VORNADO REALTY TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

1. Organization

Vornado Realty Trust (Vornado) is a fully integrated real estate investment trust (REIT) and conducts its business through Vornado Realty L.P., a Delaware limited partnership (the Operating Partnership). Vornado is the sole general partner of, and owned approximately 92.4% of the common limited partnership interest in the Operating Partnership at March 31, 2010. All references to we, us, our, the Company and Vornado refer to Vornado Realty Trust and its consolidated subsidiaries, including the Operating Partnership.

Substantially all of Vornado s assets are held through subsidiaries of the Operating Partnership. Accordingly, Vornado s cash flow and ability to pay dividends to its shareholders is dependent upon the cash flow of the Operating Partnership and the ability of its direct and indirect subsidiaries to first satisfy their obligations to creditors.

2. Basis of Presentation

The accompanying consolidated financial statements are unaudited and include the accounts of Vornado, and the Operating Partnership and its consolidated partially owned entities. All significant inter-company amounts have been eliminated. In our opinion, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flows have been made. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) have been condensed or omitted. We have made estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

These condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q of the Securities and Exchange Commission (the SEC) and should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Reports on Form 10-K and Form 10-K/A for the year ended December 31, 2009, as filed with the SEC. The results of operations for the three months ended March 31, 2010 are not necessarily indicative of the operating results for the full year.

3. Recently Issued Accounting Literature

On January 21, 2010, the Financial Accounting Standards Board (FASB) issued an update to Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, adding new requirements for disclosures about

transfers into and out of Levels 1 and 2 fair value measurements and additional disclosures about the activity within Level 3 fair value measurements. The retrospective application of this guidance on January 1, 2010 did not have a material effect on our consolidated financial statements.

In June 2009, the FASB issued an update to ASC 810, *Consolidation*, which modifies the existing quantitative guidance used in determining the primary beneficiary of a variable interest entity (VIE) by requiring entities to qualitatively assess whether an enterprise is a primary beneficiary, based on whether the entity has (i) power over the significant activities of the VIE, and (ii) an obligation to absorb losses or the right to receive benefits that could be potentially significant to the VIE. The adoption of this guidance on January 1, 2010 did not have a material effect on our consolidated financial statements.

(UNAUDITED)

4. Investments in Partially Owned Entities*Toys R Us (Toys)*

As of March 31, 2010, we own 32.7% of Toys. The business of Toys is highly seasonal. Historically, Toys' fourth quarter net income accounts for more than 80% of its fiscal year net income. We account for our investment in Toys under the equity method and record our 32.7% share of Toys' net income or loss on a lag basis because Toys' fiscal year ends on the Saturday nearest January 31, and our fiscal year ends on December 31. As of March 31, 2010, the carrying amount of our investment in Toys does not differ materially from our share of the equity in the net assets of Toys on a purchase accounting basis.

Below is a summary of Toys' latest available financial information on a purchase accounting basis:

(Amounts in thousands)	Balance as of	
Balance Sheet:	January 30, 2010	October 31, 2009
Assets	\$ 11,770,000	\$ 12,589,000

Toys R Us, Inc. equity	1,600,000	1,279,000

	For the Three Months Ended	
Income Statement:	January 30, 2010	January 31, 2009
Total revenue	\$ 5,857,000	\$ 5,461,000
Net income attributable to Toys	379,000	291,000

Alexander's, Inc. (Alexander's) (NYSE: ALX)

As of March 31, 2010, we own 32.4% of the outstanding common stock of Alexander's. We manage, lease and develop Alexander's properties pursuant to agreements which expire in March of each year and are automatically renewable. As of March 31, 2010, Alexander's owed us \$58,660,000 in fees under these agreements.

Edgar Filing: VORNADO REALTY TRUST - Form 10-Q

Based on Alexander's March 31, 2010 closing share price of \$299.13, the market value (fair value pursuant to ASC 820) of our investment in Alexander's is \$494,781,000, or \$297,600,000 in excess of the March 31, 2010 carrying amount on our consolidated balance sheet. As of March 31, 2010, the carrying amount of our investment in Alexander's, excluding amounts owed to us, exceeds our share of the equity in the net assets of Alexander's by approximately \$60,226,000. The majority of this basis difference resulted from the excess of our purchase price for the Alexander's common stock acquired over the book value of Alexander's net assets. Substantially all of this basis difference was allocated, based on our estimates of the fair values of Alexander's assets and liabilities, to their real estate (land and buildings). We are amortizing the basis difference related to the buildings into earnings as additional depreciation expense over their estimated useful lives. This depreciation is not material to our share of equity in Alexander's net income or loss. The basis difference related to the land will be recognized upon disposition of our investment.

Below is a summary of Alexander's latest available financial information:

(Amounts in thousands)	Balance as of	
Balance Sheet:	March 31, 2010	December 30, 2009
Assets	\$ 1,696,000	\$ 1,704,000

4. Investments in Partially Owned Entities - continued*Lexington Realty Trust (Lexington) (NYSE: LXP)*

As of March 31, 2010, we own 18,468,969 Lexington common shares, or approximately 13.9% of Lexington's common equity. We account for our investment in Lexington on the equity method because we believe we have the ability to exercise significant influence over Lexington's operating and financial policies, based on, among other factors, our representation on Lexington's Board of Trustees and the level of our ownership in Lexington as compared to other shareholders. We record our pro rata share of Lexington's net income or loss on a one-quarter lag basis because we file our consolidated financial statements on Form 10-K and 10-Q prior to the time that Lexington files its financial statements.

