**ALLIANCE HEALTHCARD, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**JUNE 30, 2008 and 2007**  
**(Unaudited)**

The following unaudited condensed financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. It is suggested that these condensed financial statements be read in conjunction with the financial statements and the notes thereto included in the company's latest shareholders' annual report Form 10KSB.

All adjustments that, in the opinion of management, are necessary for a fair presentation for the periods presented have been reflected as required by Regulation S-X, Rule 10-01. All such adjustments made during the nine-month periods ended June 30, 2008 and 2007 are of a normal, recurring nature.

**1. DESCRIPTION OF THE BUSINESS**

Alliance HealthCard, Inc. was founded in 1998 as a provider of discount medical plans with a focus on creating, marketing, and distributing membership savings programs primarily to the underserved markets in the United States. Its original programs offered attractive savings in approximately 16 areas of healthcare, including physician visits, hospital stays, chiropractics, vision, dental, pharmacy, hearing, and patient advocacy, among others. On February 28, 2007, Alliance HealthCard, Inc. completed a merger with BMS Holding Company, Inc. and acquired its subsidiary, Benefit Marketing Solutions, L.L.C., (BMS). BMS is the leading membership plan provider to dealers in the rental-purchase industry. For financial reporting purposes, BMS Holding Company, Inc. was considered the acquiring entity and historical financial statements prior to March of 2007 reflect the activities of BMS Holding Company, Inc. and its subsidiaries as adjusted for the effect of the recapitalization which occurred at the merger date. Activities of Alliance HealthCard, Inc. prior to the merger date are no longer reflected in the historical financial statements as it was considered to be the acquired entity. While the Company continues to market its health oriented programs, the merger greatly expanded its business scope to include programs that offer discount savings on dining and entertainment, automotive, legal and financial, as well as insurance programs including leased property, involuntary unemployment, accidental death and dismemberment, and extended service plans. The Company sells its membership savings programs to retailers, insurance companies, finance companies, banks, employer groups and association-based organizations through direct sales or independent marketing consultants, and is a leading provider of value-added membership plans sold in conjunction with point-of-sale transactions.

BMS was formed in February 2002 and is a national membership program benefits organization that designs, markets, and distributes membership programs for rental-purchase companies, financial organizations, employer groups, retailers and association-based organizations. These membership programs are sold as part of a point-of-sale transaction or through direct marketing efforts. BMS is the largest membership plan provider to dealers in the rental-purchase industry market space. The point-of-sale membership plans are sold through more than 4,800 locations in the U.S. and Puerto Rico.

The historical financial statements prior to February 28, 2007 are those of BMS Holding Company, Inc. (and its subsidiaries), the accounting acquirer in the merger. The historical financial statements of BMS Holding Company, Inc., have been adjusted for the effect of the recapitalization which took place at the time of the reverse merger. Activity after February 28, 2007 includes the consolidated activities of the merged companies.

**Table of Contents****2. GOODWILL AND INTANGIBLE ASSETS**

The Company accounts for acquisitions of businesses in accordance with Statement of Financial Accounting Standard ( SFAS ) No. 141, Business Combinations ( SFAS 141 ). Goodwill in such acquisitions represents the excess of the cost of a business acquired over the net of the amounts assigned to assets acquired, including identifiable intangible assets and liabilities assumed. SFAS 141 specifies criteria to be used in determining whether intangible assets acquired in a business combination must be recognized and reported separately from goodwill. Amounts assigned to goodwill and other identifiable intangible assets are based on independent appraisals or internal estimates. Customer lists acquired in an acquisition are capitalized and amortized over the estimated useful lives of the customer lists. Customer lists acquired in connection with the Alliance Healthcard, Inc. merger were valued at \$2,500,000 and are being amortized over sixty months, the estimated useful life of this list. Amortization of customer lists for the nine months ended June 30, 2008 totaled \$375,003.

The Company accounts for recorded goodwill and other intangible assets in accordance with SFAS No. 142, Goodwill and Other Intangible Assets ( SFAS 142 ). In accordance with SFAS 142, the Company does not amortize goodwill. Management evaluates goodwill for impairment for each reporting period. If considered impaired goodwill will be written down to fair value and a corresponding impairment loss recognized.

