INFORMATION ABOUT THE MEETING

This Proxy Statement

We have sent you this proxy statement and the enclosed proxy card because our board of directors is soliciting your proxy to vote at our 2002 Annual Meeting of Stockholders or any adjournment or postponement of the meeting. The meeting will be held at 10 a.m., local time, on Wednesday, May 22, 2002, at the offices of Hale and Dorr LLP, 60 State Street, Boston, Massachusetts.

THIS PROXY STATEMENT summarizes information about the proposals to be considered at the meeting and other information you may find useful in determining how to vote.

THE PROXY CARD is the means by which you actually authorize another person to vote your shares in accordance with the instructions.

Our directors, officers and employees may solicit proxies in person or by telephone, mail, electronic mail, facsimile or telegram. We will pay the expenses of soliciting proxies, although we will not pay additional compensation to these individuals for soliciting proxies. We will request banks, brokers and other nominees holding shares for a beneficial owner to forward copies of the proxy materials to those beneficial owners and to request instructions for voting those shares. We will reimburse these banks, brokers and other nominees for their related reasonable expenses. We have not retained the services of any proxy solicitation firm to assist us in soliciting proxies.

We are mailing this proxy statement and the enclosed proxy card to stockholders for the first time on April 17, 2002. In this mailing, we are enclosing a copy of our 2001 Annual Report to Stockholders, which includes our annual report on Form 10-K for the year ended December 31, 2001.

Who May Vote

Holders of record of our common stock at the close of business on April 10, 2002 are entitled to one vote per share on each matter properly brought before the meeting. The proxy card states the number of shares you are entitled to vote.

A list of stockholders entitled to vote will be available at the meeting. In addition, you may contact our Secretary, Jeet Singh, at our address as set forth in the notice appearing before this proxy statement, to make arrangements to review a copy of the stockholder list at our offices located at 25 First Street, Cambridge, Massachusetts, prior to the meeting, between the hours of 8:30 a.m. and 5:30 p.m., local time, on any business day from May 10, 2002 up to the time of the meeting.

How to Vote

You may vote your shares at the meeting in person or by proxy:

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

TO VOTE IN PERSON, you must attend the meeting, and then complete and submit the ballot provided at the meeting.

TO VOTE BY PROXY, you must do one of the following: (1) mark, sign and date the enclosed proxy card and then mail the proxy card to our transfer agent, EquiServe, N.A., or (2) submit your proxy electronically by using the Internet or telephone. To submit your vote using the Internet, log on to www.eproxyvote.com/artg. Use the registration number printed on your proxy

1

card as your login name, and use the last 4 digits of your Social Security number as the PIN. If you represent an entity rather than an individual, use the last 4 digits of the entity's Taxpayer Identification Number as the PIN. If the entity does not have a Taxpayer Identification Number, you will not be able to vote electronically. You will see an electronic version of the proxy card on the screen and you may submit your votes by clicking on your choice for each question. To submit your vote by telephone, you may call 1-877-PRX-VOTE (1-877-779-8683) and follow the directions. Your proxy will be valid only if you complete and return the proxy card or vote electronically before the meeting. By completing and returning the proxy card, either by mail or electronically, you will direct the designated persons to vote your shares at the meeting in the manner you specify in the proxy card. If you complete the proxy card with the exception of the voting instructions, then the designated persons will vote your shares for the election of the nominated directors and the amendment of the 1999 Employee Stock Purchase Plan. If any other business properly comes before the meeting, the designated persons will have the discretion to vote your shares as they deem appropriate

Even if you complete and return a proxy card or submit your proxy electronically, you may revoke it at any time before it is exercised by taking one of the following actions:

send written notice to Jeet Singh, our Secretary, at our address as set forth in the Notice appearing before this proxy statement;

send us another signed proxy with a later date;

log in to the Internet the same way you did originally and change your votes;

call the telephone number listed above and change your votes; or

attend the meeting, notify our Secretary that you are present, and then vote by ballot.

If your shares are held in the name of a bank, broker or other nominee holder, you will receive instructions from the holder of record explaining how your shares may be voted. Please note that, in such an event, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the meeting.

