8. In case of allocation of profits to the legal reserve:

a. Identify the amount allocated to the legal reserve

The amount allocated to the legal reserve is R\$600,551 thousand.

b. Explain in detail the manner of calculation of the legal reserve

The allocation of a portion of net income to legal reserve is established in Article 193 of Law #6,404/76 and has the purpose of ensuring the integrity of the capital stock.

Further information regarding the Board of Directors' Proposal for the net income Allocation of the fiscal year 2013 and ratification of the early distribution of interest on shareholders' equity and dividends paid and to be paid. .6.

Out of the net income for the year, 5% (five percent) will be allocated to the recording of legal reserve, which will not exceed 20% (twenty percent) of the Company's capital stock. Pursuant the first Paragraph of Article 193 of the Corporate Law, the legal reserve may not be recorded in the fiscal year when the balance of such reserve, added by the amount related to capital reserves addressed by Paragraph 1 of Article 182 (with amendments introduced by the Law # 11,638/07), exceeds 30% (thirty percent) of the capital stock.

Any net losses may be debited to the legal reserve. The amounts of the legal reserve must be approved at the annual shareholders' meeting and may only be used to increase the Company's capital stock or compensate losses. Thus, the resources from the legal reserve are not available for the payment of dividends.

On December 31, 2013, the amount of the legal reserve was R\$4.439.025, which was equivalent to approximately 11.65% of the Company's paid up capital on the same date.

9. If the company owns preferred shares entitled to fixed or minimum dividends

a. Describe the method for calculation of fixed or minimum dividends

The Company has no preferred shares entitled to fixed or minimum dividends.

b. Inform on whether the income for the year is sufficient for full payment of fixed or minimum dividends;

The Company has no preferred shares entitled to fixed or minimum dividends.

c. Identify whether any unpaid installment is cumulative

The Company has no preferred shares entitled to fixed or minimum dividends.

d. Identify the total amount of fixed or minimum dividends to be paid to each class of preferred shares

Further information regarding the Board of Directors' Proposal for the net income Allocation of the fiscal year 2013 and ratification of the early distribution of interest on shareholders' equity and dividends paid and to be paid. .7.

The Company has no preferred shares entitled to fixed or minimum dividends.

e. Identify the fixed or minimum dividends to be paid per preferred share of each class

The Company has no preferred shares entitled to fixed or minimum dividends.

10. In relation to the mandatory dividend

a. Describe the method of calculation provided in the Bylaws

The method of calculation is provided in the Articles 26 and 27 of the Bylaws, transcribed as follow:

“Article 26) Balance sheets will be prepared at the end of each semester, on June 30 and December 31 of every year. The Board of Executive Officers, subject to the approval of the Board of Directors, may determine the preparation of balance sheets for shorter periods of time, including monthly balance sheets.

Article 27) The Net Income, as defined in Article 191 of the Law # 6,404 as of December 15, 1976, accounted at every six-month or in the annual balance sheet will be allocated in the following order:

I. constitution of the Legal Reserve;

II. constitution of the Reserves set forth in Articles 195 and 197 of the aforementioned Law # 6,404/76, subject to a proposal of the Board of Executive Officers, approved by the Board of Directors and resolved by the Shareholders' Meeting;

III. payment of dividends, proposed by the Board of Executive Officers and approved by the Board of Directors, which, added to interim dividends and/or interest on own capital referred to in paragraphs two and three of this article, given that they are declared, guarantee to the shareholders, at every fiscal year, as a mandatory minimum dividend, 30% (thirty per cent) of the respective net income, adjusted by the decrease or increase of the amounts specified in items I, II and III of Article 202 of the Law # 6,404/76.

Paragraph One - *The Board of Executive Officers, subject to the approval of the Board of Directors, is authorized to declare and pay interim dividends, especially six-monthly and monthly dividends, resulting from Retained Earnings or existing Profits Reserves.*

Further information regarding the Board of Directors' Proposal for the net income Allocation of the fiscal year 2013 and ratification of the early distribution of interest on shareholders' equity and dividends paid and to be paid. .8.

Paragraph Two - The Board of Executive Officers may, also, subject to the approval of the Board, authorize the distribution of profits to shareholders as interest on own capital, pursuant to specific legislation, in total or partial substitution of interim dividends, whose declaration is permitted by the foregoing paragraph or, further, in addition thereto.

Paragraph Three - Any interest eventually paid to the shareholders will be imputed, net of withholding income tax, to the mandatory minimum dividend amount for that fiscal year (30%), in accordance to Item III of the "caput" of this Article."

b. Inform whether it is being fully paid

The mandatory dividend is being fully paid.

c. Inform the amount eventually withheld

The Company has no Dividends withheld.

11. If there is retention of mandatory dividend due to the company's financial situation:

a. Inform the amount withheld

The Company has no Dividends withheld.

b. Describe, in detail, the financial situation of the company, including aspects related to the analysis of liquidity, working capital and positive cash flows

The Company has no Dividends withheld.

c. Justify the withholding of dividends

The Company has no Dividends withheld.

12. If there is allocation of income to the reserve for contingencies

a. Identify the amount allocated to the reserve

There is no proposal for the allocation of the net income to the reserve of contingencies.

Further information regarding the Board of Directors' Proposal for the net income Allocation of the fiscal year 2013 and ratification of the early distribution of interest on shareholders' equity and dividends paid and to be paid. .9.

b. Identify the loss considered probable and its cause

There is no proposal for the allocation of the net income to the reserve of contingencies.

c. Explain why the loss was considered probable

There is no proposal for the allocation of the net income to the reserve of contingencies.

d. Justify the establishment of the reserve

There is no proposal for the allocation of the net income to the reserve of contingencies.

13. If there is the allocation of income to the reserve of profits to be realized

a. Inform the amount allocated to the reserve of profits to be realized

There is no proposal for the allocation of net income to the reserve of profits to be realized.

b. Inform the nature of the unrealized profits that led to the reserve

There is no proposal for the allocation of net income to the reserve of profits to be realized.

14. If there is the allocation of income to the statutory reserves

a. Describe the statutory clauses that establish the reserve

The Article 194 of Law #6,404/76 regulates the creation of statutory reserves. According to this legal provision, the company's Bylaws may create reserves provided that, for each one, it:

- indicates its purpose in an accurate and complete manner;
- establishes the criteria to determine the annual portion of net income that will be allocated to its recording; and
- establishes the reserve's maximum limit.

Pursuant to the legislation, the Article 28 of the Bylaws sets forth that the net income balance, determined after all statutory allocations, shall have the allocation proposed by the Board of Executive Officers, approved by the Board of Directors, and resolved on at Shareholders' Meeting, 100% (one hundred percent) may be allocated to the Profits Reserve – Statutory, aiming to maintain the operating margin compatible with the development of the Company's operations, up to the limit of 95% (ninety-five percent) of the amount of the paid up capital stock.

Further information regarding the Board of Directors' Proposal for the net income Allocation of the fiscal year 2013 and ratification of the early distribution of interest on shareholders' equity and dividends paid and to be paid. .10.

In the event that the proposal of the Board of Executive Officers regarding the allocation of Net Income for that fiscal year contains a provision for the distribution of dividends and/or payment of interest on shareholders' equity in an amount in excess of the mandatory dividend established in Article 27, Item III, and/or retention of profits pursuant to Article 196 of the Law # 6,404/76 (with amendments of the Law 10,303/01), the Net Income balance for the purpose of constituting the reserve mentioned in this Article will be determined after the full deduction of such allocations.

b. Identify the amount allocated to the reserve

The amount allocated to the reserve is R\$7,332,569 thousand.

c. Describe the method used to calculate the amount

The amount of R\$7,332,569 thousand is the result of the Net Income for the Year, deducted from the Legal Reserve and of the Dividends and Interest on Shareholders' Equity, as stated below:

Description	Amount R\$ thousand
Net Income for the Year 2013	12,011,028
Legal Reserve	(600,551)
Dividends to be paid	(853,858)
Interest on Shareholders' Equity paid and to be paid	(3,224,050)
Amount Allocated to the Statutory Reserves	7,332,569

15. If there is retention of profits provided in the capital budget

a. Identify the amount withheld

There is no proposal for the retention of profits provided in the capital budget.

b. Provide a copy of the capital budget

There is no proposal for the retention of profits provided in the capital budget.

16. If there is the allocation of income for the tax incentive reserve

Further information regarding the Board of Directors' Proposal for the net income Allocation of the fiscal year 2013 and ratification of the early distribution of interest on shareholders' equity and dividends paid and to be paid. .11.

a. Inform the amount allocated to the reserve

There is no proposal for the allocation of net income for the tax incentive reserve.

b. Explain the nature of the allocation

There is no proposal for the allocation of net income for the tax incentive reserve.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009

10.1 - General Financial and Equity Conditions

Directors should comment:

a) general financial and equity conditions

The directors understand that the Bank has all financial and asset conditions to ensure the compliance with obligations, guaranteeing the business expansion in the short- and long-terms.

The directors' analysis is based on information from the last three financial statements at the balance sheet date and the last financial information disclosed, as follows:

2013

The year 2014 will be challenging comparing to the start of the reduction of monetary stimuli in the U.S., as well as the slight slowdown in China's growth. A scenario to be overcome by emerging countries, on the other hand, is a unique opportunity for those nations to improve their macroeconomic and institutional foundations.

Brazil is not immune to this external context, but is better poised to face the challenges. The resumption of economic activity in Brazil in the last few months of 2013 has been supported mainly by productive investments, which tend to become intensified with the current program of public concessions in infrastructure, as well as the major sporting events that will occur between 2014 and 2016.

Bradesco remains optimistic about Brazil, envisioning a favorable outlook in the segments in which it operates. The volume of credit tends to grow at sustainable rates compatible with the risk, while gains in income and creation of jobs are still present. Given the intense and continuous process of social mobility in recent years, which is still under way, the scenario for the banking and insurance sectors in Brazil remains very promising.

At Organização Bradesco, among the major events of the fiscal year, it was recorded that on March 10, Bradesco completed 70 years in business, with an active presence in Brazilian life, permanent incentives for the democratization of financial products and services, and a renewed willingness to expand its business horizons. Guided by realistic strategies, it grew rapidly and soon became the Bank of the Brazilians. For such, it built an extensive Customer Service Network that today allows it to be present in all regions of the nation, promoting banking inclusion and social mobility.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .2.

It is also noteworthy that Organização Bradesco has once again been selected to be part of:

- **Dow Jones Sustainability World Index – DJSI**, a select list of the New York Stock Exchange that gathers companies with best practices for sustainable development, in addition to the **Dow Jones Sustainability Emerging Markets**, a portfolio created earlier this year, for which companies with DJSI performance ranked among the top 10% in their respective sector are eligible; and
- **Corporate Sustainability Index (ISE) of BM&FBOVESPA S.A. - Securities, Commodities and Futures Exchange**, which reflects the return of a portfolio comprised of shares of companies with the best performance in all dimensions that measure corporate sustainability.

Book net income was R\$ 12,011 billion for the year, corresponding to R\$2.86 per share and annualized return of 17.7% on average Shareholders' Equity. The return on average total assets was 1.3%. Consolidated Shareholders' Equity amounted to R\$ 70,940 billion and total assets stood at R\$ 908,139 billion.

Loan operations

The democratization of credit is part of Bradesco's strategy. It is achieved through expansion and diversification of the offer and the more attractive interest rates, differentiating factors that have increasingly risen the volume of transactions in loans made directly or in partnerships with market agents and other lines aimed at individuals, such as payroll lending, through its extensive network of Branches, Service Stations and Sales Promoters.

- R\$ 427,273 billion was the year-end balance of consolidated loan operations, in the expanded concept, which includes Sureties and Guarantees, Letters of Credit, Prepaid Credit Card Receivables, Debentures, Promissory Notes, Co-obligation in Assignments for Investment Funds in Credit Rights, Real Estate and Rural Loans Receivables Certificates, with an increase of 10.8% in the period.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .3.

- R\$ 21.687 billion was the consolidated balance of the provision for doubtful accounts, considering an additional provision of R\$ 4.036 billion, which includes provision for guarantees provided, in the amount required by Resolution 2682/99 issued by the National Monetary Council.

