PROXY STATEMENT FOR THE 2016 ANNUAL GENERAL MEETING OF SHAREHOLDERS

TO BE HELD ON JUNE 28, 2016

INFORMATION CONCERNING PROXY SOLICITATION AND VOTING

We have sent you this proxy statement and the enclosed proxy card because the Board of Directors of Oxford Immunotec Global PLC (referred to herein as the “Company”, “Group” “we”, “us” or “our”) is soliciting your proxy to vote at our annual general meeting of shareholders (the “Meeting”) to be held on Tuesday, June 28, 2016, at 11:00 a.m., London time (6:00 a.m., New York time), at DeVere Milton Hill House Hotel, Milton Hill, Steventon, Abingdon, Oxfordshire OX13 6AF.

This proxy statement summarizes information about the proposals to be considered at the Meeting and other information you may find useful in determining how to vote.

The proxy card is the means by which you actually authorize another person to vote your shares in accordance with your instructions.

In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, e-mail and personal interviews. All costs of solicitation of proxies will be covered by us.

We are mailing the notice of 2016 annual general meeting, this proxy statement and the proxy card to our shareholders of record as of May 4, 2016 (the “Record Date”) for the first time on or about May 16, 2016. In this mailing, we are also including our Annual Report on Form 10-K (“Form 10K”) for the year ended December 31, 2015, which Form 10-K constitutes our 2015 Annual Report to Shareholders (“2015 Annual Report”). In addition, we have provided brokers, dealers, bankers, voting trustees and their nominees, at our expense, with additional copies of our proxy materials and

the 2015 Annual Report so that our record holders can supply these materials to the beneficial owners of our ordinary shares as of the Record Date.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be Held on June 28, 2016

Our 2015 Annual Report, notice of 2016 annual general meeting, proxy statement and proxy card are available in the “Corporate Governance” section of our website at <http://investor.oxfordimmunotec.com>.

Table Of Contents

QUESTIONS AND ANSWERS ABOUT VOTING

Why am I receiving these materials?

We have sent you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at the Meeting, including at any adjournments or postponements of the Meeting. You are invited to attend the Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below under “*How do I vote my shares?*” to submit your proxy over the telephone or on the Internet.

We intend to mail this proxy statement and accompanying proxy card on or about May 16, 2016 to all shareholders of record entitled to vote at the Meeting.

Who can vote at the Meeting?

Only shareholders of record at the close of business on the Record Date will be entitled to vote at the Meeting. At the close of business on April 25, 2016, there were 22,566,487 ordinary shares issued and outstanding and entitled to vote.

Shareholder of Record: Shares Registered in Your Name

If, on the Record Date, your shares were registered directly in your name with the transfer agent, Computershare Trust Company, N.A., then you are the shareholder of record. As a shareholder of record, you may vote in person at the Meeting or vote by proxy. Whether or not you plan to attend the Meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on the Record Date, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the shareholder of record for purposes of voting at the Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Meeting. However, because you are not the shareholder of record, you may not vote your shares in person at the Meeting unless you request and obtain a valid proxy card from your broker or agent.

A complete list of shareholders of record entitled to vote will be open to examination by any shareholder for any purpose relating to the Meeting for a period of 10 days before the Meeting at our offices in Abingdon, Oxfordshire during ordinary business hours. Such list shall also be open to the examination of any shareholder present at the Meeting.

Table Of Contents

What are the requirements to elect the directors and approve each of the proposals?

You may cast your vote for or against proposals 1 through 10 or abstain from voting your shares on one or more of these proposals.

Proposals 1 through 10 will be proposed as ordinary resolutions, which means that, assuming a quorum is present, each such proposal will be approved if the number of votes cast in favor exceed the number of votes cast against such proposal. For example, a nominee for director will be elected to the Board of Directors if the votes cast “for” such nominee’s election exceed the votes cast “against” such nominee’s election.

With regard to proposals 9 and 10 regarding receipt of our U.K. statutory annual accounts and reports for the year ended December 31, 2015 and approval of our U.K. statutory directors’ annual report on remuneration for the year ended December 31, 2015, the votes on these proposals will not require our Board of Directors or any committee to take any action. Nonetheless, our Board of Directors values the opinions of our shareholders as expressed through such votes and will carefully consider the outcome of the votes on these proposals.

Table Of Contents

What constitutes a quorum?

For the purposes of the Meeting, a quorum is present if members holding at least one-third of the outstanding shares of the Company and entitled to vote are present in person or by proxy.

How do I vote my shares?

If you hold shares in “street name,” you should follow the directions provided by your broker, bank or other nominee. You may submit instructions by telephone or via the Internet to your broker, bank or other nominee, or request and return a paper proxy card to your broker, bank or other nominee. We will distribute written ballots to anyone who wants to vote in person at the Meeting. If you hold shares in “street name” and wish to vote at the Meeting, you must obtain a legal proxy from your broker, bank or other nominee and present it to the inspector of election of the Meeting with your ballot.

If you are a “shareholder of record,” you may appoint a proxy to vote on your behalf using any of the following methods:

By completing and signing the proxy card and returning it in the prepaid envelope provided; or

By written ballot at the Meeting.

If you properly give instructions as to your proxy appointment by executing and returning a paper proxy card, and your proxy appointment is not subsequently revoked, your shares will be voted in accordance with your instructions.

How will my shares be voted if I do not specify how they should be voted?

If you sign and send your proxy card but do not indicate how you want your shares to be voted, your shares will be voted by the persons appointed as proxies in accordance with the recommendations of our Board of Directors.

Can I change my vote or revoke a proxy?

A shareholder of record can change or revoke his or her proxy before the time of voting at the Meeting in several ways by:

- (1) mailing a revised proxy card dated later than the prior proxy card;
- (2) voting in person at the Meeting; or
- (3) notifying our Company Secretary in writing that you are revoking your proxy. Your revocation must be received before the Meeting to be effective.

If you hold shares in “street name,” you may change or revoke your voting instructions by contacting the broker, bank or other nominee holding the shares or by obtaining a legal proxy from such institution and voting in person at the Meeting as described above under “*How do I vote my shares?*” See also “*What if I plan to attend the Meeting?*”

Table Of Contents

Who counts the votes?

Computershare Trust Company, N.A. (“Computershare”) has been engaged as our independent agent to tabulate shareholder votes. If you are a shareholder of record, your executed proxy card is returned directly to Computershare for tabulation. If you hold your shares through a broker, your broker will return one proxy card to Computershare on behalf of all of its clients.

How are votes counted?

Votes will be counted by Computershare, who will separately count “for” and “against” votes, abstentions and broker non-votes. In addition, with respect to the election of directors, Computershare will count the number of “withheld” votes received for the nominees. If your shares are held in “street name,” you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to “routine” items, but not with respect to “non-routine” items. See below for more information regarding: “*What are 'broker non-votes'?*” and “*Which ballot measures are considered 'routine' and 'non-routine'?*”

What are “broker non-votes”?

