## Chairman's Letter

Dear Shareholder,

I am pleased to present to you this annual report for the Neuberger Berman Intermediate Municipal Closed-End Funds for the fiscal year ended October 31, 2007. The report includes portfolio commentary, listings of the Funds' investments, and their audited financial statements for the reporting period.

Each Fund's investment objective is to provide a high level of current income exempt from regular federal income tax and, for each state-specific fund, a high level of current income exempt from that state's personal income taxes (and, in the case of the New York Fund, New York City personal income tax).

We invest in intermediate-term municipal bonds because our experience and research indicate strongly that this maturity range has historically offered the best risk/reward profile on the yield curve, providing much of the return of longer-term bonds with less volatility and risk.

We believe that our conservative investment philosophy and disciplined investment process will benefit you with superior tax exempt current income over the long term.

Thank you for your confidence in Neuberger Berman. We will continue to do our best to earn it.

Sincerely,

PETER SUNDMAN  
CHAIRMAN OF THE BOARD  
NEUBERGER BERMAN CALIFORNIA INTERMEDIATE MUNICIPAL FUND INC.

## Intermediate Municipal Closed-End Funds Portfolio Commentary

For the fiscal year ended October 31, 2007, on a net asset value (NAV) basis, all three of the Neuberger Berman Intermediate Municipal Closed-End Funds delivered a positive total return, outperforming the Lipper Closed-End Intermediate Municipal Debt Funds Average but trailing the Lehman Brothers 10-Year Municipal Bond Index.

The Funds started the fiscal year well as seasonally strong demand and limited supply buoyed municipal securities through the end of calendar 2006 (two months into this 12-month reporting period). However, a surge in new issuance beginning in first quarter 2007 and extending through much of the balance of the fiscal year disrupted these favorable supply/demand dynamics. Although the market absorbed what we expect will be record municipal bond issuance in 2007, demand in part due to the subprime mortgage woes of hedge funds (traditionally big buyers of municipal securities) restrained prices.

Credit spreads (the yield differential between higher and lower rated bonds) expanded significantly in the second half of the fiscal year as suddenly risk-averse investors opted for higher quality issues. Although theoretically it might be tempting to take advantage of the higher yields of lower rated issues, we believed that with all the economic and market uncertainties, our shareholders were better served by maintaining the Funds' high average credit ratings.

The Federal Reserve's interest rate cuts (totaling 75 basis points for the Fed Funds rate) in the fiscal year's second half produced a steeper yield curve and a bigger yield advantage for longer maturity securities. However, the tax consequences of selling appreciated securities, along with our belief that Federal Reserve easing could be short-lived, made us reluctant to extend the portfolios' weighted average maturities or durations. Also, we believe that if the Fed does continue to ease interest rates, securities in the one- to seven-year maturity spectrum (where our portfolios are concentrated) will benefit more than longer maturity debt.

Over the course of the fiscal year, all three of the Funds maintained a large allocation and revenue bonds (primarily backed by a wide array of revenue streams) while limiting exposure to general obligation bonds (GOs) due to our belief that declining home prices along with a softer labor market could have a negative impact on the tax revenues that support GOs' principal and interest payments. Finally, many of the revenue bonds owned by the Funds have legal covenants that provide additional protection for bondholders.

Looking ahead, the Federal Reserve is faced with a dilemma. If the credit crunch seriously undermines the health of our financial system and the economy appears headed for recession, the Fed could have to come to the rescue with additional rate cuts. However, rising commodities prices, most notably oil, but also gold, agricultural products and industrial materials, could fan the flames of inflation, which is already above the Fed's target rate. More rate cuts by the Fed could also put additional pressure on the already stumbling dollar. We think the Fed will remain neutral as long as possible, hoping the financial system and credit markets will survive the subprime mortgage mess and that inflation moderates as the economy slows. With the Fed stuck between the proverbial rock and hard place, we will likely maintain the portfolios' current weighted average maturities and durations, until something good or bad happens to signal a change in monetary policy.

In closing, today municipal securities appear to us attractively priced relative to Treasuries. With intermediate maturity municipal bonds yields on average about 82-84% of the 10-year Treasury bond yield, municipal bonds provide a significant yield advantage for investors in the 35% income tax bracket.

## Notes to Schedule of Investments

Investments in securities by Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund", and collectively, the "Funds") are valued daily by obtaining bid price quotations from independent pricing services on all securities available in each service's data base. For all other securities, bid prices are obtained from principal market makers in those securities or, if quotations are not readily available, by methods each Fund's Board of Directors has approved on the belief that they reflect fair value. Numerous factors may be considered when determining the fair value of a security, including available analyst, media or other reports, trading in futures or ADRs and whether the issuer of the security being fair valued has other securities outstanding. Short-term debt securities with less than 60 days until maturity may be valued at cost which, when combined with interest earned, approximates market value.

