Independent Auditors' Report

The Board of Directors

Kennedy-Wilson Holdings, Inc.:

We have audited the accompanying Statement of Revenues and Certain Expenses of 433 Buena Vista (the Property) for the years ended December 31, 2012 and 2011, for the eight months ended December 31, 2010, and the related notes (the historical summaries) .

Management's Responsibility for the Historical Summaries

Management is responsible for the presentation of these historical summaries in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the historical summaries that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the historical summaries based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the historical summaries are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the historical summaries. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the historical summaries, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the historical summaries in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the historical summaries.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the historical summaries referred to above presents fairly, in all material respects, the revenues and certain expenses described in note 1 of the Property for the years ended December 31, 2012 and 2011, and for the eight months ended December 2010, in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

We draw attention to note 1 to the historical summaries, which describes that the accompanying historical summaries were prepared for the purpose of complying with the rules and regulations of Securities and Exchange Commission (for inclusion in the filing of Form 8-K of Kennedy-Wilson Holdings, Inc.) and are not intended to be a complete presentation of the Company's revenues and expenses. Our opinion is not modified with respect to this matter.

Notes to Statements of Revenues and Certain Expenses

For the Year Ended December 31, 2012 and 2011 and Eight Months Ended December 31, 2010

(1) Basis of Presentation

The accompanying statements of revenues and certain expenses relate to the operations of 433 Buena Vista Avenue ("the Property"). The Property is a 615 unit multifamily residential building located in Alameda, California. The Property was purchased on April 29, 2010 by KW Alameda, LLC. A wholly owned subsidiary of Kennedy-Wilson Holdings, Inc. ("KWH") owned an equity interest in KW Alameda, LLC and on March 28, 2013, KWH acquired the interest of some of the existing partners thereby obtaining control of KW Alameda, LLC and assuming its assets and liabilities. Since KW Alameda, LLC was a related party to KWH, three years of financial statements are required to be provided. Since the related party acquired the Property in April 2010, only eight months of revenue and expenses have been presented for 2010.

The accompanying statements of revenues and certain expenses have been prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and, accordingly, are not representative of the actual results of operations of the Property for the years ended December 31, 2012 and 2011, and for the eight months ended December 31, 2010 due to exclusion of certain expenses, such as depreciation and amortization, which may not be comparable to the proposed future operations of the property.

Management is not aware of any material factors relating to the Property other than those already described above that would cause the reported financial information not to be necessarily indicative of future operating results.

(2) Summary of Significant Accounting Policies

Revenue recognition

Rental revenue from tenants is recognized on a straight-line basis over the lease term when collectability is reasonably assured and the tenant has taken possession or controls the physical use of the leased asset.

Tenant recoveries related to the reimbursement of operating expenses (primarily utilities) are recognized as revenue in the period the applicable expenses are incurred. The reimbursements are recognized and presented gross, since the Property is generally the primary obligor with respect to purchasing goods and services from third-party suppliers, has discretion in selecting the supplier, and bears the associated credit risk.

Use of Estimates

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenues and certain expenses during the reporting period to prepare the statements of revenues and certain expenses in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

433 Buena Vista Avenue

Notes to Statements of Revenues and Certain Expenses

For the Year Ended December 31, 2012 and 2011 and Eight Months Ended December 31, 2010

(3) Minimum Future Lease Rentals

There are various lease agreements in place with tenants to lease space at the Property. As of December 31, 2012, the minimum future cash rents receivable under non-cancelable operating leases through December 31, 2014 are as follows:

2013	\$5,518,000
2014	19,000
	\$5,537,000

(4) Mortgage Loan Payable

The Property is encumbered by two mortgage loans. The first mortgage loan was entered into on October 20, 2010 with a principal balance of \$70,407,000 as of March 31, 2013 and bears interest of 4.31% per annum. Payments of interest only were due through October 19, 2012. Beginning on October 20, 2012, the loan is payable in monthly interest and principal installments of \$351,000 to maturity, November 1, 2020. The second mortgage loan was entered into on December 31, 2012 with a principal balance of \$19,381,000 as of March 31, 2013 and bears interest of 4.64% per annum. The loan is payable in monthly interest and principal installments of \$100,000 to maturity, November 1, 2020.

Included in interest expense for the eight months ended December 31, 2010, in the accompanying Statements of Revenue and Certain Expenses, is the interest expense from the loan entered into on October 20, 2010. Interest expense from the loan prior to October 20, 2010 is excluded from interest expense in the Statements of Revenue and Certain Expenses.

(5) Related Party Transactions

KW Alameda, LLC has a management agreement with FPI Management, Inc. and KW Multifamily Management Group, Ltd, which is an affiliate of KWH. In accordance with the management agreement, KWH receives 1% of gross rental revenues as an asset managing fee for the Property.

For the years ended December 31, 2012 and 2011, and the eight months ended December 31, 2010, the Partnership incurred \$106,000, \$99,000 and \$8,000, respectively, in asset management fees. These amounts are reflected as management fees in the statements of revenues and certain expenses.

