Extraordinary General Shareholders Meeting:

1. Amendment to Article 5 as referred to in the Call Notice.

We herein propose the amendment to Article 5 of Company's Bylaws in order to reflect capital increases approved by the Board of Directors, within the limit of the authorized capital of the Company, up to the date of the General Shareholders Meeting, as indicated in Exhibit VI attached hereto. Aforementioned Exhibit VI contains the draft of the Company's Bylaws, highlighting the proposed changes, as well as information on the ground and justification of each proposal and the analysis of the legal and economic effects of such proposed amendments, when appropriate, as required by Article 11 of CVM Instruction 481/09.

2. Wide reform and consolidation of the Company's By-laws, especially for means of the following changes and inclusions: inclusion of general guidelines for corporate governance, to orient management; changes in the process for election of the Board of Directors; formalization of the rules pertaining to the Advisory Committees; inclusion of limitation on voting rights; inclusion of rules providing for a public tender offer in case of obtaining an equity stake of 30% of the corporate capital; update of the duties of the Executive Board, in addition to adaptations and necessary improvements.

We propose a wide reform of the provisions in the By-laws, with its corresponding consolidation in the form of Exhibit VI attached hereto. Such Exhibit VI contains a draft of the By-laws showing the proposed changes, in accordance with Article 11 of CVM Instruction 481/09. The table containing the information on their origin and justification, providing an analysis of their legal and economic effects, when applicable, in accordance with Article 11 of CVM Instruction 481/09, is available at the Company's headquarters, in its Investors Relations website (www.gafisa.com.br/ri) and in the websites of BM&FBovespa (www.bmfbovespa.com.br) and of the CVM (www.cvm.gov.br).

In addition to the information contained in Exhibit VI, we inform that the Company has been studying, in the previous months, ways to improve its corporate governance mechanisms, as a result of the challenges posed in a context where no defined controlling shareholder exists. In this scenario, we believe to be important that the Company establishes rules for protection of the shareholders' interests as a whole, in view of the professionalization of management, the creation of value in case of acquisitions of control, the protection against conflicting interests and the stability of the long-term goals and strategies, always aligned with the best corporate governance practices.

The purpose of the proposed amendment of the By-laws is to reflect such concern. In short, the provisions contained in the new drafted proposal bring the following changes and inclusions:

- General Guidelines for Corporate Governance. A list of guidelines that must always orient the duties of management of the Company, giving content to their fiduciary duties and aiming at giving stability to the Company's general objectives and to its shareholders' interests. The general guidelines aim at making clear that the performance of management's duties must always be aligned with the best interest of the shareholders, and they should serve as a parameter for the application and interpretation of other new proposed provisions, referring to the election of the Board of Directors, the limitation on voting rights and the mandatory public tender offer in case of obtaining a relevant equity stake.

- Process for Election of the Board of Directors. In a context where the Company has no controlling shareholder, we understand that it is important to establish clear rules providing for stability in the activities of the Board of Directors. Therefore, we propose, among other provisions, (i) that the Board of Director be composed by a majority of independent members; (ii) the expansion of the concept of an independent member; (iii) the creation of requirements to be fulfilled by each candidate to the Board of Directors; (iv) the establishment of the election through a slate system; (v) the need for providing a wide array of information on the candidates to the Board of Directors; and (vi) more precise rules pertaining to the election of directors.

- Advisory Committees. Although the Company already has various advisory committees, we propose the formalization of the existence and other rules applicable to the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. Thus, the new By-laws should provide for rules on the composition, functioning and duties of such advisory committees, based on rules of the New York Stock Exchange NYSE and on practices already carried out by the Company. As a result, we believe that greater stability to the functioning of such bodies shall be created, ensuring that the Company counts on the advice and constant monitoring of people specialized in audit and compliance with the law, in the alignment of interests of management with the shareholders and the attraction and retention of talents, and in the development of succession plans and occupation of positions in the Company by prepared and experienced professionals.