## At October 31, 2007, selected Fund information on a U.S. federal income tax basis was as follows:

(000's omitted) Neuberger Berman	Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net Unrealized Appreciation
California	\$ 154,541	\$ 3,357	\$ 219	\$ 3,138
Intermediate	466,028	9,937	813	9,124
New York	125,001	2,005	461	1,544

@ At time of investment, municipal securities purchased by the Funds are within the four highest rating categories (with respect to at least 80% of total assets) assigned by a nationally recognized statistical rating organization ("NRSRO") such as Moody's Investors Service, Inc., Standard & Poor's, or Fitch Investors Services, Inc. or, where not rated, are determined by the Funds' investment manager to be of comparable quality. Approximately 79%, 73%, and 65% of the municipal securities held by California, Intermediate, and New York, respectively, have credit enhancement features backing them, which the Funds may rely on, such as letters of credit, insurance, or guarantees. Without these credit enhancement features the securities may or may not meet the quality standards of the Funds. Pre-refunded bonds are supported by securities in escrow issued or guaranteed by the U.S. Government, its agencies, or instrumentalities. The amount escrowed is sufficient to pay the periodic interest due and the principal of these bonds. Puttable bonds give the Funds the right to sell back the issue on the date specified.

ß Security is guaranteed by the corporate or non-profit obligor.

ñ Restricted security subject to restrictions on resale under federal securities laws. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers under Rule 144A under the Securities Act of 1933, as amended, and have been deemed by the investment manager to be liquid. At October 31, 2007, these securities amounted to approximately \$495,000 or 0.5% of net assets applicable to common shareholders for California, approximately \$9,411,000 or 3.1% of net assets applicable to common shareholders for Intermediate and approximately \$495,000 or 0.6% of net assets applicable to common shareholders for New York.

^^ Not rated by a NRSRO.

Ø All or a portion of this security was purchased on a when-issued basis. At October 31, 2007, these securities amounted to \$1,291,000 or 1.3% of net assets applicable to common shareholders for California and \$1,048,000 or 0.3% of net assets applicable to common shareholders for Intermediate.

ØØ All or a portion of this security is segregated as collateral for when-issued purchase commitments.

µ Floating rate securities are securities whose yields vary with a designated market index or market rate. These securities are shown at their current rates as of October 31, 2007.

§ Credit ratings are unaudited.

± Rated BBB by Fitch Investor Services, Inc.

a Security is subject to a guarantee provided by Societe Generale, backing 100% of the total principal.

## Notes to Financial Statements Intermediate Municipal Closed-End Funds

### Note A Summary of Significant Accounting Policies:

**1 General:** Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund" and, collectively, the "Funds") were organized as Maryland corporations on July 29, 2002. California and New York are registered as non-diversified, closed-end management investment companies and Intermediate is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended. Each Fund's Board of Directors may classify or re-classify any unissued shares of capital stock into one or more classes of preferred stock without the approval of shareholders.

The assets of each Fund belong only to that Fund, and the liabilities of each Fund are borne solely by that Fund and no other.

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires Neuberger Berman Management Inc. ("Management") to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

**2 Portfolio valuation:** Investment securities are valued as indicated in the notes following the Funds' Schedule of Investments.

**3 Securities transactions and investment income:** Securities transactions are recorded on trade date for financial reporting purposes. Interest income, including accretion of discount (adjusted for original issue discount, where applicable) and amortization of premium, where applicable, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost and stated in the Statements of Operations.

**4 Income tax information:** Each Fund is treated as a separate entity for U.S. federal income tax purposes. It is the policy of each Fund to continue to qualify as a regulated investment company by complying with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its earnings to its shareholders. Therefore, no federal income or excise tax provision is required.

Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences and differing characterization of distributions made by each Fund as a whole.

As determined on October 31, 2007, there were no permanent differences resulting from different book and tax accounting reclassified at fiscal year-end.

The tax character of distributions paid during the years ended October 31, 2007 and October 31, 2006 were as follows:

	Tax-Exempt Income		Distributions Paid From: Ordinary Income		Total	
	2007	2006	2007	2006	2007	2006
<b>California</b>	\$ 6,689,147	\$ 6,741,577	\$ 6,563	\$ 6,567	\$ 6,695,710	\$ 6,748,144
<b>Intermediate</b>	20,429,346	21,418,996	40,416	35,155	20,469,762	21,454,151
<b>New York</b>	5,418,857	5,696,502	4,701	4,389	5,423,558	5,700,891

As of October 31, 2007, the components of distributable earnings (accumulated losses) on a U.S federal income tax basis were as follows:

Undistributed	Undistributed Tax-Exempt Income	Undistributed Ordinary Income	Unrealized Long-Term Gain	Loss Appreciation (Depreciation)	Carryforwards and Deferrals	Total
California	\$ 375,119	\$	\$	\$ 3,138,120	\$ (230,084)	\$ 3,283,155
Intermediate	757,071			9,123,612	(1,023,927)	8,856,756
New York	204,007			1,544,142	(538,034)	1,210,115

The differences between book basis and tax basis distributable earnings is attributable primarily to timing differences of distribution payments.

To the extent each Fund's net realized capital gains, if any, can be offset by capital loss carryforwards, it is the policy of each Fund not to distribute such gains. As determined at October 31, 2007, the Funds had unused capital loss carryforwards available for federal income tax purposes to offset net realized capital gains, if any, as follows:

	Expiring in:				
	2011	2012	2013	2014	2015
California	\$	\$ 225,607	\$ 4,477	\$	\$
Intermediate	509,968	328,363	58,816		126,780
New York	362,560	156,636	18,838		

**5 Distributions to shareholders:** Each Fund earns income, net of expenses, daily on its investments. It is the policy of each Fund to declare quarterly and pay monthly distributions. Distributions from net realized capital gains, if any, are normally distributed in December. Distributions to common shareholders are recorded on the ex-date. Distributions to preferred shareholders are accrued and determined as described in Note A-7.

