Item 3.02 Unregistered Sale of Equity Securities

April 2008 our Board of Directors approved a Private Placement Memorandum to sell up to 6 million shares of common stock, no par value, through a Placement Agent, a company offering. This offering is only available to accredited investors as defined under the 1933 Securities Act ("The Act"). The offering commenced on or about April 3, 2008 and to date the company has sold 3,222,000 restricted common shares and 1,248,000 warrants. These securities were sold pursuant to an exemption from registration under Regulation D under "The Act" and will not be registered with the Securities and Exchange Commission.

The Company used the proceeds to manufacture our primary product Cytolin(R) for use in clinical trials. The Private Placement offering is still open and we intend to use the remaining proceeds for the further drug development of Cytolin(R).
