Dear Vialta Stockholder:

You are cordially invited to attend a special meeting of the stockholders of Vialta, Inc. to be held on _____, 2005 at _____ a.m., local time, at the Fremont Marriott, 46100 Landing Parkway, Fremont, CA 94538.

At the special meeting, you will be asked to consider and vote upon a proposal to approve and adopt the merger agreement between Vialta and Victory Acquisition Corp., a company controlled by Vialta's chairman, Fred S.L. Chan, and the merger contemplated thereby. You will also be asked to consider and vote upon a proposal to adjourn the special meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of the special meeting to approve the merger agreement.

Under the terms of the proposed merger, all stockholders of Vialta, other than Victory Acquisition Corp. and Fred S.L. Chan, his wife Annie M.H. Chan, trusts established for the benefit of their children and a related entity, who are, directly or indirectly, investors in Victory Acquisition Corp. (the participating stockholders) as well as stockholders who have perfected or not lost or waived the benefit of appraisal or dissenters' rights, would receive \$0.36 per share in cash, and Mr. Chan and the other participating stockholders would acquire 100% ownership of Vialta, Inc. Shares held by the company would be canceled without any payment.

The all-cash price of \$0.36 per share represents a 50% premium to the average closing price of Vialta common stock for the 30 days prior to the March 28, 2005 announcement of the offer and a 60% premium to the closing price of Vialta common stock on the day before the announcement of the merger.

Our Board of Directors, in accordance with the recommendation of a special committee of the Board of Directors, unanimously, with Mr. Chan abstaining, recommends that stockholders vote FOR approval and adoption of the merger agreement and the merger and FOR the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of the special meeting to approve the merger agreement. A Special Committee of independent directors was appointed to evaluate the merger, and after direct negotiations with Mr. Chan and careful consideration, including a thorough review with its independent advisors and the receipt of a fairness opinion from its independent financial advisor, unanimously determined that the merger is fair to and in the best interests of Vialta's stockholders other than the participating stockholders.

Your vote is very important to us. Approval and adoption of the merger agreement and the merger requires the affirmative vote of a majority of the shares outstanding as of _____, 2005, the record date for the special meeting. Accordingly, whether or not you plan to attend the special meeting in person, please complete, sign, date and return the enclosed proxy in the accompanying self-addressed postage pre-paid envelope (or, if your shares are held in _____ street name by a broker, nominee, fiduciary or other custodian, follow the directions given by the broker, nominee, fiduciary or other custodian regarding how to instruct it to vote your shares) as soon as possible.

The enclosed proxy statement provides you with detailed information about the proposed merger, the merger agreement and the special meeting. We urge you to read the entire document carefully, including information incorporated by reference and included in annexes.

Very truly yours,

Didier Pietri
Chief Executive Officer

In some cases, forward-looking statements may be identified by their incorporation of forward-looking terminology such as anticipate, believe, continue, estimate, expect, intend, may, should or will and other comparable words. Forward-looking statements are subject to risks and uncertainties, which could cause actual results or outcomes to differ materially from those currently anticipated. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including the matters discussed under **Forward Looking Statements** in Vialta's most recent annual report filed with the SEC, as well as factors relating to the proposed merger contained herein. The forward-looking statements included herein are made only as of the date of this proxy statement, and Vialta undertakes no obligation to publicly update such forward-looking statements to reflect subsequent events or circumstances. Notwithstanding the foregoing, in the event of any material change in any of the information previously disclosed, Vialta will, where relevant and if required by applicable law, update such information through a supplement to this proxy statement to the extent necessary.

SUMMARY TERM SHEET

*Vialta Inc. is delivering this statement to you in connection with its request that you consider and vote upon a proposal to approve and adopt the Agreement and Plan of Reorganization, dated as of March 28, 2005, by and between Victory Acquisition Corp. and Vialta, Inc. and the merger contemplated thereby which are referred to in this proxy statement as the merger agreement and the merger. The merger agreement provides for the merger of Victory Acquisition Corp. with and into Vialta. Vialta would be the surviving corporation in the merger, and, immediately following the merger, Fred S.L. Chan and members of his family and affiliated entities would have direct or indirect ownership of all of the outstanding capital stock of Vialta. This summary term sheet briefly describes the most material terms of the proposed merger and may not contain all of the information that is important to you. Vialta urges you to read carefully the entire proxy statement, including the information incorporated by reference and the annexes. You may obtain without charge copies of documents incorporated by reference into this proxy statement by following the instructions under **WHERE YOU CAN FIND MORE INFORMATION**. In this proxy statement, the terms *the company* and *Vialta* refer to Vialta, Inc. and the term *Victory* refers to Victory Acquisition Corp.*

A copy of the merger agreement has been included to provide you with information regarding its terms. It is not intended to provide any other factual information about us. Such information can be found elsewhere in this proxy statement and in the other public filings Vialta makes with the Securities and Exchange Commission, which are available without charge at www.sec.gov.

The merger agreement contains representations and warranties made by the parties to each other. The assertions embodied in those representations and warranties are qualified by information in confidential disclosure schedules that were exchanged in connection with signing the merger agreement. While we do not believe that they contain information securities laws require us to publicly disclose other than information that has already been so disclosed, the disclosure schedules do contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the attached merger agreement. Accordingly, you should not rely on the representations and warranties as characterizations of the actual state of facts, since they are modified in important part by the underlying disclosure schedules. These disclosure schedules contain information that has been included in Vialta's general prior public disclosures, as well as potential additional non-public information. Moreover, information concerning the subject matter of the representations and warranties may have changed since the date of the agreement, which subsequent information may or may not be fully reflected in the companies' public disclosures.

Parties Involved in the Proposed Transaction (page 50)

Vialta, Inc. Vialta is a Delaware corporation engaged in the business of designing and marketing a limited number of consumer electronics products. Vialta was incorporated in April 1999 as a wholly owned subsidiary of ESS Technology, Inc. It became a public company in August 2001, when it was spun off from ESS Technology, Inc. to operate as a stand-alone entity. Since the spin off, Fred S.L. Chan and members of the Chan family and related entities, have owned at least a 35% voting interest in Vialta.

Participating Stockholders The participating stockholders consist of Fred S.L. Chan, his wife Annie M.H. Chan, trusts established for the benefit of their children, and a related entity.

Victory Acquisition Corp. Victory Acquisition Corp. is a recently formed Delaware corporation established by the participating stockholders for the sole purpose of effecting the merger. The participating stockholders have contributed to Victory shares of Vialta common stock beneficially owned by them pursuant to the terms of a stock contribution agreement among Victory and the participating stockholders. The stock contribution agreement is attached to this proxy statement as Annex B. No cash merger consideration will be paid for shares that are exchanged for equity securities of Victory or for options held by the participating stockholders. In the merger, all shares of Victory common stock will be converted into Vialta common stock. As a result of the merger, the participating stockholders will collectively acquire 100% ownership of Vialta.

The Special Meeting (page 47)

Matters to be Considered (page 47) At the special meeting, stockholders will, among other things, consider and vote upon a proposal to approve the merger of Victory with and into Vialta and to approve and adopt the merger agreement.

Date, Time, Place (page 47) The special meeting will be held on _____, 2005 at _____ a.m., local time, at the Fremont Marriott, 46100 Landing Parkway, Fremont, CA 94538.

Record Date (page 48) Vialta has fixed _____, 2005 as the record date for the special meeting. Only holders of record of Vialta common stock as of the close of business on the record date are entitled to notice of, and to vote at, the special meeting and any adjournment or postponement thereof.

Required Vote and Voting Rights (page 48) Stockholder approval of the merger agreement and the merger requires the affirmative vote of at least a majority of the shares outstanding as of the record date for the special meeting. Only holders of record of Vialta common stock as of the close of business on the record date, which Vialta has fixed at _____, 2005, are entitled to notice of, and to vote at, the special meeting and any adjournment or postponement thereof. The required vote for approval of the merger by Victory stockholders was the affirmative vote of at least a majority of the shares outstanding. The approval of the stockholders of Victory has already been obtained.

Voting Agreement (page 62) Victory has entered into a voting agreement with Vialta covering the shares of Vialta common stock it beneficially owns, representing 32,039,840 shares of common stock (or approximately 39% of the shares outstanding) providing, among other things, for such shares to be voted at the special meeting in favor of approval of the merger agreement. The voting agreement is attached to this proxy statement as Annex C. In addition, Vialta's directors and executive officers other than Mr. Chan own approximately 5% of Vialta's outstanding common stock, and have indicated to Vialta their intention to vote in favor of approval of the merger agreement and the merger.

How Shares are Voted (page 49) You may vote by attending the special meeting and voting in person by ballot or by completing the enclosed proxy card and then signing, dating and returning it in the postage pre-paid

envelope provided. Submitting a proxy now will not limit your right to vote at the special meeting if you decide to attend in person. If your shares are held of record in street name by a broker, nominee, fiduciary or other custodian and you wish to vote in person at the special meeting, you must obtain from the record holder a proxy issued in your name.

Table of Contents

Revocation of Proxies (page 49) You may revoke your proxy at any time before it is actually voted by submitting to the Secretary of the company a written notice of revocation, by delivering a duly executed proxy bearing a later date or by attending the special meeting and voting in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the special meeting, you must bring to the meeting a proxy from the broker, bank or other nominee authorizing you to vote the shares. Attendance at the special meeting will not, by itself, revoke a proxy. If you have given voting instructions to a broker, nominee, fiduciary or other custodian that holds your shares in street name, you may revoke those instructions by following the directions given by the broker, nominee, fiduciary or other custodian.

Structure of the Transaction (page 12)

The proposed transaction is a merger of Victory with and into Vialta, which will be the surviving corporation in the merger. Following the satisfaction or waiver of other conditions to the merger, the following will occur in connection with the merger:

all shares of Vialta common stock that are held (1) in the treasury of Vialta, (2) by any wholly-owned subsidiary of Vialta, (3) by Victory or (4) by any of the participating stockholders will be canceled and retired without any consideration payable therefor;

each other share of Vialta common stock issued and outstanding immediately before the merger becomes effective (other than any share as to which a dissenting stockholder has perfected or not lost the benefit of appraisal or dissenters' rights under California or Delaware law) will be converted into the right to receive \$0.36 in cash without interest;

each share of Victory common stock will be converted into a share of common stock of Vialta, as the surviving corporation in the merger; and

each vested stock option held at the effective time of the merger will be converted into the right to receive cash in respect of such stock option in an amount equal to the product of (1) the excess, if any, of the per-share merger consideration of \$0.36 over the per-share exercise price of such stock option, multiplied by (2) the number of shares subject to such stock option (which amount will be payable without interest, net of any withholding tax and subject to the option holder's having executed a written consent on a form provided by Vialta to the effect that the cash payment is in full consideration for the cancellation of such stock option). As a result of the transaction, unvested options held by Didier Pietri will accelerate in accordance with his stay bonus agreement and unvested options issued to directors will accelerate in accordance with the terms of the 2000 Directors Stock Option Plan.

The Merger

Financing (page 36) It is expected that Vialta will use its cash on hand to pay the merger consideration. It is a condition to Victory's obligation to complete the merger that Vialta have no less than \$14.5 million in cash and cash equivalents as of midnight on the day prior to the closing of the merger. As of March 31, 2005, the company had over \$21 million in cash and cash equivalents. As long as Vialta meets the minimum cash consideration, Victory has agreed to fund any shortfall in the merger consideration, up to a maximum of \$4 million and Fred S.L. Chan has agreed to lend up to \$4 million to Victory. See SPECIAL FACTORS Merger Financing and TRANSACTION AGREEMENTS Additional Contribution Agreement.

Certain Effects of the Merger (page 34) Among other results of the merger, all currently outstanding shares of Vialta will be cancelled and the stockholders of Vialta (other than the participating stockholders) will no longer have any interest in, and will no longer be stockholders of, Vialta and will not participate in any future earnings or growth of Vialta, and the participating stockholders will own, directly or indirectly, all of the outstanding shares of Vialta. Following the merger, Vialta common stock will no longer be publicly traded, and Vialta will no longer file periodic reports with the Securities and Exchange Commission (the SEC).

Table of Contents

The Participating Stockholders Plans for Vialta After the Merger (page 36) Fred S.L. Chan plans to continue to operate Vialta with a significantly reduced staff, selling the company's current products and focusing research and development efforts on broadband.

Certain Fraudulent Transfer Risks (page 39) If, contrary to the belief of the board of directors, Vialta is insolvent at the time of the merger or becomes insolvent because of the merger, the funds paid to stockholders upon completion of the merger may be deemed to be a fraudulent conveyance under applicable law and therefore may be subject to the claims of Vialta's creditors. If such claims are asserted by Vialta's creditors, there is a risk that persons who were stockholders at the effective time of the merger would be ordered by a court to return to Vialta all or a portion of the funds received upon the completion of the merger. The board of directors of Vialta has no reason to believe that Vialta and its subsidiaries, on a consolidated basis, will be insolvent or otherwise left with unreasonably small capital immediately after giving effect to the merger.

Federal Income Tax Consequences (page 40) The receipt of cash by a United States holder in exchange for Vialta common stock will be a taxable transaction for U.S. federal income tax purposes. In general, United States holders of Vialta common stock who receive cash in exchange for their shares pursuant to the merger (including any cash received in connection with the exercise of dissenters' rights) should be deemed to have received cash from Vialta pursuant to a redemption of the shares held by such stockholder or pursuant to a sale of such shares. If the deemed redemption of the shares held by a particular United States holder qualifies as an exchange under section 302(b) of the Internal Revenue Code of 1986, as amended, which is referred to as the Code in this proxy statement, or if shares are considered sold, the United States holder will recognize gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the holder's adjusted tax basis in the shares and the amount of cash received. If the United States holder holds Vialta common stock as a capital asset, any gain or loss should generally be a capital gain or loss. If the United States holder has held the shares for more than one year, any gain or loss should generally be a long-term gain or loss. The deductibility of capital losses is subject to limitations. **Tax matters are very complex, and the tax consequences of the merger to you will depend on the facts of your own situation. You should consult your tax advisor for a full understanding of the tax consequences of the merger to you, including the federal, state, local and foreign tax consequences of the merger.**

Appraisal and Dissenters' Rights (pages 42 and 49) If you do not vote in favor of approval of the merger agreement and the merger and you fulfill certain other procedural requirements in a timely manner, whether under California or Delaware law, as applicable, you will be entitled to a judicial appraisal of the fair value of your shares. To receive payment of the cash merger consideration after the merger becomes effective, you will be required, among other things, to waive dissenters' and appraisal rights.

Fairness of the Merger; Conflicts of Interest

Vialta's Position as to the Fairness of the Merger; Recommendation of the Board of Directors (pages 22 and 26) Because certain members of Vialta's board of directors have actual or potential conflicts of interest in evaluating the merger, the board of directors appointed a special committee of independent directors, consisting of George Cain and Michael Dubester, to evaluate the merger and make recommendations to the board of directors with respect to the merger agreement. Based on their evaluation, the special committee determined that the merger agreement and the merger are advisable, fair to, and in the best interests of the company and its stockholders (other than the participating stockholders) and recommended that the board of directors approve and adopt the merger agreement and the merger. Acting on the recommendation of the special committee, the board of directors has approved and adopted the merger agreement and approved the merger. **The board of directors, based in part on the unanimous recommendation of the special committee, unanimous, with Mr. Chan abstaining, recommends that the Vialta stockholders vote FOR the approval and adoption of the merger agreement and approval of the merger.**

Table of Contents

Opinion of Financial Advisor to the Special Committee (page 26) Salem Partners LLC, the independent financial advisor to the special committee, has delivered an opinion to the special committee and the board of directors that, as of March 28, 2005 and based on and subject to the assumptions, limitations and qualifications set forth in the opinion, the cash consideration of \$0.36 per share to be paid in the merger to the stockholders of Vialta other than the participating stockholders and Victory was fair, from a financial point of view, to such stockholders. The full text of Salem Partners LLC's written opinion is included in this proxy statement as Annex F. You should read the opinion carefully in its entirety.

Position of the Participating Stockholders and Victory Acquisition Corp. as to the Fairness of the Merger to Vialta's Stockholders (page 33) Fred S.L. Chan, the other participating stockholders and Victory believe that the merger is substantively and procedurally fair to the other stockholders of Vialta. In arriving at their position as to the fairness of the merger, Mr. Chan, the other participating stockholders and Victory considered the factors considered by the special committee of the board of directors discussed in the section entitled **SPECIAL FACTORS** Position of Vialta as to the Fairness of the Merger to Vialta's Stockholders; Reasons for Recommending the Approval of the Merger Agreement and the Merger, as well as the other factors discussed in the section entitled **SPECIAL FACTORS** Position of the Participating Stockholders and Victory Acquisition Corp. as to the Fairness of the Merger to Vialta's Stockholders.

Interests of Certain Persons in the Merger (page 37) In considering the recommendations of the board of directors, you should be aware that certain of Vialta's executive officers and directors have interests in the transaction that are different from, or are in addition to, the interests of Vialta's stockholders generally. The special committee and the board of directors were aware of these potential or actual conflicts of interest and considered them along with other matters when they determined to recommend the merger. These interests, which are discussed in detail in the section entitled **SPECIAL FACTORS** Interests of Certain Persons in the Merger, include the following:

Mr. Chan, who abstained from the vote of the board of directors, is Vialta's Chairman and the participating stockholders, who include Fred S.L. Chan, his wife Annie M.H. Chan, trusts established for the benefit of their children, and a related entity, have been the largest stockholders of Vialta since the company was founded. Mr. Chan and the other participating stockholders have contributed 32,039,840 shares of Vialta common stock (representing approximately 39% of the outstanding common stock) to Victory pursuant to the terms of the stock contribution agreement in consideration for an equal number of shares of common stock of Victory. Upon consummation of the merger, Mr. Chan and the other participating stockholders will be the sole stockholders of Vialta;

Mr. Chan is the President, Treasurer and Secretary of Victory Acquisition Corp. Upon consummation of the merger, it is anticipated that Mr. Chan will continue in the positions of President, Treasurer and Secretary of Vialta, as the surviving corporation in the merger;

unvested stock options held by Didier Pietri will accelerate in accordance with the terms of his stay bonus agreement and unvested stock options held by members of the board of directors (other than Mr. Chan) will accelerate in accordance with the terms of the 2000 Directors Stock Option Plan. Accelerated options will be converted into the right to receive cash in an amount equal to the product of (1) the excess, if any, of the per-share merger consideration of \$0.36 over the per-share exercise price of such stock option, multiplied by (2) the number of shares subject to such stock option. As a result of the acceleration of stock options, Didier Pietri will be entitled to receive \$40,000, each of George Cain and Michael Dubester will be entitled to receive \$2,400 and Matthew Fong will be entitled to receive \$1,250 with respect to previously unvested stock options;

the merger agreement provides that indemnification will continue and directors and officers insurance arrangements made by Vialta before closing will be maintained for a period of six years following the effective

time of the merger for Vialta's directors and officers; and

each member of the special committee will receive \$2,000 per meeting attended in person and \$1,000 per meeting attended telephonically in consideration of such member's service on the special committee, with a cap of \$20,000 for the chairman and \$18,000 for the other committee member. In addition, the special committee chairman is entitled to receive an annual fee of \$25,000, payable quarterly at the end of each fiscal quarter, with any remaining balance payable at the effective time of the merger. The foregoing payments are due without regard to whether the special committee recommended approval of the merger agreement or whether the merger is consummated.

The Merger Agreement (page 52)

No Limitation on Solicitation of Transactions or Termination of Merger Agreement due to Fiduciary Obligations (page 60) The merger agreement does not contain restrictions on Vialta's ability to solicit or initiate any inquiries, proposals or offers with respect to any competing transaction or ultimately to consummate any such competing transaction until stockholders of Vialta approve the merger. The board of directors or special committee may terminate the merger agreement or withdraw, modify or change its approval or recommendation of the merger agreement if it determines in good faith that failure to take such action would be inconsistent with its fiduciary obligations to stockholders of Vialta (other than participating stockholders).

Conditions to Completion of the Merger (page 58) The obligations of Vialta and/or Victory to complete the merger are subject to the satisfaction or waiver of various conditions specified in the merger agreement, including conditions relating to, among other things:

the absence of any order, decree, or ruling by any court or governmental agency which would prohibit, render illegal or enjoin the consummation of the merger;

approval of the merger agreement by a majority vote of Vialta shares outstanding as of the record date;

the accuracy of the parties' representations and warranties under the merger agreement, except where a failure would not have a material adverse effect;

performance by the parties in all material respects of their obligations under the merger agreement;

the absence of a material adverse effect with respect to Vialta, as determined in the reasonable judgment of the board of directors of Victory;

receipt of a legal opinion from counsel to Vialta; and

confirmation that Vialta has no less than \$14,500,000 in cash and cash equivalents as of the closing. As of March 31, 2005, the company had over \$21 million in cash and cash equivalents.

Termination of the Merger Agreement (page 59) The merger agreement may be terminated at any time prior to the effective time of the merger by the mutual written consent of Vialta and Victory, acting under the direction of their respective boards of directors. In addition, either Vialta or Victory may generally (but is not required to) terminate the merger agreement at any time prior to the effective time of the merger in the event of:

failure to consummate the merger by August 13, 2005;

a final and nonappealable court or other governmental action prohibiting the merger; or

failure to obtain the requisite stockholder approval of the merger agreement at the special meeting.

In addition, Victory may terminate the merger agreement at any time prior to the effective time of the merger under specified circumstances relating to:

the failure of a representation or warranty of Vialta to be true and correct except where the failure would not have a material adverse effect, subject to a 30-day cure period;

Table of Contents

the failure of Vialta to perform or comply in all material respects with all of its covenants, subject to a 30-day cure period;

the special committee's withdrawing, amending or modifying its approval or recommendation of the merger agreement in a manner adverse to Victory or failing to reconfirm within 10 business days after request by Victory its recommendation of the merger agreement to Vialta stockholders;

Vialta failing to include in this proxy the recommendation of the special committee or the board of directors in favor of the merger agreement and the merger;

the special committee approving or publicly recommending an acquisition proposal other than the merger or a liquidation or dissolution;

Vialta entering into a letter of intent or similar agreement accepting any acquisition proposal other than the merger; or

Vialta failing to recommend rejection of a tender or exchange offer commenced by a party unaffiliated with Victory.

In addition, Vialta may terminate the merger agreement at any time prior to the effective time of the merger under circumstances relating to:

the failure of any representation or warranty of Victory to otherwise be true and correct, subject to a 30-day cure period;

the failure of Victory to perform or comply in all material respects with all of its covenants, subject to a 30-day cure period; or

the determination by the board of directors or the special committee in good faith after consulting with its counsel that termination is necessary to comply with its fiduciary duties.

Expenses (page 60) In specified circumstances, including where Vialta terminates other than due to a breach by Victory or Victory terminates due to a breach by Vialta or Vialta's failure to recommend or otherwise support the proposed merger, if the merger agreement is terminated prior to the effective time of the merger, Vialta must reimburse up to \$250,000 of Victory's expenses in connection with the merger agreement and the transactions contemplated by the merger agreement.

QUESTIONS AND ANSWERS ABOUT THE MERGER

The following questions and answers, presented for your convenience only, briefly address some commonly asked questions about the merger. You should still carefully read the entire proxy statement, including the information incorporated by reference and the annexes.

Q: Why am I receiving these materials?

A: The board of directors is providing these proxy materials to give you information for use in determining how to vote in connection with the special meeting.

Q: When and where is the special meeting?

A: The special meeting will be held on _____, 2005 at _____ a.m., local time, at the Fremont Marriott, 46100 Landing Parkway, Fremont, CA 94538.

Q: What am I being asked to vote upon?

A: You are being asked to consider and vote upon a proposal to approve and adopt the merger agreement and approve the merger, pursuant to which Victory will merge with and into Vialta, with Vialta as the surviving corporation in the merger.

Table of Contents

Q: Who can vote on the proposal to approve and adopt the merger agreement and approve the merger?

A: All holders of Vialta common stock at the close of business on _____, 2005, the record date for the special meeting, may vote in person or by proxy on the proposal to approve and adopt the merger agreement and approve the merger at the special meeting.

Q: What vote is required to approve and adopt the merger agreement and approve the merger?

A: Stockholder approval of the merger agreement and the merger requires the affirmative vote of at least a majority of the shares outstanding as of the record date. An abstention or a broker non-vote will have the same effect as a vote against the merger and the merger agreement.

Q: How will Mr. Chan and the other directors and officers of the company vote?

A: Mr. Chan and the other participating stockholders contributed their shares of Vialta common stock to Victory. Victory has committed to vote its shares for the merger in accordance with the terms of the voting agreement. See TRANSACTION AGREEMENTS Voting Agreement and the actual terms of the agreement attached hereto as Annex C. Victory holds approximately 39% of Vialta's shares of common stock.

In addition, Vialta's directors and executive officers other than Mr. Chan own approximately 5% of Vialta's outstanding common stock, and have indicated to Vialta their intention to vote in favor of approval of the merger agreement and the merger.

Q: Who is soliciting my proxy?

A: Vialta's board of directors, including Mr. Chan, is soliciting proxies to be voted at the special meeting.

Q: What will happen in the merger?

A: Victory will be merged with and into Vialta, with Vialta continuing as the surviving corporation in the merger. Victory was formed by Vialta's Chairman and founder, Fred S.L. Chan, solely for the purpose of acquiring all of the outstanding shares of Vialta common stock not already owned or controlled by him or the other participating stockholders, all of whom are members of or entities for the benefit of members of his immediate family. The participating stockholders have contributed to Victory the shares of Vialta common stock that they beneficially own and have agreed to contribute any shares they acquire unless the merger is terminated. After the merger, Vialta will become a privately-held company owned by the participating stockholders.

Q: What will I receive in the merger?

A: You will receive \$0.36 in cash in exchange for each share of common stock owned by you at the effective time of the merger, unless either (1) you are a participating stockholder of Victory or (2) you do not vote in favor of the merger agreement and have perfected or have not otherwise lost or waived your dissenters' or appraisal rights under Delaware or California law, as applicable. Prior to receipt of the merger consideration, you will be required to return an executed letter of transmittal in which you waive any right to dissenters' or appraisal rights. Stockholders who do not vote in favor of approval of the merger agreement and who otherwise comply with the procedures for perfecting dissenters' or appraisal rights under the applicable statutory provisions of California or Delaware law, as applicable, summarized elsewhere in this proxy statement may demand payment of the fair value of their shares in cash in connection with the consummation of the merger. See SPECIAL FACTORS Appraisal and Dissenters' Rights.

Q: What are the reasons for the merger?

A: Vialta's purpose in undertaking the merger is to allow its stockholders (other than the participating stockholders) to realize value from their investment in Vialta now, in cash at a price that represents a premium to the market price of Vialta common stock before the public announcement of the merger agreement, rather than assuming the risks associated with Vialta's ongoing operations and development of its broadband product. For the participating stockholders and Victory, the purposes of the merger are to permit Vialta greater operating flexibility as a privately held company; to reduce the substantial expenses associated with being a public company, including costs of compliance with new securities regulations

Table of Contents

relating to accounting and internal control procedures, and allow these resources to be used in operations; and to enable the participating stockholders to focus research and development on the broadband product and benefit from future growth, if any, of Vialta after the merger. See SPECIAL FACTORS Position of Vialta as to the Purpose and Reasons for the Merger and Position of the Participating Stockholders and Victory Acquisition Corp. as to the Purpose and Reasons for the Merger.

Q: What was the role of the special committee?

A: Because certain directors of Vialta have actual or potential conflicts of interest in evaluating the merger, the board of directors appointed a special committee of disinterested independent directors to negotiate, review and evaluate the proposed merger.

Q: What is the recommendation of the special committee?

A: The special committee has unanimously recommended to Vialta's board of directors that the merger and the merger agreement be approved and adopted. In arriving at its conclusion, the special committee considered, among other factors, the opinion of Salem Partners LLC, its independent financial advisor, that, as of the date of such opinion and based upon and subject to the limitations, qualifications and assumptions set forth in the opinion, the cash consideration of \$0.36 per share to be paid in the merger to the stockholders of Vialta other than the participating stockholders and Victory was fair, from a financial point of view, to such stockholders. See SPECIAL FACTORS Position of Vialta as to the Fairness of the Merger to Vialta's Stockholders; Reasons for Recommending the Approval of the Merger Agreement and the Merger .

Q: What are the recommendations of the board of directors?

A: The board of directors, based in part on the unanimous recommendation of the special committee, unanimously (with Mr. Chan abstaining) recommends that the Vialta stockholders vote FOR the approval of the merger agreement and the merger. Both the special committee and the board of directors of Vialta, after careful consideration of numerous factors, have determined that the merger agreement and the merger are fair to and in the best interests of the stockholders of Vialta other than the participating stockholders. See SPECIAL FACTORS Position of Vialta as to the Fairness of the Merger to Vialta's Stockholders; Reasons for Recommending the Approval of the Merger Agreement and the Merger .

In view of his potential conflicts of interest with respect to the merger, Mr. Chan recused himself from the confidential portions of the board of directors' deliberations with respect to the merger and the merger agreement and abstained from voting on the related resolutions, including the recommendation that Vialta stockholders vote for the approval of the merger agreement and the merger. Herbert Chang, who was the only member not present at the meeting, subsequently indicated his approval of the board's resolutions.

Q: What are the consequences of the merger to present members of management and the board of directors?

A: Like other stockholders, members of management and the board of directors other than Mr. Chan will be entitled to receive \$0.36 per share in cash for each of their shares of Vialta common stock and cash with respect to vested stock options at the effective time of the merger in an amount equal to the product of (1) the excess, if any, of the per-share merger consideration of \$0.36 over the per-share exercise price of such stock option, multiplied by (2) the number of shares subject to such stock option (which amount will be payable without interest, net of any withholding tax and subject to the option holder's having executed a written consent on a form provided by Vialta to the effect that the cash payment is in full consideration for the cancellation of such stock option). The merger agreement requires Vialta to use its reasonable efforts to obtain the resignation of all officers and directors of the

company as of the effective time of the merger. Mr. Chan, the sole officer and director of Victory immediately prior to the effective time of the merger will be the initial officer and director of Vialta, as the surviving corporation.

In addition, as a result of the transaction, unvested options held by Didier Pietri will accelerate in accordance with his stay bonus agreement and unvested options issued to directors will accelerate in accordance with the terms of the 2000 Directors Stock Option Plan. As a result of the acceleration of stock options, Didier Pietri will be entitled to receive \$40,000, each of George Cain and Michael Dubester will

Table of Contents

be entitled to receive \$2,400 and Matthew Fong will be entitled to receive \$1,250 with respect to previously unvested stock options. All unvested stock options will be terminated on consummation of the merger.

For more information, see **SPECIAL FACTORS** Interests of Certain Persons in the Merger.

Q: Is the merger subject to the satisfaction of any conditions?

A: Yes. Before completion of the transactions contemplated by the merger agreement, a number of closing conditions must be satisfied or waived. These conditions are described in this proxy statement in the section entitled **THE MERGER AGREEMENT** Conditions to the Completion of the Merger.

Q: Can the board of directors consider other proposals?

A: Yes. The merger agreement does not contain restrictions on Vialta's ability to solicit or initiate any inquiries, proposals or offers with respect to any competing transaction, to respond to any inquiries, proposals or offers received, or ultimately to consummate any such competing transaction until stockholders of Vialta approve the merger. The board of directors or special committee may terminate the merger agreement or withdraw, modify or change its approval or recommendation of the merger agreement at any time before stockholder approval of the merger agreement and adoption of the merger if it determines in good faith that failure to take such action would be inconsistent with its fiduciary obligations to stockholders of Vialta (other than participating stockholders).

Q: When do you expect the merger to be completed?

A: We are working toward completing the merger as quickly as possible after the special meeting. We hope to complete the merger during the second calendar quarter of 2005, although there is no assurance that we will be able to do so.

Q: What are the U.S. federal income tax consequences of the merger to holders of Vialta stock other than the participating stockholders?

A: The receipt of cash by a United States holder in exchange for Vialta common stock will be a taxable transaction for U.S. federal income tax purposes. In general, United States holders of Vialta common stock who receive cash in exchange for their shares pursuant to the merger (including any cash received in connection with the exercise of dissenters' rights) should be deemed to have received cash from Vialta pursuant to a redemption of the shares held by such stockholder or pursuant to a sale of such shares. If the deemed redemption of the shares held by a particular United States holder qualifies as an exchange under section 302(b) of the Code, or if shares are considered sold, the United States holder will recognize gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the holder's adjusted tax basis in the shares and the amount of cash received. If the United States holder holds Vialta common stock as a capital asset, any gain or loss should generally be a capital gain or loss. If the United States holder has held the shares for more than 1 year, any gain or loss should generally be a long-term gain or loss. The deductibility of capital losses is subject to limitations. Tax matters are very complicated, and the tax consequences of the merger to you will depend on the facts of your own situation. You are urged to consult your own tax advisor with respect to your own individual tax consequences as a result of the merger.

Q: What do I do to vote my Vialta stock?

A: After carefully reading and considering the information contained in this proxy statement, whether or not you plan to attend the special meeting in person, please complete, sign, date and return the enclosed proxy in the

Edgar Filing: VIALTA INC - Form PREM14A

accompanying self-addressed postage pre-paid envelope (or, if your shares are held in street name by a broker, nominee, fiduciary or other custodian, follow the directions given by the broker, nominee, fiduciary or other custodian regarding how to instruct it to vote your shares) as soon as possible. For more information on how to vote your shares, see the section entitled THE SPECIAL MEETING How Shares are Voted; Proxies; Revocation of Proxies.

Table of Contents

Q: What happens if I do not return a proxy card?

A: If you neither vote at the meeting nor grant your proxy as described in this proxy statement, your shares will not be voted, which will have the effect of voting against the approval of the merger agreement and the merger.

Q: May I vote in person?

A: Yes. You may attend the special meeting and vote your shares in person whether or not you sign and return your proxy card. If your shares are held of record in street name by a broker, nominee, fiduciary or other custodian and you wish to vote in person at the special meeting, you must obtain from the record holder a proxy issued in your name.

Q: May I change my vote after I have mailed my signed proxy card?

A: Yes. You may revoke your proxy at any time before it is actually voted by submitting to the Secretary of the company a written notice of revocation, by delivering a duly executed proxy bearing a later date or by attending the special meeting and voting in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the special meeting, you must bring to the meeting a proxy from the broker, bank or other nominee authorizing you to vote the shares. Attendance at the special meeting will not, by itself, revoke a proxy. If you have given voting instructions to a broker, nominee, fiduciary or other custodian that holds your shares in street name, you may revoke those instructions by following the directions given by the broker, nominee, fiduciary or other custodian.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: Your broker will not be able to vote your shares without instructions from you. You should instruct your broker to vote your shares, following the procedures provided by your broker. Failure to instruct your broker to vote your shares will have the same effect as voting against adoption of the merger agreement.

Q: What does it mean if I receive more than one set of materials?

A: This means you own shares of Vialta stock that are registered under different names. For example, you may own some shares directly as a stockholder of record and other shares through a broker; or you may own shares through more than one broker. In these situations, you will receive multiple sets of proxy materials. You must complete, sign, date and return all of the proxy cards or follow the instructions for any alternative voting procedure on each of the proxy cards that you receive in order to vote all of the shares you own. Each proxy card you receive comes with its own prepaid return envelope; if you vote by mail, make sure you return each proxy card in the return envelope that accompanies that proxy card.

Q: If the merger is completed, how will I receive the cash for my shares?

A: If the merger is completed, you will be contacted by Mellon Investor Services, who will act as paying agent in connection with the merger. The paying agent will provide instructions that will explain how to surrender stock certificates. You will receive cash for your shares from the paying agent after you comply with these instructions which will include waiving any dissenters' or appraisal rights you may have. If your shares are held for you in street name by a broker, nominee, custodian or other fiduciary, you will receive instructions from the broker, nominee, custodian or other fiduciary as to how to effect the surrender of your shares and receive cash for those shares.

Q: Should I send in my stock certificates now?

A: No. If the merger is completed, you will receive written instructions for exchanging your Vialta stock certificates for cash.

Q: Am I entitled to appraisal or dissenters rights with respect to my shares?

A: If you do not vote in favor of approval of the merger agreement and the merger, and you otherwise timely comply with all legal requirements, you may seek a judicial appraisal of the fair value of your shares by following the procedures governing dissenters rights specified in Section 262 of the Delaware General Corporation Law, referred to in this proxy statement as the DGCL. A copy of Section 262 of the DGCL is included as Annex G to this proxy statement. In addition, you may be entitled to dissenters rights

specified in Chapter 13 of the California General Corporation Law, referred to in this proxy statement as of the CGLC. A copy of Chapter 13 of the CGCL is included as Annex H to this proxy statement.

Q: Who can help answer my questions?

A: If you would like additional copies, without charge, of this proxy statement or if you have questions about the merger agreement or the merger, including the procedures for voting your shares, you should call the company at (510) 870-3088.

SPECIAL FACTORS

all shares of Vialta common stock that are held (1) in the treasury of Vialta, (2) by any wholly-owned subsidiary of Vialta, (3) by Victory or (4) by any of Victory's officers, directors, stockholders or affiliates will be canceled and retired without any consideration payable therefor;

each other share of Vialta common stock issued and outstanding immediately before the merger becomes effective (other than any share as to which a stockholder has perfected or not lost the benefit of dissenters' or appraisal rights under California or Delaware law) will be converted into the right to receive \$0.36 in cash without interest;

each share of Victory common stock will be converted into a share of common stock of Vialta, as the surviving corporation in the merger; and

As a result of the transaction, unvested options held by Didier Pietri will accelerate in accordance with his stay bonus agreement and unvested options issued to directors will accelerate in accordance with the terms of the 2000 Directors Stock Option Plan.

See THE MERGER AGREEMENT. As a result of the merger:

Officers and Directors of Vialta. The sole officer and director of Vialta after the completion of the merger will initially be Mr. Chan.

For additional details regarding the terms and structure of the merger and interests of the participating stockholders in the transaction, see SPECIAL FACTORS Interests of Certain Persons in the Merger and THE MERGER AGREEMENT.

Background of the Merger***The Company***

Vialta was incorporated in April 1999 as a wholly owned subsidiary of ESS Technology, Inc. (ESS Technology), a company founded by Fred S.L. Chan. It became a public company in August 2001, when it was spun off from ESS Technology to operate as a stand-alone entity. Since the spin off, Fred S.L. Chan and members of the Chan family and related entities, have owned at least a 35% voting interest in Vialta.

Vialta's primary products are the Beamer personal videophone line and the VistaFrame digital picture frame. The Beamer videophone products add color video to phone calls, enabling users to see the person they are calling, and work with any home phone over any standard (analog) home phone line. The current market for the analog videophone is relatively small, due in part to functionality and quality limitations associated with narrowband transmission, so sales have been limited. Vialta is working to develop a broadband Beamer product, which it expects to field-test with a few select broadband service providers in the second half of 2005. However, no assurances can be made that the company will successfully develop a broadband product that will be accepted in the marketplace. See CERTAIN FINANCIAL MODELS RELATING TO POTENTIAL BROADBAND PRODUCTS.

Since its inception, Vialta financed its operations primarily from funds raised in private offerings of convertible preferred stock and common stock and through vendor credit. For the years ended December 31, 2004, 2003, and 2002 Vialta had net losses of \$2.4 million, \$4.0 million and \$42.6 million, respectively, and expects to incur losses in 2005. As of December 31, 2004, Vialta had an accumulated deficit of \$109.1 million and \$21.5 million in cash and cash equivalents, restricted cash and short-term investments compared to \$26.5 million as of December 31, 2003.

