INDEPENDENT AUDITORS' REPORT

Edgar Filing: CRANE CO /DE/ - Form 11-K

ELDEC CORPORATION AND INTERPOINT CORPORATION DEFERRED INCOME PLAN:

We have audited the accompanying statements of net assets available for benefits of ELDEC Corporation and Interpoint Corporation Deferred Income Plan (the Plan) as of December 30, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion. In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 30, 2001 and 2000, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America. Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of assets held for investment purposes as of December 30, 2001, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

ELDEC CORPORATION AND INTERPOINT CORPORATION DEFERRED INCOME PLAN

Notes to Financial Statements For the Year Ended December 30, 2001 and December 30, 2000

1. DESCRIPTION OF THE PLAN

The following description of the Eldec Corporation and Interpoint Corporation Deferred Income Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information regarding the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all

Edgar Filing: CRANE CO /DE/ - Form 11-K

employees of Eldec Corporation and Interpoint Corporation (collectively, the Corporation). The Corporation is a wholly-owned subsidiary of Crane Co. The Plan is subject to the terms of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All employees of the Corporation are eligible upon their hire date.

Contributions: Participants can elect to contribute and defer between 1% and 17% of pretax annual compensation as defined by the Plan. Such employee contributions may not exceed the maximum allowable contribution under IRC regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Corporation matches 50% of each participant's contribution, up to 6% of the participant's salary, made in the form of common stock of Crane Co.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Corporation's matching contribution and Plan earnings and charged with an allocation of management fees not paid by the Corporation.

Vesting: A participant's deferred income contribution account and Corporation matching contributions are 100% vested and nonforfeitable at all times.

Participant notes receivable: Actively employed participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms, subject to approval by the Administrative Committee (the Committee), range from 1 to 5 years, or up to 15 years for the purchase of a primary residence. The fixed rate of interest will be equal to the Wall Street Journal prime lending rate 15 days prior to the end of each quarter plus one percent per annum.

4

Payment of benefits: Upon retirement, disability, termination of employment or death, a participant or designated beneficiary will receive a lump sum payment equal to the participant's account balance. If the participant's account balance is greater than \$5,000, the participant may elect to defer the withdrawal until reaching the age of 70-1/2.

Plan termination: Although it has not expressed any intent to do so, the Corporation has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, the Plan's assets will be liquidated by the Trustee and distributed to participants.

Plan expenses: Administrative expenses are paid by the Plan Sponsor.

Tax Status: The Internal Revenue Service has determined and informed the Corporation, by a letter dated May 5, 1994, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the determination letter and the Plan Administrator filed for a new determination letter in late 2001. The Plan Administrator believes the Plan, as amended and restated, is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been recorded.

Investment Funds: Plan participants may direct investment of their accounts in any of several options in such increments and at such times as designated by the Investment Committee appointed by the Crane Co. Board of Directors except for

Edgar Filing: CRANE CO /DE/ - Form 11-K

the New Match Account. All employer matching contributions are used to purchase Crane Co. Stock and become part of the New Match Account. The plan contains a New Match diversification provision for qualified participants. During the last Plan Year in the Participant's Qualified Election Period or no later than 90 days after its close, a Qualified Participant may direct the Plan as to the investment of an aggregate of fifty percent (50%) of such Account balance (including amounts previously directed).

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation: Investments are stated at fair value based on quoted market prices. Participant notes receivable are valued at cost which

Edgar Filing: CRANE CO /DE/ - Form 11-K

approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis with the cost basis of securities sold determined by specific identification.

Dividend income, interest income and realized gains and losses from investments are recorded as earned on a accrual basis. The dividend income, interest income and realized gains and losses are allocated to participant accounts daily on a cash basis based upon each participant's proportionate share of assets in each fund. Unrealized gains and losses are allocated to participants daily based on the participant's proportionate share of assets in each fund.

8

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Costs of administering the Plan are paid by the Company.

Recently issued accounting standards: Statement of Financial Accounting Standards (SFAS) No. 133, Accounting for Derivative Instruments and Hedging Activities, is effective for all fiscal years beginning after June 15, 2000. SFAS No. 133, as amended, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. Under SFAS No. 133, certain contracts that were not formerly considered derivatives may now meet the definition of a derivative. The Plan adopted SFAS No. 133 effective January 1, 2001, which did not have a significant impact on the Plan's financial position.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to, and deductions from, net assets during the reporting period. Actual results could differ from those estimates.
