VENTAS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1—DESCRIPTION OF BUSINESS

Ventas, Inc. (together with its subsidiaries, unless otherwise indicated or except where the context otherwise requires, “we,” “us” or “our”), an S&P 500 company, is a real estate investment trust (“REIT”) with a highly diversified portfolio of seniors housing and healthcare properties located throughout the United States, Canada and the United Kingdom. As of March 31, 2018, we owned more than 1,200 properties (including properties owned through investments in unconsolidated entities and properties classified as held for sale), consisting of seniors housing communities, medical office buildings (“MOBs”), life science and innovation centers, inpatient rehabilitation facilities (“IRFs”) and long-term acute care facilities (“LTACs”), health systems and skilled nursing facilities (“SNFs”), and we had 15 properties under development, including five properties that are owned by unconsolidated real estate entities. Our company was originally founded in 1983 and is headquartered in Chicago, Illinois.

We primarily invest in seniors housing and healthcare properties through acquisitions and lease our properties to unaffiliated tenants or operate them through independent third-party managers. As of March 31, 2018, we leased a total of 468 properties (excluding MOBs) to various healthcare operating companies under “triple-net” or “absolute-net” leases that obligate the tenants to pay all property-related expenses, including maintenance, utilities, repairs, taxes, insurance and capital expenditures.

As of March 31, 2018, pursuant to long-term management agreements, we engaged independent operators, such as Atria Senior Living, Inc. (“Atria”) and Sunrise Senior Living, LLC (together with its subsidiaries, “Sunrise”), to manage 362 seniors housing communities for us.

Our three largest tenants, Brookdale Senior Living Inc. (together with its subsidiaries, “Brookdale Senior Living”), Ardent Health Partners, LLC (together with its subsidiaries, “Ardent”) and Kindred Healthcare, Inc. (together with its subsidiaries, “Kindred”) leased from us 135 properties (excluding one property managed by Brookdale Senior Living pursuant to a long-term management agreement), 10 properties and 31 properties (excluding one MOB included within our office operations reportable business segment), respectively, as of March 31, 2018.

Through our Lillibridge Healthcare Services, Inc. subsidiary and our ownership interest in PMB Real Estate Services LLC, we also provide MOB management, leasing, marketing, facility development and advisory services to highly rated hospitals and health systems throughout the United States. In addition, from time to time, we make secured and non-mortgage loans and other investments relating to seniors housing and healthcare operators or properties.

NOTE 2—ACCOUNTING POLICIES

The accompanying Consolidated Financial Statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) for interim financial information set forth in the Accounting Standards Codification (“ASC”), as published by the Financial Accounting Standards Board (“FASB”), and with the Securities and Exchange Commission (“SEC”) instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair statement of results for the interim period have been included. Operating results for the three months ended March 31, 2018 are not necessarily indicative of the results that may be expected for the year ending December 31, 2018. The accompanying Consolidated Financial Statements and related notes should be read in conjunction with the audited Consolidated

Financial Statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2017, filed with the SEC on February 9, 2018. Certain prior period amounts have been reclassified to conform to the current period presentation.

Principles of Consolidation

The accompanying Consolidated Financial Statements include our accounts and the accounts of our wholly owned subsidiaries and the joint venture entities over which we exercise control. All intercompany transactions and balances have been eliminated in consolidation, and our net earnings are reduced by the portion of net earnings attributable to noncontrolling interests.

GAAP requires us to identify entities for which control is achieved through means other than voting rights and to determine which business enterprise is the primary beneficiary of variable interest entities (“VIEs”). A VIE is broadly defined as an entity with one or more of the following characteristics: (a) the total equity investment at risk is insufficient to finance the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

entity's activities without additional subordinated financial support; (b) as a group, the holders of the equity investment at risk lack (i) the ability to make decisions about the entity's activities through voting or similar rights, (ii) the obligation to absorb the expected losses of the entity, or (iii) the right to receive the expected residual returns of the entity; and (c) the equity investors have voting rights that are not proportional to their economic interests, and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights. We consolidate our investment in a VIE when we determine that we are its primary beneficiary. We may change our original assessment of a VIE upon subsequent events such as the modification of contractual arrangements that affects the characteristics or adequacy of the entity's equity investments at risk and the disposition of all or a portion of an interest held by the primary beneficiary.

We identify the primary beneficiary of a VIE as the enterprise that has both: (i) the power to direct the activities of the VIE that most significantly impact the entity's economic performance; and (ii) the obligation to absorb losses or the right to receive benefits of the VIE that could be significant to the entity. We perform this analysis on an ongoing basis.

As it relates to investments in joint ventures, GAAP may preclude consolidation by the sole general partner in certain circumstances based on the type of rights held by the limited partner(s). We assess limited partners' rights and their impact on our consolidation conclusions, and we reassess if there is a change to the terms or in the exercisability of the rights of the limited partners, the sole general partner increases or decreases its ownership of limited partnership ("LP") interests or there is an increase or decrease in the number of outstanding LP interests. We also apply this guidance to managing member interests in limited liability companies ("LLCs").

We consolidate several VIEs that share the following common characteristics:

- the VIE is in the legal form of an LP or LLC;
- the VIE was designed to own and manage its underlying real estate investments;
- we are the general partner or managing member of the VIE;
- we own a majority of the voting interests in the VIE;
- a minority of voting interests in the VIE are owned by external third parties, unrelated to us;
- the minority owners do not have substantive kick-out or participating rights in the VIE; and
- we are the primary beneficiary of the VIE.

We have separately identified certain special purpose entities that were established to allow investments in life science projects by tax credit investors ("TCIs"). We have determined that these special purpose entities are VIEs and that we are the primary beneficiary of the VIEs, and therefore we consolidate these special purpose entities. Our primary beneficiary determination is based upon several factors, including but not limited to the rights we have in directing the activities which most significantly impact the VIEs' economic performance as well as certain guarantees which protect the TCIs from losses should a tax credit recapture event occur.

In general, the assets of consolidated VIEs are available only for the settlement of the obligations of the respective entities. Unless otherwise required by the LP or LLC agreement, any mortgage loans of the consolidated VIEs are non-recourse to us. The table below summarizes the total assets and liabilities of our consolidated VIEs as reported on our Consolidated Balance Sheets.

March 31, 2018		December 31, 2017	
Total	Total	Total	Total
Assets	Liabilities	Assets	Liabilities
(In thousands)			

NHP/PMB L.P.	\$ 599,598	\$ 197,025	\$ 605,150	\$ 199,958
Other identified VIEs	1,996,419	344,270	1,983,183	350,020
Tax credit VIEs	900,013	288,462	988,598	221,908

Investments in Unconsolidated Entities

We report investments in unconsolidated entities over whose operating and financial policies we have the ability to exercise significant influence under the equity method of accounting. Under this method of accounting, our share of the investee's earnings or losses is included in our Consolidated Statements of Income.