Exploration of Strategic Alternatives

On February 26, 2004, the board of directors of Vialta met to discuss strategic alternatives for the company to maximize stockholder value, in light of the increasing expenses of remaining as a public company and additional regulatory requirements including regulations relating to accounting procedures and internal controls, the need to attract and retain senior management, and the need for greater scale in dealing with the company's third party retail partners, all of which would require significantly more resources than were currently available to the company. Representatives of the investment banking firm Needham & Company, Inc. (Needham) discussed various strategic alternatives with the board of directors. These included maintaining the status quo, selling the company to a third party, or initiating a going private transaction. The board of directors discussed the feasibility of initiating a going private transaction as a way to cash out the stockholders, through a reverse stock split, including the benefits and costs and agreed to continuing discussions at a later meeting.

At the next meeting of the board of directors, on March 30, 2004, the board of directors (excluding Fred S.L. Chan, who was not in attendance), after additional consideration, determined that a sale of the company would be preferable to a reverse stock split. As a result, the board of directors then discussed the retention of an investment banking firm to assist in systematically soliciting offers from potential purchasers of the company. The board of directors discussed the qualifications of Needham and its familiarity with the company dating back to its involvement in the company's spin-off from ESS Technology. Based on these discussions, the board of directors resolved to retain Needham to review the company's strategic alternatives, and authorized and directed management to negotiate with Needham the specific terms of its engagement. Subsequently, Needham was engaged pursuant to a letter agreement dated as of March 19, 2004.

On April 27, 2004, the board of directors met to discuss, among other matters, the status of Needham's engagement to solicit third party buyers for the company. Outside counsel to the company was asked to draft

Table of Contents

milestones to be included as a supplement to the engagement letter, setting forth time schedules for completion of a confidential offering memorandum, contacting a list of targeted buyers, execution of confidentiality agreements and making management presentations. The company also adopted stay bonus plans for key employees to ensure that the company would retain management during the process.

On July 9, 2004, after finalizing and executing their agreement, Vialta publicly announced the engagement of Needham to explore a range of strategic alternatives, including a possible sale of the company.

On July 27, 2004, representatives of Needham presented to the board of directors (excluding Fred S.L. Chan, who was not in attendance) a report on the interest they had received relating to the company's interest in exploring strategic alternatives. They discussed the companies approached and the responses received to date. The board of directors reviewed the list of companies and suggested additional companies that they would like Needham to approach. In addition, the board of directors discussed a schedule for updates. The Needham representatives agreed to provide an update at the end of the following week. The board of directors also adopted additional stay bonus agreements.

At the August 4, 2004 meeting of the board of directors, the members were informed that Yin-Wu Chen (Yin-Wu), president of the company, wished to pursue a possible management buy-out (MBO) of the company. Mr. Pietri stated that, following consultation with outside counsel to the company and discussions with the other board members, he had asked various questions of Yin-Wu concerning his interest in and past activities concerning an MBO. Yin-Wu indicated that he had made preliminary contact with a strategic group based in Taiwan and that he intended to contact a local venture capitalist through a marketing officer at ESS Technology, who independently contacted Yin-Wu about the MBO possibility and potential partners. Yin-Wu indicated that he was willing to abide by any procedures the company would put in place to avoid any conflict of interest or appearance of a conflict of interest. Mr. Chan confirmed that he had no agreement or understanding with Yin-Wu and that Mr. Chan's sole interest was in looking for the best offer for the company. Yin-Wu did not subsequently make any offer to the company.

At a board meeting on October 26, 2004, representatives of Needham presented a report summarizing the interest they had received from potential acquirors since announcing the company's interest in exploring strategic alternatives. Needham indicated that it had contacted 47 potential acquirors, including companies and private equity funds, of which 25 reviewed the executive summary, 3 provided an indication of interest, 19 did not respond and 26 indicated no interest. Of the three parties who submitted indications of interest, one party declined to submit an offer. Needham engaged in discussions with the other two parties regarding the price and structure of their bids. Each party proposed a transaction involving a significant stock component. The Needham representatives discussed the two companies that had provided preliminary indications of interest, including an overview of their respective offers, consisting of a portion in cash and a portion in securities, their relative financial positions and management. One company (Company A) was essentially a public venture capital company, involved in the home security business, seeking to roll-up a number of private companies. The other company (Company B) was a broadband video equipment manufacturer in the VoIP area. Needham also discussed recent acquisitions of technology companies and the average enterprise values and transaction values paid. Finally, they reviewed other strategic alternatives for the board of directors to consider, including continuing to operate the company as an ongoing business, liquidating the company and taking the company private. The board of directors discussed the relative advantages and costs of each alternative, including the time and resources that would be necessary to effectuate them. Needham agreed to approach the two companies for a second round of bidding, making it clear to both that they need to offer a higher price and a higher portion of cash to be considered seriously, and setting a deadline for second offers. Needham also agreed to provide a more detailed analysis of the other strategic alternatives with a goal of presenting them before the board of directors in late November.

At the November 15, 2004 meeting of the board of directors, Mr. Pietri indicated that Company B would be visiting Vialta later in the week. He also informed the board of directors that Company A had not visited Vialta, but had requested a conference call. The board of directors discussed the two companies and expressed concerns that both had small revenues and speculative stocks, and neither had complied with Vialta's second bidding deadline.

In anticipation of the December 3, 2004 board meeting, Vialta's management worked with Needham to estimate a preliminary liquidation value of Vialta as a strategic alternative and in order to assist in their negotiations. Although Vialta's management was not expert in determining liquidation values, and Needham does not customarily determine liquidation values or appraise individual corporate assets, the board of directors believed that the preliminary estimate would be useful in determining whether a liquidation would be a better alternative for stockholders than the combinations of cash and securities being discussed. In preparing its analysis, Vialta's management, working with Needham, considered three possible scenarios: an immediate liquidation, an extended liquidation (over the course of a one year period), and a liquidation where additional employees were retained to continue research and development work in the broadband area but other activities would be wound up (in which case the company would continue for 18 months to two years while the viability of the broadband strategy was assessed). The preliminary liquidation value was based on Vialta's balance sheet and other information available to management and Needham at that time regarding the expected costs associated with conducting a liquidation of Vialta. Vialta's management and Needham were aware that several of the assumptions used in their preliminary estimate may have caused them to underestimate the costs associated with liquidation and that results obtained thereby were not necessarily fully indicative of the total cost of a liquidation or Vialta's actual liquidation value. However, to establish a price to be used as they considered alternatives, Vialta's management, working with Needham, preliminarily estimated that the liquidation value of Vialta, excluding the value of a \$5 million receivable that was written off by the company, could be as high as \$0.30 per share of Vialta common stock on a fully-diluted basis. Assuming the \$5 million receivable was collected and the company incurred only \$500,000 in costs during the liquidation period, the liquidation value could be as high as \$0.36 per share of Vialta common stock.

On December 3, 2004, at a meeting of the board of directors a representative of Needham provided the board of directors with an update of its third party discussions. The representative indicated that Company A was occupied with another acquisition that it was actively pursuing, but stated that it remained interested in Vialta. It was noted, however, that representatives of Company A had not visited the company in the several months of discussion and were not ready to meet in the immediate future. The board of directors then discussed with Mr. Scharninghausen, chief financial officer of the company, the liquidation scenarios that had been circulated prior to the meeting. Various questions were raised concerning, among other things, the assumptions made in the liquidation models and potential additional costs and liabilities. The board of directors requested that Needham and management update the liquidation analyses and report back with their findings.

In anticipation of the December 14, 2004 board meeting, Vialta's management worked with Needham to revise its preliminary liquidation value estimate of Vialta. In the revised analysis, transaction expenses were increased to take into account the estimated length of time and the relative complexity of the liquidation. Additional costs were included, such as the expense of additional directors and officers insurance, legal costs, miscellaneous expenses and contingency cost reserves. Otherwise, the liquidation analysis was based on the same balance sheet information and used most of the same assumptions as the earlier analysis. As a result, Vialta's management, working with Needham, estimated that the preliminary liquidation value of Vialta, excluding the value of the \$5 million receivable that was written off by the company, could be as high as \$0.27 per share of Vialta common stock on a fully-diluted basis. Assuming the \$5 million receivable is collected, the liquidation value could be as high as \$0.33 per share of Vialta common stock.

The board of directors then met again on December 14, 2004. A Needham representative provided an update of discussions held with the two interested companies earlier that day in which Needham made proposals to each company to raise the cash and securities components of their respective offers. Company B discussed, after several rounds of negotiations, on a preliminary basis providing Vialta shareholders \$0.18 per share in cash plus Company B securities valued by Needham at \$0.24 per share while Company A had discussed providing \$0.17 per share in cash plus Company A securities valued by Needham at \$0.17 per share. The Needham representative stated that they expected responses shortly to their request for a further adjustment in the purchase price. The board of directors then discussed the updated liquidation analysis prepared by Needham for the meeting. Members of the board of directors asked detailed questions of management as to the assumptions involved in the difference scenarios, including with respect to the

timelines, the operation of the business and the current state of the company's broadband prospects. After discussion, the board of directors directed Needham to continue its discussions and further update the board of directors as to the potential strategic alternatives.

On January 8, 2005, Mr. Pietri, Mr. Scharninghausen, representatives of Needham, and outside counsel to the company met with the president and chief executive officer of Company A, at the Los Angeles office of the company's outside counsel, Kaye Scholer LLP. The meeting lasted several hours.

The board of directors met again on January 11, 2005. At the meeting, Mr. Pietri summarized the January 8 meeting with Company A for the board members. In addition, Mr. Pietri advised the board of directors that, in preparation for the meeting he had conducted due diligence on Company A over the Internet and discovered certain due diligence issues related to a predecessor business. Company A also had terminated its publicly announced acquisition of the third party, which it previously advised Needham was important to its business strategy and was also pursuing other transactions which its management indicated were more compelling than a transaction with Vialta.

The board of directors then discussed the Company A offer and the fact that a substantial component of its proposal consisted of Company A securities. The Needham representatives indicated that while the cash portion of the offer could possibly be improved somewhat from \$0.17 per share, the Company A securities were a key part of the proposal. The board members present (which excluded Matthew Fong, who arrived late to the meeting, and Herbert Chang) unanimously informed Needham that they did not believe that it was in the best interest of the company and its stockholders to enter into a transaction in which the Vialta stockholders would receive cash consideration of \$0.17 per share plus stock in Company A given the board of directors' concerns regarding the long term prospects of Company A and the due diligence issues relating to the predecessor business of its principals.

Messrs. Pietri and Scharninghausen then provided the board of directors with a summary of their prior meeting with the principals of Company B. The Needham representatives reviewed the state of discussions between the parties, involving a possible transaction partly in cash and partly in Company B stock. Company B representatives, then joined the Board meeting in person. They described the background of Company B and their own backgrounds, including the company's history and prior losses. They then made a Power Point presentation concerning their prototype videophone for the VoIP market, and the company's relationship with various VoIP service providers. Various board members asked questions about Company B's cash burn rate, its limited current cash resources and liquidity concerns which could worsen if the company was successful in light of added product and administrative costs.

After an adjournment at which time Company B's representatives left the meeting, the board of directors discussed the Company B presentation. The board of directors reviewed the fact that the transaction would result in more than one-third of the Vialta stockholders' cash being invested in the Company B business plan, which cash Company B appeared to need to not only scale up its business but also to develop its prototype product and avoid liquidity issues. Based on these discussions, the board of directors instructed Needham to continue to discuss with Company B whether an adjustment could be made to increase the cash component of their offer. The Needham representatives then reported that they had further discussions with Company B about raising the cash component of its bid after its representatives left the board meeting. Company B stated that it was not interested in increasing the cash portion of any offer to Vialta and, in fact, no longer wished to pursue a transaction with Vialta. The board of directors then instructed management and Needham to continue to work on a possible plan to liquidate the company, either immediately or on a staged basis.

The next meeting of the board of directors was held on January 24, 2005. At the meeting, Mr. Chan reported that he had recent discussions with the president and chief executive officer of a privately-held manufacturer of non-video phone related VoIP phone equipment (Company C). Mr. Chan indicated that he had discussed a possible combination of Vialta and Company C at the Consumer Electronics Show in Las Vegas, after which Needham had followed-up with further discussions. A representative of Needham then provided a financial overview of Company C, and two merger models (one consisting of an all stock transaction and the other a cash or stock election in which Vialta stockholders could choose cash at \$0.30 per share or stock) that were developed by Needham and Company C (with Mr. Chan's assistance) and

Table of Contents

represented Company C's view of a possible transaction in which Vialta would acquire Company C for Vialta common stock and the sole shareholder of Company C would then hold a substantial majority of the company's outstanding shares. Various board members asked questions about Company C's business and ability to function as a public company, the synergies (if any) between the two companies, Company C's motivation in any Vialta transaction and Company C's financial results.

The principal of Company C then made a presentation to the board of directors, describing his personal business history, including his prior relationship with Mr. Chan and with ESS Technology, Company C's products, customer base and competitive position relative to other manufacturers of VoIP equipment. He answered numerous questions concerning his company and its financial statements, which had not been audited or reviewed by an independent accounting firm.

The board of directors discussed the merits of proceeding with further discussions with Company C, including concerns about the continuing costs of the combined company being public, the lack of management at Company C with public company management experience and the fact that there was no assurance that Company C would meet its projections, or be able to scale up per its plans. The board members compared the expected and quantifiable risks of liquidation with the relatively unknown risks of turning over management control of the company to another company which lacked the infrastructure and experience necessary to run a public company. Members also expressed concern that a Company C transaction would take time and resources (including the need to perform an audit of Company C), and there was no assurance that the common stock of the surviving corporation (or a cash or stock election) was a reasonable option to offer to Vialta shareholders. The Needham representative recommended that discussions continue with Company C and the board of directors authorized him to discuss whether Company C would be willing to consider a combination based on what the board of directors believed to be a more equitable exchange ratio reflecting the risks involved. Subsequently, after various calls from Needham and Mr. Chan to follow-up as directed by the board of directors, Company C advised Mr. Chan and Needham that it was not interested in a revised exchange ratio or in pursuing any business combination with Vialta.

Mr. Chan's Letter Regarding Going Private

On February 7, 2005, the Vialta board of directors received a letter from Fred S.L. Chan, the chairman of Vialta's board of directors and the holder (with the other participating stockholders) of approximately 39% of the company's stock, stating the following:

I am submitting this letter to the Board of Directors of Vialta, Inc. to indicate my intent to discuss with the board a possible offer to purchase the shares of the company not now owned or controlled by me. This letter describes the broad outline of my thoughts on the transaction for discussion purposes.

The transaction would take the form of either a merger with a new entity formed by me or a tender offer to the stockholders of the company. The purchase price would be mutually determined and paid to the stockholders in cash.

I believe the transaction would be in the best interests of the company, its stockholders, employees and business partners and would have substantial advantages over the company's current alternatives, including either an immediate or staged liquidation.

I would like to begin due diligence on the company with a view toward coming to terms, if at all, on or before February 16, 2005 and if so, attempting to negotiate a definitive agreement by February 28, 2005 and a closing if possible by the end of April. As part of my due diligence process, I request reasonable access during normal business hours and, as necessary, during evenings and weekends, to the company's books, records, contracts, technology, executive and other mutually agreed personnel of the company. Please let me know if the company has a standard nondisclosure agreement for us to sign in connection with this process; otherwise, I will be happy to provide a form.

I look forward to discussing this transaction further with you in the next few days.

Table of Contents***Special Committee; Negotiations with Mr. Chan***

The next day, on February 8, 2005, Vialta's board of directors discussed Mr. Chan's offer, including the fact that Mr. Chan would likely be able to conclude a transaction quickly (based on his existing knowledge of the company), which should limit the costs of a transaction, and his willingness to pay cash to stockholders, excluding himself and the other participating stockholders. Based on their considerations, the board of directors determined that, in light of Mr. Chan's proposal and his status as a director, it would be appropriate for the board of directors to appoint a special committee comprised of directors who were not current or former officers or employees of the company to act on behalf of the board of directors in connection with the possible negotiations with Mr. Chan. The board of directors appointed George Cain and Michael Dubester as the members of the special committee because neither has a relationship with Mr. Chan other than as members of the board of directors of Vialta. Subject to the limitations of Delaware law, the special committee was authorized to exercise all of the power of the Vialta board of directors with respect to the negotiation of the proposal and any transaction resulting from the proposal, including the power and authority to select and retain its own legal and financial advisors.

On February 11, 2005, after having completed his entire due diligence, Mr. Chan made an offer to purchase the shares of Vialta that he did not already own or control in a transaction that valued the company at \$25 million in cash (which equated to approximately \$0.29 per share).

On February 23, 2005, Messrs. Cain and Dubester met in person with Mr. Chan to discuss the terms of his offer and to answer questions raised by Mr. Chan during the course of his due diligence. Members of Vialta's management also attended a portion of the meeting to assist the special committee in answering Mr. Chan's questions and to provide an update on the status of the development of Vialta's broadband product. The meeting lasted approximately five hours. During the meeting, the special committee, with the assistance of management, and Mr. Chan spent considerable time reviewing (i) Vialta's financial statements for the fiscal year ended December 31, 2004 and (ii) Vialta's inventory and the value thereof. In order to resolve certain issues related to the current inventory of Vialta, its outstanding letters of credit and its cash reserves, the special committee and Mr. Chan agreed to utilize a projected March 31, 2005 company position as the foundation for their negotiations and agreed to meet again on February 24, 2005 so that management would be able to provide the requested data. With respect to the \$25 million offer price, the special committee advised Mr. Chan that, in its view, a per share transaction price would be more appropriate under the circumstances and discussed an analysis developed by the special committee with respect thereto. On the same day, the special committee also discussed the need to retain its own legal advisors and had preliminary discussions with legal counsel.

The next day, February 24, 2005, the special committee met for approximately eight hours in person with Vialta's management and Mr. Chan to discuss in detail the proposed price at which Mr. Chan might purchase the company. One of the issues discussed at length was the valuation of the company's remaining inventory, both in terms of the method by which the value was calculated and the appropriate date at which the valuation should be made for purposes of determining the purchase price. Management answered questions raised by Mr. Chan with respect to the company's March 31, 2005 projections. At the conclusion of the discussion with management, the special committee and Mr. Chan continued to negotiate the purchase price of the proposed transaction. The negotiations included discussion of issues relating to the \$5 million receivable that was written off by the company and which party should bear the risk that the receivable would not be collected. In connection with that discussion, Mr. Chan proposed that either a mechanism be put in place by which the purchase price would be adjusted in the event the note was not collected when due on April 28, 2005 or that he be permitted to terminate the proposed merger agreement if the note was not collected by that date. The special committee refused this request. The special committee and Mr. Chan also devoted substantial time to discussing whether the purchase price should be stated in terms of an aggregate transaction value or a price per share. During the discussion, the parties noted the difficulty of determining a per share price due to the unknown impact of a number of stock options that had been issued to employees of ESS Technology, Vialta's former parent corporation, in connection with Vialta's spin-off from ESS Technology (generally referred to as "stapled options"). After lengthy negotiations, including another detailed review of the status and potential

Table of Contents

loss in value of inventory and components as well as the potential value of the broadband product in development, the special committee and Mr. Chan agreed to an aggregate transaction price of \$30 million.

Later on February 24, 2005, the special committee met telephonically to formalize the retention of its own legal counsel. After discussion with counsel regarding its experience and reputation in advising boards and committees in mergers and acquisitions under Delaware law, the special committee retained Potter Anderson & Corroon LLP as its legal counsel (Potter Anderson). Thereafter, on February 25, 2005, the special committee discussed with Potter Anderson the structure of the proposed transaction, including the purchase price. After consultation with Potter Anderson, the special committee informed Mr. Chan by e-mail that it would agree only to a purchase price expressed as a fixed price per share, not an aggregate transaction value. The special committee proposed a purchase price of \$0.36 per share in cash and Mr. Chan agreed.

You should understand that as of February 25, 2005, the special committee had not determined that a price of \$0.36 per share was fair to Vialta s stockholders (other than the participating stockholders) from a financial point of view. Rather, the special committee determined that \$0.36 per share could form the basis of an agreement with Mr. Chan, subject to any competing acquisition proposals, negotiation of a mutually agreeable definitive merger agreement, and receipt from an independent financial advisor of a financial analysis and fairness opinion. The special committee s fairness determination was not made until each of those factors was resolved to its satisfaction.

From March 1 through March 2, 2005, the special committee met, with its legal advisors in attendance, to discuss the retention of a financial advisor. In that regard, the special committee interviewed three investment banking firms to assess their respective, experience, qualifications and potential conflicts of interest. On March 2, 2005, the special committee unanimously voted to retain Salem Partners LLC (Salem Partners) to render financial advice to the special committee in connection with the proposed transaction based on Salem Partners reputation and their experience and expertise relating to transactions similar to the contemplated merger. In addition, the special committee considered the fact that Salem Partners did not have any prior relationship with Vialta, Mr. Chan or the other participating stockholders. The special committee s legal counsel then reviewed with the committee members their fiduciary duties under Delaware law, including with regard to the process employed to reach its determination. At that meeting, the special committee and its counsel considered the negotiation of the proposed transaction, including (i) issues regarding the allocation of certain risks between signing and closing, (ii) conditions to closing, and (iii) the impact of any deal protections. The special committee determined to meet again after it received a draft merger agreement from Mr. Chan and his counsel.

The special committee met again on March 11, 2005, with its legal counsel and Vialta s outside legal counsel in attendance, to review the initial draft of the merger agreement, which had been forwarded to the committee on March 9. The meeting participants discussed in detail the terms of the draft merger agreement, including (i) the proposed purchase price, (ii) the proposed break-up fee, (iii) the proposed restrictions on the committee s ability to provide information to potential third party purchasers, (iv) the proposed restrictions on the solicitation of third party offers, (v) the treatment of warrants and options, (vi) the termination provisions, and (vii) the conditions to closing. In particular, the committee focused on the conditions under which Vialta could terminate the merger agreement if a superior offer materialized, and the termination fee payable in that circumstance. After discussing these matters, the committee requested that Potter Anderson, with input from Kaye Scholer, draft a list of talking points to discuss with Mr. Chan and his counsel, including the committee s position that there be no impediments to the company accepting a competing offer and no termination fee if it did so (although the committee was agreeable to the payment of a certain amount of expenses incurred by Mr. Chan in the event of a termination under certain circumstances). Thereafter, the committee s financial advisor, Salem Partners, joined the meeting and provided the committee with an overview of the status of its fairness opinion process. During its discussion, Salem Partners identified the following two areas as creating the most uncertainty in arriving at a valuation: (i) whether Vialta s net operating loss carryforward was worth anything to an acquirer in a change of control transaction particularly in light of the value of Vialta and the limitations under applicable tax laws with respect to the use of such net operating loss carryforward, and (ii) valuation of Vialta s business prospects in the area of broadband technology, which prospects are highly speculative in light of the absence of any existing sales, contracts or

Table of Contents

customers of any broadband products. The special committee and the representatives of Salem Partners then discussed these matters in more detail.

On March 14, 2005, based upon its prior discussions with its legal counsel and financial advisor, the special committee participated in a conference call with Mr. Chan and Mr. Pietri to discuss key points of the draft merger agreement in order to narrow the issues between them. The parties made substantial progress in that call.

On March 17, 2005, the special committee met with its legal counsel, its financial advisor, and Vialta's outside counsel to discuss the status of Salem Partners' due diligence review of the company and the revised version of the draft merger agreement it had received from Mr. Chan. Salem Partners advised the special committee that the extensive market search for potential acquirers previously conducted by Vialta with the assistance of Needham supported the conclusion that \$0.36 per share was fair, from a financial point of view, to Vialta's stockholders, other than the participating stockholders. Salem Partners also discussed the analyses it had performed in connection with its valuation of the company. The special committee and its advisors then discussed the status of the negotiations with Mr. Chan and his counsel, including with regard to the deal protection provisions proposed by Mr. Chan. The committee's legal counsel then discussed the committee's fiduciary obligations in negotiating and assessing the merits of the proposed transaction.

During the next week, counsel for the company and Mr. Chan continued working on the draft merger agreement in an attempt to narrow the outstanding issues. Work also commenced on certain ancillary agreements. The special committee remained actively involved in the negotiation process and in making sure the transaction continued to move forward.

On March 24, 2005, the special committee, with its legal counsel and Vialta's outside legal counsel in attendance, met to discuss the status of the negotiations and outstanding issues regarding the proposed transaction. The issues included, among other things, (i) the assurances and mechanics of payment of the purchase price, and (ii) conditions to closing and Vialta's representations, warranties and covenants including a request by Mr. Chan that Vialta agree to liquidate all of its investment securities and that the closing be conditioned on Vialta having at least \$18 million in cash and cash equivalents. The committee concluded that it would not agree to Vialta having \$18 million in cash as a condition to closing, but it might be agreeable to condition closing on having a lesser figure that would provide the company with an adequate cushion in the event unexpected costs arose or the transaction deadline was extended.

Later that same day, March 24, 2005, the special committee, its legal counsel, Mr. Pietri, Vialta's outside legal counsel, Mr. Chan and Mr. Chan's legal counsel met by telephone to negotiate with regard to the open issues. The parties resolved nearly all outstanding issues, including agreeing that Mr. Chan's acquisition vehicle would pledge its Vialta stock to assure payment of any shortfall obligation at closing and that a condition to closing would be that Vialta would have \$15 million in cash and that Mr. Chan would personally provide cash in the amount of any shortfall necessary to fund the aggregate merger consideration required at closing up to a maximum of \$4 million.

On March 25, 2005, the special committee and its legal counsel met with the committee's financial advisor, Salem Partners, for the purpose of having the financial advisor present the special committee with its fairness analyses regarding the consideration to be received by holders of Vialta stock (other than the participating stockholders) in the proposed merger. Prior to the meeting, Salem Partners had distributed a preliminary valuation report. At the meeting, Salem Partners orally presented its valuation analysis to the special committee, discussed the financial terms of the offer from Mr. Chan and responded to questions and comments from the members of the special committee and its legal advisor. Upon inquiry by the committee, Salem Partners confirmed that it had reviewed and found satisfactory the work, including the market check for potential acquirers, previously performed for Vialta by Needham. During the discussion, Salem Partners explained the various analyses it had performed, including the bases for the numbers set forth in its written presentation.

Between March 25 and March 28, counsel to the parties continued working on the draft merger agreement. A nearly final draft was circulated to members of Vialta's board of directors on the evening of

Table of Contents

Sunday, March 27. During the following day, prior to the Vialta board meeting scheduled for that afternoon, counsel agreed on final changes to the merger agreement and related documents. These changes included a reduction from \$15 million to \$14.5 million in the amount of cash and cash equivalents Vialta was required to have at closing and agreement that, in light of Vialta's previous quorum and voting issues and the market check that had already occurred and would continue after signing, there was no need to require Victory or the participating stockholders to vote their Vialta shares proportionately with other stockholders.

Special Committee and Board Consideration of the Merger

On March 28, 2005, the special committee met, with its legal and financial advisors in attendance, to determine the advisability of the proposed transaction and whether to recommend to Vialta's full board of directors that it approve the proposed merger agreement. A representative of the special committee's legal counsel again reviewed with the special committee the terms and conditions of the proposed merger, and reviewed in detail with the committee the proposed merger agreement, including the structure of the transaction, the treatment of Vialta's options, Vialta's representations and warranties, the acquisition vehicle's representations and warranties, Vialta's covenants, the acquisition vehicle's covenants, and the termination provisions, and the terms of the related voting agreement.

Thereafter, Salem Partners presented an overview of the analyses it performed in assessing the fairness of the \$0.36 per share merger consideration, from a financial point of view, to the stockholders of Vialta, other than Mr. Chan and the other participating stockholders. Prior to the meeting, Salem Partners had distributed a report of its fairness analysis. During its presentation, Salem Partners informed the committee that it had not received material new information since its presentation on March 25, and provided its oral opinion, later confirmed in writing, that the proposed purchase price was fair to the holders of Vialta stock, other than the participating stockholders, from a financial point of view.

After further discussion, upon motion duly made and seconded, the special committee unanimously determined that the proposed merger agreement and the transactions contemplated by the proposed merger agreement, including the merger, were advisable, fair to, and in the best interests of Vialta and its stockholders (other than the participating stockholders) and recommended that Vialta's full board of directors approve and declare advisable the proposed merger agreement, the merger and the other transactions contemplated by the proposed merger agreement. A board meeting was then held at which Salem Partners reviewed its analysis, counsel reviewed the merger agreement and related documents and the special committee presented its recommendation that the board of directors approve the proposed merger agreement. After discussion, the board of directors approved the merger agreement and related documents, with all directors present voting in favor, other than Mr. Chan, who abstained, which approval included a majority of directors not employed by Vialta. Herbert Chang, who was the only member not present at the meeting, subsequently indicated his approval of the board of directors' resolutions.

Following the meeting of the board of directors at which the board of directors approved the merger agreement, the merger agreement and related transaction documents were executed by the parties.

On March 28, 2005, after the close of trading on the OTC Bulletin Board, Vialta issued a press release announcing that its board of directors had approved the merger agreement.

Position of Vialta as to the Purpose and Reasons for the Merger

The purpose of the merger is for Victory to acquire all outstanding shares of common stock of Vialta that it does not currently own in exchange for cash, while maximizing the value to be received by, the other stockholders of Vialta. In the first quarter of 2004, the board of directors of Vialta met to discuss strategic alternatives for the company to maximize stockholder value, in light of the increasing expenses of remaining as a public company and additional regulatory requirements including regulations relating to accounting procedures and internal controls, the need to attract and retain senior management, and the need for greater scale in dealing with the company's third party retail partners, all of which would require significantly more resources than were currently available to the company. The board of directors subsequently engaged Needham to explore a range of strategic alternatives, including a possible sale of the company. Of the strategic

alternatives presented, the board of directors believes that the proposed merger provides the best value to Vialta stockholders (other than the participating stockholders). See SPECIAL FACTORS Background of the Merger. **Position of Vialta as to the Fairness of the Merger to Vialta's Stockholders; Reasons for Recommending the Approval of the Merger Agreement and the Merger**

Both the special committee and the board of directors of Vialta have determined that the merger agreement and the merger are substantively and procedurally fair to and in the best interests of the stockholders of Vialta other than the participating stockholders. In its determination the special committee recommended that the board of directors

approve and adopt the merger agreement;

approve the merger; and

recommend that the stockholders of Vialta vote for the approval of the merger agreement and the merger.

After considering the recommendation of the special committee, the board of directors approved and adopted the merger agreement, approved the merger and resolved to recommend to Vialta's stockholders that they vote for the approval of the merger agreement and the merger. In view of his conflicts of interest with respect to the proposal by the participating stockholders to acquire 100% ownership of Vialta, Mr. Chan recused himself from the confidential portion of the board of directors' deliberations with respect to the merger and the merger agreement and abstained from voting on the related resolutions, including the recommendations to Vialta stockholders described in this proxy statement.

In reaching their determinations and making their recommendations, both the special committee and the board of directors relied on Vialta's management to provide accurate and complete financial information, projections and assumptions (based on the best information available to management at that time), as the starting point for their analyses.

In evaluation the fairness of the merger and making its recommendation, the special committee considered factors including:

the fact that prior to the execution of the merger agreement, no third party had come forward with a superior transaction proposal despite an extensive search for strategic alternatives conducted by Needham on behalf of Vialta;

the fact that the terms of the merger agreement were negotiated by a two person special committee of the board of directors, neither member of which was an interested party in the transaction or otherwise affiliated with Mr. Chan or the other participating stockholders;

the fact that the merger consideration of \$0.36 per share in cash to be received by Vialta stockholders (other than the participating stockholders) represented, at the time of the special committee's determination, a 50% premium to the average closing price of Vialta common stock for the 30 days prior to the March 28, 2005 announcement as well as a premium to the amount of proceeds stockholders, including participating stockholders (owning approximately 39% of the shares outstanding and who would participate in a liquidating distribution), reasonably could be expected to receive in a liquidation of the company (based on analyses by management, Needham and Salem Partners);

the fact that the merger consideration of \$0.36 per share exceeded management's best-case extended liquidation scenario (including assets written off by the company), developed with Needham, of \$0.33 per share and management's base-case immediate liquidation scenario, developed with Needham, of \$0.25 per share, which liquidation analyses did not take into consideration the fact that the company continues to experience operating losses and negative cash flow;

the opinion delivered by Salem Partners on March 28, 2005 that, as of that date and based on and subject to the assumptions, limitations and qualifications set forth in the opinion, the cash considera-

tion of \$0.36 per share to be paid in the merger to the stockholders of Vialta other than the participating stockholders and Victory was fair, from a financial point of view, to such stockholders;

the special committee's consideration of the various analyses undertaken by Salem Partners, each of which is described below under "SPECIAL FACTORS - Opinion of Financial Advisor to the Special Committee";

the special committee's belief that the principal advantage of Vialta continuing as a public company would be to allow public stockholders to continue to participate in any potential growth in the value of Vialta's equity, but that, under all of the relevant circumstances and in view of the historical results of operations, financial condition, assets, liabilities, business strategy and prospects of Vialta, the nature of the industry in which Vialta competes, and trading characteristics of companies with market capitalization similar in size to that of Vialta, and in light of the proposed merger consideration of \$0.36 per share, the value to stockholders that would be achieved by continuing as a public company was not likely to be as great as the merger consideration of \$0.36 per share;

the active and direct role of the members of the special committee and their representatives in the negotiations with respect to the merger, and the consideration of the transaction by the special committee at numerous special committee meetings;

the belief by the members of the special committee that \$0.36 per share was the highest price that the participating stockholders and Victory would agree to pay to Vialta's stockholders;

the merger consideration of \$0.36 per share in cash in relation to the then-current market price of Vialta common stock of \$0.22 per share, the then-current value of Vialta in a freely negotiated transaction and the future value of Vialta as an independent entity;

the terms of the merger agreement that permit Vialta and the special committee to explore an alternative acquisition proposal and, that permit the special committee to modify or withdraw its recommendation with respect to the merger agreement and the merger and to approve or recommend a different acquisition proposal;

Vialta's right to terminate the merger agreement prior to approval of the merger at the stockholders' meeting, if the board of directors or the special committee determines in good faith, after consultation with outside legal counsel, that termination is necessary to comply with its fiduciary duties under applicable law;

the fact that Didier Pietri, Chief Executive Officer of Vialta, has expressed a desire to terminate his employment and that the company's outside accounting firm, PricewaterhouseCoopers LLP, has indicated that, while it has not resigned or declined to stand for re-appointment, it may decide not to continue as the company's outside auditors;

the terms and conditions of the voting agreement providing for Victory to vote in favor of approving the merger agreement; and

the availability to stockholders who vote against approval of the merger agreement of appraisal or dissenters rights under California or Delaware law, which provide stockholders who dispute the fairness of the merger consideration with an opportunity to have a court determine the fair value of their shares.

The special committee believes that each of these factors supported its conclusion that the merger is substantively and procedurally fair to, and in the best interests of, Vialta's stockholders other than the participating stockholders.

In addition, the special committee did not establish, and did not consider, a pre-merger going concern value for the equity of Vialta and does not believe there is a single method of determining going concern value, although the special committee believes the analyses of Salem Partners in their totality may be reflective of going concern value.

Table of Contents

The special committee also considered a variety of risks and other potentially negative factors concerning the merger agreement and the transactions contemplated by it, including the merger. These factors included:

the fact that Vialta's only recourse in the event of a wrongful termination or material breach of the merger agreement may be against Victory, a company with no assets other than Vialta common stock and a commitment by Mr. Chan to contribute additional cash on its behalf to Vialta in the event of a shortfall, as set forth in the additional contribution agreement attached hereto as Annex D;

the fact that, following the merger, Vialta's stockholders will no longer participate in any future earnings of Vialta or benefit from any increases in Vialta's value;

the fact that Vialta's stockholders will not benefit from any potential upside in the company's broadband videophone products, which potential upside is highly speculative at this point and may, if continued to be pursued by Vialta, represent a potential loss in value to the then holders of Vialta common stock in the event of continued investments and losses (see CERTAIN FINANCIAL MODELS RELATING TO POTENTIAL BROADBAND PRODUCTS);

the fact that, in the event that Vialta becomes profitable, Vialta's current stockholders will not benefit from the company's use of its net operating loss carryforwards to reduce its income tax payables, if any;

the fact that certain parties, including Mr. Chan and other members of the board of directors, including members of the special committee, may have interests that are different from those of Vialta's stockholders, as described under SPECIAL FACTORS Interests of Certain Persons in the Merger ;

the possibility that Vialta could be required to reimburse Victory for up to \$250,000 of its out-of-pocket expenses in the event that the merger is not consummated because of another transaction under certain circumstances;

the risk of a potential fraudulent conveyance challenge to the merger described under SPECIAL FACTORS Certain Fraudulent Transfer Risks ; and

the fact that, for U.S. federal income tax purposes, the cash merger consideration will be taxable to Vialta's stockholders receiving the merger consideration.

This discussion of the information and factors considered by the special committee in reaching its conclusions and recommendation includes all of the material factors considered by the special committee but is not intended to be exhaustive. In view of the wide variety of factors considered by the special committee in evaluating the merger agreement and the transactions contemplated by it, including the merger, and the complexity of these matters, the special committee did not find it practicable, and did not attempt, to quantify, rank or otherwise assign relative weight to those factors. In addition, different members of the special committee may have given different weight to different factors.

The special committee believes that sufficient procedural safeguards were and are present to ensure the fairness of the merger and to permit the special committee to represent effectively the interests of Vialta's stockholders other than the participating stockholders. These procedural safeguards include the following:

the special committee's active and intense negotiations, with the assistance of its advisors, directly with Victory and its representatives regarding the merger consideration and the other terms of the merger and the merger agreement;

other than their receipt of board of directors and special committee fees, their indemnification and liability insurance rights under the merger agreement and their entitlement to receive \$2,400 each in respect of their accelerated Vialta stock options in connection with the merger, members of the special committee do not have an

interest in the merger different from that of Vialta's stockholders;

the special committee retained and received the advice and assistance of Salem Partners as its financial advisor and Potter Anderson as its legal advisor, and requested and received from Salem Partners an opinion, delivered orally on March 28, 2005 and confirmed in writing, with respect to the fairness from

Table of Contents

a financial point of view of the merger consideration to be received by Vialta stockholders other than the participating stockholders and Victory;

the recognition by the special committee that it had no obligation to recommend the approval of the merger proposal or any other transaction and had full power to consider any strategic transaction, including but not limited to a liquidation of the company;

the recognition by the special committee that the board of directors could consider and recommend superior proposals and otherwise terminate the merger if in good faith after consulting with counsel it concludes it is required to do so in accordance with its fiduciary duties; and

the availability of dissenters' and appraisal rights under California and Delaware law for Vialta's stockholders who oppose the merger.

The special committee initially favored a structure in which Mr. Chan would vote his shares in the same proportion in favor or against the merger agreement as other votes cast at the special meeting, but subsequently determined that such structure was unnecessary since the company had been fully shopped and there were no restrictions on the board of directors soliciting or recommending a competing transaction or terminating the merger agreement if necessary to comply with its fiduciary duties. In addition, withholding Mr. Chan's vote could have the inadvertent consequence of preventing the consummation of a transaction believed to be in the best interests of stockholders in the event of a low turn-out of stockholders at the special meeting.