**3. SUPPLEMENTAL CASH FLOWS INFORMATION**

Cash payments for interest and income taxes for the nine months ended June 30, 2008 and 2007 are as follows:

	2008	2007
Interest	\$ 39,730	\$
Income taxes paid	\$ 1,088,923	\$

Other non cash transactions are as follows:

Issuance of 4,524,263 shares of common stock for the acquisition of Alliance HealthCard, Inc., in connection with the reverse merger	\$	\$ 4,976,689
Issuance of stock and options to consultants and directors	\$ 18,470	\$ 77,000
Notes, net of discount issued for dividends to BMS shareholders	\$	\$ 6,666,417

**4. NOTES PAYABLE TO RELATED PARTIES**

In connection with the merger with BMS Holding Company, Inc., three promissory notes were issued by the Company to former BMS Holding Company, Inc., shareholders in the aggregate amount of \$7,147,000. The notes are dated March 1, 2007 and bear interest at 1% per annum. The carrying amount of these notes was discounted to \$6,666,447 to adjust for the below market interest rate carried by the notes. The loan discount of \$480,753 is amortized over the term of the notes to interest expense. Amortization of interest expense for the nine months ended June 30, 2008 was \$120,150. Principal and accrued interest are payable quarterly on February 14th, May 15th, August 14th, and November 14th. In the event that the consolidated earnings before interest, income taxes, depreciation and amortization of the Company, determined in accordance with generally accepted accounting principles for each of the fiscal years ending on September 30, 2007, 2008 and 2009 shall be less ( Actual EBITDA ) than \$4,200,000 (the Targeted EBITDA ), then the principal amount of these notes are to be reduced by an amount equal to the percentage by which the Actual EBITDA for each such period falls short of the Targeted EBITDA and the adjusted principal balance of these notes will then be amortized over the remaining term of the note in accordance with the foregoing payment terms.

Pursuant to discussions between the note holders and the disinterested directors of the Company, on January 10, 2008 the old notes were cancelled and replaced by new notes reflecting the unpaid principal balance but modifying the measurement periods to be deferred by one year to the fiscal years ending September 30, 2008, September 30, 2009 and converted to quarterly reviews thereafter. Management felt that these deferred periods more appropriately tie the

payment obligations to the Company's performance since the initial period did not reflect an entire year and also contained several merger related one-time expenses. Several additional provisions were added to allow for adjustments if necessary. The new notes were issued in the aggregate amount of \$5,113,177 representing the unpaid principal balances on the original notes on that date before the above described note adjustments.

**Table of Contents**

In addition to the foregoing, after the consummation of the transactions contemplated by the Merger Agreement, the principal amount of these notes were reduced by \$247,073 as of September 30, 2007 to comply with provisions in the notes requiring that the notes shall be reduced dollar for dollar by any loss incurred by BMS Insurance Agency, L.L.C., a BMS Holdings affiliate, resulting from the failure of Caribbean American Property Insurance Company ( CAPIC ) to pay certain disputed commissions. The notes further provide that recovery of any net proceeds of BMS Insurance Agency, L.L.C. attributable to pre-closing periods will inure on a pro-rata basis to the benefit of the note holders. As a result of the settlement agreement completed on March 13, 2008 with CAPIC (*See Note 9 Contingent Commissions*), BMSIA received proceeds of \$400,000. Pursuant to the terms of the merger completed on February 28, 2007, net proceeds of the settlement for BMSIA attributable to pre-closing periods of the merger totaling \$365,720 were paid to the former BMS Holding Company, Inc. shareholders during the three months ended June 30, 2008 with the remaining \$34,280 payable to the Company which resulted in a pro rata increase in the notes by that same amount. Remaining principal payments due on these notes for each of the next three years are as follows:

Quarter ended September 30, 2008	\$ 572,416
Fiscal year ended September 30, 2009	\$ 2,289,664
Fiscal year ended September 30, 2010	\$ 1,144,832

