PROXY STATEMENT
FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MONDAY, FEBRUARY 9, 2015

These proxy materials are furnished in connection with the solicitation by the Board of Directors (the “Board” with individual members of the Board being referred to herein as a “director”) of Great Western Bancorp, Inc., a Delaware corporation, of proxies to be voted at the 2015 Annual Meeting of Stockholders of the Company and at any adjournment of such meeting (the “Annual Meeting”). This Proxy Statement (this “Proxy Statement”), together with the Notice of Annual Meeting and proxy card, is first being mailed to stockholders on or about January 5, 2015. In connection with our initial public offering (the “Offering”), Great Western Bancorp, Inc. merged with Great Western Bancorporation, Inc., an Iowa corporation (“GWBI”), with Great Western Bancorp, Inc. continuing as the surviving corporation and succeeding to the business of GWBI. When used in this Proxy Statement, the terms “Great Western,” “we,” “our,” “us” and the “Company” refer, prior to the completion of the merger, to GWBI and, following the completion of the merger, to Great Western Bancorp, Inc. In addition, the term “our bank” refers to Great Western Bank, a South Dakota banking corporation and our wholly owned subsidiary as a result of our merger with GWBI, and the term “fiscal year” refers to our fiscal year, which is based on a twelve-month period ending September 30 of each year (e.g., fiscal year 2014 refers to the twelve-month period ending September 30, 2014).

ABOUT THE MEETING

When and where is the Annual Meeting?

The Annual Meeting will be held on Monday, February 9, 2015 at 10 a.m. Mountain Standard Time, at the Hyatt Regency Scottsdale Resort, 7500 East Doubletree Ranch Road, Arizona Ballroom VII, Scottsdale, Arizona.

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will act upon the matters described in the Notice of Annual Meeting that accompanies this Proxy Statement, including the election of three nominees for director named in this Proxy Statement, and the ratification of the Audit Committee’s appointment of Ernst & Young LLP as Great Western’s independent registered public accounting firm for fiscal year 2015.

Who may vote at the Annual Meeting?

Only record holders of our common stock, par value \$0.01 per share (“Common Stock”), as of the close of business on December 12, 2014 (the “Record Date”), will be entitled to vote at the meeting. On the Record Date, the Company had outstanding 57,886,114 shares of Common Stock. Each outstanding share of the Common Stock entitles the holder to one vote.

What constitutes a quorum?

The Annual Meeting will be held only if a quorum is present. A quorum will be present if a majority of the shares of Common Stock outstanding on the Record Date are represented, in person or by proxy, at the Annual Meeting. Shares represented by properly completed proxy cards either marked “abstain” or “withhold,” or returned without voting instructions are counted as present for the purpose of determining whether a quorum is present at the Annual Meeting. Also, if shares are held by brokers who are prohibited from exercising discretionary authority for beneficial owners who have not given voting instructions (“broker non-votes”), those shares will be counted as present for the purpose of determining whether a quorum is present at the Annual Meeting.

How are votes counted?

Proposal 1: Election of Directors

A plurality of the votes cast is required for the election of each of the three nominees for director. This means that the three nominees receiving the highest number of votes will be elected regardless of whether the number of votes received by any such nominee constitutes a majority of the number of votes cast. Abstentions, votes to withhold and broker non-votes will not be counted for purposes of this proposal and will not affect the result of the vote.

Proposal 2: Ratification of the Appointment of Ernst & Young LLP

The affirmative vote of a majority of the votes of the shares present in person or represented by proxy and entitled to vote on Item 2 is required for the ratification of the appointment of our independent registered public accounting firm. Abstentions will have the effect of voting against this proposal.

How do I submit my vote?

If you are a stockholder of record, you can vote by:

- attending the Annual Meeting and voting by ballot;
- signing, dating and mailing in your proxy card;
- using your telephone, according to the instructions on your proxy card; or
- visiting <http://www.investorvote.com/GWB> and then following the instructions on the screen.

The deadline for voting by telephone or on the Internet is 1:00 a.m. Central Time on February 9, 2015.

What do I do if I hold my shares through a broker, bank or other nominee?

If you hold your shares through a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available. If you hold your shares through a broker, bank or other nominee and would like to vote in person at the Annual Meeting, you must first obtain a copy of the voting instruction card provided by your broker, bank or nominee or a copy of a brokerage statement showing your ownership as of December 12, 2014.

Can I change or revoke my vote after I return my proxy card?

Yes. If you are a stockholder of record, you may change your vote by:

- voting in person by ballot at the Annual Meeting;
- returning a later-dated proxy card;
- entering a new vote by telephone or on the Internet; or
- delivering written notice of revocation to the Company's Corporate Secretary by mail at 100 N. Phillips Ave., Sioux Falls, South Dakota 57104.

If you vote other than by phone or Internet, you may change your vote at any time before the actual vote. If you vote by phone or Internet, you may change your vote if you do so prior to 11:59 p.m. Central Time on February 8, 2015. If you hold your shares through an institution, that institution will instruct you as to how your vote may be changed.

Who will count the votes?

The Company's tabulator, Computershare, will count the votes.

Will my vote be kept confidential?

Yes. As a matter of policy, stockholder proxies, ballots and tabulations that identify individual stockholders are kept secret and are available only to the Company, its tabulator and inspectors of election, who are required to acknowledge their obligation to keep your votes confidential.

Who pays to prepare, mail and solicit the proxies?

The Company pays all of the costs of preparing, mailing and soliciting proxies in connection with this Proxy Statement. In addition to soliciting proxies through the mail by means of this Proxy Statement, we may solicit proxies through our directors, officers and employees in person and by telephone or facsimile. The Company asks brokers, banks, voting trustees and other nominees and fiduciaries to forward proxy materials to the beneficial owners and to obtain authority to execute proxies. The Company will reimburse the brokers, banks, voting trustees and other nominees and fiduciaries upon request.

What are the Board's recommendations as to how I should vote on each proposal?

The Board recommends a vote:

FOR the election of each of the three director nominees named in this Proxy Statement; and

- FOR the ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2015.

How will my shares be voted if I sign, date and return my proxy card?

If you sign, date and return your proxy card and indicate how you would like your shares voted, your shares will be voted as you have instructed. If you sign, date and return your proxy card but do not indicate how you would like your shares voted, your proxy will be voted:

FOR the election of each of the three director nominees named in this Proxy Statement; and

- FOR the ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2015.

With respect to any other business that may properly come before the meeting, or any adjournment of the meeting, that is submitted to a vote of the stockholders, including whether or not to adjourn the meeting, your shares will be voted in accordance with the best judgment of the persons voting the proxies.

How will broker non-votes be treated?

A broker non-vote occurs when a broker who holds its customer's shares in street name submits proxies for such shares, but indicates that it does not have authority to vote on a particular matter. Generally, this occurs when brokers have not received any instructions from their customers. In these cases, the brokers, as the holders of record, are permitted to vote on "routine" matters only, but not on other matters. In this Proxy Statement, brokers who have not received instructions from their customers would only be permitted to vote on the following proposal:

• The ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2015.

Brokers who have not received instructions from their customers would not be permitted to vote on the following proposal:

• To elect the three director nominees named in this Proxy Statement.

We will treat broker non-votes as present to determine whether or not we have a quorum at the Annual Meeting, but they will not be treated as entitled to vote on the proposals, if any, for which the broker indicates it does not have discretionary authority.

What if other matters come up during the Annual Meeting?

If any matters other than those referred to in the Notice of Annual Meeting properly come before the Annual Meeting, the individuals named in the accompanying proxy card will vote the proxies held by them in accordance with their best judgment. The Company is not aware of any business other than the items referred to in the Notice of Annual Meeting that will be considered at the Annual Meeting.

