Yes No

Installation License for Wind Power Parks

Rio de Janeiro, July 16, 2010 Petróleo Brasileiro S.A. - Petrobras, announces that the Sustainable Development and Environment Institute (IDEMA) of the state of Rio Grande do Norte, has granted Petrobras the Installation Licenses to begin the construction of the Mangue Seco Wind Power Parks, located in the city of Guamaré, Rio Grande do Norte. With these licenses, the Company maintains its expectation of putting four power plants into operation in September 2011.

The Wind Power Parks are formed by the Mangue Seco 1, 2, 3 and 4 plants, which will be built in the vicinity of the Clara Camarão Refinery. Each plant will have 13 turbines and 26 MW of installed capacity, with a total installed capacity of 104 MW in all Wind Power Parks. Each unit's transmission system will consist of a 34,5/138-kV substation and of a 138-kV transmission line.

The power sale agreements for these generator parks were put up for bidding in the first wind power auction, held in December 2009, and are valid for 20 years. The Mangue Seco plant will be built in partnership with Alubar Energia; Mangue Seco 2 in partnership with Eletrobras, and the Mangue Seco 3 and Mangue Seco 4 plants in association with Wobben WindPower.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