Subsequent to October 31, 2007, each Fund declared three monthly distributions to common shareholders payable December 17, 2007, January 15, 2008 and February 15, 2008 to shareholders of record on November 30, 2007, December 31, 2007 and January 31, 2008, with ex-dates of November 28, 2007, December 27, 2007 and January 29, 2008, as follows:

	Distribution per share
California	\$ 0.053294
Intermediate	0.054217
New York	0.053430

**6 Expense allocation:** Certain expenses are applicable to multiple funds. Expenses directly attributable to a Fund are charged to that Fund. Expenses borne by the complex of related investment companies, which includes open-end and closed-end investment companies for which Management serves as investment manager, that are not directly attributed to a Fund are allocated among the Funds and the other investment companies in the complex or series thereof on the basis of relative net assets, except where a more appropriate allocation of expenses to each investment company in the complex or series thereof can otherwise be made fairly.

**7 Redeemable preferred shares:** On October 21, 2002, the Funds re-classified unissued shares of capital stock into several series of Auction Market Preferred Shares ("AMPS"), as follows:

	Series A Shares	Series B Shares
California	1,500	1,500
Intermediate	4,000	4,000
New York	1,500	1,500

On December 13, 2002, the Funds issued several series of AMPS, as follows:

	Series A Shares	Series B Shares
<b>California</b>	1,180	1,180
<b>Intermediate</b>	3,588	3,588
<b>New York</b>	965	965

All shares of each series of AMPS have a liquidation preference of \$25,000 per share plus any accumulated unpaid distributions, whether or not earned or declared by the Fund, but excluding interest thereon ("Liquidation Value"). Distributions to AMPS shareholders, which are cumulative, are accrued daily. It is the policy of each Fund to pay distributions every 7 days for each Fund's AMPS Series A and every 28 days for each Fund's AMPS Series B, unless in a special rate period.

In the absence of a special rate period, distribution rates are reset every 7 days for each Fund's AMPS Series A, based on the results of an auction. For the year ended October 31, 2007, distribution rates ranged from:

	Distribution Rate	
<b>California</b>	2.75%	4.00%
<b>Intermediate</b>	3.30%	4.05%
<b>New York</b>	3.00%	3.80%

In the absence of a special rate period, distribution rates are reset every 28 days for each Fund's AMPS Series B, based on the results of an auction. For the year ended October 31, 2007, distribution rates ranged from:

	Distribution Rate	
<b>California</b>	3.34%	3.76%
<b>Intermediate</b>	3.50%	4.35%
<b>New York</b>	3.25%	4.00%

The Funds declared distributions to AMPS shareholders for the period November 1, 2007 to November 30, 2007 for each series of the AMPS as follows:

	Series A Shares	Series B Shares
<b>California</b>	\$ 78,163	\$ 72,186
<b>Intermediate</b>	271,668	275,249
<b>New York</b>	57,926	68,570

The Funds may redeem shares of each series of AMPS, in whole or in part, on the second business day preceding any distribution payment date at Liquidation Value.

The Funds are also subject to certain restrictions relating to the AMPS. Failure to comply with these restrictions could preclude the Funds from declaring any distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of AMPS at Liquidation Value.

The holders of AMPS are entitled to one vote per share and will vote with holders of common shares as a single class, except that the AMPS will vote separately as a class on certain matters, as required by law or a Fund's charter. The holders of a Fund's AMPS, voting as a separate class, are entitled at all times to elect two Directors of the Fund, and to elect a majority of the Directors of a Fund if the Fund fails to pay distributions on AMPS for two consecutive years.

**8 Concentration of risk:** The ability of the issuers of the debt securities held by the Funds to meet their obligations may be affected by economic developments, including those particular to a specific industry or region. California and New York normally invest substantially all of their assets in municipal bonds of issuers located in the state of California and the state of New York, respectively. The value of each of these Funds' securities are more susceptible to adverse economic, political, regulatory or other factors affecting the issuers of such municipal bonds than a fund that does not limit its investments to such issuers.

**9 Indemnifications:** Like many other companies, the Funds' organizational documents provide that their officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, both in some of their principal service contracts and in the normal course of their business, the Funds enter into contracts that provide indemnifications to other parties for certain types of losses or liabilities. Each Fund's maximum exposure under these arrangements is unknown as this could involve future claims against each Fund.

**Note B Management Fees, Administration Fees, and Other Transactions With Affiliates:**

Each Fund retains Management as its investment manager under a Management Agreement. For such investment management services, each Fund pays Management a fee at the annual rate of 0.25% of its average daily Managed Assets. Managed Assets equal the total assets of the Fund, less liabilities other than the aggregate indebtedness entered into for purposes of leverage. For purposes of calculating Managed Assets, the Liquidation Value of any AMPS outstanding is not considered a liability.