Statements of Revenues and Certain Expenses  
Three-Months Ended March 31, 2013 (Unaudited) and the  
Year Ended December 31, 2012

(1) Basis of Presentation

The accompanying statements of revenue and certain expenses relate to the operations of 1201 and 1235 Radio Road (the "Properties"). The Properties are office buildings totaling approximately 90,000 rentable square feet, located in Redwood City, California. The properties were purchased on April 30, 2013 by KW Redwood Shores, LLC. Kennedy-Wilson Holdings, Inc. owns 52.5% direct and indirect interest in KW Redwood Shores, LLC.

The accompanying statements of revenues and certain expenses have been prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and, accordingly, are not representative of the actual results of operations of the Properties for the three-months ended March 31, 2013 and the year ended December 31, 2012 due to exclusion of the following expenses, which may not be comparable to the proposed future operations of the properties:

- Depreciation and amortization,
- Management fees,
- Federal and state income taxes, and
- Mortgage interest expense since the Property will be refinanced at the time of the change in ownership.

Management is not aware of any material factors relating to the Properties other than those already described above that would cause the reported financial information not to be necessarily indicative of future operating results.

Summary of Significant Accounting Policies

Revenue recognition

Rental revenue from tenants is recognized on a straight-line basis over the lease term when collectability is reasonably assured and the tenant has taken possession or controls the physical use of the leased asset.

Tenant recoveries related to the reimbursement of real estate taxes, insurance, repairs and maintenance, and other operating expenses are recognized as revenue in the period the applicable expenses are incurred. The reimbursements are recognized and presented gross, since the Company is generally the primary obligor with respect to purchasing goods and services from third-party suppliers, has discretion in selecting the supplier, and bears the associated credit risk.

Use of Estimates

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenue and certain expenses during the reporting period to prepare statements of revenue and certain expenses in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

Unaudited Interim Statement

The statement of revenue and certain expenses for the three-months ended March 31, 2013 is unaudited. In the opinion of management, the statement reflects all adjustments necessary for a fair presentation of the results of the interim period. All such adjustments are of a normal recurring nature.

1201 and 1235 Radio Road

Statements of Revenues and Certain Expenses  
Three-Months Ended March 31, 2013 (Unaudited) and the  
Year Ended December 31, 2012

(2) Minimum Future Lease Rentals

There are various lease agreements in place with tenants to lease space at the Property. As of March 31, 2013, the minimum future cash rents receivable under noncancelable operating leases in each of the next five years and thereafter are as follows:

April 1, 2013 to December 31, 2013	\$1,036,000
2014	1,456,000
2015	1,500,000
2016	1,489,000
2017	1,340,000
Thereafter	2,934,000
	\$9,755,000

Leases generally require reimbursement of the tenant's proportionate share of common area, real estate taxes and other operating expenses, which are excluded from the amounts above.

The Company evaluated subsequent events through the date these financial statements were issued.

Independent Auditors' Report

The Board of Directors

Kennedy-Wilson Holdings, Inc.:

We have audited the accompanying Statement of Revenues and Certain Expenses of 655 Tennyson Road (the Property) for the year ended December 31, 2012 and the related notes (the historical summary).

Management's Responsibility for the Historical Summary

Management is responsible for the presentation of the historical summary in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the historical summary that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the historical summary based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the historical summary is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the historical summary. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the historical summaries, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the historical summary in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the historical summary.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the historical summary referred to above presents fairly, in all material respects, the revenues and certain expenses described in note 1 of the Property for the year ended December 31, 2012, in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

We draw attention to note 1 to the historical summary, which describes that the accompanying historical summary was prepared for the purpose of complying with the rules and regulations of Securities and Exchange Commission (for inclusion in the filing of Form 8-K of Kennedy-Wilson Holdings, Inc.) and is not intended to be a complete presentation of the Company's revenues and expenses. Our opinion is not modified with respect to this matter.

Independent Auditors' Report

The Board of Directors

Kennedy-Wilson Holdings, Inc.:

We have audited the accompanying Combined Statement of Revenues and Certain Expenses of 150 and 151 El Camino Drive (the Properties) for the year ended December 31, 2012 and the related notes (the historical summary).

Management's Responsibility for the Historical Summary

Management is responsible for the presentation of the historical summary in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the historical summary that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the historical summary based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the historical summary is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the historical summary. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the historical summaries, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the historical summary in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the historical summary.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the historical summary referred to above presents fairly, in all material respects, the revenues and certain expenses described in note 1 of the Properties for the year ended December 31, 2012, in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

We draw attention to note 1 to the historical summary, which describes that the accompanying historical summary was prepared for the purpose of complying with the rules and regulations of Securities and Exchange Commission (for inclusion in the filing of Form 8-K of Kennedy-Wilson Holdings, Inc.) and is not intended to be a complete presentation of the Properties' revenues and expenses. Our opinion is not modified with respect to this matter.

The accompanying combined statements of revenue and certain expenses relate to the operations of 150 and 151 El Camino Drive (the "Properties"). The accompanying combined statements of revenue and certain expenses have been prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and, accordingly, is not representative of the actual results of operations of the Properties for the three-months ended March 31, 2013 and the year ended December 31, 2012 due to exclusion of the following expenses, which may not be comparable to the proposed future operations of the property:

• Depreciation and amortization,
