Item 8.01. Other Events.

The following is an update to the disclosure on the “Hawaii Electric Light 2016 test year rate case” in “Management’s Discussion and Analysis of Financial Condition and Results of Operations-Electric Utility” under “Most recent rate proceedings,” which is incorporated herein by reference to pages 68-69 of HEI’s and Hawaiian Electric’s Form 10-Q for the quarterly period ended June 30, 2017.

Hawaii Electric Light Company, Inc.’s (Hawaii Electric Light’s) 2016 test year rate case

On August 21, 2017, the Public Utilities Commission of the State of Hawaii (PUC) issued an interim decision and order (D&O) in Hawaii Electric Light’s 2016 test year rate case, granting a total annual interim increase of \$9.9 million, or 3.4%, over current effective rates. The interim increase reflects a return on average common equity (ROACE) of 9.5% for an overall rate of return (i.e., rate of return on rate base) of 7.8% (which reflects a capital structure that includes 56.69% common equity.) The interim increase will become effective upon PUC approval of the revised tariff sheets reflecting the interim D&O.

The interim increase is based on, and is substantially the same as, the Stipulated Settlement Letter, filed on July 11, 2017, which documented agreements reached with the Consumer Advocate on all of the issues in the proceeding, except for the narrowed rate of ROACE issue of whether the stipulated ROACE should be reduced from 9.75% (by up to 25 basis points) based solely on the impact of decoupling, considering current circumstances and relevant precedents. The PUC will review additional briefings by Hawaii Electric Light and the Consumer Advocate of the effect of decoupling, if any, on the final ROACE. The interim D&O indicated the adoption of the various amounts and results of operations is only for the interim D&O and the does not commit the PUC to accept any of these amounts in its final D&O. If the interim increase exceeds the amount of the increase ultimately approved in the final D&O, then the excess would be refunded to Hawaii Electric Light’s customers, with interest.

The last rate increase in base rates for Hawaii Electric Light was in January 2011. The increase in this proceeding is to cover higher operating costs (including expanded vegetation management focusing on albizia tree removal) and system upgrades to increase reliability, improve customer service and integrate more renewable energy.

Management cannot predict the timing of a final D&O or the ultimate outcome of Hawaii Electric Light’s 2016 test year rate case proceeding.

HEI and Hawaiian Electric intend to continue to use HEI’s website, [www.hei.com](http://www.hei.com), as a means of disclosing additional information. Such disclosures will be included on HEI’s website in the Investor Relations section. Accordingly, investors should routinely monitor such portions of HEI’s website, in addition to following HEI’s, Hawaiian Electric’s and American Savings Bank, F.S.B.’s (ASB’s) press releases, HEI’s and Hawaiian Electric’s SEC filings and HEI’s public conference calls and webcasts. The information on HEI’s website is not incorporated by reference in this document or in HEI’s or Hawaiian Electric’s SEC filings unless, and except to the extent specifically incorporated by reference. Investors may also wish to refer to the PUC website at [dms.puc.hawaii.gov/dms](http://dms.puc.hawaii.gov/dms) (Docket No. 2015-0170 for the Hawaii Electric Light 2016 test year rate case) in order to review documents filed with and issued by the PUC. No information on the PUC website is incorporated by reference in this document or in HEI’s or Hawaiian Electric’s other SEC filings.

#### FORWARD-LOOKING STATEMENTS

This report may contain “forward-looking statements,” which include statements that are predictive in nature, depend upon or refer to future events or conditions, and usually include words such as “will,” “expects,” “anticipates,” “intends,” “plans,” “believes,” “predicts,” “estimates” or similar expressions. In addition, any statements concerning future financial performance, ongoing business strategies or prospects or possible future actions are also forward-looking statements. Forward-looking statements are based on current expectations and projections about future events and are subject to risks, uncertainties and the accuracy of assumptions concerning HEI and its subsidiaries, the performance of the industries in which they do business and economic and market factors, among other things. These forward-looking statements are not guarantees of future performance.

Forward-looking statements in this report should be read in conjunction with the “Cautionary Note Regarding Forward-Looking Statements” and “Risk Factors” discussions (which are incorporated by reference herein) set forth in HEI’s and Hawaiian Electric’s Annual Report on Form 10-K for the year ended December 31, 2016 and HEI’s and Hawaiian Electric’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2017 and HEI’s future periodic reports that discuss important factors that could cause HEI’s results to differ materially from those anticipated in such statements. These forward-looking statements speak only as of the date of the report, presentation or filing in which they are made. Except to the extent required by the federal securities laws, HEI, Hawaiian Electric, ASB and their subsidiaries undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