Management has contractually agreed to waive a portion of the management fees it is entitled to receive from each Fund at the following annual rates:

<b>Year Ended October 31,</b>	<b>% of Average Daily Managed Assets</b>
<b>2007</b>	0.25%
<b>2008</b>	0.20
<b>2009</b>	0.15
<b>2010</b>	0.10
<b>2011</b>	0.05

Management has not agreed to waive any portion of its fees beyond October 31, 2011.

For the year ended October 31, 2007, such waived fees amounted to \$397,777, \$1,208,416, and \$322,751 for California, Intermediate, and New York, respectively.

Each Fund retains Management as its administrator under an Administration Agreement. Each Fund pays Management an administration fee at the annual rate of 0.30% of its average daily Managed Assets under this agreement. Additionally, Management retains State Street Bank and Trust Company ("State Street") as its sub-administrator under a Sub-Administration Agreement. Management pays State Street a fee for all services received under the agreement.

Management and Neuberger Berman, LLC ("Neuberger"), a member firm of the New York Stock Exchange and sub-adviser to each Fund, are wholly-owned subsidiaries of Lehman Brothers Holdings Inc., a publicly-owned holding company. Neuberger is retained by Management to furnish it with investment recommendations and research information without added cost to each Fund. Several individuals who are officers and/or Directors of each Fund are also employees of Neuberger and/or Management.

Each Fund has an expense offset arrangement in connection with its custodian contract. For the year ended October 31, 2007, the impact of this arrangement was a reduction of expenses of \$2,684, \$6,245, and \$2,568 for California, Intermediate, and New York, respectively.

In connection with the settlement of each AMPS auction, each Fund pays, through the auction agent, a service fee to each participating broker-dealer based upon the aggregate liquidation preference of the AMPS held by the broker-dealer's customers. For any auction preceding a rate period of less than one year, the service fee is paid at the annual rate of  $\frac{1}{4}$  of 1%; for any auction preceding a rate period of one year or more, the service fee is paid at a rate agreed to by each Fund and the broker-dealer.

In order to satisfy rating agencies' requirements, each Fund is required to provide each rating agency a report on a monthly basis verifying that each Fund is maintaining eligible assets having a discounted value equal to or greater than the Preferred Shares Basic Maintenance Amount, which is a minimum level set by each rating agency as one of the conditions to maintain the AAA/Aaa rating on the AMPS. "Discounted value" refers to the fact that the rating

agencies require each Fund, in performing this calculation, to discount portfolio securities below their face value, at rates determined by the rating agencies. Each Fund pays a fee to State Street for the preparation of this report which is reflected in the Statements of Operations under the caption "Basic maintenance expense."

Note C Securities Transactions:

For the year ended October 31, 2007, there were purchase and sale transactions (excluding short-term securities) as follows:

<b>California</b>	\$ 6,806	\$ 4,483
<b>Intermediate</b>	20,109	18,381

Note D Capital:

At October 31, 2007, the common shares outstanding and the common shares of each Fund owned by Neuberger were as follows:

	Common Shares Outstanding	Common Shares Owned by Neuberger
<b>California</b>	6,799,354	6,981
<b>Intermediate</b>	20,705,124	6,981
<b>New York</b>	5,582,218	6,981

Transactions in common shares for the years ended October 31, 2007 and October 31, 2006, were as follows:

	Reinvestment of Dividends and Distributions		Net Increase in Common Shares Outstanding

<b>California</b>	7,373		7,373	
<b>Intermediate</b>				
<b>New York</b>	3,816	3,852	3,816	3,852

Note E Recent Accounting Pronouncements:

On July 13, 2006, the Financial Accounting Standards Board ("FASB") released FASB Interpretation No. 48 "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 clarifies the accounting for income taxes, by prescribing a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. FIN 48 requires that a "more-likely-than-not" threshold be met before the benefit of a tax position may be recognized in the financial statements and prescribes how such benefit should be measured. Adoption of FIN 48 is required for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. The Securities and Exchange Commission has permitted investment companies to delay implementation of FIN 48. Each fund will have until April 30, 2008 to implement FIN 48. At this time, Management is evaluating the implications of FIN 48 and its impact in the financial statements has not yet been determined.

In September 2006, FASB issued FASB Statement No. 157, "Fair Value Measurement" ("SFAS 157"), which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. Management believes the adoption of SFAS 157 will not have a material impact on the Funds' financial positions or results of operations.

## Notes to Financial Highlights Intermediate Municipal Closed-End Funds

Total return based on per share net asset value reflects the effects of changes in net asset value on the performance of each Fund during each fiscal period. Total return based on per share market value assumes the purchase of common shares at the market price on the first day and sales of common shares at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under each Fund's distribution reinvestment plan. Results represent past performance and do not guarantee future results. Current returns may be lower or higher than the performance data quoted. Investment returns may fluctuate and shares when sold may be worth more or less than original cost. For each Fund, total return would have been lower if Management had not waived a portion of the investment management fee.

# The Fund is required to calculate an expense ratio without taking into consideration any expense reductions related to expense offset arrangements.