We base the initial carrying value of investments in unconsolidated entities on the fair value of the assets at the time we acquired the joint venture interest. We estimate fair values for our equity method investments based on discounted cash

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

flow models that include all estimated cash inflows and outflows over a specified holding period and, where applicable, any estimated debt premiums or discounts. The capitalization rates, discount rates and credit spreads we use in these models are based upon assumptions that we believe to be within a reasonable range of current market rates for the respective investments.

We generally amortize any difference between our cost basis and the basis reflected at the joint venture level, if any, over the lives of the related assets and liabilities and include that amortization in our share of income or loss from unconsolidated entities. For earnings of equity method investments with pro rata distribution allocations, net income or loss is allocated between the partners in the joint venture based on their respective stated ownership percentages. In other instances, net income or loss is allocated between the partners in the joint venture based on the hypothetical liquidation at book value method (the “HLBV method”). Under the HLBV method, net income or loss is allocated between the partners based on the difference between each partner’s claim on the net assets of the joint venture at the end and beginning of the period, after taking into account contributions and distributions. Each partner’s share of the net assets of the joint venture is calculated as the amount that the partner would receive if the joint venture were to liquidate all of its assets at net book value and distribute the resulting cash to creditors and partners in accordance with their respective priorities. Under the HLBV method, in any given period, we could record more or less income than the joint venture has generated, than actual cash distributions we receive or than the amount we may receive in the event of an actual liquidation.

Redeemable OP Unitholder and Noncontrolling Interests

We own a majority interest in NHP/PMB L.P. (“NHP/PMB”), a limited partnership formed in 2008 to acquire properties from entities affiliated with Pacific Medical Buildings LLC. We consolidate NHP/PMB, as our wholly owned subsidiary is the general partner and the primary beneficiary of this VIE. As of March 31, 2018, third party investors owned 2.7 million Class A limited partnership units in NHP/PMB (“OP Units”), which represented 27% of the total units then outstanding, and we owned 7.2 million Class B limited partnership units in NHP/PMB, representing the remaining 73%. At any time following the first anniversary of the date of their issuance, the OP Units may be redeemed at the election of the holder for cash or, at our option, 0.9051 shares of our common stock per OP Unit, subject to further adjustment in certain circumstances. We are party by assumption to a registration rights agreement with the holders of the OP Units that requires us, subject to the terms and conditions and certain exceptions set forth therein, to file and maintain a registration statement relating to the issuance of shares of our common stock upon redemption of OP Units.

Prior to January 2017, we owned a majority interest in Ventas Realty Capital Healthcare Trust Operating Partnership, L.P. (“Ventas Realty OP”) and we consolidated this entity, as our wholly owned subsidiary is the general partner and was the primary beneficiary of this VIE. In January 2017, third party investors redeemed the remaining limited partnership units (“Class C Units”) outstanding. After giving effect to such redemptions, Ventas Realty OP is our wholly owned subsidiary.

As redemption rights are outside of our control, the redeemable OP Units and Class C Units (together, the “OP Unitholder Interests”) are classified outside of permanent equity on our Consolidated Balance Sheets. We reflect the redeemable OP Unitholder Interests at the greater of cost or fair value. As of March 31, 2018 and December 31, 2017, the fair value of the redeemable OP Unitholder Interests was \$120.3 million and \$146.3 million, respectively. We recognize changes in fair value through capital in excess of par value, net of cash distributions paid and purchases by us of any OP Unitholder Interests. Our diluted earnings per share (“EPS”) includes the effect of any potential shares outstanding from redemption of the OP Unitholder Interests.

Certain noncontrolling interests of other consolidated joint ventures were also classified as redeemable at March 31, 2018 and December 31, 2017. Accordingly, we record the carrying amount of these noncontrolling interests at the greater of their initial carrying amount (increased or decreased for the noncontrolling interests' share of net income or loss and distributions) or the redemption value. Our joint venture partners have certain redemption rights with respect to their noncontrolling interests in these joint ventures that are outside of our control, and the redeemable noncontrolling interests are classified outside of permanent equity on our Consolidated Balance Sheets. We recognize changes in the carrying value of redeemable noncontrolling interests through capital in excess of par value.

Noncontrolling Interests

Excluding the redeemable noncontrolling interests described above, we present the portion of any equity that we do not own in entities that we control (and thus consolidate) as noncontrolling interests and classify those interests as a component of consolidated equity, separate from total Ventas stockholders' equity, on our Consolidated Balance Sheets. For consolidated joint ventures with pro rata distribution allocations, net income or loss is allocated between the joint venture partners based on their respective stated ownership percentages. In other cases, net income or loss is allocated between the joint venture partners based on the HLBV method. We account for purchases or sales of equity interests that do not result in a change of control as

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

equity transactions, through capital in excess of par value. In addition, we include net income attributable to the noncontrolling interests in net income in our Consolidated Statements of Income.

Accounting for Historic and New Markets Tax Credits

For certain of our life science and innovation centers, we are party to contractual arrangements with TCIs that were established to enable the TCIs to receive benefits of historic tax credits (“HTCs”) and/or new market tax credits (“NMTCs”). As of March 31, 2018, we owned 10 properties that had syndicated HTCs or NMTCs, or both, to TCIs.

In general, capital contributions are made by TCIs into special purpose entities that invest in entities that own the subject property and generate the tax credits. The TCIs receive substantially all of the tax credits and hold only a noncontrolling interest in the economic risk and benefits of the special purpose entities.

HTCs are delivered to the TCIs upon substantial completion of the project. NMTCs are allowed for up to 39% of a qualified investment and are delivered to the TCIs after the investment has been funded and spent on a qualified business. HTCs are subject to 20% recapture per year beginning one year after the completion of the historic rehabilitation of the subject property. NMTCs are subject to 100% recapture until the end of the seventh year following the qualifying investment. We have provided the TCIs with certain guarantees which protect the TCIs from losses should a tax credit recapture event occur. The contractual arrangements with the TCIs include a put/call provision whereby we may be obligated or entitled to repurchase the ownership interest of the TCIs in the special purpose entities at the end of the tax credit recapture period. We anticipate that either the TCIs will exercise their put rights or we will exercise our call rights prior to the applicable tax credit recapture periods.

The portion of the TCI’s capital contribution that is attributed to the put is recorded at fair value at inception in accounts payable and other liabilities on our Consolidated Balance Sheets, and is accreted to the expected put price as interest expense in our Consolidated Statements of Income over the recapture period. The remaining balance of the TCI’s capital contribution is initially recorded in accounts payable and other liabilities on our Consolidated Balance Sheets and will be relieved upon delivery of the tax credit to the TCI, as a reduction in the carrying value of the subject property, net of allocated expenses. Direct and incremental costs incurred in structuring the transaction are deferred and will be recognized as an increase in the cost basis of the subject property upon the recognition of the related tax credit as discussed above.

