent in accordance with the following sentence. The purchase price for the Shares as to which an Option is exercised shall be paid to the Company as designated by the Committee, pursuant to one or more of the following methods: (i) in cash or its equivalent (e.g., by personal check), (ii) if there is a public market for the Shares underlying the Options at such time, through the delivery of irrevocable instructions to a broker to sell Shares obtained upon the exercise of the Option and to deliver promptly to the Company an amount out of the proceeds of such sale equal to the aggregate Option Price for the Shares being purchased, or (iii) any other method of payment authorized by the Committee. No fractional Shares will be issued upon exercise of an Option, but instead the number of Shares will be rounded downward to the next whole Share.

(e) ISOs

The Committee may grant Options under the Plan that are intended to be ISOs. Such ISOs shall comply with the requirements of Section 422 of the Code (or any successor section thereto). ISOs shall be granted only to Participants who are employees of the Company and its Subsidiaries. No ISO may be granted to any Participant who at the time of such grant, owns more than ten percent of the total combined voting power of all classes of stock of the Company or of any Subsidiary, unless (i) the Option Price for such ISO is at least 110% of the Fair Market Value of a Share on the date the ISO is granted and (ii) the date on which such ISO terminates is a date not later than the day preceding the fifth anniversary of the date on which the ISO is granted. Any Participant who disposes of Shares acquired upon the exercise of an ISO either (A) within two years after the date of grant of such ISO or (B) within one year after the transfer of such Shares to the Participant, shall notify the Company of such disposition and of the amount realized upon such disposition. All Options granted under the Plan are intended to be nonqualified options, unless the applicable Award Agreement expressly states that the Option is intended to be an ISO. If an Option is intended to be an ISO, and if for any reason such Option (or portion thereof) shall not qualify as an ISO, then, to the extent of such nonqualification, such Option (or portion thereof) shall be regarded as a nonqualified option granted under the Plan; provided that such Option (or portion thereof) otherwise complies with the Plan's requirements relating to nonqualified options. In no event shall any member of the Committee, the Company or any of its Affiliates (or their respective employees, officers or directors) have any liability to any Participant (or any other Person) due to the failure of an Option to qualify for any reason as an ISO.

(f) Rights with Respect to Shares

No Participant shall have any rights to dividends or other rights of a shareholder with respect to Shares subject to an Option until the Participant has given written notice of exercise of the Option, paid in full for such Shares and, if applicable, has satisfied any other conditions imposed by the Committee pursuant to the Plan.

8. Terms and Conditions of Share Appreciation Rights

(a) Grants

The Committee may grant (i) a Share Appreciation Right independent of an Option or (ii) a Share Appreciation Right in connection with an Option, or a portion thereof. A Share Appreciation Right granted pursuant to clause (ii) of the preceding sentence (A) may only be granted at the time the related Option is granted, (B) shall cover the same number of Shares covered by an Option (or such lesser number of Shares as the Committee may determine) and (C) shall be subject to the same terms and conditions as such Option except for such additional limitations as are contemplated by this Section 8 (or such additional limitations as may be included in an Award Agreement). Payment shall be made in Shares or cash, at the discretion of the Committee.

Table of Contents

APPENDIX B

(b) Terms

The exercise price per Share of a Share Appreciation Right shall be an amount determined by the Committee but in no event shall such amount be less than the Fair Market Value of a Share on the date the Share Appreciation Right is granted (other than in the case of Substitute Awards); provided, however, that in the case of a Share Appreciation Right granted in conjunction with an Option, or a portion thereof, the exercise price may not be less than the Option Price of the related Option. Each Share Appreciation Right granted independent of an Option shall entitle a Participant upon exercise to a number of Shares equal to an amount that is (i) the excess of (A) the opening price of the Shares on the exercise date of one Share (the "Opening Price") over (B) the exercise price per Share, multiplied by (ii) the number of Shares covered by the Share Appreciation Right; provided, however, that if the Share Appreciation Right is settled in Shares, such amount shall be divided by the Opening Price. Each Share Appreciation Right granted in conjunction with an Option, or a portion thereof, shall entitle a Participant to surrender to the Company the unexercised Option, or any portion thereof, and to receive from the Company in exchange therefore a number of Shares equal to an amount that is (i) the excess of (A) the Opening Price over (B) the Option Price per Share, multiplied by (ii) the number of Shares covered by the Option, or portion thereof, which is surrendered; provided, however, that if the Share Appreciation Right is settled in Shares, such amount shall be divided by the Opening Price. Share Appreciation Rights may be exercised from time to time upon actual receipt by the Company or its designee or administrative agent of written notice of exercise in the form and manner satisfactory to the Company stating the number of Shares with respect to which the Share Appreciation Right is being exercised. The date a notice of exercise is received by the Company shall be the exercise date. No fractional Shares will be issued in payment for Share Appreciation Rights, but instead the number of Shares will be rounded downward to the next whole Share. The Committee shall specify the date or dates on which the Share Appreciation Rights shall become fully vested, and may specify such conditions to vesting, if any, as it deems appropriate. The vesting conditions, if any, may be based on, among other conditions, a Participant's continued Service or the attainment of Performance Goals.