Funding and Asset Management

Bradesco manages, on the whole, 26,400 million account holders, and 50,897 million savings account holders with a balance of R\$ 80,718 billion, which accounts for 17.2% of the Brazilian Savings and Loans System (SBPE). At the end of the year, the Organization's total funding and asset management reached R\$1,260 trillion, a 2.8% increase as compared to the previous year.

- R\$474,342 billion in demand deposits, time deposits, interbank deposits, Federal funds purchased and securities sold under agreements to repurchase and savings deposits, a 1.5% increase;
- R\$435,364 billion in managed funds, comprising Investment funds, managed portfolios and third-party fund units;
- R\$ 178,294 billion, recorded in Foreign exchange portfolio, Borrowings and onlending, working capital, collection and payment of taxes and others, funds from issuance of securities and subordinated debt – domestic, an 11.0% increase;
- R\$ 136,229 billion in technical provisions for insurance, private pension plan funds and capitalization bonds, a 9.7% increase; and
- R\$ 35.827 billion in Foreign Resources, through public and private issues, Subordinated Debt Abroad, Securitization of Future Financial Flows and Loans and Transfers Abroad, representing US\$ 15.294 billion.

At the end of the 2013 fiscal year, Bradesco's market value, taking into account the closing quotations of ON and PN common and preferred shares, was R\$ 128,085 billion. Starting in May 2013, Bradesco's common shares became part of the Bovespa Index.

2012

2012 posed a rather challenging scenario. It is important to evaluate the changes observed in the financial system, in view of the period experienced by the sector in the last years. Institutions have accordingly redoubled the attention they pay to the flow of operations, whereas also expanding the range of general services offered to customers.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .4.

In mid-2012, the world's foremost central banks – atypically and sternly – renewed or extended the commitment to provide liquidity to the markets, which contributed decisively to reducing the risks of extreme events on the international scenario. On the other hand, the need for fiscal adjustment in the U.S. and Europe maintains a bias for sluggish global growth in 2013.

Brazil is not immune to this global scenario, in spite of the improved macroeconomic fundamentals observed in the last years. Brazil, however, starts to reap the benefits of the larger room for maneuver it enjoys in comparison to other countries. The several incentive measures adopted over the last months have started producing visible effects regarding the resume of the economic activity, whereas certain relevant steps have been taken to improve infrastructure, adjust tax distortions and enhance the efficiency of the production sector, and these are significant topics for improving the economy growth.

In spite of Brazil's undeniable vocation to export, the main economic driving force has been and will continue to be the domestic demand, particularly the consumption by families and investments, which benefit from the upcoming great sports events to be held in the next three-year period. In this context and in view of the ongoing social mobility process and the readiness of Brazilian institutions in face of the new rules of capital limits and structure that should be implemented beginning 2013, the perspectives for the Brazilian banking system remain favorable.

For the Organização Bradesco, among the significant events highlighting the period, noteworthy were the following:

- **on March 5, start of activities of subsidiary Bradesco Securities Hong Kong Limited, in Hong Kong, China,** aimed at prospecting opportunities and distributing fixed- and non-fixed income products. Accordingly, Bradesco expands its international distribution channels, strengthening contacts with global investors present in that market, in addition to providing access to a new base of institutional investors;
- **on March 7, a 10% rise in the Monthly Dividends amount, paid per share to shareholders beginning May 2012,** in conformity with the Monthly Compensation System, from R\$ 0.014541175 per share to R\$ 0.015995293, for common shares, and from R\$0.015995293 per share to R\$ 0.017594822, for preferred shares. **On June 20,** the Board of Directors approved the **monthly payment of Interest on capital, in lieu of the Monthly dividends,** from August 2012;

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .5.

- **on March 13, start of transactions involving ADRs – American Depositary Receipts indexed to common shares, on the New York Stock Exchange (NYSE), US.** The Program meets the demands of institutional investors, among them foreign investment funds, and with this measure, Bradesco has now both common and preferred shares traded in the US;
- **on August 30, launch of Bradesco Next – the bank of the future –**, a space at the forefront of innovation for introducing and experiencing new technologies, and customer products and services;
- **on September 13, Bradesco was once again chosen to make up the Dow Jones Sustainability World Index**, a short list of the New York Stock Exchange gathering companies with the best sustainable development practices;
- **on November 14, Bradesco's ON common shares were chosen to make up the MSCI Brazil Ratio**, the leading provider of tools for supporting investment decision-making, in force from December 2012; and
- **on November 30, Bradesco was once again chosen to made up the Corporate Sustainability Index (ISE) of BM&FBovespa**, which reflects the return provided by a portfolio with shares of companies with the best performances at all levels measuring the corporate sustainability.

Book net income was R\$ 11,381 billion for the year, corresponding to R\$2.98 per share and annualized return of 19.0% on average Shareholders' Equity. The return on average total assets was 1.4%. Consolidated Shareholders' Equity amounted to R\$ 70,047 billion and total assets stood at R\$ 879,092 billion.

Loan operations

Among Bradesco's basic strategic guidelines, we have credit democratization, by way of a diversified offer and more attractive interest rates, has increasingly boosted its volume of loans made directly or in partnership with other agents in the market, and other lines of credit for individuals, such as loans repaid, through its extensive Branches Network, points of service, sales representatives and the Customer Service Center 0800 call Loans.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .6.

- The balance at the end of the year was R\$ 385,529 billion, for consolidated loan operations, under the expanded concept, which includes Advances on exchange contracts, sureties and endorsements, credit card and lease receivables, with an 11.5% increase in the period; and
- R\$ 21,299 billion was the consolidated balance of allowance for doubtful accounts, taking into account an additional provision of R\$ 4,010 billion exceeding that one required by the National Monetary Council (CMN) Resolution 2682/99.

Funding and Asset Management

Bradesco manages, on the whole, 25,693 million account holders, and 48,596 million savings account holders with a balance of R\$ 69,042 billion, which accounts for 17.7% of the Brazilian Savings and Loans System (SBPE). At the end of the year, the Organization's total funding and asset management reached R\$1,225 trillion, a 20.1% increase as compared to the previous year.

- R\$467,449 billion in demand deposits, time deposits, interbank deposits, Federal funds purchased and securities sold under agreements to repurchase and savings deposits, a 12.7% increase;
- R\$441,832 billion in managed funds, comprising Investment funds, managed portfolios and third-party fund units, a 31.7% increase;
- R\$168,735 billion, recorded in Foreign exchange portfolio, Borrowings and onlending, working capital, collection and payment of taxes and others, funds from issuance of securities and subordinated debt – domestic, and other funding, a 11.7% increase;
- R\$ 124,217 billion in technical provisions for insurance, private pension plan funds and capitalization bonds, a 19.8% increase; and
- R\$22,995 billion in Foreign funds, by way of public and private issuances, subordinated debt and securitization of future financial flows, which represented US\$11,253 billion.

At the end of the 2012 fiscal year, Bradesco's market value, taking into account the closing quotations of ON and PN common and preferred shares, was R\$131,908 billion, a 23.3% increase as compared to the closing of the 2011 fiscal year. Taking into account only the closing quotation of PN shares (more liquid) at the same date, Bradesco's market value was R\$ 134,257 billion, a 14.4% increase as compared to the 2011 fiscal year. In the annual comparison, Ibovespa posed a 7.4% increase.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .7.

2011

In 2011, the real depreciated by 12.6% in relation to the US dollar, reaching R\$ 1.8758 per US\$1.00 on December 31, 2011 as compared to R\$ 1.6662 per US\$1.00 on December 31, 2010. The Central Bank of Brazil increases the basic interest rate from 10.75% in December 2010 to 11.00% in December 2011.

At the end of 2011, the global economic scenario continued to be characterized by signs of slowdown and risk, particularly the developed countries. Evidences of accommodation in American economy have been quickly counteracted by political efforts on the eve of 2012 presidential elections. In Europe, the experiment of a monetary and customs alliance that has not developed toward a political and fiscal alliance may require a greater effort of certain governments to address current constraints.

Being involved in the unprecedented and rising trend toward transparency that has characterized developed nations over the last few decades, at the same time favored by it, developing countries have been able to take appropriate preventive measures in good time to avoid the mistakes presumably made by the former, thus enabling faster and less painful adjustment for their exchange rate, fiscal and monetary policies.

In this situation, which has partly affected the most optimistic forecasts posed in early 2011, we may feel relatively at ease in relation to Brazil's record and potential performance on social and economic issues. With a historical landmark exceeding 50% of its population integrated to the middle class, the country has found in the foreign market a powerful ally to sustain growth in 2011/2012, although at levels lowers than those recorded in 2010. On the other hand, the world recognition of the full development of its democratic regime, freedom of speech, Law independence, and consumption expansion, has transformed Brazil in a preferential destination for direct foreign investments.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .8.

Among the most significant events of 2011 for Bradesco, we highlight the following: a) opening of 1,009 branches, which increased the number of Bradesco Branches and Service Points to 9,063 across Brazil, which demonstrates the breadth and solidity of the Bank's structure and its confidence in Brazil, in addition to the determination to invest; b) acquisition of shareholder control of Banco do Estado do Rio de Janeiro S.A. (BERJ), which enabled Bradesco to provide Payroll payments to civil servants and mobilized teams of employees throughout Brazil, transforming the registration of over 400,000 accounts into a great time for expansion of the Bank's business in that state; and c) the creation BSP Empreendimentos Imobiliários S.A., a subsidiary of the Bank, aimed at consolidating the management of real estate assets of Organização Bradesco, with a portfolio of 840 properties. In the area of recognition, we can highlight the following: a) Bradesco's remaining on the Dow Jones Sustainability Index of the New York Stock Exchange; b) Bradesco's remaining on the Corporate Sustainability Index (ISE) of the São Paulo stock exchange (BM&FBOVESPA); and c) recognition – by expert consultancy – of the “Bradesco” brand as the most valuable brand in the Nation. Also significant was August's 10% increase in the value of the monthly dividends paid out by the Bank.

Book net income was R\$ 11,028 billion for the year, corresponding to R\$ 2.89 per share and annualized return of 21.0% on average Shareholders' Equity. Return on average total assets at 1.6%, a fall of 0.2 p.p. compared to previous year. Consolidated Shareholders' Equity amounted to R\$ 55,582 billion and total assets stood at R\$ 761,533 billion.

Loan operations

Bradesco's commitment to democratized access to credit through its diversified offering has increasingly boosted its volume of loans made directly or in partnership with other agents in the market, and other lines of credit for individuals, such as loans repaid, through its extensive Branches Network, points of service and the Customer Service Center 0800 call Loans.

- The balance at the end of the year was R\$345,724 billion, for consolidated loan operations, under the expanded concept, with an 17.1% increase in the period; and

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .9.

- R\$19,540 billion was the consolidated balance of the allowance for doubtful accounts.

Funding and Asset Management

At the end of the year, the total funding and asset management reached R\$ 1,020 trillion, a 16.9% increase as compared to the previous year, as follows:

- R\$414,872 billion, an increase of 13.8%, in demand deposits, time deposits, interbank deposits, other deposits, Federal funds purchased and securities sold under agreements to repurchase and savings deposits;
- R\$ 335,370 billion in managed funds, comprising Investment funds, managed portfolios and third-party fund units, showing an increase of 13.4% on the same period of the previous year;
- R\$151,081 billion, an increase of 32.0%, recorded in Foreign exchange portfolio, Borrowings and onlending, working capital, collection and payment of taxes and others, funds from issuance of securities and subordinated debt – domestic, and other funding;
- R\$ 103,653 billion in technical provisions for insurance, private pension plan funds and capitalization bonds, showing an increase of 18.9% on the previous year; and
- R\$ 14,814 billion in Foreign funds, by way of public and private issuances, Subordinated debt and securitization of future financial flows, which represented US\$ 7,897 billion.

Bradesco's market value on December 31, 2011 was R\$106,971 billion. Bradesco's common and preferred stock posted falls of 1.6% and 5.8% respectively in 2011 against 2010, taking the last quotation each year, adjusted for corporate events, except for distribution of earnings. Note that the Ibovespa stock index fell 18.1% over the same period.

