Other Events.

On September 14, 2011, Meridian Bioscience, Inc. (the "Company") announced plans to consolidate its Life Science operating segment's Saco, Maine operations into its Memphis, Tennessee facility. This consolidation is designed to reduce the cost structure of the business by an estimated \$1 million per year.

The process of consolidating the plants will commence immediately and is expected to be completed during the second quarter of fiscal 2012. In connection with the plant consolidation, management expects to record reorganization charges ranging from \$0.01 to \$0.02 per diluted share in the fourth quarter of fiscal 2011 and \$0.01 to \$0.02 per diluted share in fiscal 2012, neither of which were contemplated in August 25, 2011 guidance comments. The charges recorded during fiscal 2012 are expected to correspond to the timing of the physical transfer during the first and second quarters.
