- I. The first sentence of Section 6 - Conditions of This Offer on page 9 of the Offer to Exchange was amended to replace "options surrendered to us" with "options surrendered to us that do not comply with the requirements of this offer".
- J. The following paragraphs were added after the Consolidated Balance Sheet Data under the subheading Summary Financial Information of Section 9 - Information About MTI; Summary Financial Information; Risk Factors on page 16:

"Book Value of Our Common Stock

The book value of our common stock at September 30, 2003 was \$1.47. This amount was calculated by dividing our unaudited consolidated stockholders equity at September 30, 2003 of \$40,552,000 by the 27,639,260 shares of our common stock that were outstanding as of September 30, 2003.

Our ratio of earnings to fixed charges for each of the periods indicated is as follows:

Nine	Nine		Three				
Months	Months	Year	Months	Year	Year	Year	Year
Ended	Ended	Ended	Ended	Ended	Ended	Ended	Ended

Edgar Filing: MECHANICAL TECHNOLOGY INC - Form SC TO-I/A

	Sept. 30, 2003	Sept. 30, 2002	Dec. 31, 2002	Dec. 30, 2001	Sept. 30, 2001	Sept. 30, 2000	Sept. 30, 1999	Sept. 30, 1998
Ratios	-	-	-	-	666.26%	-	-	1313.76%

For purposes of computing the ratio of earnings to fixed charges, earnings consist of pretax income (loss) from continuing operations plus fixed charges less minority interests in consolidated subsidiaries. Fixed charges consist of interest expense, capitalized interest expense, amortization of debt issuance costs and estimated interest within rental expenses. For the nine months ended September 30, 2003 and 2002, the year ended December 31, 2002, the three months ended December 31, 2001 and the years ended September 30, 2000 and 1999, our earnings were insufficient to cover our fixed charges. However, because we have had significant cash and marketable securities balances in each of these periods, the calculation of the ratio of earnings to fixed charges may not accurately represent our ability to cover our fixed charges and therefore has not been presented.

For the periods indicated above and as of the date of this Offer, we have had no preference equity securities outstanding. Accordingly, a ratio of earnings to fixed charges is being presented in lieu of a ratio of earnings to combined fixed charges and preferred stock dividends."

K. The first paragraph of the subheading Risk Factors of Section 9 - Information About MTI; Summary Financial Information; Risk Factors on page 16 was amended by replacing the following paragraph with the replacement paragraphs as set forth below.