- Limitation on Voting Rights. In accordance with the practices adopted by other Brazilian companies with capital dispersed in the market, we propose the inclusion of a limitation on voting rights superior to 5% of the shares of the Company by any shareholder, and only in connection with specified matters of a more sensitive nature in regard of the stability of corporate goals and the protection of shareholders' interests, knowingly: the corporate governance guidelines proposed as described above, the rules on the composition and election of the Board of Directors and those related to the public tender offers having as purpose the acquisition of all shares issued by the Company. We note that the new By-laws should provide for the revocation of such limitation by decision of the Shareholders' Meeting, if convened by the Board of Directors, when a public tender offer for the acquisition of all shares of the Company has been made and the Board of Directors comes to understand, based on its fiduciary duties, that the acceptance of such offer would be in the best interest of the shareholders and the Company.

- Public Tender Offer in case of Obtaining a Stake of 30%. In light of the need for stability in the Company's affairs and aiming at the protection of widespread share ownership, we propose the inclusion of rules providing for a public tender offer for acquisition of all shares issued by the Company, in case a shareholder or group of shareholders comes to obtain an equity stake of 30% of the total shares in the Company. The tender offer price shall be the economic value of the shares. The Board of Directors must give its opinion on any public tender offer for the acquisition of all shares of the Company, including such new tender offer currently proposed. Said opinion shall result from an assessment of the convenience and opportunity of the offer and, if the case after such analysis, it shall result in the call for a Shareholders Meeting to deliberate on the revocation of the limitation on voting rights proposed in the form described above.

- Adaptations and Improvements. We also propose certain adjustments to the language of the By-laws, aiming at (i) update the duties of the Executive Board, in light of the practices carried out by the Company; (ii) adapt the powers of the Board of Directors in connection with the issuance of debentures, to the changes made by Provisional Measure No. 517, of 2010; (iii) prepare the Company to the expected amendments to the Novo Mercado Listing Rules, as a result of the restricted audience carried out in 2010; and (iv) generally adjust and improve the language and order of certain provisions.

3. Consolidation of Company's Bylaws.

In case the proposed changes abovementioned on items 1 and 2 are approved, we propose that a consolidation to the By-laws, in the form of Exhibit VII attached hereto, is also approved.

c) an amount not greater than 71.25% (seventy-one and twenty-five one-hundredths percent) of the net profits shall be allocated to the creation of an Investment Reserve, for the purpose of financing the expansion of Company's and of its controlled companies' business, through subscribing for capital increases, creating new projects or participating in consortiums or other types of association, among other means of achieving the Company's corporate purpose.

§ 3. The reserve established in item (c) of §2 of this Article 53 may not exceed 80% (eighty percent) of the Company's capital. Should the reserve reach such limit, the Shareholders in General Meeting decide on the allocation of the excess, either distributing it to the shareholders or using it to increase the capital of the Company.

§ 4. After the distribution provided for in the previous paragraphs, the Shareholders in General Meeting shall determine the allocation of the remaining balance of the net profits for the year, after hearing the Board of Directors and subject to applicable law.

CHAPTER VII

CONTROL AND ABSENCE OF CONTROL

Article 54. Any disposal of control of the Company, in either a single transaction or a series of transactions, shall be contracted subject to a condition, either precedent or subsequent, under which the acquirer of control undertakes to make a public tender offer for the shares of the remaining shareholders in accordance with applicable law and the Novo Mercado Listing Rules and on terms that ensure equal treatment with the disposing shareholder.

Article 55. The public tender offer referred to in Article 54 shall also be made:

- a) in the event of an assignment for value of rights to subscribe for shares or other securities or rights convertible into shares, which assignment results in a Disposal of Control of the Company; and
- b) in the event of a disposal of control of a company that holds Control of the Company, in which case the Disposing Controlling Shareholder shall be obligated to declare to BM&FBovespa the value attributed to the Company in the disposal and to submit documentation to prove the declared value.