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed “non-routine.” Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. In the event that a broker, bank, custodian, nominee or other record holder of ordinary shares indicates on a proxy form that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a broker or bank, you must instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

Which proposals are considered “routine” or “non-routine?”

The approval of the re-appointment of Ernst & Young LLP as our U.K. statutory auditors in proposal 7 is considered routine under applicable rules. Therefore, no broker non-votes are expected to be submitted in connection with that

proposal. The other proposals are non-routine and broker non-votes may be submitted on them.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of the ordinary shares you own as of the Record Date.

Table Of Contents

What if I plan to attend the Meeting?

Attendance at the Meeting will be limited to shareholders as of the Record Date. Each shareholder may be asked to present valid picture identification, such as a driver's license or passport. Shareholders holding shares in "street name" through brokerage accounts or by a bank or other nominee are required to show a brokerage statement or account statement reflecting share ownership as of the Record Date in order to obtain admittance to the Meeting.

What if I return a proxy card but do not make specific choices?

If we receive a signed and dated proxy card and the proxy card does not specify how your shares are to be voted, your shares will be voted "for" the matters submitted for approval at the Meeting.

How do you solicit proxies?

We will solicit proxies and will bear the entire cost of this solicitation. The initial solicitation of proxies may be supplemented by additional mail communications and by telephone, fax, e-mail, Internet and personal solicitation by our directors, officers or other employees. No additional compensation for soliciting proxies will be paid to our directors, officers or other employees for their proxy solicitation efforts. We also reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses in sending these materials to shareholders who hold shares in street name.

What do I do if I receive more than one notice or proxy card?

If you hold your shares in more than one account, you will receive a notice or proxy card for each account. To ensure that all of your shares are voted, please sign, date and return all proxy cards or use each proxy card or notice to vote by telephone or via the Internet. Please be sure to vote all of your shares.

Will there be any other business conducted at the Meeting?

No. In accordance with our Articles of Association, no matters other than proposals 1 through 10 may be presented at this Meeting. We have not been notified of, and our Board of Directors is not aware of, any other matters to be presented for action at the Meeting.

Who is the transfer agent?

As noted above, our transfer agent is Computershare. All communications concerning shareholder of record accounts, including address changes, name changes, share transfer requirements and similar issues can be handled by contacting our transfer agent at +1-855-895-7224 (within the U.S., U.S. Territories and Canada), +1-732-491-0756 (outside the U.S., U.S. Territories and Canada), or in writing by regular mail to Computershare, P.O. Box 43001, Providence, RI 02940-3001 USA or by overnight mail to Computershare, 250 Royall Street, Canton, MA 02021, USA.

How can I find out the results of the voting at the Meeting?

Voting results will be announced by the filing of a current report on Form 8-K within four business days after the Meeting. If final voting results are unavailable at that time, we will file an amended current report on Form 8-K within four business days of the day the final results are available.

What are the implications of being an “emerging growth company”?

We are an “emerging growth company” as that term is used in the Jumpstart Our Business Startups Act of 2012 and, as such, have elected to comply with certain reduced public company reporting requirements. As a result of this election we are providing in this 2016 Proxy Statement the scaled disclosure permitted for emerging growth companies, including the scaled executive compensation disclosure. In addition, we are not required to conduct votes seeking approval, on an advisory basis, of the compensation of our Named Executive Officers (as defined herein) or the frequency with which such votes must be conducted. We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following December 2, 2018, the fifth anniversary of the completion of our initial public offering, (b) in which we have total annual gross revenue of at least \$1.0 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our ordinary shares that are held by non-affiliates exceeds \$700 million as of the prior June 30th, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

ELECTION OF DIRECTORS

Our Board of Directors currently consists of nine seated directors, divided into the three following classes:

Class I directors: Patrick J. Balthrop, Sr., Patricia Randall and Herm Rosenman whose current terms will expire at the 2017 annual general meeting of shareholders;

Class II directors: Ronald A. Andrews, Jr., Stephen L. Spotts, and James R. Tobin, whose current terms will expire at the 2018 annual general meeting of shareholders;

Class III directors: A. Scott Walton, Richard Sandberg and Dr. Peter Wrighton-Smith whose current terms will expire at the Meeting.

Patricia Randall and Herm Rosenman are current class I directors. Patrick J. Balthrop, Sr., appointed in January 2016, has been nominated for election as a class I director. Therefore, it is anticipated that following the Meeting, if Mr. Balthrop is elected, there will be three class I directors.

Stephen L. Spotts and James R. Tobin are current class II directors. Ronald A. Andrews, Jr., appointed in November 2015, has been nominated for election as a class II director. Therefore it is anticipated that following the Meeting, if Mr. Andrews is elected, there will be three class II directors.

Richard A. Sandberg and Peter Wrighton-Smith, Ph. D. are current class III directors and have been nominated for re-election. A. Scott Walton, appointed in November 2015, also has been nominated for election as a class III director. Therefore, it is anticipated that following the Meeting, if Messrs. PROPOSAL 1 – ELECTION OF PATRICK J. BALTHROP, SR. TO THE BOARD OF DIRECTORS AS A CLASS I DIRECTOR

Patrick J. Balthrop, Sr. is currently a member of our Board of Directors and has been nominated for re-election as a class I director. If elected, he will hold office from the date of his election until the 2017 annual general meeting of shareholders and until his successor is elected and has been qualified, or until his earlier death, resignation or removal. Mr. Balthrop has agreed to serve if elected, and we have no reason to believe that he will be unable to serve.

Mr. Balthrop, 59, was first appointed to the Board of Directors in January 2016. Most recently, Mr. Balthrop served as president, chief executive officer and director of Luminex Corporation, a life sciences tools and molecular diagnostics company, from May 2004 to October 2014, during which time the company's revenues grew eightfold. Mr. Balthrop also implemented innovative research and development programs which led to the development and subsequent successful commercialization of many new products and oversaw multiple significant acquisitions. Prior to Luminex, Mr. Balthrop served as president of Fisher Healthcare, now a division of Thermo Fisher Scientific, Inc., from 2002 to 2004. Prior to that, Mr. Balthrop held multiple positions in diagnostics and vascular devices during his more than twenty years at Abbott Laboratories. Mr. Balthrop currently serves as a director at Personalis, Inc., a company harnessing the clinical and scientific value of the human exome and genome, and NextGxDx Inc., a healthcare bioinformatics company. He is the founding principal of Apalachee Ventures, LLC, a venture and investment company focusing on emerging life science companies. Mr. Balthrop earned his Bachelor degree in Biology from Spring Hill College and a Master's in Business Administration from the Kellogg Graduate School of Management, Northwestern University. Based on his extensive experience as a senior executive and member of the board of directors of companies in the healthcare sector, the independent members of our Board of Directors concluded that Mr. Balthrop is qualified to serve on our Board of Directors.

