Section 2 Financial Information

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On December 29, 2017, Allegiant Travel Company (the “Company”), through a wholly owned subsidiary, borrowed \$35 million under a loan agreement secured by three Airbus A320 series aircraft. The note bears interest at a floating rate based on LIBOR and will be payable in quarterly installments through December 2022. The proceeds from the loan will be used for general corporate purposes.

Section 8 Other Events

Item 8.01 Other Events.

As of December 30, 2017, the Company has been informed that Maurice J. Gallagher, Jr., chairman of the board and chief executive officer of the Company, has adopted a pre-arranged, non-discretionary stock trading plan to sell a portion of his currently owned Company stock systematically over time as part of an individual long-term strategy for asset diversification and estate planning. The stock trading plan was adopted in accordance with guidelines specified under Rule 10b5-1 of the Securities and Exchange Act of 1934, as amended, and the Company's policies regarding stock transactions by insiders.

Rule 10b5-1 allows corporate officers and directors to adopt written, pre-arranged stock trading plans when they are not in possession of material, non-public information. Using these plans, insiders can gradually diversify their investment portfolios, by spreading stock trades out over a period of time to reduce any market impact, while avoiding concerns about the initiation of stock transactions when in possession of material non-public information.

Coupled with sales of shares prior to the end of 2017, Mr. Gallagher has sold or will be selling up to 200,000 shares of stock in total. Subject to the terms of the plan, the balance of these shares may be sold for the benefit of Mr. Gallagher during the six-month period from January 12, 2018 to July 12, 2018. The plan contemplates sales periodically with the number of shares to be sold in each sale impacted by the prevailing market price at the time of sale. The transactions under this plan are to be disclosed publicly through Form 144 and Form 4 filings with the Securities and Exchange Commission.