The following are comments about our key indicators:

I) Basel Index

Brazilian financial institutions are subject to methodology for capital metrics and levels based on a risk-weighted asset index. The parameters of this methodology resemble the international framework for minimum capital measurements adopted for the Basel Accord. Starting in October 2013, the implementation of the new capital structure began in Brazil. The Central Bank of Brazil (Bacen), through CMN Resolution 4192/13, set out the new methodology for calculating the Referential Equity, or "PR" (*Patrimônio de Referência*), superseding CMN Resolution 3444/07. Given that this methodology involves the introduction of new adjustments, we adapted the time series, showing – in periods –

the transition from Basel II to Basel III.

(1) Starting in October 2013, the reference assets began to be calculated based on Resolution 4192/13 issued by Brazil's National Monetary Council (CMN), which requires the calculation to be made based on "Consolidated Financial" ("Consolidado Financeiro") until December 2014 and "Consolidated Prudential" ("Consolidado Prudencial") starting in January 2015; (2) Criteria used, starting in October 2013, by CMN Resolution 4192/13 (including subsequent amendment); (3) Additionally, it is noteworthy that out of the total amount of subordinated debts, R\$ 24,996 million are used to compose Tier II of the Basel Index, and were calculated pursuant to CMN Resolution 4192/13 (including subsequent amendment), which entered into force in October 2013; and (4) Starting in October 2013, the calculation of the Basel Index below the regulatory guidelines set forth in CMN Resolutions 4192/13 and 4193/13.

In 2013, as a result of the implementation of the new capital requirements, it is not possible to compare the indexes with those of 2012.

The Basel ratio rose 1.0 p.p. from 15.1% in December 2011, to 16.1% in December 2012. The following is also worth mentioning: (i) the eligibility of Subordinated Financial Notes of Credit to comprise Tier II, in the amount of R\$ 13,455 million, the increase of which was primarily offset by: (ii) the reduction caused by maturities and escalation, which occurs during the last 5 years of debt repayment, in the amount of R\$ 2,447 million; (iii) the increase in the portion of credit risk, brought on, in part, by the expansion of the credit portfolio; and (iv) the increase in the portion of market risk, brought on, in part, by the effects of Circular Letter 3568/11 of the Central Bank of Brazil.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .11.

It is worth mentioning that in December 2012, only R\$26,638 million of the total subordinated debt were used in the calculation of the Basel Index, given the respective maturity.

The Basel Index improved by 0.4 p.p., from 14.7% in December 2010 to 15.1% in December 2011, mainly impacted by: (i) the eligibility of Subordinated Financial Notes of Credit to comprise Tier II, in the amount of R\$ 9.402 million; and (ii) the effect of Circular Letter 3563/11 issued by the Central Bank of Brazil, which reduced the capital requirement for certain loan and leasing operations (repealing Circular Letter 3515/10) and application in shares of investment funds linked to open supplementary pension plans (PGBL and VGBL), starting in November 2011.

It is worth mentioning that in December 2011, only R\$ 15,630 million of the total subordinated debt were used in the calculation of the Basel Index, given the respective maturity.

II) Operating Efficiency Ratio (OER) and Operating Coverage Ratio

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .12.

Operating Coverage (3)	71.8	66.5	62.2	5.3 p.p.	4.3 p.p.

(1) It does not include profit-sharing (PLR), which amounted to R\$1,115 million in 2013, R\$ 1,031 million in 2012 and R\$ 937 million in 2011. Personnel expenses totaled R\$12,186 million in 2013, R\$11,061 million in 2012 and R\$ 9,302 million in 2011; (2) IEO = (Personnel expenses – PLR + Administrative expenses) / (Financial margin + Banking service fees + Income from insurance and pension plans + Income from equity Interests in affiliates + Other operational revenues – Other operational expenses); and (3) Operating Coverage Ratio = (Banking services fees) / (Administrative expenses + Personnel expenses +PLR).

Operating Efficiency Ratio (OER)

A 2013 to 2012 comparison shows a 0.6 p.p. in the ratio. The increase was due in most part to a reduction in the financial margin of “non-interest” as well as the impact of the collective bargaining agreements of 2012 and 2013.

A 2012-2011 comparison shows an improvement of 1.5 p.p. in the ratio, reaching 41.5% in the fourth quarter of 2012, which represented the lowest level in the last 10 quarters. This improvement is basically due to: (i) growth in the financial margin; and (ii) increase in banking service fees, which was affected by the increased average business

volume, the result of the development of investments in accelerated organic growth started in the second half of 2011, aligned with the ongoing efforts to control expenses, including the actions taken by our Efficiency Committee, and IT investments.

Operating Coverage

In the comparison between 2013 and 2012, and between 2012 and 2011, the index of operational coverage showed improvement, mainly reflecting the increase in revenue from services provided, coupled with ongoing efforts to control expenses, including actions by our Efficiency Committee in the period.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .13.

III) Main loan portfolio indicators

Delinquency rate > 90 days⁽¹⁾

⁽¹⁾ Concept defined by the Central Bank of Brazil.

Total delinquency ratio, comprising the transactions overdue over 90 days, had a decrease in the quarter and in the last twelve months, thanks basically to: (i) the investment in the ongoing improvement in loan assignment models; (ii) the growth of payroll-deductible loan and real estate financing products, which impacted the portfolio mix; and (iii) the improvement in internal models of loan risk monitoring. The drop among individual customers and SMEs was also a reason for the reduction. The higher delinquency ratio among Corporations was due to specific cases and does not represent a trend.

In December 2012, the delinquency rate for accounts over 90 days past due reached 4.1% of the credit portfolio, with an increase of 0.2 p.p. compared to December 2011, primarily due to increases of: (i) 0.3 p.p. in delinquency of Micro, Small, and Medium Enterprises; and (ii) 0.1 p.p. in the delinquency rate for Individuals.

In December 2011, the delinquency rate of accounts over 90 days past due reached 3.9% of the credit portfolio, with an increase of 0.3 p.p. from December 2010, due primarily to: (i) the increase of 0.6 p.p. in delinquency of Individuals; and (ii) an increase of 0.5 p.p. in delinquency of Micro, Small and Medium Enterprises.

Coverage ratios

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .13.

In December 2013, the coverage ratio of the Allowance for doubtful accounts in relation to loans overdue from 60 to 90 days reached 158.9% and 192.3%, respectively, indicating a comfortable level of provisions. Increases in the period reflect an improvement of defaults.

The balance of the Provision for Doubtful Debts (PDD) of R\$ 21,687 million in December 2013, was comprised of: (i) R\$ 17,651 million in provisions required by the Central Bank of Brazil; and (ii) R\$ 4,036 million of additional provisions.

In December 2012, the coverage ratio of the Allowance for doubtful accounts in relation to loans overdue from 60 to 90 days reached 147.3% and 178.2%, respectively, indicating a comfortable level of provisions. The small reductions in the period reflect the increased delinquency.

The balance of the Provision for Doubtful Debts (PDD) of R\$ 21,299 billion in December 2012, was comprised of: (i) R\$ 17,288 billion in provisions required by the Central Bank of Brazil; and (ii) R\$ 4,010 million of additional provisions.

In December 2011, the coverage ratio of the Allowance for doubtful accounts in relation to loans overdue from 60 to 90 days reached 151.8% and 184.4%, respectively, basically due to the nominal increase of overdue loans, which follow the growth of the loan portfolio, as well as the increased delinquency.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .14.

The balance of the Provision for Doubtful Debts (PDD) of December 2011 reached R\$ 19.540 million, up 20.0% (R\$ 3.250 million) compared to December 2010, comprised of: (i) R\$ 15.529 million in provisions required by the Central Bank of Brazil; and (ii) R\$ 4.011 million in additional provisions.

It is worth mentioning that in the third quarter of 2011, an additional provision in the amount of R\$ 1.0 billion was recognized, aimed at covering a possible worsening in the global economic scenario and possible effects in the Brazilian economy.

b) capital structure and possibility of redemption of shares, indicating: i) redemption scenario; ii) formula for calculating the amount of redemption

When Bradesco's directors analyze the tables below, they understand that the Banks's current capital structure is adequate and consistent with the business expansion strategy. The largest funding source for its operations is from third-party capital.

(1) Total liabilities, excluding Shareholders' equity

Over the last three years, Bradesco has kept its proportion of capital held by third parties at around 92.0%, which is seen as a normal level for institutions in the financial intermediation business.

There are no ways of redeeming the company's shares other than those legally stipulated.

c) capacity to pay financial commitments

Bradesco's directors understand that the operations stated in the balance sheet at the periods stated below, for the three last fiscal years, evidence that Bradesco has a comfortable liquidity margin to comply with its short-term liabilities. It is worth mentioning that Bradesco's asset and liability management policy is regularly reviewed to ensure sufficient liquidity to honor withdrawals, deposits, repay other obligations at maturity, extend loans or other forms of credit to the customers and meet its own needs of working capital for investment. The following table presents our consolidated balance sheet by maturity:

(1) Considers only the debentures used as a reserve to securities purchased under agreements to resell; and

(2) Includes: Financial notes, at December 31, 2013, in the amount of R\$ 35,208 million, at December 31, 2012 – R\$ 28,221 million and December 31, 2011 – R\$ 27,120 million.

Deposits

Deposits are our most important source of funding. Our deposits balance over these years progressed in the following manner:

- In December 2013, the balance of our deposits increased approximately 2.7% as compared to December 2012, mainly due to increased funding volume in the form of demand and saving deposits; and

- In December 2012, the balance of our deposits decreased by 2.5% as compared to December 2011, mainly due to decreased funding volume in the form of time deposits.

Deposits accounted for approximately 43.2% of all obligations in December 2013. Our deposits consist primarily of real-denominated, interest-bearing time and savings deposits and real-denominated, non-interest-bearing demand deposits. The decrease of R\$ 8,259 million in time deposits, between 2013 and 2012, was basically a result of the new business opportunities offered to customers.

Savings account deposits showed 16.9% growth, resulting primarily from: (i) the higher funding volume raising, which was influenced in part by changes in the rules for investment performance; and (ii) the remuneration of the savings account inventory.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .18.

Regarding demand deposits, there was an increase of R\$2,206 million, in the comparison between 2013 and 2012, mainly arising from improved funding, which in turn derived from an increase in the account holders' base in the period.

In December 2013, we had 26.4 million account holders and 50.9 million savings accounts as compared to 25.7 million account holders and 48.6 million savings accounts in December 2012. In December 2011, we had 25.1 million account holders and 43.4 million savings accounts.

Debentures

The increases stated in the comparison between December 2013 and 2012 and between December 2012 and 2011 basically refer to the placement of these securities, used as a guarantee in repurchase agreements, which were impacted by the pace of the economic activity.

Borrowing and Onlending

The increase of 27.0% (R\$ 11,909 million) in fiscal year 2013 compared to 2012 is due primarily to: (i) an increase of R\$ 7,231 million in loan obligations and onlendings denominated in and/or indexed to foreign currency, which increased from R\$ 8,169 billion in December 2012 to R\$ 15,400 million in December 2013, mainly brought on by: (a) the foreign exchange gain of 14.6% in the period, and (b) increase of the volume raised; and (ii) the increase of R\$ 4,678 million in the volume of funds raised through loans and transfers in Brazil, mainly through Finame operations.

In the comparison between 2012 and 2011, the balance of Borrowings and Onlending recorded a fall of 17.0%, or R\$9,061 million, basically due to the decrease of R\$9,171 million in borrowings and onlending denominated and/or indexed to foreign currency, which balance decreased from R\$17,340 million in December 2011 to R\$8,169 million in December 2012, mainly due to: (i) the settlement of operations; partially offset by: (ii) the positive 8.9% foreign exchange variation in the period.

Funds from securities issued

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .19.

The increase of 12.3% (R\$ 6.295 million) in 2013 compared to fiscal year 2012, was primarily due to: (i) the increase in the inventory of Financial Notes, the balance of which increased from R\$ 28.221 million in December 2012 to R\$ 35.208 million in December 2013, mainly due to new issues during the period; (ii) the increase in operations of Real Estate Financial Notes, in the amount of R\$ 1.766 million, partially offset: (iii) by the reduction of R\$ 2.713 million in the volume of operations of securities issued abroad.