PROPOSAL 8 - AUTHORIZATION FOR THE AUDIT COMMITTEE TO DETERMINE THE U.K. STATUTORY AUDITORS' REMUNERATION FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016

The Audit Committee is responsible for the selection, appointment and negotiation of the remuneration of our U.K. statutory auditors and our U.S. independent registered public accounting firm. The Audit Committee has appointed the firm of Ernst & Young LLP as our U.K. statutory auditor and U.S. independent registered public accounting firm and principal auditors for our fiscal year ending December 31, 2016. Ernst & Young LLP has served as our U.K. statutory auditors under the U.K. Companies Act 2006 since our registration as a public limited company on August 16, 2013. Although current laws, rules and regulations, as well as the charter of the Audit Committee, require our independent auditors to be selected and supervised by the Audit Committee for our first financial year only in respect of our U.K. statutory auditors, the Board of Directors considers the selection of the independent auditors to be an important matter of shareholder concern and is submitting the selection of Ernst & Young LLP for ratification by shareholders as a matter of good corporate practice. If the shareholders do not ratify the selection of Ernst & Young LLP as our U.K. statutory auditor and U.S. independent registered public accounting firm, the Audit Committee will consider this vote in determining whether or not to continue the engagement of Ernst & Young LLP. If the shareholders do ratify the selection of Ernst & Young LLP as our U.K. statutory auditor and U.S. independent registered public accounting firm, the Audit Committee may nonetheless select a different auditing firm at any time during the year if it determines that such a change would be in our best interests.

Proposal 6 seeks your ratification of the appointment of Ernst & Young LLP as our U.K. statutory auditor and U.S. independent registered public accounting firm for the fiscal year ending December 31, 2016.

Proposal 7 seeks your approval of the re-appointment of Ernst & Young LLP to serve as our U.K. statutory auditor, to hold office until the conclusion of the next general meeting at which the U.K. statutory accounts are presented to shareholders. In the event this proposal does not receive the affirmative vote of the holders of a majority of the shares entitled to vote and present in person or represented by proxy at the Meeting, the Board of Directors may appoint an auditor to fill the vacancy.

CORPORATE GOVERNANCE

Structure of our Board of Directors

The leadership structure of our current Board of Directors separates the positions of CEO and Chairman of the Board. The Board believes that this separation is appropriate for the Company at this time because it allows for a division of responsibilities and a sharing of ideas between individuals having different perspectives. The Board of Directors consists of a majority of independent directors. The Board believes this independence is appropriate for the Company for it allows for sufficient independent oversight of management.

Independence of our Board of Directors

Our Board of Directors has determined that all of our directors, other than Dr. Wrighton-Smith and Ms. Randall, qualify as “independent” directors in accordance with the independence requirements under the applicable listing standards of The NASDAQ Global Market, as well as applicable rules promulgated by the SEC. Dr. Wrighton-Smith is not considered independent because he is an employee of the Company. Because Ms. Randall has been employed by us during the past three years, she is not considered independent.

Our Board of Directors has made a subjective determination as to each independent director that no relationships exist that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board of Directors reviewed and discussed information provided by the directors and us with regard to each director’s business and personal activities and relationships as they may relate to us and our management. There are no family relationships among any of our directors or executive officers.

Our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. The audit committee and remuneration committee of our Board of Directors are comprised entirely of directors determined by the Board of Directors to be independent.

Committees of our Board of Directors

Our Board of Directors presently has three standing committees: the Audit Committee; the Remuneration Committee; and the Corporate Governance and Compliance Committee. The charters for each of these committees can be found in the Corporate Governance section on our website at <http://investor.oxfordimmunotec.com>. During 2015, we also had a Nominating and Corporate Governance Committee.

Table Of Contents

Audit Committee

Our Audit Committee is currently composed of Messrs. Rosenman, Sandberg, Spotts, and Walton with Mr. Rosenman serving as chair of the committee. Our Board of Directors has determined that each member of the Audit Committee meets the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of The NASDAQ Global Market. Our Board of Directors has determined that Mr. Rosenman is an “audit committee financial expert” within the meaning of SEC regulations and the applicable listing standards of The NASDAQ Global Market. The Audit Committee held six meetings during 2015. The Audit Committee’s responsibilities include:

- appointing, approving the compensation of, and assessing the qualifications, performance and independence of our independent registered public accounting firm;

- reviewing the internal audit plan with the independent registered public accounting firm and members of management responsible for preparing our financial statements;

- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures as well as critical accounting policies and practices used by us;

- reviewing the adequacy of our internal control over financial reporting;

- preparing the audit committee report required by the rules of the SEC to be included in our annual proxy statement; and

- reviewing and assessing the adequacy of the committee charter and submitting any changes to our Board of Directors for approval.

Remuneration Committee

Our Remuneration Committee is currently composed of Messrs. Tobin, Andrews, Balthrop and Rosenman with Mr. Tobin serving as chair of the committee. Our Board of Directors has determined that each member of the Remuneration Committee is “independent” as defined under the applicable listing standards of The NASDAQ Global Market. The Remuneration Committee held seven meetings during 2015. The Remuneration Committee’s responsibilities include:

• reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer;

• evaluating the performance of our chief executive officer in light of such corporate goals and objectives and determining and approving the compensation of our chief executive officer;

• reviewing and approving the compensation of our other executive officers;

• appointing, compensating and overseeing the work of any compensation consultant, legal counsel or other advisor retained by the remuneration committee;

• producing a remuneration committee report on executive compensation as required by the rules of the SEC to be included in our annual proxy statement;

• annually reviewing and reassessing the adequacy of the committee charter in its compliance with the applicable listing standards of The NASDAQ Global Market; and

• reviewing and making recommendations to our Board of Directors with respect to director compensation.

Table Of Contents

Our Board of Directors has delegated to the Remuneration Committee the authority to determine the remuneration for our executive officers. Our executive officers participate in general discussions with our Remuneration Committee and Board of Directors about these remuneration matters but they do not participate in discussions during which their individual remuneration is being considered and approved.

Our Remuneration Committee has retained Radford, an Aon Hewitt company, an executive compensation consulting firm, to conduct market research and analysis on our various executive positions, to assist the committee in developing appropriate incentive plans for our executives on an annual basis, provide the committee with advice and recommendations regarding material executive remuneration decisions, and review remuneration proposals of management. After review and consultation with Radford, the Remuneration Committee determined that Radford is independent and that there is no conflict of interest resulting from retaining Radford currently or in 2016. In reaching these conclusions, our Remuneration Committee considered the factors set forth in the SEC rules and the applicable listing standards of The NASDAQ Global Market.

None of the members of our Remuneration Committee has at any time during the prior three years been one of our officers or employees. None of our executive officers currently serves, or in the past fiscal year has served, as a member of our Remuneration Committee or the remuneration committee of any entity that has one or more executive officers serving on our Board of Directors. For a description of transactions between us and members of our Remuneration Committee and affiliates of such members, please see *“Transactions with Related Persons.”*

Non-executive director remuneration is recommended by our Remuneration Committee to the Board of Directors for approval.