Quorum Required to Transact Business

At the close of business on April 10, 2002, 69,763,367 shares of our common stock were outstanding. Our by-laws require that a majority of the shares of our common stock outstanding on that date be represented, in person or by proxy, at the meeting in order to constitute the quorum we need to transact business. We will count abstentions and broker non-votes in determining whether a quorum exists. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

2

DISCUSSION OF PROPOSALS

Proposal One: Election of Class III Directors

The first proposal on the agenda for the meeting is the election of two people to serve as Class III directors for three-year terms beginning at the meeting and ending at our 2005 Annual Meeting of Stockholders.

Under our by-laws, our board of directors has the authority to fix the number of directors. The number of directors currently is fixed at seven. Our by-laws provide that the board is to be divided into three classes serving for staggered three-year terms.

The board has nominated Joseph T. Chung and Jeet Singh, the current Class III directors, for re-election. Brief biographies of Mr. Chung and Mr. Singh, as of April 15, 2002, follow. You will find information about the stock holdings of Mr. Chung and Mr. Singh on page 18.

Joseph T. Chung

Mr. Chung has served as a director since 1991, when he co-founded the company with Jeet Singh. He has been a Co-Chairman of our board of directors since October 2001 and previously served as Chairman. He also serves as our Chief Technology Officer. Previously, Mr. Chung was the technical director and chief technology designer of the hyperinstrument group at the MIT Media Lab and held engineering positions at Apple Computer and Digital Equipment Corporation. Mr. Chung is 37 years old.

Jeet Singh

Mr. Singh has served as a director since 1991, when he co-founded the company with Joseph Chung. He has been our Chief Strategy Officer and a Co-Chairman of our board of directors since October 2001. Before October 2001, Mr. Singh served as our Chief Executive Officer. Previously, Mr. Singh held marketing positions with Boston Technology, Inc., a manufacturer of advanced voice processing computers, Team Technologies, a Washington, D.C.-based consulting firm specializing in workgroup productivity, and Groupe Bull/Bull Corporation of America. Mr. Singh is 38 years old.

We expect that Mr. Chung and Mr. Singh will be able to serve if elected. If either of them is not able to serve, proxies may be voted for a substitute nominee.

The nominees receiving the greatest number of votes cast will be elected as directors. We will not count abstentions when we tabulate votes cast for the director election. Brokers have discretionary voting power with respect to director elections.

Proposal Two: Increase in Shares Issuable under 1999 Employee Stock Purchase Plan

Our board of directors believes that our growth and profitability depend, in large part, upon our ability to maintain a competitive position in attracting and retaining key personnel. The board continues to believe that it is important for employees to invest in our company in order for them to have a financial stake in our success, and employees in the technology sector continue to expect and

require the ability to participate in an employee stock purchase plan as part of their total compensation packages because the benefits are more certain than the benefits from some other forms of equity-based compensation, such as stock options.

As of February 8, 2002, only 139 shares of our common stock were available for future purchase under our 1999 Employee Stock Purchase Plan. Accordingly, on March 20, 2002, the board adopted, subject to stockholder approval, an amendment to the purchase plan that would increase the number of shares of common stock available for issuance under the purchase plan from 1,000,000 to 3,000,000 (subject to a proportionate adjustment for certain changes in our capitalization, such as a stock split).

The table below shows the details of employee participation in the purchase plan during each period since its inception. Due to the decrease in the price of our common stock during 2001 and the high percentage of employee participation (56%) in the purchase plan, employees purchased over 694,000 shares of common stock during the offering period ending on February 8, 2002, depleting almost 70% of the 1,000,000 shares initially reserved under the purchase plan.

Purchases of Shares under 1999 Employee Stock Purchase Plan

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

PURCHASE DATE	PURCHASE PRICE	SHARES PURCHASED	NUMBER OF PARTICIPANTS
January 20, 2000	\$ 5.10	150,850	180
August 10, 2000	53.23	23,172	257
February 12, 2001	32.03	43,441	415
August 10, 2001	1.62	88,267	273
February 8, 2002	1.49	694,131	271
Total		999,861	

Any increase in the number of shares reserved under the purchase plan must be approved by our stockholders in order for our employees to benefit from the tax advantages that underlie the purchase plan. Therefore, in order for us to continue to use the purchase plan effectively as part of the compensation package we offer to our employees, we need to obtain stockholder approval for the amendment to the purchase plan.