In reaching its determination that the merger agreement and the merger are substantively and procedurally fair to and in the best interests of Vialta's stockholders other than the participating stockholders, the board of directors determined that the analysis of special committee was reasonable and adopted the analysis and conclusions of the special committee as to the fairness to such Vialta stockholders of the merger consideration of \$0.36 per share. In determining the reasonableness of the special committee's analysis and adopting the special committee's analysis, the board of directors considered and relied upon:

the process the special committee conducted in considering the merger;

the special committee's having retained and received advice from its independent legal counsel, Potter Anderson;

the special committee's having retained and received advice from its independent financial advisor, Salem Partners;

the special committee's unanimous recommendation on March 28, 2005 that the board of directors determine that the merger agreement and the merger are fair to and in the best interests of Vialta's stockholders other than the participating stockholders and approve and adopt the merger agreement and approve the transactions contemplated by the merger agreement, including the merger; and

the availability of dissenters' and appraisal rights under California and Delaware law for Vialta's stockholders who oppose the merger.

The board of directors also believes that sufficient procedural safeguards were present to ensure the fairness of the transaction and to permit the special committee to represent effectively the interests of Vialta's stockholders other than the participating stockholders. The board of directors reached this conclusion based on, among other things:

the fact that the special committee consisted solely of independent directors who are not affiliated with Mr. Chan or the other participating stockholders;

the selection and retention by the special committee of its own financial advisor and legal counsel;

the fact that negotiations that had taken place directly between Mr. Chan and his representatives, on the one hand, and the special committee and its representatives, on the other hand, were structured and conducted so as to preserve the independence of the special committee and promote the fairness of the transaction; and

Table of Contents

the fact that the merger agreement and the merger were unanimously approved by the members of the board of directors other than Mr. Chan.

In light of the procedural protections described above, the board of directors, including each of the non-employee directors, did not consider it necessary either to require a separate affirmative vote of a majority of Vialta's stockholders other than the participating stockholders or to retain an unaffiliated representative to act solely on behalf of such Vialta stockholders for purposes of negotiating the terms of the merger agreement or preparing a report concerning the fairness of the merger agreement and the merger.

In view of the wide variety of factors considered by the board of directors in evaluating the merger and the complexity of these matters, the board of directors did not find it practicable, and did not attempt, to quantify, rank or otherwise assign relative weight to those factors. In addition, different members of the board of directors may have given different weight to different factors.

Based in part upon the recommendation of the special committee, the board of directors, with Mr. Chan abstaining, unanimously voted to approve and adopt the merger agreement and resolved to recommend that you vote **FOR** the approval and adoption of the merger agreement and the merger and **FOR** the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of the special meeting to approve the merger agreement and the merger. Herbert Chang, who was the only member not present at the meeting, subsequently indicated his approval of the board's resolutions.

If the merger is consummated, Didier Pietri and members of the board of directors other than Mr. Chan will be entitled to receive an aggregate of approximately \$46,800 in net cash merger consideration in respect of Vialta stock options, approximately \$4,800 of which would be received by members of the special committee. Didier Pietri and Matthew Fong also own shares of Vialta common stock, entitling them to receive an aggregate of an additional \$50,550 in merger consideration in cash. See **SPECIAL FACTORS** Interests of Certain Persons in the Merger.

Recommendation of the Board of Directors

The board of directors, based in part on the unanimous recommendation of the special committee, unanimously, with Mr. Chan abstaining, recommends that the Vialta stockholders vote FOR the approval and adoption of the merger agreement and the merger. The board of directors also unanimously recommends, with Mr. Chan abstaining, that you vote **FOR** the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of the special meeting to approve the merger agreement. The recommendations of the board of directors were made after consideration of all the material factors, both positive and negative, as described in **Position of Vialta as to the Fairness of the Merger to Vialta's Stockholders; Reasons for Recommending the Approval of the Merger Agreement and the Merger** above. Herbert Chang, who was the only member not present at the meeting, subsequently indicated his approval of the board's resolutions.

The board of directors of Vialta believes that the merger agreement and the merger are fair to and in the best interests of Vialta's stockholders other than the participating stockholders for all of the reasons set forth above under **SPECIAL FACTORS** **Position of Vialta as to the Fairness of the Merger to Vialta's Stockholders; Reasons for Recommending the Approval of the Merger Agreement and the Merger**.

Opinion of the Financial Advisor to the Special Committee

Salem Partners was engaged to provide financial advisory services, including providing a financial opinion letter (the Salem Partners Opinion), in connection with the merger. Salem Partners was selected by the special committee to act as the special committee's financial advisor based on Salem Partners' reputation and their experience and expertise relating to transactions similar to the contemplated merger. In addition, the special committee considered the fact that Salem Partners did not have any prior relationship with Vialta, Mr. Chan or the other participating stockholders.

Table of Contents

On March 28, 2005 Salem Partners rendered its oral opinion to Vialta's special committee that, as of such date and based upon and subject to the various considerations set forth in its opinion, the consideration to be received by the holders of Vialta common stock (other than the participating stockholders) pursuant to the merger agreement was fair from a financial point of view to such holders. Salem Partners confirmed its opinion in writing by delivery to the special committee and the board of directors of a written opinion dated March 28, 2005.

The full text of the written Salem Partners Opinion, dated March 28, 2005, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations on the scope of the review undertaken, is attached as Annex F to this proxy statement. The Salem Partners Opinion is directed to Vialta's special committee and board of directors and addresses only the fairness of the consideration from a financial point of view to holders of Vialta common stock (other than the participating stockholders) as of the date of such opinion and does not address any other aspect of the merger. The Salem Partners Opinion is not a recommendation to any Vialta stockholder as to how any stockholder should vote with respect to the proposed transaction or any other matter and should not be relied upon by Vialta's stockholders as such. The summary of the Salem Partners Opinion set forth in this proxy statement is qualified in its entirety by reference to the full text of the Salem Partners Opinion attached as Annex F hereto, which should be read carefully and in its entirety.

In arriving at its opinion, Salem Partners, among other things, examined:

the proposed merger agreement dated as of March 28, 2005;

certain audited historical financial statements of Vialta for the three fiscal years ended December 31, 2001, December 31, 2002 and December 31, 2003;

the unaudited financial statements of Vialta for the fiscal year ended December 31, 2004;

certain internal business, operating and financial information and forecasts of Vialta prepared and provided by senior management of Vialta;

the financial terms of the merger compared with publicly available information regarding the financial terms of certain other business combinations Salem Partners deemed relevant;

the financial position and operating results of Vialta compared with those of certain other publicly traded companies Salem Partners deemed relevant;

current and historical market prices and trading volumes of the common stock of Vialta;

presentations by Needham to the board of directors of Vialta, as well as certain other materials prepared by Needham regarding various strategic alternatives, including the potential for sale of Vialta; and

certain other publicly available information about Vialta.

Salem Partners also held discussions with members of the senior management of Vialta to discuss the foregoing, considered other matters which it deemed relevant to its inquiry and took into account such accepted financial and investment banking procedures and considerations as it deemed relevant. Salem Partners was not requested or authorized to approach, nor did it hold any discussions with, any third parties to solicit offers or indications of interest to acquire all or any part of Vialta, nor did Salem Partners evaluate potential alternative transactions.

In arriving at its opinion, Salem Partners assumed and relied upon without independent verification the accuracy and completeness of the information supplied or otherwise made available by Vialta for the purposes of its opinion. With respect to the financial forecasts, Salem Partners assumed that they were reasonably prepared on bases reflecting the best currently available estimates and judgments of the future financial performance of Vialta. Salem Partners was

not requested to, and did not, participate in the negotiation or structuring of the merger nor was it asked to consider the relative merits of the merger as compared to any alternative business strategies that might exist for Vialta or the effect of any other transaction in which Vialta

might engage. Salem Partners also assumed that the merger would be consummated in accordance with the terms set forth in the merger agreement. The Salem Partners Opinion was necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to it as of, the date of its opinion.

The following is a brief summary of the material analyses performed by Salem Partners in connection with its oral opinion and the Salem Partners Opinion. Certain of these summaries of financial analyses include information presented in tabular format. In order to fully understand the financial analyses used by Salem Partners, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses.

Implied Transactional Statistics

Salem Partners calculated several values implied by the merger consideration of \$0.36 per share of Vialta common stock (excluding shares owned by Mr. Chan and the other participating stockholders) in cash, including Vialta's implied fully-diluted equity value and enterprise value. The following table summarizes the results of this analysis:

	Values Implied by Price per Vialta Share as of March 24, 2005 of \$0.23	Values Implied by Merger Consideration of \$0.36 per share
Vialta fully-diluted equity value	\$ 20.1 million	\$ 32.2 million
Vialta fully-diluted enterprise value	\$ (3.3 million)	\$ 8.8 million

Salem Partners also calculated the premium of the merger consideration of \$0.36 per share of Vialta common stock (excluding shares owned by Victory and the participating stockholders) in cash over the closing trading price of Vialta common stock on March 24, 2005 and over the closing trading prices of Vialta's stock on various dates over the period from March 24, 2004 to March 24, 2005. The following table summarizes this analysis:

	Premium of Merger Consideration over Closing Trading Prices
March 24, 2005 price of \$0.23 per share	60.0%
February 24, 2005 price of \$0.24 per share	50.0%
December 23, 2004 price of \$0.25 per share	44.0%
September 24, 2004 price of \$0.25 per share	44.0%
March 24, 2004 price of \$0.34 per share	5.9%

Salem Partners also calculated certain trading multiples implied by (i) the closing trading price of Vialta common stock on March 24, 2005 (\$0.23) and (ii) by the merger consideration (\$0.36). For each of these values, Salem Partners calculated the multiples of Vialta's implied enterprise value to Vialta's revenue or estimated revenue for calendar years 2004 and 2005 using estimates prepared by Vialta's management. The following table summarizes the results of these analyses:

Comparable Companies Analysis

Salem Partners compared certain of Vialta's financial information with that of other companies in various sectors, including: (i) diversified consumer electronics, including Samsung, Sony, Matsushita, NEC, Sharp, LG Philips, Sanyo, Thomson and Pioneer, and (ii) specialty consumer electronics, including Research in Motion, Logitech, Polycom, PalmOne, Creative Technologies, Tivo, WorldGate Communications, Viseon and Avistar. Salem Partners reviewed fully-diluted enterprise values, calculated as equity value plus net debt, as multiples of actual revenue for the latest twelve months and of the companies' projected revenue for calendar year 2005. Salem Partners also reviewed current share price as multiples of earnings-per-share for the latest twelve months and for the projected calendar year 2005. Estimated financial data for the selected companies were based on publicly available research analyst estimates. Estimated data for Vialta were based on internal estimates prepared by Vialta's management. All multiples were based on closing stock prices on March 24, 2005. From the multiples calculated for the selected comparable companies, Salem Partners derived and applied a range of multiples of enterprise value to revenue of 0.50x to 2.25x, indicating a range of implied prices per share of Vialta common stock of \$0.33 to \$0.57. Stockholders should be aware that no company used as a comparison in this analysis is identical to Vialta. In addition, mathematical analysis is not in itself a meaningful method of using comparable market trading data.

Discounted Cash Flow Analysis

Using a discounted cash flow analysis, Salem Partners calculated an implied equity value per share of Vialta based on Vialta's financial plans provided to Salem Partners by management. Salem Partners based its discounted cash flow analysis on various operating assumptions provided by management, including assumptions relating to, among other items, revenue, operating costs, taxes, working capital, capital expenditures and depreciation. Salem Partners' analysis used a discount rate of 25.0% based on a weighted average cost of capital analysis of selected specialty consumer electronics companies, and assumed no future operations of Vialta after 2009. Vialta's financial plans do not assume that the company will generate positive cash flow by 2009. Based on this analysis, the implied equity value of Vialta is \$13.6 million or approximately \$0.15 per share.

Liquidation Analysis

Salem Partners calculated an implied cash value per share of Vialta based on Vialta's liquidation analysis provided to Salem Partners by Vialta's management, which assumed the company would begin the process of liquidation on March 31, 2005 and would cease operations on December 31, 2005. Salem Partners based its implied cash value per share calculation on various liquidation assumptions provided by management, including assumptions relating to, among other items, operating expenses, transaction costs and other expenses and projected assets less projected liabilities. Based on these assumptions, the cash available for distribution on December 31, 2005 is projected to be \$28.7 million, or approximately \$0.32 per share.

The preparation of a financial opinion is a complex process and is not necessarily susceptible to a partial analysis or summary description. In arriving at its opinion, Salem Partners considered the results of all of its analyses as a

whole and did not attribute any particular weight to any particular analysis or factor considered by it. Furthermore, Salem Partners believes that selecting any portion of Salem Partners' analyses, without considering all of its analyses, would create an incomplete view of the process underlying Salem Partners' analysis and opinion. In addition, Salem Partners may have deemed various assumptions more or less probable

Table of Contents

than other assumptions, so that the ranges of valuations resulting from any particular analysis described above should not be taken to be Salem Partners' view of the actual value of Vialta.

In performing its analysis, Salem Partners made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of Vialta. Any estimates contained in the analyses performed by Salem Partners are not necessarily indicative of actual values, which may be significantly more or less favorable than those suggested by such analyses. Such analyses were prepared solely as a part of Salem Partners' analysis of the fairness from a financial point of view of the consideration to be received by the holders of Vialta common stock (other than the participating stockholders) pursuant to the merger agreement and were provided to the Vialta special committee in connection with the delivery of the Salem Partners Opinion to the special committee. The analyses do not purport to be appraisals of value or to reflect the prices at which Vialta might actually be sold.

In addition, as described above, the Salem Partners Opinion was one of the many factors taken into consideration by the special committee in making its determination to recommend the merger to the board of directors and by the board of directors in approving the merger agreement. Consequently, the Salem Partners' analyses as described above should not be viewed as determinative of the opinion of the special committee or board of directors with respect to the value of Vialta or of whether the special committee or board of directors would have been willing to agree to different consideration.

Salem Partners, as part of its investment banking business, is regularly engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate, estate and other purposes. Salem Partners may continue to provide investment banking services to the surviving corporation in the future. In the ordinary course of its trading, brokerage, investment management and financing activities, Salem Partners and its affiliates may, at any time, have a long or short position in, and buy and sell the securities of Vialta for its account or the account of its customers.

Pursuant to an engagement letter dated as of March 3, 2005, Salem Partners provided financial advisory services and a financial fairness opinion in connection with the merger. In connection with the special committee's engagement of Salem Partners as its financial advisor, Vialta agreed to pay Salem Partners a fee of \$150,000, none of which is contingent on completion of the merger. Vialta also agreed to reimburse Salem Partners for its reasonable out-of-pocket expenses incurred with its engagement as the special committee's financial advisor, which expenses are not to exceed \$5,000 without the special committee's approval. In addition, on behalf of Vialta, the special committee also agreed that Vialta will indemnify Salem Partners against certain liabilities and expenses, including liabilities under the federal securities laws, related to or arising out of Salem Partners' engagement and any related transactions.

Position of the Participating Stockholders and Victory Acquisition Corp. as to the Purpose and Reasons for the Merger

Fred S.L. Chan and the other participating stockholders intend to effect the merger to acquire all of the outstanding shares of common stock of Vialta not already owned by Victory. The merger will allow the participating stockholders to take Vialta private to continue developing of broadband products, which they believe must be undertaken by Vialta, if at all, as a private company. Fred S.L. Chan and the other participating stockholders have decided to pursue the merger at this time and believe that it is best for Vialta to operate as a privately-held company for several reasons.

First, operating as a public company entails substantial expense, which have been significantly increased by requirements arising from the Sarbanes-Oxley Act of 2002, enacted July 30, 2002. By eliminating Vialta's cost attributable solely to its status as a public company, including certain legal costs, certain insurance costs, the costs of certain accounting and auditing activities and internal controls, the cost of annual meetings, the cost of preparing, printing and mailing corporate reports and proxy statements, the expense of a transfer agent and the cost of investor relations activities, the participating stockholders expect to reduce Vialta's expenses by approximately \$1,800,000 in the first full fiscal year following the merger. Fred S.L. Chan and the other

Table of Contents

participating stockholders believe that in light of Vialta's history of ongoing losses, the historically small public float and low trading volume for the shares of Vialta common stock, the benefits to Vialta of having publicly-traded securities do not outweigh the expenses and other requirements imposed on Vialta as a public company.

Regardless of the cost savings, Mr. Chan does not believe the company can continue to operate indefinitely as a public company. Didier Pietri, its chief executive officer, has expressed a desire to leave and other members of management have also indicated an interest in pursuing other opportunities. While it has not resigned or declined to stand for re-appointment, the company's outside auditors have indicated that they might decide not to continue as such after the 2005 fiscal year. Mr. Chan believes that it would be easier to locate management to continue the company's current development efforts if the company were privately held rather than publicly traded.

Furthermore, Mr. Chan believes that the broadband videophone in development has value that was not reflected in the initial interest from third parties and would not be realized in a liquidation. Mr. Chan believes that as a private company, Vialta could streamline management, release the company's auditors, reduce operating costs and focus research and development of broadband, free of the market pressures imposed on a publicly traded company with regard to operating results. Mr. Chan and the participating stockholders are willing to forego the current return that they might receive in an immediate liquidation of Vialta in exchange for the long-term development risks to attempt development and bringing to market the broadband products, about the success of which there is substantial uncertainty. See CERTAIN FINANCIAL MODELS RELATING TO POTENTIAL BROADBAND PRODUCTS. At the same time, the merger would also offer stockholders (other than the participating stockholders) a higher price for their Vialta common stock than was offered by any other third party or could be realized in a liquidation (including distribution in such liquidation to the participating stockholders owning approximately 39% of Vialta's common stock), based on analyses prepared with the assistance of management.

In addition to the foregoing factors, Mr. Chan and the other participating stockholders considered the following positive factors:

as the sole stockholders of Vialta immediately after the merger, the participating stockholders will benefit from future growth, if any, of Vialta after it ceases to be publicly traded; and

information concerning Vialta and its operations, financial results and directors and officers will no longer be available to competitors and potential competitors.

Mr. Chan and the other participating stockholders also considered the following negative factors:

as a result of the merger and related transactions, the participating stockholders' investment in Vialta will become an illiquid investment in the stock of a private company;

payment of the merger consideration will significantly reduce the company's cash resources; and

following the merger, the participating stockholders will bear the sole burden for any future losses or decrease in enterprise value.

Mr. Chan and the other participating stockholders ultimately concluded that the potential detriments of the merger to them were outweighed by the potential benefits of the merger to them.

Position of the Participating Stockholders and Victory Acquisition Corp. as to the Fairness of the Merger to Vialta's Stockholders

Victory, Fred S.L. Chan and the other participating stockholders believe that the terms and conditions of the merger are substantively and procedurally fair to the stockholders other than the participating stockholders. This determination is based on consideration of the factors considered by the special committee of the board of directors and the board of directors, as discussed above in the section entitled SPECIAL FACTORS Position of Vialta as to the Fairness of the Merger to Vialta's Stockholders; Reasons for Recommending the Approval of the Merger Agreement and the Merger.

Table of Contents**Alternatives to the Merger**

Before Mr. Chan made his proposal, the board of directors considered various alternatives for the company, including a liquidation of Vialta by a sale of its assets and a distribution of the net after-tax proceeds to stockholders. The board decided against such alternative, in favor of a sale of the company, because of the length of time, transaction costs, loss in value generally suffered by assets when sold in a liquidation, tax effects, regulatory risks and uncertainty involved. The board of directors also considered continuing to operate Vialta as a public company and effecting a reverse split (which would provide cash to only smaller holders of Vialta stock). Ultimately, the board of directors engaged Needham to explore a range of strategic alternatives, including a possible sale of the company. See **SPECIAL FACTORS – Background of the Merger** for a complete description of alternatives considered. Prior to the execution of the merger agreement, no third party had come forward with what the special committee and the board of directors considered to be an acceptable transaction proposal despite an extensive search for strategic alternatives conducted by Needham on behalf of Vialta.

As a member of the board of directors, Mr. Chan was included in the discussions of these alternatives and their advantages and disadvantages. When he made his proposal, Mr. Chan chose the merger structure because it was the most efficient means to acquire the entire equity interest in Vialta and provide cash to the Vialta stockholders other than the participating stockholders. Mr. Chan briefly considered a tender offer transaction, but rejected that alternative because it would not be as efficient and viable a method for the participating stockholders to acquire all of the outstanding common stock of Vialta.

Certain Effects of the Merger***Conversion of Outstanding Vialta Common Stock and Stock Options***

If the merger agreement and the merger are approved by Vialta stockholders and the other conditions to the closing of the merger are either satisfied or waived, Victory will be merged with and into Vialta, which will be the surviving corporation in the merger. After the merger, the participating stockholders will beneficially own all of the outstanding capital stock of Vialta.

All shares of common stock of Vialta outstanding immediately prior to the effective time of the merger and held by Victory or the participating stockholders will be cancelled without consideration. All other shares of common stock of Vialta outstanding at such time (other than the shares held by Victory or the participating stockholders and shares as to which a dissenting stockholder has perfected or not lost the benefit of appraisal or dissenters' rights under Delaware or California law) will be converted into the right to receive \$0.36 per share in cash. When the merger is completed, each share of Victory common stock will be converted into a share of Vialta, as the surviving corporation in the merger.

As a result of the completion of the merger, each holder of a vested stock option issued under a Vialta stock option plan, other than stock options held by Mr. Chan, will have the right to receive cash in respect of such stock option in an amount equal to the product of (1) the excess, if any, of the per-share merger consideration of \$0.36 over the per-share exercise price of such stock option, multiplied by (2) the number of shares subject to such stock option. As a result of the transaction, unvested options held by Didier Pietri will accelerate in accordance with his stay bonus agreement and unvested options issued to directors will accelerate in accordance with the terms of the 2000 Directors Stock Option Plan. Cash payments in respect of stock options will be made without interest and net of any withholding taxes. All unvested options will terminate.

Before receiving cash with respect to stock or vested options, stockholders and option holders will be required to execute and deliver a duly executed copy of the letter of transmittal (and such other documents as may be reasonably required by the paying agent) before receiving the merger consideration. The letter of transmittal will require stockholders to waive any claim to dissenters' or appraisal rights.

Effect on Ownership Structure of Vialta

At the effective time of the merger, the current Vialta stockholders, other than the participating stockholders, will cease to have ownership interests in Vialta or rights as Vialta stockholders. Therefore,

Table of Contents

current stockholders of Vialta, other than the participating stockholders, would not participate in any earnings or growth of Vialta following the merger and would not benefit from any increase in the value of Vialta following the merger.

Effect on Listing, Registration and Status of Vialta Common Stock

Vialta common stock is currently registered under the Exchange Act and is quoted on the OTC Bulletin Board under the symbol VLTA. As a result of the merger, all currently outstanding shares of Vialta common stock will be cancelled and the holders (other than the participating stockholders and Victory) will receive in exchange for these shares the right to obtain either cash merger consideration or the right to obtain such consideration as they may obtain through exercise of their appraisal or dissenters' rights.

When the merger becomes effective, the outstanding shares of Victory common stock held by the participating shareholders will be converted into shares of Vialta common stock as the surviving corporation. There will be no public market for these shares; Vialta's common stock will cease to be quoted on the OTC Bulletin Board, and Vialta will apply for termination of its registration of common stock under the Exchange Act. As a result, Vialta will no longer comply with the provisions of the Exchange Act applicable to public companies, including the proxy solicitation provisions and the requirements of filing periodic and other reports which presently provide publicly available information to its stockholders.

Effect on Organization and Management of Vialta

At the effective time of the merger, Fred S.L. Chan, the sole officer and director of Victory, will become the sole officer and director of the surviving corporation in the merger. It is expected that the directors and executive officers of Vialta will resign immediately prior to the effective time of the merger. Without limiting the generality of the foregoing, Mr. Pietri is expected to resign as Chief Executive Officer and Mr. Scharninghausen is expected to resign as Chief Financial Officer of the company. At the effective time of the merger, the certificate of incorporation of the surviving corporation will be amended and restated in its entirety to read as set forth in Exhibit D to the merger agreement.

It is expected that, upon consummation of the merger, the operations of Vialta will be conducted substantially as they currently are being conducted; however, Vialta will not be subject to the obligations and constraints, and the related direct and indirect costs and personnel requirements, associated with being a public company. Mr. Chan has advised Vialta that he does not have any present plans or proposals that relate to, or would result in, an extraordinary corporate transaction following completion of the merger involving Vialta's corporate structure or business, such as a merger, reorganization, liquidation, relocation of any operations or sale or transfer of a material amount of assets. It is expected, however, that following the merger, Mr. Chan will streamline management, continuously evaluate and review Vialta's business and operations, and may develop new plans and proposals that he considers appropriate to maximize the value of Vialta. Victory Acquisition Corp., Mr. Chan and the other participating stockholders reserve the right to make any changes deemed appropriate in light of their evaluation and review or in light of future developments.

Beneficial and Detrimental Effects

A benefit of the merger to the participating stockholders is that Vialta will be taken private and operated as a private company. As a privately-held company, information concerning Vialta and its operations, financial results and directors and officers will no longer be available to competitors. Future earnings and growth will be solely for the benefit of the participating stockholders and not for the benefit of Vialta's other current stockholders. The anticipated cost savings of approximately \$750,000 of annual expenses in the first full fiscal year following Vialta's becoming a private company plus an anticipated \$1,050,000 in new costs related to compliance with recent regulations relating to accounting procedures and internal controls will benefit the stockholders at that time and not the current public stockholders. Following the merger, Vialta management and certain other employees will be able to eliminate the time devoted to matters that relate exclusively to Vialta being a public company and will be able to focus on the business and operations of the company. Detrimental effects of the merger to the participating stockholders include the lack of liquidity for Vialta

Table of Contents

common stock following the merger, the risk that Vialta will decrease in value following the merger, and the payment by Vialta and Victory Acquisition Corp. of an aggregate of approximately \$ million in transaction costs and estimated fees and expenses related to the merger. See **SPECIAL FACTORS** Position of Vialta as to the Fairness of the Merger to Vialta's Stockholders; Reasons for Recommending the Approval of the Merger Agreement and the Merger,

SPECIAL FACTORS Position of Victory Acquisition Corp., Fred S.L. Chan and the other Participating Stockholders as to the Purpose and Reasons for the Merger and **SPECIAL FACTORS** Estimated Fees and Expenses of the Merger.

A benefit of the merger to Vialta's stockholders, other than the participating stockholders, is the right to receive the all-cash merger consideration of \$0.36 per share for their shares of Vialta common stock. The merger will enable the public stockholders to dispose of their shares at a price the special committee has determined to be a fair price, in spite of the fact that Vialta common stock has generally experienced low trading volumes and limited liquidity. The cash merger consideration for the shares represents a 50% premium over the average closing price of the common stock for the 30 days prior to the March 28, 2005 announcement of Mr. Chan's proposal. The public stockholders will additionally be able to sell their shares without paying the usual transaction costs associated with open market sales and will no longer have to bear the risk of any future losses or decrease in Vialta's enterprise value. The detriments of the merger to such stockholders are that they will cease to participate in Vialta's future earnings and growth, if any, and that the receipt of the payment for their shares in the merger will be a taxable for federal income tax purposes. See **SPECIAL FACTORS** Federal Income Tax Consequences.

Effect on Participating Stockholders Interest in Net Book Value and Net Earnings

After consummation of the merger, the participating stockholders will own all of the outstanding common stock of the surviving corporation and will benefit from any future earnings or growth of Vialta. After consummation of the merger, the participating stockholders' interest in the net book value and net earnings of Vialta will be 100% based on their holdings of Vialta outstanding capital stock. Vialta's stockholders, other than the participating stockholders, will no longer hold any direct or indirect equity interest in Vialta and therefore will no longer own any interest in its net book value or net earnings.

The Participating Stockholders Plans for Vialta

It is expected that, upon consummation of the merger, the operations of Vialta will be conducted substantially as they currently are being conducted; however, Vialta will not be subject to the obligations and constraints, and the related direct and indirect costs and personnel requirements, associated with being a public company. Mr. Chan has advised Vialta that he does not have any present plans or proposals that relate to, or would result in, an extraordinary corporate transaction following completion of the merger involving Vialta's corporate structure or business, such as a merger, reorganization, liquidation, relocation of any operations or sale or transfer of a material amount of assets. It is expected, however, that following the merger, Mr. Chan will streamline management, continuously evaluate and review Vialta's business and operations, and may develop new plans and proposals that he considers appropriate to maximize the value of Vialta. Mr. Chan and the other participating stockholders reserve the right to make any changes deemed appropriate in light of their evaluation and review or in light of future developments.

Merger Financing

Based on the number of shares of Vialta common stock outstanding on March 31, 2005 (other than shares held by the participating stockholders) and vested options with an exercise price less than \$0.36 per share, Vialta believes that \$18,418,643 will be required to pay the merger consideration (assuming no appraisal or dissenters' rights are exercised). It is expected that Vialta will use its cash on hand to pay the merger consideration. It is a condition to Victory's obligation to complete the merger that Vialta have no less than \$14.5 million in cash and cash equivalents as of midnight on the day prior to the closing of the merger. The participating stockholders are not required to complete the merger if the minimum cash requirement is not met by Vialta. However, if Vialta does not have adequate cash at the effective time of the merger to fund the merger consideration, Victory has agreed to fund the shortfall, up to a maximum of \$4 million. Because

Table of Contents

Victory does not have any assets other than the shares of Vialta common stock contributed pursuant to the contribution agreement, Fred S.L. Chan has committed to fund the shortfall in accordance with the terms of the additional contribution agreement. See TRANSACTION AGREEMENTS Additional Contribution Agreement. As of March 31, 2005, the company had over \$21 million in cash and cash equivalents. On April 28, 2005, the Company collected a note receivable of \$5.0 million that was previously full reserved due to uncertainties regarding its collection.

Interests of Certain Persons in the Merger

In considering the recommendations of the board of directors, you should be aware that certain of Vialta's executive officers and directors have interests in the transaction that are different from, or are in addition to, the interests of Vialta's stockholders generally. The special committee and the board of directors were aware of these potential or actual conflicts of interest and considered them along with other matters when they determined to recommend the merger. See SPECIAL FACTORS Background of the Merger.

Victory Acquisition Corp. and the Participating Stockholders; Equity Ownership in the Surviving Corporation Following the Merger

Mr. Chan is Vialta's Chairman and is the President, Treasurer and Secretary of Victory Acquisition Corp. Upon consummation of the merger, it is anticipated that Mr. Chan will continue in the position of President, Treasurer and Secretary of Vialta, the surviving corporation in the merger.

Mr. Chan and the other participating stockholders have delivered 32,039,840 shares of Vialta common stock to Victory in exchange for an equal number of shares of common stock of Victory. See TRANSACTION AGREEMENTS Stock Contribution Agreement. Upon consummation of the merger, stock options held by Mr. Chan and any other participating stockholder will be cancelled and Victory and the participating stockholders will not receive any merger consideration for their Vialta shares.

As of March 28, 2005, just prior to contributing their shares to Victory in exchange for an equal number of shares of Victory, the participating stockholders held of record Vialta common stock as follows:

	Number of Shares
Fred S.L. Chan	5,044,744
Annie M.H. Chan	5,748,960
Annie M. H. Chan TR UA 07-25-95, The Annie M. H. Chan Living Trust	8,042,932

Evershine XVI, L.P.	8,800,000
TOTALS:	32,039,840

The record ownership set forth in the preceding table does not reflect beneficial ownership of the participating stockholders. The participating stockholders have acted as a group in contributing their Vialta shares to Victory in connection with the proposed merger and may therefore be deemed as a group to have beneficial ownership of the entire 32,039,840 shares of Vialta stock held by Victory.

Merger Consideration to be Received by Certain Directors and Officers of Vialta Other than Mr. Chan

Pursuant to the terms of the 2000 Directors Stock Option Plan, the vesting of all options granted pursuant to the plan will accelerate and the options will become exercisable in full as of the date 10 days prior to the

Table of Contents

consummation of the merger. In accordance with the terms of the merger agreement, these options will then be cancelled and converted into the right to receive an amount in cash equal to (1) the excess, if any, of (x) the per share merger consideration of \$0.36 over (y) the applicable exercise price per share of Vialta common stock subject to such Vialta stock option, multiplied by (2) the number of shares of Vialta common stock subject to such Vialta stock option (and for which such Vialta stock option shall not theretofor have been exercised). See THE MERGER AGREEMENT Treatment of Stock Options. Only non-executive directors were entitled to receive option grants under the plan.

In the summer of 2004, in connection with the announcement that the company was exploring strategic alternatives, Vialta entered into stay bonus agreements with certain key employees, including Didier Pietri and William Scharninghausen. In accordance with the agreement entered into with Mr. Pietri, all stock options granted to him will accelerate and become fully vested and immediately exercisable upon the effective date of the merger. As referenced in the preceding paragraph, in accordance with the terms of the merger agreement, these options will then be cancelled and converted into the right to receive an amount in cash equal to (1) the excess, if any, of (x) the per share merger consideration of \$0.36 over (y) the applicable exercise price per share of Vialta common stock subject to such Vialta stock option, multiplied by (2) the number of shares of Vialta common stock subject to such Vialta stock option (and for which such Vialta stock option shall not theretofor have been exercised). In addition, Messrs. Pietri and Scharninghausen were entitled to bonus payments if they remained employed by the company through certain dates, regardless of whether a transaction was subsequently consummated. The dates specified in both agreements have passed and the stay bonuses are currently due and payable. Neither Mr. Pietri nor Mr. Scharninghausen will be entitled to any additional bonus payments in connection with the merger.

The following table reflects the total amount of cash that Didier Pietri and the non-employee directors of Vialta (as defined in Item 402(a)(3) of Regulation S-K), other than Mr. Chan, will receive as merger consideration as of March 31, 2005:

Name	Position	Number of Shares Beneficially Owned	Total Merger Consideration
Didier Pietri(1)	Chief Executive Officer	4,059,436	\$ 61,397
George Cain(2)	Director	60,000	\$ 2,400
Michael Dubester(3)	Director	60,000	\$ 2,400
Matthew Fong(4)	Director	120,974	\$ 31,151
Herbert Chang(5)	Director	56,000	\$ 0

- (1) Includes options to acquire 4,000,000 shares of common stock, of which all 916,667 unvested options will accelerate in connection with the merger. Based on the merger consideration of \$0.36 per share, options to purchase 2,000,000 of these shares are in the money.
- (2) Represents options to acquire 60,000 shares of common stock, of which all 45,000 unvested options will accelerate in connection with the merger. Based on the merger consideration of \$0.36 per share, options to purchase 20,000 of these shares are in the money.
- (3) Represents options to acquire 60,000 shares of common stock, of which all 45,000 unvested options will accelerate in connection with the merger. Based on the merger consideration of \$0.36 per share, options to purchase 20,000 of these shares are in the money.

- (4) Includes options to acquire 40,000 shares of common stock, of which all 35,000 unvested options will accelerate in connection with the merger. Based on the merger consideration of \$0.36 per share, options to purchase 40,000 of these shares are in the money.
- (5) Includes options to acquire 56,000 shares of common stock, of which all 9,000 unvested options will accelerate in connection with the merger. Based on the merger consideration of \$0.36 per share, options to purchase none of these shares are in the money.

Table of Contents***Indemnification and Insurance***

Pursuant to the merger agreement, Vialta, as the surviving corporation in the merger, has agreed to indemnify, and advance reasonable expenses to, the current and former directors and officers of Vialta and its subsidiaries, referred to as the indemnified parties, against all costs or expenses, judgments, fines, losses, claims, damages, penalties or liabilities incurred in connection with any acts or omissions occurring at or prior to the time of the merger. All rights to indemnification and exculpation from liability existing in favor of any indemnified parties as provided under any contract, applicable laws and/or the charters and bylaws of Vialta and its subsidiaries as of the effective time of the merger are to survive the merger with respect to events occurring up to the time of the merger.

Vialta will purchase and the surviving corporation will maintain (and not cancel or allow to lapse) directors and officers liability insurance for not less than six years following the merger covering all persons who are directors and officers of Vialta and its subsidiaries covered by Vialta's current directors and officers liability insurance policies as of the effective time of the merger. It is expected that such liability insurance will be obtained by Vialta in advance of the effective time, at an anticipated cost of approximately \$400,000.

Compensation of the Special Committee

In consideration of the expected time and other commitments that would be required of special committee members generally and the chairman of the special committee in particular, the board of directors determined that the chairman of the special committee would receive an annual fee of \$25,000, payable quarterly at the end of each fiscal quarter, which will accelerate on consummation of the merger or an alternative acquisition proposal (including a liquidation or dissolution). In addition, each member of the special committee, including the chairman, will receive \$2,000 per meeting attended in person or \$1,000 per meeting attended via telephone as compensation for their service on the special committee, up to a maximum of \$20,000 for the chairman and \$18,000 for the other member, in each case without regard to whether the special committee were to recommend approval of the merger agreement or whether the merger was consummated. Accordingly, Mr. Cain, chairman of the special committee, will receive \$45,000, and Mr. Dubester, the other member of the special committee, will receive \$18,000 as compensation for their services on the special committee. The members of the special committee are also entitled to receive reimbursement for the expenses incurred in connection with their service on the special committee.

Certain Fraudulent Transfer Risks

If Vialta is deemed to be insolvent at the effective time of the merger or becomes insolvent as a result of the merger, the transfer of funds representing the \$0.36 per share price payable to stockholders upon completion of the merger may be deemed to be a fraudulent conveyance under applicable law and therefore may be subject to claims of creditors of Vialta. If such a claim is asserted by the creditors of Vialta following the merger, there is a risk that persons who were stockholders at the effective time of the merger will be ordered by a court to return to Vialta all or a portion of the \$0.36 per share in cash they received upon the completion of the merger.

Based upon the projected capitalization of Vialta at the time of the merger and projected results of operations and cash flow following the merger, and management's discussions with the board of directors relating to such matters, the board of directors of Vialta does not believe that Vialta and its subsidiaries, on a consolidated basis, will be insolvent or otherwise left with unreasonably small capital immediately after giving effect to the merger.

Plans for Vialta if the Merger is Not Completed

It is expected that, if the merger is not completed, the current management of Vialta, other than Didier Pietri (who has indicated his desire to resign from Vialta to pursue other business opportunities) and possibly William Scharninghausen, under the direction of such members of the board of directors who decide to remain in office, will manage Vialta as an ongoing business while continuing to explore strategic alternatives to maximize stockholder value. It is likely under such circumstances that the company will engage a new

Table of Contents

independent accounting firm. The company may determine to effectuate a reverse stock split which would require stockholder approval under applicable law, or to liquidate the company. If the merger agreement is not approved by stockholders, or if the merger is not consummated for any other reason, there can be no assurance that any other transaction acceptable to Vialta will be offered or that Vialta's business and operations will not be adversely affected. In addition, if the merger is not completed, depending upon the circumstances, Vialta may be required to reimburse certain expenses of Victory. See **SPECIAL FACTORS** Estimated Fees and Expenses of the Merger.

Regulatory Approvals and Requirements

In connection with the merger, Vialta will be required to make certain filings with, and comply with certain laws of, various federal and state governmental agencies, including filing a certificate of merger with the Secretary of State of the State of Delaware in accordance with Delaware law after the approval and adoption of the merger agreement and the merger by Vialta's stockholders.

It is currently expected that no regulatory approvals will be required in order to complete the merger.

Federal Income Tax Consequences

The following discussion summarizes the material U.S. federal income tax consequences of the merger that are generally applicable to United States holders (as defined below) of Vialta common stock other than Victory and the participating stockholders. This discussion is based on currently existing provisions of the Code, existing and proposed Treasury Regulations promulgated under the Code, and current administrative rulings and court decisions, all of which are subject to change, possibly with retroactive effect. This discussion does not address state, local or foreign tax consequences that may be applicable to the parties specified in the first sentence of this paragraph, and such parties should consult their own tax advisors with respect to such consequences.