After waiver of a portion of the investment management fee by Management. Had Management not undertaken such action, the annualized ratios of net expenses to average daily net assets applicable to common shareholders would have been:

	Year Ended October 31,				
	2007	2006	2005	2004	2003
<b>California</b>	1.34%	1.32%	1.36%	1.35%	1.26%
<b>Intermediate</b>	1.18%	1.17%	1.20%	1.22%	1.13%
<b>New York</b>	1.40%	1.38%	1.41%	1.39%	1.31%

@ Calculated by subtracting the Fund's total liabilities (excluding accumulated unpaid distributions on AMPS) from the Fund's total assets and dividing by the number of AMPS outstanding.

Expense ratios do not include the effect of distributions to holders of AMPS. Income ratios include income earned on assets attributable to AMPS outstanding.

¢ Calculated based on the average number of shares outstanding during each fiscal period.

Neuberger Berman New York Intermediate Municipal Fund Inc.

We have audited the accompanying statements of assets and liabilities of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. These financial statements and financial highlights are the responsibility of the Funds' management. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Funds' internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of October 31, 2007, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc., at October 31, 2007, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, and their financial highlights for each of the periods indicated therein, in conformity with U.S. generally accepted accounting principles.

## Distribution Reinvestment Plan

The Bank of New York ("Plan Agent") will act as Plan Agent for shareholders who have not elected in writing to receive dividends and distributions in cash (each a "Participant"), will open an account for each Participant under the Distribution Reinvestment Plan ("Plan") in the same name as their then current Shares are registered, and will put the Plan into effect for each Participant as of the first record date for a dividend or capital gains distribution.

Whenever the Fund declares a dividend or distribution with respect to the common stock of the Fund ("Shares"), each Participant will receive such dividends and distributions in additional Shares, including fractional Shares acquired by the Plan Agent and credited to each Participant's account. If on the payment date for a cash dividend or distribution, the net asset value is equal to or less than the market price per Share plus estimated brokerage commissions, the Plan Agent shall automatically receive such Shares, including fractions, for each Participant's account. Except in the circumstances described in the next paragraph, the number of additional Shares to be credited to each Participant's account shall be determined by dividing the dollar amount of the dividend or distribution payable on their Shares by the greater of the net asset value per Share determined as of the date of purchase or 95% of the then current market price per Share on the payment date.

Should the net asset value per Share exceed the market price per Share plus estimated brokerage commissions on the payment date for a cash dividend or distribution, the Plan Agent or a broker-dealer selected by the Plan Agent shall endeavor, for a purchase period lasting until the last business day before the next date on which the Shares trade on an "ex-dividend" basis, but in no event, except as provided below, more than 30 days after the payment date, to apply the amount of such dividend or distribution on each Participant's Shares (less their *pro rata* share of brokerage commissions incurred with respect to the Plan Agent's open-market purchases in connection with the reinvestment of such dividend or distribution) to purchase Shares on the open market for each Participant's account. No such purchases may be made more than 30 days after the payment date for such dividend or distribution except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities laws. If, at the close of business on any day during the purchase period the net asset value per Share equals or is less than the market price per Share plus estimated brokerage commissions, the Plan Agent will not make any further open-market purchases in connection with the reinvestment of such dividend or distribution. If the Plan Agent is unable to invest the full dividend or distribution amount through open-market purchases during the purchase period, the Plan Agent shall request that, with respect to the uninvested portion of such dividend or distribution amount, the Fund issue new Shares at the close of business on the earlier of the last day of the purchase period or the first day during the purchase period on which the net asset value per Share equals or is less than the market price per Share, plus estimated brokerage commissions, such Shares to be issued in accordance with the terms specified in the third paragraph hereof. These newly issued Shares will be valued at the then-current market price per Share at the time such Shares are to be issued.

For purposes of making the reinvestment purchase comparison under the Plan, (a) the market price of the Shares on a particular date shall be the last sales price on the New York Stock Exchange (or if the Shares are not listed on the New York Stock Exchange, such other exchange on which the Shares are principally traded) on that date, or, if there is no sale on such Exchange (or if not so listed, in the over-the-counter market) on that date, then the mean between the closing bid and asked quotations for such Shares on such Exchange on such date and (b) the net asset value per Share on a particular date shall be the net asset value per Share most recently calculated by or on behalf of the Fund. All dividends, distributions and other payments (whether made in cash or Shares) shall be made net of any applicable withholding tax.

Open-market purchases provided for above may be made on any securities exchange where the Fund's Shares are traded, in the over-the-counter market or in negotiated transactions and may be on such terms as to price, delivery and otherwise as the Plan Agent shall determine. Each Participant's uninvested funds held by the Plan Agent will not bear interest, and it is understood that, in any event, the Plan Agent shall have no liability in connection with any inability to purchase Shares within 30 days after the initial date of such purchase as herein provided, or with the timing of any purchases effected. The Plan Agent shall have no responsibility as to the value of the Shares acquired for each Participant's account. For the purpose of cash investments, the Plan Agent may commingle each Participant's funds with those of other shareholders of

the Fund for whom the Plan Agent similarly acts as agent, and the average price (including brokerage commissions) of all Shares purchased by the Plan Agent as Plan Agent shall be the price per Share allocable to each Participant in connection therewith.

The Plan Agent may hold each Participant's Shares acquired pursuant to the Plan together with the Shares of other shareholders of the Fund acquired pursuant to the Plan in noncertificated form in the Plan Agent's name or that of the Plan Agent's nominee. The Plan Agent will forward to each Participant any proxy solicitation material and will vote any Shares so held for each Participant only in accordance with the instructions set forth on proxies returned by the Participant to the Fund.