The board believes that stockholder approval of the amendment to the purchase plan is in the best interests of our company and our stockholders and therefore recommends that stockholders vote FOR this proposal.

An affirmative vote of the holders of a majority of the common stock voting on the matter, in person or by proxy, is necessary to approve the amendment to the purchase plan. Abstentions effectively count as votes against approval of the amendment. Brokers have discretionary voting power with respect to this proposal.

Summary of Employee Stock Purchase Plan

The following summary is qualified in all respects by reference to the full text of our 1999 Employee Stock Purchase Plan. You can obtain a copy of the purchase plan by writing to Jeet Singh, our Secretary, at our address as set forth in the Notice appearing before this proxy statement.

The purchase plan was adopted by our board of directors on May 10, 1999 and approved by our stockholders on June 18, 1999. On March 20, 2002 the board voted to amend the purchase plan in order to reduce each plan offering period from 6 months to 3 months and to increase the number of shares that may be issued under the purchase plan from 1,000,000 to 3,000,000.

Only our employees are eligible to purchase shares of our common stock under the purchase plan. Employees receive the right to purchase a specified number of shares of common stock at 85% of the closing market price of our common stock on either (1) the first business day of the offering period or (2) the last business day of the offering period, whichever price is lower.

An employee may authorize us to make a payroll deduction of between 1% and 10% of the employee's compensation during any offering period. At the end of the offering period, the deducted money is used to buy shares of our common stock. No employee may be granted an option that permits the employee's rights to purchase stock under the purchase plan to accrue at a rate that exceeds \$25,000 of the fair market value of common stock (determined as of the date of this option is granted) for each calendar year in which the option is outstanding at any time.

The board administers the purchase plan and has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the purchase plan and to interpret the provisions of the purchase plan.

The board may amend the purchase plan at any time, except that if Section 423 of the Internal Revenue Code requires that the stockholders approve an amendment, the amendment will not be effective until stockholders approve it. Section 423 requires approval of the increase in the number of shares issuable under the purchase plan. It does not require approval of the shortening of the plan offering period from six months to three months, as described above.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that will arise with respect to participation in the purchase plan and with respect to the sale of common stock acquired under the purchase plan. This summary is based on the tax laws in effect as

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Tax Consequences to Participants. A participant will not have income upon enrolling in the purchase plan or upon purchasing stock at the end of an offering.

A participant may have both compensation income and capital gain income if the participant sells stock that was acquired under the purchase plan at a profit (if sales proceeds exceed the purchase price). The amount of each type of income will depend on when the participant sells the stock. If the participant sells the stock more than two years after the commencement of the offering during which the stock was purchased and more than one year after the date that the participant purchased the stock, then the participant will have compensation income equal to the lesser of:

15% of the value of the stock on the day the offering commenced; and

the participant's profit.

Any excess profit will be long-term capital gain.

5

If the participant sells the stock prior to satisfying these waiting periods, then he or she will have engaged in a disqualifying disposition. Upon a disqualifying disposition, the participant will have compensation income equal to the value of the stock on the day he or she purchased the stock less the purchase price. If the participant's profit exceeds the compensation income, then the excess profit will be capital gain. This capital gain will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

If the participant sells the stock at a loss (if sales proceeds are less than the purchase price), then the loss will be a capital loss. This capital loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Tax Consequences to ATG. There will be no tax consequences to us except that we will be entitled to a deduction when a participant has compensation income upon a disqualifying disposition. Any such deduction will be subject to the limitations of Section 162(m) of the Internal Revenue Code.

Other Matters

Our board of directors is not aware of any matters that are expected to come before the meeting other than those referred to in this proxy statement. If any other matter should properly come before the meeting, the persons named in the accompanying proxy card intend to vote the proxies in accordance with their best judgment.

The chairperson of the meeting may refuse to allow the transaction of any business not presented beforehand, or to acknowledge the nomination of any person not made, in compliance with the above procedures.

Submission of Future Stockholder Proposals

Under SEC rules, a stockholder who intends to present a proposal, including nomination of a director, at our 2003 Annual Meeting of Stockholders and who wishes the proposal to be included in the proxy statement for that meeting must submit the proposal in writing to our Secretary at 25 First Street, Cambridge, Massachusetts 02141, prior to December 18, 2002. SEC rules set standards for the types of stockholder proposals and the information that must be provided by the stockholder making the request.

