Approved Settlement of New Jersey-American Water Company General Rate Case

On October 29, 2018, the New Jersey Board of Public Utilities (the “NJBPU”) issued an order approving a stipulation and settlement of a general rate case filed on September 15, 2017 by New Jersey-American Water Company, Inc. (“NJAWC”), a wholly owned subsidiary of American Water Works Company, Inc. The stipulation and settlement was entered among NJAWC, the staff of the NJBPU and the New Jersey Division of Rate Counsel. The order approves a \$40 million annual increase in water and wastewater revenues, effective as of June 15, 2018, based on an authorized return on equity (“ROE”) of 9.6%, authorized rate base of \$2.95 billion, a common equity ratio of 54% and a long-term debt ratio of 46%, compared to an authorized ROE of 9.75%, authorized rate base of \$2.39 billion, common equity ratio of 52% and long-term debt ratio of 48%, as approved in NJAWC’s 2015 general rate case. The order also approves the inclusion of \$35 million in distribution system improvement charges in base rates. Further, the order remands the regulatory treatment of acquisition adjustments to the NJBPU’s Office of Administrative Law for a separate proceeding, which NJAWC anticipates will be concluded in the first quarter of 2019. As part of the resolution of the general rate case, NJAWC customers will receive refunds for the amount of provisional rates implemented as of June 15, 2018 and collected that exceeds the final rate increase.