Impairment of Long-Lived and Intangible Assets

We periodically evaluate our long-lived assets, primarily consisting of investments in real estate, for impairment indicators. If indicators of impairment are present, we evaluate the carrying value of the related real estate investments in relation to the future undiscounted cash flows of the underlying operations. In performing this evaluation, we consider market conditions and our current intentions with respect to holding or disposing of the asset. We adjust the net book value of leased properties and other long-lived assets to fair value if the sum of the expected future undiscounted cash flows, including sales proceeds, is less than book value. We recognize an impairment loss at the time we make any such determination.

If impairment indicators arise with respect to intangible assets with finite useful lives, we evaluate impairment by comparing the carrying amount of the asset to the estimated future undiscounted net cash flows expected to be generated by the asset. If estimated future undiscounted net cash flows are less than the carrying amount of the asset, then we estimate the fair value of the asset and compare the estimated fair value to the intangible asset’s carrying value. We recognize any shortfall from carrying value as an impairment loss in the current period.

We evaluate our investments in unconsolidated entities for impairment at least annually, and whenever events or changes in circumstances indicate that the carrying value of our investment may exceed its fair value. If we determine that a decline in the fair value of our investment in an unconsolidated entity is other-than-temporary, and if such reduced fair value is below the carrying value, we record an impairment.

We test goodwill for impairment at least annually, and more frequently if indicators arise. We first assess qualitative factors, such as current macroeconomic conditions, state of the equity and capital markets and our overall financial and operating performance, to determine the likelihood that the fair value of a reporting unit is less than its carrying amount. If we determine it is more likely than not that the fair value of a reporting unit is less than its carrying amount, we proceed with the two-step approach to evaluating impairment. First, we estimate the fair value of the reporting unit and compare it to the reporting unit's carrying value. If the carrying value exceeds fair value, we proceed with the second step, which requires us to assign the fair value of the reporting unit to all of the assets and liabilities of the reporting unit as if it had been acquired in a business combination at the date of the impairment test. The excess fair value of the reporting unit over the amounts assigned

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

to the assets and liabilities is the implied value of goodwill and is used to determine the amount of impairment. We recognize an impairment loss to the extent the carrying value of goodwill exceeds the implied value in the current period.

Estimates of fair value used in our evaluation of goodwill (if necessary based on our qualitative assessment), investments in real estate, investments in unconsolidated entities and intangible assets are based upon discounted future cash flow projections or other acceptable valuation techniques that are based, in turn, upon all available evidence including level three inputs, such as revenue and expense growth rates, estimates of future cash flows, capitalization rates, discount rates, general economic conditions and trends, or other available market data. Our ability to accurately predict future operating results and cash flows and to estimate and determine fair values impacts the timing and recognition of impairments. While we believe our assumptions are reasonable, changes in these assumptions may have a material impact on our financial results.

Assets Held for Sale and Discontinued Operations

We sell properties from time to time for various reasons, including favorable market conditions or the exercise of purchase options by tenants. We classify certain long-lived assets as held for sale once the criteria, as defined by GAAP, have been met. Long-lived assets to be disposed of are reported at the lower of their carrying amount or fair value minus cost to sell and are no longer depreciated.

If at any time we determine that the criteria for classifying assets as held for sale are no longer met we reclassify assets within net real estate investments on our Consolidated Balance Sheets for all periods presented. The carrying amount of these assets is adjusted (in the period in which a change in classification is determined) to reflect any depreciation expense that would have been recognized had the asset been continuously classified as net real estate investments.

We report discontinued operations when the following criteria are met: (1) a component of an entity or group of components has been disposed of or classified as held for sale and represents a strategic shift that has or will have a major effect on an entity's operations and financial results; or (2) an acquired business is classified as held for sale on the acquisition date. The results of operations for assets meeting the definition of discontinued operations are reflected in our Consolidated Statements of Income as discontinued operations for all periods presented. We allocate estimated interest expense to discontinued operations based on property values and our weighted average interest rate or the property's actual mortgage interest.

Gain on Sale of Assets

On January 1, 2018, we adopted the provisions of ASC 610-20, Gain or Loss From Derecognition of Non-financial Assets ("ASC 610-20"). In accordance with ASC 610-20 we recognize any gains when we transfer control of a property and when it is probable that we will collect substantially all of the related consideration. We adopted ASC 610-20 using the modified retrospective method and recognized a cumulative effect adjustment to retained earnings of \$31.2 million relating to deferred gains on sales of real estate assets in 2015.

Fair Values of Financial Instruments

Fair value is a market-based measurement, not an entity-specific measurement, and we determine fair value based on the assumptions that we expect market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, GAAP establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the

reporting entity (observable inputs that are classified within levels one and two of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within level three of the hierarchy).

Level one inputs utilize unadjusted quoted prices for identical assets or liabilities in active markets that we have the ability to access. Level two inputs are inputs other than quoted prices included in level one that are directly or indirectly observable for the asset or liability. Level two inputs may include quoted prices for similar assets and liabilities in active markets and other inputs for the asset or liability that are observable at commonly quoted intervals, such as interest rates, foreign exchange rates and yield curves. Level three inputs are unobservable inputs for the asset or liability, which typically are based on our own assumptions, because there is little, if any, related market activity. If the determination of the fair value measurement is based on inputs from different levels of the hierarchy, the level within which the entire fair value measurement falls is the lowest level input that is significant to the fair value measurement in its entirety. If the volume and level of market activity for an asset or liability has decreased significantly relative to the normal market activity for such asset or liability (or similar assets or liabilities), then transactions or quoted prices may not accurately reflect fair value. In addition, if there is evidence that a transaction for an asset or liability is not orderly, little, if any, weight is placed on that transaction price as an

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

indicator of fair value. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

We use the following methods and assumptions in estimating the fair value of our financial instruments.

• **Cash and cash equivalents** - The carrying amount of unrestricted cash and cash equivalents reported on our Consolidated Balance Sheets approximates fair value due to the short maturity of these instruments.

• **Escrow deposits and restricted cash** - The carrying amount of escrow deposits and restricted cash reported on our Consolidated Balance Sheets approximates fair value due to the short maturity of these instruments.

• **Loans receivable** - We estimate the fair value of loans receivable using level two and level three inputs. We discount future cash flows using current interest rates at which similar loans with the same terms and length to maturity would be made to borrowers with similar credit ratings.

• **Marketable debt securities** - We estimate the fair value of corporate bonds, if any, using level two inputs. We observe quoted prices for similar assets or liabilities in active markets that we have the ability to access. We estimate the fair value of certain government-sponsored pooled loan investments using level three inputs. We consider credit spreads, underlying asset performance and credit quality, and default rates.

• **Derivative instruments** - With the assistance of a third party, we estimate the fair value of derivative instruments, including interest rate caps, interest rate swaps, and foreign currency forward contracts, using level two inputs.

• **Interest rate caps** - We observe forward yield curves and other relevant information;

• **Interest rate swaps** - We observe alternative financing rates derived from market-based financing rates, forward yield curves and discount rates; and

• **Foreign currency forward contracts** - We estimate the future values of the two currency tranches using forward exchange rates that are based on traded forward points and calculate a present value of the net amount using a discount factor based on observable traded interest rates.

