**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)**

1. Basis of Presentation

The unaudited financial statements presented herein have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and note disclosures required by accounting principles generally accepted in the United States. These statements should be read in conjunction with the consolidated financial statements, and notes thereto, included in the Form 10-K for the fiscal year ended February 28, 2002, of Capital Pacific Holdings, Inc. (the Company). In the opinion of management, the financial statements presented herein include all adjustments (which are solely of a normal recurring nature) necessary to present fairly the Company's financial position and results of operations. The results of operations for the three month period ended May 31, 2002, are not necessarily indicative of the results that may be expected for the year ending February 28, 2003. The consolidated financial statements include the accounts of the Company, wholly-owned subsidiaries and certain majority owned joint ventures, as well as the accounts of Capital Pacific Holdings, LLC (CPH LLC), which is now wholly owned by the Company. All other investments are accounted for on the equity method. All significant intercompany balances and transactions have been eliminated in consolidation.

2. Reclassifications

Certain items in prior period financial statements have been reclassified in order to conform with the current year presentation.

3. Company Organization and Operations

The Company is a regional builder and developer with operations throughout selected metropolitan areas of California, Texas, Arizona, Colorado and, until recently, Nevada. The Company's principal business activities are to build and sell single-family homes. The Company's single-family homes are targeted to entry-level, move-up and luxury buyers.

In fiscal year 1998, the Company consummated an equity and restructuring transaction whereby the Company and certain of its subsidiaries transferred to CPH LLC substantially all of their respective assets and CPH LLC assumed all the liabilities of the Company and its subsidiaries. An unaffiliated investment company, California Housing Finance, L.P. (CHF) then acquired a 32.07% minority interest in CPH LLC as a result of a cash investment in CPH LLC. From fiscal 1998 through fiscal 2001, the Company expanded its operating strategy to encompass the acquisition and development of commercial and mixed-use projects, as well as ownership of existing commercial properties, primarily through non-majority investments in limited liability companies, with approximately 99% of the capital for these projects being provided by CHF. CPH, Inc. and CHF had contingent profits interests (after repayment of debt, the costs of the project, invested capital and preferred return, typically 12%) of approximately 30% to CPH, Inc. and 70% to CHF.

Effective February 23, 2001, CPH, Inc. and CHF consummated an interest exchange transaction (the Exchange Transaction), whereby CPH, Inc. exchanged its 0.75% capital interests and contingent profit interest in the majority of the joint ventures capitalized by CHF, including certain entities which were previously consolidated, (the Divested Joint Ventures) for approximately 78% of CHF's interest in CPH LLC and all of CHF's interests in certain residential joint ventures. At February 28, 2001 and during the three month period ended May 31, 2001, CPH, Inc. had a 93% interest in CPH LLC and CHF held a 7% minority interest (as compared to 32.0% formerly). As a result of the first portion of the Exchange Transaction, CPH Inc.'s interest in total capital of CPH LLC increased by 37% equal to \$27.2 million. CPH, Inc. and CHF both had an option to convert CHF's remaining 7% interest in CPH LLC into 1,235,000 shares of non-voting Common Stock of CPH, Inc. at the equivalent of approximately \$6.40 per share. This option was exercised by CPH, Inc. on May 31, 2001, thus, as of this date, CPH, Inc. owned 100% of CPH LLC, and obtained an additional increment of CPH LLC's total capital of \$7.9 million. In addition, Capital Pacific Homes, Inc., a

Table of Contents

CAPITAL PACIFIC HOLDINGS, INC., AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(Unaudited)

wholly-owned subsidiary of the Company, has entered into construction, management and marketing agreements relating to certain of the Divested Joint Ventures with residential components, (the Managed Projects), whereby the Company is compensated for performing such services through a management fee arrangement, including reimbursement of all project costs. As a result of the Exchange Transaction, the Company has no further exposure to the economic or entitlement risks associated with the Divested Joint Ventures or the Managed Projects, including no obligation to provide any capital.