Based on Lexington's March 31, 2010 closing share price of \$6.51, the market value (fair value pursuant to ASC 820) of our investment in Lexington was \$120,233,000, or \$60,833,000 in excess of the March 31, 2010 carrying amount on our consolidated balance sheet. As of March 31, 2010, the carrying amount of our investment in Lexington was less than our share of the equity in the net assets of Lexington by approximately \$63,000,000. This basis difference resulted primarily from \$107,882,000 of non-cash impairment charges we recognized during 2008. The remainder of the basis difference related to purchase accounting for our acquisition of an additional 8,000,000 common shares of Lexington in October 2008, of which the majority relates to our estimate of the fair values of Lexington's real estate (land and buildings) as compared to their carrying amounts in Lexington's consolidated financial statements. We are amortizing the basis difference related to the buildings into earnings as an adjustment to depreciation expense over their estimated useful lives. This depreciation is not material to our share of equity in Lexington's net income or loss. The basis difference attributable to the land will be recognized upon disposition of our investment.

The excess of the carrying amount over the net realizable value of a loan is recognized as a reduction of interest and other investment income, net in our consolidated statement of income.

Redeemable noncontrolling interests on our consolidated balance sheets represent Operating Partnership units held by third parties and are comprised of Class A units and Series D-10, D-11, D-12, D-14 and D-15 (collectively, Series D) cumulative redeemable preferred units. Redeemable noncontrolling interests on our consolidated balance sheets are recorded at the greater of their carrying amount or redemption value at the end of each reporting period. Changes in the value from period to period are charged to additional capital in our consolidated statements of changes in equity. Below is a table summarizing the activity of redeemable noncontrolling interests.

Redeemable noncontrolling interests exclude our Series G convertible preferred units and Series D-13 cumulative redeemable preferred units, as they are accounted for as liabilities in accordance with ASC 480, *Distinguishing Liabilities and Equity*, because of their possible settlement by issuing a variable number of Vornado common shares. Accordingly the fair value of these units is included as a component of other liabilities on our consolidated balance

sheets and aggregated \$60,925,000 and \$60,271,000 as of March 31, 2010 and December 31, 2009, respectively.

On March 5, 2010, we redeemed 246,153 Series D-12 cumulative redeemable preferred units for \$16.25 per unit in cash, or \$4,000,000 in the aggregate. In connection therewith, we recognized a \$2,154,000 net gain which is included as a component of net income attributable to noncontrolling interests, including unit distributions, on our consolidated statement of income.

10. Fair Value Measurements

ASC 820, *Fair Value Measurement and Disclosures* defines fair value and establishes a framework for measuring fair value. The objective of fair value is to determine the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). ASC 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three levels: Level 1 – quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities; Level 2 – observable prices that are based on inputs not quoted in active markets, but corroborated by market data; and Level 3 – unobservable inputs that are used when little or no market data is available. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, we utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as consider counterparty credit risk in our assessment of fair value. Considerable judgment is necessary to interpret Level 2 and 3 inputs in determining the fair value of our financial and non-financial assets and liabilities. Accordingly, there can be no assurance that the fair values we present herein are indicative of amounts that may ultimately be realized upon sale or other disposition of these assets.

Financial Assets and Liabilities Measured at Fair Value

Financial assets and liabilities that are measured at fair value in our consolidated financial statements consist primarily of (i) marketable equity securities, (ii) the assets of our deferred compensation plan, which are primarily marketable equity securities and equity investments in limited partnerships, (iii) short-term investments (CDARS classified as available-for-sale) and (iv) mandatorily redeemable instruments (Series G convertible preferred units and Series D-13 cumulative redeemable preferred units). The tables below aggregate the fair values of financial assets and liabilities by the levels in the fair value hierarchy at March 31, 2010 and December 31, 2009, respectively.

Our Share Option Plan (the Plan) provides for grants of incentive and non-qualified stock options, restricted stock, restricted Operating Partnership units and out-performance plan awards to certain of our employees and officers. We account for all stock-based compensation in accordance ASC 718, *Compensation - Stock Compensation*. Stock-based compensation expense for the three months ended March 31, 2010 and 2009 consists of stock option awards, restricted stock awards, Operating Partnership unit awards and out-performance plan awards. In the three months ended March 31, 2010 and 2009, we recognized \$6,477,000 and \$10,249,000 of stock-based compensation expense, respectively.

On March 31, 2009, our nine most senior executives voluntarily surrendered their 2007 and 2008 stock option awards and their 2008 out-performance plan awards. Accordingly, we recognized \$32,588,000 of expense in the first quarter of 2009 representing the unamortized portion of these awards, which is included as a component of general and administrative expense on our consolidated statement of income.

Insurance

We maintain general liability insurance with limits of \$300,000,000 per occurrence and all risk property and rental value insurance with limits of \$2.0 billion per occurrence, including coverage for terrorist acts, with sub-limits for certain perils such as floods. Our California properties have earthquake insurance with coverage of \$150,000,000 per occurrence, subject to a deductible in the amount of 5% of the value of the affected property, up to a \$150,000,000 annual aggregate.