United States Holders Other than the Participating Stockholders

For purposes of this discussion, a United States holder means a holder that is (1) a citizen or resident of the United States for federal income tax purposes; (2) a corporation (or other entity treated as an association taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or any state; (3) an estate, the income of which is subject to U.S. federal income

Table of Contents

taxation regardless of its source; or (4) a trust if (a) a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have authority to control all substantial decisions of the trust, or (b) the trust has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

The following discussion applies only to United States holders of Vialta common stock who hold such shares as capital assets and did not acquire shares of Vialta common stock pursuant to the exercise of employee stock options or other compensation arrangements (and does not, except as specifically set forth below, apply to the exchange or cancellation of employee stock options, including the receipt of cash therefor). Non-U.S. holders are advised to consult their own tax advisors regarding the tax consequences of the proposed merger. This discussion does not address tax issues relevant to certain classes of United States holders who may be subject to special treatment under the Code, such as banks, other financial institutions, insurance companies, tax-exempt investors, regulated investment companies, real estate investment trusts, persons subject to the alternative minimum tax, persons who hold their Vialta common stock as part of a position in a straddle or as part of a hedging or conversion transaction, persons who are deemed to sell their Vialta common stock under the constructive sale provisions of the Code, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings, persons that have a functional currency other than the U.S. dollar, expatriates, S corporations, entities classified as partnerships for U.S. federal income tax purposes or stockholders who hold Vialta common stock as dealers. This discussion also does not address tax issues relevant to United States holders who are not considered to have disposed of all shares of Vialta because of the application of the attribution rules of Section 318 of the Code. All such United States holders should consult their own tax advisors concerning the U.S. federal income tax consequences of the merger to their particular situations. Furthermore, if a partnership holds Vialta common stock, the tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner of a partnership holding Vialta common stock should consult its tax advisors. The federal income tax treatment of a stockholder who exercises statutory dissenters or appraisal rights is not discussed in this section. Any stockholder considering exercising statutory dissenters or appraisal rights should consult with his or her own tax advisor.

Tax matters are very complex and the tax consequences of the merger to you will depend on the facts of your particular situation. You should consult your tax advisor for a full understanding of the tax consequences of the merger to you, including the federal, state, local and foreign tax consequences of the merger.

For federal income tax purposes, the cash received by a United States holder as a result of the merger (including any cash received in connection with the exercise of dissenters or appraisal rights) should be deemed to be received from Vialta pursuant to a redemption of the shares held by such United States holder. If the deemed redemption of the shares held by a particular United States holder qualifies as an exchange under section 302(b) of the Code (as described below), the United States holder will recognize gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the holder's adjusted tax basis in the shares and the amount of cash received. If the United States holder holds Vialta common stock as a capital asset, any gain or loss should generally be a capital gain or loss. If the United States holder has held the shares for more than 1 year, any gain or loss should generally be a long-term gain or loss. The deductibility of capital losses is subject to limitations.

If the deemed redemption of the shares held by a particular United States holder does not qualify as an exchange under section 302(b) of the Code (as described below), then the cash received by the holder will be treated as a dividend, provided that Vialta has sufficient accumulated or current earnings and profits. Any such dividend income received by a United States holder will be treated as ordinary income for federal income tax purposes, and the entire amount of the cash received (and not merely the excess of the cash received over the holder's adjusted tax basis in the shares) will be subject to tax. To the extent this portion of the redemption proceeds constitutes qualified dividend income under Section 1(h)(11) of the Code, it will be taxable to the stockholder at special 5% and 15% tax rates applicable to such income. If the redemption proceeds do not constitute qualified dividend income then such dividend income will be taxable to the stockholder as regular ordinary income (at federal tax rates as high as 35%). In order to constitute qualified

Table of Contents

dividend income eligible for the reduced tax rates, a number of requirements must be met, including that the stockholder's holding period for his or her shares must be at least 60 days as of the date on which the merger closes. Stockholders are urged to consult their tax advisors regarding the applicability of the reduced tax rates to the portion of the redemption proceeds that is treated as a dividend.

A United States holder's disposition of shares pursuant to the merger will qualify as an exchange under section 302(b) of the Code if the disposition qualifies as a complete redemption of the United States holder's shares. A United States holder's disposition of shares pursuant to the merger will result in a complete redemption if either: (i) the holder does not own, directly or constructively, any shares of Vialta stock after the merger; or (ii) the holder does not own directly any shares of Vialta stock after the merger and, with respect to any constructively owned shares, the holder is eligible to (and does in fact) waive (pursuant to section 302(c)(2) of the Code) the attribution of such shares to the holder. For the purpose of determining whether a redemption qualifies as an exchange under section 302(b) of the Code, a United States holder must take into account not only the shares that the holder actually owns but also any shares that the holder is deemed to own constructively under the attribution rules of section 318 of the Code. For example, under these attribution rules, an individual is deemed to own constructively any shares held by his or her spouse, parents, children and grandchildren, and is deemed to own constructively shares held by certain entities (such as corporations, partnerships, estates, and trusts) in which he or she has an equity interest. Furthermore, an individual is deemed to own any shares that he or she has the right to acquire by the exercise of an option, regardless of when the option may be exercised.

If Victory contributes funds to cover a shortfall, a portion of the consideration received may be considered proceeds from the sale of shares as opposed to a redemption. In such an instance, the United States holder will recognize gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the holder's adjusted tax basis in the shares considered sold and the cash considered to have been received with respect to such sale. If the United States holder holds Vialta common stock as a capital asset, any gain or loss should generally be a capital gain or loss. If the United States holder has held the shares for more than 1 year, any gain or loss should generally be a long-term gain or loss. The deductibility of capital losses is subject to limitations.

United States holders of Vialta common stock may be subject to backup withholding on cash payments received in exchange for shares in the merger or received upon the exercise of dissenters' rights. Backup withholding generally will apply only if the stockholder fails to furnish a correct social security number or other taxpayer identification number, or otherwise fails to comply with applicable backup withholding rules and requirements. Corporations generally are exempt from backup withholding. Stockholders should complete and sign the substitute Form W-9 that will be part of the letter of transmittal to be returned to the paying agent to provide the information and certification necessary to avoid backup withholding.

Anticipated Accounting Treatment of the Merger

The merger will be accounted for under the purchase method of accounting, under which the total consideration paid in the merger will be allocated among Vialta's consolidated assets and liabilities based on the fair values of the assets acquired and liabilities assumed.

Appraisal and Dissenters' Rights

Assuming the consummation of the merger, stockholders who do not vote their shares of Vialta common stock in favor of the merger may, under certain conditions, become entitled to be paid the fair value of their shares of common stock in lieu of receiving the merger consideration of \$0.36 per share. Stock option holders will not be entitled to any such rights in connection with the merger by virtue of holding such stock options.

The merger agreement provides that shares of Vialta common stock outstanding immediately prior to the effective time of the merger that have not been voted in favor of the merger will not be converted into the right to receive \$0.36 per share pursuant to the merger agreement if the holder of such shares validly exercises and perfects or does not lose or waive the benefit of statutory appraisal rights with respect to such shares. Holders of such shares may waive dissenters' rights and receive \$0.36 per share merger consideration. Notwithstanding

the foregoing, such shares will be automatically converted into the right to receive \$0.36 per share pursuant to the merger agreement on the same basis as all other shares of Vialta common stock are converted in the merger when and if the stockholder withdraws his or her demand for appraisal and waives his or her dissenters' rights or otherwise become legally ineligible to exercise appraisal or dissenters' rights.

Because Vialta is a Delaware corporation, the availability of dissenting stockholders appraisal rights is determined by Delaware law, which is summarized below. However, because Vialta transacts a substantial amount of its business in California, stockholders also may have rights as dissenting stockholders under California law as a result of the merger. Because of the potential applicability of California law, summaries for both Delaware and California law regarding dissenting stockholders or stockholder rights are provided below.

Under both Delaware and California law, stockholders who vote in favor of the merger will have waived their rights as a dissenting stockholder or stockholder. You are urged to consult your legal advisor if you are considering exercising appraisal rights or dissenters' rights.

Appraisal rights under Delaware law

Under Section 262 of the Delaware General Corporation Law (DGCL), stockholders who do not vote in favor of or consent to the approval and adoption of the merger agreement will be entitled to elect to have the fair value of their shares judicially determined as of the date on which the proposed merger is completed.

Stockholders must follow the required procedures set forth in Section 262 of the DGCL exactly or any appraisal rights may be lost.

The following discussion is not a complete statement of the law pertaining to appraisal rights under the DGCL and is qualified in its entirety by the full text of Section 262, which is provided as Appendix E to this proxy statement. All references in Section 262 and in this summary to a stockholder are to the record holder of the shares of Vialta common stock as to which appraisal rights are asserted. Stockholders who have a beneficial interest in shares of Vialta common stock held of record in the name of another person, such as a broker or nominee, must act promptly to cause the record holder to follow properly the steps summarized below in a timely manner to perfect their appraisal rights.

Under Section 262, where a proposed merger is to be submitted for approval at a meeting of stockholders, as in the case of the special meeting, the company must notify each of its stockholders entitled to appraisal rights that such appraisal rights are available and include in such notice a copy of Section 262, not less than 20 days prior to the meeting. This proxy statement is that notice, and the applicable statutory provisions of the DGCL are attached to this proxy statement as Appendix E. Please note that the 20-day time period begins on the date the notice was mailed, not on the date it is received. Stockholders who wish to exercise appraisal rights or wish to preserve the right to do so, should review carefully Section 262 and are urged to consider seeking advice of legal counsel, since failure to comply fully with the procedures of that Section will result in the loss of appraisal rights.

General requirements. Stockholders who wish to exercise the right to dissent from the merger and demand appraisal under Section 262 of the DGCL, must satisfy each of the following conditions:

Written demand for appraisal. Stockholders must deliver to Vialta at 48461 Fremont Boulevard, Fremont, California 94538 a written demand for appraisal of their shares before the vote on the merger at the special meeting (scheduled to be held on _____, 2005), which demand will be sufficient if it includes the stockholder's name, mailing address, number of shares of Vialta common stock covered by the demand and notice that he or she intends to demand the appraisal.

Refrain from voting for the merger. Stockholders must not vote in favor of the merger agreement. Because a proxy that does not contain voting instructions will, unless revoked, be voted in favor of the merger agreement, stockholders who vote by proxy and wish to exercise appraisal rights must mark their proxy to include their vote against the merger agreement or abstention from voting on the merger agreement. You are not required to vote against the merger to preserve dissenters' rights.

Continuous ownership of Vialta shares. Stockholders must continuously hold their shares from the date of making their demand through the effective time of the merger. Stockholders who hold shares of common stock on the date the written demand for appraisal is made but thereafter sell, transfer or otherwise dispose of their shares prior to the effective time of the merger, will lose any right to appraisal in respect of such shares.

Notice. Within 10 days after the effective time of the merger, Vialta must notify each stockholder who is entitled to appraisal rights of the date that the merger became effective.

Neither voting in person or by proxy against, abstaining from voting on nor failing to vote on the proposal to approve and adopt the merger agreement will constitute a written demand for appraisal within the meaning of Section 262. The written demand for appraisal must be in addition to and separate from any such proxy or vote.

Only a holder of record of shares of Vialta common stock is entitled to assert appraisal rights for the shares of common stock registered in that holder's name. A demand for appraisal should be executed by or on behalf of the stockholder of record, fully and correctly, as that stockholder's name appears on such stock certificates, should specify the stockholder's name and mailing address, the number of shares of common stock owned and that the stockholder intends thereby to demand appraisal of the stockholder's common stock.

If shares are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, execution of the demand must be made by or on behalf of the record owner. If shares are owned of record by more than one person as in a joint tenancy or tenancy in common, the demand must be executed by or on behalf of all owners. An authorized agent, including an agent for one or more joint owners, may execute a demand for appraisal on behalf of a stockholder of record; however, the agent must identify the record owner or owners and expressly disclose the fact that, in executing the demand, the agent is acting as agent for the record owner or owners.

A record holder such as a broker who holds shares as nominee for several beneficial owners may exercise appraisal rights with respect to the shares held for one or more beneficial owners while not exercising those rights with respect to the shares held for one or more other beneficial owners; in such case, the written demand should set forth the number of shares as to which appraisal is sought. Where no number of shares is expressly mentioned, the demand will be presumed to cover all shares held in the name of the record owner. Stockholders who hold shares in brokerage accounts or other nominee forms and wish to exercise appraisal rights, are urged to consult with their broker to determine the appropriate procedures for the making of a demand for appraisal by such a nominee.

Stockholders should address the written demand to Vialta, Inc., 48461 Fremont Boulevard, Fremont, California 94538, Attention: Director of Finance.

Within 120 days after the effective time of the merger, but not thereafter, either Vialta or any stockholder who has complied with the requirements of Section 262 may file a petition in the Delaware Chancery Court demanding a determination of the fair value of all shares held by stockholders who have asserted appraisal rights. Vialta is under no obligation to and has no present intent to file a petition for appraisal, and stockholders should not assume that the company will file such a petition or will initiate any negotiations with respect to the fair value of the shares.

Within 120 days after the effective time of the merger, any stockholder who has complied with the provisions of Section 262 to that point in time will be entitled to receive from Vialta, as the company surviving the merger, upon written request, a statement setting forth the aggregate number of shares of common stock not voted in favor of the merger agreement and with respect to which demands for appraisal have been received by Vialta and the aggregate number of holders of such shares. Vialta must mail this statement to the stockholder within 10 days after receipt of the request or within 10 days after expiration of the period for delivery of demands for appraisal under Section 262, whichever is later.

A stockholder timely filing a petition for appraisal with the Delaware Court of Chancery must deliver a copy to Vialta, who will then be obligated within 20 days to file in the Delaware Court of Chancery a duly

Table of Contents

verified list containing the names and addresses of all stockholders who have demanded appraisal of their shares. After notice to the stockholders, the Delaware Court of Chancery is empowered to conduct a hearing on the petition to determine which stockholders are entitled to appraisal rights. The Delaware Court of Chancery may require stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings, and if any stockholder fails to comply with the requirement, the Delaware Court of Chancery may dismiss the proceedings as to that stockholder.

After determining the stockholders entitled to an appraisal, the Delaware Court of Chancery will appraise the fair value of their shares, exclusive of any element of value arising from the accomplishment or expectation of the merger, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. The costs of the action may be determined by the Delaware Chancery Court and taxed upon the parties as the Delaware Chancery Court deems equitable. Upon application of a stockholder asserting appraisal rights, the Delaware Chancery Court may also order that all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorneys' fees and the fees and expenses of experts, be charged pro rata against the value of all of the shares entitled to appraisal.

Stockholders who are considering seeking appraisal should be aware that the fair value of their shares as determined under Section 262 could be more than, the same as or less than the \$0.36 per share they would receive pursuant to the merger agreement if they did not seek appraisal of your shares. Stockholders should also be aware that investment banking opinions are not opinions as to fair value under Section 262. Moreover, Vialta does not anticipate offering more than the merger consideration to any stockholder exercising appraisal rights and reserves the right to assert, in any appraisal proceeding, that, for purposes of Section 262, the fair value of a share of its common stock is less than the merger consideration. In determining fair value and, if applicable, a fair rate of interest, the Delaware Chancery Court is permitted to take into account all relevant factors, including market value, asset value, dividends, earnings prospects, the nature of the enterprise and any other facts that could be ascertained as of the date of the merger that throw any light on future prospects of the merged corporation.

All shares of Vialta common stock will be cancelled on consummation of the merger, including shares held by dissenting stockholders. Any stockholder who has duly demanded an appraisal in compliance with Section 262 will not, from and after the effective time of the merger, be entitled to vote such stockholder's shares of common stock subject to such demand for any purpose or to receive payment of dividends or other distributions on those shares (except dividends or other distributions payable to holders of record of shares as of a record date prior to the effective time of the merger), or receive payment of any consideration provided for in the merger agreement.

Stockholders may withdraw their demand for appraisal and accept the \$0.36 per share merger consideration by delivering to Vialta a written withdrawal of demand for appraisal and an acceptance of the merger consideration, except that:

any attempt to withdraw such demand made more than 60 days after the effective time of the merger will require Vialta's written approval, and

no appraisal proceeding in the Delaware Chancery Court will be dismissed as to any stockholder without the approval of the Delaware Chancery Court, and that approval may be conditioned upon such terms as the Delaware Chancery Court deems just.

Dissenters' rights under California law

A stockholder's dissent of the merger may also be governed by specific legal provisions contained in Chapter 13 of the California General Corporation Law (CGCL). The following summary of the provisions of Chapter 13 of the CGCL is not intended to be a complete statement of such provisions and is qualified in its entirety by reference to the full text of Chapter 13 of the CGCL, a copy of which is attached as Appendix F to this proxy statement and is incorporated herein by reference.

Table of Contents

Stockholders must follow the required procedures set forth in Chapter 13 of the CGCL exactly or any dissenters' rights may be lost.

Under Chapter 13 of the CGCL, if the merger is consummated, and a stockholder properly exercises dissenter's rights, his or her shares of common stock will not be converted into the right to receive merger consideration of \$0.36 per share, but instead, will be converted into the right to receive in cash the fair value of those shares determined as of March 28, 2005, the day before the announcement of the terms of the merger and excluding any appreciation or depreciation in consequence of the merger.

General requirements. Stockholders who wish to exercise the right to dissent from the merger under Chapter 13 of the CGCL must satisfy each of the following conditions:

Refrain from voting for the merger. Stockholders must not vote in favor of the merger agreement and the merger. Because a proxy that does not contain voting instructions will, unless revoked, be voted in favor of the merger agreement, stockholders who vote by proxy and wish to exercise appraisal rights must vote against the merger agreement and the merger or abstain from voting on the merger agreement and the merger. You are not required to vote against the merger to preserve dissenters' rights.

Notice and declaration of fair value. If the merger agreement and the merger are approved by a sufficient number of votes, in person or by proxy, Vialta will, within 10 days after such approval, mail to any stockholder who may have a right to require the company to purchase such stockholder's shares of Vialta common stock for fair value under Chapter 13 of the CGCL, or the Dissenting Stockholders, a notice that the required stockholder approval of the merger agreement was obtained, accompanied by a copy of Chapter 13 of the CGCL. The notice of approval will set forth the price that Vialta has determined represents the fair value of any dissenting shares (which shall constitute an offer to purchase such dissenting shares at such stated price) and will set forth a brief description of the procedures to be followed by the Dissenting Stockholders who wish to exercise their dissenters' rights.

Written demand of appraisal. Within 30 days after the date on which the notice of approval was mailed, Dissenting Stockholders are required to make a written demand to Vialta to purchase dissenting shares for a cash payment of their fair value. Written demand is required by law to contain a statement concerning the number of shares of Vialta common stock held by the Dissenting Stockholder and the amount that he or she claims to be the fair value of these shares as of March 28, 2005. The statement of fair value in the Dissenting Stockholder's written demand will constitute such stockholder's offer to sell these shares at the price identified in the demand. Such demand must be addressed to Vialta, Inc., 48461 Fremont Boulevard, Fremont, California 94538, Attention: Secretary. If the price contained in the notice of approval is acceptable to the stockholder, he or she may demand that price. This would constitute an acceptance of Vialta's offer to purchase the stock at the price stated in the notice of approval. Stockholders may not withdraw their dissent or demand for payment unless Vialta consents to such withdrawal.

Surrender of stock certificate(s). Within 30 days after the notice of approval was mailed, Dissenting Stockholders also must submit the certificates representing their dissenting shares (or if their dissenting shares are uncertificated, a written notice of the number of shares, which the shareholder demands that Vialta purchase) to Vialta, Inc., 48461 Fremont Boulevard, Fremont, California 94538, Attention: Secretary. The certificates representing dissenting shares will be stamped or endorsed with a statement that the shares are dissenting shares of common stock.

If Vialta and a stockholder agree upon the price to be paid for dissenting shares, upon surrender of the certificates representing the dissenting shares, that price (together with interest thereon at the legal rate on judgments from the date of the agreement between Vialta and such stockholder) is required by law to be paid to you within 30 days after such agreement or within 30 days after any statutory or contractual conditions to the merger are satisfied, whichever is later, subject to surrender of stock certificates representing the dissenting shares.

Table of Contents

If Vialta and a stockholder disagree as to the price for dissenting shares or disagree as to whether these shares are entitled to be classified as dissenting shares, a Dissenting Stockholder may, within six months after the notice of approval is mailed, file a complaint in the California Superior Court of the proper county requesting the court to make such determination or, alternatively, he or she may intervene in any pending action brought by another Dissenting Stockholder. Costs of such an action (including compensation of appraisers) are required to be assessed as the court considers equitable but must be assessed against Vialta if the appraised value determined by the court exceeds the price offered.

The court action to determine the fair value of dissenting shares will be suspended if litigation is instituted to test the sufficiency or regularity of the votes of the stockholders in approving the merger (assuming such an action may be maintained under California law). Furthermore, no Dissenting Stockholder who has demanded payment of cash for his or her shares under Chapter 13 of the CGCL shall have any right to attack the validity of the merger, or to have the merger set aside or rescinded, except in an action to test whether the votes required to authorize or approve the merger have been legally and validly obtained in favor of the merger (assuming such an action may be maintained under California law). If a stockholder institutes any action to attack the validity of the merger, or to have the merger set aside or rescinded (assuming such an action may be maintained under California law), the stockholder shall not thereafter have any right to demand payment of cash for his or her shares pursuant to Chapter 13 of the CGCL. In any action to attack the validity of the merger, or to have the merger set aside or rescinded (assuming such an action may be maintained under California law), if it is determined that Victory controls Vialta or that the parties to the merger are under common control, the participating stockholders may have the burden of proving that the transaction is just and reasonable as to the shareholders of Vialta.

Dissenting shares may lose their status and a Dissenting Stockholder's right to demand payment will terminate, among other reasons, if:

the merger is abandoned;

a stockholder transfers his or her shares of common stock before submitting them for endorsement;

Vialta and the Dissenting Stockholder do not agree on the status of the shares as dissenting shares or on the price of such shares and the Dissenting Stockholder fails to file suit against Vialta or intervene in a pending action within six months following the date on which the notice of approval was mailed;

a stockholder withdraws his or her demand for the purchase of the dissenting shares of common stock with Vialta's consent; or

a stockholder fails to comply with the procedures for written demand of appraisal and surrender of stock certificates set forth in Chapter 13 of the CGCL.

Stockholders who fail to comply strictly with these procedures will lose their dissenters' rights.

Consequently, stockholders who wish to exercise dissenters' rights are strongly urged to consult a legal advisor.

THE SPECIAL MEETING

Date, Time and Place

The special meeting will be held on _____, 2005 at _____ a.m., local time, at the Fremont Marriott, 46100 Landing Parkway, Fremont, CA 94538.

Table of Contents

Matters to be Considered

At the special meeting, stockholders will be asked to:

consider and vote upon a proposal to approve and adopt the merger agreement and approve the merger;

consider and vote upon a proposal to adjourn the special meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of the special meeting to approve the merger agreement and the merger; and

transact such other business as may properly come before the special meeting or any adjournments or postponements of the special meeting.

Record Date; Voting Rights

Vialta has fixed _____, 2005 as the record date for the special meeting. Only holders of record of Vialta common stock as of the close of business on the record date are entitled to notice of, and to vote at, the special meeting and any adjournment or postponement thereof. As of the close of business on the record date, there were _____ shares of Vialta common stock issued and outstanding held by approximately _____ holders of record.

Quorum

The presence in person or by proxy of a majority of the votes entitled to be cast by the common stock will constitute a quorum at the special meeting.

Any shares of Vialta common stock held in treasury by Vialta or by any of its subsidiaries are not considered to be outstanding on the record date or otherwise entitled to vote at the special meeting for purposes of determining a quorum.

Shares represented by proxies reflecting abstentions and properly executed broker non-votes will be counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote arises when a bank, broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received voting instructions from the beneficial owner.

Required Vote

Stockholder approval of the merger and approval and adoption of the merger agreement requires the affirmative vote of at least a majority of the shares outstanding as of the record date for the special meeting. It is not required that a majority of stockholders other than the participating stockholders vote for the approval and adoption of the merger agreement and the merger.

Subject to the terms of a voting agreement, Victory committed to vote in favor of the merger agreement shares beneficially owned by it representing approximately 39% of the votes entitled to be cast. See SPECIAL FACTORS Voting Agreement for a description of the voting agreement. Vialta's directors and executive officers other than Mr. Chan own approximately 5% of Vialta's outstanding common stock, and have indicated to Vialta their intention to vote in favor of approval of the merger agreement and the merger.

The vote required in order for stockholders to approve the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of the special meeting to approve the merger agreement is the affirmative vote of a majority of the shares of stock present or represented at the meeting and entitled to vote, even if less than a quorum.

In the case of the proposal to approve and adopt the merger agreement, a failure to vote, an abstention or a broker non-vote will have the same effect as a vote AGAINST the proposal. In the case of the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of the special meeting to approve the merger agreement, a failure to vote or a

Table of Contents

broker non-vote will have no effect on the outcome of the voting but an abstention will have the same effect as a vote AGAINST adjournment.

If the special meeting is adjourned or postponed for any reason, at any subsequent reconvening of the special meeting, all proxies will be voted in the same manner as they would have been voted at the original convening of the meeting (except for any proxies that have been revoked or withdrawn).

Stockholder approval of the merger by a majority of the outstanding shares of Victory Acquisition Corp. was required and has already been obtained.

How Shares are Voted; Proxies; Revocation of Proxies

You may vote by attending the special meeting and voting in person by ballot, by completing the enclosed proxy card and then signing, dating and returning it in the postage pre-paid envelope provided. Submitting a proxy now will not limit your right to vote at the special meeting if you decide to attend in person. If your shares are held of record in street name by a broker, nominee, fiduciary or other custodian and you wish to vote in person at the special meeting, you must obtain from the record holder a proxy issued in your name.

Shares represented by a properly executed proxy will be voted at the special meeting and, when instructions have been given by the stockholder, will be voted in accordance with those instructions. If you submit a proxy without giving voting instructions, the persons named as proxies on the proxy card will vote your shares FOR the approval and adoption of the merger agreement and the merger and FOR the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of the special meeting to approve the merger agreement and the merger.

As of the date of this proxy statement, Vialta does not expect a vote to be taken on any matters at the special meeting other than the proposal to approve and adopt the merger agreement and the merger and the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of the special meeting to approve the merger agreement and the merger. A properly executed proxy gives the persons named as proxies on the proxy card authority to vote in their discretion with respect to any other matters that properly come before the special meeting.

You may revoke your proxy at any time before it is actually voted by submitting to the Secretary of the company a written notice of revocation, by delivering a duly executed proxy bearing a later date or by attending the special meeting and voting in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the special meeting, you must bring to the meeting a proxy from the broker, bank or other nominee authorizing you to vote the shares. Attendance at the special meeting will not, by itself, revoke a proxy. If you have given voting instructions to a broker, nominee, fiduciary or other custodian that holds your shares in street name, you may revoke those instructions by following the directions given by the broker, nominee, fiduciary or other custodian.

Solicitation Of Proxies

This proxy statement is being furnished in connection with the solicitation of proxies by Vialta's board of directors. Vialta will bear the costs of soliciting proxies. These costs include the preparation, assembly and mailing of the proxy statement, the notice of the special meeting of stockholders and the enclosed proxy, as well as the cost of forwarding these materials to the beneficial owners of Vialta common stock. Vialta's directors, officers and regular employees may, without compensation other than their regular compensation, solicit proxies by mail, e-mail or telephone, in person or via the Internet. Vialta will also reimburse brokerage firms, custodians, nominees, fiduciaries and others for expenses incurred in forwarding proxy material to the beneficial owners of Vialta common stock.

Appraisal or Dissenters' Rights

Stockholders who do not vote in favor of approval of the merger agreement and who otherwise comply with the procedures for perfecting dissenters' or appraisal rights under the applicable statutory provisions of Delaware or California law, as applicable, summarized elsewhere in this proxy statement may demand

Table of Contents

payment of the fair value of their shares in cash in connection with the consummation of the merger. See SPECIAL FACTORS Appraisal and Dissenters Rights.

Adjournment

If the special meeting is adjourned to a different place, date or time, Vialta need not give notice of the new place, date or time if the meeting is not adjourned for more than 30 days and if the new place, date or time is announced at the meeting, unless a new record date is or must be set for the adjourned meeting.

Attending the Special Meeting

In order to attend the special meeting in person, you must be a stockholder of record on the record date, hold a valid proxy from a record holder or be an invited guest of Vialta. You will be asked to provide proper identification at the registration desk on the day of the meeting or any adjournment of the meeting.

THE MERGER AGREEMENT

The following summary of the material terms of the merger agreement is qualified in its entirety by reference to the merger agreement, a copy of which is attached as Annex A to this proxy statement.

Structure of the Merger

At the effective time of the merger, Victory will merge with and into Vialta and the separate corporate existence of Victory will end. Vialta will be the surviving corporation in the merger and will continue to be a Delaware corporation after the merger.

The certificate of incorporation of Vialta, Inc. will be amended in the merger to read as set forth in Exhibit B to the merger agreement. The bylaws of Victory, as in effect immediately prior to the effective time of the merger, will be the bylaws of Vialta, as the surviving corporation. Fred Chan, the sole officer and director of Victory, will, from and after the effective time of the merger, be the initial director and officer of Vialta, as the surviving corporation, until his successor is duly elected and qualified or until his earlier resignation or removal.

Table of Contents

When the Merger Becomes Effective

Vialta and Victory will file a certificate of merger with the Secretary of State of the State of Delaware one business day after the satisfaction or waiver of the closing conditions to the merger (other than the conditions that can only be satisfied at the closing) or at such other time as Victory and Vialta may agree. The merger will become effective upon the filing of the certificate of merger with the Secretary of State of the State of Delaware or at such other time as may be agreed by Vialta and Victory and specified in the certificate of merger.

Effect of the Merger on the Capital Stock of Vialta and Victory Acquisition Corp.

At the effective time of the merger:

all shares of Vialta common stock that are held (1) in the treasury of Vialta, (2) by any wholly-owned subsidiary of Vialta, (3) by Victory or (4) by any of the participating stockholders will be canceled and retired and will cease to exist without any consideration payable therefor;

each other share of Vialta common stock issued and outstanding immediately before the merger becomes effective (other than any share as to which a dissenting stockholder has perfected or not lost the benefit of dissenters or appraisal rights under California or Delaware law, as applicable) will be converted into the right to receive \$0.36 in cash without interest; and

each share of Victory common stock will be converted into one share of common stock of Vialta, as the surviving corporation in the merger.

Payment for Vialta Common Stock in the Merger

Victory Acquisition Corp. has designated Mellon Investor Services to act as paying agent in connection with the merger. At the effective time of the merger, Vialta will deliver to the paying agent, for the benefit of the Vialta stockholders entitled to receive the merger consideration, the amount of the aggregate merger consideration that Vialta stockholders are entitled to receive under the merger agreement; provided that Victory will pay any shortfall, up to a maximum of \$4 million. The stock transfer books of Vialta will be closed, and there will be no further registration of transfers of the shares of Vialta common stock that were outstanding immediately prior to the effective time of the merger.

As soon as reasonably practicable after the effective time of the merger, the paying agent will mail to each record holder of Vialta common stock whose stock certificates were converted into the right to receive merger consideration or who has not announced an intention to exercise dissenters or appraisal rights, a letter of transmittal and instructions for use in effecting the surrender of stock certificates in exchange for the applicable merger consideration of \$0.36 per share, without interest, less any withholding taxes required by law. Stockholders will be required to execute and deliver a duly executed copy of the letter of transmittal (and such other documents as may be reasonably required by the paying agent) before receiving the merger consideration. The letter of transmittal will require stockholders to waive any claim to dissenters or appraisal rights.

If payment is to be made to a person other than the person in whose name the Vialta common stock certificate surrendered is registered, it will be a condition of payment that the certificate so surrendered be properly endorsed or otherwise in proper form for transfer and that the person requesting such payment pay any transfer or other taxes required by reason of the payment to a person other than the registered holder of the certificate surrendered or that such person establish to the satisfaction of the surviving corporation that such tax has been paid or is not applicable.

Any portion of the payment fund held by the paying agent that remains unclaimed by the stockholders of Vialta 180 days after the effective time of the merger may be repaid to Vialta, as the surviving corporation, and any stockholders of Vialta who have not properly surrendered their stock certificates will thereafter look only to Vialta, as the surviving corporation, for payment of their claim for the amount due to them (without interest) under the merger agreement for their shares of Vialta common stock.

Table of Contents

Any shares of Vialta common stock that are issued and outstanding as of the effective time of the merger and are held by a holder who has not voted in favor of the merger or consented thereto in writing and who has properly exercised his or her appraisal or dissenters' rights under the DGCL or the CGCL will not be converted into the right to receive the merger consideration, but will instead become the right to receive such consideration as may be determined to be due with respect to such dissenting shares pursuant to and subject to the requirements of the DGCL, as applicable. If, after the effective time of the merger, any such holder has failed to perfect or has effectively withdrawn or lost his or her dissenters' rights, each share of such holder's Vialta common stock will thereupon be deemed to have been converted into and to have become, as of the effective time of the merger, the right to receive, without interest or dividends, the applicable merger consideration.

If, prior to the effective time of the merger, the outstanding shares of Vialta common stock are changed into a different number of shares or shares of a different class as a result of a stock split, reverse stock split, stock dividend, subdivision, reclassification, split, combination, exchange, recapitalization or other similar transaction, the merger consideration will be appropriately adjusted in order to take into account such change.

Treatment of Stock Options

Vested Vialta stock options outstanding immediately prior to the effective time of the merger will be cancelled and converted into the right to receive an amount in cash equal to (1) the excess, if any, of (x) the per share merger consideration of \$0.36 over (y) the applicable exercise price per share of Vialta common stock subject to such Vialta stock option, multiplied by (2) the number of shares of Vialta common stock subject to such Vialta stock option (and for which such Vialta stock option shall not theretofore have been exercised). As a result of the transaction, unvested options held by Didier Pietri will accelerate in accordance with his stay bonus agreement and unvested options issued to directors will accelerate in accordance with the terms of the 2000 Directors Stock Option Plan. In paying any such cash amount in respect of a Vialta stock option, the surviving corporation will be entitled to deduct and withhold such amounts as are required to be deducted and withheld under applicable tax law. All other unvested options will be cancelled and terminated.

As part of the spin-off from ESS Technology, Vialta adopted the 2001 nonstatutory stock option plan and granted options to purchase Vialta stock to all ESS Technology employees, consultants and outside directors with outstanding ESS Technology options. Each Vialta option granted under the plan is exercisable at the same time (and to the same extent) as an exercise of the corresponding ESS Technology option to which it is stapled. The options are exercisable for the exercise price of the corresponding ESS Technology option, which is paid to ESS Technology. As a result, the corresponding Vialta option has an exercise price of \$0. The Vialta options vest, are exercisable, expire and otherwise essentially mirror the provisions of the corresponding ESS Technology option held by the ESS Technology employee. Since the spin-off, ESS Technology has not notified Vialta of the expiration of any ESS Technology options pursuant to which the Vialta options are stapled. As a result, Vialta does not know how many options are outstanding under the 2001 nonstatutory stock option plan. However, Vialta believes that a significant number of options have expired. In addition, based on the average strike price of ESS Technology options at the time of the spin-off relative to the current price of ESS Technology common stock, to the best of its knowledge, Vialta does not believe that any ESS Technology options to which Vialta options are stapled will be exercised. The closing price for ESS Technology stock on March 31, 2005 was \$5.27. As of December 31, 2001, the year stapled options were granted, the average exercise price for outstanding ESS Technology stock options was \$8.34 according to the 10-K filed by ESS Technology for the fiscal year ended December 31, 2001.

agreement, other than for an intentional breach or misrepresentation.

Material Adverse Effect

It is a condition to Victory's obligation to consummate the merger that all representations and warranties of Vialta are true and correct except where the failure, alone or with aggregate would not have a material adverse effect.

Changes to Recommendations of the Special Committee and the Board of Directors

The board of directors or the special committee, as the case may be, may, at any time prior to stockholder approval of the merger agreement, withdraw, amend or modify a recommendation that Vialta stockholders vote to approve and adopt the merger agreement. In addition, the board of directors or the special committee, as the case may be, at any time prior to stockholder approval and adoption of the merger agreement, may terminate the agreement if the board of directors or the special committee determines in good faith, after consultation with legal counsel, that the termination is necessary to comply with its fiduciary duties under applicable laws.

Indemnification and Directors and Officers Insurance

From and after the effective time of the merger, Vialta, as the surviving corporation in the merger, must indemnify, and advance reasonable expenses including attorneys' fees to, the current and former directors and officers of Vialta and its subsidiaries, referred to as the indemnified parties, against all costs or expenses (including attorneys' fees), judgments, fines, losses, claims, damages, penalties or liabilities incurred in connection with any acts or omissions occurring at or prior to the effective time of the merger. All rights to indemnification and exculpation from liability existing in favor of any indemnified parties as provided under any contract, applicable laws and/or the charters and bylaws of Vialta and its subsidiaries as of the effective time of the merger are to survive the merger with respect to events occurring up to and including the time of the merger.

For a period of six years following the effective time of the merger, the surviving corporation must cause to be maintained in effect directors' and officers' liability insurance covering all persons who are directors and officers of Vialta and its subsidiaries covered by Vialta's directors' and officers' liability insurance policies as of the effective time of the merger. Vialta will purchase a six year insurance policy for such officers and directors at a cost of approximately \$400,000 prior to the effective time of the merger.

Limitation of Liability for Breaches of Covenants by Vialta

Except as expressly contemplated by the provisions of the merger agreement relating to termination of the merger agreement and expense reimbursement, after any termination of the merger agreement, none of Vialta, its subsidiaries, or any of their respective affiliates, directors or officers will have any liability or obligation whatsoever to Victory or any of its respective affiliates or any participating stockholder for any breach of or failure to perform any covenant of Vialta, other than with respect to a willful breach of the merger agreement.

Conditions to Completion of the Merger

The obligations of Vialta and Victory to complete the merger are subject to the following conditions, unless waived by the parties:

the absence of any order, decree, or ruling by any court or governmental agency, or threat thereof, or any other fact or circumstance, which would prohibit, render illegal or enjoin the consummation of the merger; and

Table of Contents

The obligation of Vialta to effect the merger is subject to the satisfaction of the following additional conditions, unless waived in writing by Vialta:

the representations and warranties of Victory contained in the merger agreement being true and correct as of the date of the Agreement and on and as of the closing date of the merger except where the failure of a representation or warranty to be true and correct would not have a material adverse effect on Vialta, as evidenced by receipt of a certificate to such effect executed by Victory's President and Chief Financial Officer; and

Victory's performance in all material respects of all of its obligations under the merger agreement that are required to be performed by Victory at or prior to the closing date of the merger, as evidenced by receipt of a certificate to such effect executed by Victory's President and Chief Financial Officer.

The obligation of Victory to effect the merger is subject to the satisfaction of the following additional conditions, unless waived by Victory in writing:

the representations and warranties of Vialta contained in the merger agreement being true and correct as of the date of the Agreement and on and as of the closing date of the merger except where the failure of a representation or warranty to be true and correct would not have a company material adverse effect on Victory, as evidenced by receipt of a certificate to such effect executed by Vialta's President and Chief Financial Officer;

Vialta's performance in all material respects of all of its obligations under the merger agreement that are required to be performed by Vialta at or prior to the closing date of the merger, as evidenced by receipt of a certificate to such effect executed by Vialta's President and Chief Financial Officer;

The parties do not have any present intention to waive any of the conditions to the merger and do not anticipate any circumstances under which any of the conditions would be waived.