(c) Limitations

The Committee may impose, in its discretion, such conditions regarding the exercisability of Share Appreciation Rights as it may deem fit, but in no event shall a Share Appreciation Right be exercisable more than ten years after the date it is granted.

9. Other Share-Based Awards

(a) Grants of Other Share-Based Awards and Performance-Based Awards

Subject to limitation under Applicable Laws, the Committee is authorized under the Plan to grant Awards (other than Options, Restricted Share Units, Restricted Shares and Share Appreciation Rights) to Employees or Directors subject to the terms and conditions set forth in this Section 9 and such other terms and conditions as may be specified by the Committee that are not inconsistent with the provisions of the Plan and that, by their terms, involve or might involve the issuance of, consist of, or are denominated in, payable in, valued in whole or in part by reference to, or otherwise relate to, Shares. The Committee may also grant Shares as a bonus, or may grant other Awards in lieu of obligations of the Company or an Affiliate to pay cash or other property under the Plan or other plans or compensatory arrangements. The terms and conditions applicable to such other Awards shall be determined from time to time by the Committee and set forth in an applicable Award Agreement. The Committee may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Participants on such terms and conditions as determined by the Committee from time to time.

(b) Form of Payment

Payments with respect to any Awards granted under Section 9 shall be made in cash or cash equivalent, in Shares or any combination of the foregoing, as determined by the Committee.

(c) Vesting Conditions

The Committee shall specify the date or dates on which the Awards granted pursuant to this Section 9 shall become fully vested and nonforfeitable, and may specify such conditions to vesting as it deems appropriate. The vesting conditions may be based on, among other vesting conditions, a Participant's Continued Service or the attainment of Performance Goals.

(d) Term

Except as otherwise provided herein, the term of any Award granted pursuant to this Section 9 shall be set by the Committee in its discretion; *provided* that the term of any Award granted pursuant to this Section 9 shall not exceed ten (10) years.

Table of Contents

APPENDIX B

10. Provisions Applicable to All Awards

(a) Award Agreement

Awards under the Plan shall be evidenced by Award Agreements that set forth the terms, conditions and limitations for each Award, not inconsistent with the Plan, which may include, without limitation, the term of an Award, the provisions applicable in the event the Participant's Service terminates, and the Company's authority to unilaterally or bilaterally amend, modify, suspend, cancel or rescind an Award.

(b) Dividends and Dividend Equivalent Rights

The Committee in its sole discretion may provide a Participant as part of an RSU or Other Share-Based Award that is a Full Value Award with Dividend Equivalent Rights, on such terms and conditions as may be determined by the Committee in its (i) sole discretion.

Any Dividend Equivalent Rights provided in connection with an Award that is subject to vesting shall either (i) not be paid or credited or (ii) be accumulated and subject to vesting restrictions applicable to the underlying Award. For Restricted Shares subject to vesting, dividends shall be accumulated and subject to any restrictions and risk of forfeiture to which the underlying (ii) Restricted Share is subject.

(c) Limits on Transfer

Each Award shall be exercisable only by a Participant during the Participant's lifetime, or, if permissible under Applicable Laws, by the Participant's legal guardian or representative. No Award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant other than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or an Affiliate.

Notwithstanding the foregoing, the Committee may, in its sole discretion, permit Awards (other than ISOs) to be transferred by a Participant, without consideration, in connection with estate planning or charitable transfers, subject to compliance with Applicable Laws and such rules as the Committee may adopt consistent with any applicable Award Agreement to preserve the purposes of the Plan; provided that the Participant gives the Committee advance written notice describing the terms and conditions of the proposed transfer and the Committee notifies the Participant in writing that such a transfer would comply with the requirements of the Plan.