Penn Plaza Insurance Company, LLC (PPIC), our wholly owned consolidated subsidiary, acts as a re-insurer with respect to a portion of our earthquake insurance coverage and as a direct insurer for coverage for acts of terrorism, including nuclear, biological, chemical and radiological (NBCR) acts, as defined by TRIPRA. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies and the Federal government with no exposure to PPIC. Our coverage for NBCR losses is up to \$2 billion per occurrence, for which PPIC is responsible for a deductible of \$3,200,000 and 15% of the balance of a covered loss and the Federal government is responsible for the remaining 85% of a covered loss. We are ultimately responsible for any loss borne by PPIC.

We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in future policy years.

Our debt instruments, consisting of mortgage loans secured by our properties which are non-recourse to us, senior unsecured notes, exchangeable senior debentures, convertible senior debentures and revolving credit agreements contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain it could adversely affect our ability to finance and/or refinance our properties and expand our portfolio.

Other Commitments and Contingencies

Our mortgage loans are non-recourse to us. However, in certain cases we have provided guarantees or master leased tenant space. These guarantees and master leases terminate either upon the satisfaction of specified circumstances or repayment of the underlying loans. As of March 31, 2010, the aggregate dollar amount of these guarantees and master leases is approximately \$130,646,000.

At March 31, 2010, \$30,652,000 of letters of credit were outstanding under one of our revolving credit facilities. Our credit facilities contain financial covenants that require us to maintain minimum interest coverage and maximum debt to market capitalization ratios, and provide for higher interest rates in the event of a decline in our ratings below Baa3/BBB. Our credit facilities also contain customary conditions precedent to borrowing, including representations and warranties and also contain customary events of default that could give rise to accelerated repayment, including such items as failure to pay interest or principal.

Each of our properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

We are committed to fund additional capital to certain of our partially owned entities aggregating approximately \$18,360,000.

As part of the process of obtaining the required approvals to demolish and develop our 220 Central Park South property into a new residential tower, we have committed to fund the estimated project cost of approximately \$400,000,000 to \$425,000,000.

Litigation

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters, including the matters referred to below, are not expected to have a material adverse effect on our financial position, results of operations or cash flows.

On January 8, 2003, Stop & Shop filed a complaint with the United States District Court for the District of New Jersey (USDC-NJ) claiming that we had no right to reallocate and therefore continue to collect the \$5,000,000 of annual rent from Stop & Shop pursuant to the Master Agreement and Guaranty, because of the expiration of the East Brunswick, Jersey City, Middletown, Union and Woodbridge leases to which the \$5,000,000 of additional rent was previously allocated. Stop & Shop asserted that a prior order of the Bankruptcy Court for the Southern District of New York dated February 6, 2001, as modified on appeal to the District Court for the Southern District of New York on February 13, 2001, froze our right to reallocate which effectively terminated our right to collect the additional rent from Stop & Shop. On March 3, 2003, after we moved to dismiss for lack of jurisdiction, Stop & Shop voluntarily withdrew its complaint. On March 26, 2003, Stop & Shop filed a new complaint in New York State Supreme Court, asserting substantially the same claims as in its USDC-NJ complaint. We removed the action to the United States District Court for the Southern District of New York. In January 2005 that court remanded the action to the New York State Supreme Court. On February 14, 2005, we served an answer in which we asserted a counterclaim seeking a judgment for all the unpaid additional rent accruing through the date of the judgment and a declaration that Stop & Shop will continue to be liable for the additional rent as long as any of the leases subject to the Master Agreement and Guaranty remain in effect. On May 17, 2005, we filed a motion for summary judgment. On July 15, 2005, Stop & Shop opposed our motion and filed a cross-motion for summary judgment. On December 13, 2005, the Court issued its decision denying the motions for summary judgment. Both parties appealed the Court's decision and on December 14, 2006, the Appellate Court division issued a decision affirming the Court's decision. On January 16, 2007, we filed a motion for the reconsideration of one aspect of the Appellate Court's decision which was denied on March 13, 2007. Discovery is now complete. On October 19, 2009, Stop & Shop filed a motion for leave to amend its pleadings to assert new claims for relief, including a claim for damages in an unspecified amount, and an additional affirmative defense. On April 26, 2010, Stop and Shop's motion was denied. We anticipate that a trial date will be set for some time in 2010. We intend to continue to vigorously pursue our claims against Stop & Shop. In our opinion, after consultation with legal counsel, the outcome of such matters will not have a material effect on our financial condition, results of operations or cash flows.

On May 24, 2007, we acquired a 70% controlling interest in 1290 Avenue of the Americas and the 555 California Street complex. Our 70% interest was acquired through the purchase of all of the shares of a group of foreign companies that own, through U.S. entities, the 1% sole general partnership interest and a 69% limited partnership interest in the partnerships that own the two properties. The remaining 30% limited partnership interest is owned by Donald J. Trump. In August 2005, Mr. Trump brought a lawsuit in the New York State Supreme Court against, among others, the general partners of the partnerships referred to above relating to a dispute over the sale of properties located on the former Penn Central rail yards between West 59th and 72nd Streets in Manhattan which were formerly owned by the partnerships. In decisions issued in 2006, 2007 and 2009, the New York State Supreme Court dismissed all of Mr. Trump's claims, and those decisions were affirmed by the Appellate Division. Mr. Trump cannot further appeal those decisions. In April 2010, Mr. Trump notified us of his intent to file a new suit claiming, among other things, that the limited partnerships should be dissolved. On April 29, 2010, we filed a motion for declaratory judgment in New York courts seeking to dispose of this claim.