The Exchange Transaction was accounted for as the simultaneous acquisition of CHF's minority interest in CPH LLC and certain other residential joint ventures and the disposition of the Company's interest in the Divested Joint Ventures. As a result, no gain was initially recognized, the remaining balance of the Company's property and equipment was adjusted to zero at February 28, 2001, and again at May 31, 2001, a deferred gain of approximately \$3.5 million was recorded on the disposition of one of the Divested Joint Ventures, and the balance of the transaction was recorded as negative goodwill. Negative goodwill in the amount of \$6.8 million represents a portion of the positive difference between the Company's basis in the assets acquired in the Exchange Transaction as compared to the assets which were divested. Both negative goodwill and the deferred gain were being accreted over five years, which accretion was included as a reduction in selling, general and administrative expenses. As further discussed in footnote 9 below, due to a recently promulgated change in accounting principles, the remaining \$5.4 million in unaccreted negative goodwill as of February 28, 2002 increased net income in the quarter ended May 31, 2002 through a cumulative effect of change in accounting principle. The remaining deferred gain will continue to be accreted over the four years of its remaining expected life.

Assets under management, including assets owned by unconsolidated joint ventures and Managed Projects, totaled \$484 million at May 31, 2002 in 57 residential projects. At May 31, 2002, CPH LLC, which is now 100% owned by the Company, had \$231 million in assets and a net worth of \$108 million. The Company and its subsidiaries perform their respective management functions for CPH LLC and the Managed Projects, pursuant to management agreements, which include provisions for the reimbursement of Company and subsidiary costs and a management fee. CPH LLC, the Managed Projects and certain other project-specific entities indemnify the Company against liabilities arising from the projects owned by such entities. The Company maintains certain licenses and other assets as is necessary to fulfill its obligations as managing member and under management agreements.

References to the Company are, unless the context indicates otherwise, also references to CPH LLC and the project-specific entities in which the Company has an equity ownership interest. At the current time, all material financing transactions and arrangements are incurred either by CPH LLC or by the project-specific entities.

Table of Contents**CAPITAL PACIFIC HOLDINGS, INC., AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****(Unaudited)****4. Investments in and Advances to Unconsolidated Entities**

The Company is a general partner or a direct or indirect managing member and has a 50 percent or lesser ownership in 13 unconsolidated entities at May 31, 2002. The Company's net investment in and advances to unconsolidated entities are as follows at May 31, 2002 and February 28, 2002 (in thousands):

	Capital Interest	May 31, 2002	February 28, 2002
Unconsolidated Joint Ventures:			
JMP Canyon Estates, L.P.	10%	\$ 112	\$ 112
JMP Harbor View, L.P.	10%	315	318
Grand Coto Estates, L.P.	10%	574	546
M.P.E. Partners, L.P.	10%	985	989
LB/L CPH Providence, LLC	10%	1,001	1,065
LB/L CPH Longmont, LLC	10%	1,033	1,004
LB/L CPH Laguna Street, LLC	10%	796	946
CPH Daily Ranch, L.P.	10%	3,114	3,103
CPH Banning-Lewis Ranch, LLC		236	200
Other	Various	202	266
		<u>\$8,368</u>	<u>\$8,549</u>

The Company's ownership interests in the unconsolidated joint ventures vary. Generally, the Company receives a portion of earnings although a preferred return on invested capital is provided. Typically, the majority of capital is provided by capital partners. The Company is typically a general partner or managing member in each of the above entities and is the managing entity pursuant to terms in each venture's agreement. In the case of Divested Joint Ventures which are now Managed Projects, the Company or a subsidiary manages the development of the project under a management contract which typically provides for the payment of a fee to compensate the Company for overhead expenditures as well as reimbursement of all direct project costs. The Company's carrying amount in each of the unconsolidated joint ventures (and the Divested Joint Ventures prior to the Exchange Transaction) equals the underlying equity in the joint venture, and there are generally no significant amounts of undistributed earnings. The Company provides for income taxes currently on its share of distributed and undistributed earnings and losses from the investments.

The Company uses the equity method of accounting for its investments in the unconsolidated 50 percent or less owned entities. The accounting policies of the entities are substantially the same as those of the Company.

Table of Contents**CAPITAL PACIFIC HOLDINGS, INC., AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****(Unaudited)**

Following is summarized, combined financial information for the unconsolidated entities at May 31, 2002 and February 28, 2002 and for the three month periods ended May 31, 2002 and May 31, 2001 (in thousands). This information includes in each case the interest of all equity owners of the entities, not just that of the Company and its subsidiaries.

------------	---------	-------

Table of Contents**CAPITAL PACIFIC HOLDINGS, INC., AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****(Unaudited)****5. Notes Payable**

Notes payable at May 31, 2002 and February 28, 2002, are summarized as follows (in thousands):

	<u>May 31, 2002</u>	<u>February 28, 2002</u>
Senior unsecured revolving credit facility, bearing interest varying from LIBOR to prime, as selected by the Company, plus applicable margins	\$ 109,158	\$ 90,658
Notes payable to banks, including interest varying from prime plus one quarter percent to LIBOR plus four and one quarter percent, maturing between August 5, 2002 and November 30, 2003, secured by certain real estate projects on a non-recourse basis	26,319	18,011
Other	6,705	7,596
	<u>\$ 142,182</u>	<u>\$ 116,265</u>

During the third quarter of fiscal 2002, CPH LLC entered into a senior unsecured revolving credit facility with several participant banks. The facility has a maximum commitment of \$125 million and a two year revolving term. Proceeds from this facility were used to pay down CPH LLC's existing facilities and retire the remaining \$55.6 million of Senior Notes at face value. In addition, the Company fixed the interest rate on \$50 million and \$25 million of borrowings at 5.68% and 5.62%, respectively, until September 2003 through interest rate swap agreements with a bank.

6. Earnings Per Common Share

Basic earnings per common share is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding. Diluted earnings per common share includes the effect of the potential shares outstanding, including dilutive securities using the treasury stock method. The table below reconciles the components of the basic earnings per common share calculation to diluted earnings per common share (in thousands, except per share data):

	Three Months Ended					
	<u>May 31, 2002</u>			<u>May 30, 2001</u>		
	<u>Income</u>	<u>Shares</u>	<u>EPS</u>	<u>Income</u>	<u>Shares</u>	<u>EPS</u>
Basic earnings per common share:						
Income available to common stockholders before cumulative effect of change in accounting principle	\$ 752	14,853	\$ 0.05	\$ 1,430	13,735	\$ 0.10
Effect of dilutive securities:						
Warrants					8	
Stock options		105			174	
	<u>—</u>	<u>—</u>	<u>—</u>	<u>—</u>	<u>—</u>	<u>—</u>
Diluted earnings per common share before cumulative effect of change in accounting principle	\$ 752	14,958	\$ 0.05	\$ 1,430	13,917	\$ 0.10

7. Stockholders Equity

The Company has a stock repurchase program in place whereby up to 1,000,000 shares of the Company's outstanding common stock may be repurchased. As of May 31, 2002, 731,300 shares have been repurchased cumulatively under this program. In addition, as of May 31, 2002, the Company has repurchased 657,095 of

Table of Contents

CAPITAL PACIFIC HOLDINGS, INC., AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(Unaudited)

the warrants originally issued in connection with the issuance of the Senior Notes. The remaining warrants were exercised during the quarter ended May 31, 2002.

8. Comprehensive Income and Implementation of SFAS No. 133

Effective March 1, 2001, the Company adopted Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities (SFAS 133), as amended. SFAS 133 establishes accounting and reporting standards for derivative instruments and for hedging activities by requiring that all derivatives be recognized in the balance sheet and measured at fair value. The Company's policy is to designate at a derivative's inception the specific assets, liabilities, or future commitments being hedged and monitor the derivative to determine if it remains an effective hedge.

