**Item 7.01 Regulation FD Disclosure.**

Fremont General Corporation and its wholly-owned subsidiary, Fremont Investment & Loan, (together the "Company") have updated the presentation that the Company uses with potential and existing investors in various public and private asset-backed securities issued through the Company's securitization transactions and are secured by residential real estate loans originated by the Company (the "ABS Investor Presentation"). It is expected that from time to time, various members of the Company's management will be meeting with such investors utilizing the ABS Investor Presentation. These discussions generally focus on the Company's residential real estate loan origination, compliance and servicing operations and processes. Included in the updated ABS Investor Presentation is information related to the Company's first payment default rates on its November residential real estate loan production.

A copy of the February 2007 ABS Investor Presentation will be posted this afternoon in the "Investors" section of the Company's website at [www.fremontgeneral.com](http://www.fremontgeneral.com).

Such forward-looking statements and the Company's currently reported results are based on the Company's current expectations and beliefs concerning future developments and their potential effects on the Company.