In July 2005, we acquired H Street Building Corporation (H Street) which has a subsidiary that owns, among other things, a 50% tenancy in common interest in land located in Arlington County, Virginia, known as "Pentagon Row," leased to two tenants, Street Retail, Inc. and Post Apartment Homes, L.P. . In April 2007, H Street acquired the remaining 50% interest in that fee. On September 25, 2008, both tenants filed suit against us and the former owners claiming the right of first offer to purchase the fee interest, damages in excess of \$75,000,000 and punitive damages. On April 6, 2010, the Trial Court ruled, in favor of the tenants, that we sell the land to the tenants for a net sales price of \$14,992,000, representing the Trial Court's allocation of our purchase price for H Street. The request for damages and punitive damages was denied. We intend to appeal the Trial Court's decision and expect that the transfer of the land will be stayed pending the appeal. As a result of the Trial Court's decision, we have recorded a \$10,056,000 loss accrual in the three months ended March 31, 2010, primarily representing previously recognized rental income.

19. Segment Information continued

Notes to preceding tabular information

(1) EBITDA represents Earnings Before Interest, Taxes, Depreciation and Amortization. We consider EBITDA a supplemental measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.

(2) Interest and debt expense, depreciation and amortization and income tax expense in the reconciliation of net income (loss) to EBITDA includes our share of these items from partially owned entities.

(3) Other EBITDA is comprised of:

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Shareholders and Board of Trustees
Vornado Realty Trust
New York, New York

We have reviewed the accompanying consolidated balance sheet of Vornado Realty Trust (the "Company") as of March 31, 2010, and the related consolidated statements of income, changes in equity and cash flows for the three-month periods ended March 31, 2010 and 2009. These interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Vornado Realty Trust as of December 31, 2009, and the related consolidated statements of income, changes in equity, and cash flows for the year then ended (not presented herein); and in our report dated February 23, 2010, we expressed an unqualified opinion on those consolidated financial statements and included an explanatory paragraph relating to a change in method of accounting for debt with conversion options and noncontrolling interests in consolidated subsidiaries. In our opinion, the information set forth in the accompanying consolidated balance sheet as of December 31, 2009 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Certain statements contained herein constitute forward looking statements as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of performance. They represent our intentions, plans, expectations and beliefs and are subject to numerous assumptions, risks and uncertainties. Our future results, financial condition and business may differ materially from those expressed in these forward-looking statements. You can find many of these statements by looking for words such as approximates, believes, expects, anticipates, estimates, intends, may or other similar expressions in this Quarterly Report on Form 10-Q. Many of the factors that will determine the outcome of these and our other forward-looking statements are beyond our ability to control or predict. For further discussion of factors that could materially affect the outcome of our forward-looking statements, see Item 1A. Risk Factors of our Annual Report on Form 10-K for the year ended December 31, 2009. For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date of this Quarterly Report on Form 10-Q or the date of any document incorporated by reference. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. We do not undertake any obligation to release publicly any revisions to our forward-looking statements to reflect events or circumstances occurring after the date of this Quarterly Report on Form 10-Q.

Management's Discussion and Analysis of Financial Condition and Results of Operations includes a discussion of our consolidated financial statements for the three months ended March 31, 2010. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Critical Accounting Policies

A summary of our critical accounting policies is included in our Annual Report on Form 10-K for the year ended December 31, 2009 in Management's Discussion and Analysis of Financial Condition. There have been no significant changes to our policies during 2010.

Overview*Business Objective and Operating Strategy*

Our business objective is to maximize shareholder value, which we measure by the total return provided to our shareholders. Below is a table comparing our performance to the Morgan Stanley REIT Index (RMS) and the SNL REIT Index (SNL) for the following periods ending March 31, 2010:

	Vornado	Total Return ⁽¹⁾ RMS	SNL
One-year	135.0%	110.5%	109.5%
Three-years	(29.6%)	(29.4%)	(26.4%)
Five-years	31.7%	20.3%	24.3%
Ten-years	269.7%	189.2%	205.4%

(1) Past performance is not necessarily indicative of how we will perform in the future.

We intend to achieve our business objective by continuing to pursue our investment philosophy and executing our operating strategies through:

- Maintaining a superior team of operating and investment professionals and an entrepreneurial spirit;
- Investing in properties in select markets, such as New York City and Washington, DC, where we believe there is a high likelihood of capital appreciation;
- Acquiring quality properties at a discount to replacement cost and where there is a significant potential for higher rents;
- Investing in retail properties in select under-stored locations such as the New York City metropolitan area;
- Investing in fully-integrated operating companies that have a significant real estate component; and
- Developing and redeveloping our existing properties to increase returns and maximize value.

We expect to finance our growth, acquisitions and investments using internally generated funds, proceeds from possible asset sales and by accessing the public and private capital markets. We may also offer Vornado common or

preferred shares or Operating Partnership units in exchange for property and may repurchase or otherwise reacquire our shares or any other securities in the future.