Article 56. Any person which holds shares in the Company and subsequently acquires Control by reason of a private purchase and sale agreement made with the Controlling Shareholder involving any number of shares is required to:

- a) make the public tender offer referred to in Article 54;
- b) compensate shareholders which have purchased shares on the stock exchange in the six (6) months preceding the Disposal of Control, by paying the difference between the price paid to the Disposing Controlling Shareholder and the price paid on the stock exchange for shares in the Company during the said six-month period, duly adjusted for inflation, and for that means duly observing the procedures stated in the Novo Mercado Listing Rules; and
- c) take such action as may be necessary to restore the free float of the Company's shares to at least 25% (twenty-five percent) of the total outstanding shares in the Company, within the six (6) months following the acquisition of Control.

Article 57. The Company shall not record (i) any transfer of shares to the Purchaser of Control, or to any other person(s) which acquire Control until such time as they have executed the Statement of Consent from Controlling Shareholders (*Termo de Anuência dos Controladores*); or (ii) any Shareholders Agreement that provides for the exercise of Control unless the signatories to the agreement have executed the Statement of Consent from Controlling Shareholders.

Article 58. In case there is no Controlling Shareholder:

a) whenever the Shareholders in General Meeting approve cancellation of the Company's registration as a publicly-held company, the public tender offer shall be made by the Company itself, provided, however, that the Company may acquire shares held by shareholders which voted in favor of cancellation of the Company's registration at the General Meeting at which the cancellation was approved only after it has acquired the shares held by the shareholders which did not vote in favor of cancellation and which accept the public tender offer; and

b) whenever the Shareholders in General Meeting approve the Company's exit from the Novo Mercado, due to listing of the Company's shares for trading off the Novo Mercado or to a corporate reorganization after which the resulting company's securities are not admitted for trading on the Novo Mercado, the public tender offer shall be made by those to which such duty has been attributed by decision of said General Meeting, who shall be present in the General Meeting and therein expressly assume the obligation to make the tender offer.

Article 59. In the event of cancellation of the Company's registration as a publicly-held company or its exit from the Novo Mercado, due to listing of the Company's shares for trading off the Novo Mercado or to a corporate reorganization in which the resulting company's securities are not admitted for trading on the Novo Mercado within the term of one hundred and twenty (120) days counted from the General Meeting which approves the reorganization, the public tender offer to be made by the Controlling Shareholder, or the Company, or by the shareholders referred to in Article 58, item (b), as applicable, shall have a minimum offer price which is equal to the economic value determined in the appraisal report referred to in Article 10, item (b) and in accordance with the Novo Mercado Listing Rules.

Article 60. In case the Company has no Controlling Shareholder and BM&FBovespa determines that the price of securities issued by the Company shall be quoted separately, or that trading in securities issued by the Company on the Novo Mercado shall be suspended by reason of non-compliance with obligations under the Novo Mercado Listing Rules, the Chairman of the Board of Directors shall call, within the two (2) days following the determination (counting only the days on which the newspapers habitually used by the Company are issued), an Extraordinary General Shareholders' Meeting to replace the entire Board of Directors.

§ 1. In the event the Extraordinary General Shareholders' Meeting referred to in this Article 60 is not called by the Chairman of the Board of Directors within the two-day time period, the meeting may be called by any shareholder of the Company.

§ 2. The new Board of Directors elected at the Extraordinary General Shareholders' Meeting referred to in the preceding provisions of this Article 60 shall cure the non-compliance with the obligations under the Novo Mercado Listing Rules in the shortest period of time possible or within the new time period granted by BM&FBovespa for this purpose, whichever is shorter.

Article 61. In case the Company has no Controlling Shareholder, where the Company exits the Novo Mercado by reason of non-compliance with obligations in the Novo Mercado Listing Rules resulting from:

- a) a resolution adopted at a General Meeting of Shareholders, the public tender offer shall be made by the shareholders which voted in favor of the resolution that resulted in non-compliance; and
- b) an act or event of management, a General Meeting shall be called to decide on the manner of solving the non-compliance and on the possible exit of the Company from Novo Mercado. The provisions of Article 58, item (b), must be observed in case the General Meeting decides that the Company shall exit the Novo Mercado.