• **Senior notes payable and other debt** - We estimate the fair value of senior notes payable and other debt using level two inputs. We discount the future cash flows using current interest rates at which we could obtain similar borrowings. For mortgage debt, we may estimate fair value using level three inputs, similar to those used in determining fair value of loans receivable (above).

• **Redeemable OP Unitholder Interests** - We estimate the fair value of our redeemable OP Unitholder Interests using level one inputs. We base fair value on the closing price of our common stock, as OP Units (and previously Class C Units) may be redeemed at the election of the holder for cash or, at our option, shares of our common stock, subject to adjustment in certain circumstances.

Revenue Recognition

Adoption of ASC 606

On January 1, 2018 we adopted ASC 606, Revenue From Contracts With Customers (“ASC 606”), which outlines a comprehensive model for entities to use in accounting for revenue arising from contracts with customers. ASC 606 states that “an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.” We account for revenues from management contracts (within office building and other services revenue in our Consolidated Statements of Income) and certain point-of-sale transactions (within resident fees and services in our Consolidated Statements of Income) in accordance with ASC 606. The pattern and timing of recognition of income is consistent with the prior accounting model. All other revenues, primarily rental income from leasing activities, is accounted for in accordance with other applicable GAAP standards. We adopted ASC 606 using the modified retrospective method.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

Triple-Net Leased Properties and Office Operations

Certain of our triple-net leases and most of our MOB and life science and innovation center (collectively, “office operations”) leases provide for periodic and determinable increases in base rent. We recognize base rental revenues under these leases on a straight-line basis over the applicable lease term when collectibility is reasonably assured. Recognizing rental income on a straight-line basis generally results in recognized revenues during the first half of a lease term exceeding the cash amounts contractually due from our tenants, creating a straight-line rent receivable that is included in other assets on our Consolidated Balance Sheets. At March 31, 2018 and December 31, 2017, this cumulative excess totaled \$272.1 million (net of allowances of \$42.7 million) and \$267.8 million (net of allowances of \$117.8 million), respectively (excluding properties classified as held for sale).

Certain of our leases provide for periodic increases in base rent only if certain revenue parameters or other substantive contingencies are met. We recognize the increased rental revenue under these leases as the related parameters or contingencies are met, rather than on a straight-line basis over the applicable lease term.

Senior Living Operations

We recognize resident fees and services, other than move-in fees, monthly as services are provided. We recognize move-in fees on a straight-line basis over the average resident stay. Our lease agreements with residents generally have terms of 12 to 18 months and are cancelable by the resident upon 30 days’ notice.

Other

We recognize interest income from loans and investments, including discounts and premiums, using the effective interest method when collectibility is reasonably assured. We apply the effective interest method on a loan-by-loan basis and recognize discounts and premiums as yield adjustments over the related loan term. We recognize interest income on an impaired loan to the extent our estimate of the fair value of the collateral is sufficient to support the balance of the loan, other receivables and all related accrued interest. When the balance of the loan, other receivables and all related accrued interest is equal to or less than our estimate of the fair value of the collateral, we recognize interest income on a cash basis. We provide a reserve against an impaired loan to the extent our total investment in the loan exceeds our estimate of the fair value of the loan collateral.

Allowances

We assess the collectibility of our rent receivables, including straight-line rent receivables. We base our assessment of the collectibility of rent receivables (other than straight-line rent receivables) on several factors, including, among other things, payment history, the financial strength of the tenant and any guarantors, the value of the underlying collateral, if any, and current economic conditions. If our evaluation of these factors indicates it is probable that we will be unable to recover the full value of the receivable, we provide a reserve against the portion of the receivable that we estimate may not be recovered. We base our assessment of the collectibility of straight-line rent receivables on several factors, including, among other things, the financial strength of the tenant and any guarantors, the historical operations and operating trends of the property, the historical payment pattern of the tenant and the type of property. If our evaluation of these factors indicates it is probable that we will be unable to receive the rent payments due in the future, we provide a reserve against the recognized straight-line rent receivable asset for the portion, up to its full value, that we estimate may not be recovered. If we change our assumptions or estimates regarding the collectibility of future rent payments required by a lease, we may adjust our reserve to increase or reduce the rental revenue recognized in the period we make such change in our assumptions or estimates.

Recently Issued or Adopted Accounting Standards

In February 2016, the FASB issued ASU 2016-02, Leases (“ASU 2016-02”), which introduces a lessee model that brings most leases on the balance sheet and, among other changes, eliminates the requirement in current GAAP for an entity to use bright-line tests in determining lease classification. The FASB also issued an Exposure Draft on January 5, 2018 proposing to amend ASU 2016-02, which would provide lessors with a practical expedient, by class of underlying assets, to not separate non-lease components from the related lease components and, instead, to account for those components as a single lease component, if certain criteria are met. ASU 2016-02 and the related Exposure Draft are not effective for us until January 1, 2019, with early adoption permitted. We are continuing to evaluate this guidance and the impact to us, as both lessor and lessee, on our Consolidated Financial Statements. We expect to utilize the practical expedients proposed in the Exposure Draft as part of our adoption of ASU 2016-02.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

On January 1, 2018, we adopted ASU 2016-15, Classification of Certain Cash Receipts and Cash Payments (“ASU 2016-15”), which provides clarification regarding how certain cash receipts and cash payments are presented and classified in the statement of cash flows and ASU 2016-18, Restricted Cash (“ASU 2016-18”), which requires an entity to show the changes in total cash, cash equivalents, restricted cash and restricted cash equivalents in the statement of cash flows. We adopted these ASUs by applying a retrospective transition method which requires a restatement of our Consolidated Statement of Cash Flows for all periods presented.

On January 1, 2018, we adopted ASU 2016-16, Intra-Entity Transfers of Assets Other Than Inventory (“ASU 2016-16”), which requires a company to recognize the tax consequences of an intra-entity transfer of an asset, other than inventory, when the transfer occurs. We adopted ASU 2016-16 by applying a modified retrospective method which resulted in a cumulative effect adjustment to retained earnings of \$0.6 million.

NOTE 3—CONCENTRATION OF CREDIT RISK

As of March 31, 2018, Atria, Sunrise, Brookdale Senior Living, Ardent and Kindred managed or operated approximately 21.8%, 10.9%, 7.5%, 4.9% and 1.1%, respectively, of our consolidated real estate investments based on gross book value (excluding properties classified as held for sale as of March 31, 2018). Because Atria and Sunrise manage our properties in exchange for the receipt of a management fee from us, we are not directly exposed to the credit risk of our managers in the same manner or to the same extent as our triple-net tenants.