Your vote is important. Because many stockholders cannot personally attend the Annual Meeting, it is necessary that a large number be represented by proxy. Whether or not you plan to attend the meeting in person, prompt voting will be appreciated. Stockholders of record can vote their shares via the Internet or by using a toll-free telephone number. Instructions for using these convenient services are provided on the proxy card. Of course, you may still vote your shares on the proxy card. To do so, we ask that you complete, sign, date and return the enclosed proxy card promptly in the postage-paid envelope.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

Great Western's board of directors is composed of nine members. Each of our directors is elected for a three-year term, classified into three staggered classes (designated as Class I, II and III). At each annual meeting of stockholders, upon the expiration of the term of a class of directors, the successor to each such director in the class will be elected to serve from the time of election and qualification until the third annual meeting following his or her election and until his or her successor is duly elected and qualified. At the Annual Meeting, you will elect three individuals to serve on the Board until the 2018 Annual Meeting of Stockholders and until a successor shall have been elected and qualified. On October 20, 2014, we entered into a Stockholder Agreement (the "Stockholder Agreement") with National Australia Bank Limited ("NAB"), the ultimate parent of our controlling stockholder, in connection with the Offering. Until NAB ceases to beneficially own at least 5% of our then outstanding Common Stock and non-voting common stock, par value \$0.01 per share ("Non-Voting Common Stock"), the Stockholder Agreement provides NAB the right to designate a number of individuals for nomination and election to our Board based on the amount of our Common Stock and Non-Voting Common Stock beneficially owned by NAB in connection with any meeting of our stockholders at which directors are to be elected. We are required to recommend and solicit proxies in favor of, and to otherwise use our best efforts to cause the election of, each person designated by NAB whose nomination has been approved. For more information on NAB's director nomination and other rights pursuant to the Stockholder Agreement, see "Related Party Transactions - Relationship and Related Party Transactions with NAB – Stockholder Agreement."

The Corporate Governance and Nominating Committee (the "Governance Committee") of our Board seeks candidates for nomination to the Board who possess the background, skills and expertise to make a significant contribution to the Board, the Company and its stockholders. The Governance Committee uses a variety of methods to identify and evaluate nominees for director. The Governance Committee periodically assesses the appropriate size of the Board and whether any vacancies on the Board are expected. In the event that vacancies are anticipated or otherwise arise, the Governance Committee will seek to identify director candidates, subject to the restrictions described below, based on input provided by a number of sources, including Governance Committee members, other directors and our management and stockholders. The Governance Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified director candidates.

Although the Company has no formal policy regarding diversity, the Governance Committee and the Board believe that the Board should include directors with diverse experience and business knowledge and believes that the directors and director nominees bring a diverse range of perspectives to the Board's deliberations. The Governance Committee considers director qualifications according to the particular areas of expertise being sought as a complement to the existing Board composition at the time. Qualifications include, among others, high-level leadership experience in business activities, breadth of knowledge about issues affecting the Company and our bank, understanding of the customers served by our bank, a willingness to promote the success and economic growth of the Company and our bank and time available for meetings and consultation on matters of the Company and our bank. When considering potential director candidates, our Governance Committee also considers the candidate's character, judgment, diversity, skills, including financial literacy, and experience in the context of our needs and those of the Board. Additionally, no individual may be nominated for election or elected as a director if on the date of election the individual would be age 75 or older before such election. Under the corporate governance guidelines adopted by the Board, all directors other than directors nominated by NAB pursuant to its rights under the Stockholder Agreement (each a "NAB Director") are expected to own Common Stock having a value of at least four times the annual Board retainer fee, exclusive of any committee and chairperson fees, no later than five (5) years after the later of January 1, 2015 or the date such person became a director and to limit board service at other public companies to no more than four other public company boards.

The Board, acting pursuant to the recommendation of the Governance Committee, and consistent with the terms of the Stockholder Agreement, has nominated each director standing for re-election. Each of the nominees currently serves as a director. In considering the nominees' individual experience, qualifications, attributes and skills, the Board has concluded that when considered together with the director nominees, the appropriate experience, qualifications, attributes and skills are represented for the Board as a whole and for each of the Board's committees. There are no family relationships among any directors, director nominees and executive officers. Each nominee has indicated a willingness to serve, and the Board has no reason to believe that any of the nominees will not be available for election. However, if any of the nominees is not available for election, proxies may be voted for the election of other persons selected by the Board. Proxies cannot, however, be voted for a greater number of persons than the number of nominees named. Stockholders of the Company have no cumulative voting rights with respect to the election of directors.

The following tables set forth certain information regarding the Class I director nominees standing for re-election at the Annual Meeting and the Class II and Class III directors serving until the 2016 and 2017 Annual Meetings, respectively.

BOARD OF DIRECTORS, COMMITTEES AND GOVERNANCE

Overview

The Board provides oversight with respect to our overall performance, strategic direction and key corporate policies. It approves major initiatives, advises on key financial and business objectives, and monitors progress with respect to these matters. Members of the Board are kept informed of our business by various reports and documents provided to them on a regular basis, including operating and financial reports made at Board and committee meetings by our Chief Executive Officer, Chief Financial Officer, Chief Risk Officer and other officers. The Board has five standing committees, the principal responsibilities of which are described below under "Committees of our Board of Directors." Additionally, the independent directors and the NAB Directors meet in regularly scheduled executive sessions, without Great Western management present, including Mr. Karels, at each meeting of the Board.

The Board met 3 times in 2014, one regular meeting and 2 special meetings. Each member of the Board attended more than 75% of the total number of meetings of the Board and the committees on which he or she served. We strongly encourage, but do not require, our Board members to attend annual meetings of our stockholders.

Board Leadership Structure

We believe that our directors should have the highest professional and personal ethics and values. They should have broad experience at the policy-making level in business, government or banking. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on boards of other companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties. Each director must represent the interests of all stockholders.

While our Board does not have a policy requiring the separation of the roles of Chief Executive Officer and Chairperson of the Board, the Governance Committee and the Board have determined to continue the practice of separating the roles of the Chief Executive Officer and the Chairperson. Our Chairperson is a NAB nominated director pursuant to the Stockholder Agreement. As long as our Chairperson is not independent under applicable independence requirements, the Board is required by the Stockholder Agreement to designate an independent director who is not nominated by NAB as its “Lead Independent Director.” The Lead Independent Director presides over meetings of the Board when the Chairperson is absent and in circumstances in which the non-management directors of the Company meet without management present. The Lead Independent Director also has the authority to call meetings of the Independent Directors; consult and approve agendas, schedules and time allotments for meetings of the Board; consult with the Chairperson of the Compensation Committee with respect to the evaluation and performance of the Chief Executive Officer; serve as a liaison between the non-management members of the Board and the Chairperson of the Board, act as a contact person to facilitate communications by the Company’s employees, stockholders and others with the non-management members of the Board; and review the quality, appropriateness and timeliness of information provided to the Board. The Board has appointed Andrew Hove as its Lead Independent Director. The Board has determined that Mr. Hove satisfies the independence standards set forth in Section 303A of the New York Stock Exchange (“NYSE”) Listed Company Manual, has no material relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, is independent within the meaning of Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”); and is a “Non-Employee Director” under Rule 16h-3 of the Exchange Act and an “outside director” under Section 162(m) of the Internal Revenue Code of 1986.

Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines, which are accessible on our website at www.greatwesternbank.com that set forth a framework within which our Board, assisted by board committees, directs the Company’s affairs. These guidelines address among other things, the composition and functions of our Board, director independence, compensation of directors, management succession and review, board committees and selection of new directors.

Board Oversight of Risk Management

Our Board believes that effective risk management and control processes are critical to our safety and soundness, our ability to predict and manage the challenges that we face and, ultimately, our long-term corporate success. Our Board, both directly and through its committees, is responsible for overseeing our risk management processes, with each of the committees of our Board assuming a different and important role in overseeing the management of the risks we face.

The Risk Committee of our Board oversees our enterprise-wide risk management framework, which establishes our overall risk appetite and risk management strategy and enables our management to understand, manage and report on the risks we face. The Audit Committee of our Board is responsible for overseeing risks associated with financial matters (particularly financial reporting, accounting practices and policies, disclosure controls and procedures and internal control over financial reporting), The Compensation Committee of our Board has primary responsibility for risks and exposures associated with our compensation policies, plans and practices, regarding both executive compensation and the compensation structure generally. The Governance Committee of our Board oversees risks associated with the independence of our board of directors and governance matters. See “Committees of our Board of Directors” for additional information with respect to our Board committees.