A stockholder may also submit a proposal to be considered at our 2003 Annual Meeting of Stockholders pursuant to our by-laws, which provide that the proposal must be received by our Secretary not less than sixty days nor more than ninety days prior to that meeting. This notice must include the information required by the provisions of our by-laws, a copy of which may be obtained by writing to our Secretary at the address specified above. We have not yet set a date for our 2003 Annual Meeting. If the 2003 Annual Meeting were to be held on May 22, 2003, the anniversary of the 2002 Annual Meeting, the deadline for delivery of a stockholder proposal pursuant to our by-laws would be March 23, 2003. If a proposal is submitted pursuant to our by-laws but after December 18, 2002, the stockholder may not require that the proposal be included in the proxy statement for the 2003 Annual Meeting.

Audit Committee Report

The Audit Committee reviewed the audited financial statements for the year ended, and as of, December 31, 2001 and discussed these financial statements with management. The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards 61, *Communication with Audit Committees*, with Arthur Andersen LLP, our independent auditors for 2001. SAS 61 requires Arthur Andersen to discuss with our Audit Committee, among other things, the following:

methods to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and

disagreements, of which there were none, with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

Arthur Andersen also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. This Standard requires auditors annually to disclose in writing all relationships that in the auditors' professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with Arthur Andersen the independence of Arthur Andersen from the company, and considered whether Arthur Andersen's provision of other, non-audit related services, which are described below under "Independent Auditors Fees and Other Matters," is compatible with maintaining such independence.

9

Based on its discussions with management and Arthur Andersen, and its review of the representations and information provided by management and Arthur Andersen, the Audit Committee recommended to the board that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2001.

Compensation Committee Interlocks and Insider Participation

Scott Jones, Thomas Matlack and Phyllis Swersky served on the Compensation Committee during 2001. None of these directors was, during or before 2001, an officer or employee of our company or of any of our affiliates. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as members of our board of directors or Compensation Committee.

Compensation of Directors

In order to attract and retain directors in a competitive environment, we pay a cash retainer of \$10,000 per year to our non-employee directors and additional payments of \$1,000 for each meeting attended by those directors. In order to attract new directors from larger and more sophisticated companies and to compensate committee chairpersons for the additional work imposed by this role, we provide an additional annual retainer of \$5,000 to each non-employee committee chairperson and continue paying each non-employee director \$1,000 for each meeting attended by that director. We reimburse directors living outside of the greater Boston area for travel and living expenses for attending regular board meetings and committee meetings.

Our board of directors adopted our 1999 Outside Director Stock Option Plan in May 1999, which was approved by our stockholders in June 1999. Under the plan, individuals who become directors and are not our employees receive an option to purchase 10,000 shares of common stock on the date of his or her initial election to our board. The exercise price of such option is equal to the closing price per share of our common stock on the date of such director's election. In addition, each of our continuing non-employee directors receives an option to purchase 10,000 shares of common stock on the date of each annual meeting of stockholders, at an exercise price equal to the closing price per share of the common stock on the date of the annual meeting. All options granted under the director plan are fully vested upon grant.

Each option included in the preceding table has an exercise price per share equal to the fair market value per share of the common stock on the date of grant.

The potential realizable values reflected in the preceding table represent hypothetical gains that could be achieved for the options if exercised at the end of their option terms. These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date an option was granted to their expiration date. The grants shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise of the option or the sale of the underlying shares. The actual gains, if any, on the exercises of stock options will depend on the future performance of the common stock, the option holder's continued employment through the option period, and the date on which the options are exercised.

On July 1, 2001, we entered into an agreement with Ann Brady in connection with her resignation as our Vice President Finance and Chief Financial Officer. Ms. Brady agreed to continue her employment by serving as a financial advisor to us. Under the agreement, we are obligated to pay to Ms. Brady a total of \$60,000 from July 1, 2001 to January 31, 2002, a total of \$30,000 from February 1, 2002 to July 31, 2002, and a total of \$10,000 from August 1, 2002 to December 31, 2002.

Report of the Compensation Committee

The Compensation Committee consists entirely of directors who are not officers or employees of ATG or of any of its affiliates. The Compensation Committee establishes the salaries and other compensation for executive officers, including our Chief Executive Officer and the other named executive officers. The Compensation Committee also administers the stock option and stock purchase plans.