Corporate Governance and Compliance Committee

Our Corporate Governance and Compliance Committee is currently composed of Ms. Randall and Messrs. Balthrop, Spotts, Tobin, and Walton, with Ms. Randall serving as chair of the Committee. The Corporate Governance and Compliance Committee was formed in January 2016 and has responsibility for the oversight and administration of the Company’s corporate governance guidelines, including those guidelines related to the structure and organization of our Board of Directors. The Committee also oversees the Company’s adherence to its Code of Business Conduct and Ethics, including the Corporate Compliance Program.

Table Of Contents

Nominating and Corporate Governance Committee

During 2015, the Nominating and Corporate Governance Committee (the “Nominating Committee”) was comprised of Messrs. Sandberg, Spotts and Tobin. Prior to his stepping down as a director in June 2015, Dr. Nigel Pitchford was also a member of the Nominating Committee. Mr. Sandberg was the chair of the Nominating Committee, which met three times in 2015. In 2015, the Nominating Committee had primary responsibility for identifying and nominating suitable candidates for election to the Board of Directors. In December 2015, the Board of Directors voted to reconfigure the Nominating Committee as the Corporate Governance and Compliance Committee (as described in the immediately preceding paragraph) to allow it to focus on corporate governance matters and reserved to the independent members of the Board of Directors responsibility for identifying and nominating candidates for election to the Board of Directors.

Board Oversight of Risk Management

Our management is primarily responsible for assessing and managing risk, while our Board of Directors is responsible for overseeing management’s execution of its responsibilities. The leadership structure of the Board of Directors separates the positions of CEO and Chairman of the Board, which is believed to be appropriate for the Company at this time because it allows for a division of responsibilities and a sharing of ideas between individuals having different perspectives.

Our Board of Directors is supported by its committees in fulfillment of this responsibility. For example, our Audit Committee focuses on our overall financial risk by evaluating our internal controls and disclosure policies as well as ensuring the integrity of our financial statements and periodic reports. Our Remuneration Committee strives to create incentives that encourage an appropriate level of risk-taking consistent with our business strategy. Finally, during 2015, our Nominating and Corporate Governance Committee ensured that our governance policies and procedures were appropriate. Beginning in 2016, the Corporate Governance and Compliance Committee fulfills this responsibility while the independent members of our Board of Directors are responsible for identifying, nominating and approving appropriate candidates for membership on our Board of Directors.

Director Nomination Process

Currently, the independent directors of the Board of Directors review and identify possible candidates for the Board of Directors, approving for appointment such candidates as appropriate in light of the Board of Directors Membership

Criteria (the “Criteria”). These Criteria are posted in the Investors - Corporate Governance section on our website at <http://investor.oxfordimmunotec.com> as part of the Corporate Governance Guidelines. These Criteria describe specific traits, abilities and experience that the Board of Directors looks for in determining candidates for election to the Board of Directors, which include, among others:

- the highest personal and professional ethics, integrity and values;
- commitment to representing the long-term interests of the Company’s shareholders;
- independence under the standards promulgated by The NASDAQ Global Market; and
- ability to dedicate the time and resources sufficient to ensure the diligent performance of his or her duties on our behalf, including attending all Board of Directors and applicable committee meetings.

Table Of Contents

Although we do not have a standalone diversity policy, diversity is among the critical factors that the Board of Directors considers when evaluating its composition. It is the policy of the independent directors of our Board of Directors that the composition of the Board of Directors reflect a range of talents, ages, skills, character, diversity and expertise, particularly in the areas of accounting and finance, management, domestic and international markets, leadership, corporate governance, and diagnostics and related industries, sufficient to provide sound and prudent guidance with respect to the operations and interests of the Company. The independent directors of our Board of Directors believe that the current members of the Board of Directors and nominees to the Board of Directors reflect an appropriate diversity of gender, age, race, geographical background and experience but are committed to continuing to consider diversity issues in evaluating the composition of the Board of Directors.

The Board of Directors' policy does not contemplate any disparate treatment of management nominees versus those put forth by our shareholders. In 2015, the Board of Directors retained executive and director search firms such as Spencer Stuart and Russell Reynolds to assist in the identification and evaluation of potential nominees to our Board of Directors. The engagement of Spencer Stuart ended in June 2015 and the engagement of Russell Reynolds ended in February 2016.

Shareholder Recommendations and Nominees

It is the policy of our Board of Directors that the independent directors of our Board of Directors consider both recommendations and nominations for candidates to the Board from shareholders so long as such recommendations and nominations comply with our Articles of Association and applicable laws, including the rules and regulations of the SEC. Shareholders may recommend director nominees for consideration by writing to our Company Secretary at the address below and providing evidence of the shareholder's ownership of our ordinary shares; the nominee's name, home and business address and other contact information; the nominee's detailed biographical data and qualifications for board membership; and information regarding any relationships between the recommended candidate and the Company within the last three fiscal years.

Following verification of the shareholder status of the person submitting the recommendation, all properly submitted recommendations will be promptly brought to the attention of the independent members of the Board of Directors. Shareholders who desire to nominate persons directly for election to the Board of Directors at an annual general meeting of shareholders must meet the deadlines and other requirements set forth under "*Additional Information –Shareholder Proposals for 2016 Annual General Meeting.*" Any vacancies on the Board of Directors occurring between our annual general meetings of shareholders may be filled by persons selected by a majority of the directors then in office, and any director so elected will serve until the next shareholders' meeting at which directors are elected.

Table Of Contents**DIRECTOR REMUNERATION AND ATTENDANCE**

In October 2013, our Board of Directors adopted a non-executive director remuneration policy (“director remuneration policy”) for our non-executive directors who are unaffiliated (“unaffiliated directors”) with a shareholder of our Company that holds 5% or more of our outstanding shares (“significant investors”). For purposes of the director remuneration policy, a director is considered affiliated with a significant investor if, at the time of initial election or appointment or at any time during service as a director, he or she is or becomes an employee, officer, director, manager, managing member or general partner of a significant investor, or an employee, officer, director, manager, managing member or general partner of an entity that is an affiliate of a significant investor.

Affiliated directors do not receive director compensation. During 2015, Dr. Nigel Pitchford, who served as a director until June 2015, was affiliated with one or more of our significant investors and, therefore, did not receive compensation from us in fiscal year 2015 for his service on our Board of Directors. In addition, we do not pay director compensation to Dr. Wrighton-Smith because he is compensated as our employee.

We have eight unaffiliated directors eligible for compensation under the director remuneration policy: Mr. Sandberg, who serves as Chairman of our Board of Directors, Messrs. Andrews, Balthrop, Rosenman, Spotts, Tobin and Walton and Ms. Randall. We reimburse all directors for out-of-pocket costs incurred in their performance of service as directors in accordance with our standard expense reimbursement policies and procedures.