In the comparison between December 2012 and December 2011, the 23.7% (R\$ 9,837 million) growth in Resources from Issuance of Securities stemmed mainly from: (i) the increase in volume of securities issued abroad, in amount of R\$ 5,778 million, reflecting the new issues in the period and the 8.9% foreign exchange rate gain; (ii) the increase in operations of Real Estate Credit Notes, in the amount of R\$ 2,086 million; (iii) the greater volume of Credit Notes for Agribusiness, in the amount of R\$ 1,355 million; (iv) new issuances of Financial Credit Notes, the balance of which grew R\$ 1,101 million, partially offset by: (v) the reduction of R\$ 483 million in the balance of Mortgage-Backed Securities.

Subordinated Debt

In December 2013, Subordinated Debt totaled R\$35,885 million (R\$8,952 million abroad and R\$26,933 million in Brazil).

At December 31, 2012, subordinated debt totaled R\$34,852 million (R\$8,807 million abroad and R\$26,045 million domestic). In the period, the amount of R\$ 19,837 million of Subordinated debt (R\$ 2,008 million abroad and R\$ 17,829 million domestic) was issued.

In December 2011, Subordinated Debt totaled R\$26,910 million (R\$6,404 million abroad and R\$20,506 million in Brazil). In the period, the amount of R\$9,626 million of Subordinated debt (R\$815 million abroad and R\$8,811 million domestic) was issued.

e) financing sources for working capital and investments in non-current assets that it intends to use to cover liquidity deficits

The Directors report that as sources of financing for working capital and for investments in non-current assets used to cover liquidity shortfalls, the company may use the following resources: (i) Deposit Raising; (ii) Issuance of Debentures; (iii) Loans; (iv) Issuance of Securities; and (v) Injection of Capital by the controlling shareholders. It should be pointed out that Bradesco's Treasury Department acts as a support center for our business segments by managing the funding and liquidity positions and executing investment objectives in accordance with asset and liability management policies. It is also responsible for setting the rates for our different products, including interbank rates. The Treasury Department covers any funding shortfall through borrowing in the interbank market, investing any surpluses in liquid instruments in the interbank market.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .20.

In some limited circumstances we may obtain emergency funds from the Central Bank of Brazil through a transaction referred to as “discount.” A discount is a loan from the Central Bank of Brazil to a financial institution, that loan being guaranteed by Federal Government securities owned by the financial institution. The amount of Federal Government securities held by the financial institution as trading securities limits the amount of discount transactions. Bradesco did not enter into discount transactions for liquidity purposes.

f) indebtedness ratios and the characteristics of the debts, also describing: i) relevant loan and financing agreements; ii) other long-term relationships with financial institutions; iii) level of subordination between debts; iv) any restrictions imposed on the issuer, in particular in relation to limits for indebtedness and contracting new debts, to the distribution of dividends, disposal of assets, issue of new securities and disposal of shareholding control

There are no loan and financing agreements or long-term relationships with financial institutions that we believe are relevant for Bradesco.

Financial institutions are subject to operating limits defined by the National Monetary Council and the Central Bank of Brazil for operating, according to provisions of the regulations in force, particularly Law 4,595/64, which sets forth the National Financial System.

Among the limits defined, noteworthy are as follows (i) Reference Equity consistent with the risks of its activity, (ii) fixed assets, which limits to 50% of the Reference Equity the total funds invested in Permanent Assets, (iii) exposure by customer, which sets forth the maximum limit of 25% of the amount of Reference Equity of exposure by customer, (iv) exposure in gold, foreign currency and in operations subject to foreign exchange variation, limited to 30% of the Reference Equity amount, and (v) minimum limits of realized capital and shareholders' equity for operating.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .21.

Rules also bar financial institutions from carrying out certain operations, and noteworthy are as follows: (i) granting loans or advances to related companies, managers and relatives, and (ii) acquiring real estate not intended for own use.

g) limits for use of contracted financing

There are no limits for the use of contracted financing.

h) significant changes to each item of financial statements

Directors understand that the Bank has all financial and asset conditions to ensure the compliance with obligations, guaranteeing the business expansion.

We present below comments on the items the directors believe are important and relevant, stated in the Balance sheet and Statement of income.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .22.

Interbank Investments

In December 2013, the balance of interbank investments amounted to R\$ 135,456 million, which accounted for an decrease of R\$ 16,357 million, or 10.8%, as compared to December 2012, mainly due to the fall of R\$ 10,560 million recorded in the portfolio of securities in relation to the financed position, and noteworthy were the National Treasury Notes and Bills.

The balance of interbank investments amounted to R\$ 151,813 million in December 2012, which accounted for an increase of R\$ 69,510 million, or 84.5%, as compared to December 2011, mainly due to the increase of R\$ 66,497 million recorded in the portfolio of securities in relation to the financed position, and noteworthy were the National Treasury Notes and Bills.

Securities

In December 2013 securities represented 34.5% of our total assets (December 2012 – 35.9% and in December 2011 – 34.9%).

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .23.

In December 2013, the balance of securities remained practically stable compared to December 2012.

In December 2012, the balance of securities increased 18.7% compared to December 2011, primarily due to: (i) increase our exposure in government securities; and (ii) growth of repurchase operations.

Interbank and Interbranch Accounts

Interbank and interbranch accounts basically correspond to compulsory deposits with the Central Bank of Brazil and represented, in December 2013, 6.3% of our total assets (December 2012 – 5.7% and in December 2011 – 9.6%).

In the comparison between December 2013 and 2012, the 14.5% increase resulted mainly from the growth of mandatory reserve requirements on: (i) savings account deposits, due primarily to the larger volume captured; and (ii) time deposits, mainly impacted by the increase in interest rates during the period.

In the comparison between December 2012 and 2011, the 31.7% decrease basically refers to a decrease in our time deposit balances.

Loan operations and leasing

In December 2013 loan and leasing operations represented 32.7% of our total assets (December 2012 – 30.5% and in December 2011 – 32.7%).

In the comparison between December 2013 and 2012, the 10.7% increase basically refers to the increase in volume of operations, highlighting the following products targeted at individual (natural person) customers: (i) real estate financing, with an increase of 35.2%; and (ii) payroll advance loans, with an increase of 29.0%. Regarding the corporate segment, the highlights were: (i) export financing, with a growth of 27.8%; and (ii) real estate financing - corporate plan, with an increase of 25.2%.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .24.

In the comparison between December 2012 and 2011, the 7.7% increase refers basically to the increase in volume of operations, highlighting the following products targeted at individual (natural person) customers: (i) real estate financing, with an increase of 38.8%, and (ii) payroll advance loans, an increase of 16.6%. Regarding the corporate segment, the highlights were: (i) real estate financing - corporate plan, with an increase of 37.0%; and (ii) export financing, with a growth of 22.4%.

Federal funds purchased and securities sold under agreements to repurchase

In December 2013, the balance of money market funding remained practically stable, compared to December 2012.

In the comparison between December 2012 and 2011, the 29.4% increase in fund raising was due primarily to: (i) an increase of R\$ 66.069 million in third-party portfolio operations; offset by (ii) the reduction of R\$ 10.661 million in the company-owned portfolio.

Provisions for insurance, pension plan and capitalization

In December 2013, technical provisions for insurance, pension plans and capitalization grew by 9.7% (R\$ 12.012 million), mainly due to: (i) an increase of R\$ 9.034 million in technical provisions for VGBL plans; and (ii) an increase of R\$ 1.446 million in technical provisions for PGBL plans.

In December 2012, technical provisions for insurance, pension plans and capitalization had a growth of 19.8% (R\$ 20.564 million), mainly due to: (i) an increase of R\$ 12.244 million in technical provisions for VGBL plans; and (ii) an increase of R\$ 2.486 million in technical provisions for PGBL plans.

We also highlight that the main sources of fund raising: i) Deposits, ii) Debentures iii) Loans and onlendings; iv) Resources from issuance of securities; and v) Subordinated debts, are being commented in item 10.1 d).

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .26.

During the quarter, certain non-recurring events were recorded in our financial statements. Thus, to provide for better understanding and analysis of our performance, we adjusted our Book Net Income by excluding these events, composing our so-called Adjusted Net Income.

In October 2013, Law 12865/13 set forth the tax liability installment and cash payment program – Refis. Bradesco made a detailed evaluation of Organization's tax claims and contingencies and, in November 2013, resolved to adhere to the program, basically for those claims challenging the mandatory payment of contribution for the Social Integration Program (PIS) and the Contribution for Social Security Financing (Cofins), referred to in Chapter I of Law 9718/98 levied on financial income generated by Organization's financial institutions which had obtained writ of mandamus that suspended these payments. This adhesion resulted in a reversal of provision, net of tax effects, amounting to R\$1,950 million. The proceedings involving other Organization companies that reclaim these payments or have escrow deposits are still under litigation.

Tax credits deriving from the investment acquisition operation were also recorded, amounting to R\$462 million, given that they already comply with regulatory aspects and have effective perspectives of realization, in accordance with studies and analyses prepared by Management.

Also, in compliance with Susep Circular Letter 462/13, the Insurance Group began to adopt the risk-free yield curve (ETTJ) as discount rate of actuarial liability flow, which resulted in a net reversal of part of the technical reserves, totaling R\$2,572 million. In the same period, we traded NTNs, given as collateral for technical reserves, in order to adjust these securities at market prices, in line with the new liability rates.

Lastly, we adjusted Bank's available-for-sale NTNs at market value, through their trading in the market. All in all, although these and other non-recurring events have not caused significant net effect on income for the quarter and the year, they caused an important increase in Shareholders' Equity. This makes us more prepared to implement Basel III and also will improve our future returns on said NTNs, which now reflect market's current rates.

We comment below on the main captions impacting the results for the last three fiscal years:

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .28.

Financial margin

In 2013, financial margin totaled R\$ 43.286 million, down 1.2% (R\$ 507 million) compared to 2012, caused by the following factors: (i) the lower result of the "net non-interest income" in the amount of R\$ 1.172 million, due to lower gains from market arbitrage; and partially offset by: (ii) the increase in income from operations that yield interest in the amount of R\$ 665 million, resulting from the increase in business volume, particularly "Loans" and "Fund Raising".

Financial margin for 2012 reached R\$ 43.793 million, an increase of 11.4% (R\$ 4.472 million) compared to 2011, as a result of the following factors: (i) growth in income from operations that yield interest in the amount of R\$ 4.351 million, due to the increase in business volume, particularly "Loans" and "Securities/Other"; and (ii) higher income from the net "non-interest" income in the amount of R\$ 121 million, due primarily to higher gains from "Insurance", which is represented by the results with non-fixed income.

Allowance for doubtful accounts

In 2013, the expense on Provision for Loan Losses totaled R\$ 12,045 million, down 7,4% (R\$ 969 million) from the previous year, a result of reduced level of defaults in the last 12 months, even considering the 11,0% growth of loan operations – Bacen concept.

In 2012, the expense on Allowance for Doubtful Accounts (Loan Loss Provision), totaled R\$ 13.014 million, an increase of 27.1% (R\$ 2.777 million) compared to the previous year, due mostly to: (i) growth in volume of loan operations; and (ii) the behavior of delinquency in the period.

Result from Insurance, Pension Plan and Capitalization Operations

In 2013, the result from insurance, pension plan and capitalization operations reached R\$ 4,471 million, recording an increase of 17.2%, or R\$ 657 million as compared to the previous year.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .29.

In the comparison between 2013 and 2012, a 12.3% increase was recorded for written premiums, pension plan contribution and income from capitalization bonds. This change was due to the performance of all segments, primarily “Health” and “Capitalization”, both with double-digit grew rates.

It should be pointed out that the adjusted net income for 2013 was R\$3,740 million, with an increase of 4.3% as compared to the same period of the previous year. This change is a reflection of: (i) the 12.3% growth in billing; (ii) improved financial and equity result; and (iii) maintenance of loss ratios and administrative efficiency.

In 2012, the result from insurance, pension plan and capitalization operations reached R\$ 3,814 million, recording an increase of 13.2%, or R\$ 444 million as compared to the previous year.

In the annual comparison, a 17.7% increase was recorded for written premiums, pension plan contribution and income from capitalization bonds. This increase was due to the performance of all segments, which recorded over a two-figure growth.