Our senior management is responsible for implementing and reporting to our Board regarding our risk management processes, including by assessing and managing the risks we face, including strategic, operational, regulatory, investment and execution risks, on a day-to-day basis. Our senior management is also responsible for creating and recommending to our Board and Risk Committee for approval appropriate risk appetite metrics reflecting the aggregate levels and types of risk we are willing to accept in connection with the operation of our business and pursuit of our business objectives.

The role of our Board in our risk oversight is consistent with our leadership structure, with our President and Chief Executive Officer and the other members of senior management having responsibility for assessing and managing our

risk exposure, and our Board and its committees providing oversight in connection with those efforts. We believe this division of risk management responsibilities presents a consistent, systemic and effective approach for identifying, managing and mitigating risks throughout our operations.

Status as a “Controlled Company”

Our Common Stock is listed on the NYSE. As a result, we are subject to NYSE corporate governance listing standards. However, a listed company that satisfies the definition of a “controlled company” (i.e., a company of which more than 50% of the voting power is held by a single entity or group) may elect not to comply with certain of these requirements. As part of our separation from NAB, we entered into the Stockholder Agreement, which provides NAB with certain rights relating to the composition of our board of directors consistent with the requirements applicable to a “controlled company.” In particular, so long as NAB directly or indirectly owns more than 50% of our outstanding Common Stock and we are therefore a “controlled company,” and during the 12-month transition phase following the date on which we are no longer a “controlled company” as a result of NAB’s ownership of shares of our outstanding Common Stock, we will elect not to comply with the corporate governance standards of the NYSE requiring: (1) a majority of independent directors on the Board, (2) a fully independent Governance Committee and (3) a fully independent Compensation Committee. As discussed below, five of our nine directors, including at least one member of each of the Governance Committee, Compensation Committee and Risk Committee of our Board are directors designated by NAB and will not necessarily qualify as “independent directors” under the applicable rules of the NYSE. A director is independent if the Board affirmatively determines that he or she satisfies the independence standards set forth in Section 303A of the NYSE Listed Company Manual, has no material relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and is independent within the meaning of Rule 10A-3 of the Exchange Act. The Board has reviewed the independence of our current non-employee directors and nominees and has determined that Messrs. Hove and Rykhuis and Ms. Grieb are each an independent director.

Committees of Our Board of Directors

The standing committees of our Board were organized in July of 2014 in anticipation of and in connection with the Offering and consist of an Audit Committee, a Corporate Governance and Nominating Committee, a Compensation Committee, a Risk Committee and an Executive Committee. The responsibilities of these committees are described below. Our Board may also establish various other committees to assist it in its responsibilities. However, the Stockholder Agreement provides that, until the Non-Control Date, without NAB’s prior written approval, we may not form, or delegate any authority to, any new committee of our Board or to any subcommittee thereof or delegate any authority to any existing committee or subcommittee thereof not set forth in such committee’s charter in effect immediately prior to the completion of the Offering. The following table summarizes the current membership of the Board and each of its committees:

Role of Management. The Board made all fiscal year 2014 compensation decisions in connection with our Offering for Messrs. Karels, Chapman, Ulenberg and our other executive officers based upon recommendations of the Compensation Committee. Mr. Karels reviewed the performance of the other executive officers with the committee and the committee reviewed the performance of Mr. Karels. The conclusions reached and the compensation recommendations based on these reviews, including with respect to salary and incentive award amounts, were presented to the committee. The committee exercised its discretion in modifying any recommended adjustment or award.

Committee Process. During fiscal year 2014 in connection with the Offering, the Compensation Committee reviewed both the Company's compensation philosophy and the actual compensation being paid by the Company. The committee met, including in executive sessions without any members of management present, to discuss, evaluate and set executive officer compensation. In setting compensation for each of our executive officers, the committee focused on the total compensation received by each executive officer, as well as the allocation of each element of compensation in relation to those provided by peer companies.

Compensation Consultants. The Compensation Committee has the sole authority to retain and dismiss its own outside compensation consultants and any other advisors it deems necessary. The role of a compensation consultant is to assist the committee in analyzing executive compensation packages and to provide the committee with information regarding market compensation levels, general compensation trends and best practices. The consultant also provides advice regarding the competitiveness of specific pay decisions and actions for the executive officers, as well as the appropriateness of the design of the Company's executive compensation programs and director compensation. In anticipation of the Offering, Towers Watson was engaged to advise the Compensation Committee on executive compensation-related issues and to provide advice relating to establishing bonus opportunities and long and short term incentives. Annual Cash Incentive Compensation

For fiscal year 2014, our named executive officers participated in the NAB STI Plan. The NAB STI Plan rewards achievement of four key business drivers: financial and risk management strategic projects employees and culture and customer and community. Each named executive officer's target short-term incentive, or STI, was established prior to the beginning of the 2014 fiscal year, and the actual STI earned reflects both individual and business performance.

Name	Base Salary	STI Target Percentage	STI Target Amount	Business STI Multiple	Individual STI Multiple	Earned STI
Kenneth Karels	\$550,000	75%	\$412,500	1	1.5	\$618,750
Peter Chapman ⁽¹⁾	320,012	30%	96,004	1	1.5	144,006
Stephen Ulenberg ⁽²⁾	233,010	30%	69,903	1	1.0	69,903

(1) Mr. Chapman received a target STI opportunity of 30% from us, pursuant to the terms of his secondment letter agreement.

(2) Amounts for Mr. Ulenberg have been converted from New Zealand dollars to U.S. dollars using an exchange rate as of September 30, 2014 of NZ\$1.00 = US\$0.7767.

Determination of Earned STI Award. The business STI multiple can range from 0 up to 1.3 for exceptional business performance, and was determined by NAB's board as 100% stockholder during fiscal year 2014 (since we were an indirect, wholly owned subsidiary of NAB during fiscal year 2014) and endorsed by our Board. The assessment takes into account our bank's management of business risks, stockholder expectations and the quality of our bank's financial results. For fiscal year 2014, after considering our bank's growth in earnings and achievement of return on total allocated equity (based upon accounting standards issued by the Australian Accounting Standards Board (AASB), which are consistent with International Financial Reporting Standards), NAB's board determined that a business STI multiple of one (1) was appropriate.

The individual STI multiple can range from 0 up to 2.0 for outstanding performance and was determined by each named executive officer's direct manager after assessing individual performance against pre-established metrics. The following key achievements were considered in determining the individual STI multiple for 2014: for Mr. Karels, achievement of Great Western Bank cash earnings and return on equity targets despite strong market competition, proactive leadership of risk management at Great Western Bank, implementation of a strong sales culture at Great Western Bank and managing through the successful launch of our initial public offering for Mr. Chapman, strong overall Great Western Bank financial results (including cash earnings of more than \$121 million (calculated based on AASB standards for our bank only), representing a 7.0% increase over the prior fiscal year), leadership in driving refinements of Great Western Bank's return on equity model to support long-term business objectives and growth targets, and providing reporting and guidance through the initial public offering process and roadshow and for Mr. Ulenberg, successful management of Great Western

Bank within risk appetite parameters, maintenance of a sound risk profile in connection with sustainable growth, and continued improvements within the audit function of Great Western Bank.

In addition, our named executive officers were subject to a compliance gateway. Our senior executives are subject to a reduction in their STI, either in part or in full depending on the severity of the breach, if they do not pass the compliance expectations of their role. No such reduction was applied to the STI awards earned by our named executive officers for 2014.

Mandatory Deferral of Earned STI Award. Under the NAB STI Plan, a portion of our named executive officers' earned STI awards were subject to mandatory deferral to instill an appropriate focus on business performance beyond the current year, allow for alignment with risk outcomes, support achievement of targets, and encourage an appropriate level of shareholding by senior executives. For each of our named executive officers, 25% was deferred and will be paid in cash in December 2015.