**5. LINE OF CREDIT**

BMS secured a line of credit with Republic Bank & Trust for \$150,000, secured by the personal guarantee of Mr. Brett Wimberley, our President, with interest of the Wall Street Journal prime plus 1%, which was 8.75% at September 30, 2007, and a maturity date of December 19, 2007. The principal balance of \$149,980 was paid in full on December 19, 2007. The credit agreement was increased to \$500,000 and was renewed on January 25, 2008 with a new maturity date of December 19, 2008. The outstanding principal of this line of credit bears interest at the Wall Street Journal prime rate per annum, as adjusted daily. At June 30, 2008 there was no outstanding principal on the line of credit.

**6. STOCK-BASED COMPENSATION**

In conjunction with a consulting agreement, the Company granted stock options exercisable for the purchase of 50,000 common stock shares for \$2.00 per share on October 1, 2007. Upon termination of that agreement on May 31, 2008, these options were forfeited.

On May 13, 2008, the Company issued stock options exercisable for the purchase of 10,000 common stock shares to each of the Company's non-employee directors on the date of their appointments to the board and the issuance of stock options exercisable for the purchase of 5,000 common stock shares to each of the Company's non-employee directors on the date of the annual shareholders meeting. The purchase price of these common stock shares is \$1.00 per share and these options will expire on May 13, 2018. The Company recognized compensation expense of \$18,470 for the nine months ended June 30, 2008 of which \$13,970 was for the directors' options with the remaining \$4,500 attributable to the consulting agreement issued on October 1, 2007.

As of June 30, 2008, the total number of common stock shares purchasable under outstanding stock options, the weighted average exercise price, and number common stock shares available for future stock option grants under approved equity compensation plans were as follows:

Number of common stock shares to be issued upon exercise	1,458,897
Weighted average exercise price per common stock share	\$ 0.91
Number of common stock shares available for future stock option grants	1,347,794

Effective January 1, 2006, the Company adopted SFAS No. 123 (revised 2004), Share-based payment ( SFAS 123R ). The provisions of SFAS 123R require companies to expense the estimated fair value of stock options awarded after the effective date. The Company adopted SFAS 123R using the modified prospective application. For options granted and vested prior to the effective date, the Company continues to follow the intrinsic value method set forth in Accounting Principles Board ( APB ) Opinion No. 25, Accounting for Stock Issued to Employees, and disclose the pro forma effects on net income had the fair value of these options been expensed.

**Table of Contents**

The fair value of each option award is estimated on the date of grant using the Black-Scholes-Merton option-pricing model assumptions noted in the following table. Expected volatilities are based on historical volatilities of the Company's stock. The Company uses historical data to estimate expected term and option forfeitures within the valuation model. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant. The Company does not provide for any expected dividends or discount for post-vesting restrictions in the model.

Expected volatility	.1
Dividend yield	0%
Risk free interest rate	5%
Expected life	2 Years

The Company recognized equity-based compensation expense under SFAS 123R of approximately \$18,470 and zero for the nine months ended June 30, 2008 and June 30, 2007, respectively.

**7. INCOME TAXES**

The income statement for the nine months ended June 30, 2007 includes nine months of operations for BMS Holding Company, Inc. (including its subsidiaries BMS and BMS Insurance Agency LLC ( BMSIA )) and four months of operations for Alliance HealthCard. Each of the subsidiaries of BMS Holding Company, Inc. is a limited liability company and prior to the organization of BMS Holding Company, Inc. in December 2006 and the acquisition of its subsidiaries, the earnings of each subsidiary were taxed at the member level. During the nine months ended June 30, 2008, the Company accrued \$1,583,221 in income taxes payable and incurred \$1,583,221 in income tax expense. In June 2006, the Financial Accounting Standards Board (FASB) issued Interpretation No. 48, *Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement No. 109* ( FIN 48 ). FIN 48 is intended to clarify the accounting for uncertainty in income taxes recognized in a company's financial statements and prescribes the recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

Under FIN 48, evaluation of a tax position is a two-step process. The first step is to determine whether it is more-likely-than-not that a tax position will be sustained upon examination, including the resolution of any related appeals or litigation based on the technical merits of that position. The second step is to measure a tax position that meets the more-likely-than-not threshold to determine the amount of benefit to be recognized in the financial statements. A tax position is measured at the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement.

