For financial reporting purposes net unrealized gain on investments was \$8,488,873 and cost of investments aggregated \$415,664,092.

Purchases and sales of securities (excluding temporary cash investments) for the period ended December 31, 2011 aggregated \$42,120,447 and \$55,310,358, respectively.

Various inputs are used in determining the value of the Trust's investments. These inputs are summarized in the three broad levels listed below.

Level 1 - quoted prices in active markets for identical securities

Level 2 - other significant observable inputs (including quoted prices for similar

securities,

interest rates, prepayment speeds, credit risk, etc.)

Level 3 – significant unobservable inputs (including the Trust's own assumptions in determining fair value of investments)

Generally, equity securities are categorized as Level 1, fixed income securities and senior loans are categorized as

Level 2 and securities valued using fair value methods are categorized as Level 3.

The following is a summary of the inputs used as of December 31, 2011, in valuing the Trust's investments:
