VOTING PROCEDURES

YOUR VOTE IS VERY IMPORTANT

Our Annual Meeting this year is being held at our European Headquarters

## Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

offices, which reflects the importance of our European business, including the recent acquisition of Silec Cable, S.A.S. in France, to our global business. Proceedings are also being transmitted to our World Headquarters in Kentucky and shareholders will be able to participate in the Annual Meeting in the same way as before.

Whether or not you plan to attend our Annual Meeting, please take the time to vote either by the Internet or telephone using the instructions on the proxy card or by completing and mailing the enclosed proxy card as soon as possible. If you decide to vote using the proxy card, you must sign, date and mail it and indicate how you want to vote. If you do not so indicate, your proxy will be voted as recommended by the Board of Directors.

### RECORD DATE

Holders of record of General Cable common stock, par value \$0.01 per share, at the close of business on March 20, 2006 (the "Record Date") will be entitled to notice of the Annual Meeting and to vote at the Annual Meeting and at any adjournments. At the Record Date, 50,462,338 shares of common stock were issued and outstanding.

### HOW TO REVOKE YOUR PROXY

If you later wish to revoke your proxy, you may do so by (1) sending a written statement to that effect to the Secretary of General Cable at the above address; (2) submitting a properly signed proxy having a later date; (3) making an oral revocation by telephone using the telephone voting instructions on the proxy card; or (4) voting in person at the Annual Meeting at our European or World Headquarters offices.

### VOTE REQUIRED AND METHOD OF COUNTING VOTES

- NUMBER OF SHARES OUTSTANDING. At the close of business on the Record Date, there were 50,462,338 shares of common stock outstanding and entitled to vote at the Annual Meeting.

-1-

- VOTE PER SHARE. You are entitled to one vote per share on matters presented at the Annual Meeting. Shareholders do not have cumulative voting rights in the election of directors.
- QUORUM. A majority of outstanding shares, present or represented by proxy, makes a quorum for the transaction of business at the Annual Meeting. Abstentions and "broker non-votes" (i.e., when a broker does not have authority to vote on a specific issue) are counted as present for purposes of determining a quorum.
- VOTE REQUIRED. The following is an explanation of the vote required for each of the two items to be voted on at the Annual Meeting.
- ABSTENTIONS AND BROKER NON-VOTES. Abstentions and broker non-votes will have no legal effect on the election of directors. Abstentions will have the effect of a vote against Proposal 2. Member firms of the New York Stock Exchange ("NYSE") have authority to vote in their discretion on Proposals 1 and 2 as routine items in the absence of a voting directive from a beneficial owner of the stock. Broker non-votes will not count as votes against any proposal at the Annual Meeting.

### PROPOSAL 1 ELECTION OF DIRECTORS

Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

The nominees receiving the highest number of votes will be elected. If you do not wish your shares to be voted for a nominee, you may withhold votes using the telephone voting instructions on the proxy card or you may withhold votes by indicating in the space provided on the proxy card.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF AUDITORS

The affirmative vote of a majority of shares present in person or by proxy is required for approval of Proposal 2.

DISCRETIONARY VOTING POWER

The Board knows of no other matters to be presented for shareholder action at the Annual Meeting. In addition, on matters raised at the Annual Meeting that are not covered by this Proxy Statement, the persons named in the proxy card will have full discretionary authority to vote unless a shareholder has followed the advance notice procedures discussed below under "Nominees for Director." If any nominee for election as a director becomes unable to accept nomination or election, which we do not anticipate, the persons named in the proxy will vote for the election of another person recommended by the Board.

-2-

ELECTION OF DIRECTORS  
(Proposal 1)

NOMINEES FOR DIRECTOR

Two directors will be elected at the 2006 Annual Meeting.

Under General Cable's Certificate of Incorporation, the Board is divided into three classes of Directors serving staggered three-year terms. Each class is to be as nearly equal in number as reasonably possible. Terms of office for Directors were set up so that the initial term of office of Class I directors expired at the 1998 annual meeting; the initial term of Class II directors expired at the 1999 annual meeting; and the initial term of Class III directors expired at the 2000 annual meeting. This year, at the 2006 Annual Meeting, the term of the Class III directors expires. There are currently two Class III directors. Directors elected to succeed directors whose terms have expired have a term of office lasting three years and until their successors are elected. Class I and Class II directors will serve until the 2007 and 2008 Annual Meetings, respectively, and until their successors are elected and qualified or until their earlier resignation or removal.

Set forth below is certain information relating to the persons who were nominated by the Board of Directors on February 7, 2006, for reelection as Class III directors at the Annual Meeting. Also set forth below is information about Class I and Class II continuing directors. The information is based on data furnished to General Cable by the individual directors. The new term of office for each nominee runs from the 2006 Annual Meeting until the Annual Meeting of Shareholders to be held in 2009 and until his successor shall have been elected and qualified.

### THE BOARD, ITS COMMITTEES AND MEETINGS

The General Cable Board of Directors meets regularly during the year. In 2005, the Board of Directors held five regular meetings and three special meetings. As a matter of policy, the Company expects directors to attend each Annual Meeting, and in 2005, all directors attended the Annual Meeting. The Board currently has five members; there is one vacancy as a result of a resignation. The Board has determined that Messrs. Lawton, Omtvedt, Smialek and Welsh, who are not employees of the Company, are independent under the rules issued by the NYSE. General Cable has three standing Committees, which are the Audit Committee, the Compensation Committee, and the Corporate Governance Committee which meet regularly. In 2005, each director attended at least 75% of the total number of meetings of the Board of Directors and of the Committees on which he served. The Board of Directors held eight meetings in 2005.

-5-

The Board generally will have six regularly scheduled meetings a year for the non-management directors without management present. These sessions usually take place around regularly scheduled Board meetings. The Nonexecutive Chairman will preside at such meetings. The non-management directors also may meet without management present at other times as are determined by the Nonexecutive Chairman.

Shareholders may communicate with the Board, including the Nonexecutive Chairman and the independent directors on matters of interest. The Company has established a special email address and telephone number for these communications which are posted on the Company's website ([www.generalcable.com](http://www.generalcable.com)) via the Investor Relations page. The telephone number is (859) 572-8000; the email address is [info@generalcable.com](mailto:info@generalcable.com). The email address and telephone number are posted on the Company's website. Shareholders may also contact the directors anonymously by using the special email address and telephone number. Communications to these directors initially will be reviewed by the Secretary

## Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

and routed to the Chairman or a Board Committee as appropriate.

The current fee schedule for General Cable directors, paid only to directors who are not officers or employees of General Cable, is as follows: annual retainer fee of \$85,000, payable at least one-half in common stock of General Cable (which must be deferred into the Company's Deferred Compensation Plan) and up to one-half in cash (which may be deferred into the Company's Deferred Compensation Plan). The Chairman of the Audit Committee also will receive an annual retainer fee of \$10,000 in cash. Outside directors are reimbursed for related out-of-pocket expenses for attendance at Board and Committee meetings. In order to be eligible to receive the retainer, a director must have attended at least 75% of the Board meetings in the prior year, unless attendance was excused by the Chairman.

Each outside director is eligible to receive an annual grant of 2,500 options to acquire General Cable common stock at the stock's fair market value when granted. These options generally vest over three years. In February 2006, the Compensation Committee awarded each outside director 2,500 options on common stock as part of their compensation for services.

In addition, John E. Welsh, III, who has served as Nonexecutive Chairman of the Board since August 2001, is entitled to annual compensation for his services as Chairman. This additional compensation is equal to the amount paid to non-employee directors for regular director service. Also, as part of this compensation, the Compensation Committee in February 2006 awarded Mr. Welsh 2,500 options to purchase General Cable common stock.

During 2005, shares of common stock issued to pay director retainer fees and awards were drawn from the 1997 Stock Incentive Plan until approval by stockholders of the General Cable Corporation 2005 Stock Incentive Plan in May 2005. Thereafter, all issuances and awards were, and future issuances will be, drawn from the shareholder-approved 2005 Stock Incentive Plan.

The membership and functions and other relevant information relating to each Committee are described below:

**Audit Committee:** Consists of Craig P. Omtvedt (Chairman), Gregory E. Lawton, Robert L. Smialek and John E. Welsh, III, who are independent under the rules of the NYSE. The Committee assists in Board oversight of the integrity of the Company's financial statements, the Company's compliance with legal requirements and performance of the Company's internal audit functions and independent auditors. This Committee also determines the independent registered public accounting firm that General Cable retains as its independent auditor. None of the members of the Committee are officers or employees of General Cable. The Audit Committee met ten times in 2005. The Board of Directors has determined that

-6-

each of the members of the Committee named above is an Audit Committee financial expert under rules of the Securities and Exchange Commission ("SEC").

The Audit Committee has adopted formal preapproval policies and procedures relating to the services provided by its independent auditor consistent with requirements of the SEC Rules. Under the Company's preapproval policy, all audit and permissible non-audit services provided by the independent auditors must be preapproved. The Audit Committee will generally preapprove a list of specific services and categories of services, including audit, audit-related and other services, for the upcoming or current fiscal year. Any services that are not included in the approved list of services must be separately preapproved by the Audit Committee. The Committee delegates to the Chairman

## Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

the authority to approve permitted audit and non-audit services to be provided by the independent auditor between Committee meetings for the sake of efficiency. The Committee Chairman reports any such interim preapproval at the next meeting of the Committee.

### REPORT OF THE AUDIT COMMITTEE

General Cable's Audit Committee is furnishing the following report under the rules of SEC:

The Audit Committee provides oversight relating to the integrity of the Company's financial reporting process, its compliance with legal and regulatory requirements and the quality of its internal and external audit processes. The role and responsibilities of the Audit Committee are set forth in a written Charter adopted by the Board, which is attached as Appendix A to this Proxy Statement. The Audit Committee Charter is posted on the Company's website ([www.generalcable.com](http://www.generalcable.com))\* and is accessible via the Investor Relations page. It is also available in print to any shareholder on request to the Corporate Secretary at General Cable's World Headquarters at 4 Tesseneer Drive, Highland Heights, Kentucky 41076. The Audit Committee reviews its Charter annually.

The Audit Committee is responsible for overseeing the Company's overall financial reporting process. In fulfilling its responsibilities for calendar 2005, the Audit Committee:

- Reviewed and discussed the audited financial statements for the year ended December 31, 2005, with management and Deloitte & Touche LLP, the member firms of Deloitte & Touche Tohmatsu, and their respective affiliates (together, the "Deloitte Entities"), the Company's independent auditors;
- Discussed with the Deloitte Entities the matters required to be discussed by Statement on Auditing Standards No. 61, as amended or modified, relating to the conduct of the audit;
- Received written disclosures and the letter from the Deloitte Entities regarding their independence as required by Independence Standards Board Standard No. 1. The Audit Committee discussed with the Deloitte Entities their independence; and
- Exercised oversight in other areas relating to the financial reporting and audit process that the Committee determined appropriate, including the Company's compliance program relating to Section 404 of the Sarbanes-Oxley Act and the Company's risk assessment and risk management programs.

-----  
\* Information on this website is not and should not be considered part of this Proxy Statement and is not incorporated by reference.

-7-

Based on the Audit Committee's review of the audited financial statements and discussions with management and the Deloitte Entities as discussed above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC.

Audit Committee:  
Craig P. Omtvedt, Chairman  
Gregory E. Lawton

## Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

Robert L. Smialek  
John E. Welsh, III

Compensation Committee: Consists of Robert L. Smialek (Chairman), Gregory E. Lawton, Craig P. Omtvedt, and John E. Welsh, III. The Compensation Committee reviews and acts on General Cable's executive compensation and employee benefit plans and programs, including their establishment, modification and administration. It also determines the compensation of the Chief Executive Officer and other executive officers. None of the members are officers or employees of General Cable; all are independent under the rules of the NYSE. The Compensation Committee's charter is posted on the Company's website via the Investor Relations page. It is also available in print to any shareholder on request to the Corporate Secretary at General Cable's World Headquarters. The Compensation Committee met three times in 2005.

Corporate Governance Committee: Consists of Gregory E. Lawton (Chairman), Craig P. Omtvedt, Robert L. Smialek and John E. Welsh, III. The Corporate Governance Committee considers and recommends nominees for election as directors, appropriate director compensation, and the membership and responsibilities of Board committees. It conducts, in conjunction with the Compensation Committee, an annual performance evaluation of the Chief Executive Officer and sets performance objectives for the CEO. The Corporate Governance Committee also reviews management development and succession policies and practices. A copy of the Corporate Governance Committee's charter is available on the Company's website via the Investor Relations page. It is also available in print to any shareholder on request to the Corporate Secretary at General Cable's World Headquarters. In addition, the Corporate Governance Committee provides oversight with regard to the Company's Code of Business Conduct and Ethics that applies to its directors, officers, and employees. A copy of the Code of Business Conduct and Ethics is available on the Company's website via the Investor Relations page. It is also available in print to any shareholder on request to the Corporate Secretary at General Cable's World Headquarters. None of the members of the Corporate Governance Committee are officers or employees of General Cable; all are independent under the rules of the NYSE. The Corporate Governance Committee met six times in 2005.

The Corporate Governance Committee as noted is responsible for considering and recommending nominees for election as director. In carrying out its duties, the Corporate Governance Committee engages third-party search firms to assist in identifying and assessing qualifications of director candidates. Director qualifications and related responsibilities are set forth in the Company's Corporate Governance Principles and Guidelines. The Guidelines are posted on the Company's website via the Investor Relations page. Under these Guidelines, the Corporate Governance Committee expects that directors of the Company should possess the highest personal and professional values, ethics, and integrity and should be committed to represent and advance the long-term interests of the Company's shareholders. Directors must have an inquisitive and objective perspective, practical experience and maturity of judgment. General Cable aims to have a Board representing diverse experience in business, finance, technology, and other disciplines relevant to the Company's business activities.

-8-

Directors of our Company are also expected to attend all scheduled Board and Committee meetings and to be prepared for the meetings by reviewing the materials provided to them in advance of the meetings. Directors must be willing to devote sufficient time to carry out their duties and responsibilities effectively and should be committed to serve on the Board for an extended period of time. Directors should offer their resignation in the

## Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

event of any significant change in their personal circumstances, including a change in their principal job responsibilities that would adversely affect their ability to fulfill their duties and responsibilities as directors. Further, directors who also serve as CEO or in equivalent positions should not serve on more than two boards of public companies in addition to the General Cable Board, and other directors should not serve on more than four other boards of public companies. Current positions in excess of those limits may be maintained unless the Board determines that doing so would impair the director's service on the Company's Board. Lastly, the Board does not believe that arbitrary term limits on directors' service are appropriate, nor does it believe that directors should expect to be renominated annually until they reach retirement age. The Board does believe that 70 is an appropriate retirement age for outside directors. However, the Board will utilize its own self-evaluation process as an important determinant of Board tenure.

Each year, the Corporate Governance Committee recommends a slate of nominees to the Board which proposes nominees to the shareholders for election to the Board. In connection with its recommendations, the Corporate Governance Committee considers whether the director candidates have the requisite qualifications and skills that are identified above and the commitment and willingness to serve on the Board in accord with the Company's Corporate Governance Principles and Guidelines.

The Corporate Governance Committee also will consider shareholder suggestions for nominees when submitted in accord with the provisions of our Bylaws. Under General Cable's Bylaws, shareholders may present any proposals for shareholder vote, including the election of directors, by following the advance notice procedure described below. Under this procedure, the only candidates eligible for election at a meeting of shareholders are candidates nominated by or at the direction of the Board of Directors and candidates nominated at the meeting by a shareholder. Shareholders will be given a reasonable opportunity at the Annual Meeting to nominate candidates for the office of director. The Bylaws require that a shareholder wishing to nominate a director candidate must first give the Secretary of General Cable a written nomination notice at least sixty (60) days before the date of the Annual Meeting.

The nomination notice must set forth the following information as to each individual nominated:

- The name, date of birth, business address and residence address of the individual;
- The business experience during the past five years of the nominee, including his or her principal occupations and employment during such period, the name and principal business of any corporation or other organization in which those occupations and employment were carried on, and additional information about the nature of his or her responsibilities and level of professional competence which permits an assessment of the candidate's prior business experience;
- Whether the nominee is or has ever been at any time a director, officer or owner of 5% or more of any class of capital stock, partnership interests or other equity interest of any corporation, partnership or other entity;
- Any directorships held by the nominee in any company with a class of securities registered under Section 12 of the Securities Exchange Act of 1934, as amended, or covered by Section 15(d) of that Act or any company registered as an investment company under the Investment Company Act of 1940, as amended; and

- Whether, in the last five years, the nominee was convicted in a criminal proceeding or has been subject to a judgment, order, finding or decree of any federal, state or other governmental entity concerning any violation of federal, state or other law, or any proceeding in bankruptcy, which conviction, order, finding, decree or proceeding may be material to an evaluation of the ability or integrity of the nominee.

The nomination notice must also provide the following information about the person submitting the nomination notice and any person acting in concert with that person: (1) the name and business address of that person, (2) the name and address of that person as they appear in the Company's books, and (3) the class and number of General Cable shares that are beneficially owned by that person. The nomination notice must include the nominee's signed written consent to being named in a proxy statement as a nominee and to serve as a director if elected. If the presiding officer at any shareholder's meeting determines that a nomination was not made in accord with these procedures, he or she will so declare to the meeting and the defective nomination will be disregarded.

The Board of Directors recommends that shareholders vote FOR the election of the nominees for director.

BENEFICIAL OWNERSHIP OF SHARES BY MANAGEMENT

SHARE OWNERSHIP GUIDELINES FOR DIRECTORS AND EXECUTIVE OFFICERS

The Board of Directors, on March 28, 2005, adopted Share Ownership Guidelines (the "Guidelines") for directors and the executive officers listed in the Summary Compensation Table. Under the approved Guidelines, Directors will be required to obtain ownership of shares of common stock equal to three (3) times the amount of the cash retainer paid to non-employee directors for their service as directors within five (5) years from adoption or from their date of appointment. (See the Board, its Committees and Meetings on pages 5-7.) All non-employee directors meet these Guidelines.

In addition, executive officers are required to obtain ownership of shares of common stock equal to a multiple of base salary within five (5) years of the adoption of the Guidelines or from the date of election in case of a new executive officer, as follows: Chief Executive Officer, multiple of five (5) times base salary; other executive officers, multiple of three (3) times base salary. Each of the listed executive officers has ownership of common stock exceeding these Guidelines, which the Board believes represent prevailing sound practice based in part on the advice of the independent consultant to the Compensation Committee.

For purposes of the Guidelines, shares which qualify to be included are common shares acquired individually with personal funds, grants and awards under incentive plans, and shares held by the individuals in Company retirement and savings, and deferred compensation plans. Options to purchase common stock are not included for this purpose. The Compensation Committee of the Board intends to review the Guidelines annually to determine if the requirements are being met, and to consider whether action should be taken to address any non-compliance, including involuntary payment of incentive awards in restricted common stock at the discretion of the Compensation Committee.

TRANSACTIONS WITH THE COMPANY

In October 1998, the Board of Directors approved the Stock Loan Incentive Plan ("SLIP"). Under the SLIP, executive officers and General Cable key employees were provided the opportunity to purchase General Cable common stock worth an aggregate of \$6.12 million in the open market using funds loaned by the Company. Loans made were full-recourse loans which matured in five years when they were required to be repaid with accrued interest. The loans bore interest at 5.12%, the applicable federal rate provided by the Internal Revenue Service in October 1998. Dividends on common stock purchased by participants were applied to reduce interest on the loans. In addition, participants were awarded a long-term incentive of one restricted stock unit for each share of stock purchased, which award vested in five years.

On June 10, 2003, Messrs. Kenny, Virgulak and Siverd each repaid in full their outstanding loans from the Company under the SLIP in the respective amounts of \$752,909, \$501,914, and \$501,914; the Plan is no longer in effect with respect to these executive officers. The Company accepted as partial payment for the loans common stock owned by the executive officers and restricted stock units previously awarded under the SLIP.

### EMPLOYMENT AND CHANGE-IN-CONTROL AGREEMENTS

#### Employment Agreements

Below are summary descriptions of the separate employment agreements between General Cable (and certain subsidiaries) and Messrs. Kenny, Virgulak and Siverd as amended (each an "Employment Agreement").

Messrs. Kenny, Virgulak and Siverd have Amended and Restated Employment Agreements with three-year terms beginning October 18, 1999 with automatic one-year extensions unless General Cable or the executives elect not to extend. Each executive earns a base salary approved by the Compensation Committee and has an opportunity to earn a bonus for attainment of specified performance goals approved by the Compensation Committee under the 1999 Incentive Bonus Program and any performance-based bonus program for senior executives applicable after 1999. Upon termination of employment, each executive will be entitled to any bonus deferred for any year prior to the year in which termination of employment occurs in addition to any accrued and unpaid base salary and benefits under the existing plans (other than severance benefits). Furthermore, in case of a termination due to death or Disability, by General Cable other than for Cause or by the executive for Good Reason (as defined), the executive receives immediate vesting and lapsing of restrictions on unvested stock awards under the applicable agreements, and has no obligation to repay any unearned portion of the retention award made in 2003 shown in the Summary Compensation Table. In case of a termination by General Cable other than for Cause or by the executive for Good Reason, the Employment Agreement also provides for a payment equal to a multiple (the "Multiplier") of the sum of his base salary and the target bonus under the Annual Incentive Plan applicable to the year termination occurs subject to a minimum target. The executives are also entitled to their continuation as a participant in General Cable's executive health and welfare benefit plans for the number of years represented by the Multiplier.

The differences among these agreements are as follows: Mr. Kenny who serves as President and Chief Executive Officer is entitled to an annual salary of \$700,000 and has a Multiplier of three (3). Mr. Virgulak who serves as Executive Vice President and Chief Financial Officer is entitled to an annual salary of \$352,260 and has a Multiplier of two (2). Mr. Siverd who serves as Executive Vice President, General Counsel and Secretary is entitled to an annual salary of \$348,676 and has a Multiplier of two (2).

In July 2003, each executive officer entered into an amendment to his Employment Agreement related to the retention awards described in the Summary Compensation Table. The amendment provides that the amount of the retention award is earned one-third each year for each full year of employment after July 2003, and that if the executive's employment were terminated at his option other than for Good Reason (or under the Change-in-Control Agreement described below), the executive will be required to repay the unearned portion of the retention award.

#### Change-in-Control Agreements

## Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

Below are summary descriptions of the Amended and Restated Change-in-Control Agreements between General Cable and each of Messrs. Kenny, Virgulak and Siverd dated April 28, 2000 (the "Change-in-Control Agreements").

-15-

The Change-in-Control Agreements provide benefits if the executive's employment is terminated by General Cable or General Cable's subsidiaries or by General Cable's successor without Cause (as defined). Benefits are also payable if the executive terminates his employment with General Cable or General Cable's subsidiaries or with General Cable's successor for any one of certain specified events detrimental to the executive ("Good Reason") and the termination occurred within six (6) months before, or, in the case of Messrs. Virgulak or Siverd, within two (2) years after, or, in the case of Mr. Kenny, within three (3) years after, any one of certain specified events producing a change in control of General Cable (a "Change-in-Control").

In that case, the executive would receive a payment equal to a specified multiple of the sum of (i) the executive's annual base salary at the time of the termination of the executive's employment (or, in the case of a termination of employment for Good Reason based on a reduction of his annual base salary, the annual base salary in effect immediately prior to such reduction) and (ii) the executive's target annual bonus applicable to the year in which employment is terminated or the year in which the Change-in-Control occurs, whichever is greater. There is a fixed minimum Annual Incentive Plan percentage target for each executive. Further, upon a Change-in-Control, the Change-in-Control Agreements provide that the Company would release the executive from any obligation to repay the unearned portion of the retention award made in 2003 set forth in the Summary Compensation Table, would make a gross-up payment, if required, to cover excise tax due under Section 280G of the Internal Revenue Code, and would make any required contribution to fund the executive's accrued benefit under the Supplemental Executive Retirement Plan described on page 19.

In addition, General Cable or its successor agreed to continue the executive's participation in General Cable-sponsored executive health and welfare benefit plans until the earlier of the same specified multiple of 12 months following the date of the executive's termination of employment or the date the executive receives equivalent coverage and benefits under the plans of a subsequent employer. The multiples were as follows; Mr. Kenny -- three times, Mr. Virgulak and Mr. Siverd -- two times. Upon a Change-in-Control, restrictions on any unvested awards will become fully vested and immediately exercisable under the Company's Stock Incentive Plans.

Effective January 1, 2000, the Company adopted a defined benefit Supplemental Executive Retirement Plan (the "SERP") to cover key executives of the Company. The SERP generally provides for a target retirement benefit equal to 2.5% of final average pay times years of credited service (not greater than 20) to be paid upon retirement from the Company. The actual SERP benefit is the excess, if any, of the target benefit over the sum of (i) the annuity equivalent of the vested portion of employer contributions under General Cable's Retirement and Savings Plan (the "Retirement Plan") and the Benefit Equalization Plan (the "Equalization Plan") for the account of such employee (plus or minus aggregate investment gains or losses thereon) including employer provided matching contributions, (ii) amounts payable under the frozen defined benefit Retirement Income Guarantee Plan (the "RIGP"), and (iii) 50% of the

## Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

estimated age 65 retirement benefit payable under the Social Security Act. For purposes of the SERP, final average pay is defined as the average of the highest three consecutive years of compensation in the last five years. SERP compensation includes base salary plus cash incentive compensation, other forms of incentive bonuses and amounts deferred under the Retirement Plan. Service is credited under the Plan for the number of years and months of employment with the Company and its subsidiaries. In addition, service with a prior employer may also be recognized. If prior employer service is credited, the target benefit is also offset for prior employer benefits attributable to that service.

Under the SERP, participants have the right to elect a distribution option. The normal form is a life annuity, but the participant may elect (by December 31 of the year, which is at least two years prior to the year in which the participant terminates employment) among these options: joint and 100% survivor annuity, joint and 50% survivor annuity, ten year certain and life annuity, three annual installments, or single lump sum. The Committee appointed by the Board of Directors which administers the SERP must approve in advance any request for a single lump sum distribution.

General Cable terminated its former defined benefit plan as of December 31, 1985 and adopted the defined benefit RIGP as of January 1, 1986. For persons hired on or before January 1, 1986, the RIGP generally provides for an additional retirement benefit equal to the amount, if any, by which the total of the annuity equivalent of the employees accrued benefit under the former retirement plan at December 31,

-19-

1985, plus the annuity equivalent of the vested portion of General Cable's contributions under General Cable's Retirement Plan on the account of such employee (plus or minus aggregate investment gains or losses thereon) is less than the retirement benefit that the employee would have received if the former retirement plan had continued. Under the RIGP, the years of service, average compensation and social security entitlement used in calculating the retirement benefit for each participant were frozen as of December 31, 1993. Any compensation, years of employment or contributions to a participant's Retirement Plan after that date are not included in the benefit calculation.

General Cable's Equalization Plan generally makes up certain reductions caused by Internal Revenue Code of 1986 limitations in the annual retirement benefit determined pursuant to the RIGP and in General Cable's contributions on behalf of an employee pursuant to the Retirement Plan. Those amounts not payable under the RIGP, the former retirement plan, or the Retirement Plan due to such limitations would be payable under the Equalization Plan.

Estimated annual benefits under the SERP benefit formula are illustrated in the Pension Plan Benefit Table on page 19. The amounts were calculated under the single life annuity option form of pension, payable to participants at the normal retirement age of 65. The amounts shown in the table would be reduced by the annuity equivalent of the vested portion of General Cable's contributions under General Cable's Retirement Plan and the Equalization Plan, including employer provided matching contributions, and 50% of the estimated age 65 retirement benefit payable under the Social Security Act.

Messrs. Kenny, Virgulak and Siverd have 23, 18, and 22 full credited years, respectively, with General Cable and its subsidiaries, under the SERP (including any prior employer service credited). Mr. Kenny and Mr. Siverd have 12 and 11 full credited years of service, respectively, with General Cable and its subsidiaries, under the RIGP and the Equalization Plan, which represent a

## Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

carryover of their years of service with The Penn Central Corporation. All listed executive officers are 100% vested under the Retirement Plan and Equalization Plan. Mr. Kenny and Mr. Siverd are 100% vested under the RIGP.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

-----

General Cable has established a Compensation Committee (the "Committee"), whose members are four independent directors. The Committee is responsible for establishing the Company's compensation policy and making decisions regarding:

- Compensation for the Chief Executive Officer and the other named executive officers, including approving their base salaries and bonus amounts, target financial performance levels under annual incentive plans, and granting long-term incentive rewards and retirement benefits.
- Evaluation of the performance of the Chief Executive Officer and other executive officers of General Cable.
- Making recommendations to the Board of Directors concerning director and executive officer incentive and equity-based plans.

In carrying out its duties, the Committee draws on the resources of a compensation consultant retained in 2004 which is independent and reports directly to the Committee.

-20-

#### Executive Compensation Philosophy

-----

The Company's fundamental executive compensation objectives are to ensure that General Cable attracts and retains a talented executive team and key employees, and motivates them to take actions to continually enhance shareholder value. To implement this philosophy in 2005, the Company targeted base salaries at the 50th percentile of a broad survey of industrial companies of similar size, scope and complexity, and also used competitive benchmarking. For 2005, the Company also provided executives with the opportunity to receive total annual cash compensation at the 50th percentile if target business objectives were achieved, and an opportunity to earn rewards above that level if performance exceeded the specified 50th percentile targets. The Committee believes that Company incentive programs and awards (described below) are related to achievement of performance goals, which result in a significant percentage of total compensation being tied to financial objectives and measures linked directly to shareholder value. For 2006 compensation, the Committee is utilizing a comparative peer group, including General Cable competitors, for benchmarking compensation. The 2006 peer group is the same as was utilized in 2005.

In addition, during 2005 the Committee reviewed General Cable's executive compensation programs, including a review of tally sheets covering compensation of each of the executive officers and a review of the total cost of change-in-control provisions in various benefit plans for the Company's Leadership Team. Based on this review, the Committee is satisfied that current executive compensation programs reflect competitive market compensation practices and also take into account both relative pay and relative performance criteria.

#### Components of the Executive Compensation Program

-----

The compensation program for the Company's executive officers in 2005 consisted of the following components: (1) base salary; (2) annual incentive bonus; (3) long-term incentive compensation consisting of potential awards of restricted stock, stock options or both; and (4) executive retirement plans and personal benefits. The Company's incentive programs are the main elements of the total program that is designed to reward executives for short-term and long-term enhancements of shareholder value.

BASE SALARIES. The Committee reviews base salaries annually against a group of benchmark companies at the 50th percentile, and adjusts them as appropriate in light of Company performance, individual performance and the executive's position and level of responsibilities. As a result of this process, Mr. Kenny's annual base salary was increased to \$700,000 as of January 1, 2006, which reflected actual 2005 Company performance above business plan financial and operating performance metrics, as well as actions taken by Mr. Kenny to position the Company to benefit from acquisition opportunities, such as the Silec Cable acquisition. Mr. Siverd's base salary was increased to \$348,676 as of March 1, 2006 and Mr. Virgulak's base salary remained at \$352,260 at that date. The Committee believes that these executives' salaries, which have been benchmarked against comparable public companies, are appropriate. The Committee also takes into account individual and Company performance in setting salary levels.

Annual Incentives. For calendar year 2005, executive officers had the opportunity to earn cash rewards based on attainment of financial, operational and individual performance goals. Under the General Cable Annual Incentive Plan ("AIP"), the Committee at the beginning of each year, formally selects one or more performance objectives as targets for a particular year in light of business conditions and the Company's annual Business Plan, including factors such as levels of earnings per share, net income, and return on net operating assets. Incentive awards for 2005 performance made in early 2006 based on accomplishment of predetermined performance objectives under the AIP are included in the Summary Compensation Table on page 14.

-21-

Long-Term Incentives. The Company has used and continues to use restricted stock, stock options or a combination as long-term incentives to tighten the relationship between executive compensation and shareholder return to General Cable's investors. Grants of restricted stock and stock options for 2005 were made to executive officers and are shown in the Summary Compensation Table on page 14. The Committee considers at least annually whether additional grants of stock awards authorized under Company incentive plans are appropriate to increase corporate performance, to encourage increased ownership of the Company's stock by executive officers, and to foster retention of key executives. In developing the incentive reward program and in approving awards, the Committee evaluates the mix of awards and the relationship between short-term and long-term incentives in the total compensation program.

#### CHIEF EXECUTIVE OFFICER COMPENSATION

-----

Mr. Kenny served as President and Chief Executive Officer during 2005. Under his Employment Agreement, Mr. Kenny was paid an annual salary of \$660,000 based on Committee review and consideration of relevant competitive market data for chief executive officers. Mr. Kenny was also provided an opportunity to receive a bonus under the AIP equal to 95% of his base salary in 2005, and he was eligible to receive compensation above that level if actual performance

## Edgar Filing: GENERAL CABLE CORP /DE/ - Form DEF 14A

exceeded the objectives set by the Committee. For 2005, Mr. Kenny received an incentive award of \$940,500 under the AIP as Mr. Kenny significantly outperformed the performance goals set by the Committee in 2005. He also received a grant of restricted common stock and stock options, which are included in the Summary Compensation Table.

The Company and its subsidiaries also provide certain benefit programs in which the named executive officers participate, and the Committee periodically reviews the terms of these programs which cover executive officers and other key employees. The compensation for the executive officers for 2005 is detailed in this proxy statement. Mr. Kenny's participation in these programs reflects what the Committee believes is the participation that other executives at his level in benchmark companies would expect.

### POLICY UNDER SECTION 162(M)

-----

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to a corporation's Chief Executive Officer and the four other most highly compensated officers. Performance-based compensation that has been approved by shareholders, however, is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of preestablished, objective performance goals and the Board committee that establishes such goals consists only of "outside directors" (as defined under Section 162(m)). All members of General Cable's Compensation Committee qualify as "outside directors."

The Company's general policy is to optimize the deductibility of executive compensation so long as deductibility is compatible with the more important objectives of retaining executives and maintaining competitive and motivational performance-based compensation.

OTHER INFORMATION

Solicitation of Proxies  
-----

Solicitation of proxies is being made by management at the direction of General Cable's Board of Directors, without additional compensation, through the mail, in person or by telephone. The cost will be borne by General Cable. In addition, General Cable will request brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to the beneficial owners of shares held of record and General Cable will reimburse them for their expenses in so doing. General Cable has retained Mellon Investor Services LLC to aid in the solicitation of proxies for a fee of \$5,500 plus out-of-pocket expenses.

Section 16(a) Beneficial Ownership Reporting Compliance  
-----

Section 16(a) of the Securities Exchange Act of 1934 requires General Cable's directors and executive officers, and persons who own more than 10% of a registered class of equity securities, to file initial reports of ownership and reports of changes in ownership of General Cable common stock with the SEC. These persons are required by SEC regulations to furnish General Cable with copies of all Section 16(a) forms which they file. Based on review of the copies of forms furnished to General Cable and filed with the SEC, General Cable believes that all such SEC filings during 2005 complied with the reporting requirements.

APPENDIX A

GENERAL CABLE AUDIT COMMITTEE CHARTER

Purpose

-----

The Audit Committee's purpose is (A) to assist in Board oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent auditor's qualifications and independence, and (iv) the performance of the Company's internal audit function and independent auditor; and (B) to prepare an audit committee report as required by the SEC's rules for inclusion in the Company's annual proxy statements. If the Company does not file a proxy statement, the report will be included in the Company's annual report on SEC Form 10-K.

The Audit Committee is responsible for the duties and responsibilities set forth in this charter, but its role is one of oversight, and therefore, it is not responsible either for the preparation of the Company's financial statements or the auditing of the Company's financial statements. Management has the responsibility for preparing the financial statements and implementing internal controls and the independent auditors have the responsibility for auditing the financial statements and monitoring the effectiveness of the internal controls, subject, in each case, to the oversight of the audit committee described in this charter.

Composition

-----

There will be a committee of the board of directors (the "Board") to be known as the Audit Committee which will be composed of at least three (3) directors, each of whom will satisfy the independence and financial literacy requirements of the New York Stock Exchange and all other applicable regulatory requirements, subject to the effective dates and relevant transition periods. In addition, at least one member of the Audit Committee will have the required accounting or related financial management expertise as the Board interprets such qualification in its business judgment. No member of the Audit Committee will simultaneously serve on the audit committee of more than three public companies unless the Board determines that the simultaneous service would not impair the ability of the Audit Committee member to effectively serve on this Audit Committee and discloses the determination in the Company's annual proxy statement or, if the Company does not file an annual proxy statement, in the Company's annual report on Form 10-K filed with the SEC.

The Non-Executive Chairman upon consultation with other members of the Board will elect or appoint a chairperson of the Audit Committee (or, if he does not do so, the Audit Committee members will elect a chairperson by vote of a majority of the full committee). The Audit Committee chairperson will have authority to act on behalf of the Audit Committee between meetings.

Meetings

-----

The Audit Committee will meet on a quarterly basis each year and more frequently as circumstances require. One or more meetings may be conducted in whole or in part by telephone conference call or similar means if it is impracticable to obtain the personal presence of each Audit Committee member. The Company will make available to the Audit Committee, at its meetings and otherwise, individuals and firms as may be designated from time to time by the Audit Committee, such as members of management including (but not limited to) the internal audit and accounting staff, the independent auditors, inside and outside counsel, and other individuals or firms (whether or not employed by the Company and including any corporate governance employees and individuals or entities performing internal audit services as independent contractors).