Based on gross book value, approximately 21.8% and 38.4% of our consolidated real estate investments were seniors housing communities included in the triple-net leased properties and senior living operations reportable business segments, respectively (excluding properties classified as held for sale as of March 31, 2018). MOBs, life science and innovation centers, IRFs and LTACs, health systems, SNFs and secured loans receivable and investments collectively comprised the remaining 39.8%. Our consolidated properties were located in 45 states, the District of Columbia, seven Canadian provinces and the United Kingdom as of March 31, 2018, with properties in one state (California) accounting for more than 10% of our total continuing revenues and net operating income (“NOI,” which is defined as total revenues, excluding interest and other income, less property-level operating expenses and office building services costs) for the three months then ended.

Triple-Net Leased Properties

The following table reflects our concentration risk for the periods presented:

	For the Three Months Ended March 31, 2018 2017	
Revenues ⁽¹⁾ :		
Brookdale Senior Living ⁽²⁾	4.6%	4.7%
Ardent	3.0	3.1
Kindred ⁽³⁾	3.4	5.0
NOI:		
Brookdale Senior Living ⁽²⁾	8.1%	8.2%
Ardent	5.4	5.3
Kindred ⁽³⁾	6.1	8.7

- (1) Total revenues include office building and other services revenue, income from loans and investments and interest and other income.
- (2) Excludes one seniors housing community included in the senior living operations reportable business segment.
- (3) Excludes one MOB included in the office operations reportable business segment.

Each of our leases with Brookdale Senior Living, Ardent and Kindred is a triple-net lease that obligates the tenant to pay all property-related expenses, including maintenance, utilities, repairs, taxes, insurance and capital expenditures, and to comply with the terms of the mortgage financing documents, if any, affecting the properties. In addition, each of our Brookdale Senior Living, Ardent and Kindred leases has a corporate guaranty.

The properties we lease to Brookdale Senior Living, Ardent and Kindred accounted for a significant portion of our triple-net leased properties segment revenues and NOI for the three months ended March 31, 2018 and 2017. If any of Brookdale Senior Living, Ardent or Kindred becomes unable or unwilling to satisfy its obligations to us or to renew its leases

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

with us upon expiration of the terms thereof, our financial condition and results of operations could decline, and our ability to service our indebtedness and to make distributions to our stockholders could be impaired. We cannot assure you that Brookdale Senior Living, Ardent and Kindred will have sufficient assets, income and access to financing to enable them to satisfy their respective obligations to us, and any failure, inability or unwillingness by Brookdale Senior Living, Ardent or Kindred to do so could have a material adverse effect on our business, financial condition, results of operations and liquidity, our ability to service our indebtedness and other obligations and our ability to make distributions to our stockholders, as required for us to continue to qualify as a REIT (a “Material Adverse Effect”). We also cannot assure you that Brookdale Senior Living, Ardent and Kindred will elect to renew their respective leases with us upon expiration of the leases or that we will be able to reposition any non-renewed properties on a timely basis or on the same or better economic terms, if at all.

In December 2017, Kindred announced that it had entered into a definitive agreement pursuant to which (a) Kindred would be acquired by a consortium of TPG Capital (“TPG”), Welsh, Carson, Anderson & Stowe (“WCAS”) and Humana, Inc. and (b) immediately following the acquisition, (i) Kindred’s home health, hospice and community care businesses would be separated from Kindred and operated as a standalone company owned by Humana, Inc., TPG and WCAS, and (ii) Kindred would be operated as a separate healthcare company owned by TPG and WCAS. These transactions were approved by Kindred stockholders on April 5, 2018 and are expected to close in the summer of 2018 subject to closing conditions.

On April 26, 2018, we entered into various agreements with Brookdale Senior Living that provide for, among other things: (a) a consolidation of substantially all of our multiple lease agreements with Brookdale Senior Living into one master lease; (b) extension of the term for substantially all of our Brookdale Senior Living leased properties until December 31, 2025, with Brookdale Senior Living retaining two successive 10 year renewal options; and (c) the guarantee of all the Brookdale Senior Living obligations to us by Brookdale Senior Living Inc., including covenant protections for us. We anticipate recognizing a non-cash expense of \$22 million in connection with the agreements.

Senior Living Operations

As of March 31, 2018, Atria and Sunrise, collectively, provided comprehensive property management and accounting services with respect to 266 of our 362 seniors housing communities, for which we pay annual management fees pursuant to long-term management agreements.

We rely on our managers’ personnel, expertise, technical resources and information systems, proprietary information, good faith and judgment to manage our senior living operations efficiently and effectively. We also rely on our managers to set appropriate resident fees and otherwise operate our seniors housing communities in compliance with the terms of our management agreements and all applicable laws and regulations. Although we have various rights as the property owner under our management agreements, including various rights to terminate and exercise remedies under the agreements as provided therein, Atria’s or Sunrise’s failure, inability or unwillingness to satisfy its respective obligations under those agreements, to efficiently and effectively manage our properties or to provide timely and accurate accounting information with respect thereto could have a Material Adverse Effect on us. In addition, significant changes in Atria’s or Sunrise’s senior management or equity ownership or any adverse developments in their businesses or financial condition could have a Material Adverse Effect on us.

Our 34% ownership interest in Atria entitles us to certain rights and minority protections, as well as the right to appoint two of six members on the Atria Board of Directors.

In January 2018, we transitioned the management of 76 private pay seniors housing communities to Eclipse Senior Living (“ESL”). These assets, substantially all of which were previously leased by Elmcroft Senior Living (“Elmcroft”) under triple-net leases, are now operated by ESL under a management contract with us and are included in the senior living operations reportable business segment. Upon termination of our lease with Elmcroft, we derecognized our accumulated straight-line receivable balance and offsetting reserve of \$75.2 million. For the three months ended March 31, 2018, we recognized \$14.6 million of transaction costs relating to this transaction, net of property-level net assets assumed for no consideration.

We also acquired a 34% ownership stake in ESL with customary rights and protections, including the right to appoint two of six members to the ESL Board of Directors. ESL management owns the remaining 66% stake.

Brookdale Senior Living, Kindred, Atria, Sunrise and Ardent Information

Each of Brookdale Senior Living and Kindred is subject to the reporting requirements of the SEC and is required to file with the SEC annual reports containing audited financial information and quarterly reports containing unaudited financial information. The information related to Brookdale Senior Living and Kindred contained or referred to in this Quarterly Report

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

on Form 10-Q has been derived from SEC filings made by Brookdale Senior Living or Kindred, as the case may be, or other publicly available information, or was provided to us by Brookdale Senior Living or Kindred, and we have not verified this information through an independent investigation or otherwise. We have no reason to believe that this information is inaccurate in any material respect, but we cannot assure you of its accuracy. We are providing this data for informational purposes only, and you are encouraged to obtain Brookdale Senior Living's and Kindred's publicly available filings, which can be found at the SEC's website at www.sec.gov.

Atria, Sunrise and Ardent are not currently subject to the reporting requirements of the SEC. The information related to Atria, Sunrise and Ardent contained or referred to in this Quarterly Report on Form 10-Q has been derived from publicly available information or was provided to us by Atria, Sunrise or Ardent, as the case may be, and we have not verified this information through an independent investigation or otherwise. We have no reason to believe that this information is inaccurate in any material respect, but we cannot assure you of its accuracy.