(d) Paperless Administration

In the event that the Company establishes, for itself or using the services of a third party, an automated system for the documentation, granting or exercise of Awards, such as a system using an internet website, intranet or interactive voice response, then the paperless documentation, granting or exercise of Awards by a Participant may be permitted through the use of such an automated system.

11. Adjustments Upon Certain Events

Notwithstanding any other provisions in the Plan to the contrary, the following provisions shall apply to all Awards granted under the Plan:

(a) Generally

In the event of any change in the outstanding Shares (including to the price of the Shares) after the Effective Date by reason of any reorganization, recapitalization, merger, consolidation, spin-off, combination, or transaction or exchange of Shares or other corporate exchange, or any distribution to shareholders of Shares other than regular cash dividends, bonus issue, share split or any transaction similar to the foregoing, the Committee shall make such substitution or adjustment, as it deems, in its sole discretion and without liability to any person, to be equitable, as to (i) the number or kind of Shares or other securities issued or reserved for issuance pursuant to the Plan or pursuant to outstanding Awards, (ii) the Option Price or exercise price of any Share Appreciation Right and/or (iii) any other affected terms of such Awards, including, without limitation, any affected Performance Goals. In the event of any change in the outstanding Shares after the Effective Date by reason of any share split (forward or reverse) or any share dividend, all adjustments described in the preceding sentence shall occur automatically in accordance with the ratio of the bonus issue, share split or share dividend, unless otherwise determined by the Committee.

APPENDIX B

(b) Change in Control

The provisions of this Section 11(b) shall apply in the event of a Change in Control.

Additional Vesting of Time-Based Awards Notwithstanding Section 11(a) hereof, if a Change in Control occurs and a Participant's Awards that vest based on the Participant's continued Service are not converted, assumed, substituted or replaced by a successor or survivor corporation, or a parent or subsidiary thereof, then immediately prior to the Change in Control such Awards shall become fully vested and, to the extent applicable, exercisable and all forfeiture restrictions on such Awards shall lapse. Where Awards described in the foregoing sentence are assumed or continued after a Change in Control, the Committee may provide that one or more Awards will automatically accelerate upon an involuntary termination of the Participant's employment or service within a designated period following the effective date of such Change in Control. Any such Award shall, accordingly, upon an involuntary termination of the Participant's employment or service following a Change in Control, become fully vested and, to the extent applicable, exercisable and all forfeiture restrictions on such Award shall lapse. With respect to any ISOs, the portion of any ISO accelerated in connection with a Change in Control shall remain exercisable as an ISO only to the extent the applicable \$100,000 limitation is not exceeded. To the extent such U.S. dollar limitation is exceeded, the accelerated portion of such Option shall not be exercisable as an ISO under the U.S. federal tax

(i) laws.

Additional Vesting of Performance-Based Awards With respect to Awards that vest based on the attainment of performance-based conditions, in the Committee's sole and absolute discretion, and on such terms and conditions as it deems appropriate, either by the terms of Award Agreement or by action taken in connection with the Change of Control, the Award shall vest (A) at the target level, pro-rated to reflect the period the Participant was in Service during the performance period or (B) the actual performance level attained, as determined on the most recent practicable date as of which performance may be measured prior to the date of the Change in Control. Unless otherwise converted, assumed, substituted or replaced by a successor or survivor corporation, or a parent or subsidiary thereof, any such Performance-Based Awards that have not either previously vested in accordance with the terms of such Award or in accordance with this Section 11(b) (ii)

(ii) shall terminate and cease to be outstanding as of the Change in Control.

Cancellation of Awards In connection with any Change in Control, the Committee may, in its sole discretion, but shall not be obligated to, provide for cancellation of any one or more outstanding Awards and payment to the holders of such Awards that are vested as of such cancellation (including, without limitation, any Awards that would vest in accordance with the terms of such Award or in accordance with this Section 11(b) (i) or (ii) hereof, as applicable), the value of such Awards, if any, as determined by the Committee (which value, if applicable, may be based upon the price per Share received or to be received by other shareholders of the Company in such event), including, without limitation, in the case of an outstanding Option or Share Appreciation Right, a cash payment in an amount equal to the excess, if any, of the Fair Market Value (as of a date specified by the Committee) of the Shares subject to such Option or Share Appreciation Right over the aggregate exercise price of such Option or Share Appreciation Right (it being understood that, in such event, any Option or Share Appreciation Right having a per share exercise price equal to, or in excess of, the Fair Market Value of a Share subject thereto may be canceled and terminated without any payment or consideration therefor). Payments to holders pursuant to this Section 11(iii) above shall be made in cash or, in the sole discretion of the Committee, in the form of such other consideration necessary for a Participant to receive property, cash, or securities (or combination thereof) as such Participant would have been entitled to receive upon the occurrence of the transaction if the Participant had been, immediately prior to such transaction, the holder (iii) of the number of Shares covered by the Award at such time (less any applicable exercise price).