The Plan Agent will confirm to each Participant each acquisition made for their account as soon as practicable but not later than 60 days after the date thereof. Although each Participant may from time to time have an undivided fractional interest (computed to three decimal places) in a Share, no certificates for a fractional Share will be issued. However, dividends and distributions on fractional Shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Plan Agent will adjust for any such undivided fractional interest in cash at the market value of the Shares at the time of termination, less the *pro rata* expense of any sale required to make such an adjustment.

Any Share dividends or split Shares distributed by the Fund on Shares held by the Plan Agent for Participants will be credited to their accounts. In the event that the Fund makes available to its shareholders rights to purchase additional Shares or other securities, the Shares held for each Participant under the Plan will be added to other Shares held by the Participant in calculating the number of rights to be issued to each Participant.

The Plan Agent's service fee for handling capital gains distributions or income dividends will be paid by the Fund. Participants will be charged their *pro rata* share of brokerage commissions on all open-market purchases.

Each Participant may terminate their account under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if the Participant's notice is received by the Plan Agent not less than ten days prior to any dividend or distribution record date, otherwise such termination will be effective the first trading day after the payment date for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be terminated by the Plan Agent or the Fund upon notice in writing mailed to each Participant at least 30 days prior to any record date for the payment of any dividend or distribution by the Fund.

These terms and conditions may be amended or supplemented by the Plan Agent or the Fund at any time or times but, except when necessary or appropriate to comply with applicable law or the rules or policies of the Securities and Exchange Commission or any other regulatory authority, only by mailing to each Participant appropriate written notice at least 30 days prior to the effective date thereof. The amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Plan Agent receives written notice of the termination of their account under the Plan. Any such amendment may include an appointment by the Plan Agent in its place and stead of a successor Plan Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Plan Agent under these terms and conditions. Upon any such appointment of any Plan Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Plan Agent, for each Participant's account, all dividends and distributions payable on Shares held in their name or under the Plan for retention or application by such successor Plan Agent as provided in these terms and conditions.

The Plan Agent shall at all times act in good faith and agrees to use its best efforts within reasonable limits to ensure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by the Plan Agent's negligence, bad faith, or willful misconduct or that of its employees.

These terms and conditions shall be governed by the laws of the State of Maryland.

**Board Consideration of the Management and Sub-Advisory Agreements**

At a meeting held on September 27, 2007, the Boards of Directors (collectively the "Boards," each a "Board") of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc. and Neuberger Berman New York Intermediate Municipal Fund Inc. (individually a "Fund" and, collectively, the "Funds"), including the Directors who are not "interested persons" of each Fund or Neuberger Berman Management Inc. ("Management") ("Independent Fund Directors"), approved the continuance of the Funds' Management and Sub-Advisory Agreements ("Agreements").

In evaluating the Agreements, the Boards, including the Independent Fund Directors, reviewed materials furnished by Management and Neuberger Berman, LLC ("Neuberger") in response to questions submitted by counsel to the Independent Fund Directors, and met with senior representatives of Management and Neuberger regarding their personnel and operations. The Independent Fund Directors were advised by counsel that is experienced in Investment Company Act of 1940 matters and that is independent of Management and Neuberger. The Independent Fund Directors received a memorandum from

independent counsel discussing the legal standards for their consideration of the proposed continuance of the Agreements. They met with such counsel separately from representatives of Management to discuss the annual contract review. The annual contract review extends over two regular meetings of the Boards to ensure that Management and Neuberger have time to respond to any questions the Independent Fund Directors may have on their initial review of the report and that the Independent Fund Directors have time to consider those responses. In addition, during this process, the Boards held a separate meeting devoted to reviewing and discussing Fund performance.

Each Board considered the following factors, among others, in connection with its approval of the continuance of the Agreements: (1) the nature, extent, and quality of the services provided by Management and Neuberger; (2) the performance of each Fund compared to relevant market indices and a peer group of investment companies; (3) the costs of the services provided and profits or losses historically realized by Management and its affiliates from their relationship with the Funds; (4) the extent to which economies of scale might be realized as each Fund grows; and (5) whether fee levels reflect any such potential economies of scale for the benefit of investors in each Fund. In their deliberations, the members of each Board did not identify any particular information that was all-important or controlling, and each Director may have attributed different weights to the various factors.

Each Board evaluated the terms of the Agreements, the overall fairness of the Agreements to each Fund and whether the Agreements were in the best interests of each Fund and its shareholders.

With respect to the nature, extent and quality of the services provided, the Board considered the performance of each Fund and the experience and staffing of the portfolio management and investment research personnel who perform services for the Funds. The Boards noted that Management also provides certain administrative services, including fund accounting and compliance oversight. The Boards also considered Management's and Neuberger's policies and practices regarding brokerage. The Boards also reviewed whether Management and Neuberger used brokers to execute Fund transactions that provide research and other services to Management and Neuberger, and the types of benefits potentially derived by Management, Neuberger, the Funds and by other clients of Management and Neuberger from such services. In addition, the Boards noted the positive compliance history of Management and Neuberger, as each firm has been free of significant compliance problems.

