NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some information in this report may contain forward-looking statements within the meaning of Section 27A of the U.S. Securities Act of 1933 and Section 21E of the U.S. Securities Exchange Act of 1934. We have based these forward-looking statements on our current beliefs, expectations and intentions as to facts, actions and events that will or may occur in the future. Such statements generally are identified by forward-looking words such as believe, plan, anticipate, continue, estimate, expect, may, will or other similar words.

A forward-looking statement may include a statement of the assumptions or bases underlying the forward-looking statement. We have chosen these assumptions or bases in good faith. These forward-looking statements are subject to risks, uncertainties and assumptions, some of which are beyond our control. In addition, these forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. Actual results may differ materially from information contained in the forward-looking statements as a result of a number of factors, including, without limitation, the risk factors set forth in Item 3. Key Information Risk Factors in our annual report on Form 20-F for the fiscal year ended December 31, 2008. You should also keep in mind that any forward-looking statement made by us in this report or elsewhere speaks only as at the date on which we made it. New risks and uncertainties come up from time to time, and it is impossible for us to predict these events or how they may affect us. We have no duty to, and do not intend to, update or revise the statements in this report after the date hereof. In light of these risks and uncertainties, you should keep in mind that actual results may differ materially from any forward-looking statement made in this report or elsewhere.

PLDT

PRESS RELEASE

Asia America Gateway Submarine Cable Project

Operational in 3rd quarter of 2009

MAKATI, Philippines, 17 June 2009 The 20,000 km-long Asia America Gateway (AAG) submarine cable network is scheduled to be operational in August this year, according to PLDT. It added that the AAG consortium project management is seeing to it that the entire system is properly installed. PLDT said that despite challenges, such as bad weather and the like, the consortium has ensured that the quality of engineering and installation work is not compromised.

A member of the AAG Consortium which was formed in April 2007 to build this high-bandwidth fiber optic submarine cable system, PLDT said the construction of the Philippine Terminal Station, as well as the other terminal stations comprising the AAG cable project, has been completed. The other terminal stations are located in Malaysia, Singapore, Thailand, Brunei, Vietnam, Hong Kong, Guam, Hawaii and US Mainland.

All land cable installation works have been installed and majority of the submarine cable portion have been laid. Those remaining submarine cable installation work is expected to be completed this month. Network testing is expected to begin immediately after the completion of the remaining submarine installation works.

The AAG consortium is composed of PLDT, AT&T Corp. (USA), Bayan Telecommunications Inc. (Philippines), Bharti AirTel (India), Government of Brunei Darussalam (Brunei), British Telecom Global Network Services (UK), CAT Telecom (Thailand), Eastern Telecommunications Philippines Inc. (Philippines), FPT Telecom (Vietnam), PT Indosat (Indonesia), PT Telkom (Indonesia), Saigon Postel Corporation (Vietnam), StarHub (Singapore), Telekom Malaysia (Malaysia), Telcotech Limited (Cambodia), Telstra (Australia), Telecom New Zealand International (New Zealand), Viettel (Vietnam), and Vietnam Post & Telecommunications Group of Vietnam (Vietnam).