(c) Other Requirements

Prior to any payment or adjustment contemplated under this Section 11, the Committee may require a Participant to (i) represent and warrant as to the unencumbered title to the Participant's Awards; (ii) bear such Participant's pro rata share of any post-closing indemnity obligations, and be subject to the same post-closing purchase price adjustments, escrow terms, offset rights, holdback terms, and similar conditions as the other holders of Shares, subject to any limitations or reductions as may be necessary to comply with Section 409A of the Code; and (iii) deliver customary transfer documentation as reasonably determined by the Committee.

Table of Contents

APPENDIX B

(d) Fractional Shares

Any adjustment provided under this Section 11 may provide for the elimination of any fractional share that might otherwise become subject to an Award.

12. No Right to Employment or Awards

The granting of an Award under the Plan shall impose no obligation on the Company or any Affiliate to continue the employment or service of a Participant and shall not lessen or affect the Company's or Affiliate's right to terminate the employment or service of such Participant. No Participant or other Person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Participants, or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant (whether or not such Participants are similarly situated).

13. Successors and Assigns

The Plan shall be binding on all successors and assigns of the Company and a Participant, including without limitation, the estate of such Participant and the executor, administrator or trustee of such estate, or any receiver or trustee in bankruptcy or representative of the Participant's creditors.

14. Amendments or Termination

(a) Amendment and Termination of the Plan

The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; provided that no such amendment, alteration, suspension, discontinuation or termination shall be made without shareholder approval if (i) it would materially increase the number of securities which may be issued under the Plan or granted to any Participant (except for increases pursuant to Section 11 hereof), (ii) it materially expands the types of Awards available under the Plan or materially expands the class of persons eligible to receive Awards under the Plan, (iii) such approval is necessary to comply with any regulatory requirement applicable to the Plan (including, without limitation, as necessary to comply with any rules or regulations of any securities exchange or inter-dealer quotation system on which the securities of the Company may be listed or quoted), or (iv) the Committee determines that such approval is otherwise required or advisable to facilitate compliance with Applicable Laws; provided, however, that, subject to Section 18 of the Plan or unless required or advisable to facilitate compliance with Applicable Laws, as determined in the sole discretion of the Committee, any such amendment, alteration, suspension, discontinuance or termination that would materially and adversely affect the rights of any Participant or any holder of any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant.

(b) Amendment of Award Agreements

The Committee may, to the extent consistent with the terms of any applicable Award Agreement, waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Award theretofore granted or the associated Award Agreement, prospectively or retroactively (including after a Participant's termination of employment or service with the Company); *provided that*, subject to Section 18 of the Plan or unless required or advisable to facilitate compliance with Applicable Laws, as determined in the sole discretion of the Committee, any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely affect the rights of any Participant with respect to any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant.

(c) No Repricing of Awards

Subject to Section 11 of the Plan, in no event shall the Committee or the Board take any action without approval of the shareholders of the Company that would (i) reduce the exercise price of any Option or Share Appreciation Right, (ii) result in the cancellation of any outstanding Option or Share Appreciation Right and replacement with a new Option or Share Appreciation Right with a lower exercise price or with a cash payment or other Award at a time when the Option or Share Appreciation Right has a per Share exercise price that is higher than the Fair Market Value of a Share on the date of the replacement (iii) result in any other action that would be considered a "repricing" for purposes of the shareholder approval rules of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed or quoted.

APPENDIX B

15. Choice of Law

The Plan shall be governed by and construed in accordance with the laws of the State of North Carolina without regard to conflicts of laws.

16. Severability

If any provision of the Plan or the application of any provision hereof to any person or circumstance is held to be invalid or unenforceable, the remainder of the Plan and the application of such provision to any other person or circumstance shall not be affected, and the provisions so held to be unenforceable shall be reformed to the extent (and only to the extent) necessary to make it enforceable and valid.

17. Effectiveness of the Plan

The Plan shall be effective as of the Effective Date, subject to the approval of the shareholders of the Company.