CHAPTER VIII

PUBLIC TENDER OFFER FOR PURCHASE OF SHARES IN CASE OF OBTAINING A RELEVANT EQUITY STAKE

Article 62. Any shareholder or Group of Shareholders (Acquiring Shareholder) who comes to obtain: (a) a direct or indirect equity stake equal to or higher than 30% of the total shares issued by the Company; or (b) title to any other partners' or equity rights, including by way of usufruct, that enables it to have voting rights pertaining to shares issued by the Company and which represent 30% or more of its corporate capital, shall (i) give immediate notice, by means of a statement to the Investors Relations Officer, in accordance with CVM Instruction No. 358/02, of such acquisition; and (ii) make a public tender offer for acquisition of the shares held by the remaining shareholders of the Company.

§ 1. The Acquiring Shareholder shall, within the final deadline of 45 days counted from the date of the statement mentioned in Article 62 above, promote the publication of a tender offer announcement for the acquisition of the totality of the shares issued by the Company and held by the other shareholders, in accordance with the provisions of Law No. 6,404/76, the regulations enacted by CVM and stock exchanges in which the securities issued by the Company are traded, and with the rules established in these By-laws.

§ 2. The Acquiring Shareholder shall comply with any requests or demands by the CVM within the terms established under the applicable regulation.

§ 3. The price to be offered for the shares issued by the Company subject to the tender offer (Offer Price) shall be equivalent, at least, to the economic value, determined in accordance with an appraisal report made pursuant to the provisions of Article 10, item (c), and of Article 11.

§ 4. The tender offer must necessarily comply with the following principles and procedures, together with others, whether applicable, and as expressly established in Article 4 of CVM Instruction No. 361/02 or any other regulation that comes to replace it:

(a) it shall be directed equally to all shareholders of the Company;

(b) it shall be effected by an auction to be held on BM&FBovespa;

(c) it shall be performed in a manner as to assure equal treatment to all recipients, allowing them to obtain adequate information about the Company and the offeror and providing them with the elements required for taking an informed and independent decision in regard of tendering their shares;

(d) it shall be immutable and irrevocable after the publication of the tender offer announcement, in accordance with CVM Instruction No. 361/02, except for what provided in Article 63, §2;

(e) it shall be launched at the price determined in accordance with the provisions of this Article 62 and settled in cash, in national currency; and

(f) it shall be instructed with the appraisal report of the Company referred to in §3 above.

Article 63. The shareholders with title to at least 10% of the shares issued by the Company, excluding from such total the shares held by the Acquiring Shareholder, may request to the management of the Company that a Special General Meeting is called to decide on the performance of a new appraisal of the Company for means of reviewing the Offer Price, so that a report is drafted also in accordance with the appraisal report referred to in Article 62, §4, item (f), and pursuant to the procedures provided under Article 4-A of Law No. 6,404/76 and subject to the provisions of the

applicable regulations enacted by CVM and of this Chapter.

§ 1. In the Special General Meeting referred to in Article 63, all shareholders, except for the Acquiring Shareholder, shall be entitled to vote.

§ 2. In case the Special General Meeting referred to in this Article 63 decides that a new appraisal shall be performed and such new report comes to establish a value higher than that initially applied to the tender offer, the Acquiring Shareholder may withdraw the public tender offer, and in this case it shall comply, if applicable, with the procedure set forth in Article 28 of CVM Instruction No. 361/02, or any other rule that comes to replace it, and also dispose of the excess shares within a term of 3 months counted from the date of said Special General Meeting.

Article 64. The requirement to make a mandatory tender offer under Article 62 does not exclude the possibility of another shareholder of the Company or, if the case, of the Company itself to make another offer, whether competing or isolated, and in accordance with applicable regulations.

Article 65. The obligations applicable under Article 254-A of Law No. 6,404/76 and under Article 54 do not exclude the need for the Acquiring Shareholder to comply with the obligations applicable under this Chapter.