General Compensation Philosophy. The executive compensation program is designed to:

retain executive officers by paying them competitively, motivating them to contribute to ATG's success and rewarding them for their performance;

link a substantial part of each executive officer's compensation to ATG's performance; and

encourage ownership of common stock by executive officers, to further tie the interests of management to the interests of stockholders.

The Compensation Committee applies these principles in determining annual compensation opportunities and payments for the named executive officers and other executive officers.

Establishing Total Compensation Opportunities. In determining total annual compensation opportunities for the named executive officers, the Compensation Committee considers many factors, including:

the experience and compensation history of the executive officer;

ATG's performance as measured by revenues, earnings and total stockholder return compared to that of other companies in the Internet software industry; and

the total annual compensation paid by competitors in the Internet software industry to their senior management.

Balancing the Elements of Compensation. The Compensation Committee seeks to balance three elements: salaries, bonuses and stock options. The Compensation Committee also tries to align the compensation opportunities of executive officers closely with the interests of stockholders in allocating compensation opportunities among these elements. Therefore, bonuses are tied to ATG's performance, as measured by revenues and earnings. The Compensation Committee also has relied on recommendations made by executive compensation specialists at Arthur Andersen.

Salaries for each of the named executive officers are based on the Compensation Committee's evaluation of:

the executive officer's job performance;

the executive officer's contribution to our growth and profitability;

any increase in the executive officer's responsibilities, whether as a result of our growth or a reassignment of responsibilities;

15

the success of the management team in achieving ATG's short-term and long-term goals;

the importance of the executive officer to the future growth and profitability;

the salaries and total compensation mix paid to executive officers holding equivalent positions by companies in ATG's peer group; and

the experience and compensation history of the executive officer.

To determine the size of option grants to executive officers, the Compensation Committee relies on information obtained from executive compensation specialists at an outside consulting firm. The exercise price for all stock options granted to executive officers equals the market value of the underlying shares on the date of grant.

As Chief Executive Officer until October 2001, Jeet Singh received salary compensation of \$159,700 and a cash bonus of \$266,250. Mr. Singh's annual salary for 2001 was determined based on an assessment of comparative industry salaries using established executive compensation surveys. Mr. Singh's cash bonus was determined objectively based on ATG's performance in 2001. Following Mr. Singh's resignation, Paul Shorthose became Chief Executive Officer in October 2001. He received salary compensation of \$255,192 and a cash bonus of \$195,000 for the year, primarily for his services in his previous position as President and Chief Operating Officer.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to a publicly traded company for compensation in excess of \$1.0 million paid to the company's chief executive officer and its four other most highly compensated executive officers. Some types of compensation, including qualified performance-based compensation, will not be subject to the deduction limit if specified requirements are met. In general, ATG structures and administers its stock option plans in a manner intended to comply with the performance-based exception to Section 162(m). Nevertheless, there can be no assurance that compensation attributable to awards granted under ATG's stock option plans will be treated as qualified performance-based compensation under Section 162(m). In addition, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes such payments are appropriate and in the best interests of ATG and its stockholders, after taking into consideration changing business conditions and the performance of its employees.

ADDITIONAL MATTERS

Householding

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of our proxy statement or annual report may have been sent to multiple stockholders in your household. We will promptly deliver separate copies of our proxy statement and annual report to you if you call us at (617) 386-1000 or write us at Art Technology Group, Inc., 25 First Street, Cambridge, Massachusetts 02141, Attention: Secretary. If you want to receive separate copies of the annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and phone number.

Legal Matters

A patent infringement claim was filed by BroadVision, one of our competitors, against us on December 11, 1998. The case was filed in the U.S. District Court for the Northern District of California. BroadVision alleged that we are infringing on a patent for a method of conducting e-commerce. We settled the lawsuit in February 2000. As part of the settlement, we, in return for cash payments, received a non-exclusive, worldwide, perpetual, paid-up license to make, use and sell products arguably covered by the patent and any other patents that may be issued in the future that are related to the original patent. We agreed to pay BroadVision a total of \$15.0 million in license fees over a three-year period. As of December 31, 2001, we owed \$2.0 million to BroadVision, which is payable in 2002.