We may also determine to raise capital for future real estate acquisitions through an institutional investment fund. We would serve as the general partner of the fund and would also expect to be a limited partner of the fund and have the potential to earn certain incentives based on the fund's performance. The fund may serve as our exclusive investment vehicle for a limited period of time for all investments that fit within the fund's investment parameters. If we determine to raise capital through a fund, the partnership interests offered would not be registered under the Securities Act of 1933 and could not be offered or sold in the United States absent registration under that act or an applicable exemption from those registration requirements.

We have a large concentration of properties in the New York City metropolitan area and in the Washington, DC and Northern Virginia areas. We compete with a large number of real estate property owners and developers, some of which may be willing to accept lower returns on their investments. Principal factors of competition are rents charged, attractiveness of location, the quality of the property and breadth and quality of services provided. Our success depends upon, among other factors, trends of the national, regional and local economies, financial condition and operating results of current and prospective tenants and customers, availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation and population trends. See Risk Factors in Item 1A of our Annual Report on form 10-K for the year ended December 31, 2009, for additional information regarding these factors.

The economic recession and illiquidity and volatility in the financial and capital markets during 2008 and 2009 negatively affected substantially all businesses, including ours. Although signs of a recovery in 2010 have emerged, it is not possible for us to quantify the timing and impact of such a recovery, or lack thereof, on our future financial results.

The following table sets forth certain information for the properties we own directly or indirectly, including leasing activity. The leasing activity presented below is based on leases signed during the period and is not intended to coincide with the commencement of rental revenue in accordance with accounting principles generally accepted in the United States of America (GAAP). Tenant improvements and leasing commissions are presented below based on square feet leased during the period, on a per square foot and per square foot per annum basis, based on weighted average lease terms and as a percentage of initial rent per square foot.

Interest on the notes is payable semi-annually on April 1 and October 1, commencing on October 1, 2010. The notes were sold at 99.834% of their face amount to yield 4.287%. The notes can be redeemed without penalty beginning January 1, 2015. We retained net proceeds of approximately \$496,000,000.

Recently Issued Accounting Literature

On January 21, 2010, the Financial Accounting Standards Board (FASB) issued an update to Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, adding new requirements for disclosures about transfers into and out of Levels 1 and 2 fair value measurements and additional disclosures about the activity within Level 3 fair value measurements. The retrospective application of this guidance on January 1, 2010 did not have a material effect on our consolidated financial statements.

In June 2009, the FASB issued an update to ASC 810, *Consolidation*, which modifies the existing quantitative guidance used in determining the primary beneficiary of a variable interest entity (VIE) by requiring entities to qualitatively assess whether an enterprise is a primary beneficiary, based on whether the entity has (i) power over the significant activities of the VIE, and (ii) an obligation to absorb losses or the right to receive benefits that could be potentially significant to the VIE. The adoption of this guidance on January 1, 2010 did not have a material effect on our consolidated financial statements.

Net Income and EBITDA by Segment for the Three Months Ended March 31, 2010 and 2009 - continued**Notes to preceding tabular information:**

(1) EBITDA represents Earnings Before Interest, Taxes, Depreciation and Amortization. We consider EBITDA a supplemental measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.

(2) Interest and debt expense, depreciation and amortization and income tax expense in the reconciliation of net income (loss) to EBITDA includes our share of these items from partially owned entities.

(3) Other EBITDA is comprised of:

(1) Results from a \$3,616 increase in BMS operating expenses and a \$1,098 increase in non-reimbursable operating expenses, partially offset by a \$1,687 decrease in reimbursable operating expenses.

(2) Primarily from the elimination of inter-company fees from operating segments upon consolidation.

(3) On March 31, 2009, our nine most senior executives voluntarily surrendered their 2007 and 2008 stock option awards and their 2008 out-performance plan awards. Accordingly, we recognized \$32,588 of expense in the first quarter of 2009, representing the unamortized portion of these awards.

(4) This increase in expense is entirely offset by a corresponding increase in income from the mark-to-market of the deferred compensation plan assets, a component of interest and other investment income on our consolidated statements of income.

(5) Primarily due to \$2,800 of pension plan termination costs in 2009.

(6) Primarily from lower stock-based compensation as a result of the voluntary surrender of equity awards on March 31, 2009. Stock-based compensation awards granted in March 2010 will result in an increase in expense in subsequent quarters of approximately \$1,650 per quarter (\$2,900 including our operating segments) over the prior year's comparable amounts.

(7) For additional information, see page 52.

Results of Operations Three Months Ended March 31, 2010 Compared to March 31, 2009 - continued

Income Applicable to Alexander's

Our 32.4% share of Alexander's net income (comprised of our share of Alexander's net income, management, leasing, and development fees) was \$6,460,000 for the three months ended March 31, 2010, compared to \$18,133,000 for the prior year's first quarter, a decrease of \$11,673,000. Same Store EBITDA

Same store EBITDA represents EBITDA from property level operations which are owned by us in both the current and prior year reporting periods. Same store EBITDA excludes segment-level overhead expenses, which are expenses that we do not consider to be property-level expenses, as well as other non-operating items. We present same store EBITDA on both a GAAP basis and a cash basis, which excludes income from the straight-lining of rents, amortization of below-market leases, net of above-market leases and other non-cash adjustments. We present these non-GAAP measures to (i) facilitate meaningful comparisons of the operational performance of our properties and segments, (ii) make decisions on whether to buy, sell or refinance properties, and (iii) compare the performance of our properties and segments to those of our peers. Same store EBITDA should not be considered as an alternative to net income or cash flow from operations and may not be comparable to similarly titled measures employed by other companies.