Termination of the Merger Agreement

The merger agreement may be terminated at any time and for any reason prior to the effective time of the merger by the mutual written consent duly authorized by the board of directors of Vialta and Victory.

Either Vialta or Victory may terminate the merger agreement at any time prior to the effective time of the merger if:

the merger is not consummated by August 13, 2005, except that the right to terminate the merger agreement for this reason will not be available to any party whose action or failure to act has been a principal cause of or resulted in the failure of the merger to occur on or before August 13, 2005;

a governmental entity shall have issued an order, decree or ruling or taken any other action, in any case having the effect of permanently restraining, enjoining or otherwise prohibiting the merger, which order, decree, ruling or other action is final and nonappealable; or

stockholder approval of the merger agreement is not obtained at the special meeting (including any adjournment or postponement thereof), except that the right to terminate the merger agreement for this reason will not be available to Vialta where the failure to obtain stockholder approval shall have been caused by Vialta's failure to fulfill its obligations with respect to preparing and filing a proxy statement and joint Schedule 13E-3 with the SEC or calling and holding a meeting of its stockholders and such failure constitutes a material breach by Vialta

of this Agreement.

Table of Contents

In addition, Victory may terminate the merger agreement at any time prior to the effective time of the merger if:

the special committee withdraws or amends or modifies in a manner adverse to Victory its recommendation in favor of the adoption and approval of the merger agreement or the approval of the merger;

Vialta fails to include in the proxy statement the recommendation of the special committee or the board of directors in favor of the adoption and approval of the merger agreement and the approval of the merger;

the special committee fails to reaffirm its recommendation in favor of the adoption and approval of the merger agreement and the approval of the merger within 10 business days after Victory's requests in writing that such recommendation be reaffirmed at any time following the public announcement of a competing acquisition proposal;

the special committee approves or publicly recommends any competing acquisition proposal other than a liquidation or dissolution;

Vialta enters into any letter of intent or similar document or any agreement, contract or commitment accepting any competing acquisition proposal;

a tender or exchange offer is commenced by a person unaffiliated with Victory, and Vialta has not sent to its securityholders a statement disclosing that Vialta recommends rejection of such tender or exchange offer within 10 business days after such tender or exchange offer is first published, sent or given; or

Vialta breaches any representation, warranty, covenant or agreement, or if any representation or warranty of Vialta becomes untrue as a result of which, in either case, the conditions to completion of the merger would not be satisfied, and such breach is not curable through commercially reasonable efforts or, if curable, is not cured within 30 days of written notice from Victory.

In addition, Vialta may terminate the merger agreement at any time prior to the effective time of the merger if:

Victory breaches any representation, warranty, covenant or agreement, or if any representation or warranty of Victory becomes untrue as a result of which, in either case, the conditions to completion of the merger would not be satisfied, and such breach is not curable through commercially reasonable efforts or, if curable, is not cured within 30 days of written notice from Vialta; or

prior to approval of the merger at the stockholders' meeting, the board of directors or the special committee determines in good faith, after consultation with outside legal counsel, that termination is necessary to comply with its fiduciary duties under applicable law.

No Limitation on Solicitation of Transactions or Termination of Merger Agreement due to Fiduciary Obligations

The merger agreement does not contain restrictions on Vialta's ability to solicit or initiate any inquiries, proposals or offers with respect to any competing transaction or ultimately to consummate any such competing transaction until stockholders of Vialta approve the merger. The board of directors or special committee may terminate the merger agreement or withdraw, modify or change its approval or recommendation of the merger agreement if it determines in good faith that failure to take such action would be inconsistent with its fiduciary obligations to stockholders of Vialta (other than participating stockholders).

Expenses

Except as described below, if the merger is not consummated, Vialta and Victory will each pay its own expenses incurred in connection with the merger. If the merger is consummated, Vialta, as the surviving corporation, will pay all of the expenses incurred by or on behalf of either Vialta or Victory.

Table of Contents

Vialta must pay the out-of-pocket expenses actually and reasonably incurred by Victory and its affiliates in connection with the merger agreement and the transactions contemplated thereby in an aggregate amount not to exceed \$250,000 if:

Vialta terminates the merger agreement prior to approval of the merger at the stockholders meeting because the board of directors or the special committee determines in good faith, after consultation with outside legal counsel, that termination of the agreement is necessary for the board of directors or the special committee to comply with its fiduciary duties under applicable law;

Victory terminates the merger agreement because (1) the special committee withdraws or amends or modifies its recommendation in a manner adverse to Victory; (2) Vialta fails to include in the proxy statement the recommendation of the special committee or the board of directors in favor of the adoption and approval of the merger agreement and the approval of the merger; (3) the special committee fails to reaffirm its recommendation within 10 business days after written request by Victory following the public announcement of a competing acquisition proposal; (4) the special committee approves or publicly recommends any competing acquisition proposal other than a liquidation or dissolution; (5) Vialta enters into any letter of intent or similar document or any agreement, contract or commitment accepting any competing acquisition proposal; or (6) a tender or exchange offer is commenced by a person unaffiliated with Victory, and Vialta has not sent to its securityholders a statement disclosing that Vialta recommends rejection of such tender or exchange offer within 10 business days after such tender or exchange offer is first published, sent or given; or

Victory terminates the merger agreement because a breach by Vialta causes the conditions to completion of the merger to not be satisfied and cured, if curable, within 30 days of written notice from Victory and Vialta consummates an Acquisition Proposal within six months following such termination. An Acquisition Proposal includes: (1) any acquisition or purchase of more than 50% of Vialta common stock, including by means of a tender offer or exchange offer, or any merger, consolidation, business combination or similar transaction pursuant to which the stockholders of Vialta immediately preceding such transaction hold less than 50% of the equity interests in the surviving or resulting entity of such transaction or its parent party; (2) any sale, lease, exchange, transfer, license, acquisition, or disposition of all or substantially all of the aggregate fair market value of assets of Vialta; or (3) any liquidation or dissolution of Vialta.

Modification or Amendment of the Merger Agreement

Subject to applicable law, Victory and Vialta may amend the merger agreement at any time prior to approval of the merger by Vialta's stockholders. After stockholder approval, no amendment will be made without stockholder approval if required by applicable law.

Voting

The voting agreement requires that Victory, with respect to shares of Vialta common stock it beneficially owns as of the record date, referred to as subject shares, (1) appear at any duly called annual, special or other stockholder meeting, and any adjournment or postponement thereof, or to otherwise cause the subject shares to be counted as present for purposes of establishing a quorum; (2) to vote or act by written consent with respect to the subject shares in favor of the merger and the adoption of the merger agreement and the approval of the other transactions contemplated thereby, and any actions required in furtherance thereof (including, without limitation, any proposal to adjourn any such meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of such meeting to approve the merger agreement); and (3) to vote or act by written consent with respect to the subject shares against any action or agreement that would result in a breach of any covenant, representation or warranty or any other obligation of Vialta under the voting agreement or the merger agreement. Any vote by Victory that is not in accordance with voting requirements prescribed above will be considered null and void. Victory may not enter into any agreement or understanding with any person or entity prior to the termination of the voting agreement to vote or give instructions in a manner inconsistent with voting prescribed above.

Contribution Requirements

The merger agreement requires Vialta to deposit the merger consideration with the exchange agent at the effective time of the merger. In the event Vialta does not have sufficient cash to pay the entire merger consideration required, the merger agreement provides that Victory will contribute the shortfall, in cash, not to exceed \$4 million (the

Shortfall). Because Victory does not have any cash assets, it entered into the additional contribution agreement, pursuant to which Fred Chan agrees to advance the Shortfall to Victory. The advance will be made in the form of a loan to Victory, within two business days following demand by Victory, subject to the terms of a promissory note in the form attached to the additional contribution agreement. The promissory note is payable 24 months following the date the money is advanced and provides for interest payable at a rate of 6% per year. Vialta is a third party beneficiary to this agreement.

Pledge Agreement

The following summary of the material terms of the pledge agreement is qualified in its entirety by reference to the additional contribution agreement, a copy of which is set forth in Annex E to this proxy statement.

Parties

Victory Acquisition Corp. and Vialta, Inc.

Pledge

Pursuant to the terms of the pledge agreement, Victory granted to Vialta a security interest in all Vialta common stock owned or later acquired by Victory, to secure payment by Victory of the shortfall requirement.

Table of Contents**CERTAIN FINANCIAL MODELS RELATING TO POTENTIAL BROADBAND PRODUCTS**

Vialta's Beamer videophone products are compatible with home phones over standard (analog) home phone lines. The current analog videophone end-user market is relatively small, due in part to functionality and quality limitations associated with narrowband transmission. As a result, although the company has received a number of awards and positive publicity for its analog videophone products and enjoys a high market share, the Beamer is a niche product and the company's overall sales have been limited.

During 2004, Vialta announced that it had developed a broadband version of Vialta's Beamer videophone and that field-testing and public availability of a broadband Beamer videophone would occur before the end of 2004. Vialta has since delayed field-tests of its broadband videophone products while it continues to refine and test prototypes of these products. Vialta currently expects to field-test its broadband videophone products with a few select broadband service providers in the second half of 2005. Vialta expects commercial introduction of broadband versions of its Beamer videophone products to occur in 2006. More recently, Vialta has been in preliminary discussions with intermediaries that have relationships with an Asian based cable company concerning representation of the company with respect to potential customer sales in the Asian marketplace. However, no assurances can be made that the company will successfully develop a broadband product that will be accepted in the marketplace.

In March 2005, at the request of Salem Partners, the company prepared three different financial case scenarios with respect to its broadband products, based on the following different assumptions: (1) a business plan of analog products only, (2) a business plan of actively developing its broadband products and pursuing broadband sales, but no actual sales and (3) a business plan of pursuing broadband sales, with sales of 100,000 units in 2006. The three scenarios were then incorporated into its overall financial projections for 2005 and 2006. The resulting projections were provided to the special committee and Salem Partners for use in reviewing the merger agreement. These models and the resulting projections were not provided to Mr. Chan or his advisors although as a board member, Mr. Chan has had access to scenario 1 below.

Unlike retail sales of its analog products, it is anticipated that broadband videophones will be sold by manufacturers such as Vialta to a limited number of cable companies and telephone companies who would provide its end-users with a videophone as an ancillary product to their broadband service. Since the number of potential wholesale customers is relatively small, it is further anticipated that the gross margins for such sales will be compressed over time. There is no assurance as to the market acceptance of broadband videophones by consumer end-users, or as to the time frame of any roll-out of broadband videophones by broadband service providers.

This prospective financial information was not prepared with a view toward compliance with published guidelines of the Securities and Exchange Commission or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. While presented with numerical specificity, the models and resulting projections are based upon a variety of hypothetical assumptions at the time they were prepared. The prospective financial information, including the assumptions, were not necessarily prepared on a reasonable basis. Such assumptions are subject to significant economic and competitive uncertainties and contingencies, most of which are beyond Vialta's control. Accordingly, Vialta cannot predict whether the assumptions made in preparing such models and resulting projections will prove accurate. Such projections are inherently imprecise, and there can be no assurances that the results presented in the actual results will not differ materially from the results presented in the models and resulting projections.

The prospective financial information included in this proxy statement has been prepared by, and is the responsibility of, the Company's management. PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm, has neither examined nor compiled the accompanying prospective financial information and, accordingly, PricewaterhouseCoopers LLP does not express an opinion or any other form of assurance with respect thereto. Basis of preparation of projected 2005 and 2006 statements of operations, ANALOG BUSINESS ONLY

Key material hypothetical assumptions on which basis the above projected statements of operations were prepared from the historical statement of operations for the year ended December 31, 2004 are:

- a) There will be no sales to CEC. CEC was one of the major Company's Chinese customers which notified the Company in Q3 2004 that it no longer would purchase any Beamer product.
- b) All product lines unit sales increase 20% for each of 2005 and 2006 years from historical 2004 unit sales (excluding sales to CEC).
- c) There are no changes in product mix and there are no new types of products sold compared to the historical 2004 product mix.
- d) Sold units are valued using standard costs (that approximate actual cost) as of December 31, 2004. There are no inventory reserve releases in COGS in relation to sold or disposed inventory previously written off.
- e) The retail price for the BMTV and BM80 products decreases by \$25 and for the VistaFrame products by \$50 compared to historical average prices during the year ended December 31, 2004.
- f) Operating expenses increase by 5% for each of 2005 and 2006 years from historical 2004 operating expenses.

g) Interest income, net primarily represents interest income on cash equivalents and short-term investments, and no collection of the \$5.0 million note receivable which matured April 2005.

None of these assumptions may be realized and they are inherently subject to significant business economic and competitive uncertainties and contingencies, all of which are difficult to predict and many of which are beyond the Company's control. Accordingly, the assumptions made in preparation of above projection may not prove accurate, and actual results may materially differ. In addition, the projections do not take into account of the transaction contemplated by the proposed acquisition of the Company. Readers are cautioned not to place undue reliance on this data.

AGREEMENT AND PLAN OF REORGANIZATION

THIS AGREEMENT AND PLAN OF REORGANIZATION (the *Agreement*) is entered into as of this 28th day of March, 2005 by and between, Victory Acquisition Corp., a Delaware corporation (*Newco*), and Vialta, Inc., a Delaware corporation (*Target*). Capitalized terms not defined in the body of this Agreement shall have the meaning ascribed to them on Exhibit A.

RECITALS

A. The parties intend that, subject to the terms and conditions hereinafter set forth, Newco will merge with and into Target in a statutory merger (the *Merger*), with Target to be the surviving corporation, all pursuant to the terms and conditions of this Agreement and a Certificate of Merger substantially in the form of Exhibit B (the *Certificate of Merger*) and the applicable provisions of the laws of the State of Delaware. Upon the effectiveness of the Merger, all outstanding capital stock of Newco (*Newco Stock*) will be converted into capital stock of Target as the surviving corporation of the Merger.

B. All outstanding shares of Newco are owned by Fred S.L. Chan and certain family members and trusts for the benefit of Mr. Chan and his family. Newco has been formed solely to facilitate and effect this Merger with Target, with the existence of Newco to be transitory and discontinued upon the consummation of the Merger. Newco will conduct no business prior to the Merger. Newco has pledged to Target, to secure Newco's obligations under this Agreement, all shares of Target's common stock owned or controlled by Newco pursuant to the Pledge Agreement dated as of an even date hereof and attached as Exhibit C hereto (the *Pledge Agreement*).

C. The Merger is intended for federal income tax purposes to be treated as a redemption of the shares of Target Common Stock outstanding immediately prior to the Effective Time (other than Target shares held by Newco contributed to Newco shortly prior to the Closing Date by those stockholders of Target who will continue as stockholders of Target after the Merger), pursuant to Section 302 of the Code.

D. Following the Merger, Target will no longer be a reporting company pursuant to Section 12 of the Exchange Act.

E. The Board of Directors of Target and the Special Committee appointed by the Board of Directors of Target (the *Special Committee*): (i) has determined that the Merger is advisable and fair to, and in the best interests of, Target and its stockholders, (ii) has approved this Agreement, the Merger and the other transactions contemplated by this Agreement and (iii) has determined to recommend that the stockholders of Target adopt and approve this Agreement and approve the Merger. In addition, the Special Committee has received the opinion of Salem Partners LLC that the Merger is fair from a financial point of view to Target and its stockholders (other than Mr. Chan and his Affiliates).

In consideration of the foregoing and the representations, warranties, covenants and agreements set forth in this Agreement, the parties agree as follows:

1. PLAN OF REORGANIZATION

1.1 The Merger. Subject to the terms and conditions of this Agreement, at the Effective Time, Newco will be merged with and into Target, with Target as the Surviving Corporation in the Merger, pursuant to this Agreement and the Certificate of Merger and in accordance with applicable provisions of the laws of the State of Delaware, and the effect of the Merger shall be as provided in this Agreement and the applicable provisions of Delaware Law. Without limiting the generality of the foregoing, at the Effective Time, all the property, rights, privileges, powers and franchises of Newco and Target shall vest in the Surviving Corporation, and all debts, liabilities and duties of Newco and Target shall become the debts, liabilities and duties of the Surviving Corporation.

Table of Contents

1.2 Effect on Capital Stock. Subject to the terms and conditions of this Agreement, at the Effective Time, by virtue of the Merger and without any action on the part of Newco, Target or the holders of any of the following securities:

1.2.1 Certain Defined Terms. The term ***Merger Consideration*** shall mean \$0.36 per share of Target Common Stock in cash.

1.2.2 Conversion of Newco Stock. Each share of Newco capital stock immediately prior to the Effective Time (the ***Newco Stock***) will be cancelled and extinguished and automatically converted into the right to receive one share of Common Stock of the Surviving Corporation.

1.2.3 Cancellation of Newco Stock. Each share of Target Common Stock held by Newco or its officers, directors, stockholders or Affiliates immediately prior to the Effective Time (the ***Newco Target Stock***) shall automatically be cancelled and retired and shall cease to exist, and no cash or other stock consideration shall be delivered or deliverable in exchange therefor.

1.2.4 Cancellation of Treasury Stock. Each share of Target Common Stock held by Target or any Subsidiary (as defined below) of Target (***Treasury Stock***) shall automatically be cancelled and retired and shall cease to exist, and no cash or other stock consideration shall be delivered or deliverable in exchange therefor.

1.2.5 Conversion of Other Shares. Subject to Section 1.3, each share of Target Common Stock issued and outstanding immediately prior to the Effective Time, other than shares of Newco Target Stock and shares of Treasury Stock, will be cancelled and extinguished and automatically converted into the right to receive the Merger Consideration in cash upon compliance with the procedures contemplated in Section 6.2 hereof.

1.2.6 Options. At the Effective Time, each holder of a then outstanding vested option which is then exercisable to purchase shares of Target Common Stock (***Target Options***) (other than options held by Newco, its officers, directors, stockholders or Affiliates immediately prior to the Effective Time (***Newco Options***) which shall be cancelled) shall automatically be cancelled and converted into the right to receive in settlement thereof and net of applicable withholding taxes, cash in an amount equal to the product of (i) the Merger Consideration minus the applicable exercise price per share of such Target Options multiplied by (ii) the number of vested shares of Target Common Stock that such option may purchase upon exercise. If and to the extent required by the terms of the plans governing such options or the option granted thereunder, Target shall use its reasonable efforts to obtain the consent of each holder of outstanding options to the foregoing treatment of such options. At the Effective Time, each unvested Target Option shall automatically be terminated without further rights.

1.3 Dissenting Shares. Notwithstanding any provision of this Agreement to the contrary, any shares of Target Common Stock outstanding immediately prior to the Effective Time and held by a holder who has not voted in favor of the Merger or consented thereto in writing and who has demanded appraisal for such shares in accordance with Delaware Law or California Law, as applicable, shall not be converted into or represent a right to receive the Merger Consideration as provided in Section 1.2.5 but instead at the Effective Time (or at such later time) shall be converted into the right to receive only such consideration as may be determined to be due with respect to such Dissenting Shares under Section 262 of the Delaware Law or Chapter 13 of the California Law, as applicable. From and after the Effective Time, a holder of Target Common Stock that becomes a holder of Dissenting Shares shall not be entitled to exercise any of the voting rights or other rights of a stockholder of the Surviving Corporation. If any holder of shares of Target Common Stock who demands appraisal under Delaware Law and/or the California Law, as applicable, shall effectively withdraw or lose (through failure to perfect or otherwise) the right to appraisal, then, as of the later of (i) the Effective Time and (ii) the occurrence of such withdrawal or loss, such holder's shares shall no longer be Dissenting Shares and shall automatically be converted into and represent only the right to receive its portion of the Merger Consideration as provided in Section 1.2.5 without interest thereon, upon surrender of the certificate representing such shares pursuant to Section 6.2(b).

1.4 Other Effects of the Merger. Subject to the terms and conditions of this Agreement, at the Effective Time (a) the Certificate of Incorporation of Target shall be amended in its entirety to read as set forth in Exhibit D hereto, (b) the Bylaws of Newco will be the Bylaws of the Surviving Corporation, and (c) the Board of Directors and officers of Newco will become the Board of Directors and officers of the Surviving Corporation.

1.5 Further Assurances. Target agrees that if, at any time after the Effective Time, the Surviving Corporation considers or is advised that any further deeds, assignments or assurances are reasonably necessary or desirable to vest, perfect or confirm in the Surviving Corporation title to any property or rights of Target or Newco, the Surviving Corporation and its proper officers and directors may execute and deliver all such proper deeds, assignments and assurances and do all other things necessary or desirable to vest, perfect or confirm title to such property or rights in the Surviving Corporation and otherwise to carry out the purpose of this Agreement, in the name of Target or Newco.

1.6 Tax Treatment. The Merger is intended to be treated for federal income tax purposes as a redemption of the shares of Target Common Stock (other than Newco Stock), pursuant to Section 302 of the Code. Cash payable to stockholders of Target, other than Newco, will be subject to taxable treatment under the Code. Shares of Newco held by stockholders of Newco (received by them in exchange for the contribution of an equal number of Target shares) will be exchanged for shares of Target in the Merger, and will be treated as continuing interests in Target.

1.7 Proxy Statement and Schedule 13E-3.

1.7.1 As promptly as practicable after the execution of this Agreement, Target and Newco shall cooperate and promptly prepare and file with the Securities and Exchange Commission (*SEC*) a proxy statement relating to the meeting of Target's stockholders to be held in connection with the Merger (together with any amendments thereof or supplements thereto, the *Proxy Statement*), a joint Rule 13e-3 Transaction Statement on Schedule 13E-3 (the *Schedule 13E-3*) with respect to the Merger and any other filings made by or required to be made by Target with the SEC other than the Proxy Statement and Schedule 13E-3 (the *Other Filings*), if any. The respective parties shall cause the Proxy Statement, the Schedule 13E-3 and any Other Filings to comply as to form in all material respects with the applicable provisions of the Exchange Act, including Regulation 14A and Rule 13e-3 thereunder, and any other applicable laws. The respective parties, after consultation with the other, will use all reasonable efforts to respond to any comments made by the SEC with respect to the Proxy Statement, the Schedule 13E-3 and any Other Filings. Target and Newco shall furnish to each other all information concerning it and the holders of its capital stock as the other may reasonably request in connection with such actions and the preparation of the Proxy Statement, the Schedule 13E-3 and any Other Filings.

As promptly as practicable after the clearance of the Proxy Statement and the Schedule 13E-3 by the SEC, Target shall mail the Proxy Statement to its stockholders (or, if the SEC chooses not to review the Proxy Statement and the Schedule 13E-3, within 10 days after the date that the SEC notifies Target that it will not review the Proxy Statement). The Proxy Statement shall include the recommendation of the Target Board of Directors and the Special Committee that adoption of the Merger Agreement by Target's stockholders is advisable and that Target Board of Directors and the Special Committee has determined that the Merger is fair to, and in the best interests of, Target Stockholders other than Mr. Chan, Newco and their Affiliates, subject to Target Board of Directors or the Special Committee's right to withdraw, modify or amend such recommendation if Target Board of Directors or the Special Committee, as applicable, determines in good faith, after receipt of the advice of its outside counsel, that such action is necessary for Target Board of Directors and the Special Committee to comply with their fiduciary duties under applicable law.

No amendment or supplement to the Proxy Statement, the Schedule 13E-3 or any Other Filings will be made by Target without the approval of Newco, which shall not be unreasonably delayed or withheld. Target will advise Newco promptly after it receives notice thereof, of any request by the SEC for

1.7.2 Each of the parties agrees to use its reasonable efforts to cooperate and to provide each other with such information as any of such parties may reasonably request in connection with the preparation of the Proxy Statement, the Schedule 13E-3 and the Other Filings. Each party agrees promptly to supplement, update and correct any information provided by it for use in the Proxy Statement, the Schedule 13E-3 and the Other Filings to the extent that it is or shall have become incomplete, false or misleading. If at any time prior to the Effective Time, any event or circumstance relating to Newco or its officers and directors, should be discovered by Newco which should be set forth in an amendment to the Proxy Statement, the Schedule 13E-3 or Other Filings, Newco shall promptly inform Target. If at any time prior to the Effective Time, any event or circumstance relating to Target, or its officers or directors, should be discovered by Target which should be set forth in an amendment or a supplement to the Proxy Statement, any Other Filing or the Schedule 13E-3, Target shall promptly inform Newco.

1.8 Stockholders Meeting. Subject to Section 1.7 hereof, in accordance with Target's certificate of incorporation and by-laws, Target shall call and hold a meeting of its stockholders (including any adjournment thereof, the **Target Stockholders Meeting**) as promptly as practicable for the purpose of voting upon the approval of the Merger, and Target shall use its reasonable efforts to hold Target Stockholders Meeting as promptly as practicable after the date on which the Proxy Statement is cleared by the SEC. Notwithstanding the foregoing, Target may adjourn, delay, cancel or not call or hold the Target Stockholders Meeting at any time before the vote of stockholders at the Target Stockholders Meeting is taken with regard to the Merger and this Agreement, if Target's Board of Directors or the Special Committee withdraws, modifies or amends its recommendation in accordance with Section 1.7.1 hereof or determines in accordance with Section 1.7.1 that it is required by its fiduciary duties or applicable law to notify the Target Stockholders of any Acquisition Proposal prior to the taking of such vote.

5. NEWCO COVENANTS

During the period from the date of this Agreement until the Effective Time, Newco covenants and agrees as follows:

5.1 Advice of Changes. Newco will promptly advise Target in writing of any event occurring subsequent to the date of this Agreement that would render any representation or warranty of Newco contained in this Agreement, if made on or as of the date of such event or the Closing Date, untrue or inaccurate in any material respect.

5.2 Regulatory Approvals. Newco will execute and file, or join in the execution and filing, of any application or other document that may be necessary in order to obtain the authorization, approval or consent of any governmental body, federal, state, local or foreign, which may be reasonably required, or which Target may reasonably request, in connection with the consummation of the transactions contemplated by this Agreement. Newco will use its reasonable efforts to obtain all such authorizations, approvals and consents.

5.3 Satisfaction of Conditions Precedent. Newco will use its reasonable efforts to satisfy or cause to be satisfied all the conditions precedent which are set forth in Section 7, and Newco will use its reasonable efforts to cause the transactions contemplated by this Agreement to be consummated, and, without limiting the generality of the foregoing, to obtain all consents and authorizations of third parties and to make all filings with, and give all notices to, third parties that may be necessary or reasonably required on its part in order to effect the transactions contemplated hereby.

5.4 Indemnification; Insurance. At all times following the Merger, the Surviving Corporation shall indemnify all present and former directors or officers of Target and its Subsidiaries (**Indemnified Parties**) against any costs

action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of or pertaining to matters, existing or occurring at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, by reason of the fact of such Indemnified Party's service as a director or officer of Target or any of its Subsidiaries, except to the extent it is determined in a final, non-appealable determination by a court of competent jurisdiction that such indemnification is prohibited by applicable law, to the extent such Costs have not been paid for by insurance and shall, in connection with defending against any action for which indemnification is available hereunder, promptly advance to such Indemnified Parties any reasonable costs and expenses as incurred by or on behalf of such Indemnified Parties; provided that such advance shall be conditioned upon such Indemnified Parties' agreement promptly to return such amounts if a court of competent jurisdiction shall ultimately determine that indemnification of such Indemnified Parties is prohibited by applicable law. The foregoing rights shall be in addition to any rights to which any Indemnified Party may be entitled by reason of the by-laws or certificate of incorporation of Target or any of its Subsidiaries, any contract and/or any applicable law. Target shall acquire and the Surviving Corporation will maintain (and not cancel or allow to lapse) for a period of not less than six years from the Effective Time Target's current directors' and officers' liability insurance and indemnification policy (or a policy providing substantially similar coverage) (the **D&O Insurance**) for all persons who are directors and officers of Target and its Subsidiaries covered by Target's D&O Insurance as of the Effective Time. The provisions of this Section are intended for the benefit of, and shall be enforceable by, each Indemnified Party and his or her heirs and representatives.

5.5 Section 16 Matters. Prior to the Effective Time, Newco shall take action (in accordance with that certain no-action letter, dated January 12, 1999, issued by the SEC to Skadden, Arps, Slate, Meagher & Flom) designed to provide that the treatment of Target Options will qualify for exemption under Rule 16b-3(d) or (e), as applicable, under the Exchange Act.

5.6 Target Common Stock. Newco will, until the Effective Time or the earlier termination of this Agreement, legally and beneficially own all of the shares of Target Common Stock contributed pursuant to the Contribution Agreement. No shareholder of Newco will legally or beneficially own any shares of Target Common Stock other than indirectly through the ownership of Newco Stock.

6. CLOSING MATTERS

6.1 The Closing. Subject to termination of this Agreement as provided in Section 9 below, the Closing will take place at the offices of Kaye Scholer LLP, 1999 Avenue of the Stars, Suite 1700, Los Angeles, CA 90067-6048, at 10:00 a.m., Pacific Time on the date that is one business day following receipt of the required Target stockholder approval, or, if all conditions to closing have not been satisfied or waived by such date, one business day after all conditions to closing have been satisfied or waived (such date on which the Closing occurs, the **Closing Date**). Concurrently with the Closing, the Certificate of Merger will be filed in the office of the Delaware Secretary of State. The Certificate of Merger will provide that the Merger shall become effective upon filing or at such later time as may be mutually agreed by Newco and Target.

6.2 Exchange of Certificates.

(a) Exchange Agent. Mellon Shareholder Services, or other mutually acceptable entity, shall act as exchange agent (the **Exchange Agent**) in the Merger. Concurrent with the Effective Time, Target shall irrevocably deposit with the Exchange Agent, for the benefit of the holders of shares of Target Common Stock and vested Target Options, and for exchange in accordance with this Agreement and the Certificate of Merger, cash in an amount sufficient to pay the Merger Consideration (such cash being hereinafter referred to as the **Exchange Fund**) payable pursuant to this Agreement and the Certificate of Merger, in exchange for outstanding shares of Target Common Stock and vested Target Options; provided, however, that if Target shall not have sufficient cash to pay the entire Merger Consideration at the Effective Time, then Newco shall, at the Effective Time, deposit into the Exchange Fund an amount of cash equal to the shortfall of such Merger Consideration (**Shortfall**), not to exceed Four Million Dollars (\$4,000,000.00). In order to facilitate the deposit by Newco of any such Shortfall, no later than two (2) business days before the projected Closing Date, Target shall deliver to Newco a written statement, signed by its Chief Financial

Officer, evidencing the

amount of cash and cash equivalents which it then has on hand and the amount of any projected Shortfall. Prior to the Effective Time, Target shall provide to the Exchange Agent a list of all holders of vested Target Options, including mailing addresses for such holders contained in Target's books and records.

(b) *Exchange Procedures.* As soon as practicable after the Effective Time, the Surviving Corporation shall cause the Exchange Agent to mail to each holder (other than Newco, its Affiliates, Target, any Target Subsidiary or any holder claiming to hold Dissenting Shares) of record of vested Target Options or a certificate or certificates which immediately prior to the Effective Time represented issued and outstanding shares of Target Common Stock (collectively, the *Certificates*), (i) a letter of transmittal (which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon delivery of the Certificates to the Exchange Agent and shall be in such customary form and have such other customary provisions as Target and Newco may agree upon prior to the Closing, including whereby any shares of Target Common Stock surrendered in exchange for the Merger Consideration shall waive any claim as Dissenting Shares) and (ii) instructions for use in effecting the surrender of the Certificates in exchange for the Merger Consideration. Upon surrender of a Certificate for cancellation to the Exchange Agent, together with a duly executed letter of transmittal and such other documents as may be reasonably required by the Exchange Agent, the holder of such Certificate shall be entitled to receive in exchange therefor the Merger Consideration multiplied by the number of shares of Target Common Stock represented by such Certificate pursuant to the provisions of this Agreement and the Certificate of Merger, and the Certificate so surrendered shall forthwith be canceled. In the event of a transfer of ownership of shares of Target Common Stock which is not registered on the transfer records of Target, the Merger Consideration may be issued to a transferee if the Certificate representing such Target Common Stock is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer and by evidence that any applicable stock transfer taxes have been paid. Until surrendered as contemplated by this Section 6.2(b), each Certificate (other than Certificates held by Newco, its Affiliates, Target, any Target Subsidiary or any holder claiming to hold Dissenting Shares) shall be deemed, on and after the Effective Time, to evidence only the right to receive Merger Consideration as contemplated by this Agreement and the Delaware Law, or to the extent the shares represented thereby constitute Dissenting Shares, only the right to receive consideration as set forth in Section 1.2. Upon delivery of a duly executed letter of transmittal and such other documents as may be reasonably requested by the Exchange Agent, the holder of Target Options shall be entitled to receive, in cash, the amount determined pursuant to Section 1.2.6 with respect to such holder's vested Target Options. No interest will accrue on any Merger Consideration payable under this Agreement.

(c) *No Further Ownership Rights in Target Common Stock.* All Merger Consideration paid upon the surrender for exchange of shares of Target Common Stock and Target Options in accordance with the terms of this Agreement and the Certificate of Merger shall be deemed to have been issued in full satisfaction of all rights pertaining to such shares of Target Common Stock and Target Options, respectively. After the Effective Time there shall be no further registration of transfers on the stock transfer books of the Surviving Corporation or Target of the shares of Target Stock or Target Options, which were outstanding immediately prior to the Effective Time. If, after the Effective Time, Certificates or Target Options are presented to the Surviving Corporation for any reason, they shall be canceled and exchanged as provided in this Section 6.2 and the Certificate of Merger.

(d) *Termination of Exchange Fund.* Any portion of the Exchange Fund (including the proceeds of any investments thereof) that remains undistributed to the stockholders of Target twelve months after the Effective Time shall be delivered to Surviving Corporation. Any former stockholders or optionholders of Target who have not theretofore complied with this Section 6.2 and the Certificate of Merger shall thereafter look only to the Surviving Corporation for payment of their claim for Merger Consideration, as determined pursuant to this Agreement.

(e) *No Liability.* Neither the Exchange Agent, Newco or Target shall be liable to any holder of shares of Target Common Stock for any amount delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

(f) Lost, Stolen or Destroyed Certificates. In the event any Certificates shall have been lost, stolen or destroyed, the Exchange Agent shall issue in exchange for such lost, stolen or destroyed Certificates, upon the making of an affidavit of that fact by the holder thereof and the posting of reasonable bond therefor, the lost, stolen or destroyed certificate shall be deemed presented for exchange pursuant to Section 6.2(b).

7. CONDITIONS TO OBLIGATIONS OF TARGET

Target's obligations hereunder are subject to the fulfillment or satisfaction, on and as of the Closing, of each of the following conditions (any one or more of which may be waived by Target, but only in a writing signed by Target):

7.1 Accuracy of Representations and Warranties. Except where the failure of a representation or warranty to be true and correct would not have a Material Adverse Effect, the representations and warranties of Newco set forth in Section 3 (as qualified by the Newco Disclosure Letter) shall be true and accurate in all respects as of the date of this Agreement, and on and as of the Closing, with the same force and effect as if they had been made at the Closing, and except for those representations and warranties that address matters only as of a particular date (which shall remain true and correct as of such particular date), with the same force and effect as if they had been made at the Closing, and Target shall receive a certificate to such effect executed by Newco's President and Chief Financial Officer.

7.2 Covenants. Newco shall have performed and complied in all material respects with all of its covenants contained in Section 5 on or before the Closing, and Target shall receive a certificate to such effect signed by Newco's President and Chief Financial Officer.

7.3 Compliance with Law. There shall be no order, decree, or ruling by any court or governmental agency or threat thereof, or any other fact or circumstance, which would prohibit, render illegal or enjoin the transactions contemplated by this Agreement.

7.4 Stockholder Approval. This Agreement shall have been validly approved and adopted by the affirmative vote of the holders of a majority of the shares of Target Common Stock outstanding as of the record date for the Target Stockholders' Meeting.

8. CONDITIONS TO OBLIGATIONS OF NEWCO

The obligations of Newco hereunder are subject to the fulfillment or satisfaction on, and as of the Closing, of each of the following conditions (any one or more of which may be waived by Newco, but only in a writing signed by Newco):

8.1 Accuracy of Representations and Warranties. Except where the failure of a representation or warranty to be true and correct would not have, alone or in the aggregate, a Material Adverse Effect, the representations and warranties of Target set forth in Section 3 (as qualified by the Target Disclosure Letter) shall be true and accurate in all respects as of the date of this Agreement, and on and as of the Closing, with the same force and effect as if they had been made at the Closing, and except for those representations and warranties that address matters only as of a particular date (which shall remain true and correct as of such particular date), with the same force and effect as if they had been made at the Closing, and Newco shall receive a certificate to such effect executed by Target's President and Chief Financial Officer.

8.2 Covenants. Target shall have performed and complied in all material respects with all of its covenants contained in Section 4 on or before the Closing, and Newco shall receive a certificate to such effect signed by Target's President and Chief Financial Officer.

8.3 Absence of Material Adverse Change. Since the date of this Agreement, there shall not have been, in the reasonable judgment of the Board of Directors of Newco, any Material Adverse Effect with respect to Target.

8.4 *Compliance with Law.* There shall be no order, decree, or ruling by any court or governmental agency which would prohibit, render illegal or enjoin the transactions contemplated by this Agreement.

8.5 Legal Opinion. Newco shall have received from counsel to Target an opinion substantially in the form of Exhibit 8.5.

8.6 Available Cash. Target shall not have less than fourteen million five hundred thousand dollars (\$14,500,000) in cash and cash equivalents as of midnight on the day prior to the Closing Date.

8.7 Stockholder Approvals. This Agreement shall have been approved and adopted by the affirmative vote of the holders of a majority of the shares of Target Common Stock outstanding as of the record date for the Target Stockholders Meeting.

9. TERMINATION OF AGREEMENT

9.1 Termination. This Agreement may be terminated at any time prior to the Effective Time, and except as set forth below, whether before or after the requisite approvals of the stockholders of Target or Newco:

(a) by mutual written consent duly authorized by the Boards of Directors of Newco and Target;

(b) by either Target or Newco if the Merger shall not have been consummated by August 13, 2005 for any reason; *provided, however*, that the right to terminate this Agreement under this Section 9.1(b) shall not be available to any party whose action or failure to act has been a principal cause of or resulted in the failure of the Merger to occur on or before such date;

(c) by either Target or Newco if a governmental entity shall have issued an order, decree or ruling or taken any other action, in any case having the effect of permanently restraining, enjoining or otherwise prohibiting the Merger, which order, decree, ruling or other action is final and nonappealable;

(d) by either Target or Newco, if the approval and adoption of this Agreement, and the approval of the Merger, by the stockholders of Target shall not have been obtained by reason of the failure to obtain the required vote at a meeting of Target stockholders duly convened therefor or at any adjournment thereof at which a vote thereon was taken; *provided, however*, that the right to terminate this Agreement under this Section 9.1(d) shall not be available to Target where the failure to obtain the Target stockholder approval shall have been caused by the failure of Target to fulfill its obligations under Sections 1.7 or 1.8 and such failure constitutes a material breach by Target of this Agreement;

(e) by Newco (at any time prior to the adoption and approval of this Agreement and the Merger by the required vote of the stockholders of Target) if a Triggering Event shall have occurred;

(f) by Target, upon a breach of any representation, warranty, covenant or agreement on the part of Newco set forth in this Agreement, or if any representation or warranty of Newco shall have become untrue, in either case such that the conditions set forth in Section 7.1 or Section 7.2 would not be satisfied as of the time of such breach or as of the time such representation or warranty shall have become untrue, *provided* that if such inaccuracy in Newco's representations and warranties or breach by Newco is curable by Newco through the exercise of its commercially reasonable efforts, then Target may not terminate this Agreement under this Section 9.1(f) for 30 days after delivery of written notice from Target to Newco of such breach, provided Newco continues to exercise commercially reasonable efforts to cure such breach (it being understood that Target may not terminate this Agreement pursuant to this paragraph (f) if such breach by Newco is cured during such 30-day period, or if Target shall have materially breached this Agreement);

(g) by Newco, upon a breach of any representation, warranty, covenant or agreement on the part of Target set forth in this Agreement, or if any representation or warranty of Target shall have become untrue, in either case such that the conditions set forth in Section 8.1 or Section 8.2 would not be satisfied as of the time of such breach

or as of the time such representation or warranty shall have become untrue, *provided* that if such inaccuracy in Target's representations and warranties or breach by Target is curable by Target through the exercise of its commercially reasonable efforts, then Newco may not terminate this Agreement under this Section 9.1(g) for 30 days after delivery of written notice from Newco to Target of such breach, provided Target continues to exercise commercially reasonable efforts to cure such breach

(it being understood that Newco may not terminate this Agreement pursuant to this paragraph (g) if such breach by Target is cured during such 30-day period, or if Newco shall have materially breached this Agreement); or

(h) by Target before approval of this Agreement and the Merger by Target Stockholders, if the Board of Directors of Target or the Special Committee determines in good faith, after consultation with outside legal counsel, that failure to terminate the Agreement is necessary for the Board of Directors of Target or the Special Committee to comply with their fiduciary duties under applicable law.