The Company was required under the terms of the senior unsecured revolving line of credit facility related to its homebuilding operations to enter into interest rate swap agreements which effectively fix the variable interest rate on a notional amount of \$75 million of outstandings under the facility. The swap agreements have been designated as cash flow hedges and, accordingly, are reflected at their fair value in the consolidated balance sheet at May 31, 2002. Since applicable interest rates are somewhat lower as of May 31, 2002 than at the time of the swap, the current fair value of the swaps is negative. The unrealized loss, as of May 31, 2002, of \$518,000 is recorded in stockholders' equity as accumulated other comprehensive loss.

Amounts to be received or paid as a result of the swap agreements are recognized as adjustments to interest incurred on the related debt instruments. The Company believes that there will be no ineffectiveness related to the interest rate swaps and therefore no portion of the accumulated other comprehensive loss would be reclassified into future earnings. The net effect on the Company's operating results is that interest on the variable-rate debt being hedged is recorded and paid based on fixed interest rates.

9. New Accounting Pronouncements

In June 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 141, Business Combinations (SFAS 141). This Statement addresses financial accounting and reporting for business combinations and supersedes APB Opinion No. 16, Business Combinations, and FASB Statement No. 38, Accounting for Preacquisition Contingencies of Purchased Enterprises. All business combinations in the scope of this Statement are to be accounted for using one method, the purchase method. The Company will adopt SFAS 141 for any business combinations initiated after June 30, 2001.

Also in June 2001, the FASB issued Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets (SFAS 142). SFAS 142 addresses financial accounting and reporting for acquired goodwill and other intangible assets and supersedes APB Opinion No. 17, Intangible Assets. This pronouncement addresses, among other things, how goodwill and other intangible assets should be accounted for after they have been initially recognized in the financial statements. Goodwill will no longer be amortized but will be assessed at least annually for impairment using a fair value methodology. The Company has adopted this statement for all goodwill and other intangible assets acquired after June 30, 2001 and for all existing goodwill and other intangible assets beginning March 1, 2002. Upon adoption of this standard on March 1, 2002, the Company was required to accrete the remaining balance of negative goodwill through a cumulative effect of change in accounting principle, which increased net income in the first quarter of fiscal 2003 by \$5.4 million, or \$0.36 per diluted share. Other than the accretion of the remaining negative goodwill, the Company does not anticipate that the adoption of SFAS 142 will have a material impact on the Company's financial position or results of operations.

Table of Contents

CAPITAL PACIFIC HOLDINGS, INC., AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(Unaudited)

In August 2001, the FASB issued Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets (SFAS 144). SFAS 144 addresses financial accounting and reporting for the impairment or disposal of long-lived assets. SFAS 144 supersedes SFAS No. 121, which is discussed above, and the accounting and reporting provisions of APB Opinion No. 30, Reporting the Results of Operations Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions, for the disposal of a segment of a business (as previously defined in that Opinion). The provisions of SFAS 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001. The Company does not anticipate that the adoption of SFAS 144 will have a material impact on the Company's financial position or results of operations.

Table of Contents**Item 2. Management's Discussion and Analysis of Results of Operations and Financial Condition**
Forward-Looking Information is Subject to Risk and Uncertainty

Certain statements in the financial discussion and analysis by management contain forward-looking information (as defined in the Private Securities Litigation Reform Act of 1995 and within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended) that involves risk and uncertainty, including projections and assumptions regarding the business environment in which the Company operates. Actual future results and trends may differ materially depending on a variety of factors, including the Company's successful execution of internal performance strategies; changes in general national and regional economic conditions, such as levels of employment, consumer confidence and income; uncertainty arising from acts of terrorism and similar factors; availability to homebuilders of financing for acquisitions, development and construction; availability to homebuyers of permanent mortgages and interest rate levels; the demand for housing; supply levels of land, labor and materials; difficulties in obtaining permits or approvals from governmental authorities; difficulties in marketing homes; regulatory changes and weather and other environmental uncertainties, including water and power shortages; competitive influences; and the outcome of pending and future legal claims and proceedings.