SUPPLEMENTAL INFORMATION

Three Months Ended March 31, 2010 vs. Three Months Ended December 31, 2009

Our revenues and expenses are subject to seasonality during the year which impacts quarterly net earnings, cash flows and funds from operations, and therefore impacts comparisons of the current quarter to the previous quarter. The business of Toys is highly seasonal. Historically, Toys' fourth quarter net income, which we record on a one-quarter lag basis in our first quarter, accounts for more than 80% of Toys' fiscal year net income. The Office and Merchandise Mart segments have historically experienced higher utility costs in the first and third quarters of the year. The Merchandise Mart segment also has experienced higher earnings in the second and fourth quarters of the year due to major trade shows occurring in those quarters. The Retail segment revenue in the fourth quarter is typically higher due to the recognition of percentage rental income. Below are the same store EBITDA results on a GAAP and cash basis for each of our segments for the three months ended March 31, 2010, compared to the three months ended December 31, 2009.

LIQUIDITY AND CAPITAL RESOURCES

We anticipate that cash flow from continuing operations over the next twelve months will be adequate to fund our business operations, cash distributions to unitholders of the Operating Partnership, cash dividends to shareholders, debt amortization and recurring capital expenditures. Capital requirements for significant acquisitions and development expenditures may require funding from borrowings and/or equity offerings. We may from time to time purchase or retire outstanding debt securities. Such purchases, if any, will depend on prevailing market conditions, liquidity requirements and other factors. The amounts involved in connection with these transactions could be material to our consolidated financial statements.

We may also determine to raise capital for future real estate acquisitions through an institutional investment fund. We would serve as the general partner of the fund and would also expect to be a limited partner of the fund and have the potential to earn certain incentives based on the fund's performance. The fund may serve as our exclusive investment vehicle for a limited period of time for all investments that fit within the fund's investment parameters. If we determine to raise capital through a fund, the partnership interests offered would not be registered under the Securities Act of 1933 and could not be offered or sold in the United States absent registration under that act or an applicable exemption from those registration requirements.

Cash Flows for the Three Months Ended March 31, 2010

Property rental income is our primary source of cash flow and is dependent upon the occupancy and rental rates of our properties. Insurance

We maintain general liability insurance with limits of \$300,000,000 per occurrence and all risk property and rental value insurance with limits of \$2.0 billion per occurrence, including coverage for terrorist acts, with sub-limits for certain perils such as floods. Our California properties have earthquake insurance with coverage of \$150,000,000 per occurrence, subject to a deductible in the amount of 5% of the value of the affected property, up to a \$150,000,000 annual aggregate.

Penn Plaza Insurance Company, LLC (PPIC), our wholly owned consolidated subsidiary, acts as a re-insurer with respect to a portion of our earthquake insurance coverage and as a direct insurer for coverage for acts of terrorism, including nuclear, biological, chemical and radiological (NBCR) acts, as defined by TRIPRA. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies and the Federal government with no exposure to PPIC. Our coverage for NBCR losses is up to \$2 billion per occurrence, for which PPIC is responsible for a deductible of \$3,200,000 and 15% of the balance of a covered loss and the Federal government is responsible for the remaining 85% of a covered loss. We are ultimately responsible for any loss borne by PPIC.

We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in future policy years.

Our debt instruments, consisting of mortgage loans secured by our properties which are non-recourse to us, senior unsecured notes, exchangeable senior debentures, convertible senior debentures and revolving credit agreements contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain it could adversely affect our ability to finance and/or refinance our properties and expand our portfolio.

Other Commitments and Contingencies

Our mortgage loans are non-recourse to us. However, in certain cases we have provided guarantees or master leased tenant space. These guarantees and master leases terminate either upon the satisfaction of specified circumstances or repayment of the underlying loans. As of March 31, 2010, the aggregate dollar amount of these guarantees and master leases is approximately \$130,646,000.

At March 31, 2010, \$30,652,000 of letters of credit were outstanding under one of our revolving credit facilities. Our credit facilities contain financial covenants that require us to maintain minimum interest coverage and maximum debt to market capitalization ratios, and provide for higher interest rates in the event of a decline in our ratings below Baa3/BBB. Our credit facilities also contain customary conditions precedent to borrowing, including representations and warranties and also contain customary events of default that could give rise to accelerated repayment, including such items as failure to pay interest or principal.

Each of our properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

We are committed to fund additional capital to certain of our partially owned entities aggregating approximately \$18,360,000.

As part of the process of obtaining the required approvals to demolish and develop our 220 Central Park South property into a new residential tower, we have committed to fund the estimated project cost of approximately \$400,000,000 to \$425,000,000.

Litigation

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters, including the matters referred to below, are not expected to have a material adverse effect on our financial position, results of operations or cash flows.