Adjusted net income for 2012 was R\$ 3,587 million, with an increase of 12.1% as compared to the same period of the previous year. This change is a reflection of: (i) 17.7% growth in billing; (ii) focus on more profitable products; (iii) maintaining the loss ratio at the same levels as the previous year; (iv) improved equity income; and (v) reduction in general and administrative expenses, even with the increase with regard to collective bargaining agreement, which occurred in January 2012.

Banking Services Fees

In 2013, Revenues from Services reached R\$ 19,786 million – an increase of 13.0% (R\$ 2,274 million) in comparison with 2012, mainly provided by: (i) by the performance of the credit card segment credit, a result of increased billing and transactions made; (ii) growth of checking account revenue, due to the increase of business and checking account customer base, which showed a net increase of active 707,000 account holders in the period; (iii) the higher revenues from loan operations, resulting from the increased volume of contracted operations and operations of sureties and guarantees in the period; (iv) the increase of revenues from collections; (v) the increase in revenue from fund management whose average volume of funds raised and managed portfolios increased 8.3% in the period; and (vi) changes in revenue through management of consortia.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .30.

In 2012, Revenues from Services reached R\$ 17,512 million – an increase of 15.0% (R\$ 2,289 million) in comparison with 2011, mainly due to: (i) the performance of the credit card segment credit, a result of increased billing and transactions made; (ii) growth of checking account revenue, due to the increase of business and checking account customer base, which showed a net increase of active 583,000 new accounts in the period; (iii) the increase in revenue from fund management, whose volume of funds raised and portfolios managed grew 31.7% in the period; (iv) higher gains from operations on the capital market (underwriting / financial advisory services); (v) increase in revenue from collections; and (vi) higher revenues from loan operations, resulting from the increased volume of contracted operations and of sureties and guarantees in the period.

Personnel Expenses

In 2013, Expenses on Personnel reached R\$ 13,061 million, an increase of 7.2% (R\$ 875 million) compared to 2012, primarily due to: (i) the amount of R\$ 570 million (or 5.8%), in the “structural” portion, mostly related to the increase in expenses on salaries, social charges and benefits, impacted by increases in salary level, as per the collective bargaining agreements of 2012 and 2013 (increases of 7.5% and 8.0%, respectively); and (ii) the “non-structural” portion of R\$ 305 million, due mainly to higher expenses on: (a) provision for labor-related lawsuits; and (b) profit sharing for managers and employees (PLR).

In 2012, Expenses on Personnel reached R\$ 12.186 million, an increase of 10.2% (R\$ 1.125 million), compared to the previous year, due mainly to the increase in the “structural” portion in relation to increased expenses on salaries, social charges and benefits, due to: (i) wage increases as per the collective bargaining agreements of 2011 and 2012; and (ii) net increase in number of employees, concentrated in the 2nd half of 2011, stemming from organic growth.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .31.

Administrative Expenses

In 2013, administrative expenses totaled R\$ 14,512 million, an increase of 2,5% (or R\$ 350 million), due to strong cost control through the coordinated actions of our Efficiency Committee. Also noteworthy is the following: (i) the expansion of 3,819 Service Points in the period, for a current total of 72,736 Service Points on December 31, 2013; (ii) the increased volume of business and services in the period; (iii) contractual adjustments; and (iv) the behavior of inflation rates in the past 12 months, by the IPCA and IGP-M price indexes, which reached 5.9% and 5.5%, respectively.

In 2012, administrative expenses totaled R\$ 14,162 million, an increase of 5.6% (R\$ 756 million), due primarily to higher expenses on: (i) growth of the volume of business and services in the period; (ii) contractual adjustments; and (iii) organic growth, starting in the 2nd half of 2011, with the expansion of 9,196 Service Points, highlighting the increase of 8,214 “Bradesco Expresso,” totaling 68,917 Service Points on December 31, 2012; partially offset by the lower expenses on: (iv) third-party services; and (v) advertising/PR.

Tax Expenses

Increases in Tax expenses for both the comparative period between 2013 and 2012 and the period between 2012 and 2011 are basically due to the higher expenses on service tax and taxes on income (ISS/PIS/COFINS), arising from the rise in tax revenues, particularly, in the financial margin and banking services fees in these periods.

Other Operating Revenues and Expenses

In the year over year comparison, other operating expenses, net of other operating income, showed a variation of R\$ 529 million, mainly reflecting higher expenses on: (i) establishment of operating reserves, particularly for civil contingencies; and (ii) amortization of intangible assets.

In the comparison between 2012 and 2011, the 23.9% (R\$ 813 million) increase in other operating expenses, net of other operating income, originated primarily from: (i) higher costs of establishing operational provisions, particularly tax and legal contingencies; (ii) miscellaneous losses; and (iii) higher expenses on amortization of intangible assets by the acquisition of banking rights.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .32.

10.2 - Operating and Financial Income

Directors should comment:

a) results of issuer's operations, in particular:

i) description of any major components of revenue

Below we highlight our principal operating revenues, which grew by 5.2% in 2013 as compared to 2012, with an emphasis on: (i) revenue from services; and (ii) revenues from withheld premiums of insurance, pension plans and capitalization. In the comparison between 2012 and 2011, the main operating revenue grew by R\$ 11.305 million (7.9%), impacted mainly by the increase in: (i) revenues from withheld premiums of insurance, pension plans and capitalization; (ii) revenues from loan and leasing operations; and (iii) revenues from services.

(1) Including operations with debentures and promissory notes.

In the comparison between the 2013 and 2012 balances, loan and loan operations to corporate customers recorded an increase of 10.6%, and noteworthy were as follows: (i) export financing; and (ii) real estate financing – corporate plan.

In operations with credit risk to corporate customers, an increase of 13.1% was recorded in the comparison between the 2012 and 2011 balances. The major highlights were the modalities: (i) real estate financing - corporate plan; and (ii) export financing.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .34.

Income from Securities, Derivatives and Foreign Exchange Operations

In the comparison between the 2013, 2012 and 2011 balances, the variations recorded in income from securities refer to the higher volume of operations with fixed-income securities.

Result from Compulsory Deposits

In the comparison between the balances of 2013 and 2012, the 18.2% reduction in revenues resulted primarily from the 7.9% decrease in the balance of time deposits.

In the comparison between the balances of 2012 and 2011, the 37.5% reduction in revenues resulted primarily from the decrease: (i) of 16.2% in time deposits; and (ii) interest rates (Selic).

Income from Insurance retained Premiums, Pension Plans and Capitalization, and Banking Services Fees

Regarding the variations in income from insurance retained premiums, pension plans and capitalization and banking services fees, the related comments are included in item 10.1.h.

ii) factors that materially affected the operating results

Directors report that no factors have occurred that might significantly affect the company's operating results in the last three fiscal years other than those described in item 10.1 h and 10.2.a. i.

b) variations in income from price changes, foreign exchange rates, inflation, changes in volumes and introduction of new products and services

Directors report that there were no significant variations in the issuer's financial revenues or income attributable to changing prices of our main inputs and products, exchange rates, inflation, altered volumes or the introduction of new products and services for the years ended on December 31, 2013, 2012 and 2011.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .35.

c) impact of inflation, variation of prices of main inputs and products, and foreign exchange and interest rates on the issuer's operating income and financial income

During periods of high interest rates, our financial income increases because the interest rates on our interest-earning assets are higher too. At the same time, we incur higher financial expenses since interest rates on interest-bearing liabilities are also higher. Changes in volumes of our assets and liabilities that incur interest also affect our revenues and expenses. For example, an increase in our interest income attributable to higher interest rates may be offset by a reduction in the volume of our outstanding loans.

Moreover, when the Brazilian *real* depreciates, we incur: (i) losses on our liabilities denominated in or indexed to foreign currency, such as our long-term debt denominated in USD and foreign currency borrowings, in such a way that the cost in BRL of the relative financial expense increases; and (ii) gains in our assets denominated in and/or indexed to foreign currency, such as our securities and loan operations indexed to the USD, when the revenue from these assets measured in BRL increases. Conversely, when the Brazilian *real* appreciates, we incur: (i) losses on our assets denominated in and/or indexed to foreign currencies; and (ii) gains on our liabilities denominated in or indexed to foreign currency.

In 2013, the financial “interest” rate increased 1.6%, from R\$ 37,670 million in 2012 to R\$ 42,021 million in 2013. The increase of R\$ 665 million in the income from interest transactions resulted mainly due to the increased business volume, and noteworthy were “Loans” and “Funding”. It is noteworthy that the interest rate (CDI) increased from 8.40% in 2012 to 8.06% in 2013.

In 2012, the financial “interest” rate increased 11.6%, from R\$ 37,670 million in 2011 to R\$42,021 million in 2012. The increase of R\$ 4,351 million in the income from interest transactions resulted mainly due to the increased business volume, and noteworthy were “Loans” and “Securities/Other.” It is worth mentioning that the interest rate (CDI) decreased from 11.6% in 2011 to 8.4% in 2012, and this decrease provided smaller gains in “Funding” margins.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .36.

10.3 - Events with Significant Effects (occurred and expected) on Financial Statements

Directors should comment on material effects that the events below have caused or are expected to cause for the issuer's financial statements and results:

a) introduction or sale of operating segment

No operational segment was introduced or sold in the period.

b) creation, acquisition or sale of equity interest

In the period, there was no acquisition or disposal of equity interest that produced or will produce significant effects on the financial statements.

c) unusual event or operations

In the period there were no unusual events or transactions involving the issuer, other than the extraordinary events stated in item 10.1.h, that caused or are expected to cause significant impacts on its results.

10.4 - Significant Changes in Accounting Practices – Reservation and Emphases in the Auditor's Opinion

Directors should comment:

a) significant changes in accounting practices

Directors report that no significant changes were made to the accounting practices we use in the fiscal years ended December 31, 2013, 2012 and 2011.

b) significant effects of changes in accounting practices

The Directors of Banco Bradesco highlight that, although there have been no significant changes in our accounting practices, it is noteworthy that, unlike the other publically-traded companies that are already using all of the "CPCs", financial institutions use eight of the technical accounting pronouncements issued by Brazil's Accounting

Pronouncements Committee (CPC), which were approved by the National Monetary Council (CMN). The other CPC pronouncements, interpretations and guidelines will only be applicable to financial institutions after approval by the National Monetary Council.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .37.

It is currently not possible to estimate when National Monetary Council will approve the other CPC accounting pronouncements or if their adoption will be prospectively or retrospectively.

The eight CPC accounting pronouncements approved by the National Monetary Council were as follows:

- Resolution 3566/08 – Asset impairment (CPC 01);
- Resolution 3604/08 – Statement of cash flows (CPC 03);
- Resolution 3750/09 – Related party disclosures (CPC 05);
- Resolution 3823/09 – Provisions, contingent liabilities and contingent assets (CPC 25);
- Resolution 3973/11 – Subsequent events (CPC 24);
- Resolution 3989/11 – Share-based payment (CPC 10);
- Resolution 4007/11 – Accounting policies, changes in accounting estimates and errors (CPC 23); and
- Resolution 4144/12 – Basic conceptual pronouncement (R1).

c) *Reservations and emphases in the auditor's opinion*

There were no disclaimers and emphases on the report of the independent auditors.

10.5 - Critical Accounting Policies

Directors should indicate and comment on the critical accounting policies adopted by the issuer, in particular, accounting estimates made by management on uncertain and relevant issues for describing the financial position and results of operations that require subjective or complex judgment, such as: provisions, contingencies, revenue recognition, tax credits, long-lived assets, useful life of non-current assets, pension plans, foreign currency translation adjustments, environmental recovery costs, criteria for asset and financial instrument impairment tests.

Bradesco has disclosed critical risk factors and accounting policies, in conformity with the best international transparency and Corporate Governance practices, in relation to possible political and economic situations in the domestic and foreign markets, which may directly impact the day-to-day of operations and accordingly, the Bank's financial position.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .38.

Our Directors believe that the Banco Bradesco's results are subject to accounting policies, assumptions and estimates. It is Management's responsibility to adopt fair accounting practices, in addition to using judgment while carrying out reasonable and conservative estimates to be used in the preparation of financial statements.

Regarding materiality, the items below describe the accounting policies deemed as critical, as well as the areas demanding better judgment or involving a high complexity level, which may affect our financial position and the result of our operations. The accounting estimates we carry out in this context cause us to make assumptions on issues involving uncertainties. In each case, if our estimates are not confirmed, in the comparison with effective results, there may be significant impacts on our financial situation or the results of our operations.