Results of Operations - General

As is noted in footnote 1 to the financial statements presented herein, the Company is reporting its results on a consolidated basis with the results of its wholly-owned subsidiaries, including CPH LLC. References to the Company in this Item 2 are, unless the context indicates otherwise, also references to such subsidiaries. At the current time, all material financing transactions and arrangements are incurred either by CPH LLC or by project-specific entities.

The following table illustrates the actual results of the Company's operations, as well as the results including the Company's unconsolidated joint ventures, for the three months ended May 31, 2002 and 2001. The actual results have been adjusted to reflect the inclusion of the operating results of the Company's unconsolidated joint ventures, including the portion attributable to the Company's Joint Venture partners, in order to facilitate the discussion of the overall results in certain portions of the discussion below.

Results of Operations

(Amounts in thousands)

	Three Months Ended			
	May 31, 2002		May 31, 2001	
	Consolidated	Including Joint Ventures	Consolidated	Including Joint Ventures
Sales of homes and land	\$44,846	\$54,364	\$77,494	\$78,603
Cost of sales	34,243	42,215	57,882	58,830
Gross margin	<u>\$10,603</u>	<u>\$12,149</u>	<u>\$19,612</u>	<u>\$19,773</u>

Cost of sales, as shown above, does not include the amount of previously capitalized interest costs which are included in interest expense. As a result, the gross margin also does not reflect the impact of current interest expense. Industry practice among homebuilders varies, but Company management feels that gross margin, exclusive of interest expense, is the most relevant comparable measure.

Table of Contents

In addition to the results shown above, the Company was responsible for the following activity in certain Managed Projects (including the Divested Joint Ventures) for the three months ended May 31, 2002 and 2001:

Managed and Divested Operations

(Dollar amounts in thousands)

	Three Months Ended	
	May 31, 2002	May 31, 2001
Number of managed projects	2	3
Unit closings	2	6
Revenues	\$4,774	\$10,159

During the three months ended May 31, 2002 and 2001, the Company was responsible for construction and marketing activity in the Managed Projects and the Company's sole economic interest is through management arrangements.

Operating Data

The following table shows new home deliveries, lot deliveries, net new orders and average sales prices for the first fiscal quarter of fiscal years 2003 and 2002, including unconsolidated joint ventures but excluding Managed Projects:

	Three Months Ended	
	May 31, 2002	May 31, 2001
New homes delivered:		
California	25	24
Texas	36	87
Nevada		46
Arizona	19	48
Colorado	27	44
	<hr/>	<hr/>
Subtotal	107	249
Unconsolidated Joint Ventures (California)	33	4
	<hr/>	<hr/>
Total homes delivered	140	253
Lots delivered	62	11
	<hr/>	<hr/>
Total homes and lots delivered	202	264
	<hr/>	<hr/>
Net new orders	222	209
	<hr/>	<hr/>
Average home sales price:		
California	\$747,000	\$1,061,000
Texas	325,000	244,000

Colorado	71	9,700	63	9,700
	<hr/>	<hr/>	<hr/>	<hr/>
Total	276	\$93,800	439	\$ 146,500
	<hr/>	<hr/>	<hr/>	<hr/>

First Three Months of Fiscal 2003 (ended May 31, 2002) Compared to First Three Months of Fiscal 2002 (ended May 31, 2001)

The Company reported net income of \$6.2 million, or \$0.41 per share, in the first quarter of fiscal 2003, as compared to net income of \$1.4 million, or \$0.10 per share, in the first quarter of fiscal 2002. Income for the quarter ended May 31, 2002 included a cumulative effect of change in accounting principle which increased income by \$5.4 million, or \$0.36 per share. Excluding the effect of cumulative change in accounting principle, net income decreased from \$1.4 million in the first quarter of fiscal 2002 to \$752,000 in the first quarter of fiscal 2003.