Article 66. The requirement to make a mandatory tender offer under Article 62 shall not be applicable in the following cases:

(a) when a Controlling Shareholder, who held more than fifty percent (50%) of the Company's capital immediately prior to the obtaining of the 30% equity stake by the Acquiring Shareholder, remains in the Company;

(b) if the 30% equity stake is obtained by the Acquiring Shareholder as a result of purchases made under another public tender offer for the acquisition of shares, made in accordance with the Novo Mercado Listing Rules or with the applicable law, and which had as purpose the acquisition of all the shares issued by the Company, provided that such tender offer shall have been effected for a price at least equal to the Offer Price;

(c) if the 30% equity stake is obtained by the Acquiring Shareholder (i) involuntarily, as a result of any cancellation of shares in treasury, share redemption or capital reduction of the Company with cancellation of shares; or (ii) by a subscription of shares made under a primary offer and in reason of the fact that such amount was not fully subscribed by the ones entitled to preemptive rights or of the fact that there was not a sufficient number of interested parties for the public distribution; or (iii) as a result of a merger, consolidation or share exchange merger (*incorporação de ações*) involving the Company; and

(d) in the case of a Disposal of Control of the Company, in which case the rules provided under Chapter VII of these By-laws shall be observed.

Article 67. If any announcement of a public tender offer for acquisition of all shares issued by the Company is published, whether made in accordance with this Chapter VII or in accordance with the applicable law and regulations, and whether settled in cash or by an exchange of securities issued by a publicly-held company, the Board of Directors shall meet within 10 days to assess the terms and conditions of the offer as made, and complying with the following principles:

(a) the Board of Directors may hire specialized external advisors, meeting the requirements of Article 11, §2, with the purpose of providing advice in the analysis of the convenience and opportunity of the offer, in consideration of the general interest of the shareholders and of the economic industry of the Company and its controlled companies, and of the liquidity of the securities offered, if the case;

(b) the Board of Directors shall make public, with the corresponding justification thereto, to the shareholders, its opinion on the convenience and opportunity of public tender offer under analysis;

(c) in case the Board of Directors understands, based on its fiduciary duties, that the acceptance of the tender offer by a majority of the shareholders of the Company is in the best general interest of said shareholders and of the businesses and strategic plans of the Company and its controlled companies, it shall call an Extraordinary General Meeting, to be held within 30 days to decide on the revocation of the limitation on the number of votes provided under Article 6, and such revocation shall be subject to the condition that, as a result of the offer, the Acquiring Shareholder becomes entitled to at least $2/3$ of the shares issued by the Company, excluding the shares in treasury;

(d) the limitation on the number of votes provided under Article 6 shall not be applicable, exceptionally in the Extraordinary General Meeting referred to in item (c) above, and exclusively when such General Meeting is called by

initiative of the Board of Directors; and

(e) the public tender offer shall be immutable and irrevocable, but it may be conditioned by the offeror, in case of a voluntary offer, upon the minimum acceptance referred to in the final part of item (c) of this Article 67, and upon the revocation of the limitation on the number of votes by shareholder provided under Article 6.

Article 68. In case the Acquiring Shareholder does not comply with the obligations required under this Chapter, including in regard of compliance with the deadlines (i) for making the statement referred to in Article 62; (ii) for making or requesting registration of the public tender offer; or (iii) for complying with any requests or demands by the CVM, then the Board of Directors of the Company shall call an Extraordinary General Meeting, in which the Acquiring Shareholder shall not be entitled to vote, to decide on the suspension of exercise of the Acquiring Shareholder rights, in accordance with Article 120 of Law No. 6,404/76.

CHAPTER IX

LIQUIDATION

Article 69. The Company shall be dissolved and enter into liquidation in the cases provided for by law, and the Shareholders in General Meeting shall establish the manner of liquidation and install the Fiscal Council, which shall function during the period of liquidation. The Board of Directors shall appoint the liquidator or liquidators and establish their powers and remuneration.