Allowance for doubtful accounts

The allowance for doubtful accounts is calculated in an amount sufficient to cover possible losses and take into account the rules and instructions issued by National Monetary Council and Central Bank of Brazil, together with the appraisals carried out by Management upon calculation of credit risks.

At the end of each period, the allowance for doubtful accounts is adjusted based on an analysis of our portfolio, including the estimate of losses in loan and leasing operations and other operations with credit characteristics.

In view of its nature, the definition of the allowance for doubtful accounts requires us to make judgments and assumptions related to our portfolios, both on individual and product-specific portfolio bases. Whenever we reassess the portfolio as a whole, a number of factors may affect the estimate of the probable losses, including which methodology we will adopt for measuring the historical delinquency rates and which historical period we will take into account to carry out such measurements. Other factors that may affect our judgment to set the amount regarding the allowance for doubtful accounts include as follows:

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .39.

- Brazilian general economic conditions and relevant conditions in the sector;
- previous experience with the debtor or the relevant economy sector, including the recent experience of losses;
- credit quality trends;
- values loan securities;
- volume, composition and growth of our portfolio;
- the Brazilian government's monetary policy; and
- any delays in receiving information necessary to evaluate operations or confirm existing impairment.

We use models to help us analyze our portfolios and define the required amount of the provision for losses. We use statistical factors to show losses and other risk indicators for groups of loans with similar risk characteristics to achieve an estimate of losses incurred by the portfolio. Although our models are often reviewed and improved, by their nature, they depend on our judgments made in relation to information and/or forecasts we receive. In addition, the Brazilian economy's volatility may lead to greater uncertainty in our models than one would expect in more stable macroeconomic environments. Therefore, our provision for doubtful debt may not be indicative of actual future losses.

The process to calculate the level of provision for doubtful debt requires a high judgment level. It is possible that others, taking into account the same information, may at any time reach reasonably different conclusions.

Classification of Securities and Derivatives

The classification of securities and derivatives occurs in three categories: for trading, available for sale, and held to maturity. This classification is based on the Management's intent, on the date the securities are acquired, of keeping or selling such securities. The accounting treatment to the securities we hold is dependent on how we classify them upon their acquisition.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .40.

Changes in the economic environment may alter our strategy in relation to a particular security, which will require a transfer between categories.

Evaluation of Securities and Derivatives

Financial instruments recorded at fair value in our financial statements basically include securities classified as: (i) for trading; (ii) available for sale; and (iii) other trading assets, including derivatives. Fair value is defined as the amount by which a position could be transacted with a party aware of the issue and willing to negotiate, with no favoritism.

We estimate the fair value by using the market prices, as available. We note that the price may be affected by the volume of shares transacted, and may also fail to reflect the “control premiums” under share agreements with shareholders, which holds significant investments. However, the Management believes that market prices are the best indicators of fair value.

At the determination of the fair value, when market prices are not available, the Management’s judgment is made, as models depend on our judgment of weight assignable to different factors and the quality of information received. The factors used in these models include quotations by distributors, pricing models, prices of instruments with similar characteristics and discounted cash flows. Model-based pricing also uses information on interest rates, foreign exchange rates and volatility of options, whenever significant and available. Such as reliable market data while estimating the impact of keeping a large position is generally limited. We use likewise our judgment for estimating prices whenever there is no external parameter. If we make inaccurate assumptions or the model itself makes inaccurate correlations or assumptions, the amount of income or loss recorded for a specific asset or liability may be incorrect. Judgment should also determines whether a reduction in the fair value below the updated cost of a held-to-maturity or an available-for-sale security is not temporary, so that it would demand the possible recognition of impairment of the updated cost and that we may record this reduction as an expense. At that evaluation, if any devaluation is not temporary, the Management will decide which historic period should be considered and how severally a loss may be provisioned for.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .41.

These appraisal methods may lead Bradesco to have different results should the assumptions and estimates used fail to subsequently become real.

Tax Income and Social Contribution

The value determination of income tax and social contribution is complex, and therefore our evaluation is based on the analysis of our deferred fiscal assets and liabilities and income tax and social contribution payable. In general, our evaluation requires us to estimate the future amounts of deferred fiscal assets and income tax and social contribution payable. Evaluating the possibility of any deferred fiscal assets to be realized is subjective and involves evaluations and assumptions the origin of which is uncertain. Realization of deferred fiscal assets is subject to changes to future fiscal rates and the development of our tax planning strategies. Evaluations and assumptions may change over the time as a result of unforeseen events or circumstances, and thereby change our judgment at the determination of the amount of our fiscal liabilities.

We continuously monitor and evaluate the impact of new tax laws on our liabilities, as well as new events likely to affect the evaluations and assumptions of our analysis of the possibility of deferred fiscal assets realization.

A significant judgment is required for the determination of the probability of a position on income tax and social contribution be sustained under examination, even after the result of any legal or administrative proceedings, on the basis of technical merits. An additional judgment is then required to determine the amount of benefit eligible to be recognized in our consolidated financial statements.

Impairment

The balances of securities classified as available for sale and held to maturity, in addition to non-financial assets (except for deferred tax credits), are reassessed at least on a yearly basis, to determine where there is any indication of impairment. When a loss is identified, we recognize an expense in income for the year. This occurs when the carrying amount of the asset exceeds its recoverable value.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .42.

We use a number of judgments to calculate the recoverable value, and accordingly we estimate the value of the most variable assets subject to impairment testing.

Technical provisions for insurance, pension plan and capitalization

Technical provisions are liabilities representing estimates of the amounts to be due in a certain point in the future in favor of our customers, stakeholders, insured parties or their beneficiaries. The actuarial assumptions are based on our experience, and are periodically reviewed in relation to sector standards to assure actuarial credibility. However, significant changes in the experiences or assumptions may compel us to establish a provision for expected future losses on a product, establishing provisions for insufficient premiums or contributions. These provisions are set forth in short- or long-term agreements to forecast expected future losses.

For insurance, future claims to be paid include provisions for group and individual life, health, contingency, liability and damage insurance. These benefits are computed using actuarial hypotheses for mortality rates, incapacity, expiry date, investment performance, inflation, expenses, and others. For long-term insurance agreements, when the actuarial hypotheses in a specific policy or group of policies are fulfilled, they will not be changed during the validity time of the policy. Liabilities recognized for claims include provisions for incurred but not reported claims and provisions for unsettled claims. We recognize claims as they occur. However, costs of claims occurred in a specific period will not be clearly recognized until we receive, process and pay such indemnities. We determine the liability amount through actuarial methods based on history of claim payments to estimate claim liabilities. Methods to determine such estimates and establish the values of the technical provisions are reviewed and updated on a regular basis. The resulting adjustments are recognized in income for the respective period.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .43.

For pension plans, future benefits to be paid to participants or their beneficiaries include provisions for retirement, pension and redemptions, with actuarial hypotheses that take into account factors such as survivorship, interest rates, and disability, among others.

For capitalization operations, future payments to our customers include provisions for redemptions and raffles. These are calculated on the monetarily adjusted nominal values of the securities.

Accounting provisions and contingent liabilities

We make accounting provisions taking into consideration our legal advisors' opinion, the nature of proceedings, their similarity with previous proceedings, their complexity and the Court's award, whenever the loss is considered likely to occur, which would lead to a possible allocation of funds to settle the obligations, and when related amounts are quite securely measurable.

Contingent liabilities classified as eventual losses are not recognized for accounting purposes and should only be mentioned in explanatory notes when they are individually significant, while those classified as remote loss require no provisions or disclosure.

We continuously monitor lawsuits in progress in order to evaluate, among other things: (i) the nature and complexity thereof; (ii) the development of the proceedings; (iii) the opinion of our legal advisors; and (iv) our experience with similar cases. Upon determining whether a loss is likely to occur and estimating its value, we also consider:

- a) the probability of loss derived from claims occurred on or before the date of financial statements, which were identified by us after the date of such statements but before their publication; and
- b) the need to disclose claims or events occurred after the date of financial statements, but before their publication.

10.6 - Internal Controls relating to Preparation of Financial Statements – Levels of Efficiency and Deficiency and Recommendations in the Auditor's Report

In relation to internal controls used to ensure that reliable financial statements are prepared, the directors should comment:

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .44.

a) *the level of efficiency of such controls, indicating eventual deficiencies and actions taken to correct them*

The effectiveness of the Organization's internal controls is supported by qualified professionals, well defined and implemented processes, and technology compatible with business needs.

The Policy on Internal Controls and Compliance and the Standard on the Internal Control System are aligned with the main control frameworks, such as COSO – Committee of Sponsoring Organizations of the Treadway Commission, and COBIT – Control Objectives for Information and Related Technology, which respectively cover aspects Business and Technology, in compliance with good practices, regulations, and applicable laws.

The existence, effectiveness and execution of the controls that assure acceptable levels of risk in the Organization's processes are certified by the Department of Internal Controls and Compliance, and the results are reported to the Audit Committee and Internal Controls and Compliance Committee, as well as to the Board of Directors, with the aim to provide reasonable assurance regarding the proper conduct of business and to achieve the established objectives in accordance with external laws and regulations, internal policies, standards and procedures, as well as applicable self-regulation and codes of conduct.

In light of the foregoing, Management assessed the effectiveness of the internal controls related to the consolidated financial statements on December 31, 2013, and concluded with a reasonable degree of certainty that the internal controls are effective and efficient to assure the integrity of the information, and no significant deficiencies or material weaknesses have been identified.

b) *deficiencies and recommendations on internal controls included in the independent auditor's report*

In view of our stock of knowledge and the studies conducted by the independent auditor to assess our internal controls structure, designed to ensure the adequacy of Bradesco's financial statements, the auditor's report contains no faults or recommendations in relation to internal controls that could significantly affect our financial statements.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .45.

10.7 - Use of Proceeds from Public Offerings for Distribution and any Deviations

If the issuer has made a public offering for distribution of securities, the directors should comment:

- a) how funds derived from the offering were used;*
- b) whether there were important deviations between the effective application of funds and the proposed application disclosed in leaflets on the respective distribution*
- c) if deviations occurred, the reasons for such deviations*

There were no public offerings of distribution of securities in the years ended 2013, 2012 and 2011.

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .46.

10.8 - Material Items not shown in Financial Statements

Directors should describe material items not shown in the issuer's financial statements, and state:

- a) assets and liabilities directly or indirectly held by the issuer that are not presented in its balance sheet (off-balance sheet items), such as: i) operating leases, assets and liabilities; ii) written-off portfolios of receivables for which the entity has risks and responsibilities, indicating the related liabilities; iii) agreements for the future purchase and sale of products or services; iv) agreements for constructions in progress; v) agreements for future receipt of financing;*
- b) other items omitted from the financial statements*

No significant items were omitted from the accounting statements.

10.9 - Comments on Material Items not shown in Financial Statements

In relation to each of the items omitted from the financial statements referred to in item 10.8, the directors should comment:

- a) how such items change or may eventually change revenues, expenses, operating result, financial expenses or other items of the issuer's financial statements*
- b) nature and purpose of operation*
- c) nature and amount of obligations and rights generated for the issuer under the operation*

No significant items were omitted from the accounting statements.

10.10 - Business Plan

Directors should state and comment the principal elements of the issuer's business, specifically exploring the following topics:

- a) investments, including: i) quantitative and qualitative description of the investments in progress and expected investments; ii) sources of investment financing; iii) relevant divestitures in progress and expected divestitures;*

In 2013, Bradesco continued to invest in the expansion of its network, taking the total number of points of service to 72,736 (in addition to branches, this total includes: service branches (local acronym PAs); ATMs (local acronym PAEs); ATMs outside our own network; the shared network of pooled ATMs; Bradesco Espresso POSs; Bradesco Sales Promotion, and foreign branches or subsidiaries).

Directors/officers' comments on the Company in terms of Reference Form Item 10, pursuant CVM Instruction No. 480 of December 7, 2009 .47.

Funding for the above-mentioned investments was sourced from the Organization's own working capital, primarily shareholder equity.