With respect to the performance of each Fund, each Board considered the performance of each Fund on both a market return and net asset value basis relative to its benchmark and a peer group of investment companies pursuing broadly similar strategies. Each Board also considered performance in relation to the degree of risk undertaken by the portfolio managers. Each Board discussed each Fund's performance with Management and discussed steps that Management had taken, or intended to take, to improve each Fund's performance. The Boards also considered Management's resources and responsiveness with respect to each Fund.

With respect to the overall fairness of the Agreements, the Boards considered the fee structure for each Fund under the Agreements as compared to a peer group of comparable funds and fall-out benefits likely to accrue to Management or Neuberger or their affiliates from their relationship with each Fund. The Boards also considered the profitability of Management and its affiliates from their association with each Fund.

The Boards reviewed a comparison of each Fund's management fee and overall expense ratio to a peer group of broadly comparable funds. With regard to the sub-advisory fee paid to Neuberger, the Boards noted that this fee "at cost." In addition, each Board considered the contractual waiver of a portion of the management fee undertaken by Management for each Fund.

The Boards considered whether there were other funds that were advised or sub-advised by Management or its affiliates or separate accounts managed by Management or its affiliates with similar investment objectives, policies and strategies as the Funds. The Boards noted that there were no such comparable funds or separate accounts.

Each Board also evaluated any apparent or anticipated economies of scale in relation to the services Management provides to each Fund. The Boards considered that each Fund is a closed-end fund that is not continuously offering shares and that, without daily inflows and outflows of capital, there are limited opportunities for significant economies of scale to be realized by Management in managing each Fund's assets.

In concluding that the benefits accruing to Management and its affiliates by virtue of their relationship to the Funds were reasonable in comparison with the benefits accruing to each Fund, each Board reviewed specific data as to Management's profit on each Fund for a recent period and the trend in profit or loss over time. The Boards also carefully examined Management's cost allocation methodology and in recent years had an independent consultant review the methodology. It also reviewed an analysis from an independent data service on profitability margins in the investment management industry. The Boards recognized that Management should be entitled to earn a reasonable level of profits for services it provides to the Funds and, based on its review, concluded that Management's level of profitability was not excessive.

### **Conclusions**

In approving the Agreements, each Board concluded that the terms of each Agreement are fair and reasonable and that approval of the Agreements is in the best interests of each Fund and its shareholders. In reaching this determination, each Board considered that Management and Neuberger could be expected to provide a high level of service to each Fund; that it retained confidence in Management's and Neuberger's capabilities to manage the Funds; that each Fund's fee structure appeared to each Board to be reasonable given the nature and quality of services provided; and that the benefits accruing to Management and its affiliates by virtue of their relationship to the Funds were reasonable in comparison the benefits accruing to each Fund.

The complete schedule of investments for the Fund is disclosed in the Registrant's Annual Report, which is included as Item 1 of this Form N-CSR.

#### **Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies**

The Board has delegated to Neuberger Berman Management Inc. ("NB Management") the responsibility to vote proxies related to the securities held in the Registrant's portfolio. Under this authority, NB Management is required by the Board to vote proxies related to portfolio securities in the best interests of the Registrant and its stockholders. The Board permits NB Management to contract with a third party to obtain proxy voting and related services, including research of current issues.

NB Management has implemented written Proxy Voting Policies and Procedures ("Proxy Voting Policy") that are designed to reasonably ensure that NB Management votes proxies prudently and in the best interest of its advisory clients for whom NB Management has voting authority, including the Registrant. The Proxy Voting Policy also describes how NB Management addresses any conflicts that may arise between its interests and those of its clients with respect to proxy voting.

NB Management's Proxy Committee is responsible for developing, authorizing, implementing and updating the Proxy Voting Policy, overseeing the proxy voting process and engaging and overseeing any independent third-party vendors as voting delegate to review, monitor and/or vote proxies. In order to apply the Proxy Voting Policy noted above in a timely and consistent manner, NB Management utilizes Glass, Lewis & Co. ("Glass Lewis") to vote proxies in accordance with NB Management's voting guidelines.

NB Management's guidelines adopt the voting recommendations of Glass Lewis. NB Management retains final authority and fiduciary responsibility for proxy voting. NB Management believes that this process is reasonably designed to address material conflicts of interest that may arise between NB Management and a client as to how proxies are voted.

In the event that an investment professional at NB Management believes that it is in the best interests of a client or clients to vote proxies in a manner inconsistent with NB Management's proxy voting guidelines or in a manner inconsistent with Glass Lewis recommendations, the Proxy Committee will review information submitted by the investment professional to determine that there is no material conflict of interest between NB Management and the client with respect to the voting of the proxy in that manner.

If the Proxy Committee determines that the voting of a proxy as recommended by the investment professional presents a material conflict of interest between NB Management and the client or clients with respect to the voting of the proxy, the Proxy Committee shall: (i) take no further action, in which case Glass Lewis shall vote such proxy in accordance with the proxy voting guidelines or as Glass Lewis recommends; (ii) disclose such conflict to the client or clients and obtain written direction from the client as to how to vote the proxy; (iii) suggest that the client or clients engage another party to determine how to vote the proxy; or (iv) engage another independent third party to determine

how to vote the proxy.