Current Employment Arrangements

We entered into an employment agreement with Mr. Karels on September 15, 2014, and each of Messrs. Chapman and Ulenberg on September 12, 2014. The employment agreements became effective upon the completion of our initial public offering on October 20, 2014. Prior to such time, our named executive officers' employment was governed by the agreements described below in "—Former Employment Arrangements". The term of each employment agreement is for an unspecified duration and constitutes "at will" employment. During the term, the executives will continue to serve in their current positions as President and Chief Executive Officer for Mr. Karels; Chief Financial Officer and Executive Vice President for Mr. Chapman; and Chief Risk Officer and Executive Vice President for Mr. Ulenberg.

Each employment agreement provides for, among other things: (i) an annual base salary of \$715,000 for Mr. Karels, \$345,000 for Mr. Chapman and \$285,000 for Mr. Ulenberg (effective retroactive to August 1, 2014), (ii) an annual incentive bonus with a target STI opportunity of 75% of base salary for Mr. Karels and 50% for Messrs. Chapman and Ulenberg (except that Mr. Ulenberg's target STI opportunity for fiscal year 2014 is 30%), with the actual amount earned ranging from 0% to 200% of target based on actual achievement against performance metrics, (iii) annual long-term incentive compensation awards with a value of \$670,000 for Mr. Karels, \$225,000 for Mr. Chapman and \$175,000 for Mr. Ulenberg for fiscal year 2015, and eligibility to receive future annual long-term incentive compensation awards in form and amount determined in the sole discretion of the board of directors and (iv) participation in our employee benefit and welfare plans. The annual long-term incentive compensation awards for fiscal year 2015 are 50% in the form of time-based restricted stock units that vest in three equal annual installments on each of the first three anniversaries of the grant date and 50% in the form of performance-based restricted stock units that cliff vest based on performance over a three-year performance period. Each of Messrs. Chapman and Ulenberg will also receive an additional \$10,000 per month for twelve months as they transition from their international assignments.

The executives also received a special one-time grant of performance-based restricted stock units (the "IPO Grant") immediately following the completion of our initial public offering with a value of \$1,000,000 for Mr. Karels, \$225,000 for Mr. Chapman and \$175,000 for Mr. Ulenberg. The IPO Grant will cliff vest based on performance over a three-year performance period.

Upon a termination of any executive's employment by the company without "cause" or by the executive for "good reason", subject to a general release of claims in favor of the company, the executive will be entitled to: (i) a prorated annual incentive bonus for the year of termination based on actual performance, (ii) a severance payment equal to two times for Mr. Karels, and one times for Messrs. Chapman and Ulenberg, the sum of (A) the executive's then-current annual base salary and (B) the executive's then-current target annual incentive bonus, paid in 52 or 26 equal installments, respectively, in accordance with the company's normal payroll practices, (iii) either (A) continued benefits under the company's group healthcare, vision and dental plans through the second anniversary of termination of employment for Mr. Karels, and through the first anniversary for Messrs. Chapman and Ulenberg, or (B) a lump-sum payment (grossed up for applicable taxes) equal to 24 times for Mr. Karels, and 12 times for Messrs. Chapman and Ulenberg, the monthly COBRA cost of continued health and medical coverage and (iv) continued vesting of any outstanding equity compensation awards as if the executive had remained employed through the applicable vesting dates. In the event that

the executive's employment is terminated by the company without "cause" or by the executive for "good reason" within two years following a "change in control", subject to a general release of claims in favor of the company, the executive will be entitled to the payments and benefits described above, except that (i) the severance payment will be paid in a lump sum and be equal to three times for Mr. Karels, and two times for Messrs. Chapman and Ulenberg, the sum of (A) the executive's then-current annual base salary and (B) the executive's then-current target annual incentive bonus, and (ii) in lieu of the benefits described in clause (iii) of the prior sentence, all executives will receive a lump-sum healthcare payment (grossed up for applicable taxes) equal to 24 times the monthly COBRA cost. In addition, the employment agreements provide that, notwithstanding anything to the contrary, the company will not be required to provide any payment or benefit that is prohibited by the Australian Corporations Act 2001 (Cth) in the absence of stockholder approval so long as NAB continues to hold shares of our Common Stock, or that would otherwise be a prohibited golden parachute payment within the meaning of Section 18(k) of the FDIA.

"Cause" generally means the executive's: (i) conviction of, or plea of guilty or no contest to, any felony or any crime involving fraud, dishonesty or moral turpitude, (ii) engagement in gross misconduct that causes material financial or reputation harm to the company, (iii) repeated failure to substantially perform his duties and responsibilities to the company, (iv) material violation of any contract or agreement between the executive and the company or any written company policy or (v) disqualification or bar by any governmental or self-regulatory authority from serving in the capacity required by the executive's job description, or loss of any governmental or self-regulatory license that is reasonably necessary for the executive to perform his duties or responsibilities.

"Good reason" generally means, in the absence of the executive's written consent: (i) any material and adverse change in the executive's position or authority with the company (ii) the transfer of the executive's primary work site to a new location that is more than 50 miles from that in effect immediately prior to such transfer (iii) a diminution of the executive's base salary by more than 10%, unless such diminution applies to all other senior executives or (iv) a material breach of the employment agreement by Great Western or our bank.

"Change in control" generally means the occurrence of any of the following events: (i) during any period of less than 36 months, individuals who constitute the board as of the beginning of the period (which we refer to as the incumbent directors) cease to constitute at least a majority of the board, (ii) any person is or becomes a beneficial owner, directly or indirectly, of 30% or more of the combined voting power of Great Western's then-outstanding securities eligible to vote for the election of the board, (iii) the consummation of a merger, consolidation, statutory share exchange or similar form of corporate transaction involving Great Western that requires the approval of Great Western's stockholders (generally excluding such an event with National Australia Bank Limited or any of its subsidiaries), (iv) the consummation of a sale of all or substantially all of Great Western's assets (other than to National Australia Bank Limited or any of its subsidiaries) or (v) Great Western's stockholders approve a plan of complete liquidation or dissolution of Great Western.

Each employment agreement also contains confidentiality and non-disparagement provisions, which apply indefinitely, and non-competition as well as client and employee non-solicitation provisions that apply during the term of the employment agreement and for one year following a termination of employment for any reason.

Former Employment Arrangements

Employment Agreement with Mr. Karels. We previously entered into an employment agreement with Mr. Karels, which became effective on January 16, 2014 and terminated when his current agreement became effective on October 20, 2014. During the term of the prior agreement, Mr. Karels also served as our President and Chief Executive Officer. Material terms of the employment agreement included: an annual base salary of \$550,000 (with any increase at our and NAB's sole discretion) eligibility to participate in the NAB STI Plan with a target opportunity equal to 75% of base salary and eligibility to participate in our executive long-term incentive plan.

Had we terminated Mr. Karels' employment without "cause" under his prior agreement, he would have been entitled to receive either fifty-two (52) weeks' prior written notice or fifty-two (52) weeks of base salary in lieu of notice. "Cause" generally meant failure to comply with the terms and conditions of the employment agreement (including, without limitation, a formal indictment or charge with any felonious criminal violation, or violent crimes conviction

of any crime or offense involving monies or other property, or commission of fraud or embezzlement willful or continual neglect or failure to discharge his duties or violation of any material law, or any other conduct, which reveals or demonstrates behavior or character traits which are reasonably considered detrimental to us).

Had Mr. Karels become wholly disabled from continuing his duties of employment under his prior agreement, he would have been entitled to ninety (90) days of base salary and, at the conclusion of the ninety (90) days, would have been terminated by us. Had Mr. Karels' employment been terminated due to death, his estate would have been entitled to the compensation which would otherwise would be payable to him up to the date of death.

The employment agreement also contained a confidentiality provision, which applied indefinitely, and non-competition restrictions which applied during the term of the employment agreement and for one year following Mr. Karels' termination for any reason.