Under our director remuneration policy, unaffiliated directors may earn the following cash compensation:

Unaffiliated directors may also receive equity compensation in the form of share options under our 2013 Incentive Share Option Plan. Equity compensation for unaffiliated directors is divided into two components: (1) an initial option award granted upon first appointment or election to our Board of Directors and covering 14,914 of our ordinary shares, with the right to exercise vesting in three equal installments on the date of the three succeeding annual general meeting of shareholders and (2) an annual option award granted to each newly appointed or elected member of our Board of Directors upon the date of first appointment or election and to each continuing member of our Board of Directors on the day of the annual general meeting of shareholders. The annual option award covers 7,457 of our ordinary shares; provided, however, if initial appointment or election is not at an annual general meeting of shareholders and is made less than six months before such meeting will be held, the award will cover 3,728 of our ordinary shares. The exercise price of all options granted to unaffiliated directors will be the fair market value of the shares at the close of trading on the date of grant.

In 2015, our Board of Directors met ten times. All of our directors attended a minimum of 75% of the meetings of our Board of Directors and its committees during their membership on the board. Our directors are strongly encouraged to attend our annual general meetings of shareholders.

In 2015, our unaffiliated directors received the compensation shown below, plus reimbursement for reasonable travel expenses.

2015 Incentive Compensation

In 2015, our management incentive compensation plan provided our named executive officers with an annual cash incentive compensation opportunity equal to 50% of the executive officer's base salary. For our chief executive officer, the annual cash incentive compensation opportunity was increased to 70% of his base salary based upon the median annual cash incentive compensation opportunity offered by our Peer Group. In the case of each executive officer, the annual cash incentive compensation opportunity was subject to our achievement of corporate performance goals established by the Remuneration Committee at the beginning of the fiscal year, and the achievement of qualitative and quantitative individual performance goals established at the beginning of the fiscal year by our Remuneration Committee for Dr. Wrighton-Smith and by Dr. Wrighton-Smith for the other executive officers. The Remuneration Committee annually establishes the weightings to be given to corporate versus individual goals.

Table Of Contents

For 2015, our corporate goals included the achievement of certain revenue levels for the United States and outside the United States, gross margin targets and product development milestones. For 2015, our corporate goals were achieved at 87.5%. The following was our determination of individual goal attainment in 2015: Dr. Wrighton-Smith, 90%; Mr. Schroeder, 120%; and Dr. Edwardson, 88%. The actual award amounts were calculated by weighing corporate goal attainment and individual goal attainment for each named executive officer as follows: Dr. Wrighton-Smith, 70% corporate goals and 30% individual goals; Mr. Schroeder, 50% corporate goals and 50% individual goals; and Dr. Edwardson, 30% corporate goals and 70% individual goals.

Dr. Wrighton-Smith's option awards reflected in the table above include a "double trigger" to accelerated vesting upon a change in control. Under the terms of the option agreements, the unvested portions of the awards will automatically vest if (i) within one year of a change in control the Company terminates Dr. Wrighton-Smith's employment other than for cause or (ii) Dr. Wrighton-Smith terminates employment for a good reason. If the event constituting good reason is the change in composition of the Company's Board of Directors, accelerated vesting will apply only if the change in Board of Directors composition occurs after the one year anniversary but prior to the third anniversary of the change in control. For purposes of these option awards, a change in control event will be deemed to occur upon the purchase of substantially all of our outstanding shares by, or the sale of substantially all of our assets to, a third party. Both we and Dr. Wrighton-Smith must give a minimum of 12 months' prior notice to terminate his employment, other than for cause (as defined in his service agreement). We have the right to place Dr. Wrighton-Smith on paid leave rather than allowing him to continue to provide services during this notice period. If we elect to place him on leave, the period of leave would be counted as part of the post-employment non-competition period. Dr. Wrighton-Smith is obligated to refrain from competition with us for 12 months after his termination, unless that period is shortened by a period of leave.

Although not specified in his service agreement, as discussed above, Dr. Wrighton-Smith is eligible for an annual cash incentive opportunity equal to a percentage of his base salary determined by the Remuneration Committee, subject to achievement of corporate and individual performance goals established by the Remuneration Committee at the beginning of each year. For 2015, the annual incentive was established as 70% of Dr. Wrighton-Smith's base salary.

Jeff R. Schroeder

We entered into an amended and restated employment agreement with Mr. Schroeder dated October 1, 2013 that sets forth the terms and conditions of Mr. Schroeder's employment as our Chief Commercial Officer. The agreement has no specific term and establishes an at-will employment relationship. Mr. Schroeder's current annual base salary is \$347,000.

Mr. Schroeder's option awards provide that, upon a change of control event, the portion of the option that would have vested in the succeeding twelve months will accelerate and vest immediately prior to the change of control event. For purposes of these option awards, a change of control event will generally be deemed to occur upon the purchase of substantially all of our outstanding shares by, or the sale of substantially all of our assets to, a third party.

We may terminate Mr. Schroeder's employment with or without cause and without notice, but Mr. Schroeder is required to provide at least one month's advance notice to us if he is terminating his employment. If we terminate Mr. Schroeder's employment other than for cause (as defined in his employment agreement) or Mr. Schroeder terminates his employment for good reason (as defined in his employment agreement), he will be entitled to receive, subject to certain conditions, severance equal to nine months of his then current base salary, payable as salary

continuation. The severance amount will be reduced by any other compensation Mr. Schroeder earns from employment or self-employment during the severance period. Mr. Schroeder's right to receive any severance payment is conditioned on, among other things, providing us with a signed release, complying with all post-employment obligations and restrictions, including non-competition restrictions, and diligently pursuing alternate employment. Mr. Schroeder is obligated to refrain from engaging in competition with us for a period of one year after any termination.

Although not specified in his employment agreement, as discussed above, Mr. Schroeder is eligible for an annual cash incentive opportunity equal to 50% of his base salary, subject to achievement of corporate performance goals established by the remuneration committee as well as individual performance goals established by Dr. Wrighton-Smith at the beginning of each year.

Peter Edwardson, Ph.D.

We entered into a service agreement with Dr. Edwardson dated May 30, 2008 that sets forth the terms and conditions under which Dr. Edwardson serves as our Chief Operations Officer. The agreement has no specific term but will automatically terminate upon Dr. Edwardson's 65th birthday. Dr. Edwardson's current annual base salary is £204,249, or approximately \$290,000.

Dr. Edwardson's option awards provide that, upon a change of control event, the portion of the option that would have vested in the succeeding 12 months will accelerate and vest immediately prior to the change of control event. For purposes of these option awards, a change of control event will generally be deemed to occur upon the purchase of substantially all of our outstanding shares by, or the sale of substantially all of our assets to, a third party.