18. Section 409A

Notwithstanding other provisions of the Plan or any Award Agreement thereunder, no Award shall be granted, deferred, accelerated, extended, paid out or modified under this Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Participant. In the event that it is reasonably determined by the Committee that, as a result of Section 409A of the Code, payments in respect of any Award under the Plan may not be made at the time contemplated by the terms of the Plan or the relevant Award Agreement, as the case may be, without causing the Participant holding such Award to be subject to taxation under Section 409A of the Code, the Company will make such payment on the first day that would not result in the Participant incurring any tax liability under Section 409A of the Code.

Without limiting the generality of the foregoing, to the extent applicable, notwithstanding anything herein to the contrary, this Plan and Awards issued hereunder shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretative guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the Effective Date. Notwithstanding any provision of the Plan to the contrary, in the event that the Committee determines that any amounts payable hereunder will be taxable to a Participant under Section 409A of the Code and related Department of Treasury guidance prior to payment to such Participant of such amount, the Company may (a) adopt such amendments to the Plan and Awards and appropriate policies and procedures, including amendments and policies with retroactive effect, that the Committee determines necessary or appropriate to preserve the intended tax treatment of the benefits provided by the Plan and Awards hereunder and/or (b) take such other actions as the Committee determines necessary or appropriate to avoid the imposition of an additional tax under Section 409A of the Code.

19. Clawback/Recoupment Policy.

Notwithstanding anything contained herein to the contrary, all Awards granted under the Plan shall be and remain subject to any incentive compensation clawback or recoupment policy currently in effect or as may be adopted by the Board and, in each case, as may be amended from time to time. No such policy adoption or amendment shall in any event require the prior consent of any Participant.

20. Tax-Related Items

The Company or any Affiliate, as applicable, shall have the authority and the right to deduct or withhold, or to require a Participant to remit to the Company, an amount sufficient to satisfy the obligation for Tax-Related Items with respect to any taxable or tax withholding event concerning a Participant arising as a result of the Participant's participation in the Plan or to take such other action as may be necessary or appropriate in the opinion of the Company or an Affiliate, as applicable, to satisfy withholding obligations for the payment of Tax-Related Items by one or a combination of the following: (a) withholding from the Participant's wages or other cash compensation; (b) withholding from the proceeds of sale of Shares underlying an Award, either through a voluntary sale or a mandatory sale arranged by the Company on the Participant's behalf, without need of further authorization; or (c) in the Committee's sole discretion, by withholding Shares otherwise issuable under an Award (or allowing the return of Shares) sufficient, as determined by the Committee in its sole discretion, to satisfy such Tax-Related Items. No Shares shall be delivered

pursuant to an Award to any Participant or other person until the Participant or such other person has made arrangements acceptable to the Committee to satisfy the obligations for Tax-Related Items with respect to any taxable or tax withholding event concerning the Participant or such other person arising as a result of an Award.

APPENDIX B

21. Government and Other Regulations

The obligation of the Company to make payment of Awards in Shares or otherwise shall be subject to all Applicable Laws, and to such approvals by government agencies, including government agencies in jurisdictions outside of the United States, in each case as may be required or as the Company deems necessary or advisable. Without limiting the foregoing, the Company shall have no obligation to issue or deliver evidence of title for Shares subject to Awards granted hereunder prior to: (i) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable, and (ii) completion of any registration or other qualification with respect to the Shares under any Applicable Law or ruling of any governmental body that the Company determines to be necessary or advisable or at a time when any such registration or qualification is not current, has been suspended or otherwise has ceased to be effective. The inability or impracticability of the Company to obtain or maintain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained and shall constitute circumstances in which the Committee may determine to amend or cancel Awards pertaining to such Shares, with or without consideration to the affected Participant. The Company shall be under no obligation to register pursuant to the Securities Act any of the Shares paid pursuant to the Plan. If the Shares paid pursuant to the Plan may in certain circumstances be exempt from registration pursuant to the Securities Act, the Company may restrict the transfer of such Shares in such manner as it deems advisable to ensure the availability of any such exemption.

22. No Shareholders Rights

Except as otherwise provided herein, a Participant shall have none of the rights of a shareholder with respect to Shares covered by any Award, including the right to vote or receive dividends, until the Participant or its nominee/broker becomes the record owner of such Shares, notwithstanding the exercise of an Option or Share Appreciation Right or vesting of another Award.
