Explanatory Note

Orion Marine Group, Inc. (the “Company”) hereby amends Item 9A of Part II of its Annual Report on Form 10-K for the year ended December 31, 2008, filed with the Securities and Exchange Commission on March 16, 2009 (the “Original Form 10-K”), to (1) correct an inadvertent omission of the discussion of the Company’s disclosure controls and procedures and (2) include under “Management’s Report on Internal Control Over Financial Reporting” the paragraph captioned “Changes in Internal Controls” and make certain other non substantive corrections to that section. In addition, the Company is amending the Report of Independent Registered Public Accounting Firm relating to Schedule II to the Consolidated Financial Statements included under Item 15(2) of Part IV of the Original Form 10-K and the Consent of Independent Registered Public Accounting Firm filed as Exhibit 23.1 to the Original Form 10-K solely to include signatures that were inadvertently omitted from the original filing.

For purposes of this Form 10-K/A, and in accordance with Rule 12b-15 under the Securities Exchange Act of 1934, as amended, Item 9A of the Original Form 10-K has been amended and restated in its entirety. Other than the revisions to Item 9A and the inclusion of the signatures to the report and consent noted above, there are no other changes to the Original Form 10-K. No amendments have been made to this Form 10-K/A to reflect events occurring after the filing of the Original Form 10-K or to modify those disclosures affected by subsequent events. Accordingly, this Form 10-K/A should be read in conjunction with the Company’s SEC filings made subsequent to the Original Form 10-K, including any amendments to those filings. In addition, as required by Rule 12b-15, this Form 10-K/A includes updated certifications from the Company’s principal executive officer and principal financial officer as Exhibits 31.1, 31.2, and 32.1.

## PART II

### Item 9A. CONTROLS AND PROCEDURES

#### Evaluation of Disclosure Controls and Procedures.

The Company's management, with the participation of its Chief Executive Officer and Chief Financial Officer, have conducted an evaluation of the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this Annual Report on Form 10-K. Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer have concluded that the disclosure controls and procedures were effective at December 31, 2008 to ensure that the information we are required to disclose in reports filed or submitted under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the required time periods and communicated to Company management, including the principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosures.

#### Management's Report on Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rules 13a-15(f) and 15d-15(f). Management (with the participation of our Chief Executive Officer and Chief Financial Officer) conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, management concluded that the Company's internal control over financial reporting was effective as of December 31, 2008.

Grant Thornton LLP, an independent registered public accounting firm, has issued an attestation report on the effectiveness of the Company's internal control over financial reporting and issued an audit report thereon, which is included in this Annual Report on Form 10-K.

Changes in Internal Controls. There have been no changes in our internal control over financial reporting during the quarter ended December 31, 2008 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

Limitations on Effectiveness of Controls. The Company's management, including its Chief Executive Officer and Chief Financial Officer, does not expect that its disclosure controls and procedures or its system of internal control over financial reporting will prevent or detect all errors and all fraud. A control system, no matter how well designed or operated, can provide only reasonable, but not absolute, assurance that the objectives of the system of internal control are met. The design of the Company's control system reflects the fact that there are resource constraints, and that the benefits of such control system must be considered relative to their costs. Further, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control failures and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the intentional acts of individuals, by collusion of two or more people,

or by management override of the controls. The design of any system of controls is also based in part on certain assumptions about the likelihood of future events, and there can be no assurance that the design of any particular control will always succeed in achieving its objective under all potential future conditions.
