Item 5. Other Events.

Unocal Corporation anticipates that its fourth quarter 2001 results will include an \$86 million non-cash after-tax charge for impairment of certain Gulf of Mexico shelf properties, due principally to lower commodity prices. Unocal will also record a \$24 million after-tax charge for environmental and litigation matters.

## Edgar Filing: UNOCAL CORP - Form 8-K

These negative special items are partially offset by a \$17 million after-tax gain from the sale of a Gulf of Mexico production property and a \$5 million after-tax gain in mark-to-market accruals for non-hedge commodity derivatives.

Including special items, Unocal expects to report a net loss for the fourth quarter of 2001.

The company expects that fourth quarter adjusted after-tax earnings per share, excluding special items, will be in line with previously announced expectations, adjusted for lower crude oil and natural gas prices.

Unocal plans to announce its fourth quarter 2001 earnings on January 29 prior to start of trading on the New York Stock Exchange.

Forward-looking statements and estimates regarding projected earnings and operating results in this filing are based on Unocal's current expectations and beliefs and are subject to a number of known and unknown risks and uncertainties. Actual results could differ materially as a result of factors discussed in Unocal 's 2000 Annual Report on Form 10-K and subsequent reports filed with the Commission.