The following table shows the total amount invested over the last three years, including infrastructure (facilities, furniture and fixtures):

	R\$ million		
	2013	2012	2011
Infrastructure	501	718	1,087
Information Technology / Telecommunication	4,341	3,690	3,241
Total	4,842	4,408	4,328

b) if already disclosed, the acquisition of plants, equipment, patents or other assets likely to materially influence the issuer's production capacity should be indicated

No acquisitions of plant, equipment, patents or other assets that are likely to materially affect our production capacity have been disclosed.

c) new products and services, indicating: i) description of the research in progress that has already been disclosed; ii) total amounts spent by the issuer in research for the development of new products and services; iii) projects in progress that have already been disclosed; iv) total amounts spent by the issuer in the development of new products and services

There are no new significant products and services, individually.

10.11 - Other Factors Material Affecting Operational Performance

Comment on other factors materially affecting operational performance that have not been identified or commented in the other items in this section:

There are no other factors which could materially affect our operational performance that have not been mentioned in this section.

Proposal of Banco Bradesco S.A.' parent companies to elect the Board of Directors' members, to be submitted to the resolution of other shareholders at the Annual Shareholders' Meeting to be cumulatively held with the Special Shareholders' Meeting on March 10, 2014, at 4 p.m.

Dear Shareholders,

The parent companies of Banco Bradesco S.A., Cidade de Deus - Companhia Comercial de Participações and Fundação Bradesco, both represented by the Chief Executive Officer, hereby submit, to examination and resolution, proposal to elect the Board of Directors's members.

Pursuant to Article 8 of the Company's Bylaws, the Board of Directors comprises 6 (six) to 9 (nine) members, all serving a 1 (one) year term of office.

Therefore, they propose:

Proposals of Banco Bradesco S.A.'s parent companies to elect the Fiscal Council's members and to establish the respective compensation, to be submitted to the resolution of other shareholders at the Annual Shareholder's Meeting to be cumulatively held with the Special Shareholders' Meeting on March 10, 2014, at 4 p.m.

Dear Shareholders,

The parent companies of Banco Bradesco S.A., Cidade de Deus - Companhia Comercial de Participações and Fundação Bradesco, both represented by the Chief Executive Officer, hereby submit, to examination and resolution, proposals to:

I. Elect the Fiscal Council's members:

Pursuant to Article 2 of the Statute of the Fiscal Council and to Article 20 of the Company's Bylaws, the Fiscal Council does not operate on a permanent basis and, when installed, shall comprise 3 (three) to 5 (five) sitting members and an equal number of deputy members, shareholders or not, all with terms valid until the first Annual Shareholders' Meeting being held after their election.

Pursuant to letter "b" of Paragraph 4 of Article 161 of Law # 6,404/76, the shareholders entitled to voting right (with exception of the minority shareholders, to whom the item "a" of Paragraph Four of the said Article applies), may elect the majority of the Fiscal Council's members and their respective deputies.

Thus, the parent companies propose that the Fiscal Council be installed on a non-permanent basis, with term of office until the first Annual Shareholders' Meeting to be held after their election, and the controlling shareholders will appoint, to comprise the Body, the highest number of members they are entitled to, pursuant to the legal provision aforementioned, contemplating, in this event, to elect:

a) as sitting members, Messrs. **Nelson Lopes de Oliveira**, Brazilian, married, entrepreneur, RG (Identity Card) 3.962.261/SSP-SP, CPF (Individual Taxpayer's ID) 036.974.608/20; and **João Carlos de Oliveira**, Brazilian, married,

Edgar Filing: BANK BRADESCO - Form 6-K

business consultant, RG (Identity Card) 50.785.140-7/SSP-SP, CPF (Individual Taxpayer's ID) 171.602.609/10, both domiciled at Cidade de Deus, Vila Yara, Osasco, SP, CEP 06029-900; and

b) as deputies of the members above mentioned, respectively, Messrs. **Jorge Tadeu Pinto de Figueiredo**, Brazilian, married, lawyer, RG (Identity Card) 5.546.755-6/SSP-SP, CPF (Individual Taxpayer's ID) 399.738.328/68, and **Renaud Roberto Teixeira**, Brazilian, married, entrepreneur, RG (Identity Card) 3.022.895/SSP-SP, CPF (Individual Taxpayer's ID) 057.180.078/53, both domiciled at Cidade de Deus, Vila Yara, Osasco, SP, CEP 06029-900.

Proposals of Banco Bradesco S.A.'s parent companies to elect the Fiscal Council's members and to establish the respective compensation, to be submitted to the resolution of other shareholders at the Annual Shareholder's Meeting to be cumulatively held with the Special Shareholders' Meeting on March 10, 2014, at 4 p.m. .2.

In compliance with the provisions of letter "a" of Paragraph Four of Article 161 of Law # 6,404/76, preferred shareholders, in separate votes, are entitled to appoint a sitting member and respective deputy. The minority shareholders shall have the same right, provided that they jointly represent ten per cent or more of the voting shares.

Thus, Bradesco, in order to speed the process and facilitate the works in the Shareholders' Meeting, recommends that the shareholder or group of shareholders who wish to indicate candidates to compose the Fiscal Council, in its discretion, send to the Company, preferably, within up to 2 (two) business days before the date set for the completion of the respective Annual Shareholders' Meeting, their names, qualifications and curricula, observing the same rules and conditions of election. Such information must be directed via e-mail to governancacorp@bradesco.com.br and, alternatively, by fax at (55 11) 3684-4630.

The appointed Fiscal Council's Members comply with the conditions set forth in Article 162 of Law # 6,404/76 and declared, under legal penalties, that they are not prevented from performing the management of a commercial company due to criminal conviction. When they are elected, they will take office after their names are approved by the Central Bank of Brazil.

II. Establish the compensations of the Fiscal Council's Members

Pursuant to Paragraph Three of Article 162 of Law # 6,404/76, the compensation of the members of the Fiscal Council will be determined at the General Shareholders' Meeting in which they are elected and it cannot be lower, for each member in office, to 10% (ten percent) of the monthly fee that, on average, is attributed to each Officer, without benefits, expense account and the Company's profit sharing.

For 2014, we propose the maintenance of the monthly compensation of R\$12,000.00 (twelve thousand reais), established at the 2013 Annual Shareholders' Meeting, to each Sitting Member of the Fiscal Council, and the Deputy Members are remunerated only when they replace the Sitting Members, in the cases of vacancy or temporary impediments.

Board of Directors' Proposal for management compensation, to be submitted to the resolution of Banco Bradesco S.A.'s shareholders at the Annual Shareholders' Meeting to be cumulatively held with the Special Shareholders' Meeting on March 10, 2014, at 4 p.m.

Dear Shareholders,

The Board of Directors of Banco Bradesco S.A. hereby submits, to examination and resolution, proposal for the management compensation, while maintaining unchanged, in 2014, the values set at the 2013 Annual Shareholders' Meeting, as follows:

- the total annual amount (fixed fees and possible variable compensation) of up to R\$250,000,000.00 for the compensation; and
- the annual amount of up to R\$250,000,000.00 to support the Management's Open Complementary Pension Plan targeted at the Management and Employees of Bradesco Organization.

These amounts are justified by the fact that the Managers have a wide experience and vast knowledge of the Company, due to the fact that most of them have developed their career at the Organization, as well as the need of retaining their talents in an increasingly competitive market.

The Remuneration Committee will permanently assess the company's performance, the fulfillment of objectives and the business sustainability, with a view to verifying if results justify the distribution of amounts mentioned above until the limits proposed herein.

Edgar Filing: BANK BRADESCO - Form 6-K

Pursuant to letter “n” of Article 9 of the Bylaws, the annual global compensation and the social security amount will be distributed, at a meeting of the Board of Directors, to its members and to the members of the Board of Executive Officers.

13. Management Compensation

13.1. Description of the policy or compensation practice, including the non-statutory Board of Executive Officers

a) Objectives of the policy or practice of compensation

In 2012, Bradesco amended its compensation policy for managers, to reflect the objectives established by Resolution # 3,921 of the National Monetary Council (CMN), of 11.25.2010, which caused, from that year on the payment of part of the amount approved by the Annual Shareholders' Meeting as variable compensation.

Its policy aims at:

- ensuring that the compensation practice is in accordance with the law, rules and regulations that govern the matter, based on the Manager's duties, which result from the positions they hold and functions they perform; time dedicated to their functions; in competence and professional reputation, in view of their experience and qualification; and in the value of their services in the market;
- providing alignment between compensation practices for the Management and the Organization's interests, so that the decisions made are the best as possible, seeking to create value for its shareholders and investors; and

- to ensure that the compensation practice is related to objectives that seek the valuation of the Organization, not encouraging behaviors that increase the risk exposure above levels considered prudent for the strategies adopted for the short, medium and long terms.

b) Composition of compensation, indicating:

i. description of the compensation elements and objectives of each one of them

a) Board of Directors and Board of Executive Officers

The Management compensation consists of Fixed Compensation, represented by Monthly Fees fixed for the duration of their term, and any Variable Compensation awarded according to the criteria of multiple Monthly Fees, until the limit authorized by the Shareholders' Meeting.

Further Information on the Board of Directors' Proposals for the Management and Fiscal Council Compensation

In addition, annually, a proposal is submitted to the approval of the Shareholders' Meeting to fund the Open Complementary Pension Plan for Managers and Employees of Bradesco Organization, the amounts of which are shown in item 13.2 as post-employment benefits.

Pursuant to CVM Circular Letter CVM/SEP/Nº 007/2011, in item 13.2, for the years 2013, 2012 and 2011, we are indicating the amounts corresponding to social security contributions (INSS) paid by Bradesco and recognized in its results.

b) Fiscal Council

Compensation of the Members of the Fiscal Council is determined by the Shareholders' Meeting in which they are elected and it cannot be lower, for each member in office, to 10% (ten percent) of the monthly fee that, on average, is attributed to each Officer, without, under current legislation, the payment of benefits, expense account and of the Company's profit sharing.

c) Audit Committee

The composition of the compensation of the Members of the Audit Committee, with exception of one member that only receives compensation to participate in the Board of Directors, is 100% fees and aims at rewarding the contribution of each member for acting on advising the Board of Directors in the performance of its attributions related to the follow up of the accounting practices adopted in the preparation of the Company's financial statements and of its subsidiaries, as well as in the process of appointing and evaluating the effectiveness of the independent audit.

Another important factor in the definition of the compensation is that the Committee's members must have high technical qualification so as to exercise their position and at least one of them must have proven knowledge in the

areas of accounting and auditing of financial institutions which qualify him to exercise his function, proving the high degree of expertise required from them, including by the regulatory bodies.

d) Compensation Committee

The Compensation Committee, defined in the Bylaws, will be composed by members chosen among the members of the Company's Board of Directors and also, as required by the Resolution #3,921 as of 11.25.2010, of the National Monetary Council, by 1 (one) non-administrator member. The members of the Board of Directors and the non-administrator member, when an employee of the Bradesco Organization, will not be compensated by hold the position of Member of the Remuneration Committee. While being a non-employee, when nominated, the Member will have its compensation set by the Board of Directors, according to the market parameters. No Manager of Bradesco Organization is remunerated for the performance of their duties in the Organization's Committees.

Further Information on the Board of Directors' Proposals for the Management and Fiscal Council Compensation

e) Other Committees

The members of the other Committees are remunerated only for the duties which they perform in the management bodies or executive areas, in which they act at Bradesco Organization. No Manager of Bradesco Organization is remunerated for duties that they perform in the referred Committees.

ii. the proportion of each component in the total compensation

The Managers' compensation is composed by Fixed Compensation, represented by Monthly Fees fixed according to the duration of his term, and possible Variable Remuneration awarded according to the criteria of multiple Monthly Fees, until the limit authorized by the Shareholders' Meeting.

We highlight that the proportion/percentage of each element in the total compensation is not fixed, and it can be changed annually.

Fiscal Year ended in December 31, 2013	Annual Fixed Compensation (1)	Variable Compensation (2)	Benefit Post Employment (3)	Total
Board of Directors	25.19%	29.93%	44.88%	100%
Board of Executive Officers	24.84%	30.21%	44.95%	100%
Fiscal Council	100%	0.00%	0.00%	100%
Audit Committee	100%	0.00%	0.00%	100%
(except one Committee member who is also a Board of Directors' member, his compensation is calculated considering his Board				

of Directors' membership)

1) The proportion/percentage highlighted in the Fixed Annual Compensation column includes the value of the INSS (Social Security) recognized in the Company's results.