NOTE 4—DISPOSITIONS

2018 Activity

During the three months ended March 31, 2018, we sold six seniors housing communities included in our senior living operations reportable business segment, five triple-net leased properties, two MOBs and one vacant land parcel for aggregate consideration of \$170.2 million.

Real Estate Impairment

We recognized impairments of \$7.0 million and \$5.2 million, respectively, for the three months ended March 31, 2018 and 2017, which are recorded in depreciation and amortization in our Consolidated Statements of Income, and relate primarily to our office operations reportable business segment. Our recorded impairments were primarily the result of a change in our intent to hold the impaired assets. In most cases, we recognize an impairment in the periods in which our change in intent is made.

Assets Held for Sale

The table below summarizes our real estate assets classified as held for sale as of March 31, 2018 and December 31, 2017, including the amounts reported on our Consolidated Balance Sheets.

	March 31, 2018		December 31, 2017			
	Number of Assets Properties Held for Sale for Sale	Liabilities Related to Assets Held for Sale	Number of Assets Properties Held for Sale for Sale	Liabilities Related to Assets Held for Sale		
	(Dollars in thousands)					
Office Operations	3	\$62,806	\$60,140	3	\$65,413	\$60,265
Senior Living Operations ⁽¹⁾	—	(272)	(117)	—	—	—
Total	3	\$62,534	\$60,023	3	\$65,413	\$60,265

⁽¹⁾ Balances relate to anticipated post-closing settlements of working capital.

During the three months ended March 31, 2018, five MOB's no longer met the criteria as being classified as held for sale. As a result, we adjusted the carrying amount of these assets by recognizing depreciation expense of \$5.7 million and classified these assets within net real estate investments on our Consolidated Balance Sheets for all periods presented.

NOTE 5—LOANS RECEIVABLE AND INVESTMENTS

As of March 31, 2018 and December 31, 2017, we had \$1.3 billion and \$1.4 billion, respectively, of net loans receivable and investments relating to seniors housing and healthcare operators or properties. The following is a summary of our loans receivable and investments, net as of March 31, 2018 and December 31, 2017, including amortized cost, fair value and unrealized gains or losses on available-for-sale investments:

	Carrying Amount (In thousands)	Amortized Cost	Fair Value	Unrealized Gain
As of March 31, 2018:				
Secured/mortgage loans and other, net	\$1,157,638	\$1,157,638	\$1,158,987	\$ —
Government-sponsored pooled loan investments, net ⁽¹⁾	54,881	54,251	54,881	630

Total loans receivable and investments, net	\$1,406,216	\$1,405,414	\$1,399,836	\$ 802

⁽¹⁾ Investments in government-sponsored pool loans have contractual maturity dates in 2023.

2018 Activity

During the three months ended March 31, 2018, we received \$125.9 million for the full repayment of three loans receivable with a weighted average interest rate of 9.9% that were due to mature between 2018 and 2021.

NOTE 6—INVESTMENTS IN UNCONSOLIDATED ENTITIES

We report investments in unconsolidated entities over whose operating and financial policies we have the ability to exercise significant influence under the equity method of accounting. We are not required to consolidate these entities because our joint venture partners have significant participating rights, nor are these entities considered VIEs, as they are controlled by equity holders with sufficient capital. At March 31, 2018, we had 25% ownership interests in joint ventures that owned 31 properties, excluding properties under development. We account for our interests in real estate joint ventures, as well as our 34% interest in Atria, 34% interest in ESL and 9.9% interest in Ardent, which are included within other assets on our Consolidated Balance Sheets, under the equity method of accounting.

With the exception of our interests in Atria, ESL and Ardent, we provide various services to each unconsolidated entity in exchange for fees and reimbursements. Total management fees earned in connection with these entities were \$1.7 million and \$1.6 million for the three months ended March 31, 2018 and 2017, respectively, which is included in office building and other services revenue in our Consolidated Statements of Income.

During the three months ended March 31, 2018, we recognized an impairment of \$35.7 million relating to the carrying costs of one of our equity investments in an unconsolidated real estate joint venture consisting principally of SNFs. During the three months ended March 31, 2018, our joint venture partner initiated a transaction with us and as a result, we intend to sell our interest in the joint venture. This sale is expected to occur in the second half of 2018. However, there can be no assurance whether, when or on what terms the sale will be completed.

Total maturities	\$10,187,297	\$ 794,368	\$ 161,570	\$ 11,143,235

⁽¹⁾ At March 31, 2018, we had \$92.5 million of unrestricted cash and cash equivalents, for \$701.8 million of net borrowings outstanding under our unsecured revolving credit facility.

Includes \$52.4 million aggregate principal amount of our 6.90% senior notes due 2037 that is subject to repurchase, at the option of the holders, on October 1, 2027, and \$23.0 million aggregate principal amount of 6.59% senior notes due 2038 that is subject to repurchase, at the option of the holders, on July 7 in each of 2018, 2023 and 2028.

Credit Facilities and Unsecured Term Loan

Our unsecured credit facility is comprised of a \$3.0 billion unsecured revolving credit facility, priced at LIBOR plus 0.875% as of March 31, 2018. The unsecured revolving credit facility matures in 2021, but may be extended at our option subject to the satisfaction of certain conditions for two additional periods of six months each. The unsecured revolving credit facility also includes an accordion feature that permits us to increase our aggregate borrowing capacity thereunder to up to \$3.75 billion.

As of March 31, 2018, we had \$794.4 million of borrowings outstanding, \$14.5 million of letters of credit outstanding and \$2.2 billion of unused borrowing capacity available under our unsecured revolving credit facility.

As of March 31, 2018, we also had a \$900.0 million unsecured term loan due 2020 priced at LIBOR plus 0.975%.

As of March 31, 2018, we also had a \$400.0 million secured revolving construction credit facility which matures in 2022 and is primarily used to finance life science and innovation center and other construction projects.

As of March 31, 2018, we had \$18.6 million of borrowings outstanding and \$381.4 million of unused borrowing capacity available under our secured revolving construction credit facility.

Senior Notes

In February 2018, our wholly-owned subsidiary, Ventas Realty, Limited Partnership (“Ventas Realty”), issued and sold \$650.0 million aggregate principal amount of 4.00% senior notes due 2028 at a public offering price equal to 99.233% of par, for total proceeds of \$645.0 million before the underwriting discount and expenses.

In February 2018, we redeemed \$502.1 million aggregate principal amount then outstanding of our 4.00% senior notes due April 2019 at a public offering price of 101.83% of par, plus accrued and unpaid interest to the redemption date, and recognized a loss on extinguishment of debt of \$11.0 million. The redemption was funded using cash on hand and borrowings under our unsecured revolving credit facility. In April 2018, we repaid the remaining balance then outstanding of our 4.00% senior notes due April 2019 of \$97.9 million and recognized a loss on extinguishment of debt of \$1.8 million.