International Assignment Arrangements with Messrs. Chapman and Ulenberg. Mr. Chapman was seconded to us from NAB, and Mr. Ulenberg was seconded to us from Bank of New Zealand, for all of fiscal year 2014. Under their prior letter agreements, which terminated when their current agreements became effective on October 20, 2014, Messrs. Chapman and Ulenberg also served as our Chief Financial Officer and Chief Risk Officer, respectively. Material terms of their agreements included: an annual base salary of US\$310,000 for Mr. Chapman and NZ\$300,000 for Mr. Ulenberg eligibility to participate in the NAB STI Plan with a target opportunity equal to 30% and expatriate benefits in accordance with NAB's international assignment policy. In addition, we increased Mr. Chapman's annual base salary to US\$320,012, effective January 1, 2014.

Potential Payments upon Termination or Change in Control

Other than the employment agreements described above, we do not currently have any agreements, plans or other arrangements that provide for payments to any of our named executive officers upon termination or a change in control.

Savings Plans

We maintain the Great Western Bancorporation, Inc. 401(k) Profit Sharing Plan and Trust, or the 401(k) Plan, which is a tax-qualified defined contribution savings plan, for the benefit of all eligible U.S. employees of the company (including Mr. Karels). Employee contributions, including after-tax contributions, are permitted by means of pay reduction. The 401(k) Plan also provides for discretionary employer matching contributions and discretionary employer profit sharing contributions. All employee contributions and earnings on employee contributions are at all times fully vested. Beginning with the second year of service, employer matching contributions and employer profit sharing contributions are vested at a rate of 25% per year of service and are completely vested after five years of service.

In addition, during fiscal year 2014, NAB contributed to a defined contribution superannuation fund on behalf all eligible Australian employees (including Mr. Chapman) in an amount equal to 10.0% of the employee's 2014 base salary, up to the maximum contribution base determined by the Australian Taxation Office. All eligible New Zealand employees (including Mr. Ulenberg) participate in a New Zealand superannuation scheme, pursuant to which Bank of New Zealand provides an employer matching contribution equal to 5% of the employee's 2014 base salary into a defined contribution retirement plan.

RELATED PARTY TRANSACTIONS

We or one of our subsidiaries may occasionally enter into transactions with certain “related persons.” Related persons include our executive officers, directors, 5% or more beneficial owners of our Common Stock, immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest. We generally refer to transactions with these related persons as “related party transactions.”

Related Party Transaction Policy

Our Board adopted a written policy in September 2014 governing the review and approval of transactions with related parties that will or may be expected to exceed \$120,000 in any fiscal year. The policy calls for the related person transactions to be reviewed and, if deemed appropriate, approved by our Audit Committee. Starting in fiscal year 2015, upon determination by the General Counsel of the Company that a transaction requires review under the policy, the material facts are to be presented to the Audit Committee. In determining whether or not to approve a related person transaction, our Audit Committee will take into account, among relevant other factors, whether the related person transaction is in our best interests, whether it involves a conflict of interest and the commercial reasonableness of the transaction. In the event a member of our audit committee is not disinterested with respect to the related person transaction under review, that member may not participate in the review, approval or ratification of that related person transaction.

Certain decisions and transactions are not subject to the related person transaction approval policy, including: (i) decisions on compensation or benefits relating to directors or executive officers and (ii) indebtedness to us in the ordinary course of business, on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable loans with persons not related to us and not presenting more than the normal risk of collectability or other unfavorable features.

Relationship and Related Party Transactions with NAB

Prior to the completion of the Offering, we were an indirect, wholly owned subsidiary of NAB, and NAB continues to be our majority stockholder. NAB is a large financial institution incorporated in Australia and listed on the Australian Securities Exchange with operations in Australia, New Zealand, the United Kingdom, the United States and parts of Asia. On August 29, 2014 in Australia, NAB announced that it intends to divest itself of our bank over time, subject to market conditions. NAB’s announced divestiture of our bank is consistent with its strategy of focusing on its core Australian and New Zealand franchises.

In connection with the Offering, we and NAB entered into certain agreements that provide a framework for our ongoing relationship, including a Stockholder Agreement governing NAB’s rights as a stockholder, a Transitional Services Agreement pursuant to which NAB continues to provide us with certain services for a transition period, and a Registration Rights Agreement requiring that we register shares of our Common Stock beneficially owned by NAB under certain circumstances.

Stockholder Agreement

The Stockholder Agreement governs the relationship between NAB and us following the Offering, including matters related to our corporate governance and NAB’s right to approve certain actions we might desire to take in the future. Corporate Governance. Until such time as NAB ceases to beneficially own at least 5% of our outstanding Common Stock, NAB is entitled to designate individuals for nomination and election to our Board. The number of designees depends on the level of NAB’s beneficial ownership of our outstanding Common Stock and Non-Voting Common Stock. Prior to the earlier of (i) the date NAB ceases to control us for purposes of the Bank Holding Company Act of 1956, as amended (the “BHC Act”), as provided for in a written determination from the Federal Reserve to NAB or as provided for in a written notice by NAB to the Company to such effect, which we refer to in this Proxy Statement as the “Non-Control Date, and (ii) the one-year anniversary of the first date when NAB ceases to directly or indirectly beneficially own at least 50% of our outstanding Common Stock, which date of share ownership cessation we refer to in this Proxy Statement as

the “Less Than Majority Holder Date,” we and NAB will together use our best efforts to ensure that a majority of our board of directors consists of NAB Directors. NAB has informed us that it currently intends to seek a non-control determination from the Federal Reserve with respect to NAB’s ownership interest in us at such time as it believes there is a reasonable opportunity to obtain such a non-control determination and the benefits of such a non-control determination to NAB outweigh the loss of the governance and consent rights described in this section. We and NAB believe that NAB will not have a reasonable opportunity to seek such a determination until NAB owns less than 25% of our outstanding Common Stock, although NAB’s ownership interest may need to be substantially less than 25% in order for NAB to obtain a non-control determination.

From and after the one-year anniversary of the Less Than Majority Holder Date, our Board will be required to consist of a majority of independent directors, consistent with NYSE listing standards. From and after the one-year anniversary of the Less Than Majority Holder Date, if the Non-Control Date has not occurred, NAB has the right to designate for nomination and election a number of individuals equal to the number of independent directors nominated to serve on our Board (other than any independent directors who are NAB Directors) minus two until the Non-Control Date. As a result, from and after the one-year anniversary of the Less Than Majority Holder Date until the Non-Control Date, our Board will consist of a majority of independent directors (other than any independent directors who are NAB Directors), our President and Chief Executive Officer and the NAB Directors. Following the Non-Control Date, NAB will have the right to designate one nominee for election to our Board as long as NAB continues to beneficially own at least 5% of our outstanding Common Stock and Non-Voting Common Stock. NAB is also entitled to have its designees to our Board serve on the Audit Committee, Governance Committee, Compensation Committee, Risk Committee and Executive Committee of our Board under certain circumstances. The composition of these committees is more fully described above under “Committees of Our Board of Directors.” Until the earlier of (i) the Non-Control Date and (ii) the one-year anniversary of the Less Than Majority Holder Date, and subject to any applicable laws or regulations, NAB has the right to appoint up to two directors to serve on the board of directors of our bank subsidiary. The Stockholder Agreement prohibits NAB from appointing more than 25% of the members of our bank subsidiary. In addition, until the earlier of (i) the Non-Control Date and (ii) the one-year anniversary of the Less Than Majority Holder Date, we will not, nor will we cause our bank subsidiary to, reduce the size of the board of directors of our bank subsidiary to fewer than eight members without the prior consent to NAB. Prior to the Non-Control Date, any NAB Director will be entitled to attend any meeting of the board of our bank subsidiary as a non-voting observer.