On a consolidated basis, sales of homes and land decreased to \$44.8 million for the first quarter of fiscal 2003 compared to \$77.5 million for the first quarter of fiscal 2002. This decrease is due to a decrease in total home closings, partially offset by an increase in the Company's average sales price per home to \$353,000 in the first quarter of fiscal 2003 from \$306,000 in the first quarter of fiscal 2002. Sales of homes and land including unconsolidated joint ventures, but excluding Managed Projects, decreased to \$54.4 million from \$78.6 million for the respective quarters. Total home closings decreased from 253 in the first quarter of fiscal 2002 to 140 in the first quarter of fiscal 2003, including 4 and 33 homes, respectively, closed in unconsolidated joint ventures. This was partially offset by an increase in lot closings from 11 in the first quarter of fiscal 2002 to 62 in the first quarter of fiscal 2003. The decrease in the Company's backlog from 439 units to 276 units between quarters is primarily due to a decrease in demand in certain of the Company's markets and to a lesser extent, the reduction in backlog units in Nevada in connection with the Company's exit from that market. In addition, the number of actively selling projects has decreased from 38 at May 31, 2001 to 31 at May 31, 2002, which affected both backlog and net new orders. The Company anticipates opening between 6 and 12 net new communities over the next few quarters.

The Company's gross margin on home and lot closings decreased to 23.6% for the first quarter of fiscal 2003 as compared to 25.3% for the first quarter of fiscal 2002, due to a change in the mix of closings to certain higher-volume, lower-margin projects and the close-out of certain less profitable projects. The gross margin, including unconsolidated joint ventures, decreased from 25.2% in the first quarter of fiscal 2002 to 22.3% in the first quarter of fiscal 2003. The Company's measure of gross margin may differ from other homebuilders, as discussed above.

Selling, general and administrative expense of \$6.7 million for the first quarter of fiscal 2003 decreased \$3.3 million or 32.7% as compared to the first quarter of fiscal 2002 due principally to a reduction in overhead associated with certain projects in which the Company is no longer active. As a percentage of revenue, selling, general and administrative expense increased from 12.9% for the first quarter of fiscal 2002 to 15.0% for the first quarter of fiscal 2003. The increased percentage of such expense compared to revenue is primarily due to a lower level of sales activity in the current quarter.

Table of Contents

Income from unconsolidated joint ventures increased from \$169,000 in the first quarter of fiscal 2002 to \$356,000 in the first quarter of fiscal 2003, due to an increased level of profit participation in the active joint ventures in the current quarter.

Interest and other income decreased from \$454,000 in the first quarter of fiscal 2002 to \$217,000 in the first quarter of fiscal 2003.

Minority interest of \$159,000 for the first quarter of fiscal 2002 primarily represents the share of CPH LLC's income attributable to CHF, until the Company acquired the remaining minority interest in CPH, LLC on May 31, 2002. Due to the fact that CHF no longer holds an ownership interest in CPH LLC, no minority interest was recorded in the current quarter.

Interest incurred was \$2.2 million in the first quarter of fiscal 2003, as compared to \$5.1 million in the first quarter of fiscal 2002, while previously capitalized interest expensed was \$3.3 million during the first quarter of fiscal 2003, as compared to \$7.7 million in the first quarter of fiscal 2002. Once the Company sells out of certain older projects with higher capitalized interest, it anticipates that interest expensed will be closer to its currently lower level of interest incurred.

The Company recorded a provision for income taxes of \$399,000 in the first quarter of fiscal 2003, utilizing an effective tax rate of 34.7 percent, as compared to \$1.0 million in the first quarter of fiscal 2002, with an effective tax rate of 41.5 percent.

Liquidity and Capital Resources

The Company's principal cash requirements are for the acquisition, development, construction, marketing and overhead of its projects. When building inventory, the Company uses substantial amounts of cash that are generally obtained from borrowings, available cash flow from operations and partners' contributions to joint ventures.

At the current time, all material financing transactions and arrangements are incurred either by CPH LLC or by certain project specific entities. During the third quarter of fiscal 2002, CPH LLC entered into a senior unsecured revolving credit facility (the Senior Facility) with several participant banks. The facility has a maximum commitment of \$125 million and a two year revolving term. Proceeds from this facility were used to pay down CPH LLC's existing facilities and retire the remaining Senior Notes during the quarter ending November 30, 2001, as discussed below. The new credit facility has substantially more favorable pricing than the Senior Notes which have been retired.