In February 2018, we repaid in full, at par, \$700.0 million aggregate principal amount then outstanding of our 2.00% senior notes due February 2018 upon maturity.

Derivatives and Hedging

In March and April 2018, we entered into \$215 million and \$35 million, respectively, notional forward starting swaps with an effective date of September 4, 2018 and a maturity of September 4, 2028, that reduces our exposure to fluctuations in

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

interest rates related to changes in rates between the trade dates of the swaps and the forecasted issuance of long-term debt. The weighted average rate on the notional amounts is 2.84%.

During June and December 2017, we entered into a total of \$200 million notional value forward starting swaps that reduced our exposure to fluctuations in interest rates prior to the February 2018 issuance of 4.00% senior notes due 2028. On the issuance date, we realized a gain of \$10.0 million from these swaps that is being recognized over the life of the senior notes using an effective interest method.

NOTE 10—FAIR VALUES OF FINANCIAL INSTRUMENTS

As of March 31, 2018 and December 31, 2017, the carrying amounts and fair values of our financial instruments were as follows:

	March 31, 2018		December 31, 2017	
	Carrying	Fair Value	Carrying	Fair Value
	Amount		Amount	
	(In thousands)			
Assets:				
Cash and cash equivalents	\$92,543	\$ 92,543	\$81,355	\$ 81,355
Secured mortgage loans and other, net	1,157,638	1,158,987	1,291,694	1,286,322
Non-mortgage loans receivable, net	56,125	56,464	59,857	58,849
Government-sponsored pooled loan investments	54,881	54,881	54,665	54,665
Derivative instruments	6,806	6,806	7,248	7,248
Liabilities:				
Senior notes payable and other debt, gross	11,143,235	11,676,671	11,365,633	11,600,750
Derivative instruments	14,003	14,003	5,435	5,435
Redeemable OP Unitholder Interests	120,301	120,301	146,252	146,252

For a discussion of the assumptions considered, refer to “NOTE 2—ACCOUNTING POLICIES.” The use of different market assumptions and estimation methodologies may have a material effect on the reported estimated fair value amounts. Accordingly, the estimates presented above are not necessarily indicative of the amounts we would realize in a current market exchange.

NOTE 11—LITIGATION

Proceedings against Tenants, Operators and Managers

From time to time, Atria, Sunrise, Brookdale Senior Living, Ardent, Kindred and our other tenants, operators and managers are parties to certain legal actions, regulatory investigations and claims arising in the conduct of their business and operations. Even though we generally are not party to these proceedings, the unfavorable resolution of any such actions, investigations or claims could, individually or in the aggregate, materially adversely affect such tenants’, operators’ or managers’ liquidity, financial condition or results of operations and their ability to satisfy their respective obligations to us, which, in turn, could have a Material Adverse Effect on us.

Proceedings Indemnified and Defended by Third Parties

From time to time, we are party to certain legal actions, regulatory investigations and claims for which third parties are contractually obligated to indemnify, defend and hold us harmless. The tenants of our triple-net leased properties

and, in some cases, their affiliates are required by the terms of their leases and other agreements with us to indemnify, defend and hold us harmless against certain actions, investigations and claims arising in the course of their business and related to the operations of our triple-net leased properties. In addition, third parties from whom we acquired certain of our assets and, in some cases, their affiliates are required by the terms of the related conveyance documents to indemnify, defend and hold us harmless against certain actions, investigations and claims related to the acquired assets and arising prior to our ownership or related to excluded assets and liabilities. In some cases, a portion of the purchase price consideration is held in escrow for a specified period of time as collateral for these indemnification obligations. We are presently being defended by certain tenants and other obligated third parties in these types of matters. We cannot assure you that our tenants, their affiliates or other obligated third parties will

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

continue to defend us in these matters, that our tenants, their affiliates or other obligated third parties will have sufficient assets, income and access to financing to enable them to satisfy their defense and indemnification obligations to us or that any purchase price consideration held in escrow will be sufficient to satisfy claims for which we are entitled to indemnification. The unfavorable resolution of any such actions, investigations or claims could, individually or in the aggregate, materially adversely affect our tenants' or other obligated third parties' liquidity, financial condition or results of operations and their ability to satisfy their respective obligations to us, which, in turn, could have a Material Adverse Effect on us.

Proceedings Arising in Connection with Senior Living and Office Operations; Other Litigation

From time to time, we are party to various legal actions, regulatory investigations and claims (some of which may not be insured and some of which may allege large damage amounts) arising in connection with our senior living and office operations or otherwise in the course of our business. In limited circumstances, the manager of the applicable seniors housing community, MOB or life science and innovation center may be contractually obligated to indemnify, defend and hold us harmless against such actions, investigations and claims. It is the opinion of management, except as otherwise set forth in this Note 11, that the disposition of any such actions, investigations and claims that are currently pending will not, individually or in the aggregate, have a Material Adverse Effect on us. However, regardless of their merits, we may be forced to expend significant financial resources to defend and resolve these matters. We are unable to predict the ultimate outcome of these actions, investigations and claims, and if management's assessment of our liability with respect thereto is incorrect, such actions, investigations and claims could have a Material Adverse Effect on us.

NOTE 12—INCOME TAXES

We have elected to be taxed as a REIT under the applicable provisions of the Internal Revenue Code of 1986, as amended, for every year beginning with the year ended December 31, 1999. We have also elected for certain of our subsidiaries to be treated as taxable REIT subsidiaries ("TRS" or "TRS entities"), which are subject to federal, state and foreign income taxes. All entities other than the TRS entities are collectively referred to as the "REIT" within this Note. Certain REIT entities are subject to foreign income tax.

Although the TRS entities and certain other foreign entities have paid minimal cash federal, state and foreign income taxes for the three months ended March 31, 2018, their income tax liabilities may increase in future periods as we exhaust net operating loss ("NOL") carryforwards and as our senior living and other operations grow. Such increases could be significant.

Our consolidated provisions for income taxes for the three months ended March 31, 2018 and 2017 were benefits of \$3.2 million and \$3.1 million, respectively. The income tax benefits for the three months ended March 31, 2018 and 2017, were each due primarily to operating losses at our taxable REIT subsidiaries.

Realization of a deferred tax benefit related to NOLs depends, in part, upon generating sufficient taxable income in future periods. The REIT and TRS NOL carryforwards begin to expire in 2024.

Each TRS is a tax paying component for purposes of classifying deferred tax assets and liabilities. Net deferred tax liabilities with respect to our TRS entities totaled \$244.7 million and \$250.1 million as of March 31, 2018 and December 31, 2017, respectively, and related primarily to differences between the financial reporting and tax bases of fixed and intangible assets, net of loss carryforwards.