9.2 Effect of Termination. Any proper termination of this Agreement under Section 9.1 above will be effective immediately upon the delivery of written notice of the terminating party to the other parties hereto. In the event of the termination of this Agreement as provided in Section 9.1, this Agreement shall be of no further force or effect, except (i) as set forth in this Sections 9.2, 9.3, and 11, each of which shall survive the termination of this Agreement, and (ii) nothing herein shall relieve any party from liability for any willful breach of this Agreement. No termination of this Agreement shall affect the obligations of the parties contained in the Confidentiality Agreement, all of which obligations shall survive termination of this Agreement in accordance with their terms.

9.3 Fees and Expenses.

(a) **General.** Except as set forth in this Section 9.3, all fees and expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the party incurring such expenses whether or not the Merger is consummated.

(b) **Target Payments.** In the event that this Agreement is terminated by Newco pursuant to Section 9.1(e) or by Target pursuant to Section 9.1(h) then Target shall promptly, but in no event later than two days after such termination, pay to Newco the reasonable attorney fees and other actual out of pocket expenses incurred by Newco in connection with the negotiation and preparation of this Agreement and related matters, not to exceed \$250,000 in the aggregate. In the event this Agreement is terminated by Newco under Section 9.1(g), and within six (6) months following such termination, the Target consummates an Acquisition Proposal (other than with Newco), the Target shall promptly, but in no event later than two days after the consummation of such Acquisition Proposal, pay to Newco the reasonable attorney fees and other actual out of pocket expenses incurred by Newco in connection with the negotiation and preparation of this Agreement and related matters, not to exceed \$250,000 in the aggregate. Target acknowledges that the agreements contained in this Section 9.3(b) are an integral part of the transactions contemplated by this Agreement, and that, without these agreements, Newco would not enter into this Agreement. Accordingly, if the Target fails to pay in a timely manner the amounts due pursuant to this Section 9.3(b), and, in order to obtain such payment, Newco makes a claim that results in a judgment against the Target for the amounts set forth in this Section 9.3(b), Target shall pay to Newco its reasonable costs and expenses (including reasonable attorneys fees and expenses) in connection with such suit.

10. EFFECT OF CLOSING ON REPRESENTATIONS AND COVENANTS

10.1 No Survival of Representations. All representations, warranties and covenants of the parties contained in this Agreement will remain operative and in full force and effect, regardless of any investigation made by or on behalf of the parties to this Agreement after the date hereof, until the earlier of the termination of this Agreement or the Closing, whereupon such representations, warranties and covenants will expire (except for covenants that by their terms survive for a longer period).

11. MISCELLANEOUS

11.1 Governing Law. The internal laws of the State of Delaware (irrespective of its choice of law principles) will govern the validity of this Agreement, the construction of its terms, and the interpretation and enforcement of the rights and duties of the parties hereto.

11.2 Assignment: Binding Upon Successors and Assigns. Neither party hereto may assign any of its rights or obligations hereunder without the prior written consent of the other party hereto. This Agreement

will be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

11.3 Severability. If any provision of this Agreement, or the application thereof, will for any reason and to any extent be invalid or unenforceable, the remainder of this Agreement and application of such provision to other persons or circumstances will be interpreted so as reasonably to effect the intent of the parties hereto. The parties further agree to replace such void or unenforceable provision of this Agreement with a valid and enforceable provision that will achieve, to the extent possible, the economic, business and other purposes of the void or unenforceable provision.

This Agreement will become binding when one or more counterparts hereof, individually or taken together, will bear the signatures of both parties reflected hereon as signatories. This Agreement may be executed and delivered by facsimile and upon such delivery the facsimile signature will be deemed to have the same effect as if the original signature had been delivered to the other party.

11.5 Other Remedies. Except as otherwise provided herein, any and all remedies herein expressly conferred upon a party will be deemed cumulative with and not exclusive of any other remedy conferred hereby or by law on such party, and the exercise of any one remedy will not preclude the exercise of any other.

11.6 Amendment and Waivers. Any term or provision of this Agreement may be amended, and the observance of any term of this Agreement may be waived (either generally or in a particular instance and either retroactively or prospectively) only by a writing signed by the party to be bound thereby. The waiver by a party of any breach hereof or default in the performance hereof will not be deemed to constitute a waiver of any other default or any succeeding breach or default. The Agreement may be amended by the parties hereto at any time before or after approval of the Target Stockholders, but, after such approval, no amendment will be made which by applicable law requires the further approval of the Target Stockholders without obtaining such further approval.

11.7 No Waiver. The failure of any party to enforce any of the provisions hereof will not be construed to be a waiver of the right of such party thereafter to enforce such provisions.

11.8 Attorneys Fees. Should suit be brought by either party to this Agreement to enforce or interpret any part of this Agreement, the prevailing party will be entitled to recover, as an element of the costs of suit and not as damages, reasonable attorneys fees to be fixed by the court (including costs, expenses and fees on any appeal).

A. The Company has been formed solely to facilitate and effect a statutory merger (the *Merger*) with Vialta, Inc., a Delaware corporation (*Vialta*), under which Vialta will be the surviving corporation, pursuant to the terms and conditions of that certain Agreement and Plan of Merger dated as of March 28, 2005 (*Merger Agreement*). The existence of the Company is transitory and will be discontinued upon the consummation of the Merger. The Company will conduct no business prior to the Merger.

B. The Investors are holders of the outstanding shares of stock of Vialta set forth on Exhibit A (the *Vialta Shares*). Pursuant to this Agreement, the Investors intend to contribute their Vialta Shares to the Company in exchange for shares of the Company's Common Stock as set forth on Exhibit A (the *Company Shares*), after which the Investors will hold all of the outstanding shares of the Company's stock.

C. The contribution of stock under this Agreement and the Merger are part of an integrated plan for Vialta to redeem the Vialta stock (other than the Vialta Shares). The contribution of stock under this Agreement and the Merger are intended to be treated for tax purposes as a redemption of the shares of Vialta stock outstanding immediately prior to the effective time of the Merger (other than the Vialta Shares), pursuant to Section 302 of the Internal Revenue Code of 1986, as amended (the *Code*).

NOW THEREFORE, the parties hereby agree as follows:

1. CONTRIBUTION. As part of an integrated plan with the Merger, each Investor hereby contributes such Investor's Vialta Shares to the Company in exchange for, and in consideration of the issuance of, the Company Shares, as specified on Exhibit A. Each Investor hereby delivers to the Company: (a) the original stock certificate representing such Investor's Vialta Shares together; and (b) a duly executed Stock Transfer Power and Assignment in the form of Exhibit B. The Company agrees to issue to each Investor a stock certificate representing the number of Company Shares set forth opposite such Investor's name on Exhibit A. Until the earlier of (i) the Effective Time of the Merger or (ii) the Termination of the Merger Agreement, each Investor agrees that it will contribute to the Company as an additional contribution to capital all Vialta Shares which it acquires (if any) during such period.

3. REPRESENTATIONS, WARRANTIES AND CERTAIN AGREEMENTS OF INVESTORS. Each Investor hereby represents and warrants to, and agrees with, the Company, severally and not jointly, that:

3.1 Authorization. This Agreement constitutes such Investor's valid and legally binding obligation, enforceable in accordance with its terms except as may be limited by (i) applicable bankruptcy, insolvency, reorganization or other laws of general application relating to or affecting the enforcement of creditors' rights generally and (ii) the effect of rules of law governing the availability of equitable remedies. Each Investor represents that such Investor has full power and authority to enter into this Agreement.

3.2 Acquisition for Own Account. The Company Shares to be acquired by such Investor hereunder will be acquired for investment for such Investor's own account, not as a nominee or agent, and not with a view to the public resale or distribution thereof within the meaning of the Securities Act of 1933, as amended (the *1933 Act*), and such Investor has no present intention of selling, granting any participation in, or otherwise distributing the same.

3.3 No Solicitation. At no time was the Investor presented with or solicited by any publicly issued or circulated newspaper, mail, radio, television or other form of general advertising or solicitation in connection with the offer, sale and purchase of the Company Shares.

3.4 Investment Experience. Such Investor understands that the acquisition of the Company Shares involves substantial risk. Such Investor is an accredited investor within the meaning of Regulation D promulgated under the 1933 Act and: (i) has experience as an investor in securities of companies in the development stage and acknowledges that such Investor is able to fend for itself, can bear the economic risk of such Investor's investment in the Company Shares and has such knowledge and experience in financial or business matters that such Investor is capable of evaluating the merits and risks of this investment in the Company Shares and protecting its own interests in connection with this investment and/or (ii) has a preexisting personal or business relationship with the Company and certain of its officers, directors or controlling persons of a nature and duration that enables such Investor to be aware of the character, business acumen and financial circumstances of such persons.

3.5 Restricted Securities. Such Investor understands that the Company Shares are characterized as restricted securities under the 1933 Act inasmuch as they are being acquired from the Company in a transaction not involving a public offering and that under the 1933 Act and applicable regulations thereunder such securities may be resold without registration under the 1933 Act only in certain limited circumstances. In this connection, such Investor represents that such Investor is familiar with Rule 144 of the U.S. Securities and Exchange Commission (the *SEC*), as presently in effect, and understands the resale limitations imposed thereby and by the 1933 Act. 3.6 Further Limitations on Disposition. Without in any way limiting the representations set forth above, such Investor further agrees not to make any disposition of all or any portion of the Company Shares unless and until there is then in effect a registration statement under the 1933 Act covering such proposed disposition and such disposition is made in accordance with such registration statement. Notwithstanding the foregoing, no such registration statement shall be required: (i) for any transfer of any Company Shares in compliance with SEC Rule 144 or Rule 144A, or (ii) for any transfer of any Company Shares by an Investor that is a partnership or a corporation without payment of consideration to (A) a partner of such partnership or stockholder of such corporation, (B) a controlled affiliate of such partnership or corporation, (C) a retired partner of such partnership who retires after the date hereof, (D) the estate of any such partner or stockholder, or (iii) for the transfer by gift, will or intestate succession by any Investor to his or her spouse or lineal descendants or ancestors or any trust for

any of the foregoing; provided that in each of the foregoing cases the transferee agrees in writing to be subject to the terms of this Section 3 (other than Section 3.4) to the same extent as if the transferee were an original Investor hereunder.

1. Voting of Shares.

1.1 Voting Agreement. For so long as this Agreement is in effect, Stockholder hereby agrees at any duly called annual, special or other meeting of the shareholders of the Company, and in any action by written consent of the shareholders of the Company, with respect to Subject Shares it beneficially owns as of the applicable record date, (a) to appear at the meeting, if a meeting is held, and any adjournment or postponement thereof, in person or by proxy, or to otherwise cause such Subject Shares over which Stockholder has sole voting power (and use reasonably commercial efforts to cause such Subject Shares over which Stockholder has joint voting power) to be counted as present thereat for purposes of establishing a quorum; (b) to vote or consent such Subject Shares over which Stockholder has sole voting power (and cause to be voted or consented such Subject Shares over which Stockholder has joint voting power), in person or by proxy, in favor of the Merger and the adoption of the Merger Agreement and the approval of the other transactions contemplated thereby, and any actions required in furtherance thereof (including, without limitation, any proposal to adjourn any such meeting if necessary to permit further solicitation of proxies in the event there are not sufficient votes at the time of such meeting to approve the Merger Agreement); and (c) to vote or consent such Subject Shares over which Stockholder has sole voting power (and cause to be voted or consented such Subject Shares over which Stockholder has joint voting power), in person or by proxy, against any action or agreement that would result in a breach of any covenant, representation or warranty or any other obligation of the Company under this Agreement or the Merger Agreement. Any vote by Stockholder that is not in accordance with this Section 1.1 shall be considered null and void. Stockholder shall not enter into any agreement or understanding with any person or entity prior to the termination of this Agreement to vote or give instructions in a manner inconsistent with this Section 1.1.

1.2 *Fiduciary Responsibilities.* Each shareholder of Stockholder who is or becomes during the term hereof a director or officer of the Company does not make (and shall not be deemed to have made) any agreement or understanding herein, or by virtue of contributing his or her Shares to Stockholder, in his or her capacity as such director or officer. Without limiting the generality of the foregoing, each shareholder of Stockholder has contributed his or her Shares to Stockholder solely in his, her or its capacity as the record and/or beneficial owner, as applicable, of such person's or entity's Shares and nothing herein shall limit or affect any actions taken by such shareholder (or a designee of such shareholder) in his or her capacity as an officer or director of the Company in exercising his or her or the Company's or the Company Board of Director's rights in connection with the Merger Agreement or otherwise.

2. *Representations and Warranties of Stockholder.* Stockholder represents and warrants to the Company as follows:

2.1 *Corporate Existence: Authorization.* Stockholder is duly organized, validly existing and in good standing under the laws of the State of Delaware and has all requisite power and authority to enter into, deliver and perform all of its obligations under this Agreement and to consummate the transactions contemplated by this Agreement. The execution and delivery of this Agreement by Stockholder, the performance by Stockholder of its obligations hereunder and the consummation by Stockholder of the transactions contemplated hereby have been duly authorized by all requisite action on the part of Stockholder. This Agreement has been duly and validly executed and delivered by Stockholder and, assuming due execution and delivery by each of the other parties hereto, this Agreement constitutes a legal, valid and binding obligation of Stockholder enforceable against Stockholder in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy, insolvency, reorganization or other similar laws affecting creditors' rights generally and by general equitable principles (regardless of whether enforceability is considered in a proceeding in equity or at law).

2.2 *No Conflict.* Neither the execution and delivery of this Agreement by Stockholder, the consummation of the transactions contemplated hereby, nor the performance by Stockholder of its obligations hereunder will, (a) conflict with or result in a breach of any provision of its Certificate of Incorporation or By-laws, (b) require any consent, approval, authorization or permit of, registration, declaration or filing (except for such filings as may be required under the federal securities laws) with, or notification to, any governmental entity, (c) result in a violation or breach of, or constitute (with or without due notice or lapse of time or both) a default (or give rise to any right of termination, cancellation, or acceleration) under any contract, agreement, instrument, commitment, arrangement or understanding applicable to Stockholder or Stockholder's Subject Shares, or result in the creation of a security interest, lien, charge, encumbrance, equity or claim with respect to any of Stockholder's Subject Shares, (d) require any material consent, authorization or approval of any person other than a governmental entity, or (e) violate or conflict with any order, writ, injunction, decree, rule, regulation or law applicable to Stockholder or Stockholder's Shares, except for such exceptions to the foregoing as will not have an adverse effect on the valid performance by Stockholder of its obligations hereunder.

2.3 *Ownership of Shares.* Stockholder is the record and beneficial owner of the number of Shares set forth opposite Stockholder's name on Schedule I attached hereto free and clear of any security interests, liens, charges, encumbrances, equities, claims, options or limitations of whatever nature and free of any other limitation or restriction (including any restriction on the right to vote, sell or otherwise dispose of such shares), other than interests granted pursuant to the Pledge Agreement. There are no outstanding options or other rights to acquire from Stockholder, or obligations of Stockholder to sell or to dispose of, any shares of Company Common Stock. Stockholder holds exclusive power to vote the Shares set forth opposite Stockholder's name on Schedule I attached hereto, subject to the limitations set forth in Section 1 of this Agreement. As of the date of this Agreement, the Shares set forth opposite Stockholder's name on Schedule I attached hereto represent all of the shares of capital stock of the Company beneficially owned by Stockholder and by each shareholder of Stockholder.

2.4 *Absence of Litigation.* As of the date hereof, there is no suit, action, investigation or proceeding pending or, to the knowledge of Stockholder, threatened against Stockholder before or by any governmental

entity that could impair the ability of Stockholder to perform its obligations hereunder or to consummate the transactions contemplated hereby on a timely basis.

3. Representations and Warranties of the Company. The Company represents and warrants to Stockholder as follows:

3.1 Corporate Authorization. The Company is duly organized and validly existing under the laws of the State of Delaware and has all requisite power and authority to enter into, deliver and perform all of its obligations under this Agreement and to consummate the transactions contemplated by this Agreement. The execution and delivery of this Agreement by the Company, the performance by the Company of its obligations hereunder and the consummation by the Company of the transactions contemplated hereby have been duly authorized by all requisite action on the part of the Company. This Agreement has been duly executed and delivered by the Company and, assuming the due and valid authorization, execution and delivery hereof by the other parties hereto, this Agreement constitutes the valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as enforceability may be limited by bankruptcy and other similar Laws affecting the rights of creditors generally and general principles of equity.

3.2 No Conflict. Neither the execution and delivery of this Agreement, the consummation by the Company of the transactions contemplated hereby, nor the compliance by the Company with any of the provisions hereof will (a) conflict with or result in a breach of any provision of its Certificate of Incorporation or By-laws, (b) require any consent, approval, authorization or permit of, registration, declaration or filing (except for such filings as may be required under the federal securities laws) with, or notification to, any governmental entity, (c) result in a violation or breach of, or constitute (with or without due notice or lapse of time or both) a default (or give rise to any right of termination, cancellation, or acceleration) under any contract, agreement, instrument, commitment, arrangement or understanding applicable to the Company, (d) require any material consent, authorization or approval of any person other than a governmental entity, or (e) violate or conflict with any order, writ, injunction, decree or law applicable to the Company, except for such exceptions to the foregoing as are not reasonably likely to have an adverse effect on the valid performance by the Company of its obligations hereunder.

4. Transfer and Other Restrictions. For so long as the Merger Agreement has not been terminated in accordance with its terms:

4.1 Certain Prohibited Transfers. Stockholder agrees not to (a) directly or indirectly, sell, transfer, pledge, encumber, assign or otherwise dispose of, or enter into any contract, option or other arrangement or understanding with respect to the sale, transfer, pledge, encumbrance, assignment or other disposition of, Stockholder's Subject Shares or any interest contained therein other than pursuant to the Pledge Agreement (any of the foregoing, a **Transfer**), other than to an affiliate of Stockholder, provided in the case of a Transfer to an affiliate, such affiliate shall have: (i) executed a counterpart of this Agreement; and (ii) agreed to hold such Subject Shares (or interest in such Subject Shares) subject to all of the terms and provisions of this Agreement; (b) grant any proxies or powers of attorney or enter into a voting agreement or other arrangement with respect to Stockholder's Subject Shares, other than this Agreement; (c) enter into, or deposit Stockholder's Subject Shares into, a voting trust; nor (d) commit or agree to take any of the foregoing actions.

4.2 Efforts. Stockholder agrees not to take any action which would make any representation or warranty of Stockholder herein untrue or incorrect in any material respect or take any action that would have the effect of preventing or disabling Stockholder from performing its obligations under this Agreement.

4.3 Additional Shares. Without limiting the provisions of the Merger Agreement, in the event (i) of any stock dividend, stock split, recapitalization, reclassification, combination or exchange of shares of capital stock of the Company on, of or affecting Stockholder's Subject Shares or (ii) Stockholder shall become the beneficial owner of any additional shares of Company Common Stock or other securities entitling the holder thereof to vote or give consent with respect to the matters set forth in Section 1 hereof, then the terms of this Agreement shall apply to the shares of capital stock or other securities of the Company held by Stockholder immediately following the effectiveness of the events described in clause (i) or Stockholder becoming the

beneficial owner thereof, as described in clause (ii), as though they were Subject Shares of Stockholder hereunder. Stockholder hereby agrees, while this Agreement is in effect, to notify the Company of the number of any new shares of Company Common Stock acquired by Stockholder, if any, after the date hereof.

4.4 *Certain Events.* Stockholder agrees that this Agreement and the obligations hereunder shall attach to the Subject Shares and shall be binding upon any person or entity to which legal or beneficial ownership of the Subject Shares shall pass, whether by operation of law or otherwise, including without limitation the Stockholder's administrators, successors or receivers.

5. *Stop Transfer Order.* In furtherance of this Agreement, Stockholder shall and does hereby authorize and request that the Company instruct its transfer agent to enter a stop transfer order, consistent with the terms of this Agreement and subject to such transfers as may be permitted by the express terms hereof, with respect to all of the Subject Shares beneficially owned by Stockholder.

6. *Specific Enforcement.* The parties hereto agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with the terms hereof or were otherwise breached and that each party shall be entitled to specific performance of the terms hereof in addition to any other remedy which may be available at law or in equity. It is accordingly agreed that the parties will be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in any state or federal located in the State of Delaware, the foregoing being in addition to any other remedy to which they are entitled at law or in equity. In addition, each of the parties hereto (i) consents to submit itself to the personal jurisdiction of any such state or federal court in the event any dispute arises out of this Agreement or any of the transactions contemplated by this Agreement, (ii) agrees that it will not attempt to deny or defeat such personal jurisdiction by motion or other request for leave from any such court, and (iii) agrees that it will not bring any action relating to this Agreement or any of the transactions contemplated by this Agreement in any court other than a state or federal located in the State of Delaware.

7. *Termination.* This Agreement shall automatically terminate, and neither the Company nor Stockholder shall have any rights or obligations hereunder and this Agreement shall become null and void and have no further effect, upon the earliest to occur of (a) the written agreement of the parties hereto to terminate this Agreement, (b) the Effective Time of the Merger and (c) the date of termination of the Merger Agreement in accordance with its terms.

8. *Survival.* The representations and warranties of the parties contained in this Agreement shall terminate upon the termination of this Agreement.

9. *Notices.* Any notice or other communication required or permitted to be given under this Agreement shall be in writing and shall be deemed given upon (a) transmitter's confirmation of a receipt of a facsimile transmission, (b) confirmed delivery by a standard overnight carrier or when delivered by hand or (c) the expiration of three business days after the day when mailed by certified or registered mail, postage prepaid, addressed at the following addresses (or at such other address for a party as shall be specified by like notice):

14. *Severability*. If any provision of this Agreement, or the application thereof, will for any reason and to any extent be invalid or unenforceable, the remainder of this Agreement and application of such provision to other persons or circumstances will be interpreted so as reasonably to effect the intent of the parties hereto. 15. *Amendment*. Any term or provision of this Agreement may be amended, and the observance of any term of this Agreement may be waived (either generally or in a particular instance and either retroactively or prospectively) only by a writing signed by the party to be bound thereby; provided that, no amendment or waiver by the Company shall be effective unless first approved in writing by the Special Committee of the Board of Directors of the Company. The waiver by a party of any breach hereof or default in the performance hereof will not be deemed to constitute a waiver of any other default or any succeeding breach or default. The Agreement may be amended by the parties hereto at any time before or after approval of the Target Stockholders, but, after such approval, no amendment will be made which by applicable law requires the further approval of the Target Stockholders without obtaining such further approval.

Annex D

ADDITIONAL CONTRIBUTION AGREEMENT

This Additional Contribution Agreement (this *Agreement*) is made and entered into as of March 28, 2005 by and among Victory Acquisition Corporation, a Delaware corporation (the *Company*), and Fred S. L. Chan (*Investor*).

A. The Company has been formed solely to facilitate and effect a statutory merger (the *Merger*) with Vialta, Inc., a Delaware corporation (*Vialta*), under which Vialta will be the surviving corporation, pursuant to the terms and conditions of that certain Agreement and Plan of Merger dated as of March 28, 2005 (*Merger Agreement*). The existence of the Company is transitory and will be discontinued upon the consummation of the Merger. The Company will conduct no business prior to the Merger.

B. The Investor and certain of his affiliates (collectively, *Investors*) are holders of the certain shares of stock of Vialta (the *Vialta Shares*). Pursuant to that certain Stock Contribution Agreement, dated as of even date herewith (*Contribution Agreement*), the Investors intend to contribute their Vialta Shares to the Company in exchange for shares of the Company's Common Stock (the *Company Shares*), after which the Investors will hold all of the outstanding shares of the Company's stock.

C. The contribution of stock under the Contribution Agreement and the Merger are part of an integrated plan for Vialta to redeem the Vialta stock (other than the Vialta Shares), and are intended to be treated for tax purposes as a redemption of the shares of Vialta stock outstanding immediately prior to the effective time of the Merger (other than the Vialta Shares), pursuant to Section 302 of the Internal Revenue Code of 1986, as amended (the *Code*).

D. Section 6.2 of the Merger Agreement provides that if after Vialta shall have deposited in the Exchange Fund (as defined in the Merger Agreement) all cash and cash equivalents available to Vialta immediately prior to the Closing and the Exchange Fund still does not have sufficient cash to pay the entire Merger Consideration (as defined in the Merger Agreement), then the Company shall, within two (2) business days, deposit into the Exchange Fund an amount of cash equal to the shortfall of such Merger Consideration (*Shortfall*), not to exceed Four Million Dollars (\$4,000,000.00).

E. The Company has no cash assets, and the Vialta Shares to be held by the Company following the consummation of the transactions set forth in the Contribution Agreement may not be liquidated; accordingly, the Company would require outside funding in order to meet its obligations under Section 6.2 of the Merger Agreement.

F. Investor has agreed to advance to the Company the Shortfall, if needed, on the terms and conditions of this Agreement.

Table of Contents

NOW THEREFORE, the parties hereby agree as follows:

1. LOAN. As part of an integrated plan with the Merger, Investor hereby agrees that in the event of a Shortfall, as determined by the Company, the Company shall make a written demand (***Demand***) on Investor requiring Investor to deliver to the Company (or to the Exchange Fund on behalf of the Company) the amount of the Shortfall, in cash in immediately available funds, up to a maximum of \$4 million (***Loan Amount***). Investor hereby agrees to advance the Loan Amount to the Company or to the Exchange Fund on behalf of the Company, as requested by the Company pursuant to a Demand, as of the Effective Time. The advance of the Loan Amount will be considered a loan to the Company and the Company's obligation to repay the Loan Amount will be evidenced by a promissory note in the form of Exhibit A attached hereto (***Note***).

2. GENERAL PROVISIONS.

2.1 Successors and Assigns. Except as otherwise provided in this Agreement, this Agreement, and the rights and obligations of the parties hereunder, will be binding upon and inure to the benefit of their respective successors, assigns, heirs, executors, administrators and legal representatives.

2.2 Governing Law. This Agreement and the Note will be governed by and construed in accordance with the laws of the State of California, without giving effect to that body of laws pertaining to conflict of laws.

2.3 Counterparts. This Agreement may be executed in any number of counterparts, each of which when so executed and delivered will be deemed an original, and all of which together shall constitute one and the same agreement. This Agreement may be executed and delivered by facsimile and upon such delivery the facsimile signature will be deemed to have the same effect as if the original signature had been delivered to the other party.

2.4 Notices. Any and all notices required or permitted to be given to a party pursuant to the provisions of this Agreement will be in writing.

2.5 Amendments and Waivers. Any term of this Agreement or the Note may be amended and the observance of any term of this Agreement or the Note may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent of the Company and the Investor. No delay or failure to require performance of any provision of this Agreement or the Note shall constitute a waiver of that provision as to that or any other instance. No waiver granted under this Agreement or the Note as to any one provision herein or therein shall constitute a subsequent waiver of such provision or of any other provision herein or therein, nor shall it constitute the waiver of any performance other than the actual performance specifically waived. Vialta shall be a third party beneficiary hereof with respect to the deposit into the Exchange Fund of the shortfall.

2.6 Severability. If any provision of this Agreement or the Note is determined by any court or arbitrator of competent jurisdiction to be invalid, illegal or unenforceable in any respect, such provision will be enforced to the maximum extent possible given the intent of the parties hereto.

2.7 Entire Agreement. This Agreement, together with the Note, constitutes the entire agreement and understanding of the parties with respect to the subject matter of this Agreement, and supersedes any and all prior understandings and agreements, whether oral or written, between or among the parties hereto with respect to the specific subject matter hereof.

Table of Contents**Annex E****PLEDGE AGREEMENT**

THIS PLEDGE AGREEMENT (this Agreement) dated as of March 28, 2005, is made by Victory Acquisition Corp. (the Pledgor) in favor of Vialta, Inc. (Target). Capitalized terms used herein which are not defined herein shall have the meanings given them in the Merger Agreement referred to below.

RECITALS

WHEREAS, pursuant to that certain Agreement and Plan of Reorganization dated as of March 28, 2005 between the Pledgor and Target (the Merger Agreement) Pledgor shall merge with and into Target (the Merger);

WHEREAS, the Pledgor owns the capital stock of Target described on Exhibit A (the Securities) certain of which are held in or will be transferred to certain securities accounts described on Exhibit A attached hereto (together with any successor or replacement account and all subaccounts therein, the Accounts);

WHEREAS, Target has required as a condition, among other things, to entering into the Merger Agreement, and in order to secure the prompt and complete payment by Pledgor of its obligations to pay any Shortfall in the Merger Consideration to the Exchange Agent as, when and to the extent provided in Section 6.2(a) of the Merger Agreement (collectively, the Payment Obligation) that the Pledgor execute and deliver this Agreement to Target. As used in this Agreement, the term Payment Default shall mean the failure of Pledgor to pay when and as due such Payment Obligation as required under the Merger Agreement;

WHEREAS, Target has also required that as a condition of the Merger, Pledgor enter into that certain Voting Agreement of even date herewith regarding the voting of Target's securities held by Pledgor in connection with the Merger (the Voting Agreement).

NOW, THEREFORE, for and in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Grant of Security Interest. The Pledgor hereby grants to Target, for the benefit of Target, as security for the prompt and complete satisfaction of the Payment Obligation, a security interest in all of the Pledgor's now owned or hereafter acquired right, title and interest in the Securities and all replacements, renewals, substitutions and proceeds thereof, and the Accounts (together with all of the Securities collectively referred to as the Pledged Interests), all rights, privileges, authority and powers as owner or holder of the Securities, including all contract rights related thereto, all documents, instruments or certificates representing or evidencing the Securities, and all dividends, distributions, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of, or in exchange for, the Securities, and any and all proceeds of any of the foregoing (collectively, the Pledged Collateral).

2. Perfection of Security Interest. The Pledgor agrees (i) to deliver, or cause to be delivered, to Target or Target's nominee, all certificates evidencing any of the Pledged Collateral together with appropriate transfer powers executed in blank, (ii) Target is authorized to record such financing statements as Target may deem necessary or desirable to perfect the security interests granted herein, (iii) to cause any securities intermediary with custody of any Pledged Collateral to deliver an agreement in form and substance satisfactory to Target, providing Target with control (as defined in Section 9-106 of the Uniform Commercial Code as in effect in the State of California) of such Pledged Collateral, and (iv) to take such other steps as Target may from time to time reasonably request to perfect and maintain Target's security interest in the Pledged Collateral as a first priority security interest under applicable law.

3. Voting Rights. So long as no Payment Default shall have occurred and be continuing, during the term of this Agreement, the Pledgor shall have the right to vote with respect to the Securities and to give

consents, ratifications and waivers with respect thereto, subject to the Voting Agreement. Target shall, at the request of the Pledgor, provide the Pledgor with appropriate proxies and any other documents necessary or appropriate to permit the Pledgor to exercise the rights set forth in the preceding sentence.

4. Dividends and Other Distributions. Unless a Payment Default has occurred and is continuing, any and all dividends or distributions paid in respect of the Securities shall be distributed or caused to be distributed to the Pledgor; provided, however, that (a) during the existence of a Payment Default all such amounts shall be paid over to Target and (b) any cash paid, payable or otherwise distributed in redemption of, in exchange for, or as a return of, the Pledgor's capital investment in any Securities shall be paid directly to Target and any such amounts described in this provision, if received by the Pledgor, shall be held in trust for the benefit of Target, segregated from other property or funds of the Pledgor, and forthwith delivered to Target as Pledged Collateral in the same form as so received (with any necessary endorsement). Such amounts paid directly to Target as described in the immediately preceding sentence shall be held by Target as cash collateral for the Payment Obligation and any damages owing by the Pledgor for a breach thereof.

5. Representations. The Pledgor warrants and represents as follows:

(a) The Pledgor has the power and authority to execute, deliver and perform this Agreement and to grant to Target the security interests in the Pledged Collateral. No consent, approval, or authorization of, or declaration or filing with, any governmental authority, and no consent of any other person, is required in connection with the Pledgor's execution, delivery, and performance of this Agreement except for those already duly obtained. This Agreement has been duly executed and delivered by the Pledgor, and constitutes the legal, valid and binding obligation of the Pledgor, enforceable against it in accordance with its terms. The Pledgor's execution, delivery, and performance of this Agreement does not, and will not, conflict with, or constitute a violation or breach of, or constitute a default under, or result in the creation or imposition of any lien upon, the Pledged Collateral by reason of the terms of (i) any contract, mortgage, lien, lease, agreement, indenture, or instrument to which the Pledgor is a party or which is binding upon it or its property except as provided in this Agreement or (ii) any judgment, law, statute, rule or governmental regulation applicable to the Pledgor.

(b) The Pledgor is the sole, direct, legal and beneficial owner of each of the Pledged Interests and the only securities entitlement holder with respect to each of the Pledged Interests which constitute securities entitlements, and each of the Pledged Interests as applicable, have been duly authorized and are fully paid and nonassessable.

(c) There are no restrictions upon the voting rights associated with any of the Pledged Collateral other than those under the Voting Agreement.

(d) The Pledgor has the right, subject to the provisions of this Agreement, (i) to vote the Securities, subject to the terms of the Voting Agreement, and (ii) to pledge and grant a security interest in all or any part of the Pledged Collateral, free of any lien or other charge, encumbrance or restriction.

6. Subsequent Changes Affecting Pledged Collateral. The Pledgor represents to Target that the Pledgor has made its own arrangements for keeping informed of changes or potential changes affecting the Pledged Collateral (including, but not limited to, rights to convert, rights to subscribe, payment of interest, dividends, reorganization or other exchanges, tender offers and voting rights), and the Pledgor agrees that Target shall have no responsibility or liability for informing the Pledgor of any such changes or potential changes or for taking any action or omitting to take any action with respect thereto.

7. Pledged Interests Adjustments. In the event that, during the term of this Agreement, any stock dividend, reclassification, readjustment or other change is declared or made in the capital structure of Target (including, without limitation, the issuance of additional shares of capital stock), then Target shall have a security interest in all equity and non-equity securities issued to or acquired by the Pledgor by reason of any such change or exercise with respect to any Pledged Interest, and such shares or other securities shall become part of the Pledged Collateral.

8. Warrants, Options and Other Rights. In the event that, during the term of this Agreement, subscription warrants or any other rights or options shall be issued by Target on account of the Securities, then Target shall have a security interest in such warrants, rights and options, and such warrants, rights and options shall become part of the Pledged Collateral.

9. Pledged Collateral Covenants. Except as otherwise provided in the Merger Agreement, the Pledgor agrees that it will not (a) sell or transfer any of the Securities without the prior written consent of Target, or (b) create or permit to exist any lien, security interest, or other charge or encumbrance or restriction upon or with respect to any of the Pledged Collateral, except for the security interest granted under this Agreement and the application of federal and state securities laws generally.

10. Remedies of Target. Upon the occurrence and during the continuance of any Payment Default, Target shall have such powers of sale and other powers as may be conferred by applicable law with respect to the Pledged Collateral including, without limitation, all of the rights and remedies with respect to the Pledged Collateral of a secured party under the Uniform Commercial Code as in effect in the State of California. With respect to such Pledged Collateral or any part thereof, which shall then be in, or shall thereafter come into, the possession or custody of Target or which Target shall otherwise have the ability to transfer under applicable law, Target may, in its sole discretion, without notice except as specified below, upon the occurrence and during the continuance of any Payment Default, sell or cause the same to be sold at any broker's board or at public or private sale, in one or more sales or lots, at such price as Target reasonably may deem best, for cash or on credit or for future delivery, without assumption of any credit risk on the part of Target and the purchaser of any or all of the Pledged Collateral so sold shall thereafter own the same, absolutely free from any claim, encumbrance or right of any kind whatsoever and any sale of the Pledged Collateral conducted in conformity with reasonable commercial practices of banks, commercial finance companies, insurance companies or other financial institutions disposing of property similar to the Pledged Collateral shall be deemed to be commercially reasonable. Except with respect to any of the Pledged Collateral which threatens to decline speedily in value or is, or becomes, of a type sold on a recognized market, Target will give the Pledgor reasonable notice of the time and place of any public sale thereof, or of the time after which any private sale or other intended disposition is to be made. Notwithstanding any provision to the contrary contained herein, any requirements of reasonable notice shall be met if ten (10) Business Days' notice of such sale or disposition is provided to the Pledgor. Any other requirement of notice, demand or advertisement for sale is, to the extent permitted by law, waived. Target may, in its own name or in the name of a designee or nominee, buy all or any part of the Pledged Collateral at any public sale and, if permitted by applicable law, buy all or any part of the Pledged Collateral at any private sale. In connection with any disposition of Pledged Collateral after a Payment Default, the Pledgor agrees to execute and deliver to Target such documents of transfer as Target may from time to time request to enable Target to transfer the Securities into its name or the name of its nominee, or to register any of the Securities to Target.

11. Term. This Agreement shall remain in full force and effect until the earlier of the time at which (i) the Payment Obligation shall have been paid and satisfied in full or (ii) the Merger Agreement shall have been terminated pursuant to its terms other than solely for failure of Pledgor to perform the Payment Obligation. Upon the termination of this Agreement as provided in the immediately preceding sentence, Target shall promptly thereafter (i) deliver to or at Pledgor's direction all certificates representing the Pledged Collateral, (ii) file a termination of any financing statement filed by Target to perfect the security interest in the Pledged Collateral under this Agreement and (iii) notify any securities intermediary (as such term is defined in the UCC) who holds any Pledged Collateral of the termination of this Agreement and take such further steps as the securities intermediary or the Pledgor shall require to release the security interest granted in the Pledged Collateral in such securities intermediary's possession or control to Pledgor and to free such Pledged Collateral from any security interest therein granted in this Agreement.

12. Expenses. The Pledgor agrees to pay to Target all reasonable expenses (including, without limitation, reasonable attorneys' fees and costs) incident to, (a) the exercise or enforcement of any of the rights of Target hereunder, and (b) the failure by the Pledgor to perform or observe any provision hereof.

13. *Successors and Assigns.* This Agreement shall be binding upon and inure to the benefit of the Pledgor, Target and their respective successors and assigns. The Pledgor's successors and assigns shall include, without limitation, a receiver, trustee or debtor-in-possession of, or for, the Pledgor.