On January 8, 2003, Stop & Shop filed a complaint with the United States District Court for the District of New Jersey (USDC-NJ) claiming that we had no right to reallocate and therefore continue to collect the \$5,000,000 of annual rent from Stop & Shop pursuant to the Master Agreement and Guaranty, because of the expiration of the East Brunswick, Jersey City, Middletown, Union and Woodbridge leases to which the \$5,000,000 of additional rent was previously allocated. Stop & Shop asserted that a prior order of the Bankruptcy Court for the Southern District of New York dated February 6, 2001, as modified on appeal to the District Court for the Southern District of New York on February 13, 2001, froze our right to reallocate which effectively terminated our right to collect the additional rent from Stop & Shop. On March 3, 2003, after we moved to dismiss for lack of jurisdiction, Stop & Shop voluntarily withdrew its complaint. On March 26, 2003, Stop & Shop filed a new complaint in New York State Supreme Court, asserting substantially the same claims as in its USDC-NJ complaint. We removed the action to the United States District Court for the Southern District of New York. In January 2005 that court remanded the action to the New York State Supreme Court. On February 14, 2005, we served an answer in which we asserted a counterclaim seeking a judgment for all the unpaid additional rent accruing through the date of the judgment and a declaration that Stop & Shop will continue to be liable for the additional rent as long as any of the leases subject to the Master Agreement and Guaranty remain in effect. On May 17, 2005, we filed a motion for summary judgment. On July 15, 2005, Stop & Shop opposed our motion and filed a cross-motion for summary judgment. On December 13, 2005, the Court issued its decision denying the motions for summary judgment. Both parties appealed the Court's decision and on December 14, 2006, the Appellate Court division issued a decision affirming the Court's decision. On January 16, 2007, we filed a motion for the reconsideration of one aspect of the Appellate Court's decision which was denied on March 13, 2007. Discovery is now complete. On October 19, 2009, Stop & Shop filed a motion for leave to amend its pleadings to assert new claims for relief, including a claim for damages in an unspecified amount, and an additional affirmative defense. On April 26, 2010, Stop and Shop's motion was denied. We anticipate that a trial date will be set for some time in 2010. We intend to continue to vigorously pursue our claims against Stop & Shop. In our opinion, after consultation with legal counsel, the outcome of such matters will not have a material effect on our financial condition, results of operations or cash flows.

On May 24, 2007, we acquired a 70% controlling interest in 1290 Avenue of the Americas and the 555 California Street complex. Our 70% interest was acquired through the purchase of all of the shares of a group of foreign companies that own, through U.S. entities, the 1% sole general partnership interest and a 69% limited partnership interest in the partnerships that own the two properties. The remaining 30% limited partnership interest is owned by Donald J. Trump. In August 2005, Mr. Trump brought a lawsuit in the New York State Supreme Court against, among others, the general partners of the partnerships referred to above relating to a dispute over the sale of properties located on the former Penn Central rail yards between West 59th and 72nd Streets in Manhattan which were formerly

owned by the partnerships. In decisions issued in 2006, 2007 and 2009, the New York State Supreme Court dismissed all of Mr. Trump's claims, and those decisions were affirmed by the Appellate Division. Mr. Trump cannot further appeal those decisions. In April 2010, Mr. Trump notified us of his intent to file a new suit claiming, among other things, that the limited partnerships should be dissolved. On April 29, 2010, we filed a motion for declaratory judgment in New York courts seeking to dispose of this claim.

In July 2005, we acquired H Street Building Corporation (H Street) which has a subsidiary that owns, among other things, a 50% tenancy in common interest in land located in Arlington County, Virginia, known as "Pentagon Row," leased to two tenants, Street Retail, Inc. and Post Apartment Homes, L.P. . In April 2007, H Street acquired the remaining 50% interest in that fee. On September 25, 2008, both tenants filed suit against us and the former owners claiming the right of first offer to purchase the fee interest, damages in excess of \$75,000,000 and punitive damages. On April 6, 2010, the Trial Court ruled, in favor of the tenants, that we sell the land to the tenants for a net sales price of \$14,992,000, representing the Trial Court's allocation of our purchase price for H Street. The request for damages and punitive damages was denied. We intend to appeal the Trial Court's decision and expect that the transfer of the land will be stayed pending the appeal. As a result of the Trial Court's decision, we have recorded a \$10,056,000 loss accrual in the three months ended March 31, 2010, primarily representing previously recognized rental income.

FUNDS FROM OPERATIONS (FFO)

FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (NAREIT). NAREIT defines FFO as GAAP net income or loss adjusted to exclude net gains from sales of depreciated real estate assets, depreciation and amortization expense from real estate assets, extraordinary items and other specified non-cash items, including the pro rata share of such adjustments of unconsolidated subsidiaries. FFO and FFO per diluted share are used by management, investors and analysts to facilitate meaningful comparisons of operating performance between periods and among our peers because it excludes the effect of real estate depreciation and amortization and net gains on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. FFO does not represent cash generated from operating activities and is not necessarily indicative of cash available to fund cash requirements and should not be considered as an alternative to net income as a performance measure or cash flow as a liquidity measure. FFO may not be comparable to similarly titled measures employed by other companies. The calculations of both the numerator and denominator used in the computation of income per share are disclosed in footnote 15 Income Per Share, in the notes to our consolidated financial statements on page 24 of this Quarterly Report on Form 10-Q.