On December 22, 2017, the Tax Cuts and Jobs Act of 2017 (“2017 Tax Act”) was signed into law making significant changes to the Internal Revenue Code. As of December 31, 2017, we made a reasonable estimate that the new interest expense limitation rules may disallow the deferred interest carried forward under the rules prior to the 2017 Tax Act. Consequently, we recorded a provisional adjustment of \$23.3 million for the entire deferred tax asset related to the existing deferred interest carryforward. This amount continues to be a provisional adjustment as of March 31, 2018. We will recognize any changes to provisional amounts as we continue to analyze the existing statute or as additional guidance becomes available. We expect to complete our analysis of the provisional amounts by the end of 2018.

Generally, we are subject to audit under the statute of limitations by the Internal Revenue Service for the year ended December 31, 2014 and subsequent years and are subject to audit by state taxing authorities for the year ended December 31, 2013 and subsequent years. We are subject to audit generally under the statutes of limitation by the Canada Revenue Agency and provincial authorities with respect to the Canadian entities for the year ended December 31, 2013 and subsequent years. We are also subject to audit in Canada for periods subsequent to the acquisition, and certain prior periods, with respect to the entities acquired in 2014 from Holiday Retirement. We are subject to audit in the United Kingdom generally for periods ended in and subsequent to 2016.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - Continued
(Unaudited)

NOTE 13—STOCKHOLDERS' EQUITY

Capital Stock

We may sell from time to time our common stock under an “at-the-market” (“ATM”) equity offering program. In March 2018, our universal shelf registration statement expired in accordance with the SEC’s rules, rendering our then existing ATM program inaccessible. Therefore, as of March 31, 2018, none of our common stock remained available for sale under our previous ATM equity offering program.

Accumulated Other Comprehensive Loss

The following is a summary of our accumulated other comprehensive loss as of March 31, 2018 and December 31, 2017:

	March 31, December 31, 2018 2017	
	(In thousands)	
Foreign currency translation	\$(33,377)	\$ (45,580)

NOTE 15—SEGMENT INFORMATION

As of March 31, 2018, we operated through three reportable business segments: triple-net leased properties, senior living operations and office operations. Under our triple-net leased properties segment, we invest in and own seniors housing and healthcare properties throughout the United States and the United Kingdom and lease those properties to healthcare operating companies under “triple-net” or “absolute-net” leases that obligate the tenants to pay all property-related expenses. In our senior living operations segment, we invest in seniors housing communities throughout the United States and Canada and engage independent operators, such as Atria and Sunrise, to manage those communities. In our office operations segment, we primarily acquire, own, develop, lease and manage MOBs and life science and innovation centers throughout the United States. Information provided for “all other” includes income from loans and investments and other miscellaneous income and various corporate-level expenses not directly attributable to any of our three reportable business segments. Assets included in “all other” consist primarily of corporate assets, including cash, restricted cash, loans receivable and investments, and miscellaneous accounts receivable.

Our chief operating decision makers evaluate performance of the combined properties in each reportable business segment and determine how to allocate resources to those segments, in significant part, based on segment NOI and related measures. We define segment NOI as total revenues, less interest and other income, property-level operating expenses and office building services costs. We consider segment NOI useful because it allows investors, analysts and our management to measure unlevered property-level operating results and to compare our operating results to the operating results of other real estate companies between periods on a consistent basis. In order to facilitate a clear understanding of our historical consolidated operating results, segment NOI should be examined in conjunction with income from continuing operations as presented in our Consolidated Financial Statements and other financial data included elsewhere in this Quarterly Report on Form 10-Q.

Interest expense, depreciation and amortization, general, administrative and professional fees, income tax expense and other non-property specific revenues and expenses are not allocated to individual reportable business segments for purposes of assessing segment performance. There are no intersegment sales or transfers.

United Kingdom	305,521	297,827	
Total net real estate property	\$20,336,981	\$20,622,454	

NOTE 16—CONDENSED CONSOLIDATING INFORMATION

Ventas, Inc. has fully and unconditionally guaranteed the obligation to pay principal and interest with respect to the outstanding senior notes issued by our 100% owned subsidiary, Ventas Realty, including the senior notes that were jointly issued with Ventas Capital Corporation. Ventas Capital Corporation is a direct 100% owned subsidiary of Ventas Realty that has no assets or operations, but was formed in 2002 solely to facilitate offerings of senior notes by a limited partnership. None of our other subsidiaries (such subsidiaries, excluding Ventas Realty and Ventas Capital Corporation, the “Ventas Subsidiaries”) is obligated with respect to Ventas Realty’s outstanding senior notes. Certain of Ventas Realty’s outstanding senior notes reflected in our condensed consolidating information were issued jointly with Ventas Capital Corporation.

Ventas, Inc. has also fully and unconditionally guaranteed the obligation to pay principal and interest with respect to the outstanding senior notes issued by our 100% owned subsidiary, Ventas Canada Finance Limited. None of our other subsidiaries is obligated with respect to Ventas Canada Finance Limited’s outstanding senior notes, all of which were issued on a private placement basis in Canada.

In connection with the acquisition of Nationwide Health Properties, Inc. (“NHP”), our 100% owned subsidiary, Nationwide Health Properties, LLC (“NHP LLC”), as successor to NHP, assumed the obligation to pay principal and interest with respect to the outstanding senior notes issued by NHP. Neither we nor any of our subsidiaries (other than NHP LLC) is obligated with respect to any of NHP LLC’s outstanding senior notes.

Under certain circumstances, contractual and legal restrictions, including those contained in the instruments governing our subsidiaries’ outstanding mortgage indebtedness, may restrict our ability to obtain cash from our subsidiaries for the purpose of meeting our debt service obligations, including our payment guarantees with respect to Ventas Realty’s and Ventas Canada Finance Limited’s senior notes.

The following pages summarize our condensed consolidating information as of March 31, 2018 and December 31, 2017 and for the three months ended March 31, 2018 and 2017.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Cautionary Statements

Forward-Looking Statements

This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements regarding our or our tenants', operators', borrowers' or managers' expected future financial condition, results of operations, cash flows, funds from operations, dividends and dividend plans, financing opportunities and plans, capital markets transactions, business strategy, budgets, projected costs, operating metrics, capital expenditures, competitive positions, acquisitions, investment opportunities, dispositions, merger integration, growth opportunities, expected lease income, continued qualification as a real estate investment trust ("REIT"), plans and objectives of management for future operations, and statements that include words such as "anticipate," "if," "believe," "plan," "estimate," "expect," "intend," "may," "could," "should," "will," and other similar expressions are forward-looking statements. These forward-looking statements are inherently uncertain, and actual results may differ from our expectations. We do not undertake a duty to update these forward-looking statements, which speak only as of the date on which they are made.

Our actual future results and trends may differ materially from expectations depending on a variety of factors discussed in our filings with the Securities and Exchange Commission (the "SEC"). These factors include without limitation:

The ability and willingness of our tenants, operators, borrowers, managers and other third parties to satisfy their obligations under their respective contractual arrangements with us, including, in some cases, their obligations to indemnify, defend and hold us harmless from and against various claims, litigation and liabilities;
