**CSN CONFIRMS IT IS IN ADVANCED NEGOTIATIONS TO ESTABLISH STRATEGIC ALLIANCE  
WITH WHEELING-PITTSBURGH STEEL CORPORATION**

Companhia Siderúrgica Nacional (NYSE: SID) (Bovespa: CSNA3) (CSN) confirmed today it is in advanced negotiations to establish a strategic alliance with Wheeling-Pittsburgh Steel Corporation (Nasdaq: WPSC).

CSN believes this strategic alliance could provide strong benefits to CSN and WPSC through:

- Integration of global manufacturing expertise and state-of-the-art facilities;
- Long-term reliable and sustainable access to key raw materials, including a slab supply agreement;
- Improved product portfolio offered in North American market;
- Strategic capital investments taking Wheeling-Pittsburgh to a new standard of competitiveness and scale;
- CSN's strong financial backing and commitment to WPSC.

About Companhia Siderúrgica Nacional

CSN is a leading global steel producer with operations in Latin America, North America, and Europe. The Company is a fully integrated steel producer, the largest coated steel producer in Brazil, with current capacity of 21.5 million tons of iron ore, 5.6 million tons of crude steel, 5.1 million tons of rolled products and 2.9 million tons of coated steel capacity.

CSN's process is based on the integrated steelworks concept that uses the Company's own sources of iron ore and electrical power supply. Besides of that, CSN controls logistics assets – ports and railways – that enable an extremely cost efficient and reliable loading and unloading of slabs and ore for deep sea vessels. This integrated steelworks concept allows CSN to be one of the most cost competitive steel producers in the world.

CSN has had operations in the United States since 2001 through its wholly-owned subsidiary CSN LLC (formerly known as Heartland Steel) located at Terre Haute, Indiana. CSN LLC has an annual production capacity of 1 million tons of pickled and oiled, cold-rolled and galvanized products.

CSN shares are traded on the New York (NYSE) and São Paulo (BOVESPA) stock exchanges.