Tax positions that previously failed to meet the more-likely-than-not recognition threshold should be recognized in the first subsequent period in which the threshold is met. Previously recognized tax positions that no longer meet the more-likely-than-not criteria should be de-recognized in the first subsequent financial reporting period in which the threshold is no longer met.

The adoption of FIN 48 did not have a material effect on the Company's financial position.

**8. CLAIMS LIABILITY**

The Company has an obligation for claims incurred but not reported ( IBNR ) as of June 30, 2008 and 2007. The liability is estimated using current claims payment information. As of June 30, 2008 and September 30, 2007, the Company had IBNR obligations of \$482,200 and \$260,300 respectively. It is the Company's policy to reserve the necessary funds in order to pay claim obligations as they become due in the future.

**9. CONTINGENT COMMISSIONS**

A settlement agreement was completed on March 13, 2008 with the Caribbean American Property Insurance Company ( CAPIC ). BMSIA and CAPIC were involved in a dispute involving the amount of contingent commissions due to BMSIA for the period of time beginning January 1, 2006 through June 30, 2007. As a result of the settlement, BMSIA received proceeds of \$400,000. Pursuant to the terms of the merger completed on February 28, 2007, net proceeds of the settlement for BMSIA attributable to pre-closing periods of the merger totaling \$365,720 were paid to the former BMS Holding Company, Inc. shareholders during the three months ended June 30, 2008 with the

remaining \$34,280 payable to the Company which resulted in a pro rata increase in the promissory notes by that same amount. For financial reporting, the \$400,000 settlement proceeds have been reflected in other income.

**Table of Contents****10. RESTATED QUARTERLY FINANCIAL STATEMENTS FOR JUNE 30, 2007**

Financial statements for the three and nine months ended June 30, 2007 were improperly reported as a result of not applying the correct accounting principles in accounting for the merger between Alliance HealthCard, Inc. and BMS Holding Company, Inc. on February 28, 2007. However, the merger was properly accounted for in the audited financial statements for the Company's fiscal year ended September 30, 2007. Results for the three and nine month periods ended June 30, 2007 are presented below.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*Certain information included in this Quarterly Report on Form 10-QSB contains, and other reports or materials we have filed or will file with the Securities and Exchange Commission (as well as information included in oral statements or other written statements made or to be made by us or our management) contain or will contain, forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, Section 27A of the Securities Act of 1933, as amended. These forward-looking statements may relate to financial results and plans for future business activities, and are thus prospective. These forward-looking statements are subject to risks, uncertainties and other factors that could cause actual results to differ materially from future results expressed or implied by these forward-looking statements. Among the important factors that could cause actual results to differ materially from those indicated by such forward-looking statements are competitive pressures, loss of significant customers, the mix of revenue, changes in pricing policies, delays in revenue recognition, lower-than-expected demand for our products and services, business conditions in the integrated health care delivery network market, general economic conditions, and the risk factors detailed from time to time in our periodic reports and registration statements filed with the Securities and Exchange Commission. Readers are cautioned to consider the specific business risk factors described in our annual report on Form 10-KSB for the fiscal year ended September 30, 2007 and not to place undue reliance on the forward-looking statements contained herein that speak only as of the date hereof. We undertake no obligation to publicly revise forward-looking statements to reflect events or circumstances that may arise after the date hereof. Any forward-looking statements are made in this Quarterly Report speak only as of the date made.*

**Overview**

We are a leading provider of consumer membership plans offering access to networks which provide discounts to the consumer on a variety of products and services ranging from medical, dental and pharmacy to groceries, restaurants, travel, automotive and a host of others. We also design and market in our consumer package specialty insurance and warranty products on the goods our marketing clients sell to their customers. Our plans are sold to consumers primarily through retail, rent to own, financial and consumer finance clients. We perform turnkey programs including design and fulfillment of marketing pieces and collateral support material, network support, customer service, regulatory compliance, and billing.