FFO for the Three Months Ended March 31, 2010, and 2009

FFO attributable to common shareholders plus assumed conversions was \$353,826,000, or \$1.87 per diluted share for the three months ended March 31, 2010, compared to \$268,582,000, or \$1.65 per diluted share for the prior year's quarter. Details of certain items that affect comparability are discussed in the financial results summary of our Overview.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We have exposure to fluctuations in market interest rates. Market interest rates are sensitive to many factors that are beyond our control. Our exposure to a change in interest rates on our consolidated and non-consolidated debt (all of which arises out of non-trading activity) is as follows:

(Amounts in thousands, except per share amounts)	As at March 31, 2010		As at December 31, 2009		
	Balance	Weighted Average Interest Rate	Effect of 1% Change In Base Rates	Balance	Weighted Average Interest Rate
Consolidated debt:					
Variable rate	\$2,307,727	1.69%	\$23,077	\$2,657,972	1.67%
Fixed rate	8,783,135	5.91%		8,281,643	5.89%
	\$11,090,862	5.03%	23,077	\$10,939,615	4.86%
Pro-rata share of debt of non-consolidated entities (non-recourse):					
Variable rate excluding Toys	\$300,900	2.84%	3,009	\$331,980	2.87%
Variable rate Toys	368,512	5.14%	3,685	852,040	3.45%
Fixed rate (including \$1,300,695, and \$1,077,919 of Toys debt in 2010 and 2009)	2,152,951	7.33%		1,965,620	7.16%
	\$2,822,363	6.57%	6,694	\$3,149,640	5.70%
Redeemable noncontrolling interests share of above			(2,173)		
Total change in annual net income			\$27,598		
Per share-diluted			\$0.15		

We may utilize various financial instruments to mitigate the impact of interest rate fluctuations on our cash flows and earnings, including hedging strategies, depending on our analysis of the interest rate environment and the costs and risks of such strategies. As of March 31, 2010, variable rate debt with an aggregate principal amount of \$507,750,000 and a weighted average interest rate of 2.49% was subject to LIBOR caps. These caps are based on a notional amount of \$507,750,000 and cap LIBOR at a weighted average rate of 5.39%.

Fair Value of Debt

The estimated fair value of our debt at March 31, 2010 was less than its aggregate carrying amount by approximately \$394,808,000, based on current market prices and discounted cash flows at the current rate at which similar loans would be made to borrowers with similar credit ratings for the remaining term of such debt.

Item 4. Controls and Procedures

Disclosure Controls and Procedures: The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of March 31, 2010, such disclosure controls and procedures were effective.

Internal Control Over Financial Reporting: There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Securities and Exchange Act of 1934, as amended) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters, including the matters referred to below, are not expected to have a material adverse effect on our financial position, results of operations or cash flows.

On January 8, 2003, Stop & Shop filed a complaint with the United States District Court for the District of New Jersey (USDC-NJ) claiming that we had no right to reallocate and therefore continue to collect the \$5,000,000 of annual rent from Stop & Shop pursuant to the Master Agreement and Guaranty, because of the expiration of the East Brunswick, Jersey City, Middletown, Union and Woodbridge leases to which the \$5,000,000 of additional rent was previously allocated. On March 3, 2003, after we moved to dismiss for lack of jurisdiction, Stop & Shop voluntarily withdrew its complaint. On March 26, 2003, Stop & Shop filed a new complaint in New York State Supreme Court, asserting substantially the same claims as in its USDC-NJ complaint. We removed the action to the United States District Court for the Southern District of New York. In January 2005 that court remanded the action to the New York State Supreme Court. On February 14, 2005, we served an answer in which we asserted a counterclaim seeking a judgment for all the unpaid additional rent accruing through the date of the judgment and a declaration that Stop & Shop will continue to be liable for the additional rent as long as any of the leases subject to the Master Agreement and Guaranty remain in effect. On May 17, 2005, we filed a motion for summary judgment. On July 15, 2005, Stop & Shop opposed our motion and filed a cross-motion for summary judgment. On April 26, 2010, Stop and Shop's motion was denied. We anticipate that a trial date will be set for some time in 2010. We intend to continue to vigorously pursue our claims against Stop & Shop. In our opinion, after consultation with legal counsel, the outcome of such matters will not have a material effect on our financial condition, results of operations or cash flows.

On May 24, 2007, we acquired a 70% controlling interest in 1290 Avenue of the Americas and the 555 California Street complex. The remaining 30% limited partnership interest is owned by Donald J. Trump. In decisions issued in 2006, 2007 and 2009, the New York State Supreme Court dismissed all of Mr. Trump's claims, and those decisions were affirmed by the Appellate Division. Mr. Trump cannot further appeal those decisions. In April 2010, Mr. Trump notified us of his intent to file a new suit claiming, among other things, that the limited partnerships should be dissolved. On April 29, 2010, we filed a motion for declaratory judgment in New York courts seeking to dispose of this claim.

In July 2005, we acquired H Street Building Corporation (H Street) which has a subsidiary that owns, among other things, a 50% tenancy in common interest in land located in Arlington County, Virginia, known as "Pentagon Row," leased to two tenants, Street Retail, Inc. and Post Apartment Homes, L.P.