Both we and Dr. Edwardson must give a minimum of 6 months' prior notice to terminate his employment, other than for cause (as defined in his service agreement). We have the right to place Dr. Edwardson on paid leave rather than allowing him to continue to provide services during this notice period. If we elect to place him on leave, the period of leave would be counted as part of the post-employment non-competition period. Dr. Edwardson is obligated to refrain from competition with us for 12 months after his termination, unless that period is shortened by a period of leave.

Although not specified in his employment agreement, as discussed above, Dr. Edwardson is eligible for an annual cash incentive opportunity equal to 50% of his base salary, subject to achievement of corporate performance goals established by the Remuneration Committee as well as individual performance goals established by Dr. Wrighton-Smith at the beginning of each year.

RETIREMENT PLANS

401(k) Plan

We maintain a tax-qualified retirement plan for our U.S.-based employees that provides eligible employees with an opportunity to save for retirement on a tax-advantaged basis. All participants' interests in their deferrals are 100% vested when contributed. We do not make matching contributions into the 401(k) plan. Participants have the ability to contribute pre-tax and/or Roth contributions to the plan. Contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the Internal Revenue Code. As a tax-qualified

retirement plan, pre-tax contributions to the 401(k) plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) plan.

U.K. Defined Contribution Plan

In the U.K., we maintain a defined contribution plan that provides employees with an opportunity to contribute a portion of their monthly salary into the plan. If an employee elects to participate in the plan, there is a minimum employee contribution of 5% of monthly salary; there is no maximum limit to the employee contribution. The employee contribution to this plan is matched by us up to a maximum of 5% of monthly salary. All U.K. employees are eligible to participate in this plan and will be automatically enrolled onto the plan in the first month of employment. An employee automatically enrolled has the right to opt out of the scheme in the month following automatic enrollment; failure to opt out within this time period will result in the employee remaining in the scheme on a contributory basis for the remainder of employment with the Company.

Table Of Contents

Employees are able to elect to participate in the scheme on a so-called “salary exchange” pursuant to which employees agree to a reduction in monthly salary in an amount equal to the defined contribution plan election. The amount of the reduction, together with the tax and national insurance savings to the employee and us as a result of the salary reduction, are contributed into the plan in addition to the 5% matching contribution described above.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the beneficial ownership of ordinary shares as of April 25, 2016 by:

Each beneficial owner of more than 5% of our ordinary shares;

Each director or nominee;

Each named executive officer included in the 2014 Summary Compensation Table; and

All of our directors and executive officers as a group.

As of April 25, 2016, 22,566,487 ordinary shares were outstanding. The number of ordinary shares beneficially owned by each shareholder is determined under rules promulgated by the SEC. The information contained in the following table does not necessarily indicate beneficial ownership for any other purpose and the inclusion of any shares in the table does not constitute an admission of beneficial ownership of those shares. In computing the number of ordinary shares beneficially owned by a person and the percentage ownership of that person, shares subject to options, warrants, other convertible securities or rights held by that person that are currently exercisable or will become exercisable on or before June 24, 2016 (60 days after April 25, 2016), are deemed to be beneficially owned by such person and included in the outstanding shares used to calculate their beneficial ownership. These shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person.

Unless otherwise noted below, the address for each beneficial owner in the table below is c/o Oxford Immunotec Global PLC, 94C Innovation Drive, Milton Park, Abingdon, OX14 4RZ, United Kingdom, and each individual beneficial owner has sole voting and dispositive power with respect to the shares shown below.

All of our directors, executive officers and any greater than 10 percent shareholders are required by Section 16(a) of the Exchange Act to file with the SEC initial reports of ownership and reports of changes in ownership of shares and to furnish us with copies of such reports. Based on a review of those reports and written representations that no other reports were required, we believe that our Section 16 officers and directors complied with all of their applicable Section 16(a) filing requirements. The sole exception to this was the Forms 4 for Messrs. Rosenman, Sandberg, Spotts and Tobin and Ms. Randall were inadvertently filed in June 2015 outside of the timeframe prescribed by Section 16.

TRANSACTIONS WITH RELATED PERSONS

There were no transactions during 2015 in which we were a participant where the amount involved exceeded \$120,000 and one or more of our executive officers, directors, director nominees or 5% shareholders, or their immediate family members had a direct or indirect material interest. We refer to these as “related person transactions.”

Related Person Transactions Policy

We have adopted a policy with respect to the review, approval and ratification of related party transactions. Under the policy, our Audit Committee will be responsible for reviewing and approving related person transactions. In the course of its review and approval of related person transactions, our Audit Committee will consider the relevant facts and circumstances to decide whether to approve such transactions. In particular, our policy will require our Audit Committee to consider, among other factors it deems appropriate:

- the related person’s relationship to us and interest in the transaction;
- the material facts of the proposed transaction, including the proposed aggregate value of the transaction;
- the impact on a director’s independence in the event the related person is a director or an immediate family member of the director;
- the benefits to us of the proposed transaction;
- if applicable, the availability of other sources of comparable products or services; and
- an assessment of whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally.

The Audit Committee may only approve those transactions that are in, or are not inconsistent with, our best interests and those of our shareholders, as the Audit Committee determines in good faith.

Shareholders' Rights to Call a General Meeting

Our shareholders have the right to call a meeting of our shareholders. The U.K. Companies Act 2006 generally requires the directors to call a general meeting once we have received requests to do so from shareholders representing at least 5% of our paid-up shares entitled to vote at a general meeting. The U.K. Companies Act 2006 generally prohibits shareholders of a U.K. public limited company from passing written resolutions. However, significant shareholders would, in any case, still have the power to call a general meeting and propose resolutions. These provisions are mandatory under the U.K. Companies Act 2006 and cannot be waived by our shareholders.

In order to be considered for inclusion in our proxy statement for our 2017 annual general meeting of shareholders, shareholder proposals must be received by the Company at the Office of the Company Secretary, 94C Innovation Drive, Milton Park, Abingdon, Oxfordshire OX14 4RZ no later than 120 days before the anniversary of the date on which we sent our proxy materials for the Meeting, or January 13, 2017. If a shareholder does not timely provide notice as described above, proxies solicited on behalf of our management for the 2017 annual general meeting will confer discretionary authority to vote with respect to any such matter, as permitted by the proxy rules of the SEC.

Table Of Contents

Provided the applicable thresholds are met, notice of the resolution must be received by the Company at the Office of the Company Secretary, 94C Innovation Drive, Milton Park, Abingdon, Oxfordshire OX14 4RZ at least six weeks prior to the date of the annual general meeting, or, if later, at the time notice of the annual general meeting is delivered to shareholders.

Householding Notice– Important Notice Regarding Delivery of Shareholder Documents

The SEC rules allow companies, subject to certain conditions, to send only one proxy statement and annual report to shareholders to two or more shareholders who share the same last name and address. This "householding" rule provides greater convenience for shareholders and cost savings for companies by reducing the number of duplicate documents that households receive.