**Table of Contents****Results of Operations*****Three Months Ended June 30, 2008, Compared to Three Months Ended June 30, 2007***

Revenue increased \$.6 million, or 13%, to \$5.4 million in the quarter ended June 30, 2008 compared to revenue of \$4.8 million for the same period in 2007 primarily attributable to new membership sales for BMS.

Gross profit increased \$.2 million, or 11%, to \$2.5 million for the quarter ended June 30, 2008 compared to \$2.3 million for the same period in 2007. The increase was attributable to additional revenue offset by an increase in product warranty and involuntary unemployment claims. Gross profit as a percentage of revenue was 46% and 47% for the quarters ended June 30, 2008 and 2007, respectively.

Sales and marketing expenses increased \$.03 million or 10%, to \$.3 million for the quarter ended June 30, 2008, compared to \$.3 million for the same period in 2007. The increase was primarily attributable to additional compensation and sales incentives. Sales and marketing expenses as a percentage of revenue was 6% for each of the quarters ended June 30, 2008 and 2007.

General and administrative expenses remained at \$.8 million for the quarter ended June 30, 2008 compared to \$.8 million for the same period in 2007. General and administrative expenses as a percentage of revenue were 14% and 16% for the quarters ended June 30, 2008 and 2007 respectively.

Other expense decreased to \$.04 million for the quarter ended June 30, 2008, compared to \$.08 million for the same period in 2007. The decrease was attributable to interest expense.

***Nine Months Ended June 30, 2008, Compared to Nine Months Ended June 30, 2007***

Our results of operations are those of BMS Holding Company, Inc. and its subsidiaries for the nine months ended June 30, 2007 and those of Alliance HealthCard for the four months ended on that date. Because these combined results of operations only include four months of Alliance HealthCard operations, our results of operations for the nine months ended June 30, 2007 may not be considered comparable to the nine months ended June 30, 2008.

Revenue increased \$2.9 million, or 23%, to \$15.4 million for the nine months ended June 30, 2008 compared to revenue of \$12.6 million for the same period in 2007. The increase consisted of \$1.8 million for BMS resulting from new membership sales and \$1.1 million attributable to Alliance HealthCard.

Gross profit increased \$2.5 million, or 54%, to \$7.1 million for the nine months ended June 30, 2008 compared to \$4.6 million for the same period in 2007. The increase was primarily attributable to the following: a) additional revenue; b) a decrease in discount benefits, fulfillment and retro-paid expenses; c) an increase in product warranty and involuntary unemployment claims. Gross profit as a percentage of revenue was 46% and 37% for the nine months ended June 30, 2008 and 2007, respectively.

Sales and marketing expenses increased \$.2 million or 38%, to \$.9 million for the nine months ended June 30, 2008, compared to \$.7 million for the same period in 2007. The increase was primarily attributable to additional compensation and sales incentives. Sales and marketing expenses as a percentage of revenue were 6% and 5% for the nine months ended June 30, 2008 and 2007, respectively.

General and administrative expenses increased \$.1 million or 8%, to \$2.3 million for the nine months ended June 30, 2008 compared to \$2.2 million for the same period in 2007. Expenses for 2007 consisted of one time merger expenses of \$.3 million. Excluding one-time merger expenses from the nine months ended June 30, 2007, there was an increase of \$.5 million for the nine months ended June 30, 2008. The \$.5 million increase was primarily attributable to only four months of operations for Alliance for the nine months ended June 30, 2007. General and administrative expenses as a percentage of revenue were 15% and 17% for the nine months ended June 30, 2008 and 2007, respectively.

Other income increased to \$.4 million for the nine months ended June 30, 2008 compared to \$(.1) million for the same period in 2007. The increase was primarily attributable to \$.5 million related to the settlement agreement of the Caribbean American Property Insurance Company.