On October 31, 2000, Aron Rosenberg, one of our stockholders, brought a claim on our behalf in the U.S. District Court for the District of Delaware. Mr. Rosenberg alleges that the Tudor and Raptor entities violated Section 16(b) of the Securities Exchange Act of 1934 in connection with their sale of our common stock after our initial public offering on July 20, 1999. Those entities acquired our common stock in connection with our Series D preferred stock that they acquired more than six months before the initial public offering. Mr. Rosenberg claims that those entities should be deemed to have purchased our common stock when our stockholders approved an amendment to our certificate of incorporation related to our preferred stock on June 18, 1999. He also claims that those entities obtained profits of more than \$70 million in connection with sales of our common stock within six months after June 18, 1999, and that those profits should be paid to us. In January 2002, the parties entered into a settlement agreement subject to the final approval of the court. The court has entered an order approving the form of settlement. If the settlement is approved, Tudor will pay \$1,450,000 to us, from which we will be required to pay to plaintiff's attorneys an amount not to exceed \$400,000. In return, we will release Tudor from any claims under Section 16 of the Securities Exchange Act arising from the facts and circumstances alleged in the complaint.

We and certain of our officers have been named defendants in seven purported class action suits currently pending in the United States District Court for the District of Massachusetts. Each of these cases alleges that our company and those officers have violated Sections 10(b) and 20(a) of the Securities Exchange Act and SEC Rule 10b-5, which generally may subject issuers of securities and persons controlling those issuers to civil liabilities for fraudulent actions or defects in the public

disclosure required by securities laws. Four of the cases were filed on various dates in October 2001 in the U.S. District Court for the District of Massachusetts. Three of the cases were initially filed in the Central District of California on various dates in August and September 2001. These three California actions were consolidated and transferred to the District of Massachusetts on or about November 27, 2001. On December 13, 2001, the Court issued an Order of Consolidation in which it consolidated all actions filed against us and appointed certain individuals as lead plaintiffs in the consolidated action. It also appointed two law firms as co-lead counsel, and a third law firm as liaison counsel. Counsel for the plaintiffs filed a consolidated amended complaint on March 1, 2002. Our response is due April 15, 2002.

While management believes the claims against us are without merit and intends to defend the action vigorously, the litigation is in the preliminary stage.

We also are subject to various other claims and legal actions arising in the ordinary course of business. In the opinion of management, after consultation with legal counsel, the ultimate disposition of these matters is not expected to have a material effect on our business, financial condition or results of operations.

Under exceptional and limited circumstances, one director who has a relationship making him or her not independent, and who is not a Company employee or an immediate family member of a Company employee, may serve on the Audit Committee if the board of directors determines that the director's membership on the Audit Committee is required by the best interests of the Company and its shareholders, and discloses in the next annual proxy statement after such determination the nature of the relationship and the reasons for the determination.

Financial Literacy. Each member of the Audit Committee must be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cash flow statement, or must become able to do so within a reasonable time after his or her appointment to the Audit Committee. At least one member of the Audit Committee must have past employment experience in finance or accounting, professional certification in accounting, or other comparable experience or background which result in the member having financial sophistication (such as being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities).

Responsibilities of the Audit Committee

The Audit Committee shall assist the board of directors in fulfilling their responsibilities to shareholders concerning the Company's accounting and reporting practices, and shall facilitate open communication between the Audit Committee, board of directors, outside auditors, and management. The Audit Committee shall discharge its responsibilities, and shall assess the information provided by the Company's management and the outside auditor, in accordance with its business judgment. The responsibilities set forth herein do not reflect or create any duty or obligation of the Audit Committee to plan, conduct, oversee or determine the appropriate scope of any audit, or to determine that the Company's financial statements are complete, accurate, fairly presented, or in accordance with Generally Accepted Accounting Principles or applicable law. In exercising its business judgment, the Audit Committee shall rely on the information and advice provided by the Company's management and/or its outside auditor.

The Audit Committee shall review and reassess the adequacy of this charter at least annually.

The outside auditor shall be accountable to the Audit Committee and the board of directors, which together shall have the ultimate authority and responsibility to nominate the outside auditor to be proposed for shareholder approval in any proxy statement, and to select, evaluate, and (where appropriate) replace the outside auditor.