Stockholder Approval Rights. Until the Non-control Date, we will be required to obtain NAB’s prior written approval before undertaking (or permitting or authorizing any of our subsidiaries to undertake) various significant corporate actions, including engaging in certain business activities, entrance into mergers or consolidations, acquiring or disposing of assets, liabilities or securities with a value in excess of certain thresholds, entrance into amendments to or terminations of material agreements or policies, issuance of capital stock (subject to certain exceptions), incurrence or guarantee of indebtedness in excess of certain thresholds (subject to certain exceptions), amend any of our or any of our subsidiaries’ constituent documents (i.e., certificate of incorporation and bylaws), materially change the scope of our business as conducted immediately prior to the completion of the Offering, terminating our or our bank’s Chief Executive Officer or Chief Financial Officer (other than for cause), increase or decrease the size of our Board, and engaging in certain other significant transactions.

Information Rights. As long as NAB is required under applicable accounting standards to consolidate our financial statements with theirs, and in any case for all financial periods commencing before the earlier of (i) the Non-Control Date and (ii) the one-year anniversary of the Less Than Majority Holder Date, we will be required to provide to NAB information and data relating to our business and financial results, including access to our personnel, data and systems, in the same manner and to the same extent as we provided immediately prior to the Offering. In addition, during this period, we and our subsidiaries will be required to maintain accounting principles, systems and reporting formats that are consistent with NAB’s financial accounting practices in effect as of the completion of the Offering, and in good faith to consider any changes to such

principles, systems or reporting formats requested by NAB. Furthermore, the Stockholder Agreement requires us during this time to maintain appropriate disclosure controls and procedures and internal control over financial reporting, and to provide quarterly certifications from our relevant officers and employees regarding such matters in accordance with NAB's internal standards, and to inform NAB promptly of any events or developments that might reasonably be expected to materially affect our financial results. After NAB is no longer required to consolidate our financial statements with theirs, we must continue to provide NAB with certain information and data relating to our business and financial results, including access to our personnel, data and systems, to the extent required by NAB to meet its legal, financial or regulatory obligations or requirements (as determined by NAB in its reasonable judgment) for as long as NAB is required under applicable accounting standards to account for its investment in us under the equity accounting method.

The Stockholder Agreement also provides that, until the Non-Control Date, NAB has certain access and cooperation rights with respect to the independent public registered accounting firm responsible for the audit of our financial statements and to our internal audit function, both we and NAB are prohibited from taking any action that could cause the other party's auditor to not be independent, and we and NAB must consult and coordinate with each other with respect to public disclosures and filings, including in connection with our quarterly and annual financial results. In addition, for a period of ten years following the Non-Control Date, subject to an extension of up to five years upon the demonstration of a legal, tax or regulatory requirement for such extension, we and NAB have mutual rights with respect to any information and access each may require in connection with regulatory or supervisory reporting obligations or inquiries.

Share Exchange. At NAB's option, we will be required to exchange some or all of the outstanding Common Stock beneficially owned by NAB for an equal number of shares of our Non-Voting Common Stock.

Directors and Officer Indemnification and Insurance. Until at least the last day on which a NAB director, officer or employee, or a person designated by NAB to be a member of our board of directors, is our employee or officer, or a member of our board of directors, we will indemnify each such officer, employee or director indemnification to the greatest extent permitted by Section 145 of the Delaware General Corporation Law and other applicable law. In addition, we are required to provide NAB directors, officers or employees serving as our officers or employees or as members of our Board with agreed insurance coverage with respect to director and officer liability, fiduciary liability and liability under U.S. federal and state securities laws until the last day on which a NAB director, officer or employee, or a person designated by NAB to be a member of our Board, is our employee or officer, or a member of our Board.

Indemnification. We and NAB each will indemnify the other and the other's subsidiaries for breaches of the Stockholder Agreement.

Non-Competition. Until the two-year anniversary of the earlier of (i) the Non-Control Date and (ii) the one-year anniversary of the Less Than Majority Holder Date, neither NAB nor any of its subsidiaries will be permitted to control, for purposes of the BHC Act, a bank or insured institution with a main office or one or more branches in any of our states; or own, manage or operate, or participate in the ownership, management or operation of, any business principally engaged in consumer lending to individuals or in lending to businesses in our states with total annual revenues of less than \$250 million. These restrictions are subject to certain exceptions and will not apply to any business or activity conducted by NAB New York Branch during the five years preceding the date of the Stockholder Agreement.

Non-Solicitation. Neither NAB nor any of its subsidiaries is permitted to solicit for employment or hire any of our officers or employees or any officer or employee of our subsidiaries. This restriction will remain in effect until the second anniversary of the earlier of the Non-Control Date and the one-year anniversary of the Less Than Majority Holder Date and is subject to certain customary exceptions, including exceptions for general solicitations, persons no longer employed by us or our subsidiaries and persons that approach NAB and its subsidiaries on an unsolicited basis.

Other Provisions. The Stockholder Agreement may not be assigned by either party, except with the other party's written consent, and also contains covenants and provisions with respect to confidentiality of our and NAB's information, subject to certain exceptions permitting our directors to share information with NAB and APRA; restrictions on our ability to take any actions that would cause NAB or any of its subsidiaries to violate any applicable law or regulation; our obligation to consult with NAB prior to issuing any internal communications which could reasonably be expected to be material either to NAB or to NAB's control of us for purposes of the BHC Act. NAB's concentration of voting power and veto rights could deprive our stockholders of an opportunity to receive a premium for their shares of Common Stock as part of a sale of Great Western, and could affect the market price of our Common Stock. NAB's interests may differ from our interests or those of our other stockholders. NAB will have access to our internal information in the same manner and to the same extent as we provided immediately prior to the Offering and may affect the management of our business, or exercise its voting power, consent rights or information access in a manner unfavorable to our other stockholders. In addition, although the Stockholder Agreement may only be assigned with the written consent of both parties, NAB, as our controlling stockholder, has the ability to cause us to consent to NAB's assignment of its rights under the Stockholder Agreement. Such assignment could be to one or more persons whose interests may differ from ours, including a direct or indirect competitor who may use the rights to harm our business and our stockholders. Accordingly, NAB's control over us and the consequences of such control could have a material adverse effect on our business and business prospects and negatively impact the trading price of our Common Stock.

Transitional Services Agreement

The Transitional Services Agreement with NAB governs the continued provision of certain services to us by NAB for the applicable transition period, including the provision of the following services:

- access to computer databases and risk modeling applications and simulations that we deploy as part of our risk management framework;
- continuing to act as counterparty to us on any interest rate swaps we may desire to obtain for purposes of hedging our loan portfolio;
- daily and month-end fair value calculations for use in our month-end accounting of certain of our loans and interest rate swaps;
- access to systems and applications used to report financial information and risk positions to NAB for consolidation in NAB's overall financial results and risk management processes;
- certain risk, credit rating and tax oversight currently provided to us by NAB New York Branch through its systems;
- certain insurance coverage for us and our operations under NAB's group-wide insurance policies; and
- access to a specialized data circuit used for our computer systems.

Interest Rate Swaps. NAB London Branch currently acts as counterparty for all our interest rate swaps. As of September 30, 2014, the total notional amount of swaps outstanding was approximately \$978.3 million. Based upon a periodic review we have undertaken in consultation with a third party alternative pricing source, we believe these swaps were entered into on commercially reasonable terms that could have been negotiated with an independent third party. During fiscal year 2014, we entered into new lending relationships with our customers that generated approximately \$2.8 million in revenue related to our interest rate swaps, of which approximately \$0.8 million was paid to us by NAB London Branch under the terms of our revenue sharing relationship with NAB London Branch. We plan to continue to hold our existing interest rate swap portfolio to maturity with NAB London Branch continuing to serve as counterparty. As of September 30, 2014, the average remaining duration on our interest rate swaps with NAB London Branch was 6.56 years.

The Transitional Services Agreement provides that until the one-year anniversary of the Less Than Majority Holder Date, NAB London Branch will continue to act as counterparty on any interest rate swaps we may desire to obtain consistent with past practice, on terms set in a manner consistent with past practice and based on then-prevailing market terms. During this period, we also expect to begin contracting with one or more third parties to act as counterparty on new interest rate swaps, although we expect to continue to transact with NAB London Branch as well. By the one-year anniversary of the Less Than Majority Holder Date, we expect to develop relationships with counterparties other than NAB London Branch sufficient to permit us to continue entering into interest rate swaps in the future. We do not anticipate that our costs of entering into these swap transactions with third party counterparties will be materially different than our costs of entering into these swap transactions with NAB London Branch.

