Report of Independent Auditors

To the Plan Administrator of the
Georgia-Pacific Corporation -- Georgia-Pacific Group
Canadian Employees Stock Purchase Plan

We have audited the accompanying statements of financial condition of the
Georgia-Pacific Corporation -- Georgia-Pacific Group Canadian Employees Stock Purchase Plan at
December 31, 2003 and 2002, and the related statements of changes in plan equity for the years then

ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Georgia-Pacific Corporation -- Georgia-Pacific Group Canadian Employees Stock Purchase Plan at December 31, 2003 and 2002, and the changes in plan equity for the years then ended, in conformity with accounting principles generally accepted in the United States.

Georgia-Pacific Corporation -- Georgia-Pacific Group Canadian Employees Stock Purchase Plan

Notes to Financial Statements

December 31, 2003

1. General

The Georgia-Pacific Corporation -- Georgia-Pacific Group Canadian Employees Stock Purchase Plan [the "Plan"], formerly the Fort James Corporation Canadian Employees Stock Purchase Plan, was originally adopted by the board of directors of the Fort James Corporation ["Fort James"] for the benefit of the employees of certain operating subsidiaries of Fort James, or its successors, located in Canada [the "Participating Companies"]. Employees become eligible to participate in the Plan after 30 days of employment.

On August 28, 1995, Fort James spun off part of its Communications Papers business, as well as the specialty paper-based portion of its Packaging Business, into a new company, Crown Vantage, Inc. ["Crown Vantage"]. On August 25, 1995, Fort James shareholders received one share of Crown Vantage common stock ["CV Stock"] for each ten shares of Fort James Common Stock ["FJ Stock"] held by the shareholder. Following the spin-off, the Plan was amended to allow for the inclusion of CV Stock as an investment. However, participants were not permitted to direct the investment of their future contributions in CV Stock. A participant may receive a distribution, at any time, of all or a portion of CV Stock credited to the participant's account in accordance with the withdrawal provisions of the Plan.

On November 27, 2000, Fort James was acquired by Georgia-Pacific Corporation ["GP"] and GP assumed sponsorship of the Plan at that time.

Participants may elect to contribute into the Plan, through payroll deductions, from 1% to 10% of their compensation to be used to purchase Georgia-Pacific Group common stock ["GP Group Stock"] for their benefit. One hundred percent of a participant's contributions are invested in GP Group Stock. Participant contributions of up to 6% of compensation ["Basic Member Contributions"] are matched

by the Participating Companies ["Basic Employer Contributions"] based on the following schedule:

| Participant's Contributions | Participating Company's Contributions as a Percentage of Participant's Contributions |
|-----------------------------|---|
| 1% of compensation | 100% |
| 2% of compensation | 65% |
| 3% to 6% of compensation | 50% |

5

**Georgia-Pacific Corporation -- Georgia-Pacific Group
Canadian Employees Stock Purchase Plan**

Notes to Financial Statements (continued)

1. General (continued)

The Participating Companies make Additional Employer Contributions on or before March 31 of each calendar year with respect to each participant in its employ, on the preceding December 31, who has not withdrawn any common stock from his Restricted Account [hereinafter defined] during either of the two immediately preceding calendar years. The amount of the Additional Employer Contribution allocated to the participant's account equals 10% of the participant's aggregate Basic Employer Contributions made during the two preceding calendar years.

Each participant's Restricted Account includes the Basic Member Contributions and Basic Employer Contributions made at any time during the current or immediately preceding calendar year.

Each participant is fully vested in their contributions, Basic Employer Contributions, Additional Employer Contributions, and any earnings thereon at all times.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Cash

Substantially all contributions to the Plan are initially invested in an interest-bearing account pending their investment in GP Group Stock. Interest earned on such cash balances is credited to the participants' accounts. Cash balances, if any, are stated at cost, which approximates market value.

6

Georgia-Pacific Corporation -- Georgia-Pacific Group Canadian Employees Stock Purchase Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Reclassifications

Certain amounts have been reclassified to conform to the 2003 financial statement presentation.

Investment Valuation

The investments in the GP Group Stock are stated at market value, based on the closing price on the New York Stock Exchange Composite Tape [the Over-the-Counter Bulletin Board for CV Stock], on the last trading day of the Plan year. The closing market value per share of GP Group Stock was \$30.67 and \$16.18 on December 31, 2003 and 2002, respectively. The net appreciation (depreciation) in fair value includes both realized and unrealized gains (losses) on investments, in addition to any foreign currency translation gain (loss).