As of May 31, 2002, the Company has in place several credit facilities, including the Senior Facility, totaling \$181 million (the Facilities) with various bank lenders (the Banks), of which approximately \$135 million was outstanding. The Facilities other than the Senior Facility are secured by liens on various completed or under construction homes and lots held by CPH LLC, CPH Newport Coast, LLC and CPH Yucaipa I, LLC, all of which are wholly-owned subsidiaries. Pursuant to the Facilities, the Company is subject to certain covenants, which require, among other things, the maintenance of a consolidated liabilities to net worth ratio, minimum liquidity, minimum net worth and loss limitations, all as defined in the documents that evidence the Facilities. At May 31, 2002, the Company was in compliance with these covenants. The Facilities also define certain events that constitute events of default. As of May 31, 2002, no such event had occurred. Commitment fees are payable annually on some of the Facilities.

Homebuilding activity is being financed out of CPH LLC cash, bank financing, and the existing joint ventures, including joint ventures with institutional investors. In addition, development work undertaken in certain of the Company's joint ventures is financed through various non-recourse lending arrangements. The Company anticipates that it will continue to utilize both third party financing and joint ventures to cover financing needs in excess of internally generated cash flow.

Management expects that cash flow generated from operations and from bank financing will be sufficient to cover the debt service and to fund CPH LLC's current development and homebuilding activities for the reasonably foreseeable future, and expects that capital commitments from its joint venture partners and other bank facilities will provide sufficient financing for the operation of its joint ventures.

Table of Contents

Critical Accounting Policies

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires management to make estimates and judgments that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and costs and expenses during the reporting period. Management evaluates its estimates and judgments, including those which impact its most critical accounting policies on an ongoing basis. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, within the framework of current accounting literature. Actual results may differ from these estimates under different assumptions or conditions. The Company's key accounting policies are discussed in detail in the Company's Form 10-K for the fiscal year ended February 28, 2002.

Market Risk Exposure

The Market Risk Exposure paragraphs are presented to provide an update about material changes to the Quantitative and Qualitative Disclosures about Market Risk paragraphs included in the Company's 2002 Annual Report on Form 10-K filed with the Securities and Exchange Commission and should be read in conjunction with those paragraphs.

The Company is exposed to market risks related to fluctuations in interest rates on its debt. Under the new credit facility, the Company utilized interest rate swaps in order to fix the interest rate on \$75 million of its variable rate debt. The Company has not used forward or option contracts on foreign currencies or commodities, or other types of derivative financial instruments.

The Company uses debt financing primarily for the purpose of acquiring and developing land and constructing and selling homes. Historically, the Company has made short-term borrowings under its revolving credit facilities to fund those expenditures. In addition, the Company has previously issued \$100 million in fixed-rate 12 3/4% Senior Notes (Senior Notes) to provide longer-term financing. Prior to the third quarter of fiscal 2002, the Company had repurchased Senior Notes with a face value of \$44.4 million. During the third quarter of fiscal 2002, the Company redeemed at face value the remaining \$55.6 million of the Senior Notes.

For fixed rate debt, changes in interest rates generally affect the fair market value, but not the Company's earnings or cash flows. Conversely, for variable rate debt, changes in interest rates generally do not have an impact on fair market value, but do affect the Company's future earnings and cash flows. The Company does not have an obligation to prepay fixed rate debt prior to maturity, and as a result, interest rate risk and changes in fair market value should not have a significant impact on such debt until the Company would be required to refinance such debt. Based upon the amount of variable rate debt outstanding at the end of the third quarter, and holding the variable rate debt balance constant, each one percentage point increase in interest rates occurring on the first day of an annual period would result in an increase in interest incurred for the coming year of approximately \$400,000.

The Company does not believe that future market interest rate risks related to its debt obligations will have a material impact on the Company's financial position, results of operations or liquidity.