If you are an Oxford Immunotec Global PLC shareholder who resides in the same household with another shareholder with the same last name, or if you hold more than one account with Computershare registered in your name at the same address, and wish to receive a separate proxy statement and annual report to shareholders for each account, please contact our transfer agent, Computershare, PO Box 43001, Providence, RI 02940-3001 USA. You may also call Computershare as follows: within the United States, U.S. territories and Canada 855-895-7224; outside the United States, U.S. territories and Canada 732-491-0756.

If you do not contact us within 60 days of the date of this mailing, your consent to “householding” will be presumed and your household will receive only one proxy statement and annual report to shareholders until you, or other members of your household, revoke such consent. Please note that each shareholder will continue to receive a separate proxy card or other personalized information, which will allow each individual to vote independently. You may also receive a separate mailing if you hold additional shares in a brokerage account.

You may revoke your consent at any time by contacting our transfer agent, Computershare, using the same contact information as set forth above. Your request to begin receiving separate documents will begin 30 days after receiving such notice.

No action is required on your part to participate. This program not only allows us to reduce costs but also is more environmentally friendly by reducing the unnecessary use of materials.

Directors' Remuneration Report

The information provided in this part of the Directors' Remuneration Report is not subject to audit.

Remuneration Committee Chairman's Annual Statement

Dear Shareholder:

On behalf of the Board of Directors of Oxford Immunotec Global PLC, I am pleased to present the Directors' Remuneration Report. Shareholders will be invited to approve the Annual Report on Remuneration (which will be a non-binding advisory vote) at the Annual General Meeting of Shareholders to be held on 28 June 2016.

Period Covered by the Directors' Remuneration Report

The Directors' Remuneration Report that follows is for the full year period of 1 January 2015 through 31 December 2015.

The Remuneration Committee

The Remuneration Committee is responsible for reviewing and establishing our management remuneration policy and philosophy, including determining and approving the remuneration of the chief executive officer and other executives who comprise our senior management team. While the full Board of Directors sets director remuneration, the Remuneration Committee makes recommendations on such matters to the Board of Directors.

Philosophy

We seek to attract and retain outstanding employees, who have the potential to achieve consistently strong results for shareholders, and to attract and retain non-executive directors who can substantially contribute to our success as an innovative diagnostics company operating in a global environment. Given that most of our senior executives and most of our non-executive directors live and work in the United States, and the fact that we are listed on a U.S. stock exchange, we assess the competitiveness of our policies primarily against U.S. benchmarks and practices.

Business strategy during 2015

Our primary goals in 2015 were to grow revenues, improve gross margin and make significant progress in achieving our product development objectives. 2015 was a year of continued investment of the proceeds of our initial public offering and follow on financing to continue to grow the Group and enhance shareholder value.

Table Of Contents

The remuneration awarded to our chief executive officer for 2015 reflects our appraisal of his performance that enabled us to substantially achieve our corporate goals. The new remuneration arrangements adopted in 2016 recognize past accomplishments as well as the greater demands placed on our chief executive officer going forward.

The options awards are not subject to performance requirements. The cash equivalent of

(3) option awards for those option awards that vest monthly is calculated by multiplying the number of options that vested each month by the market value of the Group's shares on the date of vesting minus the exercise price, rounded to the nearest dollar. No portion of the option awards that vest annually vested during the reported period.

The cash equivalent of restricted share awards is calculated by multiplying the number of restricted shares which became unrestricted during the year by the market value of the Group's shares on the date the restriction on the shares lifted. None of the restricted shares held by Dr. Wrighton-Smith vested during the reported year.

(4) Taxable benefits provided for Dr. Wrighton-Smith to which the Group contributes include the costs of private health insurance coverage in the amount of \$861 and \$37 paid to Dr. Wrighton-Smith for making a blood donation for use in the Group's research and development work. The private health insurance coverage and payment for blood donations are available on equal terms to all of the Company's U.K.-based employees.

(5) The annual cash incentive was determined based upon performance in 2015 and paid in 2016.

The amount reported equals the cash equivalent of options that vested during the reported period. For those option awards that vested monthly, the cash equivalent was determined by multiplying the number of options that vested each month by the market value of the Group's shares on the date of vesting, subtracting the exercise price of such vested options and then summing the monthly amounts during the reported period. The fair market value of

(6) ordinary shares was deemed to be the closing price as reported by NASDAQ on the vesting date or, if vesting occurred on a date when the market was not open, the preceding business day. None of the option awards that vest annually vested during the reported period. None of the restrictions on Dr. Wrighton-Smith's restricted share awards or restricted share units lapsed during the reported period. The amount reported was not realized by Dr. Wrighton-Smith in the reported period as the vested options were not exercised during the period.

The amount reported equals 5% of Dr. Wrighton-Smith's base salary. During the reported period five percent is the maximum employer matching contribution to each employee's participation in the basic defined contribution pension scheme. Dr. Wrighton-Smith had elected to participate in a voluntary salary exchange scheme which

(7) reduced the amount of his base salary from that shown above and resulted in all employer tax and national insurance savings on account of the reduction also being contributed to Dr. Wrighton-Smith's pension account. The effects of the voluntary salary exchange participation are not reflected in the table. The amount also includes approximately \$2,000 in benefits available to other employees.

Taxable benefits provided for Dr. Wrighton-Smith to which the Group contributes include the costs of private

(8) health insurance coverage in the amount of \$742 and \$117 paid to Dr. Wrighton-Smith for making a blood donation for use in the Group's research and development work.

(9) The annual cash incentive was determined based upon performance in 2014 and paid in 2015.

The amount reported equals the cash equivalent of options that vested during the reported period. Because the option awards vested monthly, the cash equivalent was determined by multiplying the number of options that vested each month by the market value of the Group's shares on the date of vesting, subtracting the exercise price of such vested options and then summing the monthly amounts during the reported period. The fair market value of ordinary shares was deemed to be the closing price as reported by NASDAQ on the vesting date or, if vesting occurred on a date when the market was not open, the next succeeding business day. The amount reported was not realized by Dr. Wrighton-Smith in the reported period as the vested options were not exercised during the period.

(10) The amount reported equals 5% of Dr. Wrighton-Smith's base salary for the portion of the year during which the Group was in existence. Five percent was the maximum employer matching contribution to each employee's participation in the basic defined contribution pension scheme. However, Dr. Wrighton-Smith had elected to participate in a voluntary salary exchange scheme which reduced the amount of his base salary from that shown

(11) above and resulted in all employer tax and national insurance savings on account of the reduction also being contributed to Dr. Wrighton-Smith's pension account. The effects of the voluntary salary exchange participation are not reflected in the table. The amount also includes approximately \$500 in benefits available to other employees.

Base Salary

The annual rate of base salary reflected in the table above for 2015 for Dr. Wrighton-Smith became effective on 1 January 2015 and was awarded for his role as the chief executive officer of a public company. Base salary levels are customarily reviewed and, to the extent deemed appropriate, adjusted as of 1 January of each year.