***Liquidity and Capital Resources***

As of June 30, 2008, we had cash of \$3.0 million and a working capital deficit of \$1.1 million. Our current liabilities include the current portion of notes payable to related parties. These note obligations are only payable in the event that our consolidated earnings before interest, income taxes, depreciation and amortization, determined in accordance with generally accepted accounting principles for each of the fiscal years ending on September 30, 2007, 2008 and 2009 ( Actual EBITDA ) exceeds \$4,200,000 (the Targeted EBITDA ). If the Targeted EBITDA level is not achieved then the principal amount of these notes will be reduced by an amount equal to the percentage by which the Actual EBITDA for each of those fiscal years falls short of the Targeted EBITDA and the adjusted principal balance of these notes will then be amortized over the remaining term of the notes in accordance with the foregoing payment terms.

Cash provided by operating activities was \$3.0 million for the nine months ended June 30, 2008 and \$1.7 million for the nine months ended June 30, 2007. The increase of \$1.3 million was primarily attributable to an increase in revenue and net income for the nine months ended June 30, 2008.

Cash used in investing activities was \$.1 and \$.1 million for the nine months ended June 30, 2008 and June 30, 2007, respectively.

Cash used in financing activities was \$2.1 million for the nine months ended June 30, 2008 compared to \$1.1 million for the nine months ended June 30, 2007. The increase of \$1.0 million was primarily attributable to the following:

Cash received from the merger of \$1.1 million for the nine months ended June 30, 2007;

A reduction of \$1.6 million for distributions paid to former shareholders of BMS Holding Company, Inc. for the nine months ended June 30, 2007;

Promissory note payments to related parties of \$1.7 million for the nine months ended June 30, 2008;

Dividend payments to former BMS shareholders of \$.4 million for the nine months ended June 30, 2008;

Proceeds of \$.1 million from exercise of stock options during the nine months ended June 30, 2008; and

Repayment of our line of credit for \$.15 million for the nine months ended June 30, 2008.

We anticipate that our cash on hand, together with cash flow from operations, will be sufficient for the next 12 months to finance operations, make capital investments in the ordinary course of business, and pay indebtedness when due.

**ITEM 3. CONTROLS AND PROCEDURES**

The SEC defines the term disclosure controls and procedures to mean a company's controls and other procedures that are designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Our principal executive officer and principal financial officer, based on their evaluation of the effectiveness of our disclosure controls and procedures as of the end of the quarterly period covered by this Quarterly Report, concluded that our disclosure controls and procedures were effective for this purpose. There were no significant changes in our internal control over financial reporting during the three months ended June 30, 2008 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**ITEM 3A (T). CONTROLS AND PROCEDURES**

Internal control over financial reporting consists of control processes designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of our financial statements for external reporting purposes in accordance with generally accepted accounting principles. To the extent that components of our internal control over financial reporting are included in our disclosure controls, they are included in the scope of the evaluation by our principal executive officer and principal financial officer referenced above. There were no significant changes in our internal control over financial reporting during the three months ended June 30, 2008 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. (Also see Item 3. Controls and Procedures, above.)

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings.**

On December 14, 2005, Bankers Fidelity Life Insurance Company ( Bankers Fidelity ) filed a demand for arbitration with Alliance HealthCard, Inc. The dispute involves our and Bankers Fidelity's relative rights under the Prescription Drug Card and our Multi-Service Benefits Agreement. The demand involves a determination of our responsibilities, as well as certain other contract rights between us and Bankers Fidelity.

Bankers Fidelity Life Insurance Company seeks (1) payment by Alliance HealthCard, Inc. for prescriptions purchased by an Rx Card Holder or a Basic Card Holder; (2) full and complete copies of certain reports, including Utilization Summary Report, Customer Inquiry Report, Cancellation Report, and Membership Information Report; and (3) damages for fraud. The amount of the claim sought is \$75,000. Other relief sought includes attorney fees, interest and arbitration costs.

We are vigorously defending all claims made by Bankers Fidelity Life Insurance Company. The demand for arbitration is still in the discovery stage and therefore it is not possible at this time to determine the outcome or the effect, if any, that the outcome may have on our results of operations and financial condition.