**Item 8. Portfolio Managers of Closed-End Management Investment Companies**

(a)(1) The following Portfolio Manager has day-to-day management responsibility of the Registrant's portfolio as of the date of the filing of this Form N-CSR.

**James L. Iselin** is a Vice President of Neuberger Berman Management Inc. and Senior Vice

President of Lehman Brothers Asset Management LLC. Mr. Iselin joined Lehman Brothers

Asset Management LLC in 2006. Previously, Mr. Iselin was a portfolio manager for another investment adviser working in the Municipal Fixed Income group since 1993.

(a)(2) The table below describes the other accounts for which the Portfolio Manager has day-to-day management responsibility as of October 31, 2007.

<b>Type of Account</b>	<b>Number of Accounts Managed</b>	<b>Total Assets Managed (\$ millions)</b>	<b>Number of Accounts Managed for which Advisory Fee is Performance-Based</b>	<b>Assets Managed for which Advisory Fee is Performance-Based (\$ millions)</b>
<b>James L. Iselin</b>				
Registered Investment Companies*	3	667	-	-
Other Pooled Investment Vehicles	-	-	-	-
Other Accounts**	139	904	-	-

\*Registered Investment Companies include: Mutual Funds.

\*\*Other Accounts include: Institutional Separate Accounts, Sub-Advised, and Managed Accounts (WRAP).

Conflicts of Interest

Actual or apparent conflicts of interest may arise when a Portfolio Manager has day-to-day management responsibilities with respect to more than one fund or other account. The management of multiple funds and accounts (including proprietary accounts) may give rise to actual or potential conflicts of interest if the funds and accounts have different or similar objectives, benchmarks, time horizons, and fees, as the Portfolio Manager must allocate his time and investment ideas across multiple funds and accounts. The Portfolio Manager may execute transactions for another fund or account that may adversely impact the value of securities held by the Registrant, and which may include transactions that are directly contrary to the positions taken by the Registrant. For example, a Portfolio Manager may engage in short sales of securities for another account that are the same type of securities in which the Registrant also invests. In such a case, the Portfolio Manager could be seen as harming the performance of the Registrant for the benefit of the account engaging in short sales if the short sales cause the market value of the securities to fall. Additionally, if a Portfolio Manager identifies a limited investment opportunity that may be suitable for more than one fund or other account, Registrant may not be able to take full advantage of that opportunity. If one account were to buy or sell portfolio securities shortly before another account bought or sold the same securities, it could affect the

price paid or received by the second account. Securities selected for funds or accounts other than the Registrant may outperform the securities selected for the Registrant. Finally, a conflict of interest may arise if NB Management and a Portfolio Manager have a financial incentive to favor one account over another, such as a performance-based management fee that applies to one account but not the Registrant or other accounts for which the Portfolio Manager is responsible.

NB Management, Neuberger Berman, LLC and the Registrant have adopted certain compliance procedures which are designed to address these types of conflicts. However, there is no guarantee that such procedures will detect each and every situation in which a conflict arises.

(a)(3) Compensation (as of October 31, 2007)

A portion of the compensation paid to each Portfolio Manager for management of the mutual funds in the fund family is determined by comparisons to pre-determined peer groups and benchmarks, as opposed to a system dependent on a percent of management fees. The Portfolio Managers are paid a base salary that is not dependent on performance. Each Portfolio Manager also has a target bonus, which is set each year and can be increased or decreased prior to payment based in part on performance measured against the relevant peer group and benchmark. Performance is measured on a three-year rolling average in order to emphasize longer-term performance. There is also a subjective component to determining the bonus, which consists of the following factors: (i) the individual's willingness to work with the marketing and sales groups; (ii) his or her effectiveness in building a franchise; and (iii) client servicing. Senior management determines this component in appropriate cases. There are additional components that comprise the Portfolio Managers' compensation packages, including: (i) whether the Portfolio Manager was a partner/principal of Neuberger Berman prior to Neuberger Berman Inc.'s initial public offering; (ii) for more recent hires, incentives that may have been negotiated at the time the Portfolio Manager joined the Neuberger Berman complex; and (iii) the total amount of assets for which the Portfolio Manager is responsible.

Certain Portfolio Managers may manage products other than mutual funds, such as high net worth separate accounts. For the management of these accounts, a Portfolio Manager will generally receive a percentage of pre-tax revenue determined on a monthly basis less third party payouts (*e.g.*, a finder's fee or referral fee paid to a third party). To determine the percentage of revenue a Portfolio Manager receives, the aggregate fees collected on the accounts for which the Portfolio Manager are responsible are compared to a predetermined benchmark of fees that is grown 4% per annum.

NB Management's Portfolio Managers have always had a degree of independence that they would not get at other firms that have, for example, investment committees. NB Management believes that its Portfolio Managers are retained not only through compensation and opportunities for advancement, but also by a collegial and stable money management environment.

In addition, there are additional stock and option award programs available.

NB Management believes the measurement versus the peer groups on a three-year rolling average basis creates a meaningful disincentive to try and beat the peer group and benchmark in any given year by taking undue risks in portfolio management. The incentive is to be a solid performer over the longer-term, not necessarily to be a short-term winner in any given year.

(a)(4) Ownership of Securities