Taxable Benefits

Generally, Dr. Wrighton-Smith participates in the same benefits we offer to all our employees in the United Kingdom, where Dr. Wrighton-Smith resides.

Annual Cash Incentive

For the 2015 year, the target annual cash incentive for Dr. Wrighton-Smith was based 70% on achievement of corporate objectives and 30% on achievement of individual objectives. The corporate objectives included revenue goals and other financial metrics. For 2015, our corporate goals were achieved at 87.5%. The individual objectives included targets relative to strengthening our organization, improving our strategic position, completing specific projects and improving the Group's capital position. In early 2016, the Remuneration Committee conducted an assessment of Dr. Wrighton-Smith's performance for the 2015 year, including the extent to which the various goals established for him had been achieved. Based upon his performance, the Remuneration Committee determined that Dr. Wrighton-Smith had accomplished 90% of his individual goals.

The Board of Directors has considered whether it would be in the best interests of the Group and its shareholders to disclose the precise targets agreed for each of the performance measures in 2015 or the weightings given to those targets. As specific corporate objectives for a single year are designed based on the Group's long-term strategies, the Board of Directors concluded that disclosing such targets and weightings for 2015 would necessarily involve divulging competitively sensitive information, even after our financial year results have been published. We believe disclosure would be detrimental to our commercial performance going forward and, therefore, we are providing only the categories of objectives, not the precise targets. Likewise, the Board of Directors concluded that disclosure of the specific individual objectives for the year and the weighting of those objectives would involve the release of competitively sensitive information.

The Committee has established corporate objectives for the 2016 year as well as individual objectives for Dr. Wrighton-Smith for the year. As with the 2015 year, 70% of Dr. Wrighton-Smith's target annual cash incentive is to be measured based on attainment of corporate objectives. The corporate objectives include targets for revenues and other financial metrics, together with product development and quality goals. The individual objectives for the year include defined goals for strengthening our organization, improving our strategic position, completing specific projects and expanding the Group's profile and shareholder base in the capital markets.

DIRECTORS' REMUNERATION REPORT

For the year ended 31 December 2015

- The amount recorded here reflects the cash equivalent of the equity-based awards that have vested in the reported year. The cash equivalent of option awards is the product of number of shares subject to option that vested during the reported period multiplied by the fair market value of the shares as of the date of vesting minus the exercise price of the options, rounded to the nearest dollar. For those option awards that vested monthly, the monthly cash equivalents were summed for the reported period. The fair market value of ordinary shares was deemed to be the closing price of our shares as reported by NASDAQ on the vesting date or, if a vesting date occurred on a date when the market was not open, the next succeeding business day. The amounts reported include the value of the option awards made to Messrs. Sandberg and Spotts during the period the Group was private. During the period when the Group was private, the fair market value of ordinary shares on certain vesting dates was deemed to be the valuation of the shares on that date, as determined by an independent valuation firm retained by the Group. Those awards vest monthly over a 48-month period. The amount of remuneration reported in this column was not realized by either Mr. Sandberg or Spotts in the reported period because these options were not exercised in that period.
- (2)
- (3) Dr. Pitchford was affiliated with a significant investor and therefore received no remuneration from the Group for his service as a director.
The value of the equity-based awards reported is the product of the number of shares subject to option that vested during the reported period multiplied by the fair market value of the shares as of the date of vesting minus the exercise price of the option, rounded to the nearest dollar. One-third of the initial option award and the first annual option award vested on the day of the 2015 annual general meeting of shareholders. Any amount of remuneration reported in this column was not realized by the director in the reported period because these options were not exercised in that period. If the cost to exercise the option exceeded the value of the options on the date of vesting, no amount is shown.
- (4) Ms. Randall was elected to the Board of Directors on 12 June 2014. She did not receive remuneration for service as a director prior to election and received an initial option award and an annual option award on the date of her election to the Board of Directors.
The value of the equity-based awards reported is the product of the number of shares subject to option that vested during the reported period multiplied by the fair market value of the shares as of the date of vesting minus the exercise price of the option, rounded to the nearest dollar. The fair market value of ordinary shares was deemed to be the closing price of our shares as reported by NASDAQ on the vesting date or, if a vesting date occurred on a date when the market was not open, the next succeeding business day. During the period when the Group was private, the fair market value of ordinary shares on certain vesting dates was deemed to be the valuation of the shares on that date, as determined by an independent valuation firm retained by the Group. The amount of remuneration reported in this column was not realized by Ms. Randall in the reported period because these options were not exercised in that period.
- (6)
- (7) The amount recorded here reflects the cash equivalent of the equity-based awards that have vested in the reported year. The cash equivalent of option awards is the product of number of shares subject to option that vested during the reported period multiplied by the fair market value of the shares as of the date of vesting minus the exercise

price of the options, rounded to the nearest dollar. For those option awards that vested monthly, the monthly cash equivalents were summed for the reported period. The fair market value of ordinary shares was deemed to be the closing price of our shares as reported by NASDAQ on the vesting date or, if a vesting date occurred on a date when the market was not open, the next succeeding business day. During the period when the Group was private, the fair market value of ordinary shares on certain vesting dates was deemed to be the valuation of the shares on that date, as determined by an independent valuation firm retained by the Group. No portion of the initial option award or annual option award made upon Ms. Randall's election to the Board of Directors vested during the reported period. The amounts reported reflect the value of the option awards made to Ms. Randall during the period the Group was private. Those awards vest monthly over a 48-month period. Ms. Randall exercised 8,650 options during the reported period and realized approximately \$50,000 from the sale of a portion of the shares obtained through exercise. The remainder of the amount of remuneration reported in this column was not realized by Ms. Randall in the reported period because the remaining options were not exercised in that period.

(1) The face value represents the number of shares covered by the award times the exercise price of the award, which was the fair market value of the shares on the date of grant. No value can be realized unless there is an increase in the value of the shares following the date of the award. Further no value can be realized until the options are vested and exercised.

(3) This award was the first annual award made in connection with commencement of service of a director. The award will vest at the 2016 annual general meeting of shareholders, subject to continued service.

Performance Graph

Because the Group has only been in existence since 16 August 2013, the Group cannot set forth a performance graph depicting total shareholder return over a five-year period. Set forth below is a graph that compares the cumulative total shareholder return on our ordinary shares with that of the Nasdaq Composite Index and the S & P SmallCap 600[®] Healthcare Index. The comparison assumes that \$100.00 was invested at the close of the market on 22 November 2013 in our ordinary shares or on 31 October 2013 in the Nasdaq Composite Index and the S & P SmallCap 600 Healthcare Index, and assumes reinvestment of dividends, if any. The performance graph is based on historical results and is not intended to suggest future performance.

Salary(2)	1.9	%	4.7	%
Taxable Benefits	4.5	%	44.1	%
