Yes

No

If marked, indicate below the file number assigned to the registrant in connection with Rule 12g3-2(b): 82-_____

PRESS RELEASE

VEOLIA ENVIRONMENTAL SERVICES DELIVERS A NEW PFI¹ WITH SUCCESS, IN WEST BERKSHIRE, UNITED KINGDOM

Paris, March 17 2008 - West Berkshire Council has awarded Veolia Environmental Services (UK) Plc a 25-year integrated PFI waste contract representing cumulative total revenues of 667 million euros and is targeting a long-term 49% recycling rate as part of a major boost to recycling in the area. The decision strengthens Veolia's position as the UK PFI waste market leader and follows its nomination by the Council as preferred bidder on 30 May 2007.

Executive Councillor of West Berkshire Council, Geoff Findlay said: "This contract will meet the waste needs of West Berkshire for the next 25 years. It will provide a recycling rate of at least 49%, the diversion of 79% of household waste away from landfill and enhanced kerbside collection of recyclables in line with requests from local residents."

The contract covers the Council's waste collection, recycling, disposal and street cleansing services. Veolia Environmental Services will construct and operate materials recovery, waste transfer, composting and household waste recycling facilities. Waste arisings in West Berkshire amount to 100,000tpa and West Berkshire Council has been awarded 37,4million by Defra in PFI credits.

Denis Gasquet, CEO Veolia Environmental Services said: "Our integrated approach means we can deliver both the expansion of recycling services and waste infrastructure investment West Berkshire needs to meet its recycling and landfill diversion targets."

Denis Gasquet added: "At a time when Defra is increasing its funding for waste PFIs we are delighted we can demonstrate our commitment to deliver sustainable integrated waste management. Our approach combines innovative collection and recycling services for residents and efficient and reliable waste treatment and disposal which are a pre-requisite for municipal authorities."

Edgar Filing: VEOLIA ENVIRONNEMENT - Form 6-K

Geoff Findlay concluded: Full implementation will see the Council ranked as one of the best in the country for the sustainable treatment of its household waste.