14. *Applicable Law and Severability.* This Agreement shall be governed by and construed in accordance with the laws of the State of California. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be held to be prohibited or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

15. *Further Assurances.* The Pledgor agrees that it will cooperate with Target and will execute and deliver, or cause to be executed and delivered, all such stock powers, proxies, instruments and documents and will take all such other action as Target may reasonably request from time to time in order to carry out the provisions and purposes hereof.

16. *Waiver of Jury Trial.* **THE PLEDGOR AND TARGET IRREVOCABLY WAIVE TRIAL BY JURY IN ANY ACTION OR PROCEEDING WITH RESPECT TO THIS AGREEMENT.**

17. *Target Appointed Attorney-in-Fact.* The Pledgor hereby appoints Target as the Pledgor's attorney-in-fact, with full authority in the place and stead of the Pledgor and in the name of the Pledgor or otherwise, from time to time in Target's discretion, to take any action and to execute any instrument or agreement which Target may deem necessary or advisable to accomplish the purposes of this Agreement, including, without limitation, to receive, endorse and collect all instruments made payable to the Pledgor representing any interest payment, dividend or other distribution in respect of the Pledged Collateral or any part thereof and to give full discharge for the same. This power of attorney created under this Paragraph, being coupled with an interest, shall be irrevocable for the term of this Agreement and thereafter as long as the Payment Obligation shall be outstanding.

18. *Target's Duty.* Target shall not be liable for any acts, omissions, errors of judgment or mistakes of fact or law including, without limitation, those acts, omissions, errors or mistakes with respect to the Pledged Collateral, except for those arising out of or in connection with (a) Target's gross negligence or willful misconduct, or (b) the loss of any certificate evidencing any of the Pledged Collateral which is in the physical possession of Target. Without limiting the generality of the foregoing, Target shall be under no obligation to take any steps necessary to preserve rights in the Pledged Collateral against any other parties but may do so at its option, and all reasonable expenses incurred in connection therewith shall be for the sole account of the Pledgor.

19. *Notices.* Any notice required or desired to be served, given or delivered under this Agreement shall be in writing, and shall be deemed to have been validly served, given or delivered (a) four (4) Business Days after deposit in the United States mails, with proper postage prepaid, (b) when properly transmitted if sent by facsimile with receipt confirmed, (c) one (1) Business Day after being deposited with a reputable overnight courier with all charges prepaid, or (d) when delivered, if hand-delivered, by messenger, all of which shall be properly addressed to the party to be notified and sent to the address or number set forth on the signature page of this Agreement. If the Pledgor refuses any such delivery, a notice so refused shall nonetheless be deemed delivered.

20. *Counterparts; Facsimile Execution.* This Agreement may be executed in separate counterparts, each of which shall be an original and all of which, when taken together, shall constitute one and the same instrument. Delivery of any executed copy of this Agreement by facsimile shall be equally as effective as delivery of a manually-executed original of this Agreement. If the Pledgor delivers an executed copy of this Agreement by facsimile, the Pledgor shall also deliver a manually-executed original, but the failure of the Pledgor to do so shall not affect the validity, enforceability or binding effect of this Agreement against the Pledgor.

Annex F

March 28, 2005
Special Committee of the Board of Directors and
Board of Directors
Vialta, Inc.
48461 Fremont Blvd.
Fremont, CA 94538
Ladies and Gentlemen,

We understand that Vialta, Inc., a Delaware corporation (Vialta or the Company), and Victory Acquisition Corporation, a newly-formed Delaware corporation (Newco) that is wholly-owned by Fred S.L. Chan (Mr. Chan) and certain of his family members and trusts affiliated with Mr. Chan (together, his Affiliates) propose to enter into an Agreement and Plan of Reorganization, dated as of March 28, 2005 (the Merger Agreement). Pursuant to the terms of and subject to the conditions set forth in the Merger Agreement, Newco will be merged with and into the Company in accordance with the General Corporation Law of the State of Delaware (the Merger) and each share of common stock of the Company, \$0.001 par value per share (the Common Stock), other than the shares held by Newco or its officers, directors, stockholders or affiliates immediately prior to Merger, will be converted into the right to receive \$0.36 per share in cash (the Merger Consideration) upon consummation of the Merger. You have requested our opinion as to the fairness, from a financial point of view, of the Merger Consideration to be received by the holders of the outstanding Common Stock (other than Mr. Chan and his Affiliates).

We understand that the Company s Board of Directors has formed a special committee (the Special Committee) to consider the Merger and matters related thereto.

In connection with our review of the proposed Merger and the preparation of our opinion herein, we have examined: (a) the proposed Merger Agreement dated as of March 28, 2005; (b) certain audited historical financial statements of the Company for the three fiscal years ended December 31, 2001, December 31, 2002 and December 31, 2003; (c) the unaudited financial statements of the Company for the fiscal year ended December 31, 2004; (d) certain internal business, operating and financial information and forecasts of the Company prepared and provided by senior management of the Company (the Forecasts); (e) the financial terms of the Merger compared with publicly available information regarding the financial terms of certain other business combinations we deemed relevant; (f) the financial position and operating results of the Company compared with those of certain other publicly traded companies we deemed relevant; (g) current and historical market prices and trading volumes of the Common Stock of the Company; (h) presentations by Needham & Co. (Needham) to the Board of Directors of Vialta, as well as certain other materials prepared by Needham, regarding various strategic alternatives, including a potential sale of the Company; and (i) certain other publicly available information about the Company. We have also held discussions with members of the senior management of the Company to discuss the foregoing, have considered other matters which we have deemed relevant to our inquiry and have taken into account such accepted financial and investment banking procedures and considerations as we have deemed relevant. In connection with our engagement, we were not requested or authorized to approach, nor did we hold any discussions with, any third parties to solicit offers or indications of interest to acquire all or any part of the Company, nor did we evaluate potential alternative transactions.

In rendering our opinion, we have assumed and relied upon, without independent verification, the accuracy and completeness of all the information supplied to, examined by or otherwise reviewed or discussed

with us for purposes of this opinion, including, without limitation, the Forecasts, and we have not assumed any responsibility for independently verifying such information or undertaken an independent evaluation or appraisal of any of the assets or liabilities of the Company or been furnished with any such evaluation or appraisal, nor have we evaluated the solvency or fair value of the Company under any state or federal laws relating to bankruptcy, insolvency or similar matters. In addition, we have not assumed any obligation to conduct any physical inspection of the properties or facilities of the Company. We have assumed that the Company is not aware of any information that might be material to our opinion that has not been provided to us. We have been advised by the senior management of the Company that the Forecasts examined by us have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the senior management of the Company as to the future performance, results of operations and financial condition of the Company. In that regard, we have assumed, with your consent, that all material assets and liabilities (contingent or otherwise) of the Company are as set forth in the Company's financial statements or other information made available to us. We have relied upon and assumed, without independent verification, that there has been no material change in the assets, financial condition, business or prospects of the Company since the date of the most recent financial statements made available to us. Our opinion herein is based upon economic, market, financial and other conditions existing on, and other information disclosed to us as of, the date of this letter and our opinion does not predict or take into account any changes which may occur, or information which may become available, after the date hereof. It should be understood that, although subsequent developments may affect this opinion, we do not have any obligation to update, revise or reaffirm this opinion. We have relied as to all legal matters regarding the Merger on advice of counsel to the Special Committee, and have assumed that the Merger will be consummated on the terms described in the Merger Agreement, without any amendments thereto and without any waiver of any terms or conditions thereunder. We were not requested to, and did not, participate in the negotiation of, nor were we asked to consider, and our opinion does not address, the relative merits of the Merger as compared to any alternative business strategies that might exist for the Company or the effect of any other transaction in which the Company might engage. We were not requested to, nor did we, seek alternative participants for the proposed Merger. Consequently, we express no opinion as to whether any alternative transaction might produce consideration for the Stockholders in an amount in excess of the Merger Consideration. We have acted as the financial advisor to the Committee in connection with the Merger and will receive a fee for our services, no portion of which is contingent upon the consummation of the Merger. In addition, the Company has agreed to indemnify us against certain liabilities arising out of our engagement. Also, in the ordinary course of our business, we may have long or short positions in the Common Stock for our own account and for the accounts of customers.

Our opinion is being provided for the use and benefit of the Special Committee and the Board in connection with its consideration of the transaction contemplated by the Merger Agreement, except that this letter may be included in its entirety in any document filed by the Company with the Securities and Exchange Commission (the "SEC") in connection with the Merger. Any reference to us or to our opinion in such filing with the SEC, however, shall be subject to our prior review and approval, which shall not be unreasonably withheld. Our opinion is limited to the fairness, from a financial point of view, of the Merger Consideration to be paid to the holders of the outstanding Common Stock (other than Mr. Chan and his Affiliates) in connection with the Merger, and we do not address the merits of the underlying decision by the Company to engage in the Merger and this opinion does not constitute a recommendation to any stockholder as to how such stockholder should vote with respect to the proposed Merger. In addition, you have not asked us to address, and this opinion does not address, the fairness to, or any other consideration of, the creditors or other constituencies of the Company. Except as set forth above, this letter may not be disclosed, communicated or otherwise referred to, in whole or in part, to any third party without our prior written consent.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration to be received by the holders of the outstanding Common Stock (other than Mr. Chan and his Affiliates) is fair from a financial point of view.

Table of Contents**Annex G****SECTION 262 OF THE DELAWARE GENERAL CORPORATION LAW****§ 262. Appraisal rights.**

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word *stockholder* means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words *stock* and *share* mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words *depository receipt* mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title), § 252, § 254, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of § 251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

Table of Contents

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to § 228 or § 253 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is otherwise

Table of Contents

entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and in the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

Table of Contents

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

**CALIFORNIA GENERAL CORPORATION LAW SECTION 1300-1313
CHAPTER 13 DISSENTERS RIGHTS**

1300.

(a) If the approval of the outstanding shares (Section 152) of a corporation is required for a reorganization under subdivisions (a) and (b) or subdivision (e) or (f) of Section 1201, each shareholder of the corporation entitled to vote on the transaction and each shareholder of a subsidiary corporation in a short-form merger may, by complying with this chapter, require the corporation in which the shareholder holds shares to purchase for cash at their fair market value the shares owned by the shareholder which are dissenting shares as defined in subdivision (b). The fair market value shall be determined as of the day before the first announcement of the terms of the proposed reorganization or short-form merger, excluding any appreciation or depreciation in consequence of the proposed action, but adjusted for any stock split, reverse stock split, or share dividend which becomes effective thereafter.

(b) As used in this chapter, dissenting shares means shares which come within all of the following descriptions:

(1) Which were not immediately prior to the reorganization or short-form merger either (A) listed on any national securities exchange certified by the Commissioner of Corporations under subdivision (o) of Section 25100 or (B) listed on the National Market System of the NASDAQ Stock Market, and the notice of meeting of shareholders to act upon the reorganization summarizes this section and Sections 1301, 1302, 1303 and 1304; provided, however, that this provision does not apply to any shares with respect to which there exists any restriction on transfer imposed by the corporation or by any law or regulation; and provided, further, that this provision does not apply to any class of shares described in subparagraph (A) or (B) if demands for payment are filed with respect to 5 percent or more of the outstanding shares of that class.

(2) Which were outstanding on the date for the determination of shareholders entitled to vote on the reorganization and (A) were not voted in favor of the reorganization or, (B) if described in subparagraph (A) or (B) of paragraph (1) (without regard to the provisos in that paragraph), were voted against the reorganization, or which were held of record on the effective date of a short-form merger; provided, however, that subparagraph (A) rather than subparagraph (B) of this paragraph applies in any case where the approval required by Section 1201 is sought by written consent rather than at a meeting.

(3) Which the dissenting shareholder has demanded that the corporation purchase at their fair market value, in accordance with Section 1301.

(4) Which the dissenting shareholder has submitted for endorsement, in accordance with Section 1302.

(c) As used in this chapter, dissenting shareholder means the recordholder of dissenting shares and includes a transferee of record.

1301.

(a) If, in the case of a reorganization, any shareholders of a corporation have a right under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, to require the corporation to purchase their shares for cash, such corporation shall mail to each such shareholder a notice of the approval of the reorganization by its outstanding shares (Section 152) within 10 days after the date of such approval, accompanied by a copy of Sections 1300, 1302, 1303, 1304 and this section, a statement of the price determined by the corporation to represent the fair market value of the dissenting shares, and a brief description of the procedure to be followed if the shareholder desires to exercise the shareholder's right under such sections. The statement of price constitutes an offer by the corporation to purchase at the price stated any

dissenting shares as defined in subdivision (b) of Section 1300, unless they lose their status as dissenting shares under Section 1309.

(b) Any shareholder who has a right to require the corporation to purchase the shareholder's shares for cash under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, and who desires the corporation to purchase such shares shall make written demand upon the corporation for the purchase of such shares and payment to the shareholder in cash of their fair market value. The demand is not effective for any purpose unless it is received by the corporation or any transfer agent thereof (1) in the case of shares described in clause (i) or (ii) of paragraph (1) of subdivision (b) of Section 1300 (without regard to the provisos in that paragraph), not later than the date of the shareholders' meeting to vote upon the reorganization, or (2) in any other case within 30 days after the date on which the notice of the approval by the outstanding shares pursuant to subdivision (a) or the notice pursuant to subdivision (i) of Section 1110 was mailed to the shareholder.

(c) The demand shall state the number and class of the shares held of record by the shareholder which the shareholder demands that the corporation purchase and shall contain a statement of what such shareholder claims to be the fair market value of those shares as of the day before the announcement of the proposed reorganization or short-form merger. The statement of fair market value constitutes an offer by the shareholder to sell the shares at such price.

1302.

Within 30 days after the date on which notice of the approval by the outstanding shares or the notice pursuant to subdivision (i) of Section 1110 was mailed to the shareholder, the shareholder shall submit to the corporation at its principal office or at the office of any transfer agent thereof, (a) if the shares are certificated securities, the shareholder's certificates representing any shares which the shareholder demands that the corporation purchase, to be stamped or endorsed with a statement that the shares are dissenting shares or to be exchanged for certificates of appropriate denomination so stamped or endorsed or (b) if the shares are uncertificated securities, written notice of the number of shares which the shareholder demands that the corporation purchase. Upon subsequent transfers of the dissenting shares on the books of the corporation, the new certificates, initial transaction statement, and other written statements issued therefor shall bear a like statement, together with the name of the original dissenting holder of the shares.

1303.

(a) If the corporation and the shareholder agree that the shares are dissenting shares and agree upon the price of the shares, the dissenting shareholder is entitled to the agreed price with interest thereon at the legal rate on judgments from the date of the agreement. Any agreements fixing the fair market value of any dissenting shares as between the corporation and the holders thereof shall be filed with the secretary of the corporation.

(b) Subject to the provisions of Section 1306, payment of the fair market value of dissenting shares shall be made within 30 days after the amount thereof has been agreed or within 30 days after any statutory or contractual conditions to the reorganization are satisfied, whichever is later, and in the case of certificated securities, subject to surrender of the certificates therefor, unless provided otherwise by agreement.

1304.

(a) If the corporation denies that the shares are dissenting shares, or the corporation and the shareholder fail to agree upon the fair market value of the shares, then the shareholder demanding purchase of such shares as dissenting shares or any interested corporation, within six months after the date on which notice of the approval by the outstanding shares (Section 152) or notice pursuant to subdivision (i) of Section 1110 was mailed to the shareholder, but not thereafter, may file a complaint in the superior court of the proper county praying the court to determine whether the shares are dissenting shares or the fair market value of the dissenting shares or both or may intervene in any action pending on such a complaint.

(b) Two or more dissenting shareholders may join as plaintiffs or be joined as defendants in any such action and two or more such actions may be consolidated.

(c) On the trial of the action, the court shall determine the issues. If the status of the shares as dissenting shares is in issue, the court shall first determine that issue. If the fair market value of the dissenting shares is in issue, the court shall determine, or shall appoint one or more impartial appraisers to determine, the fair market value of the shares.

1305.

(a) If the court appoints an appraiser or appraisers, they shall proceed forthwith to determine the fair market value per share. Within the time fixed by the court, the appraisers, or a majority of them, shall make and file a report in the office of the clerk of the court. Thereupon, on the motion of any party, the report shall be submitted to the court and considered on such evidence as the court considers relevant. If the court finds the report reasonable, the court may confirm it.

(b) If a majority of the appraisers appointed fail to make and file a report within 10 days from the date of their appointment or within such further time as may be allowed by the court or the report is not confirmed by the court, the court shall determine the fair market value of the dissenting shares.

(c) Subject to the provisions of Section 1306, judgment shall be rendered against the corporation for payment of an amount equal to the fair market value of each dissenting share multiplied by the number of dissenting shares which any dissenting shareholder who is a party, or who has intervened, is entitled to require the corporation to purchase, with interest thereon at the legal rate from the date on which judgment was entered.

(d) Any such judgment shall be payable forthwith with respect to uncertificated securities and, with respect to certificated securities, only upon the endorsement and delivery to the corporation of the certificates for the shares described in the judgment. Any party may appeal from the judgment.

(e) The costs of the action, including reasonable compensation to the appraisers to be fixed by the court, shall be assessed or apportioned as the court considers equitable, but, if the appraisal exceeds the price offered by the corporation, the corporation shall pay the costs (including in the discretion of the court attorneys' fees, fees of expert witnesses and interest at the legal rate on judgments from the date of compliance with Sections 1300, 1301 and 1302 if the value awarded by the court for the shares is more than 125 percent of the price offered by the corporation under subdivision (a) of Section 1301).

1306.

To the extent that the provisions of Chapter 5 prevent the payment to any holders of dissenting shares of their fair market value, they shall become creditors of the corporation for the amount thereof together with interest at the legal rate on judgments until the date of payment, but subordinate to all other creditors in any liquidation proceeding, such debt to be payable when permissible under the provisions of Chapter 5.

1307.

Cash dividends declared and paid by the corporation upon the dissenting shares after the date of approval of the reorganization by the outstanding shares (Section 152) and prior to payment for the shares by the corporation shall be credited against the total amount to be paid by the corporation therefor.

1308.

Except as expressly limited in this chapter, holders of dissenting shares continue to have all the rights and privileges incident to their shares, until the fair market value of their shares is agreed upon or determined. A dissenting shareholder may not withdraw a demand for payment unless the corporation consents thereto.

Table of Contents

1309.

Dissenting shares lose their status as dissenting shares and the holders thereof cease to be dissenting shareholders and cease to be entitled to require the corporation to purchase their shares upon the happening of any of the following:

(a) The corporation abandons the reorganization. Upon abandonment of the reorganization, the corporation shall pay on demand to any dissenting shareholder who has initiated proceedings in good faith under this chapter all necessary expenses incurred in such proceedings and reasonable attorneys' fees.

(b) The shares are transferred prior to their submission for endorsement in accordance with Section 1302 or are surrendered for conversion into shares of another class in accordance with the articles.

(c) The dissenting shareholder and the corporation do not agree upon the status of the shares as dissenting shares or upon the purchase price of the shares, and neither files a complaint or intervenes in a pending action as provided in Section 1304, within six months after the date on which notice of the approval by the outstanding shares or notice pursuant to subdivision (i) of Section 1110 was mailed to the shareholder.

(d) The dissenting shareholder, with the consent of the corporation, withdraws the shareholder's demand for purchase of the dissenting shares.

1310.

If litigation is instituted to test the sufficiency or regularity of the votes of the shareholders in authorizing a reorganization, any proceedings under Sections 1304 and 1305 shall be suspended until final determination of such litigation.

1311.

This chapter, except Section 1312, does not apply to classes of shares whose terms and provisions specifically set forth the amount to be paid in respect to such shares in the event of a reorganization or merger.

1312.

(a) No shareholder of a corporation who has a right under this chapter to demand payment of cash for the shares held by the shareholder shall have any right at law or in equity to attack the validity of the reorganization or short-form merger, or to have the reorganization or short-form merger set aside or rescinded, except in an action to test whether the number of shares required to authorize or approve the reorganization have been legally voted in favor thereof; but any holder of shares of a class whose terms and provisions specifically set forth the amount to be paid in respect to them in the event of a reorganization or short-form merger is entitled to payment in accordance with those terms and provisions or, if the principal terms of the reorganization are approved pursuant to subdivision (b) of Section 1202, is entitled to payment in accordance with the terms and provisions of the approved reorganization.

(b) If one of the parties to a reorganization or short-form merger is directly or indirectly controlled by, or under common control with, another party to the reorganization or short-form merger, subdivision (a) shall not apply to any shareholder of such party who has not demanded payment of cash for such shareholder's shares pursuant to this chapter; but if the shareholder institutes any action to attack the validity of the reorganization or short-form merger or to have the reorganization or short-form merger set aside or rescinded, the shareholder shall not thereafter have any right to demand payment of cash for the shareholder's shares pursuant to this chapter. The court in any action attacking the validity of the reorganization or short-form merger or to have the reorganization or short-form merger set aside or rescinded shall not restrain or enjoin the consummation of the transaction except upon 10 days' prior notice to the corporation and upon a determination by the court that clearly no other remedy will adequately protect the complaining shareholder or the class of shareholders of which such shareholder is a member.

Table of Contents

(c) If one of the parties to a reorganization or short-form merger is directly or indirectly controlled by, or under common control with, another party to the reorganization or short-form merger, in any action to attack the validity of the reorganization or short-form merger or to have the reorganization or short-form merger set aside or rescinded, (1) a party to a reorganization or short-form merger which controls another party to the reorganization or short-form merger shall have the burden of proving that the transaction is just and reasonable as to the shareholders of the controlled party, and (2) a person who controls two or more parties to a reorganization shall have the burden of proving that the transaction is just and reasonable as to the shareholders of any party so controlled.

1313.

A conversion pursuant to Chapter 11.5 (commencing with Section 1150) shall be deemed to constitute a reorganization for purposes of applying the provisions of this chapter, in accordance with and to the extent provided in Section 1159.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This report contains forward-looking statements that involve risks and uncertainties. All statements contained in this report that are not purely historical could be deemed forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. When used in this report, words such as may, might, will, should, expects, plans, anticipates, estimates, predicts, potential, intend, continue, and similar expressions, are intended to identify forward-looking statements. These forward-looking statements might include, without limitation, projections of our future financial performance, our anticipated growth and anticipated trends in our businesses; the features, benefits and advantages of our products; the development of new products, enhancements or technologies; business and sales strategies; developments in our target markets; matters relating to distribution channels, proprietary rights, facilities needs, competition and litigation; future gross margins and operating expense levels; and capital needs. These statements reflect the current views of Vialta or its management with respect to future events and are subject to risks, uncertainties and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions proved incorrect, our actual results, performance or achievements in fiscal 2005 and beyond could differ materially from those expressed in, or implied by, these forward-looking statements. Factors that could cause or contribute to material differences include, but are not limited to, the merger with Victory Acquisition Corp. not occurring or not closing within the expected timeframe, those discussed below in Item 7 under the heading Other Factors That May Affect Our Business and Future Results: and the risks discussed in our other filings with the Securities and Exchange Commission. We encourage you to read that section carefully. You should not regard the inclusion of forward-looking information as a representation by us or any other person that the future events, plans or expectations contemplated by us will be achieved. Vialta undertakes no obligation to release publicly any updates or revisions to any forward-looking statements to reflect events or circumstances occurring after the date of this report.

Table of Contents**PART I****Item 1: Business**

We develop, design and market consumer electronics products designed to maximize the advantages of digital technology in a convenient and easy-to-use manner. Our primary products are the Beamer™ personal videophone line and the VistaFrame™ digital picture frame. Our Beamer videophone products add color video to phone calls, enabling users to see the person they are calling. Since both parties to a video call must have a Beamer videophone product (or compatible videophone), our videophone products are primarily sold in pairs. Our Beamer videophone products work with any home phone over any standard (analog) home phone line, at no additional cost to a regular phone call.

On March 29, 2005, we announced a definitive agreement to merge with Victory Acquisition Corp., a newly formed entity established by Fred S.L. Chan, Chairman of the Company, and certain of his family members. Victory will acquire the approximately 60% of our stock not owned by it for \$0.36 per share in cash. The merger is expected to be completed in the second quarter of 2005 and is subject to Vialta shareholder and customary approvals.

We were incorporated in April 1999 as a wholly owned subsidiary of ESS Technology, Inc. (ESS). In August 2001, we were spun off from ESS Technology, Inc. and operate as a stand-alone entity.

See Item 8 Financial Statements and Supplementary Data for additional financial information regarding our business.

Products

We have developed and introduced two distinct product lines: Beamer videophones and VistaFrame, both designed to offer greater convenience and ease-of-use to consumers.

Our Beamer videophone products include models that are standalone (such as our first videophone product known as Beamer) or connect through most televisions (the Beamer TV™), and may include the ability to send and receive digital pictures (the Beamer FX™). All of our Beamer videophone products are compatible with any home phone over any standard (analog) home phone line and do not require any additional equipment (other than a compatible television, in the case of Beamer TV) or wiring. In addition, our Beamer videophone products provide the consumer with three viewing options (the calling party, the receiving party, or picture-in-picture) and the ability to adjust the level of movement fluidity in relation to detail. Our videophone products also have a snapshot feature that temporarily pauses any new video transmission, resulting in a higher resolution image on the LCD or television screen, depending on the model. A video start feature gives users full control over initiating the video transmission to another user, for complete video privacy whenever desired. Beamer won a 2003 Best of Innovations award in the telephone category from the Consumer Electronics Association based on criteria consisting of value to users, aesthetics, innovativeness, and contributions to quality of life. Beamer also won a 2003 Good Buy award from *Good Housekeeping* magazine based on criteria including ingenuity, value and exceptional performance. In addition, Beamer TV won a 2004 Best of Innovations Honoree Award from the Consumer Electronics Association.

During 2004, we announced that we had developed a broadband version of our Beamer videophone and that field-testing and public availability of a broadband Beamer videophone would occur before the end of 2004. We have delayed field-tests of our broadband videophone products while we continue to refine and test prototypes of these products. We currently expect to field-test our broadband videophone products with a few select broadband service providers in the second half of 2005. We expect commercial introduction of broadband versions of our Beamer videophone products to occur in 2006.

Our VistaFrame product is a digital picture frame that allows users to display photographs directly from a digital camera memory card or from VistaFrame's internal memory. VistaFrame is compatible with most standard card formats and does not require a camera or computer connection, special wiring or web based services to display digital photographs. With VistaFrame, consumers can view digital pictures individually or in a custom slideshow format with the user selecting the pictures, the display sequence, display interval and the transition effect.

Table of Contents**Sales and Marketing**

We began nationwide retail distribution of our first Beamer videophone during the third quarter of 2002. Beamer TV, Beamer FX and VistaFrame began nationwide retail distribution in the third quarter of 2003. Our Beamer videophone products are currently carried by retailers such as Best Buy, Fry's Electronics, The Good Guys, The Discovery Channel, Cinmar (The Frontgate Catalog) and The Sharper Image, among others. VistaFrame is currently carried by retailers such as The Sharper Image, The Discovery Channel, Cinmar and The Good Guys. Sales to The Sharper Image represented 23% and sales to CEC represented 12% of our total revenue in 2004. We market our Beamer videophone products and VistaFrame to retailers and distributors in the U.S. market through a combination of our direct sales force and independent sales representatives. All of our products may also be purchased directly by consumers from our on-line web store. In 2004 our retail and marketing initiatives included targeted print advertising such as in product circulars and catalogs, special promotions and price rebates. In 2004 we continued to expand our distribution for our Beamer videophone products and VistaFrame in the international consumer market through distributors and strategic partners in such countries as China, Taiwan, Korea, Greece, Mexico, The Netherlands, Switzerland, Turkey, The United Kingdom, France, India, Indonesia, Portugal, South Africa, Spain and Belgium.

To continue to build consumer demand and acceptance for our products, we expect to continue to provide for retail and consumer initiatives, including direct mail, e-marketing campaigns, special promotions and other initiatives. Whenever possible, we will combine branding with product promotion opportunities. In addition, we will continue to place an emphasis on generating favorable press from industry analysts, trade reporters and the general consumer media.

Product Development

Our product development efforts focus on bringing innovative digital consumer electronics products to the retail marketplace. Because much of the core development related to our Beamer videophone products and VistaFrame has already been completed, our engineers are engaged in the development of new products and other improvements and modifications to our existing products. We are currently continuing the development of our Beamer videophone products for broadband. We currently expect to field-test our broadband videophone products with a few select broadband service providers in the second half of 2005 and we expect commercial introduction of broadband versions of our Beamer videophone products to occur in 2006.

Intellectual Property

We rely on a combination of patent, trademark and copyright law, trade secret protection and confidentiality or license agreements with our employees, customers, partners and others to protect proprietary rights. We have filed two patent applications, one to cover proprietary functions and digital encoder and decoder solutions for ViDVD, a product we discontinued in 2002 and another to cover audio compression technology. In addition, we have filed similar applications in Taiwan and under the Patent Cooperation Treaty. To date, none of the patents have been issued.

We have filed trademark applications in the U.S., Brazil, Canada, China, the European Union, Hong Kong, Japan, Singapore and Taiwan. The marks for which we have filed applications include, among others, the Vialta logo, Beamer, Phone Video Station, PVS and Viewphone.

In connection with our spin-off by ESS, we entered into a master technology ownership and license agreement with ESS, pursuant to which we and ESS acknowledged the specific technology and trademarks related to our business that are owned by us.

At the time of our formation, we entered into several intellectual property agreements with ESS. We purchased from ESS all of ESS' proprietary rights and benefits conferred under U.S. laws with respect to its videophone business. The master technology ownership and license agreement supercedes prior intellectual property and research and development agreements between ESS and us. In addition, we entered into a purchase agreement under which ESS agreed to provide us with semiconductor products. Financial information regarding our related party transactions with ESS are set forth in Note 9 of the Notes to Consolidated Financial Statements in Item 8 of this report.

Table of Contents**Manufacturing**

We have developed all of our products internally and outsource manufacturing. Our Beamer videophone products and VistaFrame are currently manufactured by two contract manufacturers located in China. We believe these manufacturers will provide us with sufficient manufacturing capacity to meet our current product demand. Our quality assurance engineers are located in China to oversee our contract manufacturers. We outsource import and export logistics, including clearance of Chinese and U.S. customs and ocean freight. We currently handle warehousing and all shipments to retail distribution centers, individual retailers and individual customers purchasing our products online.

Seasonality

Our operating results are subject to seasonality and to quarterly and annual fluctuations. Domestic consumer electronic product sales have traditionally been much higher during the holiday shopping season than during other times of the year. Our domestic sales this past year reflected this anticipated seasonality.

Competition

Our Beamer videophone products compete directly with several other companies in the videophone market that offer products delivering similar features. We believe none of these companies has secured nationwide retail distribution relationships. The majority of our competitors' videophone products are primarily available through specialized retailers and websites. Furthermore, the majority of other videophone models have been integrated with handsets and have a significantly higher per unit retail price than our Beamer videophone products. We believe the key competitive factors for videophone products are price, cost to use, quality of the video (especially moving images), retail distribution, brand awareness and ease of installation and use. We believe that among manufacturers of videophones that use analog phone lines, we compete favorably on the basis of price, video quality, product availability and ease of installation and use. In addition, we face competition from other video communication products utilizing Internet and broadband connections and digital camera cellular telephones. Internet and broadband products, which frequently are priced less than our Beamer videophone products, utilize a personal computer or television, currently require subscription to an ISP and may require additional subscription services. These products may also be interoperable with users of competitive products, provide multiple transmission and storage options, and act as a digital camera. Digital camera cellular telephones only offer still picture transmission or reception and require a digital cellular connection. Many of the current and prospective competitors in this market are larger, better known and have greater resources and experience than us.

VistaFrame competes directly with several other companies in the digital picture frame market that offer products that are similar to VistaFrame. The majority of these products are primarily available through specialized or regional retailers and websites. In addition other digital picture frame products either have limited digital camera memory card compatibility or require a phone line connection and a fee-based subscription service in order to download pictures into the frame.

Financial Information about Segments and Geographic Areas

We operate as one business segment in two geographic areas—domestic and international. Financial information about our business and geographic areas is set forth in Note 14 of the Notes to Consolidated Financial Statements in Item 8 of this report.

Employees

As of February 28, 2005, we had 38 employees, including 11 in research and development, 6 in marketing, sales and support, 12 in manufacturing and operations and 9 in finance and administration.

Item 2: *Properties*

As of February 28, 2005, our corporate headquarters occupies approximately 31,000 square feet of a building located in Fremont, California, under a lease from ESS that expires in July 2005. We also lease office space for a development center in Hong Kong. We believe that our existing facilities are adequate for our

Table of Contents**Item 7: Management's Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion includes forward-looking statements with respect to our future financial performance. Actual results may differ materially from those currently anticipated depending on a variety of factors, including those described below under the sub-heading, Cautionary Statement Regarding Forward-Looking Statements as well as Other Factors That May Affect Our Business and Future Results and the risks discussed in our most recent filing with the Securities and Exchange Commission. This following discussion should be read in conjunction with the Selected Consolidated Financial Data and the Consolidated Financial Statements and notes thereto that appear elsewhere in this report.

Overview

We develop, design and market consumer electronics products designed to maximize the advantages of digital technology in a convenient and easy-to-use manner. Our primary products are the Beamer™ personal videophone line and the VistaFrame™ digital picture frame. Our Beamer videophone products add color video to phone calls, enabling users to see the person they are calling. Since both parties to a video call must have a Beamer videophone product (or compatible videophone), our videophone products are primarily sold in pairs. Our Beamer videophone products work with any home phone over any standard (analog) home phone line, at no additional cost to a regular phone call. Our Beamer videophone products include models that are standalone (such as our first videophone product known as Beamer) or connect through most televisions (the Beamer TV™), and may include the ability to send and receive digital pictures (the Beamer FX™). Our Beamer videophone products are currently carried by retailers such as Best Buy, Fry's Electronics, The Good Guys, The Discovery Channel, Cinmar (The Frontgate Catalog) and The Sharper Image, among others.

Our VistaFrame product is a digital picture frame that allows users to display photographs directly from a digital camera memory card or from VistaFrame's internal memory. VistaFrame is compatible with most standard card formats and does not require a camera or computer connection, special wiring or web based services to display digital photographs. With VistaFrame, consumers can view digital pictures individually or in a custom slideshow format with the user selecting the pictures, the display sequence, display interval and the transition effect. VistaFrame is currently carried by retailers such as The Sharper Image, The Discovery Channel, Cinmar and The Good Guys.

Since our inception, we have financed our operations primarily from funds raised in private offerings of convertible preferred stock and common stock and through vendor credit. For the years ended December 31, 2004, 2003, and 2002 we had net losses of \$2.4 million, \$4.0 million and \$42.6 million, respectively, and expect to incur losses in 2005. As of December 31, 2004, we had an accumulated deficit of \$109.1 million.

On March 29, 2005, we announced a definitive agreement to merge with Victory Acquisition Corp., a newly formed entity established by Fred S.L. Chan, Chairman of the Company, and certain of his family members. Victory will acquire the approximately 60% of our stock not owned by it for \$0.36 per share in cash. The merger is expected to be completed in the second quarter of 2005 and is subject to Vialta shareholder and customary approvals.

Results of Operations***For the year ended December 31, 2004 compared with the year ended December 31, 2003***

Net revenue. Net revenue was \$12.7 million for the year ended December 31, 2004 compared to \$10.3 million for the year ended December 31, 2003. The revenue growth was substantially driven by an increase in units sales volume. Net revenue included \$9.3 million in domestic sales for 2004 compared to \$7.1 million for 2003 and \$3.4 million in international sales for 2004 compared to \$3.2 million for 2003. Net revenue from sales of our Beamer videophone products accounted for 73% of total net revenue. The increase in net revenue reflected the recognition in 2004 of \$5.2 million of revenue deferred at December 31, 2003, compared to \$3.2 million of revenue that was deferred at December 31, 2002 and that was recognized in fiscal 2003. At December 31, 2004 the Company had \$3.1 million in deferred revenue. For the fiscal year 2004, The Sharper Image and CEC accounted for approximately 23% and 12%, respectively, of our net revenue. For the fiscal year 2003, Best Buy and CEC accounted for approximately 18% and 16%, respectively, of our net revenue.

Table of Contents

Cost of goods sold. Cost of goods sold was \$8.0 million for the year ended December 31, 2004 compared to \$2.9 million for the year ended December 31, 2003. This increase is primarily due to additional inventory reserves of \$3.4 million on raw material and finished goods inventory, which was recorded during the third quarter of 2004. In addition, during the second half of 2004 product costs were recorded at full cost as compared to the first half of 2004 and fiscal 2003 where 56% and 83%, respectively, of our inventory costs for our Beamer videophone products were expensed in prior periods. At September 30, 2002, we had no historical experience selling Beamer (our first videophone Product) and there was significant uncertainty regarding our ability to recover costs incurred in building inventories related to Beamer. As a result, we expensed Beamer inventory costs as incurred through the third quarter of 2002. Following the nationwide commercial launch of Beamer, we began to capitalize the additional value of Beamer inventory costs in the fourth quarter of 2002. Because a significant portion of our inventory for raw materials and finished goods for our Beamer videophone products was expensed in prior periods, cost of goods sold for the years ended December 31, 2004 and 2003 was lower than what would otherwise have been recorded.

Gross profit. Gross profit was \$4.7 million for the year ended December 31, 2004 compared to \$7.4 million for the year ended December 31, 2003. If we had not previously expensed inventory costs, our gross profit would have been approximately \$2.0 million for the year ended December 31, 2004.

Engineering and development. Engineering and development expenses were \$1.2 million for the year ended December 31, 2004, compared to \$2.6 million for the year ended December 31, 2003. The decrease was primarily due to reductions in engineering and development personnel and a decrease in depreciation expense due to equipment being fully depreciated. We expect engineering and development expenses to remain constant in future periods.

Sales and marketing. Sales and marketing expenses were \$2.0 million for the year ended December 31, 2004, compared to \$4.4 million for the year ended December 31, 2003. The decrease is primarily due to a decrease of \$2.1 million in television advertising and promotional campaigns that occurred in the fourth quarter of 2003. There were no comparable television advertising expenses for the year ended December 31, 2004 and promotion campaign expenses were lower in the fourth quarter of 2004 compared to the fourth quarter of 2003. We do not expect an increase in sales and marketing expenses in future periods, and we currently do not have the resources to support a significant and sustained national advertising and consumer awareness program which may be necessary to maintain or significantly increase sales.

General and administrative. General and administrative expenses were \$4.6 million for the year ended December 31, 2004, compared to \$5.8 million for the year ended December 31, 2003. The decrease was primarily due to a reduction in general and administrative personnel, and decreases in legal expense, insurance and office rent. We expect general and administrative expenses to remain constant in future periods.

Interest income and other, net. Interest income and other, net, was \$717,000 for the year ended December 31, 2004, compared to \$733,000 for the year ended December 31, 2003.

Gain on Investment. During the fourth quarter of 2003, we recorded a gain on investments of \$571,000. The gain on investments was attributable to a cash dividend paid to us on preferred shares we previously acquired in an unrelated company. Our original investment in this company had been written down to zero in a prior period. There is no comparable gain for the year ended December 31, 2004.

