This document is purely informative. Its content does not constitute, nor can it be interpreted as, an offer or an invitation to sell, exchange or buy, and it is not binding on the issuer in any way. The information about the plans of the Company, its evolution, its results and its dividends represents a simple forecast whose formulation does not represent a guarantee with respect to the future performance of the Company or the achievement of its targets or estimated results. The recipients of this information must be aware that the preparation of these forecasts is based on assumptions and estimates, which are subject to a high degree of uncertainty, and that, due to multiple factors, future results may differ materially from expected results. Among such factors, the following are worth highlighting: the evolution of the insurance market and of the economic environment in general in those countries where the Company operates; changes in the legal framework; changes in monetary policy; circumstances which may affect the competitiveness of insurance products and services; changes in the underlying tendencies on which the mortality and morbidity tables used in Life and Health insurance are based; frequency and severity of claims insured, with respect to reinsurance and general insurance, as well as to life insurance; variations in interest rates and exchange rates; risks associated with the use of derivative instruments; the impact of future acquisitions.

MAPFRE S.A. does not undertake to update or revise periodically the content of this document.

Disclaimer

Executive Summary

MAPFRE has announced the signing of an agreement to acquire all shares of The Commerce Group Inc. (Commerce) at a price of \$36.70 per share. The Board of Commerce deems the offer to be fair and will recommend the transaction to its shareholders. The transaction will be carried out through the merger of a subsidiary of MAPFRE with Commerce, under U.S. regulations

Commerce fits MAPFRE s growth strategy:

Leading position in motor insurance in Massachusetts

Licenses in 50 states and operations in 17 of them

Quality operations and consistent underwriting profits

Experienced management team with proven track record

Positive financial impact from the outset:

Total consideration of \$2,207mn (1,538mn), paid entirely in cash

Acquisition price implies P/E 2008 of 13.1x (First Call consensus) and P/BV (Q3 07) of 1.65x

Premium to market of 17.9% vs. 30th October s closing price, 22.5% vs. the 30-day average and of 20.4% vs. the 3-month average

Initial funding through a bridge loan. Long-term funding expected to come from an equity capital raising of 500mn, the issuance of hybrid debt of up to 800mn and internal resources

Immediately EPS accretive

Upon completion, MAPFRE would retain Commerce s management team and together both groups would design a cautious growth strategy in a number of new states, including dedicated services for the Hispanic community

6

Key Strengths: competitive position

Leading market position in the Massachusetts P&C business:

Strong brand recognition

Excellent agency relationships

Leading market shares:

1 in personal auto (31.5%)

1 in homeowners (9.8%)

2 in commercial auto (12.7%)

Above average position in affinity group marketing programs

Outstanding customer service

Unsurpassed economies of scale

Highly experienced management team with proven track record

In-depth understanding of the Massachusetts and U.S. regulatory and underwriting environment

7

Key strengths: distribution through independent agents

Independent agents are Commerce's main distribution channel

Relations with agents are excellent, as evidenced by their high degree of loyalty: nearly 60% of all agents in Massachusetts have been with the group for over 10 years

Commerce ensures the interests of agents are aligned with its own through an effective profit sharing system, which utilises a three-year rolling plan. To qualify for profit sharing, an agent's portfolio generally must have a three-year average loss ratio of 60% or better

Commerce devotes considerable attention and resources to providing a high level of service to both the agents and their customers, thus enhancing satisfaction and retention

8

Key strengths: distribution through the AAA

Commerce enjoys a strategic relationship with numerous American Automobile Association (AAA) clubs

In Massachusetts:

Commerce has exclusive distribution agreements with all three AAA clubs, whose members receive a 5% discount on their premiums

In 2006, 50% of all personal auto DPW came from AAA members (42% written by Commerce's network of independent agents and 8% through AAA agencies)

The present agreements were renewed on 01.01.2007 for a period of 20 years

Outside of Massachusetts:

Commerce distributes its products through AAA clubs in eleven states

AAA Southern New England has a 5% shareholding in American Commerce

Growth opportunities are significant, as Commerce has currently penetrated less than 1% of a membership base exceeding 100 million

Key Strengths: underwriting results and claims handling

Commerce has been delivering consistently for over 15 years positive technical results and significant reserve redundancies, thanks to:

Effective underwriting:

The largest proprietary underwriting database in the Massachusetts market with a high degree of data reliability, providing superior risk selection and pricing capabilities

Strict underwriting guidelines

No meaningful environmental risks legacy issues

Quick and efficient handling of claims:

24-hour claim reporting service, which improves customer satisfaction by making the initial claim handling much faster and ultimately reduces indemnity payments

Outsourced drive-in centres, close to repair shops, allowing quick adjustment and settlement of car body damages. Additionally, Commerce has a panel of preferred body shops with guaranteed prices and workmanship

Sophisticated software systems used for internal and external claims processing and field communications that increase productivity while reducing expenses and indemnity payments

Significant internal resources devoted to fighting fraud, complemented by external investigators

Regular surveys among agents, customers and third-party claimants to monitor the quality of claims handling

Low-cost structure, high degree of centralisation and unsurpassed economies of scale

13

MA internal personal auto acquisition costs ⁽¹⁾

Commerce enjoys a low cost structure enabling it to compete effectively

Key Strengths: investment portfolio and returns

Commerce generates recurring investment yields from a portfolio made up primarily of high quality fixed income investments:

Nearly 90% of ABS instruments are AAA-rated and an equal percentage is mortgage-backed

Sub-prime exposure is very limited (\$28mn) and has caused losses of \$4.7mn to date

12/31/06 Total : \$3,071mn

Private sector: 52%

Public sector: 48%

16

Key Strengths: profitability and cash generation

Commerce has consistently recorded growing profits and above-industry-average returns on the back of its recurring positive underwriting results and strong net financial income

Fit of Commerce with MAPFRE

Criteria

Earnings per share accretive from the first year assuming the announced financing mix

Return on Investment above MAPFRE's cost of capital

The discontinuation of listing will increase Commerce EBT by about \$7mn/year

Operations that increase earnings per share in the first three years

Commerce's performance will be enhanced by the access to MAPFRE's:

Experience competing under different regulations, which will facilitate the transition to the new regulatory environment in Massachusetts

Product knowledge across several countries in all P&C lines

Integrated and unified IT platform

Reinsurance solutions for the most appropriate protection of the portfolio

Companies whose growth and profitability can be enhanced through the application of MAPFRE's expertise

US was indicated in the past as a target market for MAPFRE

Joint growth opportunities exist through:

The introduction of a specific offering for the Hispanic community (21.8 million people in the states in which Commerce presently operates, equivalent to 14% of their total population)

Business expansion in and outside of Massachusetts, including an increased penetration of the AAA club members' base