Fair Value Calculations. From the completion of the Offering until the maturity of our interest rate swap portfolio held with NAB London Branch, NAB will continue to provide us with fair value calculations used in the mark-to-market accounting of certain of our loans and interest rate swaps for financial and regulatory reporting purposes. No commission or other payment was made for these services during fiscal year 2014, and we are not required to pay for these services under the terms of the Transitional Services Agreement.

Systems and Application Access. We are currently a consolidated subsidiary of NAB for purposes of its financial and regulatory reporting. Accordingly, NAB provides us access to systems and applications used by NAB to report and consolidate its aggregate financial results and risk positions across its enterprise until, depending on the nature of the particular system or application, either (i) the Non-Control Date or (ii) the one-year anniversary of the Less Than Majority Holder Date. During fiscal year 2014, we paid NAB approximately \$0.1 million in fees for these services. We expect the fees we will pay for these services under the Transitional Services Agreement will be materially consistent with the fees we paid as a wholly owned subsidiary of NAB. We will not require these services once our financial results are no longer consolidated by NAB.

Risk, Credit Rating and Tax Oversight. NAB continues to provide us with certain risk, credit rating and tax oversight currently provided to us and recorded through NAB's systems by NAB employees. During the period when these services are being provided, we expect to engage one or more additional third party vendors to begin providing similar services to ensure an orderly transition following NAB's cessation of these services, which will result in some duplicate costs for a period of time during the transition period, which we do not expect will be material. NAB will continue to provide all of these services, other than tax oversight services, until the Non-Control Date, and will continue providing tax oversight services until the one-year anniversary of the Less Than Majority Holder Date. During fiscal year 2014, we paid NAB approximately \$0.2 million in fees for these services. We expect the fees we will pay for these services under the Transitional Services Agreement will be materially consistent with the fees we paid as a wholly owned subsidiary of NAB.

Insurance. Until one year after the Less Than Majority Holder Date, NAB will continue to provide us with various insurance-related services. The fees we will pay for these services under the Transitional Services Agreement will be based on prevailing market rates.

Other Provisions. We and NAB are working together in good faith to mutually agree to migration plans for each of the services being provided under the Transitional Services Agreement. We may terminate any of the services provided under the Transitional Services Agreement earlier, however, as mutually agreed by both us and NAB, upon our delivery of at least 60 days' prior written notice to NAB or in certain other circumstances, provided that in such case we will be responsible for any fees or expenses incurred by NAB as a result of such termination.

Except for breaches of certain intellectual property licenses, breaches of confidentiality and data protection provisions and breaches of applicable law in connection with provision or receipt of the services being provided under the Transitional Services Agreement, neither we nor NAB will be liable for claims in connection with or arising out of the Transitional Services Agreement in an aggregate amount exceeding the aggregate payments made for services under the Transitional Services Agreement.

Although we believe the Transitional Services Agreement contains commercially reasonable terms (including fees for the services provided) that could have been negotiated with an independent third party, the terms of the agreement may

later prove to be more or less favorable than arrangements we could make to provide these services internally or to obtain them from unaffiliated service providers in the future.

Registration Rights Agreement

Pursuant to the Registration Rights Agreement, upon NAB's request, we will use our reasonable best efforts to file a registration statement for, and effect the registration under applicable federal and state securities laws of, any shares of our Common Stock beneficially owned by NAB or its wholly owned subsidiaries following the Offering. The rights of NAB and its majority-owned subsidiaries under the Registration Rights Agreement remain in effect with respect to all shares covered by the agreement until those shares are sold pursuant to an effective registration statement under the Securities Act, sold pursuant to Rule 144 of the Securities Act to someone other than NAB or its wholly owned subsidiaries, transferred in a transaction where subsequent public distribution of the shares would not require registration under the Securities Act or no longer outstanding.

Demand Registration. NAB may request registration under the Securities Act of all or any portion of our shares covered by the agreement and we will be obligated, subject to limited exceptions, to use reasonable best efforts to register such shares as requested by NAB. NAB may request that we complete five demand registrations while the agreement is in effect subject to limitations on, among other things, minimum offering size. NAB may designate the terms of each offering effected pursuant to a demand registration, subject to market "cut-back" exceptions regarding the size of the offering. Subject to certain exceptions, we may delay the filing of a registration statement after a demand request has been made if at the time of such request our Board determines that such registration or offering would materially interfere with or jeopardize any pending or proposed material transaction or would materially adversely affect us.

Piggyback Registration. Prior to the Non-Control Date, we may only register Common Stock for our own account in limited circumstances. If we, at any time after the Non-Control Date, intend to file on our behalf or on behalf of any of our other security holders a registration statement in connection with a public offering of any of our securities on a form and in a manner that would permit the registration for the offer and sale of our Common Stock held by NAB, NAB will have the right to include its shares of our Common Stock in that offering if we continue to pursue it. NAB's ability to participate in any such offering will be subject to market "cut-back" exceptions.

S-3 Registration. When we are eligible to use a registration statement on Form S-3 under the Securities Act, or a Form S-3, NAB will be able to request such registration and we will be obligated, subject to limited exceptions, to use reasonable best efforts to file the Form S-3 and cause it to become effective. NAB may request that we complete three S-3 registrations while the agreement is in effect subject to limitations on, among other things, minimum offering size. NAB may sell shares of our Common Stock that it beneficially owns upon not less than three business days' prior notice to us, subject to market "cut-back" exceptions regarding the size of the offering. Subject to certain exceptions, we may delay the filing of a registration statement after an S-3 registration request has been made in the same circumstances as we may do so for demand registrations.

Registration Procedures Expenses. We are generally responsible for all registration expenses, including expenses incurred by NAB, in connection with the registration, offer and sale of securities under the Registration Rights Agreement. NAB is responsible for any applicable underwriting discounts or commissions. The Registration Rights Agreement sets forth customary registration procedures, including an agreement by us to make our management available for road show presentations in connection with any underwritten offerings. We also agreed to indemnify NAB and its permitted transferees with respect to liabilities resulting from untrue statements or omissions in any registration statement used in any such registration, other than untrue statements or omissions resulting from information furnished to us for use in the registration statement by NAB or wholly owned subsidiaries of NAB.

Indebtedness Held by NAB and Its Affiliates

In connection with NAB's acquisition of us in 2008, Great Western issued to NAB New York Branch a \$35.8 million subordinated capital note due on June 3, 2018. Interest on the note is payable quarterly and accrues at a rate equal to the London inter-bank offered rate, or LIBOR, for three-month U.S. dollar deposits plus 205 basis points. The interest rate on the note is recalculated every quarter and was 2.2836% at September 30, 2014. We paid \$0.8 million in interest on the note during the year ended September 30, 2014. Subject to receipt of regulatory approval, we may prepay the

note at any time, in whole but not in part, without penalty. Great Western has a \$10.0 million revolving line of credit issued by NAB, which is due on demand. Amounts outstanding under the line of credit bear interest at a rate equal to LIBOR for three-month U.S. dollar deposits plus 125 basis points, with interest payable quarterly. The interest rate is recalculated every quarter and was 1.4067%% at September 30, 2014. There were outstanding advances of \$5.5 million on this line of credit at September 30, 2014. We incurred \$0.1 in interest on outstanding amounts under the line of credit during the year ended September 30, 2014. We may prepay all amounts outstanding under the revolving line of credit without penalty.

Other Related Party Transactions with NAB and its Affiliates

Prior to the Offering, NAB provided certain of our employees with restricted shares of NAB common stock in connection with the satisfaction of short- and long-term incentive goals. We record a liability in favor of NAB based on the value and vesting schedule of the issued shares. The aggregate amount of this liability was \$0.8 million as of September 30, 2014. These restricted shares continue to vest in accordance with their terms, and we will provide NAB with any information NAB reasonably requests to permit vesting of these shares in accordance with their terms. NAB will also provide us with information regarding the value, vesting schedule and outstanding amount of restricted shares upon our reasonable request.