For the year ended December 31, 2003 compared with the year ended December 31, 2002

Net revenue. Net revenue was \$10.3 million for the year ended December 31, 2003. There was no revenue for the year ended December 31, 2002. Included in net revenue for 2003 was approximately \$7.1 million in domestic sales and approximately \$3.2 million from international sales. In addition to revenue generated from our first videophone product, Beamer, we also recorded domestic net revenue during the fourth quarter of 2003 from sales activity related to our new products BeamerTV, BeamerFX (which was introduced in the fourth quarter of 2003 on a very limited basis) and VistaFrame. Net revenue from sales of our Beamer videophone products accounted for 97% of total net revenue for the year ended December 31, 2003. During the first quarter of 2003, we began to recognize revenue on sales of Beamer, net of estimated warranty claims and estimated returns. We began nationwide distribution of Beamer during the third quarter of 2002 and more significant shipments during the fourth quarter of 2002. For most of these shipments, the standard warranty

Table of Contents

and return period had not been completed as of December 31, 2002. Due to a limited history of warranty and sales returns for Beamer, we did not recognize revenue for sales through December 31, 2002. As a result, revenue for the year ended December 31, 2003, includes the recognition of deferred revenue of approximately \$3.2 million related to shipments of Beamer, which were made during the third and fourth quarters of 2002.

Cost of goods sold. Cost of goods sold was \$2.9 million for the year ended December 31, 2003. There was no similar expense for the year ended December 31, 2002. Because a significant portion of our inventory for raw materials and finished goods for our Beamer videophone products was expensed in prior periods, cost of goods sold for the year ended December 31, 2003 was lower than what would otherwise have been recorded. If we had not previously expensed inventory costs, our cost of goods sold would have been \$7.8 million for the year ended December 31, 2003.

Gross profit. Gross profit was \$7.4 million for the year ended December 31, 2003. If we had not previously expensed inventory costs, our gross profit would have been approximately \$2.5 million for the year ended December 31, 2003.

Product Costs. Product costs were \$10.4 million for the year ended December 31, 2002. Product costs represent inventory expenditures for raw materials and finished goods related to our Beamer videophone products. At September 30, 2002, we had no historical experience selling Beamer (our first videophone product) and there was significant uncertainty regarding our ability to recover costs incurred in building inventories related to Beamer. As a result, we expensed Beamer inventory costs as incurred through the third quarter of 2002. Following the nationwide commercial launch of Beamer, we began to capitalize the additional value of Beamer inventory costs in the fourth quarter of 2002.

Engineering and development. Engineering and development expenses were \$2.6 million for the year ended December 31, 2003, compared to \$13.3 million for the year ended December 31, 2002. The decrease was primarily due to reductions in engineering and development personnel and other development expenditures as we shifted our focus to sales and marketing efforts from core development activities. Included in engineering and development expenses for the year ended December 31, 2002 were development expenses related to ViDVD and ViMagazine as well as expenses related to our Internet Service Provider, known as ViZip. Since all development activities related to ViDVD, ViMagazine and ViZip were discontinued during 2002, there were no comparable expenses for the year ended December 31, 2003.

Sales and Marketing. Sales and marketing expenses were \$4.4 million for the year ended December 31, 2003, compared to \$3.1 million for the year ended December 31, 2002. The increase in sales and marketing expenses is primarily due to \$2.1 million in television commercials that aired in certain markets (Los Angeles and San Francisco) and in-store demonstration programs (in selected stores and regions), which occurred, in the fourth quarter of 2003. This increase was partially offset by an overall decrease in sales and marketing expenses for the year ended December 31, 2003 when compared to the prior fiscal year.

General and Administrative. General and administrative expenses were \$5.8 million for the year ended December 31, 2003, compared to \$5.6 million for the year ended December 31, 2002.

Amortization and Impairment of Content Licenses. Amortization and impairment of content licenses for ViMagazine was \$11.4 million in the year ended December 31, 2002. During January 2002, we licensed feature film content from Artisan Entertainment for \$10.0 million to use as part of our ViMagazine. Starting in the first quarter of 2002, we began to expense our content licenses, based on the greater of the royalty amounts due or amortization on a straight-line basis over an estimated life of three years. During the fourth quarter of 2002, we concluded that the content licenses had suffered a permanent decline in value, as a result of our decision not to market ViMagazine, and the remaining unamortized balance of \$8.3 million was written down to zero. The \$10.0 million license fee to Artisan Entertainment included a \$5.0 million note that matures in April 2005 and would convert to a license fee if certain events occurred. We continue to receive current interest payments on the note and, since conversion is unlikely, we may receive the principal at maturity. If we were to be paid at maturity we would recognize a gain at that time. There is no comparable expense for the year ended December 31, 2003.

Interest Income, Net. Interest income was \$733,000 for the year ended December 31, 2003, compared to \$1.2 million for the year ended December 31, 2002. The decrease in interest income was primarily due to

Table of Contents

lower cash balances and lower yields on available-for-sale securities during the year ended December 31, 2003 as compared to the year ended December 31, 2002.

Gain on Investment. During the fourth quarter of 2003 we recorded a gain on investments of \$571,000. The gain on investments was attributable to a cash dividend paid to us on preferred shares we previously acquired in an unrelated company. Our original investment in this company had been written down to zero in a prior period.

Off-Balance Sheet Arrangements

In January 2000, we entered into a three-year non-cancelable lease agreement for our headquarters with ESS. In July 2003, we amended the lease. The terms of the amendment include a 60% reduction in the amount of square footage leased, a reduction in the monthly rent to current market rates and an extension of the term from December 31, 2003 to June 30, 2005. Under the terms of this and other leases, with various expiration dates through 2006, our future minimum rental payments as of December 31, 2004 are as follows: \$351,000 and \$141,000 for the years 2005 and 2006 respectively.

Apart from operating leases disclosed above, we do not have any off-balance sheet arrangements.

Liquidity and Capital Resources

As of December 31, 2004, we had \$21.5 million in cash and cash equivalents, restricted cash and short-term investments compared to \$26.5 million as of December 31, 2003, representing a decrease of \$5.0 million.

Our principal sources of liquidity are cash and cash equivalents and investments. Net cash used in operating activities was \$5.9 million for the year ended December 31, 2004 compared to \$7.9 million for the year ended December 31, 2003, representing a decrease of approximately \$2.0 million. The decrease in cash used in operating activities was primarily due to a significant reduction in our operating expenses, combined with cash received from sales of our products. In addition, our cash flow from operations for the year ended December 31, 2004 benefited from a decrease in inventory.

Net cash provided by investing activities for the year ended December 31, 2004 was \$3.8 million compared to \$2.4 million of cash used in investing activities for the year ended December 31, 2003 representing an increase of approximately \$6.2 million. The increase in net cash provided by investing activities for the year ended December 31, 2004 compared to net cash used in investing activities for the year ended December 31, 2003 was primarily due to a reduction in purchases and sales of short-term investments.

Net cash provided by financing activities was insignificant for the year ended December 31, 2004 compared to \$285,000 net cash used in financing activities for the year ended December 31, 2003, which was primarily related to repurchases of our common stock.

Capital expenditures for the 12-month period ending December 31, 2005 are anticipated to be approximately \$100,000, primarily to acquire capital equipment.

In September 2001, the Board of Directors authorized the repurchase of up to 10,000,000 shares of our common stock in open market or private transactions over a twelve-month period. In June 2002, the Board of Directors authorized the existing stock repurchase program be extended to include the repurchase of up to an additional 10,000,000 shares of common stock. Through December 31, 2003, we repurchased approximately 11,964,000 shares of common stock at an aggregate cost of \$9.4 million. There were no common stock repurchases during the year ended December 31, 2004. As of December 31, 2004, approximately 8,036,000 shares remain authorized for repurchase.

We believe that our existing cash and cash equivalents and investments will be sufficient to fund our operations through December 31, 2005. However, to continue our operations beyond that date, or if our current level of operations change, or to achieve our longer-term goals of introducing additional products to consumers, we believe we will need to raise additional capital, which may not be available on acceptable terms, if at all. We have historically used vendor credit as well as private offerings of convertible preferred stock and common stock to fund operations and provide for capital requirements. However, the price per share of any future equity-related financing will be determined at the time the offering is made and cannot be anticipated at this time. If additional funds are raised through the issuance of equity securities, the percentage

Table of Contents

ownership of current stockholders is likely to or will be reduced and such equity securities may have rights, preferences or privileges better than those of current stockholders. We cannot assure you that any additional financing will be available or that, if available, it will be sufficient or it can be obtained on terms favorable to us or our stockholders. If adequate funds are not available if and when needed, we would be required to delay, limit or eliminate some or all of our proposed operations.

Critical Accounting Policies and Estimates

The preparation of financial statements and the related disclosures in conformity with accounting principles generally accepted in the United States requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. On an ongoing basis, we evaluate our estimates to ensure that our estimates remain reasonable under current conditions. Actual results may differ from these estimates, which may have a material impact on our results of operations and financial condition.

Critical accounting policies that require significant judgments and estimates for the preparation of our consolidated financial statements are as follows:

Revenue recognition

We generally recognize revenue on products sold to end customers upon shipment provided that we have no post-sale obligations, we can reliably estimate and accrue warranty costs and sales returns, the price is fixed or determinable and collection of the resulting receivable is reasonably assured. For sales to international distributors and strategic partners we generally recognize revenue based on the above criteria and upon receipt of payment in full. For sales to end customers that do not meet the above criteria, revenue is deferred until such criteria are met.

Products sold to retailers and distributors are subject to rights of return. We defer recognition of revenue on products sold to retailers and distributors until the retailers and distributors sell the products to their customers. Revenue is also deferred for the initial thirty-day period during which our direct customers, retailers and distributors have the unconditional right to return products. We recognize revenue from distributors and some retailers according to information on shipments to their customers provided by those distributors and retailers. In determining the appropriate amount of revenue to recognize, we use this data and apply judgment in reconciling differences between their reported inventories and activities. If distributors and retailers incorrectly report their inventories or activities, or if our judgment is in error, it could lead to inaccurate reporting of our revenues and deferred income and net income.

Allowances for sales returns and for doubtful accounts

Sales return allowances are recorded at the time when revenue is recognized based on historical returns, current economic trends and changes in customer demands. Such allowances are adjusted periodically to reflect actual experience and anticipated returns.

Allowance for doubtful accounts is our best estimate of the amount of probably credit losses in our existing accounts receivable. We determine the allowance based on historical write-off experience. We review our allowance for doubtful accounts monthly. Past due balances over 90 days and over are reviewed individually for collectibility. Account balances are charged off against the allowance when we feel it is probable that receivable will not be recovered.

If these considered factors fail to represent future returns of our products or collectibility of our accounts receivable, or if our judgment is in error, it could lead to inaccurate reporting of our accounts receivables, revenues, deferred profit and net income.

Table of Contents

The following is a summary of activities in allowance for doubtful accounts and returns (in thousands):

	Balance at Beginning of Year	Additions	Write-offs Net of Recoveries	Balance at End of Year
December 31, 2004	\$ 63	\$ 14	\$	\$ 77
December 31, 2003	\$ 30	\$ 33	\$	\$ 63
December 31, 2002	\$ 665	\$	\$ (635)	\$ 30

Warranty

We provide a limited warranty on our products for periods ranging from 90 days to 12 months from the date of sale to the end customers. We estimate warranty costs based on historical experience and accrue for estimated costs as a charge to cost of sales when revenue is recognized. If these considered factors fail to represent our future warranty expenses or if our judgment is in error, it could lead to inaccurate reporting of our cost of sales and net income.

The following table shows the details of the product warranty accrual, as required by FASB Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, for the years ended December 31, 2004 and 2003 (in thousands):

	December 31, 2004	December 31, 2003
Beginning balance	\$ 484	\$
Accruals for warranties issued during the year	564	814
Settlements made during the year	(649)	(330)
Ending balance	\$ 399	\$ 484

Valuation of Inventories

Inventories are stated at the lower of cost or market, with cost being determined by the first-in, first-out method. We record our inventory reserve for estimated losses based on assumptions about future demand and market conditions. If actual demand or market conditions are less favorable than those projected by management, additional inventory reserves may be required.

We expensed \$10.4 million of inventory costs on our Beamer videophone products, through September 30, 2002. We began capitalizing our inventory costs in the fourth quarter of 2002 following commercial introduction of our products.

Following the analysis of inventory quantity on hand and expected demand, additional inventory reserves of \$3.4 million were recorded in fiscal 2004. Additional inventory reserves may be needed if actual demand or market conditions are less favorable than management's projections.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation is generally computed using the straight-line method over the estimated useful lives of the assets.

Computer equipment	3-5 years
Furniture and fixtures	5 years
Software and web site development costs	1-3 years

Repairs and maintenance costs are expensed as incurred.

The recoverability of property and equipment is evaluated whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable, primarily based on estimated selling prices, appraised values or projected undiscounted cash flows. Our cash flow estimates are based on historical results adjusted for estimated current industry trends, the economy and operating conditions. Significant changes in these estimates and assumptions could result in impairment changes in the future.

Table of Contents***Stock-Based Compensation***

We account for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, or APB No. 25, Accounting for Stock Issued to Employees. Under APB No. 25, compensation cost is measured as the excess, if any, of the quoted market price of its stock at the date of grant over the exercise price of the option granted. Compensation cost for stock options, if any, is recognized ratably over the vesting period. We provide additional pro forma disclosures as required under SFAS No. 123, Accounting for Stock-Based Compensation and SFAS No. 148, Accounting for Stock-Based Compensation, Transition and Disclosure.

Recent Accounting Pronouncements

In November 2004, the FASB has issued FASB Statement No. 151, Inventory Costs, and Amendment of ARB No. 43, Chapter 4 (FAS No. 151). The amendments made by FAS No. 151 are intended to improve financial reporting by clarifying that abnormal amounts of idle facility expense, freight, handling costs, and wasted materials (spoilage) should be recognized as current-period charges and by requiring the allocation of fixed production overheads to inventory based on the normal capacity of the production facilities.

The guidance is effective for inventory costs incurred during fiscal years beginning after June 15, 2005. Earlier application is permitted for inventory costs incurred during fiscal years beginning after November 23, 2004. The provisions of FAS No. 151 will be applied prospectively. We do not expect the adoption of FAS No. 151 to have material impact on our consolidated financial position, results of operations or cash flows.

In December 2004, the FASB issued FASB Statement No. 123R, Share-Based Payment, an Amendment of FASB Statement No. 123 (FAS No. 123R). FAS No. 123R requires companies to recognize in the statement of operations the grant-date fair value of stock options and other equity-based compensation issued to employees. FAS No. 123R is effective beginning our third quarter of fiscal 2005. We are currently evaluating the impact of FAS No. 123R on our financial position and results of operations.

In December 2004, the FASB issued SFAS Statement No. 153, Exchanges of Nonmonetary Assets. The Statement is an amendment of APB Opinion No. 29 to eliminate the exception for nonmonetary exchanges of similar productive assets and replaces it with a general exception for exchanges of nonmonetary assets that do not have commercial impact on its financial statements. We do not expect the adoption of FAS No. 153 to have material impact on our consolidated financial position, results of operations or cash flows.

Other Factors That May Affect Our Business and Future Results

Our future business, operating results and financial condition are subject to various risks and uncertainties, including those described below.

If our products do not achieve broad market acceptance, we may not be able to continue operating our business.

We are currently marketing a limited number of products. As a result, our success is highly dependent upon consumer acceptance of these products. Consumer acceptance requires, among other things, that we:

educate consumers on the advantages of our Beamer videophone products and VistaFrame;

commit a substantial amount of human and financial resources to support the retail distribution of our products;

continue to develop our sales, marketing and support activities to consumers and retailers; and

expand the number and location of retailers carrying our products.

We may not achieve any or all of these objectives. As a result despite our national retail presence, consumers may not be aware of our products. This could delay or prevent our ability to achieve broad market acceptance of our products. We do not currently have the resources to support a significant and sustained national advertising and consumer awareness program which may be necessary to significantly increase sales.

Table of Contents

The failure of our products to achieve sufficient consumer and retailer acceptance would impair our ability to continue operating our business.

We have incurred net losses and may never achieve significant revenues or profitability.

We have incurred losses and have had negative cash flow since our inception. As of December 31, 2004, we had \$21.5 million in cash and cash equivalents, restricted cash and short-term investments. For the fiscal year ended December 31, 2004, we had a net loss of \$2.4 million. We expect to continue to incur losses for the foreseeable future. The size of these net losses will depend in part on any future product launches, any growth in sales of our products and the rate of increase in our expenses. As a result, we will need to generate significant revenues to achieve profitability. Several factors, including consumer acceptance, retailer arrangements and competitive factors make it impossible to predict when or whether we will generate significant revenues or attain profitability. Consequently, we may never achieve significant revenues or profitability, and even if we do, we may not sustain or increase profitability on a quarterly or annual basis in the future.

It may take a substantial amount of time and resources to achieve broad market acceptance of our products, and we cannot be sure that these efforts will generate the level of broad market acceptance necessary to generate sufficient revenues to sustain our business.

The current videophone end-user market is relatively small. Although videophones have been commercially available for many years, previous videophone models have had high retail prices, limited retail distribution, limited functionality, poor video quality and have been integrated with a handset. Even though we believe our Beamer videophone products have addressed many of the limitations associated with videophones and videophone technology, consumer demand remains low and may not increase. Similar to the videophone end-user market, the digital picture frame market is small and only a recent phenomenon resulting from the growth of the digital camera market. Although VistaFrame is compatible with most standard digital camera memory card formats and does not require a camera or computer connection, special wiring or web based services, consumer demand is low and may not increase. Even after educating consumers on the features of our products, consumers may still perceive little or no benefit or may already own other products that provide similar benefits or functionality. As a result, consumers may not value, or may be unwilling to purchase, our products at profitable prices. We also do not have an established brand image, and the expense of a national advertising campaign to build and sustain brand awareness is not within our reach. Accordingly, to develop market acceptance of our products, we will need to devote a substantial amount of resources to educate consumers about the features and benefits of our products via alternative means including targeted public relations, promotional campaigns and extensive retail distribution. However, we cannot assure you that this commitment of resources will be successful in generating the revenues required to sustain our business. If we are unsuccessful, the future of our Company will be in doubt.

If we are unable to raise additional capital on acceptable terms, our ability to develop and market our products and operate our business could be harmed.

To introduce follow-on products and sustain and grow our business, we must continue to make significant investments to develop, enhance and market our products. We will also need significant working capital to take advantage of future opportunities and to respond to competitive pressures or unanticipated requirements. We expect that our existing capital resources will be sufficient to meet our cash requirements through December 31, 2005, although our current resources could be exhausted more quickly depending on the payment terms that we are able to negotiate with our vendors and suppliers and our success in generating and collecting on accounts receivable. The magnitude of our future capital requirements will depend on many factors, including, among others, promotional campaigns, investments in working capital, and the amount of income, if any, generated by operations.

When we do need to raise additional capital, that capital may not be available on acceptable terms, or at all. If we cannot raise necessary additional capital on acceptable terms, we may not be able to develop or enhance our products, take advantage of future opportunities, respond to competitive pressures or unanticipated requirements or even continue operating our business.

Table of Contents

If additional capital is raised through the issuance of equity securities, the percentage ownership of our existing stockholders will decline. Also, if any securities are issued, our stockholders may experience dilution in net book value per share, and these securities may have rights, preferences or privileges superior to those of the holders of our common stock. Any debt financing, if available, may also require limitations or restrictions on our operations or future opportunities.

Our limited operating history may make it difficult for us or investors to evaluate trends and other factors that affect our business.

We were incorporated in April 1999 and have a limited operating history. As a result of our limited operations, our historical financial and operating information is of limited value in evaluating our future potential operating results. In addition, any evaluation of our business and prospects must be made in light of the risks and difficulties encountered by start-up companies developing products in new and rapidly evolving markets. For example, it may be difficult to accurately predict our future revenues, costs of revenues, expenses or results of operations. Our Beamer videophone products, VistaFrame and any other future products represent new products for most consumers. It may be difficult to predict the creation of any market or the growth rate, if any, or size of the market for our existing products or other new products we may develop. We may be unable to accurately forecast customer needs or behavior or recognize or respond to emerging trends, changing preferences or competitive factors facing us. As a result, we may be unable to make accurate financial forecasts or adjust our spending in a timely manner to compensate for any unexpected changes or revenue shortfall. This inability could cause our results of operations in a given quarter to be worse than expected, and could cause the price of our stock to decline.

We face intense competition from participants in the consumer electronics market, which may impair our revenues and ability to generate customers.

The consumer electronics market is intensely competitive and rapidly evolving. Existing participants and new entrants in this market currently offer and may develop and offer additional products that will compete directly with our existing products or future products that we may develop.

The consumer electronics industry in particular is characterized by rapid technological innovation and intense price competition. The competition for consumer spending and acceptance is also intense. Our Beamer videophone products compete directly with several other companies in the videophone market. All of these companies currently offer videophone products to consumers that operate over standard (analog) phone lines with no additional cost to the user, similar to our Beamer videophone products. In addition to these companies, we face competition from a competitively priced videophone product that utilizes a consumer's broadband connection (as opposed to a standard phone line) to deliver a video image over a consumer's television during a phone call. Our Beamer videophone products also face competition from PC-based Internet video and from digital camera cellular telephones manufacturers and potential future offerings from current telephone manufacturers. Like our Beamer videophones, VistaFrame competes directly with several other companies in the digital picture frame marketplace. Although lacking some of the features of our VistaFrame product, these companies offer digital picture frame products which provide features similar to VistaFrame.

In addition, many of the manufacturers and distributors of these competing products have substantially greater brand recognition, market presence, distribution channels, financial resources and promotional and other strategic partners than us.

If we fail to create consumer demand and consumer acceptance of our Beamer videophone products and VistaFrame, we may not be able to generate sufficient revenues to sustain our business.

The success of our existing products depends on a number of factors, including, but not limited to, strategic allocation of our limited financial and technical resources, accurate forecasting of consumer demand, timely completion of product development and introduction to market, and market and industry acceptance of our future and existing products.

Table of Contents

If we are unable to develop and introduce new products, we may not be able to generate sufficient revenues to sustain and grow our business.

We develop and engineer all of our products in-house. To introduce follow-on products as well as new products, we must continue to make investments in product development and engineering. The development of new products is a time consuming process and may result in products which, although technically feasible, may not be commercially viable. In addition, competitors with greater resources may be able to develop and introduce new products that could eclipse our development initiatives and prevent us from introducing similar products. If we fail to develop new products, we may not be able to sustain our business.

We depend on two contract manufacturers and a limited number of other third parties, including ESS, to manufacture and supply critical components for our products, and we may be unable to operate our business if those parties do not perform their obligations.

We rely on two contract manufacturers located in China to meet our current product demand. We also rely on ESS and a limited number of other third party suppliers for a number of key components for our products, including modem chips, video chips and LCD screens. We do not have long-term agreements in place with our suppliers. We do not control the time and resources that these suppliers devote to our business. We cannot be sure that these suppliers will perform their obligations as expected or that any revenue, cost savings or other benefits will be derived from the efforts of these parties. Our need for semiconductors as a key component of our products indirectly subjects us to a number of risks relating to ESS and any other future semiconductor suppliers reliance on independent foundries to produce those semiconductors, including the absence of adequate capacity, the unavailability of, or interruption in access to, certain process technologies and reduced control over delivery schedules, manufacturing yields and costs, and risks related to the international location of most major foundries. If any of our third party suppliers breaches or terminates its agreement with us or otherwise fails to perform its obligations in a timely manner, we may be delayed or prevented from launching or marketing our products. Because our relationships with these parties are non-exclusive, they may also support products that compete directly with ours, or offer similar or greater support to our competitors. Any of these events could require us to undertake unforeseen additional responsibilities or devote additional resources to commercialize our products. This outcome would harm our ability to compete effectively and quickly achieve market acceptance and brand recognition.

We may have potential business conflicts of interest with ESS with respect to the companies ongoing relationships, and we may not be able to resolve these conflicts on terms favorable to us.

Conflicts of interest may arise between ESS and us in a number of areas relating to ongoing relationships between the companies, including:

Although we entered into agreements with ESS that govern our business relationship after the distribution of our stock to ESS shareholders, ESS has no obligation to extend the terms of those agreements beyond their stated duration;

ESS may supply semiconductors to competitors, which may affect ESS capacity to supply semiconductors to us;

We may compete with ESS with respect to business opportunities that are attractive to both companies, and ESS is not restricted from competing with our business.

If we are unable to maintain satisfactory relationships with, or increase the number of, retailers and distributors that sell our products, our business will suffer.

In order to maintain our relationships with retailers and distributors we may be required to accept arrangements and terms, which may not be favorable to us. Such terms may include consignment arrangements, pricing concessions, marketing incentives, aggressive return allowances, commissions and other requirements, which could adversely affect the profitability of our products. In addition, we expect that our retailers and distributors will sell products offered by our competitors. If our competitors offer retailers and distributors more favorable terms or have more products available to meet their needs, those retailers and distributors may decline to carry or may not adequately promote our products. Although we are attempting to

Table of Contents

increase the number of retailers that market our products to consumers, there can be no assurance that we will be able to do so. If we are unable to maintain successful relationships with distributors and retailers or to expand our distribution channels, our business may fail.

We may need to expand our operations for future growth, and our failure to manage any such growth could disrupt business and impair our ability to generate revenues.

We may need to expand our headcount, facilities and infrastructure to support potential sales growth and to allow us to pursue market opportunities. This potential expansion could place a significant strain on our management, operational and financial resources and systems. Specific risks we face as our business expands include:

We may need to attract and retain qualified personnel, and any failure to do so may impair our ability to offer new products or grow our business. We may be unable to successfully attract, integrate or retain sufficiently qualified personnel. If we are unable to hire, train, retain or manage the necessary personnel, we may be unable to successfully introduce new products or otherwise implement our business strategy.

We may need to provide acceptable customer support, and any inability to do so will impair our ability to develop consumer acceptance of our products. We expect that some of our customers will require support when using our products. We also anticipate that purchasers of any future products will require support in their use of such products. We do not have experience with widespread deployment of our products to a diverse customer base, and we may not have adequate personnel to provide the levels of support that our customers will require. Our failure to provide adequate customer support for our products will damage our reputation in the consumer electronics marketplace and strain our relationships with customers and strategic partners. This could prevent us from gaining new or retaining existing customers and could harm our reputation and brand.

We may need to improve our operational and financial systems, procedures and controls to support our expected growth, and any inability to do so will adversely impact our ability to grow our business. Our current and planned systems, procedures and controls may not be adequate to support our future operations and expected growth.

Delays or problems associated with any improvement or expansion of our operational systems and controls could adversely impact our relationships with customers and harm our reputation and brand.

Product defects, system failures or interruptions may have a negative impact on our revenues, reputation and ability to attract new customers.

Errors and product defects can result in significant warranty and repair problems, which could cause customer relations problems. Correcting product defects requires significant time and resources, which could delay product releases and affect market acceptance of our products. Any delivery by us of products with undetected material product defects could harm our credibility and market acceptance of our products.

Our future results could be harmed by economic, political, regulatory and other risks associated with our reliance on international sales and operations.

Our products are currently manufactured, assembled and tested by two contract manufacturers located in China. In addition, most of our suppliers are located in China, Hong Kong and Taiwan. Because of our international operations and relationships, and our reliance on foreign third-party manufacturing, assembly and testing operations, we are subject to the risks of conducting business outside of the United States, including:

changes in political and strategic relations between China, Taiwan and the U.S.;

changes in foreign currency exchange rates;

changes in a specific country's or region's political or economic conditions, particularly in China, Taiwan and other emerging Asian markets;

trade protection measures and import or export licensing requirements;

Table of Contents

potentially negative consequences from changes in tax laws;

difficulty in managing widespread sales and manufacturing operations;

less effective protection of intellectual property.

Our success partly depends on our ability to secure and protect our proprietary rights.

Our success and ability to compete are partly dependent upon our internally developed technology. We rely on patent, trademark and copyright law, trade secret protection and confidentiality or license agreements with our employees, customers, partners and others to protect our proprietary rights. However, the steps we take to protect our proprietary rights may be inadequate. We have filed two U.S. patent applications, one to cover ViDVD proprietary functions and digital encoder and decoder solutions and another to cover digital audio signal compression and processing. In addition, we have filed corresponding applications in Taiwan and with the patent cooperation treaty, which reserves the right to file in foreign countries. To date, no patents have been issued, and we cannot assure you that any patents will ever be issued, that any issued patents will protect our intellectual property or that third parties will not challenge any issued patents. Moreover, other parties may independently develop similar or competing technologies designed around any patents that may be issued to us.

The laws of certain foreign countries in which our products are or may be designed, manufactured or sold, including various countries in Asia, may not protect our products or intellectual property rights to the same extent as do the laws of the U.S., and thus make the possibility of piracy of our technology more likely. We cannot assure you that the steps taken by us to protect our proprietary information will be adequate to prevent misappropriation of our technology or that our competitors will not independently develop technologies that are substantially equivalent or superior to our technology. Our failure to protect our proprietary rights could harm our business.

We may be subject to claims that our intellectual property infringes upon the proprietary rights of others, and a successful claim could harm our ability to sell and develop our products.

If other parties claim that our products infringe upon their intellectual property, we could be forced to defend ourselves or our customers, manufacturers or suppliers against those claims. We could incur substantial costs to prosecute or defend those claims. A successful claim of infringement against us, or any failure or inability of us to develop non-infringing technology or license the infringed technology on acceptable terms and on a timely basis, could harm our business, financial condition and results of operations.

If we lose key management personnel, we may not be able to successfully operate our business.

Our future performance is substantially dependent on the continued services of our senior management, especially our Chairman, Fred S.L. Chan, our President and Chief Executive Officer, Didier Pietri, and other key personnel. The loss of any members of our executive management team and our inability to hire additional executive management could harm our business and results of operations. We employ our key personnel on an at-will basis. We do not maintain key person insurance policies on any of the members of our executive management team.

Any future business acquisitions may disrupt our business, dilute stockholder value or distract management attention.

As part of our ongoing business strategy, we may consider acquisitions of, or significant investments in, additional businesses that offer or develop products and technologies complementary to our own. Such acquisitions could materially adversely affect our operating results and/or the price of our stock. Acquisitions also entail numerous risks, including:

difficulty of integrating the operations, products and personnel of the acquired businesses;

potential disruption of our ongoing business;

unanticipated costs associated with the acquisition;

Table of Contents

inability of management to manage the financial and strategic position of acquired or developed products and technologies;

inability to maintain uniform standards, controls, policies and procedures; and

impairment of relationships with employees and customers that may occur as a result of integration of the acquired business.

To the extent that shares of our stock or other rights to purchase stock are issued in connection with any future acquisitions, dilution to our existing stockholders may result and our earnings per share may suffer. Any future acquisitions or strategic investments may not generate additional revenue or provide any benefit to our business, and we may not achieve a satisfactory return on our investment in any acquired businesses.

Laws or regulations that govern the consumer electronics industry, the telecommunications industry, copyrighted works or the Internet could expose us to legal action if we fail to comply or could require us to change our business.

Because our products are expected to provide our customers with access to a variety of methods of electronic communication, it is difficult to predict what laws or regulations will be applicable to our business. Therefore, it is difficult to anticipate the impact of current or future laws and regulations on our business. Among the many regulations that may be applicable to our business are the following:

Federal Communications Commission regulations relating to the electronic emissions of consumer products;

Federal Communications Commission regulations relating to consumer products that connect to the public telephone network;

federal export regulations relating to the export of sensitive computer technologies such as encryption and authentication software.

Changes in the regulatory climate or the enforcement or interpretation of existing laws could expose us to legal action if we fail to comply. In addition, any of these regulatory bodies could promulgate new regulations or interpret existing regulations in a manner that would cause us to incur significant compliance costs or force us to alter the features or functionality of our products.

Our stock may be subject to the requirements for penny stocks, which could adversely affect your ability to sell and the market price of our shares.

Our stock may fit the definition of a penny stock. The Securities and Exchange Act of 1934 defines a penny stock as any equity security that is not traded on a national securities exchange or authorized for quotation on The NASDAQ National Market and that has a market price of less than \$5.00 per share, with certain exceptions. Penny stocks are subject to Rule 15g under the Securities and Exchange Act of 1934, which imposes additional sales practice requirements on broker-dealers who sell such securities. In general, a broker-dealer, prior to a transaction in a penny stock, must deliver a standardized risk disclosure document that provides information about penny stocks and the risks in the penny stock market. The broker-dealer must provide the customer with current bid and offer quotations for the penny stock, information about the commission payable to the broker-dealer and its salesperson in the transaction and monthly statements that disclose recent price information for each penny stock in the customer's account. Finally, prior to any transaction in a penny stock, the broker-dealer must make a special written suitability determination for the purchaser and receive the purchaser's written consent to the transaction prior to sale. All of these requirements may restrict your ability to sell our stock and could limit the trading volume of our stock and adversely affect the price investors are willing to pay for our stock.

Our quarterly operating results may fluctuate significantly, which may adversely affect the market prices of our stock and could lead to us becoming the target of costly securities class action litigation.

We expect our operating results, including any revenues we may generate, to fluctuate significantly due to a number of factors, many of which are outside of our control. Therefore, you should not rely on period-to-period comparisons of results of operations as an indication of our future performance. It is possible that in

Table of Contents

some future periods our operating results may fall below the expectations of market analysts and investors. In this event, the market prices of our stock would likely fall. Factors that may affect our quarterly operating results include:

consumer awareness and demand for our products;

ongoing demand and supply for our products;

seasonality and other consumer and advertising trends;

changes in the economic terms of our relationships with our strategic partners;

shortfalls in the supply of components necessary for the manufacture of our products;

changes in our pricing policies, the pricing policies of our competitors and general pricing trends in the consumer electronics market;

unanticipated shortfalls in revenue due to the fact that our expenses precede associated revenues;

changes in estimates of our financial performance or changes in recommendations by securities analysts;

release of new or enhanced products or services or introduction of new marketing initiatives by us or our competitors;

announcements by us or our competitors of the creation or termination of significant strategic partnerships, joint ventures, significant contracts, or acquisitions;

the market price generally for consumer electronics and retail industry stocks;

market conditions affecting the consumer electronics industry;

additions or departures of key personnel;

demand for and consumer acceptance of other anticipated future products offerings; and

general economic conditions.

In the past, securities class action litigation has often been brought against a company following stock price declines. We may be the target of similar litigation in the future if the price of our common stock declines. Securities litigation could result in substantial costs and diversion of management attention and resources, all of which could materially harm our business, financial condition and results of operations.

Seasonal trends may cause our quarterly operating results to fluctuate, which may adversely affect the market price of our stock.

Domestic consumer electronic product sales have traditionally been much higher during the holiday shopping season than during other times of the year. Although predicting consumer demand for our products and any future products will be very difficult, we believe that sales of our existing products will be higher during the holiday shopping season when compared to other times of the year. We believe we have adequate capital to continue to operate for the 12-month period ending December 31, 2005. However, if we are unable to generate sufficient revenues during the 2005 holiday shopping season, or any future season, we may not be able to continue our business

Our historical financial information may not be representative of our future operating results as a separate company.

Our historical financial information does not necessarily reflect what our financial position, operating results and cash flows would have been had we been a stand-alone entity during the periods presented. In addition, our historical information is not necessarily indicative of what our operating results, financial position and cash flows will be in the future.

Table of Contents***Conflicts of interest may arise because our Chairman is also the Chairman of ESS and both he and another director own securities of both companies.***

Fred S.L. Chan, our Chairman, owns a significant amount of ESS stock and our stock and options to purchase ESS stock and our stock. In addition, Matthew K. Fong, a member of our board of directors, owns ESS stock and options to purchase ESS stock. Mr. Chan is the Chairman of ESS. These factors could create, or appear to create, potential conflicts of interest when these directors are faced with decisions that could have different implications for ESS and us.

ESS submitted a request to the Internal Revenue Service (IRS) to rule that its distribution of our shares to ESS shareholders was tax-free. The IRS determined that it would not provide such a ruling.

The IRS decision not to provide a ruling on the distribution does not mean that the distribution is taxable. We believe that the distribution is tax-free. ESS has advised us that they reported the distribution as tax-free in its federal income tax filings. ESS has also advised us that it is seeking an opinion from its tax advisors that the distribution is tax-free. No assurance can be given that such an opinion will be obtained or the level of assurance such opinion will provide.

Even if such an opinion is obtained, no assurance can be given that the IRS will not determine at a later date that the distribution is taxable. If the IRS determines that the distribution is taxable, recipients of our stock in distribution may be required to pay income taxes as a result of the distribution, with the amount of ordinary income and gain dependent upon the value of the stock they received and their share of ESS earnings and profits. Determining whether or not the distribution will qualify for tax-free status requires a complex analysis of many factors, including, among others, the business purpose for the distribution, the nature of the business to be engaged in by ESS and us following the distribution, and the extent to which ESS remains in control of us following the distribution. Because of the fact-intensive nature of this analysis, there will be substantial uncertainty as to whether the distribution will qualify for tax-free treatment.

ACCORDINGLY, WE CANNOT ASSURE RECIPIENTS OF OUR STOCK IN THE DISTRIBUTION THAT THE IRS WILL NOT SUCCESSFULLY ASSERT THAT THE DISTRIBUTION IS TAXABLE. IN ADDITION, SUCH RECIPIENTS MAY BE TAXED BY THE STATE, LOCAL OR FOREIGN JURISDICTION IN WHICH THEY RESIDE. ACCORDINGLY, ALL RECIPIENTS OF OUR STOCK IN THE DISTRIBUTION ARE STRONGLY URGED TO CONSULT WITH THEIR OWN FINANCIAL ADVISORS REGARDING THE POTENTIAL TAX IMPACT TO THEM OF THE DISTRIBUTION AND TO PREPARE FOR THE SIGNIFICANT POSSIBILITY THAT THE TRANSACTION WILL BE TAXABLE TO THEM.

If the distribution is taxable to them, the value of the shares they received will be treated as taxable ordinary income, return of cost or as taxable capital gain up to the value of the stock distributed. If the distribution is taxable, they will incur this tax whether or not they decide to sell the shares they receive in the distribution. Unless a recipient of shares in the distribution is required to make quarterly estimated tax payments to the IRS, this tax would generally have to be paid on or before the April 15, 2002 due date for the 2001 tax return. If such recipients do not have the cash available to pay the tax at or before the time it is due, they may have to sell all or a portion of their shares of our stock to pay the tax or risk incurring interest and penalties imposed by the IRS. If holders of a significant percentage our stock are also forced to sell in order to pay their taxes, or if there is for any other reason, a decline in the trading price of our shares following the distribution, recipients of our stock in the distribution may have to sell their shares of our stock at a lower price than they might otherwise have obtained.

Item 7A: *Quantitative and Qualitative Disclosure About Market Risk*

Interest Rate Risks. We invest in short-term investments. Consequently, we are exposed to fluctuations in interest rates on these investments. Increases or decreases in interest rates generally translate into decreases and increases in the fair value of these investments. In addition, the credit worthiness of the issuer, relative values of alternative investments, the liquidity of the instrument, and other general market conditions may affect the fair values of interest rate sensitive investments. In order to reduce the risk from fluctuation in rates, we invest in highly liquid governmental notes and bonds with contractual maturities of less than two years. All

Table of Contents

of the investments have been classified as available for sale, and at December 31, 2004, are recorded at market values.

Fixed income securities are subject to interest rate risk. The fair value of our investment portfolio would not be significantly impacted by either a 100 basis point increase or decrease in interest rate due mainly to the short-term nature of the major portion of our investment portfolio.

Foreign Exchange Risks. Because our products are manufactured primarily in Asia, we are exposed to market risk from changes in foreign exchange rates, which could affect our results of operations and financial condition. In order to reduce the risk from fluctuation in foreign exchange rates, our product sales and all of our arrangements with our third party manufacturers and component vendors are denominated in U.S. dollars. We do not engage in any currency hedging activities.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Vialta, Inc.:

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of operations, of stockholders' equity and of cash flows present fairly, in all material respects, the financial position of Vialta, Inc. and its subsidiaries at December 31, 2004 and 2003, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.