2) The proportion/percentage highlighted in the Variable Annual Compensation column includes the value of the INSS (Social Security) recognized in the Company's results.

3) The amounts correspondent to post-employment benefits are related to the Open Complementary Pension Plan to the Managers and Employees of Bradesco Organization.

iii. methodology for calculating and adjusting each component of the compensation

Board of Directors and Board of Executive Officers

Bradesco Organization comprises:

- **Fixed Compensation or Monthly Fees:** monthly fixed fees established for the period of the Administrator's term.
- **Variable Compensation:** eventual amount, attributed to the Managers, in addition to the Fixed Compensation. It is important to highlight that the total of the Variable Compensation will be paid on a date to be defined by the Board of Directors, and 50% of the net value of the Variable Compensation will be allocated for the purchase of preferred shares issued by Banco Bradesco S.A., which will be filed and unavailable ("Restricted Shares"). The Restricted Shares will become available in 3 (three) equal, annual and successive installments. The first installment will expire one year after the date of the acquisition of shares.
- **The Global Amount:** includes the total compensation (fixed fees and any possible Variable Compensation).

To determine the global amount for compensation, the Bradesco Organization observes the following aspects:

1. Bradesco Organization's Remuneration Committee: proposes to the Board of Directors the Global Amount for compensation (Monthly Fees and possible Variable Compensation) and the payment of the Variable Compensation limited to Global Amount, to be distributed to the Managers of each subsidiary of the Organization.

To define the Global Amount for compensation (monthly fees and possible Variable Compensation), the Remuneration Committee shall observe the following aspects:

- size and result of the company comparing to its competitors;
- domestic and international economic conditions, taking into consideration the past, present and future scenarios;
- internal and external factors that may affect the Organization's businesses (current and potential risks); and
- Organization's global performance, involving the income realized recurrent and the capacity to produce cash flows.

The Remuneration Committee will use other indicators when deem necessary and suitable. In addition, it will use studies, evaluations, surveys and other materials prepared by the technical areas, such as DEPEC (Department of

Research and Economic Studies), DPOC (Department of Planning, Budget and Control), General Accounting, DCIC (Department of Internal Controls and Compliance), and DCIR (Department of Integrated Risk Control), besides other areas it deems appropriate.

Further Information on the Board of Directors' Proposals for the Management and Fiscal Council Compensation

2. Board of Directors: Organization's highest management body. It must evaluate the Remuneration Committee proposals and approve them, fully or with amendments it deems necessary, or reprove them, observing the following.

3. Shareholder's Meeting: it is incumbent on the Shareholders Meeting to approve the Global Amount for the compensation of the Company.

After fulfilled all steps to determine and approve de Global Amount for compensation, it is incumbent on the Board of Directors of Bradesco to establish the compensation of each one of the Managers, comprised by Monthly Fees and an possible Variable Compensation.

Audit Committee

The process to calculate and adjust the Audit Committee's compensation starts in the Remuneration Committee.

The Board of Directors, on its turn, evaluates the recommendations and proposals of this Committee and defines the amount of fees for each Committee's member.

iv. reasons that justify the composition of compensation

Bradesco Organization adopts the system of "Closed Career", hiring new employees preferably to the initial positions, developing and preparing these employees to hold higher positions, when available. So the executive positions are filled with trained professionals at own Organization and, therefore, reveal a consolidated personal career, focused on the Organization's goals, in medium and long terms.

At the same time the system of "Closed Career", and as a way to allow the utilization of its best professionals, the Bradesco Organization promotes a constant and rotational motion, shifting employees/Managers, especially those in positions of command of areas. The Bradesco Organization provides to the Manager, through the "Rotation of Duties", greater integration, experience, personal challenges and consolidation of career, being continuously monitored and evaluated for possible movements in the hierarchy.

Further Information on the Board of Directors' Proposals for the Management and Fiscal Council Compensation

Within this context, the Organization aims to ensure that the compensation practice complies with the law, rules and regulations that govern to the matter, based on (i) the Managers responsibilities, taking into consideration the different positions they hold and the functions they perform; (ii) the time devoted to their duties; (iii) the competence and professional reputation, considering their experience and qualifications; and (iv) the value of its services in the market.

c) main performance indicators that are taken into consideration in determining each component of compensation

The uniformity in the treatment of work areas is one of the keys for the Organization's effectiveness, as a manner to inhibit the individualism, maintaining a good work environment favorable for teamwork.

The Organization maintains a collegiate management culture, in which all relevant decisions, business or administrative ones, are made by committees composed, primarily, by Managers.

Thus, even with the establishment of goals and objectives for all areas, individually, for purposes of compensation prevails the global performance of the Organization, making no segregation of area, if it is considered as area of business or support, technical or relationship.

The performance of Managers, considering the individual performances and of their respective areas, is accompanied by their respective superiors.

For the formal evaluation process, specific indicators are defined for areas and for individual assessment, as the functions of the Manager, taking into account the areas for business, controls, and other support areas.

For areas assessment, are considered, as a minimum, the following groups of indicators:

- a. main activity actions: are indicators that suggest the goals and objectives of the main activities of the area;
- b. actions focused on operational efficiency: are indicators that measure the operating efficiency, in order to maximize their results with minimum use of resources;
- c. actions directed to governance: are corporate indicators that measure exposure to risk, properly monitored by the responsible Area (Integrated Risk Control Department - DCIR), and of internal controls, properly monitored by the responsible Area (Department of Internal Controls and Compliance – DCIC);

Further Information on the Board of Directors' Proposals for the Management and Fiscal Council Compensation

d. actions directed to customer service: are indicators that assess the results/levels of satisfaction of internal and/or external customers; and

e. actions directed to environmental aspects: are indicators that assess the degree of compliance of the objectives of the area to environmental aspects.

For individual assessment, are considered, as a minimum, the following indicators:

a. quality of the products/services: aims to evaluate the quality standards of products/services offered/rendered according to the area of the Manager evaluated;

b. commitment with strategy: aims to evaluate if its performance reflected positively with material contributions to the Strategic Planning in the period;

c. committees membership: aims to evaluate the active participation in meetings and committees convened, with opinions that contributed to the submitted decisions;

d. leadership team: evaluates the team management process;

e. planning: assessing the ability to plan the activities of their area in the medium and long term;

f. overview: evaluates, mainly, the Managers' vision about future trends to meet the demands of the market; and

g. applies to the Board of Directors and its respective members, if suitable, the indicators listed above.

The performance evaluations of Managers in the areas of internal control and risk management should be based on the achievement of the objectives of their own functions and not specifically in the overall performance of the Organization. It is considered areas of internal control and risk management in the context of the Bradesco organization the Department of Internal Controls and Compliance – DCIC, the Integrated Risk Control Department-DCIR, and the General Inspectorate Department-IGL, as well as the related areas of other companies of the Bradesco Organization.

d) how compensation is structured to reflect the evolution of performance indicators

Further Information on the Board of Directors' Proposals for the Management and Fiscal Council Compensation

It is up to the Board of Directors, after completion of all stages of definition and approval of the Global Amount, to set the value of the Fixed Compensation and, by consequence, any Variable Compensation for each one of the Managers, in compliance with the following rules:

- i. uniformity of compensation between members of the same hierarchy (office), or differentiation as a result of the time in that position, experience, academic background or other difference that the Board of Directors deems appropriate;
- ii. part of the Global Amount approved will be distributed in fixed equal monthly installments during the term of office of the Manager, subject to the provisions above, called Monthly Fee;
- iii. the remaining part of the Global Amount may be distributed as Variable Compensation, upon proposal of the Remuneration Committee, which shall comply, as a minimum, in addition to the scenarios set for the period, the (i) individual and unit performance of the business/area under the responsibility of the Manager; (ii) the performance of the Organization as a whole; and (iii) the relationship between these performances and the risks assumed, recording the result of these analyses in the minutes of meeting of the Body itself, covering the distribution proposal.

Based on the assessment and proposal of the Remuneration Committee, the Board of Directors shall define, if applicable, the amount of the Variable Compensation that will be paid to Managers, which will correspond to multiple equal Monthly Fee that each Director is receiving at the date of the resolution for payment of Variable Compensation.

e) how the compensation policy or practice is in line with the issuer's short, medium and long term interests

In addition to the current legislation, in Bradesco Organization, to fix the Managers' Compensation, is taken into consideration the organizational culture, having as the main practices the "Rotation of Duties" in management positions, the adoption of the system of "Closed Career" for the ascension in functional and managing positions and the taking decisions, primarily by collegiate bodies.

It's a practice of Bradesco Organization to develop, continuously, its human resources, understanding that the personal and professional growth is the main motivation for its employees and managers. The system of "Closed Career" is the way to allow the use of its best professionals. The staff, in all levels, including the leadership, have absolute confidence in the possibility offered, to any employee, to ascend the Organization on its own merits, being possible for a bookkeeper to reach the position of Chief Executive Officer or Chairman of the Board of Directors.

Further Information on the Board of Directors' Proposals for the Management and Fiscal Council Compensation

By force of this practice, consistently adopted over decades, is that the leadership positions, including in the Board of Directors, are held by people who began his career at Bradesco Organization.

In addition to this whole process of commitment of Managers, 50% of the net value of the Variable Compensation is for the acquisition of preferred shares issued by Banco Bradesco S.A., which will be recorded and unavailable ("Restricted Shares").

Restricted Shares will become available in 3 (three) equal, annual and successive installments, expiring the first installment 1 (one) year after the date of acquisition of shares, subject to any adjustments in the event of a significant reduction of Recurring Profit Made or occurrence of negative result of the Company during the Period of Deferral.

For the establishment of the deferral of 50% described previously, in order to meet the provisions of Article 7 of the CMN (National Monetary Council) Resolution # 3,921, the Organization takes into account the rotation of duties of the Managers mentioned, as well as the collegiate decision-making process through its various committees, with a consequent dilution of possible risks arising from its decisions. Thus, a single 50% of net amount of Variable Remuneration, therefore above 40% provided for in the Resolution, so as to balance the percentage of the deferred Variable Compensation at levels acceptable to all Managers.

f) existence of compensation supported by subsidiaries, controlled or direct or indirect parent companies

Not applicable.

g) existence of any compensation or benefit related to the occurrence of certain corporate event, such as the sale of the corporate control of the issuer

Bradesco does not practice this type of compensation.

13.11 – highest, lowest and the average individual compensation for the Board of Directors, Statutory Board of Executive Officers and Fiscal Council:

Reason for not fulling the table:

The Company's management and oversight bodies are staffed with professionals affiliated to the Brazilian Institute of Financial Executives ("IBEF") of Rio de Janeiro. On March 2, 2010, the IBEF obtained from the 5th Federal Court of Rio de Janeiro Judicial District (lawsuit 20105101002888-5) an injunction worded as follows:

"Now, therefore, I GRANT the pleaded injunction, determining the suspension of the validity of sub-item 13.11 of attachment 24 of CVM Instruction #480, in relation to IBEF associates and, consequently, to the companies to which they are linked, prohibiting the application of any sanction in the affiliates or in the companies to which they are

linked until the subsequent decision of this Court.”

On May 17, 2013 was handed down a judgment on the merits of the referred lawsuit, through which **the aforementioned injunction was ratified** and the **request made by IBEF was upheld**, having been given to the defendant - CVM -, that: “...abstain from implementing the requirement contained in subsection 13.11 of Annex 24 of CVM Instruction #480, as well as apply any penalty related to the noncompliance to the referred request, to IBEF associates and to the companies to which they are linked...”.

Further Information on the Board of Directors' Proposals for the Management and Fiscal Council Compensation

The CVM filed an appeal, which was received only on devolution effect, and the case was sent to the Federal Regional Court of the 2nd Region, according to order made in first instance on 12/19/2013.

The reason for the suspension of the disclosure of minimum, medium and maximum compensation of the members of the companies' management and oversight bodies is based on the preservation of individual rights to privacy and safety of the individual members of said statutory bodies.

In respect to these individual rights and judicial decision referred to above, the Company will not disclose the information, unless judicial determination otherwise.