On April 15, 2002, the Plan wrote off its investment in Crown Vantage Inc. since Crown Vantage Ltd. declared bankruptcy.

Security Transactions and Related Investment Income

Security transactions are accounted for as of the trade date, and dividend income is recorded as of the date of declaration. The cost of securities sold is determined on an average cost basis. The assets of the Plan were held by Canada Life Securities, Inc. [the "Prior Trustee"] through June 20, 2003 and were transferred to Standard Life [the "Trustee"] on the same date.

Contributions

Participant and employer contributions are recorded on an accrual basis. Participant and employer contributions are transferred to the Trustee on a monthly basis. The Trustee uses such contributions to periodically purchase shares of GP Group Stock, which are allocated to each participant's account. Residual cash amounts held by the Trustee are carried forward to the next month.

Foreign Currency Translation

The functional currency of the Plan is the U.S. dollar. Assets and liabilities of the Plan [except investments in common stock, which are stated at the U.S. dollar market value]

7

Georgia-Pacific Corporation -- Georgia-Pacific Group Canadian Employees Stock Purchase Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Foreign Currency Translation (continued)

are remeasured from Canadian dollars to U.S. dollars at the applicable year-end exchange rate. Investment income, contributions, and distributions are remeasured at average exchange rates for each of the three years ended December 31, 2003. Any related translation adjustments are reflected in the net appreciation (depreciation) in fair value of investments in the statements of changes in plan equity.

Withdrawals

Participants may elect, at any time, to either withdraw whole shares of common stock or have their shares sold and have the net cash proceeds distributed to them. A participant who elects an in-service withdrawal will not be allowed to make contributions to the Plan for a period of three months from the date of the withdrawal. Additionally, the participant will not receive an Additional Employer Contribution if the participant elects an in-service withdrawal from their Restricted Account within the preceding two calendar years before such Additional Employer Contribution is made to the Plan.

Administrative Costs

Administrative and operating costs, except for brokerage fees, are paid by the Participating Companies. Brokerage fees are included in the cost of acquiring common stock and thus are borne by

the participants.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the value of investment securities will occur and that such changes could materially affect the amounts reported in the financial statements.

3. Investment in Common Stock

The unrealized appreciation or depreciation of investment in common stock as of December 31, 2003, 2002, and 2001 and the changes in such amounts during each period were as follows:

8

Georgia-Pacific Corporation -- Georgia-Pacific Group Canadian Employees Stock Purchase Plan

Notes to Financial Statements (continued)

| | Market | Cost Value | Unrealized Appreciation (Depreciation) |
|--|-------------|---------------|--|
| December 31, 2000 | \$1,512,320 | \$ 1,300,678 | \$211,642 |
| Change for the year ended December 31, 2001 | (470,206) | (325,692) | (144,514) |
| December 31, 2001 | 1,042,114 | 974,986 | 67,128 |
| Change for the year ended December 31, 2002 | (313,215) | 86,180 | (399,395) |
| December 31, 2002 | 728,899 | 1,061,166 | (332,267) |
| Change for the year ended December 31, 2003 | 856,310 | 322,830 | 533,480 |
| December 31, 2003 | \$1,585,209 | \$ 1,383,996 | \$201,213 |

The cost value is maintained by the Plan's trustee in Canadian dollars and the cost value disclosed reflects the value translated to U.S. dollars at the year end exchange rate. The cost basis has not been tracked in historical U.S. dollars and accordingly, the unrealized appreciation in U.S. dollars is not available. The amount reflected in the accompanying statements of changes in plan equity reflects the changes in appreciation (depreciation) in U.S. dollars and the currency changes on the assets and

liabilities of the Plan, other than common stock.

The Plan held 51,864 shares and 45,048 shares of GP Group Stock as of December 31, 2003 and 2002, respectively. For the period ended December 31, 2001, unrealized depreciation related to CV stock was \$18,292.

4. Tax Status

The Plan is governed by the Income Tax Act of Canada and is exempt from taxation. All amounts contributed to a participant's account are taxable to such participant under Canadian income tax rules. No U.S. taxes are paid or withheld on amounts contributed.

9