Prior to the Offering, our Chief Financial Officer and Chief Risk Officer were employees of NAB or its subsidiary, Bank of New Zealand. In connection with the Offering, we entered into employment agreements with our Chief Financial Officer and Chief Risk Officer, whose employment with NAB, or Bank of New Zealand, as applicable, terminated. Our Chief Credit Officer is a NAB employee and our Head of Credit—Agribusiness is a Bank of New Zealand employee, both of whom were temporarily seconded to work with us beginning in November 2010 and December 2010, respectively, and continuing through December 31, 2014. We have generally been responsible for paying the salary and benefits of these individuals while they were or continue to be NAB or Bank of New Zealand employees. In addition, an employee of NAB New York Branch who works from our offices in Omaha, NE assists us in providing pricing terms for certain of our long-term fixed-rate loans for which we enter into interest rate swaps. We do not pay any portion of this person's salary or benefits. We will continue to receive services provided by this person under the Transitional Services Agreement.

During fiscal year 2014, NAB apportioned to its U.S. operations, including us, certain costs associated with NAB's compliance with rules implemented pursuant to authority granted under the Dodd-Frank Act. These costs were apportioned based on the aggregate amount of assets of each of NAB's U.S. operations relative to the total assets of all of NAB's U.S. operations. During fiscal year 2014, we paid NAB approximately \$0.2 million related to these apportioned costs.

NAB has paid or reimburse all fees and expenses we incurred in connection with the Offering in the amount of approximately \$1.9 million. This amount includes reimbursement of audit fees of approximately \$1.3 million incurred in connection with the Offering which consisted of incremental audit fees, fees incurred relating to the consent and comfort letter, and fees with respect to the review of the registration statement and interim financial statements, and an additional \$0.6 million of fees and expenses which consisted of consulting fees, marketing fees, listing fees, and related expenses.

On September 30, 2014, Great Western had an income tax payable to NAI for \$4.9 million.

Other Related Party Transactions

In the ordinary course of our business, we have engaged and expect to continue engaging in ordinary banking transactions with our directors, executive officers, their immediate family members and companies in which they may have a 5% or more beneficial ownership interest, including loans to such persons. Any loan we have made on substantially the same terms, including interest rates and collateral, as those prevailing at the time such loan was made as loans made to persons who were not related to us. These loans do not involve more than the normal credit collection risk and do not present any other unfavorable features.

Mr. Karels' son owns a 22.5% interest in Sioux Falls Financial Services, LLC, which leases to us certain property in South Dakota we use as an operations center. The lease agreement for this property commenced on April 1, 2011 and contains customary and standard terms for similar lease arrangements. The term of the lease runs through March 31, 2020, at which point we have the option to renew the lease for an additional five year term. During fiscal year 2014, payments under this lease totaled approximately \$0.2 million.

At our request, the underwriters reserved for sale, at the initial public offering price, up to 5% of the shares offered by the Offering for sale to some of our directors, officers, employees, friends, family and customers through a reserved share program. A total of 130,880 shares were purchased in the reserved share program for a total consideration of approximately \$2.4 million.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires directors, executive officers and greater than 10% beneficial owners of the Company's Common Stock to file reports concerning their ownership of and transactions in such Common Stock. Based on a review of these reports filed by the Company's officers and directors, the Company believes that its officers and directors complied with all filing requirements under Section 16(a) of the Exchange Act during fiscal year 2014.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors, which consists entirely of directors who meet the independence requirements of applicable SEC regulations and the NYSE's listing standards for audit committee members, has furnished the following report:

The Audit Committee (the "Committee") provides oversight of the Company's financial reporting process on behalf of the Board. The role and responsibilities of the Committee are set forth in a written charter adopted by the Board. The charter was adopted on July 30, 2014 and amended on September 26, 2014 to include responsibilities required of a public company in connection with the Company's initial public offering. Management is responsible for the Company's internal control over financial reporting, the financial reporting process and the Company's Consolidated Financial Statements. Ernst & Young LLP, the Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's Consolidated Financial Statements in accordance with auditing standards promulgated by the Public Company Accounting Oversight Board ("PCAOB") and to issue a report thereon. The members of the Committee are not professionally engaged in the practice of accounting or auditing: as noted above, the Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee met with management and Ernst and Young LLP to discuss the 2014 audited Consolidated Financial Statements. Management represented to the Committee that the Company's audited Consolidated Financial Statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Committee reviewed and discussed the audited Consolidated Financial Statements with management and Ernst & Young LLP. The Committee also discussed with Ernst & Young LLP matters required to be discussed by PCAOB Auditing Standard No. 16 (communications with Audit Committees), including their judgments about the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of critical accounting estimates and judgments in the Company's Consolidated Financial Statements, and the disclosures in the Consolidated Financial Statements, including disclosures relating to significant accounting policies.

The Committee also received the written disclosures and the letter from Ernst & Young LLP required by the PCAOB regarding the independent auditors' communications with the Committee concerning independence, and discussed and confirmed with Ernst & Young LLP their independence from the Company and its management.

The Committee relies, without independent verification, on the information provided to the Committee and on the representations made by management, internal auditors and the independent auditor. Based on discussions with the Company's management, internal auditors and Ernst & Young LLP, as well as the review of the representations given to the Committee and Ernst & Young LLP's reports, the Committee recommended to the Board of Directors, and the

Board of Directors has approved, that the audited Consolidated Financial Statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2014, for filing with the SEC.

PROPOSAL NO. 2 — RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Ernst & Young LLP, independent registered public accounting firm, as auditors for the Company for the fiscal year ended September 30, 2015. The Board and the Audit Committee recommend that stockholders ratify the appointment of Ernst & Young LLP as independent auditors for the Company. The Company's organizational documents do not require that stockholders ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. However, the Board believes such ratification is a matter of good corporate practice. If stockholders do not ratify the appointment, the Audit Committee will reconsider its selection but may still retain Ernst & Young LLP. Ernst & Young LLP has served as the independent registered public accounting firm for the Company since 2011. One or more representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and afforded an opportunity to make a statement, if they desire to do so, and to respond to questions from stockholders.

Required Vote

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2015 requires the affirmative vote of a majority of the shares of Common Stock represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon. Abstentions will have the same effect as a vote against ratification.

THE BOARD OF DIRECTORS AND AUDIT COMMITTEE UNANIMOUSLY RECOMMEND THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP TO SERVE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2015.

PRINCIPAL ACCOUNTANT FEES

The following table presents fees for professional audit services rendered by Ernst & Young LLP for the audit of the Company's annual consolidated financial statements at and for the fiscal years ended September 30, 2014 and 2013 and fees billed for other services rendered by Ernst & Young LLP during those periods.

All Other Fees	—	—
Total	\$2,325,473	\$702,932

(1) Includes annual review and audit of the Company's financial statements as well as services normally provided by the independent auditor in connection with statutory and regulatory filings or engagements. For fiscal year 2014, this amount includes \$1,255,473 of fees incurred in connection with our Offering, which consisted of incremental audit fees, fees relating to the consent and comfort letter and fees with respect to the review of the registration statement and interim financial statements, all of which were reimbursed by NAB.

(2) Represents fees for compliance audits.

(3) Represents fees for tax services incurred in connection with tax compliance matters.

The Audit Committee Charter requires the pre-approval of all fees and services to be provided by the Company's independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has sole authority, without action by the Board, for the review and approval of such services and fees. Since the Audit Committee had not been formed prior to the retention of our independent auditors to perform the audit, audit-related, tax and other services referenced above for fiscal years 2014 and 2013, these fees and services were ultimately approved by NAB, our then sole shareholder. In fiscal year 2015, all such fees and services are required to come before the Audit Committee for pre-approval.
