SAPIENS ANNOUNCES AGREEMENT

WITH F.I.D. HOLDINGS AND ISRAEL DISCOUNT BANK

Research Triangle Park, N.C. April 8, 2004 Sapiens International Corporation N.V. (NASDAQ and TASE: SPNS) today that it has entered into an agreement (the Agreement) with F.I.D. Holdings Ltd. (FID), a company controlled by First International Mezzanine Investors Ltd. (FIMI), and Israel Discount Bank Ltd. (IDB, and together with FID, the Investors) for the modification of an existing put option, whereby Sapiens has agreed to the payment of cash, the issuance of common shares of the Company and of warrants to purchase additional common shares.

In April 2000, FID and IDB invested \$15 million in eZoneXchange.com, a Sapiens subsidiary, and were granted the right to require Sapiens to repurchase their shares in the subsidiary beginning May 2004 in exchange for both cash and Sapiens shares. In February 2001, Sapiens agreed to a partial exercise of the put option resulting in a payment to the Investors of \$4.5 million.

The new Agreement is intended to restructure the remaining portion of the put option by extending the time Sapiens has for fulfilling the terms of the put option. Sapiens has agreed to issue the Investors, in a private placement, 750,000 common shares and warrants to purchase 350,000 more common shares at an exercise price of \$4.00 per share. In addition, Sapiens will pay the Investors in two annual installments a total of \$8.6 million plus interest at 7.5% a year by May 1, 2005.

About Sapiens

Sapiens International Corporation (NASDAQ and TASE: SPNS), a member of the Formula Group (NASDAQ: FORTY and TASE: FORT), is a leading global provider of proven IT solutions that modernize business processes and enable insurance organizations to adapt quickly to change. SAPIENS AND IBM TO UPGRADE MAKEFET'S BUSINESS SYSTEMS

*Building a Comprehensive, Internet-Based Pension,
Savings and Life and Health Insurance System*

Research Triangle Park, N.C. April 29, 2004 Sapiens International Corporation N.V. (NASDAQ and TASE: SPNS) and IBM Global Services Ltd. today announced an agreement to upgrade the business systems of Keren Makefet, A&B, New and Old Pension & Provident Funds into a fully integrated platform that addresses the dynamic challenges of a modern pension fund. The system will be completed in the first half of 2005.

The new system is an implementation of Sapiens Life & Pension INSIGHT, a comprehensive pension, savings, life and health insurance solution. The solution will allow Makefet to offer integrated financial products while shortening time to market, increasing cost-efficiencies and enabling customer-centric management. It includes product management, individual and collective pension and providence fund administration, billing and collection and funds revaluation.

Sapiens Life & Pension INSIGHT is a dynamic and highly customizable solution that will give Makefet an edge in the very competitive and regulated pension market in Israel. The base platform is in operation today at Allianz Swiss Life and Pensions Company in Switzerland and is currently being implemented at Menora Insurance Company in Israel.

According to Guy Hadari, Finance & Telecom Sector Leader of IBM Israel, The Makefet deal is another representation of the continuing successful cooperation between Sapiens and IBM. It is part of a full scale plan to benefit from the new regulation changes that have created business opportunities in the financial services industry in Israel.

Ruvik Barkan, Managing Director of Sapiens Israel said: We look forward to helping Makefet increase its competitive advantage in the dynamic Israeli marketplace. The flexibility and power of our solution allows us to

implement this and future projects in a short time frame.

EXHIBIT C

SAPIENS ANNOUNCES Q1 2004 RESULTS

The Company reports net loss for the quarter

Slower than anticipated penetration of the insurance industry

Research Triangle Park, N.C. May 12, 2004 Sapiens International Corporation N.V. (NASDAQ and TASE: SPNS) today announced its unaudited results of operations for the first quarter ended March 31, 2004.

Revenues in the first quarter of 2004 totaled \$12.6 million compared with \$12.1 million in the first quarter of 2003. Gross profit margin was 45.7% compared with 38.6% in the first quarter of 2003. The Company reported an operating loss of \$0.3 million compared with a loss of \$2.2 million in Q1 2003. Net loss for the quarter was \$1.3 million compared with a loss of \$2 million in the first quarter of 2003.

Compared to the last quarter of 2003, revenues decreased from \$13.5 million to \$12.6 million and gross profit margin decreased from 49.6% to 45.7%. The Company reported an operating loss of \$0.3 million in the first quarter of 2004 compared with operating income of \$0.5 million in the fourth quarter of 2003, and a net loss of \$1.3 million compared with net income of \$0.15 million in the previous quarter.

Itzick Sharir, President and Chief Executive Officer of Sapiens, commented:

We are, of course, disappointed with our results for the quarter. In spite of improvements compared to the same quarter last year, we have experienced a decline in revenues compared with the previous quarter and a return to reporting losses. This situation is the outcome of delayed decisions on potential new contracts, the loss of several important opportunities and a decline in non-strategic revenues which we believe to be temporary. This creates a new situation, one that we could not anticipate in our forecasts only a few months ago when we demonstrated our capacity to return to profitability and projected that we would be more advanced in our penetration of the insurance industry, our strategic growth engine.

We continue to push forward with the same passion and belief in our strategy and in our ability to eventually grow the business, turn profitable again and generate satisfactory growth and returns to our shareholders. As is now apparent, this process will take more than originally planned and will require continued efforts in taking our insurance solutions to market.

We are taking action to focus our marketing and selling efforts and at the same time are determined in further reducing the expenses of our operation. We now believe we can return to profitability toward the end of the year. We continue to service our existing and new customers with very high quality of delivery. Our ability to maintain positive cash flow is a strong indication of both confidence by our satisfied customers and of our tight control on expenses.

Q1 04 CONFERENCE CALL:

Sapiens International will hold a **Conference Call** to discuss the results on **Wednesday, May 12th, 2004, at 09:00AM (EST)**

To participate, please call:
